Chapter 271: Inside The Tian Yao Cave.

"Too strong!"

Shangguan Xiu uncontrollably had goosebumps. This fellow was too strong. The eight people that came out from the Tian Yao Cave, including Hu Ming that was in the Yuan Spirit Realm, actually got directly thrown down the mountain.

"Okay, quickly enter the Tiao Yao Cave!"

All of a sudden, a faint voice traveled over, which sounded old as though from the ancient.

"There is a strong cultivator"

Su Yi was shocked. A strong cultivator had always been watching everything in the dark nearby, yet he actually did not sense it.

The strength of this strong cultivator must have definitely reached a scary realm.

"Reportedly, the Tian Yao Cave always have strong cultivators of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe secretly guarding in the dark. It turns out to be true."

Shangguan Chen Feng, Shangguan Xi Wei, and the rest were also evidently very shocked as they glanced at the surrounding, yet they could not see anyone. They could only bow towards the Tian Yao Cave with a respectful expression.

"Take the key and open the stone door to enter the Tian Yao Cave. After half a year has passed, somebody will call you guys to come out." That old voice once again rang out and then disappeared.

"Key."

Su Yi came forward and passed the key into Shangguan Chen Feng's hand.

Shangguan Chen Feng took the key, but his eyes still had a shock that was hard to calm down as the young man before him was so mighty to such extent while he was also a Soul Tamer. He was simply a freak!

"Rumbling!"

Shangguan Chen Feng came forward and used the key to open the stone door.

Within the 'rumbling' shaking noise, the big stone door slowly pulled up.

A radiance glowed brilliantly while the giant tiger and bear on the two sides of the stone door glowed with a fierce aura emitting that charged through the clouds.

The stone door opened, and a faint tunnel appeared with radiance emitting.

After the eight people had entered the stone door, it once again shut, and lastly, entirely landed down.

"What rich energy that is super special."

Su Yi sized up the inside of the cave. It was a tunnel, but it emitted a type of special aura that made one's mind at ease and allowed the spiritual soul in their minds to feel very comfortable, but this energy was not the heaven and earth energy and was very special.

"Eh"

At the same time, the moment they entered the cave, Su Yi once again felt that familiar strange energy, which was very weird, but it disappeared again.

"Let's go. There is an open space inside that we will have closed-door cultivation within for half a year!"

Shangguan Xi Wei said to Su Yi. Although they had never been here before, the elderly in the village had long told them about the situation inside.

The tunnel was very long, dimmed, and deep. It was unknown how many miles they had to walk in for, and the glow was getting dimmer and dimmer. However, the surrounding special aura was getting denser and denser.

On the two sides of the tunnel, there were many stone carvings of lifelike giant beasts dominating on the two sides of the walls.

The stone carvings of the beasts, some were ferocious and hovering around, some bared fangs and brandished claws as though a living thing, revealing an ancient aura as if they would climb out from the walls at any time.

"Howl"

The tunnel was very long with many stone carvings of beast figures while faintly, there would still be sounds of a beast roar coming out from the depth of the tunnel.

Su Yi was very shocked. From the stone carvings, the original shapes of those beasts seemingly were some major beast in the demon clan. There were dragons, big snakes, ancient leopard, vicious tiger, and sky birds. Even though he clearly knew those were stone carvings, with one look, it would make people's scalp became numb.

"This place is not very simple."

Su Yi secretly mumbled to himself. From the various kinds of markings, this Tian Yao Cave was not simple. What kind of place was this?

"What a scary place."

Shangguan Yan spoke with goosebumps and his head full of sweat dripping down. His complexion was horribly pale as if he had a huge fight.

"This aura is too frightening."

The complexion of Shangguan Ye and the rest was about the same as Su Yi as their bodies wouldn't even stand straight.

Inside here, there was a strong indistinctive aura that emitted out from these ferocious stone carving, suppressing them until they could not contend.

When they saw that Su Yi seemingly did not have any impact at all, Shangguan Yan and the rest felt very strange, but they could only bitterly smiled as this fellow was absolutely a freak.

The aura got denser and denser. Finally, the group of people walked to the end, where a spacious area in the cave appeared before them.

The space had a total of hundreds of zhang broad while radiance emitted out from the surrounding. The wall, was smooth like jade and was inscribed with some ancient rune that twinkling with glow, intertwining with the dark and light, revealing a sort of holy aura that was exactly opposite from the frightening aura just now!

When they reached here, the auras from the stone carvings entirely disappeared, and the eight people then recovered to normal.

Inside the cave, it was entirely quiet as though the air would not flow. Everything was silent as if time had also lost its meaning within here.

"There is still a rich energy aura that is comforting. No wonder cultivating inside here can improve tremendously!"

Shangguan Xi Wei was greatly astonished. She could feel that the aura of the dense heaven and earth energy made the spiritual soul very soothing. Cultivating inside here would have surprising benefits.

Su Yi did not find it strange. When he entered the door, he also felt that the energy was getting denser while he also did not know what kind of existence it was, but the aura was very comforting to the spiritual soul.

"There are eight rush cushions. That place has the densest energy. It will all depend on us in this half a year on how much benefits everybody can gain."

Shangguan Chen Feng spoke. Inside the cave, there were eight rush cushions scattered in four directions, each emitting faint radiance that was ancient and old.

When his words landed, Shangguan Chen Feng had already walked over. The eight rush cushions, were prepared for eight people, that's why every time within the Tian Yao Cave, only eight people could enter.

"Brother Yi Su, go cultivate!"

Shangguan Yan, Shangguan Ye, and the rest spoke. Presently, their eyes were filled with anticipation, especially after they saw the improvement on Hu Ming, Hu Qiu, and the rest, they were, even more, looking forward to this Tian Yao Cave. After half a year, they wondered what stage would they reached.

"Okay."

Su Yi was also very much looking forward to it. Coming to this place, he hoped that he could cultivate the Heavenly Yuan Demonic Soul here.

The eight people each sat cross-legged on the rush cushions. The eight rush cushions, were spread on each location of this cave like eight directions.

When Su Yi sat cross-legged onto the rush cushion, he abruptly felt that there was extra rich energy came whirling around him, enveloping him in the middle.

"What rich energy."

Su Yi was shocked as when he felt this energy he knew, that he had come to the right place.

There was an unusual aura in this energy that seemingly could drill into his mind to strengthen his spiritual soul.

"Half a year's time. Closed-door cultivation!"

Su Yi calmed down and suppressed the excitement in his heart while he prepared to have closed-door cultivation for half a year in order to cultivate himself and especially the Heavenly Yuan Demonic Soul.

From the beginning till now, Su Yi knew absolutely clear that the Supreme Chaotic Yuan Technique was the most important thing he relied on. This time, the Heavenly Yuan Demonic Soul would definitely improve.

"Boom!"

Circulating the Supreme Chaotic Yuan Technique, Su Yi began to cultivate, wanting to see if he could use the energy inside this Tian Yao Cave to cultivate the Heavenly Yuan Demonic Soul.

"Whoosh"

Following as the Supreme Chaotic Yuan Technique circulated, on the rush cushion that Su Yi was on, suddenly glows were alternatively twinkling while the surrounding unusual energy seemingly got implicated as it abruptly converged over.

...

Chapter 272: Fortify The Spiritual Soul!

Inside the Tian Yao Cave, that strange energy was fluctuating and hovering around Su Yi's body while emitting a faint radiance as it headed into the pores of Su Yi's entire body. Lastly, there was actually radiance sweeping towards the center of Su Yi's eyebrows.

When that strange energy entered the center of Su Yi's eyebrows, it was very cozy, which made Su Yi feel as though a summer wind had passed by while his spiritual soul fluctuated.

The spiritual soul, was initially a formless thing that could be felt, but completely untouchable.

However, after the last time when he absorbed the energy of the Blood Spiritual Ginseng, the Heavenly Yuan Demonic Soul already had a small shape. When this strange energy entered his mind, strands of glittering radiance swept out.

Within Su Yi's mind, that small sun-like shaped of the spiritual soul light ball, absorbed that strange energy as if it was absorbing tonic.

"There is an effect"

Su Yi was surprised. This type of feeling was too astounding, which was something he had never felt before. Under the cocoon of that energy, the spiritual soul had an unspeakable comfort. Like what he expected, it indeed could strengthen the spiritual soul.

All of a sudden, under Su Yi's astonishment, the Supreme Chaotic Yuan Technique circulated and started to guide the strange energy inside the Tian Yao Cave to fortify his spiritual soul in order to cultivate the Heavenly Yuan Demonic Soul.

The time slowly passed by in this way. Unknown when it began, inside this Tian Yao Cave, Shangguan Chen Feng, Shangguan Xi Wei, Shangguan Yan, and the rest were enveloped within the radiance while there was a glow fluctuating on their bodies, emitting a sort of ancient aura

Su Yi was attempting to fortify the spiritual soul in order to cultivate the Heavenly Yuan Demonic Soul.

The energy inside the Tian Yao Cave was like the energy of the Blood Spiritual Ginseng as it indeed could cultivate the Heavenly Yuan Demonic Soul.

Inside Su Yi's mind, on top of the small sun-like spiritual soul light ball, the glow got more and more blinding as if the spiritual soul had formed into a solid thing, turning into a bigger shape while emanating a sound as it kept transforming.

