Chapter 861 - 870

Chapter 861

Nicole tilted her head playfully and smiled. "Hmm... Daddy, I think Mommy has indulged me more than before. She will let me eat ice cream and all kinds of candies. Whatever I ask for, she

satisfies me."

As she said that, she leaned closer to Shawn's ear. "Maybe Mommy thinks I had the surgery and loves me so much, that's why she allows me to eat snacks and play games."

Shawn's eyes turned cold.

Winnie obviously only cared about pleasing Nicole and wooing her, without any real care and love.

at all!

What to do if she had tooth decay?

What should she do if she gets an upset stomach after eating snacks?

What to do if she plays games every day and hurts her eyes?

However, Shawn quickly returned to his normal appearance, and he did not want Nicole to see the stern look in his eyes.

He

rang the bell to call the doctor. "How is Nicole recovering? When can she be discharged from the hospital?"

"Normally speaking, it will take about half a month to recuperate. After that, she would need to come to the hospital for regular check-ups and take medicine on time."

Nicole was very excited. "Can I leave the hospital now?"

"Yes, it will be soon. Ms. Nicole, your body is recovering very well," the doctor replied with a smile.

Nicole had the world's top doctors, the most advanced medicine, and the most expensive.

medicine...

Of course, the recovery was fast and good!

When eating, Nicole did not eat a bite of vegetables.

Winnie also followed her.

Shawn reminded, "Nicole, don't be a picky eater."

"I... I don't want to eat vegetables."

Winnie said, "Okay, okay, don't eat. Come on, drink the soup."

Shawn glanced at it calmly. "Is this soup?"

"Yes, I made it for Nicole."

"She doesn't need it. It's overkill."

Winnie smiled with a guilty conscience. "Hehe... It's okay, you can see that Nicole's complexion is getting better and better, which means that this soup is working. When she is discharged from the

hospital, she won't eat it anymore."

Shawn said flatly, "These ingredients were sent by Aurum."

Winnie suddenly asked, "Really? Mr. Lefting really is kind. Mr. Wood, do you want to drink some too? I'll make you a bowl."

"Alright."

Unexpectedly, he would actually agree. Winnie was elated.

She came up with a bold idea!

Since the ingredients Natalie sent can confuse Nicole's cognition, then... can the same method. also be used to confuse Shawn?"

The more she thought about it, the more excited Winnie became, so excited that her hands were shaking!

Nicole reminded, "Mommy, the soup has spilled. Is it hot?"

"It's okay, no problem."

"I'll wipe it for you."

Nicole took out a tissue and wiped off the soup on the back of her hand.

Winnie did not care about these things. She quickly scooped up a bowl and put it in front of Shawn. "Mr. Wood, try it."

She looked at Shawn expectantly.

Nicole also said, "Daddy, Mommy's cooking skills are very good. I drink this soup every day. It's delicious."

Shawn picked up the bowl and the spoon.

Witnessed by Winnie, he took two sips and praised, "It's really good."

Winnie was even more elated!

"Mr. Wood, if you like it, I can make soup and cook for you every day from now on."

Shawn held the spoon, stirring the soup leisurely. "You are indeed more considerate than Gale."

Chapter 862

"Mr. Wood, I am someone who is more considerate. You will gradually see how good I am."

Shawn did not answer, but he finished the whole bowl of soup.

Winnie was so excited that she did not eat much of her meal. She could not finish it at all.

She got what she wanted by controlling Nicole. If she controlled Shawn, she could have the wind and the rain!

In the end, when Shawn left, Winnie still reluctantly said, "Mr. Wood, come back at night. Nicole and I miss you very much."

"Yes, Daddy, why don't you sleep with Mommy?"

"I am busy with work." Shawn hugged Nicole, pinching her cheek. "But the work will be over soon, and by then, you should be discharged from the hospital."

"Well! Daddy, come and see me more, and stay with Mommy."

“Okay.”

Nicole kissed him on the cheek.

After walking out of the ward, Shawn’s expression suddenly turned cold.

He quickly quickened his pace and entered the bathroom.

Then, he turned on the faucet and picked at his throat to induce vomiting..

He vomited out everything he ate just now!

When Shawn drank that bowl of soup, Winnie’s eyes almost turned green!

