

Sidekick 1251

Chapter 1251: The Only One Who Can Fix the Problem is the One Who Created It

Not knowing whether he should be embarrassed or annoyed, once An Yang came back to his senses, he quickly told Jian Yiling that he had some other things to handle before he left.

Even though he liked Hu Jiaojiao, his feelings were worthless. In fact, his feelings would only add to her distress. If that was the case, what was the point in liking her?

It would be best for him to stay far away and not bother her anymore.

Despite thinking this, it was impossible for Hu Jiaojiao to pretend that she didn't hear those words just now.

An Yang still cared for her. He still liked her.

"Yiling..." Hu Jiaojiao cried out as she hugged her friend. Hu Jiaojiao started crying.

She missed him a lot.

Jian Yiling clumsily patted Hu Jiaojiao's back to comfort her.

"Yiling, I'm sad... I don't know what to do... I have no way to change my origin... I have no way to make myself a better person..."

"You don't need to make yourself a better person. You're fine as is," Jian Yiling replied seriously.

In Jian Yiling's eyes, Hu Jiaojiao was an amazing human being.

"No, no. That's not true. I'm such a mediocre and average person..." Hu Jiaojiao cried out.

Ever since she was a child, Hu Jiaojiao never had much confidence in herself.

Furthermore, after the encounter with An Yang's mother, she became even less confident about herself. She didn't know what her strengths were.

"Yiling I can't let go of An Yang... I can't forget about him,,, And yet... I can't do anything about it... I can't do anything..." Hu Jiaojiao sobbed.

When Jian Yiling saw her friend sobbing, she was at a loss for words.

###

When Zhai Yunsheng arrived home, Jian Yiling asked him about his arrangements.

"What are you going to do? Can we really help Jiaojiao and An Yang?"

When it came to these problems, Jian Yiling genuinely did not know how to solve them.

Zhai Yunsheng lowered his head and hugged Jian Yiling before he said: "Call me your husband and I'll tell you."

"No," Jian Yiling replied and she shook her head from side to side.

Despite Jian Yiling not listening to him, Zhai Yunsheng said: "We will go and meet An Yang's mother. The only one who can fix the problem is the one who created it."

"What are we meant to say when we meet her?"

"Don't treat her as An Yang's mother and don't treat this as an emotional issue. Treat it as a normal business deal."

If it was a business deal, Jian Yiling would know what to talk about.

"Okay," Jane Yiling replied. She was willing to give it a try.

"Tomorrow afternoon, I've arranged to meet An Yang's mother at the Hanging Gardens Restaurant."

It appeared as though Zhai Yunsheng had already made an appointment.

He knew that Jian Yiling was very concerned with Hu Jiaojiao and An Yang's situation.

"Thank you."

Upon hearing this, a wicked smile appeared on Zhai Yunsheng's face as he said: "I much rather prefer to hear the words husband instead of thank you."

"No way," Jian Yiling said as she quickly turned her head away. Her face became flushed.

Every time he asked her to call him "husband," she would think about the time he teased her all night. Back then, if she refused to call him her "husband," he wouldn't continue what he was doing.

The more she thought about it, the more flushed she became.

###

The next day Zhai Yunsheng let Jian Yiling go to see An Yang's mother by herself.

As An Yang's grandpa was a big shot in South East Asia, An Yang's mother was completely spoiled and pampered in her upbringing. She would rarely encounter something that made her unhappy.

Therefore, her son's choice of a girlfriend was considered to be the worst thing she ever encountered. And thus, she was unwilling to concede or take a step back.

"Miss Jian, I know you're good friends with my son and I understand your concern for An Yang, but we have already discussed An Yang's marriage. Please don't interfere."

An Yang's mother then added: "Miss Jian, I am a mother. Therefore, I will certainly not harm my son. Everything that I do is for his good. Furthermore, this is my family's business. You should not interfere with it."

Despite saying such things, An Yang's mother's attitude towards Jian Yiling was still very polite.

But even if Jian Yiling asked her to change her mind, she would not change her decision.

Chapter 1252: I'm Threatening You

An Yang's mother did not want Hu Jiaojiao to be her daughter-in-law. After all, Hu Jiaojiao's family only had money. They held no position of power in society. On top of that, with little to no talent, Hu Jiaojiao would not be able to help the An family in any shape or form.

"I'm not discussing this matter with you," Jian Yiling replied. Although her voice was soft and gentle, the words that she was saying were not soft and gentle at all.

"Miss Jian, what do you mean by that?"

