Chapter 1031: Task Difficulty – Max (1)

Cai Qinyue cautiously asked Lucy: “Miss Goodman, why are you willing to help us?”

“I’m a foreigner. I don’t know much about your culture. However, I want to expand into the Eastern markets. Therefore, I need someone to help me and give me a bit of advice. I believe Ms. Cai fulfills my requirements as you’ve had some dealings with the Zhai family. The Zhai family is one of the largest local families so you will definitely be able to help me.”

Upon hearing this, Cai Qinyue did not know how to respond. She didn’t associate with the Zhai family... The only thing that associated the Zhai family with her was Jian Yiling.

“About that...”

“Ms. Cai, are you not willing to help?” Lucy asked with a smile.

“No. That’s not what I meant.”

Cai Qinyue paused for a moment. This was a rare opportunity for her to help her daughter. She could not miss this opportunity.

She knew that it was impossible for her daughter to be acquitted. However, there was the possibility for her daughter’s sentence to be lessened.

And even if she couldn’t help Lucy, it was Lucy who took the initiative to approach her. She couldn’t be blamed for this.

For now, she would get Lucy to help her daughter.

“Of course, I’m willing to help,” Cai Qinyue promised Lucy.

“That’s good. From tomorrow, you will come to work for me. I will not treat you poorly in terms of salary and benefits.”

“Okay,” Cai Qinyue responded happily.

###

Jian Yiling and Wen Zhe’s task applications both got accepted.

Then, the organization notified them of the meeting place.

The two of them went together to the laboratory. It was the same laboratory as the one where Jian Yiling had her assessment.

Yu Xing came to greet them.

This time, there were five people completing the task. In addition to Jian Yiling and Wen Zhe, there were three others.

After a while, those three people arrived. One of them turned out to be Qin Chuan.

Wen Zhe was not happy to see him.

Was this guy here for his sister?

He had to watch over his sister! He would not give him a chance to bully his sister!

And thus, Wen Zhe stared at Qin Chuan. It was as though he was looking at a thief.

If Qin Chuan did anything that would harm his sister, he would not forgive him!

Then, a middle-aged man arrived. He was slightly older and had average looks.

The middle-aged man asked Yu Xing: "Ms. Yu Xing, why is a surgeon here? I don't think this mission requires a surgeon's abilities and talents. In fact, the numerical simulation of the long-term evolution of the subduction of the Caroline Sea has absolutely nothing to do with surgery."

This task involved the knowledge of geology, computing algorithms, complex functions, integral transformations, signal processing, and geophysics.

Yu Xing smiled before she replied: "This was decided by the management. I'm not sure why they made this decision. But since they made this decision, there must be a reason for it."

Jian Yiling's task application was not approved by her.

The last person to arrive was Lucy. She also applied for this task.

"Why are you also here?" Wen Zhe asked. His eyes were filled with hostility as he looked at Lucy.

"Don't be mistaken. I didn't come here because of you guys. In fact, it has nothing to do with you guys. I simply want to complete this task to rank up," Lucy replied.

She wanted to use the power and influence of Xunyu to find the location of their family compass. However, her current rank did not give her enough authority to use all the resources of Xunyu.

Then, Lucy eyed Jian Yiling with disdain and said: "In comparison, it appears as though Miss Jian's participation in this task is stranger. As far as I know, this task does not involve medicine nor surgery right?"

Chapter 1032: Task Difficulty – Max (2)

Lucy was talented in mathematics. And hence, she could provide support in that area.

Qin Chuan had expertise in computers and electronic communications.

The middle-aged man was a geologist.

And Wen Zhe was a genius when it came to physics.

Other than Jian Yiling, everyone's talents and areas of expertise were related to the mission.

Wen Zhe retorted: "None of your business! Your area of expertise is maths! I know how to do maths as well! Therefore, we don't need your help! I can do your part as well!"

As a genius in physics, Wen Zhe was also naturally very good at maths.

Upon hearing this, Lucy calmly replied: "I'm just expressing reasonable doubts. Any normal person would ask such a question. After all, she's a surgeon. Why would a surgeon be involved in the numerical simulation of the Caroline Sea? Isn't that strange?"

Wen Zhe puffed out his cheeks and replied: "My sister knows a lot of things! She's super competent and capable! It's not strange at all."