This kind of transformation cause Su Yi to felt very weird as he could seemingly sense that his spiritual soul was breeding a sort of living thing.

At the same time, strands of energy that gushed in converged, and condensed inside Su Yi's spiritual soul light ball, yet it did not instantly strengthen the spiritual soul as it just acted accordingly to the circulation of the Supreme Chaotic Yuan Technique, fortifying the spiritual soul and kept compressing it, converged, condensed as if to be toughened and hardened into steel.

"The Heavenly Yuan Demonic Soul is actually like this!"

Su Yi started to gain a little enlightenment. The Heavenly Yuan Demonic Soul was to absorb energy that could strengthen the spiritual soul, to keep fortifying and polishing the spiritual soul so that it could get more and more real and tough like the first layer, Indestructible Vajra Body that continually fortifies the physical body to lastly formed the Indestructible Vajra Body.

"Whoosh"

Inside his mind, Su Yi's spiritual soul light ball glowed splendidly brilliant and fluctuated like the waves while emitting crimson light with a frightening aura.

Simultaneously, Su Yi was also stabilizing his cultivation as this energy, not only could it strengthened the spiritual soul, it could also enhance the Yuan Qi. The youngsters that entered the Tian Yao Cave every half a year, and could increase several grades on the Yuan Xuan Realm when they came out, was the proof.

But, Su Yi did not dare to casually breakthrough again as he absorbed these energies to only fortified the Yuan Qi Ocean within his Dantian in order to stabilize his cultivation.

Su Yi had long submerged into a sort of enlightenment. In this state, the time had also seemingly lost its meaning.

In the Hunting Tiger Tribe, Hu Ming and the rest had returned to the tribe while every one of them was very miserable with bruises all over their bodies.

After returning to the tribe, Hu Ming and the rest then found out that the fellow, was called Yi Su while a Scarlet Searing Raging Bear in the peak of Demonic Xuan Realm Ninth Realm after the raging transformation was also defeated by him.

"He is also a Soul Tamer!"

Hu Ming said such words with disheveled hair and a pale complexion.

"He is also a Soul Tamer!"

The entire people were shocked and perplexed. That Yi Su was too insane. To think that he was still the Soul Tamer from the legends.

Even Hu Ming, who was in the Yuan Spirit Realm First Grade, was also defeated. In that case, back then, when he defeated the Scarlet Searing Raging Bear in the arena, he still had some reservations.

Very quickly, the news about Hu Ming and the rest got thrown down from the mountain by Su Yi had also spread within the Mighty Bear Tribe and the Ancient Spirit Village while those who heard it, were shocked.

"Soul Tamer. Yi Su is actually also a Soul Tamer!"

"Haha, in the future, the Hunting Tiger Tribe will most likely not dare to offend our Ancient Spirit Village anymore!"

"Yi Su has done it excellently. Haha!"

Inside the Ancient Spirit Village, many people were ecstatic and happy from the news.

Inside the Mighty Bear Tribe, some youngsters had already made up their minds that, in the future, whenever they saw that Yi Su, they must never provoke him and stay far away from him.

"Yi Su, that fellow, is too insane!"

Some of the youngsters of the Mighty Bear Tribe were tongue-tied and already afraid.

Especially those young men that were stripped by Su Yi, whenever they heard the name 'Yi Su', their hearts would uncontrollably shiver.

"Whoosh"

Su Yi sat cross-legged with a glistening glow around the rush cushion enveloping his body as though bringing along with a flawless radiance, exhibiting a type of supreme holy authority while emitting a mighty aura.

Inside his mind, the spiritual soul light ball fluctuated. Su Yi was fortifying his spiritual soul as he was gaining insights about everything while continuously fortifying.

If, his body wasn't emitting a glow, the current Su Yi, who was sitting cross-legged, was as though petrified, sinking into a deep level of enlightenment.

However, at a particular moment, Su Yi woke up. There were changes inside his mind while on the spiritual soul light ball, it abruptly emanated a brilliant crimson glow that illuminated his mind as though strands of crimson symbols were flying inside his mind, going ups and downs inside the empty space and rippling while emitting an abnormal mighty and strong aura.

"Rumble rumble!"

At this instant, inside Su Yi's mind, for an unknown reason, it permeated a clear wind and thunder sound.

Within the crimson spiritual soul glow, strands of obscured purple radiance emerged as if the chaotic aura of the beginning of the world that contained many mysteries and mighty pressures, were flowing inside his mind.

"The Heavenly Yuan Demonic Soul!"

Su Yi was pleasantly surprised as he could feel the aura of the Heavenly Yuan Demonic Soul. Although it was not the actual state of the Heavenly Yuan Demonic Soul, it had already entered and touched the threshold of the Heavenly Yuan Demonic Soul.

The spiritual soul permeated a wind and thunder sound while obscured purple air was rippling within the crimson glow as the surrounding energy circulated within there with the spiritual soul as the center.

"Continue just like this"

From the start of cultivation, Su Yi had always been strengthening himself, grinding, fortifying without rest, and was never once lazy. He did not have a famous teacher and could only rely on himself.

Right now, with such benefits, how could Su Yi missed it? Forget about everything. He was going to make himself powerful.

Very quickly, Su Yi once again sunk into enlightenment and wholeheartedly cultivating as he absorbed the strange energy of the Tian Yao Cave to fortify his spiritual soul and stabilized his cultivation.

The center of his eyebrows glowed while his entire body was crystal-cleared like a warm jade, perfectly blending together with the surrounding energy.

Unknown when it had begun, on top of the eight rush cushion, the glow that contained Su Yi was the brightest and was getting more and more dazzling as though the surrounding energy was implicated and came over.

These energies kept drilling into the center of Su Yi's eyebrows and his body, blending together with him. The glow was resplendent and incomparably blinding along with a mighty and ancient aura.

The time once again gradually passed by like this while Su Yi was like an old monk sitting in meditation. In a blink of an eye, two months had already passed.

...

Chapter 273: An Ancient Aura!

The energy inside the Tian Yao Cave flowed between Su Yi's bones, muscles, and all of his limbs, allowing his physical body to be even more blinding and crystal-clear, as though it was once again baptism.

"Boom! At a particular moment, at the same time, when the glow around Su Yi's body glistened, his body also trembled while reverberating with the sound of thunder.

From the inside of Su Yi's body, a whiff of a new aura abruptly escalated as he instantly stepped into a new stage.

Yuan Xuan Realm Ninth Grade!

Even though he was trying to stabilize his cultivation and fortify the Yuan Qi Ocean Whirlpool, the energy inside the Tian Yao Cave was extremely rich, so after he had stabilized his cultivation, he still broke through and fully stepped into the Yuan Xuan Realm Ninth Realm!

"Boom!" At the same time, inside Su Yi's mind, a whiff of a frightening aura also emanated, shaking this mysterious location.

The crimson spiritual soul light ball fluctuated with obscured purple air while a mighty supreme momentum also emitted out from it.

Around the spiritual soul light ball, the crimson glow undulated like a small sun that was dazzling and eye-catching as it turned into surging rays of sunlight.

Strands of energy gushed in, while heading to the dwelling area and condensing.

At this moment, Su Yi could clearly felt that his spiritual power was materializing and strengthening as if it still contained a special type of power that was seemingly awakening.

This type of feeling had already appeared twice. Back then, when he was at the Forest Of Demons dealing with Dharma Protector Hei Jiu of the Black Fiend School and gaining the benefits from the Blood Spiritual Ginseng, this aura had appeared before.

"Heavenly Yuan Demonic Soul!" Su Yi was notably pleasantly surprised as he seemed to have already genuinely stepped into the level of the Heavenly Yuan Demonic Soul.

From going out of the City of Man, from the people of the Sacred Mountain coming forth, from when his grandfather got hurt, from after getting thrown down the towering cliff by Wang Quan De and then getting chased by the Black Fiend School

Etcetera and etcetera, Su Yi had always been craving to strengthen himself, wishing to become a strong cultivator one day in the future.

The thought of becoming a strong cultivator got more and more firmed within Su Yi's heart while also getting more and more unshakable!

The Heavenly Yuan Demonic Soul, the second level of the Chaotic Yuan Demonic Body that came from the Supreme Chaotic Yuan Technique, that was Su Yi's essential.

"Rumble rumble"

Inside his mind, the aura of the spiritual soul fluctuated like undulating ripples, bringing along with an arrogant and overbearing air that seemed to be able to suppress the Ancient, and looked down the Heavens!

The inside of this Tian Yao Cave isolated everything.

Su Yi sat crossed-legged on the rush cushion while his entire body was enclosed within a blinding glow that shone flamingly like the sun.

From Su Yi's body, a holy light seeped out and emanated ripples of fluctuation, as if a mysterious power had transcended time and space, descending from the time of the Ancients while emitting clangs of thunder.

Such commotion was too huge that it jolted the entire space of the Tian Yao Cave and awakened Shangguan Chen Feng, Shangguan Xi Wei, Shangguan Yan, and the rest.

"What a strong commotion!"

The gazes of Shangguan Chen Feng, Shangguan Yan, and the rest trembled as they glanced afar while all of them could feel that Su Yi must have gained a remarkably good benefit.

That frightening aura had a mighty pressure as though it was resonating with the heaven and earth along with an imposing pressure, which caused them to secretly shivered.

