

Skeletons Of The Marital Closet by Wen Tang Tang

Chapter 791 - 800

Chapter 791

Children are just ignorant and annoying.

The entrance of the operating room was silent. Everyone was waiting patiently. No one noticed

that Aurum and Joshua were there in the stairway, separated by a wall.

Time passed slowly.

As time passed, everyone got more worried.

Gale could not eat nor drink, and she did not know if they would survive.

Finally, the lights in the operating room went off!

Gale stood up immediately, but her eyes went black because it was too sudden.

She swayed.

“What’s wrong, Gale?”

“It’s okay.” She closed her eyes and walked quickly to the door of the operating room, expecting the doctor to appear.

The doctor came out and took off the mask.

The doctor said, “Congratulations, the operation was successful. It went very well!”

Gale was stunned for a second, then laughed happily.

She smiled gleefully with tears in her eyes.

Tears of joy!

“Great, great. Nicole is finally a healthy child...” Gale muttered to herself.

“Yes, now she just needs to take a good rest for a period of time. After all the physical indicators. return to normal, she can be discharged from the hospital.”

“Thank you, doctor!”

"You're welcome. The anesthesia has not passed yet, so she is still unconscious. She is expected to wake up before dark, please don't worry," the doctor replied.

"Um!"

Gale quickly wiped away her tears and kept nodding her head.

Everyone else also breathed a sigh of relief.

"I knew that my great-granddaughter, with great fortune and destiny, would definitely get through this difficult time smoothly. It's really great!" Lucas had a huge smile on his face.

Peter also said with emotion, "Just be safe, this is more important than anything else."

The door of the operating room opened, and the nurse walked out, pushing Nicole's bed.

Nicole's body was full of tubes, and she was wearing an oxygen mask, making her look very weak

Gale followed the hospital bed and left. After walking a few steps, she suddenly remembered something and looked back.

What about Shawn?

Where was he?

She still wanted to look for him, but time was running out, and she had to worry about Nicole again.

Gale glanced around hastily and finally left with Nicole's hospital bed.

Just as her figure disappeared around the corner, Shawn appeared.

His face was pale, and he looked weak, but his eyes were still clear.

"Shawn, how are you? Are you feeling okay? Take a break first." Lucas still cared about his grandson. "You have worked hard these past two days."

He did not say a word, and his eyes swept over the people in front of him one by one.

However, he did not see the person he most wanted to see.

Joe was his best brother, and he quickly understood who he was looking for.

"Gale followed Nicole back to the ward," Joe said.

Shawn let out a sign.

“She looked for you and looked back several times, but you came out a little late. You would be able to catch her if you had come here a few seconds earlier,” Joe said.

Another few seconds.

This reminded Shawn that when Gale jumped into the sea, he was also a second late.

Just one second made him regret it for four full years.

Chapter 792

“It is normal for Gale to be with Nicole. Shawn is an adult, and all he did was just donate bone marrow, and he didn’t have an operation. Do you want Gale to focus on you?” Summer said.

Joe pinched her.

However, Shawn’s expression was as usual, with no sign of happiness, anger, or sadness.

He took a step forward and said, “I’ll go and see Nicole.”

In fact, Shawn could not tell what he truly felt.

Nicole was the one who performed the operation, and Gale cared more about her daughter as she should.

Why was he still upset?

Could it be that he still wanted to compete with his daughter for her attention?

After thinking about it, Shawn shook his head, feeling a little ridiculous.

Fortunately, she was his daughter. If this were his son, he would probably be really jealous.

Nicole was lying on the hospital bed, and the instruments beside her were ticking non-stop.

Gale was sitting beside her, with her hand gently on Nicole.

Hearing footsteps, she looked back.

Gale said, “Shawn? Are you okay?”

"I'm fine, how is Nicole?"

"She is still unconscious and will wake up when the anesthetic wears off."

Shawn took a deep look at Nicole and said in a low voice, "Well, when she wakes up, she will be a normal and healthy child."

"Yes..."

Gale did not know what else to say and fell silent.

Her only thought was to sit here and wait for Nicole to wake up.

She could not think of anything else.

It was very quiet in the ward.

Shawn stood by the side all the time, and Gale could not help but say, "Go and rest. I will be here."

"I'm here with you, and I'm not going anywhere."

Gale looked at him and said, "Nicole and I can't run. You look very weak."

