

Sacred Body 641

[Chapter 641: The 13 thieves came from a foreign land, the 1 of the 7 Emperors, Zhu Xian...](#)

"You actually perceive us a long time ago!" said one of the four thieves, the Shadow Demon Pirate coldly.

It was him before, monitoring the movements of Jun Xiaoyao in the ancient city of Shangqiu.

"Your self-righteous means of concealment, in the eyes of this **** son, is nothing more than a kid hiding and hiding." Jun Xiaoyao shook his head and smiled.

How powerful is the soul of Jun Xiaoyao.

His soul perception is naturally far beyond ordinary people.

As early as in the ancient city of Shangqiu, Jun Xiaoyao had already sensed the existence of Shadow Demon Thief.

It's just that in his eyes, Shadow Devil Thief is just a mouse in the gutter, not worth mentioning.

Therefore, it has been ignored.

Now, since the Four Great Thieves shot directly, Jun Xiaoyao can only solve them simply.

"Dare to take action against the young man and look for death!"

Queen Medusa, General Green Snake and others, directly shot.

"You are here, you can only display the strength of the saint level." One of the four thieves said indifferently.

Together with another thief, the Sky Witch Thief, he blocked Queen Medusa and others.

The Shadow Demon Thief and the Demon Pirate together kill Xiangjun Xiaoyao.

"Shadow Demon comes to the world!"

"Magic Owl clone!"

The two of them were also very determined, knowing that Jun Xiaoyao was not that easy to solve, so they directly sacrificed their strongest kuns.

The void was torn apart, and a terrifying shadow demon appeared from another dimension, in a semi-illusory form, filled with chaotic and tyrannical power.

Behind the demon owl thief, a dark big bird emerged, with a chaotic spirit.

"Huh?" Jun Xiaoyao keenly noticed that the source of the power of these thieves in front of him seemed to be incompatible with the Nine Heavens Immortal Domain.

It seems... not the same energy.

"Could it be..." Jun Xiaoyao thought of a certain possibility, a strange color appeared in his eyes.

He urged the supreme bones in his chest, the power of the vast sky surged out, the sky trembled, and an incomparably vast palm vaguely suppressed it like a mountain of five fingers.

The giant palm is covered with ancient lines, carrying an unparalleled power to strangle all living beings.

It is the hand of God!

boom!

With a click of God's hand, the Shadow Demon, along with the Dark Demon Owl, was directly smashed.

Both Shadow Demon Thief and Demon Xiao Thief retreated violently at the same time, vomiting blood from their mouths.

They looked at each other, and they all sacrificed many magic weapons.

"burst!"

Among these divine weapons, there are even supreme weapons.

This is the loot they found after robbing many Tianjiao.

Now he didn't feel distressed, and directly caused it to burst.

The supreme weapon exploded, how powerful it was, and the saint would be killed if he was not careful.

boom! boom! boom!

The whole temple was trembling.

If it were not for the suppression of a special field here, I am afraid that the entire Tai'e Temple would collapse directly in the explosion.

"Are you dead?" Shadow Demon Thief said with lingering fear.

Suddenly, in the smoke, a sword pointed.

Puff!

Blood splattered into the sky, and the eyebrows of the Shadow Demon Thief were directly penetrated, and the primordial spirit in it was shattered.

"Not good!" The magic owl thief felt a chill in his heart, as he retreated sharply.

Jun Xiaoyao's figure appeared, dust and dirt, intact, and his clothes had no wrinkles.

With Jun Xiaoyao's enchanting body, the supreme weapon exploded, and he would never want to hurt him.

Jun Xiaoyao came out, the law turned into a giant palm, and directly caught the demon owl thief.

But he didn't kill the demon lords in the first place.

On the other side, the Heartbreaking Thief and the Sky Witch Thief were also suppressed by Queen Medusa and General Green Snake.

"Master, what should these people do?" Queen Medusa asked.

Jun Xiaoyao faintly glanced at the three subdued thieves, and said: "You were eyeing this **** son from the beginning, what are your intentions?"

Mo Xiao Pi and the others snorted coldly, indifferent.

Jun Xiaoyao didn't care, and smiled lightly: "Could it be because of my ridiculous ancient sacrament and supreme bone, the leader of your thirteen thieves, the mysterious thief, who collected all kinds of blood and physique, what do you want to do? What purpose?"

The mobster snorted coldly: "Today we are planted in your hands, but you have to know that the four of us are only the weakest of the thirteen thieves."

"The other nine, each one is better than us, let alone the top thieves, they can deal with you."

"If our boss, Zhuxian Pirates, makes a move, even if your prince's son, you will be bitter and bloody!"

Jun Xiaoyao chuckled: "It's okay, when the time comes, this **** son will let you thirteen thieves neatly and go down to the Yellow Spring together."

"But before that, I have another thing of interest...Where did you come from!?"

When the voice fell, the expressions of the trio of Demon Pirates changed slightly.

"You...what do you mean by that?" A panic flashed in the eyes of the demon lord.

"Are you still pretending to be stupid at this time? If I'm right, you should be from a foreign land?"

"What, the thirteen thieves are from a foreign land?"

Yan Rumeng, Taiyin Yutu and others were all surprised by their beautiful eyes.

Alien Land has always been the opposite of Nine Heavens Immortal Land.

Several foreign invasions in history were wars that were enough to change ancient history.

Every war is broken, the world is shattered, and the era is turbulent.

But now, alien creatures have infiltrated the ancient road.

This is too unexpected.

After all, Foreign Land has been quiet for a long time, making the people of Immortal Land feel a little careless.

If this news goes out, it will definitely cause a great sensation.

"You..." The trio of Demon Pirates showed a little panic on their faces.

Before they robbed and assassinated any Tianjiao, it was a one-shot kill, and there was no chance to reveal their identity.

But now, they are caught by Jun Xiaoyao.

"What is your history, and what are the forces behind it?" Jun Xiaoyao asked indifferently.

"You should die of this heart, we don't know anything!" The Demon Pirate shouted sharply.

Jun Xiaoyao slapped him without saying a word.

Puff!

The demon thief was photographed in blood.

Both Tianwu Thief and Heart Destroying Thief were pale.

Jun Xiaoyao raised his hand again, killing the heart-destructive thieves.

The blood scum spilled on the thief of the sky witch, causing his mind to collapse.

A touch of coldness overflowed from the corner of Jun Xiaoyao's mouth, and once again he urged Chaos God Grind and rolled away.

The crushing and torment of such souls is not something ordinary people can withstand~www.mtnovel.com~ After being tortured, the thief finally revealed some secret news.

The Thirteen Thieves, lurking on the ancient road of Xianyu, one of their purposes is to probe the strength of the younger generation of Xianyu.

This shows that the foreign land that has been silent for many years seems to be ready to move.

Let this world of great controversy add another shadow of war.

In addition, another news made Dejun Xiaoyao's eyebrows slightly raised.

Because from the mouth of Tianwu Thief, their boss, the leader of the thirteen thieves, Zhu Xian Thief, uphold the fate of heaven, is destined to kill him.

"So that's it, I understand. It seems that the number one of the Seven Emperors of Nijun has already appeared." Jun Xiaoyao smiled.

[Chapter 642: Exotic organization, ancient road law enforcers come, what is...](#)

Since Jun Xiaoyao set foot on the ultimate ancient road, the time has not been short.

But he did not meet the Seven Emperors.

Naturally Jun Xiaoyao would not think that it was the will of Xianyu who was kind and wanted to forgive him.

It's just that the Seven Emperor Nijun, hidden in the dark, did not show up.

They will appear one by one on the ancient road afterwards, trying every means to give Jun Xiaoyao a fatal blow.

And now, the first of the Seven Emperor Nijun finally showed his feet.

"The trouble is not the enemy on the face, but the mouse hidden in the dark. Once you know your identity, it will be easy to handle." Jun Xiaoyao is confident and calm.

After he catches the Seven Emperors of Nijun one by one, he will torture him as he wants to.

In addition, the thief from the sky also revealed a piece of news that behind the thirteen thirteen thieves was a force called the Bi'an organization.

Jun Xiaoyao can be sure that there is no immortal force in the Nine Heavens Immortal Realm, called the Bi An organization.

In other words, this organization is likely to come from a foreign land.

What their purpose is, Tianwu Thief doesn't know.

Because he was the lowest ranked group among the Thirteen Thieves, and he had no access to any deeper intelligence.

If you want to explore more, unless you catch a higher-ranking thief.

or it could be.....

Directly suppress the number one Zhuxian Pirate!

"It seems that there is something to do next." Jun Xiaoyao thought.

Although the trail of the Thirteen Thieves is secret, there are also signs to follow.

Don't forget, there is Tiannvyuan beside Jun Xiaoyao.

The Goddess Square behind her is not only the Land of Wind and Moon, but also a well-known intelligence organization in Xianyu.

With their strength and perhaps the ability to find some clues about the Thirteen Thieves.

Thinking about this, Jun Xiaoyao killed the Tianwu Pirate casually, and then looked at Tiannvyuan.

Tiannv Yuan's beautiful body suddenly trembled, and her closed beautiful eyes finally opened.

A ray of wisdom flashed on his forehead, and a bright light flashed in his eyes.

Although Tiannvyuan's cultivation level has not improved significantly.

But Jun Xiaoyao could feel the qualitative change of Tiannv's kite.

The celestial kite before, was like an immortal who was accidentally banished to the world.

And now, this fairy has awakened.

"Where is she from, and who does the drop of blood from the jade pendant belong to?"

"Why does Concubine Mi say that she is a poor person?" Jun Xiaoyao still has a mystery in his heart.