"Rumble rumble"

Such an aura got denser and denser. Finally, a new aura surged out from within Su Yi's body, sweeping through the Tian Yao Cave.

"Rumble rumble"

The glow shone brilliantly as a powerful aura made his robe flutter, sweeping through all around.

"How is it so strong?!"

Shangguan Chen Feng, Shangguan Yan, Shangguan Xi Wei, and the rest abruptly trembled and were very shocked.

All of them could feel that the aura inside of Su Yi's body currently, utterly could not be compared to a cultivator in the same realm.

"Rumbling"

All of a sudden, the entire Tian Yao Cave rumbling shook while abruptly, from the top of the cave, a blinding glow emitted out.

The glow shone brilliantly, casting light on the void along with a tremendous and endless aura descending.

"Howl"

Within that glow, faintly, there was a beast figure like a tiger and a lion, like a dragon and a phoenix appearing, casting light on the void as if it came from the Ancients and transcended time and space as it shrouded onto Su Yi's body without any misses.

"This is"

Shangguan Chen Feng, Shangguan Xi Wei, and the rest were incomparably shocked as they totally did not know what had happened while they had also never heard of such changes from the elderly.

At this instant, that beast figure and Su Yi had seemingly fully merged together.

It was as though allowing Su Yi to transform into that beast figure, wanting to charge into the sky and merge into the void.

The beast figure was blinding like a beast figure battle armor covering Su Yi's entire body.

At this moment, there was a supreme demonic air emitting and sweeping through space, desiring to squash this land!

Su Yi had also discovered this commotion and did not know what had happened. The surrounding space was as though solidified while he totally could not struggle, and the Yuan Qi inside his Dantian was also bound.

Presently, the aura that had appeared numerous times before was incomparably clear at this moment as it emerged within Su Yi's heart, making Su Yi feel that the origin of the aura came from this place.

An incomparably blinding and resplendent glow drilled into Su Yi's eyes, causing his eyes to feel a stinging pain.

At this instant, a mighty ancient aura also madly surged into Su Yi's mind.

"Boom!"

At this instant, the mysterious space inside Su Yi's mind abruptly exploded out radiance with a supreme might permeating.

As if it could feel something, the ancient aura that gushed into Su Yi's mind suddenly emitted a fearful intent and did not dare to come forward even half a step.

However, unsure of what was going on, the mysterious space that suddenly let out a commotion, immediately once again sunk into silence, and retracted its radiance as it continued to stand aside alone.

When the radiance of the mysterious disappeared, that ancient aura once again swept through, assaulting Su Yi's mind.

The glow was blinding, causing Su Yi's eyes to feel a stinging pain.

Su Yi tightly closed his eyes, but the glow could pierce through the skin and continued to cause his eyes to feel a stinging pain.

"Boom!"

Tremendous energy from within Su Yi's mind seemingly exploded while the strong assaulting force caused his mind to feel a stabbing pain as he unbearably yelled, yet everything had been imprisoned, that even his voice also could not be transmitted out.

Afterward, Su Yi's conscious felt pain as unknown enormous energy forcefully injected itself into his mind, making him faint over.

"Crack"

Before Su Yi, a space suddenly torn opened while emitting a glow. A trace of swallowing power covered Su Yi's entire body, consuming both Su Yi and the beast figure into the space crack.

Inside the cave, Shangguan Chen Feng, Shangguan Xi Wei, Shangguan Yan, and the rest were dumbfounded, utterly uncertain of what had happened as inside the cave, a space crack had actually appeared.

"Rumbling"

The entire Tian Yao Cave shook as the mountain suddenly rang out as though it was going to have an earthquake.

"Ka ka"

The meandering stone road that headed to the Tian Yao Cave had lines of cracks splitting while crushed rocks fell.

"It is the Tian Yao Cave. What has happened there?"

On top of the sky of the three clans, the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe, there were figures charging up to the sky while glancing in the direction of the Tian Yao Cave from afar.

"What has happened? Is it an earthquake?!"

"What a strong aura!"

Within the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, figures abruptly ran out while glancing in the direction of the Tian Yao Cave.

At that place, the ground moved, and the mountain shook. A radiance charged into the sky with a vast ancient aura covering this land.

...

Chapter 274: Divine Demonic Sect!

When Su Yi regained consciousness and woke up, he could only feel that the surrounding space was trembling. When he opened his eyes, he found out that he was currently floating within a mysterious void vortex.

The vortex emitted a glow while spreading a sort of mysterious aura. Wind and thunder sound along with beasts roar faintly transmitted from the surroundings.

Following after, the vortex around Su Yi stagnated while the surrounding glow trembled as though his eyes abruptly became bright, and a new land emerged.

It was a dimmed land with cracks extending on the ground everywhere as the mountain collapsed, and a large piece of a magnificent building shattered as though it had experienced a great calamity while the scene made people stunned.

On the surrounding space, there was the mysterious and enormous aura not dissipating along with a whiff of a vast and mighty demonic air as if wanting to run-through to the empyrean.

This demonic air was remarkably strange with boiling demonic air, yet it was not evil and dark, but instead, it had a supreme power as though it could shake the empyrean and the vast and mighty sky!

Su Yi's body floated in the void. When he glanced below, he could see cracks on the ground everywhere with a densely covered abyss and many huge bones rising, while blood dyed the rocks red.

Many ancient buildings were turned into debris as large hall collapsed in utter destruction.

Back then, this place must have been a glorious big building with a door and a courtyard, yet now, it had already crumbled and was on the decline.

"What is this place?!"

Su Yi exclaimed in shock. That was definitely a big building with a door and a courtyard, yet it no longer exists now. Just what kind of a big calamity could destroy such a grand building?

"Ah"

All of a sudden, the space before his eyes once again trembled. There was a flood of mighty energy with a blinding glow in his mind spreading, while holy music was resonating in his mind along with runes flying all over like the pouring flaming sunlight.

"Obtain my inheritance and become my disciple. Respect the sect leader, and flourish my Divine Demonic Sect!"

Such a voice like the heavenly thunder exploded in Su Yi's mind while the flying brilliant runes as if they had life, fluctuated and converged and lastly seemingly condensed into a bunch of ferocious ancient beasts, galloping inside his mind as though trying to crush his mind, which then blended in.

"Divine Demonic Ancient Versethe strongest cultivation technique of the Divine Demonic Sect"

Tremendous information madly gushed into Su Yi's mind.

"Rumbling"

At the same time, an anomaly had happened on top of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe.

Beams of light dropped down like a waterfall. Far away from the vortex, a statue of an ancient huge virtual image of a beast appeared, and densely covered the empyrean as though it was going to descend from the Ancient.

"An anomaly in the land that comes from the Tian Yao Cave. The ancestors have materialized!"

"What a strong and mighty pressure that is connected to our cultivation techniques. The ancestors must have materialized!"

The villagers of the Ancient Spirit Village, and the clansmen of the Hunting Tiger, and the Mighty Bear Tribe kneeled down and pray towards the sky as they faced the direction of the Tian Yao Cave, greeting from afar.

That expansive mighty pressure was connected to their cultivation techniques, so it definitely came from their ancestors.

"Howl"

On the group of mountains and lands, currently, countless beasts were prone on the ground and howling as they glanced towards the direction of the Tian Yao Cave and paid homage.

At this heaven and earth, outside of the Forest of Demons for more than ten thousand miles, on top of a large mountain, an old figure appeared.

"It has appeared. As expected, they did not die out!"

Although the figure was old, the radiance around his body was so brilliant that it blotted out half of the sky with a gruesome frightening aura like a deity as he stood tall in the sky. Other figures could be, evidently seen, yet it was not clear and would be automatically, forgotten in a blink of an eye.

"Let's set off. We must quickly exterminate everyone!"

Such words spread on this land.

"Swish swish"

When the words landed, in the sky of the land, many figures charged up to the sky with radiance permeating as they stood on the sky, quivering it.

Afterward, the series of figures scaled across the sky with vast and mighty auras.

"To think that they actually did not die out!"

On the vast sky, an enormous giant virtual figure of a tiger cast light onto the sky with incomparable horror. With a gaze of hostility, the fearsome eyes were like two moons hanging in the sky.

"If you cut the weeds without digging up their roots, they'll grow again when the spring breeze blows!"

A voice permeated, then on the sky, many figures scaled across and left.

The commotion of the Tian Yao Cave did not last for a very long time. After 15 minutes, it then began to dim down.

"Whoosh whoosh"

Dozens of figures with strong auras appeared on top of the sky of the Tian Yao Cave. Among them, there was the village head of the Ancient Spirit Village, Shangguan Cheng Ya.

"The commotion of the Tian Yao Cave, it appears the rumors are true. Such a huge commotion, most likely someone has gained the biggest benefit."

An elderly spoke with brilliant eyes and a tremendous aura.

"After more than a thousand years, it turns out the rumors are actually true?"

"Inside the Tian Yao Cave, there is indeed the biggest benefit."

"Looks like the biggest benefit of the Tian Yao Cave has landed onto the Ancient Spirit Village."

Many people exclaimed in shock. Even though they were all old, they only knew a little bit about it.

"Boom"

All of a sudden, from far away, there was a monstrous glow that emitted a powerful and expansive aura with a rumbling sound.