"I'm requesting you to stay out of An Yang and Hu Jiaojiao's relationship. If you don't do so, I will make your life miserable."

"Are... Are you threatening me?"

An Yang's mother did not expect Jian Yiling to threaten her like this.

If it weren't for Jian Yiling's identity, An Yang's mother would have thought the young girl in front of her was joking.

Even though she was furious when she heard this, she did not dare to let out her temper.

Jian Yiling continued to say to An Yang's mother: "Hu Jiaojiao is my good friend. I've known her since high school and I will not let others bully her."

An Yang's mother looked at Jian Yiling suspiciously as she tried to figure out what Jian Yiling meant by this.

If Jian Yiling was indeed this close with Hu Jiaojiao...

"I can't say yes to you right away. I need to think about this. Please give me some time Miss Jian," An Yang's mother replied. She did not dare to reject Jian Yiling directly. At the same time, she didn't want to agree to her request so quickly either.

"I will give you some time to think about it," Jian Yiling replied. She didn't want to rush An Yang's mother into making this decision either.

###

Some day next month was an auspicious date. Upon hearing this, Master Zhai decided to have the wedding on that day.

Although this would make the wedding preparations a bit rushed for time, the Zhai family had a lot of manpower and resources. This meant that everything needed for the wedding would be ready in time.

The closer they got to the wedding, the more things began to pile up.

There were dresses to try on, venues and themes to select, and wedding photos to take.

Originally, Jian Yiling was planning to order a dress from an upper-class store. However, the Zhai family instead decided to invite a famous designer from France to design a dress for her.

And when the news of her marriage was heard by Kevin, he stated that he would personally design Jian Yiling's dress.

On top of this, the jewelry Jian Yiling would wear when she got married would be taken care of by Wen Nuan.

With all of these people and powers working together, this century would definitely be described as the weeding of the century.

Whenever Qin Yufan and Hu Jiaojiao had time, they would come over to help.

As Jian Yiling's bridesmaids, their romantic situations were quite rocky.

Hu Jiaojiao had broken up with An Yang due to daily issues.

On the other hand, Qin Yufan experienced unrequited love two times.

Even though she was an outstanding individual, she still could not find someone to be with.

"By the way, is Jian Yichen coming to attend your wedding?" Qin Yufan asked. She hadn't seen Jian Yichen for a long time.

Three months after Jian Yiling's disappearance, Jian Yichen left Beijing and headed to the war zone with his brother Jian Yiheng.

When he left, Jian Yichen was in a very poor mental state. He despised himself.

Later on, when Jian Yiheng came back to Beijing, Jian Yichen did not return with him.

As communication in the war zone was quite patchy, the Jian family had been unable to contact him.

And even when Jian Yiling returned, Jian Yichen hadn't yet.

The Jian family decided that if they were unable to contact Jian Yichen, they would get Jian Yiheng to look for him.

"Brother Yiheng is going to look for him next week."

"Oh..." Qin Yufan replied. She didn't know what she was expecting.

Chapter 1253: Probability of Having a Baby Girl

And even if Jian Yichen did end up returning to Beijing, it had nothing to do with her.

"Yufan, don't be sad. When Jian Yichen returns, you will get a chance to interact more with him. He will surely realize your merits," Hu Jiaojiao softly said. She then began to list Qin Yufan's strengths and merits: "You not only come from a good family, but you're also incredibly smart and capable. On top of that, you're also super pretty."

Qin Yufan was everything she wasn't.

No wonder An Yang's mother didn't like her.

Despite hearing this, Qin Yufan shook her head.

Wen Zhe came to visit Jian Yiling and Zhai Yunsheng in the afternoon.

When he arrived, Qin Yufan and Hu Jiaojiao had not yet left.

As soon as Wen Zhe finished his studies abroad, he immediately came over to look for Jian Yiling.

“Sister! Sister!” Wen Zhe cried out as he flew towards Jian Yiling.

In the span of two years, Wen Zhe had grown a lot taller.

As he was having his growth spurt, Wen Zhe had grown ten centimeters taller in two years.

In comparison, Jian Yiling’s height didn’t even really move...

“Sister, did you miss me? I missed you a lot!” Wen Zhe exclaimed as he held onto Jian Yiling’s hands. He expressed how much he missed his sister in the past two years.

When Jian Yiling disappeared, the entirety of the Wen family was also quite upset. In particular, Wen Zhe cried a lot.

“Mhmm,” Jian Yiling replied. She missed each and every one of her family members.

