

So Pure 1261

Chapter 1261: The People Around Tian Long

After knowing the identity of Yang Ming, Captain Yang also put away his idea of ignoring Xia Xue. After all, Yang Ming was also a person inside the system, and Yang Ming's identity was more specialized, so no matter what kind of car was driven, they might have been hiding their identities to perform some secret assignment.

Captain Yang was still a very honest person. Previously, he was fighting for merit because this was in Donghai's territory, and it was also because the problem was first discovered at the toll station in Donghai.

Now, guessing that Yang Ming and Xia Xue might be performing an assignment, he put away his previous thoughts.

"Mr. Yang, tell us what to do. We will try our best to cooperate." Captain Yang stated, "I'm really sorry about the previous matters."

"You don't have to be like that!" Yang Ming smiled, waved his hand, and did not pursue the previous incident. Instead, he said, "I was going to Donghai this time to look for you to investigate some people. Now that we met coincidentally, we can go over together."

"Naturally, there is no problem with that!" Needless to say, Captain Yang knew that what Yang Ming wanted to investigate was top-secret. What he had to do was to cooperate fully.

"Xia Xue, you should take this person back first, we will stay in contact through the phone at any time." Yang Ming looked at Xia Xue and said.

Of course, Xia Xue knew that after Yang Ming and Captain Yang met, Xia Xue did not need to go any further. Now, Er Luo Kang's case was more important. Yang Ming wanted Xia Xue to deal with Er Luo Kang.

"Okay." Xia Xue also understood Yang Ming's intention and replied.

Due to Yang Ming's appearance, the people on both sides quickly dispersed. Yang Ming followed behind Captain Yang and drove the car to the Donghai Police Station.

Since Yang Ming's identity was quite special, Yang Ming went directly to Captain Yang's office as soon as he arrived at the Donghai Police Station. Soon, another middle-aged man walked into the office.

"Mr. Yang, this is our Bureau Chief Liu." Captain Yang introduced the identity of the person that came to Yang Ming.

"Hello, Bureau Chief Liu." Yang Ming got up and shook hands with Bureau Chief Liu.

“Mr. Yang, please let us know what you need. We will do our best to assist you in your work,” said Bureau Chief Liu. “Captain Yang will take full responsibility for this matter.”

“That is very polite of you, Bureau Chief Liu,” said Yang Ming with a smile. “I just want to investigate a few people.”

Since Yang Ming’s identity was special, Captain Yang reported it to his boss while he was driving. This was why Bureau Chief Liu appeared just after Yang Ming reached the Donghai Police Station.

After Bureau Chief Liu left, Yang Ming and Captain Yang sat down face to face.

“Mr. Yang, who are you investigating?” asked Captain Yang.

“Tian Long. I wonder if you have his records?” asked Yang Ming.

“Tian Long?” Captain Yang repeated the name softly and said, “Tian Long mingled in the underworld in his early years, but he changed his ways and started doing legitimate business. However, we did not loosen our monitoring on him. We are also afraid that he will hide behind his businesses and secretly do some illegal and shady business. Little Ma’s team is in charge of following up on this. I will call him to come over.”

Tian Long was different from Bao Sanli. In Donghai, Tian Long would get involved with some grey area businesses. On the contrary, Bao Sanli had completely abandoned businesses that were initially from the underworld. Therefore, it was also reasonable for the police here to monitor Tian Long.

Not long after Captain Yang made some calls, a young man in his twenties knocked on the door and walked in, “Captain Yang, were you looking for me?”

“This is a leader from the higher-ups; he is here to investigate Tian Long. Just answer accordingly to whatever he is about to ask.” Captain Yang instructed Little Ma.

Since Captain Yang introduced Yang Ming in this way, it showed that Little Ma could say anything without keeping any secrets. So, Little Ma replied immediately, “Yes.”

“Has Tian Long made any big moves recently?” asked Yang Ming.

“Tian Long recently... I haven’t heard of any big moves. It is said that the Sun Family has handed over their business to him, and the Sun Family has retired behind-the-scenes,” said Little Ma.

Yang Ming sighed secretly. It seemed that Tian Long’s work was still very secretive. He made it airtight about misappropriating the Sun Family’s property. Others on the outside couldn’t even hear anything unfavorable about him. It seemed that he controlled and bought over the higher-ups in the group!

The personnel at the lower levels simply didn’t know the truth of the matter. They just listened to what was said by the higher-ups and believed it.

On the police’s side, they could only see the surface; it was impossible to understand the deeper secrets. But this was not important. What Yang Ming wanted to know was just some things on the surface.

“Who are the people close to Tian Long?” Yang Ming nodded and asked.

“Tian Long is close to his secretary, Li Baihu, and his driver, Wang Renping,” said Little Ma. “Wang Renping was originally the driver of Sun Hongjun, but now he drives for Tian Long.”

Li Baihu? Wang Renping? Yang Ming silently recorded these two names. If there were no mishaps, these two people would be the opening of this incident.

“Who else?” asked Yang Ming.

“There really is no one else; only these two people are the more core figures,” said Little Ma.

“Well, send the information of these two people and their home address to me,” said Yang Ming to Little Ma.

After a while, the two printed pieces of information were handed to Yang Ming’s hand. After Yang Ming glanced at it, he closed it up. Now that he was at the police station, it was difficult for him to read it in detail; it was not too late to read it in detail later.

After Little Ma went out, there were two people left in the room, Yang Ming and Captain Yang. Yang Ming was not the kind of person who was unreasonable, leaving after taking advantage of others. Captain Yang wanted to keep a good relationship with Yang Ming. After all, some strange cases still needed some power from Yang Ming’s side to solve.

“Mr. Yang, it seems that we are a member of the same clan,” Captain Yang said with a smile, “You and I are both surnamed Yang.”

“Yeah, Yang is a big surname,” Yang Ming nodded and smiled. “A few hundred years ago, we might have been a family too.”

“My hometown is W City. I wonder where Mr. Yang is from...” When Captain Yang said midway, he suddenly stopped because the privacy of the people from the Supernatural Investigation Bureau was kept confidential, and it could only be disclosed at will. So if Captain Yang asked this question, it somewhat did not conform to the rules.

However, Yang Ming was not the kind of homegrown people of the Supernatural Investigation Bureau, but the foreign aid that Xia Bingbao had found! So, Yang Ming didn’t treat it as a taboo. “I am a Song Jiang native. On the surface, my identity is a student at Song Jiang Industry University.”

” Oh

? Song Jiang Industry University? You are still a college student?” Captain Yang was surprised when he heard Yang Ming’s words! Although he heard about the different identities of the people of the Supernatural Investigation Bureau outside, and people of all trades, Yang Ming was just a student, which was very shocking!

“Yes, only in my freshman year.” Yang Ming did not hide.

” Oh ? Your Song Jiang Chief Bureau Chen Fei’s daughter seems to be at Song Jiang Industry University, too, right? My personal relationship with Bureau Chief Chen is good; we used to work together. When his daughter was admitted to college, I also went to his home for the celebration feast!” said Captain Yang, “Yes, it’s Song Jiang Industry University!”

" *Hehe* , are you talking about Chen Mengyan?" Yang Ming smiled after listening to Captain Yang's words. "She is my girlfriend. We are high school classmates."

" *Ah !*" Yang Ming's words made Captain Yang very shocked. Initially, Captain Yang saw Yang Ming and Xia Xue together and thought they were a couple! Although he just heard that Yang Ming was a college student, because of Yang Ming's secret identity, Yang Ming should have frequent contact with Xia Xue, and Xia Xue was not very old. Therefore, it was not surprising if the two were together.

However, Yang Ming was actually a couple with Chen Mengyan, which surprised Captain Yang. "I thought you and Xia Xue..."

After being familiar with Yang Ming, Captain Yang was not too careful in his speech.

"Xia Xue and I are friends at work. Our personal relationship is good too. Her brother and I are colleagues," said Yang Ming as he smiled.

Captain Yang naturally knew about Xia Bingbao's business, so Captain Yang suddenly realized it after Yang Ming said this.

After chatting for some time, Yang Ming made an excuse of having something to do, so he had to leave. He had to hurry up and investigate Li Baihu and Wang Renping according to the information provided by Little Ma.

Captain Yang knew that Yang Ming had something to do in Donghai. Yang Ming had already given a lot of face by chatting with him for so long, so he did not keep Yang Ming any longer. He just left a private number for Yang Ming so that Yang Ming could contact him directly if anything were to happen.

After Yang Ming got out of the police station, he first drove around and found a hotel to stay at. He had to study the two pieces of information in his hand.

Li Baihu, thirty-two years old this year, had followed Tian Long since he was twenty-four. He had always been a secretary of Tian Long and had been loyal to Tian Long for eight years.

Wang Renping, twenty-eight years old. The information said that he followed Tian Long ten years ago, but he was sent to Sun Hongjun as a driver and bodyguard. That was until the first few days of this year when Wang Renping returned to Tian Long's side, and he appeared as Tian Long's driver.

Seeing this, Yang Ming couldn't help but frown! *He was previously trained by Tian Long? He was sent to Sun Hongjun for ten years, and after the mysterious disappearance and house arrest of Sun Hongjun, he returned to Tian Long's side?*

It was impossible for this not to explain the problem! This person was safe and sound after Sun Hongjun's accident. Instead, he continued to be a close person of Tian Long. That was to say, Wang Renping must have played a vital role in the incident of Sun Hongjun being under house arrest!

At least, it could be inferred that Wang Renping was originally Tian Long's man. After being trained by Tian Long, he was sent to Sun Hongjun's side. He had been lurking for a decade by Sun Hongjun's side. When Tian Long made a move, Wang Renping also played his due role!

Chapter 1262: An Opening

From the data, it was not difficult to see that Wang Renping played a role in coordinating the outside and inside forces. Without Wang Renping, perhaps Sun Hongjun would not be captured by Tian Long so easily.

For a loyal person who had followed you for ten years, no one would be wary of him, and there would be no doubts. Tian Long successfully put the Sun Family's people under house arrest because of this trust.

However, this Tian Long schemed deep enough. He could actually hold it for more than ten years. No one would be able to surpass such patience. Perhaps, Tian Long had placed a close confidant at Sun Hongjun's side, not intending to betray him in the future.

Some of the underlings would buy some people around the upper level as a spy to report to them. It existed since ancient times. In ancient times, some ministers or princes would buy the eunuchs around the emperor, so that they could always understand the intention and movements of the emperor. It could help them avoid disaster spreading to them.

Tian Long's original purpose might be probably because of this. However, later, because his self-confidence grew, and he met a strong behind-the-scenes boss, he began to plot for his rebellion. He utilized Wang Renping to coordinate the internal and external forces to achieve his good deeds.

Li Baihu was not a Donghai native. Instead, he had a little bit of trouble in the south. He just used a watermelon knife to hurt someone, then he ran to a relative in the north to take refuge. Because the prosecution period had passed, and the victim didn't report to the police, nothing happened after he compensated with some money. However, Li Baihu came to the north and felt that this place was more suitable for his own development. Therefore, he started from the bottom of society. Later, he was valued by Tian Long, and he became Tian Long's spokesperson.

Wang Renping was a Donghai native, but his parents divorced in his early years and abandoned him. He lived with his grandparents. He was raised by his grandparents from childhood, so Wang Renping had extraordinary filial piety after he grew up.

As Yang Ming read the information until here, he suddenly felt that this seemed to be something that could be used. After Wang Renping was trained by Tian Long, he was still loyal to Tian Long after another ten years of lurking. This showed that Wang Renping's character was still very loyal.

If he takes my voodoo, probably, he would rather die rather than betray Tian Long with his strong character. The situation will become a stalemate. I won't have any way out of this dilemma.

However, Wang Renping's grandparents are Wang Renping's weak spot! I believe that as long as I control Wang Renping's grandparents, then Wang Renping has to be on my side and deal with Tian Long along with me.

This information provided was very detailed with the exact address of Wang Renping's grandparents. Yang Ming had already made a decision. Under the twilight, Yang Ming went out of the hotel and in the direction of Wang Renping's grandparents' house.

When Yang Ming was at the Donghai police station, a simple fix was done to the front of the BMW. Although there was no spray paint, it was already able to run normally. The headlights and bumpers had no problem too.

Captain Yang most probably informed his men to bring a 4S Store qualified maintenance worker to do a quick emergency repair on site.

Wang Renping wouldn't be short of money in his current position. However, Wang Renping's grandparents lived in an old neighborhood. The building was built in the 1970s with red bricks visible on the outside. Such a structure was extremely rare in a metropolis like Donghai.

This should be Wang Renping's old house. It was inhabited for decades. When the elders reached a certain age, they have a unique sentiment with their residence; they were unwilling to move. Hence, Wang Renping's grandparents should also belong to such a situation.

Yang Ming parked his car at the door of the community. This old-fashioned community did not even have a parking lot. It seemed that this community was ancient. Yang Ming got off and found out that the street at the entrance of the community was a no parking section. Just as he was about to move his car away, he realized that there was a Donghai Official Car Parking Permit under his car's windshield glass right next to his own Song Jiang Industry University Pass. He didn't know when that was put there.

It seemed that this was also done under Captain Yang's command to his men. Captain Yang probably thought that there might be some inconveniences for him to do things here. Yang Ming was very grateful for Captain Yang's thoughtful consideration.

Since Yang Ming had this permit, he had no need to move his car away. Yang Ming had seen similar things on Sun Hongjun's car. Most probably, Sun Hongjun's social status certainly allowed him to have another political identity to match it. He might have a position in the National People's Congress or the Chinese People's Political Consultative Conference, so it was not surprising that he had such a permit.

This permit could be used on restricted roads, allowing him to park on the no parking road section temporarily which was quite useful. Yang Ming didn't think that his other identity was so useful. Some people would do it properly for him on many things before he spoke for himself.

After entering the community area, Yang Ming found the residence of Wang Renping's grandparents according to the address on the data. This was a residential area with its stairs on the outside of the building. Yang Ming went upstairs, and he was stopped by two black-shirted men.

"Why are you here? Who are you looking for?" One of the black-shirted men asked.

Yang Ming had a slight surprise. *There is even security in such an old-fashioned community area? Even normal properties don't have it, right?* However, Yang Ming still said, "I'm looking for the third floor, the Old Wang Family."

"En?" After the two black-shirted men heard it, a glimmer of light flashed in their eyes. "Why are you looking for that family? Who are you?"

The reaction of the two black-shirted men at this moment fell into the eyes of Yang Ming. He muttered to himself irresolutely, and he understood the identity of these two people and what were they doing here.

As Yang Ming had expected, the community was built in the 1970s or even probably in the 1960s. It was impossible to have residential security or even community security, so these two individuals' identities became suspicious.

When Yang Ming said that he was looking for the Old Wang Family on the third floor, their expressions were obviously abnormal. This confirmed Yang Ming's guess that these two people should be sent by Tian Long to protect Wang Renping's grandparents. However, it was not so much as protection but a watch over. In this critical period, Tian Long was also afraid that Wang Renping would turn his back, so he controlled Wang Renping's grandparents. Therefore, he was not afraid that Wang Renping would have second thoughts.

"You two are sent by Brother Long to protect Brother Wang's family, right?" Thinking of this, Yang Ming knew what to do and asked with a smile.

"Oh?" The two black-shirted men were immediately stunned after listening to Yang Ming's words.

What Yang Ming wanted was this result. Taking advantage of the moment when they were slightly stunned, Yang Ming gave each of them a chop on their necks, letting them faint directly.

Regardless of whether the two were sent by Tian Long or Wang Renping to protect his grandparents, Yang Ming would make them baffled for a moment by asking this, so that Yang Ming could take the opportunity to make a move.

Of course, even if they were confronted directly, the two of them were not Yang Ming's opponents. But Yang Ming was afraid that there was a forewarning signal transmitter on the two people, which could be activated in an instant, so Yang Ming only made a move when they were distracted.

Yang Ming took the two black-shirted men on his left and right and quickly walked to the door of the community. It was late in the evening and winter, so there was no one in the community. Yang Ming promptly came to the side of the car and threw the two people into the trunk.

Yang Ming's chops at their necks were exerted with some strength. It would take at least an hour or two for them to wake up. However, to prevent the two people from waking up quickly, Yang Ming struck on each of their lethargic acupoints. Then, in this way, it would take them at least one day and one night to wake up.

After locking the car, Yang Ming returned to the old building where Wang Renping's grandparents were.

On the third floor, knocking on the door, there was an old voice, "Who is it?"

"Grandma, I was sent by Wang Renping, Brother Wang." Yang Ming had already thought about the script.

"Oh? It's Renping who sent you?!" The door opened "Zhiya," and an old lady stood in the doorway. "Come in!"

"Grandma, where's grandpa? You have to go with me. Brother Wang had offended someone; they are going to act against you! Brother Wang asked me to pick you up!" said Yang Ming in a hurry.

Although Yang Ming could use violence to capture the two old people, Yang Ming did not do that. Yang Ming didn't reach the extent of going mad yet. The two old people were innocent. Yang Ming only used them to persuade Wang Renping to abandon evil and do good. Yang Ming would not do anything to the two old people. It was also Yang Ming's white lie!

" Ah! Renping is in trouble?" The old lady was shocked and quickly shouted to the inner room, "Old man, come out now. Renping is in trouble. His friend came to report!"

The old lady yelled. A white-haired old man ran out of the back room, holding a rolling pin in his hand. Apparently, the two old people were making pasta previously.

"What's wrong? What happened to Renping?" The old man was also anxious.

"Brother Wang is fine now in safety, but he is afraid that his enemy will find you, so he sent me to bring you to a safe place!" said Yang Ming.

" Ah! Then I will call Renping?" The old man was also anxious and turned around in the same place.

"Brother Wang's phone isn't turned on. He was afraid that the cell phone signal will get detected by the enemy, so he didn't dare to boot it up," explained Yang Ming.

" Ah , I see... What should we do now?" The old man naturally didn't understand this. After Yang Ming said so, he believed it and asked quickly.

"You come with me. I will arrange a safer place for you to stay, then I will look for Brother Wang again," said Yang Ming.

