

Read Novel The Sweet Pursuit Chapter 5

The sweet pursuit Chapter 5-The woman pounced, and the flowers in her hand hit Su Xi directly, violently pushed her back, and pulled Su Tong into her arms.

Chen Yuan looked at Su Tong's body nervously, "Is it injured, haunted bleeding, where does it hurt?" The

petals with dew scattered all over the place, and the thorns on the flowers pierced Su Xi's neck, stinging slightly, and she looked at the woman's nervous look and was stunned for a while.

Su Zhengrong quickly walked over and said to Su Xi, "Didn't it hurt, right?"

Chen Yuan Huoran turned around and stared at Su Xi with a grim gaze, "What are you going to do, you want to kill Tongtong?"

Su Xi looked at the disgust and hatred in the woman's eyes, and her heart was shocked.

Su Tong glanced at Su Xi and hurriedly grabbed Chen Yuan's wrist, "Mom, you misunderstood, I asked my sister to help me cut my hair, and my sister didn't hurt me."

"So it is!" Su Zhengrong snorted and said angrily to Chen Yuan, "You are always so impatient, you lose your temper if things are not clear, you see that Xixi's clothes are all soiled by you."

Chen Yuan knew that Su Xi had been wronged, her face was scornful, and she defended, "As soon as I entered the door, I saw Su Xi holding scissors on Tongtong's neck, how did I know it was cutting hair."

"Let's say two words less!" Su Zhengrong made a look at Chen Yuan, and said to Su Tong, "Take your sister to change clothes, her clothes are dirty."

"Sister, follow me!"

Su Tong went to take her hand, and Su Xi's fingers swept the petals on her shoulders, avoiding them without a trace.

Entering the bedroom on the second floor, Su Tong said apologetically, "Sister I'm really sorry, I didn't expect my mother to come back at this time and hurt you."

"None of your business!" Su Xi's pure face had a faint smile on it.

Su Tong went to the cloakroom and took a white T-shirt and put it on the sofa, "This one is new, not worn." Sister, change your clothes, I'll go downstairs and wait for you."

"Hmm."

Su Tong closed the door, Su Xi looked at the clothes on the sofa, his face faded, one wanted to cut his hair, and the other just came back, what a coincidence!

After changing his clothes and coming out, Su Xi walked out along the corridor, the middle door was not closed, and Su Zhengrong's voice came out, "How can you use flowers to hit Xixi, it's really too much!"

Su Xi slowed down.

Chen Yuan was still unconvinced, "How did I know it was a haircut?" She held scissors across Tongtong's neck, and I was shocked!

Su Zhengrong sighed, "Don't you think you have a problem with your attitude towards Xixi? Don't forget that Xixi is our biological daughter!"

Chen Yuan defended, "I know, when she came home three years ago, I also wanted to make up for her, she had to move out, how can I make up for it?"

"Did you keep her when she said she moved out?" Su Zhengrong said, "I know you love Tongtong, but Xixi was held wrong as soon as she was born, and suffered so much outside, can't you be kind to her?"

Chen Yuan's voice was helpless, "I also want to be nice to Su Xi, but in the past twenty years, I have pampered Tongtong as my own daughter, how can I change it for a while?" Besides, Tongtong is so good, piano, painting, violin, everything is top-notch, sensible and smart, and then look at Su Xi, it's useless, I don't want to hurt!

"How can you say that about your own daughter?"

“Didn’t I say it in front of her?” Chen Yuan complained, “You too, why let her come, it’s unpleasant to have a good birthday!”

Su Xi’s eyes were gloomy, and he didn’t continue to listen, opened his bag, put the light gray jewelry box on the flower stand outside the door, and walked downstairs.

Downstairs, Su Tong was holding a puppet cat, and when he saw Su Xi coming down, he immediately asked with a smile, “Sister, do the clothes fit?”

“Fit, thanks!” Su Xi said politely.

“We are sisters, why are we so polite?” Su Tong smiled innocently.

Su Xi smiled lightly, “Just received a call, there is something in the department to let me pass, I will go first, you will speak to my father on my behalf.”

“It’s so urgent, the cake hasn’t been eaten yet!” Su Tong showed a regretful expression.

“Sorry for helping me and my mother disturb her birthday.” Su Xi said and walked to the door.

I don’t know when it started to rain lightly outside, and the ground was all wet.

Su Tong turned his head and shouted, “Sister-in-law Zhang, where is Uncle Chen?” Let Uncle Chen drive his sister.

Sister-in-law Zhang ran over, glanced at the rain outside, rolled her eyes, and sighed, “Oh, it’s really unfortunate, Lao Chen drove to get Madame’s cake, and he hasn’t come back yet.”

“I’ll go by myself, trouble Sister-in-law Zhang to give me an umbrella.” Su Xi said.

“Oh, okay!” Sister-in-law Zhang turned away, quickly took an umbrella over, handed it to Su Xi, and did not forget to instruct, “This umbrella is thousands of pieces, the eldest lady uses it carefully.” A

sneer slipped in Su Xi’s eyes, his face was silent, and he opened his umbrella and entered the drizzle.

As soon as Su Xi went out of the gate, Su Tong saw Uncle Chen walking over with an umbrella in the courtyard.

Sister-in-law Zhang looked embarrassed, and said, "Look at my memory, Lao Chen came back half an hour ago, and let the eldest lady go out on this rainy day, I really wronged her."

Su Tong held the cat and smiled gently and harmlessly, "It may be that Sister-in-law Zhang has been working too hard recently, and I will tell my mother to raise your salary when I have time."

Sister-in-law Zhang suddenly smiled, her eyes were full of flattery, "Thank you Miss, I will listen to Miss in the future." Su

Tong turned upstairs and saw the jewelry box on the flower stand, holding it in his hand, and before he opened it, Su Zhengrong and Chen Yuan just came out.

Knowing that Su Xi was gone, Chen Yuan was relieved.

Su Zhengrong also didn't want to quarrel with Chen Yuan on her birthday, so he changed the topic, looked at the jewelry box in Su Tong's hand and smiled, "Send your mother?"

Chen Yuan took it with a smile, stunned after opening it, and then showed surprise, "GK just released the new model, is still in the promotion period, it is said that each one has only one set, but it is not easy to buy, Tongtong, is it a birthday gift you bought for your mother?"

A flash of surprise flashed in Su Tong's eyes, smiled, and did not deny it, "It's good that my mother likes it!"

"My family Tongtong is so good!" Chen Yuan hugged Su Tong movingly, and the little guilt she had before because of hitting Su Xi disappeared in an instant.

Here Su Xichu left the Su family and walked back along the road, this side is the villa area, there are no buses, and there are very few taxis.

The rain hit the umbrella, and the sound was cold and chaotic.

Su Xi stepped on the rain, walking unhurriedly, and the spring rain was steep, just like her state of mind at the moment.

One after another Sijia cars hurried by on the road, and in one of the Bentleys, the girl sitting in the passenger seat suddenly looked out the window, and then said to the man in the back row, "Second uncle, I saw a classmate, there is no bus here, let's carry her all the way." Ling

Jiuzhe looked at the document in his hand, his face cold, nodding slightly.

Ling Yinuo asked the driver to reverse back, then lowered the window and shouted at Su Xi, "Su Xi, get in the car!"

Su Xi was stunned, "Yinuo? The

two are of the same lineage, but they are not familiar.

Ling Yinuo smiled coquettishly, "Come up quickly, get in the car and talk again."

"Thank you!" Su Xi thanked him, opened the car door, put away the umbrella and sat in, Yu Guang saw that there was still someone sitting next to him, glanced sideways, and was immediately stunned.