Obviously, something was wrong!

Shawn wiped the corner of his mouth very calmly, looking at himself in the mirror. A sneer slowly appeared on the corner of his mouth.

This was just the first step.

The plan has begun.

There was no going back now.

He had to make Nicole regain consciousness and then return her to Gale intact.

This was his responsibility as a husband and a father!

Not long after Shawn left, Winnie coaxed Nicole to sleep too.

She hid in the bathroom and called Natalie.

“What’s the matter? You’re pretty proud, right?” Natalie asked slowly.

Winnie laughed very happily. “It’s not just pride, I’m happy to death. Natalie, no one can do anything against me now! Gale is so angry that her eyes are swollen from crying, she can only

watch helplessly outside the ward.”

“She didn’t even come to guard these two days. She must have been disheartened, and I said on purpose that it was Shawn who caused Nicole’s cognition to be confused. She actually believed it... Had a big fight with Mr. Wood, and now the two of them are at a standstill!”

“Besides, Nicole only relied on me, and spoke well for me in front of Mr. Wood, and said that Mr. Wood should come and sleep with me tonight...”

Natalie replied, “It’s pretty good, but... I always feel that it’s not enough, something is missing.”

Should Gale only lose Nicole?

No, Shawn too.

Even then, she still had the qualifications and courage to quarrel with Mr. Wood. She is really spoiled and arrogant.

“I think so too! So, I just thought of an idea, and I’m going to discuss it with you!” Winnie said.

“What idea?”

“When we ate together at noon, I gave Mr. Wood the soup.”

Natalie was a little surprised. “Did he drink?”

“Drink it! I drank it all, I saw it with my own eyes! Natalie, this soup must be unusual. Otherwise you wouldn’t keep telling me to remember to give it to Nicole every day,” Winnie said.

“Yes... Continue for a month!”

“So, what if I let Mr. Wood drink for a month? Will he also be obsessed with me and be under my control?”

Chapter 863

Chapter 863

Natalie thought for a while before answering, “You want to control Shawn?”

Winnie became more and more excited as she spoke, “Yes, there is no need to control him for too long. I just need to get pregnant with Mr. Wood’s child is enough! By then, Mr. Wood will not kill my child himself! The old man will not allow him to do this!”

Having an heir was the insurance for her life!

Natalie was silent and did not answer.

Winnie continued, "I thought about seducing him actively, but... You know Mr. Wood's temperament. I can only think of another way. Natalie, if I am pregnant with Mr. Wood's child and Mr. Wood is obsessed with me, it will be so painful for Gale to lose both her daughter and her

husband!"

"Controlling Shawn and controlling Nicole are completely different things. Children are easier, but Shawn... is difficult."

"I know you can do it!"

"Let me think about it and wait for my news."

Winnie responded, "Okay, Natalie, if you need me to do something, just tell me!"

Natalie said, "Not for the time being. Keep doing what you are doing and don't slip up."

"Don't worry, no one will be able to find out your clever technique!"

Compared to Winnie's blind optimism, Natalie was much more cautious.

After all, she was not like Winnie, who was desperate and could only give it a go.

She still had the Yarn family and Aurum, and she would be married to him at the end of the year.

Natalie just could not understand how Gale was about to surpass her in Aurum's heart!

Natalie turned around after putting down her phone, just in time to see a small shadow at the door.

She was startled. "Who's there?!"

The shadow swayed.

"Come out!" Natalie walked out the door quickly. "Sneaky!"

As soon as she walked out, she found that it was Joshua.

"It's you again." Natalie looked around and found no one else, so he simply stopped pretending and said impatiently, "You little brat, what are you doing at the door of my room? Why are you so rude?"

Joshua looked at her innocently. "Aunt Natalie, I went the wrong way, don't be angry."

"You went to the second floor by mistake? Don't you know that the second floor is the owner's private domain?"

"I have no idea."

"You..." Natalie was very angry, but she felt that he was no more serious than a three-year-old kid. Forget it, let's go, you are not allowed to come here in the future! Zoe didn't teach you this?"

Joshua replied, "Grandma said it, but uncle said, I can go to any place here and play as I like. Aunt. Natalie, do you think what he said doesn't count?"

"Aurum's words certainly count!"

