Chapter 1141: Strange Old Man (2)

Along the way, the sunlight dappled through the leaves of the trees.

The chirps of insects and birds could be heard from time to time. In addition, the gurgling of a stream in the distance reminded Jian Yiling and the others that they were not far away from the waterfall.

After traveling a winding path, the waterfall mentioned by Jin Jin appeared in front of everyone.

At the bottom of the waterfall, a mist of water could be seen.

The place was secluded and picturesque.

Not far away from the foot of the waterfall, there was a small hut.

The hut was made out of yellow mud and straw. It seemed as though it was constructed from materials in the last century as nowadays, even huts used steel and cement as a foundation.

That was probably where the strange old man lived.

Jian Yiling noticed a garden next to the hut. There were a lot of plants in the garden.

However, the things planted were not ordinary fruits or vegetables. Rather, it was medicinal herbs.

As they passed by the front of the yard, Jian Yiling noticed that the medicinal herbs were not growing well.

Whilst Zhai Yunsheng and Jian Yiling were enjoying the scenery below the waterfall, the strange old man came out of the hut.

‘The strange old man had white hair and seemed roughly sixty or seventy years old.

He had a thin build and a slightly hunched back.

“What are you guys doing? This is my land? Shoo shoo. Go away!” the old man scolded as soon as he came out.

‘When Yu Xi heard this, he felt rather cranky. However, he patiently said to the old man: “Sir, we’re just here to appreciate the waterfall. We will be quiet. We will leave soon.”

“No, you have to leave right now! And go as far away as you can! You guys are being eyesores here!” the old man replied. This was not up for discussion.

“You shouldn’t say such a thing. Perhaps the hut next to the waterfall belongs to you. However, the waterfall isn’t yours. So why can’t we appreciate it? We weren’t making noise were we?”

“So what? I don’t want you to be here! And if I say this waterfall belongs to me, then it is mine! And I’m telling you right now to get out of here. If not, I will go get a broom to drive you guys out!”

As he said this, the old man picked up a home-made broom and began to aggressively drive them away.

Yu Xi: "Sir, there's so many of us here. Why would we be afraid of you? However, we don't want to fight you. There's no need to bully elderly people."

A look of disdain appeared on the old man's face when he heard this: "You guys have a lot of people? The men you have behind you are just pretty to look at! Their muscles aren't even amazing. In fact, they're probably weaker than the broom I have in my hand!"

Yu Xi was shocked at how shameless this man was. Just pretty to look at?

Everyone behind him had been carefully trained by the Second Master of the Zhai family!

Their arms were thicker than the thighs of this strange old man!

Yu Xi helplessly said: "Ahh... Why don't you listen to me? I don't want you to hurt yourself!"

However, the old man began to shoo them with a broom: "Get lost! All of you, get lost!"

Then, the old man began to hit the bodyguards with his broom.

At first, the bodyguards tried to dodge the hits. However, the old man managed to hit them precisely on the calf with each blow.

And thus, the bodyguards had no choice but to fight with the old man.

However, even though the bodyguards worked together, the old man was as nimble as a monkey. He kept dodging left and right and the bodyguards could not even touch him.

Zhai Yunsheng and Jian Yiling quietly watched the scene in front of them..

Chapter 1142: Strange Old Man (3)

Even though the old man appeared to be running around with no direction in mind, his every movement was very precise, flexible, and agile. He toyed around with Zhai Yunsheng's bodyguards who claimed to be among the best in the world.

At first, Yu Xi assumed that Zhai Yunsheng's bodyguards were just going easy on the old man. However, when he heard them panting, he quickly realized that the old man was actually more than he seemed.

The old man was much better than Zhai Yunsheng's bodyguards when it came to combat abilities.

Not long after, the old man used his broom to smack down Zhai Yunsheng's tall and fierce-looking bodyguards.

The old man once again held up his broom and yelled: "Why don't you leave now?!"

Zhai Yunsheng turned around and said to Jian Yiling: "Let's go."

Jian Yiling nodded her response.

Then, Jian Yiling pushed Zhai Yunsheng's wheelchair in the direction to leave. When she passed by the front of the strange old man's house, she said to him: "Atractylodes should grow in saline soils. You're growing them in the wrong soil."

After saying that, Jian Yiling continued to walk away.