"At the top of the Yao Luo Mountain!"

The gazes of these strong elderly cultivators trembled as they looked towards the Yao Luo Mountain. There was a glow emitted from that direction, which was precisely the Yao Luo Mountain.

"Whoosh whoosh"

On top of the Tian Yao Cave in the sky, three old figures also abruptly appeared with a brilliant glow.

"Greeting to old village head."

"Greeting to old clan head!"

When the strong elderly cultivators of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe saw these three old figures, they also abruptly shockingly greeted.

Only, they knew that inside the Tian Yao Cave, for history, there were strong cultivators safeguarding it while the people were the village head and clan head of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe. That was sufficient to prove the importance of the Tian Yao Cave.

"In the future, there will be no more Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe. Only the Divine Demonic Sect!" An aged voice spoke faintly.

"The inheritance has already acknowledged its owner while a new sect leader has been throned. The Divine Demonic Sect will now arise, and the great enemies will also be coming over. Arrange the younger generations to leave. As for the rest of the people, they will prepare for a bloody battle and protect the new sect leader!"

On top of the Yao Luo Mountain, all of a sudden, such voice traveled over and resounded in this land as it landed into the ears of every living thing.

"Then who is it? Can it be?"

An elderly was shocked. He was an esteemed elder of the Mighty Bear Tribe, but he had only heard about some stuff that on the Yao Luo Mountain, there existed a strong cultivator, which had protected this land from the ancient times till now, protecting the people of the Mighty Bear Tribe, Ancient Spirit Village, and the Hunting Tiger Tribe.

Therefore, from the ancient times till now, when the younger generations of the Mighty Bear Tribe, Ancient Spirit Village, and the Hunting Tiger Tribe went to the Yao Luo Mountain to train, although there were some injuries, there would never be a great catastrophe and suffering from the killings of the strong beasts. Rumors had it that was because a strong cultivator lived in the Yao Luo Mountain to protect them.

...

Chapter 275: Nine Thousand Years!

"It is my Divine Demonic Sect, Honourable Lord Demon."

The old village head of the Ancient Spirit Village, old clan head of the Mighty Bear Tribe, and the old clan head of the Hunting Tiger Tribe spoke, informing everyone as they faced the Yao Luo Mountain and greeted with respect. With an imposing expression, they then told everyone: "Do according to the words of Honourable Lord Demon. Left a bloodline for my Divine Demonic Sect while the rest of the people will prepare for a bloody battle."

After listening to these words, the entire people were shocked.

"Is there truly a great enemy?"

"The legend from ancient times, is it really true?"

The entire people of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe sunk in panic and shock with an imposing atmosphere while everyone's expressions were, tensed.

"I will not go. Even if there are really great enemies, I also want to fight with everyone. How can I leave behind my clansmen?!"

Within the Mighty Bear Tribe, Xiong Zhan came out boldly. He had been recovering behind closed doors and was, jolted out from the commotion.

However, he did not want to leave. If there were really great enemies, he also wants to fight along with his clansmen!

"I will also not leave and pledge to live and die with my clansmen!" Xiong Lie stood beside his elder brother, Xiong Zhan's side, and was also unwilling to leave.

"I will not leave!"

"I will also not leave." Many youngsters did not want to go as they were unwilling to leave, wanting to live and die with their clansmen.

"No, I cannot leave!"

Within the Hunting Tiger Tribe, Hu Ming, Hu Chi, Hu Mo, and the rest of the youngsters gritted their teeth and said, unwilling to leave.

"My family are all in the village. I cannot leave!"

Within the Ancient Spirit Village, many youngsters also did not want to leave. Those young boys and girls cried and pulled their family's hand, reluctant to leave.

"You guys must go, to leave a bloodline for the Divine Demonic Sect!"

The elderly of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe berated, and forcefully got these youngsters and children to go out.

There would be strong cultivators leading the team to protect them. They must leave behind a bloodline for the Divine Demonic Sect, just in case.

Just like this, the younger generations of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, were forcefully sent out.

The remaining people were preparing for a bloody battle. They did not even know who the enemies were and the atmosphere was incomparably tense.

"Divine Demonic Ancient Verse!"

When Su Yi woke up again, he had received such information while his mind was still a little foggy, which was caused by the forceful injection of the enormous knowledge.

"Young man, have you woken up?"

A voice traveled into Su Yi's ears.

"Who?!"

Su Yi was shocked. When he followed the voice and glanced over, he then realized that currently, he had appeared on top of a mountain with cloud spreading on the surrounding. Chain of mountains connected while countless sky-high trees stood.

A huge tiger laid on the bottom of a sky-high tree. It did not glow while its figure was skinny as though it had passed its prime that even its tiger eyes were very dimmed.

"A strong beast of the demon race!"

Su Yi was shocked. Although it looked to have passed its prime, when such a huge tiger appeared, Su Yi could clearly sense that this tiger was different from the rest.

"You are correct. I am, also considered as one of the members of the demon race, but strictly speaking, I came from the Divine Demonic Sect and had always been guarding this place. It has already been nine thousand years. I initially thought that I could no longer wait for long await person, but I never thought that heaven will not eliminate my Divine Demonic Sect that at the end of my last days, you have come!"

The huge tiger quietly laid there and glanced at Su Yi while saying. Even though that skinny figure was, only laying down, it was much taller than Su Yi.

"Nine thousand years. Divine Demonic Sect"

Su Yi was shocked. To be able to live for nine thousand years, what kind of terrifying cultivation stage of existence did it have? And the Divine Demonic Sect, it seemingly had appeared within his mind and also that Divine Demonic Ancient Verse, could it have a connection to this Divine Demonic Sect?

"You have just seen it. That is the past Divine Demonic Sect. Nine thousand years ago, the Divine Demonic Sect, that is what kind of glorious!"

The huge tiger spoke. Within the dimmed tiger eyes, it emitted out some radiance, but its gaze became lonely again as it continued to say to Su Yi: "Only sadly, those gang of shameless people joined hands to try to exterminate our Divine Demonic Sect. Lastly, most of the people of my Divine Demonic Sect had passed while my master at the expense of himself, found this place and brought the bloodline of the Divine Demonic Sect to hide here until now, hoping that one day, a qualified descendant could obtain the inheritance that was left behind and flourish my Demonic Sect once again. It has already been nine thousand years, yet no one was ever qualified. I initially thought that it is the will of heaven, but heaven will not eliminate my Divine Demonic Sect that at the end of my last days, you have come!"

Su Yi was very puzzled and looked at the huge tiger, saying: "Senior, surely what you are saying, is not me, right?"

"Correct. It is you. You have passed. The only one that has passed through the test and obtained my master's inheritance and the Divine Demonic Ancient Verse!" When the huge tiger finished, the surrounding glow of the space fluctuated, and the scene before Su Yi's eyes changed again. They had already appeared inside a big ancient hall.

The big hall was, very huge, with many carvings of strange beasts on the surrounding that was emitting a radiance along with a demonic air spreading that could shake people's soul!

However, when this demonic air spread, it made Su Yi feel incomparably enjoying like a feeling of fish swimming within the water.

"Senior"

Su Yi sized up the surroundings and wanted to speak, but the huge tiger interrupted his words. The body laying down, slightly moved, and got up. The figure that appeared skinny became even skinnier while the appearance of passed one's prime got more prominent. It shook its body and glanced at Su Yi as it said: "The time is almost up. Some of the matter, in the future, you will naturally know, but since you obtain the Divine Demonic Ancient Verse, you are already the disciple of my master and also the new sect leader of the Divine Demonic Sect!"

"New sect leader!"

Su Yi still found it hard to return to his senses until now. That was too unbelievable as he felt that everything was a little chaotic.

"In the future, the responsibility to flourish the Divine Demonic Sect will be handed over to you." The huge tiger looked at Su Yi seriously and said while the dimmed tiger eyes were brooding like the boundless abyss.

"Senior, I'm afraid I cannot carry that huge responsibility. I already have a bunch of troubles with me, and furthermore, I come from the outside, not the people from here."

Su Yi bitterly smiled. The opponent that destroyed the Divine Demonic Sect was definitely horrifying, moreover, with his situation now, where did he have the capability? Furthermore, he was not the people from here.

"From the first day you came in here, I already knew. Everything about you is very extraordinary. I can sense from your body that you have many secrets with you, but everything on you, have a lot of similarities with my Divine Demonic Sect. Perhaps, that is one of the reasons why the inheritance chose you."

The huge tiger glanced at Su Yi and continued: "You are indeed very weak now, but I know that you are exceptional, far surpassing the people in the same generation. Right now, you still have the Divine Demonic Ancient Verse. In the near future, you will rise up, and one day, you will understand the might of the Divine Demonic Ancient Verse."

"Senior"

Su Yi still wanted to say something, but the huge tiger shook its head as it slightly glanced far away, as though it could see through this big hall, and said: "There is not much time left. The great enemies have come faster than I expected. Remember, you are already the sect leader of the Divine Demonic Sect. In the future, the Divine Demonic Sect will be handed over to you!"

...

Chapter 276: The Descending Of The Great Enemies!

At most within two days, they would come. Go back first. The benefit that the old sect leader has left behind is already not much while I will lend you a helping hand. Just take however much you can as in the future, there will be a long road for you to walk. I hope that the old sect leader has not chosen the wrong person, and one day, you can lead the Divine Demonic Sect and stage a comeback in a big way to the world!

