Chapter 691: Sister En and Brother Yumin (4)

"And what if they're a good person?" Luo Xiuen continued to ask.

"I would wish her good luck," Jian Yiling replied.

"Wish... Wish her good luck?" Luo Xiuen repeated. She paused for a moment before she asked again:

"What if she's usually a good person but she does a bad thing once in a while?"

"What bad thing?"

"For example... She bullied your brother."

"How did she bully my brother?"

When it came to these things, Jian Yiling needed more details to analyze the situation. Her judgment would depend on the extent of the matter.

As Luo Xiuen said things in a general manner, Jian Yiling could not give an accurate answer.

"Ahh, about the bullying... Actually, let's not look too much into the situation. It's just that she bullied... Your brother..." Luo Xiuen said. By now, Luo Xiuen was almost stuttering.

How could she explain the situation to her darling!

How could she let Yiling know about this?!

###

On the other hand, Jian Yumin had an upset expression on his face.

This made his own brother, Jian Yujie incredibly worried.

"Brother, are you okay? Are you still bothered by Yiling's matter?"

"Yujie, am I not charming now?"

"Huh?" Jian Yujie asked as he looked at Jian Yumin with a baffled expression.

His brother was a former member of an idol group. Why was he doubting his own charm?

Furthermore, wasn't he always incredibly confident in his appearance?

"Have I grown old? Did I become ugly?" Jian Yumin asked.

Then, Jian Yumin took out his phone and opened the front camera to take photos of himself.

After looking at the photos, Jian Yumin felt that his appearance was still alright.

However, he looked nicer when he was younger.

At least back then, he did not have wrinkles on his face.

"Brother... What happened?" Jian Yujie asked with a confused expression on his face.

It seemed as though something happened to his brother...

"Oh right, today I'm going to a dessert shop with Yiling. Do you want to come as well?"

"Yes!"

He definitely wanted to go.

Then...

After the surgery, Jian Yiling brought Luo Xiuen along with her. On the other hand, Jian Yujie brought Jian Yumin along.

The four of them appeared together at a dessert shop.

As soon as Luo Xiuen saw Jian Yumin, she felt like dying.

Jian Yumin was still frowning. He was still upset about what happened in the morning.

However, Jian Yujie and Jian Yiling did not notice the expressions of the other two people. Instead, they concentrated on trying out different desserts and sweets.

Because of the limited space in her stomach, Jian Yiling could only try out a limited number of desserts. Therefore, every time Jian Yujie accompanied Jian Yiling, he wanted to make sure that she could eat more of what she liked.

"Yiling, try this one! It's delicious. It's not overly sweet!"

"Mhmm."

Jian Yiling went to try the dessert that was recommended by Jian Yujie.

Then, Jian Yujie added: "This one is good as well. It's sweet yet a bit sour at the same time."

"Mhmm."

"Ahh, this one doesn't taste that great! It's a bit too sweet!"

"Mhmm."

And thus, Jian Yiling avoided that dessert.

On the other hand, Luo Xiuen lowered her head for the entire time.

Suddenly, Jian Yumin asked: "Yujie, Yiling, do you think people should be responsible for what they have done? Isn't it bad if a person doesn't take responsibility for his or her actions?"

"Yeah," Jian Yujie replied. He had no idea what Jian Yumin was talking about. However, he expressed his point of view to Jian Yumin's question.

"Mhmm," Jian Yiling said as well.

"No, no," Luo Xiuen hurriedly defended herself. "No one is a saint. Everyone makes mistakes. If you make a mistake accidentally and realize your mistake, you should still be forgiven, right?"

Chapter 692: Sister En and Brother Yumin (5)

"Yeah, that's true as well," Jian Yujie responded. Then, he lowered his head to try the next dessert.

"Mhmm," Jian Yiling echoed as she continued to eat.

Both of them had a point.

"Well, that also depends on the kind of mistake that's been made. Furthermore, if a mistake has been made, shouldn't you face it? You shouldn't run away. If you run away, you're just being irresponsible," Jian Yumin replied with a cold snort.

Upon hearing this, Jian Yujie and Jian Yiling stopped the movement in their hands.

Although the two of them were slow when it came to these things, they still sensed that something was not right between Jian Yumin and Luo Xiuen.

"Umm, do you have something to say to Sister En?" Jian Yujie asked.

"No! No, I don't!"

Before Jian Yumin had the chance to respond, Luo Xiuen already responded for him.

As she replied too quickly, even Jian Yiling could see that there was something amiss.

And thus, Jian Yujie and Jian Yiling took a look at each other.

