### **Chapter 151: Ghost Story (Part 2)**

Chen Afu was frozen in place. Yang Ming was a ruthless person. Even though Chen Afu was really “scary,” Yang Ming wasn’t afraid at all. If he were a real ghost, Yang Ming would beat him up regardless.

In fact, Chen Afu had overestimated Yang Ming. If it was a real ghost, Yang Ming would hesitate for a moment. As the saying goes, “Cheat the Yama King but never the little ghost.” [1] If he had indeed triggered that little ghost, what if that little ghost invited hundreds or thousands of little ghosts to disturb him – that would surely torture him.

It was because Yang Ming now knew the person’s identity a.k.a. Chen Afu that he became so violent. But Yang Ming had already decided that he wasn’t going to reveal Chen Afu’s identity, treating him as someone he didn’t know at all, and dragged him to Wang Zhitao’s window.

“Begin.” Yang Ming said plainly.

“Begin what? What do you want to do?” Chen Afu purposely lowered his voice so that it wouldn’t sound the same as his usual voice.

“Don’t you know what needs to be done? What you wanted to do before, do it now!” Yang Ming pointed at Wang Zhitao’s window and said.

“I don’t understand what you mean...” Chen Afu hesitated.

“Don’t you know how to frighten someone? Quickly. Stop chatting. If I get into a bad mood, I am going to beat you up until you look scarier than this face mask!” Yang Ming cracked his knuckles as he threatened Chen Afu.

As Chen Afu saw such a fierce looking Yang Ming, he knew that if he didn’t obey Yang Ming’s instruction he would take some very harsh beating. Therefore, he had no choice but to pretend to be a ghost to frighten someone.

However, this time, he no longer felt that sense of exhilaration he had before...

“Woo woo...” Chen Afu knocked on the glass and squeezed the ferocious “big face” on the window.

Wang Zhitao was genuinely enjoying himself. There were rumors that this part in most prostitutes would be fairly “loose,” but the girl in front of him seemed quite “tight.” Even though Wang Zhitao’s family had some shares in Tavern Heaven on Earth, his father closely kept an eye on the place. Therefore, Wang Zhitao didn’t dare to find a prostitute there. It was only because of this that he was in such a rush to f\*\*\* around even when he was at camp.

What sound is that? Wang Zhitao raised his head and looked toward the glass. In that split second, his pupil expanded by an unlimited amount! Guai guai ge long di dong [2], the thing outside was...

“Oh my god, what the f\*\*\* is this?” Wang Zhitao shouted, shocked to the point where his lower half body had become flaccid.

“What are you shouting for?” The prostitute frowned. “You can’t do it, is that it? Looking for some excuse...”

“F\*\*\* me, what the heck is that thing?” Wang Zhitao dropped his jaw and pointed toward the window with one of his fingers.

The prostitute unwillingly raised her head as she looked toward the window. “Ahhhhh...” then her eyes rolled back.

Of course, Yang Ming had recorded the entire scene – including Chen Afu pretending to be a ghost – with his camera. After he finished, he quietly left the scene.

For Chen Afu, looking at how he had frightened his “boss,” he didn’t dare do other things. Once he turned around and realized that Yang Ming had gone, he hurriedly left the scene too.

The reason why Yang Ming didn’t reveal Chen Afu’s identity was that he wanted both Chen Afu and Wang Zhitao to have a mutual loss. He didn’t want to aggravate the relationship with Wang Zhitao so soon.

If Yang Ming had revealed Chen Afu's identity and subsequently asked him to shock Wang Zhitao, then he couldn't guarantee that Chen Afu wouldn't tell Wang Zhitao the truth. Even if Chen Afu didn't say it, he had no guarantee that Yang Ming wouldn't reveal his identity to Wang Zhitao.

Chen Afu would have thought that instead of letting Wang Zhitao hear it from Yang Ming he may as well confess to it since he was forced to do it anyway.

