Chapter 1161: Who Was Scolding Who?

The one who made a move was actually Wang Xiaoyan which made Huang Lele and Huang Rongjin very surprised; Yang Ming didn't feel strange instead. He knew Wang Xiaoyan's temper clearly. She wouldn't listen to anyone else except for Yang Ming. *Hehe... this chick even wanted to kill me with a dagger previously...*

Li Tianjia screamed and covered his head with his hand because his head already had a big bump! How fierce was Wang Xiaoyan's strength? She was already being polite to him by not splitting up his brain.

"Oh, I'm really sorry. I accidentally shook my hand and dropped the bowl on your head!" Wang Xiaoyan shrugged innocently spoke with the tone that Li Tianjia used. "Okay, we are even now, and you don't have to treat us. I am a generous person. I will forget the bowl of rice you knocked down just now."

If Li Tianjia's previous behavior was still somewhat hypocritical, and it wasn't so obvious; then now, Wang Xiaoyan's actions were blatant.

Previously, Li Tianjia's movements had attracted the attention of diners. Of course, they were scornful of Li Tianjia's behavior. They disliked this arrogant and self-righteous guy. Therefore, at the moment when Wang Xiaoyan made a counterattack, the diners all laughed out loud unanimously, and some people even cheered for her.

Li Tianjia's heart was already angry enough. He thought he could be pretentious in front of Huang Lele, but a little girl who he didn't know just dumped a bowl of chicken rice on his head, and he was being laughed at by the diners. All these made him burst out in an instant!

Yes, the Li Family had recently received forty billion patacas for no reason, and its business was growing. He even wanted to invest in a larger mine in Country X. All these made Li Tianjia's self-confidence extremely inflated, thinking that he was above anyone else!

What's more, the Huang Family who were on the verge of bankruptcy, actually dared to question him. So Li Tianjia pointed to Wang Xiaoyan and shouted, "F*ck your mother, little chick! Do you know who I am? Now I'm giving you an opportunity to apologize to me, and then play with me for one night. Then I will consider that this didn't happen. Otherwise, hehe, I will let you know who the boss in this city is!"

Wang Xiaoyan looked up with a little surprise and looked at Li Tianjia, who suddenly became mad, she frowned and wondered, "Are you stupid?"

"Ha ha ha ha. ..." The diners who ate here were with people with some status. For Li Tianjia's extreme self-conceit, they were a bit scornful. Now that they saw Li Tianjia being insulted by Wang Xiaoyan, they suddenly couldn't refrain from laughing out loud.

Li Tianjia's face was red and white, and the man by him looked very ugly. After all, he was with Li Tianjia. When the others ridiculed Li Tianjia, it was the same as ridiculing him!

This kid was also a prodigal child. When he was young, he did many bad things. He was the kind of person that feared nothing. This time, he couldn't help but smash the table and scream, "Stop f*cking laughing!"

If this were said from Yang Ming's mouth, there was still some majesty and intimidation. But hearing this kid's weird tone, it was a bit amusing! This kid had a croaky voice; his voice was hoarse when he spoke, so it was very weird.

Yang Ming couldn't help but assess this man who came along with Li Tianjia. *What is the identity of this guy? But it seems that he should be a rich young master. Otherwise, he wouldn't be so arrogant.*

Most arrogant people had more or less some capital to be arrogant. But it wasn't that people with capital had to be arrogant, but in the end, people with capital were more arrogant than those without capital.

As long as there were people, there would be differences. Some people who had capital will feel that they were superior to others, such as this one.

"What are you looking at, d*ckhead?" Man with the croaky voice saw Yang Ming assessing him up and down, and he scolded with displeasure immediately.

" Oh , I'm indeed looking at a d*ckhead!" Yang Ming nodded.

" En ?" Man with the croaky voice was astounded looking at Yang Ming and dumbfounded. "Where is the d*ckhead? Whose d*ckhead is exposed?"

The man with the croaky voice made the diners present laughed even crazier. Even Wang Xiaoyan and Huang Lele were blushing, holding their laughter. The man with the croaky voice was inexplicable. He looked at Li Tianjia, baffled. "What are they laughing at? Where is the d*ckhead?"

"He is saying that you are the d*ckhead!" Li Tianjia explained helplessly to the man with the croaky voice. He condemned the man with the croaky voice for having no brain in his head. *What the f*ck? He doesn't even know the person is scolding him. If my family didn't have cooperation in business with his family, I wouldn't have bothered to accompany him to play.*

"You are the f*cking d*ckhead!" The man with the croaky voice glared at Li Tianjia. "Why are you scolding me?"

"I'm not scolding you; he is the one scolding you!" Li Tianjia really wanted to cry. *Isn't this a joke?* Li Tianjia pointed at Yang Ming. "It is he saying that you are a d*ckhead!"

The man with the croaky voice only realized it at this time, and he smacked the table, screaming, "D*mn! You dare to say that I am a d*ckhead?"

"I didn't say that you are a d*ckhead. You asked me what I was looking at. I said that I was looking at a d*ckhead." Yang Ming didn't expect to encounter a simpleton today.

"You were looking at me just now, then what you mean is, I am a d*ckhead?" The man with the croaky voice this time finally understood it.

"I didn't say it; you said it yourself," said Yang Ming.

"Ai?" The man with the croaky voice was stunned, scratching his head. "Ai? It seems like I really said it myself? Why do I swear that I am a d*ckhead? You see my brain... it's messed up..."

Li Tianjia was so angry that he only wanted to scold. *The performance of this guy now is more embarrassing than me just now!* Li Tianjia was utterly speechless. *What is his IQ? As far as his brain is concerned, wouldn't his family business be ruined after he takes over?*

The diners burst into laughter. Li Tianjia couldn't afford to lose his face. He took the man with the croaky voice and fled, but he was swearing in his heart that he must give a lesson to the Huang Family and the unknown man and woman!

"Why are you pulling me, d*ckhead? We aren't dining anymore?" The man with the croaky voice shouted strangely.

"Eat your d*ckhead!" Li Tianjia replied to him agitatedly...

"What are you saying? You want to eat me?" The man with the croaky voice was shocked, asking...

Until the two went out, the diners' laughter continued, adding a lot of amusement to the initially quiet restaurant.

At this time, the waiter brought two bowls of hot Hainan Chicken Rice to Yang Ming's table and served the new chicken rice on the table. "Mister, madam, this is the new chicken rice for you. Our boss said that he will treat! Your conversation just now was too wonderful!"

"Thank your boss." Yang Ming wasn't being too polite. He pushed the chicken rice to Wang Xiaoyan and laughed at the waiter. The waiter said that the boss wanted to treat them, but it was out of kindness. Unlike Li Tianjia just now, who was solely looking down at others. Therefore, Yang Ming didn't refuse the boss' kindness.

"Okay, please enjoy your meal." After the waiter finished speaking, he bowed down and cleaned up the waste on the ground.

"Yang Ming, you don't have to be afraid of that Li Tianjia, but the person beside him..." Huang Rongjin hesitated. He felt that it would be better to remind Yang Ming.

"Who is the man with the croaky voice by him?" Yang Ming asked casually.

"His father is a wealthy local businessman, but he started in the underworld. Now, he also controls the biggest gang, the Blackhawk Gang, in the local area. Therefore, I am afraid they will come to get revenge on you..." Huang Rongjin said, "However, although the Huang Family is now in a downturn, no one dares to provoke us. You and your friend can live at our house. No one will dare to mistreat you!"

"Hehe, it's okay." Wang Xiaoyan smiled carelessly. "If they are willing to trouble me, just come then."

" Oh ?" Wang Xiaoyan's words made Huang Rongjin somewhat surprised. *This girl is actually so bold and calm. She isn't really afraid at all.* "They are underworld people. You..."

"Second Brother Huang, don't worry about her. It's not a problem. Never mind if they are from the underworld... hehe, even more powerful people will be defeated in a few moves by her underlings. If that man with a croaky voice dared to make a fuss, I guarantee he will suffer a loss!"

"So powerful!" Huang Rongjin was very convinced by Yang Ming's words but looked at Wang Xiaoyan's petite figure. *She doesn't look like she can fight, right?*

Because Li Tianjia ruined the atmosphere, they had lost their interest previously. After eating the meal in a hurry, they left the restaurant.

As a result, just as they stepped out from the restaurant, a van stopped by the door. The man with the croaky voice took the lead to jump out from the front seat. When he saw Yang Ming and the others, he immediately shouted, "It is them. They said that I am a d*ckhead!"

The door of the van was pulled open, and several tall and sturdy men jumped off. When they heard the man with the croaky voice, they immediately surrounded Yang Ming.

" Hehe , didn't you say that I am a d*ckhead? I really have to see who is the d*ckhead today!" The man with the croaky voice shouted excitedly, "You guys beat them up badly!"

"Yes! Young master!" A few tall and sturdy men smiled and nodded, then they surrounded Yang Ming and the others.

Huang Rongjin frowned. He didn't expect the man with the croaky voice to dare to fight at the restaurant door in the daytime! *This is too crazy, right?*

"Lele, call the police!" Huang Rongjin was afraid that an accident would happen, so he blocked in front of Huang Lele and spoke to her.

" Oh , okay!" Huang Lele listened to Huang Rongjin's words and quickly took out her phone to call the police.

Chapter 1162: You Come and Touch

B*tch! Give me the phone!" A macho man saw Huang Lele going to make a call, so he reached out, grabbed the mobile phone in Huang Lele's hand and threw it on the ground. The battery fell out, and the phone was smashed into two halves.

It's been a long time since he had got into a street fight. This kind of punk-like fighting style was getting further away from Yang Ming. In Song Jiang, no one dared to challenge Yang Ming, so suddenly, Yang Ming had some novel feelings.

Just as he was about to take a shot, Wang Xiaoyan grabbed his wrist. Yang Ming was surprised, but he heard Wang Xiaoyan say, "Hand it to me?"

Yang Ming immediately understood that Wang Xiaoyan wanted to show her skills in front of Huang Rongjin so that they would feel at ease. Wang Xiaoyan still wanted to stay in a hotel instead of staying in Huang Rongjin's home.

Yang Ming was very grateful for Wang Xiaoyan's good intentions and nodded. He said, "You should be careful."

In fact, these people were really not good enough for Wang Xiaoyan. After Wang Xiaoyan got Yang Ming's approval, she made a lightning shot. First, she punched the macho man who took away Huang Lele's mobile phone in the head. His eyes and nose immediately sagged, and his eyes blurred. He held his face as he screamed on the ground. Then, when several other macho men saw that their accomplice was actually taken down by a little girl, they suddenly felt that their face was lost!

Of course, they didn't think that Wang Xiaoyan had any strength. Seeing that Wang Xiaoyan was little and petite, they felt that she took advantage of a sneak attack! Originally, they did not intend to make a move on a woman. After all, making a move on a woman in the daytime was... But now, Wang Xiaoyan's move gave them plenty of reasons to do so!

Moreover, although Wang Xiaoyan was petite, her figure was really good, and her face was also very beautiful. These macho men were not good people at all. This time she gave them a justified and favorable opportunity, so how could they not take advantage?

"B*tch, originally we didn't want to make a move on you, but you started it first. Then don't blame me for being rude!" A rather wretched guy stood out with a smirk. "Now I can only single you out."

" Oh

? Then you come!" Wang Xiaoyan smiled charmingly as she looked at the wretched macho man in front of her.

The wretched macho man was a little bit hyperactive. At this time, his bones suddenly became limp when he saw Wang Xiaoyan smiling. His eyes opened wide, and saliva flowed out. " Ai ? Brothers? Did you hear? This girl is pretty flirty. She told me to come."

"Then you should go quickly!" The remaining two macho men who did not fall to the ground began to urge him after they heard it. They didn't think that Wang Xiaoyan was so powerful. It was probably just a sneak attack that hit the hapless man to the ground!

