Chapter 661: Breaking Into the Operating Room (2)

"I want to enter the operating room as a doctor," Jian Yiling told the doctor firmly.

"But you're not a doctor yet."

"I am."

Jian Yiling's words made everyone around her confused.

Was she stupid? Why was she suddenly saying such things?

"Yiling? Are you okay?" Wen Nuan asked as she grabbed Jian Yiling's hand with concern.

"Jian Yiling, what exactly do you want to do?" Wen Ruoy asked Jian Yiling with hostility in her eyes.

"I want to save him," Jian Yiling replied.

"You want to save my father? I'd be happy if you didn't harm him!" Wen Ruoy cried out.

Her emotions were out of control.

"I can save him," Jian Yiling stressed again.

"Are you joking? Is this the time and place to make a joke?" Wen Ruoy asked.

Zhu Zimo frowned as he said: "Jian Yiling, don't be like this. His life is at stake. Don't you see how sad Wen Ruoy is right now? Why are you making a scene? Are you even her cousin?"

"The person inside the operating room is my uncle. I can save him."

Jian Yiling spoke very firmly. However, no one believed her.

Jian Yiling was determined to enter the operating room. This alarmed the other doctors in the hospital.

The other doctors rushed over.

It was unheard of for an intern to declare that they were going to go into an emergency room!

Dr. Chu sternly scolded Jian Yiling: "Jian Yiling, what are you doing?!"

Jian Yiling had made him lose face the day before yesterday.

As a result, Dr. Chu held a grudge against Jian Yiling. His pride made him even more displeased with Jian Yiling.

Furthermore, Jian Yiling's actions today were unheard of! Why was she attempting to break into an operating room?

Who did she think she was? No intern could enter the operating room just because they wanted to!

Perhaps she did have solid theoretical knowledge and understanding. As a result, she could easily determine the patient's condition.

However, an intern was not meant to touch surgical operations!

And even if she entered the operating room, she needed to wait many more years before she became the lead surgeon.

"I want to save him," Jian Yiling replied.

"You're talking nonsense!" Dr. Chu cried out. Then, he said to the security guards: "Don't let her get a step closer to the operating room!"

The security guards listened to Dr. Chu. They stepped forward to stop Jian Yiling. They didn't want anything to happen. Things would become serious if the word got out.

As Jian Yiling was stopped by the security guards, she could not get close to the operating room.

"Take her to my office! Let her reflect on her actions!" Dr. Chu said to the security guards.

Upon hearing this, the security guards were about to drag Jian Yiling away.

"Who dares to touch her?!"

A woman's voice that was filled with anger and power interrupted the security guards' movements.

Luo Xiuen rushed to the scene.

She had received a message from Jian Yiling fifteen minutes ago. After she received the message, she immediately rushed over.

Luo Xiuen squeezed past the security guards and stepped in front of Jian Yiling.

It was as though she was a hawk that was protecting her chick.

"Don't be scared. I'm here," Luo Xiuen said to Jian Yiling who stood behind her. "In addition, I brought the medicine that you wanted. Fortunately, I was at the hotel just now. I had everything with me."

The medicine that Luo Xiuen brought was the medicine that the research institution was going to release at the launch.

The medicine was especially good in emergency situations. It could be applied to major trauma and hemorrhage.

Luo Xiuen's appearance changed the situation.

She stood in front of Jian Yiling.

"Who are you?" Dr. Chu asked. The expression on his face was very unpleasant.

Chapter 662: She's Dr. F.S! (1)

Was another person here to cause trouble?

"We're in the same industry," Luo Xiuen replied. Then, she added: "Now get out of the way. Let Yiling into the operating room."

Dr. Chu hurriedly said to the security guards: "Don't let this intern into the operating room! If news of this gets out, our hospital's reputation will hit the rock bottom!"

Wen Ruo continued to sternly scold Jian Yiling: "Jian Yiling, what are you planning to do?! Are you trying to get my father killed? You've gone too far! The doctors are trying their best to save my father. However, you're only here causing trouble! What are your intentions?"

Zhu Zimo also criticized Jian Yiling's behavior: "Do you even know what you're doing? I feel like the hospital should just call the police."

Luo Xiuen snorted when she heard this. Then, she said to Jian Yiling: "Time waits for nobody. You go in first. I will stop these people."

Jian Yiling took the new medicine from Luo Xiuen's hands and rushed into the operating room.

When the security guards saw this, they attempted to rush forward to stop her. However, they were all knocked to the ground by Luo Xiuen.