“Sister, when you get married, you need to give me a cute niece!” Wen Zhe said. “A cute nephew is also alright. Just have a few more children and eventually, you’ll surely give birth to a girl. According to genetics, it’s a one in two chance.”

When Qin Yufan heard this, she said: “That’s the chance in a normal family. That’s not the case for the Jian family.”

Despite being incredibly young, Wen Zhe had already mastered the knowledge of human reproduction.

Qin Yufan continued to tease Wen Zhe: “The man decides whether the X or Y chromosomes go faster. However, your cousin is the one who ends up deciding what’s more suitable for her. She’s the land that the seeds will be grown on. If you’re planting crops, aren’t you meant to look at the alkalinity of the soil?”

When Wen Zhe heard this, he thought Qin Yufan’s words were quite reasonable: “I haven’t been taught this knowledge yet. I major in physics and not biology. I’ve only read the textbook for biology. And the biology textbooks haven’t gone into this. Ahh... I need to look into this topic.”

As he said this, Wen Zhe opened an online textbook store and ordered two biology books.

Today, when he got home, he would study this topic.

Hu Jiaojiao also expressed her doubts: “I feel like... The problem might lie with the man. After all, Yiling’s mother and her aunts come from different families. Maybe the Y chromosome in the Jian family is just more dominant.”

And so, three women who were not yet married and a half-grown kid discussed chromosomes and genetics for half a day.

Eventually, Wen Zhe had to return home to read his textbooks on genetics.

He needed to calculate the probability of his sister and his brother-in-law having a daughter in the future.

Chapter 1254: Stay Beside Him

Once the date of Zhai Yunsheng and Jian Yiling's wedding was set, the news quickly spread.

The headline used by the media was: [The Dean of Lahaisen Hospital marries¹ the Young Master of the Zhai family.]

By using these words, this meant that in the eyes of everyone else, Jian Yiling's current status and position in society were higher than Zhai Yunsheng's.

Typically, when celebrities married into rich and powerful families, they would be climbing up the social ladder.

However, when it came to Jian Yiling, the media unanimously believed that this marriage would lower her overall social standing.

Two years ago, when Jian Yiling initially got engaged to Zhai Yunsheng, the outside world had a completely different attitude.

Even though only two years had passed, everyone's opinions had completely shifted in a different direction.

Soon after, the news that the Chief Designer of XDL was going to personally design Jian Yiling's wedding outfit also spread.

Then, Zhang Xuming also announced that he would hand over Xuming Medical Manufacturers to her at her wedding.

Even though there was still a while until Jian Yiling's marriage, it became the most hotly discussed topic in several hours of the day.

###

After Mo Shiyun's birthday party, Qin Chuan continued to be as busy as ever. On the other hand, Mo Shiyun continued to stay at home to be a virtuous girlfriend like she had been doing for the past year or so.

Even though Qin Yufan did not like Mo Shiyun, she could not find any bone to pick with her. As a result, Mo Shiyun could continue living in the Qin Residence.

That night, Qin Chuan came back later than ever. He was also incredibly drunk.

Qin Chuan was typically someone who was extremely disciplined. He would never drink excessively whenever he went out to socialize.

However, for some reason today, he got so drunk that his assistant had to send him back to the Qin Residence.

With the help of the family nanny, Mo Shiyun managed to get Qin Chuan upstairs to his own room.

Mo Shiyun briefly wiped down the sweat on Qin Chuan's face with a warm towel before she took off his suit jacket and covered him with the blanket.

Just as Mo Shiyun was about to leave, Qin Chuan suddenly grabbed her with one hand.

“Don’t go.”

When Mo Shiyun heard this, she was initially startled. Then, an infinite joy surged to her heart.

Mo Shiyun rarely got the chance to touch Qin Chuan physically. The most she could do was to hold his arm in front of outsiders.

In private, their hands would rarely even touch.

However this time, he took the initiative to grab the hand.

Mo Shiyun did not want to pull her hand away. And thus, she just stood in front of the bed and looked at Qin Chuan.

These days, he was usually detached and cold. However, when he was drunk, he would be less cold and detached.

“I’m here. If you don’t want me to leave, I won’t leave you.”

“Yiling...” Qin Chuan called out. He recited the name that was not at all unfamiliar to Mo Shiyun.

Upon hearing Jian Yiling’s name, Mo Shiyun froze for a moment.

A flash of pain appeared on her face but she quickly perked up again.

