Chapter 891: Family (2)

Grandma Jian rolled her eyes at Grandpa Jian before she turned around and asked Jian Yunmo: “Does Yiling know you’re in Beijing today?”

“She’s been quite busy lately. I didn’t notify her about this in advance.”

Jian Yunmo knew that Jian Yiling was busy with Qin Hongzhi’s case. The case was quite tricky and troublesome.

As a result, she was probably staying up all night already.

“Well, even if she’s busy, you should still tell her about this! You need to make sure that she gets time to relax. She stays inside all day. My poor darling~”

Right after that, Grandma Jian contacted Jian Yiling. She asked Jian Yiling to come over.

Very soon, Jian Yiling arrived in the Jian family’s Beijing Residence. Zhai Yunsheng was also accompanying her.

This was the first time that Zhai Yunsheng and Jian Yunmo met after Zhai Yunsheng got engaged with Jian Yiling.

As soon as he saw Zhai Yunsheng, Jian Yunmo’s face sank.

However, as Grandma Jian, Grandpa Jian, and Jian Yiling were also there, Jian Yunmo chose not to say anything.

Even if he wanted to strangle this person, he couldn’t do it in front of his grandparents and sister.

And thus, Jian Yunmo held himself back.

Jian Yichen and Jian Yiheng who lived in the opposite apartment also came along today. They came to visit their cousin whom they hadn’t seen in a long time.

“Brother Yunmo,” Jian Yiling greeted. Then, she handed a paper bag over to Jian Yunmo.

“Gloves?” Jian Yunmo guessed.

“Yep.”

Jian Yunmo took out a pair of coffee-colored woolen gloves from the paper bag.

Somehow, the color just happened to match the coat that Jian Yunmo was wearing today.

“Did you guys come to an agreement beforehand?” Grandma Jian asked.

“Nope,” Jian Yunmo replied with a smile. “It’s just mutual understanding between us right?”

“Yep,” Jian Yiling agreed.

Then, Jian Yunmo tried the gloves. The gloves fit his hands perfectly.

When Jian Yichen saw this, he was quite jealous: “Yiling, why does he get gloves? What about me?”

Before Jian Yiling got the chance to speak, Jian Yunmo said: “The turtleneck sweater that I’m wearing today was also knitted by Yiling. Yiling’s hands are very clever and nimble.”

Upon hearing this, Jian Yichen was even more jealous: “Waaa... I don’t have anything! I’m about to become a lemon spirit!”

Jian Yiling paused for a moment before she said: “I will knit something for you next time.”

Jian Yichen: “Okay! That’s settled then. However, do this when you’re not busy! If you’re busy, just leave it for the time being. Don’t exhaust yourself.”

Although he was jealous and although he wanted a hand-knitted gift from his sister, he still did not want his sister to be exhausted.

Then, Jian Yichen added: “You don’t need to make anything for my brother. He’s too bulky. It’s a waste of materials.”

Jian Yiheng: “Is your skin itching again?”

Upon hearing this, Jian Yichen hurriedly hid behind Jian Yiling: “Sister, save me.”

When Jian Yunmo saw this, he couldn’t help but laugh: “Even after so many years, you’re still the same. You still get beaten up by your brother.”

Jian Yichen weakly retorted: “I’m the most pitiful one. Therefore, my sister should give me more attention.”

Grandma Jian was amused by Jian Yichen’s words: “Really? Well, if you’re capable, you should go and fight your brother. Why are you hiding behind a girl? Are you even a man?”

“Well, I don’t plan to be a man! I’m Yiling’s Sister Yichen. Right Yiling?”

“Mhmm,” Jian Yiling nodded. Then, she turned around and asked Jian Yunmo: “I will make some food for you. What do you want to eat?”

Jian Yunmo paused for a moment before he replied: “Let’s eat barbecue together. It’s been a long time since we ate barbecue together.”

Jian Yiling: “Okay.”

Upon hearing this, Grandma Jian hurriedly said: “Me too. I haven’t had a barbecue in a long time either. I wonder if I’m part of this plan.”

Grandpa Jian also added: “Ahh, it’s been a long time since I’ve eaten grilled corn.”

Chapter 892: Family (3)

Jian Yunmo and Jian Yiling looked at each other and smiled.

Jian Yunmo: "Okay, okay. Everyone is invited to this barbecue. I will write down a list of ingredients. Then, Yiling and I will head to the supermarket to make a big purchase!"

Naturally, these things could be handed over to the servants of the Jian family. However, Jian Yunmo and Jian Yiling enjoyed shopping together. For them, shopping and picking ingredients was a form of fun.

