

Sacred Body 1091

[Chapter 1091: Dark universe Xuanjin, border battle, the ancient ancestors of the monarch family appeared](#)

With a goal, Jun Xiaoyao speeds up.

Although the time flow rate in the inheritance training tower is much slower than the outside world.

But Jun Xiaoyao was not prepared either, and he stayed in the inheritance training tower for too long.

Soon, Jun Xiaoyao ascended to the first floor.

Another figure appeared.

These figures that have emerged are the most amazing and stunning existences in the foreign land since ancient times.

is not weaker than the seed-level figures of Xianyu who have awakened from sleep, and even surpassed them.

But in the face of these, Jun Xiaoyao is pressed away with a palm.

The chaotic air envelops, entraining the power of two thousand Sumi worlds.

Jun Xiaoyao didn't even need to use any magical powers, relying solely on the power of the physical body, directly extinguished the phantom imprint.

In the void, another light group appeared, falling in front of Jun Xiaoyao.

The light dissipated. It was a fist-sized piece of metal. The whole body was dark and dark, and it was as deep as the universe.

However, there are dots and dots, and if the stars-like lines are dotted in it, it looks extremely deep.

"This is... Anyu Xuanjin?"

Jun Xiaoyao was born out of ordinary, and his vision was naturally very high, and he recognized the origin of this metal at a glance.

Anyu Xuanjin is a magical material of immortal gold that is juxtaposed with divine mark purple gold and dragon pattern black gold.

is a material that can be used to cast imperial soldiers and even immortals.

It can be said that a piece the size of a fingernail is invaluable.

This dark space mysterious gold is the size of a fist.

And this is only the second layer, there is such a treasure.

Jun Xiaoyao also had to sigh, this inheritance training tower dedicated to the Six Kings is really a training cheat.

Jun Xiaoyao directly took out the Daluo sword fetus, and pointed it on the Anyu Xuanjin.

Soon, all the essence of Anyu Xuanjin was absorbed by Da Luo Jian Fei.

The surface of the big Luo sword tire is shining with silver light.

That flying fairy pattern, as if to come back to life, was shed light and rain.

With the physical power of Jun Xiaoyao, he doesn't actually need any weapons.

His physical body is the strongest treasure.

But Jun Xiaoyao also has two weapons.

All things mother-in-law and Daluo sword fetus.

Both of these are weapons that can grow and evolve, and neither is the end of the emperor.

After absorbing Anyu Xuanjin, the light of Daluo's sword fetus became even brighter.

Jun Xiaoyao felt that Da Luo Jiantai should not be far away from the real Emperor Soldier.

As for the Qi Ding of the mother of all things, Jun Xiaoyao is going to use it as a tool to prove the Tao.

In the future, the Dao will be enshrined on all the avenues.

can raise the qi cauldron of the mother of all things to a very high level in one click.

So on weekdays, Jun Xiaoyao didn't feed it too much fairy gold.

"carry on."

Jun Xiaoyao didn't waste time, and continued to climb to the next level.

When Jun Xiaoyao rushed to the tower.

The other five people are naturally also practicing.

is just their speed, definitely can't keep up with Jun Xiaoyao's speed.

Six Kings, stayed here for the time being, practicing in the inheritance tower.

But obviously, this is only a short trial.

After all, they came to the Wutian Dark Realm, but not just to find inheritance opportunities.

More importantly, it is to see the ultimate misfortune.

This is also the goal of Mahiro, and they will not stay here for too long.

And just in the dark world of the sky, when it fell silent for a while.

in a remote deserted land.

But an astonishing battle is breaking out.

Pieces of stars burst apart.

Huge spatial cracks that stretch for thousands of miles can be seen everywhere, all over the sky.

Stars, in the battle of the strongest, are annihilated and shattered like dust.

Even some huge ancient stars are easily destroyed by the aftermath of battle.

This is the most powerful war between the two realms since this era.

Compared to this battle, the previous frictions are nothing short of a trifle.

Of course, everyone knows why.

Because of the leader of the Jun family!

As a fairyland inherited to this day, an immortal ancient family.

The Jun family really started, the energy is extremely huge.

Not to mention Jun's hidden veins, it has returned to the main vein.

makes the Jun family, who has a deep heritage, even more powerful.

In the void, there are many vaguely detached figures standing upright, which lies in the battle of the strongest in the foreign land.

Some of them are not unfamiliar.

Like the sixth ancestor of the Jun family, Jun Taixuan.

Once outside the starry sky, a sword fell to the wild and immortal realm, destroying Hongzhou and completely erasing the ancestral dragon nest of the Taikoo royal family.

There are seven ancestors, Mr. Tai.

Once in the galaxy, fishing and swallowing ancient beasts.

When the Tyrant of the Tyrant Zutang wanted to attack Jun Xiaoyao, he also intervened.

These ancient ancestors of the Jun family who were originally ignoring the affairs of the world, all showed up and participated in this battle.

Until this time, all the forces in the fairyland discovered how deep the Jun family's background really is.

Those buried in the ancestral shrine of Emperor Huangzhou are the ancestors of the Supreme Seven Realms.

On top of the old ancestors, there is also the quasi-di ancient ancestor.

On top of the ancient ancestors, there are distant ancestors.

Even the distant ancestors may not be the highest and oldest existence in the Jun family.

What is background?

This is called the background!

In contrast, many other ancient families in the fairyland, some of them may have only risen in recent epochs.

There are one or two distant ancestors, and they have a good background.

This is the reason why the Jun family can become the head of the three imperial families in the ancient aristocracy.

Of course, in this battle, except for the main line of the monarch.

Jun's hidden veins also have strong people appearing.

For example, an old woman with gray hair and a radiant face like a baby is also fighting.

She is a quasi-emperor ancient ancestor of the Jun family's hidden veins, and her name is Jun Cuihua.

Before, it was said that Jun Farewell killed Jun Xiaoyao.

The seven ancestors, Mr. Tai, once asked him to leave, wanting to settle an account.

At that time, it was stopped by Jun Cuihua.

As a result, they are now on the same battlefield, fighting for the Jun family together.

"Xianyu Junjia, who gave you the courage to provoke my world!"

On the other side of the universe, in the depths of the universe, there are also a series of vague Xeon figures appearing.

Each exudes surging weather, and dark matter surging like a tide, sweeping across the starry sky.

"Huh, the heavens and worlds, but there are existences that my family dare not provoke!"

The sixth ancestor, Tai Xuan, scolded him coldly, holding a simple peach wood sword.

With a sword across the sky, the sword energy is 30,000 li, and the endless stars are cut down!

A terrifying battle is breaking out.

In the end, there are some more terrifying ghosts in the foreign land.

"The immortal king is the immortal king of the ultimate emperor!"

After perceiving those vague and powerful auras, on the side of Xianyu, some quasi-emperor and powerful people all have their eyelids twitched.

The ultimate emperor, the oldest and mysterious existence in a foreign land.

And now, the kings of these ultimate emperors have appeared.

Although the number is not particularly large, each breath is shocking, and it can crush the eternal sky!

The kings of these ultimate imperial clan, between their hands, covering the sky and the sun, they slapped directly at the border!

"Not good!"

The few quasi-emperors guarding the border all had their eyelids twitched.

They shot, the power of the quasi-emperor was surging, the law was shaking the sky, and a solid barrier was formed.

But it doesn't work!

No matter how strong the quasi emperor is, there is a surprising gap between him and the real emperor.

Not to mention that in the same level, the immortal kings of foreign land can mostly suppress the emperor of the immortal land.

噗嗤!

A few quasi-emperors guarding the border can't stop the immortal king's palm at all!

Seeing this scene, UU reading www.uukanshu.com many immortal creatures, their hearts are cold.

The pupils of some gatekeepers were trembling, and their fighting spirit was lost.

Who can stop the kings of the ultimate emperor! ?

"What are you all doing, cheer up Lao Tzu, shut up people, shut up and destroy people!"

An old man in a linen robe is screaming.

There are four scars on his face, and the breath of Chaos Dao Zun is permeated all over his body.

is the fourth master Scar who took good care of Jun Xiaoyao in the original imperial city.

"How can the border guarded by the benefactor be lost in our hands."

Four Master Scar had a cold face, looking at the immortal king with a monstrous breath among the stars in the distance.

His benefactor is Jun Wugui.

Although Jun Wugui has not returned.

But the Fourth Master Scar, they all believed that the white-clothed **** king would definitely not fall into the hands of the Scarlet King.

Therefore, the Fourth Master Scar will swear to protect him and wait for Jun Wugui's return!

Just when the border situation was in extreme crisis.

This side of the fairyland, in the depths of the star dome.

Suddenly the breath of the emperor is permeating!

[Chapter 1092: The emperor Shenyu, the 3 emperors of the Jun family shook the universe, and can control the fairyland...](#)

In the depths of the cosmic void of the fairyland, the rays of light from the seven stars converge, extremely bright, illuminating the universe.

A vaguely old rickety figure emerged from the endless stars, with countless runes branded all over the body.

An arrow filled with billions of emperor's brilliance bursts out, and wherever it passes, the void is shattered and turned into a dark abyss!

Boom!

The arrow collided with the hand of the law of the immortal king, bursting into waves!

"It's the Big Dipper!"

Seeing the figure that emerged, countless creatures in Xianyu were extremely excited.

The Great Big Dipper had also appeared before, and that time was to shoot the Chaos Body, that is, Jun Xiaoyao.

Although it failed, it was because the King Shenao stopped it.

On the fairyland side, no one underestimated the Big Dipper, he worked hard and was also a hero of the fairyland.

"Hmph, if you respect the emperor who hurts the aging, you may live for a while."

There is the king of the ultimate emperor whispering coldly.

"Although I am old and ambitious, if I can pull one back, I won't lose money."

The Great Big Dipper smiled, although his face was old, the ravines were vertical and horizontal, and his figure rickety.

But there is an invincible spirit that swallows the world.

Which one is the simple one who can prove the Tao to become the emperor?

"Extremely ridiculous!"

The kings of the foreign land made another move, ignoring the Big Dipper.

An old and badly wounded emperor can hardly stop an immortal king.

blocked them all, almost a fantasy.

