

So Pure 1351

Chapter 1351: Wait a Minute / Rigged a Scam

"President Xu, have some chewing gum." Liu Jifei's lawyer, Liu Luyou, passed Xu Xiaobin a piece of chewing gum.

Xu Xiaobin didn't think much of it, assuming that it was to keep his breath fresh in the negotiation in a while, so he took one and put it in his mouth. "We don't have to be so formal, right? It's just signing a contract."

"*Hehe*, this was especially handed over by President Liu. We have to do it accordingly!" As Liu Luyou said this with a smile, the phone rang. He took it out and looked at Xu Xiaobin. "President Liu's calling. I'm picking it up."

"Okay." Xu Xiaobin nodded.

Liu Luyou picked up the phone calmly. "President Liu, hello!"

"Luyou, how's the preparation over there?" asked Liu Jifei.

"President Liu, you can rest assured that everything is ready," said Liu Luyou. He knew that President Liu would definitely know what he was talking about.

"*En*, good. Report to me anytime." Liu Jifei heard that he was ready and was immediately relieved.

"Okay, President Liu," Liu Luyou said tacitly.

Xu Xiaobin could also faintly hear what Liu Jifei and Liu Luyou said, but in his opinion, it wasn't a big deal as it was just an arrangement before signing the contract.

The only thing that made Xu Xiaobin uncomfortable was that people on his side, except for himself, the lawyers and staff members, were all Liu Jifei's employees. He was the commander without any actual power.

It was not that these people overtly agreed and covertly opposed him. On the contrary, these people were very obedient toward him. They could do well with his arrangements. Xu Xiaobin just felt displeased about this feeling.

Perhaps Liu Jifei was afraid that Xu Xiaobin would get the credit. After all, Xu Xiaobin was the one who made this cooperation work. Liu Jifei didn't even participate in it, so he sent his employees to watch Xu Xiaobin so that he wouldn't get greedy over the credit.

In fact, Xu Xiaobin did not want to get greedy over the credit. He knew that some of the credit must be given to Liu Jifei. Otherwise, it would be impossible for a small office manager to take such a large amount of credit.

"Does President Liu have any orders?" Xu Xiaobin looked at Liu Luyou and asked.

"It's nothing. He just asked us how our preparation was going." Liu Luyou smiled and said, "President Xu, I guess the people of Ming Yang Security should arrive soon. Should we welcome them at the door?"

“Okay.” Xu Xiaobin nodded, stood up, and walked out of the meeting room with Liu Luyou.

Jing Xiaolu and Bao Sanli, as well as a team of staff, entered the Huihai Business Club and went to the conference room on the third floor. They saw Xu Xiaobin and his lawyer, Liu Luyou, standing at the door to welcome them.

“President Xu, you still came so early.” Jing Xiaolu was embarrassed seeing Xu Xiaobin come before her.

“*Hehe*, it’s fine. Today is a big day. Luyou and I had nothing to do, so we came over and arranged the meeting room so that we can take a few photos when signing the contract,” said Xu Xiaobin.

Jing Xiaolu glanced at the conference room. The decorations in the room were indeed good; the flowers and other decorations were all set up. There was a faint scent in the room. It seemed that Xu Xiaobin really did put effort into it.

In this regard, Jing Xiaolu and Bao Sanli also had promising prospects for this cooperation. Now it seemed that the other party still attached great importance to this cooperation. It could be seen from the attitude of their arrangement of the contract signing venue.

“Thank you for your effort.” Jing Xiaolu sighed.

“President Bao, welcome! Welcome!” Xu Xiaobin saw Bao Sanli, who was behind Jing Xiaolu, and he greeted Bao Sanli with a smile and shook hands with him. Jing Xiaolu conducted the previous negotiations. Bao Sanli did not participate, but he came personally today.

They entered the conference room, accompanied by Xu Xiaobin and Liu Luyou. After the two sides spoke a few words, they talked about signing the contract.

“Is there any problem with the contract?” Xu Xiaobin asked. The contract was finalized yesterday with Jing Xiaolu. He didn’t know if Bao Sanli had any problems after reading it.

“No problem. I have already read it.” Bao Sanli nodded.

“Well, we will print two copies on the spot.” Xu Xiaobin spoke to the staff member, Chang Xiyou, who had already prepared.

Chang Xiyou opened the contract that was finalized yesterday from the notebook, connected to the printer, and printed two contracts quickly. After doing this, Chang Xiyou handed the contracts to Xu Xiaobin. “President Xu, I have printed it.”

“Okay.” Xu Xiaobin took the contracts. After carefully reading each page one by one and being sure that there was no problem, he nodded and handed it to Jing Xiaolu. “You check the contract and see if there is any problem.”

Jing Xiaolu took the contract and carefully reread it. Then she handed it to Bao Sanli. “President Bao, do you want to take a look?”

“You can read it to see if there is a problem. I don’t have to read it.” Bao Sanli smiled and waved his hand. To be honest, he was really not good at reading these things.

"Hehe, it doesn't matter. After we read it, the lawyers from both sides will have to review it again." Xu Xiaobin smiled and said, "We are also just roughly looking at the terms and conditions. The details will still be handed to the lawyers for review. After all, they are the professionals."

"That's also true!" said Bao Sanli. "Then, let the lawyer review the contract."

The process continued smoothly to the stage where the lawyers of both parties reviewed the contract. Jiangyan Group's lawyer, Liu Luyou, and Ming Yang Security Company's lawyer, Wang Hongcha, were very careful. Both of them held one copy. After reading it, they exchanged with each other and looked at it again.

After confirming that there was no problem, Liu Luyou and Wang Hongcha nodded. "President Xu, President Bao, there is no problem with the contract; you can sign it."

Jing Xiaolu somehow felt dizzy. *Is it that I didn't sleep well yesterday? No way, right? I didn't have insomnia, right...* Jing Xiaolu felt a little bit strange.

Since the contract was reviewed, Xu Xiaobin first took the contract, signed his name on each of the two copies, and then pushed the contract to Bao Sanli. "President Bao, I have signed it."

Bao Sanli also picked up the pen and signed his name on the contract.

"Well, everyone has signed the contract; we will stamp the contract now." Liu Luyou stood up and took the contract as he smiled.

A special seal for the signing of contracts was stamped on each page of the contract, preventing a page in the middle from being substituted stealthily. The special contract seal was usually stamped on a part of all the pages of the contract with the pages spread horizontally. With that, every page would have the mark from being stamped by a part of the seal. It would be impossible to falsify after both sides had stamped it.

Liu Luyou picked up the contract and turned to the side. At this moment, the contract was brought in front of him. Jing Xiaolu and Bao Sanli could not see the contract in his hand from this direction.

Jing Xiaolu frowned. *The lawyer of the other party would not make such an obvious mistake, right? If you block the contract, we will inevitably be suspicious of something.*

In a blink of an eye, Liu Luyou had returned to his seat, placed the contract on the table, stamped the contract, and handed it to Wang Hongcha. He smiled and said, "It's your turn to stamp."

"Wait—" When Jing Xiaolu saw that Wang Hongcha was going to stamp without a doubt, she immediately stopped it.

"What's wrong?" Bao Sanli was stunned; he was baffled looking at Jing Xiaolu. Xu Xiaobin over there was also inexplicable. He didn't understand why Jing Xiaolu said to wait at this time.

Liu Luyou heard Jing Xiaolu's voice, and he frowned subconsciously. He thought that this matter would be very smooth, but he didn't expect Jing Xiaolu from the other party to be an extremely savvy person.

Now, let me see if the boss' secret weapon is good. I hope it is as magical as he said.

"I'll look at the contract again." Jing Xiaolu grabbed the contract from Wang Hongcha.

"Vice President Jing, what do you mean by this?" Xu Xiaobin didn't say anything, but Liu Luyou was somewhat reluctant. "Doesn't Vice President Jing believe us? Do you think we would do any petty tricks?"

"Hehe. On the contrary, I am not targeting anyone. I just feel that there is no harm in being careful." Jing Xiaolu smiled, picked up the contract, and looked again carefully.

"I hope so. Vice President Jing, you know that we have great sincerity for this cooperation," said Liu Luyou with a displeased expression.

Chapter 1352: Something Major Happened / How to Deal with It

"President Bao, President Bao! It's not good!" Wang Hongcha, a full-time lawyer of the Ming Yang Security Company, ran into Bao Sanli's office with a contract.

"What's the matter? What are you doing?" Bao Sanli frowned at seeing Wang Hongcha's panicked expression. "You are still a lawyer. How can you be so rash?"

"President Bao, it's not good. Something bad happened!" Wang Hongcha also couldn't care less, went directly to Bao Sanli's side, and threw a contract book on Bao Sanli's desk.

"What exactly happened?" Bao Sanli was somewhat dissatisfied with this Wang Hongcha. *What are you doing? You are high-level personnel inside the group. How could you be so rough in doing things? Shouting; what's next?!*

"President Bao, this contract is not right; it was tampered with!" Wang Hongcha pointed to the contract on the table and said with a breathless voice, "President Bao, we were cheated!"

"What the hell is going on?" Bao Sanli immediately took the contract on the table as soon as he heard that there was something wrong with it. "Is this not the contract we just signed? What is the problem?"

"President Bao, look at the obligations of both parties at the back..." Wang Hongcha hurriedly flipped over the contract to the page of the obligations of both parties, pointing to the clauses on it and said to Bao Sanli, "President Bao, you see. It is written that within three days, we must invest fifty million into the new company's account..."

"Wasn't it ten million? Why has it become fifty million? What is this?" Bao Sanli was shocked. He looked at the black and white text in his hand, and beads of cold sweat on his head immediately popped out! *This is not a small matter! Although there is only a one-word difference between ten million and fifty million, there is a lot of difference between them! This is not a joke!*

"This is not the main thing. See the stock allocation of the two parties!" Wang Hongcha said with a bitter face, "President Bao, you see, the original agreement is that we own fifty-one percent of the shares of the new company, but this has turned into eleven percent!"