“Qin Chuan, it doesn’t matter if you like her. I won’t be jealous of her anymore. I know that she’s an amazing human being. It’s totally normal for you to like her. I also don’t expect to replace her place in your heart. I just want to continue to be by your side like this.”

Mo Shiyun knew that Jian Yiling belonged to Zhai Yunsheng. She also knew that the two of them wouldn’t separate easily after how much they’ve gone through together.

And soon, the two of them were going to be married.

And so, even if Qin Chuan liked Jian Yiling, he could not be with her.

She didn’t have any unreasonable expectations.

In fact, as long as she could have a place by his side like right now, she would be happy.

Mo Shiyun squatted down and put her face close to the back of Qin Chuan’s hand. She felt the temperature of his hand and felt the touch of his skin.

Chapter 1255: Content with What You Have

“Yiling...” Qin Chuan called out again. For some reason, he kept repeating Jian Yiling’s name.

His brow was knotted. It seemed like the contents of his dreams weren’t good.

Suddenly, Qin Chuan opened his eyes and met Mo Shiyun’s eyes.

There was evident confusion in his clear and cold eyes.

Upon realizing he was awake, Mo Shiyun hurriedly let go of Qin Chuan’s hand.

"You're awake? Do you want some water? I'll get you a glass of water."

Mo Shiyun got up and poured a glass of water for Qin Chuan before handing it to him.

It took Qin Chuan a while to distinguish between reality and his dreams.

"There's no need for that," Qin Chuan said as he propped up his upper body. His head felt like it was about to explode in pain.

It did not feel good to be drunk.

And the reason why he was drunk was that he had just heard about Jian Yiling's wedding date whilst he was drinking after work.

The date for Zhai Yunsheng and Jian Yiling's wedding had been finally determined.

It was going to be next month.

And after he heard about the news, he poured himself a glass of white wine one after the other.

And then, he got himself drunk.

"Did I say or do anything to you just now?" Qin Chuan asked.

"No. You didn't say anything and you didn't do anything. You were sleeping well. When I saw you sweat, I used a towel to wipe your face and hands slightly. Then I took off your suit jacket."

Qin Chuan slightly lowered his eyes. It appeared as though he was thinking about something.

After a pause, Mo Shiyun added: "You should go take a bath. You were sweating a lot so it's uncomfortable to sleep with that much sweat on your body. I'll go and ready up the bath water."

Qin Chuan did not reply. Instead, he looked straight at Mo Shiyun.

"Did I... I do something wrong?" Mo Shiyun asked nervously.

"No. It has nothing to do with you," Qin Chuan replied as he looked away.

No matter how he looked at Mo Shiyun, his heart didn't beat faster.

He didn't know whether this was because he was different, or because Mo Shiyun was different.

Or maybe it was because they were both different.

When she heard this response from Qin Chuan, Mo Shiyun let out a sigh of relief.

"Do you still have a headache? Do you want me to go and get some medicine for you?" Mo Shiyun asked again.

"No, it's fine. Just let me stay by myself for a while," Qin Chuan said to Mo Shiyun.

"Alright. If you need anything, you can call me anytime. I don't plan to sleep early," Mo Shiyun said. Then, she carefully left Qin Chuan's room.

After Mo Shiyun left, Qin Chuan went into a daze.

Perhaps it was due to the effect of alcohol but memories of Jian Yiling became especially clear.

From the first time they met at the Jian Residence, to later going to the Old Jian Residence to tutor her, to her treating his mother's illness and him discovering her secret, to their contact and interactions one after another during those three years...

After Mo Shiyun returned to her room, she decided to go to the kitchen to cook something for Qin Chuan to eat. After drinking so much wine, Qin Chuan's stomach surely did not feel good.

Although her cooking was not as good as Jian Yiling's, it would still be considered delicious by an average person.

In the past, when her mother went to work early and came home late, she would come home after class to cook meals for her mother in advance.

And thus, she learned how to cook a lot of dishes.

When she reflected back on those days, even though they were poor, they were also happy.

It was much better than later when her mother was in jail and she was hated by everyone. During those times, she lived like a street rat.

And thus, in the past two years, she learned that one should be content with what they had. She decided to not think about what one couldn't get. If she did, she could lose the things that she once held dear to her.

Chapter 1256: Wedding (1)

In a flash, a month had passed by.

The wedding ceremony was to be held inside the largest church in Beijing.

This church was also filled with guests, all of whom were big shots from various industries and sectors. Most of Beijing's rich and powerful families attended this wedding.

In fact, there were also famous individuals from the last century who chose to attend this wedding. Nowadays, it was incredibly rare to see these individuals after they decided to retire and take a step back from the big screen.