"What should I do, do I have only one emperor in Xianyu?"

A creature from the fairyland saw this scene and couldn't help exclaiming, his complexion pale.

Originally at the same level, alien creatures have crushing strength. If the number is not enough, do they still have hope?

And just when everyone was confused.

In the depths of the stars, a huge crack suddenly opened, and a frightening aura was exuding.

A stalwart figure that is extremely vague, covering the glory of the Emperor Dao, stepped out of the void.

Every step is taken, ten thousand roads roar, and the heavens tremble!

It seems that the world is about to be deconstructed, and everything is falling apart!

The unique bloodline induction shocked the entire battlefield, all the monarchs and their families, and immediately showed ecstasy.

"The emperor of my family has appeared!"

The young warrior with Jun's family couldn't help shouting with excitement.

The vague figure is a man.

was covered with silver armor and visor on his face, with silver hair shining like a galaxy.

The rules of the surrounding avenues and the brilliance of the emperor's path pervade, exuding a terrible coercion that suppresses the world.

Especially his energy and blood, very vigorous, surging like a sea of blood, far from the emperor who suffered heavy losses and decay like the Great Beidou.

"That's... the emperor of the Jun family!?"

Between heaven and earth, countless eyes looked at the man with silver armor and silver hair.

is not only the foreign land's attention, but also the fairyland's side, but also the attention of many forces.

After all, many people want to understand how deep the Jun family is.

"That doesn't seem to be the main line of the monarch, but some distant ancestor of the hidden line of the monarch?" Old Antique asked in surprise.

Before it merged with the main channel of the monarch, the hidden channel was very low-key.

Don't talk about the great emperor, even the quasi emperor rarely appears in this world.

So to some extent, the hidden veins are hidden deeper than the main veins.

"My hidden veins are integrated into the main vein, and it's time for me to show some merit."

The silver-armored man clenched his fists slightly, and the sound of bone explosion sounded like thunder.

He raised his hand and grabbed it towards the void.

An axe filled with endless fairy lights emerged, its sharp and heavy lights, as if it could split the boundlessness of eternity!

Jun's quasi fairy weapon, catastrophe fairy axe!

This is the quasi-immortal device of the monarch's main line.

But now, the main veins and hidden veins merge, regardless of each other, the quasi-immortal implements are naturally shared.

"Remember, my name, Jun Shenyu!"

The Great Emperor Shenyu, Jun Shenyu, blasted out with a single axe, the catastrophe immortal light surging, shattered the tens of thousands of miles ahead of the sky, all the rules were broken, and countless order **** chains were broken.

But not only that, in the void.

Two more vague figures emerged, both exuding the unparalleled splendor of the imperial Dao!

All the members of the Jun family felt their blood rumbling.

is the emperor of two monarchs again!

The three great emperors of the Jun family appeared at the same time, shocking all the creatures in Xianyu!

Many people are dumbfounded and can't believe it!

In this rare era of the emperor.

There are three great emperors, and they all come from the same force. What is this concept?

represents the monarch family and other immortal forces, the ancient family, which is not a hierarchy at all.

After all, as long as there is an emperor, it can be called an immortal force.

And the Jun family, casually, walked out of the three statues.

The most important thing is that the Taikoo Covenant also restricts the Jun family.

In other words, the real strongest of the Jun family is not actually in the Nine Heavens Immortal Realm.

But even so, there are three great emperors appearing.

This makes countless people's scalp numb.

Whether it is a creature in the fairyland or a creature in a foreign land, it is extremely shocking.

Even the kings of the ultimate emperor have changed their eyes.

"If there is no Jun family, the probability of our world breaking through the immortal realm will be 50% higher." There is an immortal king whispering.

That is to say.

in their eyes.

The strength of the Jun family is enough to occupy half of the fairyland!

"It's okay, the six kings of the world have awakened, and they have opened the door of the skyless dark world."

"As long as the great misfortune wakes up and wakes up the sleeping ancestors of the natural disasters of all races, what about the Jun family."

There are also immortal kings with confidence.

The three great emperors, including Shenyu the Great, are like three eternal scorching suns, illuminating the vast universe.

The three of them are majestic and powerful, and their voice shook the world.

"My gentleman, be all enemies of the town!"

The great emperor shouted, his voice shook the sky.

The three emperors of the Jun family took action, as if they were the strongest iron wall in the border.

"It's the Jun's house as expected."

The Great Big Dipper also shook his head with a wry smile.

The emperor is also strong and weak, and if he can continue to move forward, he is stronger than the others.

Although he is now seriously injured and aging.

But even in his heyday, he is not as good as the three emperors who appeared in the Jun family.

Especially Emperor Shenyu, has surpassed the level of ordinary emperors.

can be called an imperial giant.

is like the mother of exotic flowers, although it is also called the immortal king.

But her strength is stronger than many immortal kings.

With the three emperors of the Jun family joining the battle, the frontier gate is considered to have the power of a battle.

But even so, the number of top powerhouses in the fairyland is still less than that in the foreign land.

And at this moment, there is another mighty emperor.

A full-body figure shrouded in Shenhui, holding an ancient stone stele with a boiling dragon in his hands.

is a quasi-immortal implement of the Fuxi Immortal Order, the Fuxi Dragon Stele!

"It's the emperor of Xian Ting!"

Another creature exclaimed.

But seeing this scene, the elders of the Jun family sneered and sneered.

"Will I wait until the Emperor of the Jun Family appears? If the Emperor of the Jun Family does not appear, the Emperor of Xian Ting will never appear."

The elders of the Jun family are sneering, with a sense of irony.

The reason is very simple. If the Jun family does not come out of the emperor, and the fairy garden rushes out, it is very likely that he will be besieged by the immortal king of foreign land.

In case of death, it would be a great loss.

Even if it is severely injured, it is unacceptable to Xian Ting.

Therefore, the Emperor's family will not be the emperor, and Xianting will never be the emperor.

And the Jun family is out, if the fairy garden does not come out, it will naturally be criticized by the various forces in the fairyland, and secretly poke the backbone.

So I have to say that Xian Ting's abacus is very shrewd.

So until now, the emperor of Xian Ting has only appeared.

Not only the Jun family, but also some old antiques of the forces saw through, and couldn't help but shook his head secretly.

"The current Xian Ting is no longer the former Supreme Xian Ting that was split into the Nine Great Immortals in order to protect the fairyland."

There is only one emperor of Xianting, from Fuxi Xiantong. UU reading [www. uukanshu.com](http://www.uukanshu.com)

As for the other immortals, nothing happened.

However, after all, the fairyland is vast and boundless, and the hidden power and energy are also extremely astonishing.

After , a projection of the great emperor appeared and was recognized by someone from an ancient tribe that had been passed down from ancient times, but whose name was hidden.

There is also the Primordial Royal Family, and there is also a horrible atmosphere.

That was an ancient emperor, although it was only a projection descending, but the aura it radiated was also a deterrent to the heavens.

However, the ancient emperor of the ancient royal family did not make a move.

But no matter what, Xianyu finally has the power to resist.

Although the foreign land is strong, it is impossible to break through the border for a while.

And it was when these strongest men fought and destroyed the heavens.

In the frontier desert, the armies of the two worlds and the young Tianjiao are also fighting and colliding, experiencing in blood and fire.

Compared with the strongest, the collision of these young talents is equally striking.

because they represent the future of the two worlds.

If this war still stalemates the situation.

So obviously, the final fate of the two worlds will fall in the hands of these young people.

[Chapter 1093: 6 ultimate law of kings, 6 burial of the heavens](#)

This great world is very special, and it will give birth to an unprecedented Xeon.

And that kind of strongest person will obviously be born among these arrogances.

Here in the fairyland, the disciples of Jiutianxianyuan are practicing and fighting.

Ling Yuan, the ancient emperor, the king of Yuhua, Long Yaoer, Ji Qingyi, Princess Long Ji, Yan Rumeng, Yu Chanjuan and so on.

Many familiar figures of Jun Xiaoyao appeared on the battlefield of the border desert.

In addition, the Jun family also appeared.

The emperor's main line of the emperor's family, the emperor's body, Jun Moxiao, the heavy-pupil, Jun Lingcang and others, are all taking action.

Their strength is also around the supreme, and they have not been pulled down.

After all, whether it is a human emperor or a double pupil, they are all unparalleled physiques, and they all have the posture of a great emperor.

In addition, there are those Jun family sequences.

Jun Wushuang, Jun Mulan, Jun Xuehuang, and Jun Zhanjian also all experienced in the frontier battlefield.

Although their realm can't catch up with Jun Moxiao, Jun Lingcang and others, they are also in the realm of Great Sage, Holy Lord and so on.

In addition, there is the most dazzling presence on the battlefield.

That's the emperor of the Jun family's hidden veins, you leave.

He wore a commoner, his appearance was unremarkable.

Although there is no special aura, it is one of the most unfathomable existence of the younger generation of the Jun family, apart from Jun Xiaoyao.

Of course, because I once killed Jun Xiaoyao personally.

So till now, Jun Moxiao, Jun Lingcang and others have not had any contact with Jun Farewell.

Even the majority of the people in the line of the monarch's family do not recognize the separation of the monarch and are very indifferent to him.

Regarding this, the Lord did not say anything about leaving.

He had known for a long time how much infamy he would bear.

However, when I saw the beautiful Tsing Yi woman beside her.

Jun parted that everything he did was worthwhile.

Jun Farewell to the side, the beautiful woman, silky and silky, with flowers in her eyes.

looks soft and weak, but the talent strength is extremely terrifying.

There is already more than one foreign supreme level arrogant who has fallen into her hands.

"Who is the woman next to the emperor of the Jun family, why haven't you heard of it before?"

On the battlefield, there were some Immortal Realm Tianjiao who looked at the woman, very curious and puzzled.

"Qing'er, you don't have to work so hard."

Jun partedly looked at the Tsing Yi woman, Li Qing'er, with love in his eyes.

This Li Qing'er is the woman whom Jun Farewell used to save his life with the heavenly crown.