Although Wen Zhe had a high IQ, in the end, he was still a child. Therefore, he had a childish temper.

He could not accept that someone was looking down on his sister. As he was angry, his little fists became clenched and it looked as though he was about to fight someone.

Qin Chuan also spoke up for Jian Yiling: "Yiling's academic performance has always been good. Therefore, she can certainly help in the numerical simulation of the long-term evolution of the subduction of the Caroline Sea."

Yu Xing smiled and said: "Everyone is here to complete the given task. Since the management allowed you guys to work together, naturally, they believe that all of you have the skills for this task. If you have doubts about your teammates, you can ask the association."

Lucy was technically not against Jian Yiling being a part of this task.

She knew the rules. Since the management team decided to let them come together to complete this mission, she would work with Jian Yiling for the next few days.

After all, she wanted to rank up.

They were all here to reap the rewards. As a result, arguing was not beneficial to anyone.

Wen Zhe glared at Lucy with a huff.

Then, the five of them entered the laboratory and began to work.

Jian Yiling picked up a stack of papers and was ready to do calculations.

"It's better to hand those things to me. You're not suited for this task. Go over there and see what you can help with."

Lucy attempted to take the stack of papers from Jian Yiling's hands. Those papers required a lot of calculations on advanced mathematics.

Upon seeing this, Wen Zhe became angry again: "Why are you looking down on my sister? My sister is capable of doing those calculations! Give those papers back to her! She's going to finish them!"

Wen Zhe crossed his arms and glared at Lucy.

This woman was so annoying! She was a nuisance!

Lucy smiled and replied: "Don't tell me a surgeon knows how to do advanced mathematics. I'm not looking down on her abilities. It's just that she's really not cut out for this."

Everyone knew what a surgeon could do.

As a surgeon, Jian Yiling was meant to be good at holding scalpels and not good at doing mathematics.

The middle-aged man beside them added: “Just go and organize the files. Try to not interfere with our work. The time used to complete this task will also be evaluated. Delaying the rest of us will not be beneficial to anyone.”

If it wasn’t for the arrangement of Xunyu’s management, he would not want to work with Jian Yiling.

Yu Xing who was meant to be assisting the rest of them stated: “If Miss Yiling does not know how to do something, you guys can teach her. You’re teammates. I don’t care about your relationships after this task, however, you’re all working together right now. It will be better for everyone to work together.”

Chapter 1033: Task Difficulty – Max (3)

Lucy: “In the time we spend teaching her, we would have completed the task already.”

Jian Yiling reached out for the papers. Her eyes were sharp as she said: “Give the papers to me. Don’t waste my time.”

Wen Zhe: “Yeah! Give my sister the papers!”

Qin Chuan frowned and added: “Miss Goodman, are you trying to ruin this task for us?”

Lucy laughed: “Alright. I will give these papers to you.”

Naturally, Lucy did not want to ruin this task for everyone.

After Jian Yiling took back the stack of papers, she speedily began to do the calculations.

She wrote out the formula on a blackboard and began to do the complicated calculations.

When Yu Xing, Lucy, and the middle-aged man saw this, they had a surprised look on their face.

As a surgeon, why did she know about these things?

These calculations could not be done by ordinary maths students. They could only be done by professionals in this area.

In addition to surgery, was Jian Yiling talented in mathematics as well?

When Wen Zhe saw the looks on their faces, he proudly said: “Although my sister is a surgeon, she knows these basic things as well. She’s unlike a certain individual who thinks they are super duper great just because they know a bit of maths.”

Lucy was surprised for a moment before she turned her face away.

She did not want to admit that Jian Yiling was smart. She did not want to admit that Jian Yiling was someone who deserved to stand beside him.

She assumed that they were the ones who had the same interests. An interest in mathematics that Jian Yiling could not be involved in.

After Wen Zhe worked for a while, in his spare time, he secretly sent a message to Zhai Yunsheng:

Last night, he added Zhai Yunsheng as a friend.

[Future brother-in-law, my sister and I accepted a task from Xunyu. However, it turns out that the man who likes my sister and the nasty girl from the Goodman family are here as well.]

Not long after, Wen Zhe received a reply from Zhai Yunsheng:

[Don't let them approach your sister.]