Many renowned doctors and researchers from the medical field also attended this wedding. An example of such an individual was Elder Yun.

On top of this, members of the Goodman and Habsburg family, executives from XDL, and other mysterious individuals also came to this wedding.

When people from the Internet caught onto this news, they jokingly said that an invitation to Zhai Yunsheng and Jian Yiling's wedding was a verification of one's power and influence in society.

After all, everyone who got invited held a lot of power in their hands.

Naturally, the Qin family was also among the invitees. Qin Yufan was there as Jian Yiling's bridesmaid.

On the day of the wedding, dozens of helicopters flew over Beijing.

There was a huge commotion.

A fleet of luxury vehicles could also be seen and there were even billboards that were bought at a great expense.

Many journalists and reporters attempted to broadcast Zhai Yunsheng and Jian Yiling's wedding in real-time.

However, as the wedding venue was protected, no strangers or individuals without an invitation were allowed to enter.

Inside the Jian Residence in Beijing, Jian Yiling had already changed into her wedding dress.

The dress was personally designed by Mr. Kevin. The material was costly and the dress was inlaid with hundreds of small diamonds.

As Wen Nuan put on one last piece of jewelry for Jian Yiling, there were tears in her eyes.

Her daughter was all grown up. She was getting married.

And yet, not long ago, she was still a little girl. A little girl who was innocent and adorable.

Wen Nuan did not expect that in a blink of an eye, her little girl would be getting married.

Time truly flew.

Ahhh, she would miss her daughter tremendously.

Despite already mentally preparing herself for this situation, Wen Nuan could not stop the tears from flowing out of her eyes.

"Yiling, from now on, you're truly an adult. I really regret not spending a lot of time with you," Wen Nuan sobbed. As she said this, her eyes became even redder.

Jian Yiling turned her head and met her mother's tearful eyes.

Wen Nuan's hand tenderly stroked Jian Yiling's cheeks.

Her daughter was incredibly beautiful today.

The Jian brothers stood in a row behind Jian Yiling.

In a bit, her brothers would take turns carrying her downstairs.

As Jian Yunmo stood beside his sister, tears were about to come out of his eyes.

No matter how much he convinced himself not to cry, he still felt devastated. He didn't want his sister to get married just yet.

"Brother Yunmo..." Jian Yiling called out as she turned her head to look at Jian Yunmo.

There was a frown on Jian Yunmo's face.

Out of Jian Yiling's three brothers, Jian Yunmo spent the most time with Jian Yiling. This meant that they had the closest relationship.

"Could you not get married?" Jian Yunmo asked. He wanted to backtrack on his words. He wanted to run away with his little sister.

He wanted to keep his sister in the Jian family!

"Brother Yunmo, don't be sad. I will come back often," Jian Yiling comforted.

"That's not the same. Once you marry into the Zhai family, you will be technically part of their family. We will no longer be under the same household registration!"

Chapter 1257: Wedding (2)

"Even if we're not on the same household registration, you're still my brother."

"Why don't you move back into the Jian Residence after the wedding?"

As normal tricks no longer worked, Jian Yunmo started thinking about other ways to keep his sister close by.

Otherwise, he couldn't bear to see his sister exit the doors.

The sensation in his heart made him feel incredibly uncomfortable.

Upon hearing these comments, Qin Yufan couldn't help but say: "Well, even before the wedding, Yiling lived with her fiancé. How can you possibly expect them to live separately after the wedding? Do you really think that's feasible?"

It was not feasible at all.

Not to mention, Yiling was determined to have a baby with Zhai Yunsheng.

Jian Yuncheng attempted to reassure his brother: "If you want, we can ask Yiling and our future brother-in-law to move in with us."

It was impossible to separate Jian Yiling and Zhai Yunsheng.

However, it was still possible to get Zhai Yunsheng and Jian Yiling to move in together.

Upon hearing this, Jian Yunnao quickly agreed: "That sounds like a great idea. Let's buy a huge house. If we do that, the two families could just live together."

This was a reasonable suggestion.

"Well, you can go and talk to your grandparents afterward," Wen Nuan hurriedly said to her sons. "Your grandpa can make this suggestion to Master Zhai. After all, the two of them get along well. If they take the lead on this suggestion, things will definitely fall into place."

"Will do!" the three brothers replied in unison.

"By the way, where is our father?" Jian Yunnao asked.

Jian Yunnao did not know where Jian Shuxing was.

Why was he missing at such an important time?