It is also because of the crown of heaven, Li Qing'er has changed from an ordinary tea picker to a strong man who is powerful enough to kill the Supreme Tianjiao.

"Qing'er's life was in exchange for the life of that Xiaoyao elder brother, Qing'er has to do something." Li Qing'er still felt guilty.

"I always have a hunch, he seems to be coming back..."

Jun, leave his eyes and look into the distance.

From the very beginning, Jun Xiaoyao knew this plan.

When Jun Farewell shot and killed Jun Xiaoyao.

What he saw was the gleaming composure and confidence in Jun Xiaoyao's eyes.

If a person is really going to die, will he still show such a calm and confident look?

You don't believe me parting.

So he has been waiting.

Waiting for him to apologize and redeem his sins.

is in the entire frontier battlefield, when the fight is fierce and hot.

In the unspeakable foreign land, there is no sky in the dark world.

Jun Xiaoyao has no idea how many floors he has climbed.

The more you go up, the stronger your opponent will appear.

At the beginning, Jun Xiaoyao was annihilated with a palm.

Later, two palms and three palms were needed.

Jun Xiaoyao feels that his efficiency is low.

But this is just what Jun Xiaoyao thinks.

in the other five inheritance training towers.

Even if it is Su Hongyi, it takes a lot of time to get to the first floor.

let alone the others.

Fortunately, the time flow rate in the inheritance training tower is different from the outside world.

Otherwise, I don't know how much time it will take to reach the top.

Finally, after some time, Jun Xiaoyao finally reached the top.

He also met the strongest opponent.

That may be one of the most enchanting existences in the foreign land throughout the ages.

Jun Xiaoyao feels that this is likely to be the immortal young age imprint of a certain natural disaster grade in a foreign land.

Its talents are even close to anomalous level.

Of course, there is still a gap from the true anomaly.

At least for now, what Jun Xiaoyao has seen can reach beyond anomalous numbers.

Only himself, and the ghost-faced woman.

In the face of this existence, Jun Xiaoyao did not despise it.

He even used the power of black blood.

His black hair turned into a snowy white.

A pair of deep pupils, blooming with purple light.

The Last Eye!

A big battle broke out.

I have to say, that brand is really powerful.

If placed in the fairyland, it can almost sweep most of the seed-level Tianjiao, and no one will be its enemy.

But unfortunately, I ran into Jun Xiaoyao.

Although it has gone through a lot of battles, the brand was finally annihilated in the hands of the black version of Jun Xiaoyao.

At this time, a cloud of black light suddenly emerged from the void and landed on Jun Xiaoyao's hand.

Jun Xiaoyao's eyes were revealed, and he reached out and took it.

is a dark jade slip.

He swept away his mind.

held his breath suddenly.

It is indeed an ultimate taboo.

is called the Six Burials of the Heavens!

What is six burial?

bury the mountains and rivers!

bury the sun and the moon!

Burial World!

Buried all beings!

Burial reincarnation!

Buried to the heavens!

This is the six burial!

It can be said that even if one of them is taken out, it is a powerful taboo, and any strong person will covet it.

The most important thing is that these six taboos can also be integrated into one ultimate ultimate move.

This is the true power of the Six Burials of the Heavens!

Of course, there are gains and losses.

The power of the six burials of the heavens, although surprisingly great, is a bit bad.

is the power that needs to be consumed, too much.

can't be displayed by one person at all.

If you want to truly fully exert the power of the six burials of the heavens, that can't be done by one person.

"No wonder..."

Jun Xiaoyao suddenly wanted to understand.

Annihilation of the Six Kings, just corresponds to the six burials of the heavens.

One person controls one style, UU reading [www. uukanshu.com](http://www.uukanshu.com) six forms in one, can bury the world!

This is the ultimate way to destroy the immortal realm by the Six Kings!

In the past, the six kings have never gathered, so it is impossible to display the full version of the six burials of the heavens.

Jun Xiaoyao continued to realize.

The formula he got was the last of the six formulas, buried in the heavens.

In this style, it can be used as Jun Xiaoyao's trump card, the power is beyond words.

"The six burials of the heavens, it is difficult for one person to show off, but I can..."

Jun Xiaoyao's eyes are very bright.

He has two physiques, the quasi-innate body constitution and the chaotic physique.

In any of these physiques, the energy is almost endless.

And the two bodies can also fuse.

If you have to find someone who can perform the six burials of the heavens alone.

So it's no matter what you are!

"In this case, the other five styles, I also want to get hands."

Jun Xiaoyao's eyes flickered.

He would not be polite to the other kings.

He left this inheritance training tower.

[Chapter 1094: The remaining sword energy, the purpose of the monarch, activate the sign-in](#)

outside the six inheritance training towers.

The void slightly rippled.

Jun Xiaoyao appeared.

After coming out of the tower, he felt that the flow rate of time had returned to normal.

It clearly felt that countless hours had been spent in the tower.

But when I came to the outside world, I realized that it didn't seem to be too long.

"Their speed is too slow."

Jun Xiaoyao frowned slightly, he couldn't wait that long.

Because Mahiro told him before that Bian Huang had already started a war.

Jun's house has also been dispatched.

No one knows how long it can be delayed.

Jun Xiaoyao needs to learn the secret of the ultimate misfortune as soon as possible.

And he also wants to know his father, who has never shown up.

What is the plan?

Thinking of this, Jun Xiaoyao raised his hand, and on his wrist, the dark six-pointed star mark flickered slightly.

Jun Xiaoyao pondered this mark.

is not just a symbol of the status of the six kings.

can also be used to perceive messaging.

In just a moment, the five figures came out of the inheritance training tower at the same time.

When he saw Jun Xiaoyao, Kagura was surprised and said: "One King Palace, are you already..."

"Yes, I have already cleared the level." Jun Xiaoyao said lightly.

"So fast?"

Mo Xiluo and others were shocked.

Compared with Jun Xiaoyao, they are like dragging pig teammates.

"My lord, about the ultimate inheritance of the Six Kings..." Maura asked tentatively.

"I got it." Jun Xiaoyao said.

At this time, everyone was shocked again.

But when they thought of Jun Xiaoyao's natural strength, they felt that it was normal.

"That palace made us come out to think..." Kagura hesitated to say something.

"We don't have much time right now. The Frontier Desolation has already begun a war, and no one knows whether Xianyu will have any successors."

"So we need to hurry up and enter the depths of the dark world to see if we can awaken the ultimate disaster."

"But before that, the ultimate inheritance of the Six Kings must be obtained. I will enter the five towers and help you obtain it."

Jun Xiaoyao said that the clothes are seamless and drip-proof.

Zhuye and Yun Xiaohei opened their mouths, trying to say something, but in the end they couldn't say anything.

On the contrary, it was Mahiro, nodding and saying: "It is true. We should hurry up and wake up the great misfortune."

"But that inheritance..." Zhuye gritted his teeth secretly and bit his scalp.

"Why, do you think I will swallow the ultimate inheritance of the Six Kings?" Jun Xiaoyao raised his eyebrows.

"Don't dare..." Zhuye lowered his head slightly, showing the green veins on his forehead.

Jun Xiaoyao sighed.

Actually, they really guessed it right.

Jun Xiaoyao is the ultimate inheritance that wants to swallow the six kings alone.

Of course, he obviously wouldn't say it.

Then, Jun Xiaoyao continued to rush to the tower.

The five kings are waiting outside.

Because of the different time flow rate inside and outside.

So they didn't wait too long.

saw Jun Xiaoyao appear again, and then continued to climb down a tower.

"The strength of your lord is really unimaginable. With him leading us, we will definitely be able to complete the destiny to destroy the fairyland!"

Mahila also has the meaning of worship written on his face.

Jun Xiaoyao can be said to be his most admired object besides the ultimate misfortune.

The five kings watched Jun Xiaoyao go in and out like this.

It didn't take too long for the five inheritance cultivation towers to be cleared by Jun Xiaoyao.

Of course, the inheritance training tower is more than that.

As they enter the different realms, the opponents they manifest are also different.

So even if the Six Kings grow up in the future, they can continue to practice in it.

And Jun Xiaoyao is now, but he got the ultimate inheritance in his hands early.

"It seems that the adults have already got the complete ultimate inheritance." Mo Huiluo smiled.

"Well, without further ado, let's go deeper into the realm of Wutian Darkness."

Jun Xiaoyao took it with one sentence, and then went straight to the distance.

"This..."

Mo Huiluo was slightly startled, but he didn't think much about it.

On the contrary, it was Zhuye and Yun Xiaohei, their faces were as dark as the bottom of a pot.

They always feel that Jun Xiaoyao has no good intentions.

But with their current strength and status, they can't resist at all.

"Forget it, if you can really see the misfortune, then there may be a turning point. After all, we are all six kings. Shouldn't the misfortune be favoritism?"

Zhuye and Yun Xiaohei are secretly communicating with each other.

They can only pin their hopes on the mysterious misfortune.

Jun Xiaoyao and others continue to penetrate into the skyless dark world.

The depths of the dark world without sky, everlasting cold.

Time is here, it seems to be dead.

Everything is lifeless.

Only the black haze that lingers all the year round tells the mysterious, ancient, strange and ominous of this place.

after many epochs.

There are people again, and they have stepped into the deepest part of the dark world.

Jun Xiaoyao and others came here.

That kind of weird breath is disturbing.

Even if they have the protection of the six kings, they still have a feeling of chills on their backs and hair on their backs.

Kagura and Su Hongyi both unconsciously put their delicate bodies on Jun Xiaoyao.

In such a strange place, only Jun Xiaoyao can bring them a sense of security.

At this moment, Jun Xiaoyao suddenly stopped.

In front of him, there was silver light gleaming, like a fish, floating in the void.

"what is that?"

Zhuye and Yun Xiaohei couldn't help but say.

reached the depths of the Wutian Dark Realm, everyone's minds were tense.

A little change will turn them into scared birds.

Jun Xiaoyao frowned slightly, staring at it, and said in surprise: "This is... Sword Qi?"

"what?"

Hearing what Jun Xiaoyao said, everyone was a little confused.

How can there be sword energy in the depths of this skyless dark world?