"I want to go as well! My brother and I will carry the things for you!" Jian Yichen hurriedly said.

He wanted to join in on the fun.

"Mhmm," Jian Yiheng responded. He indicated that this time around, he agreed with his brother's suggestion.

And thus, Jian Yunmo and Jian Yiling began to get busy.

However, one person was left on the side.

Ever since he entered the door, no one had mentioned him...

Grandpa Jian noticed Zhai Yunsheng's existence. However, he deliberately chose to ignore him.

After all, a certain someone got engaged to their darling way too easily! He had to get used to these things. Suffering from time to time was normal!

After a while, Jian Yunmo and Jian Yiling strolled through the supermarket. Jian Yichen, Jian Yiheng, and Zhai Yunsheng followed them.

The three of them didn't know much about ingredients shopping. And thus, Jian Yunmo was the only one discussing with Jian Yiling.

They talked about which ingredients were fresh, how to prepare the dishes later on, and what seasoning to use on the food.

The others couldn't even interject into their conversation.

When Jian Yichen saw the slightly grumpy expression on Zhai Yunsheng's face, he couldn't help but secretly laugh.

Although he couldn't change the reality that his sister was engaged to this man, it felt really good to see him look this defeated!

"Hmm, I think we're almost done shopping. Let's go back," Jian Yunmo said.

"We need to buy mushrooms!" Jian Yiling said.

"Mushrooms?"

"Yeah, A Sheng eats mushrooms."

As his name was mentioned, the expression on Zhai Yunsheng's face went from cloudy to clear.

The corners of Zhai Yunsheng's lips curled as he said: "Well if there's not much time, let's just leave. It's okay not to buy mushrooms."

“No. There are many dishes here that you can’t eat. Furthermore, you don’t like a lot of vegetables,” Jian Yiling insisted.

“If you insist,” Zhai Yunsheng said.

Jian Yichen couldn’t help but mutter: “Keep pretending... Go on... Keep acting...”

Jian Yunmo glanced at Zhai Yunsheng before he quickly withdrew his eyes again.

It was best for him to pretend to not see him. He didn’t want to get into a fight with him.

Finally, the five of them arrived home with many bags of groceries.

The person who carried the most bags was Jian Yiheng. After all, he had a lot of strength. He did not feel strained even though he was carrying a lot.

Other than Jian Yiling, Jian Yichen carried the fewest bags.

He already concluded that he had a weak physique.

In the time that they were shopping, Grandma Jian and Grandpa Jian asked their servants to clear out the courtyard. In addition, barbecue tools and charcoal were also prepared.

Although their place in Beijing was not as large as their place in Hengyuan City, there was still sufficient space for a barbecue.

Today, the chefs were Jian Yunmo and Jian Yiling.

The rest of them could only help out with small tasks.

Jian Yichen was drooling as he watched the food preparation. He asked Jian Yunmo: “Brother Yunmo, did you know that Yiling recently joined Lahaisen Hospital?”

“Yeah, I know. However, she didn’t join recently. She was a member a long time ago,” Jian Yunmo replied.

Jian Yichen: “Huh? Really?”

Jian Yunmo: “Mhmm.”

Jian Yichen: “Did you know about this already?”

Jian Yunmo: “Mhmm.”

Jian Yiling: “Brother Yunmo is also a member.”

Upon hearing this, Jian Yichen’s eyes widened with surprise: “What? You mean... Brother Yunmo is also a member of Lahaisen Hospital?!”

Jian Yiling: “Mhmm.”

Chapter 893: Family (4)

Upon hearing this, the expressions of Grandma Jian and Grandpa Jian were filled with surprise: "Wait, you're both members of Lahaisen Hospital?"

"Mhmm," Jian Yunmo replied as he skillfully grilled the squid skewer in his hand.

"Did you guys join together?" Grandma Jian asked out of curiosity.

"I guess so," Jian Yunmo replied. One could say that.

"Old man, our family is incredible!" Grandma Jian exclaimed to her husband. "Should we go home and burn incense to our ancestors? It feels like our ancestors are blessing us!"

Grandma Jian was incredibly happy that her granddaughter and grandson achieved such great things.

"Old woman, why are you so happy? Is this the first time you realized that Yunmo and Yiling are geniuses?"

Although Grandpa Jian said this, his expression was filled with excitement as well.

Once they knew that Jian Yiling was a member of Lahaisen Hospital, they gloated and bragged about this to their friends in Hengyuan City.

Zhai Yunsheng narrowed his eyes.

Upon seeing this, Jian Yichen moved closer to Zhai Yunsheng and said: "Master Sheng, are you jealous by any chance? Did you just realize that Brother Yunmo knows more about Yiling than you?"