Joshua justified, "That's why I came to the second floor. I just happened to pass by."

Natalie found out that she could not compete with a child.

This made her a little wary.

Aurum liked Joshua very much, and she could see that he hugged him several times and often asked Zoe about Joshua's daily life.

Natalie was not happy about it.

"Okay, you can go wherever you want, as long as you don't break anything." Natalie turned around, ready to go back to the room.

Who knew that Joshua stopped her. "Aunt Natalie."

"What now?"

"I just heard you calling someone. And, I heard you mention Uncle Shawn's name."

Natalie was shocked.

What? Joshua eavesdropping outside the door?

He knew Shawn?

"Which Uncle Shawn are you talking about?"

Chapter 864

"Aunt Natalie, what's wrong with Uncle Shawn?"

Natalie panicked.

After thinking about it, she suddenly smiled and squatted in front of Joshua. "Uncle Shawn is so famous. How do you know him?"

"I forgot."

Natalie's mouth twitched. "Forgot?"

Joshua said, "That's right. Anyway, I know Uncle Shawn, and Uncle Shawn knows me too. Aunt Natalie, who were you calling just now?"

"Oh... a friend."

Joshua tilted his head and looked at her slyly

Natalie panicked even more. She never expected that there would be anyone outside, so she did not have too many scruples when speaking.

How much did this little brat hear?

Natalie was about to speak when Joshua shouted, "Uncle Aurum!"

He ran over immediately.

Natalie put away her panicked look. "Aurum, you're back."

"Well, I just got home." Aurum caught Joshua and hugged him. "What are you two talking about?"

Natalie replied, "Nothing..."

"I'm talking about Uncle Shawn! Uncle Aurum, Aunt Natalie is on the phone with Uncle Shawn!" Joshua said quickly.

Aurum was startled and looked at Natalie. "Really?"

"No way, Mr. Wood and I...have nothing to do in private." Natalie forced a smile. "Children always talk nonsense."

"I'm not talking nonsense! But I clearly heard that you mentioned Uncle Shawn's name," Joshua said plausibly.

Aurum frowned slightly. "Natalie, what's going on?"

Under Joshua's repeated revelations, Natalie could not hide it any longer and could only admit it. Aurum, I...I was on the phone with Winnie."

She could not tell a lie because Aurum could check her call records on the spot.

A lie often needs several supplementary lies.

There was no need to tell such a small lie, and it was easy to be exposed, making Aurum suspicious of her!

Natalie immediately said again, "Aurum, it was Winnie who called me suddenly, and I don't know what happened. Didn't you tell me before that if Winnie contacts me, just pretend nothing happened. So... I just chatted with her casually."

Her mind turned quite quickly, and she quickly found a seamless reason.

"What did she tell you?"

"She... She came to me to show off, saying how Shawn treats her now, she wants to be as free as she wants, and everyone will act according to her face. Aurum, I really don't like the way she is now. We don't have the same friendship as she did back then," Natalie replied.

Aurum nodded, dispelling the doubts in his heart.

However, Joshua did not think so!

Aunt Natalie was definitely a bad person!

So suspicious!

Moreover, Winnie disappeared near Aurum's house. Uncle Aurum went to question the security guard, but Aunt Natalie gave the security guard a wink, so the security guard did not tell the truth!

Joshua still remembered it!

He thought about it, maybe this bad girl Winnie was hidden by Aunt Natalie!

However, these are just Joshua's guesses, and no one would believe what he said.

Chapter 865

Moreover, it would make Natalie raise his guard against him, and he would be restricted in everything he can do in the future.

