

Read Novel The Sweet Pursuit Chapter 8

The sweet pursuit Chapter 8-Ling Jiuze glanced at her slightly baby fat face, white and soft, a slight red from the roots of her ears, like floating clouds flushed with clouds, red and white, making her look particularly immature, not like a college student, but like a high school student.

Probably out of the pity of the elders, he suppressed the cold qi on his body, let David back away, and said lightly, "You can come down now."

Su Xi first glanced back, then pretended to be calm and jumped down, and immediately stood behind the man the moment she landed, not looking away, not looking at the dog staring at her.

The man seemed to let out a low laugh and walked towards David.

She looked at the man's back, and realized that she was too close just now, so close that she smelled the man's faint cold fragrance, like a mountain spring hitting the bluestone on the rainy mountain in early spring, cold and cold, but the back note was a trace of woody fragrance.

The man walked to David, squatted down and patted it on the neck, and said in a faint voice, "David generally does not attack people."

Su Xi heard a hint of unusual meaning, what did it mean, saying that she didn't look like a good person?

She looked at the dog and found that it was a purebred adult Demu, but it was taller and stronger than ordinary Demu, which was very scary.

She lowered her eyes and learned his lukewarm attitude, "If you are familiar, you often hear on the news of innocent passers-by being bitten by dogs." Ling

Jiuze was stunned, his inky black eyes looked over, and he sneered lightly, "Little age, sharp teeth!"

As soon as Su Xi was about to speak, Ling Yinuo ran down the stairs with a smile on his face, "Su Xi, you're here!"

She put on delicate light makeup, greeted Su Xi warmly, and introduced her, "My parents are not at home, there are usually no people at home, this is my second uncle, you saw it yesterday, you just call the second uncle!"

Su Xi looked at Ling Jiuze with an expression of eating a fly, pursed his lips and did not speak.

Ling Jiuze seemed to remember the hatred that Su Xi had scolded her just now, and looked at her lightly, "Don't you say hello when you see the elders?" I don't understand this politeness, and I doubt that you can do a good tutor? Ling Yinuo didn't know why Ling Jiuze targeted Su Xi, and made eyes at Ling Jiuze, but
Ling Jiuze turned a blind eye.

Su Xi inhaled deeply, as if squeezing out two words from between his teeth, "Second, uncle!"

Ling Jiuze took the elder's shelf and said "um", and took David to sit down on the sofa.

Looking at such an arrogant Ling Jiuze, Su Xi suddenly believed that he was a bully in Jiangcheng before!

"Yihang is upstairs, I'll take you to meet him." Ling Yinuo smiled and led Su Xi upstairs.

Su Xi stepped on the wooden floor and walked up, looking down, the man affectionately stroked Demu's head, one person and one dog looked very harmonious.

Su Xi's heart suddenly stuffed, for Baxi, who had never forgotten Ling Jiuze, often lying outside his former study to listen to the movements inside, thinking that his master would be inside.

And Ling Jiuze already had a "new love" and forgot about Baxi!

Turning the stairs, Ling Yinuo said apologetically, "Su Xi, I'm sorry, I made you embarrassed the first time, you don't know my second uncle, he is very short-sighted, you called him second uncle today and he answered, in the future if you have something to find him, he will definitely help you!"

Su Xi said in her heart, she would not have anything to ask him for help!

Thinking this in her heart, she still had a smile on the corner of her lips, "Thank you Yinuo."

“You’re welcome, although we didn’t know each other when we were in school, I always admired you and always wanted to be friends with you.”

Su Xi smiled lightly, “We are friends!” Ling

Yinuo smiled particularly sweetly, and went to shake Su Xi’s hand, Su Xi’s body tensed for a moment, but he did not dodge.

Walking outside Ling Yihang’s door, Ling Yinuo knocked on the door, “Yihang, I’m in!” The

people inside were silent, and Ling Yinuo directly pushed the door in.

In the eye is a small hall, the right hand side is the bathroom, the left is the bedroom, the decoration is the style that boys like, comics, space, imitation guns, everything is there, but not cluttered.

A boy about ten years old was curled up on the sofa, holding a tablet and playing games, and he didn’t lift his head when he heard someone come in.

“Ling Yihang, this is my new tutor for you, she is my classmate, you are not allowed to bully her!” Ling Yinuo deliberately made a straight face, “I heard no!”

Only then did Ling Yihang look up, let out a perfunctory “oh”, and continued to play the game.

