## **Chapter 771 - 780**

### Chapter 771

Nicole threw her worries and followed behind her brother like a little puppy. "Okay! We can play all the games here without spending any money!"

"Wow, that's great. You're so lucky!"

"What's mine is yours!"

Shawn winked, and several staff immediately followed.

Zoe smiled awkwardly. "I'll go and have a look too. It's easy for children to play together. They just met and established a relationship..."

Gale said, "I'll go too."

She and Zoe exchanged a tacit look.

Everyone present knew the relationship between Joshua and Nicole.

Only... Shawn was kept in the dark and did not know about it.

Aurum looked at the backs of the two children going away, still terrified.

After all the calculations, he did not expect that things would happen in the worst possible way. The two children just met under Shawn's nose.

As expected, Gale was also terribly frightened. She did not speak just now, and her face turned pale.

"There's a rest area inside. Do you want to go in and sit?" Shawn looked at Aurum.

"Well, if you have no secrets, you can sit with me."

Aurum asked back, "Mr. Wood still wants to find Molly?"

"No more."

"That's it." Aurum shrugged. "What's the point of asking so much?"

Under the open-air bar in the rest area, Shawn and Aurum sat facing each other.

The laughter of children can be heard vaguely in the distance.

Shawn picked up the coffee and took a sip. "If I remember correctly, Molly has two children. So far, I only see Joshua... Where's the other one?"

"I still say the same thing. Does Mr. Wood still wants to look for Molly? If not, why ask so many questions?"

"Just curious."

Aurum replied, "Molly has been avoiding you so much, and you are still asking... Mr. Wood, you have to be sensible."

Shawn's eyes flickered slightly, and he stared at Aurum. "I just think that some things are too coincidental, and I want to find out."

"What coincidence? Do you still think that Molly is Gale?" Aurum said directly.

Instead of evasively not responding, it was better to speak out loud Shawn's thoughts.

A little frankness made it appear real.

Otherwise... Sooner or later, Shawn would see something!

Every time Aurum and Shawn chatted, it was like walking a tightrope.

If you take a wrong step or say a wrong sentence, you will fall into the abyss!

Sure enough, Shawn was slightly taken aback and pursed his thin lips lightly.

"Gale had returned to Sea City. Shouldn't this matter be clarified? It seems that Mr. Wood still has a thorn in his heart. Otherwise... why would you ask about her again?" Aurum smiled.

With that said, Aurum also picked up the coffee, lowered his head, and took a sip, hiding the panic in his eyes.

He was really afraid that Shawn would think too much.

Because Joshua and Nicole are both surnamed Warm!

If Shawn went to get a DNA test in private, then all Gale's plans would be in vain!

Shawn's eyes were dark and inquiring. "Aurum, I know you have many secrets, but I won't look into them."

Chapter 772

"Oh? Why didn't Mr. Wood look into it? With my humble background, you can easily find out everything about it."

Shawn leaned back in his chair lazily. "Because if I do, Gale will be unhappy. I'm just so confused. It's rare to be so confused."

If you are too smart, you will lose a lot of happiness.

In the past, he knew too much, so he was so unhappy.

Now...

Shawn looked deeply at the beautiful carousel and then at Gale standing below, looking up at the backs of the children.

As long as she is here, as long as she is alive, well, that's enough.

Others are not important.

When the carousel stopped, Gale picked up both children before her.

She avoided Shawn's gaze, stood behind the tree, raised her hand, and lightly tapped Joshua's head. "You're being disobedient again."

Joshua hugged her thigh. "Ah, Mommy, Mommy, I miss you so much, I want to hug and kiss..."

Gale was stunned.

Nicole looked at him. "Brother, you stole my lines!"

Gale sighed.

"Mommy, I really missed you and Nicole so much. That's why I asked Uncle Lefting to bring me here. Don't blame him, and don't be angry with me, okay? Anger will make you old. You are a beautiful fairy!" Joshua said.

"I'm not angry, I'm very happy to see my Joshua again." Gale squatted down and said, "It's my fault, I let you stay at home alone."

There was remorse in her eyes.

Joshua saw it.

He quickly said, "Oh, I'm not alone at home, and Mrs. Zoe is with me. She spoils me more than you. She will allow me to eat ice cream and let me watch cartoons. She is not as strict as you. I really like being alone at home with Mrs. Zoe!"