"What!" Bao Sanli was surprised again. *How did this happen? Did I fall into the contract trap? This is not a trivial matter. My funds have changed from ten million to fifty million; I've invested more, but the number of shares won has been reduced. This is just a joke.* Seeing this, Bao Sanli knew that this black

and white text could not be changed baselessly. To put it bluntly, the company was defrauded by the other party!

I didn't expect such a big issue to happen when Brother Yang is not around! Bao Sanli's mind immediately became a blank. *How could this happen?*

"Did you not check the contract before? What were you looking at?" Bao Sanli was furious. He didn't look at the contract when he signed the contract. It was the contract that Wang Hongcha had checked all along.

"I... There was no issue when I read it at that time..." Wang Hong recalled the scene at the time. He also paid particular attention to the details of the contract, and there was no problem.

"You read it, and yet there was no problem?" Bao Sanli suddenly thought of a possibility. He looked at Wang Hongcha coldly and said, "Just say it. How much benefit did the other party give you to do this?"

"What benefits?" Wang Hongcha was wondering at which stage this problem happened. Suddenly, he heard Bao Sanli shout abruptly, and he was shocked.

"Did you rig this and deliberately overlook these things?" Bao Sanli's eyes were about to spurt out fire. "Were you bribed by them?"

After listening to Bao Sanli's words, Wang Hongcha was shocked; his legs became weak, and he fell to the ground. He was clear what Bao Sanli's old profession was. If this matter were not explained clearly, he would probably be fed to the fishes in the sea tomorrow.

"President Bao, in all honesty!" Wang Hongcha was scared until his voice changed. "You know, I have always been loyal to you! From the time of the annexation of the Wang Group, I have always been at your beck and call. I have never been disloyal..."

When he heard Wang Hongcha say this, Bao Sanli also calmed down. *Indeed, there is no reason for this guy to rebel. He knows my background. If he rebels, I will definitely not let him go.* "Then how can this be explained?"

"This is also an area I feel strange about! Right..." Suddenly, Wang Hongcha thought of one thing, as if he was grasping at straws. "President Bao, Vice President Jing Xiaolu also looked at this contract before, and she reviewed it again before signing off..."

Right! Bao Sanli thought about it, *How did I forget about this? So it seems that this Wang Hongcha should be innocent! Jing Xiaolu wouldn't conspire with him and commit crimes. Jing Xiaolu is Brother Yang's woman. It is impossible for her to bite the hand that feeds her and give away the interests of her own company. Besides, when Jing Xiaolu follows Yang Ming, is there anything she couldn't get? What interest does the other party have that could bribe her?* Thinking of this, Bao Sanli waved his hand towards Wang Hongcha and said, "You get up. I have blamed you wrongly for this!"

"Thank you, President Bao! Thank you, President Bao..." Wang Hongcha was relieved, and there was a feeling of a new lease on life. Although Bao Sanli no longer doubted that he was double-crossing his employer, he must still be responsible for this. He was the lawyer responsible for reviewing the contract. Such a problem happened after the contract was signed, so he absolutely had to bear the main responsibility.

This is too unusual! Bao Sanli's first thought after calming down was to call Jing Xiaolu and find her. He dialed the company's internal telephone number. "Xiaolu, come to my office for a while. There are important things to discuss with you." He hung up the phone after he finished talking.

Jing Xiaolu was stunned, *Why does Bao Sanli sound a little displeased? Moreover, every time Bao Sanli calls me, he is always polite. What happened this time? This is the first time he hung up before I could speak!*

Jing Xiaolu quickly put down her work, got out of her office, and walked to Bao Sanli's office.

She knocked on the door and was greeted with a somewhat gloomy voice from Bao Sanli. "Please come in."

Jing Xiaolu pushed open the office door and saw Bao Sanli, who was sullen, and Wang Hongcha, who was grimacing there.

"President Bao, were you looking for me for something?" Jing Xiaolu also noticed that the atmosphere was not right and asked carefully.

"Ai!" Bao Sanli sighed, "Xiaolu, the company has a huge issue this time. Brother Yang is not at home, and we actually made things like this..."

"President Bao, what happened to the company? What made it like this?" Jing Xiaolu asked with some wonder.

"Wang Hongcha, you tell Xiaolu about the issue." Bao Sanli pointed to the contract on the table and commanded Wang Hongcha.

Wang Hongcha also sighed, picked up the contract on the table, and handed it to Jing Xiaolu. "Vice President Jing, look at this clause of the contract..."

Jing Xiaolu took the contract, puzzled, and looked at the clauses that Wang Hongcha pointed out. At first glance, Jing Xiaolu was immediately stunned! *Investing fifty million? Accounted for eleven percent of the shares?*

"Where did this contract come from?" Jing Xiaolu asked subconsciously.

"This is the one we signed just now!" Bao Sanli saw Jing Xiaolu's expression and knew that the contract she had read before was definitely different from this one. But at which stage did this happen?

"The one we signed? It's impossible!" Jing Xiaolu widened her eyes. "I was afraid that the other party's Liu Luyou would tamper with it, so I deliberately rechecked it when I took back the contract after he signed it. I let Wang Hongcha sign it only after I checked that there was no problem... Right, Wang Hongcha. After I gave it to you, didn't you review it again?"

"Vice President Jing, you are right. After you found no problem after the review, I reviewed it again because I was worried. It is true that there was no problem before the signing and stamping!" Wang Hongcha nodded quickly and said.

Chapter 1353: Someone outside the Door / Making the Plan

Otherwise, even if Xu Xiaobin cooperated with Liu Jifei, he would be afraid that his excessive compromise during the negotiation would cause the other party to doubt. At that time, Xu Xiaobin might think that if the contract would be changed later, wouldn't it be bad if they promised anything in advance?

But now that the contract had been signed, Liu Jifei was not afraid that Xu Xiaobin would oppose it. Now, they were already in the same boat. When the contract was signed, he was also there. Now that the contract was like this, he naturally also had the responsibility.

Even if Xu Xiaobin wanted to stay out of it, it was impossible. That's why Liu Jifei did it without fear, and he was not afraid that Xu Xiaobin would find out afterward.

Anyhow, in the future, Xu Xiaobin would be responsible for this security company. Since the contract was already like this, he would most probably only be uncomfortable for a short time, but he would definitely accept the current situation.

This contract was obviously beneficial to them. By the time the company achieved results, Xu Xiaobin would gain face.

Liu Jifei parked the car in front of the office where Xu Xiaobin was located. He got off and walked into the office. What made him surprised was that no one was in the office!

Liu Jifei was a bit puzzled. *Where did this guy go?* Just as he was just about to call Xu Xiaobin and ask him where he was, he heard a strange sound...

Liu Jifei was shocked in his heart. This sound was not unfamiliar to him at all; it was a woman's moan! It was only heard when men and women were having s*x. Liu Jifei held his breath, and he was happy.

*Could Xu Xiaobin and Wang Lixia be doing that? Or is Wang Lixia m*sturbating?* Thinking of this possibility, Liu Jifei suddenly became aroused. He did not make a sound, but he began to look for the source of the sound.

Liu Jifei looked around the room. Finally, he set his eyes on the door to a small room. This was the only door in the room. Xu Xiaobin's bedroom was inside, and the sound came from there.

Liu Jifei found the source of the sound, tiptoed to the side of the door, pricked up his ears, and listened to the throbbing sounds from inside, giving Liu Jifei a sense of arousal.

At this moment, Liu Jifei wished he could have a pair of x-ray vision eyes to see the situation behind the door. *Why is there no window on the door?* Liu Jifei complained in his heart.

Yi? This is.. . Suddenly, Liu Jifei was pleased to find a wooden crack on the side of the door. From here, he could see the scene behind the door.

Liu Jifei restrained his inner excitement and leaned against the door. His eyes almost squeezed into the crack in the door. Finally, he could see the situation inside clearly. Suddenly, the saliva in his mouth almost flowed out.

Wang Lixia's figure is too good, right? Liu Jifei swallowed a mouthful of saliva. This Xu Xiaobin really got a great deal. His wife's skin is fair and soft, and her figure is considered nice. It is a pity for her to follow him.

Liu Jifei's breathing became quicker; he even imagined that he had become Xu Xiaobin, replacing him to ride on Wang Lixia. Liu Jifei couldn't help but unfasten his belt...

"Ring ——" A burst of rapid phone rings sounded, and Liu Jifei suddenly quivered. He subconsciously reached for the mobile phone in his pocket. Am I that unlucky? The mobile phone rang at this time? Wouldn't Xu Xiaobin discover me? That's too awkward!

Liu Jifei was so scared that the cold sweat on his head flowed down, but what he saw next made him relieved! Liu Jifei suddenly remembered that his cell phone wasn't using this ringtone!

He looked again, and he saw Xu Xiaobin pick up the phone from the desk. Liu Jifei understood that it was Xu Xiaobin's phone that was ringing!

Xu Xiaobin was just aroused from having sex, but he was suddenly startled by the ringing of the phone. He picked up the phone and glanced at it. He initially didn't want to answer it. He wanted to ignore the call, but as soon as he saw the name of the caller, Xu Xiaobin knew that the phone had to be answered. He could only smile bitterly to Wang Lixia. "Lixia, I have to answer the phone."

"Why do you have to answer it? Come and do it again!" Wang Lixia was a little dissatisfied. They hadn't finished the process yet. How could someone answer the phone halfway through sex?

"Jing Xiaolu called; it must be about the business." Xu Xiaobin did not want to stop halfway, but it couldn't be helped.

