

Sacred King 3071

Chapter 3071

"You mean to say that Fellow Daoist Su helped kill a few Grotto-Heavens?" The Hornless Dragon King turned to look at Long Li and asked again. "No." Long Li said seriously, "The thousand odd Grotto-Heavens outside were all killed by Brother Su in less than a hundred breaths. The remaining three thousand odd Grotto-Heavens and the army of billions were all scared away! "" ? ? ? "At that moment, the Hornless Dragon King's mind was blank as he blinked his dragon eyes in confusion. If he had not witnessed it personally, who would have thought that more than a thousand Grotto-Heavens would die in the hands of an ordinary human king? The Hornless Dragon King turned to look at the Spirit Dragon King, the Brilliant Dragon King and the others with a questioning look. The Spirit Dragon King coughed gently and said, "Li 'er is right. Just Now, Fellow Daoist Su stepped in and killed everyone. That's why the Illumination Dragon Planet was saved." The other Dragon Kings did not say anything, tacitly agreeing. Although the Hornless Dragon King could not believe it, he still took a deep breath and tried his best to digest this matter. A moment later, the Hornless Dragon King gradually calmed down. As though he had thought of something, he looked at the Spirit Dragon King and the others and asked with a frown, "You guys were just watching over here and didn't help?" The Spirit Dragon King, the Brilliant Dragon King, and the other Dragon Kings blushed in shame. "We're ashamed." The Spirit Dragon King sighed. "It's not our fault." A Dragon King raised his brows slightly and said, "This battle ended too quickly in less than a hundred breaths. We wanted to help, but we couldn't react in time." "Ptui!" Monkey could not take it any longer. He scoffed and scolded, "You bunch of dragons are cowardly and afraid of death. You've been discussing for so long but no one dares to help. All you do is watch from the side. Why are you acting innocent now?" "Stupid monkey, who are you scolding?" "You foreign race, who are you calling cowardly?" "It's not up to a monkey like you to criticize our Dragon Race!" The Dragon Kings who were cowering in the face of the Tomb Realm army earlier on were enraged and stood out. The Spirit Dragon King and the Brilliant Dragon King looked at the Dragon Kings and felt ashamed. "Shut up, all of you!"

The Spirit Dragon King hollered. "Spirit Dragon King, what is the meaning of this?" The Dragon Kings were still unwilling to give up and kept pestering him. At this time, Su Zimo finished cleaning up the battlefield, landed on Torch Dragon, and walked over. The Dragon Kings immediately quieted down. "What were you arguing about?" Su Zimo asked calmly. His gaze turned and landed on the dragon kings. The Dragon Kings remained silent. They lowered their heads subconsciously and avoided eye contact. No one dared to look him in the eye! "Baring their fangs and brandishing their claws at the weak, subservient to the strong!" At the sight of this, Monkey's face was filled with disdain as he spat. When the Dragons heard this, they felt extremely uncomfortable, but they couldn't say anything. The original Dragons were not like this. The Nightmare Dragon King bowed deeply at Su Zimo and said, "Fellow Daoist Su Zimo, this dragon will remember your kindness!" "There's no need for that. " Su Zimo waved his sleeves and supported the Nightmare Dragon King's body gently. Back then, the Hornless Dragon King had helped him outside the Celestial Tribute world as well – he remembered everything. Su Zimo cupped his fists. "I was forced to get involved in this battle today and had no choice. Since we know that you're fine, we'll bid farewell now." Although he helped Torch Dragon Region resolve the crisis, Su Zimo was still unwilling to get involved in the battle between dragons and phoenixes. Just now, he was fighting outside and the dragons were watching the battle on Torch Dragon Planet. He was already extremely disappointed. Now

that he saw that Long Li and the Nightmare Dragon King were fine, he did not intend to stay any longer. The survival of the Dragons had nothing to do with him in the future. Suddenly, two massive suppressive auras descended and enveloped the skies of Torch Dragon Planet! Immediately after, the voids tore open and two figures with terrifying auras – a man and a woman – appeared. They looked down at the battlefield from above. Emperor realm experts! Furthermore, there were two Dragon Emperors! "Greetings, Scorching Sun Dragon Emperor and Frost Dragon Emperor!" The dozens of Dragon Kings were shocked when they saw the two Dragon Emperors and turned to greet them hurriedly. Scorching Sun Dragon Emperor had a head of scarlet hair and was clearly from the Illumination Dragon lineage. His gaze was like a torch and his body burned with flames as he descended slowly.

The Frost Dragon Emperor was an old woman with long grayish-white hair. She had a cold expression and held a crystalline frost scepter in her hands as she descended on Torch Dragon Planet as well. "Master." The Hornless Dragon King went forward and bowed, asking, "How's the battle of the Emperors on Dragon Island?" The Frost Dragon Emperor hesitated for a moment before replying, "We've won for now." The Hornless Dragon King could tell that the Frost Dragon Emperor's tone was heavy and guessed that the situation on Dragon Island was not optimistic. The reason why the Emperor Lords of the Dragon World were able to force back the Emperor Lords of the Wutong World, Blood World and many other worlds temporarily was because of the power of the dragon souls that were buried on Dragon Island for countless years. Since ancient times, the Dragon Emperors would be buried on Dragon Island after their deaths. Although they were dead, a wisp of dragon soul would remain. Without sentience, it would be eternal and protect the final habitat of the Dragons. Although the Wutong World had retreated temporarily in this battle of the Emperors, their dragon souls were greatly depleted. By the time the Wutong World recuperated and adjusted themselves, Dragon Island would not be able to defend against the Emperors once more! "What about the other dragon regions?" The Hornless Dragon King asked again. The Frost Dragon Emperor's expression darkened. "The four dragon regions have all fallen." It was clear that the Wutong World and hundreds of other worlds had planned for this large-scale attack for a long time. The Frost Dragon Emperor looked around in surprise and said, "The Candle Dragon Star was actually defended. That's a little surprising." The Hornless Dragon King said hurriedly, "It's all because of Fellow Daoist Su that Torch Dragon Planet and the millions of clansmen here were saved." "Oh?" It was only at this moment that the Scorching Sun Dragon Emperor and the Frost Dragon Emperor turned to Su Zimo. Right from the beginning, the two Emperor Lords had not even spared them a single glance. "Hornless Dragon King, don't brag too highly about this foreign race." The Dragon King who was silent earlier regained his confidence when he saw the arrival of the Dragon Emperor and said, "The reason why Torch Dragon Planet and the hundreds of Dragons were saved is all because the Dragon Emperors were fighting against the Emperor Lords of the Wutong World on Dragon Island! "

"If not for the Dragon Emperors fighting a bloody battle, how much use could a king of a foreign race be?" Monkey's eyes widened and his lungs were about to explode! The Long Li could not take it any longer and could not help but say, "What are you talking about? How dare you erase Brother Su's credit with just a few words?" "I'm speaking the truth." The Dragon King sneered, "The Dragon Emperors are the ones who deserve the most credit for this battle! Do you mean to say that this king of a foreign race is inferior to the Dragon Emperors?" The Spirit Dragon King, Radiant Dragon King and the others remained silent. Actually, they knew what was going on as well. However, since the Dragon King had pushed the credit to the Dragon Emperors, they could not refute him. Now that the Dragon King had

pinned such a huge crime on him, the Long Li could not take it at all. Long Li wanted to say more but the Hornless Dragon King pulled her back and shook his head gently.

Chapter 3072

"Fire Dragon King, the Dragon Emperors fought a bloody battle on Dragon Island and naturally deserve great credit." The Hornless Dragon King said in a deep voice, "However, without Fellow Daoist Su, the Illumination Dragon Planet could not hold out until the Dragon Emperors arrived. There's no conflict between the two matters to begin with." Compared to Long Li, the Fire Dragon King's reply was clearly much more experienced and flawless, leaving no openings for the Fire Dragon King to use against him. Actually, there have been frequent internal conflicts between the Dragons over the years as well. Their words were often laced with sabers and swords. If one was careless and gave the other party a handle, they would be accused of a heinous crime with an extremely tragic outcome. Just Now, if Long Li did not deal with it properly and fell into the Fire Dragon King's trap, he might be accused of being disrespectful and traitorous. This was something that was unimaginable among the Dragons of the past and was extremely preposterous. However, it happened time and time again over the years and the Dragons were all in danger. The Hornless Dragon King had seen many such scenes and naturally knew how dangerous it was. Su Zimo did not care about the merits and could not be bothered to argue with the other party. "Everyone, I'll be taking my leave." Su Zimo could not be bothered to exchange pleasantries nor was he willing to stay here. He merely cupped his fists and turned to leave with Long Ran and monkey. Now that he had taken Long Ran away, he had achieved his goal in this trip to the Dragon World. "A bunch of ingrates!" The anger in monkey's eyes had yet to dissipate as he harrumphed coldly. "What did you say?!" Immediately, a few dragon kings stood out and hollered. "Forget it, he's just complaining. Let him be." The Spirit Dragon King stood out hurriedly to smooth things over, worried that something else might happen. The Hornless Dragon King did not mention anything about merits either. Given the current situation of the Dragons, it might not be a bad thing for Su Zimo and the others to leave earlier. The Scorching Sun Dragon Emperor glared at Su Zimo's departing figure and narrowed his eyes with a cold glint. "You can't leave!" Su Zimo was about to tear open the void and leave the Illumination Dragon Domain when the Fire Dragon King suddenly stood out and blocked the three of them with an unfriendly expression.