Yang Ming naturally knew that Wang Xiaoyan was not flirting... In general, Wang Xiaoyan was really flirting by showing this smile only to himself... For others, it meant that the person was about to die...

And these few guys still didn't know.

"Wait. Let me go!" The man with the croaky voice waved his hand and volunteered himself. "You go to deal with the others. Leave this girl to me."

Although the wretched macho man was somewhat reluctant, since the young master had spoken up, they couldn't help but obey. So he had to say, "Okay, Young Master, then I'll leave the girl to you! We will deal with the others!"

However, although these people said so, their eyes were staring at the man with the croaky voice. They wanted to see how he messed with Wang Xiaoyan so that they could watch a good show.

"I say, b*tch, do you know who I am?" The man with the croaky voice had three macho men beside him, so he had some confidence. He asked arrogantly.

"You... aren't you that thing?" Wang Xiaoyan said with a smile.

"That thing? What thing?" The man with the croaky voice was stunned, and he was somewhat inexplicable.

"She says you are a d*ckhead!" Huang Rongjin couldn't help but reply to him at this time. It was too funny, so he simply let go. Since he had already got into trouble, he had to face it bravely instead of escaping. Although the Huang Family was now in a downturn, they were not fearful people!

"D*ckhead? F*ck, are you scolding me?" The man with the croaky voice finally reacted and glared at Wang Xiaoyan. "Well, I'll let you taste my d*ckhead. B*tch, you are dead today!"

"Your response is so slow!" Wang Xiaoyan was too lazy to talk to this ill-conceived silly thing. She reached out and dug in her pocket. She planned to use the dagger to solve the battle quickly. It was not meaningful to dawdle here. What Wang Xiaoyan wanted to show was that she had the ability to protect herself. She had no other intention.

"What are you looking for in your pocket?" It was rare for the man with the croaky voice to have such acute insight. He saw Wang Xiaoyan digging for something in her pocket, so he asked quickly.

However, this was also due to his sinister eyes focusing his gaze on Wang Xiaoyan's lower body...

"Nothing... or else, you come and touch?" Wang Xiaoyan smiled and said to the man with the croaky voice.

When the man with the croaky voice heard Wang Xiaoyan's words, he immediately became happy. He called out with his uniquely strange voice, "Ai ? Did you hear it? She told me to touch? It is she who allowed it!"

"Hey, when the Young Master makes a move, it is very easy. Everyone look; this girl is hooked immediately!" The wretched macho man charmingly flattered, and then looked at Yang Ming and the others very disdainfully. " *Hmph* , over here, our young master has strength. Even the girls could clearly differentiate it. You dare to provoke our young master. You are simply tired of living!"

Yang Ming naturally knew that Wang Xiaoyan wouldn't let the man with the croaky voice touch her, and this man with the croaky voice had really bad luck! Wanting to mess with Wang Xiaoyan? How could it be so easy?

Think about himself, wasn't he nearly killed by Wang Xiaoyan? Luckily his skill was better than hers. Otherwise, he might have turned into a wraith by now.

The man with the croaky voice smiled and walked to Wang Xiaoyan. "B*tch, you are sensible. *Hehe*, if I am satisfied, then I will let you go, and let you be my little lover. I can let you eat and drink for free here!"

Meanwhile, the hand of the man with the croaky voice went in the direction of Wang Xiaoyan...

"*Oh ...*" A startling scream was heard. The man with the croaky voice did not have a croaky voice anymore, but it became exceptionally sharp! In his hand was a dagger made of glass!

It was stabbed from the back of the hand and pierced through his palm. The fresh blood was flowing down from the transparent glass dagger. In the sunlight, the peculiar strange color was fascinating.

The man with the croaky voice was actually a weakling. There were bodyguards beside him since he was a child. Whatever he wanted to do, he could directly order his men to do it. Although he looked prodigal, he had never been in a fight, let alone being injured. When the dagger pierced his hand, the man with the croaky voice only felt that he was going to die. He never felt so much pain before!

"*Oh ...*" The man with the croaky voice screamed and screamed. "Kill them for me! Kill them!"

Wang Xiaoyan's hand lightly stroked, and the dagger was withdrawn from the palm of the man with the croaky voice. His blood flew through the air, but Wang Xiaoyan's clothes were not even stained by it.

The remaining three macho men saw that the man with the croaky voice was injured, so they were suddenly shocked! They dared not to underestimate Wang Xiaoyan, and rushed directly to Wang Xiaoyan, wanting to get rid of this tricky trouble together!

In their view, among Yang Ming's group, only Wang Xiaoyan had skills. Otherwise, why were the two men not attacking, and they let a girl attack?

So in this way, these people took Wang Xiaoyan as their main target. However, what they didn't expect was that they were subdued within a move by Wang Xiaoyan. They laid on the ground, screaming.

Although Wang Xiaoyan did not kill them directly, the assassins emphasized a fatal attack. Under Wang Xiaoyan's move, these people obviously had no fighting power. This was already mercy.

Yang Ming knew that Wang Xiaoyan was not afraid of bringing trouble to the Huang Family. These people were now dead bodies. She and her current identity were forged by Old Buffon, so even if she killed a person and fled, no one would come and pursue them. The clue could only lead to Old Buffon and end there.

No one dared to continue the investigation on Old Buffon.

The man with the croaky voice was so scared by Wang Xiaoyan's fierceness that he forgot the pain of the injury. He ran to the car on the roadside. He was afraid that Wang Xiaoyan would go over and kill him!

Wang Xiaoyan did not intend to do anything to these people. Otherwise, they would be dead long ago. She just let them run to the car and leave in a panic.

"Yanyan, you are so powerful!" Huang Lele was stunned by Wang Xiaoyan's fierce skill. "When you are free, can you teach me?"

"Of course, but isn't it better to let Yang Ming teach you? He is better than me." Because Wang Xiaoyan knew Huang Lele, and it was rare to have a woman close to her, Wang Xiaoyan naturally did not treat Huang Lele coldly.

As she had been with Yang Ming for a long time and the status of the assassin group was getting higher and higher, Wang Xiaoyan naturally thought about the future of her and Yang Ming. She naturally knew what kind of person Yang Ming was, and she understood the feelings Yang Ming had toward Chen Mengyan and others. In this way, it seemed that she alone was not as strong. Obviously, Yang Ming's other women were very united, only she was an exception. So when Huang Lele became close to her, Wang Xiaoyan naturally smiled back.

"He? He won't teach me! He doesn't even teach me to play games!" Huang Lele pursed her lips and said with some grievances.

"Hehe, really?" Wang Xiaoyan smiled. "I know his weakness. I will teach you next time. I guarantee that he will listen to whatever you say."

"Really?" Huang Lele was surprised. "So, can you tell me now? Okay? Yanyan!"

Chapter 1163: My Words Are Evidence

In fact, Huang Rongjin also vaguely guessed the relationship between Yang Ming and Wang Xiaoyan after Yang Ming got off the plane. After all, Yang Ming was surrounded by beautiful women in Song Jiang. Moreover, there was always an ambiguous feeling between Wang Xiaoyan and Yang Ming.

Therefore, Huang Rongjin confirmed that Yang Ming and Wang Xiaoyan had an unusual relationship. Now, seeing Wang Xiaoyan and Huang Lele talk about Yang Ming, he was more certain deep down in his heart.

But, he did not stop anything. After all, happiness was Lele's own choice. It was actual happiness if she thought so. What others said was the matter of the others.

"En, now Yang Ming is on the side, it is inappropriate to discuss. When there are only the two of us, we'll speak again." Wang Xiaoyan was actually scrupulous with Huang Rongjin by the side, so she could not say certain words.

"Well, when there is no one else, you can tell me!" Huang Lele nodded.

The man with the croaky voice alongside his companions had all run away. The spectators around them cheered! This was a heroic age. No one wanted to see good people being bullied by evil forces.

Therefore, when Wang Xiaoyan defeated the evil forces as a girl, the people present were relieved and felt elated!

Until Wang Xiaoyan got in the car, crowds of people were watching and screaming at the back of the vehicle.

"Luckily, there are no news reporters, or you will be famous from tomorrow onward, Yanyan!" Huang Lele and Wang Xiaoyan were familiar with each other. She sat with Wang Xiaoyan while Yang Ming sat at the front seat side by side with Huang Rongjin.

"Hehe, I don't want to be famous. If I were photographed, I must take the memory card in their camera!" Wang Xiaoyan told the truth; she didn't want to be famous.

"It seems that the two of them enjoyed chatting with each other." Huang Rongjin smiled and said to Yang Ming. His expression was somewhat mysterious and elusive.

Yang Ming naturally heard Huang Rongjin's implied meaning. He did not deliberately conceal anything. "It is best that they can get along well."

"Don't let Lele suffer the short end in the future." Huang Rongjin shrugged and sighed.

"She has a good friendship with Yanyan. Yanyan will protect her. Who can make her suffer the short end?" Yang Ming couldn't help but tease.

"That is true!" Thinking about Wang Xiaoyan's outstanding skill, only Yang Ming could deal with her!

Although the Huang Family was now in jeopardy, it also had its peak. As a former Singapore blue blood, the Huang Family villa was still very dignified. From the appearance of the villa, one could see the glory of the Huang Family.

The car drove into the compound of the villa and parked in the underground parking lot. Huang Rongjin, Yang Ming, Huang Lele, and Wang Xiaoya got off. They came to the door of the villa through the special elevator of the parking lot.

Huang Rongjin rang the doorbell of the villa. Soon, someone came over and opened the door. However, what made Huang Rongjin slightly baffled was that the person opening the door was actually not a maid, but his elder brother, Huang Rongtian!

"This should be Yang Ming mentioned by Little Sister!" Huang Rongtian politely extended his hand to Yang Ming. From this point, it could be seen that the entire Huang Family still attached great importance to Yang Ming.

"Hello!" Yang Ming smiled and reached out and responded to Huang Rongtian. He shook his hand. "I am Yang Ming, Lele's boyfriend."

"Welcome!" Huang Rongtian smiled. "My father is in the living room, waiting for you."

It could be said that Yang Ming's impression of Huang Lele's family was very poor, except for Huang Rongjin. His opinion was worse especially for Huang Xiaofei, the father of Huang Lele. Undeniably, this series of events was created by him.

However, in the end, he was still Huang Lele's father. When they were in the car, Huang Rongjin also said that his father also regretted it. When he invested in the gold mine, he was hot-headed!

Yang Ming could still forgive a senior being hot-headed and would never haggle with him. Because they would be a family afterward, Yang Ming did not want to be too petty-minded.

Therefore, at this moment, Yang Ming's mentality was peaceful. Hearing Huang Xiaofei was waiting for him in the living room, he smiled and said, "I didn't expect to have Uncle Huang waiting for me. I have delayed some time on the journey!"

Seeing Yang Ming being very easygoing, Huang Rongtian's heart was relieved. After all, his father strongly opposed Huang Lele and Yang Ming to be in a relationship. He even used Yang Ming's forty billion patacas for Huang Lele to invest in the gold mine. In the end, he was scammed by the Li Family.

Previously, Huang Rongtian envisioned that Yang Ming's meeting with his father would be a scene of tit-for-tat and arrogance. However, it seemed that Yang Ming's tolerance was much greater than expected.

In fact, Yang Ming's tolerance depended on the person. For Huang Xiaofei, Yang Ming felt that there was no need to bicker with him. You could not bicker with an old man, especially Huang Lele's father.

However, if it were Yang Ming's enemy, then it would probably not end well, such as the Li Family.

Yang Ming changed into slippers and followed Huang Rongtian into the villa together. He came to the living room and saw an old man who was out of spirit, sitting on the sofa and reading the newspaper.

It was noticeable from his mottled white hair that he had aged.

After hearing the sound of Yang Ming and others entering the living room, the old man put down the newspaper in his hand and stood up. He was no longer the president who was arrogant in the past. He was just an ordinary old man, an old man at the last stage of his life.