"He's in the bathroom," Jian Yuncheng answered.

"What's wrong? Does he have a stomachache?" Jian Yunnao asked.

"No. His eyes aren't feeling well," Jian Yuncheng replied.

"Why is he going to the bathroom if his eyes aren't feeling well?" Jian Yunnao questioned. He didn't understand what was going on.

"For the same reason as your second brother. His lover is getting married. He can't stand this blow."

In Jian Shuxing's eyes, his three love rivals hadn't gotten married. Yet, his sole lover had been abducted. He couldn't withstand this heartache.

Unlike his son, he couldn't express how he was feeling in words.

And thus, he could only hide inside the bathroom.

Wen Nuan reminded her sons: "In a bit, when Zhai Yunsheng's groomsmen arrive, you have to make things difficult. Don't let them pick up Yiling easily."

"Mother, don't worry about that. The other Jian brothers are already waiting outside. Zhai Yunsheng will not be able to marry Yiling without passing many hurdles today!" Jian Yunnao happily stated.

In order to plan this, the Jian brothers had several meetings to discuss this. They were more attentive to this task than projects which would cost their business hundreds of millions of dollars.

When the auspicious time arrived, Zhai Yunsheng and his groomsmen appeared at the Jian Residence.

His groomsmen were Yu Xi, Han Mengyu, and Xing Wei.

At the entrance of the Jian Residence, the brothers of the Jane family stood in a row.

They stood in order of their age from left to right with Jian Yuncheng being on the leftmost of the row and Jian Yujie being on the rightmost of the row.

All of them were wearing tailored suits.

Despite their different personalities, they were all incredibly handsome.

"Future brother-in-law, my sister is incredibly dear to us. To be her husband, you must meet many requests and conditions," Jian Yumin said to Zhai Yunsheng.

"Okay, feel free to ask anything," Zhai Yunsheng replied with a smile.

He was ready for this challenge.

"Each one of us has a request," Jian Yumin continued.

Chapter 1258: Wedding (3)

The requests started off with the eldest brother Jian Yuncheng.

Jian Yuncheng's request was quite simple: "Hand over all your income. Can you do that?"

Upon hearing this, Yu Xi whispered: "Brother Yuncheng, Master Sheng earns a lot of money."

Furthermore, Zhai Yunsheng had many different sources of income.

It was not as simple as a few debit cards.

"Well, hand over as much as you have," Jian Yuncheng requested.

Yu Xi turned to Zhai Yunsheng and asked: "Master Sheng, what do you have on you?"

Without the slightest hesitation, Zhai Yunsheng took out a bunch of debit cards from his wallet.

He handed all of it to Jian Yuncheng.

"You must also hand over your other sources of income to Yiling afterward," Jian Yuncheng added. As Zhai Yunsheng's attitude was quite satisfactory, Jian Yuncheng decided to not make things any more difficult for his future brother-in-law.

Next in line was Jian Yumin. He was the second oldest amongst the Jian brothers.

"On such a festive day, I don't have many demands. I just want you to show everyone here a talent. If you win everyone's applause, I permit you to marry my sister."

As this request was rather simple, Yu Xi hurriedly asked someone to bring over Zhai Yunsheng's violin.

And thus, in front of everyone, Zhai Yunsheng began to play the violin.

When Jian Yiling heard the commotion downstairs, she couldn't help but poke her head out of the door.

Hu Jiaojiao and Qin Yufan were also filled with curiosity.

The two of them sat by the window to listen to the music.

Today, the song that Zhai Yunsheng played was obviously much more light-hearted.

"As expected of the man I used to like. He's multi-talented and can even play the violin super well," Qin Yufan lamented.

"How many challenges have the Jian brothers prepared?" Hu Jiaojiao asked. If they set up too many challenges, she was worried that they'd miss the auspicious time.

"Don't worry about that. They planned this out," Qin Yufan replied with confidence.

When it came to Jian Yiling's wedding, the Jian brothers were definitely more attentive than the two bridesmaids.

The guest's applause was thunderous when Zhai Yunsheng's performance was over.

Jian Yumin's challenge was successfully overcome.

Next up was Jian Yiheng.

When Jian Yiheng rolled up his sleeves, the other Jian brothers immediately took a few steps backward.

Needless to say, everyone knew what challenge Jian Yiheng was going to present.

When Yu Xi saw this, he said nervously to Jian Yiheng, "Brother Yiheng, please remember that today is the wedding between Yiling and Master Sheng. Please go easy!"

It was not a day for fighting!