"And it is the sword aura that has remained for a long time. I don't know how many years have passed, and I still stay here." Jun Xiaoyao said lightly.

"How is this possible? The Dark Realm of Wutian is a dojo of great misfortune. Who can use force here to leave sword energy?" Mahuluo shook his head and couldn't believe it.

Jun Xiaoyao didn't say anything, but there was a hint of thought in his eyes.

Just now, he thought that this sword energy might have been left by the ghost-faced woman.

But now, after careful experience, Jun Xiaoyao actually felt that this ray of sword aura gave him a familiar feeling.

"Could it be..."

I think of the Jun family making a move at this time.

Jun Xiaoyao seems to have guessed, what is the purpose of his father, Jun Wugui's plan.

"It's really a good game, the plank road is built, and the warehouse is dark."

Jun Xiaoyao wanted to understand everything.

In the void ahead, there are still many such sword auras permeating. UU reading

Jun Xiaoyao and others, carefully spared.

Although these sword auras have been missing for a long time, the sharp sword intent can still easily tear the body of the immortal.

after a while.

at last.

Jun Xiaoyao six people saw the ruins in the endless black mist ahead.

Behind the ruins is a broken dark universe, riddled with holes.

"What's the matter, has there ever been a big battle here?" Maura couldn't believe it.

This is the ultimate dojo of misfortune, how could there be war?

He naturally didn't know, but there were certain deeds that were erased from ancient history by the ultimate emperor.

This is the memory they don't want to reveal.

And just then, in Jun Xiaoyao's mind, a system prompt sounded.

"Ding, congratulations to the host, arrived at the sign-in place, do you sign in?"

Jun Xiaoyao was shocked.

The Heavenless Dark World in the Unspeakable Land can be said to be one of the most mysterious and weird sign-in places.

He is looking forward to it, what a baby he can sign in.

"Sign in!"

[Chapter 1095: 10-star reward, the third copper coffin, the ultimate disaster...](#)

"Ding, congratulations to the host, sign in the ten-star reward, the third bronze coffin!"

The mechanical sound of the system came out.

Jun Xiaoyao immediately noticed it.

in my inner universe.

emerged a simple and heavy ancient bronze coffin.

The whole ancient coffin is carved with totems such as the sun, moon and stars, plants, insects, fish, ancestors and sacrifices.

with an ancient, vicissitudes, and primitive atmosphere.

This ancient coffin floats peacefully in the universe within Jun Xiaoyao.

There is nothing too powerful to radiate.

Jun Xiaoyao felt that the level of this ancient coffin had surpassed the emperor soldier.

"The fairy?"

Jun Xiaoyao tried to figure it out in his heart.

If it's not a fairy, how can it reach the level of ten-star reward?

But if it is said to be a fairy, this bronze coffin of the third world does not exude an astonishing breath.

There are no signs of fairy lights lingering.

"One King Palace?"

Seeing Jun Xiaoyao stunned in the same place, he seemed a little surprised, Kagura tentatively said.

Jun Xiaoyao came back to his senses and said: "It's okay, go ahead."

Although Jun Xiaoyao doesn't know what the role of the third copper coffin is now.

But since it is a ten-star reward, it must have its value, and Jun Xiaoyao is no longer entangled.

Everyone advances step by step.

In front of , there is an ancient ruin that collapsed.

is like a ruined dojo of old gods.

Behind the ruins, there is a vast universe that does not know its depth.

is unimaginable, in the dark world of the skyless deep in the unspeakable land.

is such a broken picture of the universe.

Countless dying stars, turned into icy wrecks, stuck in this dark universe forever.

There are also various unknown skeletons floating in the void.

Those remaining sword auras are scattered in the universe like a fish.

"This is the deepest part of the skyless dark world, where is the great misfortune?"

Mo Xiluo glanced around, with excitement in his eyes, but also a little confused.

Because few people know what the so-called misfortune is.

So it is not clear at all, what kind of existence it is.

Jun Xiaoyao is also sensing and exploring.

But vaguely, he felt the terrifying pressure invisible.

As if there is a ray of light, staring at all existence in the dark.

just when everyone is puzzled.

The World Destruction Forbidden Device they each harbored suddenly reacted.

God Weeping Halberd, Magic Sword Heaven Weeping, Great Black Sky Mirror, Ten Thousand Demon Pagoda, Candle Dragon Lantern, Ten Tailed Sky Pan.

Six World Destroying Forbidden Objects, floating into the air, like six keys, falling into the universe in the depths of the ruins.

rumbling!

is like an old door opened.

The vast and boundless dark universe is shaking and distorting!

Countless stars and wrecks were instantly shattered and turned into powder!

In an instant, the earth was shaking, the sky was shaking, and the world was shaking!

This shocking force spread out of the skyless dark world, spread out the unspeakable place, and swept across the ten foreign states.

even passed to Bianhuang, crossing the border.

The heavens and all realms seem to be trembling with this power!

Everything seems to be announcing that the ultimate disaster in the foreign land is about to come!

"How is this going!?"

At the edge of the desert, countless creatures are shocked.

Especially the creatures on the side of Xianyu, perceiving an unparalleled power, swept from the other side, shaking the boundless world!

Here in the foreign land, many creatures are also a little confused.

But some old antiques, as if they had thought of something, their expressions were suddenly shocked and surprised.

"Could it be that the disaster has awakened?"

The ultimate misfortune, on the side of Xianyu, is considered a secret, only the high-level powerhouse knows.

But in the foreign land, many royals and above know it.

That can be said to be the ultimate mystery of a foreign land, and it is also the ultimate force.

"Not good, could it be..."

On the side of the immortal domain, the grand elder of the Nine Heavens Immortal Academy who participated in the battle suddenly changed his expression.

"This breath really opened up..."

Jun Tai Xuan, Jun Tai A and other ancient ancestors of the Jun family also looked a little dignified.

"I'm finally awakening, the end of the fairyland is coming!"

There is a foreign immortal king who laughs loudly and shakes the universe.

There are also kings who have not yet shot the ultimate emperor. When they raise their hands, the divine power is vast, and the laws are intertwined, turning into a huge light curtain, to show the scene in the world of skyless darkness.

Although the sky-free dark world is very mysterious, there are also kings of the ultimate emperor who have entered and got the chance.

Only these existences have the ability to reflect and manifest the scene in the world of skyless darkness.

On the fairyland side, even if it is a strong existence, it is impossible to spy on the skyless dark world.

Because the dark world has its own rules, only the kings of the ultimate emperor can be allowed to be reflected.

In the void, a vast light curtain emerged.

reflects the black misty ruins and the broken universe.

Borderlands and border crossings, many creatures couldn't help but stop fighting, looking up at the vast light curtain.

They vaguely feel that something big is going to happen.

Especially the creatures on Xianyu's side, all of them are restless and have a premonition of anxiety.

On the other side, many creatures who know the inside have fanaticism in their eyes.

There are even more exotic creatures roaring, letting Xianyu witness the great destruction and misfortune.

At this moment, the world is dead!

At this moment, everything is silent!

Even in the light curtain, not many people pay attention to the figure of the Six Kings.

Because everyone cares more than the Six Kings, what is there in the darkness?

咚!

咚!

is like the sound of footsteps and heartbeat.

In the depths of the ancient silent dark universe, six world-destroying forbidden devices opened the door to nothingness.

A black human figure slowly stepped out of it.

is displayed before the eyes of the world.

It was a black figure like a giant.

The whole body is pitch black and rotting, and black blood is flowing all the time.

The humanoid creatures breathed in and out, and the endless black mist swept across the vast universe.

His face is wearing half of the mask, and the other half of his face that is exposed is so handsome and evil.

half of his handsome face, half of his cold iron mask.

His whole body was rotten, and his body was bleeding with black blood.

It is hard to imagine this kind of weirdness. Every drop of blood in the body seems to be frozen.

"This is the ultimate disaster?"

In the depths of the skyless dark world, Jun Xiaoyao and the other six people, watching the figure stepping out from the depths of the universe, stopped breathing for a moment.

That figure is the source of dark matter?

But Jun Xiaoyao could feel that the body of the humanoid creature was indeed full of strong black blood power.

It's just that it hasn't reached the level of God's black blood. U U Reading www.uukanshu.com

This made Jun Xiaoyao secretly keep an eye on it.

The truth of the matter may not be that simple.

"See the great misfortune!"

Mahila suddenly shouted, kneeling down on the ground, his eyes were fanatical worship.

Although this is the ultimate disaster, the appearance is very strange and crippled, but it does not change its essence.

Jun Xiaoyao is completely unable to find out where the ultimate disaster is.

He is like the end of everything, and his realm has become unimaginable.

At least, when facing the immortal king, Jun Xiaoyao can imagine how strong it is.

But now, looking at the ultimate disaster that stands in the endless dark and broken universe, breathing in and out, vomiting the overwhelming black fog.

He can't imagine how strong the ultimate disaster is.

Mo Xiluo's shout made the eyes of the ultimate misfortune fall on Jun Xiaoyao and the six others.

The dark and numb pupils are cold and dead, without the slightest emotion.

However, Mohula and others were completely ignored.

The eyes of the ultimate misfortune only fell on Jun Xiaoyao.

"Familiar but disgusting breath, who are you?"

[Chapter 1096: The world is only me, Jun Xiaoyao!](#)

The black fog in the sky, the cold and dead universe, the humanoid creatures flowing with black blood.

When all these scenes appeared on the curtain of light in the sky.

Everyone's breath is held.

Don't say it is a fairyland, it is a foreign land, it can be said that ninety percent of the creatures have only heard the name of the ultimate disaster, and have never known what it is.

But now, everyone sees it.

The source of darkness in a foreign land, the ultimate fear of all things, and one of the ends of the world's destruction.

Ultimate misfortune, finally come to life!

"The great misfortune has come, and the end of the fairyland will come!"

The immortal king of the foreign land roared, shook the world, and many big stars were roared down.

"Is that a disaster?"

It was the first time that many alien creatures saw them, their eyes were shocked with ecstasy.

On the other hand, in Xianyu, most of the creatures are very confused.

because they had never heard of it before.

But seeing the scene above the light curtain, they can also feel that it is an unimaginable existence.