The Huang Family's business was in jeopardy, facing either acquisition or bankruptcy. There were only two ways to go about it! However, huge bank liabilities were making it difficult to attract investment companies to invest in the Huang Family Group!

This was a business that only bore losses. No one would be so stupid and spend money to buy a group that was on the verge of bankruptcy.

Therefore, Huang Xiaofei did not have the domineering spirit from the past. At this moment, he was more like a quiet old man at home. He was kind and amiable.

"Yang Ming, you are here! Welcome to Singapore!" Huang Xiaofei stood up and smiled very amiably at Yang Ming.

This was quite unexpected for Yang Ming. Huang Xiaofei without the arrogance was friendly.

"Uncle Huang, hello." Yang Ming said with a smile. It seemed that Singapore was inclined toward the address of uncle [1].

"Rongtian, summon the maid to serve the tea. Yang Ming, Lele, please sit... this is...?" Huang Xiaofei's eyes stayed on Wang Xiaoyan and asked with some doubts.

"This is a partner of Yang Ming. She came to Singapore to play. She will stay at our house for a while, then she will go to a hotel..." Huang Lele said with some regret. After Wang Mei left, she did not have a good friend who she could talk to. She could finally have a good chat with Wang Xiaoyan, but they had to be separated.

" Oh ? Then stay at home. There are a lot of rooms available in the villa!" Huang Xiaofei quickly said, "Why do you have to go to the hotel!?"

"Thank you, Uncle Huang. I like the feeling of being alone. Besides, I am afraid that it will affect everyone. My travel time is not fixed!" Wang Xiaoyan explained with a smile.

"If that is the case, then okay!" When Huang Xiaofei saw that Wang Xiaoyan insisted on staying at the hotel alone, it couldn't be helped. He could only say, "Rongjin, you are responsible for contacting a better nearby hotel to reserve a room."

"Okay, I got it." Huang Rongjin nodded and responded.

"Yang Ming... Uncle... needs to apologize to you..." Huang Xiaofei had thought about it for a while before talking to Yang Ming about it. However, this matter was a knot in his heart. He could not chat about anything else with Yang Ming. He felt depressed as long as he did not say it!

Before this, he instructed Huang Lele and Huang Rongjin not to tell Yang Ming that the forty billion patacas were scammed. He wanted to explain it to Yang Ming. Therefore, Huang Lele and Huang Rongjin did not mention anything about the money before this.

"You want to apologize to me?" Yang Ming said a little surprised, "Where does this come from? You don't know much about me. If you don't want Lele to be with me, it's also a normal thought from parents. It's human nature, so I can understand that. I don't have any opinion of you. What's more, isn't it good now?"

"No, what I meant is not about this matter!" Huang Xiaofei sighed, "Yang Ming, you gave Lele forty billion patacas..."

"Yeah, that's right." Yang Ming glanced at Huang Lele and nodded. *Could it be that Huang Xiaofei saw that I had money and agreed to let me have a relationship with Huang Lele?*

"This money... Ai , I took it away..." Huang Xiaofei lowered his head in self-blame. "It is all my fault for being tempted! Li Zhichun said that he had a way to reacquire the gold mine and I gave them the money, but... I found out later that they lied to me. However, I have no evidence at all here... The money is gone..."

" Oh ? There is such a twist and turn of events?" Yang Ming frowned after listening. He just wanted to scam the Li Family, but now, it seemed that the Li Family's wrongdoings did not stop there. *They actually dared to scam the money I gave to Huang Lele? They really overestimate themselves...*

"So, I am here to apologize to you solemnly... It is all my fault..." Huang Xiaofei said sincerely, "I hope you don't vent your anger at Lele. I lied to her... I told her I would use this money to save the company..."

" Hehe , it is just forty billion patacas!" Yang Ming waved his hand, "However, it is simple to get the money back. There is no need for evidence at all!"

"No evidence? How will you get the money?" Huang Xiaofei said, "The court will not help us with the money without evidence!"

" Hehe , of course, you need evidence in Singapore." Yang Ming smiled and said. "But, when it comes to Country X, it's not up to what they say. There is no need for evidence at all!"

Yang Ming still had something to say. His words were the evidence! Indeed, in Country X, even General Kars must speak to Yang Ming humbly, let alone Li Zhichun!

Therefore, as long as Li Zhichun dared to step in Country X, his life and death were entirely in Yang Ming's hands.

Chapter 1164: Let's Just Wait until It's Night

"No need for evidence?" Huang Xiaofei was shocked. "Yang Ming, are you going to Country X to fight this lawsuit?"

"Hehe ..." Yang Ming smiled. He didn't know how to explain it. Could he say that Country X belonged to him?

When Yang Ming hesitated, Huang Xiaofei sighed slightly. "In Country X, the war-torn country with imperfect laws, don't people who have a stronger backer have the say? You know, Li Zhichun and General Kars have a good relationship. If we were looking for General Kars, I am afraid it will be useless."

"He is familiar with General Kars? However, my relationship with General Kars is not ordinary, either." Yang Ming waved his hand. "Uncle Huang, you can rest assured that I won't do things that I'm not certain of! This time, not only will I let you get back the gold mine, but I will also make that Li Zhichun suffer!"

"Oh?" Huang Xiaofei was immediately stunned, listening to Yang Ming's words. "You know General Kars too?"

"Of course, I know him all along." Yang Ming smiled. "So, you don't have to worry about this. After I reach Country X, Li Zhichun won't have a say."

Huang Xiaofei's face suddenly showed a surprised expression! What he never expected was that Yang Ming actually knew General Kars! Moreover, he also wanted to help him get back the gold mine!

If this were the case, then wouldn't the Huang Family survive this disaster safely? Before Yang Ming came, Huang Xiaofei did not think so much. The best result he thought of was that Yang Ming would not bother about the forty million patacas and not pursue Huang Lele's responsibility. The Huang Family's company would file for bankruptcy, and then the family would live a quiet life.

However, now, Yang Ming's words suddenly made Huang Xiaofei's blood boil and let him see hope again! This young man, who he looked down upon, had an extraordinary power instead!

Huang Xiaofei couldn't figure out how a person from the mainland could have a relationship with General Kars of Country X in North Africa. If Country X was a normal country, it could be said that Yang Ming might be able to know some politicians through his friends. But Country X was a war-torn country. The provisional government would be replaced intermittently, and General Kars seemed to be in power for less than a year, right?

Therefore, for Yang Ming to know General Kars, Huang Xiaofei was still very baffled.

"You... can you really speak to General Kars?" Huang Xiaofei asked with some hesitation.

"Of course, he will still listen to my words." Yang Ming smiled and promised. Of course, Yang Ming didn't speak in detail. That was, General Kars must obey his words.

"Then... the forty billion patacas scammed by Li Zhichun, can you take it back?" Huang Xiaofei's heart suddenly became alive again. People were always like this. Once they got something, they would ask for more!

Just like now, Yang Ming said that he could help him get back the gold mine, then Huang Xiaofei wanted more... So, he thought of the forty billion patacas that were scammed by Li Zhichun!

"Of course, as long as Li Zhichun and his son went to Country X, they won't be able to come back to China if they don't spit out the money!" Yang Ming said with a sullen smile.

"Even if they spit out the money, don't let them come back to China!" Huang Lele was furious as she spoke.

Yang Ming turned his head and saw Huang Lele's indignant expression.

"Lele, what's wrong with you?" Yang Ming was a little amused. Why was Huang Lele so agitated when Huang Xiaofei and Yang Ming talked about the Li Family?

"He... they insulted my dad and me!" Huang Lele was mad at Li Tianjia and Li Zhichun.

"Well, then I will listen to you to have them stay there and not come back." Yang Ming nodded and said.

"Okay, then it is decided!" Huang Lele only revealed a smile.

"Sha?"

Huang Xiaofei, Huang Rongtian, Huang Rongjin all widened their eyes and dropped their jaws. *Yang Ming and Huang Lele are too overbearing. They decided the life and death of Li Zhichun and his son in just a few words!*

Huang Xiaofei even had some doubts. *Is this Yang Ming really so powerful, or is he bragging? Could it be that he is bullsh*tting Huang Lele to amuse her?*

But it didn't look like it. Seeing Yang Ming's behavior, he didn't seem to be joking. Moreover, this kind of joke was easy to be debunked. At that time, Yang Ming would lose his face. This kind of lie was really not necessary!

However, since Yang Ming said that he knew General Kars and their personal relationship was very good, then Huang Xiaofei would believe in it. However, the personal relationship between Li Zhichun and General Kars was also very good. Would General Kars damage the interests of another friend for a friend?

Of course, Huang Xiaofei did not know how good Li Zhichun and General Kars were, but from Li Zhichun's description, General Kars was willing to let them use the gold mine for free without paying the rent. They should have a very good relationship!

Therefore, Huang Xiaofei and the others were skeptical when Yang Ming said that he would keep Li Zhichun and his son in Country X; they weren't as certain as Huang Lele.

However, it was very good to be able to get back the gold mine. It was even better to get back the forty billion patacas. Whether Li Zhichun and his son could get the corresponding punishment, Huang Xiaofei didn't care as much.

"Brother Yang, do you really have a solid relationship with General Kars?" Before the meal, Huang Rongjin came to Yang Ming's room, tapped his shoulder, and asked.

Huang Xiaofei and Huang Rongtian went to discuss the retrieval of the gold mine. Wang Xiaoyan originally planned to leave immediately, but Huang Lele insisted that she have dinner before leaving, so Wang Xiaoyan went to Huang Lele's room to chat.

"When did I lie to you?" Yang Ming smiled. "Why you don't believe me?"

"No, I'm not!" Huang Rongjin shook his head. Indeed, in Song Jiang, Yang Ming told him that he could find Yang Ming if he had any issues. Huang Rongjin thought that Yang Ming only boasted, but later he discovered that it was not the case. In his opinion, for things that were very difficult for him, Yang Ming only needed a phone call to command, and then his people would get it done.

But Song Jiang wasn't the same as Country X after all. It was a place where Yang Ming was born and raised. It was normal to have the power there, but Country X...

"*Hehe*, won't you know whether my relationship with him is good or not when you get there? Just don't be too surprised at that time!" Yang Ming smiled and patted Huang Rongjin's shoulder.

"*En*, I believe in you!" Huang Rongjin finally chose to believe Yang Ming. After all, he knew Yang Ming for a long time. Yang Ming didn't need to boast in front of him.

"*Hehe*, you are not as good as Lele. She will believe me unconditionally." Yang Ming laughed and teased.

"Can that be the same? She is your wife; she follows the man she is married to. Of course, she will listen to whatever you say!" Huang Rongjin rolled his eyes and said somewhat helplessly, "Right, brother. To be honest, is Wang Xiaoyan also your...?"

"What?" Yang Ming shrugged and asked.

"What are you saying? Don't pretend and say that you don't know." Huang Rongjin curled his lips and grinned.

"Well, I admit that she is." Yang Ming said very vaguely, but Yang Ming believed that Huang Rongjin should be able to understand what he was saying.

"*Hehe*, she isn't really an ordinary person. Her skill..." When Huang Rongjin thought of Wang Xiaoyan teaching the man with the croaky voice a lesson today, he couldn't help but have a cold chill. *It is really a miracle for this overbearing chick to be docile beside Yang Ming.*

What was rare was that Wang Xiaoyan took the initiative to be kind to Huang Lele, which appeased Huang Rongjin's worry. For such a formidable chick to be in Yang Ming's family, he was really afraid of Huang Lele being bullied.

It seemed that now that his worry was superfluous. Wang Xiaoyan's character was quite easy-going. She would only be ruthless to her enemy, but she was kind to her own people.

"Hehe ..." For Huang Rongjin's words, Yang Ming could only smile bitterly.

At the same time, in Huang Lele's room.