[You don't need to tell me that. Rest assured. My sister doesn't like that man. She only likes you.]

[How do you know she likes me?]

[My sister said it herself.]

[What were her original words?]

[Well, she said she liked you.]

As Zhai Yunsheng held his phone, a foolish smile appeared on his face.

[Watch them for a while. I will come over now.]

[Future brother-in-law, we're in Xunyu's laboratory. You won't be able to come in.]

After Wen Zhe sent that message, Zhai Yunsheng did not reply for ages.

And thus, Wen Zhe lowered his head and continued to work.

Half an hour later, Zhai Yunsheng suddenly appeared in front of them.

How... Did he get in?

Even Yu Xing was surprised to see this.

This was Xunyu's laboratory. How did an outsider just barge in?

After Zhai Yunsheng entered the laboratory, he walked over to Jian Yiling and hugged her.

"Let's go home."

"Future brother-in-law, please calm down. My sister and I are completing a task right now," Wen Zhe said as he hurriedly ran over to Zhai Yunsheng.

"The task is canceled."

"How can you just say that?" Yu Xing asked with a frown on her face. She looked at Zhai Yunsheng with hostility.

"Well, see for yourselves. Is that task canceled or not?" Zhai Yunsheng replied. His tone was cold and unruly.

Yu Xing looked down on her tablet. To her surprise, she saw that the task had actually been canceled.

How could this be?

This task had only just begun! Why was it suddenly canceled?

Chapter 1034: Lucy is Fired From Xunyu

"And you. You're fired," Zhai Yunsheng said as he looked at Lucy with a cold and disgusted gaze.

His words were a huge blow to Lucy.

Lucy hurriedly looked at her tablet and realized she could no longer access Xunyu's system.

The facial recognition and fingerprint recognition no longer worked.

Only those individuals who had their details removed from Xunyu's system could no longer open the tablet.

And thus, Zhai Yunsheng's remark about her being fired was true. It was not just a casual remark.

Upon realizing this, Lucy blankly stared at the man whom she liked.

He just... Fired her.

This was Zhai Yunsheng. A wild and arrogant man.

She knew that he was this type of person. However, she didn't expect him to treat her like this.

Just like that, she was removed from being a member of the Xunyu Natural Science Research Association!

Yu Xing was also confused. She asked Zhai Yunsheng: "Young Master Zhai, what did you do?"

Yu Xing recognized the man in front of them. He was the Young Master of the Zhai family. He was also a sickly individual.

However, the Xunyu Natural Science Research Association was founded by individuals that even the Zhai family feared! How could he possibly interfere with their decisions?

Zhai Yunsheng merely laughed. It seemed as though he was looking down on the people in front of him.

Qin Chuan, Lucy, Yu Xing, and even Wen Zhe looked at Zhai Yunsheng in surprise.

They all had questions.

However, Zhai Yunsheng did not say anything else. Instead, he left the laboratory with Jian Yiling.

The laboratory door did not stop him. The system recognized him and the automatic door opened itself.

It seemed as though he could enter and leave this place at his own will.

This meant that either there was a system error or the Xunyu system already had Zhai Yunsheng's information recorded.

After Jian Yiling sat down on the passenger seat, Zhai Yunsheng helped her fasten her seatbelt.

“How did you...”

Jian Yiling looked at Zhai Yunsheng in confusion. She did not understand his actions today.

“I don’t want you working with that man,” Zhai Yunsheng said.

“Which man?”

“The one with the surname Qin!”

“But... Xunyu’s task...”

“Don’t think about Xunyu anymore. The answer you’re looking for isn’t there.”

Upon hearing this, Jian Yiling looked down.

Zhai Yunsheng reached out to gently stroke Jian Yiling’s hair: “You don’t need to work so hard for my sake. I want you to be happy. I’m not meant to be a burden to you.”

Jian Yiling slowly nodded her head.

The remaining individuals in the laboratory took a while to come back to their senses.

The task had been canceled and Lucy was fired from the Xunyu Natural Science Research Association.

Although it was only two sentences from Zhai Yunsheng, it had a huge impact on the rest of them.

Even though Lucy was a member of the Goodman family, she was still unable to sway any decision in the Xunyu Natural Science Research Association. As a result, she could only use her own talents to become an ordinary member of the association.