Then, the two of them shifted to another desk with the platters of desserts that they were eating. They decided to give Jian Yumin and Luo Xiuen some space to speak.

They didn't really know what Jian Yumin and Luo Xiuen planned to talk about. However, they didn't plan to get involved either.

"Yiling, this one is super delicious. You should try it!"

"Mhmm."

And thus, Jian Yujie and Jian Yiling continued to happily eat desserts at a nearby table.

This was a stark contrast to Jian Yumin and Luo Xiuen's table.

"Brother Yumin... About last night, it was my mistake. I apologize for it. Is that okay?"

"Who wants you to apologize? After such a thing happens, even if one party has to apologize, isn't it usually the man?" Jian Yumin asked in frustration. He was the man! He was meant to be responsible! Why was Luo Xiuen saying this to him?!

"But last night... I..."

"Oh my god. I initiated it... Even though later on I was pinned down..."

When Jian Yumin thought about the details of last night, his face could not help but turn red.

"Huh?" Luo Xiuen asked. She was incredibly confused.

What did Brother Yumin mean by that?

Did she not force him last night?

However, if he did those things willingly... Then didn't that mean that he also had... Had feelings for her?

As soon as she thought about this, Luo Xiuen's brain completely crashed.

"I'm telling you that I should be the one speaking about these things! Why are you saying those things?"

If Jian Yiling and Jian Yujie weren't here, he would have fought the woman in front of him.

"I... I didn't... I just..." Luo Xiuen stuttered. She struggled to think of anything to say.

Ahhh, all of a sudden, her brain didn't work.

Why was her brain useless during important moments?!

When Jian Yumin saw Luo Xiuen stuttering over her words, he assumed that she was trying to make excuses for herself. And thus, he became even angrier: "Well, if you want to leave, then leave now! Don't let me ever see you again!"

Luo Xiuen paused for a moment when she heard this. Then, she hung her head.

After that, she picked up her bag and left.

If he wanted her to go away, of course, she would listen to him.

She didn't want to disturb his life. Especially if he didn't want to be disturbed.

When Jian Yumin saw Luo Xiuen walk away, he became even more annoyed.

The woman actually left! She actually walked away!

Was his charm that bad now?

When Jian Yujie and Jian Yiling saw Luo Xieun leaving, both of them turned their heads in unison to look at Jian Yumin.

"Stop looking! I'm still single!" Jian Yumin huffed in anger.

"Ahhh, our future sister-in-law ran away," Jian Yujie said to Jian Yiling.

After a moment, Jian Yujie widened his eyes in surprise.

Wait a minute... Was his brother in love with Sister En?!

Chapter 693: Cousin Jian Yiheng

Jian Yujie's mouth was open for a long time before it finally closed.

Then, he asked Jian Yiling who was seated opposite him: "Yiling, are you not surprised?"

"I'm surprised," Jian Yiling replied. However, her face remained calm.

"Ahhh..." Yiling, surprise does not look like that!

Then, Jian Yiling added: "Sister En is quite nice."

Jian Yiling liked Sister En. She was happy for Sister En to become her sister-in-law.

Of course, this was based on the premise that they both liked each other.

"Oh, you think she's nice as well?" Jian Yumin asked Jian Yiling with great interest.

"Mhmm."

"But she's so heartless. She doesn't admit to things," Jian Yumin said with an annoyed tone.

Jian Yumin was partially annoyed because he felt as though his charm was no longer useful. He couldn't even get a fan to like him!

"Good luck brother! I'm cheering for you. You can be the first one among us to date someone," Jian Yujie said.

If Jian Yumin got together with Sister En, he would potentially have a beautiful and valiant sister-in-law!

At this moment, Jian Yiling's phone rang. It was a call from Jian Yichen.

Once Jian Yiling answered the call, she heard Jian Yichen's distressed voice.

"Yiling... Save me~~~"

"Where are you?"

Her soft voice sounded quite anxious.

"I'm at home."

"Who's hurting you?"

"Who else? It's my brother! If you don't come, I'm going to be killed by him!"

"..."

Jian Yichen's brother was Jian Yiheng.

Jian Yiheng didn't attend Jian Yiling's engagement party because he was escorting battlefield journalists through war zones. As a result, he was unable to return in time.

However, Jian Yiling did not expect Jian Yiheng to beat up his brother immediately after he returned to Beijing.

It seemed as though Jian Yichen's resistance to beatings came from his brother.

When they heard Jian Yiheng returned to Beijing, Jian Yumin and Jian Yujie's expressions stiffened.