And the old antiques of the fairyland such as the elder of the fairy courtyard, their complexion changed greatly, and their pupils were trembling.

Those ordinary immortal cultivators may not understand what the creatures with black blood and black mist represent.

But they know it.

If the Six Kings of Destroying the World grow up, it is possible to bring the disaster of Destroying the World to Xianyu.

The ultimate misfortune itself is one of the greatest calamities of Xianyu.

And at this moment, everyone in Bianhuang heard the voice of the ultimate disaster.

is like countless magic sounds superimposed on top of each other, and it is like a magic **** whispering.

The ultimate misfortune is asking Jun Xiaoyao.

Although did not deliberately exude a breath, the pressure brought by the ultimate misfortune is endless.

Zhuye, Yun Xiaohei and even Kagura knelt down.

Su Hongyi, gritted his teeth, standing behind Jun Xiaoyao.

Jun Xiaoyao does not kneel, nor does she kneel.

Her master is Jun Xiaoyao, not the ultimate disaster!

"Ah..."

Jun Xiaoyao suddenly smiled.

Even in the face of this eternal darkness, Jun Xiaoyao's body is straight, and his white clothes are slender and clean.

Jun Xiaoyao had expected it a long time ago.

His destiny is emptiness, and his destiny can be concealed from foreign living beings.

Even the King of Immortality has difficulty grasping his cause and effect.

But what kind of supreme existence is the ultimate misfortune?

There is no mystery before his eyes.

All the secrets are no longer secrets.

So Jun Xiaoyao didn't even count on being able to hide the ultimate misfortune.

His only purpose is to learn the truth of the ultimate misfortune and let Xianyu know.

Because the opponent that I don't know is the most terrifying.

"Already known?"

Jun Xiaoyao can sense that there seems to be some kind of power projecting the scene here.

In this case, it just happened to be in line with Jun Xiaoyao's plan.

Just let Xianyu take a look at what the so-called ultimate disaster looks like?

"I'm asking you something."

The sound of the ultimate misfortune, like countless magic sounds superimposed on top of one another, also echoes the sound of eternity.

At this moment, Jun Xiaoyao's bones are creaking.

is as strong as a chaotic physique. There are signs of cracks on the surface of the body, and the flesh and blood will fall apart.

You know, this is just a question of the ultimate misfortune!

"who am I?"

"I'm here to uncover the truth and let the world see. The so-called mysterious misfortune is nothing more than this!"

Jun Xiaoyao shakes his sleeves, looks down upon the world, and looks at the universe!

shock!

Extremely shocked!

The other kings are all stupid!

Dare to talk to the ultimate misfortune like this?

There are not many people since ancient times!

"My lord, are you crazy?!"

Mo Xiluo yelled, unbelievable, his eyes would go out of their sockets.

Not only him, but Zhuye and Yun Xiaohei were also surprised.

But they had a premonition in their hearts, they felt that Jun Xiaoyao was not right, and seemed to have some kind of premeditated.

Regarding this, Jun Xiaoyao looked indifferent and didn't explain anything.

He directly raised his hand, and the power of the two thousand Sumi worlds merged together.

The terrifying power of the ten laws superimposed, directly pressing against the other kings!

This scene passed the light curtain and fell into the eyes of countless creatures in Bianhuang.

"That person is a foreign chaotic body that appeared in Bianhuang before!"

"I heard the elder of the Immortal Academy say that that chaotic body is one of the six kings of the world, but now how does he deal with his companions?"

On the edge of the wilderness, many creatures in the fairyland, seeing that scene, were all surprised.

Especially the ancient emperor and others of Xianyuan.

In the previous battle in the wilderness, that alien chaotic body can be said to have left an extremely profound lesson for them.

On the battlefield dedicated to Tianjiao of the Two Realms, there is a bright and beautiful figure, staring blankly at the fuzzy figure in white in the light curtain, stunned.

This woman has bright eyes and white teeth, beautifully beautiful, and her soft blue silk is tied into a double ponytail.

Isn't Jiang Luoli or who.

"Could it be..."

Jiang Luoli's voice was trembling slightly.

...

Boom!

The power of twenty Sumi worlds is superimposed on the power of ten laws.

Plus, Jun Xiaoyao made a sudden move.

It can be said that there is no way for the other kings to survive.

Zhuye and Yun Xiaohei were directly smashed by the palm of Jun Xiaoyao, and they didn't know the true identity of Jun Xiaoyao until they died.

Mahula was severely injured and had no resistance at all.

Even Kagura was affected, Tankou spit out a mouthful of blood, beautiful eyes looked at Jun Xiaoyao in disbelief.

"Yiwangdian, you are..."

It can be said that everyone is stunned.

Not only the Kagura and others, but the alien creatures who were watching the light curtain in the border area were all stunned.

The Six Kings of the Destroyed World, why did they fight each other?

"Could it be..."

An immortal king of the Demon clan, his expression changed when he thought of something.

At this moment, the creatures of the two worlds on the border, all of them coincided with each other, and stopped fighting for the time being.

Because what really matters is the ultimate disaster.

If there is misfortune, the emperor can't stop it, and the border will be destroyed.

At that time, it will be the catastrophe of the immortal domain!

"My lord, you..."

Mo Suiluo's mouth is full of blood, staring at Jun Xiaoyao in a daze.

His mind didn't even turn around.

Jun Xiaoyao attacked them so suddenly.

Jun Xiaoyao looked indifferent, and placed a palm directly on Mashuluo.

噗嗤！

Mahula, fall!

is just an instant.

Destroying the Six Kings, only Jun Xiaoyao, Su Hongyi, and Kagura are left.

This hand operation stunned all the creatures.

Kagura feels cold all over, and his blood is freezing!

Because of Jun Xiaoyao's gaze, he looked at her.

At this moment, Jun Xiaoyao's eyes were strange, with a coldness she had never seen before.

seems to be thinking whether he should kill Kagura or not.

"One King Palace, what's wrong with you, UU reading www.uukananshu.com..."

Kagura slumped to the ground with a thud, her beautiful eyes lost, she couldn't understand Jun Xiaoyao's behavior.

But the ultimate misfortune, from beginning to end, just watching all this, without any indication.

In the dark and numb pupils, there is not the slightest emotion of beings.

For him, the six kings are just chess pieces.

Even if you die, you will continue to reincarnate.

He is immortal, and the true six kings will not die.

"This disgusting breath, perhaps, I know where you came from." Ultimate misfortune said indifferently.

Jun Xiaoyao turned to look at the ultimate misfortune.

The chaotic mist that filled his whole body, as well as the Dafa that had been covering up his breath, all slowly dissipated.

In the endless fairy light, the true appearance of Jun Xiaoyao is completely revealed.

White clothes wins snow, the son is like jade!

Pu Tian Huanyu, who else can have such a unique style?

At this moment, the world is silent!

From the border to the border, the endless creatures stopped breathing at this moment!

"The world is only me..."

"Jun Xiaoyao!"

[Chapter 1097: The sky cannot be buried, the earth cannot be destroyed, the son of God Wushuang, who can...](#)

When the three words Jun Xiaoyao came out.

The entire border shortage, and even border crossing.

The original prestigious battlefield has fallen into a weird silence.

Countless people have a momentary lag in their thinking.

On the other side, most creatures are shocked, angry, and puzzled!

One of the six extinct kings who belonged to a foreign land, how could it be related to the family of Xianyu Monarch?

On the other side of Xianyu, countless monks, everyone's face is full of shock and disbelief.

What did they hear?

A long-lost name.

A name that once glorified the Nine Heavens Immortal Realm, was touted to the altar, but ended tragically.

reappeared in this world.

That Tao reflected in everyone's hearts, and the detached figure in white clothes appeared again.

and in a more shocking posture!

rumbling!

At this moment, the sky of Xianyu was trembling.

Hundreds of thousands of thunder are moving!

This is the fury of the sky!

Jun Xiaoyao, deceived the **** of the fairyland!

bluntly, with the body of a mortal, won the game of heaven!

What does it mean to guard against the sky?

This is against the sky!

"It's the son of my monarch, Mr. Xiaoyao!"

"Happy God Child!"

"The son!"

"It's Xiaoyao, it's really him. He is still alive and never died!"

From Border Pass to Border Desolation, all the people who are involved with Jun Xiaoyao roared in their minds, shocked that every nerve was trembling.

Their brains are blank, filled with extreme joy, and they feel unreal even as if they were dreaming!

The elders of the Jun family cried with joy.

Many of them are thousands of years old, but at the moment their eye circles are red, crying and laughing like a child.

Jun Xiaoyao is the same existence as the Emperor Qitian and the White-clothed God King in the ancient times of the Jun family.

is considered to be the hope of the Jun family to continue the era of the family fortune.

At that time, Jun Xiaoyao sacrificed himself, using his body as a shackle, suppressed the evil thoughts of the gods, and then sacrificed.

This is undoubtedly the pain of all the members of the Jun family.

Although some senior officials of the Jun family have always believed that Jun Xiaoyao should not just fall away like this.

But for a few years, there was no news about Jun Xiaoyao, which still made many people's hopes become desperate.

but now.

Jun Xiaoyao appeared.

in a more shocking posture.

Where is he?

The most weird and mysterious place in the foreign land, the unspeakable place, without the sky and the dark world.

How many people can walk there since ancient times?

"The Son of God is invincible!"

"My deity son, the sky cannot be buried, the earth cannot be destroyed, who can be the enemy!"

At this moment, many young princes, and those sequences, all roared, venting the suffocation in their hearts.

After seeing Jun Xiaoyao fall behind, I don't know how many forces, secretly thinking that the Jun family will turn from prosperity to decline.

But now, Jun Xiaoyao has slapped everyone in the face alive!

"My Lord God!"

The sequence of the Jun family is also agitated!

"Xiaoyao always likes this. If you don't call it, it's a blockbuster."

Jun Mo laughed, Jun Lingcang was laughing loudly.

The three little giants of the Jun family seem to be able to reunite again.

"I knew, your lord must still be alive!"

Somewhere in the battlefield, Yi Yu was extremely excited, and roared up to the sky.