"Alright... alright..." When the two elders saw Yang Ming talking so vividly, they really did not doubt it any further and followed Yang Ming out of the house.

When the two old people got in the car together, Yang Ming started the car and said to the two old people, "The enemy has already come to the community area to monitor you. I encountered them around your unit. I knocked them out and put them in my trunk! I will send them to Brother Wang in awhile!"

As Yang Ming said this, he pointed at the trunk behind the back seat of the car.

When the two elders heard that two people were passed out in the car, they were suddenly surprised. They quickly turned back and looked at the trunk behind the seat. They really saw two black-shirted men behind.

" En ?" The old man was baffled. "I was wondering why these two guys wandered around the community corridor in recent days. Sometimes when I shopped for groceries, they seemed to follow me. I was baffled at the time, but I did not put much thought into it. I didn't think that these two people were sent by Renping's enemies to monitor us..."

"It's okay now. You follow me. I will take you to a safe place," said Yang Ming.

The two elders were now more convinced that Yang Ming was the one sent by Wang Renping, their grandson, so they were more convinced of Yang Ming's words. Hence, they quickly said, "Young man, sorry to trouble you!"

"It doesn't matter. I am Brother Wang's buddy." smiled Yang Ming.

"Then, can I ask you, little brother? How is Renping doing now? Is he in any danger?" The old lady was worried about the safety of her grandson, and she couldn't help but ask.

"Brother Wang is all right now, but his enemies are very powerful. His enemies are chasing him very tightly. He is afraid to bring you two in trouble, so he doesn't dare to contact you!" Yang Ming said, "But he is safe in the place where he is now. "

"That's good! That's really good!" The old lady breathed a sigh of relief. "Ai, how many times did I persuade him not to do dangerous things, but he just doesn't listen... Now, the enemies have come to the door... "

"You're still saying it!" The old man was displeased. "If it weren't for Renping wanting to treat your illness, how could he borrow the usury loan? How could he owe them so much money? He is now paying off the debts, paying off your debts! Otherwise, he would have come back early to be with us!"

" Ai !" The old lady heard the old man and sighed, but she also knew that the old man was telling the truth. The grandson borrowed a lot of money to treat her. Later, he devoted himself to the boss.

"When this case is resolved, you can live together with Brother Wang, and the money he owes outside can be paid off!" said Yang Ming.

Wang Renping owed Tian Long money. This news was an unexpected gain! It turned out that Wang Renping borrowed money from Tian Long because of his grandmother's treatment, then he devoted himself to Tian Long. This was how Tian Long had a good grasp of Wang Renping.

Wang Renping owed Tian Long a debt, so he would naturally work for Tian Long. Even if Tian Long asked him to do something contrary to his principles, Wang Renping could only do it.

The car returned to the hotel where Yang Ming was staying. After entering the hotel, Yang Ming booked a room for both elders. The attitude of both elders was normal, so the waiter at the hotel had no doubt at all.

After sending the two elders into the room, Yang Ming took out the mineral water prepared in advance and handed them to each of the elders. The elders were thirsty all the way, so they drank a lot of water.

Yang Ming sat next to the two elders, chatting. Their conversation was about Wang Renping. From the mouths of the two elders, Yang Ming also learned a lot about Wang Renping.

Not long after, the old lady said, "How come I'm a little sleepy? Did I wake up too early today?"

As the old lady said this, the old man said, "I'm a little sleepy, too."

"It may be that this journey was bumpy and somewhat tiring." Yang Ming smiled and said, "Why don't you two rest first? I will go to Brother Wang; I will come back to you tomorrow morning."

"That's fine, too... Will Renping come tomorrow...?" As the old lady said one sentence, she felt that it was wrong, "No way. Renping is in trouble now. We can't let him move around. Let's wait until things are settled down."

"Yeah, we can't have Renping distracted at this time!" The old man nodded.

"Then I will go first. Rest well. If you are hungry, call the waiter to deliver you a meal. Don't just go out and walk around!" Yang Ming instructed.

"We know. Be assured!" The old man nodded.

Yang Ming left the room where the two elders rested, and he was relieved. There were sedatives in the mineral water. Yang Ming had already prepared it in advance. After drinking the water, the two elders would naturally be sleepy and fall asleep.

Although Yang Ming could strike the lethargic acupoint of both elders, the elders would know that he wanted to harm them. This would breach the two elders' trust. Hence, Yang Ming still let them fall asleep naturally. Even though they were more drowsy than usual, after Yang Ming's explanation, they thought the reason was that they woke up too early. Together with the tiring journey, it caused them to have fatigue. They would not doubt anything after waking up.

After locking the elderly's room door, Yang Ming returned to his room. However, Yang Ming didn't leave immediately, but he used his special ability to monitor the movement of both the elders in the room.

Although Yang Ming said that they couldn't call Wang Renping now as it would cause trouble for him, it was difficult to guarantee if the two elders would call Wang Renping and inform him.

However, as Yang Ming left the room, the two elders went to bed quite soon. It saved Yang Ming from worrying. This kind of sedative would make people sleep for at least twenty-four hours after taking it. This duration was enough for Yang Ming to carry out his plan.

Like the two black-shirted men, Yang Ming was concerned with whether the two elders would wake up in advance. Hence, after the two elders went to sleep, he returned to the room where the two elders were and struck their lethargic acupoint.

In this way, the two old people could not detect anything peculiar. When they woke up, they would think that they overslept.

After leaving the hotel door, Yang Ming came to the front of the residential area of a high-rise apartment according to the information provided by Little Ma. This was the residence of Wang Renping; Wang Renping bought a high-rise apartment here, and he usually lived here.

However, the community area here had very strict management with the implementation of closed management. Yang Ming's car was intercepted at the door of the community area. According to the regulations, one was not allowed to enter without the door pass of the community area.

Yang Ming took the pass in front of the car and looked at the security guards in the community. He did not expect the security of the community to be very serious and responsible. "Which department are you from?"

Yang Ming couldn't help it. He had to take his other military document given by Xia Bingbao that was used to show the ordinary people during the usual operation and handed it to the security guard of the community.

The security guard of the community area looked at Yang Ming's document and allowed Yang Ming's car to pass.

The upper-class was located at the end of the neighborhood near the lake. If Yang Ming got off, it would take at least one hour to walk there, so Yang Ming had to drive in.

Chapter 1263: Reunite in Hell

When Yang Ming arrived at the high-rise by the lakeside, he parked the car at a parking space next to it. He observed Wang Renping's residence provided by Little Ma's information with his special abilities.

Wang Renping's residence was located on the sixteenth floor of the upper level. It was an average location that was considered not bad. He had a three-bedroom, one living room apartment with good decoration and electrical appliances. Yang Ming simply looked at the room with his special abilities. Wang Renping had not yet returned home.

However, it was no wonder since he was quite busy at Tian Long's side for the past few days. It was typical for Wang Renping to come home late. Since Yang Ming had come here to wait for him, he wasn't in a hurry. Even if he was in a hurry, it couldn't be helped. Yang Ming couldn't go to other places to look for Wang Renping due to time constraints. Tian Long and Wang Renping wouldn't appear at the Sun Family's company in this situation. Since their plan was exposed, Tian Long would be extremely careful.

Tian Long must be hiding from Yang Ming, so now he was unlikely to appear in a place that Yang Ming was familiar with... *No! Yang Ming suddenly slapped his head! If I analyze as such, then Wang Renping won't go back to his home! Wang Renping is also one of the important figures around Tian Long. Tian Long is so cautious, so there is no reason for Wang Renping to be careless!*

Thinking of this, Yang Ming was a bit frustrated. He thought he was clever, but he ignored such an important fact because of a small mistake.

After Yang Ming regretted it, he calmed down and looked at the information that Little Ma gave him. After calming down, Yang Ming began to think again about the places where Wang Renping might go.

The home of this community was a place where he could choose not to return. It didn't matter if Wang Renping didn't come back for a few days. He could live in hotels or other places.

Where is the place where Wang Renping must go? Now Wang Renping's whereabouts are definitely as uncertain as Tian Long's whereabouts. It is difficult to find him. Is there a place where Wang Renping must go or has to go? In other words, the so-called only way he must pass through!

Yang Ming was immersed in deep thought. *I don't understand Wang Renping's living habits. My understanding of him is entirely based on the information on this thin sheet of A4 paper given by Little Ma.*

If I were Wang Renping, then where would I go at this moment? Yang Ming decided to think from a different perspective. He assumed himself as Wang Renping.

Thinking from a different perspective often led to unexpected effects.

In the information, Wang Renping had no parents since he was a child. He relied on his grandparents to raise him. That meant Wang Renping's relationship with his grandparents was exceptionally good.

According to Wang Renping's character, the most important people in his life were none other than his grandparents, so he wouldn't give up his grandparents no matter what. Therefore, Wang Renping could choose not to go to other places, but he had to go back to his grandparents' house!

Especially at this very moment, Wang Renping would definitely be more sensitive. Maybe he would go to visit his grandparents every day, maybe he just didn't enter the house, but he must also make sure they were safe.

Thinking of this, Yang Ming suddenly had cold sweat.* I tried to be smart by tricking Wang Renping's grandparents into staying at the hotel, but in case Wang Renping goes to his grandparents' home and finds that they are missing, then...*

If Wang Renping tells Tian Long about this, then Tian Long will be suspicious. In this way, my next planned action will be difficult to carry out.

Thinking of this, Yang Ming did not dare to stay for a long time. He quickly started the car and turned back in the direction of the community where Wang Renping's grandparents lived.

Yang Ming drove the car fast; he hoped that he could make it in time! Fortunately, not many cars were on the road in the evening. Yang Ming even went past a few red lights, and he finally arrived in the same district where Wang Renping's grandparents lived in the fastest time.

After parking the car, Yang Ming rushed to the community. This was a race against time. Yang Ming didn't dare to delay; he ran while using his special abilities to explore the old house of Wang Renping's grandparents in the community.

At first glance, Yang Ming couldn't help but be surprised! He guessed it right! Wang Renping did come here! Seeing Wang Renping's anxious look and his head full of sweat, Yang Ming knew that he had found that his grandparents weren't at home!

At this moment, Wang Renping was pacing back and forth in the house, looking for valuable clues. He seemed to be hesitating to call and talk to Tian Long.

Indeed, as Yang Ming suspected, Wang Renping was most worried about his grandparents. Recently, the company was a little chaotic internally. He had offended many people because of the Sun Family's matter. Even though Tian Long temporarily controlled the situation with his financial strategy, it was hard to guarantee if there were still people who were loyal to the Sun Family, waiting for the opportunity to retaliate!

And Wang Renping became the sinister and evil person in the eyes of these people. In their view, the Sun Family fell from power entirely because of him. Tian Long wouldn't have gained power without his

help. In other words, these people's first choice was to retaliate against Wang Renping if they were given the opportunity.

The people in the company knew his background, knowing that the people he cared about most were his grandparents. So, they would madly retaliate against his grandparents if it were possible.

Therefore, after leaving work every night, Wang Renping would come here once. He knew that Tian Long had sent two bodyguards to protect his grandparents. Of course, he also knew that they were also monitoring his grandparents. However, this didn't matter. Wang Renping knew that what he was doing involved a big matter, so it was reasonable for Tian Long to send someone to monitor his grandparents.

Moreover, Wang Renping still felt relieved. So, why not? Every day, Wang Renping would talk to the two bodyguards when he saw them there, but after he ensured that his grandparents were safe, he would leave. Although he wanted to enter the house, he was afraid that his grandparents would ask him anything. Wang Renping had never lied to his grandparents, so if his grandparents really asked about the Sun Family, his grandparents would know about his betrayal to Sun Hongjun. In that case, his grandparents would die out of anger even if they didn't beat him to death.

But today, Wang Renping came to the residence of his grandparents after work as usual, but what was unusual was that Wang Renping didn't see the two bodyguards sent by Tian Long!

Did they go out to eat? Wang Renping was slightly stunned, but then he thought about it. It was unlikely. Because when Tian Long sent them previously, he had already ordered them to take shifts for each other during meals, or one person would buy lunch for them. So, there would always be someone staying at the guard post, and the post would never be without a guard.

However, when Wang Renping came, no one was there. Wang Renping looked around, but he didn't find them, so he became anxious.

He couldn't care much and quickly went upstairs to his grandparents' house. He knocked on the door, but no one answered. Wang Renping's subconscious felt something terrible happened. He quickly took out his key and opened the door!

Wang Renping walked quickly into the old house of his grandparents. This was where he grew up, so he was very familiar with every inch of the place. Wang Renping quickly walked around in the house, but he didn't find the figures of his grandparents. He went to the kitchen, but he found half-made dumplings on the chopping board. There were stuffing and dumpling wrappers that had not been used. It was apparent that they were making dinner, and they had not eaten yet.

Seeing the scene in front of him, Wang Renping almost fell down! What this meant was pretty obvious! Grandpa and grandma left the house due to some matter when they were preparing dinner...

The two bodyguards who were sent by Tian Long to protect their grandparents also disappeared... *What the hell is going on? Is it that the Sun Family loyalists have come to retaliate against me?*

Thinking of this, Wang Renping immediately began to sweat.

However, could it be that Tian Long had the two bodyguards transfer my grandparents to another place? Wang Renping was immersed in contemplation. These days were the crucial days for Tian Long to

achieve great things, and Wang Renping was one of the important people. *Could it be that Tian Long did this to coerce me?*

At first thought, Wang Renping felt that there was such a possibility. Therefore, Wang Renping wanted to call Tian Long to ask about it... However, he was afraid that this was not done by Tian Long. If he asked this question, it would seem that he was doubting Tian Long...

Thinking of this, Wang Renping was somewhat hesitant.

Just as Wang Renping hesitated, there was a loud shout outside the door. "Wang Renping!"

Wang Renping was shocked and quickly looked up at the doorway, but he saw a man in his twenties standing at the door and staring at himself!

After Yang Ming saw Wang Renping was really at his grandparents' residence, he quickly sprinted upstairs. He used his fastest speed, and he maximized his assassin's explosive power to the extreme. Finally, Yang Ming stopped Wang Renping just as he was about to make a call!

However, this was also thanks to Wang Renping's hesitation. If he were decisive, then Yang Ming would have lost the opportunity. This was really looking for an opportunity in a dangerous situation!

"Who are you?!" Wang Renping immediately became alert! The two bodyguards sent by Tian Long and his grandparents disappeared, and an unfamiliar young man who knew him suddenly appeared. How could Wang Renping not be suspicious?

"Are you looking for someone?" Yang Ming saw that he had caught up, so he was no longer anxious. Now that Yang Ming had the lead of the situation, so he also resumed his usual indifferent expression and asked faintly.

Yang Ming easily recognized Wang Renping. Little Ma's information had Wang Renping's photo, so Yang Ming could determine that the person in front of him was Wang Renping.

"Who are you? Why are you here?" After listening to Yang Ming's words, Wang Renping was astounded. "How do you know me?"

"Don't ask so many useless questions." Yang Ming frowned. "My patience is limited. I'll only ask you one last time. Are you looking for someone?"

Wang Renping's hand shook and moved toward his waist, but he moved it away instantly. He wanted to pull his gun, but he didn't dare. Listening to Yang Ming's tone, his grandparents seemed to be in his hands. If he really hurt Yang Ming with his gun, then would his grandparents be in danger?

Thinking of this, Wang Renping gave up the idea of pulling the gun. What he needed to do now was to first find out his grandparents' whereabouts and the identity of the person in front of him.

Wang Renping's movements were all seen by Yang Ming. However, Yang Ming was not afraid of him pulling his gun because a flying needle was pinched in Yang Ming's hand. Once Wang Renping made any moves, Yang Ming's flying needle would shoot out the first time.

"Yes, have you taken my grandparents away?" Wang Renping asked straightforwardly. Since the other party didn't like to beat around the bush, then he simply didn't speak nonsense. The most important

thing at present was his grandparents' safety. Beating around the bush wasn't advantageous to him at all. Wang Renping obviously was very aware of this.

"I thought you didn't care about them. Throw the gun at your waist to me." Yang Ming smiled and said. Although Yang Ming wasn't afraid of Wang Renping with a gun, Yang Ming didn't want to be arrogant. It was natural to seize the enemy's weapon. It wasn't that he was afraid of Wang Renping resisting him, but doing so could show his overbearing side.

Now everyone in the winter wore thick winter clothes, so Wang Renping's gun at his waist couldn't be seen outside, and Yang Ming told him to throw the gun that was on his waist. This was why Wang Renping was surprised. *How did Yang Ming find out about the gun that is at my waist?*

Yang Ming also saw Wang Renping's surprise, but Yang Ming certainly wouldn't tell him that he had special abilities. Yang Ming just smiled and said, "Your hand just shook around your waist, wanting to take something out, but you stopped again. You are so far away. If the weapon that you wanted to take out isn't a gun, what would it be? Could it be that you know how to throw knives?"

Wang Renping only understood after listening to Yang Ming. It turned out that Yang Ming guessed that he had a pistol at his waist. Since Wang Renping had already determined that the person in front of him was the one who kidnapped his grandparents, he also knew that resistance was meaningless. It would only be more unfavorable to his grandparents. Therefore, Wang Renping no longer hesitated; he took out the gun at his waist and threw it to Yang Ming.

Yang Ming was not afraid that Wang Renping would shoot at him as he pulled out the gun. Firstly, if he intended to do something, Yang Ming's flying needle would be shot. Secondly, Yang Ming knew Wang Renping's character, that he was a dutiful son. Since he already knew that his grandparents were in Yang Ming's hands, then he would certainly not have the idea of acting rashly. Otherwise, he would not give up immediately after he tried to pull the gun.

After taking the gun thrown by Wang Renping, Yang Ming put it into the pocket of his coat and said, "All the rumors saying that Wang Renping is a dutiful son really are true. He is willing to do anything for his grandparents."

"I have done what you said. What do you want to do? Please say something!" Wang Renping knew that Yang Ming had kidnapped his grandparents, and there would be some conditions, so he asked directly, "Please tell me. How are my grandparents doing now?"

"Very good; very forthright. I like to deal with forthright people." Yang Ming was quite satisfied with Wang Renping's attitude at the moment. "If you can keep being forthright, then your grandparents will be safe."