There were six security guards present. However, none of them could deal with Luo Xiuen. All of them were taken down by her.

"I said that I'm here! No one will stop her!"

Luo Xiuen's gaze was fierce as her eyes swept over the people in front of her.

Then, Luo Xiuen sternly asked the doctors and security guards in front of her: "Do you guys have a brain? The person inside is her uncle. If she's not certain that she can save him, why would she go inside? What good would that do her? Who would be so brainless to joke about such a thing?"

Then, Luo Xiuen turned around and asked the Jian family: "Do you still not understand what kind of person Yiling is? Don't you know that she won't act recklessly?"

Jian Shuxing and Wen Nuan froze.

Then, Wen Nuan suddenly said: "I believe in Yiling! She wouldn't act recklessly! She wouldn't!"

Although these things did not make sense, Wen Nuan still believed in her daughter. She had to believe in her.

Jian Shuxing added: "Yes, my daughter wouldn't mess around in such a situation. She wants to try and save her uncle!"

"Wanting to save someone is different from being able to save someone!" Dr. Chu yelled angrily. "If anyone can save someone just because they want to, what's the point of doctors? Why would we need doctors in the first place?"

Upon hearing this, Wen Nuan replied: "No, my daughter knows what to do and what not to do. I believe in her."

Wen Ruo was so angry that she wanted to fight Wen Nuan: "Of course you guys can say that you believe in her! However, the person lying in there is my father! Why can't she just let the doctors operate on my father? What can she even do there? Is she there to interfere with the doctor's surgery?"

Zhu Zimo held Wen Ruo back. On the other side, Jian Shuxing protected his wife.

The security guards attempted to enter the operating room. However, Luo Xiuen would not let them.

The entrance of the operating room was a mess.

“Stop! Everyone stop!”

The Dean of the hospital hurried over.

A plainly dressed old man followed the Dean.

Jian Shuxing, Wen Nuan, and Wen Ruo recognized this old man.

He was Elder Yun. He had been there to celebrate Yiling’s eighteenth birthday.

Dr. Chu also recognized Elder Yun.

Seeing that the Dean and Elder Yun were present now, Dr. Chu hurriedly told them what was happening:

“Dean! An intern rushed inside of the operating room! If something goes wrong, our hospital will be responsible for this!”

Upon hearing this, the Dean replied: “It’s okay. She’s not an intern. She’s a doctor. In addition, she’s qualified to perform this surgery.”

The Dean already knew the details.

Elder Yun had visited him because of this matter.

Chapter 663: She’s Dr. F.S! (2)

Then, the Dean hurriedly said to a doctor beside him: “Go in and tell Dr. Zhang to do his best to assist Dr. F.S in the operation.”

Dr... Dr. F.S?

What did they just hear?

Did their Dean say Dr. F.S?

But where was Dr. F.S?

“Dean, what are you saying? Dr. F.S? Who is Dr. F.S?” Dr. Chu asked with a bewildered expression on his face.

“The intern that you’re talking about! Jian Yiling!” the Dean explained with a panting voice.

He had jogged his way over here. Therefore, he was attempting to catch his breath.

“Jian Yiling? Dr. F.S? How is that even possible! She’s just an intern!”

Dr. Chu was completely stunned. His voice was filled with disbelief.

However, he was not the only person who was stunned. Jian Shuxing, Wen Nuan, Wen Ruo, and her boyfriend Zhu Zimo were all stunned.

Even the surrounding security guards were stunned.

Jian Yiling was Dr. F.S?

How was that possible?

Dr. F.S was a very famous doctor. Therefore, how could Jian Yiling possibly be Dr. F.S? She was just a medical student!

Even Jian Shuxing and Wen Nuan did not know about this.

“Yeah, she’s Dr. F.S,” Luo Xiuen repeated in a definite tone.

Luo Xiuen knew that this matter would not be resolved today without revealing Jian Yiling’s identity.

Jian Yiling also knew this. This was why she asked Elder Yun to come over.

“How could she possibly be Dr. F.S? She’s just a medical student! Dr. F.S already became famous three years ago!”

Even though these words came from his Dean’s mouth, Dr. Chu was still unwilling to believe this.

At this moment, Elder Yun spoke up: “She’s indeed Dr. F.S. Three years ago, she was still in high school. However, she already passed a series of professional tests and examinations. After she passed those tests and examinations, she became a doctor.”

Elder Yun was a very important person in the industry. As a result, his words were very credible. The crowd found it hard to not believe in his words.