As if sensing Jun Xiaoyao's attention, Tiannvyuan's eyes turned, her eyes filled with water.

She carried her hands and walked to Jun Xiaoyao, with a joyful expression in her expression, which was obviously quite rewarding.

She was close to Jun Xiaoyao, and the delicate jade face that could not pick out the slightest flaw was as delicate and shiny as white porcelain.

Those eyes, which were so pierced as jewels, fixed their eyes on Jun Xiaoyao, exhaling Ruolan and said, "Master Jun, thank you for the slave family."

After finishing speaking, it was like a sneak attack. Sakura lips pecked at Jun Xiaoyao's side like a dragonfly.

Jun Xiaoyao's complexion didn't fluctuate.

It is better to say that he is used to being harassed.

But he could feel that Tiannvyuan's words were sincere.

Instead of wearing a mask like before.

Seeing this scene, Yan Rumeng felt a little bit sour in his heart.

When Queen Medusa saw it, she also had an inexplicable uncomfortable feeling.

Seeing that Jun Xiaoyao didn't respond much, Tiannvyuan also whispered a word of ignorance.

Then she turned to smile and asked, "Isn't the gentleman curious, what inheritance has the slave family got?"

"That's your business, what does it have to do with me." Jun Xiaoyao didn't care.

Even if Tiannvyuan got the inheritance of Concubine Mi or Nuwa, in the eyes of Jun Xiaoyao, there is not much threat.

"Well, it's up here, let's leave first." Jun Xiaoyao said.

Everyone nodded slightly, this time it was considered to be complete.

As for the dead General Thunder Snake and Underworld Snake, only General Green Snake would sigh in his heart.

Everyone left the Tai'e Temple all the way.

When they came out, they discovered that the fog was actually thinner.

Perhaps in the future, Tai'e Temple can be restored to its original state.

Seeing Jun Xiaoyao, Queen Medusa and others walking out of Tai'e Temple.

All the snake-human tribes outside were relieved and cheered.

"Everyone, although General Thunder Snake and General Underworld Snake have fallen, our Snake Clan, under the leadership of the gentleman, will be more brilliant and prosperous!"

Queen Medusa began to brainwash.

She also told the story of Jun Xiaoyao's donation of essence and blood in Tai'e Temple to purify the ancient blood of the snake-human race.

The snake-human tribe, who had originally resisted surrendering to Jun Xiaoyao, had a 360-degree change after hearing this.

"Thank you, Lord Godzi, for the favor of my Snake People!" Some Snake People elders began to bow their hands.

Many snake-human tribes also followed.

However, there are still some snake-human races who reject foreign races, and some have difficulty talking.

But at this moment.

Above the ancient star of Tianming, a terrifying spatial vortex emerged.

A door to space emerges out of thin air.

"No, is it the law enforcer of the ancient road?" Queen Medusa's face changed.

She had removed the ban formation before, and the rest of the Human Race Tianjiao had also fled for their lives.

The movement of this star field must have alarmed the law enforcement officers of Gulu.

And the law enforcement, coming in the form of the gate of space, is also enough to show his anxiety and anger.

Before the person came out of the door of space, the sky shattered with a loud roar like thunder on the ground.

"Snake people, you really are brave, dare to hunt and test the ancient arrogance, today, you will completely destroy your clan!"

As the voice fell, a terrifying figure dressed in golden armor, like a punishment god, stepped out of the door of space.

As he stepped out, a vast and supreme aura overwhelmed the entire ancient star of Heaven.

The earth began to tremble, spreading traces of cracks.

All snake people tremble under this supreme might.

Even many snake-human tribes were directly crushed to the ground, their livers and gallbladders broken.

"Mother, I'm afraid!"

Bi Ling also slipped into Queen Medusa's arms, her body shivering.

"Huh, now I know I'm scared. When hunting the ancient road Tianjiao before, how could I be so bold?"

The ancient road law enforcement officers stepped down step by step, and thundered step by step!

Feeling this terrifying supreme might, she was the strongest Queen Medusa of the snake-human race, and she felt almost suffocated.

She couldn't help looking at Jun Xiaoyao for help.

The cold and domineering queen at this moment seems to have become a little woman looking for support.

Just when the atmosphere of the world is dead.

An indifferent voice suddenly came out.

"Gulu Law Enforcer, why is it so angry, it's just that some insignificant ants have died."

"Who dares to speak nonsense!"

Upon hearing this, the Gulu law enforcement officer frowned.

However, when he followed the voice and looked at the figure who was detached from the dust in white clothes.

His face condensed first, then his eyes stared slightly, revealing a look of surprise.

After investigating for a while, he took a breath and felt his bones numb.

He hurriedly suppressed all the supreme coercion, his figure flashed, and he came to this white figure.

Slightly arched his hands and smiled: "Look at my eyes, it turns out that the son of the Jun family is here~www.mtnovel.com~ It's offensive. I hope the son of God doesn't mind."

Seeing the Supreme Law Enforcer who wanted to destroy the entire ancient star at the last moment, he became an ordinary middle-aged man with a smile at this moment.

All the snake people are all sluggish.

Queen Medusa was also very surprised and lovely with bright red lips.

She remembered that Jun Xiaoyao had said before.

The ancient law enforcer who can destroy the snake-human tribe at will, in front of him, has to bow his head and bow his hands.

At this moment, it became a reality.

What is powerful?

This is powerful!

[Chapter 643: The golden legend, the fairy scriptures of good fortune, the mechanism of the transformation of the origin of the gods...](#)

Tianjiao who can truly be regarded as the super taboo of the ancient roads is the existence of a solid background.

Those talented talents but no background can only be called dark horses.

Tianjiao, who is as talented and enchanting as Jun Xiaoyao, and has an extremely strong background, even if he is an ancient law enforcer, he dare not offend him too much.

After all, in front of the Jun family, a supreme person really couldn't make too much waves.

not to mention.....

This ancient road law enforcer knew that at the end of the ancient road, there were still some old monsters from the Jun family.

And it's still a hidden vein.

As a result, the law enforcement officers of the ancient road dare not offend Jun Xiaoyao even more.

Of course, the law enforcers of the ancient roads are the supreme powerhouses after all, and they are not servile.

It's just that the attitude is very peaceful, and there is no way to put on the air of the supreme strong.

"No problem, you are just doing things impartially. Gulu needs your presence to maintain stability." Jun Xiaoyao smiled faintly.

Face is given to each other.

After all, the other party is a supreme powerhouse or a law enforcer, and Jun Xiaoyao will not rely on his background to be defiant, that is no brain.

Hearing this, the smile on the face of the Gulu law enforcement officer became stronger, and Jun Xiaoyao became more pleasing to the eye.

He glanced around and said, "God, the situation here..."

"It's nothing, it's just a little accident. Now the snake-human clan has returned to my Emperor's Court, and will not do any more actions to harm the ancient road Tianjiao." Jun Xiaoyao said.

"So that's the case, with the guarantee of the **** son, everything is easy to say." The ancient road law enforcement officer smiled.

Jun Xiaoyao's remarks meant that the Snake Race was already a force under his command.

The law enforcers of the ancient roads will not find themselves boring.

"Thank you." Jun Xiaoyao arched his hands.

"Where." The Gulu law enforcer had a smile in his eyes.

With this good relationship, you may be able to get a big return in the future.

And he didn't pay any price, it was just some insignificant Tianjiao who died.

Only later, when he heard that Jun Xiaoyao had killed both Mo Jinyu of Holy Spirit Island and Shenghong of Gulan Shengjiao.

The gaze of this ancient road law enforcer was even more amazed.

After that, the ancient law enforcement officer left with a smile.

Until the door of space above the starry sky completely disappeared, all the snake-human creatures were completely relieved.

They looked at Jun Xiaoyao's gaze and changed again.

Even the snake-human creatures who were not willing to surrender to Jun Xiaoyao before, at this moment, they are all surprised.

"Thank you, Master, if it weren't for you..." Queen Medusa stepped forward, her eyes filled with reverence and joy.

She did not choose the wrong person.

"The son is too powerful!" Bi Ling's eyes were also brilliant.

Girls all worship great heroes.

The current Jun Xiaoyao is undoubtedly the great savior to save the entire snake-human race.

The mother and daughter looked at Jun Xiaoyao with admiration.

"It's okay, you Snake Race, first continue to live in the ancient star of the sky, and after I finish the ancient road, I will arrange for someone to transfer you to the Emperor's Court of the Wild Heaven and Immortal Territory."

"During this period of time, with my name, no matter if it is an ancient road law enforcer or other Tianjiao, it will not take action against the snake people." Jun Xiaoyao said.

Queen Medusa and others were extremely grateful and grateful upon hearing this.

All snake-human tribes are also grateful to Jun Xiaoyao, and no longer have any resistance.

The matter of Tianming Ancient Star and Tai'e Temple was completely over.

After that, Queen Medusa distributed the ancient blood obtained from the blood pool of Tai'e Temple to all the snake people.

The blood of the snake people is very old.

It was only because of an unexpected change that the Snake Race was completely in decline.

Now the ancient blood can reactivate their bloodline.

In a short period of time, a large number of strong people will emerge from the snake-human race.

Queen Medusa directly gave the most luxurious palace to Jun Xiaoyao.

...

In the empty and luxurious hall, Jun Xiaoyao sat cross-legged, looking at the old box in front of him.

It was what he got from under the throne of Tai'e Temple.

Jun Xiaoyao is very curious about what treasures there will be.

"It's about mythical emperor and immortal, it shouldn't be too bad," Jun Xiaoyao muttered as he opened the box.

Suddenly, the golden glow overflowed, and there were waves of fairy sounds.