How could Gale not understand that Joshua's words were to comfort her.

"Really, really!" Joshua emphasized for fear that she would not believe it. "Besides, it's not like you and Nicole won't come back. After the operation is over, our family will still live together!"

Gale's lips moved, but she did not know what to say.

She had no idea what was going to happen next.

For her, every day was an unknown.

She could not control everything in Sea City, let alone predict it.

"Joshua..." Gale patted his head tenderly and said, "I'm not a good Mommy."

"No, no, you are! You are the gentlest and best Mommy in the world!"

With that said, Joshua looked at Nicole. "Isn't it!"

He blinked vigorously, hoping that Nicole would quickly agree with him.

"Yeah!" Nicole nodded cooperatively. "Mommy is the best Mommy, we love you very much!"

Gale felt like crying, she blinked quickly and put back her tears.

"Joshua, there are some things... I should let you choose, instead of making decisions for you. Although you are still young, you are smart and know what you want." Gale looked at him and said, "Do

you want to stay in Sea City, or go back home with Mrs. Zoe?"

"I..."

"It's okay, just tell the truth. Mommy understands and supports your decision."

Joshua looked at her seriously. "Mommy, Sea City is very nice and prosperous, with big shopping malls and many playgrounds. I like playing here very much. However, for me, which city I live in is not the most important thing. Yes. The most important thing is that we are always together."

He held Gale's hand. "Mommy, wherever you are, I will be there. As long as you are there, it is our home."

"Our home is small, but because of you, it becomes very homely. No matter how big Sea City is, I don't want to stay without you."

Joshua's words almost made Gale burst into tears,

Chapter 773

She was so lucky to have such wonderful two children.

Seeing the tears flickering in Gale's eyes, Joshua put on a straight face on purpose and sighed. "Oh, why are you crying? A girl's tears are pearls, and every tear she sheds is a pearl missing!"

With his little hand, he wiped Gale's tears carefully.

Gale hugged him tightly. "Joshua, you have grown up..."

Joshua was silent.

However, he still did not forget to raise his hand and pat her on the back lightly.

Gale sniffed. "Did you really not blame Mommy at all? Really?"

Joshua nodded. "I don't blame you. I really don't. Mommy, that Uncle Shawn... He is Daddy, right?"

"Yes."

Joshua is so clever. He guessed it right.

It was just that he did not say it.

His mommy did not recognize him, Nicole never called him brother, and Daddy... did not even.

know his existence.

Joshua was still a little sad.

He was very surprised, and he did not expect the white-haired Uncle Shawn to be his father!

He and Mommy held Nicole's hand together. The family of three was so harmonious, but he was standing aside, looking like an outsider.

Joshua did not understand.

Why?

Why could Nicole hold Daddy's hand and stand with Mommy and Daddy, but he could not?

Why could Nicole recognize her father, but he could not?

Too many questions accumulated in Joshua's heart, but he was very sensible and did not ask them.

It was because he did not want to embarrass Mommy.

Joshua said, "Mommy, although I don't know why you did this, I understand that you must have your reasons. I just need to listen to you, right?"

"Joshua, you don't have to listen to me. If you really want to recognize your father..."

Joshua shook his head. "Father is not a good father. But Mommy is the best Mommy."

Between his father and mother, he prefers to choose his mother.

Gale sighed for a long time. "I have wronged you, Joshua."

The child was too sensible, which made her seem selfish.

Gale thought, let her be selfish this time.

Nicole had been exposed, and whether she could leave Sea City with her was still unknown.

Maybe Shawn would turn his back on her, and if he insisted on keeping Nicole at his house, she would have no choice.

What would she use to fight against Shawn?

Therefore, Gale could only hide Joshua away.

If she has nothing left in the end, at least she still has Joshua, and she cannot lose Joshua

anymore.

“Okay, let’s go play.” Gale stood up and smiled. “Today, the whole playground belongs to you. Play happily.”

Joshua looked up at her. “Nicole and I are very happy, and you should be happy too.”

“Okay!”

After getting her affirmative answer, Joshua took Nicole by the hand and continued to the next. ride.

He looked back several times, uneasy.

Gale waved to him, signaling that he was fine.