Ling Yinuo took a deep breath and suppressed the fire, afraid that Su Xi would retreat in the face of difficulties, and said busily, “My brother is more difficult, don’t give up!”

“Don’t worry!” Su Xi gave Ling Yinuo a reassuring look.

Since she agreed, she will try to do a good job, although Ling Jiuze hates it, but Ling Yinuo is very good to her.

Ling Yinuo took Su Xi back a few steps to the door, stored Ling Jiuze’s phone on Su Xi’s mobile phone, and lowered his voice, “I made an appointment, I have to leave now, you and Yihang run in first, if he bullies you, you will find my second uncle!”

Su Xi felt that even if she was beaten out of the Ling family by Ling Yihang, Ling Jiuze would not care about her!

Ling Yinuo left, Su Xi walked around the room, walked to the desk, homework was placed there, and did not move a word.

She returned to the sofa, sat down next to Ling Yinuo, and said lightly, "You don't do your homework, you make a fuss, do you want to attract the attention of your parents?"

As soon as his parents left, the tutor offered to resign, and he deliberately angered the tutor!

Ling Yihang's hand playing the game paused, glanced over, and had a fierce temper in his eyes that was more than this age, "Be nosy, otherwise I won't let you stay for a day!"

Su Xi was unmoved and continued, "It is very childish to want to use rebellion to arouse the concern of parents. Ling

Yihang squeezed the tablet in his hand and kept his face tense and did not speak.

Su Xi looked over, "Playing games, you obediently write your homework, and I will accompany you to play after writing?"

Ling Yihang sneered, "You laughed at me for being childish just now, and now you are coaxing me like a child, are you adults all double standard like this?"

Su Xi frowned, "Who is an adult, I am still a child!" Ling

Yihang looked at her serious face, did not hold back for a while, turned his head and laughed.

Su Xi helplessly hooked the corners of his lips and took out his mobile phone, "Forget it, I don't have a diamond or take this porcelain job, I'm coming, I'll leave after playing a game with you for a while."

Ling Yihang looked at her suspiciously.

Su Xi had already opened the game, lowered his eyelashes and said lightly, "What I said is true, I didn't want to teach you, how can the children in the wealthy family be so easy to teach, it's your sister who pities me, and I have to come!" Ling

Yihang frowned, "Pity you for what?"

Su Xi pursed her lips, and her voice became low, "I didn't have parents since I was a child, my grandfather raised me, and he collected wood and worked hard to earn money for me." School, he was sick the other day, and I want to earn some money to see him.

Saying that, Su Xi also choked up.

Ling Yihang's brows furrowed even tighter, hesitated for a moment, and put down the tablet, "If you are my tutor, you will have money to treat your grandfather?"

Su Xi was secretly happy in his heart, he really gambled right, Ling Yinuo and his parents got together less and separated more, and the relationship with his grandparents was deeper, and when he heard that someone else's grandfather was sick, he would also have some empathy.

Su Xi turned his head, his eyes were moist and clear, as if deliberately hiding his sadness, and said calmly, "Yes, tutoring you earns more than teaching others, and you can also let grandpa go to the doctor as soon as possible."

Ling Yihang rolled his eyes, looking reluctant, "Okay, I'll let you stay, but I look at your grandfather's face."

Su Xi wanted to laugh, he didn't even know who her grandfather was, and he still looked at her grandfather's face!

Her face was silent, a little embarrassed, "It's useless to leave me, you still have to cooperate with me, write the homework as soon as possible, if my tutor has no effect at all, your second uncle will soon throw me out, the capitalist's money is not so easy to earn!"

"What a hassle!" Ling Yihang threw down the tablet and walked to the desk, "Then write quickly!" And don't forget what you just said, play games with me after writing your homework! "

"yes, sir ! " Su Xi stood up with a smile.

.....

Ling Jiuze stayed downstairs for an hour, went upstairs and passed by Ling Yihang's room, and suddenly wanted to see if Su Xi was so capable of discipline Ling Yihang.

The door was ajar, and before Ling Jiuze could get closer, he heard Su Xi shouting inside,

"I'm going to die!"

"Where are you, come and save me!"

Ling YINUO's irritable voice sounded at the same time, "You rookie, what to fry, that's me!"

"Huh?"

Ling Jiuze pushed the door in, just as Su Xi looked up, probably still immersed in the game, with a confused expression!

"What are you doing?" The man asked with a calm face.