"Fire Dragon King, what are you doing?!" The Hornless Dragon King could not stand it any longer and shouted. "What did I do?" The Huo Dragon King was extremely calm. He sneered and said, "Why don't you ask your precious daughter what she did on the Torch Dragon planet with this foreign being?" "What's the matter? Why don't you just say it?" The Frost Dragon Emperor frowned. The Zhuo Dragon King said solemnly, "Long Li brought this outsider king to meet the Torch Dragon King. Not long after, the Torch Dragon King died at the hands of this outsider king!" The Hornless Dragon King's heart sank as he instinctively looked at Long Li. "Nonsense!" Long Li hurriedly explained, "It's because we discovered that the Illumination Dragon King was cursed and betrayed the Dragon race. After Brother Su suppressed him, he wanted to use a soul-searching technique on him, causing the curse in the Illumination Dragon King's Essence Spirit to erupt and he died." "Hehe." The Huo Dragon King sneered, "As the lord of a region, the Torch Dragon King has worked hard and made great contributions. He has lived in the Dragon World for so many years without any problems. However, when you paid him a visit, you discovered that he was cursed." "What a coincidence that the army of the Tomb Realm arrived right after the Torch Dragon King was killed." Naturally, those two matters were unrelated. However, the fact

that the Huo Dragon King connected the two matters together on purpose was naturally suspicious. Long Li declared loudly, "That's the truth!" The Hornless Dragon King said deeply, "Indeed, there were Dragons in the Hornless Dragon Region who were disloyal and destroyed the Coiling Dragon Formation to lure the Blood World in." The Spirit Dragon King stood out as well. "We were not present when the Torch Dragon King died. However, we witnessed the Fire Dragon King being cursed personally." Both the Hornless Dragon King and Spirit Dragon King were speaking up for Su Zimo. Right from the beginning, Su Zimo watched coldly from the sidelines without saying a single word. In fact, he did not even try to defend himself. There was no need to explain at all. If he had not made a move, the Torch Dragon Planet would have been destroyed. There was no way he would have anything to do with the army of the Tomb Realm. Any normal person would be able to understand the reason. If he had to prove his innocence for something as such, the Dragons would be rotten to the core!

Unfortunately, there were two Dragon Emperors present. Otherwise, he might have tried to suppress the Bright Dragon King and capture his primordial spirit to take a look! "The Dragons will investigate whether the Torch Dragon King is cursed," Burning Dragon King spoke slowly with a hint of solemnity. The Scorching Sun Dragon Emperor spoke slowly with a dignified tone. "However, even if he's cursed and betrayed the Dragon race, the Dragon race should be the one to judge and punish him. Other races shouldn't interfere!" "None of you can leave without an explanation!" The Hornless Dragon King's heart sank as he said hurriedly, "Lord Burning Sun, although the Torch Dragon King died because of him, Fellow Daoist Su did contribute to protecting the Torch Dragon Planet. He ..." "Of course, I know." Before the Torch Dragon King could finish, the Burning Sun Dragon Emperor interrupted him coldly, "Do you think he would have survived until now if not for that?" At that point, the Hornless Dragon King did not dare to say anything else and could only look at the Frost Dragon Emperor for help. The Frost Dragon Emperor sent a voice transmission with her spirit consciousness, "This ... is difficult. After all, he's one of the five Dragon Kings and he was killed by a foreign race." The Hornless Dragon King was anxious as well. "The Torch Dragon King was cursed and betrayed the Dragons. He deserved death. What does it matter if he was killed by a foreign race or a fellow race?" The Frost Dragon Emperor sighed gently. "Indeed, it didn't matter in the past. In fact, the Dragons would even thank him. However, after thousands of years ..." The Frost Dragon Emperor did not continue. For thousands of years, the environment for Dragons had deteriorated rapidly and it was common for them to distort the truth and the truth – she was already numb to it. Even fellow races would fight against each other, let alone foreign races. The Torch Dragon King said in a deep voice, "We don't know if the Torch Dragon King was cursed yet. However, this foreign race killed the Torch Dragon King and caused the Torch Dragon Planet to be leaderless. The strong enemies of the Tomb Realm almost took advantage of this and invaded. He deserves death!" The Hornless Dragon King and the others were shocked when they heard that! The Torch Dragon King wanted Su Zimo's life! Monkey clenched his fists tightly and hollered in rage, "How can there be such a ridiculous thing in this world? My brother has just saved you guys and you guys want to kill him in return! "

"Nobody wants to kill him," The Torch Dragon Emperor replied coldly, "A life for a life. That's the simplest logic." "Human, what else do you have to say?" The Torch Dragon Emperor looked down at Su Zimo from above, as though he was about to attack at the next moment! The Long Li was so anxious that she was crying. She truly did not expect that Su Zimo would be killed by an Emperor Lord instead of dying in the encirclement of thousands of Grotto-Heavens in the Tomb Realm after arriving in the Dragon World!"

have nothing to say," Suddenly, Su Zimo smiled. "I'm not leaving." Right from the beginning, he did not want to be embroiled in the war between dragons and phoenixes. After finding Long Ran, he merely wanted to leave as soon as possible. However, he had no choice and fought two huge battles in Beacon City and outside the Torch Dragon Planet. Even so, he did not want any credit and merely wanted to leave. It was only at this moment when the Dragons were overbearing that he made up his mind. He wanted to see just how bad the Dragons were and who was the one stirring up trouble behind the scenes! You want to fight me in techniques? Come and try then!

Chapter 3073

Su Zimo did not try to defend himself or beg for mercy. He had a calm expression the entire time, which was somewhat beyond Burning Sun Dragon Emperor's expectations. Right then, the Frost Dragon Emperor suddenly spoke, "This matter is complicated. I think we should head to Dragon Island and ask the Dragon Emperors and the Realm Lord to make a decision." "That's right." The Horned Dragon King nodded hurriedly. "Indeed, we should ask the Dragon Emperors to discuss this matter before making a decision." No matter what, this was Su Zimo's last hope and there was still some leeway. It was much better than being killed by the Scorching Sun Dragon Emperor here. The Scorching Sun Dragon Emperor stared at the Frost Dragon Emperor for a while before chuckling. "That's good too. We'll let this foreign race die convinced." The Horned Dragon King and the others heaved a sigh of relief. Long Ran, Long Li and the others were still worried. Su Zimo was the only one who looked calm, as though he was not worried about his situation at all. Long Ran's expression was solemn as he secretly sent a voice transmission with his spirit consciousness. "Zimo, ask Wu Dao's true body to come over right now. He should be able to reach the Dragon World within a day." "When we reach Dragon Island later, don't get into a head-on conflict with the other party. We'll try our best to stall for time and wait for Wu Dao's true body to come to support us." Su Zimo merely smiled and did not comment. Wu Dao's true body would not leave easily because he was about to break through to the Martial Emperor realm in the Origin Martial Grotto-Heaven and to protect Die Yue. If his true body wanted to descend to the Dragon World, he could do so with a single thought! The four Dragon Territories were lost and the Torch Dragon Planet was the only one left in the Torch Dragon Territory. The Coiling Dragon Formation was already destroyed and there was no point in guarding the Torch Dragon Planet. Therefore, the hundreds of Dragons on the Torch Dragon Planet boarded a gigantic dragon boat and headed to Dragon Island with the Scorching Sun Dragon Emperor and the Frost Dragon Emperor. Su Zimo and the others were among them. "Fellow Daoist Su, I'm sorry." The Horned Dragon King looked at Su Zimo with guilt. This human king had just saved hundreds of his clansmen and his daughter. Now that he was framed, his fate was uncertain. Long Li's eyes were red from crying. He stood in front of Su Zimo and the others, not knowing what to say.

The Horned Dragon King said, "I just asked the Spirit Dragon King, the Radiant Dragon King, and the others. They agreed to testify for you. There shouldn't be any problems on this trip to Dragon Island." Even so, the Hornless Dragon King knew very well that the true decision of Su Zimo's fate lay with the Dragon Emperors or the master of the Dragon World! "I'm fine. You don't have to worry." Su Zimo smiled. The Hornless Dragon King was stunned. Shouldn't she be the one comforting Su Zimo instead? For a moment, she couldn't understand why Su Zimo was so relaxed. Perhaps he was just pretending to be calm. Otherwise, what else could he do? "How did Scorching Sun Dragon Emperor become like this?" Long Li couldn't help but say, "You're simply distorting the truth. You're completely unreasonable." The Hornless Dragon King sighed deeply and said, "I'm not sure either. In my impression,

the Scorching Sun Dragon Emperor was not like this. Who knew that his temperament would change so drastically and become like this?"...Great Desolate World.After the battle of the Great Desolate World, peace returned to the Great Desolate World. The living beings of the thousands of races rested and were thriving with vitality.Butterfly Valley.Wu Dao's true body woke up slowly from his seclusion and opened his eyes.Die Yue sat beside him in a blood-red robe and adjusted her breathing motionlessly with her eyes closed. Her side profile was fair and flawless without any makeup. However, she exuded a heart-pounding beauty!Wu Dao's true body felt a sense of warmth in his heart.Even if he were to accompany Die Yue like this without saying anything, he would feel a sense of satisfaction and peace that he had never felt before."What are you looking at?"As though she sensed something, Die Yue opened her eyes and turned to look.The two of them exchanged glances and smiled.Die Yue was meticulous. Although Wu Dao's true body did not say anything, she could tell that something was on his mind through the eyes of Wu Dao's true body."What happened?"Die Yue asked.Wu Dao's true body pondered for a moment and did not hide anything. He explained roughly what happened to Qinglian's true body in the Dragon World.