"Yiling, I feel like you should just leave it be. Jian Yiheng will still be merciful to his brother. We shouldn't get involved."

"Yeah, it's way too dangerous. Jian Yiheng can kick down a wall of people. If we're kicked by him, we're probably going to lie in the hospital for around six months."

Jian Yumin and Jian Yujie's opinion on this matter was incredibly similar. They were planning to cherish their lives and stay far away from Jian Yiheng.

Furthermore, Jian Yiheng was the only brother in the Jian family that wasn't affected by Jian Yiling.

Perhaps it was due to Nie Yun's nagging, however, Jian Yiheng never had much patience for girls.

In his heart, girls were too delicate. Furthermore, they were unpredictable and too difficult to understand.

As he was unable to understand girls, he always maintained his distance with them.

Of course, this included Jian Yiling.

In fact, in Jian Yiheng's mind, Jian Yiling was especially delicate.

He felt as though if he squeezed her too hard, she would pass out.

And thus, Jian Yiheng would always maintain his distance. He wouldn't even really speak to Jian Yiling.

Therefore, even though Jian Yichen was asking Jian Yiling to save him, Jian Yiling wouldn't necessarily be able to help him.

Furthermore, Jian Yiheng was beating up his own brother. They couldn't get too involved with the matter.

What's more was that when they got there, Jian Yiheng would have finished beating up Jian Yichen already.

As Jian Yiling wasn't too sure of the situation, she decided to go over to Jian Yichen.

However, Jian Yumin did not want to go. But as Yiling wanted to go, he could only sacrifice his life and health to accompany his sister.

Therefore, Jian Yumin, Jian Yiling and Jian Yujie rushed to Jian Yichen's home.

Sure enough, by the time they arrived, Jian Yichen had already been beaten up.

Chapter 694: Are You Actually My Brother?!

When the three of them entered the apartment, they saw the pitiful look on Jian Yichen's face.

Next to him, a man with a serious expression sat on the sofa.

The man's posture was meticulous. Not a single hair was out of place.

Furthermore, his lips were pursed into a straight line.

There was a resolute aura coming from his body. From one look, it was obvious that he was not someone to stand any nonsense.

Needless to say, this cold and handsome man was Nie Yun's eldest son, Jian Yiheng. He was also Jian Yichen's brother.

Out of the Jian brothers, Jian Yiheng was the one with the most fighting power. In fact, perhaps even the other seven brother's combat power combined together could not beat Jian Yiheng.

Jian Yujie was incredibly glad that Jian Yiheng did not fight over Jian Yiling with them. If he were to fight with them, then the others had no chance whatsoever.

Jian Yiling took a look at Jian Yiheng. His appearance was more good-looking than she had expected.

Initially, she expected to see an incredibly buff man. In fact, she expected to see someone that resembled the bodybuilding champions.

However, his appearance was not exaggerated at all. In fact, he didn't look incredibly muscular. Instead, his body was well-proportioned. He only looked slightly stronger than an ordinary person.

As soon as Jian Yichen saw Jian Yiling and the others, he started to complain and wail:

"Yiling, I got bashed up again."

"Why did you get bashed?" Jian Yiling asked.

"My brother thinks I'm too weak. He said that he was humiliated by the kidnapping last time. Therefore, he's planning to train me in this way."

After Jian Yichen finished saying this, he glared hatefully at his brother Jian Yiheng.

Before this, he did not dare to glare at his brother in such a way.

However, now that Jian Yiling and the others were here, he was sure that his brother would not beat him up in front of his other siblings. Therefore, he could protest with his eyes.

Jian Yiheng gave his explanation with no expression on his face whatsoever: "I didn't beat him up. I was merely training him. He's too weak."

Jian Yichen quickly retorted: "How am I weak? I'm just a normal person!"

He was incredibly normal. The person that wasn't normal was his brother. His brother was way too strong!

Like what kind of human was he?! He learned all kinds of martial arts! Furthermore, he was interested in anything to do with fighting! He was way too strong!

"You need to work on your body again. Next time you're kidnapped, you won't have to be passive and get beaten up."

"I think I'm okay! Yiling, what do you think?"

Jian Yichen asked as he turned to ask Jian Yiling for her approval.

"Mhmm, you're fine," Jian Yiling replied.

Jian Yumin immediately cut in: "Don't even ask that. Yiling will say that to any of the other brothers as well. She can't bear to break your heart and confidence."

Jian Yichen was just about to smile. However, once he heard Jian Yumin's words, his mouth turned back into a frown.

"Yumin, can you not say that?"

"Well, I'm telling the truth. If you don't believe me, you can ask Yujie," Jian Yumin replied.