"Yanyan, you just told me there are ways to make Yang Ming obedient, but you haven't told me yet. Can you tell me now?" Huang Lele was in a hurry. She didn't want Wang Xiaoyan to leave immediately, probably because of this reason. However, the most important thing was that Huang Lele didn't have many friends. It was quite good to have Wang Xiaoyan to accompany her.

"This ah ..." Wang Xiaoyan's smile became a bit strange. She used an enigmatic gaze to assess Huang Lele a little, and then got closer to her ear and said, "If you want him to listen to you, you just..."

"Ah!" After listening to Wang Xiaoyan's words, Huang Lele suddenly blushed and looked at Wang Xiaoyan with a shocked expression. "Yanyan... What are you talking about... besides, how do you know?"

"Hehe, you tell me how I would know." Wang Xiaoyan said with a smile.

"Ah – you and Yang Ming also..." Huang Lele was not stupid, although she was naive, she still understood some things. When she heard what Wang Xiaoyan said at the moment, Huang Lele also understood the relationship between Wang Xiaoyan and Yang Ming.

"En." Wang Xiaoyan nodded. "Will you have any opinion about me?"

"Opinion? Why will I have any opinion?" Huang Lele was baffled looking at Wang Xiaoyan. She did not understand what Wang Xiaoyan meant.

"Are you not afraid that I will steal Yang Ming from you?" Wang Xiaoyan looked at Huang Lele and asked with a smile.

"Why do you want to steal? Isn't it good if we are with him?" Huang Lele was still very surprised why Wang Xiaoyan would ask this.

"..." Wang Xiaoyan was utterly speechless this time. It seemed that Huang Lele's thought was straightforward, but it was also good this way. She didn't have any bad intentions. Wang Xiaoyan didn't have to guard against anything when Huang Lele was with her.

"What's wrong, Yanyan? Am I right?" Seeing that Wang Xiaoyan's expression was a bit strange, Huang Lele asked puzzled.

"Nothing. You are right..." Wang Xiaoyan nodded. "Alright, I have told you everything. Don't you want to try it?"

"Ah? Try? Now?" Huang Lele was astounded. "Let's just wait until it's night... How can I try now...? Big Brother and Second Brother will make fun of me..."

At the same time, two black minivans were heading toward the Huang Family's villa... The person in the vehicle was the man with a croaky voice...

Chapter 1165: Calling at the Door

The man with the croaky voice covered his hand and went to the hospital for treatment. Fortunately, his bones were not hurt. Although it was painful, it did not affect the normal function of his palm in the future.

But even then, he was still not reconciled. When he returned home, he found Black Bear, one of his father's Four Guardians. The man with the croaky voice wanted Black Bear to avenge himself.

Black Bear watched the man with the croaky voice grow up, so he spoiled the man with the croaky voice very much. When he heard that the man with the croaky voice was bullied and his palm was pierced, Black Bear immediately banged the table in anger. "Who f*cking did this? Tell me; I will peel his skin away!"

When the man with the croaky voice heard that Black Bear was going to avenge him, he quickly said, "It is the Huang Family and several of their guests! They pierced my palm!"

"Huang Family? Which Huang Family?" asked Black Bear, baffled.

"It is that Huang Rongjin, son of Huang Xiaofei!" explained the man with the croaky voice.

"Oh?" Black Bear frowned after hearing the name of Huang Rongjin! He could be one of the Four Guardians not only because of his brute force but also because of his intelligence!

Mixing in the underworld, no one was a fool. The result of being a fool was to be killed. Therefore, Brother Black Bear also was clear about who could be touched unscrupulously, and who couldn't simply be touched.

The Huang Family was represented by Huang Xiaofei. Although they were in trouble now, and there were rumors that they were cheated by the Li Family, at least, Huang Xiaofei was still a famous family. They were not considered small celebrities.

Although there may be some loss of power now, if I am to make a move on him, it will be difficult not to be discovered by reporters. It will become a headline, and public opinion will cause me to become passive.

"Uncle Black Bear, let's bring people to smash their home now!" said the man with the croaky voice, ready to attack.

"I have to discuss this matter with the Master first. The people in the Huang Family are now in the sensitive limelight. Although there is no power, if we attack them, it is likely that we will likely get a lot of trouble!" Black Bear frowned and said.

" Ah ... that means you can't make a move on them? Then the wound in my hand will be in vain?" The man with the croaky voice suddenly got a little emotional. "Uncle Black Bear, you watched me grow up. How can you not care for me?"

"It's not that I don't care about you..." Black Bear sighed and said, "What about this? I will discuss it with the Master and see if there is a safer solution!"

"Okay..." The man with the croaky voice could only accept it helplessly. The small punks that he brought with him were obviously not their opponents, so he could only rely on Uncle Black Bear.

If Uncle Black Bear did not help, it was no longer useful for him to bring a group of small punks.

Black Bear was also very eager to avenge the man with the croaky voice. He was thirty years old, had not married, and mingled in the underworld. He was afraid of implicating his family if his family was formed, so he had no children so far. He always took care of the man with the croaky voice as his own child, and was even more loving than the father of the man with the croaky voice!

Black Bear came to his Master's office and knocked on the door. There was a voice from the old man, Zhang Jingyao, "Please come in!"

"Master, it is me!" Black Bear walked into the office and sat down on the sofa. He followed the father of the man with the croaky voice, Zhang Jingyao, from the age of ten. The friendship between them was very deep, so in front of the Master, he did not appear to be restrained.

" En , it's Black Bear. Is there something the matter?" Zhang Jingyao put down his work and asked.

With the development of the times, the underworld became tough to manage. At the very least, it was not as blatant as the past in making money. Therefore, the underworld of many developed countries had begun to transform. Zhang Jingyao recently looked into the investment of a formal business; the underworld business was also in a slow, stable period.

The subject of cooperation was Li Zhichun who was currently in the limelight! There was a lot of black money in the hands of Zhang Jingyao, but having to use it in formal businesses was a problem.

The Li Family, who had many assets and industries, was his best partner. It was Zhang Jingyao who had his son, Zhang Xiaonao, the man with the croaky voice, establish a good relationship with Li Tianjia.

"The young master was beaten, and his palm was pierced!" said Black Bear with a serious face.

"What?" Zhang Jingyao usually did not care about Zhang Xiaonao, but it did not mean that Zhang Jinyao did not love him. It was just because there were too many things in the business. He was too busy, so he could not handle it.

At this moment, he heard that Zhang Xiaonao was beaten, and his palm was pierced. He suddenly became angry, "Who did it?"

"According to Young Master, it is the Huang Family, Huang Xiaofei's son, Huang Rongjin, and a few of his friends," Black Bear said truthfully.

"Is Xiaonao alright?" asked Zhang Jingyao.

"He's okay; his bones and muscles are not hurt. It's already bandaged. He is in the lounge downstairs," said Black Bear.

Zhang Jingyao breathed a sigh of relief, then he said, "This kid causes me trouble! Hmph! Tell me about the situation!"

"The story is like this. At that time, the Young Master was going to eat chicken rice with the Li Family's Big Young Master, Li Tianjia, but Li Tianjia saw that Huang Rongjin and several of his friends were also eating, so he couldn't help but be sarcastic. The result was that a bowl of chicken rice was smashed on his head by Huang Rongjin's friend. The Young Master tried to please Li Tianjia, so he found a few people to help him vent his anger!

He didn't expect Huang Rongjin's friends to be hardcore characters. Never mind beating up our men; they also hurt the Young Master... So, Master, I don't think this thing could be blamed on the Young Master; it has nothing to do with the Young Master!"

"How does this have nothing to do with him? If he didn't look for trouble, would they have hurt him?" Zhang Jingyao snorted.

"Master, although you are the master, because of Xiaonao's matters, I have to refute!" Black Bear said, "Young master pleased Li Tianjia for the development of our gang, or else, why would the young master want to please others with his temper?"

In fact, Black Bear was also making an excuse for Zhang Xiaonao! He also understood that Zhang Xiaonao did not go to please Li Tianjia, but wanted to show off his ability in front of Li Tianjia, to show that a phone call could call many people to avenge him.

However, Black Bear naturally couldn't say these words to Zhang Jingyao.

"Oh?" Zhang Jingyao remembered that he did ask his son to get close to Li Tianjia. If according to Black Bear, this was really the matter, then he was not so angry anymore. After all, his son was also thinking for the family business!

"En, I misunderstood Xiaonao." Zhang Jingyao nodded. "I didn't expect the Huang Family to be like this. They still dare to be so arrogant; they really are courting death!"

"Master, what should we do now? Xiaonao's injury can't be in vain, right?" asked Black Bear.

"It's impossible for it to be in vain!" Zhang Jingyao waved his hand. "However, now is the most important period for our transformation. At this time, it is not good to cause trouble! It'll be worse if it is reported in the media!"

Black Bear also understood that what Zhang Jingyao said was very reasonable. Now was not the best time to cause trouble.

"Let's do it this way." Zhang Jingyao hesitated and made a decision, "You and Xiaonao go to the Huang Family, and invite the person who hurt Xiaonao to come out and tell him that we will challenge him! If he dares not to fight, then all the consequences will be at his own risk!"

"Challenge? Master, you mean that we will send out a person and have a one-on-one duel with him?" Black Bear thought, *This is a good way!*

"Yes, Black Bear, are you confident of it?" Zhang Jingyao looked at Black Bear.

"Of course!" Black Bear nodded. One should know that he was the God of War, one of the Four Guardians of Zhang Jingyao. He had been fighting for twenty years. In the first ten years, people still dared to challenge him. However, in the next ten years, no one dared to challenge him anymore!

Because the people who challenged him before were either dead or disabled, why would the later people dare to challenge him?

"Okay, after a while, you will take Xiaonao to the Huang Family to talk about the challenge!" Zhang Jingyao instructed, "In this way, others can't say that we are bullying. It can only be said that their skills are not as good!"

Black Bear nodded. This was a fair way. Black Bear also knew that even if the Huang Family did not dare to accept the fight, the consequences were just to scare the Huang Family.

At least, in the near future, they would be afraid to make any radical moves. Therefore, if the Huang Family wouldn't accept the fight, they must first swallow this anger and then retaliate when another opportunity arrived.

So, the previous scene would only happen because of that.

Two commercial vehicles were parked at the door of the Huang Family's villa. In fact, the people in the vans did not have any powerful roles other than Black Bear. Bringing these people here was nothing but to create momentum and to scare the Huang Family.

Black Bear took the lead to get off, and with Zhang Xiaonao, he banged on the door of the Huang Family's villa. Although there was a doorbell, Black Bear felt that banging on the door was more powerful. Pressing the doorbell was something that polite people did. He was not a polite person!

"*Bang bang bang!*" Under Black Bear's palm, the iron gate of the villa slammed, and it created a muffled sound. Then, the harsh alarm sounded. The villa's yard was equipped with an anti-theft system. With a great force like Black Bear's bang, the anti-theft system thought a thief was trying to break down the door.

A servant of the Huang Family was shocked and rushed out to check, but he saw a group of fierce people standing at the door and banging it.

"You... who are you? What are you going to do?" The Huang Family's servant asked nervously.

"Call Huang Rongjin out!" Black Bear's thick voice resounded in the servant's eardrum.

"Why are you looking for the Second Young Master..." The servant asked carefully.

"How come you talk so much? Hurry up and find Huang Rongjin. Otherwise, I will not be polite!" Black Bear banged the iron gate again. "I can go in myself."

"Okay... I will inform the Second Young Master..." The servant ran back to the villa and carefully closed the door of the villa.

"A group of cowards!" Black Bear smugly hummed.

Huang Rongjin was chatting with Yang Ming, but the servant ran over, panting. "Second Young Master, it's not good. A group of fierce people is looking for you at the door!"

Chapter 1166: Do Whatever I Say

"Who is it?" Huang Rongjin also faintly felt that things were a little bad. It could probably be Zhang Xiaonao and others that they offended before.

"I don't know, but he is not a good person at first glance..." The servant said, "Second Young Master, do you need to make a police report?"