Such sound seemingly reverberated within Su Yi's ears.

Afterward, a glow fluctuated around Su Yi's body while the radiance before him twinkled as space squirmed.

The scene before his eyes changed again. Su Yi returned back to the cave with shocked as he landed on top of the rush cushion.

Whoosh

Inside the cave, that mysterious and strange energy once again flooded over with whooshing sound while emitting flowing and colorful lights that headed towards Su Yi and converged, gushing into his body, which was incomparably magical.

Su Yi could distinctively feel that the strange and mysterious energy now, was much denser, utterly until the stage of surging.

The energy automatically entered Su Yi's body. Compared to Su Yi's initially energy that he had circulated and absorbed, it was much surging by numerous times.

"This is a great benefit. I cannot miss it."

Feeling this surging energy, and adding on that he had already confirmed that this energy was beneficial to his spiritual soul, Su Yi once again sat cross-legged and circulated the Supreme Chaotic Yuan Technique to continue to absorb this strange energy to fortify his spiritual soul and cleansed his physical body.

"Su Yi is back. What happened just now?"

Su Yi had disappeared for a very long time, but for Shangguan Yu, Shangguan Yan, and the rest in the cave, Su Yi had seemingly disappeared inside the space crack and instantly appeared, which was very strange.

Shangguan Xi Wei, Shangguan Xiu, and the rest glanced at each other with questioning gazes.

"The energy inside here has become much denser. What has happened?"

Within the entire Tian Yao Cave, right now, the mysterious and strange energy turned incomparably surging while Shangguan Chen Feng and the rest could also felt this frightening change.

The mysterious and strange energy had currently even become so dense until the stage that it would automatically drill into their bodies.

"Quickly cultivate. Don't miss it!"

Immediately, Shangguan Chen Feng, Shangguan Xi Wei, and the rest also sat cross-legged on the rush cushion, continuing to circulate and cultivate.

Within the entire cave, presently, the energy around Su Yi's body was the most surging, reaching the stage of frantic.

That strange energy whistled as though forming a huge tornado wind storm whirlpool around Su Yi's body, madly spinning.

Time gradually passed, but for the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe, these two days were like years to them.

Strong cultivators had brought the clansmen and villagers to the entrance, waiting for the enemy.

"Who is our great enemies?"

No one knew who the enemies were. As for the Hunting Tiger Tribe, Mighty Bear Tribe, and the Ancient Spirit Village, every one of them from birth to now, were peaceful with the world.

Even though there were occasionally some disputes between the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe.

It was all only a small dispute, while most of it was the competitiveness between the seniors. To suddenly have great enemies coming over, made the people at a loss.

"We are the descendants of the Divine Demonic Sect. The ancestor said that there were great enemies. Once they came, it would be a bloody battle!" An elderly said with an imposing expression.

"If there are really great enemies, we can also leave in advance. Then once they left, we can come back again." Someone spoke. If there were really great enemies, perhaps they could leave first.

"No, we cannot run away!"

The old clan leader of the Mighty Bear Tribe spoke with a very old appearance, yet he had a red glow all over his face and a muscular body like a small old bear, but his face was imposing as he said: "We can only let the youngsters go as maybe those great enemies are much stronger than our expectation. Once we left, and they did not give up, at then, our Divine Demonic Sect's last bit of bloodline would also have no chance to remain!"

"How strong are the great enemies?!"

After hearing this, the people of the Mighty Bear Tribe was shocked. The great enemies, just how strong were they?

It was another evening. When the night clouds on the faraway mountain disappeared, the land a silvery gray color and the last strand of night cloud mixed together with the gray evening mist, the ancient land appeared looming and drifting, with many strange atmospheres.

"The great enemies have reached. Prepare for a bloody battle!"

All of a sudden, from the Yao Luo Mountain, a glow charged through the sky and emitted, casting light on this ancient land.

"The great enemies have come. Where?!"

Within the Hunting Tiger Tribe, Ancient Spirit Village, Mighty Bear Tribe, the people that had been nervously waiting, lifted their heads, yet they could not discover any traces.

However, immediately, a strong cultivator could already felt it.

A horrifying aura surged in the sky with a glow descending as though someone had torn through a hole at the sky with radiance emitting as if descending from the empyrean with a shocking sight.

"Remaining evil of the Divine Demonic Sect. No one shall live!"

A sound like thunder shook the sky. From within the tore sky, a series of figures descended with brilliant glows emitting from their bodies and a monstrous aura reek of murder air while the radiance was as though shrouded with a holy loop.

"Kill all the remaining evil of the Divine Demonic Sect!"

Sound quivered the sky as it was shot through by a glow.

"Howl"

Beasts howled like thunder as massive beasts figures appeared with frightening aura. Strong cultivators shocked the thunder with vast and mighty aura.

Very quickly, the ancient land abruptly had a brilliant glow with black clouds converging.

"Crack"

A glow landed like the lightning and thunder, glaring and dazzling the eyes with murderous intent. It was unknown if it was a sword glow or a saber glow as the might was powerful while it chopped off the chain of mountains, cutting off the abyss and landed onto the Mighty Bear Tribe.

"The great enemies have reached. A bloody battle!"

Within the Mighty Bear Tribe, the figure of the old clan leader charged out and resisted against that glow, but the frightening raging wind swept through, causing some of the people of the Mighty Bear Tribe to be injured while many places collapsed and became ruins.

"A bloody battle!"

Within the Ancient Spirit Village and the Hunting Tiger Tribe, a series of figures charged into the sky with a brilliant glow.

The village head, Shangguan Cheng Ya, became different as her body no longer hunched. The glow on her body, was brilliant, while her eyes were dazzling and bright.

"Battle!"

Shangguan Qing Ming shouted loudly as his hair ragingly danced, and his robe fluttered. He held a treasure sword in his hand while he directly charged into the sky and chopped towards the incoming enemies.

"Kill. As expected, there is still so many remaining evil!"

In the sky, a series of figures pounced out and kill while many of them were strong cultivators as the glow on their bodies emitted to the point of dazzling and bright as if it was on purpose so that people would find it hard to see their real appearance.

"Kill!"

There were also many strong beasts appearing while ferocious birds assaulted the sky, and fierce beasts scaled the sky, heading towards the ancient land to alight with boiling murderous intent.

In an instant, the vast and mighty ancient land had rolling black clouds, flashing lightning and thunder roar as the color of the land changed, making people shocked.

"Kill!"

The incoming enemies were ruthless and landed in the Mighty Bear Tribe, Hunting Tiger Tribe, and the Ancient Spirit Village, killing without reason.

In fact, a big battle in the sky had instantly frighteningly exploded.

There were many strong cultivators in the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, but at that moment, they were obstructed by great enemies.

"Ah"

Inside the ancient land, screams abruptly rang out with fresh blood pouring.

...

Chapter 277: Lord Honourable Demon!

These people that were peaceful with the world, from the moment they were born, they had never left this place.

Some of them had very powerful cultivation, yet they had never fought this gory before.

Particularly there were also some cultivators with low cultivation. They were totally not the opponents of these strong enemies.

"Kill and stake everything!"

The fresh blood of their clansmen stung the hearts of the strong cultivators from the Ancient Spirit Village, Might Bear Tribes, and the Hunting Tiger Tribe, which shook off their nervousness and incited their bloody nature.

The great enemies had come, so they could only stake everything!

"Howl!"

Beasts roar frightened the people while on the Yao Luo Mountain, all of a sudden, group of beasts roared as densely packed beasts charged out.

"Boom!"

An ancient dragon scaled the sky along with lightning on its entire body and torching fearsome eyes.

"Roar!"

A grand lion roared with a brilliant glow on its entire body along with a vast and mighty aura.

The aura on the bodies of the grand lion and dragon had reached the cultivation of the Demonic Emperor Realm. Unlike a typical Demonic Emperor Realm, they were incomparably strong as their figures rushed out while bringing along the beasts from the Yao Luo Mountain to pounce over to also resist the great enemies.

"That is the lion emperor and dragon emperor of the Yao Luo Mountain. They have come to help us!"

Within the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, some strong cultivators were greatly astounded. That was the dragon emperor and lion emperor of the Yao Luo Mountain, and they had come over to help them.

Inside the Tian Yao Cave, surging energy was fluctuating, causing the eight figures on the rush cushions to ripple with brilliant lights, making the auras on them to speedily escalate.

The aura on Su Yi's body was also escalating with an unbelievable speed.

"Bang!"

Within the Yuan Qi Ocean Whirlpool, an explosion sound rang out while a new aura emitted out. A tremendous amount of heaven and earth energy unknowingly came from the surroundings as they madly gushed into Su Yi's body.

"The time is up. The great enemies have come!"

Such voice had landed into the ears of the eight people. Then, the entire Tian Yao Cave rumbling shook with shattered and broken stone statues while huge rocks fell.

Su Yi stopped cultivating and shockingly stood up with the other seven people as their complexion frighteningly changed.

Inside the Tian Yao Cave, a glow grew brilliantly and trembled. Afterward, an enormous force emitted out along with radiance enveloping onto the eight figures.

Su Yi and the rest, were swallowed within the radiance involuntary, while in shock.

