The sweet pursuit Chapter 7-Ling Jiuze was surprised in his eyes, and he looked at her twice.

Just at this time, Ling Yinuo came back, she sat next to Su Xi, and said with a hearty smile, "I met a high school classmate and chatted for a while." The

waiter came to serve the dinner, and the three began to eat, and occasionally Ling Yinuo would say a few words and chat with Su Xi about things in school.

After eating, when the three went out, they happened to meet Sheng Yangyang and his group, Sheng Yangyang was inviting customers to eat, two groups of people met at the door, Sheng Yangyang raised an eyebrow at Su Xi, the two pretended not to know each other, and passed by.

There were two bosses who knew Ling Jiuze and greeted him respectfully.

The rain outside stopped, the road was open, Ming Zuo drove the car over, and the three people got into the car.

"Su Xi, where are you going?" Ling Yinuo, who was sitting in the co-pilot, turned around and asked.

"If you stop by the way, just put me at the gate of the river." Su Xi said.

"By the way, no problem, my second uncle is very good at talking." Ling Yinuo smiled meaningfully.

Su Xi laughed dryly, and said in her heart, if she hadn't heard how poisonous he was before, she might still simply believe it.

Some distance from the school, she and Ling Yinuo chatted, Ling Jiuze sat on the side and looked down at the documents, silent, but too strong personal momentum, always people can not ignore.

The two are husband and wife, and now riding in the same car, Su Xi has a very subtle feeling.

The car stopped at the gate of the river, and Su Xi said goodbye to Ling Yinuo before getting out of the car, "Thank you Yinuo."

"You're welcome, just invite me to milk tea another day." Ling Yinuo's eyebrows are smart, delicate and cute.

Su Xi answered with a smile, took his umbrella and bag, and finally said, "Thank you, Mr. Ling."

Ling Jiuze didn't raise his head, only "um".

Su Xi turned around and got out of the car, waving goodbye to Ling Yinuo.

Waiting for the car to enter the traffic, Su Xi went to the bus stop to wait for the bus.

In the car, Ling Yinuo retracted his gaze, suddenly remembered something, and turned around, "Second uncle, I want Su Xi to be Yihang's tutor."

Her parents, who were often away from home, went to London the other day for an economic seminar, and this time brought her grandparents with them. As soon as they left, Ling Yihang's tutor found an excuse to resign, and now the task of disciplining Ling Yihang is equivalent to falling on her, and she has to quickly find someone to share it for her.

Ling Jiuze frowned slightly, and raised his head, "Don't use a professional tutor, what to do with a student?" Ling

Yinuo snorted, "The professional can't control him at all!" Besides, Su Xi is quite pitiful, she earns tuition by being a tutor, and I want to help her.

Ling Jiuze did not trust a student who had not yet graduated, "You can give her money directly!"

"People also have self-respect, right?" Ling Yinuo laughed, "Second uncle, you just agree, it's a big deal to let her try it first, if Yihang doesn't accept it, she won't do it herself."

Ling Jiuze sneered, if she could manage

Ling Yihang, she could also be considered to have the ability, "Then you let her try!" Ling

Yinuo suddenly nodded excitedly, "I'll call her later!" Su

Xi got off on Yunhai Road by bus, went to the dessert shop of the discharge car and chatted with the clerk Qingning for a while, and returned to the villa when it was almost dark.

As soon as he entered the door, Baxi pounced and coquettishly lied on Su Xi.

Baxi is a Samoyed, is Ling Jiuze's dog, when Su Xi came to the villa, Baxi was just three months old, she was raised until she was three years old, and she always had a feeling of raising a son for others. There are also maids Wu Ma who takes care of her in the villa, the old housekeeper Uncle Lin, three people and one dog, living together for nearly three years, and they are already as close as a family.

After making out with Baxi for a while, she went upstairs to take a bath, and just after taking a bath, she received a call from Ling Yinuo.

On the phone, Ling Yinuo said that he asked Su Xi to go to the house to tutor his brother.

Going to the Ling family to be a tutor?

Su Xi thought about that scene for a while, shook his head and refused, "I'm not a professional tutor, I'm afraid of delaying a voyage, you still have to hire someone from the tutoring company."

"The professional invited a lot, and Ling Yihang didn't like any of them. Su Xi, you can help me, my family is not at home, and the second uncle is busy, can you help me? Ling Yinuo smiled softly.

Su Xi was pestered by Ling Yinuo for a while, and finally he could only agree to try.

"Come tomorrow and Sunday, I'll wait for you at home, see you all!" After Ling Yinuo finished speaking, he was afraid that Su Xi would refuse, and hurriedly hung up the phone.

Su Xi looked at the phone and blinked helplessly, what is the situation?

Soon there was WeChat over, Yinuo, "Su Xi, where do you live, I will let the driver pick you up tomorrow morning."

Su Xi replied, "At nine o'clock in the morning, I will wait for you at the gate of the river."

"Then it's settled!"

After hanging up the phone, Su Xi was momentarily distracted, and Baxi jumped on the sofa and bit her pajamas.

Su Xi lay on Baxi and chuckled, "I'm going to see your master tomorrow, do you have anything to bring him?"

Hachiki looked up at her blankly.

Su Xi raised his hand and patted his head and scoffed, "Stupid son of the landlord's family!" "

.....

Chatting with Sheng Yangyang on the phone at night, I heard that Su Xi was going to Ling's house to tutor Ling Jiuze's nephew, Sheng Yangyang was shocked for a long time without speaking, and finally said excitedly, "Sugar Bao, the opportunity is coming, now you can go to the door and enter the house in an upright manner, then attack him, pounce on him, put him to sleep before the end of the agreement, and finally throw the divorce certificate in his face, cool!"

Su Xi was silent for two seconds and decisively hung up the phone.

She was afraid that if she listened to it again, she would really be brainwashed by Sheng Yangyang.

But she really had to think about it, if she often saw Ling Jiuze in the Ling family in the future, what attitude should she use to get along with him?

.....

The next day, at 8:50, Su Xi arrived at the gate of the river, waited for five minutes, a Mercedes stopped in front of Su Xi, the driver got out of the car, and asked politely, "Is it Miss Su?"

Su Xi nodded, "Yes!" The

driver became more and more kind, "Miss asked me to pick you up."

Su Xi thanked and opened the car door and went up.

The old residence of the Ling family is in the south of the city, the outer wall is a black openwork iron fence, vines are full of walls, the car ran along the flower wall for ten minutes to reach the door, through the black iron gate, you can see the single-family villa and garden.

The maid guarding the door nodded to her, opened the door and invited her in.

Su Xi changed her shoes and walked inside, and before she could look at the interior of the villa, she caught a glimpse of a black shadow rushing towards her.

Su Xi's face changed in an instant, raised his legs and ran inside, saw someone coming down from the stairs, did not have time to think, jumped up and hugged the man, and then quickly jumped up, his arms tightly hugging the man's neck.

She is afraid of all the dogs in this world, except for Hachiki!

"David!" The man's voice was deep and warning.

The dog that pounced suddenly stopped at Ling Jiuze's feet, and curiously raised its head to sweep around Su Xi.

Ling Jiuze turned his head to look at the woman hanging on her, and his handsome face darkened, "If you don't come down again, I will sue you for harassment!"

Su Xi's eyes blinked, looking at the man's tense side face, and then his gaze fell on a scar behind his ear, for many years, the scar was already very shallow, almost invisible, but such a scar appeared on the pampered man, still abrupt.

Ling Jiuze frowned, and threw his hand to throw Su Xi down.

Su Xi tightened the hand holding his shoulder first, and whispered, "You let it go away first!" "