Upon hearing this, Jian Yichen became even more upset.

Jian Yujie took a good look at Jian Yichen's aggrieved face. He did not want to use his words to attack him. However, Jian Yumin was also telling the truth.

"Ahhh, you're all bullying me," Jian Yichen complained.

"Stop pretending already. We know how you are," Jian Yiheng mercilessly said.

"Are you actually my brother?" Jian Yichen complained.

Jian Yiheng's expression continued to be serious and calm. He was not moved by Jian Yichen's words:

"Yeah, I am. Your brother wants you to become stronger. Otherwise, the next time this happens, it's hard to say whether or not you can still come back alive."

Jian Yiheng was serious whenever he did or said things. His personality was completely different from Jian Yichen's.

Chapter 695: Yiling's Cooking is Awesome (1)

Upon hearing this, Jian Yichen said: "Brother, please give up already. You know me. Ever since I was young, I was unable to get a strong and healthy physique. It's impossible for me. Furthermore, I'm Yiling's sister. The seven of you can be responsible for being powerful and handsome. Yiling and I will be responsible for being as beautiful as a flower."

"Well, Yiling can be responsible for being beautiful. You can be responsible for being the flower." In Jian Yumin's eyes, a 'flower' was a comedian star seen in television shows. They had a lot of makeup on but they were still incredibly ugly.

"Brother Yumin, if you're like this, you won't be able to find a girlfriend~," Jian Yichen said as he glared at Jian Yumin with hidden bitterness.

"It sounds as though you've found a girlfriend or something," Jian Yumin retorted. His words were powerful and resonating.

After all, none of them found a girlfriend. Using such a line wasn't effective at all.

Jian Yujie hurriedly said: "I'm still young. Don't look at me."

Jian Yichen quickly added: "Well, I'm still young as well."

Then, Jian Yichen asked Jian Yiheng: "Brother, you missed Yiling's engagement. Shouldn't you give her a gift to make up for that?"

Jian Yichen wanted Jian Yiheng to speak to Jian Yiling.

"I didn't prepare a gift," Jian Yiheng responded.

Jian Yichen hurriedly tried to find an excuse for his brother: "Ahh, is it because you were too busy? You were staying in a warzone, right? There's probably not a lot of resources there."

It was reasonable for Jian Yiheng to not prepare a gift. After all, his life could be endangered at any time in the warzone.

"Well, I didn't think about it," Jian Yiheng replied honestly.

Then, Jian Yiheng turned his head to look at Jian Yiling.

Jian Yiheng vaguely remembered Jian Yiling's appearance when she was born. Back then, she looked like a tiny kitten.

She was not much better now. It was as though she did not have much flesh on her body.

In contrast, his brothers were much sturdier.

Jian Yiheng's gaze only stayed on Jian Yiling for a very short moment. Then, his gaze quickly moved away.

###

As it was rare to get together with Jian Yiheng, the rest of them decided to eat dinner with him.

Jian Yiling personally cooked dinner for her brothers.

This time, Jian Yiling prepared fried pork in scoop, spiced chicken with chili sauce, hot and sour fish with pickled mustard greens, beef tenderloin on an iron plate, stir-fried sweet potato leaves, and pork belly soup.

This was because Jian Yiheng liked to eat meat. However, he still occasionally ate vegetables.

As there was an open kitchen in Jian Yichen's house, Jian Yiheng was able to watch Jian Yiling prepare the food.

Jian Yiheng was currently holding a magazine in his hand. His expression remained serious however, every so often, he would glance in the direction of the kitchen.

At the same time, his nose could smell the aroma of the food that Jian Yiling was preparing.

Due to Jian Yiling's skillful cooking, the smell of the kitchen became increasingly enticing. His taste buds were getting hooked.

For some reason, saliva unknowingly began to soak his mouth.

And thus, Jian Yiheng began to become a little distracted. His attention was slightly unfocused.

It seemed as though he was looking forward to today's dinner.

As the dishes were brought to the desk, Jian Yiheng realized that the table was filled with his favorite dishes. This made his fingers tingle.

Jian Yiheng was not picky. Even though he was in a warzone a while ago, back then, he still gobbled up the food.

However, every person had a desire for delicious food. Jian Yiheng was no exception to this.

Jian Yiheng quickly used his chopsticks to pick up a piece of pork. He placed the pork into his mouth.

The pork was incredibly delicious. It tasted as good as it smelt.

The outside was crispy whilst the inside was tender. Furthermore, there was just the right layer of sauce coating the pork.