Then, Luo Xiuen added: “I’m from the Huiling Medical Research Institution. You can search for my name on the institution’s website. My photos are on the Internet. Therefore, I can prove that Yiling is our institution’s Dr. F.S.”

Luo Xiuen had shown her face to the public. As a result, it was relatively easy to find information about her.

Furthermore, everyone knew that Dr. F.S was a part of the Huiling Medical Research Institution.

Therefore, the words of Dr. F.S’s colleagues had to be trusted.

Dr. Chu was still in disbelief. He picked up his phone to look through the institution’s website. To his surprise, he discovered that the woman in front of him was really a researcher at Huiling Medical Research Institution. In addition, she specialized in oncology.

Therefore, Elder Yun’s words coupled with Luo Xiuen’s identity revealed a shocking fact to everyone. Jian Yiling was indeed Dr. F.S!

“How... How can this be...?” Dr. Chu asked. He felt like his entire worldview had collapsed.

The woman in front of him who did not look like a researcher was actually someone from the Huiling Medical Research Institution.

Furthermore, the intern that he disliked was the mysterious surgeon Dr. F.S!

“This is impossible! Impossible! She’s only eighteen years old. How can she possibly be Dr. F.S? I don’t believe it! I don’t!”

The reality was too shocking for Dr. Chu to accept.

He was already in his thirties. However, he was still an ordinary doctor.

Jian Yiling on the other hand was only eighteen years old. However, she somehow managed to become a renowned surgeon already.

How could he possibly accept such a thing?

Chapter 664: She’s Dr. F.S! (3)

“I don’t believe it either! She can’t be Dr. F.S! That’s impossible!” Wen Ruo cried out.

Wen Ruo was equally unable to accept this fact.

Dr. F.S’s name was so well known in the industry!

On the other hand, Jian Yiling was one year younger than her!

Ever since young, Jian Yiling was arrogant and mischievous.

Therefore, how could such a person be Dr. F.S?

Elder Yun spoke up again: “Effort is incredibly important. However, sometimes, one has to admit that some people’s talent is beyond the reach of others. Even if you’ve worked hard for ten or twenty years.”

This was the cruel reality.

Jian Shuxing and Wen Nuan could not come back to their senses for a long time as well.

The doctor that saved their family twice had been right beside them.

The doctor was no other than their daughter, Yiling!

“Yiling is Dr. F.S. Yiling is Dr. F.S... Yiling is actually Dr. F.S...” Wen Nuan mumbled and repeated.

Tears began to uncontrollably fall from her eyes.

Then, Wen Nuan hugged Jian Shuxing and sobbed uncontrollably.

At this moment, Jian Yuncheng arrived at the operation room. He heard his mother’s words.

His sister... Was Dr. F.S...

Upon hearing this, Jian Yuncheng was also stunned.

He was unable to digest this news.

Finally, Jian Yunnao arrived at the hospital.

When Jian Yunnao saw everybody, he hung his head down.

Then, he heard Wen Ruo's words: "Yiling is definitely not Dr.F.S! She doesn't have the ability to save my father!"

Jian Yunnao immediately got up from hospital benches: "So are you hoping that she's Dr. F.S or not? Do you want your father to get better or not?!"

Then, he continued to angrily question Wen Ruo: "Shouldn't you hope that she's Dr. F.S? Shouldn't you want your father to get better? Is there anything more important than that right now?!"

Wen Ruo's body trembled violently as she replied: "Jian Yunnao, what are you talking about?!"

"Do you not understand what I'm saying?" Jian Yunnao replied.

"Do you even have the right to talk here? How are you willing to believe this already? They're saying that she's Dr. F.S! They're saying that she's the one who operated on your hand! Back then, didn't you suspect that she caused the injury to your hand? And thus, why would she operate on your hand if you suspected her? Isn't that unrealistic?"

Wen Ruo was furious. She spat out anything that came to her mind.

Her words were like a knife that stabbed into Jian Yunnao's heart.

Jian Yunnao hung his head down. His voice was low and heavy as he said: "Ever since she operated on our grandma, I already knew it was her."

He had already been stunned by this news.

In addition, he used a long time to fully digest this matter.

He also used a long time to understand everything.

In the end, he understood that they were from the same family. His grandma had told him they were linked with blood and bones.

Perhaps, she was angry at him. Perhaps, she no longer trusted him.

However, in the end, she could not leave him to die.

This was her family. And this was her brother.

From the beginning to end, she had always treated him as her brother.