"Wait a moment," the old man called out to Jian Yiling. "You just said that *Atractylodes* should be planted in saline soils? Do you know how to grow medicinal herbs?"

"I know a bit," Jian Yiling answered.

Yu Xi grabbed Jian Yiling's arm and said: "God Ling, ignore this old man. He's very bad-tempered."

However, the old man continued to question Jian Yiling: "Then where should I grow *Paris Polyphylla*?"

Jian Yiling glanced at the plant that was dying before she replied: "It likes warm and humid areas. It's cold and drought resistant. However, it hates frost and sunlight. It's suited for areas with sandy soil. Planting it next to the river or in the shade of the mountain would be optimal."

The old man planted *Paris Polyphylla* right under the sun. Naturally, it would not grow well.

The old man narrowed his eyes and changed his grumpy attitude: "Little girl, you actually know how to plant medicinal herbs."

Upon hearing this, Yu Xi hurriedly said: "Of course! God Ling knows a lot!"

The old man sneered before he replied: "Well, I'll advise you to not come to this place. It's not good for you."

He was shooing them away for their sake.

If something happened to them, they wouldn't even have a place to cry.

"What do you mean by that? Are there snakes or tigers here?" Yu Xi asked. He didn't understand the old man.

If they couldn't be here, why could the old man be there? Wasn't this a joke?

"Okay," Jian Yiling replied. She didn't ask further.

When Jian Yiling turned around to leave, the old man somewhat reluctantly asked: "Little girl, do you know anything else about medicinal herbs? If so, could you write it down on a piece of paper?"

Yu Xi: "Old man, you were shooing us away. Why are you asking God Ling to help you now?"

"So what? I do what I want!" the old man said shamelessly. "Also, I won't take your information for free! The one in the wheelchair. I can make him better."

Naturally, Yu Xi did not believe in the old man's words. The old man didn't even know what condition Master Sheng had. He was simply speaking nonsense.

Before getting a response from Jian Yiling, the old man headed straight towards Zhai Yunsheng.

Zhai Yunsheng's bodyguards walked up to stop him however the old man knocked them down in three blows.

It was even quicker than before!

It appeared as though the old man was holding himself back earlier!

Chapter 1143: Strange Old Man (4)

How was this possible?

Wasn't this old man a little too strong?!

In his recollection, even Jian Yiling's cousin Jian Yiheng wasn't this strong.

A shocked expression appeared on Yu Xi's face.

Why was there a martial arts expert in such a remote mountain village?!

'As the bodyguards could not stop the old man, the old man walked over to Zhai Yunsheng to check his pulse.

Zhai Yunsheng did not fight back. Instead, he just sat there quietly.

After the old man checked Zhai Yunsheng's pulse, he suddenly raised his head and looked at Zhai Yunsheng in surprise.

"Why do you have such a strange pulse?"

Someone who was capable of understanding Zhai Yunsheng's condition just by checking his pulse definitely knew his stuff.

'A frown appeared on the old's man face as he pondered about this.

This was the first time in his life he encountered such a strange pulse.

Although Zhai Yunsheng's pulse was considered healthy, it was not considered the same as an ordinary person's.

After a long pause, the old man asked: "Do you guys live around here. Tell me your address. I will go to look for you as you guys shouldn't stay here any longer."

Yu Xi whispered to Jian Yiling: "God Ling, you should be wary of people. This old man is strange..."

Jian Yiling also recognized that this old man was a little strange.

However, the old man had just shown off his amazing martial art abilities. If he really wanted to do something to them, no one could stop him. And thus, there was no need for him to take the extra step.

Jian Yiling already formulated a plan to help Zhai Yunsheng get better. However, the plan wasn't set in place yet. If there was another alternative, she was willing to try as well. More options meant that there was more hope for A Sheng.

"We live in Jinshui Village in the home of a girl named Jin Jin," Jian Yiling replied.

"Jin Jin? I know that girl. Alright, you guys head back for now. I will go to look for you later on."

Initially, the old man was only interested in learning how to plant medicinal herbs. However, he was now curious about Zhai Yunsheng's physical condition.

After he finished speaking, the old man began to shoo them away again. It appeared as though he really did not want them anywhere near here.

He was indeed a strange old man.

Why did he want all of them away from there? It wasn't like this place had some hidden treasure or something.