"Golden Legend?" Jun Xiaoyao narrowed his eyes slightly and glanced at it.

There are several things in it.

The first thing Jun Xiaoyao saw was a golden gold leaf scroll book with celestial sounds.

Every word in it is like a big star rotating, expounding the heaven and the earth, the mystery of the universe.

"It's... Immortal Sutra!"

Although Jun Xiaoyao had already anticipated it in his heart, it was inevitable that Jun Xiaoyao was delighted when he saw the fairy scriptures.

The Jun family must also have a fairy scripture, which has not been handed to Jun Xiaoyao before, because it is afraid that it will be promoted.

After all, Jun Xiaoyao is still too young.

Even some incomplete celestial scriptures are enough to make some supreme powerful people comprehend countless years.

But now, Jun Xiaoyao himself had directly obtained a precious scroll of immortal scriptures.

The most important thing is that this is the full version of the Celestial Sutra, not the incomplete Celestial Sutra with only a few pages left!

After a cursory inspection, there was a bright light in Jun Xiaoyao's eyes.

"The Good Fortune Fairy Classic, is it really related to the rumored goddess of creation, Nuwa?" Jun Xiaoyao pondered.

Concubine Mi should be of Nuwa's blood, and she is also of the mythical emperor level.

If that Nu Wa exists, I am afraid it is not just the Mythical Emperor.

It is possible that it is the legendary red fairy!

"Good luck immortal scripture, master the way of good luck, shape the world, derive the four poles, and even the most extreme cultivation, enough to create living beings!" Jun Xiaoyao's eyes are bright.

This doesn't just mean that Jun Xiaoyao has the opportunity to break the number of nine and cultivate the tenth path of good fortune.

It also means that the origin of the dantian **** in his body has a chance to change.

Because in Jun Xiaoyao's vision, the origin of God in his body is like a singularity of the universe, just a beginning.

In the future, Jun Xiaoyao will derive his own world and his own way based on the origin of God.

And the way of good fortune is undoubtedly a great help to Jun Xiaoyao's derived world.

"This good fortune immortal scripture came too in time. If I completely control the way of good fortune, the origin of the gods in my body will change dramatically."

"In the future, a world will be derived, in which gods and demons will be raised in captivity, or hundreds of millions of creatures will be created~www.mtlnovel.com~ to gather the power of faith and create an immortal kingdom of God."

In Jun Xiaoyao's mind, there were thousands of thoughts in an instant.

It can be said that the value of this good fortune celestial scripture to Jun Xiaoyao is more than just a scroll of celestial scripture.

It is also an important means to derive the original road.

Its importance is not weaker than that of the Three Immortals.

Next, Jun Xiaoyao looked at the second thing in the old box.

It was an ancient artifact that looked like a jade dish, which looked very old.

"this is....."

Jun Xiaoyao took a closer look and found that there were actually two extremely ancient characters on the jade disc.

[Chapter 644: Good luck jade disc, the celestial kite wants to leave, dancing under the stars](#)

"good fortune....."

Jun Xiaoyao murmured.

A treasure shaped like a jade plate with the word "good luck" engraved on it.

This had to remind him of a treasure, a jade disc.

On this jade plate, in addition to engraving the word "good luck", there are also many mountains, rivers, seas, sun, moon and stars, plants, trees, insects and fish.

It seems that thousands of sentient beings are engraving on it, working for good fortune, and there are dim qi flowing.

Obviously, this is a treasure, which is extremely helpful for comprehending the good fortune fairy sutra.

"On this jade dish of good fortune, there is a flow of immortals, could it be an immortal tool, but it also has a feeling of incompleteness." Jun Xiaoyao picked up the jade dish of good fortune, thinking in his heart.

Immortal weapons are the existence above the emperor soldiers, there are not many pieces in the past.

If the imperial soldiers can suppress the luck of an immortal force.

Then the fairy weapon is enough to suppress the luck of a fairyland or even a world.

Although Jun Xiaoyao didn't think he had bad luck, he didn't think he could pick up a fairy artifact.

And if this was really an immortal weapon, Concubine Mi would have used it to suppress the darkness, and would not stay here.

"Could this jade dish of good fortune be immortal artifacts, or is it just a part of a certain fairy artifact." Jun Xiaoyao thought.

Although Jun Xiaoyao doesn't know the details of this jade dish for the time being, but it's use, Jun Xiaoyao has a clear understanding in his heart.

Obviously, compared to using good luck jade discs as a weapon of attack.

Its greater role is to assist in comprehending the celestial scriptures of good fortune, and to be used as a cornerstone of a world derived.

If in the future, Jun Xiaoyao expands the origin of God in his body.

He can put the jade disc of good fortune into his world, stabilize the expansion of the world, and become the strongest cornerstone.

"Good luck immortal scripture, good luck jade disc, complement each other, not only can help me break through the limit and cultivate the tenth immortal energy, but also allow me to control the world's good fortune and expand the origin of the gods in my body."

Jun Xiaoyao was a little excited.

Although this is not a realm improvement, it is more important to Jun Xiaoyao than a mere realm.

Now he can kill the half-step Great Sage.

If you let Jun Xiaoyao develop the tenth path of immortality, the origin of the gods in the body will expand and the world will be derived.

Maybe even the real Great Sage can kill him!

Depressing the joy in his heart, Jun Xiaoyao continued to look at the last thing in the box.

It is also a volume of scripture, but it is not a fairy scripture.

Engraved on it is a scene of a **** patching the sky with a human head and a snake body.

"It is a practice suitable for the snake-human tribe. It seems that Concubine Mi has also left a path for the snake-human tribe to rise again."

Jun Xiaoyao doesn't need this volume of exercises.

"Medusa." Jun Xiaoyao said casually.

"the host!"

Outside the hall, Queen Medusa twirled the waist of the water snake, happily.

Who would have thought that this femme fatale with a fierce name and a fancy name was really like a maid at this moment, standing at the gate of the temple, listening to Jun Xiaoyao's instructions.

Looking at Jun Xiaoyao, Queen Medusa's glamorous and unparalleled face also showed a rare cramped look.

"Master won't really want me to..." Queen Medusa was a little nervous.

Her previous energy has always been on revitalizing the snake race.

There is no mind at all to think about men and women.

And she also created a daughter by using the blood element to create life.

This way there is no need to consider your partner.

So until now, the only person who has been close to her body is Jun Xiaoyao.

She was very worried, what if Jun Xiaoyao really wanted her to be a bed warmer.

Jun Xiaoyao didn't notice the anxiety in Queen Medusa's eyes, and directly handed her the exercises.

"This volume of exercises can be practiced by you snake-human tribe, with ancient blood, the snake-human tribe will rise rapidly in a short time." Jun Xiaoyao said.

Queen Medusa was taken aback for a moment. After receiving the exercises, her beautiful eyes suddenly burst into light.

This exercise is extremely suitable for the snake people.

"Thank you, Master!" Queen Medusa bowed to Jun Xiaoyao.

She was really grateful to Jun Xiaoyao.

Jun Xiaoyao purifies the ancient blood for the Snake People and helps the Snake People avoid the scourge of the law enforcement officers on the ancient road. Now he has given the Snake People this class of techniques.

Jun Xiaoyao's kindness to the Snake Race is beyond repaying forever.

"My snake-human race will always be loyal to the master forever. If there is any violation, the sky will thunder and the whole family will be wiped out!" Queen Medusa swore a poisonous oath.

This also represents her determination.

Jun Xiaoyao nodded in satisfaction, and there was no need to doubt the loyalty of the snake people.

"Very well, you go." Jun Xiaoyao waved his hand.

However, Queen Medusa remained motionless, maintaining a posture of bowing.

Because of the angle, the waves on Queen Medusa's chest are extremely white, and the arc is too exaggerated.

"You are..." Jun Xiaoyao said.

Queen Medusa's face was slightly dizzy, and said: "Before the master said that she wants... to..."

"Want you to warm the bed?" Jun Xiaoyao said calmly.

Queen Medusa was a little shy, bowing her head without saying a word.

"It's just a joke, you go." Jun Xiaoyao waved his hand.

He wasn't Xu Xian, he didn't like Sun Snake.

Although Queen Medusa's body is indeed dripping.

There was a flash of loss in the eyes of Queen Medusa, but she could only nod her head slightly and retreated.

Next, Jun Xiaoyao prepared to temporarily stay in the ancient star of Tianming, to comprehend the good luck immortal sutra.

Good luck immortal energy, he must be cultivated.

It would be even better if it could expand the origin of the gods in the body.

Just when Jun Xiaoyao was preparing to practice in retreat, Taiyin Yutu came.

"My son, Tiannv Yuan is looking for you."

"Oh?" Jun Xiaoyao showed an accident.

He got up and went to find Tiannvyuan.

Jun Xiaoyao came to a cliff where the stars could be seen.

A young girl in a light moon white tulle skirt stood on the top of the mountain facing the wind.

The wind was blowing, blowing her head full of blue silk.

She seemed to be aware of Jun Xiaoyao's footsteps, and the girl smiled back.

I have to say that the girl is beautiful at the moment.

Let Jun Xiaoyao think of a poem.

He could not help muttering.

"There are beautiful women in the north, peerless and independent."

"One look at Qingrencheng, and then Qingren country."

When the words fell, Tiannv Yuan was startled slightly, and then she smiled with a delicate face and a touch of crimson.

"Is the son of this poem praised the Nujia, but it makes people proud."

"What's the matter with me?" Jun Xiaoyao said.

"The slave family wants to return to Shennvfang and get the position of successor." Tiannv Yuan said.

"That's a good thing, congratulations." Jun Xiaoyao said.