"It's okay." Shawn paused and then said, "After all... there are not many opportunities to accompany you after this."

Because Nicole's operation was a success.

It also meant that Gale would be leaving.

Shawn said that he respected her wishes and would not force her to stay, and would do what he

said.

Gale understood what he meant.

"The day Nicole was discharged from the hospital is the day she and I leave."

"Okay."

He promised too readily, which always gave Gale a sense of unreliability

Moreover, it would make her feel that she was very selfish.

She would rather negotiate with Shawn and come up with the best solution.

“Actually...” Gale bit his lips. “Our common goal is to give what is best for our child, right?”

“Right.”

“I understand that with the power of the Wood family, you can give Nicole what I could not in ten lifetimes. I...”

Shawn interrupted her, “Gale, the love and companionship you gave Nicole is also unique. Even if Nicole follows you, if there is anything that needs my help in the future, I will do it without hesitation.”

Gale took a deep breath. “I’ve been thinking about this question these days. Shawn, when Nicole wakes up, I’ll ask her for her opinion.”

His eyes flickered slightly. “Ask... what?”

Gale said, “Whether she is willing to be with me, or with you. If Nicole wants to stay and likes being with you, then I can respect her opinion and will return Nicole back to you.”

As soon as she finished, Shawn suddenly reached out and hugged her tightly in his arms.

“Gale...” He buried her neck and sighed softly. “How much heartache did you have to endure to say that?”

Chapter 793

Hearing that made his heart ache.

Of course, Shawn understood how important Nicole was to Gale!

It was her life!

She would give him her life! What was she going to do?

Shawn said, “Nicole will follow you and will only follow you forever Gale, life alone is too difficult I have lived like this for four years. I know how painful it is. I don’t want you to go through that.”

“I don’t trust you alone... Besides, how do you know that Nicole will choose me? You are the one who takes care of her growing up. My company and devotion to her are only for this short period of time. One month. She just finds it fresh and curious, and the person she loves the most is still you.”

"Nicole is yours, I will not s**tch her away nor will I take her away You will be happy only when she is by your side."

"Gale, I just want you to be happy

Gale's ear was pressed against his chest, listening to the beating of his heart.

He actually thought of her so much.

It was beyond her expectations.

"Shawn..."

"Gale, every word of mine is sincere and from the bottom of my heart."

Gale closed her eyes and leaned in his arms with peace of mind. "I'm really thinking about Nicole, planning for her, and for her own good. It's up to her to decide what kind of life she wants to live. We cannot interfere, nor can we make choices for her "

She had already decided on Joshua privately, so she blamed herself

She did not want to selfishly make another decision for Nicole.

If Nicole were willing to leave with her, then she would be happy

If Nicole wanted to stay... she could only reluctantly let go!

Sooner or later, a child will have their own lives!

Shawn bowed his head deeply and kissed her sincerely. "My Galey, don't think so much all the time, you can be more selfish."

Gale asked, "But... What if Nicole really wants to live with you?"

She could not take Nicole away by force, could she?

No matter how painful and heartbroken she was, she would tell Nicole that it was okay and that she could follow Dad.

Shawn looked into the depths of her eyes seriously. "Then, are you willing to stay with Nicole?"

Gale quickly looked away.

She dared not look at him!

Her escape was the best answer.

Shawn understood that deeply.

He h**ked his lips, his smile was a bit forced and bitter, and he did not continue to ask.

She still had to go.

Even if she does not take her daughter, she will leave.

‘Gale... Why do you want to leave me so much?’

‘Give me a chance. Give this love and marriage a chance!’

“Follow your heart. I’ll take a nap on the sofa,” Shawn said.

“Okay.”

He unbuttoned the top two buttons of his shirt tiredly, lying on his back on the sofa, and raised his hand to press the bridge of his nose.

Gale took the quilt and gently covered him.

Probably because he smelled the faint fragrance from Gale’s body, Shawn soon fell asleep.

Seeing his breathing gradually stabilize and the creases between his brows gradually unfolding, Gale felt a little reluctant to look away.

She and this man have been entangled for several

Hate was easy.

Love was hard.

years.

However, Gale found that at this moment, her feelings and opinions for Shawn were no longer one of romantic love.

It seemed that there was a little more... familial.

It was because Shawn was the father of her child.

Chapter 794

There was an eternal bond between him and her.

It was impossible not to see each other again in this life.