Once Wang Lixia heard that it was the company's business, she did not stop him. She also knew that her future good life was riding on Xu Xiaobin's partnership this time! As long as the cooperation went smoothly, then she would definitely not worry about food and clothing in the future. She could live it up. So she said, "Then you should quickly answer it. I'll wait for you."

Xu Xiaobin nodded and answered the phone, "Hello, Vice President Jing. Didn't we just separate? Is there anything wrong?"

"President Xu, there is something wrong with the contract. Do you have time now? Let's come out and meet." Jing Xiaolu's tone was a bit impolite and very gloomy.

This kind of tone made Xu Xiaobin a bit confused. *What's wrong with Jing Xiaolu? Also, what's wrong with the contract she said?* As he thought of this, Xu Xiaobin's heart suddenly panicked, *Is there an unforeseen event with this cooperation?*

"What's wrong with the contract? Vice President Jing?" Xu Xiaobin asked quickly. This was a big deal, so Xu Xiaobin immediately raised his spirit.

“Why? You don’t know?” When Jing Xiaolu heard Xu Xiaobin’s tone, he didn’t seem to be pretending, but she couldn’t see his expression. Who knew if he was pretentious?

“Vice President Jing, what do I know?” Xu Xiaobin became more and more puzzled. “What the hell are you talking about?”

“How about this? It can’t be discussed over the phone, so let’s meet with each other and talk.” Jing Xiaolu didn’t want to talk nonsense with Xu Xiaobin on the phone. Whether he really knew or not, she could only confirm after both parties had met up.

“Alright. You can name a place, and I’ll go now.” Xu Xiaobin was also anxious. He didn’t know what went wrong with the contract on Jing Xiaolu’s side. He couldn’t care about Wang Lixia in bed anymore. He jumped out of bed and started to get dressed.

“Let’s go to the Huihai Business Club again. There is a cafe on the first floor. I’ll wait for you there,” said Jing Xiaolu. She couldn’t detect over the phone whether or not it was Xu Xiaobin who played the trick because Jing Xiaolu couldn’t see Xu Xiaobin’s expression. She didn’t know if what he said was true or false.

However, Jing Xiaolu was determined that this matter should be inseparable from Xu Xiaobin. After all, this kind of tampered contract was in the Jiangyan Group’s favor.

“Okay, I’ll hurry over.” Xu Xiaobin naturally didn’t know why Jing Xiaolu was looking for him, but he couldn’t be unconcerned about future cooperation.

Hanging up the phone, Xu Xiaobin quickly put on his clothes.

“Xiaobin, why are you leaving in a rush? It wouldn’t be too late to go after we finish, right?” Wang Lixia was a little bit reluctant. She had just been aroused, and then this phone call came. After that, Xu Xiaobin got dressed, and he was ready to leave. Wasn’t this torturing her?

“Lixia, I’ll tell you after I come back. I have to go out quickly. Jing Xiaolu said that there is a problem with the contract. This is a big deal!” Xu Xiaobin quickly comforted her, “You can rest assured. I will come back soon.”

“Alright then...” Wang Lixia pouted her lips in grievance. She also knew that she couldn’t hold back Xu Xiaobin now; it could only be like this.

“Okay, I will compensate you when I return.” Xu Xiaobin saw that Wang Lixia was a little unhappy, so he coaxed her with a smile.

“It’s a deal! Then I’ll wait for you in bed. I won’t get up.” Wang Lixia said coquettishly.

“Okay.” Xu Xiaobin laughed.

Liu Jifei, who was peeping and eavesdropping outside the door, saw Wang Lixia’s longing expression, and his heart was suddenly tempted. *How good would it be if I could replace Xu Xiaobin?!*

Chapter 1354: Who is the Behind-the-Scenes Mastermind? / A Heavy Mood

"En, it was nothing big, so I came back." Liu Jifei knew that in Wang Lixia's eyes, he had become Xu Xiaobin, but he did not dare to speak more. He was afraid to reveal flaws, so he vaguely responded.

Liu Jifei was afraid that the incense would become ineffective soon, so he put the unburned incense on the cabinet not far from Wang Lixia's bed.

"What is that?" Although Wang Lixia subconsciously regarded Liu Jifei as Xu Xiaobin, she still asked curiously about the incense that she had not seen before.

"Oh, it cleans the air; it's nothing." Liu Jifei replied casually.

"Oh." Wang Lixia just asked casually. After listening to Liu Jifei's explanation, she didn't ask again. Instead, the lust that had never been suppressed in her heart came back. "Why are you still standing there? Quickly, come in!"

Wang Lixia's action had an unspeakable temptation. Liu Jifei was overjoyed after listening to it. *It really didn't take much effort to do it. Before I asked for anything, Wang Lixia took the initiative.*

"Okay, okay. I'm coming!" Liu Jifei replied quickly as he quickly took off his clothes and jumped onto the bed, entangling with Wang Lixia...

Jing Xiaolu was in a terrible mood. Yang Ming was not at home. She thought that she could take charge of a matter and become Yang Ming's helper, but she didn't expect there would be a big problem in her first business deal, and it was a huge problem! The most annoying thing was that neither herself nor the lawyer, Wang Hongcha, knew how this problem arose!

Jing Xiaolu also understood that if she wanted to get to the bottom of this, she had to start from Xu Xiaobin. The only thing she could do now was to find out about Xu Xiaobin's intention.

"President Bao, I called Xu Xiaobin and scheduled to meet in the coffee shop downstairs of the Huihai Business Hall in about half an hour." Jing Xiaolu hung up and said with a sigh. Her current mood was not very good. There was a problem in the first business deal that she negotiated, so her loss could be imagined.

"Motherf*cker, this Xu Xiaobin, I thought that he seemed to put on airs, but I did not expect him to be so cunning." Bao Sanli had not sworn for a long time, but this time, he finally could not help but swear.

Brother Yang just went overseas, and something happened at home. What would Brother Yang think of me? The last time, because of my unclear understanding of people, the two vice presidents, Qu Daming and Liu Chan, fled with the money. This time, I fell into the contract trap. Doesn't this make me seem too stupid? Brother Yang will suspect that my ability is problematic.

Thinking of this, Bao Sanli couldn't help but want to scold Xu Xiaobin's eighteen generations of ancestors! *Wasn't I wronged? But this time, the only good thing is that Jing Xiaolu also participated in this business deal. Even if Yang Ming knows the result, he won't be too angry with me.*

Jing Xiaolu just smiled bitterly; she also had no other way. At first, Xu Xiaobin sincerely wanted to cooperate with her, but she did not expect that he would play such a trick afterward. "Things have already happened. It's better to find some ways to solve it."

"Yeah." Bao Sanli nodded. "I really want to cripple this Xu Xiaobin!"

"We are all legitimate companies. How can we just resort to violence?" Jing Xiaolu actually thought that Bao Sanli's words were justified. Still, she knew that since the company had been established, they couldn't be like a street punk and resort to violence whenever there was a disagreement! The most important reason was that this Xu Xiaobin couldn't be touched so easily! Standing behind him was the province's largest private enterprise, the Jiangyan Group! The Jiangyan Group's relationship was intertwined and very complicated. In Song Jiang City, Ming Yang Entertainment still carried some weight, but compared with others, Ming Yang Entertainment's scope was still a lot smaller.

Although Xu Xiaobin was only a small manager of the Jiangyan Group, he represented the Jiangyan Group. It was hard for their side to touch him.

"The key is that violence is useless." Bao Sanli also really had no options. "The Jiangyan Group isn't some pushover. If we really did something to them, there would be many troubles in the future!"

"So it's like this." Jing Xiaolu noticed that Bao Sanli understood this and could not help but shake her head. "I will first try to probe Xu Xiaobin's intention later."

"I'll bring some people to protect you." Bao Sanli was afraid that something would happen to Jing Xiaolu. Compared with the contract, Jing Xiaolu was more important. Brother Yang would only scold him with a few words if there were a problem with the contract, but if something happened to Jing Xiaolu, Bao Sanli would probably be finished.

"We don't need to involve so many people in this, right?" Jing Xiaolu laughed and said.

"What if Xu Xiaobin has any idea of conspiracy?" Bao Sanli said, "There's nothing wrong with being careful! We will be watching from afar. If there is nothing, we will not come out."

"That's fine." Jing Xiaolu saw that Bao Sanli was determined to go, so she didn't say anything.

Jing Xiaolu made a copy of the contract; she did not dare to take the original contract directly. There was already a problem with the contract. If the other party took away the contract or destroyed it, then the evidence would be gone. After that, wouldn't Xu Xiaobin's side have the advantage?

Bao Sanli first took his men to the Huihai Business Hall and sat down in the corner of the coffee shop on the first floor, closely monitoring the movement by the door.

It didn't take long for Xu Xiaobin to push open the door and come in. Looking at him, he seemed to be very anxious. After glancing around, he didn't find Jing Xiaolu's figure, so he took out his mobile phone and dialed Jing Xiaolu's phone.

"Vice President Jing, this is Xu Xiaobin. I have already arrived at the coffee shop on the first floor of the Huihai Business Hall. Where are you?" Xu Xiaobin's words were a little anxious. There were problems with the contract. How could he not worry?

"I am on the way. I will be there soon." Jing Xiaolu did not expect this Xu Xiaobin to be more proactive than her; she hung up the phone and accelerated the car.

Seeing Xu Xiaobin's anxious look, Bao Sanli was a bit confused at the moment. He was not a stupid person. Seeing Xu Xiaobin's expression, it did not seem like he was the one who caused mischief.

If Xu Xiaobin is behind the contract trap, why is he so proactive? He can totally put on airs; even if Jing Xiaolu had not arrived, he can wait there at ease and not bother to call her.