"There's such a thing?"Die Yue frowned slightly and said in deep thought, "The situation with the Dragons is indeed a little strange. It's extremely different from the Dragons in my impression.""The Witch race should be behind this,"Wu Dao's true body said in a deep voice, "Among the hundred Emperor Lords that invaded the Great Desolate World, there were two Horse Monkey Emperor Lords who were cursed, similar to the situation of the Illumination Dragon King."After pondering for a moment, Wu Dao's true body asked, "Is there any curse in the Witch race that can cause one's personality to change?"Die Yue's heart skipped a beat as though she had thought of something. A hint of fear flashed through her beautiful eyes as she nodded. "Legend has it that there is indeed a curse.""However, that was an extremely long time ago. In fact, it had to be traced back to the birth of the Witch race a few eras ago!" "Oh?"The eyes of Wu Dao's true body lit up.Die Yue recalled. "I've only seen some records of the Witch race in an ancient ruin.""It's said that there were no signs of the birth of the Witch race and it was as though they appeared out of thin air. The leader of the Witch race was the person known as the Emperor Lord Dark Magus of that era.""Emperor Lord Dark Magus?"Wu Dao's true body murmured softly.He had no impression of that title and had never heard of it. However, he still thought of something else.Die Yue said, "Back then, the Emperor Lord Dark Magus was the person with the greatest hope of becoming an Emperor. However, he was still a step away.""There's naturally no need to elaborate on the combat strength of the Emperor Lord Dark Magus. However, what truly terrified the living beings of the ten thousand races was that he possessed a secret skill known as the Yan Sheng Curse.""It's said that the Yan Sheng Curse can control one's heart and will! Living beings who are cursed by the Yan Sheng Curse will not show any signs of it on the surface. ""However, as time passes, those who are cursed will be imperceptibly influenced by the will of the caster and gradually lose themselves, their rationality and will be manipulated by others.""There's such an evil Dao technique in the world?"Wu Dao's true body narrowed his eyes and murmured softly.Die Yue nodded as well. "Compared to restraining one's body, controlling one's heart and will, it's naturally much more terrifying. Therefore, the Witch race was later besieged by many worlds and faced a calamity of annihilation. The Emperor Lord Dark Magus died as well. "

"However, for some reason, after that era ended, the Witch race would revive in the next era.""Of course, after the death of the Emperor Lord Dark Magus, the Yan Sheng Curse was lost and no one

pursued this matter anymore."Wu Dao's true body pondered and said, "From the looks of it, some of the Dragons should have been cursed by the Yan Sheng Curse and lost themselves and their rationality."That's a little strange as well."Die Yue continued, "Although the Yan Sheng Curse is evil, the conditions for casting it are rather harsh."As long as the target is prepared, it will be difficult for the Yan Sheng Curse to succeed. There are many experts among the Dragons. How can they be manipulated by the experts of the Witch race? "

Chapter 3074

"Qinglian is in trouble over there. Head over and take a look,"Die Yue said, "If the witch race is truly behind this and the Curse of Yan Sheng has reappeared, the Dragons can't be blamed for their plight."I've been to the Dragon World once. Although the Dragons are arrogant, they're not bad by nature and will repay favors."If we can help the Dragons tide through this calamity this time round, it might not be a bad thing for the Dragons to accept this favor."Wu Dao's true body nodded.Initially, he did not want to get involved in the war between the dragons and phoenixes.However, if the source of the battle between the Dragons and the Phoenixes was the Sorcerer Tribe, then the Dragon Tribe was indeed the biggest victim.Over the years, countless living beings had died in the great war between the dragons and phoenixes. This blood debt had to be settled on the heads of the Magi!Wu Dao's true body had a vague feeling that things were not as simple as he had imagined."Your injuries ..."Wu Dao's true body was worried about Die Yue and was still hesitant.Die Yue's beautiful eyes shone with a smile as she asked, "Why? Are you intending to abandon me and head to the Dragon World alone?"Wu Dao's true body reacted as well and stood up holding Die Yue's hand, laughing out loud. "Alright, let's go together!"In front of the two of them, all demons and monsters had nowhere to hide!During this period of time, rumors spread in the outside world. Some said that the two of them were Dao companions while others said that Araki Takeshi was merely Die Yue's capable general.After all, the two of them had only appeared publicly in the battle of the vast wilderness.This time round, Die Yue's decision to travel with Wu Dao's true body had another meaning – it was to announce their relationship to the outside world!Die Yue said indifferently, "It's been some time since I headed to the Dragon World. It's a good opportunity to check out if the Dragon Emperors have improved in their methods."Wu Dao's true body raised his brow when he heard that.From what Die Yue said, not only had she been to the Dragon World, she had even fought against a few Dragon Emperors and won!"Miss Die, you're so impressive,"Wu Dao's main body joked.Die Yue also smiled and said, "I'm going there this time to follow you around and travel. You'll have to do the fighting. "

...There were many Dragon Emperors driving the dragon boats. They were extremely fast. Soon, they arrived near Dragon Island.Although it was called the Dragon Island, from afar, this island was not much inferior to the Heaven Realm Continent. It lay horizontally in the starry sky, and the terrain was winding, as if dozens of huge dragon bodies were entangled together!In the vicinity of Dragon Island, a bloody mist pervaded the air, and the smell of blood filled the air.From this, one could see how tragic the battle between Emperors was.He learned from the Frost Dragon Empress that although the Dragons had relied on the dragon souls on the Dragon Island to temporarily defeat the Imperial Emperors from the World of Wutong and other realms, they had also suffered heavy losses.Two Dragon Emperors had even perished!Currently, the Dragon World was in a precarious situation. Including the master of the Dragon World, there were only nine Dragon Emperors left!Among them, four were injured. Their worlds were shattered and could not be repaired in a short period of time.If the Imperial Emperors from the World of

Wutong and other realms made a comeback next time, the Dragons would not be able to defend themselves. The only possibility was to be exterminated! Dragon Island. Kang Long Hall. The master of the Dragon World sat in the middle, wearing blood-stained armor. The eight Dragon Emperors under him were all present, including the Scorching Sun Dragon Empress and the Frost Dragon Empress. In the hall, the remaining few hundred Dragon Kings were all present. The loss of the four Dragon Regions was too great for the Dragons! Apart from the dozens of Dragon Kings from the Torch Dragon Territory, there were not many Dragon Kings from the other four Dragon Regions. When Su Zimo and the rest arrived at the Kang Long Hall, they looked at the surrounding scene and sighed. The super Big World that once stood at the peak of the Three Thousand Worlds was now dragged down to this stage by the Realm War. Looking at the remaining few hundred Dragon Kings in the hall, it was really sad. Of course, for Long Ran and the others, they were more uneasy and uneasy. Only Su Zimo's expression was normal. From the moment he entered the hall, he had been observing the expressions of the dragons. The dragons did not seem to be out of the ordinary. Even the few Dragons that he suspected the most did not show any signs of being cursed.

The Scorching Sun Dragon Emperor roughly recounted what happened on the Torch Dragon Planet. When they heard that Su Zimo defeated more than 5,000 Cave Heavenly Kings alone, many Dragon Kings looked at him in surprise. Some of the Dragon Kings frowned and were suspicious. However, some of the Dragon Kings looked grateful when they heard that. However, when they heard that the Torch Dragon King was killed by Su Zimo, a wave of anger rose in the hall! Immediately, a Dragon stood out. "No matter what contributions he made, he has to pay with his life for killing the Torch Dragon King!" "The Torch Dragon King was cursed and betrayed the Dragons. He wanted to silence them and that was why Fellow Daoist Su was forced to retaliate," The Nightmare Dragon King tried his best to explain. "The Torch Dragon King is already dead and there's no proof. You can say whatever you want. I only know one thing. This foreign race killed a Dragon King!" "Nightmare Dragon King, as a Dragon, why are you always speaking up for that foreign race?" "Don't tell me you've already betrayed the Dragons!" "Those who aren't of our race are bound to have ulterior motives. On the surface, he's helping the Torch Dragon Planet, but who knows what he's plotting in the dark!" Instantly, the hall fell into an intense argument. To be precise, it was a one-sided suppression. Even with the Nightmare Dragon King's status among the Dragons, he could not defend against the condemnation of many Dragon Kings. Yet, many Dragons echoed such a ridiculous and retarded accusation. In the minds of these Dragons, there was no right or wrong. They did not care about the truth either – they were only left with a consciousness. Those who aren't of our race are bound to have ulterior motives! It did not matter if they were righteous or evil, good or bad, good or evil. As long as they were of a foreign race, everyone had the right to kill them! Of course, many of the Dragon Kings remained silent. Those Dragon Kings looked at Su Zimo with apologetic and guilty gazes. Perhaps they understood that Su Zimo was innocent. However, they did not dare to stand out in such an environment. Anyone who stood out to speak up for Su Zimo would be attacked. The dragons who were against the Hornless Dragon King were extremely excited and their eyes even revealed a sick fanaticism.