"You're thinking too much into it."

"Really? Well, maybe that's the case. I just thought you turned into a lemon spirit. That's why I brought a lemon over for you!"

Jian Yichen waved a lemon in front of Zhai Yunsheng before he placed it down.

"Remember to drizzle some juice onto the grilled fish. According to Brother Yunmo and Yiling, it makes the grilled fish taste better."

After he finished speaking, Jian Yichen rushed back to Jian Yiling.

Zhai Yunsheng stared at the lemon in front of him. Then, he picked it up and squeezed it. A large amount of lemon juice got drizzled onto the roasted mushrooms.

After that, he took a bit of the mushroom.

How sour.

The siblings of the Jian family accompanied Grandma Jian and Grandpa Jian for the entire day.

Afterward, Jian Yiling asked Jian Yunmo where he was going to stay for the night.

Jian Yunmo replied that he was going to stay at a hotel.

Upon hearing this, Grandma Jian was incredibly angry: "Would it kill you to spend the night with your grandparents? You rarely get to see us! I can't believe you don't want to stay with us!"

Jian Yunmo hurriedly explained: "No no. Grandma, don't be upset. I need to leave first thing tomorrow morning. I don't want to disturb you guys."

When she heard these words, Grandma Jian became angrier: "You bastard! Why are you only staying here for one day? Can't you stay for a few more days? Can't you accompany your sister a bit more?"

"Grandma..."

"Alright alright. I know you have work! You explained it to me already! However, you must stay here for the night! Otherwise, I will ignore you from now on!"

"Okay, okay. I will stay here tonight."

###

The next morning, when most of the Wen family left home, a middle-aged man sneaked into the Wen Residence.

"Young Master Wen Yan, what task are you assigning me today?"

The middle-aged man treated Wen Yan with a respectful attitude.

"Find a woman who has a somewhat similar appearance to the woman in this photo. Then, set a trap and get this woman to sleep with my uncle Wen Cheng."

The middle-aged man looked at the photo before he said: "She... She looks somewhat similar to your uncle's wife..."

"It's a picture of her when she was young."

"Young Master Wen Yan, are you asking me to find a woman who looks similar to the young version of your uncle's wife to sleep with your uncle?"

This was such a strange task!

"That's right."

"But Young Master Wen Yan... Most women that I have connections to do these things for money..."

Chapter 894: Wen Yan Gets His Revenge on Wen Ruo (1)

"That's exactly what I want. I want a woman that I can control with money. The greedier the better."

The middle-aged man was confused by this: "Young Master Wen Yan... Are you trying to compete for the family fortune..? You don't need to do that... Your own assets are roughly the same amount as the Wen family already..."

"There's some repulsive cockroaches at home. I need to clean up the place."

Wen Yan's expression was cold and indifferent whilst his eyes had a ruthless look in them.

He was never one to be kind or soft-hearted.

"Alright, I will carry that task out. I will have things in place within three days."

The middle-aged man stopped pursuing the details of the matter.

Then, the middle-aged man said: "By the way Young Master Wen Yan, it seems as though someone is meddling with the Huiling Medical Research Institution. Do you plan to deal with that?"

"It doesn't matter," Wen Yan replied with a calm voice.

"I guess so." After all, it was just a medical institute that Wen Yan invested in back when he wanted to treat his own legs.

However, apparently, Wen Yan's cousin was a member of Lahaisen Hospital. This meant that the medical institute no longer had much value.

If it was destroyed, so be it. After all, it was not an important asset to Young Master Wen Yan.

###

The middle-aged man's arrangements were soon ready.

It was difficult to find a woman who looked exactly like Cai Qinyue when she was younger. However, it was not too difficult to find someone who had roughly 70 or 80 percent resemblance.

After all, Cai Qinyue's looks weren't outstanding. Instead, her appearance was a look that people felt comfortable being around.

As requested by Wen Yan, the middle-aged man set up a trap.

That night, after Wen Cheng got drunk, he was sent into the hotel room.

The woman that they arranged for was waiting for Wen Cheng in the hotel room.

In addition, the aromatherapy in the room had a strong aphrodisiac effect.

As Wen Cheng was a bit drunk in the first place, when he saw the woman, he assumed that it was his wife when she was younger.

The cameras in the room clearly captured everything.

At midnight, Cai Qinyue waited for her husband to return home. However, she instead received a video from her husband's cell phone.

In the video, her husband was sleeping naked.

When she saw the video, Cai Qinyue's face immediately turned white.

She hurriedly called her husband's number.

A woman answered the phone.

Upon hearing this, Cai Qinyue immediately exploded in anger.