Wang Renping's face changed slightly. He knew by the way Yang Ming talked that Yang Ming must have wanted him to do something. As long as he is satisfied with his own things, he will guarantee that Wang Renping's grandparents have no problems, and the meaning of what he didn't say in his previous words is that if you don't cooperate, your grandparents will not be safe...

How could Wang Renping not hear Yang Ming's hidden meaning?

“What do you want me to do?” Wang Renping heard that his grandparents were fine now, and he was relieved.

“Although your weakness is in my hands, I am still not at ease with you.” As Yang Ming said this, he took a small box out of his pocket and walked to Wang Renping’s body.

“What are you doing?” Wang Renping was somewhat inexplicable.

“Open your mouth!” As Yang Ming said this, his hand had already stretched out, grabbed Wang Renping’s cheek, and opened his mouth, then he poured the voodoo that Zhang Zhishen cultivated and fed Wang Renping.

Because his cheek was being held by Yang Ming, the voodoo pill went into Wang Renping’s stomach easily.

Wang Renping did not expect Yang Ming’s speed to be so fast; the whole movement was done in one go. By the time he reacted to what happened, the pill had already entered his stomach! Wang Renping was shocked. “What did you give me?”

“It’s nothing.” Yang Ming smiled slightly, “Have you ever heard of voodoo? It’s fine that you have never heard of it. You know about the Three Carrion Beetles Mind Control Pill in Jin Yong’s novel, right? Mine is similar to that; it will take effect every twenty-four hours. If you didn’t take a suppressant, then you will not see your grandparents ever again.”

After listening to Yang Ming’s words, Wang Renping’s face suddenly twitched. He looked at Yang Ming in anger, but in the next moment, he recovered his calmness. At this moment, it was useless to be angry. His most important people, his grandparents, were in the hands of Yang Ming, so Wang Renping had no other choice!

“What I want you to do can be done within twenty-four hours if no accidents. I will give you the antidote at that time. I will also let you and your grandparents reunite, but if you screw up, I will let you reunite...” Yang Ming paused a little.

Wang Renping was surprised; he seemed not to understand.

“I will let you reunite in hell,” Yang Ming said coldly.

Chapter 1264: My Name Is Yang Ming

Yang Ming used only a moment to change his expression from a devil-like smile to a cold expression. A sudden chill crept upon Wang Renping. He had no doubt that Yang Ming would do this.

Wang Renping still didn’t know which side’s power Yang Ming was on and what Yang Ming wanted him to do. However, Wang Renping was not stupid. He had already guessed that the reason Yang Ming came this time should be related to the resentment between the Sun Family and Tian Long.

As Wang Renping thought of this, his heart calmed down. He thought of a phrase, *Everything that has a beginning has an end.*

From the day he betrayed the Sun Family, Wang Renping understood that one day, someone powerful from the Sun Family would look for him, but he had to do it!

On the one hand, he owed money to Tian Long; on the other hand, his grandparents were controlled by Tian Long. Of course, with the current economic strength of Wang Renping, it was a breeze to pay back the money that he owed Tian Long. Back then, Sun Hongjun did not treat him coldly. Wang Renping also received a lot of red packets [1] and benefits from him!

But when Wang Renping mentioned to Tian Long that he wanted to pay back the money, Tian Long smiled and waved as he told Wang Renping not to worry; Wang Renping couldn't help that Tian Long did not want the money back. Wang Renping also understood that Tian Long wanted him to owe this favor, but it was Tian Long who extended a helping hand at the most difficult moment which Wang Renping couldn't help with it.

This reason was actually not the main one. If Wang Renping really wanted to fall out with Tian Long, it was enough just to pay back forcibly the money owed, but Wang Renping couldn't do this! Because his grandparents were still within the scope of Tian Long's sphere of influence, Tian Long would definitely use this as blackmail. In desperation, Wang Renping would do so many things for Tian Long.

But now, before Tian Long's success, others had already come to look for him.

"Whatever I can do, I will do my best." Wang Renping said after a deep breath. His grandparents were in the hands of others, how could Wang Renping dare not do as he was told?

"Great." Yang Ming didn't expect to make a breakthrough with Wang Renping so easily; he thought he had to go through a lot of trouble. However, after thinking about it, it was normal.

I have struck the lifeline of Wang Renping; this is the only thing that Wang Renping can't ignore, family. Therefore, under this threat and pressure, Wang Renping has no choice but to compromise.

Yang Ming was very satisfied with Wang Renping's attitude. He turned around and closed the door behind him, then said to Wang Renping, "I think you have already guessed why I came to look for you?"

This was considered a very safe place, so Yang Ming decided to implement his own plan here.

Just as Yang Ming had expected, Wang Renping nodded.

"How is the Sun Family? Are they safe?" asked Yang Ming as he looked at Wang Renping's eyes. At this time, Yang Ming was not afraid that Wang Renping would lie, but there was nothing wrong with being a little cautious.

"Brother Long just put the Sun Family under house arrest and didn't hurt them," said Wang Renping truthfully.

Yang Ming nodded. This was the same as what Tian Donghua said before. At least, the Sun Family was not in danger, so Yang Ming was relieved. Recalling Tian Donghua, Yang Ming quickly asked, "Tian Donghua? Do you know where he went?"

"Grand Young Master, he... is also under house arrest by Brother Long..." When it came to this, Wang Renping suddenly realized something. He looked at Yang Ming with some surprise. "I got it! I know who you are!"

"Oh

?” When Yang Ming heard Wang Renping say this, he became interested. He assessed Wang Renping up and down and said, “You know who I am?”

“You are Yang Ming! Grand Young Master’s classmate!” Wang Renping nodded and said affirmatively.

“*Hehe*, you are smart. How did you guess it?” asked Yang Ming as he looked at Wang Renping with great interest.

“You asked me about the Grand Young Master, which means that you are familiar with the Grand Young Master. You care about the Sun Family, which means that you have a very close relationship with the Sun Family,” analyzed Wang Renping. “Moreover, your age should be similar to that of the Grand Young Master. From the above points, I can speculate that you are Yang Ming!”

When Tian Donghua and Tian Long quarreled because of Yang Ming, Wang Renping was in the room next to him, so he knew about Yang Ming. This was also why he could immediately guess who Yang Ming was.

“Yes, I am Yang Ming.” Yang Ming appreciated Wang Renping’s quick-wit. No wonder such a person could gain the trust and appreciation of Song Hongjun, but he did not expect him to be Tian Long’s man. But after this time, perhaps he would never devote himself to Tian Long again.

“No wonder Brother Long said that you are a difficult character.” Wang Renping sighed and said, “I thought that since you were just a college student, what abilities can you have? When I saw it today... I know that I had really underestimated you! You can actually find my grandparents’ residence, settle the two bodyguards outside, and kidnap my grandparents away. This strength should not be underestimated!”

“What you see is just the tip of the iceberg.” said Yang Ming faintly, “Originally, you must die after this incident, but you should thank your grandparents. Their words made me change my mind.”

“What words?” Wang Renping didn’t think about living anymore; he didn’t believe that Yang Ming would let him go. All he prayed for was that Yang Ming wouldn’t harm the innocent and let go of his grandparents.

But now, listening to the words of Yang Ming, it seemed that Yang Ming could let him go. Naturally, Wang Renping became spirited.

“You borrowed money from Tian Long to treat them. Then you had to do things for him and be held back by him. It seems that you are a filial son, so you were forced to do all this. I will let you go.” Yang Ming said this to give Wang Renping some reassurance, telling him that as long as he was doing things for Yang Ming, then there was the hope of reuniting with his grandparents. Yang Ming would also not kill him. This was also a kind of psychological suggestion that a strong desire to survive could make him unswerving.

This was the only chance to overthrow Tian Long. Yang Ming did not allow any mistakes to happen in the middle, so that was why he would treat Wang Renping with mercy and pressure. Although Wang Renping was under duress, Yang Ming could still show him some hope. This way, Yang Ming wasn’t afraid that Wang Renping wouldn’t work hard.

Wang Renping took a deep breath; he couldn't judge whether Yang Ming's words were true or false. He didn't know if Yang Ming would honor the promise afterward, but having hope was always good.

"Thank you." Wang Renping nodded. "Since this matter has proceeded to this point, just tell me what you want me to do."

"How many of the higher-ups in the Sun Family company are participating in Tian Long's plan?" asked Yang Ming.

"About more than thirty people..." said Wang Renping after he thought about it.

"Specifically, how many people?!" Yang Ming frowned. As for this ambiguous answer, Yang Ming was very annoyed. This was a crucial matter. If a person was left out, it might lead to the failure of the whole plan! Therefore, Yang Ming did not allow any omissions.

"Thirty-two people!" Wang Renping hesitated and said.

"Are you sure?" Yang Ming glanced at Wang Renping and asked again.

"I'm sure! Including me, there are thirty-three people!" said Wang Renping affirmatively.

"Well, you call them now and have them come here. You don't need me to teach you how to make it sound believable," said Yang Ming faintly. "However, as long as the flaws are not revealed and Tian Long becomes vigilant, you can imagine the consequences yourself."

Wang Renping nodded. He naturally knew the seriousness of this. He picked up the phone and dialed the phone in the order of the phone book.

"Hello? President Zhang? This is Wang Renping..." Wang Renping's tone was plain. Even if the person on the other side was a manager, he didn't have a flattering tone.

President Zhang, on the other side, who heard that it was Wang Renping, immediately became enthusiastic. "Secretary Wang, hello! Is there anything the matter?"

"Come to my old house now. I have a few things to tell you." Wang Renping's tone was natural, and it did not reveal any flaws.

"Oh? Okay, okay, I will go over right now!" As expected, President Zhang wouldn't think too much. Wang Renping's words represented Tian Long's intention in most cases, so President Zhang was naturally very respectful to Wang Renping. Moreover, when Wang Renping told him to come to talk about things, President Zhang was obviously thrilled. He thought this was a good opportunity to get close to Wang Renping.

Wang Renping hung up the phone and dialed another number. "Hello? Is it Uncle Ma? This is Wang Renping..."

This Uncle Ma was a veteran who carved a career with Tian Long, but after receiving a call from Wang Renping, his attitude was still very harmonious. It couldn't be helped. This situation had existed since ancient times; the emperor's ministers still didn't dare to offend the emperor's eunuch.

"Secretary Wang, hello. Why do you look for me at such a late hour?" asked Uncle Ma.

"This is how it is. Are you free now?" asked Wang Renping. "Come to my old house. I am looking for you for something."

Many of Tian Long's orders were issued by Wang Renping, so Uncle Ma naturally did not dare to neglect. Since Wang Renping said that he looked for Uncle Ma for something, Uncle Ma naturally went. "Okay, then I will go over now..."

Yang Ming watched Wang Renping make his phone calls one by one, and it was very smooth. He could settle each person in almost a few words, so Yang Ming lamented that he really found the right person! This thing was most suitable for Wang Renping to do!

It seemed that Wang Renping was quite prestigious among these people.

When the last call was made, Wang Renping breathed a sigh of relief. He said to Yang Ming, "Mr. Yang, I have already invited these people here according to your command. Maybe they will arrive soon. What do you need me to do next?"

"After they enter the door, you say that there are important things to discuss. Let them hand in communication device and weapons," informed Yang Ming to Wang Renping after he thought about it.

"It's okay to hand over the communication devices, but weapons..." Wang Renping paused then said, "It is normal to hand in communication devices when we are in a meeting, but weapons have never been taken away. If I collect their weapons this time, they will certainly have doubts. If the situation can't be controlled and something wrong happens..."

Wang Renping was now also thinking for Yang Ming; it couldn't be helped since his grandparents were in Yang Ming's hands. He had no other way but to turn to Yang Ming.

Yang Ming nodded after listening to Wang Renping's words. These people were armed with weapons. Yang Ming was not afraid; after all, he was an assassin. Moreover, with the flying needles in his hands, could he be afraid of them?

Taking away the weapons was just a safety measure. Since Wang Renping said so, it didn't matter if the weapons were not collected.

"Then just collect the communication devices," said Yang Ming after listening.

"But..." Wang Renping was in a difficult position at this time. He was initially on the opposite side of Yang Ming, but now he had become Yang Ming's ally. He couldn't help but think for Yang Ming. Once Yang Ming failed, his grandfather and grandmother's whereabouts would be unknown. Wang Renping naturally did not want to see this happen, so he had to help Yang Ming. "When they have weapons, will they still listen to you?"

"Don't think that I can only use tricks to coerce others." Yang Ming smiled. "They can't stir up any trouble."

Seeing that Yang Ming said so with confidence, Wang Renping also couldn't be helped. At this moment, he could only believe that Yang Ming had a solution.

Not long after, there was a knock on the door. Yang Ming gave an eye signal to Wang Renping and went into the kitchen in a flash, while Wang Renping opened the door.

The person who came was Wang Renping's first call, President Zhang. After arriving, President Zhang saw Wang Renping and quickly said, "Secretary Wang, hello. What are you looking for me for?"

"President Zhang, please hand over your communication device first," said Wang Renping.

"Oh? Okay, okay!" President Zhang also participated in the high-level meetings of Tian Long before. He knew the rules at the meetings, so he did not hesitate to take out his phone, turn it off, and hand it over to Wang Renping.

President Zhang not only did not feel that something was wrong, but was very happy. The more important the meeting was, the more it meant that he was valued. President Zhang was naturally delighted!

"President Zhang, please enter and rest first. Some people have not come yet. After they come, we will discuss business." Wang Renping's expression was very natural. It was reasonable that he could control it well on the phone calls; after all, it was not face-to-face. Now that Wang Renping was in a situation where he had to do things face-to-face, and he did not show the slightest nervousness, it showed that Wang Renping's psychological quality was outstanding!

Yang Ming looked at the situation at the door with his special abilities from the kitchen. He felt that this Wang Renping was really a talent. No wonder he could get the Sun Hongjun's trust; he seemed to be a sly character.

In the absence of any suspicion, President Zhang entered the living room of the old house and waited. Then, other people continued to come. At the request of Wang Renping, they all handed over their communication devices.

However, while others were okay, only one person showed doubts. This person was Li Baihu. Like Wang Renping, he was also one of the most trusted people around Tian Long.

"Brother Wang, I don't have to hand over the phone, right?" Li Baihu frowned and asked.

"Brother Hu, this is the rule, you understand." Wang Renping did not show any nervousness at all. He said it in neither an obsequious nor supercilious way.

"Brother Wang, why did you call for so many people? Is it Brother Long's intention?" Li Baihu looked inside the room and asked.

"Why? You don't believe it?" Wang Renping snorted. "Do you want me to call Brother Long to let him tell you?"

Li Baihu looked at Wang Renping and said, "That's not necessary!" After that, he took out his mobile phone, turned it off, and threw it into the small basket in front of Wang Renping.

Although Li Baihu's heart was a little dissatisfied, he really didn't dare to let Wang Renping call Tian Long and ask him! He also knew that during this time, Wang Renping's status had advanced by leaps and bounds and that Wang Renping had already overtaken him. So, what Wang Renping said could really represent what Tian Long said. Li Baihu commented like this because he was dissatisfied and wanted to take the opportunity to find fault.

"Brother Hu!" "Hello, Brother Hu!" "Brother Hu is here!"

Li Baihu was also a famous person around Tian Long, so after entering the house, everyone greeted him. The feeling of being superior and bad*ass satisfied Li Baihu's ego, and he forgot the previous unpleasant experience.

It seems that I am still very prestigious! Li Baihu thought this way in his heart.

Wang Renping locked the door and walked into the room. The room immediately became quiet; even Li Baihu closed his mouth. However, his superiority was suddenly broken by the arrival of Wang Renping, which made his heart more unhappy.

"I asked everyone to come here to discuss a serious matter..." As Wang Renping spoke until here, he glanced at the door. At this time, Yang Ming also came in.

Li Baihu was dissatisfied with Wang Renping's tone. At this time, he couldn't resist but say, "What's the serious matter? It's so late, and you still don't let others sleep?"

Perhaps only Li Baihu dared to talk to Wang Renping like this. Everyone looked at Li Baihu and Wang Renping as an onlooker to see how Wang Renping would respond.

However, Wang Renping did not care about Li Baihu but moved aside. At this time, a young man came in...

"If you don't want to die, just shut up!" Yang Ming glanced at Li Baihu coldly and walked to the center of the room, standing proudly in front of these people.

"Who are you?" Li Baihu and others had never seen Yang Ming before, so when they saw an unfamiliar person come in suddenly, they were shocked.

Because Wang Renping was the most important person around Tian Long, the people naturally thought that he was not an ordinary character because he was brought over by Wang Renping; maybe he was sent by Tian Long. Therefore, before these people were clear about Yang Ming's true identity, they dared not express anything lightly. Otherwise, when Tian Long pursued them about it, then it would be a big deal!

These people didn't know Yang Ming's background. Hearing that Yang Ming's tone was very firm, they immediately settled down, including Li Baihu. He just asked Yang Ming who he was, and didn't dare to speak out!

"My name is Yang Ming. I don't know if you have heard of me?"

Chapter 1265: Establishing Majesty

"My name is Yang Ming. I don't know if you have heard of me?" Yang Ming's voice was soft, but he spoke with an unquestionable majesty. He stood there, looking at the Sun Family's company's top management in the room who were bought over by Tian Long.

"Yang Ming!?" Most of the people present had never heard of the name Yang Ming, but there were also a few people like Li Baihu who were very close to Tian Long who knew the existence of Yang Ming.

Li Baihu's brow suddenly furrowed, and his eyes swept to Wang Renping. "Brother Wang, what do you mean by this? Don't you know Brother Long is now dealing with Yang Ming?"

After Yang Ming reminded him, Li Baihu remembered it immediately. Tian Long showed him Yang Ming photos, but he did not have a deep impression at the time. However, with Yang Ming's words, the silhouettes of the two people coincided!

This person was Yang Ming whom Tian Long wanted to kill. Why was he with Wang Renping? Li Baihu was not stupid. He became anxious immediately as he glared at Wang Renping.