But now, looking at this Xu Xiaobin glancing around, there was no steadiness at all. It was as if he didn't know anything. It was really difficult for Bao Sanli to connect him with the behind-the-scenes culprit! *Did I misjudge? Is this Xu Xiaobin not the behind-the-scenes driving force?*

Then, since Xu Xiaobin is not the behind-the-scenes driving force, who could it be? Is it the Jiangyan Group?

Just as Bao Sanli's imagination was running wild, Jing Xiaolu pushed the door open and entered. Xu Xiaobin kept anxiously staring at the doorway. When he saw Jing Xiaolu coming in, he quickly got up and walked over.

"Vice President Jing, you are here. Please sit down!" Xu Xiaobin looked nervous as he shook hands with Jing Xiaolu. They looked for seats and sat down.

"President Xu, you came very quickly. I have kept you waiting." Jing Xiaolu was somewhat puzzled with Xu Xiaobin's attitude! At the moment, her thoughts were somewhat the same as those of Bao Sanli. *This Xu Xiaobin looks so strange. It seems that he did not cause this thing. He looks like he didn't know anything either.*

"Vice President Jing, how can I not be quick?" Xu Xiaobin smiled bitterly. "After I went back, I was going to take a nap. When you called, I immediately rushed over! If the contract has a problem, it is a big problem. Can I not worry?"

"President Xu, what do you mean by this? I don't seem to understand." Jing Xiaolu was secretly getting more puzzled. "Could it be that you don't know what's wrong with this contract?"

After listening to Jing Xiaolu's words, Xu Xiaobin was suddenly startled. "Vice President Jing, of course, I don't know what's wrong with the contract. If I knew, I wouldn't let the problem happen!"

Jing Xiaolu looked at Xu Xiaobin's eyes and fell into deep thought. *Things seem to be more complicated than I thought.*

Chapter 1355: A Scene that Made One Furious / Contradictions

Judging from the fact that Liu Jifei went to school to find Jing Xiaolu, it showed that Liu Jifei was a vengeful person. At the school, Liu Jifei did not succeed because of Yang Ming, but he certainly wouldn't stop there.

She just didn't know how he heard about her relationship with Yang Ming and used this contract to frame her. She believed that Liu Jifei wouldn't compromise with normal peaceful means.

The contracts had been signed, and Liu Jifei had achieved his goal. Jing Xiaolu did not believe that at this time, Liu Jifei would still admit the previous contract! This problematic contract would probably turn into the final contract. Liu Jifei was very happy to see this final contract take into effect.

However, even if Liu Luyou is Liu Jifei's man, by what means did he turn this contract into what it is now? Even now, Jing Xiaolu knew that Liu Jifei was behind the scenes of this matter. However, she couldn't figure out how he changed the previous contract that was checked by Jing Xiaolu and Wang Hongcha several times into the current contract. This was simply too strange!

If Jing Xiaolu weren't an atheist, she would even wonder if there were ghosts in this world!

Xu Xiaobin was so anxious in his heart that he did not dare to neglect. After making another copy of the contract in Jing Xiaolu's hands, he hurriedly left the Huihai Business Club.

After Xu Xiaobin left, Jing Xiaolu stood up and walked to the corner where Bao Sanli was.

"How's it going? Xiaolu, is he the one who caused this mischief?" Bao Sanli saw Jing Xiaolu come over and asked.

Jing Xiaolu shook her head. "It should have nothing to do with him; he didn't do it."

"It's not him? Did the contract change by itself?" Bao Sanli was astounded after hearing it.

"It should be done by Liu Luyou, and Liu Luyou is not Xu Xiaobin's man." Jing Xiaolu sat in a chair opposite Bao Sanli and explained, "Xu Xiaobin is just the local office manager of the Jiangyan Group. He has no say in this cooperative delegation of the Jiangyan Group. He is only cannon fodder on the front stage. There is still another Liu Family child who is Liu Jifei."

"So it's Liu Jifei who did this? He instructed Liu Luyou to make some changes to the contract?" Bao Sanli was not stupid; he immediately understood Jing Xiaolu's meaning.

"It should be like this." Jing Xiaolu nodded. "President Bao, I'm sorry. I've caused the company trouble."

"Sorry? What are you sorry for?" Bao Sanli was shocked. He said, "Xiaolu, this contract was signed by us together, so I also have to bear the responsibility. It's not your fault alone."

"President Bao, I'm not talking about this." Jing Xiaolu waved her hand and sighed secretly. "That Liu Jifei is targeting me."

"Targeting you? You know that Liu Jifei?" When Bao Sanli heard that Liu Jifei was targeting Jing Xiaolu, his face looked a bit baffled. "Are you two in a conflict?"

"I'd offended him before." Jing Xiaolu also did not hide. "The other day, he took one of his men named Li Zhan to the school to find me to take revenge on me, but Yang Ming was there to solve the trouble. I believe after he left, he must have felt unwilling. Therefore, he investigated the company that I'm working for, or maybe he also knew that this company belongs to Yang Ming. Hence, he thought of such revenge."

"This is the case!" Bao Sanli was surprised. "It seems the other party has been planning for a long time! We also investigated the background of the Jiangyan Group. Their old man, Liu Jiangyan, is also surnamed Liu, but who would have thought that the person you encountered would be related to the Jiangyan Group?"

"Yeah, I didn't expect it. I thought he was just an insignificant person. It seems that I was sloppy." Jing Xiaolu said, "This time, I brought losses to the company. I will try my best to solve this matter."

"Stop talking about the losses. We'll have to wait for Brother Yang to come back before making a decision." Bao Sanli was worried that Jing Xiaolu would do something extreme after he heard her words. He said quickly, "I think you shouldn't provoke that whatever Liu Feiji first. I will send someone to warn him to see what's his intention."

"It's not Liu Feiji; it's Liu Jifei..." Jing Xiaolu smiled bitterly. "President Bao, I'm afraid it's not so easy to solve. Since Liu Jifei dares to do this, he may have Liu Jiangyan's support."

Bao Sanli nodded after listening to Jing Xiaolu's words, and he said, "You're right. Since that's the case, then you shouldn't take the risk yourself! If anything happens to you, how do I report to Brother Yang!"

Jing Xiaolu thought about it. *I really can't solve this matter on my own. At least, Liu Jifei won't simply tell me about this*. When she thought of this, Jing Xiaolu's mood was a little hazy.

Now it seems that the only thing I can do is wait for the result from Xu Xiaobin. Although I know that Xu Xiaobin's words will not change Liu Jifei, at least, I can know the beginning and end of things.

Xu Xiaobin could not find Liu Jifei, so he had to return to the office first, and then he would contact Liu Jifei. Xu Xiaobin's driving speed was a little fast because he had worries on his mind. He arrived at the office door not long after.

Xu Xiaobin took out the key to open the office door, but as soon as he wanted to open the door, he saw that it was slightly ajar. It was unlocked!

Xu Xiaobin was shocked. *It is impossible. I locked the office door when I left. I even tried to turn it twice. Only then did I go after there was no problem*. Because Wang Lixia wasn't wearing clothes inside, Xu Xiaobin was exceptionally serious at the time. He couldn't have forgotten to lock the door.

Did Wang Lixia get up and open the door by herself? However, Xu Xiaobin denied the idea. This was absolutely impossible because the office was usually locked when he was not there. Wang Lixia didn't understand these business matters. Even if someone comes to the door, Wang Lixia will not bother!

Moreover, even if Wang Lixia opened the door, she wouldn't leave it open. She, at least, has to lock the door chain. Leaving a gap open in the door in such cold weather, isn't that waiting to be frozen to death?

Thinking of this, Xu Xiaobin felt something was wrong. His heart was tight. *Something wrong couldn't have happened, right?* Xu Xiaobin stuck his ear to the door outside and heard the movement inside.

He didn't dare to make trouble, fearing that some bad guys had broken in. However, after listening for a while, he didn't find any abnormal sounds, so Xu Xiaobin carefully opened the door. He then quickly looked inside. He was disappointed that there was no one inside! The office was empty; there were no people at all.

So, why is this door open? Xu Xiaobin froze slightly. He suddenly remembered that the door of the backroom could not be locked, and he was shocked at once. He quickly ran to the small door of the back room and pushed open the door!

Wang Lixia is in it! Besides, she hasn't gotten dressed yet. The door is wide open. Could something have happened to her?

However, the moment Xu Xiaobin's hand touched the door, he heard a strange sound coming from the back room through the door! Xu Xiaobin froze. He couldn't be more familiar with this sound; it was Wang Lixia's moan!

Xu Xiaobin's face changed instantly! *What the hell is Wang Lixia doing? Could it be that she is so horny that she couldn't hold it, so she m*sturbated first? However, even if she wanted to m*sturbate, she didn't have to leave the door wide open, right?*

However, Xu Xiaobin immediately thought of another possibility. That was, could Wang Lixia be having an affair while he was out? As he thought of this situation, Xu Xiaobin's face became gloomier. He had the urge to break in but felt that he couldn't do it before he figured out the facts. *What if Wang Lixia is really alone?*

As a result, Xu Xiaobin resisted the urge to kick the door and leaned against the door gap carefully. He looked inside the room; he immediately saw a scene that made him furious!

Liu Jifei actually does that kind of thing with my girlfriend, Wang Lixia, in bed! He is even using a position that I have never tried before! Wang Lixia was very conservative; Xu Xiaobin was her first man. Although they had lived together for several years, they usually used a more traditional position when they were making love.

Xu Xiaobin knew Wang Lixia's personality, so he did not force her, but now she and Liu Jifei were making love in such extraordinary positions. This made Xu Xiaobin have the urge to kill the adulterers!