In the middle of the night, the entire Wen family was woken up.

Wen Ruo was puzzled as she asked her mother: "Mother, what's wrong?"

“What do you want this time?” Grandma Wen said. She was still very displeased with Cai Qinyue.

“Mother-in-law, you must stay on my side! Wen Cheng slept with another woman! And that woman even sent a video to me to provoke me!”

Upon hearing these words, Grandma Wen also froze.

Would her son do such a thing?

“Impossible. A Cheng would never do such a thing.”

“Look for yourself! The video was sent to my phone! Isn’t the person in the video Wen Cheng?!”

Cai Qinyue quickly showed the video that was sent to her phone to Grandma Wen and Grandpa Wen.

It was indeed Wen Cheng. Furthermore, the video was also sent using Wen Cheng’s phone.

Although Grandma Wen and Grandpa Wen were upset with Cai Qinyue, they could not ignore a mistake made by their son.

Everyone in the Wen family had a strict upbringing. They did not allow their children to do such things.

And thus, Grandpa Wen immediately ordered his men to look into Wen Cheng’s current location.

Very quickly, they discovered the dinner that Wen Cheng attended and what hotel he was staying at.

Almost everyone in the Wen family immediately headed over to the hotel.

Upstairs, Wen Yan indifferently watched the scene in front of him.

In the next few days, the Wen family would experience many quarrels.

However, this was necessary. This was needed in order to remove the cockroaches in their house. After all, someone had to pay the price.

Chapter 895: Wen Yan Gets His Revenge on Wen Ruo (2)

Cai Qinyue, Grandma Wen, Grandpa Wen, and Wen Ruo rushed to the hotel room that Wen Cheng was staying in.

The hotel manager opened the door of the room for them.

As soon as the door opened, the four of them rushed into the room.

On the bed, Wen Cheng was hugging a young woman as he slept. He was sleeping like a rock.

The two of them were naked and the room reeked of a lustful smell.

As soon as she saw this, Cai Qinyue almost collapsed.

Wen Ruo was also in disbelief. This was her father! She respected her father so much. However, why was he sleeping with a young woman?

“Wen Cheng!”

Cai Qinyue yelled as she picked up a cushion from the chair next to her. She threw the cushion at Wen Cheng.

Wen Cheng slowly woke up.

The hangover from drinking made his head hurt.

As he just opened his eyes, he did not know what had happened.

“What are you doing?” Wen Cheng asked Cai Qinyue.

“You’re asking me what I’m doing?! How can you do this to me?!”

Only then did Wen Cheng turn his head to look beside him.

The woman beside him had already woken up.

However, instead of distancing herself from Wen Cheng, the woman pressed her body onto Wen Cheng’s body. It seemed as though they had an intimate relationship.

Upon seeing this, even Wen Cheng himself was stunned.

“You b*tch!”

Cai Qinyue was furious. She rushed over to grab the woman by her hair.

“How dare you seduce my husband?! How dare you?!”

Cai Qinyue became crazy as she began to fight the young woman.

“What are you doing?” Wen Cheng asked as he attempted to pull Cai Qinyue away.

“You bastard!”

Cai Qinyue turned around to hit Wen Cheng as well.

When Grandma Wen saw the scene in front of her, she anxiously attempted to stop the fight.

The scene in the hotel room was utter chaos.

When Grandpa Wen looked at the scene in front of him, he began to feel dizzy. His ears were ringing and his blood pressure rose rapidly.

Then, his vision went black as he collapsed.

“Old man!”

###

Grandpa Wen was rushed into the hospital. The entire Wen family was in a state of chaos.

Upon hearing the news, Wen Nuan and Jian Shuxing rushed to the hospital.

Inside the hospital, Grandma Wen’s face was pale. She was sitting on top of a bench in the hospital corridor.

“Mother, how is my father doing?”

“He’s fine now. The doctor said he’s out of danger.”

Upon hearing this, Wen Nuan breathed a sigh of relief. Then, she asked her mother:

“Mother, what happened? Why did my father end up in hospital for no reason at all?”

“It’s because of your brother and your sister-in-law! He already had high blood pressure!”

Then, Grandma Wen told Wen Nuan about what happened last night.

Wen Nuan was in disbelief when she heard this: “How could my brother do such a thing? He’s not someone who would do something like that.”

“Well, it’s done now! And I don’t know how to deal with it!”

Grandma Wen felt physically and mentally exhausted.

Recently, so many things happened in her family.

What did they do wrong to deserve this?

“Mother, don’t be sad. For now, your health is most important. Please look after yourself. Other matters can always be resolved.”

