Chapter 1201: Intentionally Misled

If it weren't for Jian Yiling, if she failed this operation, anyone else in the hospital would have failed the operation as well. There would be no one there to threaten her position or authority.

As she thought about this, Fei Qing suddenly thought about Bai Pingping.

After a moment of contemplation, Fei Qing wiped away the tear marks on her face and went to wash her face.

Then, Fei Qing sent a message to Bai Pingping and asked her to go shopping as a break after work.

"Dr. Fei, I feel so bad for you," Bai Pingping said.

"I'm alright. It's true that I'm not as skilled as Jian Yiling. I'm glad that our Vice Dean only decided to demote me and not fire me. It's already very lenient treatment," Fei Qing replied frankly.

"Ahh, you are really good-tempered and good-hearted," Bai Pingping said. "If I was in that situation, I wouldn't be thinking those things."

Fei Qing smiled and replied: "I'd like to thank you for caring so much about me. During times like this, I can see who is worthy to be my good friend. It's those that don't leave me."

These words made Bai Pingping incredibly happy.

She was just a trainee nurse. Naturally, she was happy to be friends with a doctor at Fei Qing's level.

From the time she entered the hospital, she knew that it would be beneficial for her to maintain a good relationship with Fei Qing. And thus, whenever someone had a bone to pick with Fei Qing, she would be the first person to stand up for Fei Qing.

"Let's go buy a handbag. Buying handbags will comfort me," Fei Qing said as she pulled Bai Pingping into a luxury store. She picked out a handbag that cost roughly a hundred thousand dollars.

When she went to pay for the handbag, Fei Qing took out her wallet from her bag. She accidentally dropped a piece of paper which fell to the ground.

Bai Pingping went ahead to help Fei Qing pick up the piece of paper. When she picked it up, she saw her name on the paper.

Bai Pingping was shocked to see this. When Fei Qing realized that she dropped that piece of paper, she hurriedly grabbed it from Bai Pingping's hands.

After paying for the bag, the two of them left the store. Bai Pingping decided to ask Fei Qing about the piece of paper.

However, Fei Qing went silent. After a moment of hesitation, she replied: "You shouldn't ask about it."

"Dr. Fei, didn't you say I was your good friend? I read something about an assessment on that piece of paper. What exactly is that about? If you don't tell me the situation, I won't be able to sleep well at night."

Upon hearing this, Fei Qing acted as though she was put in a difficult position. However, after a moment of agonization, she replied: "Okay, I will make an exception for you. However, you need to promise me that you can't tell anyone I told you about this."

"Mhmm, of course, I will make that promise. Rest assured. I won't tell anyone else."

"This is the assessment form for trainees and interns. These forms will be filled out by the head of each department. In other words, the opinions of chief physicians and doctors outside your department matter as well. As I was previously the chief physician of the surgical department, I would naturally have such a form."

"Then how did I go in my assessment?" Bai Pingping hurriedly asked.

She wanted to succeed. If she succeeded, she could become an official employee at Lahaisen Hospital's Beijing branch.

"Well, you would have passed... But..." Fei Qing started. The expression on her face looked torn. It seemed as though she did not want to tell Bai Pingping something.

"But what?" Bai Pingping asked anxiously. She desperately wanted to know what was going on.

"But someone gave you a very bad evaluation. Therefore, you have the worst grade amongst your cohort."

"Who? Who gave me a very bad evaluation?" Bai Pingping asked angrily.

"You shouldn't ask about this."

When she heard this response from Fei Qing, an answer surfaced in Bai Pingping's heart.

Chapter 1202: Competing for a Spot to Accompany Jian Yiling at the Team Building Event (1)

"Jian Yiling did this right?" Bai Pingping asked. The more she thought about this, the more likely this was the answer. "She's the only doctor that has a bad impression of me! That's right, it must be her!"

Bai Pingping was furious.

Why did Jian Yiling give her a bad evaluation?

Did she ever work with her?

Did she ever get the opportunity to evaluate her abilities?

She was obviously just holding a personal grudge against her!

"Okay, okay. Please don't be upset. Just act as though you don't know about this matter," Fei Qing replied. She did not deny Bai Pingping's guess.

So her guess was right? Did Jian Yiling actually do this?!

Upon reaching this conclusion, Bai Pingping was utterly furious.

"She shouldn't do such a thing!" Bai Pingping cried out. She felt as though she was going to collapse.

Jian Yiling was trying to ruin her entire life! She was trying to ruin her career!

“Don’t think too much into it. There’s no point in being upset. She’s from Lahaisen Hospital’s headquarters.”