Even if Nicole followed her, she would still think about her father, and she would let Nicole see her father.

It turned out that the statement 'when you have a child, it's different' was true

Gale deeply understood it.

It was getting dark.

Gale stayed by the hospital bed with so many thoughts in his head, but she did not know what to do with them.

There was a sudden knock on the door of the ward.

She got up and went to open the door "Hey?"

"I bought you a meal." Summer shook the lunch box in her hand "You haven't eaten anything all day, it's not good for your health."

"I'm not hungry.

"I know you are not, but humans need food. If you don't eat a meal, you will be hungry"

Summer forcibly pulled her and sat down on the chair in the corridor "Eat quickly, I will watch over you, and you are not allowed to leave until you finish eating"

Gale opened the lunch box.

They are all her favorite dishes.

Summer threatened, "Don't force me to feed you. I will do it."

Gale smiled, picked up the fork, and ate in small bites.

Summer nodded in satisfaction. "That's right, Nicole is about to wake up, what are you still worried about? Could it be... Ah, yes, after Nicole was discharged from the hospital, you will choose if you would like to stay or leave?"

"Leave it to Nicole to choose."

Summer really wanted to slap her on the forehead. "What? Don't you want to be together?"

"I want to respect..."

"Don't tell me that, Gale. I beg you, can you be more selfish? Don't be so selfless! You think about Nicole, but have you thought about yourself? You brought her up with your blood, sweat and tears. Why give her to Shawn?"

Summer was straightforward, so she could say what she was on her mind.

It sounded narsn.

Gale sighed, and the appetite that had just woken up disappeared in an instant.

Should she tell Summer that, in fact, she still has a son?

She... actually gave birth to twins?

These two are her children, and she loves and cherishes them very much.

It was just that Nicole had leukemia and had to let the Wood family know.

Barely eating more than half of it, Gale really could not take another bite and stood to the bathroom."

"I'm going

"Good."

Gale walked toward the end of the corridor.

She wanted to be alone for a while. Summer could tell, so she did not follow

In the corner, Winnie was waiting for an opportunity to act.

Winnie muttered, "Gale left, but... this woman is here, so I can't go into the ward. Natalie, what should I do?"

"Leave it to me."

Natalie hid and dialed a phone number.

Soon, Summer's cell phone rang.

"Hello?" Summer answered.

"Hello, is this Ms. Summer?" Natalie changed her tone and said, "There is a takeaway for you, but the floor and ward number are not written."

"Takeaway? I didn't order any."

"I don't know, but it has your phone number on it."

Summer was a little puzzled.

Had Joe ordered it?

Summer said, "Okay, I'm on the 16th floor of the VIP inpatient area. You can send it here."

Chapter 795

"Uh.. Sorry, it's my

first time delivering food, and I can't find a place I'm downstairs now. Can you go over and get it?"

The tone was very anxious and humble, and she kept apologizing. "I'm sorry, I wasted your time. If I am late for this order, I will be penalized."

Although Summer has a grumpy temper, she is actually quite kind and never makes things difficult.

for others.

She stood up and said, "Okay. Wait for me."

Summer walked toward the elevator while answering the phone.

She did not give it a second thought.

People were coming and going in this hospital, and there were nurses there.

Summer walked into the elevator.

There was no one at the door of the ward.

Natalie hung up the phone and ordered, "Now! Winnie, please be smart, success or failure depends on this one move. As long as Nicole calls you Mommy, your glory and wealth will be yours!"

With Nicole as the backer, who could do anything to Winnie?

"Yes!" Winnie responded.

Her eyes gleamed with a tenacity to fight to the death.

She wanted to become a master, marry into the Wood family, and enjoy the envy and admiration. of everyone in Sea City!

Winnie came out from the corner and walked quickly to the ward.

The footsteps are quite hurried.

She opened the door and went straight to Nicole's hospital bed, but she did not expect that Shawn was still in the ward!

Winnie was stunned.

Shawn had always been a light sleeper, so when he heard the movement, he opened his eyes.

His eyes met Winnie's.

Shawn stared at her for a few seconds, and then his face gradually became serious. "It's you."

Winnie did not say a word.

"Winnie Shawn got up from the sofa, his eyes still bloodshot from waking up. "I was looking for you everywhere, but you ran here. Is this called throwing yourself into a trap?"

When he just woke up and opened his eyes, he almost thought she was Gale.