Wen Nuan attempted to comfort her mother.

“I suppose so. I’m just trying to look at the positive side of things nowadays.”

“Where are my brother and sister-in-law right now?”

“Well, I was afraid of them arguing in the hospital. Therefore, I told them to go home,” Grandma Wen said with a sigh. Then, Grandma Wen asked her daughter: “A Nuan, did I do something wrong? Should I have just kicked your sister-in-law out of the family in the first place?”

“Mother, the one who did something wrong this time is my brother. It’s not my sister-in-law.”

Although Wen Nuan did not like Cai Qinyue, she could still tell right from wrong.

“But... But I always feel like this series of misfortunes began with her... I know it’s not good for me to think this way...”

Chapter 896: Wen Yan Gets His Revenge on Wen Ruo (3)

On the way home, Cai Qinyue was crying. Whenever she stopped crying, she would hit Wen Cheng.

Wen Ruo could only softly cry as she watched her parents argue.

Finally, the three of them arrived home.

Once Cai Qinyue got home, she began to break items and curse at people. A lot of noise was made.

Wen Ruo attempted to persuade her mother: “Mother, don’t be upset with my father. He made a mistake. He was just confused and lost. Please forgive him.”

Wen Ruo was in a lot of pain. The happy family that she once had was falling apart.

Why did things turn out this way?

Why did this have to happen!

However, Cai Qinyue could not accept this: "Just confused and lost? That's why he slept with another woman?! I've never been so humiliated in my life! He comes from a scholarly family, yet he does such a disgraceful thing! He's an animal!"

Cai Qinyue completely forgot that a while ago, she used the word "confused" in an attempt to justify the actions of her and Wen Ruo.

Wen Cheng attempted to explain the situation: "Qinyue, I told you I did not mean to do such a thing. I was drunk. I did not know that the woman was not you!"

Cai Qinyue: "What does did not mean to do such a thing achieve?! You're a bastard!"

Wen Cheng: "Well, what do you want me to do? What can I do?"

The deed had already been done. There was no way to turn back time.

Wen Cheng crouched down in pain and held his head in his hands.

He did not know what to do.

He actually slept with another woman.

The Wen family looked down upon having romantic affairs with others whilst being married. All these years, he managed to avoid this immorality.

Other than his wife Cai Qinyue, Wen Cheng kept his distance from women.

He would have never thought that...

Wen Cheng buried his head in his hands.

Furthermore, the woman that he slept with bore some resemblance to his wife when she was young.

This caused Wen Cheng to remember his wife in the past.

Back when he got to know Cai Qinyue, he was attracted to her mannerisms. The two of them were happy together.

So many years had passed since then. Although they still got along, there was no longer the feeling of love.

He did not know where they went wrong.

They would always argue over small things. However, he did not think these matters were important.

In fact, he never thought of divorcing his wife.

Even after the recent incident, he did not think about divorce.

After all, marriage in his heart was a lifetime thing.

However... Today he did something to betray his wife...

Wen Cheng deeply regretted his actions. Despite this, he could no longer change what had happened.

What was going to happen to his marriage... What was going to happen to his family...

###

On the second floor, Wen Yan indifferently listened to the argument happening downstairs.

There was no expression of joy nor pain on his face.

He knew what kind of person his eldest uncle was. If he wanted his eldest uncle to give up on his marriage, he had to break his view of marriage.

Naturally, this process would cause the family a bit of pain.

Wen Yan called the middle-aged man from before: "Go tell this to the woman. If she can give birth to my uncle's child, as long as the child is confirmed to be my uncle's, I will reward her ten million dollars."

"Are you serious Young Master Wen Yan? Your uncle is so old already..."

"Well, that's up to her abilities."

"Understood."

"Also, there's one more thing that I want you to do."

"Young Master Wen Yan..."

Chapter 897: First Time Being a Father

After Luo Xiuen resigned from Huiling Medical Research Institution, she spent her days at home.

As she had a lot of savings in her bank account, she could just chill at home for a long period of time.

Furthermore, she could also rely on her child's father.

Luo Xiuen and Jian Yumin had already obtained their marriage certificate.

However, they did not host a wedding yet. In addition, they were not yet living together.

Although Jian Yumin did not know how to say words of endearment, nor did he know how to do romantic things, he still cared a lot about Luo Xiuen. After confirming the situation with Luo Xiuen, he immediately announced to his fans that he was getting married.

Furthermore, as soon as possible, he obtained the marriage certificate with Luo Xiuen. This was to ensure that their child had a father.

Jian Yumin would also frequently visit Luo Xiuen with bags of stuff.

These bags were filled with pink and girly items.

