

## SCORING THE SACRED BODY OF THE ANCIENTS FROM THE GET-GO

Chapter 2: Alarmed the 18th ancestor, the identity of the son of god, sequence number 0!

"Well, even the system doesn't want me to keep a low profile..." Jun Xiaoyao said silently in his heart.

"Ding, the sign-in location is refreshed, please sign in at the Taiyue Ancient Monument!"

"Taiyue ancient monument, where is that located?" Jun Xiaoyao thought to himself.

But this matter is not in a hurry, after all, he is just a baby now, and he has signed a great ancient Eucharist, which can be said to be a perfect start.

The next sign-in location, I won't find it too late in the future.

"What I got at this check-in is the Great Ancient Eucharist. I don't know what good things I will get next time I check-in?" Jun Xiaoyao was a little expectant.

But at this moment, Jun Zhantian slapped his forehead and said: "By the way, I haven't named my precious grandson yet, or how about calling him Jun Changsheng, which means that he will prove the way for longevity in the future."

Jun Xiaoyao, who was held in his arms, was a little speechless.

Although the name Jun Changsheng sounds clear, he still hopes to use his own name.

"Hey, this is not right, there are too many people called Changsheng, cheesy!" Some clan elders shook their heads.

Now people and dogs dare to name Changsheng. How can such a bad street name be worthy of their monarch's unicorn?

At this time, a somewhat weak voice suddenly sounded: "Why don't you call him Xiaoyao? My husband once said that it is easy to be a celestial being. I only hope that my child will be happy for a lifetime."

lying on the bed, the pale beautiful woman spoke.

She is Jun Xiaoyao's biological mother, Jiang Rou.

Faced with Jiang Rou's suggestion, Jun Zhantian and others cannot ignore it.

Because Jiang Rou's identity is not so simple, she is a goddess of the Jiang family from the ancient family.

Although the Jiang family is not as well-known as the Jun family, it is also an ancient family, so how weak can it be?

"Okay, it's called Xiaoyao." Jun Zhantian nodded, but he sighed slightly as if he suddenly thought of something on his mind.

Jun Xiaoyao jumped when he saw this situation.

Only then did he realize that his father does not seem to be here.

wouldn't it be the father's sacrifice to the sky again, with boundless magic power?

"Zhantian, don't worry, Jun Wugui, but the white-clothed \*\*\*\* king, how can he fall so easily, and this child may grow up in the future, and may not be able to find his father to help him." An old woman on the side comforted.

"That's right, haha, I still have a baby grandson!" Jun Zhantian regained his smile.

Jun Xiaoyao blinked, and secretly wrote down his father's title.

The white \*\*\*\* king has no regrets.

From this name, his father seems to be quite tall...

"The news that Xiaoyao is the ancient sacrament of great desolation is spread out, I am afraid it will cause the immortal territory to shake, you know, there are many forces secretly trying to disadvantage my Jun family." A clan elder said with deep meaning.

"Do you mean to use means to cover up Xiaoyao's body fluctuations?" Jun Zhantiandao.

The other elders also nodded slightly.

The wood is beautiful in the forest, and the wind will destroy it.

Jun Xiaoyao is now the treasure of the Jun family, no mistakes can appear.

"My descendants, when did they learn to cover up? Can't a sacrament protect it?"

At this time, a cold snort suddenly exploded from the sky.

The entire Jun family was shocked, countless eyes cast to the top of the Heavenly Emperor Palace.

"That wave..."

"What a powerful breath, the old ancestor who was sleeping in the ancestral shrine, crawled out of the coffin!"

"Hiss...Are even the ancestors alarmed?" The sound of countless family members sucking in cold air came from all directions.

That is the ancestor-level figure of the Jun family, many of the Jun family have no chance to see their ancestors in their lives.

And when Jun Xiaoyao was born, he shocked his ancestors, shocked many people, and showed envy.

In the Palace of the Emperor of Heaven, Jun Zhantian and other clan elders heard this voice, also with a vibrating color, and hurried out of the Palace of the Emperor.

The void above the Heavenly Emperor Palace opened a huge space crack.

A slightly thin gray figure appeared.