"I will go out and have a look first!" Huang Rongjin said as he waved his hand.

"I will accompany you." Yang Ming stood up and patted Huang Rongjin's shoulder.

Huang Rongjin nodded and went out with Yang Ming. The servant was somewhat uneasy. "Do you need me to inform the master?"

"No need!" Huang Rongjin said, "It is nothing big."

Yang Ming and Huang Rongjin went out of the villa together, and sure enough, what they saw was the man with the croaky voice standing outside. A burly man stood beside him who looked fierce, unlike a good person.

"Uncle Black Bear, it is him, this kid, but there is another woman! It is the woman who stabbed me!" When Zhang Xiaonao saw Yang Ming come out, he shouted.

"Woman?" Black Bear suddenly frowned. *How come it is a woman? I came here to challenge. If the challenger is a woman and when it is spread out, wouldn't it make people laugh at me terribly?*

"Where is the girl? Tell her to come out!" With Black Bear's support, naturally, Zhang Xiaonao and the group were not afraid of Yang Ming. They pointed at Yang Ming arrogantly.

"Oh, what do you want from her? It is the same as speaking to me." Yang Ming naturally knew Zhang Xiaonao was looking for trouble. He probably was looking for Wang Xiaoyan for revenge.

"Who the hell are you? Let the woman come out to speak!" Zhang Xiaonao was pierced by Wang Xiaoyan. He was resentful; why would he let her go?

"Fine. Don't blame me for not reminding you. If you look for me, maybe we can solve it peacefully, but if you look for her, then you can only solve it violently. This time, the part you will be getting hurt will be more than just a palm..." Yang Ming looked at Zhang Xiaonao in pity.

"Ha! Don't talk nonsense. You want to solve it peacefully. Aren't you dreaming?" Zhang Xiaonao thought that Yang Ming was timid; he was proud deep down in his heart. Black Bear did not need to make a move. Just by standing there, it was enough to shock them!

Huang Rongjin was now more and more confident of Yang Ming. After listening to Yang Ming, he also looked at Zhang Xiaonao sympathetically.

Yang Ming took out the mobile phone and called Wang Xiaoyan. Wang Xiaoyan was chatting with Huang Lele about Yang Ming at the moment. When she received a call from Yang Ming, she felt somewhat uncomfortable and looked at Huang Lele before she picked up the phone. "Hello, what's the matter? Why did you call?"

"The man with the croaky voice whose palm you pierced just came to settle the score. You should come down and take a look!" Yang Ming glanced and said.

"He dares to come? I will go down immediately." Wang Xiaoyan did not feel any fear of revenge from the man with the croaky voice. She informed Huang Lele and went downstairs.

"Uncle Black Bear, that's her! It's this chick!" Seeing Wang Xiaoyan, his eyes were fueled with anger immediately as he pointed and shouted at Wang Xiaoyan loudly.

There were a few black lines on Black Bear's head immediately! *Just this little girl? She looks so delicate like a good girl. How can she pierce Zhang Xiaonao's hand? Even if Zhang Xiaonao's underlings are terrible, how are they unable to deal with a little girl?*

"Young Master, are you mistaken? She... How could she hurt you?" Black Bear looked at Wang Xiaoyan in confusion and asked.

"Uncle Black Bear, don't look at her appearance. I was bluffed by her appearance at the beginning and duped in the end!" Seeing the expression of Black Bear, Zhang Xiaonao said quickly.

Black Bear frowned. He subconsciously didn't think that a little girl like Wang Xiaoyan could be so strong. He also knew Zhang Xiaonao's nature. Probably, Zhang Xiaonao wanted to flirt with her. He was accidentally pierced and felt ashamed to say so, so he described Wang Xiaoyan being powerful.

If I hit a woman and it is spread out in the underworld, that will be a joke! Therefore, Black Bear was now in a tough situation. If he were to make a move, his reputation would be tarnished; if he did not make a move, he could not account to the young master.

After hesitating a while, Black Bear said, "Alright, chick, you apologize to our young master. Then, we will forget about it..."

"It doesn't count!" Zhang Xiaonao screamed before Wang Xiaoyan spoke. He waved his right hand that was wrapped in gauze and shouted, "Black Bear, the wound in my hand can't be suffered for nothing!"

Black Bear felt helpless. Zhang Xiaonao takes things to heart, but now the situation had come to this. If Black Bear wanted to help... Black Bear finally said to Zhang Xiaonao, "Young master, it is a woman only, or else, we can have them compensate us with some money!"

"Compensate with money?" After listening to the Black Bear's advice, Zhang Xiaonao suddenly came into realization! Having compensation was great. Although he was a young master, Zhang Jingyao had strict monitoring. The pocket money Zhang Jingyao gave every month was not much, so it was not enough for Zhang Xiaonao to spend. Although he could get some from Black Bear, he felt embarrassed to always ask for it!

During those few times when he hung out with Li Tianjia, Li Tianjia was the one paying. It made Zhang Xiaonao felt ashamed, so if he could get a sum of money from Wang Xiaoyan, it was also a good thing.

"Alright, let them fork out one million!" Zhang Xiaonao said after he thought about it.

Black Bear was speechless. *Is your hand only worth one million? You should have asked for three or five million! The Huang Family is so rich. Although the family is on the verge of bankruptcy, they should be able to fork out this kind of money.*

However, since it was already said, it couldn't be changed. Black Bear had to follow Zhang Xiaonao's words. "You heard that, right? You need to take out one million... USD [1]. Then, we will forget about it! Otherwise, *hmph* !"

Black Bear thought that the US dollar was worth a little more than the Singapore dollar. Hence, he requested for USD, so he could earn a bit more.

Wang Xiaoyan looked at the two people in front of her as though they were dumb. After a pause, she said to Yang Ming, puzzled, "Are these two sick?"

"I don't know, probably." Yang Ming shrugged, glanced at Black Bear and said, "I said it just now that if you have any matters, speak to me. One million is nothing to me. I can even give you two million."

When Black Bear and Zhang Xiaonao heard this, they were overjoyed. *Is there such a person? They will be disdained if the money paid is too little?* Therefore, Zhang Xiaonao said quickly, "The one million is just for my personal compensation. For my brothers, you still have to compensate for some."

"*Hehe* , that is certainly the case!" Yang Ming nodded. "How do I put it? It should be at least another four or five million!"

"*Ai* ?" Zhang Xiaonao was pleased. "Yes! Brother, you are forthright in your words. I like it!"

"But..." Yang Ming turned the thread of discussion. "That's limited to the past where I said you can look for me to solve it, but you were unwilling and drew her out no matter what. The consequences will be terrible."

"What do you mean?" Zhang Xiaonao was immediately shocked after hearing Yang Ming's words.

Black Bear knew at this time that he was being played by the man in front of him. This guy didn't mean to give money at all, but he talked to him! Seeing Zhang Xiaonao still did not respond, he explained somewhat helplessly, "Young Master, he is fooling you. He did not intend to give money!"

"What? How dare you fool with me? You don't want to live anymore?" Zhang Xiaonao's IQ was not too high. When he heard that he was fooled by Yang Ming, he suddenly became angry. He stomped on the spot and pointed at Yang Ming. "Uncle Black Bear, kill him for me!"

Black Bear was angry and amused at the same time. *This Zhang Xiaonao! He really speaks without using his brain! What is this place? This is a high-end villa area where rich people gather. If we fight here, the police will probably arrive within two minutes!*

Isn't this giving a problem for the master's transformation plan? It is a crucial period. Zhang Jingyao had already put an order for everyone to be low-key.

However, seeing Zhang Xiaonao venting his anger at Yang Ming, he also breathed a sigh of relief. As long as Zhang Xiaonao did not ask him to hit a woman, it would be better off no matter what, so he said, "Boy, follow me to an empty place. We can have a duel. If you win, then I will forget about this; if you lose... Hmph, don't blame me for being rude!"

"Oh? It sounds like a loss. When I win, nothing happens. If you win, you can be rude?" Yang Ming listened to Black Bear and said in amusement.

"When you win, you can also be rude to us!" Zhang Xiaonao said coldly.

"Oh? Do his words represent your intention?" Yang Ming glanced at Zhang Xiaonao and asked Black Bear.

"He is our young master. His words naturally can represent me!" Black Bear did not feel anything. On the one hand, he wanted to maintain his image in front of Zhang Xiaonao. On the other hand, he did not think that Yang Ming could win.

"However, treating you guys rudely is no benefit to me!" Yang Ming shrugged. "If I win and you do what I say, then we can discuss further."

"Fine! As long as you dare to come with us!" Zhang Xiaonao promised before Black Bear could speak up. Of course, he had confidence in Black Bear and thought that Yang Ming could not defeat Black Bear known as the God of War.

Black Bear wanted to say something, but hesitated for a moment, and did not say it in the end. Then, he said, "Don't delay the time. Hurry up and get into the van!"

"Let's go." Yang Ming nodded and said faintly.

"You must also go together!" Zhang Xiaonao said as he pointed at Wang Xiaoyan.

Black Bear frowned. He thought, *How come the young master doesn't let go of the woman?* But at the moment, it was inappropriate to say anything. He thought that Wang Xiaoyan would refuse, but he didn't expect that Wang Xiaoyan actually took a step and went to the minivan with Yang Ming.

"Second Brother Huang, don't go. We will come back very soon!" Yang Ming smiled at Huang Rongjin.

"I..." Huang Rongjin didn't know if he should go with him. He should go because of loyalty, but he was afraid that his going along would be a hindrance and affect Yang Ming, so he would be in a dilemma.

"Wait for me for dinner. I will be back soon!" Yang Ming got in the van and looked at the seats in the vehicle. His eyebrows furrowed gently. There were no double seats. Three macho men were in the van with each of them sitting alone on their own seat.

Chapter 1167: A Change with a Phone Call

"I..." Huang Rongjin didn't know if he should go with him. He should go because of loyalty, but he was afraid that he would hinder and affect Yang Ming after he went there, so he had a dilemma.

"Wait for me for dinner. I will be back soon!" Yang Ming got in the van blatantly. He looked at the seats in the van, and he frowned slightly. There were no double seats. Three macho men were in the vehicle each of them sitting on a combined seat.

"You sit behind!" Yang Ming patted on the shoulder of one macho man.

The macho man was Black Bear's underling; he was just here to make up the numbers. When Yang Ming actually spoke to him in a commanding tone, he suddenly felt very displeased, but Black Bear had instructed him that he couldn't make a move here, so he had to endure the anger in his heart. "You, just f*cking sit where you want to sit. You can sit next to me, and your girl can sit in my arms!"

Yang Ming listened to the guy's words and was too lazy to talk nonsense with him. Yang Ming grabbed his neck collar and simply threw him out of the vehicle.

Then Yang Ming settled carelessly in the seat where the macho man was sitting. Wang Xiaoyan didn't even look at the macho man and took her place next to Yang Ming.

The macho man suffered a loss. After climbing up from the ground, he was ashamed into anger. He stared at Yang Ming ruthlessly. He pulled out his knife due to his outrage, but he was stopped by Black Bear.

Yang Ming only used his left hand, and he could grab and throw the macho man weighing one hundred and eighty kilograms out of the van! The strength of this hand made Black Bear very surprised!

Although Black Bear thought that he could do it himself, Yang Ming, who had a low profile, could do it so easily! This made Black Bear re-examine Yang Ming and whether he was underestimating Yang Ming previously.

Looking at Yang Ming's muscles, it wasn't obvious. He didn't look like someone with great strength. *Could it have happened by chance?* Black Bear shook his head in confusion, but he wouldn't be afraid of Yang Ming anyway. His title as the God of War wasn't just a name; it was named after his fights.

Although the macho man was unhappy, Black Bear didn't let him make a move. He could only submit to humiliation and get into the back of the vehicle. But after getting in, his mind calmed down!