Joshua blew a kiss to her.

Gale chuckled.

Before the pirate ship ride, Joshua bumped Nicole’s arm. “Say, should we continue with our’ Finding Dad’ plan?”

“The real father has appeared.”

## Chapter 774

Joshua looked mature. “Do you think that Uncle Shawn can be a good father?”

Nicole nodded vigorously. “Yes!”

Joshua said, “You are cute, silly, and sweet. You have already been subdued by Uncle Shawn at first glance. You are not firm at all, traitor!”

“No, brother, Daddy is really good. He will hug Mommy to sleep, and he looks at Mommy with love in his eyes, he can make Mommy not so sad and tired... The most important thing is that he is very rich! He can buy a lot of things for Mommy!”

Joshua stroked his chin and thought for a while. “Anyway, Uncle Shawn has not passed this test.

with me.”

He still had not called him Daddy but still called him Uncle Shawn.

Joshua has always remembered the bad side of Shawn after he locked him in a hotel suite and seduced him with a lot of delicious food.

Thinking about it now, Joshua understood why Uncle Shawn had to find Mommy.

It turned out that he was the father.

What a dereliction of duty. Even Mommy could not bear it!

Nicole asked, "Brother, when will you admit that he is your father?"

Joshua replied, "I will accept him when Mommy accepts him. I will always stand firmly on the same front as Mommy!"

As he said that, he looked at Nicole. "Hey, Comrade Nicole, your will is too weak, and you were easily conquered by the enemy. I feel sorry for you!"

Nicole grimaced. "If you stay a few more days, you will find out that Daddy is fine!"

"Is it better than Mommy?"

Nicole said, "No. But I want Mommy, and I want Dad too. I want both!"

Joshua snorted disdainfully, but his eyes unconsciously looked in the direction where Shawn was.

In the inner world of every child, there is a longing for a father's love. However, looking at Mommy again, Joshua's heart became firm again.

Nicole has already turned to her father as if... Mommy only has him.

He could not leave Mommy anymore.

The pirate ship started, and Joshua and Nicole's laughing and laughing voices floated far away.

Gale stood in the waiting area.

Shawn walked over and hugged her into his arms habitually.

He asked, "Are you tired? Is it hot? Go over there for a rest, and I'll keep an eye on them."

Gale shook her head. "No, I'm not that weak."

Shawn said in a low voice, "You always say this, and Nicole often says it too. But I wish you were more delicate, and you don't need to be too independent, let alone so strong."

He just wanted her to be a little woman.

Standing behind him, he would shield her from the wind and rain.

She just stays as bright as ever.

“Shawn, have you forgotten that you are the one who forced me to be independent, and you are the one who forced me to be strong.”

“Yes, so now I want you to return to the carefree time. I can also give you the protection the Warm family once gave you.”

Every time he talked about those past events, the atmosphere became extraordinarily tense.

During that time, Gale was deeply hurt.

It left Shawn with lifelong regret.

If he could do it all over again, he would rather fall into hell alone than compromise her innocence and beauty!

He would rather lock himself in a mental hospital forever than throw her in!

Gale bypassed the topic and asked casually, “By the way, Shawn, have you noticed that Nicole and

Joshua... seem to have a lot of fun.”

“Yes, Nicole likes him very much.”

## Chapter 775

Shawn also saw it

When she was at the gate of the playground, Nicole kept staring at Joshua.

Joshua went to hold her hand. Not only did she not refuse, but she was very happy

Shawn thought deeply, ‘Girls are too easily tricked, and it seems that they are not very reserved Joshua has always had a lot of ideas, eccentric...’

For some reason, Shawn suddenly had the feeling that his beautiful little baby daughter was getting tricked away by a naughty boy like Joshua!

His precious daughter... Should the man she likes and sticks to the most not be him?

However, Joshua seemed to be stealing his limelight a little bit.

“Then let them play together more. Nicole always stays with us, and it bores her.

Children have more common topics with other children,” Gale said.

Now that they had ‘met’ so suddenly, she wanted to use this opportunity to let Joshua and Nicole stay together longer.

If Joshua always stayed at Aurum's house, she would feel bad and she owed Joshua too much.

Shawn said lightly, "You seem to like Joshua very much."