Perhaps she had once been arrogant and stubborn, however, she always loved them.

"Yunnao, what are you saying?" Jian Shuxing asked with a trembling voice.

"I said that she saved our grandma. I knew from that time onwards. Therefore, I already know that she's Dr. F.S," Jian Yunnao replied.

So Jian Yunnao already knew!

“Then... Then, why didn’t you say anything?” Jian Shuxing asked.

Chapter 665: She’s Dr. F.S! (4)

Upon being asked this, Jian Yunnao replied: “Because I promised my sister not to say anything... Also, a man that my sister knows said that this identity was the reason why people kidnapped her in the first place. Therefore, in order to protect her, I must keep this identity a secret.”

“Then... Then today...” Jian Shuxing said with panic in his voice. A great sense of fear arose in his heart.

Jian Yunnao said: “I guess... I guess she was out of options today... She wanted to save her uncle... Therefore, she decided to enter the operating room.”

Jian Yunnao was able to guess the reason why such a thing had happened today.

For the sake of her family, Jian Yiling chose to put her own safety to the side.

In fact, Jian Yiling’s safety was already compromised when she decided to save Grandma Jian.

If she had enough time to take care of everything, Jian Yunnao would not have discovered her identity.

Back then, she had a bit of time to arrange things.

However, this time around, she didn’t have any time at all.

And thus, because of her uncle, Jian Yiling was willing to risk exposing her identity.

Jian Yunnao’s heart sank.

At this moment, Zhai Yunsheng arrived.

A group of bodyguards followed Zhai Yunsheng.

The bodyguards surrounded the entrance of the operating room.

“Master Sheng, what are you doing?” the Dean asked. He was incredibly confused.

“Nothing much. Later on, I just want to have a good talk with everyone here,” Zhai Yunsheng replied.

The crowd immediately understood Zhai Yunsheng’s words. Zhai Yunsheng was going to stop the news from spreading.

Only the people present today would know that Jian Yiling was Dr. F.S. This information would not be spread out.

And thus, Zhai Yunsheng was going to seal the mouths of everyone here. Whether it was the Wen family, the doctors, or the security guards.

Zhu Zimo looked at Zhai Yunsheng with a shocked expression on his face.

This person was Master Sheng. Zhu Zimo had met him once at a banquet.

“Are you... Are you Master Sheng?”

Zhai Yunsheng's eyes swept over Zhu Zimo. He did not know this person. However, that didn't matter. Very soon, he would get information related to this person.

This was because he needed this person to shut up.

Zhu Zimo didn't really care for the commotion just now. However, he cared a lot more about Zhai Yunsheng's arrival.

What made Zhai Yunsheng personally come to the hospital?

Zhu Zimo attempted to say something else to Zhai Yunsheng. However, he was quickly dragged away by Zhai Yunsheng's bodyguards.

###

At first, Jian Yiling's break-in didn't go very well. However, the situation immediately changed when the Dean sent someone in.

She was allowed to become the lead surgeon.

Jian Yiling immediately used the new medicine on Wen Cheng.

Then, she began a series of surgeries to keep Wen Cheng alive.

The surgery lasted for two whole hours.

By the time she left the operating room, Jian Yiling's face was incredibly pale. There were dense beads of sweat on her forehead.

Before she could take a clear look around her, a figure came out to her. The figure suddenly picked her up.

There was a familiar smell and a familiar heartbeat.

Jian Yiling leaned against Zhai Yunsheng's chest and listened to his heartbeat. She suddenly felt incredibly relieved.

Then, Zhai Yunsheng carried Jian Yiling to the ward.

He whispered somewhat angrily to her: "Take good care of your body. If not, sooner or later, you will be made into spicy rabbit meat."

"I didn't have time to prepare..." Jian Yiling attempted to explain.

She had been quite busy recently. As a result, she did not get enough time to rest at night. Furthermore, this surgery had been quite sudden. If she had known in advance, she would have definitely gotten enough rest before entering the operating room.

"Well, you shouldn't be like this any day."

Zhai Yunsheng carried Jian Yiling into the ward. He placed her down on the bed and went to close the door. He shut off the noise from outside and shut off the other people who wanted to see her.

Chapter 666: Then Let Me Give You a Kiss?

On the hospital bed, a tiny body was covered by a thick quilt.

Zhai Yunsheng sat on the edge of the bed. He lowered his head to look at a tired little face.

"You should sleep for a while. After that, you can deal with other matters." Zhai Yunsheng said softly to Jian Yiling.