No point in being upset?

How was that possible?!

Bai Pingping felt as though the sky was crashing down onto her.

“But I didn’t make any mistakes! Why would she do this to me? I worked so hard to become a trainee nurse at Lahaisen Hospital. Just because of her evaluation, all my hard work has gone down the drain. Why can’t I be upset?!”

“But there’s nothing you can do... There’s no use in being upset. Unless...”

“Unless what?”

“Nothing really. A random thought just popped into my mind. Unless Jian Yiling disappeared from this world,” Fei Qing said slowly.

Jian Yiling disappearing from this world...

Bai Pingping froze for a moment.

Then, an evil thought was planted into her mind.

###

At the end of the week, all the employees of Lahaisen Hospital’s Beijing branch were going on a camping trip to West Mountain Lake.

They were permitted to bring someone with them.

Everyone who had a partner would bring their partner. If they didn’t, they were allowed to bring their siblings.

After Jian Yunmo posted the news on his WeChat timeline, everyone in the Jian family stated that they wanted to accompany Jian Yiling on the weekends.

And thus, a WeChat group called the [Wolf Killing Association] was created. Everyone immediately started messaging in the group:

Jian Yunnao was the first to send a message: [Brother Yunmo, please let me have this opportunity. You said that I should try and get close with Yiling again. This camping trip would be an incredible opportunity. I don’t want to miss out.]

However, Jian Yuncheng used a very valid point to counter Jian Yunnao’s message: [You don’t have enough camping experience. In fact, I don’t even know if you will be able to look after Yiling. Yiling might have to look after you instead.]

Jian Yumin also quickly sent a message: [I want to go! I want to go! I've been camping with Yiling before!]

When Jian Yumin sent this message, he immediately received a bunch of objections:

Jian Yuncheng: [You're probably worse than Little Yunnao.]

Jian Shuxing: [Didn't you go camping with Yiling last time? You didn't know how to do anything. He had to rely on Yiling to take care of him.]

Jian Yunnao: [Brother Yumin has a son to take care of. He should stay home with his son.]

Jian Yujie: [You should take care of our sister-in-law and your son. You can leave Yiling to us.]

Jian Yiheng: [Is there going to be a barbecue on this camping trip? Will Yiling be doing the cooking?]

Wen Nuan also posted a message: [Little Yunmo, I want to attend this camping trip. Let your mother take care of your sister.]

After Wen Nuan sent this message, no one other than Jian Yunmo dared to reply anything.

Jian Yunmo: [Mother, this is a team-building event for young people. Usually, people would bring their partner or their siblings. It would be rare for someone to bring their parents.]

Wen Nuan was a little sad to read this message: [Ahh, if that's the case... It will be better to leave this opportunity with you guys.]

Wen Nuan did not want others to treat her daughter strangely because of this.

Chapter 1203: Competing for a Spot to Accompany Jian Yiling at the Team Building Event (2)

Jian Yujie: [I'm about the same age as Yiling. It's best for me to go. The other brothers are too old.]

Jian Yunnao was displeased to read this: [I'm only a few months older than you. I can also go!]

Jian Yuncheng: [Does someone think that we're old?]

Jian Yiheng: [I can protect Yiling.]

Jian Yujie could feel the chill through his screen. He quickly typed: [No no, definitely not. I didn't mean that! [Love heart]]

Jian Yunmo helplessly typed out a message: [Are you guys forgetting about Zhai Yunsheng? It's normal for people to bring their partner to these events.]

Jian Shuxing: [Yunmo, you must learn how to keep Yiling in the Jian family for as long as possible. You can't let the Zhai family take the lead in everything.]

Jian Yunnao: [Our father is right about this.]

Jian Yujie: [Yep, my uncle is right! Even though Yiling is going to get married into the Zhai family sometime in the future, we will always be her closest relatives. She should think of us before her fiancé!]

Even Jian Yumin typed out: [They're right. They're right.]

When Jian Yunmo read the messages, he did not know how to feel.

Why were they all placing the blame on him?

Jian Yunmo: [But I can't make this decision for Yiling. If you guys want to go, you should speak to Yiling about this. Yiling can decide who she wants to bring along.]

Jian Yuncheng: [You should ask Yiling.]

Jian Yunmo did not know what to say to his tyrant brother: [Okay, okay. I will call her in a bit.]

Zhai Yunsheng also saw the news about Lahaisen Hospital's team-building event.

After he arrived home, he saw Jian Yiling being busy at her desk. And thus, Zhai Yunsheng coughed gently.