The next instant when the eight figures appeared again, they had already landed on the bottom of the vast and mighty mountain with flashing lightning, and thunder ringing out with brilliant glows, yet it was, covered by the black clouds while beasts roared like thunder as a big battle was happening intensely.

"What is going on?"

The complexion of Shangguan Chen Feng, Shangguan Xi Wei, and the rest shockingly changed as they had never seen such a big battle before. On the sky and the ground were a bloody fight while those great enemies were strong as familiar strong cultivators kept falling down from the sky and spat out blood.

"The incoming enemies is much more than I have anticipated. I am already powerless to send you guys to leave, so do not anyhow move at this place. I hope that it can protect your safety"

Familiar voice landed down with a glow silently befalling onto the bodies of the eight figures. All of a sudden, the space distorted, and this space seemingly disappeared. The outside could not detect it, but the eight people could see everything on the outside clearly.

"Boom!"

A brilliant glow abruptly shrouded in the sky of this ancient land.

"Crack"

The glow was brilliant, as though it came from the inside of this land. A huge swift claws print reached out on the sky with gruesome demonic aura emitting like a demon claw while everywhere it passed by, cracks could clearly be, seen on the layers of the sky as in one swipe, it enveloped a few enormous beasts and strong cultivators with glows, instantly killing them as the strong cultivators turned into a bloody fog.

Such a strong attack had shocked the entire people on the scene.

Someone sucked in the cold air as their hearts shook, and guts trembled. Just solely based on that frightening aura could already make this land shudder!

"To think that you are actually still alive!"

At the sky, in an instant, stars seemingly fell and a virtual figure of a giant tiger appeared that became more and more real, casting light on the sky. With hostility tiger eyes, the fearsome eyes were as though two moons hanging on the sky, incomparably terrifying.

"To think that you have hidden at this place, and instead, allowed you, a group of beasts to drag out one's feeble existence for so long." An old figure emerged in the sky with a resounding voice.

Not far away, at the end of the sky, there was a giant ferocious bird with spread wings like a black cloud blotting out the sky. The brilliant eyes were like two blood moons looking over here with hostility.

There was also a mighty figure on the sky appearing looming with a sharp aura as though glancing at something.

A figure rippling with sword light as if the entire person was like a god of the sword, stopped at a deep part of the sky with imposing gaze looking at this ancient land.

"Those that are supposed to come will sooner or later arrive. On the contrary, not many people have come. Too bad, the sect leader is not around anymore, or else, even if you have ten guts, you guys will also not dare to come!"

A faint voice appeared while a tiger with an old state emerged in the sky while revealing the past of one's prime. The glow on its body dimmed, yet when the entire figure of the tiger stepped in the air, it seemingly was blending together with this land, unknowing causing people to tremble.

"Honourably Demon, that is Lord Honourably Demon from the legends!"

An elderly lifted his head, and his gaze trembled while looking at the old tiger with an old state. That was their Lord Honourably Demon from the legends that had always been protecting them.

"You have already reached the end of your life, yet you still dare to say such brave words. Execute the remaining evil of the Divine Demonic Sect!"

The old figure in the sky spoke, abruptly emitting out gruesome killing intent. Although his body was not enormous, when the palm smacked towards the tiger with an old state, it instantly inflated like colorful clouds condensing lightning, emanating smog.

"Come on. Finally, there is a battle. Dying in boredom, I will rather be, burnt by a big battle. Let me see what kind of stages you guys have reached!"

When the words of the tiger with an old state traveled out, the dimmed glow on its body abruptly became brilliant with radiance spreading ten thousand zhang, casting light on this ancient land. The glow in its eyes gleamed like a sea of fire suddenly undulating, violently blazing while emitting a monstrous demonic aura. A claw reached out and instantly became massive, much bigger than the handprint that was coming over. Wherever it passed by, it would submerge the sky, as all of a sudden, it had abruptly collided with that handprint.

"Hong"

The clash was like two meteorites raming in the sky as it shook the land while the chain of mountains underneath exploded open.

The group of people below was shocked as this might was too massive. Luckily, it was a big battle in the sky. Otherwise, if it was any nearer, it would be enough to destroy everything. The might of that strong cultivator had surpassed their expectations.

"Cease being arrogant!"

That giant tiger howled and also attacked. With similarly one claw, it smacked towards that Honourably Demon.

"Humph!"

The Honourably Demon coldly humphed while a strange holy object was spat out from its mouth, exploding a brilliant glow as if the holy radiance. Along with rumbling clear wind and thunder sound, it actually directly blocked that giant tiger's claw.

"Honourably Demon, you have already reached your end, hand over the last remains of the Divine Demonic Sect, and I will wholly protect a part of your Divine Demon Sect's bloodline to enter the Sacred Mountain, considering that as leaving behind a small unextinguished bloodline. What do you think?"

All of a sudden, in the sky, the figure shrouded with sword glow like a god of the sword spoke, inquiring the Honourably Demon.

"Sacred Mountain. That is the people from the Sacred Mountain!"

Within the light circle, when he heard the two words 'Sacred Mountain', Su Yi also abruptly shook. That person actually came from the Sacred Mountain!

...

Chapter 278: A Bloody Battle!

Su Yi's heart was very shaken as that person actually came from the Sacred Mountain.

From the situation he could see now, this was the great enemies of the Divine Demonic Sect. Could it be that the Sacred Mountain was also the great enemies of the Divine Demonic Sect?

"You guys from the Sacred Mountain is also not any good thing. You simply desired the things that my Divine Demonic Sect has left behind. No need to say so grandiose! The Honourably Demon spoke.

After hearing this, the glow on the person from the Sacred Mountain fluctuated with majestic and expansive aura, but there was not much fluctuation as his voice traveled out from the sky, saying: "With that said, then we shall see who is fated to get it."

"The Sacred Mountain also wants to join? Then I will also join in the fun!" Far away, a figure looming appeared with a powerful aura.

"All of the disciples of the Divine Demonic Sect listen up! Today such great enemies have come with fresh blood of my Divine Demonic Sect on their bodies. Later, you must kill your way out. If you can, fortunately, leave today, you must never let them off in the future. A blood debt. A blood debt requires blood in return!

The Honourably Demon stated with glow in its tiger eyes. Such a voice landed exceptionally clear into Su Yi's ears.

It caused Su Yi to feel that the words of the Honourably Demon, was directed to him.

"You have already reached the end of your life. Today, no one of the remaining evil of the Divine Demonic Sect can dream of escaping!"

The old figure spoke while emitting gruesome killing intent, that was very dense.

"Then, let's battle!"

The Honourably Demon loudly shouted as it shook the sky. Strands of demonic aura on its body emitted like rippling waterfall as though it was real. Then it started to explode, surging turbulently and instantly sweeping through the sky.

"Terminal lucidity? That is only the resplendent before dying! Come on!"

The old figure brought along killing intent and charged out first. The killing aura swept through the sky, directly heading towards the Honourably Demon.

"Kill!"

That fierce tiger loudly cried as its massive body also immediately waved its claws and tore the sky, wanting to scratch the Honourably Demon.

"Rumbling!"

Almost at the same time, a group of mighty figures also instantly appeared.

The figure from the Sacred Mountain like a sword god, the mighty figure that appeared looming, the giant ferocious bird at far away and the rest simultaneously, directly pounced towards the Honourably Demon.

These strong cultivators also wanted to get the remains in the courtyard and did not want it to land at the hands of massive tiger and the old figure that took the lead.

A big battle instantly exploded while the sky shook. The glow in the sky was brilliant with black clouds covering the top, casting light on the night sky of this ancient land like the end of the world.

"Come on, and lets battle!"

At the moment, facing against so many joint attacks of extremely powerful cultivators, the eyes of the Honourably Demon did not have any fear, but instead, revealed a sort of desire with surging battle intent as its figure directly charged up.

The Honourably Demon wanted to leave the ground further to fight as it was afraid that the frightening battle could destroy the land below, causing the bloodline of the Divine Demonic Sect to get destroyed by the ripples.

"Swish swish"

The person from the Sacred Mountain attacked. A series of glow emitted out from his body, turning into a brilliant sword light, slicing through the sky towards the Honourably Demon.

That massive tiger glanced with hostility while its eyes were like the blood moons with hook-like claws.

One by one, the powerful cultivators attacked, having a big battle in the sky.

Scary expansive energy swept through like countless stars falling down and clashing with densely packed thunder clouds and glow stormingly moving, which was incomparably horrifying and intense as though the destruction of the world.

It could be seen that, the situation of the Honourably Demon was notably bad as it had already past its prime and reached its end. Very quickly, it got suppressed.

"Lord Honourably Demon!"

On the ground, the strong cultivators of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe sorrowfully cried.

The Honourably Demon was fighting with its own strength against so many powerful cultivators, yet nobody amongst them had the ability to intervene, not daring to even get close.

The level of that big battle was absolutely not something that they could intervene.

"Honourably Demon!"

Within the glow cover, Su Yi lifted his head and glanced at the series of figures in the sky while his gaze was a little red.

Although they haven't met for long, not even talking for a few sentences, Su Yi knew that it was a powerful beast that had fork out everything for the Divine Demonic Sect, where even though it had reached its ends, it still protects the Divine Demonic Sect.