Then why could Zhai Yunsheng achieve this?

Lucy’s face was very pale.

Yu Xing could only gently comfort her: “Don’t be sad... This matter... It isn’t your fault.”

However, Lucy was not comforted by Yu Xing’s words.

The Xunyu Natural Science Research Association was an opportunity for her to change her circumstances! Now that she lost this opportunity, her circumstances would become incredibly grave.

Furthermore, Zhai Yunsheng did this to her. This made the entire thing even more difficult to accept.

Qin Chuan’s eyes were deep. No one knew what was going through his mind at this moment.

“Ah!” Wen Zhe suddenly yelled out. “They didn’t take me with them!”

However, at this moment, Zhai Yunsheng and Jian Yiling had already disappeared.

It appeared as though the brain of the little genius could also lag from time to time.

Chapter 1035: Reality Show

Master Zhai tricked Zhai Yunsheng and Jian Yiling.

When the reality show <Dear, We Live Together> made their guest announcement, Zhai Yunsheng and Jian Yiling discovered their names on the list.

However, Zhai Yunsheng and Jian Yiling never signed up for this reality show.

Furthermore, they never received any information from the reality show team. Only after the announcement today, Jian Yiling and Zhai Yunsheng discovered this reality show for the first time in their lives.

However, neither of them contacted the reality show team? Who applied for them?

After they asked, the reality show team said that Master Zhai applied for them.

Zhai Yunsheng immediately called Master Zhai.

When Master Zhai received the call, he happily said: "You brat, I told you to bring Yiling on a honeymoon a long time ago. However, you never listened to me. Therefore, I decided to help you out a bit. I entered you guys into the show already. And the show already announced its guest lineup. Therefore, everyone already knows about this. If you back out of this, the entire Internet will criticize you. I know you don't care about people criticizing you but are you okay with people criticizing and verbally attacking Yiling?"

Master Zhai knew what Zhai Yunsheng was afraid of.

"What exactly do you want?" Zhai Yunsheng asked his annoying grandpa who was up to no good.

"I don't really want anything in particular. I just want you guys to put down your jobs for a bit and do a few things together as a couple. For example, have a romantic dinner or date together as a couple."

"Well, normal couples don't have dates in front of thousands of netizens."

"And what's the difference? It's still a date. Besides, you usually don't get much alone time with Yiling anyways. Just use this show as an excuse. That way, you can spend twenty-four hours a day and seven days a week with her! You can show off your affection to Yiling and make other guys incredibly jealous, no?"

Master Zhai refused to admit that he wanted to see a date happen between his grandson and his granddaughter-in-law.

In his eyes, the two of them were rather unreliable when it came to these things. As a result, he had to supervise them.

"Alright," Zhai Yunsheng agreed.

Was Zhai Yunsheng compromising or was he convinced by Master Zhai's reasoning?

When he heard this, Master Zhai was not assured. And thus, he called Jian Yiling.

"Darling, I'm sorry. I selfishly entered you into a reality show."

As soon as the call went through, Master Zhai immediately apologized.

This was the kind of situation that Jian Yiling was unable to deal with.

“Darling, could you please participate in the show? Pretty please... I want to see you on TV... I’m quite old already... I don’t have many more years to live... Could you fulfill this little wish of mine?”

“Mhmm...” Jian Yiling replied. She did not know how to reject Master Zhai’s ‘little wish’.

“Hehehehe! Darling, you’re the best! Then it’s decided!”

As soon as Jian Yiling said yes to him, Master Zhai could finally rest assured.

<Dear, We Live Together> was one of the hottest reality shows. All the episodes were live-streamed.

The idea of the show was to present to the audience how the guests lived on a day-to-day basis.

As a result, couples participated in the show, siblings participated in the show, and even parents and their children participated in the show.

There were all different kinds of guests.

Some of the guests were celebrities whilst others were sports stars and famous individuals.

Jian Yiling and Zhai Yunsheng were classified under the eSports category. As they won the <Zerg Invasion> tournament, they became well known to the netizens.. Furthermore, due to Jian Yiling’s excellence in academics and other news related to her, she was basically already considered as half a public figure.