Upon hearing Zhai Yunsheng cough, Jian Yiling immediately stopped what she was doing and looked at Zhai Yunsheng.

"Have you caught a cold? Is your throat feeling uncomfortable?"

"Nope," Zhai Yunsheng replied. "I heard that you're planning to go on a trip this weekend?"

"Mhmm."

"Are you going as well?"

"Yep."

When she heard that Zhai Yunsheng was alright, Jian Yiling directed her attention back to the work at hand. She did not notice Zhai Yunsheng's expression and let alone figure out what he was implying.

Zhai Yunsheng pursed his lips together. He knew that his little rabbit had limited reading comprehension abilities. If he didn't tell her what he wanted, he could be waiting until tomorrow morning and she wouldn't even know what he implied.

Zhai Yunsheng walked over to Jian Yiling and leaned against the desk.

"Who are you going to take with you?"

"To where?" Jian Yiling asked.

"To the team building event. You're meant to bring someone with you."

"Do you want to go?" Jian Yiling asked rhetorically.

"Is that a question of whether or not I want to go? It's a matter of whether or not you want to bring me," Zhai Yunsheng replied proudly.

Naturally, Zhai Yunsheng wanted to go. However, he didn't want to tell her directly.

"I haven't thought about it," Jian Yiling answered.

"Then think about it now."

"Then I will bring you with me," Jian Yiling replied quickly.

She didn't want to waste time thinking about this. In her mind, this wasn't important.

"Are you being too hasty with your decision?"

Hasty?

Was she meant to think about it a bit more?

What was there to think about?

"Oh, I guess I will think about it again," Jian Yiling answered.

Just as she was about to think through it again, her phone rang. It was Jian Yunmo calling.

Jian Yiling answered her phone.

"Yiling, who are you planning to bring to the weekend trip?" Jian Yunmo asked. He had been ordered by his parents and brothers to ask.

"I'm thinking about it right now," Jian Yiling replied. She was way too honest.

Chapter 1204: I'm Jealous

Jian Yunmo paused for a moment and asked Jian Yiling: "Yiling, you spend most of your days with Zhai Yunsheng. You don't spend as much time with your family members anymore. Do you want to consider bringing someone from the Jian family to the team building event on the weekends?"

As the room was quiet and Zhai Yunsheng was close to Jian Yiling, he could hear every single word Jian Yunmo said.

Despite this, Zhai Yunsheng did not say anything. He patiently waited for Jian Yiling's response.

After hearing this, Jian Yiling thought about it for a moment. She did not say no to Jian Yunmo's suggestion. Instead, she asked: "Brother Yunmo, who should I bring with me?"

When Jian Yiling ran into a situation she didn't know the answer to, she would typically ask Jian Yunmo for help. She wanted him to help her choose.

However, in this situation, Jian Yunmo did not have an answer either. If he made a decision, the rest of the Jian brothers who didn't get to go would definitely want to beat him up.

"Why don't you ask for Zhai Yunsheng's opinion?"

Jian Yunmo was only responsible for asking Jian Yiling. This was the task given to him by his parents and brothers. However, he wasn't responsible for the overall outcome.

And thus, in such a situation, it was best to kick the ball to Zhai Yunsheng.

Jian Yiling turned her head to look at Zhai Yunsheng. She looked like a little kitten.

Zhai Yunsheng replied: "There are so many brothers in the Jian family. You shouldn't favor one over the other. I don't think it's suitable to pick one of them to bring along."

This was a very valid reason.

“Then who should I bring?” Jian Yiling asked in a soft voice.

“Why don’t you think about it?” Zhai Yunsheng replied. He wanted Jian Yiling to reach the answer by herself.

After thinking about it for a moment, Jian Yiling found the perfect answer. “Sister En.”

She explained the rationale behind her answer: “I have a lot of brothers but I only have one sister-in-law.”

Furthermore, Luo Xiuen was also around the same age as her. As her only sister-in-law, her status in the Jian family could not be questioned.

Making such a decision fulfilled Jian Yunmo’s request of bringing someone from the Jian family. At the same time, she wouldn’t be favoring one Jian brother over another.

It was the perfect answer.

Zhai Yunsheng: “...”

Upon hearing Jian Yiling’s answer, Jian Yunmo began to laugh as well. His laughter was refreshing and melodious.

“Alright, go and inform your sister-in-law about this. I’m sure she will be very happy to accompany you to the team building event.”

“Mhmm.”

And thus, Jian Yiling sent a message to Luo Xiuen asking her whether she wanted to accompany her to the event on the weekends.

Then, she thought about her nephew. She instantly added the message: [You can bring your son as well.]