"It doesn't mean anything." Yang Ming interrupted Li Baihu's words. "I have already said that if you don't want to die, just shut up! I think I have been very brief and concise. Can't you understand it? I don't want to say it anymore; I will not repeat it a third time, but I will answer it with action."

"Motherf*cker! Who the f*ck are you? Do you dare to talk to me like this? Wang Renping, you little brat, after I deal with this kid, I will settle the score with you!" Li Baihu said as he took a gun from his waist. However, before he could point it at Yang Ming and voice his dissatisfaction, he fainted on the ground.

This sudden change startled everyone in the room. When they heard Li Baihu, everyone immediately understood that this Wang Renping might have been colluding with Yang Ming! Looking at Li Baihu, drawing his gun to get rid of Yang Ming, all of them became very excited. They were secretly glad that Wang Renping did not confiscate their weapons.

However, just as they were fantasizing about Li Baihu killing Yang Ming and getting rid of the traitor – Wang Renping, a sudden change of events happened again! Li Baihu fell down without any warning!

He fell down straight to the floor!

"I have already warned you, but you pushed your boundaries again and again. There is no longer a third chance. You can't blame the others." Yang Ming said in an understatement as if the previous scene was not what he did.

The audience was shocked! They all burst into an uproar! Even Wang Renping found it incredible; he was watching the reality happening in front of him with horror! Li Baihu was killed just like this?

The incident happened in a split second. They couldn't even see how Yang Ming made a move. Those who had a keen eye could only notice Yang Ming's hand raised slightly, and Li Baihu snorted and fell to the floor.

They did not know what Yang Ming did after he raised his hand and how Li Baihu fell to the floor.

Yang Ming's sudden move shocked everyone all of a sudden. He could kill someone by merely raising his hand! What kind of terrifying strength is this?

"Don't be stupefied. He didn't die." Yang Ming was very satisfied with the scene. It was like punishing an individual as an example to others. If Yang Ming didn't intimidate these people, then they would not be afraid of him and cooperate with him.

"He didn't die?" Everyone was relieved as the situation eased with no fatalities.

“However, he can’t wake up anymore. It’s no different from being dead; he has become a fool.” Yang Ming said faintly, “It’s the first time, so consider it as a lesson. For what I’m going to speak about later if someone else doubts it, I won’t be merciful.”

After Yang Ming finished, he glanced at everyone. Seeing that everyone was in fear and trepidation, he was quite satisfied. “Well, since everyone has no doubts, then I will continue.”

Li Baihu lay on the ground straight, but the people present did not care about his safety. Now, these people felt that they couldn’t even protect themselves; why would they care about other people?

In fact, Yang Ming also grasped the psychology of these people. Previously, Wang Renping called these people urgently. After they arrived, he just let them wait in the room without telling them what was going on.

Only when all the people were here did Yang Ming appear which gave them a surprise, so that they did not have any chance to collude! So in this way, Yang Ming would only need to deal with one of them and set an example with the punishment of one person. That way, he would be able to intimidate others and proclaim his dominance!

These people would be deterred by danger, so they would not cooperate together to resist. If these people simultaneously took out their weapons and resisted, Yang Ming was really not sure whether he could stop all of them! After all, Yang Ming was not a god nor an Avalokiteshvara [1]. He could not defeat or kill these people at the same time.

Although Yang Ming could be confident that he would not be hurt by these people, there was no guarantee that this plan would not be ruined!

However, Yang Ming grasped the psychology of everyone and that they would be deterred by the danger. In this case, who would stick up without a unified premeditated plan? Whoever stuck up would suffer the same result as Li Baihu who was on the floor!

People were selfish. Who would be selfless to resist for everyone at this time? They would rather harm others to protect their own benefits. These people all lowered their heads without making any protest.

“Wang Renping, give the pills in this box to them one by one.” Yang Ming handed the small box in his pocket to Wang Renping and commanded.

Wang Renping nodded and took the small box that Yang Ming handed over. He came in front of President Zhang and said, “President Zhang, open your mouth.”

President Zhang’s cold sweat immediately fell. He didn’t know what Wang Renping wanted to give him, but obviously, it was not a good thing. Therefore, President Zhang immediately became timid. “What is this...?”

“I have eaten it, too; it won’t kill you.” Wang Renping snorted, ignored him, and pinched his cheek. It was just like how Yang Ming pinched Wang Renping. He took the pill out and tossed it in.

When he saw President Zhang swallow it in his throat, Wang Renping let go his hand with satisfaction.

President Zhan covered his throat, and he was overwhelmed, but since he had already eaten it, he also had to accept his fate. He was initially a timid and greedy person. He agreed to help Tian Long embezzle

the Sun Family's company for the great profit and under Tian Long's coercion. Hence, when he was intimidated, he was done for.

He didn't want to resist at the moment; he just waited for a moment to see what Yang Ming would command him to do.

"It's your turn. Open your mouth!" Wang Renping came to the person next to President Zhang. He followed the same pattern and gripped the person's cheek as he yelled.

This person was also a coward. He didn't dare to protest as he swallowed the pill given by Wang Renping. The abnormal progress of the matter had made Yang Ming somewhat surprised.

With two good precedents at the beginning, it became much smoother with the people behind. They all opened their mouths obediently. Afterward, one person seemed to be reluctant, but when he saw Li Baihu who was lying flat on the floor, he clenched his teeth and closed his eyes. He obediently took the pill that Wang Renping gave him.

However, if there were obedient people, naturally, there were people who were dissatisfied with it, just like Ma Qiang! That was the person who was mentioned by Wang Renping in the phone call previously – Uncle Ma!

Ma Qiang was not a person who would sit idle just to be bullied. He was one of the thugs who followed Tian Long to mingle in the underworld. Even his presence in the Donghai underworld was earlier than those of Tian Long!

He was a veteran thug. Although the life he harvested wasn't in the size of a mountain, he was also a guy who dared to murder. He had never been afraid of anyone! Moreover, Ma Qiang, like Wang Renping and Li Baihu, was Tian Long's confidant, but he followed Tian Long much earlier than Wang Renping and Li Baihu, so he was also the most loyal one.

Now that Li Baihu's life and death were unknown, and Wang Renping had betrayed Tian Long and colluded with Yang Ming, in this scene, Ma Qiang was clear with the others' attitude. These people were mostly timid like a mouse who set the helm according to the wind. Otherwise, Tian Long wouldn't be able to win easily and buy them over.

Therefore, it was almost impossible to unite these people to resist Yang Ming and Wang Renping. Who among these people would like to stick up? So in desperation, Ma Qiang could only bear the dissatisfaction and wait for the right time. He also knew that the pills that Wang Renping gave them were definitely not good things. It was probably a chronic poison. If he ate those into his stomach, it would be impossible if he wanted to resist them!

If they wanted to live in the future, they would still need to follow Yang Ming's arrangement. So, when Ma Qiang noticed it was almost his turn, he was nervous!

He couldn't let Yang Ming and Wang Renping succeed! He must resist! Thinking of this, Ma Qiang's hand slowly touched his own waist! He wanted to eliminate Yang Ming using his gun, and then eliminate Wang Renping!

Previously, Li Baihu failed, but Ma Qiang did not think that he would fail! Because Li Baihu spoke a lot of nonsense to Yang Ming before he drew his gun which raised Yang Ming's vigilance, he failed! As long as he drew his gun silently while Yang Ming was not ready, he could eliminate Yang Ming in one shot!

Although Yang Ming didn't stare in Ma Qiang's direction and stood there as if he didn't care, Yang Ming used his special ability – 360-degree vision – to observe these people's movements without even opening his eyes.

But, how could Ma Qiang know? He saw that Yang Ming didn't look at him, and thought it was a great opportunity! He suppressed his inner excitement while holding his breath as he drew the gun from his waist. He was about to ambush Yang Ming. Unfortunately, before he could raise the hand that was holding the pistol, he became paralyzed on the floor, holding the pistol in his hand...

Although many people did not notice Ma Qiang's premeditation, as soon as they saw his hand on the ground with a gun, they quickly understood what was going on!

It must be that Ma Qiang took advantage of Yang Ming not paying attention to shoot Yang Ming with a gun, but he was noticed by Yang Ming. In the end, Ma Qiang was dealt with without the crowd knowing how it happened.

"I will say it again. As long as you take the pills obediently, I can make sure that you are safe. Otherwise, he will be your example." Yang Ming didn't even gaze at Ma Qiang, but he looked down indifferently and spoke coldly to the people present.

With Li Baihu setting an example, plus Ma Qiang, the latecomer, these people dared not have any disagreement! Those who were restless in their mind had given up the idea to resist at the moment with Ma Qiang's example.

Resistance meant death. They might survive if they didn't resist. Although they didn't know what the pill was, those who had consumed it seemed to be fine for the time being. It shouldn't be something that could immediately poison people to death.

It seemed that Yang Ming wanted them to do something. If they did it, they would continue to live, so these people also felt secure in their hearts. Since things had already reached this point, then they would just do what Yang Ming said!

Previously, President Zhang and the group who had already taken the pills found themselves fortunate. Luckily, their group consumed the pills that Wang Renping gave them. Otherwise, the person lying on the floor would be them!

After Ma Qiang fell to the ground, the rest of them even took the initiative to open their mouths when Wang Renping came in front and swallowed the pill obediently in their mouths. However, it was not strange. Who would want to be the second Ma Qiang or the second Li Baihu?

Soon, the pills were finished. There were still some left in the box. Wang Renping returned the box to Yang Ming, and Yang Ming put it into his pocket.

"It seems that you are very obedient!" Yang Ming was satisfied as he glanced at everyone in the room with the 360-degree vision. "I like to cooperate with people who are obedient!"

The people present, including Wang Renping, smiled bitterly in their hearts. Can we really not listen? You defeated two people by simply raising your hand. If we don't obey, wouldn't the next one be us?

As for cooperation... How is this cooperation? It is clearly one-sided blackmail; it is not cooperation at all...

However, these could only be thought of. Who would dare to anger Yang Ming and say these things?

Therefore, these people had to show their gratitude in fear and trepidation. "Mr. Yang, tell us anything you need. As long as we can do it, we will try our best!"

At this time, the hearts of these people were in unison. They almost unanimously said this.

"Actually, you all should understand in your hearts even though I don't speak it. Li Baihu has already said that Tian Long considered me as an enemy. It goes the same for me that he is also my enemy!" said Yang Ming.

Everyone nodded. Even if Yang Ming didn't say it, they all guessed it.

"I'm not asking you to do anything. You just have to take away Tian Long's power. I'm going to find Tian Long trouble. You just have to sit idle and watch the fun at the side." Yang Ming looked at the crowd.

"What?" The people present watched Yang Ming incredulously. Is it so simple? They were still a little afraid of going against Tian Long, but they still had to do it under pressure. However, Yang Ming let them sit idle and watch the fun on the side! This was such a great thing. They all found it a little unbelievable!

Wasn't this equal to not helping on both sides?

"If I have to deal with someone, I don't need someone else to help, but you all just need to stop adding trouble by the side!" said Yang Ming faintly.

Everyone pondered. This was indeed the case. Yang Ming could defeat Ma Qiang and Li Baihu just by simply raising his hand. If he had to deal with Tian Long, would he really need someone to help? Yang Ming's purpose in controlling them was nothing more than preventing extra trouble from them.

With this in mind, everyone had settled down. Whether Tian Long was dead or not, it had nothing to do with them as long as it did not affect them.

"Where is the place where the Sun Family is put under house arrest?" asked Yang Ming.

Zhang Jinguo listened to Yang Ming's question and quickly stood up. "Mr. Yang, the Sun Family people are being held in the junkyard. I am the person-in-charge!"

"Great, then you should take care of them. If someone is hurt even a little, then don't dream about being alive." Yang Ming looked at Zhang Jinguo.

"Do not worry, Mr. Yang. The Sun Family are all doing well!" Zhang Jinguo said quickly.

Yang Ming nodded and then looked at the people present. "I gave you a voodoo. If you don't understand what it means, you can also understand it as a chronic poison. Have you heard about the Three Carrion Beetles Mind Control Pill [2] in Jin Yong's novel, 'The Smiling, Proud Wanderer?' The

effect is similar to that. Every twenty-four to thirty-hours, you must take the antidote once. Otherwise... Just imagine the result yourself."

Everyone could guess that Yang Ming had given them a poison. After they cooperated with Yang Ming, Yang Ming would provide them with the antidote, but they didn't expect the poison would activate every twenty-four hours! Wasn't the frequency too fast?

However, even if everyone's face turned bitter, no one dared to raise any doubts. Dying tomorrow was better than dying now, not to mention they should not die tomorrow! If Yang Ming wanted to let these people die, he would not give them any chronic poison. Wasn't it more convenient to kill them directly?

Therefore, even if this voodoo was so scary, everyone also calmed down and listened quietly to Yang Ming.

"Wang Renping, for each of them, you will distribute one suppressant pill that they need to take tomorrow!" As Yang Ming said, he took out another small box from his pocket. It had the suppressant pills that were made by Zhang Zhishen.

"Yes!" Wang Renping took the small box and began to distribute it to everyone. Those who got the pill were very careful as they stored it close to them. This was a life-saving thing. They couldn't afford to lose it!

"If things go well, I will give you the antidote. Don't worry about this. After all, the operation of the entire group still needs you!" Yang Ming offered these people a great reward that could not be realized. Who doesn't know how to bullsh*t?

After listening to Yang Ming's words, these people suddenly smiled. Although they did not know whether Yang Ming would honor what he said, having this promise was always better than nothing.

The voodoo suppressant was distributed. Wang Renping kept one for himself, and he returned the rest to Yang Ming. Yang Ming was observing Wang Renping's movements with his special ability through his side gaze. He wanted to see if Wang Renping would keep a few voodoo suppressants for himself, but Wang Renping was honest. He only took one!

This made Yang Ming very satisfied. In fact, Wang Renping also understood that this pill could only suppress, but it couldn't completely cure, so what was the significance of keeping a few more?

Chapter 1266: The Night Assault Plan

The smooth progress of the matter was somewhat out of Yang Ming's expectation. However, in fact, it didn't go that well. At least two people were hard to deal with, such as Li Baihu and Ma Qiang.

However, Yang Ming was just too strong and overbearing. They were subdued by Yang Ming before they could do anything. Now, no one cared about their life and death, although they hadn't died yet.

Yang Ming just made these two people become idiots. This Li Baihu and Ma Qiang were both extremely loyal people around Tian Long. Such people were hard to be driven by interests. Even if their lives were threatened, they wouldn't submit so easily! They would even sacrifice themselves to protect their master, Tian Long.

Therefore, Yang Ming would never be soft-hearted over such a dangerous time bomb; Yang Ming just knocked them out directly. This also removed some unnecessary troubles.

However, Yang Ming did not kill them on the spot because their origin wasn't in the underworld after all; too many violent scenes would render them uncomfortable. It wouldn't be effective if it were overdone. It was enough as long as he could create a deterring effect by making an example of someone!

It seems that the drama of showing my power is still very successful. These people submitted to me completely, and it didn't cause excessive psychological burden which would mess up the matter.

This was the effect Yang Ming wanted.

"Well, you all can go back already. Remember, do what you should do tomorrow. Manage your people well. Don't bother with things that you shouldn't." Yang Ming instructed the people here.

"Yes, Mr. Yang!" How would these people dare to disagree? This was already the best result, and only fools would not accept it.

"Just go home and have a good night's sleep." Yang Ming waved his hand and said to these people.

The people present had stepped out of the room except for Wang Renping. As they went to the door and were blasted by the cold wind, they found that their backs had been wet and chilled. It was if they had experienced life and death... Yes, it was the same as experiencing life and death!

If they couldn't hold themselves like Li Baihu or Ma Qiang and questioned, then they would also be lying on the cold floor...

After these people left Wang Renping's house, they quickly left the place. They only hoped that this was a nightmare, and they could wake up from this nightmare as soon as possible.

After the people left, Wang Renping silently closed the door. He knew that Yang Ming would definitely ask him to say something, so he was not in a hurry. After doing all this, he walked quietly to Yang Ming. "Mr. Yang, what about these two people?"

"Throw them into another room first. After Tian Long has fallen, send them to the hospital. It still is a humanitarian act," said Yang Ming.

Wang Renping nodded. These two people who I am familiar with suddenly turned into a vegetative state. One can imagine how terrifying Yang Ming's strength is! He suddenly had a funny idea. Isn't Tian Long digging his own grave by going against such a scary person?

Is he just a college student? Will a college student be so powerful? This is not a college student; he is simply a ruthless killer!

Wang Renping moved these two "dead" people into his room in the old house. Wang Renping hadn't stayed in this house for a long time because he had become Tian Long's driver and bodyguard, so he usually went out early and came back at dusk. Wang Renping was afraid that he would bother his grandparents, so he bought another house outside.

Wang Renping threw them on the floor and closed the door properly. In fact, he didn't need to close it. The two men were already unconscious; they wouldn't hear the dialogue between Yang Ming and Wang Renping.

After doing all this, Wang Renping went back to the big room where Yang Ming was, saying, "Mr. Yang, what should we do next?"

"Do you know where Tian Long is hiding?" asked Yang Ming.

"I know." Wang Renping nodded. "He has a villa in the suburbs. Because it is a small property, no one knows it. He bought it in secret so that it can be used in a time of crisis."

"How about the security there?" asked Yang Ming.

"There are twenty bodyguards, each with good skills," said Wang Renping.

"Good to what extent?" asked Yang Ming.

"They aren't as powerful as Li Baihu, but they are definitely not weak!" Wang Renping thought about it and said.

After Yang Ming listened, he was a little dumbfounded. He defeated Li Baihu in just one move; Li Baihu was finished without having the chance to show his performance. He really didn't know how good Li Baihu was.

However, he didn't think Li Baihu was that good. After all, Tian Long wasn't a big shot. Yang Ming didn't even put the experts of General Howton and General Kars in his eyes, let alone a Tian Long?

Yang Ming was somewhat surprised by Wang Renping's words! Yang Ming initially expected that Tian Long would definitely hide in an unknown place where not even Wang Renping would know!

Because of this situation, if Tian Long were smart, he must be careful against everyone! Even his own son, Tian Donghua, was doubting him, not to mention other people!