Joshua decided to wait and see what happened and look for evidence!
“You deal with her first. Don’t be stressed over it,” Aurum said.
“Okay, Aurum, let’s go to eat. I asked the cook to make your favorite mushrooms.”
Natalie raised a gentle and decent smile again, took Aurum’s hand, and smiled extra sweetly at Joshua.
Joshua ignored her, struggled twice to get down from Aurum’s arms, and ran downstairs first.
“Kids are full of energy. Aurum, do you like boys or girls?”
Facing this question, Aurum remained silent.
It was because the real daughter of the Yarn family appeared.
He would never marry Natalie.
However, he still did not know how to ask Natalie... to dissolve the engagement.
“Aurum? Aurum?” Natalie shook his hand. “Does it take so long to think about this question? Do you want both boys and girls?”
“Yes... everything is fine.”
Natalie said, “I prefer girls. You will definitely have a daughter in the future.”
Aurum answered absently as if he did not really want to discuss this topic.
Natalie was also savvy and did not say anything more.
She thought maybe it was because he was tired from work today, so she should not bother him anymore.
In Peter’s villa.
After dinner, Gale went out for a walk.
The environment here was elegant, with beautiful mountains and clear waters, making it very relaxing.
It was just that what she cared most about was Nicole.
She brought up her daughter single-handedly and never left her, but now she was forced to let go.
Has Winnie been treating Nicole well? Had she beaten or scolded her?
In fact, Gale also knew that Winnie dared not beat and scold Nicole, but what about the long-term?
Would Winnie indulge Nicole to eat, drink, have fun and play games without any restriction?
Would it hurt Nicole’s self-esteem?
Would Nicole develop an ego due to excessive pampering?
The more she thought about it, the more uncomfortable and worried Gale felt.
However, she could not do anything. Nicole looked at her with fear and disgust in her eyes.
In Nicole’s heart, she was the third party who destroyed Shawn’s and Winnie’s relationship!
Just as she was thinking, a sports car drove straight up, and the roar was very clear in the villa area.
“Shawn?”
Brakes sounded.
Shawn put one hand on the steering wheel and frowned slightly.
How could she be on the side of the road?
Shawn dared not look at her.

According to his expectation, he drank the bowl of soup in front of Winnie, and Winnie started bewitching him and manipulating him.

By then... he would hurt Gale.

At this moment, the more he saw her, the more his heart would soften, and he would be reluctant to hurt her!

"Are you looking for me?" Gale walked to the car window. "Or... passing by?"

She was making excuses for him.

This was a suburb. Wood Group was in the city center, and Temperley Hall was in a wealthy area. No matter how he went around, he would never pass by here.

She did not expect...

When the car window was lowered, Shawn replied flatly, "Passing by."

She knew he was lying.

He also knew it was a horrible lie that one could see through at a glance.

Chapter 866

However, after Shawn said that, Gale did not expose him.

She raised her eyebrows lightly. "Oh, I thought you came to find me."

Shawn pursed his lips deeply. "I did not."

"I'm back to working at Lovito, thank you."

"You're welcome. That's where you shine," Shawn replied.

Gale felt that the relationship between the two of them... was weird.

However, she was not used to being too intimate.

As if that incident of them kissing in the office did not exist at all.

He did not mention it, and she pretended it never happened.

Gale thought about what kind of relationship she had with Shawn.

The only connection involved was their daughter.

"Did you go to the hospital? Is she okay?" Gale asked.

"Except that she still recognizes Winnie as her mother, everything is normal.

Moreover, she will be discharged from the hospital soon."

"Discharged? Is she recovering so well?"

"Yes, the doctor said it himself."

Gale was startled. "After leaving the hospital, she..."

She thought that after her leukemia was cured, she could leave with Nicole and live a peaceful life again.

Occasionally, Shawn would come to visit.

Or, Nicole would like to stay at Shawn's house, and she would occasionally go back to Sea City to visit.

In the end, the plan could not keep up with the changes, and neither she nor Shawn got Nicole.

Winnie got in the way!

"I will arrange for a school so that she can go to class and live normally. As for the fact that she only recognizes Winnie... Gale, it won't take long, and Nicole will wake up,"

Shawn said.

He can guarantee it.

Gale looked at him. "How long is it? How long have you thought of?"

Shawn only said four words. "Leave it to me."