This situation was akin to when the fisherman takes advantage of the fight between the snipe and the clam.

Luo Xiuen never thought that Jian Yiling would invite her to such an event. In her mind, there were so many people that would be invited instead of her.

Luo Xiuen laughed and replied to Jian Yiling’s message: [Of course I have time. I won’t bring my son along. I will leave him to his father and the nanny. It’s not like our family can’t afford to hire a nanny or something.]

After she sent the message, Jian Yiling turned around. She noticed that Zhai Yunsheng was staring at her.

“What’s wrong?” Jian Yiling asked.

“Am I not worth mentioning?”

“Huh?” Jian Yiling responded. Confusion filled her face. She did not understand what Zhai Yunsheng meant.

“Why didn’t you tell your brother that you wanted to bring me along?” Zhai Yunsheng asked.

“But Brother Yunmo asked me to bring a family member...”

“Do you have to listen to him? Am I not part of your family?”

“But... Brother Yunmo said to bring someone from the Jian family,” Jian Yiling attempted to reason with Zhai Yunsheng.

“Who is more important to you, me or Brother Yunmo?” Zhai Yunsheng questioned.

Jian Yiling did not know how to answer this question.

“Are you... Upset?” Jian Yiling asked cautiously.

She didn’t understand what was happening.

“Hmph,” Zhai Yunsheng said as he suddenly lowered his head to kiss Jian Yiling.

Chapter 1205: Husband

When he couldn’t explain something in words, it was best to be expressed in actions.

The kiss took over all of Jian Yiling’s senses. It caused her brain to completely lose its ability to think.

During that kiss, the only thing she could think about was Zhai Yunsheng.

When Zhai Yunsheng noticed that Jian Yiling was almost out of breath, he let go of her.

Jian Yiling’s face was flushed as she gasped for air.

When he saw the look on Jian Yiling’s face, Zhai Yunsheng couldn’t help but swallow his saliva.

Then, he forced himself to look away from her cute and attractive appearance. He had to calm down.

“Remember that the look just now wasn’t anger. It’s called jealousy,” Zhai Yunsheng said awkwardly. He said those words in a super prideful manner.

“But you’re different from Brother Yunmo. You’re my husband. On the other hand, Brother Yunmo is my brother. You shouldn’t be comparing one against another.”

“What did you say?” Zhai Yunsheng asked as he suddenly looked around.

“You’re different from Brother Yunmo. You shouldn’t compare yourself to him.”

“Not that sentence. What did you just call me?”

“My... Husband...”

Zhai Yunsheng suddenly closed the distance between Jian Yiling and said: “Say those words again.”

All the unhappiness he felt just now instantly dissipated. The words “husband” echoed in his ears and heart.

Zhai Yunsheng was determined to get Jian Yiling to call him her husband again.

Those words were incredibly sweet and delightful to hear from his rabbit’s mouth.

“No, no more,” Jian Yiling replied. She suddenly felt incredibly embarrassed.

However, Zhai Yunsheng was not willing to let her escape like this. He got even closer to her and said: “Didn’t you want to have a baby with me? How can you have a baby without even calling me your husband?”

“Bad husband!” Jian Yiling exclaimed before she quickly ran away from Zhai Yunsheng.

Rabbits indeed bolted fast when they were flustered.

Upon seeing this, a smile appeared on Zhai Yunsheng’s face as he watched Jian Yiling run away.

###

After confirming with Luo Xiuen, Jian Yunmo posted the message on the [Wolf Killing Association] Wechat group.

It appeared as though the Jian brothers argued over the spot for nothing.

However, no one dared to object.

After all, none of them had gotten married. The only sister-in-law they had was Luo Xiuen.

Therefore, Luo Xiuen’s position in the Jian family was unmoveable.

Jian Yiheng: [Well, we should think of this from a positive perspective. At least Zhai Yunsheng isn’t going.]

Jian Yujie: [Sister-in-law, please take care of Yiling for us. Don’t let Yiling get bullied. Just leave Little Dandan to your husband and I. I will come over to look after my nephew on the weekends.]

Jian Yunmo suggested: [Brother Yunmo, why don’t you go and attend the team building event as well? I will accompany you there.]

Even though Jian Yunmo was not a part of the Beijing branch, as the hospital essentially belonged to their family, if he wanted to go, no one could stop him.

The other Jian brothers quickly agreed with this suggestion.

Jian Yuncheng: [This is a decent recommendation. You should consider it.]

Jian Yunmo: [Ahh, alright then. I can’t say no to the two of you. The two of you can scissor paper rock to decide who is going.]