Gale said, "Cute, sweet-mouthed, quick-witted, and clever. Don't you like him?"

Shawn paused deeply.

Like?

It seemed he did a bit.

However, Joshua also had a nasty side. He had seen it before.

Shawn replied, "It's okay. He is very c\*nnning, and Nicole is innocent, don't be fooled by him."

Gale almost choked. "C\*nnning?"

What was he thinking?

"It's easy to become childhood sweethearts. Those feelings are hard to let go of and forget in a lifetime. We still have to be careful. Our daughter will be the one who suffers," Shawn said.

Just like Gale and Sam.

Even after Sam went abroad during her most difficult time, regardless of the disaster the Warm family suffered, as long as he explained a few words, made up for it, and apologized sincerely. Gale would forgive him.

Why?

It was because the feelings of childhood sweethearts have always existed.

Therefore, Shawn must be on guard now!

Especially against Joshua!

Gale swallowed and looked sideways at Shawn as if she wanted to say something but did not know where to start.

After hesitating for a long time, she stammered and asked, "Are you worried that Nicole is falling in love with Joshua?"

"Well, Joshua's mouth is too good at coaxing. Nicole can't stand it."

Gale was speechless.

She shouted silently in her heart, thinking, 'How is this possible! Joshua and Nicole are siblings! Brothers and sisters! Shawn, that's outrageous!'

Gale replied nervously, "That's not the case. You think too much."

"Everything is possible."

Without even thinking about it, Gale said, "Impossible, absolutely impossible!"

As soon as she finished speaking, the pirate ship also stopped.

Nicole stood up from his seat, probably a little dizzy after sitting for a long time, not getting used to it. Her body shook twice.

Seeing this, Joshua supported her, tenderly patted her on the back, and whispered something in her ear.

Nicole smiled, shook his head, took the initiative to hold his hand, and walked toward the exit of the pirate ship.

Shawn had an expression of 'I told you so'.

This kid was too good!

## Chapter 776

Gale did not know how to explain, so she could only keep silent

It was Shawn who did not know their real identities!

Nicole came over and said, "Mommy, I want to play on the pirate ship. again.

"No, this is a bit dangerous There are many other rides in the theme park Let's go find other fun things."

"Hmm Okay Brother... Brother Joshua, which one do you want to play?"

Afraid that someone would hear her call him brother, Nicole changed her words quickly However, Shawn heard it.

Although Joshua was a little taller than Nicole, so he really should be called brother, he just found it unacceptable.

When girls liked to act coy, they would call boys 'Brother' too!

Hey, it broke his heart!

Joshua pointed at the tallest ride. "I want to sit on that one!"

He pointed to the most thrilling roller coaster. "Let's do it!"

Nicole looked at him with admiration and envy. "They are all very dangerous, brother Joshua. Even if I'm not sick, I wouldn't dare to play with them."

"It's okay, I'll play, you just watch from the side!"

"Okay!"

Children's energy seemed to be limitless, and the more they played, the more vigorous they became.

The two of them ran happily in front, and Zoe and the staff followed closely behind.

Looking at the tall ride, Aurum could not help saying with emotion, "Joshua is really bold. He is not afraid of heights."

"Is there anything he dare not do? Nicole is almost becoming his fan," Shawn continued.

Aurum smiled. "It shows that it is natural for women to worship men, regardless of age

"Joshua, he

Just after he said a few words, Shawn stopped suddenly, and he still could not finish his sentence.

Aurum looked at him, puzzled. "What's wrong with Joshua?"

Shawn's brows slowly frowned.

In fact, he had already forgotten what he wanted to say just now When he mentioned the name Joshua, he suddenly remembered that Joshua's surname was Warm!

"His surname is Warm?" Shawn's voice sank.

The alarm in Aurum's mind rang, and his back was sweating!

Did Shawn think of something?"

It's over, how should I answer this?"

"What should I do?"

"Yes, his surname is Warm. How could you ask such a st\*pid question?" Aurum replied without changing his expression.

"I'm st\*pid?"

Aurum nodded. "Yes. Joshua's father's surname is Warm, so he naturally takes the surname Warm.

Shawn's deeply frowned brows relaxed slightly.

Was he overthinking?