However now, since Yang Ming "didn't know" his own identity, why would Chen Afu reveal himself? He wasn't entirely an idiot either. Not only had Chen Afu seen the "good thing" of Wang Zhitao, he had also ruined the "good thing" for him. Wang Zhitao would surely hate him. Even though Chen Afu can be surprisingly dumb, but he understood this basic logic and obediently chose silence.

Events did unfold exactly as Yang Ming predicted. Wang Zhitao was at a complete loss. He didn't dare to report to the police, and he didn't dare to tell others as well. After he woke the prostitute, he gave her a thousand yuan to dismiss her and asked her not to tell anything to anyone.

Even though the incident had passed, Wang Zhitao was still impotent! The "little brother" seemed to have gone into hibernation. No matter how much he excited it, it just wouldn't stand!

===== BEGINNING =====

Yang Ming lay down comfortably on the hotel's bed and started fiddling with his camera. However, his eyes were scanning at Wang Zhitao's room. When he saw that Wang Zhitao was abusing himself again and again in the washroom, Yang Ming almost jumped out in joy. Can it be that magical? Wang Zhitao had actually become impotent!

This night, there would be four people with insomnia. They were Zhang Bing, Zhao Sisi, Chen Afu and Wang Zhitao.

After Wang Zhitao lay down on the bed, he still continued to stroke his d\*ck under the blanket. However, the situation was still helpless.

Chen Afu felt rather weird when he saw Wang Zhitao m\*st\*rb\*ting under the blanket. This guy is too audacious, right? But when he saw how Wang Zhitao kept sighing, he understood the crux of the whole situation. He knew that he had frightened Wang Zhitao to the point of impotence,

therefore he didn't dare make any noise. If Wang Zhitao knew that this was because of him, Wang Zhitao would have sent him to hell. Therefore, Chen Afu pretended as though he didn't see anything.

===== END =====

The next day, Wang Zhitao had lost interest in having fun and maintained a gloomy face. His three underlings were also completely silent.

On the contrary, Zhang Bing and Yang Ming were exceptionally happy. Last night, Chen Mengyan and Zhao Sisi had already explored the problem of Zhang Bing. Even though Zhao Sisi didn't directly state her position whether she accepted Zhang Bing or not, seeing her non-resistant attitude toward him today, there was a 90% chance that it would happen.

However, Yang Ming was even happier. Dear Wang Zhitao, you shall now go peacefully to be a fake man! You are already impotent, how are you going to fight me for the girl? Go fight for your bird [3]!

Even though Wang Zhitao didn't report to the police, after the incident, he still told the story about how he met a ghost to his three confidants, so that they could secretly investigate that for him.

Of course, Wang Zhitao's primary suspect was Yang Ming, but he had second thoughts about it as well. Because when Yang Ming came, other than a bag of snacks, he didn't bring anything else. The same goes for Zhang Bing. Other than a bag of snacks, he only brought a camera bag beside him.

The ghost mask could surely fit into the camera bag, but the leather raincoat worn by the person who pretended to be the ghost wouldn't have fit! Wang Zhitao, of course, didn't believe that he had seen a real ghost. He was a person would receive a higher education and didn't believe in all these superstitious beliefs. But not believing it didn't mean he wasn't afraid of it. The moment when the image abruptly jumps on him was enough to send chills down his spine.

Since Wang Zhitao no longer found Yang Ming suspicious, Chen Afu didn't want to get himself involved in any additional matters. If not, when Wang Zhitao would ask him, "How do you know it was done by Yang Ming?" then it would be hard for him to answer.

Therefore, this case was left unresolved. Once Wang Zhitao was back home, he wanted to “test it out,” and he simply typed out the keywords “Haunted West Star Mountain” on the internet search. He found a huge number of news articles. Most of them were from three years ago about a ghost in West Star Mountain that had shocked someone into having a mental disorder!

It was only at this moment that Wang Zhitao finally dismissed his suspicion of Yang Ming. He had taken things as a coincidence. Seeing how the suspect from three years ago wasn’t captured yet, it was likely that it was the same person who did it this time. He could only chalk it to bad luck.

Once Chen Afu returned home, he hid the raincoat and face mask. For a long time afterward, he wouldn’t dare to think abnormal thoughts.