Even though he said this, in reality, Jian Yunmo also wanted to go.

Upon reading this message, Jian Yunnao quickly looked for Jian Yuncheng.

After all kinds of begging, his eldest brother finally gave the opportunity to him.

“Brother Yuncheng... Yiling already called you her eldest brother. She hasn’t called me brother yet... Furthermore, Yiling knitted a sweater and scarf for you. I have nothing...”

Out of all the Jian brothers, he was the only one who didn’t have a sweater.

In the end, Jian Yuncheng decided to leave the spot to Jian Yunnao.

Chapter 1206: Team Building Event (1)

After the team building event was confirmed to be happening, a chemical substance disappeared from the laboratory of Lahaisen Hospital’s Beijing branch.

The chemical substance had a serious corrosive effect. As such, it could only be stored in a brown glass bottle. If it came into contact with skin, the chemical substance would have a similar effect as sulfuric acid.

Around ten minutes after the chemical substance had gotten stolen, Li Zhuojia got notified about it.

Lahaisen Hospital had strict surveillance over their chemical substances. Each bottle was custom-made. During the glass bottle manufacturing process, a special signal transmitter would be attached to the bottom of the bottle.

This was especially the case for glass bottles which held dangerous and potentially harmful substances. Lahaisen Hospital would pay special attention to these things.

And thus, just now, when the chemical substance disappeared from Lahaisen Hospital’s main branch, Li Zhuojia immediately began to track it. The signal indicated that the chemical substance was in a residential building.

As the chemical substance was very corrosive and somewhat dangerous, Lahaisen Hospital had to figure out how to get back the chemical substance safely.

Very soon, Li Zhuojia found out who took the chemical substance back home. It was a trainee nurse called Bai Pingping. Her address had been given to the hospital when she applied for the job.

Therefore, it was highly likely that the trainee nurse took the chemical substance back home.

Li Zhuojia immediately reported the matter to Jian Yiling and Jian Yunmo.

###

When the weekend arrived, the employees from Lahaisen Hospital boarded a bus and headed to the destination together.

The destination had green and lush hills with plentiful fresh air.

After everyone reached the lake by the woods, they began to set up the tents.

Luo Xiuen was very hands-on. She managed to set up a tent in just three minutes.

After she finished setting up the tent, Luo Xiuen patted the dust on her hands and was very satisfied with her work: "Ahh, setting up a tent is much easier than looking after that brat."

In Luo Xiuen's mind, looking after kids was the most difficult task in the world.

This was especially the case when it was a baby boy.

Luo Xiuen became super jealous when she saw baby girls.

Whenever she looked back at her son, she had an urge to stuff him back into her womb to give birth to a child again.

Jian Yunnao set up another tent next to Jian Yiling and Luo Xiuen.

By the time Luo Xiuen and Jian Yunnao finished setting up the tents, Jian Yunmo got his hands on several ingredients.

Everyone was meant to handle their own barbecue for lunch.

There were sufficient ingredients given to everyone. However, everyone had to season the ingredients themselves and skewer everything by themselves as well.

Whilst everyone did this in groups of three to five, several people would cast looks towards Jian Yiling and the others.

However, this time around, they weren't looking at Jian Yiling. Instead, their attention was focused on Jian Yunmo and Jian Yunnao.

The two Jian brothers were way too attractive.

Especially Jian Yunmo as he was also from Lahaisen Hospital's headquarters. Jian Yunmo was also a well-known biologist in the medical industry.

He was outstanding in every single aspect.

The unmarried woman in Lahaisen Hospital could feel their hearts flutter rapidly.

"He's so handsome!"

"Yeah, and he looks super gentle as well!"

"I'm so jealous of Jian Yiling. She has such a handsome brother. Ahh, I've decided to do more good things in this life. Maybe in my next life, the Gods will arrange such a brother for me!"

"Well, it's not possible for him to become your brother. However, he could become your husband."

"Forget it. If I stand next to such a beautiful man, I'd be ruining the scenery."

Chapter 1207: Team Building Event (2)

"Well, it's good to have dreams no. He's single right now. We can at least dream about marrying him."

"It's alright to dream. But this definitely would be a fantasy. After all, he's so attractive and talented. Furthermore, he comes from a respectable family. Sadly, real life isn't a sweet romance drama."

The girls quietly chatted amongst one another. Even though they knew that it was impossible to get married to the Jian brothers, it was still alright to admire their attractive faces.

Although most of everyone's attention was focused on Jian Yunmo, Zhang Yun looked at Jian Yunnao more.

This was probably because she liked Jian Yunnao's music first. Then, she got to meet him in person.