Chapter 696: Yiling's Cooking is Awesome (2)

Then, Jian Yiheng tried a piece of beef tenderloin. The meat was tender and juicy. Although the meat was a little spicy, the spice highlighted the taste of the beef.

Following this, Jian Yiheng tried every other dish.

All the dishes surprised and satisfied him.

He never knew that Jian Yiling's cooking was so good.

Jian Yiling was the first woman around Jian Yiheng who knew how to cook.

Furthermore, her cooking was delicious. The dishes that she cooked were better than outside restaurants.

His mother, Nie Yun, was a restless woman. She knew how to argue with someone. However, she did not know how to cook.

Furthermore, all the women that Jian Yiheng met at martial arts schools were also the same...

Either way, this was the first time he watched a young girl cook. It was also his first time tasting the dishes that a young girl cooked.

Somehow, every dish on the desk was finished. Even the rice in the rice cooker was completely emptied. There was not a single grain of rice remaining.

When Jian Yiling was preparing the meal, she had a feeling that Jian Yiheng's appetite would be larger than the others. However, she didn't expect his appetite to be this big.

It seemed as though she underestimated Jian Yiheng's appetite.

It was true that Jian Yiheng's appetite was larger than the rest of the brothers in the Jian family. However, he ate more than usual today. This was because the food was to his liking.

"Thank you," Jian Yiheng said to Jian Yiling. He took the initiative to say something to Jian Yiling.

However, he quickly moved his gaze away from Jian Yiling again.

After all, he didn't like talking to girls.

Just saying 'thank you' was already enough for him.

###

After Jian Yiling and the others left, Jian Yiheng asked Jian Yichen about the details of the kidnapping:
“Tell me the details of what happened.”

“Brother, please don’t... Don’t train me...” Jian Yichen stammered.

He assumed that his brother was asking him for the details in order to teach him how to retaliate in the future.

“I’m not going to train you. Just tell me what happened.” Jian Yiheng said. There was still no expression on his face.

“Okay...” Jian Yichen said weakly. Then, he quietly described what happened on that day.

After finishing, Jian Yichen asked again: “Brother, why are you asking me about this?”

“To get your revenge.”

He could hit his brother. His mother could hit his brother. However, no outsiders were allowed to do this.

“Brother, I’m fine. Look! I’m alive and well right now!”

Jian Yichen said as he smiled cheekily.

If it weren’t for the fact that Jian Yiheng knew what his brother was like, he would have actually believed in this act right now.

“Did you do something already?” Jian Yiheng asked.

Jian Yichen was not someone who would willingly suffer a loss.

He would only suffer losses when his family members were involved. However, he did not suffer losses from outsiders.

“Hahaha,” Jian Yichen laughed. “It seems as though you understand me quite well.”

“Who is behind all of this?”

“Someone from the Qin family. When I get the chance, I will expose this news. I will make sure to cause trouble in the Qin family.”

“Okay. Be careful though. Just don’t get yourself too involved again.”

“Okay, okay. Don’t worry about me. After all, I still have the bodyguards that you trained. It will be fine.”

“They’re not infallible.”

“Brother, you need to have faith in me~”

Upon hearing this, Jian Yiheng decided not to pursue the matter any further.

###

The next day, Jian Yiling prepared lunch boxes for Jian Yiheng and Jian Yichen.

The lunches were packed inside two black insulated boxes.

Jian Yiheng's lunchbox was a size bigger.

Jian Yiling had prepared these lunchboxes for Jian Yichen and Jian Yiheng. She made Zhai Yunsheng's lunchbox separately. After all, he could not eat super greasy foods.

Jian Yiheng opened the lunchbox to take a look.

The dishes were completely different from yesterday. However, they all looked incredibly tasty.

Chapter 697: Getting Along with Brother Yiheng (1)

"Beep, beep, ..."

An electronic watch that Jian Yiling placed in her pocket made a soft alarm noise.

Then, a line of words appeared on the electronic watch.

[Someone is following you. Danger index 2]

There were five levels on the danger index. The numbers ranged from 1 to 5. The higher the number, the greater the danger.

Even though Jian Yiling was being followed right now, the danger index was only 2. As a result, the person who was following Jian Yiling could not threaten her.

At this moment, Jian Yiling's phone rang. She received a call from Superintendent Ruan.

The electronic watch in her pocket was connected to Superintendent Ruan's operation system and operating team. The core members of their team all carried this device.

This device allowed them to access all the monitoring and communication devices in the surrounding environment. Furthermore, a computer would also automatically identify the images within those devices. It could determine whether anyone had malicious intent towards their protected subjects.