Xu Xiaobin just felt that his heart seemed to be slammed with a sledgehammer, making him feel weak! *This is impossible; this is absolutely impossible!*

Chapter 1356: What Are You Thinking? / The Truth of the Matter

"Shut up! You said you were not willing? Who believes that?" Liu Jifei snorted, "If you don't want to be embarrassed, just bury this matter in your heart. I tell you, after you speak of it, there will be no good for you! When Xu Xiaobin breaks up with you, it's still you who loses!"

"-" Wang Lixia was shocked and angry, but she also knew that Liu Jifei was telling the truth. If this matter were spread out, it really was no good for her. She was actually willing. If she were forced, Xu Xiaobin would forgive her. But, in the current situation, if she said that she did not consent, would Xu Xiaobin believe it?

Seeing Wang Lixia was silent, Liu Jifei knew that his intimidation had worked. He breathed a sigh of relief all of a sudden. As long as this Wang Lixia didn't make a fuss, it would be much easier to handle.

Although there was no apparent reason, Liu Jifei had a second ill-thought when he saw that Wang Lixia stopped and seemed to comply with the result. Many people are like this when they know nothing

about gratitude. Once they get something, they will want more. Liu Jifei seemed to be such a person. This could be seen from his thoughts at the moment. What Liu Jifei thought now was not the result of Wang Lixia making a fuss, but how he could continue to maintain this friends-with-benefits relationship with her?

Thinking of Wang Lixia's body, Liu Jifei was unable to hold in the lust in his heart.

"Lixia, things have already happened. In the future, if you are still so obedient, I promise you will have a good life." Liu Jifei said, "You can rest assured that I will not let Xu Xiaobin know about our relationship."

Wang Lixia's face changed, but she did not expect Liu Jifei to win an inch and want the foot. He actually proposed such a condition! Isn't this just getting me to be Liu Jifei's long term mistress? How could Wang Lixia promise him?

Wang Lixia was not so shameless. She was very sorry to Xu Xiaobin for what happened and had decided to confess with Xu Xiaobin regardless of whether or not Xu Xiaobin would forgive her. How could she proceed to be Liu Jifei's mistress? Wasn't that a joke?!

However, something stirred up in her heart at this moment; an idea came to her mind! Perhaps, I can first promise Liu Jifei's request and feign obedience. I could probably find out the truth from Liu Jifei's mouth.

Thinking of this, Wang Lixia clenched her teeth and made up her mind! Perhaps this would be her last chance to fight back which she must seize. She took a deep breath and said to Liu Jifei, "Let me think about it..."

If she agreed at once, Liu Jifei would not necessarily believe her and suspect that she might have motives or ill intentions. However, when Wang Lixia said that she had to consider it, he had nothing to doubt.

When there was hesitation, it meant that Wang Lixia was tempted, but she was struggling inside to decide whether it was worth it or not.

"Okay, then you think about it." Liu Jifei was very happy in his heart. "You see, once you become my mistress, will I treat you badly?"

Wang Lixia seemed to be really immersed in thinking, just like she was considering the gains and losses of this matter. In fact, Wang Lixia's heart was full of hatred, but she hid it deliberately so that she did not seem to have any expression.

Liu Jifei did not urge her, quietly waiting for Wang Lixia's answer. After a long time, Wang Lixia said in the end, "What kind of benefits can I get as your mistress?"

Xu Xiaobin felt that all the strength in his body was drained in a flash! He looked at Wang Lixia in front of him inexplicably. Is she still my girlfriend, Wang Lixia? Does she actually dare to ask such a shameless question?! Could she have fallen to such a degree?

Xu Xiaobin tried to control his emotions. In the subconscious, he kept reminding himself that Wang Lixia was not that kind of person and would not betray him, but the facts happened in front of him. It was

difficult for him not to believe that it was true. In desperation, Liu Jifei spoke up as Xu Xiaobin wanted to break in. Xu Xiaobin's emotions, which reached its boiling point, were once again suppressed.

"There are naturally many benefits." Liu Jifei smiled playfully. "For what do you want to buy, I can satisfy you. Of course, after I have settled my foundation in the Liu Family, I will arrange to transfer you to any position in the Jiangyan Group. You will get to be a leader in the middle level at the very least!"

"Really?" Wang Lixia resisted the anger in her heart and pretended to be surprised as she looked at Liu Jifei. "You won't lie to me?"

"Of course not. I, Liu Jifei, keep my words. How can I lie to you?" Liu Jifei said quickly, "You can rest assured. I will do what I say!"

"Alright, then I'll agree!" Wang Lixia took a deep breath as if she had made a huge decision, nodded, and replied.

"Great!" Liu Jifei was pleasantly surprised. He held Wang Lixia's body, embracing her in his arms.

Wang Lixia was disgusted immediately, but she shoved away Liu Jifei impassively, "Wait. I have a few more requests to talk to you about. You need to promise me beforehand."

"Tell me!" Liu Jifei's heart blossomed with joy. At this moment, when the beauty had a request, he naturally would agree to it. "If there is any request, as long as I can do it, I will satisfy you!"

"First, Xu Xiaobin absolutely must not learn of this matter. You have to help me keep this secret. Can you do it?" Wang Lixia asked.

"Ah?" Liu Jifei was surprised. He didn't expect it to be this request. Even if Wang Lixia didn't mention it, he would keep this secret. He didn't have his mind short-circuited. How could he say this to Xu Xiaobin? So, he said, "This is no problem, of course. I'm also afraid that he will find out about it! What else?"

"Alright, then second, when there is nothing, don't come to me. I will call you when I think of you." Wang Lixia thought about it and named her second request.

"You'll look for me?" Liu Jifei frowned. He found this request a bit unacceptable. He hesitated for a moment and said, "You usually have Xu Xiaobin to accompany you. How will you think of me? You will hardly have time to look for me."

"Aiya!" Wang Lixia threw a coquettish gaze at Liu Jifei. "You still don't understand after I said that?"

"Understand what?" Liu Jifei was a bit stunned, but Wang Lixia's manner of speech was very seductive.

Wang Lixia's face was red. She said softly and hesitantly, "You are so manly; it is much better than Xiaobin... I will miss you, of course!"

"Oh? Really?" Liu Jifei had happiness painted over his face as he heard it. He replied with his eyes narrowed in joy. "Really? Am I so manly?"

"You are so naughty, forcing me to say it!" Wang Lixia reached out and threw a few soft punches on Liu Jifei's body. "Otherwise, why do you think I want to be your mistress? None of the conditions you gave

interest me. If Xiaobin can sit on the branch office's CEO position this time, we are naturally not short of money."

Liu Jifei heard Wang Lixia say this and agreed with it. Xu Xiaobin would not be short of money if he took the branch office's CEO position. With this in mind, if Wang Lixia promised him so abruptly, then Liu Jifei would certainly have some doubts after he came around to the idea. Now, Wang Lixia said the root cause which let Liu Jifei suddenly dispel his doubts. He was overjoyed in his heart!

Any man who is praised by a woman to such a degree would be overjoyed, let alone Liu Jifei, this lecherous bastard. So, Liu Jifei no longer had any doubts. He thought, This time, I really got myself a treasure. Since Wang Lixia feels that I'm more powerful in that aspect, she will definitely cooperate with me in the future. With that, this mistress I found will be so interesting!

Xu Xiaobin clenched his fist! He did not think that Wang Lixia would say such dirty and shameless words! How did the docile and well-behaved Wang Lixia turn out to be so deplorable? Xu Xiaobin was really angry this time. If you were forced to have a relationship with Liu Jifei, I still could forgive you. Even if you made a mistake at that moment, I would not be so angry. What happened has happened, but you actually still want to continue to be his mistress? What is Wang Lixia thinking in her head? Why is she so shameless?

Chapter 1357: Arrival at Butterfly Castle / Fang Tian's Romance

Seeing Liu Jifei starting the car from afar, Xu Xiaobin's clenched fist slowly released. There was a glimpse of hatred in his eyes.

Incense! Incense that can cause hallucinations! Under the impulse just now, Xu Xiaobin didn't have time to think about it, but now that his mood had slightly calmed down, Xu Xiaobin's brow furrowed.

Prior to that, he had a rough idea but could not grasp it. At this moment, Xu Xiaobin came into realization. *Previously, when we were signing the contract, wasn't Liu Luyou decorating with incense in the conference room of the Huihai Business Club?*

Thinking of this, all the questions in his mind were immediately confirmed. *Why did Jing Xiaolu and Wang Hongcha review the contract multiple times, but there was still a problem in the end? It must be the incense!*

It was only under the psychedelic effect of incense that the contents of the contract that Jing Xiaolu and Wang Hongcha saw became the contents of the contract from their minds before, thereby achieving the goal to deceive their eyes.

Hmph, Liu Jifei, since you are not kind, don't blame me for being unjust. Now that I have learned about it, I will definitely tell Jing Xiaolu and let your hard work go to waste!

"President Xu? President Xu?" When The supermarket owner saw Xu Xiaobin staring out of the supermarket window blankly with his expression changing abruptly, he called out to Xu Xiaobin quickly.

"Oh? Ah, what's the matter?" Xu Xiaobin regained his senses and looked at the supermarket owner.

"Here is the change and your cigarettes." The supermarket owner put the cigarettes and change in Xu Xiaobin's hands.

Xu Xiaobin put the cigarettes and small change into his pocket. He strode out of the supermarket and walked to his office.

Liu Jifei drove away, but Xu Xiaobin's mood was very complicated. When he touched the handle of the office door, he was a little hesitant.

He and Wang Lixia had many years of foundation in their relationship. They knew each other when they went to school. It was quite challenging to maintain the relationship until now. He didn't want to give it up.

However, he was afraid that Wang Lixia would deceive him! He had decided that if Wang Lixia confessed what happened previously to him, then he would certainly not blame her for her mistake. Moreover, he would cherish this woman even more in the future, so that she wouldn't be hurt even the slightest. However, if Wang Lixia pretended to know nothing, could he really continue to stay with such a woman?