Therefore, in Zhang Yun's heart, Jian Yunnao stood out more than Jian Yunmo.

Even Fei Qing and Bai Pingping were interested in the Jian brothers.

"Ahh, Jian Yiling is so fortunate. All her brothers are attractive and talented. Especially Jian Yunmo as he's from Lahaisen Hospital's headquarters. Apparently, he has many patents in his hands. He can earn up to tens of millions of dollars every year," Bai Pingping commented.

Even though she didn't know where she heard this from, this was probably true. After all, Jian Yunmo had amazing research results several years ago.

Fei Qing also looked at Jian Yunmo a few times. For some unknown reason, there was a strange feeling in her heart.

As Fei Qing was looking at Jian Yunmo, Bai Pingping glanced down at the backpack she was carrying beside her. The look on her face was a little strange.

The brown glass bottle was currently in Bai Pingping's backpack.

When Fei Qing was sending Bai Pingping home one day, she accidentally left it in Bai Pingping's house.

However, she remembered Fei Qing's words. This was a disinfecting chemical substance she was researching. It had an amazing sterilization effect but when it came into contact with skin, the skin would be in severe pain. Therefore, this substance was not widely used.

Very soon, Bai Pingping redirected her attention back to the barbecue ingredients in front of her. Her expression returned to normal as she chatted with Fei Qing and the others.

"Brother Yunmo, would you like me to help with anything?" Jian Yunnao took the initiative to ask.

It was not easy to get the opportunity to come. He had to show his good side in front of his sister.

"You can help Yiling chop up the ingredients."

"Okay!"

Jian Yunnao quickly ran to Jian Yiling's side.

"Let me do it," Jian Yiling said. She used the knife to skilfully cut up the ingredients.

The organizer of the event initially planned to buy already cut-up ingredients for the barbecue. However, everyone from Lahaisen Hospital stated that they wished to prep the ingredients themselves with knives.

All the staff here treated cutting the vegetables, chicken, and fish as though they were performing dissection or surgery.

Some people were analyzing its skeletal structure, whilst others were discussing its organs, blood vessels, and nerves.

As Jian Yunnao could not help, he decided to wash the vegetables instead.

“Little Yunnao, your hands are meant for playing the piano. Just leave washing the vegetables to me.”

“No no, I’m fine. My hands are not delicate at all. I’m alright,” Jian Yunnao said. In the past, Jian Yunnao treasured his hands. However, this was no longer the case.

“Nah, I still want you to go busking with Brother Yumin in the future!”

Luo Xiuen was already used to calling Jian Yumin ‘Brother Yumin’. Even though they were married and had a child, she still could not change this habit.

Luo Xiuen still saw Jian Yumin through rose-tinted glasses. Her husband was the most perfect man out there.

“Sister-in-law, please leave this to me. I’m a man,” Jian Yunnao said. He wanted to help if he could.

“So what? I want you to go and sit down! Don’t be silly!” Luo Xiuen ordered Jian Yunnao. Upon hearing this, Jian Yunnao obediently went to sit down.

Chapter 1208: Team Building Event (3)

In addition to the barbecue, Jian Yiling also brought along a casserole pot to make soup.

When he saw the simmering soup, Jian Yunnao felt a little embarrassed and awkward.

A few years back, he deliberately spilled the soup that Jian Yiling brought for him.

And then... In those five years, he never got to drink the soup that Jian Yiling made.

And thus, Jian Yunnao stared at the soup intently. It was as though he had starved for several days.

When Jian Yunmo noticed the expression on his brother’s face, he began to smile.

He knew what was in his little brother’s mind. However, he would not help him with such a thing. Jian Yunnao should ask Jian Yiling by himself. He had to take the first step forward.

When the soup was finally ready, Jian Yiling first served a bowl to Luo Xiuen.

“Wow, it’s so delicious. Darling, your cooking is amazing as always. I missed your soup so much. Especially after I gave birth to my son. Even though Brother Yumin went to so many stores around Beijing and brought all kinds of soup, none of them tasted like this one.”

Then, Jian Yiling handed a bowl of soup to Jian Yunmo.

“It’s very refreshing. It perfectly complements the greasy barbecue we’re having today.”

Luo Xiuen added: “Zhai Yunsheng is way too lucky.”

As they said this, Jian Yunnao watched from the side in envy.

The soup was right in front of him. However, without Jian Yiling's permission, he didn't dare to serve himself a bowl.

After a while, when Jian Yiling got out the third bowl of soup, she brought it to him under his burning gaze.

Jian Yunnao hurriedly took the bowl with both hands.