However, soon he realized.

Facing Shawn's powerful aura, Winnie was still a little scared.

However, she bravely said, "No, Mr. Wood, you can't do anything to me!"

"Can't?" Shawn snorted coldly. "This time, I won't give you any chance to stand up again. You should be with Susan!"

Winnie has heard a little about Susan.

Her face turned pale. If Natalie had not helped her, she would have ended up as the second Susan!

Shawn strode toward Winnie.

Winnie was desperate, so at this moment, she could not care less about anything, and only one thought was on her mind...

Let Nicole call her Mommy!

She suddenly ran forward, threw herself on the side of the hospital bed, and began to shake. Nicole crazily. "Wake up, don't sleep! Nicole, quickly open your eyes and look at me!"

Seeing this, Shawn immediately shouted, "What are you doing!"

Nicole just finished the operation. How can she stand being shaken!

A strong killing intent flashed in his eyes.

Winnie really had a death wish!

Then he would answer her prayers!

Shawn grabbed her wrist and pulled it violently. "You're courting death!"

Winnie screamed and fell to the ground.

However, she immediately got up again and rushed to the hospital bed.

Her goal was Nicole!

Shawn could also see that. Although he did not know why this woman was going crazy, he would never let her get close to Nicole!

Skeletons Of The Marital Closet by Wen Tang Tang

Chapter 796

Chapter 796

Shawn stood in front of Nicole and yelled, "Get out! Winnie, don't even try to get close to her!"

He grabbed Winnie's hair and pulled her away.

Winnie, on the other hand, stared at Nicole like a crazy wolf eyeing its prey.

No matter how Shawn treated her, she still refused to leave. She clasped the guardrail of the hospital bed tightly with both hands. The entire hospital bed shifted under the force, and the foot of the bed rubbed against the ground, making a harsh sound.

The IV drips were shaking violently.

Shawn narrowed his eyes. Seeing this situation, he stopped showing mercy.

He usually would not raise his hand against women, but Winnie was such a s**bag, and she must deal with it properly!

“If

you want to die, you can!”

Shawn grabbed Winnie’s neck and lifted her up.

Winnie’s feet were off the ground, and she had difficulty breathing Her eyeballs were protruding as if she was about to fall.

However, she still stared at Nicole!

Such a huge movement startled the sleeping Nicole.

Her long eyelashes trembled slightly as if she was waking up.

Seeing this scene, Winnie immediately rekindled her hopes!

“Nicole...Nicole... Look...look at me...” she said with difficulty.

Shawn increased his strength and choked her neck fiercely. “Get out, you’re scaring Nicole. I’ll make you pay for it!”

Winnie was not afraid of death. She kept waving her hands indiscriminately and then grabbed the hospital bed, holding it tightly.

Nicole slowly opened her eyes.

She looked at the ceiling, her mind was a little dizzy.

“Nicole, you’re awake!” Winnie saw it and immediately laughed. “Wake up... wake up...”

Hearing her words, Shawn turned around.

Nicole slowly turned his head and looked their way.

He did not want Nicole to see such a rude and brutal side of him.

With a wave of his hand, he threw her away on the ground like trash and squatted halfway beside the hospital bed.

Shawn said, "Nicole, Daddy is here. Don't be afraid, it's fine There's nothing wrong"

As soon as he finished, Winnie rushed up.

There were still obvious red marks on her neck, her hand was also injured, and even blood was bleeding from her mouth.

However, she did not care about these injuries at all!

Winnie grabbed Nicole's hand Nicole, look at me, I am Mommy, I am Mommy, you finally woke. up. Mommy has been waiting for a long time, looking forward to this day

"Nicole, do you still know Mommy? You had an operation, and Daddy replaced your bone marrow. We are all waiting for you to wake up."

"Look at me. Hurry up! Nicole, I'm Mommy!"

Winnie murmured non-stop, repeating these few words.

Nicole looked at her without blinking.

Winnie also looked at her. "Nicole, I am Mommy, I am Mommy..."

It fell into Shawn's ears, and he felt it was ridiculous!

What a complete lu**ic!

His patience was completely exhausted, and he pulled her hair sullenly.

"Ah!" Winnie screamed, feeling that her scalp was about to be ripped off.

It was not over yet. Shawn pulled her deeply, dragged her on the floor, and was about to throw her out of the ward!

Winnie was still shouting, "Nicole, I am your mommy! Save me quickly, save me!"