"Mhmm," Jian Yiling replied before she closed her eyes.

She knew that Zhai Yunsheng would stay beside her. He wouldn't leave her.

After napping for around an hour, Jian Yiling slowly woke up.

When she opened her eyes, she immediately saw Zhai Yunsheng.

He was still maintaining the same position as before.

"Are you awake now?"

"Mhmm."

"Are you hungry?"

"Mhmm."

"You can eat soon. I asked someone to go and get you something to eat."

"Mhmm."

Jian Yiling replied "Mhmm" three times in a row. It was as though she would obediently say yes to whatever she got asked.

And thus, Zhai Yunsheng asked: "Then let me give you a kiss?"

However, Jian Yiling did not get fooled. She immediately pulled the blanket over her to hide her face.

He was shameless!

Zhai Yunsheng began to laugh: "You didn't get embarrassed when I asked you to be my fiancée. Why are you getting embarrassed now? Furthermore, since you're my fiancée, we will do a lot more than kissing in the future."

"Stop it," Jian Yiling replied from under the blanket. If he said more, she might begin to regret becoming his fiancée.

###

At the hospital, the Jian family and the Wen family did not leave yet.

Although Wen Cheng's life was no longer in danger, he was still in the intensive care unit.

The Wen family waited in front of the intensive care unit. On the other hand, the Jian family waited for Jian Yiling.

During this period of time, Jian Shuxing, Wen Nuan, and Jian Yuncheng all thought through a lot of things. Their thoughts were rapidly going through their minds.

They had a lot of things that they wanted to say to Jian Yiling. However, they did not know where to start.

In the end, Jian Yuncheng decided to call Jian Yunmo.

However, it was obvious that Jian Yunmo already knew that Jian Yiling was Dr. F.S.

“Yeah, Yiling is very capable and competent now. That’s because the Yiling who wasn’t capable and competent wasn’t liked or trusted by anyone.”

Jian Yunmo’s words caused Jian Yuncheng’s to completely freeze. Jian Yuncheng’s hand that was holding his phone began to feel cold.

After a long period of silence, Jian Yuncheng finally found his voice again: “When are you coming back? Yiling is getting engaged.”

“If I come back right now, you will probably see me fighting with Zhai Yunsheng.”

Jian Yunmo knew about his sister’s engagement. Jian Yiling had told him about it.

However, of course, he wasn’t happy. This wolf cub was stealing away his sister way too early!

Furthermore, he was a sickly wolf cub.

However, just like Grandma Jian, Jian Yunmo did not want to hurt Jian Yiling’s heart. Therefore, he did not say anything. He did not object to her decision.

However, if he saw Zhai Yunsheng in person, some things may become ugly.

Therefore, Jian Yunmo decided to not come back for the time being.

“I understand. Then, please take care of yourself abroad,” Jian Yuncheng replied.

“Just take care of our sister.”

Then, the call between Jian Yuncheng and Jian Yunmo ended.

Another ten or so minutes passed by.

Finally, Jian Yiling left the room that she was in.

“Yiling...” Wen Nuan called out as her eyes softly gazed at her daughter. Her eyes were filled with heartache.

“I’m okay. Don’t worry,” Jian Yiling replied.

“Mhmm...” Wen Nuan replied as her eyes became red again.

Her daughter’s words made her relieved yet sad at the same time.

“Yiling, your uncle’s life is not endangered anymore. This was due to your efforts,” Jian Shuxing said.

"I should have done that much. He cares a lot about me," Jian Yiling said. She could feel Wen Cheng's care and love for her.

Chapter 667: Dr. Chu is Traumatized

As Wen Cheng cared for her, Jian Yiling did not hesitate to put herself in danger in order to save Wen Cheng's life.

This made Jian Shuxing and Wen Nuan proud yet sad.

They were proud that their daughter had become so capable and competent. Yet at the same time, they were also sad.

They wished that she was still the carefree little girl who hugged their thighs and asked for their affection.

Elder Yun and the hospital's Dean hadn't left yet either.

Once Elder Yun saw that Jian Yiling was fine, he turned around and left.

On the other hand, the Dean's eyes were fixated on Jian Yiling. It was as though he was looking at a national treasure.

Before Elder Yun came to him today, he did not know that Jian Yiling was Dr. F.S.

Dr. F.S was much younger than he had imagined.

Furthermore, her appearance was rather delicate and cute.

She looked similar to his granddaughter.

If it weren't for Elder Yun, the Dean wouldn't believe that such a girl was the rumored surgeon, Dr. F.S.