Su Zimo frowned and felt a sense of déjà vu. He seemed to have seen that gaze somewhere before. However, the hall was extremely chaotic and clamorous, so he couldn't recall it for a moment. Su Zimo remained silent the entire time. He could not speak. To be precise, no matter how the Dragon Kings argued, there would be no outcome. The key was still the attitude of the Dragon Emperors and the Lord

of the Dragon World!"That's enough,"Right then, the Lord of the Dragon World finally spoke.The Lord of the Dragon World was expressionless as he looked at Su Zimo and said slowly, "Human, I'm sure you've seen the attitude of many members of the Dragon World towards this matter.""According to the rules of Dragons, if you cause the death of the Illumination Dragon King, the Dragons will exterminate your entire clan!""On account of the fact that you once saved the Illumination Dragon Planet, no matter what your motive is, I can make the decision to spare you from being implicated."When Su Zimo heard that, he merely laughed.So, the Dragons were already rotten to this extent.

Chapter 3075

The Hornless Dragon King and the others were worried.It was clear that the Lord of the Dragon World was still trying to convict Su Zimo!"Outsider, why aren't you kneeling down and thanking him?!"The Flash Dragon King hollered, "If not for the Lord of the Dragon World's benevolence, your 10 races would have perished because of you!"The Hornless Dragon King took a deep breath and stood out once more, saying in a deep voice, "Lord of the Realm, Su Zimo has another identity. He's the Peak Master of the 9th Sword Peak of the Sword World.""If we convict and kill him because of that, we'll definitely anger the Sword World."The moment he said that, the quarreling in the hall quietened down.However, there were still some dragon kings who snorted in disdain. "What's so great about the Sword World? They'll pay with their lives for killing my race!"The Frost Dragon Emperor also said, "If Fellow Daoist Su is willing to help, we might be able to unite the Sword World and resolve this crisis for the Dragons."As she said that, the Frost Dragon Emperor looked at Su Zimo with flickering eyes, indicating for him to agree and tide through this calamity first.Su Zimo smiled and cupped his fists. "Thank you for your kind intentions. However, I've already resigned from the position of Sword World's Peak Master. I have nothing to do with the Sword World now.""Y-You're silly!"The Hornless Dragon King sent a voice transmission with his spirit consciousness and said anxiously, "Agree first and we'll talk about it in the future. Nobody knows about this!""You're quite honest."The Lord of the Dragon World smiled faintly. "However, it doesn't matter whether you're the Peak Master of the Sword World or not. You have to pay with your life for the death of the Dragon King. ""That's right, a life for a life!""Let him pay with his blood!""He even slandered the Torch Dragon King for being cursed and betraying the Dragons with evil intentions."Immediately, countless Dragons in the crowd stood out to support the Lord of the Dragon World.Of the remaining eight Dragon Emperors, three or four of them looked at the high and mighty Lord of the Dragon World with a hint of confusion in their eyes and a sense of unfamiliarity.In fact, an extremely daring thought appeared in their minds!However, the Dragon Emperors lowered their heads very quickly.Some of their worlds were shattered, and some of their realms were not high enough. They were no match for the Lord of Dragon Realm.

This slight change did not escape Su Zimo's eyes.The crowd around him was furious, but he didn't care at all.However, Long Li could no longer hold back. He stepped forward, looked at Spirit Dragon King, Radiant Dragon King, and the other Dragons of Candle Dragon Planet, and said loudly, "Are you not going to speak up for him at this time?""All of you on Candle Dragon owe him your lives! Dragons will always repay kindness. Can you still face the bloodline of Dragons and your own conscience?! "These words made all the dragon kings on the Torch Dragon planet ashamed.The Spirit Dragon King and the Radiant Dragon King exchanged glances before mustering their courage and stepping forward.Right at this moment, the Lord of the Dragon Realm pressed down with both hands, emitting an enormous pressure that suppressed all sounds!The Spirit Dragon King and the Radiant Dragon King had just

stepped forward, but they couldn't say a word. "There's no need to argue about this," The Lord of the Dragon Realm waved his hand. "Now that we're faced with a great enemy, this foreign race isn't worth our effort to behead him in public." Immediately, a few dragon kings flashed out and lunged towards Su Zimo with murderous auras. "Hold on!" At this moment, Long Ran suddenly shouted and stepped forward. His voice was so loud and aggressive that all the dragons were stunned. Thereafter, when they saw that it was only a True Dragon, many Dragons sneered with disdain. "Let's see who can catch up!" Long Ran was not disadvantaged in terms of aura against many dragon kings and even a few dragon emperors. He shouted, "I've known Araki Takeshi for many years and we're close friends!" "If you guys push your luck and kill him, Araki Takeshi will definitely descend upon the Dragon Realm!" In Long Ran's mind, he only wanted to delay as much as possible. Araki Takeshi would take a day to arrive and only four hours had passed. Seeing that Su Zimo was about to meet with a calamity, he could not think of a countermeasure and could only brace himself and bring out Araki Takeshi first. If he could intimidate these Dragons, there might be a chance for a turn of events even if it was delayed for a few more hours! Initially, Long Li was filled with grief and indignation as he berated the few dragon kings of Illumination Dragon Planet. When he heard Long Ran's words, he nearly fainted on the spot.

It was fine if Long Ran was bragging to her but she would not take him seriously even if she smiled. Who would have thought that Long Ran would spout nonsense about how he had known Araki Takeshi for many years in public? Who would believe that? That would only backfire and attract endless mockery. When the Hornless Dragon King heard that, he sighed gently and felt a sense of helplessness. The Frost Dragon Emperor shook her head gently. He truly dared to say anything in a desperate situation. Indeed, the hall fell silent for a moment when they heard the words 'Araki Takeshi'. Complete silence. Many Dragons, hundreds of dragon kings and the nine dragon emperors seemed to be stunned by that Dao title! However, the dragons burst into laughter before long! "Hahahaha!" "What did that little true dragon say? He knows Araki Takeshi?" "If you know Araki Takeshi, I've even drunk with Araki Takeshi before!" "When Araki Takeshi was cultivating, this little true dragon was probably just born and was peeing on mud for fun!" Initially, the few dragon kings wanted to step forward to suppress Su Zimo. However, when they heard that, they could not help but burst into laughter. Against the mockery of the dragons, Long Ran's face flushed red. Clenching his fists tightly, his eyes spat fire as he shouted, "I know Araki Takeshi! So what? I've even saved him and imparted him Dao techniques!" "Hahahaha!" These words caused a wave of even more unbridled laughter. Even the few dragon emperors chuckled gently when they heard that. That true dragon was rather interesting. To think that he would bring up Araki Takeshi's Dao title to resolve the crisis. Long Li felt a sense of guilt when he saw Long Ran being mocked by countless clansmen. "It's all my fault." Long Li blamed himself internally, "If I hadn't mentioned Araki Takeshi to him, he wouldn't have known about Araki Takeshi and wouldn't have been mocked so much." "Is it funny?" At this moment, an extremely unfamiliar voice suddenly sounded in the hall. The voice was neither loud nor soft. However, it spread to every corner of the Arrogant Dragon Hall and entered the ears of every single Dragon. In fact, it even suppressed all the laughter!

The laughter gradually died down. The few dragon emperors frowned. They had only heard the voice but did not see who it was! Even their spirit consciousnesses could not detect it. The next moment, the void in the hall tore open and two figures descended hand in hand. It was a man and a woman. They stood in midair and looked at the dragons in the hall. The man had black hair and wore a silver mask. Only a pair of eyes that were as deep as the sea could be seen. The woman wore a blood-colored robe and her black

hair was like a waterfall. Just by standing there casually, she exuded an aura that looked down on the world! Suddenly, the hall fell into a dead silence! All the Dragons widened their eyes in fear, as though their throats were gripped by an invisible hand. Even breathing became extremely difficult, let alone laughing!

Chapter 3076

The Dragon Emperors had solemn expressions. The Lord of the Dragon World slowly stood up from his seat and looked at the two people in midair. His heart trembled and his eyes were filled with disbelief. The Dragon Emperors had never seen Wu Dao's true body before. But they had all seen Die Yue. Back then, this blood-robed woman was like the sun in the sky. She traversed the three thousand worlds and challenged the strongest beings of the ten thousand races. No one could stop her! Even the Imperial Emperors of some super great worlds and powerful races had been defeated by her one after another. She had also come to the Dragon Realm before. She had defeated several Imperial Emperors in this hall before leaving in a carefree manner. Who could stand side by side with Die Yue and hold hands with her? In the three thousand worlds, there was probably only one person who had the qualifications! Emperor Araki Takeshi! Rumor had it that Emperor Araki Takeshi always wore a silver mask that covered his face. It was exactly the same as the one in midair. "Blood Butterfly Demon Empress." The Lord of the Dragon World said slowly. Hearing this name, there was a commotion in the hall. In this life, the Blood Butterfly Demon Empress was too infamous. Even if some Dragons had never seen Die Yue before, they had heard of this name! The Lord of the Dragon World's gaze turned and landed on Wu Dao's true body. He asked in a deep voice, "This is?" Actually, the Lord of the Dragon World and the Dragon Emperors had guessed the identity of Wu Dao's true body immediately. But they were still not sure and did not dare to believe it. Why did Emperor Araki Takeshi and the Blood Butterfly Demon Empress suddenly come here? Could it really be because of that True Dragon? It was simply too ridiculous! The Lord of the Dragon World and the Dragon Emperors wanted a definite answer. "I am Araki Takeshi." Wu Dao's true body said indifferently. Whoosh! As soon as these words were spoken, it immediately caused an uproar in the hall! The dragons were stunned by the 'Araki Takeshi' Dao name and even subconsciously took a few steps back. Their footsteps were chaotic and the crowd surged. In the blink of an eye, a large empty area appeared around Wu Dao's true body and Die Yue!