But Tian Long didn't seem to realize this and told his place of residence.

In Yang Ming's original plan, Wang Renping might not know where Tian Long lived, but he would definitely meet Tian Long during the day. However, it seemed that Tian Long's trust toward Wang Renping was beyond Yang Ming's expectations.

But now, apparently, his plan was able to go one step closer in adjustment. If he made a move tonight, then the success rate will be higher, and it was the time when Tian Long was most relaxed.

Although Yang Ming didn't put Tian Long's little defensive forces in his eyes, sometimes it was better to be safe than sorry. If there is a shortcut, but you don't want to take the risk, then you are pretending to be bad*ss.

Therefore, Yang Ming changed his plan temporarily after listening to it. He decided to change the execution time for Tian Long directly from tomorrow to tonight. He would set off tonight and go to the house where Tian Long was hiding.

When Wang Renping saw Yang Ming remain quiet, he thought that Yang Ming might want to act tonight. However, since Yang Ming didn't talk, Wang Renping couldn't say much; he just waited for Yang Ming's final decision.

"What is Tian Long's resting time generally?" asked Yang Ming.

"About around eleven o'clock in the evening. There is no fixed time. Sometimes it is early, and sometimes it is late," said Wang Renping.

Yang Ming nodded and said, "Okay, then we will act tonight!"

If Yang Ming acted tonight, then Yang Ming's previous actions seemed to be unnecessary. At least, he didn't have to rush. Yang Ming's approach wasn't wrong to control these two-faced guys. Even if he helped the Sun Family to retake the company, there must be someone exerting intense pressure to ensure that there wouldn't be such a similar situation in the future.

However, this matter didn't need to be too rushed. At least, he didn't need to do it before dealing with Tian Long. It wouldn't be too late to deal with this after dealing with Tian Long. Besides, he wouldn't need to take as much risk as tonight!

To be honest, if these people were united tonight, then it was very likely to screw up. Although Yang Ming determined that most of these people were timid and self-interested, who could guarantee that these people wouldn't listen to Yang Ming's call and unite together? There would always be an exception.

However, since these people had been controlled first, there was no harm to his own plans. Yang Ming didn't need to think much anymore. Every plan needs another backup plan. Yang Ming wasn't sure whether Wang Renping knew about Tian Long's residence.

Moreover, who could guarantee that Tian Long would be staying in the residence tonight? A foxy person has more than one hideout, not to mention a sinister person like Tian Long.

It was only around nine o'clock in the evening. There were two to three hours before Tian Long would rest. Yang Ming looked at Wang Renping and asked, "Have you had dinner?"

"Not yet." Wang Renping replied honestly. He came to visit his grandparents after work, so he naturally hadn't eaten yet. He planned to return to his house to eat again, but who knew he would actually meet Yang Ming?

"Let's go and eat something together." Yang Ming stood up and walked in the direction of the door.

Wang Renping was slightly surprised. He didn't expect Yang Ming to make such a suggestion to go to dinner together. Seeing that Yang Ming could simply kill someone so easily, he knew of Yang Ming's cruelty, but he did not expect Yang Ming to have such a side.

It turned out that this person's heart was not so bad. Now, all the things he did weren't so insidious in Wang Renping's eyes. Helping Tian Long to seize power was wrong at first. Yang Ming was just here to correct the mistake for them.

The days of early spring were still frigid. In the cold wind at night, Yang Ming unnaturally sneezed, and he suddenly recalled Zhao Ying when they were under the same moonlight and at the same time.

He didn't know if Wang Xiaoyan told Zhao Ying honestly about his and her matter. Yang Ming had already learned her thoughts from Zhao Ying on QQ.

Zhao Ying still couldn't move past the fact that her best friend, Wang Xiaoyan, got together with Yang Ming behind her back. Women's thoughts were very strange sometimes. Zhao Ying would not mind being with other women, but she was actually exceptionally emotional when her best friend was together with Yang Ming.

Perhaps this was the anger from being deceived! Other women had nothing to do with her, so she wouldn't have much thought if they were together with him, but Wang Xiaoyan was different.

Zhao Ying had always treated her as a sister. She even told her worries to Wang Xiaoyan. In this case, Wang Xiaoyan got together with Yang Ming covertly without telling Zhao Ying. How could Zhao Ying not be angry?

However, if Wang Xiaoyan could be open and honest to Zhao Ying about the matter between Yang Ming and her, Zhao Ying was likely to understand Wang Xiaoyan based on her character. After all, they were best friends. Zhao Ying wasn't angry because Wang Xiaoyan fought her over the same man, but she was mad that Wang Xiaoyan lied to her and didn't tell her the truth.

Therefore, it was easier for Wang Xiaoyan to solve Zhao Ying's worries rather than Yang Ming telling Zhao Ying personally. Zhao Ying might not be able to listen to Yang Ming's words now, but she would still listen to Wang Xiaoyan. After all, there was the foundation of their friendship, and they were both girls. They had secrets to talk about, so it was easier to communicate.

Now it seemed that since Zhao Ying could go to Wang Xiaoyan's house and stay with her, it meant that Zhao Ying didn't hate Wang Xiaoyan. Maybe she was just a little angry. It would be fine when they were honest with each other.

Yang Ming sighed. I wonder what they talked about. There were too many things these days. Otherwise, Yang Ming could stay at home, and then he would use his special abilities to peek at Wang Xiaoyan's house next door to see what she told Zhao Ying... It's really exciting just thinking about it.

Of course, Yang Ming didn't have a fondness for peeking. However, peeking at his own women shouldn't be considered as peeking, right? Although Zhao Ying wasn't his woman yet, Yang Ming believed that one day she would be.

In fact, Zhao Ying still stayed with Wang Xiaoyan tonight. After they cleared the misunderstanding with each other, they were no longer suspicious of each other about Yang Ming.

Zhao Ying took a shower and sat on the sofa watching TV with Wang Xiaoyan. It was a very sweet and wonderful scene. However, the TV actually played such a film!

This film was about a woman who bought a house next to her lover's house to sneak in with her lover. When the night was quiet, the lover could climb over the wall and have an affair with the woman.

Zhao Ying was getting happier as she watched. Especially watching Wang Xiaoyan's face getting redder and redder. Zhao Ying finally couldn't help but laugh. "Ha ... I can't take it anymore... Yanyan, don't misunderstand; I didn't laugh at you..."

"When I bought the house, I didn't have a relationship with Yang Ming..." Wang Xiaoyan blushed and explained awkwardly. However, it still felt like she was hiding the truth, but it was revealed.

"I really didn't laugh at you..." Wang Xiaoyan's explanation had made it worse; Zhao Ying finally couldn't help but laugh.

"I will move tomorrow." Wang Xiaoyan gnashed her teeth and turned off the TV, but her face kept turning redder.

"Heh, it's not so serious. These TV series are fabricated." Zhao Ying saw that Wang Xiaoyan took it seriously, and she quickly comforted her.

However, Zhao Ying regretted it after saying it. What fabricated? Isn't Wang Xiaoyan's house really right next to Yang Ming's house? It was better to say nothing. Wouldn't I make Wang Xiaoyan more embarrassed after saying it?

"Yanyan... Do you want to change our house? I really didn't mean that..." Zhao Ying was anxious; she was afraid that Wang Xiaoyan was angry, so she spoke.

"Hehe, change the house? Don't you want to play the plot from the TV too?" Wang Xiaoyan wasn't angry; she just a little embarrassed. It wasn't easy to catch Zhao Ying's faulty words, so how could she let it go?

"Ah ... impossible!" Wang Xiaoyan made Zhao Ying blush this time; they were even now.

However, it was just a little drama. They quickly recovered their calmness. They walked upstairs while holding hands. Now that it was midnight already, shouldn't they go to sleep?

When they came to the door of the community, Yang Ming recollected his thoughts from Zhao Ying and Wang Xiaoyan. He opened the car door with the remote control and got in, then he opened the front passenger door, motioning for Wang Renping to get in the car.

Wang Renping didn't hesitate and directly got into the car. Yang Ming started the car, then asked Wang Renping, who was by the side, "You are more familiar with Donghai than me. Is there a place to eat near here?"

"Yes, there is a Lao Wang Tou Big Bowl Noodles nearby. I used to eat there when I was young." Wang Renping suddenly recalled his previous years fondly as he said this.

Although my family was very poor at that time, I was still very happy. There weren't many worries living with my grandparents every day. Now... Although I have more money than before, am I really happy?

Helping the tyrant to do evil. I even let my grandparents suffer along with me... Wang Renping really wanted to live a good life; he just wanted to be an ordinary driver. He didn't want to earn so much. Unlike now, he was living in stress and self-condemnation every day.

Yang Ming didn't expect Wang Renping to name such a place. He parked the car in front of the Lao Wang Tou Big Bowl Noodles, then Yang Ming got off together with Wang Renping.

At this time, the shop was already closed. The noodle restaurant's boss, Old Man Wang, was packing things up. When he looked up and saw a car parked at the entrance of the noodle restaurant, he could

not help but be a little surprised. Then he took a closer look; one of the people getting off the car looked very familiar to him.

“Renping? Is that you?” Old Man Wang narrowed his eyes and looked at him. Since Wang Renping was sent to training by Tian Long and then sent to Sun Hongjun as a driver and bodyguard, he had not come to eat at the noodle restaurant.

It had been a decade since he was working outside, so Old Man Wang was surprised to see Wang Renping here.

“Uncle Wang, it’s me!” Wang Renping walked over with enthusiasm. He seemed to have forgotten the previous troubles and returned to his childhood. “Give each of us a big bowl of noodles!”

“Alright!” Old Man Wang nodded and informed the staff behind him, “Two big bowl noodles with extra minced meat.”

Wang Renping’s family was poor in the past, so every time Wang Renping came here to eat, Old Man Wang would take care of him and give him more minced meat. Now he was used to adding one more sentence when ordering.

After listening to Old Man Wang, Wang Renping couldn’t help but smile. “I didn’t expect Uncle Wang to remember still!”

“How can I not remember?! You have been eating noodles here for many years!” Old Man Wang smiled. “You haven’t been here for a long time, right? How come you are driving here now? Are you doing big business now?”

“It’s not really a big business, just working as the boss’ driver.” Wang Renping smiled and replied.

“That’s also very good!” Old Man Wang nodded. “Being a driver for a big boss needs some skills too. In these years, who can keep his job without having some skills?”

There was no one in the evening. Two steaming big bowl noodles were served not long after. The aroma was overflowing; the soup must be made from soup stock. It suddenly increased Yang Ming’s appetite.

In fact, many delicious things may not exist in those big hotels. In some street alleys, there are still many delicious foods. Although the price is not high, it is scrumptious.

Chapter 1267: Not Here?

Looking at his sunken eyes and Sun Hongjun becoming thin and pallid after a few days, Sun San really couldn’t tolerate it anymore. So, he said, “Master, please eat something. You can’t always smoke like this...”

“I have no appetite...” Sun Hongjun smiled bitterly, nipped out the cigarette in his hand, and threw it in the ashtray.

Although he was placed under house arrest here by Tian Long, Tian Long ordered his men not to treat the Sun Family badly. Therefore, food and tobacco were all served. Apart from being free to enter and leave, they basically could get what they wanted.

“Dad, don’t worry too much; when there is life, there is hope.” Sun Jie was really sad when she looked at her father. In just a few days, Sun Hongjun seemed to have aged by years; he was nothing like the high-spirited person from before. Now, he was more like a coveted old man.

Although Sun Jie had no plans, if she seemed to be pessimistic at the moment, then the Sun Family would be completely finished. Therefore, Sun Jie couldn’t be as sullen as Sun Hongjun. She had to be optimistic, persist, and wait for an unknown opportunity.

The entire Sun Family did not expect that Tian Long was suddenly able to betray and embezzle the Sun Family’s assets. The Sun Family’s trust in Tian Long was like Tian Long’s trust in Wang Renping; they never doubted it.

It was just ridiculous that the Sun Family trusted Tian Long, but Tian Long betrayed the Sun Family, while Tian Long trusted Wang Renping, but Wang Renping was also about to betray him.

But this was what the Sun Family never thought of. Sun Jie really had no ideas at all. Although she was self-sufficient and intelligent, under this circumstance of being under house arrest and under someone else’s roof, Sun Jie had no other options. There was no way to contact the outside world. They could only continue to stay here.

In the past two days, Sun Hongjun also tried to persuade sentimentally and rationally to those who guarded them. He promised that if the guards released them, they would definitely have a reward in the future. However, these people were indifferent. The Sun Family people had no hope of lobbying, and they just had to drop it.

Later, they couldn’t be blamed after thinking about it. These people were people from the lower levels. Perhaps after releasing them, they would be killed by their higher-ups before they could enjoy the meteoric success and rewards in the future.

What’s more, it wasn’t only just one or two people guarding here. Even if the door was opened and the Sun Family was released, they couldn’t be successful in rebelling against all the layers of defense outside.

Under such a strong position, who dared to act rashly?

“Little Jie, I put too much trust in Tian Long, which led to today’s situation.” Sun Hongjun sighed. “It has implicated you too... If I knew it sooner, I would have let you take care of all my business at home. Male or female, it doesn’t matter... I blame myself for being stubborn.”

“Dad, you don’t have to blame yourself. It isn’t related to you. Wasn’t I also deceived by Tian Long?” comforted Sun Jie. “Who could imagine that Tian Long would do something like this?”

“I also don’t know how Tian Long will deal with us afterward.” Sun Hongjun sighed and said, “Under these circumstances, how can I eat?”

Indeed, the Sun Family was now in a very passive moment, but they were unable to change the status quo, allowing others to trample on them freely.

“Miss... do you think Yang Ming will come to save us?” Sun San somehow suddenly thought of Yang Ming. As the elder of the Sun Family, Sun Hongjun naturally did not hide from him about Yang Ming’s affairs, so he still knew about Yang Ming’s ability.

Under the undue desperation, he suddenly thought of the relationship between Yang Ming and the Miss. If Yang Ming realized that the Miss was missing, he would definitely have doubts, then he would investigate Tian Long... Then...

Therefore, Sun San would suddenly have this question.

“Yang Ming?” Sun Jie had a slight surprise... Previously, she naturally thought of Yang Ming. Sun Jie was a strong girl; she was disdainful to the men around her. Only Yang Ming could only be accepted by her discerning eyes. However, in this case... Sun Jie really did not have that confidence to put her hope in Yang Ming!

Although Yang Ming had shown an unusually strong and calm side at most times, he was mostly a scatterbrain. It was true that Yang Ming was almighty in Song Jiang, but this was Donghai. Didn’t Tian Long have power? In a situation when he was evenly matched, Tian Long still occupied the geographical advantage, so Yang Ming’s chances of winning were really not much!

Thinking of this, Sun Jie shook her head helplessly. Yang Ming is still a little worse compared to my ideal boyfriend... It was not that Yang Ming was out of the question, but Yang Ming still needed a period of experience and growth. At least, now, Sun Jie felt that Yang Ming was not mature enough.

However, Sun Jie had not seen the current Yang Ming. After experiencing the baptism of life and death in Vietnam and Africa, Yang Ming quickly matured, allowing him to grasp and control things better. He had also become calmer and more decisive.

After going through Wang Zhitao’s matters, the previous Yang Ming would only do things that he was at least ten percent confident of. Although this could be guaranteed to be foolproof, in many cases, he could make no headway or even step back if he didn’t take any risks.

However, Yang Ming was much more open now. If you don’t make a bold choice in many cases, you can’t accomplish big things. It might even be much worse.

“Yeah, if Mr. Yang finds out that Miss, you are missing, he will definitely investigate!” said Sun San.
“Miss, I think it’s possible!”

After Sun Hongjun heard Sun San’s words, his eyes suddenly lit up! Yeah, how did he forget Yang Ming? In fact, Yang Ming was a young man that he was highly optimistic about!

“Little Jie, think about it. There is still hope! With your relationship with Yang Ming, he will definitely call you. Once he realizes that he can’t reach you, he will definitely notice that something’s wrong!” Sun Hongjun nodded.

Sun Jie was a little dumbfounded. You all really think too highly of Yang Ming. Even if he realizes something is not right, he still can't contend with Tian Long. In Donghai's territory, do you think that Tian Long is a vegetarian?

Sun Jie even secretly did not want Yang Ming to be involved in this matter, because it was not a good thing for Yang Ming to get involved without the odds of success!

I don't know why I am worried about Yang Ming. Sun Jie sighed slightly. At this time, she naturally couldn't say anything demoralizing! Finally, her dad had hope, and his spirit was better. Sun Jie naturally had to cheer for him, so she said, "Yes, Yang Ming must have a solution! I believe he will be able to save us!"

"Who will save you?!" There was a gloomy and even disdainful voice outside the room.

"Tian Long?" Sun Hongjun was familiar with the voice. He frowned and snorted. "What are you doing here again?"

"I want to see how have you been. President Sun, Miss, and Sun San." Tian Long smiled insincerely as he opened the door. Although the address was very respectful, the tone was without the slightest respect.

Standing behind Tian Long were four burly men, apparently Tian Long's bodyguards. However, they were not so much as Tian Long's bodyguards, but it was better to say that they were people who came to intimidate the Sun Family so that they wouldn't take the opportunity to escape when the door was opened.

In fact, the people in the Sun Family also understood that they couldn't escape even if they wanted to. People stood guard outside the door.

As for Tian Long's sudden arrival, Sun Hongjun and Sun Jie were somewhat surprised. They didn't know why he came at such a late hour.

Sun Hongjun snorted coldly. "You don't have to be unctuous. I know clearly what you did. There is no need to talk about this."

Tian Long snorted. "Do you think that Yang Ming can save you? It is already hard for him to protect himself. Would he still come and save you? It's ridiculous!"

"What do you mean?" Sun Jie asked subconsciously. Unconsciously, Sun Jie suddenly realized that Yang Ming had already taken up a large portion of her heart. When she heard that Yang Ming was in danger, Sun Jie's heart subconsciously became worried.

"If Yang Ming doesn't come looking for me, I will look for him too." Tian Long was not afraid to say more because the Sun Family people could only listen to it. They were placed under house arrest anyway, so they couldn't do anything even if they wanted to.