After returning to Jin Jin's house, Jian Yiling asked Jin Jin some things about the man.

"Have you not seen him before?" Jin Jin replied.

"Me? Why do you ask that?"

"Well, you rolled down from that mountain. I found you next to the waterfall. That's why I assumed you've been there before and seen that old man before."

She was found there?

The side of the waterfall was indeed a steep slope covered by thorny vines.

Just now, Jian Yiling had seen that. However, she didn't expect that her injuries were caused by that slope and those vines.

"Nope," Jian Yiling replied as she shook her head.

"Well, we call that man Grandpa Sun. No one knows his name. He's always lived in the Jinshui Village. In the past, he lived in that hut with his grandpa. After his grandpa passed away, he stayed there for a few more years. Then, he left the hut for some time. Roughly ten years later, he came back again.

Ever since then, he's never left again."

Jin Jin only knew so much about Grandpa Sun. She rarely interacted with this strange old man. And thus, she mostly knew stories about him that the other villagers spoke of..

Chapter 1144: Master Sheng's Transformation (1)

In the afternoon, Grandpa Sun appeared at Jin Jin's place.

He brought along a bunch of medicinal herbs.

Grandpa Sun once again took Zhai Yunsheng's pulse. This time, Jian Yunmo, Liu Ting, and the others watched from the side.

It was rare for Grandpa Sun to encounter a condition he could do nothing about.

And thus, Grandpa Sun had been thinking about this the entire time.

Just now, as he wanted this little girl's knowledge on planting medicinal herbs, he promised that he could help this man get better.

Back then, he assumed that it was going to be a very simple matter. A simple transaction of a few herbs to get this little girl's knowledge on planting medicinal herbs.

However, things were much more complicated than he initially thought.

Despite this, Grandpa Sun did not like to go back on his words.

Even though he was an ill-tempered person, he would never go back on his word.

Although he took a step back from everything, back in the days, he was a well-known individual. And thus, how could he not keep his word?

Grandpa Sun: "Little girl, I've thought about it. I can't cure his condition. However, I can teach him some martial arts. Although these martial arts won't make his body better, they can strengthen him. This will make his qi and blood better and thereby strengthen his muscles and bones. This can to a certain extent protect his heart and reduce the possibility of him falling ill."

This was the plan Grandpa Sun formulated. Although it could not remove the root cause, it could help Zhai Yunsheng get stronger. Therefore, he was technically not really going back on his word.

In reality, Jian Yiling was not too confident about the old man treating Zhai Yunsheng's condition.

However, she was willing to let the old man teach Zhai Yunsheng some martial arts. After all, everyone saw his capabilities earlier in the day.

Grandpa Sun: "If you agree, we can make a deal. You can teach me how to plant medicinal herbs whilst I teach this man some martial arts."

Jian Yunmo asked: "Sir, why are you so generous? Why are you willing to pass on your skills to someone you've only met twice?"

Grandpa Sun huffed through his nose and replied: "Well, it's in exchange for this girl's knowledge in planting medicinal herbs."

As he said this, Grandpa Sun thought to himself that he was making a really bad deal.

Ahhh, he wouldn't make a promise so easily next time.

Upon hearing this reply, Jian Yunmo said: "Well, we can provide you advanced herbal cultivation techniques if you can really help my brother-in-law recover."

"Advanced herbal cultivation techniques?" Grandpa Sun asked as he looked at Jian Yunmo suspiciously.

"Yes, we have an advanced set of medicinal herb planting technology and equipment. It has an automatic function for watering and fertilizing. In addition, it can monitor and adjust the pH of the soil according to the preferences of different plants and herbs. All of this can be explained to you," Jian Yunmo

replied.

This indeed seemed very useful.

When he heard this, Grandpa Sun felt as though he wasn't making such a big loss anymore.

"Well, I always keep my word! So you guys better get that technology ready for me!" Grandpa Sun exclaimed.

Jian Yunmo turned his head to look at Jian Yiling and Zhai Yunsheng. He waited for their response.

The final decision was in their hands.

Zhai Yunsheng said: "No need."

This was no different from anything else he did. If something would happen, then there was no avoiding it unless the root cause was treated.