Chapter 1036: God Z’s Identity

After the reality show made its announcement, this post topped the Weibo hot search.

Everyone was extremely curious about the guests that were going to participate in the reality show.

Furthermore, there were many people interested in Jian Yiling and Zhai Yunsheng’s group.

[God Ling and God Z! The visuals in eSports!]

[Oh my god! I’m looking forward to watching this! After that tournament, [Domination] stopped participating in other tournaments. I haven’t seen God Ling and God Z since then!]

[Are they living together? Are they married?]

[Well, I’ve heard of some rumors before. Apparently, God Ling and God Z come from wealthy families. I’m not sure if these rumors are true though.]

[Well, we will learn if it’s true or not when the reality show airs no?]

[A prince and a princess from a wealthy family have the same interests and hobbies. I’m so jealous!!!]

[Hasn’t God Z’s identity always been mysterious? If he’s entering such a show, he’s essentially disclosing his identity, no?]

[Either way, I’m keen to watch this. We will soon learn whether or not he’s actually from a wealthy family.]

After the official announcement from the reality show team, other guests made a post on their Weibo.

However, there was no reaction from Zhai Yunsheng and Jian Yiling. The number of posts on Zhai Yunsheng's Weibo did not change. Furthermore, Jian Yiling still did not have a Weibo account.

However, hundreds of new comments appeared on Zhai Yunsheng's previous Weibo post.

People began to urge him to make another Weibo post.

[God Z, please make another Weibo post!]

[We're all waiting for you to make another post!]

[God Z, when is God Ling making a Weibo account?]

Perhaps, the summons of the netizens was effective. After a while, Zhai Yunsheng made a Weibo post.

[See you on the show.]

It was five simple words.

However, his fans were incredibly grateful for this post. They hurriedly left comments under it.

In fact, some netizens noticed that once again, the big shot from Tianxing Group shared God Z's post.

Furthermore, he added the comment: [Looking forward to it.]

[What the heck? Once again, that big shot shared God Z's Weibo post!!!]

[If I were to guess, there's definitely a relationship between that big shot and God Z!]

[I'm getting more and more curious about God Z's identity.]

On the other hand, the few people in Beijing who knew about Zhai Yunsheng's identity were also surprised to learn that he was going to participate in a reality show.

They weren't surprised about God Z's identity. However, the news that he was participating in such a show shocked them.

[What the heck? What's happening? Why is Master Sheng participating in a reality show? Doesn't he hate these kinds of events? He didn't even accept the interviews from financial reporters and magazines.]

[Doesn't Master Sheng hate cameras? He barely even takes photos. When he participated in the Zerg Invasion tournament, he even got people to remove his photos there. Is he really going to participate in a reality show???]

[Is Master Sheng going to show us public displays of affection? Is this for real? I can't believe this.]

[I mean, he's engaged already. Why is it difficult to believe?]

[I thought that he got engaged because Master Zhai forced him to.]

[Really? I heard that Master Sheng treats his fiancée incredibly well.]

[Well, that's to be expected. After all, they participated together in a tournament. They definitely have feelings for each other.]

[Hm... Even if that's the case, it's difficult for me to imagine how Master Sheng plans to show off his affection.]

[Well, the Zhai family was protecting Jian Yiling right? Isn't that enough to show that Master Sheng likes her?]

[Well, that's not necessarily the case. They could be protecting her to save their own ego.]

Everyone who knew Zhai Yunsheng found this hard to believe. Zhai Yunsheng had always been an arrogant and unrestrained individual. As a result, it was a little hard to imagine him showing off his affection towards Jian Yiling on a reality show.

Chapter 1037: Aren't They Meant to Be Rich?

People from the reality show came to the apartment where Zhai Yunsheng and Jian Yiling lived to install cameras.

Cameras were installed in the kitchen, living room, study room, and even the balcony area.

"Wow~ Am I going to be live-streamed as well? I'm so looking forward to it!"

Wen Zhe was full of anticipation. He was going to be live-streamed!

His cute and handsome image would definitely attract a lot of fans, right?

Hehehehe, he had to dress up for this! He would ask his stylist to design his image!

"Sister, what day is the show on?"

"Every Saturday and Sunday."

As the live streams were on Saturday and Sunday, it would not affect Jian Yiling's day-to-day work. As a result, she did not really mind.