"Arm wrestling," Jian Yiheng replied.

Huh?

Arm wrestling?

Yu Xi froze when he heard this.

So Jian Yiheng rolled his sleeves up just to arm wrestle and not to fight?

The servants quickly brought over the table they prepared in advance.

Then, Zhai Yunsheng and Jian Yiheng sat down opposite each other.

Before they began, Yu Xi asked nervously, "Umm... What happens... If Master Sheng loses?"

Surely he's still allowed to get married right?

"If you lose, you must do a hundred push-ups." Jian Yumin explained.

"Ahh, that's good." Yu Xi said as he breathed a sigh of relief. Everything was good as long as they were not sent home.

Jian Yumin was designated as the referee. Once he called out start, Zhai Yunsheng and Jian Yiheng began to arm wrestle.

Both of them were incredibly strong.

However, in Yu Xi's eyes, Jian Yiheng seemed a lot stronger.

After all, Jian Yiheng had a lot more muscle on his arms.

It seemed as though Master Sheng could not escape the fate of one hundred pushups.

The arm wrestle was quite close. The muscles on Jian Yiheng and Zhai Yunsheng's arms were incredibly tense.

The veins on their neck were also visible to one's naked eye.

Zhai Yunsheng's groomsmen cheered on Zhai Yunsheng whereas the Jian brother cheered on Jian Yiheng.

After all, the Jian brothers were all waiting to see Zhai Yunsheng do a hundred push-ups.

Chapter 1259: Wedding (4)

The arm-wrestling lasted for five entire minutes. After five minutes, Zhai Yunsheng managed to defeat Jian Yiheng.

His groomsmen cheered in unison.

Zhai Yunsheng smiled and apologized to Jian Yiheng: "Sorry, the one hundred push-ups will not be done today. I have to save my strength."

Next up was Jian Yunmo.

Surprisingly, Jian Yunmo made a rather simple request. He asked Zhai Yunsheng to list ten things good about Jian Yiling.

"Isn't ten a bit too much?" Yu Xi muttered in a quiet voice.

After he said this, eight pairs of eyes turned to glare at him.

Yu Xi quickly got the message and hurriedly shut up.

Zhai Yunsheng didn't panic. Instead, he began to list good points about Yiling: "One, she's very beautiful and she has a sweet voice."

Everyone around him nodded their heads in approval.

"Two, she's understanding."

Once again, everyone agreed to this.

There were no objections. And even those who had objections would not dare to express their objections in front of the Jian brothers.

"Three, she has excellent medical skills."

"Four, she has amazing cooking skills."

"Five, she has a clever heart and deft hands."

"Six, she has insane IQ."

"Seven, she's loyal."

"Eight, she's gentle and considerate."

"Nine, she is a very rich woman."

"Ten, she only loves me."

The first eight points were quite valid.

However, the last two points made Zhai Yunsheng sound like a pretty boy who relied on women! And he sounded proud when he listed them!

Where was the notoriously arrogant Master Sheng known by everyone else? When did he become like this?!

Under the disgusted gaze of the Jian brothers, Jian Yunmo reluctantly announced that Zhai Yunsheng managed to pass his challenge as well.

Next in line was Jian Yubo.

In Zhai Yunsheng's mind, the quiet ones were often the hardest to deal with.

As Jian Yubo walked up, the servants set up a chess board on top of the table where Jian Yiheng and Zhai Yunsheng had just arm-wrestled.

Upon seeing this, Yu Xi anxiously asked: "Brother Yubo, you're surely not planning to have a Go match right? Those matches will last forever!"

Jian Yubo's reply was two simple words: "Connect five."

Jian Yujie added an explanation: "My sister loved to play connect five when she was young. Therefore, as her husband, you should also master this skill. You should play this game with my sister whenever she wants to play in the future."

Upon hearing this, Yu Xi wanted to say: Well, God Ling also likes to play Zerg Invasion. Why isn't anyone challenging him in that game? They're clearly picking the games and things Master Sheng didn't excel in!

However, if Master Sheng wanted to steal Yiling away from the Jian brothers, he had to listen to their arrangements.

And thus, once again, Zhai Yunsheng took a seat to play connect five with Jian Yubo.

Out of three matches, the first to two wins would be declared the winner.

The loser would have to skip two hundred times.

Jian Yubo won the first game and Zhai Yunsheng won the second game.

Then, the third game began.

Hu Jiaojiao anxiously watched from the window as she reported the situation to Jian Yiling in real-time: "It's now the third game. I wonder who's going to be skipping. Yiling, do you want your husband to skip, or do you want your cousin to skip?"