Although Xu Xiaobin had already determined that Wang Lixia feigned obedience to Liu Jifei, who could guarantee that this was the case? Various things could happen in the world. Everything could be changed before it was confirmed in person.

Liu Jifei had already locked the office door when he left. Xu Xiaobin took the key and opened the office door. After taking a deep breath, he strode in.

Xu Xiaobin worked hard to make his expression look normal as if nothing happened. He walked toward the room in the back. Before walking in, he heard the sound of sobbing from the room. Xu Xiaobin's heart tightened, and he quickly sped up his pace.

Previously, he was afraid that Wang Lixia would hide something from him. However, he began to care about Wang Lixia at this moment. He feared that she might not be able to get over it for a while and do something stupid.

Pushing open the door at the back of the room, he saw that Wang Lixia was curled up in the quilt, crying silently. Xu Xiaobin was startled, and he hurried over. "Lixia, what happened to you?"

"Xiaobin ... I have wronged you ..." Wang Lixia looked up and saw Xu Xiaobin, but she didn't stop crying; she cried even more instead.

After hearing Wang Lixia's words, all the discomforts over Wang Lixia in Xu Xiaobin's heart before him disappeared at this moment. Since Wang Lixia was able to say this, it meant that she did not want to hide anything.

"Lixia, you don't have to say it. I know..." Xu Xiaobin's heart softened, and he forgave Wang Lixia.

"What! You... know all about it?" Wang Lixia looked up in surprise after a brief moment of shock; she looked at Xu Xiaobin inexplicably.

"When I returned, I just heard your conversation with Liu Jifei ..." Xu Xiaobin sighed.

After listening to Xu Xiaobin's words, Wang Lixia suddenly expressed a frightened expression. "Xiaobin, you have to believe me. When I said those words, I lied to him. I didn't want to be his mistress. I hated him enough to kill him!"

"I know. How would I not understand what you mean?" Xu Xiaobin grabbed Wang Lixia's hand and smiled as he comforted her. "You wanted to trick Liu Jifei into exposing his methods. How would I not realize it? Otherwise, I would have rushed in a long time ago. I didn't want to alert Liu Jifei inadvertently, so I resisted my anger and listened to what he said."

"You ... believe me?" Wang Lixia listened to Xu Xiaobin's words as she sighed in relief.

"I naturally believe in you." Xu Xiaobin nodded solemnly, and a hint of resentment appeared in his eyes. "Lixia, rest assured. I will get revenge for you on this!"

Wang Lixia wiped the tears at the corner of her eyes and reached for her mobile phone. "Xiaobin, I have recorded what Liu Jifei said before. Can we use this as evidence?"

"You recorded it?" Xu Xiaobin was immediately pleased. He did not expect that Wang Lixia had a backup plan up her sleeves! He was struggling to collect evidence against Liu Jifei. *This is great. With the recording on this phone, Liu Jifei has no way to go about it even if he denied it.*

"En." Wang Lixia handed the phone to Xu Xiaobin.

"Although I'm just a child with a different surname in the Liu Family, I believe that Master Liu Jiangyan will definitely side with me this time." Xu Xiaobin said with a grudge as he held his phone.

"Not reporting to the police?" Wang Lixia asked back.

"He took the incense away. We don't have strong evidence. If he retaliates, I'm afraid..." Xu Xiaobin sighed. "Also, in this matter, if we call the police, the Liu Family will undoubtedly protect Liu Jifei. Anyway, the stain in the family can't be spread. At home, the old man can take charge for us. If it becomes troublesome, the old man will no doubt find some ways to keep things down. During that time, our momentum is weaker."

"Alright, I will follow what you said!" Wang Lixia nodded; as long as Xu Xiaobin could stick up for her, she would be satisfied.

The plane landed at the airport closest to the Butterfly Castle after several stops to refuel. Just after leaving the airport, someone from the Butterfly Family was welcoming them.

"Mr. Fang, Mr. Yang, the master asked me to pick you up." The caller was Butler Mu Enping of the Butterfly Family. Yang Ming had met him once during the training session there.

"Hello, Uncle Mu!" Yang Ming greeted politely. Although he came here to back out of the engagement, there should be a minimum courtesy at least. As Fang Tian said, even if the marriage did not happen, the connection was still there. The relationship between the two could not be disregarded because of the disengagement.

Butler Mu nodded amiably at Yang Ming. He was very satisfied with the future son-in-law of this Butterfly Family from the bottom of his heart. Butler Mu was Elder Wang Songshan's confidant. He naturally knew what happened between Yang Ming and Wang Xiaoyan, as well as the farce of

disengagement. Of course, the final result was predictable. It was nothing more than Wang Songshan and Fang Tian joining forces to prank Yang Ming and Wang Xiaoyan. It was a bit of a tooth for a tooth.

He was a little amused after thinking about it. These two old guys were so old, and yet they were still so playful and bickered with the juniors. It was just that Wang Xiaoyan disagreed when he first proposed the marriage contract while Yang Ming did not treat it seriously.

However, even when Butler Mu thought about it, there were not many changes in Butler Mu's expression. He couldn't reveal any flaws. Otherwise, Wang Songshan and Fang Tian would hate him to death.

"Old Mu, your Kung Fu seems to be more refined." Fang Tian looked at the spirited Butler Mu and was surprised. *How long have I not seen him? It has been only a few months, and yet, Butler Mu seems a little younger!*

Chapter 1358: Not Aggrieved for Losing / Think Again

"..." Yang Ming was speechless. "Why? You want me to marry that Butterfly Family's Miss?"

"I'm afraid you will regret it later, and you will regret it for a lifetime." Fang Tian shrugged and said, "Just like me."

"..." Yang Ming was speechless again. "No, I definitely don't. You have a relationship foundation, but I don't."

Fang Tian glanced at Yang Ming with an indescribable meaning. "Okay, this is your decision. I tell you that there are no regrets about this. You have to think clearly. Others don't even have the chance to pursue the Butterfly Family's Miss. Now that you have a chance, don't you want to go for it?"

"Did Uncle Wang ask you to lobby me?" Yang Ming frowned. "Are you thinking that you owe Senior Wang Ruoshui, so you let me marry the Wang Family's Miss to make up for it?"

"Ahem—" Fang Tian forced a laugh without speaking.

Yang Ming was too lazy to bother with him, so he shrugged and left Fang Tian's room. He returned to his room and planned to rest for a while.

Xu Xiaobin hated Liu Jifei to his guts. He didn't even like Liu Jifei's attitude toward the Ming Yang Security Company contract. The last person in charge was Xu Xiaobin. If the contract were enforced under the current terms, the newly formed bank escort company wouldn't get very far. It would crumble soon after its establishment.

Under this unequal cooperation relationship, Ming Yang wouldn't run the company wholeheartedly. It was already good for them not to deliberately neglect and do dirty tricks; they couldn't be expected to do things honestly and sincerely.

The so-called cooperation was based on the mutual benefit of both parties. It wasn't a partnership when only one party got the benefits; that was called an unequal treaty. No one was willing to implement fully the contract under this treaty. The Ming Yang Security Company was no exception.

Therefore, Liu Jifei's approach was basically harming Xu Xiaobin. Li Jifei had achieved results, but he just left Xu Xiaobin to clean up the mess. This was an act of an *sshole. When the company closed down because it wasn't doing well, Xu Xiaobin would be blamed. It didn't relate to Liu Jifei.

So Xu Xiaobin got angrier. He thought Liu Jifei was here to help him. Now it's great; he threw the helve after the hatchet! Of course, Xu Xiaobin would not sit still. This matter had nothing to do with him initially. Why should he keep a secret for Liu Jifei? He picked up the phone and dialed Jing Xiaolu's number. "Vice President Jing, this is Xu Xiaobin."

"President Xu, how's it going?" Jing Xiaolu had been anxiously waiting for Xu Xiaobin's phone call.

"Vice President Jing, I have figured things out. Liu Jifei did it. Where are you now? I'll come to you and tell you the truth of the matter." Xu Xiaobin hated Liu Jifei immensely. If he didn't use petty tricks to push down Wang Lixia, maybe Xu Xiaobin would help him to conceal it. After all, this involved the overall interests of the Liu Family. If he told the truth to Jing Xiaolu, he would be suspected of assisting an outsider.

But now, there was a split between Xu Xiaobin and Liu Jifei, and it was irreparable! Just after Xu Xiaobin saw Liu Jifei doing that kind of thing to Wang Lixia, there was a rift between Xu Xiaobin and Liu Jifei. He would never let Liu Jifei have a good life.

"I'm still at the Huihai Business Club. You found the truth of the matter so quickly?" Jing Xiaolu was a little suspicious. This Xu Xiaobin had just returned for around half an hour. How did he find the truth so quickly? Is he fooling me?

"Yes, let's meet and talk," said Xu Xiaobin affirmatively. "I'll go over there now."

"Okay, then you come over ..." Although Jing Xiaolu didn't quite believe it, when she saw that Xu Xiaobin made a vow, she believed it. Most importantly, there was no choice but to trust Xu Xiaobin now.

Things had developed in this way. She could only get the truth from Xu Xiaobin. Now, the only hope was that Xu Xiaobin was not in the same group as Liu Jifei. In this way, it was possible to reverse the situation. Otherwise, she was really at her wit's end.

For a long time, Jing Xiaolu wanted to make some achievements and show her ability to be independent in front of Yang Ming. She wanted to be a supporter of Yang Ming, a person who was useful to Yang Ming's career. When Yang Ming gradually couldn't live without her, they would naturally be together. However, her first business deal was messed up now. Jing Xiaolu was even determined to die. Why was I so stupid? How can I fall into a trap in the contract? I'm really no different from a fool.