It seemed as though Luo Xiuen and Jian Yumin mentally declared that the baby inside of Luo Xiuen's belly was a girl.

After all, they wanted a daughter.

Everyone else in the Jian family was also looking forward to the birth of another girl.

However, everyone knew in their hearts that the probability of a female child being born in their Jian family was much lower than a male child being born.

Were the Y chromosomes in the Jian family too dominant?

"Why are you exercising?"

As soon as Jian Yumin entered the door, he saw Luo Xiuen running on a treadmill. He was so concerned that he dropped everything that he was holding and rushed over to stop Luo Xiuen.

"It's alright," Luo Xiuen explained. "My baby isn't that fragile."

"No, no. It's better to be careful. Our daughter is delicate. What if she gets hurt?"

"It's fine. When the baby is in the mother's belly, it's good for the mother to exercise in moderation."

Luo Xiuen refused to just laze around. She felt like she would become sick if she just lazed around every day.

"Are you sure?"

"Yep!"

Luo Xiuen had to reassure Jian Yumin several times before he finally dropped the matter.

It was his first time being a father. Being anxious was normal!

"Oh right, Yiling wanted me to ask you whether you wanted to visit Lahaisen Hospital."

"Can I?" Luo Xiuen replied. Her eyes lit up.

Previously, Luo Xiuen mentioned to Jian Yiling that she really wanted to go and visit Lahaisen Hospital. She wanted to see what this mysterious hospital looked like.

After all, most people only heard stories about Lahaisen Hospital. Other than members of the hospital, only the patients and family members of the patient had been there.

"If you're willing to go, Yiling said that she'll bring you over there next week. It seems as though she wants to go over there with Zhai Yunsheng for something."

Jian Yumin did not ask about the details.

"Yes yes! I want to go!" Luo Xiuen cried out in excitement. She wanted the next week to come quickly.

When Jian Yumin saw Luo Xiuen's excitement, he said: "Hmm, I will ask Yiling to bring me too."

"Oh? You want to visit as well?"

“I don’t feel comfortable leaving you alone. I feel like you’re going to act recklessly.”

Upon hearing this, Luo Xiuen smiled sheepishly.

She wouldn’t act recklessly right..?

###

Early in the morning, Zhai Yunsheng was lying in bed when he heard the door of his room being opened.

Then, there was the sound of small footsteps.

As soon as he heard the footsteps, Zhai Yunsheng knew the identity of this “little thief” that was sneaking into his room.

Zhai Yunsheng closed his eyes and pretended that he was still asleep.

The footsteps got closer and closer to his bed.

Zhai Yunsheng wondered what this little rabbit wanted to do again.

As he wondered about this, he realized that the little rabbit climbed onto his bed.

She was getting closer to him.

What was she doing?

All of a sudden, the muscles on Zhai Yunsheng’s body tightened.

A soft body was rested upon his chest.

Chapter 898: Jian Yiling Acts Coquettishly

He had the habit of sleeping without his shirt on!

And thus, Zhai Yunsheng could clearly feel Jian Yiling’s presence.

Her face and body were pressed against his chest...

Zhai Yunsheng’s body completely stiffened.

At that moment, he regretted pretending to be asleep.

If he knew that this was going to happen, he would have opened his eyes as soon as she entered the room.

However, what could he do now?

After enduring this for a while, Zhai Yunsheng realized that Jian Yiling had no intention to leave. Instead, she covered herself with his blanket and planned to sleep with him.

Her hands were also placed around his waist!

This was dangerous!

What was she doing?!!!

“Do you know what you’re doing?” Zhai Yunsheng asked in a low and hoarse voice.

Zhai Yunsheng’s eyes snapped open as he lowered his head to look at Jian Yiling who was lying on his body. Her head was currently rested on his chest.

“You’re awake?” Jian Yiling said as she tilted her head. Her eyes met with Zhai Yunsheng’s eyes.

Why did he look a little angry? This wasn’t quite the same as what Qin Yufan said to her.

“I’m asking you what you’re doing,” Zhai Yunsheng repeated. His Adam’s apple moved in his throat.

“Acting coquettishly,” Jian Yiling responded in a serious voice.

Was she acting coquettishly?!!

Zhai Yunsheng took a deep breath before he asked: “Qin Yufan taught you this right?”

Other than that woman, no one else around Jian Yiling would have instructed her to do this!

“Mhmm.”

As expected!

“Why are you learning this?!”

“I have something I want to mention to you. However, I didn’t know how to say it to you. Yufan told me that if I act coquettishly, I can say anything afterward.”

At this moment, Zhai Yunsheng had the temptation to strangle Qin Yufan.