Tiannvyuan now has no rivals anymore, and it is only natural for her to get the position of successor of Goddess Square.

And this is also good for Jun Xiaoyao.

After that, he can also use the power of Tiannvyuan and Shennvfang to investigate the news about the thirteen thieves.

As everyone knows, the Tiannv Yuan who heard this has drooped her brows and her face is not happy.

"In that case, it's a good thing to leave the son's side?"

The young girl had a hint of resentment and anger, and she didn't know how touching it was.

Jun Xiaoyao said nothing.

When Tiannv Yuan saw this, an insignificant sadness flashed under her eyes, and then a smile appeared.

"When the slave family is about to leave, doesn't the son have a bit of regret?"

"No." Jun Xiaoyao said simply and neatly.

"Really unfeeling." Tiannv Yuan Jiao groaned.

Then ~www.mtnovel.com~ She stared at Jun Xiaoyao with her eyes fixedly, and her tone was suddenly as gentle as a waterway: "My son, before leaving, the Nujia will do a dance for you again."

After all, without waiting for Jun Xiaoyao's answer, Tian Nv Yuan stretched her soft limbs and began to dance under the stars.

Pina is astonishing, like a dragon.

It seems that the moon is covered by light clouds, and the snow is swayed like a flowing wind.

The beauty is unbelievable, the world is superb.

Jun Xiaoyao suddenly felt that Tiannvyuan seemed to say something to him, but couldn't say it.

Finally, I can only respond with a dance.

"Tiannvyuan, what are you hiding?" Jun Xiaoyao secretly asked.

[Chapter 645: The secret of the celestial kite, the storm is surging, the supreme fairy garden 4 small...](#)

Under the starry sky, the stars are scattered.

The girl danced on the top of the mountain, her skirt fluttering and her body was soft.

A pair of white silk stockings, slender and crystal beautiful legs, draw a graceful arc.

The celestial lady is like a beautiful elf, dancing under the stars.

This dance is enough to overwhelm the world.

Jun Xiaoyao, who was accustomed to seeing the goddess and fairy, was also lost for a moment, but he soon recovered.

He is not an ascetic monk, Tiannv yuan is willing to show it to him, and he is willing to watch it.

Jun Xiaoyao was also aware of it, although it was also Luoshen Shocking Dance.

But this time the celestial kite jumped up, which was obviously different from before, with great brilliance.

Many runes manifested in the void, a little bit colorful.

To set off the heavenly female kite, it really resembles the Luoshen mi concubine out of the water.

"It seems it should be because she got the inheritance of Concubine Mi." Jun Xiaoyao thought secretly.

After a dance, there is a rain of flowers in the sky, which is the manifestation of the resonance of the avenue.

"My son, do you look good?" Tiannv Yuan tilted her head slightly and smiled beautifully.

"Yes." Jun Xiaoyao said truthfully.

Hearing this, Tiannv yuan felt as sweet as she had eaten honey.

Jun Xiaoyao stared at Tiannv yuan and suddenly said, "Who are you?"

The smile on Tiannv yuan's face slowly faded.

Her beautiful eyes were clear and calm, and suddenly she smiled again, and said, "I am a fish. Every time I try to jump out of the water and become the Luoshen who emerges from the water, I am in charge of my own destiny."

"But in the end I discovered that I was always the fish that couldn't jump out of the river, and I could only swim in the fateful river..."

After speaking, Tiannv Yuan seemed to laugh at herself and said, "Look at the Nujia, what nonsense are you talking about."

She looked at Jun Xiaoyao with beautiful eyes, and suddenly approached Jun Xiaoyao, and put a jade pendant in his hand.

"If the gentleman wants to be a slave, just crush this jade pendant, and the slave will desperately come back to you."

She looked at Jun Xiaoyao as if she wanted to portray his appearance in her heart.

Subsequently, Tiannvyuan turned and wanted to leave.

"Wait..." Jun Xiaoyao said.

Tiannv Yuan's body was stunned and trembling slightly, she looked back, with a faint throbbing in her eyes.

"After that, I need your help and use the power of Goddess Square to detect the news of the Thirteen Thieves." Jun Xiaoyao said.

Tian Nv Yuan's eyes were dark, and the corners of her mouth showed a subtle bitterness, and then smiled and said: "The slave family understands, the master's order, the slave family will definitely do it."

Although I know that even now, Jun Xiaoyao has only a cooperative relationship with her.

Tiannvyuan also has no complaints or regrets, and no complaints against the king.

Because she also used Jun Xiaoyao.

just.....

Tiannvyuan hopes so much in her heart that she and Jun Xiaoyao are not just using each other.

Looking at the back of Tiannvyuan leaving, Jun Xiaoyao was thinking.

"A fish that can't swim out of the river of fate, Tiannvyuan, who is the one in charge of your fate?" Jun Xiaoyao murmured.

...

Beyond the ancient stars, in the starry sky.

The celestial kite stands alone on the starry sky.

She picked up a piece of jade slip in her jade hand, and the jade slip flickered slightly, and there was a voice of a cold female voice in it.

"It looks like you have inherited it."

"Yes, I already got it, Emperor Wa Tian Xin Yue." Tian Nu Yuan's face became indifferent and expressionless.

"Very well, the Eucharist of Emperor Wa in this palace can finally completely transform."

"At that time, the entire ultimate ancient road, who can fight against this palace, but the number of five fingers..."

This heavenly female voice, although she is a woman, has a world-famous spirit that does not lose to a man.

Like the supreme empress who is in charge of the universe.

Listening to the woman's words, Tiannv Yuan's expression remained expressionless.

"But that Jun Xiaoyao is indeed far beyond our palace's expectations."

"Not only can it kill the half-step Great Sage, but it can even block the three moves of the Holy Master. It seems that you should be more cautious. It really should be." The woman's words also carried a touch of solemnity.

"You can't deal with him, not only you, even if you add Gu Dizi, or other people, it is impossible." Tiannvyuan said indifferently.

The female voice in the jade slip was silent for a moment, and said: "Yuan, you know, you can't be tempted, because...you are a mussel in this palace..."

Tiannv Yuan squeezed her jade hand and said coldly: "I have already obtained the Wa Huang Tian Xin Jue for you, what about the freedom I want?"

"When you become the successor of Goddess Square, come back, I still need you."

"In addition, the patience of the ancient emperor is also limited..."

Hearing this, Tian Nv Yuan's body trembled violently, and a pale white appeared on her beautiful and elf-like face.

"No... impossible..." Tiannvyuan's lips were pale as paper.

"Nothing is impossible. By the way, the ancient emperor has already dispatched the four heavenly kings."

"Next, there will be another scene to watch."

After saying this, the female voice fell silent.

Tiannv Yuan was sitting weakly on the ground, her face covered with her jade hand.

"The gentleman..."

She dances peerlessly, but she can only dance in a sad fate.

...

On the side of Tianming Guxing, Jun Xiaoyao sank into cultivation.

For ordinary people, even if they get it, they want to comprehend, it is not a matter of a moment.

But Jun Xiaoyao's comprehension of the evil spirits is extremely extreme, and for him to comprehend the immortal scriptures, it will only take a little longer than cultivating the Great Supernatural Power Supreme Law.

In addition, Yan Rumeng also began to refine ancient blood.

It is conceivable that if the bloodline of her Tianmeng Midie is completely awakened, her talent strength will also skyrocket.

Snake people also began to develop steadily, and the blood of the whole family began to change.

The situation settled down temporarily.

However, news about Jun Xiaoyao began to circulate throughout the ancient road.

Kill the half-step great saint and block the saint master with three moves.

Even for Taboo Tianjiao, this is extremely incredible.

There are also the Holy Guru Saint Hongyi, Mo Jinyu of the Holy Spirit Island, and four of the thirteen robbers of the ancient road all fell into the hands of Jun Xiaoyao.

These news are equally shocking.

What was different from what was expected was that the Holy Spirit Island and the Holy Quran Church did not express any opinions and remained silent.

Although immortal forces, it is difficult to intervene in the fight for the ancient road.

But it is conceivable that Ruojun Xiaoyao is a dark horse with no background.

Maybe in a few days, there will be news that Jun Xiaoyao was assassinated somewhere.

It can only be said that the three immortal forces of the Jun Family, the Jiang Family, and the Emperor's Court are extremely shocking.

Of course, the whole ancient road, except for the news of Jun Xiaoyao.

There are other news of super taboo Tianjiao.

For example, the Silkworm Valley of the Primordial Royal Family has produced a rare silkworm with nine changes in the world.

This kind of divine silkworm, known as the nine changes, is invincible in the world.

There is also the Sun God Mountain, the tenth prince of the Golden Crow, who claims to be invincible, obtained a quasi-imperial weapon in a secret place.

There are rumors ~www.mtlnovel.com~ His next goal is to capture the saint of the Moon God Palace, Yu Chanjuan, seize her Lunar Eucharist, and train into the acquired Chaos Body.

In addition, the Supreme Immortal Court, the ancient emperor son of the Fuxi Immortal Order, bears the legendary Supreme Fuxi Eucharist, and has digested the inheritance of an ancient great emperor.

There is also the Supreme Immortal Court, the emperor with the unified line of the emperor Wa, also unfathomable, claiming to be one of the strongest existences of the younger generation on the ancient road.

Not to mention them, they are the four little heavenly kings of Xian Ting. They are all top existences in the taboo. Each of them can sweep an ancient road and create a terrifying record of killing the taboo Tianjiao.

Someone saw that the four heavenly kings of Xian Ting had set off together, as if they were going to complete a certain task.

This has shocked many Tianjiao. Who is it that can let the four taboo young kings of the Supreme Immortal Court act together?