Aurum continued, "Do you think there is any relationship between Joshua and Nicole's surnames being Warm? Nicole and Gale's surname is Warm, and Joshua and his father's surname are Warm." Shawn pursed his lips deeply. "You are right, I am too sensitive to this surname."

"I think it's because Mr. Wood had not let Molly go at all," Aurum said and quietly winked at Gale.

Gale understood immediately and asked softly, "I've been hearing about the name Molly since I returned to Sea City. It seems she has a higher status in your heart than Winnie?"

She looked at Shawn. "If you have a chance, do you want to meet her?"

Aurum played along. "It's not that easy. Mr. Wood went there personally three times, and he could not even catch a glimpse of her shadow."

Gale smiled. "Wow, she's so important to Mr. Wood."

## **Chapter 777**

Aurum wanted to say something, but Shawn glanced over

He also tactfully said no more.

It was over

Shawn said, "Gale, Molly is Joshua's mother Don't think too much about a woman I have never met before."

When a man really loves someone, he will explain it for fear that the other party will misunderstand him.

"And speaking of it... I am just purely curious about her and appreciate her talent. If there is a chance, I would like you to meet Molly too."

What the hell!

Gale snorted, turned around, and left.

If she did not leave, this topic would not end!

'I hope Shawn's concerns are dispelled!' she thought.

This trip to the theme park was really frightening for Gale.

Joshua and Nicole did not leave until it was dark.

Nicole shook his hand.

“Let’s come again next time, Brother Joshua. By that time, I won’t be sick anymore, and I can play all the games with you!”

“Okay, you will definitely drive away the illness and restore your health!”

Nicole

threw herself into his arms joyfully and hugged him. “Brother Joshua, wait for me!”

Joshua patted her on the shoulder. “Come on, come on, I... will be waiting for you!”

This scene fell in Shawn’s eyes, and it was too dazzling.

This kid was too good!

He was cuddling at such a young age?

Nicole, how can you take the initiative to throw yourself into your arms?”

The most important thing for a girl was to be reserved!

In the end, Shawn

could not stand it anymore and stretched out his hand to separate the two.

Nicole was still a little reluctant “Brother Joshua.

It was because she knew that her brother was going back.

She did not know when would be the next time they would meet

Joshua did not care and waved his hand. “Goodbye! See you next time!”

“Brother Joshua, I will miss you.”

“I will miss you too.” Joshua blew a kiss. “Mwah!”

Shawn’s pupils shrank

Immediately afterward, Joshua looked at Gale again and blew another kiss.

“Okay! Goodbye!”

The corner of Shawn’s mouth twitched.

Joshua had spent the day with his daughter and blew a kiss at his wife before leaving!

Joshua was crossing the line!

Not only that, but Gale also responded to him gently. "Goodbye, Joshua."

Zoe led Joshua into the car, and Gale watched them until the car disappeared from sight before

she looked back.

There was a feeling of loss in her heart.

Her son was gone.

They would not be able to see each other for a long time.

She did not even give Joshua a good hug, and she did not dare to be too intimate for fear that Shawn might suspect something.

The more she thought about it, the sadder she felt. On the way back to the hospital, Gale felt very depressed.

Nicole was very tired after playing all day, so she fell asleep in Shawn's arms as soon as she got in

the car.

She even talked in her sleep. "Brother... Brother Joshua..."

"Play this, let's go together."

"You are amazing."

Shawn lowered his head deeply, looking at the daughter in his arms.

Dreaming of Joshua..

What kind of spell did Joshua cast on her?

Chapter 778

Shawn frowned slightly and said, "What kind of magical power does Joshua have that makes Nicole like him so much? They just played together in the theme park, she can't be so easily bought

"Joshua spent at least one day playing with her, spending his time and energy What about you?"

Gale replied, "That's right. You are the one who can easily buy her off."

Hearing these words finally made Shawn feel a little relieved.

He said, "Nicole doesn't need my surname. Whether her surname is Warm or Wood,

she is my daughter.”

Gale looked sideways at him. “You don’t care at all? You don’t want Nicole to change her surname to Wood in the future?”

“No need, it sounds nice.”

She muttered in a low voice, “Only the man who married into a girl’s family will have a child that bears the woman’s surname for the child.”

“Get married?” Shawn suddenly leaned over, touching the tip of his nose to hers. “I’m willing to get married, do you want to?”