Furthermore, this reality show was unlike the previous one she went on with Brother Yumin. Back then, they were given special tasks and activities. Here, if she had to be somewhere, she could just leave. On the other hand, if she just wanted to stay at home all the time, that was a possibility as well.

However, Jian Yiling did not know that Zhai Yunsheng was already planning out every Saturday and Sunday. He was going to use this reality show as an excuse to go on dates with Jian Yiling.

"Wait? That means we're going to be live-streamed tomorrow! Ahh! I must go to my stylist tomorrow morning then!"

Although Wen Zhe was quite young, he cared a lot about his appearance.

"Sister, you should come with me to the stylist as well! Everyone will see your beautiful side and you can charm them to death!"

"No need," Jian Yiling replied. She was not very concerned about her appearance on set.

When Wen Zhe heard this, he stared at his sister for a while before he commented: “Hmm, I guess that’s fair. Even if you don’t put makeup on, you look prettier than those female celebrities!”

Wen Zhe was definitely a big fan of his sister.

Early the next morning, the live stream began.

Many of Zhai Yunsheng and Jian Yiling’s loyal fans were already waiting.

Everyone wanted to learn more about God Z’s identity. Furthermore, they were interested in seeing whether or not God Z was from a rich and powerful family.

When the live stream began, the image of a rather ordinary apartment appeared in front of the viewers.

The apartment did not look very big. The decoration in the apartment was very minimalist and the color scheme was black and white.

It was far from the mansion that the viewers had expected.

[Oh? Isn’t this just an ordinary apartment? It doesn’t look like a mansion.]

[Yeah, it’s just an ordinary apartment. The apartment doesn’t look that big either.]

[It seems as though God Z isn’t from a rich and powerful family. That rumor was probably untrue.]

[I feel like their apartment looks quite similar to my apartment. Who was spreading those rumors? For a moment, I almost believed those rumors!]

Most of the viewers did not know Zhai Yunsheng’s identity. As a result, when they saw the apartment in the live stream, they became somewhat disappointed.

However, a few of the viewers knew Zhai Yunsheng’s identity. Those viewers were curious about the future matriarch of the Zhai family. What was she like?

In the live stream, Zhai Yunsheng and Jian Yiling were wearing casual clothes.

They played video games together.

This was to be expected. After all, even though they didn’t play professionally anymore, they were still regarded as gods in the eSports circles. It was totally normal for them to play games during the weekends.

Zhai Yunsheng’s visuals were amazing as always. The viewers could sense his testosterone levels through the screen.

[Wow~ God Z is so handsome! Oh my god!!!]

[Naww, God Ling is adorable.]

[God Ling~ I love you~ (づ 3 ゝ) づ?~]

[Even though she looks adorable, she will destroy you in video games.]

Chapter 1038: A Wardrobe Full of Limited Edition XDL Items

Compared to the carefully arranged programs of other guests on the show, Jian Yiling and Zhai Yunsheng merely played their own video games. It was very boring to watch.

They did not speak to their viewers. In fact, they didn't even introduce themselves to the viewers.

At first, the audience was a little curious about Zhai Yunsheng and Jian Yiling's apartment. However, they gradually began to lose interest.

The two of them played video games for around an hour. As the viewers could not see the computer screen, it was rather boring for them.

An hour into the live stream, out of the eight groups, Zhai Yunsheng and Jian Yiling's stream had the fewest viewers. They were the least popular group.

Master Zhai had been waiting in front of his computer since early in the morning. When he saw what his grandson was doing, he was a little annoyed. What was his grandson doing? Why was he just playing video games with Yiling?!

Why weren't they going on a date? He's just wasting such a good honeymoon opportunity!!!

Ahhh!!! He was so angry!

Master Zhai wanted to curse.

In fact, he was ready to call the reality show team! He would get the reality show team to make arrangements for them!

Master Zhai had a lot of ways to get what he wanted!

By the time Wen Zhe came back from the stylist, the live stream had been on for two hours.

Ahhh, he was late! He didn't manage to catch the start of the live stream!

On the way back, Wen Zhe opened the live stream. When he saw the comments, Wen Zhe became a little upset.

Then, his eyes lit up and a cheeky smile appeared on his lips.