The hearts of the Dragon Emperors skipped a beat. Who would have thought that this person would actually come! The Horned Dragon King was also dumbfounded. Long Li blinked his red eyes and covered his mouth with his hand, trying not to make a sound. He looked at Araki Takeshi and Die Yue in the air, then looked at Long Ran not far away. He was completely stunned. "Could it be that Emperor Araki Takeshi was really brought here by Long Ran?" Countless doubts flashed in Long Li's mind. "Yes, that must be it!" "Because I once mentioned to Big Brother Long Ran in Beacon City that perhaps only Emperor Araki Takeshi has the ability to quell the War of the Dragons and Phoenixes. At that time, Big Brother Long Ran thought of a way to tell Emperor Araki Takeshi!" "Otherwise, Emperor Araki Takeshi wouldn't be able to descend at this moment." Long Li looked at Long Ran, his eyes filled with gratitude. "I was wrong to blame Big Brother Long Ran. I even mocked him." "But he didn't care. He wasn't even angry because of it. He even secretly informed Emperor Araki Takeshi to help me and the Dragons ..." Not far away, Long Ran was a little scared by Long Li's passionate gaze. After Wu Dao's true body descended, Long Ran was shocked. His original intention was to scare the other party and stall for time as much as possible. Who would have thought that Araki Takeshi would really appear and even come hand in hand

with the Blood Butterfly Demon Emperor! This lineup, this lineup ... Even the group of Dragon Kings who had mocked and ridiculed him just a moment ago were now bewildered. The way they looked at him had changed! Zimo must have secretly informed Wu Dao's true body. That's why he could rush over at this moment. At that thought, Long Ran looked at Su Zimo who was beside him. With a faint smile on his face, Su Zimo nodded slightly and blinked. A single look and Long Ran understood Su Zimo's intentions. Initially, with Wu Dao's true body descending, it was difficult to continue hiding the secret of the two true bodies. However, because Long Ran suddenly stood out, Wu Dao's true body descending seemed logical and had a more sufficient reason. There was no need to expose the relationship between the two true bodies at this moment.

Long Ran was secretly delighted. Su Zimo had hidden himself. This time round, he would fulfill his wish! Ever since he ascended to the Dragons, he had been living a repressed life. Although he had Long Li's help later on, he did not receive much attention among the Dragons. Until this moment ... Apart from Araki Takeshi and Die Yue who were in midair, he had already become the focus of everyone's attention! "May I know why fellow Daoists Araki Takeshi and Xue Die are here?" The Lord of the Dragon World calmed himself down and asked in a deep voice. "Bloody hell, are you deaf?!" Before Wu Dao's true body could speak, Long Ran stood out and hollered, "Didn't you hear me say that if you push your luck and kill us, Araki Takeshi will descend?!" "Are you ignoring my words?!" The Lord of the Dragon World could not differentiate right from wrong and reversed right from wrong. He wanted to kill them earlier on. With Wu Dao's true body as his backing, Long Ran was extremely confident and scolded him without giving him any face. The dragons were all stunned by this scene. A True Dragon actually dared to point at the Lord of the Dragon World and scold him! Although the Lord of the Dragon World had a dark expression and clenched his fists tightly, he did not take any further action – it was clear that he was wary! Wu Dao's true body ignored the Lord of the Dragon World and surveyed his surroundings, saying indifferently, "We're not only close friends, he's also my savior. Were you guys mocking him earlier on?" The hearts of the dragons skipped a beat and none of them dared to meet his gaze. They lowered their heads and kept quiet out of fear! Although Wu Dao's true body's tone was calm, the dragons could sense a bone-chilling coldness from it! It was only when Wu Dao's true body admitted it personally that the dragons were certain that this troublesome problem was truly caused by Long Ran! The few who laughed the loudest earlier on were already trembling in fear. "Little Huang," Long Ran waved it off. "What savior? It's all in the past. There's no need to mention it. Let's just talk about equals." Long Li's gaze towards Long Ran changed gradually. At that moment, Long Ran was indeed shining brightly. "Brother Long Ran is way too low-key. He clearly knows a big shot like Emperor Lord Araki Takeshi, but he has never mentioned it to anyone among the Dragons. Even when he was wronged in the past, he merely smiled and brushed it off. He has never thought of asking Emperor Lord Araki Takeshi to step in."

"I once mocked him but he couldn't be bothered to argue with me." Right then, the Hornless Dragon King suddenly sent a voice transmission with his spirit consciousness and asked, "Daughter, you were quite close to Long Ran previously?" "Yes, what's wrong?" Long Li nodded. "It's nothing," The Hornless Dragon King said, "Long Ran's potential and character are not bad. He's humble, low-key and righteous. Let's interact more in the future and keep in touch." Initially, the Hornless Dragon King did not have much of a feeling towards Long Ran. However, the more he looked at Long Ran, the more he liked him. "Brother Long Ran is indeed worthy of respect," Long Li said, "Back then, Brother Su asked me to

take care of Brother Long Ran. Today, Emperor Lord Araki Takeshi is also willing to cross billions of miles to descend to the Dragon World for Brother Long Ran. This is enough to show Brother Long Ran's character." "Back then in the Lower Dimension, Big Brother Long Ran was definitely a great figure who could summon the wind and summon the rain. Otherwise, how could he have gotten acquainted with experts like Big Brother Su and Emperor Desolate Martial and obtained their respect?"

Chapter 3077

"I'm afraid there's a misunderstanding here." The Lord of the Dragon World said in a deep voice, "I only gave the order to kill that human king. I had no intention of harming Long Ran." "You can't kill Zimo even if you want to!" Long Ran sneered, looking at the Lord of the Dragon World as though he was looking at an idiot. Scorching Sun Dragon Emperor stood out and cupped his fists. "Since Araki Takeshi and Xue Die are here today, let's drop this matter for now. Let's not harm our relationship." Long Ran sneered again. "You're afraid of harming our relationship now, but you wanted to kill all of us just now!" Scorching Sun Dragon Emperor's expression turned ugly. They had already put down their pride and retreated, but Long Ran was still being overbearing. At this moment, Die Yue looked at the Lord of the Dragon Realm and said indifferently, "Dahai, the last time I came to the Dragon Realm, you avoided a battle. You've become much bolder these years, going on expeditions everywhere and initiating wars." Her words caused a huge commotion in the hall. Apart from the few Dragon Emperors, even the many Dragon Kings present did not know about this! In some super domains such as the Dragon World and the Divine World, there were indeed peak Emperor experts who could fight against Die Yue. However, once the two sides fought, the outcome would be unpredictable. Moreover, Die Yue did not have any ill intentions when she visited. She only wanted to challenge the experts of the various races. There was no deep hatred between the two sides, so the peak Emperor experts of the super domains did not attack. Peak Emperor Emperors who cultivated to the perfected Martial Emperor realm only had one goal left. That was to take the final step and become a Martial Emperor! If the world was destroyed because of a battle with Die Yue, they might miss the opportunity to become a Martial Emperor. Therefore, peak Emperor Emperors like Dragon Emperor Dao Hai chose to avoid a battle after Die Yue's visit. Even so, Die Yue dared to be invincible in the various major domains and come and go as she pleased. She had indeed caused a huge commotion in the three thousand realms! The Blood Butterfly Demon Emperor's ferocious name was also made during that period of time through the many Martial Emperor battles! "Do you know about the Yan Sheng Curse?" Die Yue suddenly changed the topic and asked. "I don't."