Yang Ming just threw him out with one hand. People with this kind of strength wasn't the same level as him. If he looked for trouble, he was simply asking to be uncomfortable!

Black Bear glanced at Yang Ming, but he did not speak and sat in the driver's seat while Zhang Xiaonao sat in the front passenger seat. After he got in, he did not forget to glare at Yang Ming.

In his opinion, Yang Ming would be dead definitely. The end result was that it cost more than two million dollars! Extortion was Black Bear's profession!

The car was driven all the way to an abandoned garbage disposal plant. This turned out to be Zhang Jingyao's property. He used this garbage dump as a cover to do some illegal business, but later Zhang Jingyao changed to do legal business. Therefore, these places were abandoned.

However, the land was bought cheaply. Although this garbage dump was on the outskirts of the city, its value was also increased as the city's construction expanded.

Therefore, these lands were reserved for the development of the villa group after Zhang Jingyao changed his business.

The car stopped at an empty place in the garbage dump, and Zhang Xiaonao called out impatiently, "You two. Get off!"

Just as Black Bear wanted to say something, his phone rang at the wrong time.

In this case, Black Bear wanted to decline the call, but when he glanced at the caller ID on the phone, he immediately connected the call.

"President Zhang." Black Bear called Zhang Jingyao as "master" at home, and he called Zhang Jingyao as "boss" in the underworld, but in front of outsiders, he called Zhang Jingyao as "President Zhang." The distinction was very clear. He might appear to be dumb, but he wasn't stupid in fact.

"Black Bear, what's going on at your side? You didn't do anything, right?" Zhang Jingyao asked anxiously.

"Not yet. What happened, President Zhang?" Black Bear asked, baffled. Zhang Jingyao would not care about these little things at all. *Is it because of Zhang Xiaonao?*

"It's good that you didn't do anything!" Zhang Jingyao breathed a sigh of relief. "Bring them back. Remember to be polite."

"Ah? Then Xiaonao's injury..." Black Bear couldn't understand what Zhang Jingyao meant for a moment.

"Leave his matters aside. Remember. Be nice!" Zhang Jingyao said very seriously.

"Then... okay, I understand!" Black Bear naturally obeyed Zhang Jingyao's order unconditionally. He could only leave Zhang Xiaonao's matters aside.

"Uncle Black Bear, let's get started!" Zhang Xiaonao said impatiently.

"Xiaonao, don't make trouble!" Black Bear had to glare at Zhang Xiaonao. "Your father just called me. I still have proper business to do!"

Yang Ming was a little impatient, then he got off. "Hey, do you still want to fight? Just be quick if you want to fight!"

"Fight? Why do we have to fight?" Black Bear had to think fast, and instantly he put on a smiley face. He turned to Yang Ming and said, "Mister, I was just joking just now. Our President Zhang invites you to be a guest at his villa..."

"Villa? Be a guest?" Yang Ming was also shocked, but he wasn't too surprised. Perhaps, something happened had changed Zhang Xiaonao's father's mind. After the call, it could be seen in Black Bear's obvious change in attitude.

"Yes, I hope you aren't offended!" said Black Bear politely.

"Your so-called villa is here?" Yang Ming pointed out the window and said sarcastically. Of course, Yang Ming didn't think that this was the villa that Black Bear talked about.

He could probably guess Black Bear's mind. Although he was completely sure that he could kill Black Bear and the other people here, since Black Bear took the initiative to be nice, Yang Ming did not need to pursue his responsibility.

Huang Rongjin had explained clearly to Yang Ming about the forces represented by Black Bear, so Yang Ming didn't mind knowing one more friend if possible. At least, he could let the Huang Family find a good partner in the local area.

Therefore, this was the reason why Yang Ming was just ridiculing Black Bear's words a little, but he didn't make a move.

When Yang Ming said that, Black Bear was very embarrassed. This didn't really look like a villa here, and his previous actions didn't seem to be inviting Yang Ming.

"Hah, just kidding. Please don't mind!" Black Bear smiled. "This is where President Zhang started his business. You are a guest of President Zhang, and President Zhang just happened not to be at home. I was afraid that you will be anxious to wait for him, so I brought you here to stroll around..."

Although Yang Ming knew that Black Bear was lying, he didn't expose him. He nodded and said, "Okay, let's go."

Black Bear was relieved. He must find a way to complete the matter that Zhang Jingyao had instructed him to do. Otherwise, if Zhang Jingyao blamed him, it would be terrible.

Since Yang Ming did not continue to pursue anything, Black Bear was happy too. He no longer said anything, started the car, and quickly headed for Zhang Jingyao's villa.

Zhang Xiaonao was just a little unhappy. He looked at Black Bear with shock. "Uncle Black Bear, what are you talking about? Invite him to be a guest? Are we not here to punish them?"

Black Bear looked at Zhang Xiaonao helplessly. Indeed, this matter wasn't easy to explain. However, compared with Zhang Jingyao's order, he could no longer care about Zhang Xiaonao, so he said, "Xiaonao, stop making trouble. Your father and they are friends!"

Zhang Xiaonao didn't say anything when he heard Black Bear. The person he was most afraid of was Zhang Jingyao. Since Zhang Jingyao had spoken, he had to shut up. Although the resentment in his heart hadn't subsided, he could only submit to humiliation.

In fact, Zhang Jingyao didn't know Yang Ming and Wang Xiaoyan. He did it because of Li Zhichun's call!

After Li Tianjia came home, he told what happened today to Li Zhichun. However, Li Zhichun noticed when he described the friends of Huang Rongjin and Huang Lele that Yang Ming in Li Tianjia's words seemed to be a very important person!

In the beginning, Li Tianyu said in Country X that the gold mine was forcibly occupied by a man who claimed to be Huang Lele's boyfriend. At that time, Li Zhichun also asked Li Tianyu about the appearance of the man, but after thinking for a long time, he couldn't figure out who this person was. He should be someone Li Zhichun had never seen.

Therefore, what he thought at that time was that General Kars retrieved the gold mine. He deliberately found such a person to pretend to be Huang Lele's boyfriend and the Huang Family's representative to take over the gold mine.

Although he didn't know Yang Ming, the image of Yang Ming was stored in Li Zhichun's mind. Therefore, at this time, when Li Tianjia said that a man who was very close to Huang Lele was present, Li Zhichun asked subconsciously about the appearance of the man with Huang Lele!

Although Li Tianjia didn't know what his father meant, he still described Yang Ming's looks truthfully! When Li Zhichun heard about it, he thought, *One can't really avoid one's enemy. It seems that I have wronged General Kars. All of these were done by this kid from behind!*

However, since you are here, it is my territory. If I don't humiliate you, do I still keep you? Thinking up to here, Li Zhichun wanted to bully Yang Ming ruthlessly.

"Father, why do you ask about this person?" Li Tianjia was suspiciously looking at Li Zhichun who was surprised and happy.

"Do you remember? Your brother, Tianyu, said that in the Country X of Africa, there was a Huang Family representative who claimed to be Huang Lele's friend to seize the gold mine?" said Li Zhichun.

"Ah!" Li Tianjia listened to his father's words, and he suddenly understood. "You mean this person is the one who was in Country X in Africa?"

"I think so!" Li Zhichun nodded. "According to what you described, it matches Tianyu's description, and this person does have a very close relationship with Huang Lele!"

"D*mmmit, this kid actually dares to stir up trouble here!" Li Tianjia couldn't help but swear. Because he had just been humiliated in front of Yang Ming, his mood was very unstable!

Chapter 1168: Find out the Details

"Hmph, I thought it was General Kars who hindered us from within. I didn't expect it to be caused by this kid!" Li Zhichun snorted, "I almost broke the relationship with General Kars because of this!"

"Then we can't let this kid go! Since he came to our territory, we must show him our power!" Li Tianjia's resentment against Yang Ming was huge. He initially liked Huang Lele, but she was taken by Yang Ming. Li Tianjia naturally disliked Yang Ming.

"The Huang Family has been ruined by us very badly. How can we show them more? I don't even want that empty shell of his company if he gave it to me." Li Zhichun curled his lips and grinned.

"But we still can't let him go!" Li Zhichun was naturally very unhappy. A bright idea popped up suddenly, so he said, "What if we let Zhang Jingyao mess with them? Right, just now Zhang Xiaonao said that he wanted to help stick up for me, but I do not know if his words are promising, or if Zhang Jingyao would

listen to him. Why don't you, Father, give Zhang Jingyao a call? In your capacity, this will definitely happen!"

"En, it makes sense!" Li Zhichun nodded after listening. In fact, he also hated Yang Ming! So, after listening to Li Tianjia's words, he dialed the phone of Zhang Jingyao who had recently contacted him very frequently.

"President Li, hello!" Zhang Jingyao was very courteous to Li Zhichun. After all, if he wanted to change businesses, he needed to rely on Li Zhichun.

"Hello, President Zhang. Hehe, there is something I want to trouble you with!" Li Zhichun said with a smile.

"What trouble? With the relationship between the two of us, aren't your matters mine too?!" Zhang Jingyao said with a happy heart, "What is the matter? Just tell me."

"This is the case. Before, Tianjia and Xiaonao went to eat, and they were humiliated by the people of the Huang Family. Do you know about this?" Li Zhichun must first confirm whether Zhang Xiaonao told the matter to Zhang Jingyao before making his decision.

"Of course, he told me!" Zhang Jingyao thought of Zhang Xiaonao's things, and he couldn't help but be angry. After all, his son's hand was pierced by them. How could he not be distressed? "Xiaonao said that he brought people to get revenge for Tianjia. As a result, the other people's skills were very tough, and they pierced Xiaonao's hand. His hands were just bandaged!"

When Li Zhichun heard it, he thought this was a good opportunity. He was afraid that Zhang Jingyao would not help. After all, it was now an important stage of Zhang Jingyao's transformation. If he did not want to cause trouble, Li Zhichun couldn't force him. However, once it involved Zhang Xiaonao, the matter was easy to handle. So, Li Zhichun quickly said, "Is Xiaonao okay? These people are too arrogant. They have to be taught a lesson!"

"En, listening to your tone, you seem to hate them too?" Zhang Jingyao did not understand why Li Zhichun would call him personally because of this matter. Li Tianjia was only hit with a rice bowl; it was not really a big thing. Logically, Li Zhichun wouldn't step in. Surely, there were other reasons.

"You know about the resentment I have with the Huang Family. I had already occupied the Huang Family gold mine in Country X, but that kid, the person next to Huang Lele, chased Li Tianyu out of the gold mine. He forcibly occupied the gold mine!" Li Zhichun said, "So, it can be said that I hate his guts!"

"He? Can occupy the gold mine?" Zhang Jingyao was slightly surprised, but he asked without batting an eyelid. He was clear that Li Zhichun had some power in Country X. This time, his main project with Li Zhichun was to invest in a mine in Country X, so he had a certain understanding of the situation in Country X during this period.

Li Zhichun's family also had a small group of armed forces in Country X. How could they be driven away just like that? There must be some ulterior motives.

"He naturally can't. He brought a group of armed forces into the gold mine and forcefully occupied the gold mine!" Li Zhichun said indignantly.

“He? Has armed forces?” Zhang Jingyao was secretly shocked. *How could I provoke such a person?* These are a group of desperados; the same level as those mercenaries. How could he afford to provoke them?

“Who knows where he hired them from? I have been in Country X for so many years, and I haven’t heard of any armed forces in the Huang Family. It must be a mercenary from somewhere else. If you have money, you can do anything, so it’s not surprising!” Li Zhichun really did not put Yang Ming in his eyes. Li Zhichun believed that Yang Ming’s forces were not his own at all, but he paid for them.

Otherwise, if the Huang Family had such powerful armed forces previously, why would their mine be retrieved by General Kars? Therefore, Li Zhichun did not think that the Huang Family could cause any trouble!