There are also Wang Chuan, Yan Qingying, Eternal Jie Tian Nu and others, also weeping with joy.

Those who have had a relationship with Jun Xiaoyao.

Yan Rumeng, Yu Chanjuan, Princess Long Ji, all of them are very excited and difficult to calm down.

"Jun Xiaoyao..."

Ling Yuan bit her plump lips, she wanted to cry with joy.

But as the young emperor of Xian Ting, she can't show it.

However, the only thing she knows is.

When she saw the familiar figure in that corner, she was very happy.

I don't know if it is Ling Yuan or Tiannv Yuan in this mood.

But, it doesn't matter, because now, she is Ling Yuan, and she is also the Celestial Girl.

"Brother Xiaoyao..."

Jiang Luoli's eye circles were also reddish, with a little sparkle.

She has always wanted to make herself strong and can't cry.

But now, when she saw Jun Xiaoyao on the light curtain again, she couldn't help crying.

Exquisite dice An red bean, you know you don't know if you are in the bones of lovesickness?

And her prayers day and night finally got an answer.

That man, he's back!

In contrast, those Tianjiao who had friction with Jun Xiaoyao.

"How is this possible, the sky can't bury him!?"

The ancient emperor was shocked, unbelievable.

He even felt that he was dreaming.

And what made the ancient emperor even more frightened.

Jun Xiaoyao turned out to be the alien chaotic body in the wilderness!

"From the ridiculous ancient sacrament to the chaotic body, what has this gentleman experienced in the end!?"

The eyes of the ancient emperor were bloodshot, and his face was almost a bit squalid.

Especially, he saw Ling Yuan with a light from the corner of his eyes, and there seemed to be tears in his eyes.

He knew that Lingyuan must have something to do with Jun Xiaoyao.

"No, if this goes on, the only one who can hope to compete with Jun Xiaoyao is Young Emperor." Ancient Emperor Zi thought to himself.

The young emperor he was thinking of was not Ling Yuan, the contemporary young emperor.

is an ancient young emperor who has been sleeping for many epochs in the fairy garden. He has been rumored to be unimaginable talent.

"Damn it, Jun Xiaoyao, you should have been buried."

"But it doesn't matter, you may not be able to survive now."

The ancient emperor clenched his fists, his eyes cold and sharp.

What is the situation of Jun Xiaoyao now?

In front of the ancient ultimate evil in a foreign land.

What is the probability that Jun Xiaoyao will survive?

"Farewell, is he my benefactor?"

On a battlefield, Li Qing'er also showed surprise.

She had always felt guilty before, but now she finally has a chance to make up for it.

"Yeah, I am also glad that he is alive, but for now, I can't take it lightly."

Jun Farewell, his face is still solemn.

In the face of the ultimate misfortune, the danger of Jun Xiaoyao is not a little bit.

Many people thought of this.

Everyone in Jun's family is a little nervous.

Some forces of Xianyu and Jun's family have friction, they are watching the show coldly.

As for the foreign land, many emperor creatures are angry.

"Damn, I was fooled by that kid!"

"It doesn't matter, if the great misfortune is really restored, the six kings are just icing on the cake, sit and watch how this one falls!" There were other kings whispering coldly.

The great emperor was very vulnerable in the face of the ultimate disaster.

Let alone Jun Xiaoyao.

He is only in the supreme realm, in front of the ultimate misfortune.

is almost insignificant than ants, as insignificant as dust.

There is no sky in the dark world.

Kagura was shocked.

"Xianyu Junjia, how can it be... a palace of kings... you..."

Kagura lost his mind, and his soul suffered a huge shock.

As for Su Hongyi, although there were accidents, his expression was calm.

Regardless of Jun Xiaoyao's identity, she would not care, and her loyalty remained unchanged.

Jun Xiaoyao ignored the extremely complicated Kagura.

looked straight at the ultimate misfortune.

Somewhat unexpectedly.

The ultimate misfortune is always calm.

This is a kind of peace in the face of ants.

Even though Jun Xiaoyao's identity as a gentleman, he slightly raised a faint emotion called anger.

But overall, he is still very indifferent.

"I have concealed everything, but I can't hide it from me."

"You are indeed a very interesting ant."

The ultimate misfortune said indifferently.

Jun Xiaoyao also smiled.

"You can't be praised by the ultimate misfortune, the source of darkness, Jun Mou can't afford it."

Facing such a deadlock, UU reading www.uukanshu.com can talk and laugh happily.

Even those foreign kings at the border are a little lamented.

Xianyu really has a demon against the sky.

"Is this your last words?" The ultimate misfortune asked.

"Let's make a bet." Jun Xiaoyao said.

These words made the faces of the people in Xianyu look weird.

They remembered the rule that Jun Xiaoyao must win every gambling.

In the game against the sky, Jun Xiaoyao won.

"Are you...qualified to bet against me?" He said in the end.

"A person who has been injured by my ancestors in the Jun family, and is in an incomplete state, really considers himself a superior god?"

Jun Xiaoyao is holding his hands, standing proudly, his eyes are shining!

"Ok?"

The ultimate disaster aura oscillated slightly, and the dark universe was setting off a dark black storm.

Jun Xiaoyao's words touched on the past that he didn't want to recall.

Regarding this, Jun Xiaoyao is still calm.

"Let's make a bet, just bet..."

"My lord Xiaoyao and you are the ultimate misfortune, who can have the last laugh!"

[Chapter 1098: God? Evil thoughts are the ultimate disaster, 3 fingers annihilation, darkness...](#)

One is the ultimate disaster standing in the endless dark and broken universe, known as the source of darkness, the beginning of the disaster.

One is Shengxue in white, the cultivation base is only in the Supreme Realm, Jun Xiaoyao.

It stands to reason, these two.

Let alone an opponent.

is not a hierarchy at all.

This is no longer the difference between heaven and earth.

is the difference in the level of life forms.

The ultimate misfortune, has transcended the form of ordinary creatures.

is an unimaginable weird existence.

A drop of black blood on his body can contaminate a world.

However, these two cannot be compared at all.

is betting.

"Heh...hehe..."

There was a cold laughter, like the rough and hoarse laughter of thousands of demons.

The ultimate misfortune is actually a smile.

He has never had any human emotions, but he smiled coldly.

It can be seen how childish and stupid Jun Xiaoyao's behavior is in his eyes.

"Betting against my misfortune, ants, I appreciate your stupid courage."

"If this is the case, then I will give you a pity, so what?"

Ultimate Misfortune slowly raised his hand, stretched out a finger, and pointed to Jun Xiaoyao.

Point it out!

Heaven and earth are dead!

Everything goes back to the market!

"Before the misfortune, only nothing can be seen!"

When one finger passes, all matter is turned into nothingness.

Even the space that didn't exist in the first place was turned into nothingness.

Even the space itself does not exist anymore.

This is a terrifying sight.

Even in constructing the world, the most primitive particles are decomposed into voids.

Face this finger.

Jun Xiaoyao's complexion also has a dignified look.

Then...

Boom!

Jun Xiaoyao is empty behind him, and it splits directly!

An aura of destruction, surged in all directions!

An incomparably stalwart magical shadow stepped out of it!

The terrifying breath pressures the heavens and the world!

is like the most powerful Demon Lord, from ancient times to the present!

"what happened!?"

In the wasteland, everyone held their breath and stared at the scene on the light curtain.

"That is... the evil thoughts of the gods!"

There is a great figure in Xianyu exclaiming, his eyes are staring, I can't believe it!

Stepping out from behind Jun Xiaoyao is the evil thought of the **** suppressed by the Qing Emperor in the universe in Jun Xiaoyao!

At this moment, Jun Xiaoyao directly liberated the evil thoughts of the gods, and completely released them!

"How is it possible that the **** son of the Jun family not only suppresses the evil thoughts of the gods, but can even control it?"

The big men of many forces in the fairyland couldn't help but exclaim.

"By the way, the son of the Jun family before, seems to be covered by the identity of the alien chaotic body, isn't it..."

Many people thought about it a little bit.

Qingdi is Chaos Qinglian.

Then there is only one possibility.

Jun Xiaoyao got the inheritance of Qingdi!

"hiss..."

After trying to understand this, many people understand it.

Why is it possible for Jun Xiaoyao to survive?

Is the inheritance of the mythical emperor unusual?

These people guessed part of it correctly.

But some of them were not right.

Jun Xiaoyao really relied on the Qing Emperor to suppress the evil thoughts of the gods.

But he can't control the evil thoughts of the gods.

Divine evil thoughts do not have any rational thoughts, they will only simply kill and destroy.

Whoever is in front of him, he will kill whoever is in front of him.

And now, compared to Jun Xiaoyao.

The ultimate disaster is obviously more conspicuous.

is like the difference between the sun and the match.

No one will pay attention to the ants at their feet first.

Therefore, the evil thoughts of the gods are directly against the ultimate misfortune!

Boom!

The evil thoughts of the gods shot directly, and the power shook the world, and the power of the devil shook the world!

This deity's evil thoughts seem to have walked out of the age of mythology, and the terrifying coercion is about to collapse the world!

A great emperor's divine thought is enough to cause a catastrophe of heaven and earth, and a river of blood for hundreds of thousands of miles.

Not to mention the evil thoughts of a deity transformed from a mythical emperor.

That power is enough to annihilate the heavens!

You know, how many ways did Xianyu think of in order to prevent the evil thoughts of the gods from destroying the world of the gods?

But now, the vast majority of Xianyu monks actually hope that the **** evil thoughts can win.

Although evil thoughts of gods were once a big threat to the world of the gods.

But now, he is about the life and death of Jun Xiaoyao.

Everyone is naturally inclined to evil thoughts of the gods.

The void is silently disappearing.

The majestic energy of the evil thoughts of the gods, when encountering that finger, it melts like spring ice.

That is not a collision of laws and forces, but a level of crushing.

boom!

This finger of ultimate misfortune, although it was blocked by the evil thoughts of the gods.

But most of the energy in the **** Yinnian was also dissipated.

After all, he is an immortal obsession left by the mythical emperor, who has turned into a sinful thought.

is completely incomparable with the real mythical emperor.