It was caused by him alone, and he would solve it himself.
Shawn's self-confidence and calmness, and the absolute aura exuding from his body gave him a strong persuasive power.
He said leave it to him, and she did not have to worry about anything!
"Is there anything I can do to help? Or, do you need me to do anything? Shawn, not everything needs to be carried by you alone," Gale asked.
She could share his burden.
It was their daughter.
It was the crystallization of their... marriage.
Shawn replied flatly, "No need. You just need to take care of yourself."
She frowned. "I take good care of myself!"
"Really?" Shawn raised his eyelids, and they landed on her waist, legs, and finally on the curve in front of her.
"You... what are you doing?"
Gale felt a little uncomfortable being seized up by his gaze, took two steps back, raised her hand to cover her body, but felt that she had overreacted, and put her hand down again in embarrassment.
"Still a bit thin. However, you seem to have grown curvier," Shawn commented.
"Shawn!"
"Maybe it's becoming a mother. Naturally you would be a little more plump," he said.
Gale bit her lip, wishing she could step forward and cover him so as not to let him continue talking!
"What?" Seeing her flushed cheeks, Shawn joked even more. "Did I say something wrong?"
"You are right but don't say it again next time!"
Of course, Gale knew that after giving birth, she became curvier.
However, she felt that this was utterly a burden!
She had to dress in looser clothing to hide her curves.
Shawn smiled softly, and his laughter was magnetic. "Gale, I'm serious, taking good care of yourself is your greatest help to me."

Chapter 867

'Gale, don't let him worry, don't let him get distracted.'

Just be fine.

The only person who could disturb Shawn's heart was Gale!

"In the four years since I left you, I have lived a better life than you imagined. I didn't suffer from insomnia, didn't wake up from nightmares in the middle of the night, and lived a free and comfortable life," Gale said.

"Gale, you want to do better."

"Of course." She raised her chin and added, "Mr. Wood..."

Shawn met her gaze. "Yes?"

What was up with him?

"Your complexion is dark, face is haggard, and your skin is dull. Your beard should be shaved..." Gale also looked at him carefully, bending over the window of the sports car. "The dark circles under the eyes are comparable to giant pandas. Tsk tsk, you reach middle age, but you still have to clean yourself up."

The corner of Shawn's mouth twitched. "Middle-aged?"
"Yes, if I remember correctly, Mr. Wood is thirty-two, right? Aren't you middle-aged? Are you still a teenager?"
He narrowed his eyes slightly. "Gale, do you... think I'm old?"
"I didn't say that."
Shawn's expression softened a little.
"It's just, who doesn't like young handsome guys?" Gale said, "Just like men always like eighteen-year-old girls, we women also always like eighteen-year-old boys."
Shawn's expression sank completely.
Gale said in an earnest tone, "You need to take care of your appearance. Your hair is already white, and your face must be firm and smooth without wrinkles, otherwise... If Joshua sees you someday, he will probably call you Grandpa."
Shawn was speechless.
Seeing his face as black as a dark cloud, Gale was in a good mood.
She won!
Who told him to call her curvy? Who told him to tease her first?
He was not the only one who can joke, right?
She could too!
There are a few things you would never talk about to a man and getting old was one of them.
"Oh, by the way, of course, you still have something to praise. For example, your figure, urn, the habit of exercising is very good, keep it up," Gale replied solemnly.
After finishing speaking, she took two steps back, stood up straight and waved to Shawn. "Okay, I'm going home after a walk to rest. You're just passing by... don't take too long."
Gale turned and left gracefully.
Shawn was left sitting in the cab, holding the steering wheel tightly!
He looked in the mirror.
Since he had not slept all night, his face was a little pale, and he went out in a hurry in the morning and did not s*ave...
Was Gale that disgusted by him?
Facing the setting sun, Gale briskly walked home.
In the past, she always blushed at Shawn's teasing, and she hesitated and could not say anything to refute it. Today, she finally learned how to punish Shawn!
He thought he was the only one who could tease?
She could too!
And she could continue to do so!
Gale was complacent. Suddenly her waist tightened, and her eyes wobbled ... "Ah!"
She exclaimed, but before she could react, her whole body had already been carried up.
"Shawn!"
Gale did not see the facial features of the man in front of her clearly, but she saw the silver hair.
She also smelled the faint scent of cologne on his body!
Gale grabbed his collar subconsciously. "What are you doing!"
"I didn't do anything. After all, my only advantage is fitness and strength. So I have to

show off," Shawn replied flatly.
Gale was speechless.
Show off!

Chapter 868

He hugged her steadily and walked quickly toward the sports car.
"You show off... You don't need to hug me! Put me down!" Gale said, kicking her legs.
Shawn ignored her and walked faster.