Therefore, the device immediately notified Jian Yiling.

Naturally, Superintendent Ruan also immediately learned that Jian Yiling was being followed.

"Ahh, someone is following you already. Should I help you get rid of them right now?"

"No need for now. It will cause a bit of commotion."

Currently, Jian Yiling was at Beijing University.

"Okay, we will deal with it when you're out of the university gates."

Then, Superintendent Ruan quickly hung up the phone.

Meanwhile, their operating system was still detecting the situation around Jian Yiling.

As Jian Yiling was walking, there was a man who looked like an ordinary university student that was trailing Jian Yiling. He was around a hundred meters behind her.

He was trying his best to make himself as undetectable as possible.

He assumed that it was impossible for Jian Yiling to notice him. After all, she hadn't turned her head around.

At the same time, the man was still in contact with his accomplice.

"If she goes into an unoccupied university building, should I make a move?"

"No, no. We have to wait until she leaves the university. There are too many surveillance cameras at Beijing University. Furthermore, people come and go often. Therefore, it's super inconvenient. Let's just follow our original plan to ensure that nothing goes wrong. After all, this person is worth a reward of seventy million dollars. If we manage to kidnap her, we won't have to worry about anything else for the rest of our lives."

They knew that Jian Yiling was Dr. F.S.

They also knew that there were powerful people around Jian Yiling.

However, the reward of seventy million dollars was too attractive for them.

After all, some people dared to rob the bank. And thus, they dared to kidnap Jian Yiling. The reward was too attractive.

The special operations team listened to their conversation. They heard every single word.

"Tch, they dare to think about kidnapping Dr. F.S? How shameless."

A male member of the special operations group looked down upon the two kidnappers. Then, he volunteered himself to go on the mission: "Leader, please let me go. I want to catch these people myself."

"I already sent people. Just stay here and be on standby," Superintendent Ruan replied. He had already sent people.

"Ahhh, okay..." the man replied. He felt a little regret.

###

Jian Yiling was finishing off her business at university. Just as she left the university gates, she saw Jian Yiheng.

Jian Yiheng was standing by a black low-profile car.

He wore casual clothes that were convenient for exercising.

One of his hands was tucked into his pockets. His standing posture was rather casual. However, his aura was still rather imposing.

If Zhai Yunsheng was standing in the same way, he would appear rather evil.

Several girls at the university gates were looking at Jian Yiheng. It was as though they planned to strike a conversation with him.

Chapter 698: Getting Along with Brother Yiheng (2)

However, in the end, they were dissuaded by the cold expression on Jian Yiheng's face.

Jian Yiheng was asked by Jian Yichen to pick up Jian Yiling.

Jian Yichen's reason for this was rather good. Jian Yiheng ate the food cooked by Yiling. Therefore, he had to do something for her.

Although Jian Yiheng hated interacting with women, he hated owing someone even more.

Therefore, he decisively decided to pick Jian Yiling up.

As soon as he saw Jian Yiling, Jian Yiheng narrowed his eyes.

He immediately picked up that something was amiss.

Jian Yiling did not expect that Jian Yiheng would come to pick her up today.

If Jian Yiheng was here, then those kidnappers shouldn't do anything.

After all, those kidnappers with a danger index of only 2 would be dealt with sooner or later.

"Let's go for a walk," Jian Yiheng said to Jian Yiling.

Jian Yiling tilted her head and looked at Jian Yiheng with some confusion.

Wasn't he here to pick her up? Why were they going for a walk?

Furthermore, Jian Yiheng wasn't the type of person to accompany his sister to go for a walk.

In fact, the act of picking her up from university was already not in line with his character.

Before Jian Yiling got a chance to nod or shake her head, Jian Yiheng already started to walk.

As he started walking with his long legs, Jian Yiling could only trot with small steps behind him to keep up.

This thing would never happen if Jian Yiling was with Jian Yujie or the other brothers.

However, Jian Yiheng was a man who did not know how to look after girls. Therefore, even if Jian Yiling was huffing and puffing to keep up with him, he did not slow down his pace.

Furthermore, Jian Yiheng kept walking into alleyways. He strayed away from the main streets.

After turning into another alley, Jian Yiheng finally stopped in his tracks.

Jian Yiling was struggling to catch her breath.

When Jian Yiheng turned around, he saw Jian Yiling's face. Her mouth was slightly open and she was breathing heavily.

Her small face was red and puffy.

For some strange reason, he found her to be quite cute.

After recovering for a while, Jian Yiling managed to control herself.

Just as she was about to ask Jian Yiheng, Jian Yiheng suddenly sprinted towards her.