[Chapter 646: Riot Xinghai, Sun God Mountain Jinwu Tianwei, Saint Yuchan...](#)

Jun Xiaoyao's temporary retreat did not silence the entire ultimate ancient road.

Instead, the kings rise together, and the stars are shining.

The invincible overlord in the line of the heavenly tyrant body, the mysterious descendant of the human immortal sect, the holy **** of the Gulan, Qin Wudao, the **** of the Qin family, and the evil star of the killer gods.

Every super taboo Tianjiao bears glory and legend, and attracts the attention of all quarters.

Everyone is very curious, who can finally reach the end of the ancient road.

Of course, besides these arrogances, the people who belonged to Jun Xiaoyao also made a name for themselves.

Jiang Shengyi, Jiang Luoli and others are already goddess-level figures who are famous in the ancient road. Their looks and strength are comparable to each other, and they have been revered and admired by countless people.

There are also sequences such as Lord Grim and Lord Lingcang.

If there is no Jun Xiaoyao, the most outstanding young people in the contemporary Jun family will definitely be them.

Because each generation of the Jun family sequence is extremely brilliant, and it is the peak trend of that era.

However, in this era, there is an anomaly, that is Jun Xiaoyao.

His excellence and enchantment surpassed all the tianjiao sequences of the previous Jun family.

Even if it is as strong as Lord Grim and Jun Lingcang, in the past, as long as one appeared, it was enough to suppress the Jun family's luck for thousands of years.

But even these evildoers looked a little bleak in front of Jun Xiaoyao's glory.

In addition, several followers of Jun Xiaoyao, Yiyu, Yan Qingying, Wang Chuan and others, also made their own way.

Time goes by, and one year is in the blink of an eye.

This year, Jun Xiaoyao has been retreating in Tianming Guxing.

Although this transformation was not a transformation in realm, it was also extremely important to Jun Xiaoyao.

It's about the tenth fairy qi and his Tao.

If it succeeds, although Jun Xiaoyao's realm will not improve, his strength will definitely skyrocket.

And during the period of time he concentrated on cultivating, there were already many Tianjiao from the Wild Heaven and Immortal Realm, who surpassed him and went to the front.

Jun Xiaoyao is not in a hurry. For him, it is more important to improve his strength than to rush through the ancient road.

Just when Jun Xiaoyao concentrated on retreat.

The ultimate ancient road, the fiftieth level.

Compared with the one hundred and eight levels of the ultimate ancient road.

Fifty levels have passed half a hundred, and it can be regarded as a watershed-like existence.

Tianjiao who can walk here is a dragon and a phoenix among people.

The Fifty Passes on the Ancient Road are also a very special place.

This level is not just an ancient star of life, but a vast sea of stars.

Riot Xinghai!

This is Gulu Tianjiao, the name given to this sea of stars.

As the name suggests, this sea of stars is full of dangers and chaos, and the three religions and nine generations gather.

But at the same time, it is also a halfway point of the ultimate ancient road, where all the ghosts and snakes are hidden.

Therefore, Riot Xinghai is also the most suitable hiding place.

In the Riot Sea, in an asteroid belt.

There is an extremely magnificent giant city located in it.

The city is extremely barren and wild, exuding ancient meaning, the stars are scattered and the moon is hanging, it looks majestic and magnificent.

This is a well-known city in the riot star sea, surrounded by ancient incomplete array patterns, so it is extremely safe.

Even the Star Swallowing Ancient Beast couldn't swallow this city into its belly.

At this moment, in the city, a lively auction is being held on a bustling tall building.

Riot Xinghai serves as a resting place halfway through the ultimate ancient road.

Naturally, there are also some arrogant talents who will auction off the treasures they don't use, or exchange them for other treasures.

On the high platform, the elder who presided over the auction clapped his hands and said: "The next auction will be a group of female slaves, all of whom are high-quality goods."

After all, a group of women with chains on their hands and feet stood up. They were fat and thin, with different styles and races.

It's just that there is a touch of sadness on their faces.

Among them, there was a woman in an inconspicuous gray robe, with an ordinary appearance and pale, as if she had suffered some injury.

There were no bright spots all over her body, and her figure was hidden by the gray robe, and she looked unremarkable.

"I want this."

"I want it!"

Soon, some of the beautiful female slaves on the stage were photographed away.

Only a few people, including the gray-robed woman, were left, and no one wanted it.

"Hey..." Seeing this, the old man presiding over the auction also sighed slightly.

These female slaves didn't even have the value of being auctioned off, and they had to feed them for nothing.

"After that, drive them away and let them die." The old man thought to himself.

"Okay, go down." The old man waved his hand.

At this moment, an indifferent voice sounded.

"That woman, I want it."

Among the crowd, four men in black robes walked out.

The eyes were all locked on the gray-robed woman.

"This..." The old man was also a little surprised.

The gray-robed woman was picked up by someone from their chamber of commerce a few months ago, and she was also injured at that time.

However, because of her average appearance, no one had treated her anyway, just thinking about putting her up for auction.

But it is impossible for anyone to see her.

Unexpectedly, this time, someone took a fancy.

And the next moment, the four black-robed men suddenly took off their robes.

Suddenly, the bright golden light, like the sun, radiated all around, brightening the eyes of everyone around.

All four of them were dressed in bright golden armors, with golden wings behind them, and flames surrounded.

"They are... the Golden Crow Tianwei of the Sun God Mountain!" Some well-informed Tianjiao couldn't help exclaiming.

One of the Golden Crow Heaven Guards looked at the gray-robed woman with a change of expression and sneered: "Unexpectedly, the dignified Xuantian Immortal Territory, the saint of the Moon God Palace, is hiding in the Riot Sea of Stars and disguised as a slave girl. It's really unexpected."

His words suffocated all Tianjiao in the audience.

The old man at the auction was even more dumbfounded, stunned.

call out!

The woman in the gray robe suddenly turned around, her gray robe faded away, her face also flashed with runes, and a piece of skin was removed.

Suddenly ~www.mtnovel.com~ a stunning, beautiful and stunning face appeared in front of everyone.

In front of the woman, her eyebrows are curving, her eyes are full of poems, her nose is tall, her red lips are moist.

Her skin is like fat, icy muscles and bones, like a piece of natural jade.

What is eye-catching is not only the woman's appearance, but also her figure.

The gray robe before, concealing the woman's figure, was revealed at this moment.

The blue dress outlines a proud curve.

The two peaks are full, but the waist is slender and round, and the grip is not full.

Further down, the buttocks have a thrilling arc.

This caused all the male animals present to swallow without realizing it, making their mouths dry.

Obviously it is a face that is as pure and beautiful as a moon palace fairy, but has such a coveted pear-shaped figure.

The lean place is lean, and the meaty place has meat.

This kind of beautiful face, with a seductive devil figure, is simply attractive.

And hearing the words of the Golden Crow Tianwei, the eyes of all the men were even more intense.

"She turned out to be the saint Yu Chanjuan from the Moon God Palace, who has the world's first cauldron physique!?"

[Chapter 647: The twin sons of the Gulan sacred religion, taking advantage of the danger, take revenge on Shura...](#)

Lunar Eucharist, ranked in the top fifty among three thousand physiques.

Not only is he talented peerless, but also able to absorb the power of Tai Yin.

More importantly, this physique has a huge bonus to double cultivation.

With the double cultivation of the Lunar Eucharist, the cultivation base is absolutely rapid, and there is no kidney deficiency.

Because it will be back fed by the essence of the lunar yin.

What makes men crazy is that women with this physique are different from other women in certain parts, which are rare in the world.

Of course, the Lunar Eucharist is also very rare. There may not be one or two in a fairyland, which is a treasure that men dream of.

At this moment, no one could have imagined that the Saintess of the Moon God Palace would pretend to be an ordinary female slave.

"Go together, we must catch her this time and dedicate it to the ten princes!"

The four Golden Crow Heaven Guards, Qi Qi shot, broke out the strength of the saint later.

The Golden Crow Tianwei is an extremely elite unit in the Sun God Mountain, with a small number of troops, but each one has been tempered with great strength.

It is also rare for the four Golden Crow Heavenly Guards to come out and capture a young Tianjiao.

It can only be said that Yu Chanjuan is something that must be obtained for the ten princes of the Golden Crow.

"Mountain of the Sun, you are pushing too hard!"

Yu Chanjuan's pretty face is full of evil, and she is also urging her own power body to explode the strength of the late Saint Stage.

The jade palm flicked out, as if a full moon appeared, with the brilliance of the moon, and the strong power of the lunar yin.

The four Golden Crow Heaven Guards, at the same time, attacked, like four rounds of blazing sun swept out.

boom!

The entire venue was blown up by air waves, and many Tianjiao were shaken back.

"Cough..." Yu Chanjuan snorted, Jiao Chu backed away.

She has been hunted down, her injuries have accumulated and she has not yet recovered. It is impossible to kill the four Golden Crow Heaven Guards.

Looking at Yu Chanjuan who fled away, the four Golden Crow Heaven Guards fluttered together and turned into four golden streamers, chasing after her.

Seeing Yu Chanjuan and Jinwu Tianwei leaving instantly, leaving the auction house dumbfounded.

"How could it be possible that she turned out to be a saint of the Moon God Palace, carrying the Lunar Eucharist." The old man presiding over the auction was dumbfounded.

He looked at Yu Chanjuan's back, feeling like a golden mountain was moving away.

Do not.....

The Lunar Eucharist is a priceless treasure for men and cannot be measured by money.

Many talented arrogants present also thumped their chests and their feet, and regretted them.

"I would have photographed her if I knew it!"