Perhaps facing the emperor, the evil thoughts of the gods can easily be crushed.

But now his opponent is not a great emperor.

is the oldest and most powerful existence in the foreign land since ancient and modern times!

"Is this what you rely on? It's kind of ridiculous."

The ultimate misfortune stretched out a finger again.

The power of infinite black blood converges and turns into a dark beam of light that destroys the world.

All things will wither and die under this black light.

Roar!

The blood-colored light in the eyes of God's evil thoughts skyrocketed, as if violent!

He has no reason or human thinking.

I only know that the creature in front of him is provoking him and shooting him.

The chaotic air is surging, the horrible evil spirit soul power swept the universe, and countless big stars shattered.

In the void, tens of millions of miles of cracks are spreading!

The gods are angry with evil thoughts, and the world seems to be shattered!

In this scene, many monks in Xianyu's eyes twitched.

Fortunately, in the world of the gods at that time, Jun Xiaoyao sealed the evil thoughts of the gods with his body.

Otherwise, the consequences are unimaginable.

Thinking of this, countless monks began to respect and admire Jun Xiaoyao more and more.

Even the older monks are the same.

The hero does not ask for age!

Also a hero when young!

And Jun Xiaoyao in Wutian Dark Realm was a little surprised to find out.

The power of faith in the universe within himself is soaring again.

is only the source of the power of this belief, not the Destiny Cult or the tens of billions of foreign believers.

is from the fairyland!

"It seems that being a hero also has the advantages of being a hero."

Jun Xiaoyao couldn't help but smile secretly.

was originally the person who was the least willing to be a hero.

eventually became a hero.

can only say, good luck makes people.

"But now, the game is not over yet..."

Jun Xiaoyao's expression is still very solemn.

Although the evil thoughts of the gods are temporarily blocking the ultimate disaster.

But he didn't choose to escape either.

Because Jun Xiaoyao knows.

As long as he is in the world of skyless darkness, the ultimate misfortune is impossible for him to leave safely.

Jun Xiaoyao, the ultimate misfortune.

can only save one of the two!

"The third finger."

The ultimate misfortune tone was extremely indifferent, and he continued to stretch out a finger.

This finger, endless black blood gathers in the universe.

Countless strange runes are printed all over the universe.

This is a great power of destruction, black blood invades all worlds and corrodes everything!

is as strong as a god's evil thoughts, all under this finger, screaming wildly, a little weak.

was finally accompanied by a loud explosion.

The evil thoughts of the gods were directly shattered, countless soul powers scattered, and the roaring magic sound shattered the boundless universe!

Three fingers!

is just three fingers!

then killed the evil thoughts of the gods left behind by the mythical emperor.

At this moment, the throats of all the creatures in the fairyland were chilling.

The evil thoughts of the gods that can bring endless blood to the fairyland.

was annihilated by the ultimate misfortune three fingers!

All the cultivators of Xianyu didn't understand until now. UU Reading www.uukanshu.com

What kind of terrifying existence is the so-called ultimate evil in a foreign land?

"Next, it's you."

The ultimate misfortune is without feeling and merciless.

He slapped him towards Jun Xiaoyao.

It's like the dark universe is overturning.

The infinite dark world, accompanied by the monstrous black fog, envelops Xiangjun Xiaoyao.

This is a crush without resistance.

is almost like the finale to face the world's disillusionment, and you can only choose desperate death!

But Jun Xiaoyao doesn't change his face.

In his choice, there is no such thing as resignation!

He wants to give it a go!

And just now!

Suddenly there is the sound of the Sanskrit singing of the gods.

The light of dusk shines!

Like the light of breaking dawn!

Dispel the heavy darkness!

A stalwart and slender white figure stood in front of Jun Xiaoyao!

God King has no regrets!

[Chapter 1099: Congratulations on the return of the King of God, the eternal hero, only the king has no regrets...](#)

In the side barren light curtain, when everyone saw that the ultimate evil three fingers annihilated the evil thoughts of the gods.

All the creatures have their hairs upside-down, so terrified, so shocked that their souls are sluggish.

Especially the creatures on the side of Xianyu, I never thought of it.

The ultimate disaster in a foreign land is so powerful!

What suffocated them even more was the ultimate misfortune, and continued to point to Jun Xiaoyao.

"My Lord God!"

"The son!"

"Happy!"

On the fairyland side, all the people related to Jun Xiaoyao were pale and shocked, shouting.

wins the half son of the sky, and gambling against the sky against the winning Jun Xiaoyao.

Is it really going to fall into the hands of the ultimate foreign disaster?

Many old people are so nervous that they are almost suffocated.

If Jun Xiaoyao really fell.

That is not just the loss of the Jun family.

is the loss of the entire fairyland!

Because of the fairyland, one supreme being who will suppress the world will be lost in the future!

"Brother Xiaoyao!"

Jiang Luoli's voice was as stern as a cuckoo cuckoo, and his heart seemed to stop beating.
is in the two realms, when hundreds of millions of eyes are staring at the scene in the light curtain.
An incomparably bright brilliance suddenly appeared in the dark universe.
Three thousand kingdoms of God appeared in the void.
There are three thousand gods sitting cross-legged and singing.
In the void, a dim light appeared, as if it had come to the dusk of the gods.
The ancient divine writing was imprinted in the void.
The majestic power is resisting the finger of the ultimate misfortune.

Simultaneously.

A stalwart and straight, if the figure supporting the spine of the sky, appeared in front of Jun Xiaoyao!

silent, but firm.

is like the strongest barrier in the world!

Even with Jun Xiaoyao's mind, he was stunned at this moment, and there was a brief blank in his thinking.

Although he had expected it, his father might show up.

After all, this is a game of the Jun family.

But now, when I really see this figure.

Jun Xiaoyao was speechless for a while, not knowing what to say.

The mood is complicated, with mixed flavors.

I have never seen my father since I was born.

Now, he is standing in front of him, preventing the catastrophe!

"Happy, retreat behind me."

The indifferent but calm words came from the stalwart white figure in front of him.

Jun has no regrets and did not look back.

But Jun Xiaoyao's five fingers slowly clenched.

Before the ultimate disaster that could destroy the world.

Who can stand up like this, tell him, stand behind him.

Only his own father, the king of white clothes, has no regrets!

"Father..."

Jun Xiaoyao finally spoke, although he was a little uncomfortable.

"Don't worry, the sky is falling, and I will bear it for my father."

Jun replied without regret, although his tone was still calm.

But Jun Xiaoyao seemed to be able to hear it, and there was a hint of comfort in it.

After all, Jun has no regrets, but he has never really taken care of his wife and children.

This is a disease in Jun Wugui's heart.

But the man, Xu Guo in this body, no matter how hard it is for Xu family!

"That's... Jun Wugui!"

"It's really the King of White Clothes of the Jun Family, he's still alive!"

"Haha, I knew, how could it be possible for the mere king of the red owl to win the king of the king!"

On the side of the desert, countless people also saw the figure standing in front of Jun Xiaoyao through the light curtain.

"No regrets..."

Seeing this scene, the elders of the Jun family breathed a sigh of relief.

"Really the king of no regrets, great!"

"It's the benefactor, I know that the benefactor can't be defeated, he is the invincible king of my fairyland!"

In the borderland, the Fourth Master Scar saw Jun Wugui's figure and couldn't help roaring, roaring, tears in his old eyes.

The white-clothed **** king has no regrets, which can be said to be the belief of the guards at the border.

They always believed.

The King of God is here, the border is here!

At this moment, countless gatekeepers are shouting, roaring, and extremely excited!

"Welcome to the return of the White King God!"

"God King returns, kill all enemies!"

Countless creatures in the fairyland are praying and shouting, and their hearts are full of faith.

Even though there are hundreds of millions of miles away, Jun Wugui cannot hear it.

But they are still venting their emotions.

It can be seen that Jun Wuhui has such a terrifying reputation in the Nine Heavens Immortal Realm!

One gas turns three clears, one person suppresses the three forbidden areas!

Just ask, how many people have such grandeur throughout the ages? !

Eternal heroes, only you have no regrets!

Some foreign kings are watching them coldly.

"What about the White War God, in the face of the great misfortune, everything is nothing!"

"Yes, it just happens to allow the great misfortune to get rid of this confidant trouble."

The Immortal King whispered, with a cold killing intent.

And in the depths of the skyless dark world.

When I saw Jun Wugui appear.

The ultimate indifferent mood caused a small wave of waves.

"Another Jun family."

Jun's appearance without regret made the ultimate misfortune a little unexpected, but he was still calm.

Invincible strength is the ultimate capital for misfortune and contempt for everything.

"The source of the dignified foreign disaster, he actually shot a younger generation, which is a loss of identity."

Jun has no regrets and is abundance of gods like jade, with a majestic and magnificent instrument, surrounded by three thousand gods, extremely detached!

If a king of gods worships together!

Even in the face of the ultimate misfortune of the eternal taboo in a foreign land, he is still calm and unwavering.

This... is the real lifelessness of the King of God!

"The moral standards of living beings do not exist here."

"Besides, Jun's family, I must die!"

When referring to Jun's family, the ultimate misfortune, which has always been unsympathetic and ruthless, is a touch of mood swings.

It is conceivable that the relationship between the Jun family and the ultimate misfortune is obviously not that simple.

Jun Xiaoyao grasped this, a flash of brilliance flashed in his eyes.

Although he guessed that Jun Wuhui's purpose was to wait for the Six Kings to open the Wutian Dark Realm.

But what's the reason?

Jun Wugui has the ability to kill the ultimate evil?

Although he has admiration for his father, Jun Xiaoyao does not think that Jun Wugui has this ability.

He is very strong.

But the problem is that the current Jun Wugui is just one of the three avatars.

Just when Jun Xiaoyao doubts.

Jun Wugui looked at the ultimate misfortune, and smiled indifferently.

"Jun came here only to retrieve things belonging to my Jun family."

Hearing this, the indifferent ultimate evil, in the dark pupils, a horrible death burst out.
suddenly!

The heavens are shaking!

The black mist swept across!

The large tracts of space are collapsing!