Based on Elder Yun's words, this person was born to stand at an operating table. Her heart was calm enough and her hands were steady enough.

He couldn't believe that this person was in his hospital right now.

The Dean was so happy that he even thought of stealing her from the Huiling Medical Research Institution.

"Jian Yiling, please do not worry. We asked everyone in the hospital to not talk about this. The situation will not be known by the public."

"Thank you."

"You're welcome. You're welcome. Please take a good rest. Don't make yourself too tired."

After speaking to Jian Yiling, the Dean reluctantly returned to his own office.

Dr. Chu and the other doctors who had witnessed everything had also returned to their offices.

Dr. Chu's expression was particularly ugly.

The events just now had slapped him in the face. He wanted to crawl into a hole in the ground.

Another doctor in the office mocked: “Dr. Chu, weren’t you scolding Jian Yiling the day before yesterday? Do you feel bad for your words now?”

“Who are you to comment on this?! Go mind your own business!” Dr. Chu hissed back.

However, the doctor continued to mock Dr. Chu: “Why are you so aggressive? I’m just telling the truth. We all heard how you mocked and scolded Jian Yiling the day before yesterday. However, it turns out that she was right back then. In addition, she’s also qualified to comment on the situation in the first place. Furthermore, all her achievements are much greater than yours. You’re merely a general practitioner. However, she’s a professional surgeon already.”

“She’s a specialist in merely one area. That doesn’t necessarily mean she’s a really good doctor. Specialists from small hospitals should not be compared to the doctor in charge from a renowned hospital.”

“Tch, I guess you can comfort yourself by saying those words.”

“Mind your own business!”

After arguing with the other doctor, Dr. Chu felt even more upset.

###

Zhai Yunsheng personally approached Zhu Zimo and Wen Ruo.

“Please forget about everything you saw today.”

“Don’t worry Master Sheng. I won’t say anything. In fact, I won’t even tell my parents,” Zhu Zimo assured Zhai Yunsheng.

Zhu Zimo wanted to use this opportunity to gain Zhai Yunsheng’s favor.

He did not care that much about Dr. F.S. However, he knew the consequences of not listening to Zhai Yunsheng. As a result, he agreed to Zhai Yunsheng’s request without the slightest hesitation.

On the other hand, Wen Ruo’s mood was still terrible. Her parents were still lying on hospital beds. As a result, she was in no mood to talk about other things.

“Master Sheng, can we talk about this matter later?” Wen Ruo asked.

“No,” Zhai Yunsheng replied. He was not here to discuss the matter with Wen Ruo.

Chapter 668: Second Master of the Zhai Family

Zhu Zimo hurriedly replied for Wen Ruo: “Of course Wen Ruo agrees. She definitely agrees. After all, Dr. F.S saved her father’s life. How could she possibly not agree?”

“That’s good then.”

Zhai Yunsheng said before he left.

After Zhu Zimo watched Zhai Yunsheng leave, he turned around and asked Wen Ruo: "Your cousin is actually so capable. Even Master Sheng made this trip for her. Is she actually engaged with someone? It seems as though there's something between her and Master Sheng..."

"Don't make random guesses," Wen Ruo said. She didn't want to hear Zhu Zimo mention Jian Yiling again. "I'm hungry. Can you go and buy me some food?"

"Okay. Take a good rest. Don't be sad. Your mother and father will be okay," Zhu Zimo comforted Wen Ruo.

Then, he went to buy her food.

However, Zhu Zimo did not go to buy food immediately. Instead, he went to the ward where Jian Yiling rested.

He wandered around the hospital corridors for a while.

Then, he finally saw Jian Yiling. Jian Yiling was currently eating.

She was Dr. F.S. She was seen as the most promising surgeon in China.

Due to Wen Ruo's words, Zhu Zimo's first impression of her had been rather poor. However, she was now a person who was related to Zhai Yunsheng.

After hovering at the door for a while, Zhu Zimo walked into the room and took the initiative to greet Jian Yiling.

"Hello, my name is Zhu Zimo. I'm your cousin's boyfriend. Thank you very much for saving Uncle Wen today. I'm here to thank you on Wen Ruo's behalf."

"You're welcome. He's my uncle as well," Jian Yiling replied.

"You did your part. However, we'd still like to thank you," Zhu Zimo replied. His voice was gentle and sincere.

"Mhmm," Jian Yiling answered. She was not very good at talking with people.