Once they were back in the city, everyone was tired, so Yang Ming didn’t stay too long either. He called a cab to send Chen Mengyan home. Zhang Bing and he each took a taxi to go home.

Once he was home, Yang Ming took the SD card from Zhang Bing’s camera to transfer the data onto his computer. Other than the standard group photos with Cheng Mengyan and Zhang Bing, Yang Ming copied everything related to Wang Zhitao and Chen Afu into a single folder. Then, he deleted the pictures on the SD card with a file shredder software.

For these pictures, Yang Ming first used nEO iMAGING software to remove the “Exif data,” then he processed it with a similar method as the videos. He first compressed and split them into multiple files then he forwarded them to the email inbox that he registered overseas.

The reason he removed the “Exif data” was so that if these photos got leaked out one of these days, anyone with intention wouldn’t be able to trace the source of the photos back to himself.

Exif is an abbreviation for ‘Exchange image file format’ which was purposely made for digital cameras. It records the pixel size as well as data on the camera. From the Exif data of a picture, we can find out the digital camera’s manufacturer, model, captured timing, aperture, shutter speed, etc. On this trip, only Zhang Bing had a Canon 450D, so Yang Ming was very cautious about it.

After it was all done, Yang Ming breathed a sigh of relief. In fact, if there weren’t any scandalous photos in his hands, he wouldn’t be so careful after all.

Chapter 152: Powerful Cousin

During the summer vacation, Yang Ming was busy shuttling between Lan Ling and Chen Mengyan. Chen Mengyan couldn't come out often, therefore, most of the time they only talked through the internet. As for Lan Ling, he could see her every day. Although they met quite often, Lan Ling still asked a lot of questions. After all, a woman was a very sensitive animal. She just didn't spit it out. Since that was the case, Yang Ming enjoyed the peaceful moment and acted innocent.

Yang Ming always met Wild Female Teacher when he went online. They usually talked casually before they went to cheat in Landlord. Now, people in the Northeast Netcom server knew that Wild Female Teacher and There's No True Love In This World were in cahoots. As soon as they appeared, the players immediately quit the room. Yang Ming couldn't help but create another account to keep cheating with Wild Female Teacher.

Yang Ming kept advising "Wild Female Teacher" to find a boyfriend. She couldn't keep clinging to him. But Wild Female Teacher didn't like this, so she always diverted the topic.

Yang Ming sighed, It looks like she is falling too deep in our relationship. I shouldn't convince her anymore. Sometimes Yang Ming even wanted to encourage her to find her true love. Yang Ming felt it was unbelievable. How could he be so generous as to push a girl away to others?

Was it because Yang Ming was too tired to juggle between two girls or that he didn't know what she looked like? Yang Ming only considered her as an internet buddy who he got along with.

As for "I'm a Superstar," she hadn't bothered Yang Ming lately. It's like she vanished into thin air. Yang Ming was worried that she turned crazy from being a superstar and joined a "Black Culture Corporation." They said that those companies restricted the freedom of girls and forced them to do something bad.

Yang Ming left her a message, "Superstar, where did you go? Has something happened?"

I'm a Superstar replied to Yang Ming after three days, "True Love, are you cursing me? Didn't I leave you a message a long time ago? I'm going to Korea to film an idol drama, so I don't really have the time to come online! I'll PM you when I'm back!"

Yang Ming gave a bitter smile. Went to Korea? Is that possible? Yang Ming wouldn't take it seriously, because he didn't believe that a real superstar would add him proactively. Interesting, she even used the internet lingo "PM."

In mid-August, Yang Ming received an admission notice from Song Jiang City Industry University. According to his family tradition, Yang Dahai prepared a feast and invited his cousin, Yang Dashan. Last year, Yang Dashan's daughter, Yang Li, who is Yang Ming's cousin was admitted to the Beijing University of Aeronautics. There was a feast, and all the cousins were there. Yang Dahai even gave five hundred yuan as a gift.