"Do it," Jian Yiling replied. Her answer was completely different from Zhai Yunsheng's. "I've prepared a treatment plan for him. A Sheng needs to have a strong enough body to withstand my treatment plan.."

Chapter 1145: Master Sheng's Transformation (2)

Zhai Yunsheng snapped his head around to look at Jian Yiling.

A treatment plan?

What treatment plan?

Jian Yunmo explained for Jian Yiling: "My sister created a treatment plan for you. However, in order to implement the plan, certain conditions have to be satisfied first. If this old gentleman really can achieve what he said, maybe this plan can be implemented after all. My sister didn't want to tell you this in advance because she was afraid of you getting disappointed."

Upon hearing these words, Zhai Yunsheng's gaze once again fell on Jian Yiling.

His eyes were burning. It was as though he wanted to carve her little face into his eyes.

Jian Yiling softly said to Zhai Yunsheng: "A Sheng, I've actually found a way. Let's try our best, okay?"

Her eyes were filled with hope as she begged him.

As he stared at Jian Yiling's eyes, an 'okay' came from the depths of Zhai Yunsheng's throat.

Of course, it would be okay. Why wouldn't it be okay?

Zhai Yunsheng had never been afraid of treatment. He was just afraid of disappointment and false hope. And thus, he ignored a lot of treatment plans.

However, after meeting her, deep inside his heart, he knew how much he wanted to get better. He wanted to accompany her like a normal person. He wanted to be able to protect her like a normal person.

"Really?" Jian Yiling asked as her eyes lit up for a moment.

Was he no longer depressed? Was he really willing to cooperate with her?

"silly girl, when was I not willing?"

"Recently... You didn't seem to really... Care about me..." Jian Yiling said in a small voice.

"It's not that... It's more like..."

He didn't feel like he was good enough for her.

If he was good enough, why would he push her away?

He didn't want to lose her.

He couldn't bear to see her with another man.

And thus, Zhai Yunsheng quickly realized he had been lying to himself.

"Cough cough," Jian Yunmo coughed twice. He wanted to remind Zhai Yunsheng that the rest of them was still here.

Yu Xi listened with astonishment by the side.

Did God Ling really find a way to cure Master Sheng's condition?

"Hey, are you guys done with those cheesy lines? If you're done, can we get started? My time is very valuable!" Grandpa Sun interrupted impatiently.

"Do we start now?" Jian Yunmo asked.

"Of course. If we can do something today, why wait until tomorrow? Do you think he has a long life ahead of him or do you think I have a long life ahead of me? We both seem like we're going to die soon! So if that's the case, why are you wasting time?!"

Grandpa Sun's words were very unforgiving.

His temper was indeed strange.

"Well, since there's a lot of you here, hurry up and get me a large bathtub. Also, go and get me the herbs I need. I want to give him a medicinal bath," Grandpa Sun said as he began to boss people around.

Then, he took a seat and took out tobacco to smoke leisurely.

"Don't smoke inside the house," Jian Yiling said to Grandpa Sun.

"Why not? Is it bad for you or that sick man?" Grandpa Sun exclaimed. He did not consider himself a guest at all, "I smoke wherever I want to. If you don't like the smell, you can leave!"

Upon hearing this, Jian Yiling pushed Zhai Yunsheng out of the door.

When Grandpa Sun finished smoking, Jian Yunmo already got someone to prepare a large wooden bathtub and a lot of hot water.

"Wow, you guys are pretty efficient," Grandpa Sun commented.

Then, Grandpa Sun instructed Jian Yiling: "Little girl, strip the clothes off you rman and chuck him into the hot water tub.."

Chapter 1146: Master Sheng's Transformation (3)

"Get Yu Xi to help me. Go and wait outside," Zhai Yunsheng said to Jian Yiling. He didn't want her to move around too much. Furthermore, she couldn't lift him in the first place.

"Master Sheng, I can't lift you either..." Yu Xi replied weakly.

He could take off Zhai Yunsheng's clothes. However, he couldn't help him get into the bathtub.

Upon hearing this, Grandpa Sun began to become impatient again. He walked up and grabbed Zhai Yunsheng's clothes with one hand before he dropped him into the bathtub.

The entire process only took three seconds.

A huge 'splash' soaked the entire room.

"Why are you guys so slow," Grandpa Sun commented in disdain.