However, Zhang Jingyao did not think so! Those who could stand firm in the war-torn country of North Africa were undoubtedly not good people. Most people couldn’t find mercenaries when they wanted to find them. This meant that he had certain connections. So, this kind of person was best not provoked!

Zhang Jingyao used to be mixed in the underworld, so he was extremely sensitive to these things. He knew who could be provoked, and who couldn’t be provoked. For people like Yang Ming who he hadn’t yet figured out the details, it would be best not to make enemies too quickly!

Otherwise, it was likely to cause big trouble! He heard that a particular Western country had an underworld godfather who was extremely powerful in the local area. He dallied with a woman when he was drunk in a bar.

Initially, this did not seem to be a big deal, but it led to a disaster! Later, he learned that the woman’s lover was the ace of an assassin group, and what the underworld godfather did naturally angered that ace assassin. Therefore, the underworld godfather and his family were all dead on a dark and windy night.

Although the truth of this matter had not been verified, it was taken as a warning by underworld bosses everywhere. It reminded him every time that some people could not be provoked.

Assassin groups and mercenary organizations were mysterious and terrifying. They were not people the underworld could fight. These people do not talk about any rules at all, and they were wholly aimed at killing people. They could not be defended against effectively.

Therefore, when Zhang Jingyao thought of this, he was immediately shocked, and a cold sweat came! He wanted to stop Black Bear from going to find Yang Ming. He wanted to talk to Yang Ming personally and find out his details.

“Okay, I got it. Let me deal with it...” Zhang Jingyao didn’t have time to dawdle with Li Zhichun again, so he said a few words, and then said, “Okay, first, I will make a call!”

“Okay, okay!” Li Zhichun thought that Zhang Jingyao was anxious to mobilize the people to handle Yang Ming, so he was secretly smug. He quickly hung up the phone.

Zhang Jingyao did not dare to delay. After hanging up the phone, he immediately called Black Bear and explained some things to him, hence, the scene from before.

The car drove back to the urban area from the suburbs and stopped in front of a very luxurious villa. It was several times more imposing than the Huang Family's villa. Zhang Jingyao's local power could be imagined.

Zhang Jingyao was very wealthy, but a lot of the money was not legal. He had to whitewash the black money, so he found Li Zhichun as a partner to invest in a mine in Country X in Africa. In this way, because Country X did not join the United Nations, so it was impossible to find out the details of the funding turnover, which facilitated Zhang Jingyao's operation.

Zhang Jingyao himself was not trying to invest in gold mines, but use such an excuse to launder the money and bring it back.

After Black Bear parked the car, he took the lead to get off the vehicle. Then, he helped Yang Ming open the door and made a gesture, "Please!"

Yang Ming and Wang Xiaoyan got off the car. Their pace was very steady, and there was no fear. This made Black Bear secretly impressed. He had been watching Yang Ming in the mirror after and found that Yang Ming's look didn't change along the way. When he said that Zhang Jingyao invited him, Yang Ming did not have much of a reaction. It was an attitude of calmness in the midst of changing events.

This kind of person was either insensitive or was expectant. Black Bear did not think that Yang Ming was insensitive. If he were really insensitive, he would not become a friend of Huang Rongjin.

As Yang Ming walked into the villa of Zhang Jingyao, Zhang Jingyao also observed Yang Ming in secret. When he saw how calm Yang Ming was, he hesitated but decided to go out and meet Yang Ming.

There were very few people who could get Zhang Jingyao's personal greetings. But for this Yang Ming, Zhang Jingyao had to attach importance, especially after Li Zhichun said those words.

If Yang Ming really had strong armed forces, Zhang Jingyao was simply asking for trouble by provoking him! At the crucial moment of this transformation, Zhang Jingyao did not want to have other problems popping up.

"Hello, welcome to my villa. I am Zhang Jingyao!" Zhang Jingyao walked out and took the initiative to reach out his hand to Yang Ming.

"Yang Ming." Yang Ming reached out and shook Zhang Jingyao's hand lightly. He faintly spoke.

"Xiaonao ... is my son. That child is not sensible. Sorry for giving you some trouble." Zhang Jingyao was not afraid to say good things. In a while, once he really clarified the identity of Yang Ming, then it was not too late. Now he just had to be a little respectful, so he wouldn't lose anything.

Therefore, it could be said that Zhang Jingyao was a flexible person, and only such people could do business. Of course, there was another kind of person who was absolutely strong and would remain strong at all times. Such people must also have strong capital.

Yang Ming now fully met these criteria.

"It's nothing, but you'd better educate him. He should stop mixing with Li Tianjia in the future. Otherwise, he will not know how he died," Yang Ming said in an understatement, but the threatening tone was already very undeniable.

Sure enough, after listening to this, Zhang Jingyao's face suddenly changed. He used to be courteous to Yang Ming, but Yang Ming had always maintained a cold attitude, which made Zhang Jingyao very uncomfortable...

Chapter 1169: On Whose Side Are You?

"Young man, aren't you a little bit too arrogant?" Zhang Jingyao's tone also became a little soft, "This is my territory. No one dares to talk to me like this in my territory."

"I kill people regardless of the territory." Yang Ming shrugged and spoke indifferently.

"Murder?" Zhang Jingyao sneered at the corner of his mouth. "What an arrogant tone. Have you killed someone... Ugh ..."

As Zhang Jingyao stopped speaking halfway through, there was a sleek transparent glass dagger placed on his neck. If he moved slightly, perhaps the dagger would pierce into him.

"Do you want to try?" Yang Ming asked faintly.

Zhang Jingyao's expression was filled with terror in the end. Although the bodyguards on the side pulled out their pistols and pointed it at Yang Ming, at the moment, Zhang Jingyao understood that if Yang Ming wanted his life, he would definitely be faster than these bodyguards' shots!

These people were the elite among his gang. They had even gone through professional bodyguard training. However, when Yang Ming stood up and pulled out a dagger and executed these series of actions, no one could react!

No matter what, it indicated a real problem which was that Yang Ming's skill was too fast. He was so fast that the others could not respond when he put his dagger on Zhang Jingyao's throat!

If Yang Ming really wanted to kill him, then he would already be dead.

"No... I'm just kidding. You all put down the guns!" Zhang Jingyao's smile was bitter. Since he became a gang leader, how many years had he not gotten into such a thrilling moment? The last time he was forced into such a situation was more than ten years ago... He knew that his bodyguards were not Yang Ming's opponents, so he took the initiative to concede to Yang Ming, and had the bodyguards put down their pistols.

Otherwise, Zhang Jingyao also knew that Yang Ming would not let go when the bodyguards were pointing their pistols at him. If Zhang Jingyao made another mistake, he would need to pay with his life here.

"It is best that it is just a joke." Yang Ming withdrew the dagger from Zhang Jingyao's neck. "I thought you wanted to try."

"Ao ..." As Yang Ming said this, a bodyguard's pistol fell to the ground. On his wrist were two glass daggers! One was thrown by Yang Ming, and the other was thrown by Wang Xiaoyan.

The hand of this bodyguard was apparently crippled. He leaned against the wall in pain, allowing his right wrist to bleed.

"Your people don't seem to be honest." Yang Ming glanced at the bodyguard and said with some regret.

Just after Yang Ming removed the dagger from Zhang Jingyao's neck, the bodyguard raised his pistol again. Probably, he wanted to show himself in front of Zhang Jingyao to get merit, but he was hit by Yang Ming and Wang Xiaoyan at the same time right there.

Zhang Jingyao's mouth twitched twice. Never mind that Yang Ming was powerful, the woman next to him should not be underestimated! Within a second, the two daggers pierced right at one's wrist at the same time. It was apparent how fast their speed and reaction ability were!

Zhang Jingyao now had to make a statement. His face was cold as he yelled at his bodyguard, "I asked you not to move and put down your gun. Didn't you hear it? Are your ears deaf? Drag this bastard away from me!"

After the bodyguards heard it, they quickly dragged the injured guy away. They also saw the skills of Yang Ming and Wang Xiaoyan, knowing that it was impossible to go against Yang Ming and Wang Xiaoyan with their strength alone.

"My men are not sensible. Mr. Yang, please don't mind!" Zhang Jingyao sighed with relief and explained to Yang Ming enthusiastically.

At the moment, the person who was shocked was Black Bear who came in together! He knew Zhang Jingyao's skill. Although Zhang Jingyao was the boss, those who were in the underworld were also valiant thugs! Although he had not been fighting for a long time, he would continue every day to train his abilities and responsiveness. After all, it was easy to build hatred with others and be retaliated as an underworld boss.

Just now, Black Bear also could not react to Yang Ming's speed at all! He didn't even see how Yang Ming drew his dagger, and the dagger was already placed at Zhang Jingyao's neck!

Now, he finally understood that he and Yang Ming were not on the same level. If he made a move in the garbage dump, he would only suffer a loss, and he would not have the slightest advantage!

Even the woman around Yang Ming shouldn't be underestimated! He really misread the situation. These two were masters among the masters!

"It is nothing. For those who are disobedient, I have already taught them a lesson for you." Yang Ming said with a stern expression, "But next time, I will not be merciful. It may be his heart that is pierced."

Although the tone of his speech was plain, Zhang Jingyao did not dare to take it lightly.

"They wouldn't." Zhang Jingyao was very unhappy because Yang Ming spoke in a condescending tone, but he had no other way. Yang Ming was so strong that he could not even breathe.

"Mr. Zhang, now you can tell me. What's the matter that you are looking for me?" Yang Ming sat on the sofa and asked faintly.

"Black Bear, take Xiaonao out." Zhang Jingyao looked at Zhang Xiaonao and commanded Black Bear.

"Yes!" Although Black Bear was worried about the safety of Zhang Jingyao, he also understood that even if he were here, he would not be helpful. With Yang Ming's skill, he could only stand by the side and not even able to make a move.

After Black Bear took Zhang Xiaonao away, Zhang Jingyao said, "You and Xiaonao had some conflicts previously because the Li Family people caused it. The Li Family called me and asked me to teach you a lesson..."

"I know all of this. You don't have to explain." Yang Ming had already seen Black Bear's intention before, but he was baffled with Black Bear changing his mind so suddenly. "What are you planning now?"

"I don't like to build hatred. Although I have a good relationship with the Li Family, I can see that Mr. Yang, you are not an ordinary person, so I apologize for my previous behavior!" Zhang Jingyao spoke frankly. He knew that Yang Ming would certainly know Black Bear's intention just now, so there was no need to hide at the moment. It was better for him to speak the truth so that he could still win Yang Ming's favor.

"Are you done?" Yang Ming glanced at Zhang Jingyao and asked.

"Yes." Zhang Jingyao nodded and kindly reminded, "However, the Li Family is also very powerful here. He can't find trouble from me, but it's hard to guarantee that they would not have any other means!"

"Hehe, this doesn't require you to worry about it." Yang Ming smiled. "But I want to remind you! It's best not to get too close to Li Zhichun."

"Oh?" Zhang Jingyao was astounded and looked at Yang Ming. "Why do you say this?"

"Li Zhichun's family is almost done. If you mixed with him..." As Yang Ming said this, he paused and continued, "Tsk tsk ... maybe I have to eliminate you too."

"Are you threatening me?" Zhang Jingyao's face changed. Although Yang Ming was strong, Zhang Jingyao was also a prominent figure. He could even be said to be a local tyrant. He naturally felt uncomfortable being threatened by Yang Ming. "You know I am working with him."

"Then don't cooperate, or you suffer your own consequences." Wang Xiaoyan barged in indifferently.

Zhang Jingyao was so angry that he almost wanted to swear. How can I stop the cooperation just like that? He had finally found such a good opportunity for money laundering. How could he just give up?

"I have already reminded you. When you die with them, don't blame us for not reminding you." Yang Ming spread his hands up and said, "Right, I suggest that you cooperate with the Huang Family."