"Thank... Thank you Yiling," Jian Yunnao said as he held onto the bowl. He cradled it in his hands. If someone didn't know better, they'd assume he was holding onto a treasure.

"It's delicious," Jian Yunnao said after he drank from the bowl. There was a foolish smile on his face.

When Jian Yunmo saw the smile on his brother's face, he couldn't help but comment: "I really want to record the look on your face. Your fans must have never seen this foolish look."

"You can go ahead. I'm not scared."

Jian Yunnao had learned from Brother Yumin.

Fans would never be with you forever.

A persona would sooner or later collapse.

In his mind, nothing was as precious as a bowl of soup that his sister made.

Jian Yunmo laughed when he heard this. However, he didn't take out his phone to take a photo of his brother.

After Jian Yunnao finished a bowl of soup, he carefully held the empty bowl in front of Jian Yiling and asked: "Yiling, can I have another bowl?"

"Mhmm," Jian Yiling replied as she handed the spoon to Jian Yunnao. "Get some yourself."

"Okay!" Jian Yunnao said as he carefully put soup into his bowl.

When Luo Xiuen saw this, she said: "What's wrong with you? Why are you not touching the skewers? Why are you so focused on drinking the soup that Yiling made?"

She knew that the soup was delicious. But it wasn't delicious to that extent, was it?

However, Jian Yunnao merely smiled and said: "It's very delicious."

Jian Yiling looked at Jian Yunnao when she heard this. She seemed to have remembered something.

After a pause, Jian Yiling went back to handling the skewers again.

Jian Yiling prepared everyone's favorite skewers.

When Jian Yiling handed grilled squid to Jian Yunnao, Jian Yunnao was absolutely stunned.

His sister remembered what he liked to eat. She remembered that he loved to eat squid.

As he thought about this, a satisfied smile once again appeared on his face.

###

On the other hand, Bai Pingping's attention was not on the barbecue. She was merely fiddling around with the ingredients as her thoughts were on other things.

When she was thinking about her assessment, she kept thinking that Jian Yiling was the reason why she failed to become an official employee at Lahaisen Hospital. As she thought about this, the anger in her heart burned more vigorously than the charcoal fire in front of her.

Chapter 1209: Team Building Event (4)

"What's wrong?" Fei Qing asked as she noticed Bai Pingping breaking off all the corn kernels. She didn't seem like she was preparing ingredients. Instead, it seemed as though she was taking her anger out on the food.

"I feel angry whenever I look at Jian Yiling."

"Avoid looking at her then. Even if you look at her, you can't do anything. She's someone from Lahaisen Hospital's headquarters. She has more power than any of us," Fei Qing advised.

When Bai Pingping heard Fei Qing's words, she became even angrier: "Well, even if she's an amazing surgeon, she shouldn't abuse her power, no? I've never worked or done anything with her? Why should she be allowed to give me a bad evaluation?"

Even though a few days had passed since she heard about this, Bai Pingping became more and more depressed as she thought about it.

"Ahh, it's my bad. You were trying to defend me," Fei Qing said.

"Well, I only said a few sentences. Furthermore, I was objective with my statements. I didn't swear at her. If she doesn't agree with my words, she could state her point directly. She doesn't need to make these moves behind my back."

"Ahh, forget it. Let's continue with our barbecue. Don't let the others hear our conversation."

However, Bai Pingping could not swallow the anger in her heart.

Even if Fei Qing could accept and put up with this, Bai Pingping couldn't.

And even if she couldn't change her assessment results, she had to do something with the anger boiling inside of her.

She, Bai Pingping, was never someone who would willingly accept being bullied or wronged.

Ever since childhood, no one was able to bully her and retreat unscathed.

Even though Bai Pingping was seated beside Fei Qing, her attention was always on Jian Yiling.

Jian Yiling's every move and action did not escape her eyes.

Later at night, the employees lit up a bonfire in an empty field and held a bonfire party.

Bai Pingping waited for a long time and finally saw an opportunity where Jian Yiling was by herself.

When she saw Jian Yiling leave, Bai Pingping began to follow her.

Bai Pingping followed her all the way into the reedy grasses next to the lake.

After she entered that space, Jian Yiling took out her computer and sat down. It seemed as though the bonfire party was too noisy and affected her thinking. As she tapped away at her computer, Jian Yiling seemed to be busy at work.

As she was concentrating, she didn't notice that someone was following her.

After Jian Yiling sat down, Bai Pingping gritted her teeth and then took out the brown glass bottle from her backpack. She opened the bottle and then rushed up to Jian Yiling in an attempt to pour the liquid onto her.