Gale was startled for a moment, then backed away abruptly, only to slam her head on the car door with a bang.

Shawn quickly stretched out his hand and rubbed gently. “Be careful.”

“Why did you come so close!”

He sighed dotingly. “Yes, yes. Blame me.”

“It was your fault!”

Shawn rubbed the place where she bumped into and asked, “Gale, you haven’t answered my question just now.”

Gale was stunned by the bump. “What’s the question?”

“Let’s get married.”

“It’s just a joke, do you still take it seriously?”

“As long as you want me, I don’t care what form it is. I don’t care about the eyes of the world,” Shawn replied.

“Shawn, you need to be clear, only useless men marry into another family!”

A man like him.

One after another, women threw themselves to him, as he was rich and powerful.

Marriage He was just joking with her!

“Gale. that’s not what I care about What I care about is whether you want me or not ”

He would do anything to be with her forever

“We are already married, you’re one step too late If you really want to enter the Warm family so much, first divorce and then remarry me, and ‘marry into our Warm family,”

Gale said

Shawn sighed deeply “At this moment, you admit that we are still husband and wife ”

“Can’t I? Women just make trouble for no reason.”

“Okay “He nodded. “Whatever you say is right.”

Gale glared at him.

She felt that she was becoming more and more unreasonable and messing around in front of

Shawn.

However, he has always tolerated her and never complained.

If this continued, Gale would become arrogant.

The car stopped at the hospital entrance, and Gale quickly got out of the car, walking in a hurry.

Shawn hugged Nicole deeply, following behind her.

Next to her, an old woman said, “Your wife doesn’t take anything, her hands are empty, while you take care of your children and bags. How aggrieved. She is too ignorant.”

Gale's face became red.

Looking at her and Shawn from the perspective of others, it seemed this was the case. Shawn was hard-working, while she was lazy and willful.

The old woman said again, "You are tall and handsome. Many girls will like you. Why did you choose her in the first place?"

"What's good about her?"

"Everything is good. And I'm married," Shawn replied solemnly.

The old lady suddenly realized something and said, "So it's because she is rich!"

"Right"

Gale listened to this conversation, looking at the sky speechlessly.

Did Shawn spew lies on the fly?

"Shawn!" She could not bear it anymore and shouted, "Hurry up, the elevator is here!"

## Chapter 779

He responded with a small smile, "Okay."

The elevator doors closed slowly, and the family of three disappeared.

In a corner not far away, Natalie and Winnie emerged from hiding.

Natalie asked, "Did you see them? Is that them?"

Winnie nodded and said, "Yes, it's them! They're still wearing their matching outfits!"

Natalie, that woman is Gale, and the little girl in Mr. Wood's arms is their daughter, Nicole Warm!"

"That woman is indeed Gale. It's her. She's back."

Natalie also recognized her.

Others cannot imitate Gale's temperament.

If an ordinary woman were to marry Shawn, she would have climbed to the top of a wealthy

family, only wear famous brand names, and be adorned full of jewels.

However, Gale was very low-key, even plain.

Shawn spent a lot of money to buy the Heart of the Deep Sea for her back then, but he could not even get her to smile.

Gale was an unpredictable woman who was hard to please. She has a sense of aloofness that despises money.

What Natalie hated the most was her arrogance.

Winnie said, "It can be said that she is more worthy as a mother with a child now, and her position is more stable than it was four years ago! Natalie, you said you would help me, you should quickly think of a way. If this continues, Gale will win the race! From now on, even you will bow down at her feet and have to follow her whims!"

Natalie glanced at her. "Slow down! What's the rush!"

Winnie shrank her neck.

She quickly put on a smile and said flatteringly, "I'm a little impatient because I'm afraid that Gale will become more arrogant and proud. Natalie, as long as you help me get back to Mr. Wood and push Gale away, I will do what you ask me to do, and it will never go against your will!"

"At that time, I will whisper into Mr. Wood's ear, and he can take your family business to a higher level!"

"Besides, once Gale loses power and leaves Sea City disheartened, she will no longer

be able to associate with Mr. Lefting. You have also solved a serious problem!"

Mentioning Aurum, Natalie's expression changed.