That group of so-called strong cultivators, including the person from the Sacred Mountain, claimed to be grandiose, yet they were now jointly attacking the Honourably Demon with their advantages in numbers. What they truly wanted was the remains of the Divine Demonic Sect from the body of the Honourably Demon.

"Kill, not a single one remaining evil must be left behind!"

Very quickly, the great enemies on the bottom once again started a bloodbath.

"Start to break out. Listen to the Honourably Demon and try to escape!"

The strong cultivators of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe spoke.

The strong cultivators formed groups, taking people along and started to break out.

Everyone knew very distinctively that the great enemies today were too powerful. Apart from the youngsters that got sent out, if today, they could send more people out, it would be considered as leaving more traces of hope for the Divine Demonic Sect.

"No one shall have wishful thoughts about escaping!"

The great enemies had already pounced over while their strengths were too powerful. A bloodbath had started from everywhere, and not many people could obstruct these great enemies.

"Risk it!"

The elders of the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe charged out and exploded with their full force.

Such a bloody battle instantly became misery as abruptly, the elders of the Ancient Spirit Village, Mighty Bear Tribe, and the Hunting Tiger Tribe, were severely wounded.

There were bodies of the elders falling down.

There were elders being, killed.

"Elder!"

The clansmen sorrowfully cried. These strong cultivators of their tribe got killed because they wanted to protect them and used their bodies to obstruct the powerful enemies.

"Elder!"

Within the Ancient Spirit Village, strong cultivators kept falling down with wounds. Inside the glow cover, Shangguan Xi Wei, Shangguan Chen Feng, and the rest had seen it with their own eyes, and all of them wanted to charge out of the glow cover.

However, everything inside the glow cover was restricted. Nobody could get out as they got bounced back.

"No"

Su Yi swung his fists, wanting to crush this cover of glow.

The many figures that fell down from the sky, which Su Yi was very familiar with them. They were once the people that concerned about him, and right now, as they fell before him, they were most likely fraught with grim possibilities.

"Bang bang"

Su Yi went all out. The aura inside his body had already reached the Yuan Spirit Realm First Grade, yet he still could not crush this glow cover and get bounced back by force.

"Kill!"

In the sky, Elder Shangguan Qing Ming of the Ancient Spirit Village loudly cry as his figure swept through the sky, bringing along a batch of villagers from the Ancient Spirit Village, trying to kill out a bloody road.

"Pu chi"

However, a great enemy with a strong might blocked him. A palm landed down, causing Shangguan Qing Ming to get blown away while spewing out blood.

"Father."

When Shangguan Yan saw from afar that his father fell down from the sky, his eyes became red while his figure struggled to charge out, but he still could not break out of the glow cover and get fiercely bounced back.

"Crack!"

On top of the sky of the Mighty Bear Tribe, a great enemy appeared with a weapon in his hand and a radiance frightening swept out. Some of the elderly of the Mighty Bear Tribe could not even resist one move and got killed.

"Kill!"

The old clan leader of the Mighty Bear Tribe appeared with a gaze like lightning as though a raged furious bear. In his hand was a long rod-like weapon swinging out with a brilliant glow along with a beast roar.

That great enemy was quite powerful with an incomparably scary aura charging through the sky as he coldly smiled with weapon clashing over, shaking the chain of mountains.

However, that great enemy was blown far back as the weapon in his hand also let out sparks of fire, seemingly did not gain any advantages while his face revealed shock.

...

Chapter 279: Killing Out A Bloody Path!

"To think that there is still such a remaining evil in this type of stage. It is absolutely cannot be left behind!"

Very quickly, several more great enemies showed up, directly attacking the old clan leader of the Mighty Bear Tribe together.

On a low altitude, intense fights were also happening everywhere, while on the ground, it was even more horrible.

The villagers of the Ancient Spirit Village, the clansmen of the Hunting Tiger Tribe, and the Mighty Bear Tribe were all brutally killed and slaughtered.

The people with low cultivations that could not fly were much less their opponents, almost without any resisting force.

"Go"

Within the Hunting Tiger Tribe and the Mighty Bear Tribe, some elders brought along a few weaker cultivators trying to break out through the air.

"Go and die!"

Some great enemies chased over with steaming killing intent, killing the people at mid-air, and crushing them into a bloody fog.

Within the Ancient Spirit Village, Elder Shangguan Qing Ming got wounded and fell down while he gritted his teeth, trying to take the chance to bring some of the weak cultivators of the Ancient Spirit Village to sweep through the sky.

Wanting to break out in this sort of bloody battle, whoever could escape, must escape.

"Wishful thoughts!"

With a great enemy obstructing, vaguely, there was a black hair elderly with a curved saber in this hand like lightning while the saber glow sliced the sky with an aura that shook it. With speed like that of a sudden clap of thunder which left no time for covering one's ear, the curved saber shot out from the chest of Elder Shangguan Qing Ming while exploding a radiance.

"Crack"

Blood spurted out from Shangguan Qing Ming's chest while his blood-red eyes showed unwillingness. But, after the saber glow gushed out, his body forcefully exploded.

"Go and die"

The elderly never stop attacking as his carved saber swept out with a series of strange saber glow that drifted and broke the sky as the few villagers of the Ancient Spirit Village that Elder Shangguan Qing Ming had brought along in mid-air were forcefully slashed.

"Father!"

Inside the glow cover, Shangguan Yan sorrowfully cried while his eyes almost became black as he had seen with his own eyes that his father got killed in mid-air.

"Elder Qing Ming, auntie!"

Su Yi's eyes also became blood-red as those figures that got slashed were all familiar people. There was Elder Shangguan Qing Ming who had brought him in, and the few aunties that made him new clothes. A series of familiar faces abruptly floated before his eyes.

"Let me out, let me out of here!"

Shangguan Yan was torn with grief while he struggled to charge out of the glow cover, yet he ultimately could not do anything.

"You have gone too far in bullying others. You must pay for their lives!"

The village head, Shangguan Cheng Ya, appeared before the elderly with a curved saber. Her eyes had a bloody anger intent with turbulent momentum while she clenched a treasure sword in her hand with sword glow like the tides, sweeping out.

"Extraordinary!"

The elderly with the curved saber coldly smiled as his saber akin to lightning, instantly fought together with Shangguan Cheng Ya.

"Ah"

People kept getting killed on the ground as screams kept shouting out while blood flowed like the river. Everywhere was stained by blood into a grieving red.

"Quickly search if there are any remains of the Divine Demonic Sect!"

Within the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe, strong cultivators had already turned the place into a bloodbath and then rushed into each place as if searching for something.

"You guys are this heartless, viewing people's lives like mere nothing. One day, you shall suffer the wrath of the heaven!"

An elderly had been severely wounded and landed on the ground, unable to move anymore. As he glanced at these strong cultivators, he shouted while his eyes were all swollen red.

"Ants!"

These people were cold and heartless as they directly stepped on these elderly's bodies, trampling and crushing them.

"Check again and kill all of them!"

Figures landed onto the ground with auras scanning around. When they found people that were alive, they directly smacked out a glow, slashing them.

"Elder!"

"Father!"

"Mother!"

A blood-curdling scream sounded everywhere with sorrowfully cries and red eyes.

Watching as their close ones and clansmen dying before them, the remaining people were in grief.

These great enemies were too strong, totally unstoppable.

"We are back. Kill!"

All of a sudden, at the entrance of the ancient land, several flying beasts mounts emerged with loud shouts traveling over. On top of them appeared many youngsters figures.

On the bodies of the flying beasts mounts, there were Xiong Zhan, Xiong Lie, Hu Chi, Hu Ming, Hu Mo, and the rest of the exceptional youngsters in the younger generation.

"Why did you guys came back? Quickly leave!"

An elderly loudly shouted with pain in their eyes. Initially, they thought that the hope of their clans had left so that even if they died, the bloodline would not end. But they never expect that these youngsters would actually come back.

"We are born at this place. It is our home, so how can we leave?!"

"If we are to leave, then while we live, there will also be a lifetime of regrets!"

"How can we bear to leave our close ones and go?!"

Hu Chi, Xiong Zhan, Hu Ming, Xiong Lie, and the rest of the youngsters replied. When they were on their way, they insisted to return, only allowing the younger people to leave.

"You guys should have left"

An elderly sorrowfully cried as these strong cultivators were too strong while what used were there be for these youngsters to come back. However, when he heard the words of these youngsters, his gaze had a sort of relieve as, if these were when they were young, they would also not leave.

"It turns out that so many have already escaped, yet they still come back to seek death. The heaven also want to exterminate you remaining beasts!"

A powerful and fearsome beast appeared while opening its big blood-dripping mouth as if swallowing the sky as it directly enveloped towards these youngsters that had returned.

Hu Ming, Hu Mo, Xiong Zhan, and the rest wanted to advance and retreat with their clansmen, but they entirely did not know what stage that these great enemies had reached. They had only come back to die, without causing any effect as they were still too weak.

"Foul beast. I will fight with you!"

The High Elder of the Mighty Bear Tribe charged out and speedily dashed over with aura on his body burning. He initiated the Mighty Desolate Verse while an ancient aura surged as he clashed with the fearsome beast.

"Bang bang!"

However, the result was that the fearsome beast only got blown back while an arm of the High Elder got torn down by the beast as blood poured down.

The energy from the clash was frighteningly powerful, causing Hu Chi, Xiong Zhan, and the rest of the people's flying beasts mounts to get blown away.