As she rushed toward Jian Yiling, Jian Yunnao suddenly appeared in front of Jian Yiling. He shielded her from the liquid inside the brown glass bottle.

The liquid soaked Jian Yunnao's head, neck, and back.

"Yiling, are you alright?" Jian Yunnao asked as he looked down at Jian Yiling.

He came out to look for Jian Yiling. However, he noticed that Bai Pingping was following her. Before he got the chance to figure out what Bai Pingping was doing, he saw her take out a bottle and attempt to pour it onto his sister.

At that moment, Jian Yunnao's mind went blank.

However, his body reacted instinctively.

"I'm alright," Jian Yiling replied as she looked at Jian Yunnao.

As Jian Yunnao slowly let go of Jian Yiling, he touched his back and neck.

It seemed like he felt nothing?

"I'm... Alright?" Jian Yunnao exclaimed. He didn't know what was inside that brown bottle. However, he instinctively thought that it was something bad.

"You're alright," Jian Yiling confirmed.

After all, she knew what liquid was dripping down on Jian Yunnao's body.

Chapter 1210: Team Building Event (5)

During the bonfire party, someone sent by Jian Yunmo replaced the chemical substance in Bai Pingping's bag with another brown glass bottle.

The brown glass bottle was filled with distilled water that had a bit of dye in it.

However, Jian Yunnao did not know about this.

Bai Pingping stared at the bottle in her hand and she seemed a bit stunned.

How was he fine?

Fei Qing clearly said that this substance would induce severe pain when it came into contact with skin.

Therefore, someone drenched in this substance shouldn't be having that reaction right?

"Bai Pingping, what did Jian Yiling do to you? Why do you hate her to an extent where you wanted to kill her?"

Jian Yunmo and Li Zhuojia walked over. It seemed like the two of them had been nearby. It was as though they had known Bai Pingping was going to follow Jian Yiling over here.

Bai Pingping hurriedly dropped the bottle in her hand and said: "No... I didn't... I didn't want to kill her! I just wanted to teach her a lesson!"

Li Zhuojia's voice was filled with anger as he said: "You didn't? You tried to kill her with the chemical substance! We have evidence of this!"

Soon after, everyone else at Lahaisen Hospital heard the commotion. They all rushed over.

When they arrived, they saw Jian Yunnao drenched in an unknown substance and Bai Pingping who stood dumbfounded in place.

There was also a brown glass bottle on the ground.

After they saw the bottle, several colleagues immediately recognized that the substance was a dangerous chemical being researched by a few doctors inside the hospital. Only a few doctors had the right to use this chemical.

Furthermore, such a dangerous chemical substance was not to be taken outside of the laboratory.

Why was this bottle here then? What was happening? And who brought this bottle here?

"Bai Pingping, tell us the reason why you're doing this? Do you know this is attempted murder?"

What? Attempted murder?

Everyone's expressions immediately changed.

"No! You can't blame me! She wanted to abuse her power! She didn't want me to become an official employee of Lahaisen Hospital! I just wanted to teach her a lesson!" Bai Pingping attempted to defend herself.

Li Zhuojia was furious: "Teach her lesson? Do you call this a lesson? If you had poured the original substance onto the two people standing in front of you right now, they would have been completely disfigured!"

"But this chemical wouldn't kill her!" Bai Pingping argued back.

In Bai Pingping's mind, if she couldn't continue working at Lahaisen Hospital, before she left, she wanted to teach Jian Yiling a lesson that she would remember for the rest of her life.

"This chemical substance is corrosive. When it comes into contact with skin, its effect is akin to concentrated sulfuric acid. Is this what you call a lesson?" Li Zhuojia laughed coldly.

"What...? Corrosive? Sulfuric acid?" Bai Pingping stuttered. She was shocked.

"No... I... I..." Bai Pingping started as she attempted to defend herself.

Fei Qing hurriedly walked up to scold Bai Pingping: "Bai Pingping, why did you do such a thing? After doing this, there's definitely no way for you to become an official employee of Lahaisen Hospital! Furthermore, you will have to bear the corresponding criminal liability! You're so stupid!"

Criminal liability?

It was that serious?

Li Zhuojia told Bai Pingping: "We've already contacted the police. You can wait for your jail sentence!"

What?

Jail sentence?

Upon hearing those words, Bai Pingping slumped down onto the ground and began crying.

"I don't want to go to jail! I don't want to!"

Jian Yunmo's typically gentle expression was ice cold as he said: "There's no use in crying. You're already an adult. Therefore, you have to suffer the consequences of your actions."