This time, Xu Xiaobin came quickly. He was going full throttle all the way with the hatred of Liu Jifei in his heart. Unsure how many red lights he drove through, he finally arrived at the Huihai Business Club in twenty minutes.

He quickly walked to Jing Xiaolu's table, and then Xu Xiaobin sat down with a gloomy face. He didn't beat around the bush; he said directly, "Vice President Jing, all this was done by this b*stard, Liu Jifei.

"En?" Jing Xiaolu was shocked when she heard Xu Xiaobin mentioned Liu Jifei. Aren't both of them a group? Even if Liu Jifei did all this without telling him, he did this for the benefit of their Jiangyan Group. Why is Xu Xiaobin cursing him as a b*stard?

Xu Xiaobin saw Jing Xiaolu's expression, and his face was slightly red. "I have some personal grievances with Liu Jifei. I'm sorry for overreacting."

Jing Xiaolu raised her eyebrows. She did not expect Xu Xiaobin to have a grievance with Liu Jifei suddenly. However, it was Xu Xiaobin's private matter. Jing Xiaolu couldn't ask since Xu Xiaobin didn't say it. She nodded and said, "I have already guessed that it was him, but how did he do it?"

"Incense! A special incense he used!" Xu Xiaobin was so hateful that he gritted his teeth as he mentioned the incense. If it weren't because of this bullsh*t thing, how would Liu Jifei rape Wang Lixia for nothing?

"Incense?" Jing Xiaolu frowned slightly; she seemed to have thought of something. Indeed, in the signing conference room, there were several lit incense burners. Jing Xiaolu did not bother about it at first, thinking that it was for the elegance of the contract signing venue, but now, she couldn't help but be lost in thought when Xu Xiaobin mentioned it.

"Yes." Xu Xiaobin said, "Liu Jifei knew a Thai boss who obtained it from the hands of a shaman in India. When it is lit, it can have a psychedelic effect on people."

"You mean, because of the effect of this incense, Wang Hongcha and I both had hallucinations and just signed the contract in a daze?" Jing Xiaolu didn't quite believe it.

"Yes." Xu Xiaobin nodded. "I can confirm that the contract that Liu Luyou gave you before was the real contract, and there should be no problems. When you and Wang Hongcha looked at the contract, you paid special attention to some of the key details. Am I right?"

Jing Xiaolu nodded. "You're right. We naturally had to be careful about the few key details in the contract."

"So, you and Wang Hongcha had particularly deep impressions about these details," said Xu Xiaobin. "After Liu Luyou replaced the contract, you also became skeptical. When you carried out a second review of the contract, you only focused on those previous important details."

Jing Xiaolu nodded and gestured for Xu Xiaobin to continue.

"This is the role of the incense. The details you see are not fed back to the brain through the retinal nerve under the effect of incense. Your brain has hallucinations under the effect of the incense. What you saw was actually something you remembered before. Therefore, no matter what you saw on the contract, the feedback data in the brain is still the previous ones, so you and Wang Hongcha fell right into a trap without knowing," Xu Xiaobin explained.

"So, that's the case." Jing Xiaolu's face had changed. This is the first time she heard about this method. This kind of situation had not happened before in the history of contract fraud! It could be said that this was simply impossible to prevent. If you were not careful, you would fall right into the trap.

I admit that I didn't feel aggrieved for losing this time! It's not that I'm incapable, but the opponent is too sinister. He actually used such a lowlife method to achieve his objective.

"That's about it," said Xu Xiaobin.

“How do you know this in detail?” After Jing Xiaolu calmed down, she also doubted Xu Xiaobin’s words a little. Why did he tell me this? He is on the same team with Liu Jifei, right!?

Chapter 1359: The Liu Family’s Situation / Deleting the Evidence

Xu Xiaobin left the Huihai Business Club and did not stop. He drove directly to Haicheng. Xu Xiaobin felt a little funny driving the car that Liu Jifei provided for him. Driving Liu Jifei’s car to report Liu Jifei, this was very new and odd.

However, the old Toyota that Liu Jifei lent to Xu Xiaobin was really not at all appealing to his eyes, and his ill feelings about Liu Jifei had not reduced at all. His borrowing this car was nothing more than making it convenient for him to go and sign the contract. This kind of car was actually a bit shameful, so Xu Xiaobin would rather take a taxi and not drive. However, now he was in a hurry, so he had to drive this car.

Looking at the magnificent building in front of him, Xu Xiaobin sighed; he was also a child of the Liu Family. Some people were leaders at the headquarters when they were born, but he was appointed a post at the office. It was entirely different in both office environment and salary.

After Xu Xiaobin went out to negotiate vigorously, Liu Jifei took all the credit and could enter the group to be a middle-level leader. However, he still stayed at the office only so that he could be promoted to the branch company general manager!

However, Xu Xiaobin could let this pass; the most annoying thing was that Liu Jifei did not treat him as a partner of the same level! Liu Jifei just used him as a monkey, and not even a monkey; he was only treated as a fool.

Not only that but after signing the contract, Liu Jifei bypassed him and tricked the other party. Although this could be said to be for the benefit of the group, aren’t you pushing me to the fire pit? The contract was signed, and you left, but you left me here to continue to work with the Ming Yang Security Company. When others have grievances, they would all come to me!

Moreover, what Xu Xiaobin couldn’t tolerate most was that Liu Jifei actually took the opportunity when he was with Jing Xiaolu to push down 1 [1] Wang Lixia. You should not covet your friend’s wife. It seemed that this Liu Jifei never regarded him as a friend, but a tool that could be used.

Xu Xiaobin also thought about it. Since you are not benevolent, don’t blame me for being unjust. You can’t blame me for going to approach Liu Jiangyan in the group to tell on you.

The car was parked. Xu Xiaobin touched the copy of the contract in his pocket and Wang Lixia’s cell phone. Xu Xiaobin walked into the Jiangyan Group’s building resolutely.

“Hello, sir. May I help you?” As soon as he entered the door, Xu Xiaobin was stopped by the receptionist at the lobby’s front desk.

Xu Xiaobin smiled bitterly for a bit. My position as an office manager is insignificant in the eyes of others. I only come back once a year to report on the year-end debriefing report. It is forgivable that these receptionists don’t know me.

"I am Xu Xiaobin, manager of the Song Jiang office," Xu Xiaobin said as he took out a company identification card from his pocket and handed it to the receptionist. "I have important things to see the chairman."

"It turns out to be Manager Xu." The receptionist's face showed a slight smile. Although she did not take the identification card in Xu Xiaobin's hands and check it, this card was specially made by the group. Therefore, what Xu Xiaobin said was true.

The receptionist took Xu Xiaobin's identification card, swiped it on the computer, and Xu Xiaobin's information appeared immediately on the computer screen. The receptionist compared it with Xu Xiaobin. After confirming that there was no error, she returned the identification card to Xu Xiaobin. "Manager Xu, I'm sorry. I've delayed your time. Please understand."

"It's okay." Xu Xiaobin quickly waved his hand. The lady at the reception was polite to him, but it did not mean that she was afraid of him. It was only for the formulation of the working system. He was only a small office manager, so his position in the group was very low. Over here, Xu Xiaobin did not dare to put on airs. "I have important things to report to Chairman Liu..."

"Do you have an appointment?" asked the receptionist.

"No, but it is an urgent matter, and I must report to the chairman immediately," said Xu Xiaobin.

"Alright, I will ask and see if the chairman is free now." The receptionist smiled and nodded. She picked up the phone and dialed a number. "This is Xiao Li at the front desk. Xu Xiaobin, the manager at the Song Jiang office, came. He has important things to report to the chairman... Okay, I will be waiting for your call."

"How is it?" Xu Xiaobin asked anxiously.

"I called the secretary's office. They will see if the chairman is free to see you," said the receptionist.

"Okay, thank you." Xu Xiaobin nodded and waited.

After a while, the phone at the front desk rang, and the receptionist picked up the phone. After a few words, she hung up and said to Xu Xiaobin with a smile, "Manager Xu, I'm sorry to let you wait a long time. President Liu and Chairman Liu went to the Donghai branch company early this morning. It will take them about a week to come back. Now, Vice President Liu is around. What do you say?"

Xu Xiaobin naturally knew who this Vice President Liu was; it was Liu Zhenan, the eldest son of Liu Jiangyan's third son, Liu Hua. Thinking of this, Xu Xiaobin had some uncertainties. If he was facing Liu Jiangyan, he had a hundred percent confidence that Liu Jiangyan would definitely let him take charge and would not easily let Liu Jifei go. Still, it was hard to say for Liu Zhenan.

Everyone knew that Liu Jiangyan's second and third generations were struggling for power in the company, especially the few in the third generation, which had already become heated.

The internal power struggle between Liu Hua's two sons, Liu Zhenan and Liu Zheqiao, was very strong. Liu Huamei, the daughter of a boss, and Liu Heng, also played a pivotal role in the group.

Although Liu Jiangyan knew this, he did not interfere. As long as these children were not overdoing it, he would not intervene, but he watched them fight each other quietly. This could be considered as a test to the heirs.

It seemed that Liu Hua's eldest son, Liu Zhenan, had won, but Liu Jiangyan was not very optimistic about Liu Zhenan. Liu Zhenan was able to sit in the vice president's position because of the advantage of his age. He entered the company several years earlier than Liu Zheqiao and Liu Huamei. With the help of Liu Hua, he took the position of vice president.

On the contrary, Liu Jiangyan was quite optimistic about his youngest granddaughter, Liu Huamei. At the age of fourteen, she entered Yanjing University. At the age of fifteen, her father, Liu Heng, had a car accident, so Liu Huamei suspended her schooling and joined the company. She went from a small marketing manager to the position of Financial Director. Although the shadow of Liu Jiangyan supported her from behind, even fools knew that if there were no real capabilities, Liu Jiangyan would not support her.