Shawn did not want her to see her at all, so he walked faster and faster!

Chapter 797

This crazy woman must have scared Nicole. It was a pity he could not kill her ten thousand times!

However...

At this time, Nicole's small and weak voice sounded. "Daddy."

Shawn was furious and did not hear it.

Nicole raised the volume again. "Daddy... Wait a minute..."

Winnie quickly reached out and grabbed Shawn's trousers, and shouted, "Nicole is calling you! Mr. Wood, did you hear her!"

Shawn did not turn his head back.

"Nicole is pulling out her IV drip!"

Hearing what Winnie said, he stopped and looked back.

At first glance, Nicole really sat up and raised his hand to pull out the needle in his hand.

"Nicole!" Shawn's deep eyes flashed. "What are you doing! Don't!"

Only then did Nicole stop her movements, blinked, and tears flowed down her face.

While crying, she said, "Daddy, why are you doing this to Mommy... You can't do this..."

Shawn froze in place as if struck by lightning.

What?

When Winnie heard this, she was overjoyed. She raised her head and burst out laughing!

Her laughter spread throughout the ward, and even the hallway echoed her smug laughter!

Shawn could not believe his ears!

"Nicole, you..."

Nicole was crying so hard that she had problems breathing. "Daddy, Mommy is bleeding. She is in pain. How could you hurt her... I hate you, I really hate you!"

"I want to save Mommy. I want to protect her, no one can hurt my Mommy! You are a bad Daddy!"

"Let go of her quickly, don't touch her... Mommy, I'll help you treat the wound."

Shawn stopped all movements and looked at Nicole crying, stunned.

Seeing him stunned, Winnie took the opportunity to shake off his hand, run to the hospital bed, knelt down with a plop, and hugged Nicole. "Nicole, it's a good thing Mommy has you, you will protect me. Is that right?"

"Yeah!" Nicole kept nodding. "I won't let anyone bully you, not even Daddy!"

Shawn finally came back to his senses, and his voice raised unconsciously. "Nicole, what do you call this woman?"

Nicole replied, "She's Mommy. Daddy, why do you beat Mommy? You even hurt her. I hate you!"

Although Nicole's face was still pale and haggard, her eyes were filled with certainty.

Winnie h**ed her lips, revealing a triumphant smile.

She had been waiting for this moment...

However, she hid her smile again and put on a pitiful look. "No, Nicole, don't blame Daddy, it's Mommy who is bad..."

"Mommy, he has been treating you like this, and you still speak for him."

"It's okay, Nicole, it's just a little conflict."

Nicole raised her little hand and wiped the blood from the corner of her mouth. "You are bleeding. It must be very painful."

Winnie shook her head. "It doesn't hurt as long as you're fine. It doesn't matter if Mommy gets hurt a little."

Shawn came over, grabbed her by the collar, and said, "Stop your lies and get out!"

However, Nicole desperately clutched Winnie's hand, refusing to let go. "Daddy, what are you doing? Do you really want me to hate you!"

"Nicole." Shawn could no longer maintain his composure. "She's not your mommy, you've got the wrong person."

"She is Mommy!"

"Look carefully! She and your mommy just look alike, they are not the same person at all!"

Chapter 799

As he heard this, anger in Shawn's heart burned even more vigorously

If Gale heard this....

However, there is a saying that the more you are afraid of something, the more it will happen.

A shocked and flustered female voice came from the door "Nicole... What do you call her?"

Shawn turned his head abruptly.

Gale stood at the door, with her hands on the door frame, looking weak.

She bit her lower lip tightly, her hair was slightly messy, and she looked at Nicole fixedly

Seeing this, Winnie moved closer to Nicole as if she was afraid that Gale would snatch her away!

"Gale!" Shawn stepped forward quickly, wrapped her waist around her, and supported her "You're

here."

There was a tremor in Gale's voice

She looked up at Shawn. "I just went out for a meal and went to the bathroom along the way What happened?"

Gale heard it, and Nicole called Winnie Mommy'

Her brain has completely lost the ability to think.

Shawn was like her life-saving straw, and she could only cling to him tightly to get that breath of living oxygen.

"Something happened. Don't think too much, it will be resolved soon."

However, he actually has no idea what to do...

However, he would not mess this up. If he messes up, what will happen to Gale?

What about Nicole?