"Yes, even if you can't really kiss Fangze, at least it can be said that Lunar Eucharist was once my slave girl."

"The world's first cauldron, the existence that all men dream of, slipped away before my eyes."

The old pornographic critics present all regretted their intestines.

A stream of light quickly escaped from the city and swept into the starry sky.

In the rear, four golden streamers are in hot pursuit.

"Yu Chanjuan, the Moon God Palace behind you is almost destroyed. You have escaped through the first day of the first year, but not the fifteenth. It is better to submit to the tenth prince." A Golden Crow Tianwei shouted.

"That is, what's wrong with the ten princes, and they are still carrying the sun sacrament, and it is a perfect match for you. If you and the ten princes double cultivation, you may also get some of the power of the chaotic body." another Golden Crow Tianwei shouted.

"Even if Chanjuan committed suicide, even if she fed the dog, she would never let the ten princes succeed!" Yu Chanjuan's eyes showed deep hatred.

She understands how attractive her physique is to men.

But she never expected that her physique would cause disaster for the entire Moon God Palace.

The thought of her master, who chose to blow himself up for the sake of her death, filled her heart with deep self-blame and hatred.

All tragedies originate from the ten princes of the Golden Crow!

A talented, lawless, domineering existence in the Xuantian Immortal Realm!

"Humph, really stubborn, if that's the case, I can only force you back." The four Golden Crow Tianwei snorted coldly.

In their opinion, it should be an extremely glorious thing to be honored by the ten princes.

call out!

One of the Golden Crow Heavenly Guards sacrificed an ancient artifact, which was a giant golden net woven from golden silk, swaying out to seal the heavens and the earth.

Upon seeing this, Yu Chanjuan changed her color.

At this moment, a palm print suddenly struck in the distance, shaking the giant golden net away.

"Who is it?" Golden Crow Tianwei shouted coldly, with cold electricity in his eyes.

In the distance, two transcendent figures, filled with mysterious aura, stepped into the air.

"Oh, I'm really lucky. I didn't expect to meet the stunner that the ten princes dreamed of."

These two people were two young princes, one in black and the other in white.

The breath exuding from them made the four Golden Crow Heaven Guards look solemn.

There is no doubt that these are two taboo gods!

There was a touch of joy in Yu Chan Juan's eyes.

Things seem to have turned around!

"Who are you?" A Golden Crow Tianwei said solemnly.

"Haha, Gulan Shengjiao, Shengyuyi, Shengzhouyi, have you never heard of the names?" Shengzhou smiled lightly.

"What, it turned out to be the two saints of the eight sects of the Gulan Shengjiao!" The four Golden Crow Tianwei's expressions changed.

There are eight sects of sacred religions, with a total of eight saints, arranged in the heaven and earth, and the universe.

Shenghuangyi, the holy godson of the Holy Sect of the Huangtian Immortal Realm, has fallen.

Sheng Hongyi was also killed by Jun Xiaoyao outside Tai'e Temple.

There are still six sons of the Gulan Shengjiao.

This Shengyuyi and Shengzhouyi, although not as good as the first Shengtianyi of the eight sect sons of the ancient sacred religion, are also proper taboos.

"Two, this woman is the person that the tenth prince of the Golden Crow of our clan wants. I hope that the two saints will not interfere." A Golden Crow Tianwei arched his hands in a deep voice.

If others dared to intervene, they would have killed it long ago.

But the Gulan Sacred Religion is too deep.

These two saints are not what the four of them can handle.

"Haha..." Sheng Yuyi didn't care about these four Golden Crow Heaven Guards.

The Sun Sacred Mountain is strong, but the Gulan Church is not vegetarian.

The ten princes of Jinwu, unite, although Megatron Gulu.

But their eight sons are not weak in prestige.

So they don't need to care about the threat of the Golden Crow Sky Guard.

"Chanjuan, thank you two sons for taking the shot." Yu Chanjuan said.

"Don't rush to thank you, Yu Chanjuan, you can also ask Ben Shengzi to save you, but... there is no free lunch in the world, right?"

As soon as Shengyu said, he glanced up and down at Yu Chanjuan's proud and protruding body.

Su Feng is tall, Xiaoman's waist is full and his buttocks are straight.

This figure is no one.

"It is worthy of the rumored Taiyin Eucharist, the world's first cauldron physique." On the side, there was also a hidden heat flashing in the eyes of the holy universe.

Perceiving the gazes of the two saints, Yu Chanjuan felt a chill in her heart.

Sure enough, men are all raccoon dogs.

"We need the Lunar Eucharist to cultivate and break through the realm, as long as you are willing, we will save you, how about it?" Shengyu smiled.

"Two, is this something wrong?" Jin Wu Tianwei's eyes sank.

Yu Chanjuan was the woman whom the tenth prince of the Golden Crow wanted.

These two holy sons are tantamount to grabbing food from a tiger's mouth.

"What do you say?" Shengyu ignored Jinwu Tianwei and said to Yu Chanjuan.

Yu Chanjuan's eyes are as cold as frost.

These two holy sons, taking advantage of the danger ~www.mtlnovel.com~ forced her to give up her life, how is it different from the tenth prince of the Golden Crow?

"No need." Yu Chanjuan said indifferently.

The smiles on the faces of the two saints faded slowly.

At this time, the four Golden Crow Tianweis saw this, looked at each other, and at the same time suppressed Yu Chanjuan.

Just when Yu Chanjuan wanted to fight to the death.

call out! call out! call out!

Nine arrows penetrated the void, shattered the stars, and shot at the four Golden Crow Heaven Guards!

"The people of the Sun Mountain must die!"

An incomparable cold, like a voice of revenge as Shura, resounded through the stars!

[Chapter 648: Yi Yu's road to revenge, first collect some interest, and settle against Gulan...](#)

"who is it?"

The expressions of the four Golden Crow Heaven Guards changed.

Two Gulan Shengjiao Shengzi just intervened, and now there is another moth.

Does God not want them to catch Yu Chanjuan?

call out! call out! call out!

The arrows carry the power of ten thousand hectares, piercing the void, and each arrow can easily shoot the saint.

After seeing this arrow, the four Golden Crow Heaven Guards suddenly stared, hiding a touch of surprise, and said in surprise.

"This is... the Yi Clan's archery magical power, nine stars connecting beads!"

The reason why they can recognize this archery right away.

It is because before the Sun God Mountain launched an immortal war against the Yi Clan, their Golden Crow Heaven Guard was also sent out.

They were deeply impressed by the gods and ghosts of the Yi people.

This trick is the magical power of the Yi clan's archery technique.

In ancient times, the great emperor of the Yi clan used this trick to shoot down the nine golden crows in the sky.

It is precisely because of this that the Sun God Mountain and the Yi Clan forged a **** feud.

Until modern times, the Yi clan declined, and even the emperor Houyi bow was lost.

This allowed the Sun God Mountain to find an opportunity, set off an immortal battle, and wiped out the Yi Clan in one breath.

Only a minority of people are left, running around like a dog in the family.

The four Golden Crow Heaven Guards never thought that they would meet the Yi tribe on the Ultimate Ancient Road, which is simply incredible.

Of course, if they want to return, they still try their best to block this move.

but.....

Puff!

Arrows passed through the chest of Golden Crow Tianwei.

That terrifying shooting force can almost shoot the sun, moon and stars!

"How is it possible, how could there be such a strong clan in the Yi clan?" A Golden Crow Tianwei vomited blood, unbelievable.

In that immortal battle, most of the strong men of the Yi clan, as well as the Tianjiao clan with strong blood, should all be beheaded.

The few fish that slip through the net cannot become a climate.

"God kept me alive just to let me witness with my own eyes the demise of the Sun Mountain!"

Following this indifferent voice, a young man stepped on with a murderous bow holding the Zhu Xing Destruction Bow.

His black hair is shaky, and his upper body is branded with a golden sun totem.

A pair of eyes, glowing golden, are broken golden eyes, as sharp as eagle eyes, seeing through all falsehoods.

It is the follower of Jun Xiaoyao, the ancient emperor, the descendant of the Yi clan, Yi Yu.

"You...you are the descendant of the Yi clan, you are not dead yet?"

When Yi Yu appeared, the four Golden Crow Heaven Guards roared in their minds at the same time.

They had been given orders before starting the immortal war against the Yi clan.

The descendant of the Yi Clan must be killed.

Because he carries the strongest blood of Yishen.

Yishen, like Concubine Luoshen, is a super taboo of the mythical emperor level.

Needless to say, how talented a Tianjiao with a strong bloodline of the mythical emperor is.

If we don't cut the grass and remove the roots, the troubles are endless.

But then I didn't expect that the high-level Yi clan was frantically protecting Yi Yu and others from fleeing.

In the end, I don't know how long it has been chasing and killing, Sun Shenshan thought that this Yi clan descendant had completely fallen.

Who had thought, but now appeared in front of them alive.

"The Sun God Mountain is immortal, how could I be willing to die? Fortunately, I encountered the most important turning point in my life..." Yi Yu looked at the four Golden Crow Heaven Guards with cold eyes.

The turning point he was referring to was to become a follower of Jun Xiaoyao.

Only Jun Xiaoyao has the ability to completely destroy the Sun God Mountain!

"Now, collect some interest first..."

Yi Yu once again drew his bow and set arrows, and the arrows burst out.

The Golden Crow Tianwei of the late stage of the Four Saints Realm didn't have much resistance, and was shot to death in the screams.

"That person... is also Taboo Tianjiao." On the side, Sheng Yuyi and Sheng Zhou frowned slightly.

Unexpectedly, the situation would change like this.

