Chapter 75 You Just Make Me Sick " You're never wrong ." Andy clinked his glass against Tilda's , and they shared a knowing grin . The two of them were in sync , and every word was like a kick to Wade's pride . His expression darkened , fists tightening at his sides . Finished For the first time , Wade felt cornered - mocked and humiliated right in front of everyone . And worst of all , the perpetrator was his little sister . It was unbearable . " Hey , don't you think you're pushing this too far ? " Clive hadn't meant to step in , but hearing Tilda humiliate Wade like that made him snap .

Wade was his friend , after all . " Clive , are you standing up for Wade now ? Ever heard of minding your own business ? What makes you think you can interfere ? " Do you think barging in makes you a hero ? Pushing this too far ? I'm just speaking the truth . You don't know a thing , so shut it ! " Tilda knew Wade and Clive were close . But if Clive wanted to defend Wade , she'd roast them both . " Tilda ! You- " Clive's face turned red in anger from getting chewed out for nothing . He actually felt a little sorry for Tilda earlier when he heard Wade's side of things .

For a moment , he had even leaned toward her . But the way Tilda shot her mouth off wasn't pleasant . Kyla is the best . She's sweet , gentle , and well - mannered . If Tilda had been like Kyla , she never would've said that ! " No wonder the Jensons only doted on Kyla and barely noticed Tilda . The gap between them was huge . If Clive had been in Wade's shoes , he would've made the same choice . " Clive , stay out of it ." Wade finally spoke , cutting Clive off before he could clap back at Tilda . Clive snorted , turning away angrily .

Wade said seriously , " Tilda , I truly need to speak with you . " Wow , being calm now ? Tilda frowned slightly . That wasn't Wade's usual style . Finished Maybe he finally learned to play it cool . At least this time , he wasn't yelling , trying to hit her , or spitting curses like she was trash he wanted gone . " Oh ? But I'm not interested . I've got no time for you . " Talking to a loser like you is way more boring than drinking with Andy " Tilda went all in , crushing Wade's pride without a second thought . Her disgust was plain as day .

Why should she bother ? Back then , she would've bent over backwards just to hear him out , and he brushed her off . Now , she didn't care anymore . She had cut him off and moved on . But Wade still talked down to her , like she was supposed to listen . Not this time . Tilda ! " After being humiliated again and again . Wade finally snapped . His voice trembled with rage . " So , the mask is finally off , huh ? Wade , this is who you are - no point in hiding it . " Why bother acting like the caring big brother ? You just make me sick !

" If I hadn't asked Andy to take my lawsuit , you'd never even look at me . " Oh , so now that your family's pride is on the line , you're getting all nervous ? Suddenly trying to act like the loving brother ? "

What do you take me for ? Some stray dog that comes running and wagging its tail just because you toss me a little kindness ? " Her words hit Wade like freezing water . He stood there , speechless . He told himself to stay calm . She had every reason to hate him . But why couldn't he hold it together ? Clive interrupted , " Tilda , you're going way too far .

Wade has admitted he was wrong . He just wants to fix things ! " " Admitted it ? He never means well . I don't care if he feels guilty . I'm done making peace . The Jensons are leeches to me . I want nothing to do with them ! " Tilda's words shut Clive down instantly . " Forget it , Wade . Your sister is impossible . Talking to her is useless . If we stick around , we'll just get trashed again . Let's go ! " Clive didn't want to take another scolding , and watching Wade get torn into like that was unbearable . He tried pulling Wade out of there .

But Wade shook Clive off quietly , keeping his eyes locked on Tilda . Tilda , I do have something to say to you . " 37 % Finished Andy spoke up , " Hey man , can't you take a hint ? Bugging a girl after she already said no ? That's not very gentlemanly . " Wade said nothing . He knew he looked pathetic , but he still had to talk to Tilda .