She pushed the sunglasses on the bridge of her nose. "I never do things that I'm not sure of. Before I act, I will investigate thoroughly to make sure nothing goes wrong. Gale looks like a pretty easy-to-handle woman, but she is actually very powerful."

"Yeah, even jumping into the sea failed to drown her!"

"So, we have to be more cautious. Otherwise, if something goes wrong, you and I... can't afford the consequences!"

Winnie asked, "Natalie, can you tell me your plan...?"

A calculating light flashed in Natalie's eyes. "You mentioned when you went to the ward to cause trouble, Nicole looked at you and said...why are there two mommies, right?"

Winnie nodded and said, "Yes! Because I look very similar to Gale! She is a child, and she was a little confused when she first saw me."

Natalie smiled. "Winnie, if you become Nicole's mother, how will things change?"

Winnie was so excited that she could not speak.

Was that achievable?

"I've already found out that Nicole has leukemia and will soon undergo a bone marrow transplant." Natalie's tone was full of confidence. "She will lie down on the operating table and receive anesthesia, no one knows what will happen, right?"

"Natalie, what do you mean... You are going to mess with her operation?"

"That's right."

Winnie asked, "What should I do so that Nicole will recognize me as Mommy and not Gale?"

"Just wait for my instructions."

Natalie put on her mask, turned around, and walked out of the hospital.

She felt frustrated, seeing Shawn and Gale wearing matching outfits.

Shawn was the most powerful man in Sea City. Why did he just fall in love with Gale?

Someone with no background and no beauty!

Yes, Natalie almost forgot that Gale was a woman who was very good at seducing men.

During the period when she and Shawn were divorcing, she had a close relationship with Aurum, and she was anxious to start looking for another family!

Gale, just wait and see!

Natalie and Winnie left together without anyone noticing.

## Chapter 780

Meanwhile, in the ward.

Just as Shawn put Nicole on the hospital bed, she woke up.

"Daddy..." She rubbed her eyes, sounding sleepy.

Hearing this voice, Shawn's heart almost melted. "Well, Daddy is here, go back to sleep."

Nicole sat up. "Where's Mommy?"

"She's gone to take a shower."

Nicole stared blankly at the bathroom door, with a sleepy look on her face as she had just woken

She seemed in a daze, but she was actually thinking about something.

"Daddy, do you like brother Joshua?" she said suddenly.

"Me?"

"Yes."

Shawn pursed his lips deeply.

'Do I like Joshua? It's a little more complicated than that.'

The first time they met, Joshua climbed onto his lap and asked if he wanted to be his father.

The second time they met, he rescued Joshua.

When they met for the third time, he trapped Joshua in the hotel and pressed for Molly's whereabouts.

Today was the fourth meeting.

Joshua was as smooth as ever, even though he was a little kid.

Seeing that Shawn did not speak for a long time, Nicole said softly, "I like Brother Joshua very much, Daddy. I want to see him every day. Mommy must like him too!"

Shawn replied vaguely, "In the future... if there is a chance, you can still play together."

"I want to..."

Nicole wanted to say something else, the bathroom door opened, and Gale walked out.

She immediately pursed her lips and fell silent.

She did not want Mommy to hear it.

"What's wrong?" Seeing the father and daughter looking at her, Gale looked down at herself and asked, "Do I look weird?"

"No! Mommy is beautiful! Daddy, go take a bath!"

“Okay.”

As soon as Shawn left, Nicole waved to Gale again and asked in a low voice, “Mommy, is brother home yet?”

“Well, I just received a message from Zoe.”

Nicole hesitated for a moment but still asked, “Mummy, can brother stay here, and go back together after my operation is completed?”

“My brother needs to go to school.”

Nicole quickly came up with an idea. “There is also a kindergarten here. The other day my great- grandfather asked me which school I liked, and even brought me a photo!”

With the status and power of the Wood family, she can choose any kindergarten in Sea City.

Only...

Lucas meant to let Nicole stay.

Shawn has never talked to him. When Nicole recovers, are they going to leave Sea City?

Gale’s heart sank.

The development of things was getting more and more out of her control.

It was because she was so naive, always holding ridiculous expectations.

Even if Shawn was willing to let her go, would the Wood family let Nicole leave?

Lucas attached so much importance to heirs and inheritance! What was more, Nicole also signed the share contract transfer agreement!