"By the way, my family has quite a few businesses in Beijing. If you need any help in the future, feel free to contact me."

Then, Zhu Zimo placed down a business card on top of Jian Yiling's desk. Jian Yiling's desk was currently covered with takeaway food boxes.

"I will take my leave now. I still need to go and buy food for your cousin. She hasn't eaten anything since the accident."

Then, Zhu Zimo waved goodbye to Jian Yiling before he left.

###

Zhai Yunsheng received a call from his uncle.

"You're getting engaged? Why didn't you tell me? I need time to prepare gifts!"

The Second Master of the Zhai family had a deep voice that was filled with testosterone.

“No need. She doesn’t want anything in particular.”

“What do you mean by no need? She’s your future wife. Let me know when you’re getting engaged. I will come back to Beijing.”

“You’re very busy. You don’t have to come back for this.”

“Even if I’m busy, I can’t miss this important event.”

Zhai Yunsheng’s uncle was very insistent on this.

“Okay, you can make your arrangements then,” Zhai Yunsheng replied. He could not convince his uncle otherwise.

On the top floor of an office building in Country Y.

There was a middle-aged man who sat in front of a desk. The man’s appearance and body excluded masculinity.

This man with a powerful aura was the Second Master of the Zhai family. He just finished speaking with Zhai Yunsheng.

After the call ended, the Second Master of the Zhai family asked his men to search for a gift for his future niece-in-law.

“Go and prepare gifts. These gifts must not be ordinary.”

“Yes, Second Master.”

“By the way, Second Master... We’ve looked into the girl’s information. There’s nothing wrong with her family background, but...”

“What’s wrong?” the Second Master of the Zhai family asked. His eyes turned cold.

Chapter 669: Jian Yiling is Getting Engaged to Zhai Yunsheng

“We weren’t able to look into her whereabouts for the past three years.”

“Weren’t able to?”

This was a big problem.

If his men weren’t able to trace her information, then she was definitely not an ordinary person.

“Could it be someone who wants to harm Master Sheng?”

Zhai Yunsheng’s future wife could come from an ordinary family. She could have ordinary looks and even be average in every aspect. In fact, she could even have bad habits.

However, she must not harm Zhai Yunsheng. Whether it was him or his heart.

This was Zhai Yunsheng’s uncle’s only requirement for his niece-in-law.

“Continue to keep an eye on her. However, don’t cause any unpleasanties. In addition, arrange for more people to look into her activities.”

The Second Master of the Zhai family did not want to ruin the relationship between his nephew and his future niece-in-law.

His nephew had finally set his heart on a girl for the first time in twenty-two years.

It was not easy for his nephew to become attached to one thing, let alone one person.

However, he still had to investigate the situation. He had to make sure that no one would harm Zhai Yunsheng.

“I understand. We know what to do.”

Wen Cheng and Cai Qinyue both woke up. Once Cai Qinyue woke up, her heart was filled with regret.

Her entire body was wounded. Furthermore, she almost caused her husband to lose his life.

“What did your father say when he woke up?” Cai Qinyue asked her daughter worriedly.

“He asked if you were okay. I told him that you’re not injured as badly as him. He was incredibly relieved when he heard this.”

Upon hearing this, Cai Qinyue’s eyes began to turn red. She remembered her argument with her husband in the car. The more she thought about it, the more she regretted it.

“I shouldn’t have argued with your father. It’s my fault. I did something wrong.”

“Mother, don’t be too upset. You were just mad at my father for planning to give away [Ten Thousand Miles of Mountains and Rivers].”

“Yeah, that’s true. If it weren’t for Wen Nuan and Jian Yiling, I...”

Cai Qinyue and Wen Ruo did not want to blame Wen Cheng. Instead, all of their hatred was transferred to Wen Nuan and Jian Yiling. In their eyes, the two of them had triggered the Wen family’s conflict.

“Mother, let’s not mention this matter to my father in the future. Just go along with what he wants.”

“I know, I know. I won’t do something like this again,” Cai Qinyue replied as she shed tears of remorse.

Zhu Zimo came over to visit Wen Cheng and Cai Qinyue.

He visited Cai Qinyue’s ward first.

As soon as she saw Zhu Zimo, Cai Qinyue quickly wiped away her tears and revealed a relieved smile on her face.

“Zimo, why are you here? Aren’t you incredibly busy with your matters? However, I’m glad that you took time to visit me.”

"It's okay. Wen Ruo can't possibly take care of you and her father. Therefore, it's good for me to frequently visit to share some of her burdens."