Then, he ran past Jian Yiling in a flash.

As Jian Yiling turned around, she saw Jian Yiheng pick up a man.

Jian Yiheng stared at the man with piercing eyes as he asked: "Are you following someone?"

The other person obviously did not expect Jian Yiheng to suddenly rush over. He was even more surprised that Jian Yiheng discovered that he was trailing them.

"Boss, I've been exposed," the man hurriedly said into the microphone on his collar.

"Then put the plan into action."

If their plan was exposed, they would just have to take action right now.

Furthermore, this location was far away from the main streets. As a result, it was rather good for them.

In a moment, several males came into the alleyway.

They surrounded Jian Yiheng.

Then, the man said to Jian Yiheng: "You asked for this. Originally, you didn't have to get involved."

"Oh, so your target is her."

Jian Yiheng said in a calm voice.

Then, he began to tilt his neck to crack his bones.

After that, Jian Yiheng began to deal with the bunch of men.

He dealt with seven men that had a similar build to him.

Jian Yiheng's body was nimble and speedy. He reacted to punches and attacks incredibly quickly.

Furthermore, his punches and kicks were also incredibly powerful.

He kicked one of the men in the chest. That man fell to the ground and did not get up again.

Jian Yiling watched from far away. She knew that she was not any help to him. As a result, she did not want to cause him any additional trouble.

Therefore, she decided to stay far far away from him. She tried to not get involved.

One. Two. Three.

Jian Yiling watched these kidnappers fall to the ground, one by one.

Each one howled in pain and could not get up again.

Chapter 699: Getting Along with Brother Yiheng (3)

Ten minutes later, the rest of them were tossing and turning on the ground. Jian Yiheng was the only one still standing up.

It was as though nothing had happened to him. In fact, he wasn't even breathing heavily. There was not a single bruise on his body.

He didn't even look tired at all. Was this just a warm-up for him?

After that, Jian Yiheng called the police. He asked the police to deal with these people.

Once he contacted the police, Jian Yiheng walked over to Jian Yiling. Jian Yiling was looking at him with widened eyes. However, she did not appear to be as terrified as he had imagined.

"Go home and drink something to calm your nerves," Jian Yiheng said to Jian Yiling.

Jian Yiheng wasn't good at comforting girls. This even applied to his sister.

At this moment, Jian Yiling's phone received a message from Superintendent Ruan.

[Who is that man? He's so good at fighting.]

Even members of their team were not this capable.

[He's my cousin, Jian Yiheng.] Jian Yiling replied.

As soon as Superintendent Ruan received this message, he immediately searched up Jian Yiheng's name.

He was shocked to read Jian Yiheng's information.

Jian Yiheng had won all sorts of martial arts competitions ever since young.

Furthermore, he specialized in escorting war journalists through warzones.

Therefore, Jian Yiheng had survived real gunfire.

[Your cousin is really good. Would he be interested in joining our special operations team?]

Superintendent Ruan immediately took interest in Jian Yiheng. He looked forward to recruiting him into his team.

[You have to ask him about that.] Jian Yiling replied.

Jian Yiling knew that she wasn't suited for discussing such things.

However, Jian Yiling felt that Jian Yiheng would say no to such an offer. After all, he was a person who did not like to be tied down.

[Yeah, I will definitely ask him. Next time I go to you, I will ask him about this properly.]

Superintendent Ruan was serious about this. This man fulfilled all his requirements.

When the police arrived, Jian Yiheng briefly described the situation to them. Then, he took Jian Yiling away.

On the way home, the two of them did not speak to each other.

Jian Yiheng did not speak much to women. On the other hand, Jian Yiling was not used to talking to relatives and family members.

As a result, the two of them just sat there in silence.

###

In the evening, Jian Yiling came over to give her two brothers desserts that she had just made.

Jian Yiheng just came out of the shower. He wasn't wearing anything on his upper body. As a result, his abdominal muscles were exposed in front of Jian Yiling.

However, Jian Yiling did not look away. Instead, she stared at Jian Yiheng's abs.

Jian Yiheng's abs were incredibly prominent. In fact, Jian Yiheng's abs were way more obvious than the rest of the Jian brothers along with Zhai Yunsheng.

However, his abs still looked nice. It did not look scary.

Therefore, his body was just right.

If he had more muscles, then his build would be too sturdy.

Jian Yiheng assumed that Jian Yiling was appreciating his body.

"Hello, Yiling! My brother doesn't like desserts. You can give both of these to me!"

Jian Yichen said as he happily took both the desserts from Jian Yiling's hand.