The reason why Yi Yu became so strong was that his bloodline of Yi Shen had begun to awaken initially.

On the other hand, it was also because Jun Xiaoyao gave him enough seals of the Dao to make his strength transformed.

In addition, on the ultimate ancient road, Yi Yu himself also found many opportunities.

This allowed his strength to reach the level of Taboo Tianjiao.

"You are...Yi Yu, are you still alive?"

Yu Chanjuan looked at Yi Yu, a touch of surprise and surprise appeared in her beautiful eyes.

The Yi Clan and the Moon God Palace are both forces of the Xuantian Immortal Domain.

And she and Yi Yu are the best young people of their respective forces.

At some Tianjiao banquets, she also met Yi Yu a few times, but they did not have much overlap with each other.

Before the Yi clan was destroyed, Yu Chanjuan also sighed.

Who ever thought, then it was the turn of the Moon God Palace.

It can only be said that good luck tricks people.

"It seems that your Moon God Palace is also following in the footsteps." Yi Yu glanced at Yu Chanjuan, there was not much fluctuation in his eyes.

Yu Chanjuan is indeed very beautiful and also very attractive to men.

But Yi Yu now has only two goals in his heart, revenge on the Sun God Mountain, and trying to keep up with Jun Xiaoyao's footsteps.

"I knew this before, my Moon God Palace should have joined forces with your Yi Clan back then..." Yu Chanjuan sighed slightly.

The arrival of Yi Yu made her feel a little more relieved.

Although they have nothing to do with each other, at least they have had a few fate.

Yi Yu's character is still famous in the Xuantian Immortal Realm.

At this time, a discordant voice came out: "Who are you and why are you nosy?"

It was Sheng Zhou Yi who spoke.

"Kill the person I should kill." Yi Yu was too lazy to talk to them.

"Yi Yu, let's go first." Yu Chanjuan winked and said in a low voice.

"Wait, Yu Chanjuan, anyway, we also helped you once before, you can't just leave like this, right?"
Shengyu showed a taste of play.

Yi Yu also recovered and understood.

After all, Yu Chanjuan is recognized as the number one beauty in the Xuantian Immortal Realm, and she has a peerless physique, and I am afraid that no man will not greet her.

Of course, there is no man who can make Yu Chanjuan willing to give her body.

"Let's go." Yi Yu said simply.

"Presumptuous, we are talking to the fairy, how can you allow you to interrupt!"

As soon as Shengyu shot, the terrifying mana surged and turned into a giant hand.

How could he let the fat on his lips slip away in vain?

The huge hand covering the sky came out, as if covering the stars of the universe.

After all, Shengyuyi is one of the eight saints of the Gulan Sacred Sect, and this method is still very extraordinary.

Yi Yu turned around, drew a bow and struck a string, the arrows roared out like a real dragon, shaking Xingyu.

Sheng Zhouyi also took action, wanting to suppress Yi Yu in the shortest possible time and directly ****
Yu Chanjuan.

"Damn it, if I am not seriously injured..." Yu Chanjuan squeezed Yu's hand tightly.

As the Lunar Eucharist, her strength is impossible, but she was hunted down all the way, exhausting her energy, and causing her to be deeply injured.

Rumble!

In Xingyu, a big battle broke out, and Yi Yu fought one enemy and two, but it was actually a short time.

This made Shengyuyi and Shengzhouyi a little surprised.

"This is the evildoer that popped out of which corner, I have never heard of it before." The two saints were suspicious.

The light in Yi Yu's eyes flickered, and he understood.

Although his strength is not weak, it is a bit reluctant to say that he wants to kill the two saints of the Gulan Shengjiao.

Thinking of this, Yi Yu sacrificed a talisman seal~www.mtlnovel.com~ The talisman seal burned in the void and turned into a strong spatial force, blessed on Yi Yu and Yu Chanjuan.

The void twisted behind them, and in an instant, they disappeared without a trace.

"Damn, he still has that kind of baby!" Sheng Zhou's expression was extremely ugly.

Shengyu's face was also gloomy as water.

A fat little white sheep just escaped.

"No problem, as long as the tenth princes of the Golden Crow are still chasing them, they will eventually show their tracks, and then we can act by chance." Shengyu together.

"This woman, we must get it. If we don't taste the taste of this famous instrument, I will never be reconciled." Shengzhou said unwillingly.

[Chapter 649: Confused Yu Chanjuan, the master behind Yi Yu, 10 ways...](#)

Riot star sea, somewhere unknown starry sky.

Two spatial vortices emerged, and the figures of Yi Yu and Yu Chanjuan emerged from them.

"Gulan Shengjiao, I remember this account." A cold light flashed in Yi Yu's broken golden eyes.

"Thanks a lot," Yu Chanjuan said.

Without Yi Yu's help, her result would be either being caught by the Golden Crow Tianwei and offering it to the Ten Princes, or being bullied by the two Saints.

No matter what kind of result, she couldn't accept it.

"It doesn't matter, we also have a common enemy anyhow." Yi Yu said.

"The Sun God Mountain? Now the forces behind us are almost destroyed. We want revenge. I don't know if there is a chance in this life." Yu Chanjuan's beautiful eyes showed a touch of sadness.

As the overlord power of the Xuantian Immortal Territory, the background and power of the Sun God Mountain is beyond doubt.

Otherwise, the tenth prince of the Golden Crow would not be so aggressive.

Now the Yi Clan and the Moon God Palace are almost destroyed, only a few people are left floating around, and they can't make the climate.

It is almost whimsical to want to deal with the sun mountain in this way.

"This may not necessarily be true. If my master is willing, it doesn't seem to be too laborious to destroy the Sun God Mountain." Yi Yu's eyes flashed.

"What?" Yu Chanjuan's delicate face showed a touch of astonishment.

You know, Yi Yu was once in the Xuantian Immortal Realm, and was also a top talent and heir to the emperor.

His character is also notoriously indifferent.

And now he has surrendered to others and became a follower?

In Yu Chanjuan's view, this is simply unbelievable.

In addition, there is what Yi Yu said that his master would not take too much effort to destroy the Sun Mountain.

This is simply bragging not to draft!

The Sun God Mountain is so powerful, even if the owner of Yiyu is a descendant of the immortal power, he is not qualified to say such a thing.

Even if the master behind him can beat the tenth prince of the Golden Crow, it is still a matter of two.

"Why, do you think I'm talking big?"

Seeing Yu Chanjuan's expression, Yi Yu raised her sword eyebrows and asked.

"No, no." Yu Chanjuan said.

In any case, Yi Yu is her savior.

She also has no room for questioning.

She wanted to ask who the owner behind Yi Yu was, but she was afraid that the big talk would be exposed later and Yi Yu would not be able to come to the stage.

Therefore, Yu Chanjuan asked nothing.

"The master behind him, I don't know if he can deal with the ten princes of the Golden Crow. As for the destruction of the Sun Mountain..." Yu Chanjuan sighed secretly.

"By the way, what are your plans next?" Yi Yu asked.

"Naturally, I want to recover from the injury, and then become stronger." Yu Chanjuan's beautiful eyes showed firmness.

She is also a woman with a resolute personality, otherwise, it would be impossible to resist the Ten Prince Golden Crow for so long.

"By the way, I have heard from people in the auction house before that the ship of good fortune seems to have appeared in the riot star sea. There are all kinds of holy medicines, ancient heritage, heaven and

earth wonders, and even a complete small world origin. If we can enter it, our strength will be transformed." Yu Chanjuan said.

"The ship of good fortune? Yes, when my strength becomes stronger, I will not let go of the top ten princes of the Golden Crow!" There was a deep hatred in Yi Yu's eyes.

The revenge against the Sun God Mountain began with the ten princes of the Golden Crow.

Later, Yu Chanjuan also took out a jade slip to convey the message.

With Yiyu by her side, her situation has stabilized temporarily, and she can also send a message to Taiyin Yutu.

However, the news from Luna Yutu made Yu Chanjuan slightly astonished.

"What, there will be a super super powerful person to rescue me?" Yu Chanjuan was very confused.

She even wondered if the Taiyin Yutu was abducted and sold by a liar.

"Forget it." Yu Chanjuan didn't struggle too much.

After that, Yu Chanjuan and Yi Yu hid in the Riot Sea, waiting for the chance of the boat of good fortune to appear.

Fortunately, Riot has a wide range of stars and seas, and there is a mixture of fish and fish.

The tenth prince of the Golden Crow wanted to search them, and it was not a matter of a moment.

...

Heavenly Pluto Ancient Star.

In this more than a year, the snake people have undergone great changes.

A saint, a saint, spring up like mushrooms.

Even the Holy Lord, several people appeared.

And these are the credit of ancient blood.

Queen Medusa also successfully broke through to the Quasi-Supreme realm.

Not to say how easy it is to break through the Quasi-Supreme Realm.

But Queen Medusa has accumulated a lot of hair, and has been stuck in the Holy Master Realm because of the limitation of blood.

Now that she got the ancient blood, she also successfully broke into the Quasi-Supreme realm.

And this is not her limit.

It can be said that the strength of the entire snake-human race has skyrocketed more than ten times compared to before.

All this was brought to them by Jun Xiaoyao.

Now, every snake-human race has only fanatical worship and gratitude for Jun Xiaoyao.

Even if Jun Xiaoyao wants them to die, they will not hesitate.

"Master, all of this is your gift."

Queen Medusa muttered to herself while looking at Jun Xiaoyao's closed palace.

The narrow and beautiful eyes reveal respect, admiration, gratitude, and vaguely, a hint of admiration and love.

Although Queen Medusa knew that she was not worthy of Jun Xiaoyao.