The Lord of the Dragon World said expressionlessly. Among the Dragons in the hall, the expressions of several dragons changed! Die Yue said, "Those who are cursed by the Yan Sheng Curse will be controlled by others, losing their minds and self." "Although this person's appearance is no different from before, his every move, every word, and every action is under the influence and control of the caster." Hearing this, some of the nine Dragon Emperors came to a realization. Some people had vigilant expressions. Their gazes turned, and they even looked at the high and mighty master of the Dragon Realm! "What are you trying to say?" The Lord of the Dragon Realm asked coldly. Die Yue said, "It's not a coincidence that you Dragons ended up in your current state. Instead, you were manipulated by the witch race and walked step by step into the abyss, sinking into a quagmire." "Nonsense!" The Scorching Sun Dragon Monarch scolded, "What kind of cultivation realm are we? How can we be infected with the Loathe Victory Curse? Xue Die Beast Monarch, if you continue to deceive us, I have no choice but to ask you to leave!" "Not bad!" Another Dragon Emperor stood out and said in a deep voice, "The Dragons do not

welcome you!"In the hall, some of the Dragons that had been silent and fearful suddenly had fanatical looks in their eyes again. They loudly echoed, "The Dragons do not welcome you!" "Humph!"Wu Dao's true body harrumphed softly.The voice was like a clap of thunder in the hall!The cries of the dragons came to an abrupt end.Countless Dragons widened their eyes and felt their minds buzzing as their vision turned dark. That single harrumph caused them to almost spit out blood.Suddenly, the Frost Dragon Emperor asked, "May I ask, Emperor Lord Araki Takeshi, how do you check if one is infected with the Loathe Victory Curse?" "There are indeed no flaws on the surface,"The Wu Dao's true body replied, "As long as your Essence Spirit is revealed, you'll know." "What a joke,"The Scorching Sun Dragon Emperor sneered, "As Emperor Lord experts, we have to hand over our Essence Spirits just because of your baseless speculation? Where's my dignity as a Dragon Emperor?" "You have no dignity before me,"The gaze of the Wu Dao's true body shifted to the Scorching Sun Dragon Emperor and he said slowly, "If you don't hand it over, I can take it personally!"

Before his sentence was finished, Wu Dao's true body released Die Yue's palm and arrived before the Scorching Sun Dragon Emperor in a flash.He was way too fast!The Scorching Sun Dragon Emperor seemed to be prepared as well. He channeled his bloodline right away and his body expanded as he prepared to revert to his true form. A Bloodline phenomenon appeared vaguely.A perfected world was formed behind him as well!Beside the Scorching Sun Dragon Emperor, there were two other Emperor Lords who were prepared to help as well."Roar!"Suddenly, the Wu Dao's true body roared, causing the three Dragon Emperors to shudder and spit out blood. The world behind them could not be formed immediately as well.The next moment, Wu Dao's true body raised his arm and punched the Scorching Sun Dragon Emperor in the chest."Pfft!"The Scorching Sun Dragon Emperor's body was only half formed when it was shattered into pieces by the punch of the Wu Dao's true body and blood mist filled the air!The Wu Dao's true body reached out and grabbed the Essence Spirit of the Scorching Sun Dragon Emperor in his palm amidst the blood mist.It was over.In the blink of an eye, the Scorching Sun Dragon Emperor was defeated and his Essence Spirit was trapped.By the time the dragons reacted, the Wu Dao's true body had already grabbed the Essence Spirit of the Scorching Sun Dragon Emperor and returned to Die Yue's side!The Scorching Sun Dragon Emperor could not even last a single breath before he was suppressed!"What are you doing?!"The Lord of the Dragon World was enraged and hollered with widened eyes and a murderous aura.The Wu Dao's true body ignored him and merely condensed a water droplet on his fingertip, dripping it onto the Essence Spirit of the Scorching Sun Dragon Emperor in his palm.Shing!The moment the seemingly ordinary water droplet touched the Essence Spirit of the Scorching Sun Dragon Emperor, it stirred up wisps of green smoke."Ah!"The Essence Spirit of the Scorching Sun Dragon Emperor let out a series of tragic cries.Right in front of everyone, dark green threads appeared on the surface of his Essence Spirit. They were densely packed and almost covered his entire Essence Spirit!"This ..."Upon seeing this, the Frost Dragon Emperor and the rest of the group were astounded!

The power of a curse!Indeed, the Essence Spirit of the Scorching Sun Dragon Emperor was cursed.Furthermore, by the looks of it, the curse had been on the Scorching Sun Dragon Emperor for a long time and had already covered his Essence Spirit completely!At that moment, the dark green threads on the Essence Spirit of the Scorching Sun Dragon Emperor were gradually melting under the envelopment of the water droplet.The water droplet released by the Wu Dao's true body earlier on was actually the Hell Spring Water.The greatest use of the Hell Spring Water was that it could cleanse the

power of curses. Back then, Qinglian's true body was afflicted with two major curses and she relied on the Hell Spring Water to recover to her original state. After Wu Dao's true body condensed the ten gates of Hell, it was equivalent to him refining the universe and opening up Hell, allowing him to mobilize the Nine Springs of Hell at any time! Indeed, the Hell Spring Water could dispel the cleansing curse. However, the Essence Spirit of the Scorching Sun Dragon Emperor was almost fused with the Yan Sheng Curse. In such a state, the Hell Spring Water was dispelling the Essence Spirit of the Scorching Sun Dragon Emperor as well as the curse. When the curse on the Essence Spirit of the Scorching Sun Dragon Emperor was dispelled, the lifeforce of the Essence Spirit would dissipate as well. Thankfully, the Essence Spirit of the Scorching Sun Dragon Emperor gradually calmed down after the initial pain. He seemed to be gradually regaining his rationality and found himself, understanding what was happening to him! The Scorching Sun Dragon Emperor looked at the Wu Dao's true body with a hint of gratitude. He could finally be freed from the Yan Sheng Curse and regain his freedom! However, it was all too late.

Chapter 3078

"Thank you." Scorching Sun Dragon Emperor's Essence Spirit looked at Wu Dao's true body and sent a thought. After that, his Origin Spirit looked around and looked at the dragons in the hall. Sorrow and guilt surged on his face. "I'm sorry ..." Scorching Sun Dragon Emperor sent out his final thought and his Essence Spirit melted into the Hell Spring along with the Curse of Yan Sheng. Most of the Dragons had yet to react to the series of changes and were stunned on the spot. Scorching Sun Dragon Emperor was dead. Furthermore, he was truly cursed. Although Scorching Sun Dragon Emperor died because of Araki Takeshi, Araki Takeshi seemed to be helping him free. Even before Scorching Sun Dragon Emperor died, he was thanking Araki Takeshi. Could the reason why the Dragon World ended up in this state today be because of the Witch World's manipulation? Some of the Dragons were flustered, as though they were afraid of something. "To think that Brother Scorching Sun would be cursed and lose his mind." The Lord of the Dragon World was heartbroken and sighed. "Thank you, Fellow Daoist Desolate Martial, for helping Brother Scorching Sun break free from the curse and obtain relief. At the same time, you've also removed such a malignant tumor for our Dragon race." Suddenly, the Frost Dragon Emperor said, "The reason why the Dragon World ended up like this is because of Scorching Sun Dragon Emperor. He doesn't have that much power." "Yes," The Lord of Dragon World nodded. "The other Dragons might be cursed as well. I'll get to the bottom of this matter. Don't worry, everyone!" Wu Dao's true body looked at the Lord of Dragon World and said indifferently, "There's only one person who has the ability to lead the entire Dragons into the abyss step by step." Including the Frost Dragon Emperor, a few Dragon Emperors and some Dragon Kings understood the meaning behind Wu Dao's true body's words and looked at the Lord of Dragon World! All these years, under the leadership of the Lord of Dragon World, the Dragons became more and more radical, inciting wars time and time again to conquer everywhere. The pleasure of fighting and killing was indeed extremely satisfying for many Dragons. When other people raised objections, they would be suppressed by louder voices! In fact, some people had long suspected the Lord of the Dragon Realm. However, in the Dragon World, the master of the Dragon World was supreme. He had the strongest combat strength and the greatest authority. Who would dare to question him in the slightest?

Except for Araki Takeshi. "Araki Takeshi, what is the meaning of this?!" The Dragon Realm Lord's face sank, and he said in a cold voice, "Are you suspecting me?" The Frost Dragon Emperor asked in a deep voice, "How do we determine who is infected with the Yan Sheng Curse? Does everyone have to offer up

their primordial spirits? "The risk of handing over his Essence Spirit for others to inspect was simply too great. Anyone would feel conflicted." That won't be necessary." Wu Dao waved his sleeves and a large number of wine cups appeared in front of him. They were filled with spring water and were floating in the air. "This is the water of the Hell Spring. It can dissolve the curse. If you haven't been cursed for too long and drink the water of the Hell Spring, you still have a chance of being saved." "If you're not cursed, there won't be any abnormalities even if you drink a cup." The Frost Dragon Emperor pondered and said, "In other words, if you're cursed, as long as you drink a mouthful of the Hell Spring Water, the power of the curse will immediately manifest!" "That's right." Wu Dao nodded. The other Dragon Emperor frowned and said coldly, "Who knows what's in your wine cups? What Hell Spring Water? We've never heard of it, and we don't know what's in it!" "Two options." Wu Dao said calmly, "Or I'll personally grab your primordial spirits and sprinkle them with the Hell Spring Water." "Or you can choose a cup yourselves." Araki Takeshi! The Dragon Realm Lord was furious and scolded, "Aren't you being too overbearing?!" "I'll go first!" The Frost Dragon Emperor stood out and said, "I believe in Araki Takeshi. With his status, he doesn't have to go through so much trouble to kill us." "What he's doing now is giving us Dragons one last chance!" With that, the Frost Dragon Emperor stepped forward, closed her eyes, and casually picked a cup and drank it. As the Hell Spring Water flowed down her throat, there was a slight coolness. There was indeed a mysterious power hidden in it, but it had no effect on the Frost Dragon Emperor. Many Dragons were watching the Frost Dragon Emperor's reaction. After a while, the Frost Dragon Emperor opened her eyes and said, "There's nothing wrong with this spring water. You can drink it without worry."