"Did you poke your weakness?"

Jun stands without regrets, his expression is faint.

"Ant, anger me, UU reading www.uukanshu.com will only make you more desperate to die."

The ultimate misfortune is still pointed out.

The runes of the Dark Avenue imprint the sky of the universe, the power of black blood is surging, and the black mist swept like a vast ocean!

The large tracts of stars were shattered, shattered, and turned into nothingness.

Jun has no regrets, his eyebrows furrowed.

Although his tone was indifferent, he did not underestimate the ultimate disaster.

The body of the **** king was urged to the extreme by Jun Wugui, and the heavens were imprinted with divine writings.

In the face of the ultimate disaster, ordinary moves are no longer useful.

When you start with no regrets, it is the twilight of the gods.

The rays of light are shining, and the gods are sinking, this is the terrifying big move of the **** king body, to pull everything into the twilight of destruction!

Unparalleled fluctuations are sweeping!

The galaxy is shattered, the universe is shattered, the runes of the avenue, the chain of order, are all collapsing!

This area seems to be completely wiped out into nothingness by a big move!

"My Lord God King!"

At the border, countless people's hearts are tightened.

The heroic spirit soars into the sky, the eternal spirit of the king in white clothes.

Does he have the ability to stop the catastrophe?

[Chapter 1100: The King of White Clothes fights the ultimate disaster, the doomsday 4 apocalypse!](#)

rumbling!

Heaven and earth seem to have returned to chaos, and all matter seems to be broken up to the original.

This is an amazing sight, which represents the big encounter of the strongest.

What emptiness is broken, in front of this kind of confrontation, it is pediatrics.

At this moment, the frontier war has stopped temporarily.

There is a tacit understanding between the powerhouses of the two circles.

The war on their side cannot end in a moment.

And the only thing that can really fix the situation of the two worlds is the ultimate disaster.

If the ultimate misfortune really recovers, walk out of the skyless dark world.

That fairyland will usher in a catastrophe of life and death.

To say nothing, a few immortal realms have to be destroyed, hundreds of millions of people will be bloodied, and many immortal forces will be destroyed.

And if the ultimate misfortune can be sealed or slumbered again, the calamity of the fairyland will be temporarily relieved.

As for the ultimate disaster?

Even the creatures of the fairyland dare not imagine this way.

under the attention of countless creatures.

in the area that was beaten into chaos.

There was a muffled hum.

Jun Wuhui's figure emerged, was shaken back, his chest was shaken, and his whole body was wiped out a lot.

There is a ray of blood flowing down the corner of his lips.

"Father!"

Jun Xiaoyao's pupils shook.

"No problem, happy, you leave first."

Jun has no regrets and wiped off the blood from the corners of his mouth, his spine is still straight!
"how can that be?"

Seeing this scene, the foreign kings of the border and wilderness were all stunned.

They thought that Jun Wuhui would be killed by the ultimate misfortune.

After all, it is as powerful as a **** and evil thoughts, and they are all annihilated by the ultimate evil three fingers.

No matter how strong Jun Wugui is, it is just one of the three avatars.

Even this clone has the same combat power as the deity.

In addition, the most important thing is the realm of Jun Wugui.

He didn't take that step!

This is the creepy place!

The strength of Jun Wu Regret really cannot be measured by the realm.

He is also an existence beyond common sense.

"This person is really an evildoer, no wonder he can be the king in white, at the border of Yongzhen."

"Yes, there are millions of heroes in the fairyland, and only the king of God keeps his name."

Even if they are on the opposing side, some immortal kings are sighing.

Jun has no regrets, he is indeed a headache, hate, but he has to admire the opponent.

"Can Lord God King stop it?" Some gatekeepers were worried.

"Believe in the King of God, he is the patron saint of our fairyland!" Fourth Master Scar screamed.

He has a firm belief in his heart.

His benefactor, Jun Wugui, is invincible and undefeated!

"My gentleman, a young hero from the ancient times, can only follow that person's footsteps and even surpass..."

The hidden emperor of the Jun family, Jun Shenyu, was also muttering to himself.

Although he and the monarch's lineage are both called the Great Emperor.

But he knew that the strength of that person was far beyond the realm of the emperor.

There is no sky in the dark world.

The monarch has no regrets and moves in white clothes, surrounded by three thousand gods, and sings in Sanskrit.

He is like a ray of light in the darkness, bringing a glimmer of hope to the desperate world.

"Father, I won't leave."

Jun Xiaoyao's tone is very firm.

He is not the kind of person who is inspiring.

But now, Jun Xiaoyao feels that he should stay here.

"Besides, the child and the ultimate misfortune, there is a bet on who can have the last laugh."

Jun Xiaoyao is also quite free and easy, life and death are not in his eyes!

"you..."

Jun Wu regrets silently, and then smiles.

He is proud of Jun Xiaoyao.

Even if he died, the Jun family could still have the hope of Jun Xiaoyao.

Jun Xiaoyao is there, the Jun family will not be destroyed.

"You are indeed beyond my expectations."

The ultimate misfortune seemed a bit unexpected, and Jun Wugui was able to block him.

"How many people have been able to fight bad luck throughout the ages?"

"I have no regrets for having this battle, no regrets!"

Jun has no regrets and smiles freely.

With the unicorn Jun Xiaoyao here, he can also give it a go and have a good fight!

God King Regeneration Technique!

Jun Wugui is shining all over, branded with runes, glowing.

This is the restoration technique of the God King's body, as long as the origin has not been injured, it can be restored instantly.

is the same as the immortality technique obtained by Jun Xiaoyao in the book of life.

Only a few moments ago, Jun Wugui's internal injuries recovered.

He crossed the sky, slid directly in front of the ultimate evil, and printed it out!

God King Fallen Immortal Seal!

The **** king in white clothes, showing his grace and appearance, a battle of misfortune!

This scene is deeply imprinted in the hands of countless immortal creatures in the border wilderness.

Many women were even more stunned.

Jun has no regrets, Jun Xiaoyao, the father and son, is really enough to surprise the world!

Throughout the ages, how many heroes can there be?

boom!

In the void, the big bust broke out again!

In the face of this ultimate disaster that can bring despair to everyone, Jun Wugui did not hesitate or flinch.

"Are you his father? The fearless courage of the ignorant is from the same source."

In the face of the murdered Jun Wugui, the ultimate misfortune looked indifferent.

His whole body, black blood condensed into a shield, printed with black runes.

The seal of Jun Wu Regret did not break the black blood shield.

The ultimate misfortune continued to point out.

He doesn't have any magic tricks.

Perhaps, in his realm, unless it is a real world-destroying forbidden move, otherwise all magical moves are superfluous.

Simple, one finger, one palm, and one punch is the supreme move.

This is the ultimate disaster that brings endless fear and pollution to the world!

Invincible existence!

even the battle with the white **** king, in the eyes of the ultimate misfortune.

is nothing more than a game of cat and mouse.

Facing an almost desperate battle, there was no trace of depression in Jun Wuhui's eyes.

"The ruling of the gods, the seal of the fallen god!"

Three thousand gods sitting cross-legged in the kingdom of three thousand gods, at this moment, they will be punished at the same time!

This is the ruling of the gods, with unparalleled power.

Three thousand supernatural power blessings, turned into a seal of fallen god!

The void was crushed, and the avenue was wiped out under this seal!

boom!

The black blood shield was shaking violently.

"It's all useless work."

"The black tide will annihilate the world, and the real black disaster will come."

"I am one of the four apocalyptic revelations of the last days, and will first bring disaster and despair to the world. Your resistance, mantis arm as a car!"

Ultimate misfortune, indifferent from beginning to end, the magic sound reverberates forever, bringing people endless despair.

Jun Xiaoyao's eyes flashed a dark light.

He heard a key message from the mouth of the ultimate disaster.

The four apocalypses of the last days!

Regarding this, Jun Xiaoyao thought of an allusion from the Bible in his previous life.

When the disaster of extinction comes, the four horsemen of the apocalypse will come, bringing the world's final destruction.

The four horsemen represent war, famine, plague, and death respectively.

Of course, that is the story recorded in the Bible in the past life.

But now, the four apocalypses in the mouth of the ultimate misfortune make Jun Xiaoyao not help but think of this.

"Black blood pollutes the endless world, and the contaminated creatures will fall into madness."

"Doesn't this correspond to the plague in the Four Great Apocalypses?"

Jun Xiaoyao thought of this.

felt a chill in my heart.

Is it possible that in this world, there are taboos like the ultimate misfortune, and there are three others?

This reminded Jun Xiaoyao of the great horrors in the world.

The source, the Great Calamity of the Era, the mysterious sea, the existence buried in the burial world, and the dark turmoil, etc...

It seems that behind all these calamities, there are the shadows of the four apocalypses of the last days.

They are the promoters of the Great Tribulation of the Era.

What kind of existence are the four great apocalypses? Was it created by an unimaginable existence, or was it the source of spontaneous destruction?

"The water in this world is too deep."

Jun Xiaoyao feels a little heavy.

But this also motivates him, he needs to be more powerful.

At the edge of the wilderness, many immortal creatures saw the scene in the light curtain, and their eyes were darkened.

"What should I do, UU reading www.uukanshu.com, the Lord God King can't break the defense of evil."

"Yes, Lord God King is already strong enough, but the opponent is the ultimate disaster!"

I can't even break the defense, which makes people feel too desperate.

Changing to someone else, even the emperor, facing this situation, will be powerless and helpless.

And Jun has no regrets, his expression is firm, his eyes twinkling.

He continues to shoot, and his fighting spirit is undiminished!

"Stupidity."

Ultimately, his tone of misfortune is indifferent.

boom!

was another shock that shattered the world.

Jun Wu regret was shaken back again.

This time, he spat out a mouthful of blood and dyed his white clothes red.

"My Lord God King!"

At the border, countless people's hearts twitched, and the fourth master Scar was shouting, his old eyes trembling.

"No regrets!" The hearts of the elders of the Jun family were also shaking.

"Really, is there no way?"

The cultivators of the fairyland are desperate.

Even the faith in their hearts, Jun Wugui can't stop them, who else can save this world?
