Chapter 90: Familiar

Adam stared at the beautiful but obviously nervous woman on the viewscreen for a few moments as he contemplated what she claimed.

"You say you're the familiar of Diva Rowena Nosferatu, ok what proof do you have?" Adam finally asked.

"You mean you don't recognise me?" The woman asked in slight surprise.

"Should I?" Adam replied.

[Prestigious3horns (Vinox 2): Now that you mention it this chick does look familiar.]

[Boobaslurper (Yaggdran): Yeah I think I have seen her in the background of a few of Diva Rowana's recent photos.]

[Vinnaka (Felinia 6): Isn't she also the one the paparazzi catches Photos of Diva Rowana with when she's been out and about recently?]

[Superior4horns (Vinox 3): She does look like her.]

"Err maybe." The woman replied nervously as the fear of her ship being destroyed increased.

"Standby." Adam said before putting the communication on mute and using the intel comm.

"Stacey you there?"

"Yeah, is everything ok? I can see out the window that the ship seems to have stopped and that big ship exploded." Stacey replied.

"Yeah we're safe now but there's a slight complication. I'm gonna send you a holographic image and I want you to tell me if you recognise the person in it."

"Ok sure."

"Spector, send the image of that woman for Stacey to view." Adam

"Affirmative." Spector replied as a holographic screen appeared before Stacey showing her a woman with short black hair and brown eyes.

"I don't recognise her." Stacey replied after studying the woman for a moment.

[Superior4horns (Vinox 3): So she was lying all along.]

[OfficialLorelie (Terrana 5): ...]

[1000yearsofdeath (Earth): Oh shit, she's screwed. kekeke.]

"Understood, but I need to ask you a personal question if that's ok?" Adam asked.

"Errr ok but I reserve the right to refuse to answer, after all you're not being paid to ask questions."

"That's fine. This woman claims to be the familiar of Diva Rowena Nosferatu and that you're her granddaughter. Is this true?]

Adam waited for a while but no response came from Stacey so in the end he said, "Understood I will take it from here, I will leave the video feed open so you can monitor."

Adam closed the internal comm before unmuting the communication.

"I'm afraid my passenger fails to recognise you, so unless you have any other proof I'm going to destroy you now."

"Wait wait wait." The woman said, now clearly panicking.

"I caused that ship to self-destruct, doesn't that prove anything?"

"Only that you didn't care if the two onboard who you addressed as 'Those two perverted idiots' died."

"Ok that's true, but come on let me contact Diva Rowana and have her verify this."

Adam was about to reply when something in his chat suddenly caught his attention.

[[Notification: [OfficialLorelie (Terrana 5): Has issued you a Stream quest]]

[[Stream Quest: I am currently contacting Rowana right now, allow me a few minutes to verify the legitimacy of this woman's claim.]]

[[Completion Reward: 5,000 Credits.]]

[[Failure Punishment: Refund all the credits that where just donated to you.]]

[[Would you like to accept?]]

[Celebrityhunter69 (Earth): Wow Diva Lorelie is personally getting involved.]

[Gunlovergirl (Earth): She did claim that she was close friends with Diva Rowana after all.]

[Devil_Prince_Asura (Deverinian 9): You should let her verify this for you streamer.]

[Superhearofangirl (Earth): Yeah what's the harm?]

"It looks like Diva Lorelie has bought you some time." Adam said.

"Diva Lorelie?" The woman replied in confusion.

[[Stream quest accepted]]

Rowena Nosferatu was naked in a dressing room in the middle of getting changed for a photoshoot when her uniband suddenly notified her of an incoming call.

Rowana looked at the name of the one calling her and smiled as she saw it was Lorelie before she accepted the call.

"Lorelie, I thought you would be busy preparing for your performance now you're on the Terran home world. Why are you calling me all of a sudden?"

Lorelie saw that Rowana was naked and in the middle of getting changed but didn't react as she said, "I'm about to send you a photo of someone, tell me if you recognise them."

"Ohhhh? Have you finally managed to get hold of a photo of that streamer you're always talking about?" Rowana teased before turning serious as she recognised the person in the photo.

"How do you know Rachael?" Rowana asked.

"So you do know her, is she the new familiar you were telling me about the other day?"

"Yes, why?" Rowana asked in confusion.

"Because she's about to be killed if we don't do something." Lorelie replied.

"What!" Rowana replied, causing her to freeze in the middle of putting a rather racy bra on before asking, "what happened?"

Lorelie went on to explain what she had witnessed on Adam's stream.

[Justiceistruth: (Earth): I say we just shoot her and be done with it.]