If he didn't want to take his clothes off, then he could just sit there with his clothes on. It was just one set of clothes.

Furthermore, how much strength was needed to get someone into a bathtub anyways?!

Yu Xi was stunned to see this.

This old man's strength was kind of insane!

If Jian Yiheng was here, would he win in a fight against this old man?

"Alright, the rest of you leave this room. I'm not going to teach anyone my martial arts."

Grandpa Sun began to shoo people out again.

Even though he said this, he was teaching Zhai Yunsheng.

It seemed as though only his own words mattered.

And thus, Jian Yiling and the others were shooed out of the room.

'When he was standing outside the door, Yu Xi whispered to Jian Yiling: "God Ling, is he reliable?"

The old man had a strange temper. In addition, his words and actions were rather eccentric.

Jian Yiling glanced at the door behind her and said: "Let's trust him for now."

Yu Xi thought about her words before he chose to agree. After all, none of them could win a fight against him. Their only choice was to trust him.

Jian Yiling went with Jian Yunmo to the caravan prepared for Lahaisen Hospital.

Yu Xi moved a stool over to sit at the door.

He didn't know what was happening inside the room. What was that old man doing to Master Sheng?

And would Master Sheng actually get better?

If Master Sheng got better, would he be even stronger than before? Despite being sick in the past, Master Sheng was already incredibly strong.

'As he was bored, Yu Xi took out his phone to play the mobile version of?for an hour.

'The mobile version was a simplified version of the game. The game was much less difficult and it could be played anywhere and at anytime.

An hour later, the door opened. Grandpa Sun walked out of the room with a cigarette stick in his mouth and a smile on his face.

'Why was this old man smiling?

"Ahh, other than being sickly, he also has the capability to be good at martial arts," Grandpa Sun said to himself.

This was the first time he met someone who had such high potential.

If he wasn't sickly, he might have considered taking Zhai Yunsheng as his student.

It was just a shame that his body wasn't strong enough.

Even if he taught him anymore, it would be a waste.

Unless that little girl really had a way to help him get better.

When Yu Xi walked into the room, he saw that Zhai Yunsheng was still in the wooden tub.

It appeared as though Grandpa Sun was only responsible for chucking the person in. He didn't care about fishing him out.

"Master Sheng, are you alright?" Yu Xi hurriedly asked.

"Tm alright."

"Lwill get someone to help me," Yu Xi said. He couldn't get Zhai Yunsheng out of the wooden tub by himself.

"Just support me," Zhai Yunsheng said to Yu Xi.

"Support you?" Yu Xi paused. "Master Sheng, do you have the strength to get up?"

"Lwant to try."

"Okay," Yu Xi replied as he came forward to give Zhai Yunsheng a hand..

Chapter 1147: Master Sheng's Transformation (4)

Zhai Yunsheng used one of his hands to hold onto the edge of the wooden tub and used another hand to get support from Yu Xi.

“Splash”

Zhai Yunsheng managed to stand up.

Yu Xi was shocked to see this: “Master Sheng... You.. You can stand up by yourself... Your body...”

This was amazing!

Master Sheng’s body had recovered a lot.

It seemed as though that strange old man was actually capable of helping Master Sheng get better.

After this, Master Sheng attempted to step out of the wooden tub by himself.

“Master Sheng... Slow down... Please slow down...” Yu Xi hurriedly said as he supported Zhai Yunsheng’s arm.

Even though Zhai Yunsheng had to put a lot of energy into his actions, he still managed to get out of the wooden tub by himself.

Yu Xi let out a sigh of relief. At the same time, he was overjoyed: “I must tell God Ling about this good news! She will be very happy to hear about this!”

“Don’t go,” Zhai Yunsheng said to Yu Xi. “I want to give her a surprise.”

“Oh right,” Yu Xi replied.

“I’m a bit hungry. Go and get some food for me.”

Even though it was not dinnertime yet, Zhai Yunsheng was quite hungry. He wanted to eat some food.

For some reason, all the food he consumed at lunch seemed to have disappeared.

“Alright! I will go and get the food immediately!”

Later at night, as Jian Yiling did not know Zhai Yunsheng’s body had recovered a lot, she climbed into his bed as usual and laid down next to him.

Her arms gently encircled his narrow waist and she placed her head against Zhai Yunsheng’s shoulder.