Wen Zhe hurriedly rushed home and appeared on the live stream.

Wen Zhe specifically asked his stylist to style his hair. In addition, he was wearing a mini suit. His appearance was handsome yet cute.

"Sister! Brother-in-law! I'm back!" Wen Zhe cried out.

At this time, Zhai Yunsheng and Jian Yiling had just finished a game.

Wen Zhe ran into Jian Yiling's arms for a hug.

All the viewers instantly became curious:

[Who is this little boy? His facial features are so damn exquisite!]

[Is he God Ling's little brother? Wait, Brother Yumin is God Ling's older brother, right? Wow... Their family genetics are amazing...]

[I think he's her cousin.]

[Either way, their genetics are top-notch.]

Zhai Yunsheng glared at Wen Zhe. However, Wen Zhe seemed very proud of himself.

"Sister~ My wallet broke. Do you have spare wallets? Can you give me one?"

Wen Zhe took out his broken wallet. An aggrieved look appeared on his face.

"Go to the cloakroom. You can pick one for yourself," Jian Yiling replied. She wasn't very interested in wallets and bags.

All the wallets and bags she owned were placed in the cloakroom.

However, Jian Yiling wasn't sure whether or not there was a wallet suited for Wen Zhe in the cloakroom.

Most of the wallets and bags she owned were used by females.

Wen Zhe pulled Jian Yiling over into the cloakroom.

The camera in the living room was switched to the camera in the cloakroom.

When viewers saw the items in the cloakroom, they became completely dumbfounded.

Jian Yiling's cloakroom wasn't very large. However, her entire cloakroom was filled with treasures.

There was a shelf filled with bags, a shelf filled with clothes, and a shelf filled with shoes.

[What?! So many limited edition XDL bags!]

[Wait... Am I seeing things?! Those are limited edition XDL bags! The ones that only VVVVVVIP members can get!]

[Wait... The one at the bottom of the shelf! Isn't that the only one in the world? It's Lily designed by Diana, the CEO of XDL!]

[Wait... That's probably fake, right? Why would she have that bag?]

[It shouldn't be fake..? That bag isn't something that can be bought with just money!]

Chapter 1039: God Ling, Do You Want To Be My Older Sister?

Although the limited-edition bags were impressive, the other bag attracted the attention of everyone on the Internet.

That bag was shown at one of XDL's previous launches. XDL's CEO Diana had introduced the bag to the media and stated that she personally designed it. Furthermore, there was also only one copy of that bag in the entire world.

Diana also publicly said in front of the media that afterward, this bag would be given to a very important lady.

After that launch, the bag hadn't appeared in front of the media.

Therefore, it was shocking to see the appearance of this bag in Jian Yiling's cloakroom.

Because of the appearance of this bag, the number of viewers in Jian Yiling's live stream skyrocketed.

This topic even entered Weibo's hot search.

Everyone was speculating whether the bag was genuine or not.

And if it was genuine, how did Jian Yiling get this bag?

Lucy also saw this news. When she saw that Jian Yiling potentially owned the limited edition bag called Lily, her brows became furrowed.

Even if the other limited edition bags in Jian Yiling's cloakroom were impressive, to the Goodman family, it was not a big deal.

However, the bag that was called Lily was different.

Her spoiled cousin once asked Diana for this bag. However, she was turned down by Diana.

And now, for some reason, this bag appeared in Jian Yiling's cloakroom. To make matters worse, it was casually placed in a not very conspicuous position on the shelf.

Was it real or fake?

If it was real, then Zhai Yunsheng was really willing to spend money on Jian Yiling. This bag would have cost a fortune.

Lucy knew Jian Yiling's identity. She was a well-known surgeon and the successor of Xuming Medical Manufacturers.

She wasn't poor. Therefore, she could easily buy luxury bags. However, the Lily bag was completely different. A person wouldn't be able to buy it just because they were rich.

Qin Yufan was also watching the live stream. She wasn't watching the live stream because of Zhai Yunsheng. Instead, it was because of Jian Yiling.

"Oh my goodness. Does she own that bag? Then why hasn't she ever used it?"

Qin Yufan remembered that Jian Yiling usually carried a small black backpack.

As the bag was incredibly unique and everyone in Beijing talked about it for some time, Qin Yufan also knew about the bag designed by Diana.