Immediately, a second Dragon Emperor stepped forward and drank a cup of Hell Spring Water. After a while, this Dragon Emperor nodded and said, "There's nothing wrong with this water. If you're not cursed, come and drink a cup." "Ridiculous!" The Dragon Realm Lord sneered, "We Dragons will never be manipulated by others. As the Dragon Realm Lord, I won't drink that Hell Spring Water!" "It's fine if you don't drink it." Wu Dao picked up a cup and walked toward the Dragon Realm Lord, saying, "Let me toast you!" Before he finished speaking, Wu Dao had already arrived in front of the Dragon Realm Lord. "Kill!" The Dragon Realm Lord was already prepared. With a shout, he released his Great Perfection World in advance. The two Dragon Emperors who wanted to help Scorching Sun Dragon Emperor also attacked again. They held up a world and suppressed Wu Dao's True Body! The three Dragon Emperors attacked at the same time. Other than the Dragon Realm Lord who was a peak Imperial Emperor, the other two were ordinary Imperial Emperors and peerless Imperial Emperors. Wu Dao's True Body didn't even turn his head. He flicked his finger. A drop of Hell Spring Water pierced through the air. The huge force instantly shattered the ordinary Imperial Emperor's world! The dragons were shocked! Araki Takeshi's combat strength was so terrifying! He didn't even touch the Dragon Emperor directly. He only used the water droplet from his finger to shatter a world! The world shattered. The Hell Spring Water dripped down and splashed on the Imperial Emperor's body. Swish! Wisps of green smoke rose from the top of the Imperial Emperor's head! A few dark green threads appeared in his eyes as well – it was strange and terrifying! However, compared to Scorching Sun Dragon Emperor, the Dragon Emperor's curse was not deep. After the Hell Spring Water dispelled the Yan Sheng Curse in his Essence Spirit, his Essence Spirit was also injured to a certain extent. However, his life was not threatened. Wu Dao's True Body flicked his finger gently. Thereafter, he waved his sleeves and flung them back, slapping the peerless Dragon Emperor's world heavily. Boom! There was a deafening bang! The peerless Dragon Emperor's world collapsed as well. The sleeves of Wu Dao's True Body carried a large amount of Hell

Spring Water mist that scattered on the peerless Dragon Emperor's body.

"Ah!"The peerless Dragon Emperor shrieked tragically as a dark green color appeared in his eyes with a pained expression.The Hell Spring Water was working on his body.The three Dragon Emperors attacked at the same time. In the blink of an eye, the Dragon Realm Lord was the only one left!The Dragon Realm Lord had no way of dodging. He supported a perfected world and released his bloodline phenomenon at the same time. His aura surged to its peak as he roared into the skies!His dragon roar was so loud that it pierced through the clouds!

Chapter 3079

Back then, the Lord of the Dragon Realm was the only top expert who could fight against Die Yue.His strength was naturally not to be underestimated.If Wu Dao's true body wanted to suppress him, he only needed to bring out Martial Universe.However, once Martial Universe was released, the commotion was too great. The power that burst forth was also extremely terrifying, close to the Thearch Realm!The Fiend Lord had once reminded him not to create a commotion like the battle of the Grand Wilderness.Facing the Lord of the Dragon Realm, Wu Dao's true body did not intend to release Martial Universe.Boom!Wu Dao's true body raised his hand and punched, condensing endless Dao and laws. Wu Dao's will collided with the Lord of the Dragon Realm's world, causing a loud bang!The Lord of the Dragon Realm's world shook continuously, but coupled with his bloodline phenomenon, it actually withstood Wu Dao's punch!If the Origin Martial Grotto-Heaven took another step forward and formed a world, Wu Dao's true body's bloodline power would also increase exponentially.He could destroy the Lord of the Dragon Realm's perfected world with his bare hands.Now, he was still lacking."Araki Takeshi is only so-so!"The Lord of the Dragon Realm laughed loudly, his spirits lifted.Facing this world, Wu Dao's true body could also shatter it with a few punches.However, hearing the Lord of the Dragon Realm's words, Wu Dao's true body could not be bothered to waste time with him. He directly took out the Hell Suppressing Cauldron and smashed it over!The four Saint Souls revolved, and dragon roars intertwined!Boom!Heaven and earth shook, and the surrounding Proud Dragon Palace was on the verge of collapse. Dust rustled down!Immediately after, a cracking sound came from the world formed by the Lord of the Dragon Realm.Cracks appeared under the Hell Suppressing Cauldron, spreading rapidly like a spiderweb!It shattered!In just a moment, a perfected world collapsed on the spot!Even the Lord of the Dragon Realm's bloodline phenomenon was shattered into pieces.In the battle of the Grand Wilderness, the Hell Suppressing Cauldron absorbed the bloodlines of the four Saint Beasts and was reconstructed. In the hands of Wu Dao's true body, the power that erupted was no weaker than the Thearch Divine Weapon back then!The Dragon Realm Lord's eyes widened in shock.

Before he could react, he saw Wu Dao's real body flip the Prison Suppressing Cauldron upside down, and the whole cauldron of Hell's Spring Water poured down on him!Wu Dao's main body originally only wanted to toast him with a cup of spring water.Since the Lord of Dragon Realm was unwilling to submit, he could only respect him!In the blink of an eye, the master of the Dragon Realm was drenched from head to toe, drenched from head to toe by the Hell's Spring.In the next moment, green smoke rose from the top of his head.Dark green threads also appeared in his eyes. They were the signs of being infected by the Yan Sheng Curse!The master of the Dragon Realm was infected with the Yan Sheng Curse to a lesser degree than the Scorching Sun Dragon Emperor.However, he was much heavier than the other two Dragon Emperors.Even if he could temporarily preserve his life under the Hell Water Spring, his

Primordial Spirit would most likely be severely injured, and he would not have much time left. The Dragon Realm Master was drenched in the Hell Spring Water and was in great pain. Although he was still fighting with all his might just now, he seemed to have realized something at this moment. He did not make a sound, only gritting his teeth and silently enduring the pain, his body trembling! Seeing this scene, the dragons had complicated expressions, and a trace of sorrow rose in their hearts. The master of the Dragon Realm was also cursed, controlled, and lost his mind, leading the Dragons step by step into the abyss, until today, when he was in such an irreversible situation! Under the command of the Frost Dragon Emperor and the remaining Dragon Emperors, the dragons in the hall drank the Hell Water one after another. Among them, some Dragons who were infected with the Yan Sheng Curse were exposed. However, compared to the number of Dragons in the hall, there were not many Dragons who were infected with the curse. Many Dragons stared blankly at the master of the Dragon Realm and some of his clansmen who were enduring the pain and cleansing the curse. They were at a loss, helpless, and even disappointed... These clansmen were infected with the curse, lost their minds, and were controlled by others, which was why they did so many things to harm the Dragons. However, they were not infected with any curse. All these years, they followed behind the master of the Dragon Realm and these Dragons and committed countless crimes. In the end, they could not keep their bottom line and released the evil in their hearts, falling into madness.

Although they were not infected with the Yan Sheng Curse, they still lost themselves. Su Zimo could not help but be secretly shocked when he sensed all of this. The Yan Sheng Curse was not the most terrifying thing. Using the Yan Sheng Curse to bewitch the hearts of people, causing the originally upright and kind people to gradually transform into demons, was the most terrifying thing! The Hell Spring Water could resolve the curse on them. However, who could resolve the curse in their hearts? Even if the Dragons survived this calamity, their vitality would be greatly damaged, and they would not be as strong as before. As time passed, the Yan Sheng Curse on the Dragons gradually disappeared. Some Dragons had been infected with the Yan Sheng Curse for too long, and their ending was similar to that of the Scorching Sun Dragon Emperor. Not long after, they died. However, most of the Dragons who were infected with the curse survived. For them, it was a fate worse than death right now. The injuries to their Essence Spirits were secondary. When they recovered their minds and found themselves, everything they had done all these years naturally appeared in their minds. Every single memory was stained with the blood of their clansmen and innocent living beings, causing them to feel tormented internally! "Fellow Daoist Araki Takeshi, I'm sorry ..." The Lord of the Dragon Realm's face was pale and his aura was weak. He stood up and bowed deeply in the direction of Wu Dao's true body. "You don't have to apologize to me," Wu Dao's true body shook his head gently. Up till now, the Dragons had not harmed them. The Dragons were the ones who suffered the most damage to the Lord of the Dragon Realm and the others – the entire Dragon Realm! The Lord of the Dragon Realm surveyed his surroundings and looked at his dejected clansmen. He could not help but feel sorrow and tears streamed down his face. The Dragons that were initially powerful for a period of time were left with only these clansmen and they were in such a miserable state! He had almost destroyed the entire Dragons! The calamity of the Dragons this time round was not only a blow to the Dragons in terms of strength. It was a heavy blow to the hearts, essence, and spirit of the Dragons! No one knew how many years it would take for them to recover from such damage. Would the Dragons still have a chance?