When approaching the sports car, Shawn pressed the key, and the roof of the sports car slowly opened, turning into a convertible.

Then, he just carried Gale into the co-pilot and raised her chin. "Galey... Do you know what will happen if you poke a man's weakness and call him old?"

"What?"

"He will prove himself."

Old?

Then let her see his physical strength!

"I'm not inferior to young people..." Shawn pressed his lips against her ear and whispered, "Galey, as long as you want, I can keep you out of bed for three days and three nights."

"Um..."

Before she could utter her words, her lips were sealed by him.

Gale placed her hands on his chest and patted him vigorously.

The car was parked right at the side of the road.

Although they were in a rather rural area, there would be cars coming and going, and people taking an evening walk!

How embarrassing would it be if the neighbors saw them!

Shawn deeply kissed her fiercely, the strong muscles of his arms pressed against her waist, making her feel... slightly aroused from his strength.

"Shawn... Shawn... I...I was wrong..."

Gale began to beg for mercy.

"Wrong?" Shawn said with a deep h*arse voice, "What's wrong?"

"I.J'm wrong... I shouldn't... I shouldn't say that about you..."

"Hmm?"

Gale replied honestly, "You are not old, not at all, very young, comparable to eighteen... Oh no, a sixteen-year-old high school student!"

Sure enough, she should not have called a man old!

Luckily she did not say he could not perform...

Otherwise... She dared not even to think about it!

Was Shawn not just passing by? Did he not stop the car and say a few words? Was he not leaving?

Shawn stared at her deeply, and after a while, whispered something in her ear...

"If it wasn't for fear that you would hate me... Galey, I really want to hold you down, so I'll do you like this, and make you cry and beg for mercy!"

Gale flinched.

As a husband and wife, of course, she knew what he said was not a joke!

If it were Shawn from before, he would really do this!

After all... He really wanted to take her in the car!
She always remembered!
At this moment, Gale was as obedient as a cat, motionless and silent.
She dared not provoke Shawn again!
When she got home, Gale still felt her cheeks red and hot.
She did not know if any neighbors had seen them...
She would never provoke Shawn again!
“Gale, didn’t you go for a walk? Why did it take you so long? Did you go to the hospital again?”
“No, I just walked around and stayed a little longer.”
Peter nodded and said with a loving smile, “It feels like your life is on the right track... Drawing and designing is your favorite career. Go out for a walk when you have time. As for Nicole, she will definitely return to normal and recognize you.”
“Well, Dad, I must be here when she does.”
Peter sighed and said, “If there is a chance, bring Joshua over to stay for a few days. I miss him too.”

Chapter 869

Chapter 879

“You might not be a bad person, but you’re definitely a playboy.”

“Summer, I’ve never played around with any woman before.”

“Please, who would believe you?”

Gale immediately said, “It’s true. Mr. Winter is a pure and innocent man. He’s never played around with relationships. I can assure you!”

Summer was stunned. “You?”

“That’s right. Shawn said that Joe only had his first relationship in university. Once the girl went overseas, his relationship ended.”

Summer was suddenly speechless.

Was Gale not supposed to be on her side?!

Why was Gale speaking up for Joe?!

Joe had an awkward look on his face. “Shawn and his big mouth. Why did he expose my past?! He’s so whipped!”

Summer and he exchanged a look before they left.

“See, even when they’re angry, they have so much chemistry with each other. They look like they’re married,” Gale said.

Peach nodded hurriedly. “That’s true!”

“Alright, focus on work now.” Gale sat back in her seat. “I only got a bit of the draft last night done...”

After that, the housekeeper was interrupted.

She could not help but wonder if Shawn would need more medicine that night.

She quickly tossed those thoughts aside. He was already so old, and he had an assistant and so many employees to take care of him. She did not need to worry!

Gale got up and went to the break room for a cup of coffee.

Standing in front of the coffee machine and looking out, she happened to see Shawn walking out of the company.

The driver already had the door open for him.

Where was he going?

Gale did not think too much about it. After all, she did not need to know everything about his schedule.

He was not just her husband and Nicole's father. He was also the chairman of the Wood Group, the master of the Wood family. He had a lot of responsibilities.

"Mr. Wood, are you going to the hospital to see Ms. Nicole?" the driver asked.

"Yes."