Although Liu Zhenan and Liu Zheqiao were dissatisfied with the addition of Liu Huamei, they repeatedly suggested to their father, Liu Hua, that they should crowd her out. However, Liu Hua forcefully rejected it.

Liu Hua was not stupid. His old man was not dead yet. If he made it so obvious now, wouldn't that old man be vigilant? If by any chance, he was relieved of his duties, the gains would not make up for the losses.

However, although Liu Zhenan and Liu Zheqiao were also fighting each other, they were unanimous in the face of Liu Huamei. If Liu Huamei could be dismissed, they would not mind joining forces once.

Even though the complicated situation of the group was not something an ancillary relative like Xu Xiaobin could participate in, it was also very clear. If I went to Liu Zhenan, can he help me?

Xu Xiaobin had some dilemmas. However, Liu Jiangyan went to Donghai and would only come back in a week. I can't wait for him for a week here, right? In the event that Liu Jifei would first cry thief, then I would lose my chance. Then, who knows how things would progress? As he thought of this, Xu Xiaobin could only go to Liu Zhenan and hope that he could help him.

"Okay, please help me arrange it," Xu Xiaobin said to the receptionist.

Chapter 1360: Fight with Both Open and Secret Means / The Branch Company's General Manager

"Liu Zheqiao and Liu Huamei, my brother and sister, are actually fighting because of power struggles. The old man saw it with his eyes, but he didn't interfere. Why?" Liu Zhenan spoke and paused here, "That's because we are all confronting each other directly rather than telling on someone behind their back! Indeed, you said that Liu Jifei raped your wife with incense. However, how is the recording on your mobile phone evidence? It seems voluntary in the way I heard it, let alone our grandpa! Do you think

that Grandpa will bother after listening to it? Wouldn't he think that you and Wang Lixia will work together to scam Liu Jifei!?"

Xu Xiaobin was surprised after hearing it. He just heard that Grandpa Liu did not interfere in the struggle for power of Liu Zhenan and others, but he did not expect that such a rule on a deeper level existed! Although he didn't know the truth, looking at Liu Zhenan's expression, Xu Xiaobin had to believe it.

After all, thinking about it carefully, the evidence on the phone was really not much evidence! Liu Zhenan was right. What Wang Lixia said on the mobile phone recording was all to please Liu Jifei. If she pretended to please him, who would believe it?

Anyone who listened to this recording would think that these two were willing, not that one party was forced! Even if Liu Jifei did it with incense, from Wang Lixia's words, she seemed to have agreed to be Liu Jifei's mistress! There was no evidence at all. It seemed that if Grandfather Liu Jiangyan heard it, he would definitely not support him!

Xu Xiaobin didn't think about calling the police, but if he did so, the evidence would be insufficient. Secondly, he was afraid that Liu Jiangyan knew that he would have an opinion on him after he called the police. It was alright to fight using both open and secret means in the family, but not to spread the shame out!

Now that he heard Liu Zhenan said this, Xu Xiaobin was also discouraged. "Then, in this matter, I should just let it go?"

"Hehe, if you have great achievements in the future, are you afraid that you will not have the opportunity to settle the score?" Liu Zhenan said with a smile, but he thought deep down in his heart. *Liu Jifei is now my underling. Will I give you a chance to settle the score? Just because of your attitude in front of me, I have to teach you a lesson. Otherwise, having someone like you who will play tricks behind people's back at any time is like keeping a time bomb.*

Liu Zhenan had an idea in mind and thought of a plan, but on the surface, he said calmly, "This time, I can recommend you to be the general manager of the Song Jiang branch. You should also know that this position is popular now. There is no shortage of people in the group who wants to compete for this position. Liu Zheqiao is from the Human Resource Department. It is very safe to insert a confidant in, but this time, I'll talk to my father, and I can give you compensation!"

How would Xu Xiaobin know that Liu Zhenan was just giving empty promise? Seeing what Liu Zhenan said seemed all right, he believed it! He used to think that he could be promoted to be the general manager of Song Jiang branch smoothly, but he did not expect so many people to compete for this position!

But, after thinking through it, there was such a possibility! The Liu Family's immediate children must be dismissive of this position, but there must be some confidants under them. It was not impossible to arrange for them to be in this position! After all, the branch company and the company were two concepts.

"What about this contract...?" Xu Xiaobin knew he could not help with Liu Jifei for the time being, and had to shift his focus to the contract.

"Since this contract has already been signed like this, it is not something that I can change, so I'll discuss it with my father and give you a reply." Liu Zhenan said, "You can leave this contract with me first."

"Alright, Vice President Liu, I'll go back first." Xu Xiaobin quickly got up and left. As Liu Zhenan said so, he also gave up the idea of holding Liu Jifei accountable now. It was still himself not being capable in the end. After he became strong, it would not be too late to deal with Liu Jifei.

After Xu Xiaobin left, Liu Zhenan's face became gloomy. He picked up the phone on the desk and dialed Liu Jifei's mobile phone number.

Liu Jifei was proud. Not only did he retaliate against Jing Xiaolu, but he also just got his hands on Wang Lixia. In his opinion, this life had become infinitely better. Hearing the ringing of the mobile phone, he picked it up and took a look at the caller ID above. His expression turned serious after catching a glimpse. "President Liu, this is Jifei. Do you have anything you need?"

Liu Zhenan wanted to scold Liu Jifei badly, but every time he heard Liu Jifei's charming and humble voice, he had an indescribable soothing feeling in his heart! This brat really knows how to talk! In this case, Liu Zhenan found it inappropriate to scold, but his tone was still awful. "Liu Jifei, where are you?"

"I'm in Song Jiang. President Liu, do you need something from me?" Liu Jifei was somewhat inexplicable. *This Liu Zhenan seems to be angry!*

"After you signed the contract, what are you still doing in Song Jiang? Why didn't you come back and report to me?" asked Liu Zhenan.

Liu Jifei was surprised deep down in his heart. *How did Liu Zhenan know that I had signed the contract? Moreover, he seemed to be angry because of this matter.* Liu Jifei was startled and quickly said with a grin, "Mr. Liu, this is the case. It is true that I just finished signing the contract, but I thought about buying you some Song Jiang specialties. Then, I will return to Haicheng to report to you!"

After listening to Liu Jifei's explanation, Liu Zhenan couldn't help but be a little amused. *Aren't you lying blatantly?* However, this lie made people feel very comfortable. Liu Zhenan snorted, "What do you mean by buying specialties? I think you're just there to seduce someone's wife."

"Ah!" Liu Jifei's hand that held the phone suddenly froze, and the sweat on his head fell down. *How did Liu Zhenan know what I did? Did he guess it, or did he really know it?*

"No need for it! Do you know that Xu Xiaobin has approached me to complain about you?!" Liu Zhenan snorted coldly, "Hurry up and come back! Otherwise, you, little brat, will die unknowingly!"

"Okay, okay! I'll go right now. President Liu, rest assured. I'll definitely drive the car like an airplane. Otherwise, I won't be called Liu Jifei!" Liu Jifei quickly promised.

"This brat!" Liu Zhenan shook his head helplessly and hung up the phone. If it weren't for Liu Jifei's loyalty to him, and his likable words, Liu Zhenan wouldn't care about him.

"Motherf*cker, how did this Xu Xiaobin know about it? He went to Liu Zhenan so quickly?" Liu Jifei cursed, somewhat inexplicably, but he didn't dare to delay in his pace. Hence, he hurried to his car and went straight to Haicheng.

On the highway, Liu Jifei and Xu Xiaobin's car went past each other, but none of them paid attention to the opposite car. Liu Jifei was now shocked and angry with some nervousness in his heart. He didn't know if Liu Zhenan would deal with him. On the other hand, Xu Xiaobin felt vexed in his heart with a hint of resentment, but he could not do anything about it.

Liu Jifei had recently become a regular guest of the Jiangyan Group. The reception lady at the door also knew that he was now the fair-haired boy in front of Vice President Liu Zhenan, so she smiled and nodded, "Mr. Liu, are you looking for Vice President Liu?"

Liu Jifei nodded, "Yes, President Liu just called me and asked me to come over."

The receptionist lady nodded, called to confirm, and then said to Liu Jifei, "Mr. Liu, Vice President Liu is waiting for you in the office on the upper level."

Liu Jifei took the elevator to Liu Zhenan's office, knocked on the door, and heard Liu Zhenan's voice coming from inside, "Please come in!"

"President Liu, I'm here to beg for forgiveness!" Liu Jifei lowered his head as he entered the door, appearing as someone who made a mistake. His tone was quite sincere. "I've caused you trouble!"

"Fine, you little b*stard!" Liu Zhenan looked at Liu Jifei as though Jifei was a slave, with a smile on his mouth. "If it weren't for me covering you from here, Xu Xiaobin, that fellow, might stir up the matter in front of Grandpa!"

"Thank you, President Liu for solving it!" Liu Jifei said quickly, "I will definitely work hard for President Liu!"

"Never mind those useless remarks. Let me ask you this. Is the incense thing Xu Xiaobin mentioned true?" Liu Zhenan asked after he waved his hand.

Liu Jifei did not dare to hide from Liu Zhenan, and explained carefully, "Yes! It is true. I used incense on his wife..."

"I didn't ask you this sh*t. I asked whether you used this incense when you signed the contract." Liu Zhenan glared at Liu Jifei and asked.

"Yes, when I signed the contract, I also used incense!" Liu Jifei heard that Liu Zhenan had no plans to hold him accountable to Xu Xiaobin's wife, and he felt relieved. The matter seemed to be over.

"En, Xu Xiaobin figured it out. He came to me and wanted to sign the contract again," said Liu Zhenan.