Sun Jie licked her lips and couldn't help but say, "If you are willing to die, I have no opinion."

Tian Long smiled and completely treated Sun Jie's words as a joke. He didn't want to delay time with these people. Since he had already done it, he didn't have to be like a prostitute claiming her chastity 1 [1]. It didn't make any sense.

Tian Long turned around and left the Sun Family's room. He came here not to see the Sun Family, but to see Tian Donghua.

Tian Donghua was his own biological son. In the villa, Tian Long couldn't calm down. He thought about why he fought for this foundation. Isn't it for Tian Donghua?

However, he could not understand my pain. This made Tian Long very distressed. The passion before him suddenly disappeared, so he couldn't stay any longer. He came to the old abandoned junkyard. He wanted to talk to Tian Donghua.

When Tian Donghua came to the garbage disposal site, Zhang Jinguo had just returned for ten minutes. Zhang Jinguo had just taken off his coat, and Tian Long came in!

Zhang Jinguo suddenly got scared until cold sweat came out! He couldn't let Tian Long see the slightest clue. Zhang Jinguo was not stupid. At this time, he was not able to benefit from both sides. If he let Tian Long find out that he was already disloyal, then Tian Long would definitely not let him go. Even if Tian Long let him go, what about the voodoo in his body?

Fortunately, Tian Long didn't notice anything. After coming in, he nodded to Zhang Jinguo and considered it as a greeting. He hurried to the room where the Sun Family was at.

Not long after, Tian Long brought someone out and walked to Tian Donghua's room...

...

Yang Ming and Wang Renping arrived at Tian Long's villa located in the suburbs at eleven o'clock sharp.

This was a village lot near Donghai. Because it was an illegal building, there was no formal certificate of origin. That is to say, one could not find out who the owner of the villa was from official channels.

For such a secret place, it seemed that Tian Long had put a lot of thought into it.

Because Yang Ming was not familiar with Donghai's terrain, it was better to ask Wang Renping to drive. Anyway, Wang Renping was also an experienced person. Moreover, he did not dare to have any other ideas at this moment; Yang Ming could still trust him.

"It's in front!" Wang Renping parked the car at an outdoor parking space in the neighborhood, then pointed to a luxury villa not far away.

Yang Ming nodded. Although this land had no property rights, the villas were all exceptionally luxurious. Perhaps the rich and powerful people did not take the certificate of origin seriously.

With Tian Long's position in Donghai, whoever wanted to take down his house really had to consider whether they had this ability to or not.

In the villa, the lights were still on; it seemed that the people in the house had not yet rested.

Yang Ming needed to use his special ability to observe the movements in the villa first and then make a detailed action plan. Yang Ming also knew that sometimes it was not a good thing to rely too much on his special abilities, in case one day, these special abilities disappeared, or the Magical Lenses were taken back, and Yang Ming couldn't rely on them anymore.

But in some cases, it couldn't not be used. For example, if Yang Ming did not use his special abilities to observe the terrain but directly entered the villa, although there was an introduction by Wang Renping, the terrain was dead, but people were alive. No one can guarantee what the people inside were doing.

Therefore, only fifty percent of success could be achieved if he intruded beforehand, but now, it had become a hundred percent success rate!

"Mr. Yang, do you need me to go down first and make inquiries about the movement? I know the bodyguards outside." Wang Renping saw that Yang Ming was not talking, but sitting there and wondering about something, so he volunteered and asked.

"No need." Yang Ming waved his hand and sighed. "Tian Long is not here."

After Wang Renping stopped the car, Yang Ming began to use his special ability to check the movement inside Tian Long's villa. In the courtyard of the villa, two black-shirted bodyguards were patrolling, and there was a vigilant look in their eyes.

In the hall on the villa's first floor, there were four identical black-shirted bodyguards, and they were also very vigilant. It seemed that Tian Long's means of training people was very good.

Tian Long was not on the first floor of the villa. Looking at the second floor of the villa, Yang Ming scanned around and found four black-shirted bodyguards standing there, but there was still no Tian Long's figure.

Looking at the villa's attic, it was also empty. Yang Ming knew that Tian Long was not in the villa.

"Mr. Yang... Tian Long really lives here!" Wang Renping was shocked! Although he did not know how Yang Ming determined that Tian Long was not in the villa, if Tian Long was not here, then would Yang Ming think that Wang Renping lied to him?

"I didn't say that he is not staying here, but he is not here now." From the tight security of the villa, Tian Long should live here, but for some reason, he was not here for tonight.

When Wang Renping heard Yang Ming say this, he was relieved. He said, "Mr. Yang, are you sure that Tian Long is not here?"

"I know voodoo. Needless to say, there will be some things you don't understand." Yang Ming would not tell Wang Renping that he had special abilities but just gave a mysterious reason. "I have released a voodoo insect to scout it; Tian Long is not here."

"Oh ..." Wang Renping was shocked after listening to Yang Ming's words, but he did not doubt it. Previously, when Yang Ming raised his hand and defeated Li Baihu and Ma Qiang, Wang Renping did not see clearly what method Yang Ming used.

Afterward, when he brought Li Baihu and Ma Qiang to the side room, he carefully examined the bodies of the two men but did not find anything similar to a wound...

After Yang Ming's flying needle was injected into the body, it would dissolve in the blood immediately, so Wang Renping naturally did not see any clues. Wang Renping subconsciously believed that the two people were also poisoned by Yang Ming.

Isn't that the voodoo that is shown on TV? The person who administers the voodoo raises his hand, and the voodoo insect will be launched toward and into the target's body, and the target would be poisoned.

"It's already so late. Where can Tian Long go?" Yang Ming was slightly disappointed. Taking action at night was much easier than during the day, but he did not expect Tian Long not to be in the villa.

However, Yang Ming couldn't wait until tomorrow night to take action again. Now that time was of the essence, Yang Ming was worried about the safety of Sun Jie and Tian Donghua. He couldn't wait any longer. Moreover, now that he instigated a rebellion among everyone around Tian Long, if these people showed flaws, then all his efforts would be lost, and it would be difficult to make a move on Tian Long.

Therefore, Yang Ming must settle Tian Long as soon as possible.

Wang Renping also frowned. "Normally, Tian Long would stay in this villa at night and would not go out. What if I go in and ask?"

Yang Ming sighed, and then nodded, Wang Renping was a trusted person of Tian Long, and it did not seem abrupt for him to appear at Tian Long's villa at this hour. Those bodyguards would not doubt anything. Thinking of this, Yang Ming agreed to it.

Wang Renping pushed the door open and headed for the villa.

Just as he arrived at the villa door, the two guards who were responsible for guarding the place were vigilant, but when they saw Wang Renping, they were relieved. "Brother Wang, you are here!"

"En, I have nothing to do, so I came over to see if Brother Long has any commands," said Wang Renping naturally.

"Brother Wang, unfortunately, Brother Long just went out not long ago!" said one of the black-shirted bodyguards. He didn't need to hide from Wang Renping at all. In his opinion, Wang Renping was the most popular person around Tian Long. With just a phone call, Wang Renping could also ask about Brother Long's whereabouts to show their attentiveness.

"Oh? Went out? Where did he go?" asked Wang Renping casually.

"This... we don't know. Brother Wang, you'll have to call Brother Long personally to ask. We don't dare to ask these things, nor can we know about these things." The black-shirted bodyguards shrugged embarrassingly as they apologized.

"Hehe, it's okay. Since it's like this, I am leaving!" Wang Renping patted the shoulder of a black-shirted bodyguard. "You've all worked hard! I will talk to Brother Long and give you some bonuses!"

"Thank you, Brother Wang!" The black-shirted bodyguard hurriedly thanked him in gratitude.

The reason why Wang Renping said this was that he did not want these black-shirted bodyguards blabbing and telling Tian Long about him coming over. Although it was nothing, it was better to be careful.

In this way, he promised to talk to Tian Long about giving them a bonus. If they told Tian Long that he had come, then it would be like a bit of a reminder of the bonus; no one would be so stupid.

Chapter 1268: Abandoned Chess Piece

Wang Renping didn't manage to find any valuable clues but had to go back in desperation. He was careful at the moment he left. As he was afraid that the two bodyguards would see his whereabouts, Wang Renping walked around the community area deliberately before he finally came to the place where Yang Ming parked. He opened the door of the front seat and got in the car.

"How was it?" In fact, Yang Ming used the special ability and lip-reading skills to know what Wang Renping and the other bodyguards talked about, but in order not to make himself sound too magical, Yang Ming pretended not to know anything.

"Tian Long has indeed gone out, but I don't know where he went. The two bodyguards at the door don't know either." Wang Renping shrugged helplessly and said, "With their status, it is naturally impossible for them to ask about Tian Long's whereabouts."

"I expected this result earlier." Yang Ming smiled. "How could Tian Long tell his people about his plans?" Yang Ming smiled. "Right now, Tian Long probably wouldn't come back tonight, but just to be safe, we can wait here. However, we need to pull the window curtains up to prevent us from being accidentally seen by others."

Yang Ming's car had a reflective film on the glass, but some specialized instruments could penetrate the film and see the insides of the vehicle, so Yang Ming planned to pull the curtains up. The curtains were made of metal fibers. Even those X-ray or infrared instruments couldn't penetrate it.

The BMW, with its curtains pulled up, was like a small tent, but it wouldn't attract too many people's attention. Many little couples liked to make love in the car, having events such as car sex, so pulling up the curtains did not seem out of place.

Although the curtains were pulled up, as long as the reverse system camera in the car was started, the road situation behind the car could be seen through the camera. They could see the passing vehicles clearly so that if Tian Long's car passed by, Wang Renping could see it at a glance.

Yang Ming did not need this. His eyes could easily see through anything, not to mention the metal curtain. Turning on the reversing system camera inside the car was just for Wang Renping.

...

In the junkyard, Tian Long walked into the room where his son, Tian Donghua, was put under house arrest.

In the afternoon, Tian Long received a call from Zhang Jinguo, saying that Tian Donghua hadn't eaten anything, and he was in a daze in the room. At that time, Tian Long was also angry, so he ignored him. He told Zhang Jinguo that if Tian Donghua wanted to eat, then he could, or else, just forget about him.

But no matter what, Tian Donghua was Tian Long's son. After Tian Long had his own dinner, he was more upset the more he thought about it. He thought that Tian Donghua hadn't eaten yet, and he was worried about it. He finally couldn't help but decide to go and visit his son to talk to him in the hope that his son could understand his actions and support him.

It wasn't long before Wang Renping had bid farewell. Tian Long didn't want to bother and trouble him anymore. In the past few days, Wang Renping was appointed to do many things. Wang Renping was too tired. Since he felt visiting Tian Donghua wasn't a big deal, there was no need to ask Wang Renping to come back and drive him there.

So Tian Long simply called four bodyguards, had one of them drive, and headed to the junkyard.

Tian Donghua was already numb toward this. When he saw Tian Long come, he just looked up and glanced at him. Then, he lowered his head, minded his own business, and ignored him.

"Donghua, have you had dinner?" Tian Long sat next to Tian Donghua and reached out to touch Tian Donghua's hair.

Tian Donghua dodged away somewhat in disgust. "Even if I don't eat anything, it has nothing to do with you. We don't agree with each other. I don't agree with what you do, so I don't bother you, and you don't bother me. I can't eat now. When I am hungry, naturally, I will eat."

Tian Donghua didn't want to do a hunger strike to scare Tian Long, because he knew that this trick was a bit too childish. If he really did a hunger strike, Tian Long could forcefully inject nutrients and glucose into him. It would be fine as long as he didn't die.

Therefore, Tian Donghua would not go on a hunger strike. He did not eat anything now because he was choked up with anxiety deep down in his heart. So, he did not want to eat. On the one hand, it was his father. On the other hand, it was his friend. Tian Donghua did not want to shield his father as his father did the wrong thing, but he was unable to change anything, so he felt unusually uncomfortable.

The reason why Tian Donghua didn't persuade Tian Long was that he knew that Tian Long wouldn't listen to anything. At this moment, persuading him would be in vain. There was no meaning to it at all. It was better to save his words and efforts.

"Donghua, why don't you understand Father's painstaking efforts?" Tian Long looked at his son, who did not meet his expectations, resentfully, "Think about it. If it weren't for you, why would I do so many things? How old am I? How many years can I continue working? Can I still work for a few years? Isn't it for you and Dongguang? Do you want to continue to work for the Sun Family like your father after graduating from college?"

"Is there anything that is not good with it?" Tian Donghua frowned. He felt that his father had a problem with his train of thought. It was already unreasonable. "How many college students are unemployed after graduation? Even getting the job of washing the toilet makes them happy. I have at least something to do after I graduate, and I will be put in an important position. What is bad about it?"

"Even if you are put in an important position, you still have to look at the Sun Family's face in doing things! Because they are always the bosses, no matter how great you are with power, your position is also given to you by the Sun Family. Don't think that you are superior to many people but only under one person. Everyone in the group respects you as an uncle, but when the Sun Family people see you as displeasing to the eye, one sentence will make you become a nobody and lose everything. You will fall from the mightiest position!" Tian Long snorted and said, "Have you thought about it?"

"If I do it well enough with no faults being picked, how can the Sun Family find us trouble?" Tian Donghua naturally did not agree with Tian Long's theory. Although it couldn't be said that Tian Long's theory was wrong, all the people around the boss were afraid of the boss dismissing them according to Tian Long's words. Do you want to be the first to replace the boss? Then, wouldn't this world be in chaos?

"Having said that, there are exceptions. Who can guarantee that you will not make any mistakes?" Tian Long said, "And about your brother's character, he doesn't know if he offended someone. I heard that he has offended Sun Zhiwei of the Sun Family. After Sun Zhiwei is in power, can he still have a good life? Most probably, he will implicate you!"

What Tian Long said was true. Not only Tian Dongguang, but even Tian Long himself and Sun Zhiwei had grudges. But, in his opinion, Sun Zhiwei was a disappointing Ah Dou 1 [1]. Sun Hongjun simply could not hand over the family business to him. The most likely person to attain the position would be Sun Jie. Sun Jie was a reasonable person. She wouldn't make things difficult for him just because of his hatred with Sun Zhiwei.

Moreover, with the relationship between Sun Jie and Yang Ming, wouldn't Yang Ming be the one who has the say in the Sun Family? Who is Yang Ming? Would my good brother, Yang Ming, mistreat me?

Therefore, if it were someone else, he might be persuaded by Tian Long. However, Tian Donghua was not tempted, nor did he think that what Tian Long said would come true. It was just the alarmist's talk.

"Then, after I graduate, it will be fine as long as I stop doing things for the Sun Family. It won't be a big deal," said Tian Donghua.

Tian Long was speechless listening to Tian Donghua's words. The two people had different opinions, and they couldn't be unified together. Even if Tian Long spoke until he damaged his throat, Tian Donghua would not budge. Thinking up to this point, Tian Long sighed in disappointment.

Zhang Jinguo was afraid that Tian Long would notice something was wrong, so he didn't dare to talk too much. He stood by in fear and trepidation and listened to what Tian Long said, and he couldn't help but smile. At this time, he still advised his son to betray the Sun Family with him. However, his son was still being alert for not getting involved with his father, or he would not know how he would die.

Zhang Jinguo smiled secretly in his heart. In his opinion, Tian Long and Yang Ming were not at the same level at all. Yang Ming could kill two people by merely raising his hands without him seeing how Yang Ming make a move to defeat the two people. But, Tian Long's methods were nothing more than shouting, fighting, and threatening. In contrast, there was no horror with it at all.

But this couldn't be said, although Zhang Jinguo believed that Yang Ming would win for sure, he still had to put up an act for the night before dawn.

"Brother Long, have you had dinner? Should I go and get some food?" Zhang Jinguo asked carefully.

"En, go ahead and get some food!" Tian Long didn't eat anything before. He kept thinking about Tian Donghua. Now, he was a bit hungry after being reminded by Zhang Jinguo. It was a good opportunity to eat with his son. Maybe both of them could ease the relationship now.

Zhang Jinguo listened to Tian Long's words and ran out to get the dishes. He was a little uncomfortable standing next to Tian Long for fear that Tian Long would notice some flaws in him.

What a good chance this was! Zhang Jinguo couldn't help but sigh. If he had Yang Ming's voodoo, he could directly put it into Tian Long's wine, which would save Yang Ming the trouble from acting against Tian Long. When Tian Long was poisoned, wouldn't he be obedient?

However, since Yang Ming ordered them not to intervene and not to stick their nose into this business, Zhang Jinguo couldn't make his own decision to poison Tian Long. He didn't know if Yang Ming wanted Tian Long alive, so he didn't bother with it. Zhang Jinguo just walked out of the junkyard and got into his own Toyota. Then, he drove nearby to buy food.

The junkyard was located in an empty suburb. There were no buildings and residences nearby, let alone places like restaurants. So, if Zhang Jinguo were to buy food, he could only go to the urban area. Every day when it was almost mealtime, Zhang Jinguo sent one of his own men to buy some food.

He bought some meals in the evening before and had some leftovers, but because it was early spring with chilly weather, it was already cold. If he served such things to Tian Long, Tian Long would not be happy.

Anyway, it was also his last night serving Tian Long, Zhang Jinguo was not afraid of it being troublesome and personally drove to prepare it.

There was an Ivy restaurant nearby, which was just on the outskirts of the road. It provided accommodations for the truck drivers who passed by. It was open twenty-four hours a day, and the food tasted good. Zhang Jinguo placed a meal order at this place every day.

He ordered a few stir-fried dishes and platters for Tian Long. He also asked for a few pounds of dumplings and oil cakes. After Zhang Jinguo finished packing it, he hurried back.

As Tian Long looked at the steaming dishes on the table, his appetite became better, and he praised Zhang Jinguo for the meal. He called Tian Donghua to eat.

Tian Donghua was also hungry, so he did not reject it. Although the father and son had different views, they still had to eat. Starving himself wasn't worth it. What's more, Tian Donghua did not eat before because he was angry. He did not plan for a hunger strike.

The father and son ate unpleasantly. In the beginning, Tian Long looked at Tian Donghua's unpleasant expression and found it not appropriate to speak up. But, after a few glasses of wine, he unconsciously opened his mouth and began to chatter and brainwash Tian Donghua.