But as long as you can always work under Jun Xiaoyao and be loyal to him, you will be content.

And at this moment.

The closed palace suddenly trembled.

A terrifying coercion swept out.

This coercion is not a coercion on the realm.

It was a kind of incomparable nobility, as if it was the pressure that transcended the life level.

"Is the master going out!" Queen Medusa showed a look of surprise in her eyes.

This coercion caused a commotion in the entire snake-human race. Countless snake-human races looked at the palace where Jun Xiaoyao was with shock and admiration.

A strong celestial air permeated out, the sky fell chaotically, the ground surged with golden lotus, and the avenues were interwoven.

Although it is not a breakthrough in realm, it feels that it is even bigger than the scene of breaking into the supreme.

"Is this really the benefactor cultivating? How do I feel like a supreme is about to leave the customs?" The snake elder sighed.

At the moment, in the palace.

Jun Xiaoyao, who had been silent for more than a year, finally opened his deep eyes.

A misty celestial air appeared and entangled his body surface.

This fairy qi, UU reading www.uukanshu.com is so fascinating, it seems that there are stars in the universe, mountains and plants, flowers, birds, insects and fish, and countless scenes emerge.

With the Dao rune, the power of good fortune is surging.

Jun Xiaoyao broke through the limit of nine and condensed the tenth fairy qi.

Good luck fairy gas!

With good fortune immortal scriptures, to comprehend the ways of good fortune, and condense good fortune.

At this moment, Jun Xiaoyao felt that he could shape the universe and change the universe with one hand.

If the news of ten immortal spirits spreads out, the entire ultimate ancient road will be a sensation.

Jun Xiaoyao, as an eternal stranger, once again created an unprecedented miracle!

[Chapter 650: The origin of God is transformed, the inner universe, the power of the Xumi world, the violence...](#)

Ten fairy qi, spread out enough to make everyone stunned.

Even Taboo Tianjiao, or even Super Taboo, can't reach this level.

Even some young emperors, young ancient emperors, could not reach this level.

Jun Xiaoyao, but reached it easily.

"Ten fairy qi, how do I feel, it is not enough?" Jun Xiaoyao whispered.

For him, there is no such thing as a limit.

If he wants to continue to condense, he can continue to condense.

Of course, in this more than a year, Jun Xiaoyao has not only condensed good fortune and immortality.

The most important thing is the transformation of the origin of God in his dantian.

Looking inside at this moment, you can see that in the origin of the gods of Jun Xiaoyao, the chaos has expanded into an empty miniature universe.

The universe was empty and empty.

However, there are rules at work.

That is not the rule of the Nine Heavens Immortal Realm, nor the rule of any world.

It belongs to Jun Xiaoyao's own rules.

He can control everything in the miniature universe in a single thought.

Of course, there is nothing in the miniature universe now, empty.

"If there is no good luck immortal scripture, I want to condense the prototype of the universe, it will take a lot of time." Jun Xiaoyao said to himself.

The Good Fortune Fairy Sutra allowed Jun Xiaoyao to comprehend the power of good fortune, which allowed him to shape his own inner universe in just over a year.

Then, Jun Xiaoyao moved his mind.

The jade dish of good fortune directly escaped into the inner universe.

Jun Xiaoyao immediately felt that the originally unstable inner universe had become stable.

The jade disc of good fortune is like a pin of the **** of the sea, restraining the entire inner universe.

"To create a spatial world, only those who are above the supreme can have a first glimpse of the way, but only by relying on the rules of heaven and earth in the fairyland."

"And now this inner universe is completely complete and belongs to my Jun Xiaoyao, and my will is everything in the inner universe." Jun Xiaoyao understood clearly in his heart.

Of course, this inner universe is still relatively simple.

Not to mention all things and creatures, even the sun, moon and stars are not there, and it is empty.

"According to the records in the Good Fortune Fairy Sutra, the world is composed of four attributes: earth, water, fire and wind."

"I need to find the four wonders of heaven and earth before I can construct the foundation stone of the inner universe." Jun Xiaoyao thought to himself.

The so-called four wonders of heaven and earth refer to the wonders of the four attributes of earth, water, fire and wind.

Nine heavens breathe soil, water without roots, immortal fire, wind of emptiness.

These four wonders, if they are in the Wild Heaven and Immortal Realm, they are definitely rare.

But on the Ultimate Ancient Road, there is no shortage of opportunities, so Jun Xiaoyao can also collect it calmly.

After the inner universe frame is formed, it can be nourished by the mother gas of all things.

As the inner universe grows, Jun Xiaoyao's strength will also grow.

If you let outsiders know that Jun Xiaoyao is in the Saint Realm and created his own inner universe, he will definitely drop his jaw.

Even the supreme can only create some small worlds in space.

But what Jun Xiaoyao wants to shape is the real universe!

"From the origin of the gods to the inner universe, although my cultivation level has not improved for the time being, my strength is more than several times stronger than before." Jun Xiaoyao secretly said.

He was measuring his own strength, and with a single blow, he could spur the power of the rules of the inner universe and explode terrifying power.

That is the way of Jun Xiaoyao.

Although for the time being, it can't be compared with the rules of heaven in the Nine Heavens Immortal Territory or Alien Territory.

But Jun Xiaoyao is confident, and his will in the future will be enough to surpass the heavens and above the heavens!

Next, Jun Xiaoyao's body shook slightly, inside him, as if the power of world space spread out.

That is the second volume of Tishu, the world of three thousand Xumi.

Jun Xiaoyao refined the Chaos Source Crystal, as well as the energy of the Mother Qi of all things.

Then rely on the way of good fortune understood from the good fortune celestial scripture.

He was also very smooth, turning a cell in his body into a miniature Sumi world.

Of course, this and Jun Xiaoyao's inner universe are two concepts and should not be confused.

Jun Xiaoyao thought about it, suddenly pointed it as a sword, and pointed to his chest.

A terrifying force penetrated into Jun Xiaoyao's body.

But Jun Xiaoyao's body shook, urging the power of Xumi's world.

That power seemed to blast into the world of Xumi, making Xumi world tremble, but in the end it was unable to completely break through that world.

"What a strong defense, this is nothing more than a world of Sumi cultivated. If I cultivated a world of three thousand Sumi, then I would stand there and let others fight. I guess it would be difficult for a few days or nights. Boom." Jun Xiaoyao exclaimed.

And the world of Three Thousand Sumeru has more than just defense.

Jun Xiaoyao once again blasted a punch, blessing the power of a Xumi world on the front.

Suddenly, the void twisted and then collapsed, like the power of the entire world, all rushing out at the same time.

"Integrating offense and defense, it seems that in the future, in addition to finding ways to expand the inner universe, we will have to condense the world of three thousand Sumi more." Jun Xiaoyao thought about the future direction of cultivation.

During this retreat, Jun Xiaoyao understood the power of good fortune, condensed the immortal energy of good fortune, opened up the inner universe, and cultivated a world of Xumi.

It can be said that the merit is fulfilled.

His strength has skyrocketed again.

"It's time to leave. The Ultimate Ancient Road is truly exciting, and it's still behind." Jun Xiaoyao got up and left the palace.

On the outside, Queen Medusa, Bi Ling and others were already waiting respectfully.

There is also Taiyin Yutu, also staying outside the hall, with an expression of excitement and anxiety in his eyes.

But for a moment, Jun Xiaoyao pushed the door out.

Fairy light overflows with radiance.

Jun Xiaoyao, like a fairy in a picture scroll, stepped out leisurely.

The grace and demeanor made everyone present hold their breath.

In Queen Medusa's beautiful eyes, there is a strong awe and admiration.

The two little girls, Biling and Taiyin Yutu, were also dumbfounded, drooling.

Although Jun Xiaoyao is as handsome as ever, his temperament is more profound, with a sense of detachment from the dust.

It seemed to be flying away.

"It seems that in the past year or so, your snake race has developed well."

Jun Xiaoyao glanced lightly, Queen Medusa reached Quasi-Supreme, and General Green Snake also reached the Holy Master Realm.

There are more than ten other holy masters and great saints.

Snake people are more than ten times stronger than before.

"It's all thanks to the master. Without a master, there would be no such thing as our snake-human race today." Queen Medusa hurriedly stepped forward to salute.

Although she is quasi-supreme, she is still respectful and humble towards Jun Xiaoyao, like a maid.

"You don't need to be polite, you will all be from the Emperor's Court in the future." Jun Xiaoyao waved his hand.

On the side, Taiyin Yutu bounced and said, "My son, my son, I haven't been kicked by you for more than a year. I am so bored and lonely~"

"Heh..." Jun Xiaoyao touched Taiyin Yutu's head.

"By the way, the son, the young lady finally sent a message. She is on the side of Riot Xinghai." Taiyin Yutu looked excited and anxious.

"Got it." Jun Xiaoyao nodded.

"Also, Sister Tiannvyuan sent a message saying that the thirteen thieves seemed to have a secret stronghold, hidden in the riot star sea ~ www.mtlnovel.com ~ Taiyin Yutu continued.

"I've got all of them together, it would be convenient to solve them together." Jun Xiaoyao's eyes flashed.

Next, he was going to riot Xinghai.

Although Jun Xiaoyao didn't have any idea about Luding's physique, he was really interested in the Taiyin Immortal Sutra.

At this moment, a palace in the distance suddenly radiated vigorous fluctuations.

When everyone looked at it, they saw it suddenly. Above the palace, an extremely huge, translucent butterfly emerged.

The wings of the butterfly are nine-colored, looking beautiful, with a mysterious and dreamy smell.

"It seems that Yan Rumeng has also successfully awakened." Jun Xiaoyao said.