It was an old man in a gray robe, with dust on his head and body, as if he had just crawled out of the ground.

But his shriveled body seems to contain the power of shaking the world!

Like the heavens and the world, they are all under his feet!

"I'm the Eighteen Ancestor, I have seen the Eighteen Ancestor!"

Jun Zhantian and others hurriedly bowed.

This gray-robed old man, but a real ancestor-level figure of the Jun family, has been buried in the Jun family's ancestral shrine for countless years.

Only when a great change occurs in the Jun family, or when it reaches the critical moment of life and death, will he wake up.

Jun Zhantian and others never thought that the birth of Jun Xiaoyao would attract the attention of the ancestors.

The eighteenth ancestor's figure flashed, as if flashing, appeared in front of Jun Zhantian and hugged Jun Xiaoyao.

His eyes are as deep as the sun and the moon, looking at Jun Xiaoyao.

Jun Xiaoyao blinked, not crying or making trouble, but with a hint of curiosity.

"Is this my ancestor of the Jun family, so powerful aura, stronger than that of grandpa." Jun Xiaoyao thought to himself.

The Eighteenth Ancestor couldn't help laughing and said, "Ok...well, there is another real dragon in my Jun family. You stupid things, you still want to hide the light of this child."

"Eighteenth ancestor, I'm afraid that someone will be unfavorable to my grandson in the future..." Jun Zhantian bit his head.

Although their elders have a high status, they can only be regarded as younger generations before the eighteenth ancestors.

"Hmph, I see who dares, if those old immortals dare to pull their faces down and face Xiaoyao's shots, the old man won't mind setting off an immortal war, killing him upside down, and bleeding millions of miles!"

The eighteen ancestors had an infinitely domineering attitude.

Jun Zhantian and the others all secretly swallowed.

Immortal war is a great battle between the ancient family, the supreme dynasty, and the immortal orthodoxy of the ancient royal family.

A battle can turn the fairyland upside down, and hundreds of millions of people bleed.

Desolate Heaven and Immortal Realm, it has been a long time since there has been an immortal war.

"The old man announced that in the future this child will be the son of my Jun family, and all cultivation resources are tilted towards him. Even if he piles up hard, he has to pile up a great Eucharist!" Eighteenth Ancestor ordered.

Jun Zhantian and the others nodded in agreement.

The ancient eucharist that is born to break the shackles, so fools will not cultivate.

"Furthermore, to give this child the qualification of the zero number..." the Eighteenth Patriarch continued. UU Reading [www.uukanshu.cOM](http://www.uukanshu.cOM)

"What?" The clansmen were shocked.

If it is just to bestow the identity of the son of God, that's fine, after all, it is just a status symbol.

But the sequence is different.

The Jun Family sequence is qualified to fight for the position of Patriarch.

There are tens of thousands of young people in the Jun family.

But only ten people have obtained serial status.

In other words, only these ten people are qualified to compete for the position of Patriarch.

These ten people, every one of them, can be amazing for an era, and they are the top ten arrogances of the Jun family.

And above the top ten sequences, there is a zero number sequence.

Zero means nothing and infinite possibilities!

Its status is still above the first sequence!

The zero number sequence of the previous generation is the father of Jun Xiaoyao, the white \*\*\*\* Wang Jun has no regrets!

"Eighteen Patriarch, this is a bit wrong, it will make other sequences feel dissatisfied..." an old woman tentatively said.

Every sequence has gone through countless tests before obtaining this identity.

Jun Xiaoyao was given the zero sequence when he was born. What did this make other sequences think?

"They are dissatisfied, let them fight on their own in the future, and the child will talk after the fight." The Eighteenth Ancestor said with his sleeve.

Listening to his tone, he is obviously extremely confident in Jun Xiaoyao.

Jun Xiaoyao heard the words and sighed silently.

Grandpa had high hopes for him, and the ancestors looked at him differently, as well as the secrets of his father and the hidden dangers of those monarchs.

I really can't be a salted fish.

"Invincible talent, invincible background, system assistance, with such a perfect start, if I can't suppress an era, then I can only say that I'm too good..." Jun Xiaoyao thought to himself.