"Donghua, have you ever thought about it? The Sun Family's business has become our Tian Family's. You will be more bad*ss in Donghai in the future, right? Although the current Tian Family is very good, you will reach a new height as compared to the past!" Tian Long said, "Just like last time, you fought with others because of a girl and beat them up. Even if nothing happened to you, you still had to transfer, right? But now it's different. If you beat someone up, you just need to pay them, and you won't need to transfer. This is the power of the Sun Family in Donghai!"

Tian Donghua snorted. If it were a year ago, perhaps Tian Donghua would be tempted. However, in the past year, Tian Donghua had matured a lot and felt that he was really naive previously, especially after

getting into a relationship with Wang Xue. He got over a lot of things. Hence, facing Tian Long's temptation, Tian Donghua was utterly indifferent to it.

Looking up, Tian Donghua looked at Tian Long in a daze and said, "I don't care. When I was young and frivolous, the fight just happened. Now that I think about it, it was a foolish act."

"..." Tian Long was stunned, but he had no other way. He thought that Tian Donghua would be interested after he said these words, but he got such a response in the end where Tian Donghua replied to him plainly.

"Even so, you need to think about your younger brother. I have to go further! Look at Tian Dongguang, he is so old and yet immature. He's the same as a prodigal young master. If your father's power does not get bigger, how can I wipe his *ss for him?" said Tian Long.

"You should not give excuses for your own wild ambitions. If you were an ordinary citizen, Tian Dongguang can't be arrogant like this now," said Tian Donghua faintly.

"Hmph! Even if I have wild ambitions, so what? You and I are father and son. This can't be changed and can't be chosen! Even if you don't support me, it doesn't matter. After a few years, you will understand!" Tian Long was made helpless by Tian Donghua. He slammed the table and yelled, "My plans are set. If you disagree with me, what about it?"

Tian Donghua didn't say anything more. The two people didn't have any common language now. It would be a waste even if he spoke up, so Tian Donghua chose to be silent and continued to bury his head and eliminate the food in front of him.

Just when Tian Long was so passionately and insufferably arrogant about himself, he didn't know that he had been given up by the behind-the-scenes boss. After the behind-the-scenes boss saw that Qu Daming and Liu Chan were exposed in advance, he did not hold any hope for Tian Long. He even killed Sui Yuejin to frame Yang Ming.

In other words, Tian Long had become an abandoned chess piece. If there were a need, the behind-the-scenes boss would abandon him without hesitation, but now it seemed that Tian Long was of no use at all. Killing him or not had no direct relationship with Yang Ming, so the behind-the-scenes boss was too lazy to deal with him, letting him go to fend for himself.

After Tian Long finished the wine, it was after two o'clock at night. Now, if he wanted to go back to the villa in dizziness, it would be quite uncomfortable to go through the trouble of traveling, so Tian Long decided not to go back tonight. He could find a room here and settle down to sleep for the night here.

"Jinguo, do you have any empty rooms? Prepare one for me!" Tian Long informed Zhang Jinguo.

Even if there were none, Zhang Jinguo had to say, "Okay, Brother Long, I am going to prepare one."

Zhang Jinguo gave up his room because it was not easy to pick up a room in such a short time. He just found a place to deal with the night and settled the matter.

Yang Ming and Wang Renping waited until the middle of the night, yet they did not see Tian Long. Yang Ming knew that Tian Long would probably not come back. As for where he went, Yang Ming didn't want

to guess. He said to Wang Renping right next to him, "Get some rest. It seems that Tian Long won't come back."

Wang Renping nodded. According to Tian Long's living habits, he must have found a place to rest nearby. It was impossible to go through the trouble in the middle of the night. After all, Tian Long was also a man in his fifties. He couldn't shoulder the trouble at the level of how young people could.

The next day was sunny. When Yang Ming glanced at the villa, it was still those bodyguards without Tian Long's presence. Apparently, Tian Long did not return overnight.

Wang Renping was also a bodyguard, so his sleep was not only light but also little. Not long after Yang Ming woke up, he awoke and looked at the yard in the villa. Tian Long's car was still missing, so he shook his head and said, "Tian Long's car is not there. It seems that he has not come back overnight."

"Where is Tian Long generally during the day?" asked Yang Ming.

"Tian Long received the Sun Family's company, but because things have not settled, the property rights of some things have not been transferred. Hence, Tian Long will not go to the company during the day, but to a former gathering hall of his gang. It's Ma Qiang's territory..." said Wang Renping.

"Ma Qiang... If Ma Qiang disappears, will Tian Long be suspicious?" Yang Ming frowned after listening to Wang Renping.

"It's okay." Wang Renping shook his head with a smile. "Ma Qiang is the senior next to Tian Long. His age is not very young. Under normal circumstances without critical matters, he wouldn't go to the gang gathering hall. The second-in-command, Shen Miaotu, is in charge of it. He also came here yesterday and took the voodoo. He is considered part of us with a good relationship with me. He should know how to pick his side."

Chapter 1269: Being Utterly Isolated (A)

Yang Ming nodded. "This is good. As long as Tian Long is not suspicious, we will finish him off today."

Yang Ming had some impressions of this Shen Miaotu. When Wang Renping gave him medicine last night, Wang Renping called his name. Yang Ming also deliberately observed these people yesterday, so his impression of Shen Miaotu was clearer.

This was a middle-aged person who wasn't very old. In fact, he wasn't really a middle-aged person. It seemed that he should only be in his early thirties which was one or two years older than Wang Renping.

Yesterday, when it was time to consume the voodoo, Shen Miaotu was obviously obedient. When he looked at Wang Renping, and after Wang Renping nodded to him, he just swallowed the voodoo without saying anything.

Although it couldn't be said that this Shen Miaotu was obedient to Wang Renping because there were previous examples of Li Baihu and Ma Qiang as a deterrent effect, it could also indirectly show that this Shen Miaotu was actually a more obedient person.

"Tian Long usually arrives at the entrance of the hall at around 7:30 a.m. every day. Now it is 6:30 a.m., so we still have one hour. We can eat some breakfast first and be ready for it," said Wang Renping.

"Good." Yang Ming responded, then he immediately started the car. "Call Zhang Jinguo and ask him about the situation of the Sun Family and Tian Donghua."

"Okay." Wang Renping nodded, then he took out the phone and dialed Zhang Jinguo's phone number.

The phone was connected soon, and there was Zhang Jinguo's voice. "Brother Wang, hello! Is there anything you want me to do?"

In the past, Wang Renping was a popular man around Tian Long. Now, Zhang Jinping naturally regarded Wang Renping as a popular man next to Yang Ming, so his attitude was as respectful as ever.

"Jinguo, what happened with Tian Donghua and the Sun Family? Are they alright?" asked Wang Renping.

"No, Brother Long came here yesterday, visited the Sun Family, and he had a few arguments with them, then he went to see Great Young Master Tian. It seems that he was also quarreling with the Great Young Master Tian. Brother Long was trying to persuade him, but Great Young Master had a different opinion than him, so they parted on bad terms. They ate something and went back to their respective rooms to sleep." Zhang Jinguo replied truthfully.

"Oh?" Wang Renping frowned after listening to Zhang Jinguo's words. "What are you saying? You said that Tian Long went to you yesterday? And he stayed there for the night?"

"Yeah ... what happened, Brother Wang?" Zhang Jinguo was a bit puzzled why Wang Renping's reaction was so big.

"Nothing... if I knew it beforehand..." Wang Renping sighed and didn't continue.

"Ah ... didn't Brother Yang let us not to get involved with Brother Long's matter? We should just look by the side..." Zhang Jinguo quickly explained. "So I thought about it, and I didn't call you..."

"It's alright; it's not your fault." Wang Renping said, "Is Tian Long gone?"

"En

, he just left." Only when Zhang Jinguo saw that Wang Renping wasn't angry, did he then sigh in relief.

"Okay, I got it." Wang Renping hung up after the call.

Yang Ming had already learned about the cause of the matter from Wang Renping's stuttering. It must be that Tian Long went to the villa by Zhang Jinguo, so he wasn't at home yesterday.

"Brother Yang, Tian Long went to Zhang Jinguo yesterday; our plan has failed." Wang Renping said with some regrets, "If we knew in advance last night, we could catch the turtle in the jar. We could have made a move when Tian Long was asleep at night; it is easier than daytime action..."

"Hehe, I roughly understand the situation; it doesn't matter. Since it is like this already, complaints and regrets are useless. We just have to execute the plan well today." Yang Ming waved his hand and smiled. "According to what you said, Shen Miaotu is our ally; he will restrain his men, so today's plan is still relatively easy."

"I hope so!" Wang Renping nodded. In fact, Wang Renping didn't agree with the method that Tian Long used to suddenly embezzle the Sun Family's property with the Sun Family's men. He was originally the Sun Family's subordinate. The Sun Family treated him well, and he should be loyal to them. How could he do such a thing?

This was why he didn't have a psychological burden to betray Tian Long with Yang Ming. Many of them were indifferent to Tian Long. Many people despised Tian Long's unjust means. They were just coerced by Tian Long's powerful force, and they were greedy for money, so they had to submit to Tian Long under the temptation of money.

In the eyes of most people, it didn't matter who the company's top management was, whether it was Sun Hongjun or Tian Long. As long as they still got their pay, or if they got even more than before, why wouldn't these people be glad to do it? No one would make life difficult for money.

However, the good news was that the people under Tian Long's management had a strong sense of brotherhood. As the saying goes, the county officials aren't as good as the current manager. The prefects are not as good as the county officials, so they could only obey Tian Long since Tian Long settled their leader.

"Let's look for a porridge store and have some breakfast." When Yang Ming knew that the Sun Family's people were fine, he felt relieved. Yang Ming was most worried about the Sun Family's safety.

When Tian Long went there last night, he only had a few arguments with the Sun Family and didn't touch them. That is to say, Tian Long still had a conscience. At least, in the near future, he didn't intend to kill the Sun Family.

However, life is unpredictable. Who knows that after Tian Long stood firm, would he eliminate the Sun Family?

They simply found a porridge store just by the roadside. Yang Ming parked the car directly and got out with Wang Renping. Donghai's porridge stores were different from Song Jiang's. Even if the two cities were close, and they had the same flavored snacks, there would also be a slight difference.

At least, Donghai's porridge stores had a lot of snacks that Song Jiang didn't have, and some of Song Jiang's popular snacks couldn't be seen here. Yang Ming wasn't a picky person. It was fine as long as he was full. Wang Renping was even more so. The two merely ordered two bowls of lean meat porridge and some small pickles, then they started to eat.

"Yang Ming?" Someone said with surprise. Yang Ming raised his head, looked toward the source of the voice, and unexpectedly saw an acquaintance.

"Sister Yang Xin?" The people were Sun Jie's high school classmate, Yang Xin, and her boyfriend, Wu Yunsheng. Yang Ming did not expect to meet them at the porridge store.

"Yang Ming, it's great to see you! Do you know where Little Jie is?" Yang Xin sent Wu Yunsheng to buy food, and then she sat in the empty space next to Yang Ming.

Yang Ming and Wang Renping were sitting at a four-person table, so there were two empty seats next to them.

"Ugh ..." Yang Ming didn't know how to answer Yang Xin's sudden question. Although he and Yang Xin were quite familiar, he still could not disclose that Sun Jie was under house arrest. So, he smiled bitterly. "I also don't know. I just drove to Donghai, but I haven't looked for her yet!"

"Little Jie called me previously saying that she was coming back to Donghai and that she will find me after she came back. It has been a few days, but she hasn't contacted me yet. I have called her mobile phone and home. Either it is shut down, or no one picks up. I don't know if anything happened to her?" Yang Xin was a little anxious as she said this. "Yang Ming, have you contacted Little Jie in the past few days?"

Yang Ming breathed a sigh of relief after listening to Yang Xin! Yang Xin and Wu Yunsheng were also Donghai locals. They often mingled in some high-end parties. Donghai's largest private group, Sun's Company, had replaced the owner. They must have heard of it. Then, there was only one possibility that the news hadn't spread out!

In other words, Tian Long still had a lot of licenses that had not been transferred to his own name, so he couldn't announce it to the outside world for the time being!

In this way, it was also easy for Yang Ming to act. If Tian Long had already established the facts, then it was inappropriate for Yang Ming to deal with him. Otherwise, the chairman of the Sun's Group who just came to power suddenly disappeared. This would be a big scoop.

Now it seemed that there was no guidance of public opinion at all. Tian Long's matter wasn't announced to the public. That meant if Yang Ming took advantage of this time to finish Tian Long off and quickly set Sun Hongjun back to power, then he could eliminate the bad influences on the Sun's Group.

"It seems that something happened in her family." Yang Ming couldn't show his emotions too much in front of Yang Xin. He smiled indifferently. "It's not that serious. Maybe she just can't switch on the phone. I will see her tomorrow. How about this? After I see her, I will ask Sister Yang Xin and brother-in-law to come out to eat."

"That's great!" Yang Xin nodded happily. "It's great that Little Jie is fine, so I don't have to be so worried about her!"

"En, then we will contact you tomorrow." Yang Ming sighed in his heart. *I hope things go well, but this Sun Jie's friend is not bad. She is still very concerned about Sun Jie.*

Wu Yunsheng was as low-key as ever. After eating, Yang Ming bid farewell to Yang Xin and Wu Yunsheng at the car. Wang Renping said, "Wu Yunsheng, Mr. Wu, I have seen him."

"Oh?" Yang Ming was a little surprised.

"He is considered famous in Donghai. I once saw him when I sent Young Master Tian Donghua to a party; he is a very low-key person," said Wang Renping.

Listening to Wang Renping, Yang Ming smiled in relief. He thought that there was some secret with Wu Yunsheng. Yang Ming was extremely nervous recently; everything seemed suspicious to Yang Ming.

It was no wonder since Alice, who he met in Europe, was targeting him as well. Could this make Yang Ming feel at ease?

It was said that it was a hall, but in fact, it was a nightclub. The underworld gang was already history. Needless to say, Tian Long was not stupid. If he still engaged in the gang's matters, wouldn't he give the police a reason to investigate him?

Therefore, Tian Long only managed and controlled some entertainment venues, but even then, he still gained unprecedented profits.

This nightclub was established by Tian Long, so the Sun Family had little control over it. Because of this, Tian Long used it as his temporary headquarters.

Tian Long asked the driver to park the car because he didn't come from the villa today, so he didn't have Wang Renping to pick him up. After the car was parked, Tian Long got off and rushed into the nightclub under the escort of his four bodyguards.

Although in Donghai, Tian Long didn't believe that someone dared to trouble him, it wasn't wrong to be careful. Who knew if there would be any Sun Family's loyal supporters fighting with him until one's death under such a tense situation?

Yang Ming and Wang Renping came to the nightclub early and observed the nightclub from a long distance. After seeing Tian Long enter the nightclub, Yang Ming also started the car and parked the car closer.

"Is the name changing procedure done yet?" Tian Long looked at the documents in his hand and asked his office secretary impatiently.

"Not yet. I entrusted someone to handle it, but there are no results..." The secretary was also helpless. *I'm being scolded because I can't handle the matter. Why am I so unlucky?*

"Didn't I say that I don't care how much it costs? Just change the company's legal person into my name as soon as possible!" Tian Long was naturally anxious that there would be more worries as time passed by. Although Sun Hongjun had signed the equity transfer book, the company's legal person wasn't Tian Long yet, so Tian Long was anxious.

"Changing the name requires the company's original legal person and new legal person to be present..." The secretary said in a dilemma. "This is a matter of principle. We have found someone, but there is no result. The agency companies only say that they will try."

"D*mn, what if the original legal person is dead?" Tian Long snorted in agitation after hearing the secretary saying that it was so complicated.

"If he is dead, you need a certificate of death and a Will and Testament..." explained the secretary.

Tian Long rolled his eyes. He just simply complained about it as an analogy. He didn't expect the secretary to take it seriously. He waved his hand helplessly. "Tell those agency companies to do it quickly. Money is not a problem as long as it can be done!"

"I will try my best, Mr. Tian!" The secretary quickly responded, and he carefully stepped out of Tian Long's office.

"Brother Long, why don't we finish it off? In for a penny, in for a pound..." In the office, one of Tian Long's men suggested as he made a decapitating gesture.

This person was the third right hand of the nightclub, Li Xiangji. The nominal boss of the nightclub was Ma Qiang, but the daily operation was Shen Miaotu's responsibility.

Shen Miaotu frowned after listening to Li Xiangji's words. Li Xiangji did not consume the voodoo, but this kid was purely a person who jumps on the bandwagon, so he wasn't worried that Li Xiangji would make any moves. However, his d*mn mouth was a problem. *What are these suggestions?*

If the Sun Family were really killed, probably Yang Ming wouldn't give them the antidote. He would let them die on their own! Therefore, at this moment, Shen Miaotu was very nervous. He feared that Tian Long would adopt Li Xiangji's opinion to harm the Sun Family!

However, Shen Miaotu couldn't directly oppose Li Xiangji's opinion at the moment because that would be too obvious. It was difficult to guarantee that Tian Long wouldn't have any other ideas.

Shen Miaotu looked nervously at Tian Long to see what kind of decision he would make. If he heard that Tian Long really wanted to kill the Sun Family, then Shen Miaotu could only quickly call Yang Ming and Wang Renping for help.

"Your idea is really once and for all..." Tian Long looked at Li Xiangji and said faintly.

"That's right!" Li Xiangji heard that Tian Long praised him, and he immediately revealed a smile. He didn't have any abilities; he was promoted because he could kiss Tian Long's *ss well, so his idea was really nonsense.

"However, it is easy to kill Sun Hongjun, but how do you tell the public how Sun Hongjun died?" Tian Long glared and said. "At that time, the police will investigate the cause of Sun Hongjun's death, then there will be more trouble. Maybe it will mess up my matters! Stupid guy, just stand aside!"

After listening to Tian Long's words, Shen Miaotu couldn't help but breathe a sigh of relief. As long as Tian Long didn't harm the Sun Family, then it would be easy. He just had to drag on for a while. When Yang Ming comes, everything would be solved.