She felt very safe next to him. With his presence nearby, she could close her eyes and fall asleep.

In the past two years, she rarely could sleep with such peace of mind.

Suddenly, the person beside her rolled around and circled her into his territory.

Jian Yiling opened her eyes in surprise.

Using the moonlight shining through the window, Jian Yiling could see Zhai Yunsheng’s face very clearly.

“You... Can move?” Jian Yiling asked.

“Mhmm,” Zhai Yunsheng replied in a low voice. His hot breath fell on Jian Yiling’s face.

Upon hearing this, Jian Yiling instinctively shrank.

“The old man’s martial arts is quite good,” Zhai Yunsheng whispered into Jian Yiling’s ear.

“It tickles...”

His hot breath tickled her ear.

“Well, when I couldn’t move, you did these things to me. Now you know how to be shy? Isn’t it a bit too late?”

“I’m not shy,” Jian Yiling retorted. To prove she wasn’t shy, she expanded the surface area her body was covering: “However, you can’t do anything right now. You still need to get better.”

“I never said I wanted to do anything to you right now,” Zhai Yunsheng laughed.

What was she thinking of in that small brain of hers?

Did she still want a baby?

This was the first time in two years Zhai Yunsheng had smiled so brightly.

Under the moonlight, his smile was extraordinarily handsome.

‘When Jian Yiling saw this, she had to urge to kiss him.

‘As soon as this idea came out, her body listened to this thought.

Jian Yiling’s arms wrapped around Zhai Yunsheng’s waist as she tilted her head to kiss him.

Even though she was clumsy with her kiss, it was still very attractive to Zhai Yunsheng.

After a while, Zhai Yunsheng took the initiative to separate from Jian Yiling.

“Okay, I will deal with you later.”

“Why are you dealing me later...”

“That’s not what I mean.”

“Are you not upset?” Jian Yiling asked Zhai Yunsheng once again.

“Why would I be upset if I can get better?” Ahh, it seemed as though his little rabbit did not understand why he previously ignored her.

A smile appeared on Jian Yiling’s face.

When Zhai Yunsheng saw this smile, he hurriedly turned around.

If she looked at him like that again, he might end up doing more exercise than his body could handle at the moment..

Chapter 1148: Beat Up Jin Feng (1)

Every day Grandpa Sun appeared at Jin Jin's house to teach Zhai Yunsheng some martial arts.

At first, he was quite reluctant. However, after discovering Zhai Yunsheng's talent, he became rather happy.

Furthermore, the equipment that Jian Yunmo had promised him had been flown in.

At first, Jian Yunmo volunteered to install the equipment for Grandpa Sun. However, Grandpa Sun refused this offer. Instead, he asked Jian Yunmo for the installation method before he carried everything back by himself. He refused to let others near his hut.

Zhai Yunsheng's physical condition was recovering at a speed visible to the naked eye.

Furthermore, the scars on Jian Yiling's body also began to gradually fade away.

'When Yu Xi, An Yang, Jian Yunmo, Liu Ting, and Wen Yan saw this, they were all incredibly happy.

There was also another change.

Jian Yiling's cooking was initially quite bland. She made things to take care of Zhai Yunsheng's fragile stomach.

However now, there was meat available in every meal.

In fact, she would cook roughly ten to twelve dishes every meal. This never happened before!

It seemed as though they were all very lucky.

As Jian Yiling was determined to fatten Zhai Yunsheng up, she made all kinds of delicious foods.

And the result was Zhai Yunsheng's regained quite a bit of weight. However, everyone else gained weight too.

tHE

Jin Feng, Brother Bao, and the others had been walking behind a big tree not far away from Jin Jin's house for quite a while.

"Jin Feng, your sister knows a lot of amazing people now!" Brother Bao exclaimed as he slapped Jin Feng's shoulder.

Jin Feng awkwardly smiled as he said: "Yes yes..."

"So, when are you planning to pay back the money you owe me?"

As he said this, Brother Bao's threatening eyes fell onto Jin Feng's body. It was as though he was searching for something that Jin Feng had on him that was worth a bit of money.

"Brother Bao, don't do this!" Jin Feng hastily begged for mercy. "Brother Bao, my sister now knows Brother Yang and other people! If nothing bad happens to her, her potential is unlimited. I'm her brother. There's definitely a way for me to get money from her!"