In all the years he knew Qin Yufan, he never knew that woman could be so annoying!

“You’ve acted coquettishly already. What do you want to say?” Zhai Yunsheng asked. His body remained stiff.

“I want to take you to Lahaisen Hospital on Monday to do a checkup,” Jian Yiling said in a small voice.

She knew that Zhai Yunsheng resented doing checkups.

She knew that he hated people treating him as a terminally ill person.

And thus, as she was afraid of him getting angry, after being conflicted for a long time, Jian Yiling decided to ask Qin Yufan for advice.

Qin Yufan’s original words were: No matter what she wanted to ask or mention, as long as she acted coquettishly beforehand, Zhai Yunsheng would surrender and obediently agree to her request. In addition, he would not be angry.

After that, Jian Yiling even asked Qin Yufan for advice on how to act coquettishly.

Qin Yufan told Jian Yiling to sneak into Zhai Yunsheng’s room, climb into his bed and lie on his chest.

As Jian Yiling did not know act coquettishly, she listened to Qin Yufan’s instructions.

Zhai Yunsheng took another deep breath before he said: "Understood. I agree to go to Lahaisen Hospital. You don't need to "act coquettishly" anymore."

"Really?"

Jian Yiling was so happy that she straightened her upper body.

However, as she arched her upper body, Zhai Yunsheng saw another scene in front of him.

All of a sudden, Zhai Yunsheng rolled around and changed positions with Jian Yiling.

"Oh——"

Before Jian Yiling could react, she was confined. Her hands were pressed down at the top of her head by Zhai Yunsheng's large palm.

Then, Zhai Yunsheng buried his head in Jian Yiling's neck. He took a deep breath before he lightly bit her.

Jian Yiling froze. Her heart was beating rapidly.

"Not fat enough," Zhai Yunsheng said in a low and muffled voice.

After a while, Zhai Yunsheng got up and walked into his bathroom.

Soon after, the sound of water could be heard from the bathroom.

Chapter 899: Visit to Lahaisen Hospital (1)

On Monday morning, a group of people boarded the private plane owned by Lahaisen Hospital.

In addition to Jian Yiling and Zhai Yunsheng, Jian Yumin, Luo Xiuen, Jian Yiheng, Jian Yichen, Hu Jiaojiao, and An Yang were also on that private plane.

Li Zhuojia also appeared on the private plane.

Jian Yichen asked Li Zhuojia: "Is it really okay for so many of us to visit Lahaisen Hospital? Isn't Lahaisen Hospital not open to the public?"

Upon being asked this, Li Zhuojia smiled before he replied: "Yeah, it's not open to the public. However, you're Miss Yiling's family members and friends. Therefore, you're not considered the general public."

Jian Yichen smiled before he commented: "Wow, Yiling is amazing."

Then, Hu Jiaojiao held up her phone and asked Li Zhuojia: "Where do we put our phones?"

After all, they weren't allowed to bring any electronic communication devices to Lahaisen Hospital.

This was a rule that everyone knew.

"There's no need. The reason for not allowing others to bring their electronic communication devices onto the island is to prevent them from leaking the secrets of Lahaisen Hospital. However, you guys are Miss Yiling's trusted family members and friends. Therefore, you don't need to hand in your electronic communication devices," Li Zhuojia explained.

However, Luo Xiuen still took out her phone: "It's better to follow the rules. Just in case something happens, I don't want to drag Yiling into the mess."

After all, Yiling was only a member of Lahaisen Hospital. It must have been incredibly difficult for her to bring all of them to visit Lahaisen Hospital in the first place. She didn't want to potentially cause her any other trouble.

"That's true," Hu Jiaojiao echoed as she waved her phone around. "We're visiting Lahaisen Hospital to take a look around! There's no need for us to have our phones. Therefore, I want to follow Lahaisen Hospital's rules."

As everyone took their phones out, Li Zhuojia did not say anything else.

He quietly put everyone's phones away.

Even Zhai Yunsheng handed in his phone.

Then, the plane took off and flew towards the mysterious island in the Pacific Ocean.

An Yang asked Li Zhuojia: "Previously, I saw on the news that you use a helicopter to transport patients. Did you guys hire this passenger plane?"

Li Zhuojia: "Well, we generally transport patients using helicopters. Often, it's more convenient to fly a helicopter in the city. It helps in transporting patients quickly. However, for normal trips and the delivery of supplies, we use small passenger planes. Our hospital has two helicopters which carry medical emergency equipment and two passenger planes for other uses."

An Yang: "Wow."

Luo Xiuen also asked a question: "I heard that Lahasen Hospital has a lot of medical equipment that's not publicly available. Is this true?"