Suddenly, Die Yue asked, "From what I know, the conditions for the Yan Sheng Curse are rather harsh.

As long as you're prepared, you won't be controlled by others." "Hais." At the mention of this, the Lord of the Dragon Realm sighed deeply. "Back then, the Lord of the Witch World came to visit and said that he had discovered the ruins of an ancient Emperor. He invited me to head there together with him and I agreed because I was tempted." "I was wary of the Lord of the Witch World the entire time and did not dare to be careless. However, there were many restrictions in the ruins and we were all infected with a long lost ancient poison." "Given our cultivation, we can suppress the ancient poison temporarily. However, we can't dispel it and it's a hidden danger in our bodies." Die Yue smiled faintly. "I'm sure the Lord of the Witch World knows how to dispel it long ago." The Lord of the Dragon Realm nodded and laughed self-deprecatingly. "Now that I think about it, the reason why he was infected with the poison back then was to gain my trust." "A few years later, when he returned to the Dragon Realm, the ancient poison in his body had already been dispelled. I asked him about the method and he said that there was a secret method of the witch race that could dispel the poison." "As the Lord of the Dragon Realm and I was in the Dragon Realm at that time, I don't think he would dare to have any other thoughts. Dragons will never be forced by others. If he dared to use this opportunity to do anything to me, I would kill him even if I died!" At this point, everyone could guess what happened next. The Lord of the Dragon Realm said, "I've never heard of the Yan Sheng Curse nor did I know that there was such a terrifying curse in the world. I also didn't know that this curse could cause one to lose their mind and sense of self." "Furthermore, after he cast the technique, the ancient poison in my body was indeed dispelled and I didn't sense any signs of being infected with the curse. Therefore, I let him leave ..." "Dahai, how ... how could you be so greedy and careless!" The Frost Dragon Emperor sighed in sorrow for his misfortune. Now that the Lord of the Dragon Realm was being controlled, it was much easier to create an opportunity for the other Dragons to be infected with the curse. Su Zimo suddenly asked, "What poison did you get infected with?" This question was a little abrupt and came from the human king who had been silent all this while.

The Lord of the Dragon Realm glanced at Su Zimo and hesitated for a moment before saying, "The Nether Calamity Poison."

Chapter 3080

Su Zimo's heart skipped a beat when he heard about the Nether Calamity Poison. When he heard the Lord of the Dragon World describe this matter, he mentioned an ancient poison that even Imperial Lords could not resolve and thought of what had happened in the Flower World. Just as expected! The poison that the Lord of the Dragon World was infected with was the Nether Calamity Poison that had once spread in the Flower World! In a previous epoch, the Poison World relied on this poison to become one of the super worlds and other worlds were not willing to provoke it! Back then, when they headed to the Land of Day and Night, they were ambushed by cultivators of the Tomb Realm, Blood World and Poison World. Su Zimo saw traces of Witch cultivators along the way. This time round, there was also the Witch race stirring up trouble behind the scenes. Among the worlds that joined forces with the Wutong World to attack the Dragon World, there were also the Tomb Realm, Blood World and Poison World ... Could all of that be a coincidence? If it was not a coincidence, what was the connection between those worlds and the Witch World? Or could it be that the Blood World, Tomb Realm and Poison World were already controlled by the Witch World using the Yan Sheng Curse? It was hard to say for the other worlds. However, the Lord of the Dragon World was infected with the Nether Calamity Poison and then planted the Yan Sheng Curse by the Lord of the Witch World. It was clearly done by the Witch World and Poison

World! Be it the Nether Calamity Poison or the Yan Sheng Curse, they could be said to be the greatest killing weapons of the Witch World and Poison World. Only the masters of the two worlds working together to plot against the Lord of the Dragon World would have a chance of success! Of course, there were still some doubts. Logically speaking, the Nether Calamity Poison and the Yan Sheng Curse should have been lost long ago. How could they be revived in this era? Furthermore, Su Zimo did not believe that there was any secret technique of the Witch race that could resolve the Nether Calamity Poison. Then, what did the Lord of the Witch World rely on to resolve the Nether Calamity Poison in him and the Lord of the Dragon World? There was such a huge problem with the Dragons. The Flower World was probably unable to escape the spread of the Nether Calamity Poison. Was there no problem with the Wutong World that had been fighting with the Dragons for many years?

The war of dragons and phoenixes that engulfed hundreds of worlds lasted for many years. On the other side, the two super worlds of the Kun Peng World also broke out. Just these two battlefields involved nearly half of the worlds were involved and countless living beings died because of it! The Witch Tribe was behind the Battle of the Dragons and the Phoenixes. Did the Sorcerer Tribe participate in the Battle of the Roc? Back then, outside the Land of Day and Night, in order to save Xiao Yao, he had fought against the Kun Race's experts. At that time, the King of the Kun was with a King of the Sorcerer race! Furthermore, according to Carefree's description, the Kun race was not normal either. Normally, when someone discovered that Xiaoyao had the Kun Peng Bloodline and showed signs of atavism, the most important thing to do was to protect him and nurture him with all the resources. However, Carefree was almost killed by the King of the Kun race, even though the success rate of the Blood Transfusion Technique was very low. Su Zimo could faintly sense that there seemed to be a pair of invisible hands weaving a giant net in the dark, covering the countless realms! All the realms and living beings on the giant net were merely prey for the pair of giant hands.... The internal problems of the Dragons had been resolved. But to the Dragons, there was an even greater danger! The armies of Wutong World and hundreds of other worlds had already occupied more than half of the territory of the Dragon World. A great war could break out at any time! At that time, the Dragons might even be exterminated! There were only eight Imperial Emperors left among the Dragons. Four of them were severely injured in the previous Thearch battle, and their worlds were shattered. Among the remaining four, the three Dragon Emperors, including the Lord of the Dragon World, had just broken free from the Yan Sheng Curse. Their Essence Spirits were either lightly or heavily injured, and their combat strength was greatly reduced. Once the Thearch battle broke out, even with the dragon souls on Dragon Island, the Dragons would not be able to hold on for long. "Emperor Araki Takeshi." The Lord of the Dragon World came in front of Wu Dao's original body with a heavy expression. He gritted his teeth and knelt down! "Realm Lord!" This scene attracted the exclamations of countless Dragons.

Although Araki Takeshi was invincible, he was only an Imperial Emperor after all. The Lord of the Dragon World was also an Imperial Emperor and the Lord of a Realm. It was indeed unexpected and shocking for him to do such a thing. "I, Mo Hai, am no longer worthy of being the Lord of the Dragon World. As for my dignity, I have been manipulated by the Lord of the Sorcerer World for so long. What dignity do I have left?" Emperor Mo Hai laughed bitterly and said, "Emperor Araki Takeshi, I no longer have the face to live in this world. I will guard Dragon Island until I die in battle." "But these people of the Dragons are innocent. I hope that Emperor Araki Takeshi can help me. Take my people away and leave some hope for the Dragons ..." "Senior Araki Takeshi, please help." Long Li also ran over with red eyes. As she spoke,

she also knelt down. "There's no need for that." Wu Dao waved his sleeves and helped the two of them up. Long Li also seemed to know that her words carried little weight. She did not know Araki Takeshi. One was in the sky, and the other was on the ground. She subconsciously looked at Long Ran, who was not far away. Long Li's expression was dark and pitiful. There was a hint of pleading in her beautiful eyes. Long Ran could not take it anymore. He coughed softly and said, "Little Huang, look, how about ... Of course, if it's really difficult, I can understand." "It's nothing." Wu Dao waved his hand and said, "There's no need to go through so much trouble. Rest well on Dragon Island. I will take care of this." "Huh?" Emperor Mo Hai, Long Li, and the other Dragons were stunned. They did not understand what Wu Dao meant. "Too many living beings have died in the war between the Dragons and the Phoenixes. It's time to stop." Wu Dao said calmly. This sentence was said very plainly, but when everyone heard it, they felt a kind of unquestionable power! Long Li could not believe her ears. Even Emperor Mo Hai did not dare to hope that Wu Dao would come out and settle this war that had lasted for many years. Initially, he only hoped that Wu Dao's true body could save some of his clansmen so that he could die without regrets. He could not believe that anyone had the ability to end the war between the Dragons and the Phoenixes!

"Fellow Daoist Araki Takeshi, please allow me to say something," Pondering for a moment, Emperor Mo Hai said, "There are hundreds of worlds in the Wutong World, Blood World, Tomb Realm and so on. There are more than a hundred Imperial Emperor experts!" "Furthermore, they are coming aggressively with an army. I'm afraid they won't stop the war easily." "Fellow Daoist Araki Takeshi, you only have two people on your side. Against hundreds of worlds and an army of countless living beings, I'm afraid ..." Emperor Mo Hai could tell that Die Yue was injured. Although Araki Takeshi had a glorious battle record, the other party had more Imperial Emperors this time round and their formation was even larger. Perhaps only a Great Emperor would be able to suppress the power of hundreds of realms by himself. "We have enough." Wu Dao's true body glanced at Die Yue before continuing, "Furthermore, it's not up to them to decide whether to fight or to make peace." The dragons were shocked when they heard that! "What war between the Dragons and the Phoenixes ..." Wu Dao's true body said meaningfully, "This is more like the Dragon Phoenix Tribulation."