“Then do something about it! Don’t just sit here looking at them. Money won’t just appear in your hands!”

“Then... Could you give back the phone you took from my sister? I’ll... Return it to her...” Jin Feng asked cautiously.

“What do you mean by that? I should do you a favor or something?”

Brother Bao looked as though he was ready to beat someone up.

“Brother Bao, it’s better for me to take the phone away from you. If Jin Jin reports this to Brother Yang...” Brother Bao’s lackey said quietly.

When Brother Bao heard this, he realized that this was the truth.

Brother Yang could remove him from the surface of the Earth in a matter of seconds.

“alright, I will give the phone back to you. Hurry up and give it to your sister. You have to tell her that I took the initiative to give her back her phone. Also, apologize to your sister for me. Do you understand?”

Thankfully, he didn’t sell this phone to a second-hand store. If he did this, Brother Bao wouldn’t know how to get it back.

“Understood, I will definitely make sure it’s done.”

After Jin Feng got the phone, he hurriedly ran to the door of Jin Jin’s house.

He wanted to enter but he was stopped by Zhai Yunsheng’s bodyguards.

And thus, Jin Feng shouted Jin Jin’s name.

Jin Jin was currently helping Jian Yiling in the kitchen. When she heard the noise, she walked out.

“What do you want?” Jin Jin asked Jin Feng. She was no longer scared of him as there were many bodyguards next to her.

“Sister, you’re misunderstanding. I’m here to bring you your phone,” Jin Feng said as he held up Jin Jin’s old phone.

Chapter 1149: Beat Up Jin Feng (2)

“Miss Jin, is this your phone?” One of the bodyguards at the door asked Jin Jin.

“Yes, it is,” Jin Jin replied.

Upon hearing this, the bodyguard took the phone and wiped it with a handkerchief. After that, he handed the phone to Jin Jin.

Jin Jin did not have anything against money. Furthermore, the phone belonged to her in the first place. There was no reason not to take it.

Just as Jin Jin was about to leave, Jin Feng hurriedly called out to her: "Sister, aren't you going to invite me in to have some tea?"

'When she heard this, Jin Jin took a deep breath. Her so-called brother was so damn shameless!

At this moment, Grandpa Sun walked out of the room.

"Oi, you. The one at the door. Let him come in. I need his help with something."

'When the bodyguards heard Grandpa Sun's words, they immediately let him through.

Hearing this, Jin Feng was overjoyed. He hurriedly ran over.

"Grandpa Sun, you're here too?"

'As a villager of Jin Shui Village, Jin Feng naturally recognized Grandpa Sun. He heard several stories about this old man who had an eccentric temper.

Grandpa Sun reached out and squeezed Jin Feng's body before he nodded with satisfaction: "Not bad. Quite sturdy."

Jin Feng often got into fights as people. When he owed someone money and could not pay them back, he often became a punching bag. As a result, his muscles became quite sturdy.

"Grandpa Sun, what are you doing?" Jin Feng asked in confusion.

However, Grandpa Sun did not give an answer to Jin Feng's question. Instead, he turned to Zhai Yunsheng and said: "I found a sandbag for you. Go ahead and practice."

Sandbag?

What did he mean by that?

Jin Feng was confused as he watched Zhai Yunsheng walk over to him.

Even though only half a month had passed, Zhai Yunsheng was already walking like a normal person.

With Grandpa Sun's medicinal bath and martial art teachings along with Jian Yiling's treatment, Zhai Yunsheng's body had recovered a lot.

Upon hearing this, an evil smile appeared on Zhai Yunsheng's face.

This was the Zhai Yunsheng that Yu Xi and the others were familiar with.

However, Jin Feng was still clueless.

Suddenly, the man in front of him raised his foot and kicked him in the chest.

Jin Feng fell backward and rolled onto the ground. His body collided with the wall behind him.

The ribs in his chest felt as though they were about to break. It hurt so much that he could not get up again.

Why did a kick hurt so much?!

Even though Jin Feng grew up fighting people, this was the first time he encountered such a powerful kick.

'When Yu Xi saw this, he excitedly clapped his hands and shouted.

"Master Sheng, amazing work!"