As a medical researcher, Luo Xiuen was very curious about Lahaisen Hospital.

Li Zhuojia patiently explained: "That is true. As Lahaisen Hospital has connections with Xuming Medical Manufacturers, a lot of our medical equipment is tailored for us. Currently, they are not mass-produced, and therefore, only Lahaisen Hospital possesses such equipment."

Hu Jiaojiao asked another question: "Then, how many members do you have? I heard that Lahaisen Hospital does not have many members."

Li Zhuojia: "That's true as well. Right now, we have thirteen members in total."

"Only thirteen?" Hu Jiaojiao exclaimed. Her mouth turned into an "O" shape in shock.

Thirteen people managed to make the place into a world-class hospital? How was this possible?!

"Does this include your pilot?" Jian Yumin asked out of curiosity.

Li Zhuojia: "Well, we don't have a dedicated pilot. Our pilot right now does this as a part-time job.. They are one of our members as well."

Chapter 900: Visit to Lahaisen Hospital (2)

Hu Jiaojiao: "Wait, that's so cool! They can save lives and also fly a plane?!"

Jian Yichen: "That's nothing. My brother and my future brother-in-law also know how to fly a plane."

Upon hearing this, Hu Jiaojiao softly commented: "A group of non-humans."

Why and how was she amongst these talented and amazing individuals?

Jian Yiheng asked: "Then, other than the thirteen of you, are there no other members?"

Li Zhuojia also replied to this question: "Well, there is some security personnel. However, they are generally not active on the island. They're typically only responsible for protecting the safety of our members when we're off the island."

Oh, so that's how it was.

It appeared as though Lahaisen Hospital's operations were highly confidential.

After the passenger plane flew for seven hours, Li Zhuojia announced to everyone that they would arrive at the destination soon. The plane would now begin to descend.

Everyone hurriedly looked out of their windows and sure enough, they saw a small island.

Half the island was covered with trees however, the other half was covered in buildings and other kinds of infrastructure.

There was a huge clearing that parked the planes and helicopters of Lahaisen Hospital that weren't currently in use.

A large and new building caught everyone's attention. This was most likely the hospital.

The exterior of the building was painted white.

Whilst looking down from a bird's eye view, everyone could see a pool and garden near the building as well.

Then, the plane landed on the runway.

Everyone got off the plane and set foot on this mysterious island.

As soon as they got off, the crowd was amazed by the natural scenery of the island.

The sky was blue and dappled with white clouds. In addition, the sun shone on the sandy beach.

They were also surrounded by lush greenery.

In fact, it seemed as though this place was a vacation resort!

"Wow, it's so beautiful here!" Hu Jiaojiao exclaimed. She really liked this place.

An Yang: "If I were a patient, I would also quickly recover if I stayed here for a few days."

Jian Yichen noticed the street lamp next to him: "I've never seen the materials used in this street lamp."

Upon hearing this, Li Zhuojia patiently explained: "All the buildings and infrastructure in this place is built out of special materials."

Luo Xiuen also asked: "So is this street lamp solar-powered?"

Li Zhuojia: "It's powered by a hybrid of solar and wind energy. Do you see that small fan in the middle of the street lamp? The small fan is used to get wind power. Sometimes, it's very windy on this island. Therefore, wind power is a very important source of energy."

Jian Yichen couldn't help but comment: "Wow, this is amazing. It feels as though I've traveled through time and space and somehow arrived somewhere in the future."

Li Zhuojia smiled when he heard this.

Zhai Yunsheng was also amazed at everything in front of him. However, his reaction was not exaggerated like Jian Yichen's.

There were a lot of things used here that he had not seen elsewhere.

Everyone only managed to walk a few steps before a small car drove over to them.

Somehow, the car did not appear to have wheels. Instead, it just turned around in place.

In addition, there were only two spots in the car.

There was a driver's seat and a passenger seat. It was a very small car.

"Sorry, I'm late."

The person who got out of the car was Jian Yunmo.

He wore a white lab coat and the smile on his face was as bright and as warm as the sunshine on this island.

However, his smile dimmed slightly when he saw Zhai Yunsheng.

"Brother Yunmo," Jian Yiling greeted with her soft and sweet voice.

Jian Yunmo reached out to pat Jian Yiling's head.

As Jian Yunmo did not stay in Beijing for long, the two of them did not manage to spend a lot of time together on his previous visit.

However, as Jian Yiling came back to Lahaisen Hospital, they could spend a bit more time together this time around.

"I can only be here for an hour. I need to head back soon," Jian Yunmo said. "Feel free to take a look around with Mr. Li later on."