"Huang Family? But the Huang Family is going bankrupt soon!" Zhang Jingyao believed that Yang Ming and Wang Xiaoyan had the strength to kill Li Zhichun's family, but to have him give up cooperation, he was unwilling. "If the Huang Family has a gold mine in Africa, then I can really work with them! My main purpose is to launder money by investing money in Africa!"

Zhang Jingyao didn't have to hide anything. He spoke bluntly to Yang Ming. Even if Yang Ming spoke to others, he had no evidence to prove this, so Zhang Jingyao wasn't afraid. Besides, Zhang Jingyao's behavior was well known to many people.

"I will support the Huang Family!" Yang Ming said faintly, "Now I give you one last chance to make a choice, either be by my side or be my enemy."

"You are forcing me to make a choice?" Zhang Jingyao only felt that his breathing was a little difficult now! Although the tone of the man in front of him was very dull, the pressure on him was so condensed that he had a feeling of suffocation!

The person in front of him was just a young man about the same age as his son!

"I didn't say that. Of course, you can imagine it that way yourself." Yang Ming smiled.

"Can you give me a reason to choose?" Zhang Jingyao understood that if Yang Ming wanted his life now, then no one could stop it.

"Alright, I might as well tell you." Yang Ming put a business card on the coffee table in front of him. This was a business card for the Black Butterfly Assassin Group which was not the same as the private business card given to Little Charles. There was only the contact information of the assassin group. It did not have Yang Ming's name. "I am the head of the Black Butterfly Assassin Group. This is my partner."

"Black Butterfly? Assassin group?" Zhang Jingyao's face suddenly turned green! The thing he feared finally came. Although Zhang Jingyao had no contact with the assassin groups and was not sure whether the Black Butterfly Assassin Group had any fame, when he heard the words "assassin group," his body involuntarily broke into a cold sweat.

"This is my partner. We just returned from Country X and eliminated several political enemies for General Kars." Yang Ming said plainly, "I think, now you should make your choice. My time is precious. It's time for me to go..."

"I... I will promise you!" Zhang Jingyao was now ashen-faced! Of course, if a person said that he was an assassin in front of him, Zhang Jingyao might not believe it, but after seeing the skills of Yang Ming and Wang Xiaoyan, he had to believe it!

Chapter 1170: Driven by Benefit

At least, in the people Zhang Jingyao had seen, they didn't have such skills like Yang Ming and Wang Xiaoyan did. The difference in speed was tremendous. He had been in the underworld for so many years, but he hadn't seen people with such speed.

Perhaps, Yang Ming's moves were very simple, and there was no skill at all, but his speed was very fast. Zhang Jingyao also read a lot of martial arts novels. He deeply admired the phrase in them, 'Among all the martial arts, only speed is invincible!'

In other words, exquisite Kung Fu is useless. As long as the opponent was quick, he could give you a lethal hit before you could even make a move. It was just like the charging time in online games. Before you finished charging, you can be killed in one move.

Zhang Jingyao had thought and guessed about Yang Ming's identity, but he could at most surmise of a person who had a wide network of connections that spanned the mercenary organizations or assassin groups. However, he didn't expect Yang Ming to be a member of an assassin group and even the person-in-charge.

Zhang Jingyao knew that he couldn't provoke such a person. Even if he could keep Yang Ming here, he would be pursued endlessly by assassins, and he wasn't sure that he could keep Yang Ming!

Moreover, Yang Ming also said that he had just returned from Country X in Africa; he just helped General Kars to clean up several political opponents! What was this concept? In that kind of war could he help General Kars to clean up his political opponents? How powerful was that strength?!

However, Zhang Jingyao also immediately understood Yang Ming's meaning. In other words, he wanted to see if his words or Li Zhichun's words were more useful in front of General Kars.

There was no need to think at all. It could be understood just by using his toes to ponder. General Kars wouldn't offend Yang Ming for Li Zhichun. Even a fool could distinguish who was more important.

"Aren't you afraid that I will tell Li Zhichun about what you said?" Zhang Jingyao had made a choice in a flash. He was a smart and sensible person. Otherwise, he could not mix in society for so many years without falling.

"Hehe, that's your freedom." Yang Ming smiled indifferently.

"Then are you not afraid of things being exposed?" Although Zhang Jingyao had made a choice, Yang Ming's strength still made him a little uncomfortable.

"If this is exposed, he will be dead too. It's just that you will die together. If this isn't exposed, he will be dead anyway. There is no difference. The difference is just adding you." Yang Ming glanced at Zhang Jingyao. "You are so smart. It's impossible that you didn't think of it, right?"

Zhang Jingyao's heart was suddenly calm. *If Yang Ming really has such a great ability, then relying on Yang Ming is undoubtedly a smart choice! It is much better than relying on Li Zhichun!*

"Before, when the Li Family bullied the Huang Family, why didn't you step out?" Zhang Jingyao still asked.

"I said that before I was in Africa. I didn't have time to deal with these little things. Wasn't it just forty billion patacas? I don't care." Yang Ming smiled and replied.

"What about the gold mine in Country X that was occupied by Li Zhichun?" Zhang Jingyao continued.

"I took it back." Yang Ming smiled. "If my guess is correct, you should have heard about me from Li Zhichun, so you have a total change in your attitude toward me. Am I right?"

Zhang Jingyao's face showed an amazed expression. He didn't have to hide in front of Yang Ming anymore. Facing the person who was absolutely stronger than him, he could only be sincere. Only then could he gain appreciation from the other party.

Zhang Jingyao knew this well, so he didn't hide his surprise. "Yes, Li Zhichun told me that you took some armed forces to seize their gold mine in Africa."

"That was originally the gold mine of the Huang Family." Yang Ming corrected him.

"Yes, the gold mine belongs to whoever is stronger." Zhang Jingyao smiled.

"You are very smart. I hope you don't let me down." Yang Ming stood up and patted Zhang Jingyao's shoulder. "Let's go to the Huang Family's feast."

"I... can go?" Zhang Jingyao did not expect Yang Ming to accept him so soon; he was somewhat flattered.

"Of course." Yang Ming also saw Zhang Jingyao's attitude from his reaction. Yang Ming was still very satisfied with this.

In fact, Zhang Jingyao wasn't stupid. If it weren't for Li Zhichun's words, Yang Ming revealing his skills, and the matter of General Kars, Zhang Jingyao wouldn't submit to Yang Ming so easily.

But now, since Zhang Jingyao had made a choice, it made no sense for him to act superior. If he wanted to rely on Yang Ming, he should have the attitude to rely on others.

He and Li Zhichun could be said to be equal, but now, he was obviously inferior to Yang Ming. Zhang Jingyao couldn't help it; he could only choose to submit.

"You don't have to be like this. Your relationship with the Huang Family is just like your previous relationship with Li Zhichun; it is an equal partnership." Yang Ming glanced at Zhang Jingyao who was in fear and trepidation.

Zhang Jingyao also heard the implication of Yang Ming's words, that his status with the Huang Family was equal, but in the face of Yang Ming, he was still inferior. Zhang Jingyao would understand that even if Yang Ming didn't mention it.

"Then, I am going to prepare. I'll let Black Bear accompany you for a while?" Zhang Jingyao was going to the Huang Family for the first time, so he had to express his sincerity eventually.

"No, I will wait for you for a while." Yang Ming waved his hand.

Zhang Jingyao hurried out of the room and went to change clothes and prepare gifts. When he went downstairs and saw Black Bear and Zhang Xiaonao, he suddenly put up a stern face. "Xiaonao, follow me to visit the Huang Family later!"

"Visit the Huang Family? Why?" Zhang Xiaonao was shocked. "Aren't the people of the Huang Family the enemies of Li Zhichun's family?"

"Yeah, but the Li Family is almost finished. Stop mixing with the Li Family's people in the future!" Zhang Jingyao said to his son, "You need to maintain a good relationship with the people of the Huang Family. Do you understand me?"

"I understand..." Although Zhang Xiaonao didn't understand why Li Zhichun's family was going to be finished, since his father said this, he must listen. "Then Li Tianjia..."

"Just ignore him!" Zhang Jingyao said with a glare. "Break off with him. Don't say a word. Otherwise, you won't even know how you died!"

"I... I got it!" Zhang Xiaonao nodded and said yes. The father had always been a strong presence in his mind, so Zhang Xiaonao naturally listened to what his father said.

"Black Bear, you too. Inform the company's staff to stop all communication with Li Zhichun in the future!" Zhang Jingyao commanded.

"Got it!" Black Bear nodded.

"The Huang Family is our new strategic partner in the future!" Zhang Jingyao said, "You all need to be polite!"

"Okay, Master, I will inform the others." Black Bear nodded and wondered. When he worked with Li Zhichun, Zhang Jingyao informed them to stick to some principles, and not to compromise, but for the Huang Family, he actually asked them to be polite. This clearly showed the gap.

"What are you doing there? Hurry up and get ready; visit the Huang Family with me!" Zhang Jingyao saw Zhang Xiaonao still standing there, and he yelled angrily, "I'm telling you. Be a little smarter later, and apologize to others. I will deal with you later for flirting with their girl!"

" Ah

... okay..." Zhang Xiaonao felt wronged. It seems I got this wound on my hand for nothing, and I still have to apologize to others. Why do I have such bad luck? I initially wanted to stick up for Li Tianjia, but in the end, I was beaten up, and I even have to apologize to others!

But Zhang Xiaonao was even more afraid of Zhang Jingyao! Although Zhang Jingyao pampered him, if he made a mistake, the punishment was still really severe. He directly imposed economic sanctions on him and cut off his pocket money, and then Zhang Xiaonao would lose his temper.

Therefore, Zhang Xiaonao had to quickly run back to his room, calling the maid, Nanny Liu, to find a uniform suit for him. At this time, Zhang Jingyao also put on an evening suit. He took a look at Zhang Xiaonao's outfit and was quite satisfied with it. "Go and tidy up your hair. Don't be so messy like a ruffian."

Zhang Xiaonao wanted to say: *Yes, I am a ruffian, and you are a big ruffian ...* But he dared not say it.

Zhang Xiaonao went to the washroom, shaped his hair with some mousse, and combed it neatly. Then, Zhang Jingyao took him to the reception room upstairs where Yang Ming was.

"Mr. Yang, I am ready. This is Little Nao. He wants to apologize to you!" As Zhang Jingyao finished, he patted Zhang Xiaonao and hinted for him to speak.

"Brother Yang... Auntie Yang, I am sorry; I am wrong!" Zhang Xiaonao did not dare to disobey his father and said quickly.

"Call him Uncle Yang! What Brother Yang?" Zhang Jingyao glared at Zhang Xiaonao and said, "Impudent."

"Uncle Yang..." Zhang Xiaonao quickly changed his words.

“Forget it. He is just a kid. Don’t be so harsh. You can call me Brother Yang. I am not that old yet. Just use the name you like.” Yang Ming waved his hand and smiled.

“Have you heard him? Quickly thank Brother Yang.” Zhang Jingyao kicked Zhang Xiaonao.

“Thank you, Brother Yang...” Zhang Xiaonao said in a hurry.

This time, the Black Bear prepared a Mercedes-Benz RV which was quite eye-catching. This was one of Zhang Jingyao’s top vehicles. Because there were many people, the RV [1] was the most suitable. Other cars obviously can’t fit so many people.

He let Yang Ming and Wang Xiaoyan get in the car first. Only then did Zhang Jingyao take Zhang Xiaonao to the RV. The Black Bear then started the vehicle and headed for the Huang Family’s villa.

He had just been to the Huang Family’s villa, so he was familiar with the roads.

“Mr. Zhang, don’t mention my identity. You should understand what I mean.” Yang Ming reminded Zhang Jingyao.

“Don’t worry, Mr. Yang. Those who have poor memory live longer.” Zhang Jingyao shrugged. “I have forgotten the previous things; I am now working with the Huang Family with sincerity.”

” *En* , you can talk to them about the specific cooperation matters, but what I can guarantee is that you can smoothly carry out your plan in Africa,” said Yang Ming.