"Alright."

Shawn picked up the document next to him, looking at it closely with a frown.

"Mr. Wood, you should take your medicine." Fiona passed it over. "You're still coughing."

He looked at it and remembered that Gale had fed him.

It was just a pity that his fever had muddled his mind. He could not remember it at all.

Shawn coughed, swallowing the medicine as he continued to look at the documents.

Beneath the hospital, at an unassuming corner that was covered by trees and bushes,

Winnie sneakily appeared. It was a place that passersby would not notice that easily.

"Natalie? Natalie? Are you here?" she said softly.

A skinny old lady walked over, glancing at her. "Winnie?"

"Yes."

"Here." The old lady showed no emotion. Her hands were dry, and her skin was flaky.

She pushed

a box over. "This is what you wanted."

Winnie hurriedly took it and opened it up.

It was some herbs.

"What is this? Didn't you say that adults were different from children? That we needed a different

method?" Winnie asked.

The old lady answered, "As long as you do as I say, you'll definitely get what you want."

Winnie nodded. "Alright, since Natalie sent you here, I'll listen to you!"

The old lady motioned for Winnie to go over.

After whispering some things, the old lady asked, "Do you remember now?"

"I do!" Winnie answered, "Is this really so magical?"

Chapter 870

Chapter 880

"These aren't just herbs."

After saying that, the old lady left. She left in a hurry, and she quickly disappeared.

Winnie carefully covered it and put it in her arms. She looked around before she

quickly left.

She was wondering the whole time. Those were clearly herbs, so why did the old lady say otherwise?

Could it be something else made into that shape?

Winnie could not understand, but she was very excited at that moment. Very quickly, Shawn would be completely obsessed with her!

It will be spring for her very quickly!

Winnie had just got back and put down her things when she heard some footsteps coming from outside.

“It’s Daddy!” Winnie immediately looked up when she heard it. “Mommy, daddy is here!”

“Really?” Winnie could not really believe it.

Was it that much of a coincidence?

She was just thinking of finding an excuse to have Shawn come to the hospital for a meal so she could have Shawn eat those things....

In the end, he came on his own volition!

The door was opened, and Shawn walked inside.

“Look!” Nicole had a proud look on her face. “I was right!”

Shawn raised an eyebrow slightly. “Oh? What were you right about?”

“Daddy, I immediately knew those were your footsteps. Mommy didn’t believe me!”

Nicole said

“Nicole, how could you tell?”

“Because daddy’s footsteps are always very steady. I could tell very easily!”

Shawn’s smile deepened.

Thankfully Nicole was there.

Thankfully, Nicole would stand still by his side.

For his daughter, he would do anything without complaint.

Even though he was going to be with Winnie in the following period of time, he found the

motivation to continue on with Nicole’s sweet and innocent smile.

Shawn held Nicole up, putting her on his legs. “Are you feeling better? Do you feel uncomfortable anywhere?”

“No! Daddy, which kindergarten will I be going to?”

“You can go to whichever kindergarten you want to.”

He could even build a brand–new kindergarten for Nicole or a brand new school.

Once she was in university, he could even donate a brand new building to the university.

In the end, Shawn just wanted to clear any obstacles for his beloved daughter. He wanted her to live a happy and carefree life.

“That’s great!” Nicole kissed him on the face. “Daddy, aren’t you busy today?”

“I need to see you no matter how busy I am.”

After a pause, Shawn added, “And your mommy too.”

Nicole’s eyes lit up.

Even Winnie was looking at him in shock, wondering if she had misheard Shawn.

What did Shawn say?

“Oh,” Nicole covered her mouth with a smile. “So Daddy misses Mommy.”

Shawn pinched her nose.

Winnie suddenly felt too emotional to say anything.

Shawn missed her?

After that soup the last time, it already worked?!

Shawn only drank the soup once, and it had been a few days. She did not really have any more hope at that moment. Natalie said that it was for Nicole and was useless against Shawn.

What happened?!

It did not matter. Since Shawn was starting to favor her, she needed to hold onto that opportunity!

Winnie sat down next to him. “Mr. Wood, I miss you too. I was worried that you hated me, that’s why I didn’t disturb you. All I can do is take care of Nicole properly so she can get better.”