Then, she looked at the other dresses and bags in Jian Yiling's cloakroom. Many of these items couldn't be purchased with just money.

It was very impressive.

“Hmm... It seems as though Master Sheng treats Yiling rather well. Even though Yiling doesn’t usually wear those things, she has everything that she might need. In the past, I felt as though he was hopeless when it came to romantic things. However, he even managed to get that bag for her. Quite impressive...”

Wen Zhe rummaged around the cloakroom before he finally picked a cute and simple bag.

Even though the bag was cute and simple, it was still very expensive.

It was a classic XDL purse. There were only nine hundred and ninety-nine of these purses worldwide. The original selling price was four hundred thousand. However, nowadays, the price in the second-hand market had already reached roughly a million dollars.

“Sister, I want this one.”

“Okay,” Jian Yiling answered. She didn’t even hesitate.

Jian Yiling was not interested in these things. She hadn’t bought any of the things here. They were all gifted by other people.

Upon hearing this, many comments appeared in the live stream: [God Ling, do you want to be my sister?]

Chapter 1040: Helping His Brother-in-Law

[I want to be God Ling’s older sister. That way, I can help her bear the burden of her cloakroom.]

[You guys can be God Ling’s older sister! I will be different! I want to be her younger sibling!]

[I want that little boy’s information right now! He’s so cute~]

[I’m already twenty years old, but I feel like I should wait until the little boy grows up~]

[I don’t really care about the limited-edition bags. What I care about is the young boy’s visuals~]

The viewers were shocked to see Jian Yiling’s cloakroom. Although the cloakroom was not big by any means, every item in the cloakroom was the best of the best.

Some of the viewers immediately wrote comments under XDL’s Weibo post. They asked whether or not the Lily bag in Jian Yiling’s cloakroom was real.

If it was real, God Z and God Ling’s background would definitely be amazing.

And if it was fake... Well, what could they say? Why would you dare to get a counterfeit item when there was only one in the world?

As XDL’s Weibo account did not reply to the comments, the viewers could only continue to speculate.

However, because of this matter, Zhai Yunsheng and Jian Yiling’s live stream grew in size. They reached around three million viewers.

A lot of the viewers stated that they weren't interested in seeing whether they were rich. Instead, they wanted to see how rich people's lives were also simple and boring.

This caused the other groups of guests to become a little envious.

After all, being from a wealthy family seemed quite convenient. Even if you didn't do anything, you would attract a big wave of attention.

After they left the cloakroom, the cameras cut back to the living room. However, when the cameras passed by the balcony, a few attentive viewers noticed boxes of XDL's scar removal cream and hair growth water.

There were entire boxes casually placed in a corner of the balcony.

[Wait, aren't we only allowed to purchase a few at a time? Is that restriction only placed on poor people? What about rich people?]

[Those bottles of hair growth water cost more than a thousand each! They're just being randomly chucked into a corner. Ahhhh... My heart hurts so much.]

[Hair growth water is useless and ineffective. God Ling, please throw them away. Whilst you're at it, tell me where you threw them!]

[Am I the only one who noticed the view from the balcony?]

[I noticed it as well! The apartment appears to be in the middle of Beijing!]

Then, some viewers began to dig further into this information.

They quickly realized that this apartment was not located in an ordinary neighborhood. Instead, it was the most expensive neighborhood in Beijing named Fangyue.

Every square meter in this neighborhood would cost at least three hundred thousand dollars.

Yes, every square meter of living space costs three hundred thousand dollars.

Therefore, an apartment that was a hundred square meters in size would cost thirty million dollars! It was definitely not cheaper than other mansions!

Furthermore, to live in such an area, you had to be wealthy and powerful. If you only just had money, you wouldn't necessarily be able to purchase an apartment in this neighborhood.

Zhai Yunsheng and Jian Yiling continued to be relatively quiet. However, Wen Zhe was jumping around.

"Oh right! I booked a camping activity for you guys! It will be on top of a mountain in the countryside tonight! Apparently, we will be able to see a meteor shower!" Wen Zhe said happily.

He couldn't let the netizens diss his sister and future brother-in-law!

If his future brother-in-law didn't organize romantic activities for his sister, then he would!