"That's really thoughtful," Cai Qinyue replied. A heartfelt smile emerged on her face.

Zhu Zimo was really a very suitable candidate for her future son-in-law.

Not only was he from a good family background, but he was also well-educated. In addition, he had good character and was incredibly considerate of Wen Ruo.

"Oh, by the way, Wen Ruo, why didn't you tell me that your cousin is Master Sheng's future fiancée?"

"What did you say?" Wen Ruo asked as she looked at Zhu Zimo with a shocked expression on her face.

"Oh? You don't know about it? The news about Master Sheng's engagement has already been spread across Beijing. He's getting engaged to your cousin, Jian Yiling."

Cai Qinyue and Wen Ruo were both stunned.

How could this be?

Was Jian Yiling really getting engaged to Zhai Yunsheng?

"That's impossible... Then that day... That old man that day came to propose marriage for his grandson... Does that mean..."

Chapter 670: The Sparrow Becomes a Phoenix

As she said this, Cai Qinyue suddenly trailed off.

None of them had seen Master Zhai. As a result, none of them knew what Master Zhai looked like.

"That's not possible..." Wen Ruo started. "The Zhai family is such a powerful family... How could they possibly..."

"Yeah, it's rather surprising. However, the news has already been spread. No one would make up news about the Zhai family. Therefore, this news can only be true."

Zhu Zimo's information came from a reliable source.

If this news was fake, the Zhai family would have dealt with it a long time ago.

They would not allow this news to be spread in Beijing's circles.

The expressions on Cai Qinyue and Wen Ruo's faces were stiff.

Was Jian Yiling actually getting engaged to Zhai Yunsheng?

Was she actually becoming Master Sheng's future wife?

There were no females in the Zhai family. Therefore, if Jian Yiling married into the Zhai family, she would definitely become the matriarch of the Zhai family.

For a girl from a small and unknown family in Hengyuan City to become the matriarch of the Zhai family...

Was the sparrow going to become a phoenix..?

This...

Wen Ruo and Cai Qinyue's expressions were unanimously ugly.

Upon seeing the expressions of Cai Qinyue and Wen Ruo, Zhu Zimo knew that Wen Ruo had not intentionally hidden this news from him. Instead, she did not know about this.

However, this was good news for Zhu Zimo.

After all, Wen Ruo was Jian Yiling's cousin. If he was dating Wen Ruo and later, he got married to Wen Ruo, this meant that he would be brothers-in-law with Zhai Yunsheng.

This relationship would bring him infinitely closer to the Zhai family.

As he thought about this, Zhu Zimo's gaze towards Wen Ruo became even more gentle.

Cai Qinyue and Wen Ruo finally came back to their senses.

As Zhu Zimo was in front of them, the two of them couldn't say much.

However, once Zhu Zimo left, Cai Qinyue threw a cup at the ground in anger.

After Wen Cheng woke up, he heard that his niece was the one who saved him. Upon hearing this, he was incredibly moved.

When Jian Yiling came to visit him, he held Jian Yiling's hand before he began to sob:

"Yiling, you saved my life. I don't even know what to say," Wen Cheng started. A thousand words would be too little to express the gratitude in his heart.

"It's okay. You treat me well," Jian Yiling responded seriously.

"No no, that's not true," Wen Cheng lamented.

Other than sending gifts during holidays, Wen Cheng did not do much for the Jian family.

The main reason for this was because he was very busy with his business. Furthermore, the two families were geographically separate. As a result, they did not have an opportunity to meet up much.

Furthermore, the money he sent was actually what he owed his sister back then.

Therefore, he wasn't really treating his niece and nephews well.

"You treat us very well," Jian Yiling emphasized.

Upon hearing this, Wen Cheng's eyes began to hurt.

As he looked at his niece, a warm feeling wandered into his heart.

Zhai Yunsheng and Jian Yiling's engagement party was set for the twenty-third of this month.

According to Zhai Yunsheng and Jian Yiling's wishes, they only planned to invite people that were close to them. They did not want to make a big deal out of their engagement.

If they hadn't requested this, Master Zhai would have probably planned a three-day banquet.

Jian Yubo arrived in Beijing the night before.

Jian Yiling was the one who sent him an invitation.

However, Jian Yubo did not know whether or not he should come. After all, he was a person who lived in the shadows. He didn't know whether he could approach that sole source of light in his life.

However, in the end, he ended up coming. That was because deep down in his heart, he still yearned for that light.

Even if he knew that he didn't deserve that light.