Gale looked at Nicole on the hospital bed again, saw her holding Winnie's hand, watched her protecting Winnie, and saw her looking at Gale with unfamiliarity

Gale's heart was really about to break.

Her daughter, who was born and raised by her, has never seen her like this.

Nicole's voice sounded in the quiet ward. "Mommy, who is that aunt at the door, she looks just like you."

Gale trembled all over, her legs went limp, and she could not stand.

If it were not for Shawn's quick eyes and hands to support her, she would have fallen over.

This sentence sounded so familiar...

When Winnie first appeared in the ward, Nicole asked her the same thing.

Unexpectedly, now that time had passed, and fate had twisted, it was Nicole's turn to use this

sentence on Gale.

"Who is she?"

She is Nicole's mother!

Gale could not bear it at all, and she just felt that her sky was about to collapse...

"What's going on, Shawn? Tell me, what's going on?" Gale looked at him hysterically with reddened eyes. "Why did things turn out like this in just a few minutes?"

"What the hell happened? I've only been away for a while... In just a short while, I lost my daughter?"

Gale's voice was choked with s**bs. "Why did Winnie appear here? Didn't you say that you have already dealt with her? The last time she came to the ward to make a scene and frightened Nicole, you still let her go?"

"Shawn, you give back my daughter, you give back my Nicole!"

She grabbed Shawn's shirt collar and kept shaking it. She wanted to cry, but there were no tears.

She was so sad that she could not cry.

For Gale, her child was her whole world!

If Nicole wanted to follow Shawn, Gale would be heartbroken. Not to mention that now a completely irrelevant Winnie has taken over her place in Nicole's eyes!

Shawn did not know how to answer.

Chapter 800

Things suddenly developed like this, which fell out of his control!

Seeing Gale so sad, Winnie only felt refreshed physically and mentally.

She sat on the hospital bed, hugged Nicole, and replied loudly on purpose, "I don't know who that aunt is. Nicole, do you know her? Have you seen her before?"

Nicole shook her head.

Winnie was extremely proud.

Unexpectedly, Natalie's methods worked, and she made Nicole follow her so wholeheartedly.

'Could it be... witchcraft?'

Forget it! Winnie could not care less. She saw the shadow of success!

"If

you don't know her, just treat her as a stranger." Winnie's voice became louder, and Gale could hear every word clearly. "However, Nicole, you have to understand, although she looks like me, I am your mommy. She is not."

Nicole nodded vigorously. "Well! Mommy, don't worry, I will definitely remember your appearance! Because you are a unique Mommy, no matter how others look like you, it is not you!"

"You're so smart. Be sure to look out for Mommy."

"Mommy, I love you!"

Nicole hugged Winnie's waist and snuggled into her arms.

It was a picture of mother-daughter love.

Gale took a deep breath, barely standing up straight, and pushed Shawn away.

"Gale you..."

She walked straight toward Nicole.

Although she was slow, there was no hesitation at all.

Nicole looked at her, then shrank into Winnie's arms as if a little scared.

Her daughter was afraid of her.

Gale relied entirely on her willpower to hold on so that she did not collapse.

She was afraid that the appearance of losing control of her emotions would scare Nicole.

The closer she was, the closer Nicole was to Winnie.

Nicole said, "Mommy, this woman looks too much like you...I'm a little scared."

Winnie hugged her. "It's okay, it's okay, with Daddy and me here, we will protect you. She can't do anything to you."

Gale walked up to Nicole.

Nicole, who loved her the most, was now leaning in the arms of another woman, seeking help and

protection.

Moreover, Nicole was still a little afraid of her.

How could she be afraid of Mommy....

Gale looked at her, and as soon as he raised his hand, Nicole flinched suddenly as if he felt that

she was going to hit someone.

Every tiny movement Nicole made was like a sharp knife cutting her heart one by one.

She bent down, squatted down, and looked at Nicole. "Nicole, take a good look at me, look. carefully. Don't you know who I am?"

Nicole leaned against Winnie's arms, looking at her timidly.

Gale had seen this look before.

That night, she brought Nicole back to Sea City. She pointed to Shawn and said, when it was her father, Nicole also looked at Shawn with the same eyes.

At that time, Gale could not understand Shawn's mood.

However, at this moment, she really felt it.

So uncomfortable, so heartbreaking.

Nicole said, "I really don't know you. Although you look very similar to my mommy, I still like my mommy better."