However, one of the desserts was immediately taken away by Jian Yiheng.

"Brother, don't you dislike these things?" Jian Yichen asked. Had he remembered incorrectly?

"I want to try it."

And thus, Jian Yiheng took a bite of the dessert.

It wasn't overly sweet.

In fact, it was quite light and delicious.

Just like the other things she made, this dessert was very much to his liking.

Even though he did not often eat desserts, he still enjoyed this taste.

Upon seeing this, Jian Yichen moved closer to Jian Yiheng. He asked with a smile: "Brother, Yiling's cooking is quite good right?"

"Mhmm," Jian Yiheng admitted.

“Honestly, there are girls who are easy to get along with. For example, girls like Yiling,” Jian Yichen said quietly to his brother.

These words made Jian Yiheng pause for a moment. He pondered over them.

Was Jian Yiling easy to get along with?

At least after these two days, she seemed relatively easy to get along with. She didn’t speak much and didn’t nag him about anything. Furthermore, she didn’t have any strange logic or reasoning either. Finally, her cooking was incredibly delicious as well.

However, Jian Yiheng had deep-rooted prejudice against girls.

As a result, it was difficult for him to change his opinion just because he interacted with Jian Yiling for a few days.

“Did you get shot, four to five years ago?” Jian Yiling suddenly opened her mouth to ask Jian Yiheng.

It seemed as though Jian Yiling was not admiring Jian Yiheng’s abs. Instead, she was looking at the scar.

Jian Yiheng looked at the area around his shoulder.

He had indeed been hit by a stray bullet when he was in the war zone.

Furthermore, this had indeed happened five years ago.

However, he never mentioned it to his family.

When this scar had been seen by Jian Yichen, he told him that he was poked by a tree branch. He did not say that he had been shot.

“How do you know?” Jian Yiheng asked Jian Yiling.

This was incredibly obvious to Jian Yiling. There was a clear difference between gunshot wounds and other wounds. And thus, Jian Yiheng’s lies could only deceive Jian Yichen. After all, Jian Yichen did not know anything about medicine.

“Really? Brother, did you actually get shot? You didn’t tell any of us about this!” Jian Yichen cried out. The smile from his face disappeared. His expression became grave and his eyes became fierce.

Jian Yiheng ignored Jian Yichen’s question. Instead, he repeated his question to Jian Yiling: “How do you know I got shot?”

“Brother, Yiling is a medical student,” Jian Yichen said quietly. Then, he added: “However, you actually lied to me. You didn’t tell me about something as serious as you being shot...”

Then, Jian Yiling came forward: “Does your shoulder get sore and swollen on rainy days?”

“You know that too?” Jian Yiheng asked as he narrowed his eyes.

“Sit down,” Jian Yiling said using a commanding tone.

Jian Yiheng paused for a moment. Then, for some reason, he sat down.

Jian Yiling examined the area of Jian Yiheng’s wound.

As Jian Yiheng was injured in a warzone, the medical facilities present back then did not allow him to get better treatment for his wounds.

As a result, this caused his wounds to heal poorly. Furthermore, there were repercussions to his injury.

“Your wound was not treated well. Therefore, the flesh that grew needs to be dug out and regrown,” Jian Yiling said.

Upon hearing this, Jian Yichen was in shock: “No way? Digging out already grown flesh?”

Jian Yichen felt pain just by listening to Jian Yiling’s words.

“Muscle nerve damage leads to poor blood circulation. When affected by the temperature, this part of the body will be in discomfort. Furthermore, the situation will worsen with age. You must treat it properly to avoid such a situation,” Jian Yiling replied.

Jian Yiheng said: “Yeah, I know. However, as far as I know, there is no medical technology that can deal with this problem.”

“There is.”

Jian Yiling’s original world’s medical technology levels were much better than this world’s.

And thus, such a medical solution was already commonly used in her world.

Therefore, Lahaisen Hospital had the ability to perform such an operation.

“Yiling, do you mean that you want to do this surgery for my brother?” Jian Yichen asked.

“Mhmm,” Jian Yiling nodded.

“Brother, let Yiling treat you,” Jian Yichen hurriedly said.

He didn’t want his brother’s shoulder to be in pain forever. This would definitely not do.

However, Jian Yiheng did not give an answer right away.

Instead, he picked up his clothes on the sofa and put them on. Then, he said: “Let’s talk about it when we have time.”

It was as though he did not have much confidence in Jian Yiling’s abilities. Perhaps, he did not quite agree with Jian Yiling’s treatment plan.

He wasn’t scared of pain. However, he didn’t want to do anything useless and waste his time.