"A Sheng is in good health. He should skip," Jian Yiling analyzed from an objective point of view.

Upon hearing this, Qin Yufan smiled and said, "Luckily Zhai Yunsheng can't hear your words. Otherwise, he might feel sad and run away. Then, you wouldn't be able to get married."

"A Sheng wouldn't do that," Jian Yiling replied with confidence.

Jian Yubo was the winner of the third game.

As soon as Jian Yubo won, the Jian brothers began to chant: "Skip, skip, skip!"

Someone quickly handed a skipping rope to Zhai Yunsheng.

Zhai Yunsheng's groomsmen couldn't help but snicker when they saw this.

In the past, Master Sheng was always the one who used this punishment. But today, it was his turn to skip.

Chapter 1260: Wedding (5)

This time, the wheel of fortune did not bless Zhai Yunsheng.

And thus, Zhai Yunsheng temporarily changed into a pair of sneakers to skip two hundred times. Then, he changed back to his leather shoes.

After passing the challenge set by Jian Yubo, it was Jian Yichen's turn.

Jian Yichen had just returned from the war zone. His skin was much more tan and unlike two years ago, he looked very manly.

Even if he changed into women's clothing, he would no longer look like a woman.

Jian Yichen looked at Zhai Yunsheng with an evil smile on his face.

Then, Jian Yichen took out a set of women's clothing and said: "Future brother-in-law, my request is very simple. You just have to change into women's clothing. After we take a photo of you, you will have successfully passed this challenge."

This was a simple challenge?

Jian Yichen expected Master Sheng to wear women's clothing?!

Everyone turned to look at Zhai Yunsheng's masculine figure. They struggled to imagine him wearing the pink dress in Jian Yichen's hands.

Qin Yufan was excited to hear this: "I want to go downstairs to see this! Zhai Yunsheng wearing a pink dress?! Hell yeah! I need to take a few pictures to immortalize this memory!"

Hu Jiaojiao also agreed to this: "I also want a photo of this! I've never seen Master Sheng in women's clothing!"

"Well, I'm pretty sure that no one in the entirety of Beijing has seen him wear women's clothing!" Qin Yufan replied.

Jian Yiling was also interested in this challenge. She got up from her bed and walked over to the window.

There was anticipation on her face.

Downstairs, Han Mengyu suggested: "Master Sheng is the groom today. Changing into another set of clothes might cause delays in the wedding. There are also more challenges for him to pass. How about this, we, as the groomsmen will help the groom pass this challenge. Is that okay?"

Upon hearing this suggestion, the Jian brothers looked at each other for a few moments. Jian Yunmo decided to agree to this suggestion: "Alright. One of you can wear this pink dress. However, you must wear this pink dress for the entire day. If that is met, the challenge will be considered complete."

Jian Yumin added: "Well, who plans to wear this dress?"

Han Mengyu and Xing Wei pointed at Yu Xi at the same time: "He'll do it!"

There was a confused expression on Yu Xi's face as he asked: "Brother Mengyu, didn't you make this suggestion? Why should I be the one wearing this pink dress then?"

Han Mengyu patted Yu Xi's shoulder and said "Brother Yu Xi, for the sake of Master Sheng, you have to make some small sacrifices. After all, us groomsmen are meant to make sacrifices for the groom no?"

Xing Wei nodded: "That's right Brother Yu Xi. You should do this for Master Sheng's happiness! Your sacrifice will be remembered!"

"Wait... But we're all his groomsmen... Why are you sacrificing me..."

Han Mengyu smiled and replied: "Because you're the best-looking amongst the three of us. Therefore, you're most suited for wearing women's clothing."

Xing Wei nodded: "That's right, that's right. You're the only one who can complete this challenge."

Before Yu Xi got the chance to respond, Han Mengyu and Xing Wei pulled Yu Xi into a room. After that, they helped Yu Xi change into the dress that Jian Yichen prepared.

Ten minutes later, "Miss" Yu Xi appeared in front of everyone.

He was wearing a pink dress and a pair of seven-centimeter high heels. The handbag he was holding was also pink.

Everyone had been ready with their cameras.

As soon as Yu Xi appeared, they quickly took numerous photos to capture this memory.

Even the two bridesmaids upstairs were taking pictures and recording videos.

Yu Xi panicked and tried to block his face with his hands: "No photos! No photos!"

Ahh! This was so embarrassing!

He was sacrificing way too much for Master Sheng!