Yu Xi was not only applauding for Zhai Yunsheng's physical recovery, but he was also applauding for Jin Feng getting beaten up.

In the last few days, Yu Xi heard quite a bit about Jin Feng. He knew that this man was related to Jin Jin by blood. However, he never did a single thing to help her.

Grandpa Sun was quite satisfied to see this: "Not bad. Your leg strength is alright."

It took Jin Feng a while to get up from the ground. He looked at everything in front of him in confusion.

At this moment, Zhai Yunsheng approached him once again.

Jin Feng hurriedly said: "What are you guys doing? Are you planning to hit people?"

However, Zhai Yunsheng did not care about Jin Feng's words. Upon realizing this, he turned around to beg Jin Jin: "Sister, please tell them not to do this. Why are they beating me?"

However, Jin Jin did not care either. Instead, she was watching with great interest.

If she had the ability to do so, she would beat him up herself.

Half a month ago, Jin Feng insisted on taking Jian Yiling away. Back then, he did not show any mercy when he kicked her and Dr. Zhang.

And so, why was he expecting her to show any mercy?

Chapter 1150: Little Girl, Do You Want Your Man to Learn Something Else?

'As Jin Feng's plea for help did not work, what awaited him was Zhai Yunsheng's fists and kicks.

Even if he wanted to escape, he could not outpace Zhai Yunsheng who had already recovered.

Zhai Yunsheng walked over to him and swung his fist towards Jin Feng.

The punch solidly landed on Jin Feng's stomach.

Upon getting hit, Jin Feng's entire face distorted in pain.

His body fell backward and hit the ground. A moment later, Jin Feng fainted.

Before he lost consciousness, Jin Feng realized he was called over just to test the strength of Zhai Yunsheng's fists and kicks.

"Not bad, not bad," Grandpa Sun commented as he nodded his head in satisfaction.

This person could indeed be a good pupil.

Even though his heart was not fully better, just his physical strength was extraordinary already.

He was now somewhat looking forward to this little girl's treatment of Zhai Yunsheng.

Grandpa Sun knew that Jian Yiling was an incredible doctor. She even managed to form a treatment plan for Zhai Yunsheng. Upon realizing this, his curiosity was also hooked up.

Someone was able to cure a condition he was not able to! If he couldn't figure this out, he would be unable to sleep at night!

And so, during these last two days, other than teaching martial arts to Zhai Yunsheng, he would go and observe Jian Yiling as they engaged in research.

The more he watched, the more interested he became.

It appeared as though this little girl knew more than just growing herbs and plants.

Grandpa Sun tilted his head and asked Jian Yiling proudly: "Hey little girl, I didn't lie to you, did I?"

"Mhmm!" Jian Yiling said as she nodded her head. She was very thankful for the old man helping Zhai Yunsheng.

"Hey, do you want your man to learn something else?" Grandpa Sun asked Jian Yiling. He seemed to be calculating something.

"Will you teach him?" Jian Yiling asked bluntly.

"Well, I can teach him," Grandpa Sun replied. "I never teach people in exchange for nothing. You have to exchange something with me. If you're sincere, I can consider teaching him a bit more. After all, I know a lot about martial arts."

Jian Yunmo replied for Jian Yiling: "My sister has developed many pharmaceutical drugs not available on the market yet. Furthermore, Lahaisen Hospital has a lot of equipment not available anywhere else in the world. Recently, we've even created new species of plants."

The more Grandpa Sun listened, the more excited he became. However, he quickly turned his eyes away.

"Hmm, I'm slightly interested in the things you've mentioned. If you show me these things, I might consider teaching your man a bit more martial arts."

"Deal," Jian Yiling replied.

"Also, you must bring these things over to Jinshui Village as I don't plan to leave."

"No problem," Jian Yiling answered.

"Are your words effective? They don't have any problem with this right?" Grandpa Sun asked as he pointed to Jian Yunmo, Liu Ting, and Li Zhuojia.

"Of course."

"Alright, then it's settled."

'Then Grandpa Sun turned his head to look at Zhai Yunsheng: "You're quite lucky to have such a fiancée."

Zhai Yunsheng hooked his lips and raised his eyebrows: "You can't be jealous even if you want to."

"ch," Grandpa Sun responded in contempt.

He did not want to admit that he very much appreciated this man's talent and potential..