One by one, Xiong Zhan and the rest rocked. Afterward, following as the flying beasts mounts fall down, they harshly landed on the ground, incomparably miserable.

"Overestimating your power. Go and die!"

The fierce gaze of the fearsome beast shook people. With a surging aura, the surrounding air swept through as a claw smacked down. With only two moves, it directly swallowed the High Elder into its big blood-dripping mouth and chewed while fresh blood spilled out from the gaps of its teeth.

"High Elder!"

Xiong Zhan, Xiong Lie, and the rest sorrowfully roared. They had never expected that these great enemies to be so horrifying to this stage. It was them who had caused the death of the High Elder.

"Swish"

In the sky, a lightning-like glow broke the air and passed through Shangguan Cheng Ya's shoulder, bringing out a bloody hole as fresh blood dripped, making Shangguan Cheng Ya bleed with a pale complexion while her figure staggered in the sky.

All of a sudden, another great enemy in the middle-aged appeared with a brilliant long spear in his hand. Alongside the elderly with a curved saber, one at the front and one at the back, they surrounded Shangguan Cheng Ya.

"Grandma!"

Shangguan Xi Wei shockingly shouted while her tender face grew white. She patted on the glow cover, yet she was powerless to do anything as she was totally unable to get out.

"Granny Shangguan!"

Su Yi's eyes became blood-red as a series of familiar figures were killed in the sky while they turned into bloody rain. These people that came were fierce and ruthless, a demon.

Although he had not stayed here for a very long time, he had already treated this place as his second home.

These familiar faces had turned into a bloody fog. In their entire lifetime, they were peaceful with the world, yet they got horribly killed and slaughtered by these people.

With anger and unresigned in his chest that was going to explode, Su Yi clenched both his fists so tightly that even his fingernails, were deeply stabbed into his skin.

...

Chapter 280: Sorrow And Anger!

Su Yi felt hateful as veins bugged out on his face, looking ferocious. He hated that his strength was not enough while he watched the people near him lie in a puddle of blood.

"Boom!"

All of a sudden, there was a commotion inside Su Yi's mind as though the mysterious sphere of light inside his mind was affected by a type of traction as it abruptly trembled with glow suddenly emitting out.

Suddenly, a whiff of frightening and frenzy aura emitted out from Su Yi's body like a peerless fierce beast was awakening.

Within his eyes, the bloody gaze abruptly turned into crimson like a fluctuating crimson flame.

"Bang bang bang!"

The surrounding bloodbath was still continuing. At this moment, the Ancient Spirit Village, Hunting Tiger Tribe, and the Mighty Bear Tribe no longer distance themselves as some elderly struggled to rush over to the side of those returning youngsters to protect them.

However, these elderly could already hardly take care of themselves. They entirely could not protect the youngsters while they kept getting wounded.

"Elder!"

Hu Chi, Hu Ming, Xiong Zhan, and the rest of the youngsters sorrowfully roared.

Because of them, these elders, were ruthlessly killed, yet they did not even have the strength to charge over and risk their lives.

They felt helpless, furious, agony, and heart-wrenching!

"Roar"

Not far away, a strong beast pounced over, trying to swallow a few of the clansmen of the Hunting Tiger Tribe in one mouth.

"I am going to fight it out with you!"

Hu Ming furiously roared as his eyes turned red while his figure rushed out.

"Ant!"

That beast spoke the human language, totally did not place Hu Ming in its eyes as a claw waved out, and the ground cracked.

"Crack!"

An elderly wanted to help, but he utterly could not get away. Hu Ming got swept away while his body got forcefully torn into pieces.

The surrounding youngsters, were harshly blown away from the ripples of the powerful aura while they spewed out fresh blood.

Those clansmen of the Hunting Tiger Tribe, were still swallowed into the mouth of that beast.

An aura kept escalating while the veins on the surface of Su Yi's body started to stormily budged. The crimson color in his eyes slowly covered the entire eyeball as the aura inside his body was already like an erupting volcano, further revealing a sort of might and destruction!

When such an aura spread, it caused the grieving Shangguan Yan, Shangguan Xi Wei, and the rest felt it too and became shocked.

"It is that whiff of aura. Powerful, very powerful!"

Su Yi felt it. It was that whiff of familiar mysterious power that came from the mysterious sphere of light.

Back then, when he was faced with the chasing of the Dharma Protector Hei Jiu from the Black Fiend School, he had relied on this mysterious power to escape.

This mysterious power made Su Yi surprised as though he had seen the light within the darkness, a life-saving straw when he was drowning.

"Not enough. Far from enough. I need to become even stronger!"

At this instant, those great enemies before him, was not something that Hei Jiu from the Black Fiend School could be, compared to while Su Yi gritted his teeth, hoping to endure even more of the mysterious power.

The mysterious power emitted out from the mysterious sphere of light and gushed into Su Yi's body, making his physique to tremble and inflated as though it was going to explode.

If, it was a typical cultivator in the same cultivation level, they would have long exploded and died.

"Break!"

With a loud shout, Su Yi's gaze had already turned crimson while the mighty pressure of the aura around him reached the extreme. His crimson gaze surged as a fist directly detonated towards the glow cover.

On the fist covered with glow, the aura was frantic and scorching, revealing a sort of destruction.

"Bang!"

Raging wind of energy abruptly exploded with a blinding glow while that glow cover actually had cracks, which later shattered.

Although Shangguan Xi Wei, Shangguan Chen Feng, and the rest were shocked, they were more worried about the bloody battle in front.

When the glow cover got destroyed, a series of figures abruptly madly charged out.

Even though Shangguan Chen Feng, Shangguan Yan, Shangguan Ye, and the rest distinctively knew that they were not their opponents.

They also could not watch as their close ones, one by one, turned into a bloody fog before them and fell into a puddle of blood.

"Bang!"

On a low altitude, Shangguan Cheng Ya's figure staggered as she once again got severely injured while she spewed out blood with a complexion that was already as pale as a paper.

"Remaining evil of the Divine Demonic Sect, go and die!"

The elderly with a curved saber revealed a gaze of ruthlessness and a killing intent while the saber was akin to lightning, emitting out a brilliant glow that instantly sliced towards Shangguan Cheng Ya's neck from the sky.

The terrifying aura was shocking while wherever the saber glow passed by, there were ripples in the sky getting tattered inches by inches with a horrifying scene.

"No!"

Low and deep cry stormily charged into the cloud along with brilliant crimson radiance as a mighty and overbearing aura directly assailing over.

A saber glow like the faint roar of a dragon, similar to the wind and thunder with a brilliant saber glow directly slashed down with a peerlessly fierce stance.

"Clack"

The two saber glow clashed as a big saber and a curved saber confronted. A frightening momentum erupted with an explosion sound like thunder. Following the 'clacking' sound, the latter big saber seemingly could not withstand that horrifying momentum as it then cracked and shattered.

However, that curved saber also got roughly obstructed and blown back with reverberating sounds of metal clashing.

The big saber got shattered and turned into powder while a crimson figure emerged from the radiance as he staggered backward on a low altitude.

That was a young man with only the appearance of 15-16 years old, while for an unknown reason, he was actually floating in the sky.

The elderly with the curved saber was shocked as in front of him was such a young man while his face abruptly unbearably changed.

"Just go and die!"

But at this moment, a long spear like lightning pierced through Shangguan Cheng Ya's chest from her back.

The middle-aged man with a long spear in his hand pierced through the village head while he plucked out his long spear with an emotionless gaze!

"Pu chi"

Fresh blood spurted out as Shangguan Cheng Ya's body fell down from mid-air.

"Granny Shangguan!"

Su Yi sorrowfully roared while his figure dashed down from the mid-air, pulling Shangguan Cheng Ya's body and harshly rolled on the ground together simultaneously.

"Pu chi"

Shangguan Cheng Ya had a mouth full of blood while her pupils were already shrinking.

"Grandma."

Shangguan Xi Wei rushed over with a loss of color on her tender face.

"Granny Shangguan!"

Su Yi kneed on one knee as he held the village head in his arms with wet crimson eyes.

"Yi Su, this is your fake name, right?"

Looking at Su Yi, Shangguan Cheng Ya's shrinking pupils were struggling to stay focus with a smile on her horribly white face.

"Su Yi, Granny Shangguan, my name is Su Yi. You will be alright. You will definitely be alright!"

In his memories, Su Yi did not have any grandma and had only heard that his grandma had died early.

Coming to such heaven of peace and happiness, and meeting such a kind elderly that was peaceful with the world, had caused Su Yi to always treat her as his family, treating her as his grandma.

Tears dripped down Su Yi's face while his heart was dripping blood as he speedily took out a recovery elixir, wanting to stuff it into Shangguan Cheng Ya's mouth.

"Yi Su, Su Yi."

Shangguan Cheng Ya slightly smiled with fresh blood still on the corner of her mouth. She started to cough, blocking Su Yi's hand with the recovery elixir as she glanced at him and said: "Child, promise granny one thing."

"Granny Shangguan, quickly take the elixir. You will be alright. One hundred things, or one thousand things, I will also promise you. You will be alright."

Su Yi was in a hurry-scurry, flustered and in a panic, not knowing what to do, only that he must make Shangguan Cheng Ya take the elixir.
