Chapter 91 He Looked Happy As long as you live your own life and remember the skills I passed on , our bond won't ever break ." " Yeah ... But now that you're back , Master , I don't have to just remember . I can feel you right here , on the other side of this chat box , with me . " Tilda felt a surge of emotions . She had walked away from the net in her previous life and never contacted this student again .

But in this reborn life , she had returned , and with her return came pieces of herself she thought were gone forever - friendships , connections , the light she'd once lost . She and DJ talked for half an hour . " Sorry , Master . I've got to board a plane back to Cetherland . Something urgent came up at home . " " Go on then . Be safe . We'll have plenty of time to talk later Yes , Master . " Later . There'll be plenty of chances later . For DJ , that was enough . His Master was back . And this time , she wasn't leaving . Yvoria , a private airstrip .

Dominic's assistant , Matthew Carter , stood at his side . Impeccable suit , gold - rimmed glasses , hair slicked back to perfection . Every inch of him screamed discipline and efficiency . He spoke politely , " Mr. Jenson , the plane is ready . " " I know . " Dominic shut his phone , rose , and strode toward the jet with long , measured steps . Matthew froze . What he caught out of the corner of his eye Is it just a trick of the light ? Dominic had just finalized negotiations in Lucien , securing a deal worth billions .

After hearing what happened back home , his face had been blank , his entire body radiating a cold , dangerous air . No one dared get close , afraid of provoking the lion and being ripped apart . But ... While waiting for the plane , Dominic had been holding his phone , chatting with someone . And he looked ... happy . Just now ... he seemed to have smiled . Matthew couldn't remember the last time he'd seen Dominic smile like that in public , with no family around . It was like he had recovered a treasure he thought he'd lost forever .

That night , Tilda slept peacefully . The Jenson family , on the other hand , didn't sleep at all . At breakfast , the air was heavy and suffocating . Russell , Blair , and Howard all had dark circles under their eyes . Kyla and Wade didn't look any better . Everyone knew tomorrow was the day of the trial . The Jensons hadn't even managed to find a decent lawyer . Andy had driven them all away . Their attempt to bribe him had backfired , leaving them humiliated , forced to apologize to Tilda , and toyed with in her palm . Never had they been so disgraced .

And they couldn't think of a single way to strike back . Kyla bit into her toast , but when she saw no one speaking , her lip trembled . Her nose stung , and tears rolled down her cheeks like broken pearls ,

spilling uncontrollably . No matter how hard she tried to hold it back , her shoulders shook . " Kyla , what's wrong ? " Howard , sitting closest , o the first to notice . Every gaze in the room snapped to her . " I'm sorry , Howard , Dad , Mom , Wade ... this is all my fault .

" If I had never come into the Jenson family , Tilda wouldn't have hated me , and none of this would have happened . " If I just left - or disappeared - it would all be better . I feel so guilty , it hurts so much , because you've given me 18 years of love , warmth , and comfort . " But my existence has only brought trouble to this family , made Dad and Mom suffer like this ... " Her voice trailed off . She covered her face , gritted her teeth , and sobbed silently . Her whole body radiated grief , guilt , and self - blame . Howard's heart nearly broke .

He quickly patted her head , trying to calm her . " Kyla , don't think like that ! None of this is your fault ! It's all Tilda's fault ! " If she weren't so cruel , if she could accept you as a sister , none of this would have happened . " You don't need to take on even a shred of responsibility for this ! " Russell spoke then , too , " Yes , Kyla . This whole thing started because of me . If anyone is to blame , it's me . You don't need to carry this . " Kyla jerked her head up like a startled rabbit , shaking it wildly . " Dad , please don't say that . If you say that

I'll only feel even more Guilty . " " Enough . We're a family . What's done is done . Stop pushing the blame around . What matters now is finding a solution . " - Blair finally spoke , her voice calm , her eyes soft with pity as she looked at Kyla . She turned to Wade . " It's almost time for school . Take Kyla and go . " Leave this matter to your father and me . We'll find a way to handle it . " " Mom ...