[Celebrityhunter69 (Earth): Are you trying to make the streamer fail Diva Lorelie's stream quest?]

[Justiceistruth: (Earth): Maaaayyybbbeeee.]

[Beczontop (Terrana 5): Instead of killing that woman it's the other bitch that needs to die, how dare she touch my man.]

[Tessisdabest (Terrana 5): Need I remind you that you have never met the streamer.]

[Beczontop (Terrana 5): So what, I've already decided he's my future partner.]

[AlamoMatador4thewin (Earth): Give it up Tessisdabest that girls a lost cause.]

[Tessisdabest (Terrana 5): Seems so.]

[OfficialRowena (Darah 5): Hello handsome, I kindly request you don't kill my new familiar, I've not had her for long.]

[adg (Indigo Station): Oh shit it's Diva Rowana.]

[Celebrityhunter69 (Earth): I'm in the presence of two universal Diva's.... two celebrity goddesses.]

[Whostolemyduck (Earth): So it's true, this woman is Diva Rowana's familiar.]

[[Stream Quest: Complete.]]

[[Reward: 5,000 Credits.]]

"Handsome?" Adam asked in surprise.

[OfficialRowena (Darah 5): Well that's what Lorelie tells me. She says that while you're not at the caliber of Terran men, you're still very pleasing on the eyes.]

[OfficialLorelie (Terrana 5): Rowana!]

[OfficialRowena (Darah 5): Hahahaha I'm just being honest Lorelie.]

"While I'm honoured that Diva Lorelie thinks such, I believe we have something more pressing to discuss."

"Your familiar and her friends attacked my ship, they're already dead but what should I do about your familiar?"

[OfficialRowena (Darah 5): If it's agreeable to you I will contact her and we can all discuss this.]

"Very well."

Adam waited for a few moments before he and the chat saw the woman in the other ship answering a call on her uniband before her face fell as she looked down in what appeared to be shame and embarrassment. She nodded and a moment later another window appeared before Adam next to the woman's on which Diva Rowana's beautiful face and figure appeared to be wearing little more than a dressing gown.

[Tessisdabest (Terrana 5):]

[Beczontop (Terrana 5): ...]

[Handsome3horns (Vinox 2): Oh hell yeah now we're talking.]

[DeverinianLordMalacoss (Deverinian 9): Diva Rowana in a dressing gown, now that's something special even for me.]

[OfficialLorelie (Terrana 5): Rowana!!!]

"Cough cough. Would you like me to wait for you to finish getting dressed?" Adam asked.

"What, you don't like seeing me in a dressing gown?" Rowana asked with her signature smirk.

"Whether I like it is not the problem, I would rather avoid your husband coming after me when he hears about this and forcing me to kill him, I've already had enough of men getting jealous because of me."

"Oh it sounds like there is a story there." Rowana replied with interest as she raised an eyebrow in curiosity.

[OfficialLorelie (Terrana 5): ...]

[Beczontop (Terrana 5): Someone dares come after my man? Do they have a death wish?]

[Tessisdabest (Terrana 5): ...]

However after Adam didn't reply Rowana said, "Well regardless let's settle this matter first, however I do request that you end your stream because what we are about to discuss is rather sensitive."

"Wait stream? He's streaming?" The woman asked in surprise.

Adam stared at Rowana for a moment before saying, "Fine, Spector."

"Affirmative."

[[Mission Complete]]

[[Stream Ended.]]

"Hey what the fuck." Becky cursed as the stream suddenly ended.

"Is something wrong dear?" A woman called from another room where food could be smelt.

"Nothing mum." Becky replied as she slumped humbly back on the sofa.

"It's been so many days since he last streamed and now it ends just like that because Diva Rowana asked him. Hmph I'm gonna have to speak to Lorelie about this and when I see my darling he better make it up to me." Becky mumbled to herself before she used her uniband to call Lorelie.

"Thank you for that, now Rachael, explain everything that happened and you might just live through this."

"Yes mistress." The woman named Rachael replied meekly before explaining.

"As per your orders mistress I set out to investigate your granddaughter Stacey and report back my findings to you. As you know, in my investigation I discovered that she was working as a smuggler transporting illegal and questionable goods."

"As per your instructions I was to find Stacey and bring her before you."

"However recently I learnt that a pair of thieves had been hired by a mega corp to acquire the cargo that Stacey was hired to smuggle. This pair of thieves had a reputation of not leaving any witnesses, so there was a high probability that they would kill Stacey when acquiring the cargo."

"Because of this I thought it best to join the pair temporarily in order to prevent Stacey's murder."