Li Xiangji was agitated being scolded by Tian Long, then he flattened his lips and said, "Yes..."

"Shen Miaotu, you talk. Do you have any good ideas?" Tian Long's eyes looked at Shen Miaotu.

Shen Miaotu was shocked and quickly retracted his thoughts. He said, "Brother Long, the current situation still has to follow the normal procedures. As long as Sun Hongjun does not appear, the Industrial and Commercial Bureau doesn't dare just to change the legal person even if they have the nerve. This is a serious matter once it is exposed unless they don't want to do their jobs anymore!"

"En , it makes sense; you continue!" Tian Long nodded, indicating that Shen Miaotu should continue; Shen Miaotu's analysis was indeed good.

“So, although Brother Long has a high social status, allow me to be rude, Sun Hongjun’s status is higher. Who dares to offend him casually? Since you have used social relations, but you still can’t get this matter done after finding many people, why do you still hope for the license agency company to help you?” Shen Miaotu waved his hand. “It would be a waste of effort to look for them.”

In fact, how could Tian Long not know what Shen Miaotu was saying? But now, this was his last resort; there was no other way. Tian Long could only do this.

“So, what other good method do you have?” Tian Long asked. “What do you mean by following normal means?”

Shen Miaotu was now completely delaying the time. What he said sounded reasonable. In fact, it was all bullsh*t. Even if he didn’t say it, Tian Long knew it. However, Tian Long now wanted to fight for it even if there was a glimpse of hope, so he naturally didn’t think too much about it, and he listened patiently to Shen Miaotu’s words.

Shen Miaotu thought, *Isn’t it easy to follow the standard procedures? Isn’t it just you going to the Industrial and Commercial Bureau with Sun Hongjun and changing your business license? Don’t you know such a simple thing?*

Although he thought so, he couldn’t say that. If he said that, it would be strange if Tian Long didn’t get enraged!

“Brother Long, I think you still have to start from Sun Hongjun!” Shen Miaotu had no choice but to force himself to talk nonsense. “You need to think of a way to persuade Sun Hongjun to go with you to the Industrial and Commercial Bureau to change the legal person, but be wary that he doesn’t have the opportunity to escape or directly expose your conspiracy to the Industrial and Commercial Bureau. You know, Sun Hongjun’s social influence is bigger than yours. At that time, you are at a disadvantage.”

“What you said is the only viable way!” Tian Long nodded. “However, how can we make Sun Hongjun obedient?”

Chapter 1270: Being Utterly Isolated (B)

Shen Miaotu didn’t expect Tian Long to be so anxious. Tian Long told him to think about a way right after he finished talking, and he had to think of it immediately! Looking at Tian Long’s fixated gaze looking at him with hope, Shen Miaotu felt a little scared.

“How about it? Have you thought of a way to make Sun Hongjun obedient?” Tian Long stared at Shen Miaotu.

“This...” Shen Miaotu really didn’t know what to do. Initially, he wanted to talk a bunch of nonsense temporarily to handle Tian Long, but he didn’t expect Tian Long to take it so seriously!

“It’s fine... you can think slowly.” Tian Long may have noticed that he was too anxious, so he smiled apologetically. “It’s no rush...”

Shen Miaotu breathed a sigh of relief and thought, As long as you don't urge me at this time, you will not have the chance to urge me anymore in this lifetime. When Yang Ming comes, you will not have the opportunity to ask me again.

.....

Yang Ming and Wang Renping naturally didn't know that Tian Long was worrying about the ownership transfer of the group. After seeing Tian Long enter the nightclub, they started to plan and prepare the plan to be implemented.

"Mr. Yang, are we going in now?" Wang Renping knew that since they had arrived today, they had to go in sooner or later, so it was better to go in sooner rather than later.

Yang Ming nodded. His point of view was the same as that of Wang Renping. Since they were here, they shouldn't delay it. It was best to settle it as soon as possible! Yang Ming took a pair of big sunglasses from the back of the car and put it on his face. Then he said to Wang Renping, "In a while, you take me in."

"No problem." Wang Renping nodded. In fact, it didn't matter if Yang Ming disguised himself or not. In this nightclub, except for Tian Long and Shen Miaotu, who knew Yang Ming, no one else had seen Yang Ming before.

However, since Yang Ming chose to disguise himself, he also adopted a vigilant mindset to avoid any unexpected issues.

The two got off the car together, and Yang Ming naturally walked side by side with Wang Renping in the direction of the nightclub.

"Brother Wang!" The security guard at the door naturally recognized Wang Renping. When Wang Renping came over, he hurriedly greeted him.

Wang Renping nodded casually, and his footsteps did not slow down as he walked inside. Because Yang Ming came with Wang Renping, the security would naturally not go up and ask.

Besides, this was initially an entertainment venue that was open to the public. They couldn't bar guests from entering, right?

The smoothness of the matter was predicted by Yang Ming. After all, Wang Renping's status was there. He was Tian Long's right-hand man, just like the position of Yang Ming's men, Bao Sanli and Hou Zhenhan.

So when he let Wang Renping bring him in, he didn't have to worry about anything. The two of them went to the internal elevator smoothly and went up to Tian Long's office on the thirteenth floor.

"Generally speaking, Shen Miaotu should be with Tian Long, and Li Xiangji may also be there." Wang Renping said after the elevator door closed.

"Who is Li Xiangji?" Yang Ming asked.

"Li Xiangji is the third right-hand man of the nightclub, but he is a good-for-nothing. There is nothing to be afraid of. I didn't call him yesterday because the kid is too dumb. I was afraid that he would take

things too hard after eating the voodoo, then go back and accidentally divulge something,” said Wang Renping.

Yang Ming nodded. This kind of character was rare. Especially if he could sit in the position of the vice president of the nightclub, he must be one of those flatterers.

There were not many people in the internal elevator. Only the management staff could take this elevator, so no one else stopped the elevator along the way. It went smoothly from the first floor to the thirteenth floor, and there were no stops in the middle.

A notification sound prompted, and the elevator stopped at the thirteenth floor.

“Let’s go.” Yang Ming glanced at Wang Renping and smiled. Wang Renping was very calm along the way. However, when they exited the elevator, Yang Ming noticed that Wang Renping seemed to be nervous, so Yang Ming comforted him and patted his shoulder.

He couldn’t be blamed. After all, Tian Long had always been very powerful in the heart of Wang Renping. Although Yang Ming was now more powerful, Wang Renping would inevitably have some psychological pressure to deal with Tian Long together with Yang Ming.

“It’s nothing...” Wang Renping took a deep breath and shrugged his shoulders. It could be seen that he adjusted his emotions very quickly.

“Which office is Tian Long’s?” Yang Ming asked as he looked at the deep corridor. No one was in the hallway, but it was obviously the location of the offices of the nightclub’s higher-ups.

However, there were no bodyguards or security guards in the huge corridor. This made Yang Ming a little surprised.

Perhaps Tian Long thought that no one would dare to go to his territory to cause trouble.

“It’s the innermost one, on the right.” Wang Renping pointed his finger to the front and said to Yang Ming.

At the same time that Yang Ming asked, he began to snoop around the rooms in the corridor with his special abilities. As Wang Renping said, Tian Long was at the end of the corridor in the room on the right.

There were two other people in the room. One was Shen Miaotu, who he saw yesterday, and the other man who looked a little wretched was probably the one that Wang Renping mentioned.

What Yang Ming guessed was right. There were no security guards in the corridor. Firstly, the nightclub didn’t have this rule; secondly, Tian Long was too arrogant. He thought that since there were countless security guards in this nightclub, no one would dare to come here to cause trouble!

” Dang dang dang ...” The sound of knocking came from Tian Long’s office door.

At the moment, Tian Long was putting his hopes on Shen Miaotu; he didn’t bother about anything else, so he said casually, “Please come in.”

Wang Renping opened the door and entered Tian Long’s office.

" Oh , it's Renping; you are here." Tian Long saw that the person was Wang Renping, and he nodded. "It just so happens that we have a few things to discuss. You can also look into it together."

" Oh ? What is it?" Wang Renping was sent by Yang Ming to lead the charge; the purpose was to control Li Xiangji. Although Li Xiangji was not dangerous enough, anxious people will be driven to take desperate actions. Yang Ming was afraid that Li Xiangji would be in his way, so he called Wang Renping to come in and make Li Xiangji leave first.

"This is the case." Tian Long raised his hand and looked at Li Xiangji, then said, "Why don't you say it."

Li Xiangji was eager to have such an opportunity to show off. He stuck out his *ss and quickly came in front of Wang Renping. He said, "Brother Wang, this is the case. Didn't our Brother Long already get the Sun Family's business now?"

Wang Renping nodded and waited for him to continue.

"But, these businesses are under the name of that old bastard, Sun Hongjun. When we transfer the ownership, they said that the old d*ck, Sun Hongjun, must be present in person!" Li Xiangji said, "So, this put Brother Shen and me in a difficult situation. We don't know what to do!"

" Oh , it's indeed a problem." Wang Renping echoed to Li Xiangji's words.

"Yeah, Brother Shen has a good idea." Li Xiangji was unwilling to be outdone, so he continued, "Brother Shen's meaning is that since that old d*ck, Sun Hongjun, must be present, then we can just let him go with Brother Long, but how can we guarantee that Sun Hongjun will be obedient and not cause trouble?"

" Oh , I was wondering what the fuss was about!" Wang Renping suddenly grinned after listening.

"Why? Renping? Do you have a good idea?" Tian Long was immediately delighted after hearing Wang Renping's words. He thought Wang Renping had an idea. "Can you convince Sun Hongjun to transfer the ownership obediently?"

"I can't, but someone else can!" said Wang Renping weirdly.

"Who? Who is it?" said Tian Long hurriedly. "Who has such a great capability?"

"I have brought this person for you today, Brother Long." Wang Renping smiled and made a gesture for the person to come in.

Just as Tian Long was full of joy, waiting for the moment of this powerful person to come in, the smile on his face froze because he was too familiar with the person who came in!

"Mr. Tian, I trust you have been well since we last met?" Yang Ming walked into Tian Long's office and looked at him with a smile. It was like visiting an old friend whom he had not seen for many years.

"Yang Ming!?" Tian Long frowned. He was not stupid, and immediately realized that things seemed to be wrong! How did Wang Renping bring Yang Ming here? "Renping, what do you mean by this?"

"It doesn't mean anything. Brother Long, I have been very displeased about you for a long time!" After Wang Renping said a very classic sentence, he knocked out Li Xiangji by taking advantage of him being overwhelmed.

This Li Xiangji was a timid guy. The sudden change made him feel overwhelmed, so when he was overwhelmed, he fainted while he was at a loss.

Tian Long's expression changed immediately! He didn't even think that the most trusted person around him would side with Yang Ming! This was what he did not expect, and he did not even think of it at all.

However, Tian Long's eyes slightly glanced, and he saw that Shen Miaotu was pulling out a gun from his waist. He felt very at ease in his heart. He saw Yang Ming and Wang Renping both come in empty-handed, and there were no bulges at their waist, so they naturally didn't bring any weapons.

"Miaotu, kill them!" Tian Long commanded after he snorted.

"Raise your hands, or I will kill you with a shot." Shen Miaotu's voice sounded sinister.

Tian Long's heart was relieved, and he looked at Yang Ming and Wang Renping with sarcasm. You two idiots are stupid. Don't you know that I have a gun? You just come in like this. Aren't you looking for death?

Tian Long wanted to see Yang Ming's and Wang Renping's dejected look, but when he didn't see Yang Ming and Wang Renping raise their hands, he was a bit puzzled. "Why don't you put your hands on your head and squat by the side?" Aren't you afraid of being shot?"

"I'm not afraid." Yang Ming glanced at Tian Long and said with a strange look.

"What?" Tian Long did not hear clearly. Is Yang Ming crazy? No matter how bad*ss you are, you can't be impenetrable, right?

"Brother Long, you got it wrong..." Wang Renping pointed behind Tian Long with sympathy.

Tian Long also realized that things seemed to be awry. When he looked back, he found that Miaotu's gun muzzle was actually pointing at him!

"Brother Long, I'm sorry; I have been tolerating you for a long time..." said Shen Miaotu faintly.

Tian Long's initial ridicule, banter, and arrogant mood, suddenly fell to the bottom. He somewhat did not believe the facts before him. He just saw that Yang Ming and Wang Renping had actually colluded together. Although he was shocked, he disdained them for challenging him single-handedly!

Never mind that Shen Miaotu was a master who was not inferior to Wang Renping. Shen Miaotu also had a gun in his hand, and there were hundreds of security guards in the nightclub. Once Tian Long gave an order, they would kill both of them by just spitting. Therefore, Tian Long didn't take it seriously!

But now, this gap was a bit too big! Not only were Wang Renping and Yang Ming in cahoots, but even Shen Miaotu was actually in a group with Yang Ming. He was pointing the gun at Tian Long!

For a time, Tian Long had a feeling of finding himself being utterly isolated. He finally understood what it was like when Sun Hongjun had a gun pointed at him by Wang Renping. It was a feeling that was helpless and bitter, and it could not be released at all!

Although he didn't know how Yang Ming did this, Tian Long also knew that there was only this way of making threats and promises. Didn't I also use this method at the beginning to settle the people around Sun Hongjun?

"Yang Ming, it seems that I underestimated you!" Tian Long took a deep breath and stared at Yang Ming. He almost wanted to spurt out fire. "You played this well; it's exactly the same way I did it at the beginning."

"Do you still know that you played tricks back then?" Yang Ming sat down comfortably on the big sofa next to him and looked at Tian Long. "You tell me. What should I do with you?"

"So what if I played tricks?" said Tian Long coldly. "Do you think you are upholding justice? Or you are enforcing justice for Heaven?"

"Why do I feel that even now, you still haven't realized that you are wrong, but it seems that I am being meddlesome?" Yang Ming was a little amused after listening to Tian Long's words.

"I did something wrong? What did I do wrong?" Tian Long suddenly laughed out loud. "Yang Ming, you stand on the Sun Family's side. You naturally feel that I did something wrong, but what did I do wrong?"

"I had fought for more than half of Sun Hongjun's businesses, but what did I get in the end? When did he ever think about giving me a part of this huge business? He didn't! He didn't even have this idea at all; he felt that he deserved all of this!"

"Why? When two people contributed, he alone has benefited!"

"Didn't he give you a share?" Yang Ming looked at the almost crazy Tian Long and said faintly.

"Give me a share? You actually can say it without feeling embarrassed. For such a big group, he only gave me a five percent stake!" said Tian Long. "How much does he have? Sixty percent! It's fine for Sun Hongjun, but he even wants to leave this huge foundation to a woman! Let me bow before Sun Jie? Hmph! Even if I don't think for myself, I have to think about Donghua and Dongguang! I am just a damn dog to the Sun Family; I don't want them to repeat my mistakes!"

"Dog?" Yang Ming disapproved. "Did Sun Hongjun not treat you well enough? When did he treat you like a dog?"

"He didn't, but what about the future? After Sun Jie and Sun Zhiwei come to power, do you want me to listen to the words of two kids?" Tian Long waved indignantly. "Why?"

"You are just looking for an excuse for what you have done." Yang Ming looked at the unreasonable Tian Long and shook his head. "Does Tian Donghua have this idea of yours?"

"He? Hmph, if he didn't try to persuade me not to take action on you, do you think you still have the opportunity to stand here and talk to me?" Tian Long heard Yang Ming's question and snorted. "He will understand my painstaking efforts sooner or later."

Yang Ming suddenly found it somewhat funny. This Tian Long really talks big. Can he deal with me using his means? That's easy for him to say that.

"Don't you think it's funny?" Yang Ming looked at Tian Long. "If you really care about Tian Donghua's opinion, would you put him under house arrest?"

"Really?" Tian Long's mouth suddenly revealed a strange sneer, then his right arm violently flung, grabbed the gun in Shen Miaotu's hand, and squeezed it hard...

Tian Long let go, but Shen Miaotu was shocked and subconsciously pulled the trigger...

The sound of a loud bang was accompanied by the sound of screaming. The gun exploded, and half of Shen Miaotu's palm was blown up...

This change was sudden. Even Yang Ming was caught off guard! However, Yang Ming clearly saw the strange scene! Tian Long actually flattened the gun barrel in Shen Miaotu's hand and quickly let go!

However, the panic-stricken Shen Miaotu apparently did not realize this. He subconsciously thought that Tian Long wanted to wrest the gun away to deal with him, so he pulled the trigger.

Unfortunately, half of his palm was blown up; the blood dripped terrifyingly.

"Yang Ming, ah, Yang Ming! You are so naive. Do you think that you can deal with me after bribing a few useless people?" Tian Long laughed aloud unscrupulously; his muscles also bulged out along with the laughter.

Not only Shen Miaotu and Wang Renping, but even Yang Ming was astonished! Is this Tian Long still human? Has his Heng Way [1] martial arts already reached such a realm?

However, at the moment, Yang Ming did not have the slightest timidity and light-headedness. His hand shook slightly, and a flying needle had already fallen into Yang Ming's hand. Just when Tian Long was reaching out his arm to catch Yang Ming, Yang Ming threw the flying needle in his hand at Tian Long.

"Pa ..." The flying needle hit Tian Long's neck, but it fell to the ground without causing any harm to him...

"Kid, you also know how to use concealed weapons? You really aren't simple." Tian Long didn't expect Yang Ming to use concealed weapons. He felt lucky in his heart. If I didn't cultivate my qi as I raged, I'm afraid I would be defeated by this kid!

His desire to play with Yang Ming finally stopped. It seems that this kid is really a bit capable. As Tian Long thought of this, Tian Long's eyes reddened. His muscles bulged out even more; even his jacket could be ripped off.

Yang Ming was really a bit stunned at this moment! The flying needles that have never failed actually had no effect on Tian Long! It can't even penetrate Tian Long's skin, let alone hit his acupuncture point!

Yang Ming was confident that his strength of throwing a flying needle was very strong. Never mind that it was human skin. It could even penetrate wood and glass easily! However, a weird thing happened in front of him. His flying needle was actually blocked and fell to the ground!