This year was Yang Ming's turn. If he wasn't accepted, then there would be no feast. Since Yang Ming was admitted to a university, Yang Dahai prepared a feast. If not for anything else but to receive back those gifts that he had given away.

On the 19th of August, Yang Dahai booked five tables at a high-class restaurant. He invited his relatives and his wife's relatives.

Yang Ming's cousin, Yang Li, was here too. She never expected Yang Ming to be admitted to a university. During her feast last year, she told Yang Ming sarcastically, "You should put in some effort. Maybe you could get into a college. Don't give up!"

It turned out that Yang Ming was admitted to Song Jiang City Industry University. That is as good as Beijing University of Aeronautics! These universities were famous in the field of spacecraft.

But Yang Li still spoke sourly, "Song Jiang City Industry University, is it? It's still a university in the north. It's still bad compared to Beijing University."

Yang Ming's face changed after he heard it. Song Jiang City Industry University is a leader in many specialties in the country. But Yang Ming didn't argue with Yang Li. She could say whatever she wanted to. It had nothing to do with him.

Since Yang Ming didn't argue, Yang Li said complacently, "If you have enough points, you still have to go for Beijing University. Beijing's room for growth is much larger than Song Jiang. But you couldn't help yourself either since your marks weren't enough to get into Beijing University!"

"Hehe, you're right." Yang Dahai didn't get the sarcastic meaning, instead, he agreed with her. "Your aunt and I had the same thoughts. We wanted him to study at Beijing University, but Big Ming wasn't listening. He wanted to stay in Song Jiang."

“Ha, he is making the right choice. Being the head of a dragon is better than the tail of a snake. The local university is more lenient in marking. The same marks could only get into an average university in Beijing.”

“He had enough points. He could possibly get into Tsinghua University. He just wasn’t willing to go.” Yang Dahai said with a laugh.

“He had enough points?” Yang Li certainly didn’t believe it. “How many points? Let me see which university could he attend in Beijing?”

Yang Dahai said, “697.5.”

“697.5?” Yang Li was stunned. This was much higher than what she got last year. She still refused to acknowledge that fact. “I heard that the exam for this year was easy, so the scores were generally higher. Maybe this score is nothing in Beijing!”

Even if Yang Dahai was generous, he could understand the ironic meaning from his niece. He sighed, “I don’t know about that. Your aunt and I are satisfied for Big Ming to attend Song Jiang City Industry University already.”

“Hehe, Yang Ming, come to visit Beijing when you have the time. I will give you a treat!” Yang Li laughed, but she felt unpleasant. 697.5? Did you copy from others? But she knew very well that it was impossible to cheat on the National Higher Education Entrance Examination.

Yang Ming’s other cousin, Yang Xiaobo, who had just gotten into Grade 10, greeted him sincerely. He just took the Senior High School Entrance Examination. He was just admitted to Song Jiang No. 4 High School which was Yang Ming’s alma mater. So he had to organize another feast as well.

Yang Ming was three years older than his younger cousin, but the relationship with him was better than the one with his elder female cousin. Yang Xiaobo always looked up to Yang Ming as a role model. Even when Yang Ming had lost his way, Yang Xiaobo still respected his older cousin. He registered for Song Jiang No. 4 High School because of Yang Ming.

“Brother, when will you show me sister-in-law?” Yang Xiaobo was kidding with Yang Ming.

“Hehe, it’s still early.” Yang Ming couldn’t say much during dinner. He had already found Yang Xiaobo two sisters-in-law!

But Yang Xiao Bo seemed to misunderstand him. He said in a lowered tone, “Elder brother, I know you can’t forget about sister Su Ya. But it has been many years already, shouldn’t you forget about her?”

Yang Xiaobo also knew what happened to Yang Ming. But he could only remember the name Su Ya. He didn’t remember what she looked like. He only remembered that she had big eyes and looked cute.

Forget? I have already forgotten about her! Yang Ming smiled bitterly. He couldn’t say anything else. Next time he will tell him when they were alone.

But Yang Li heard about it, “Big Ming, if you’re looking for a girlfriend, you must be careful. You must find a university student. Don’t find those flappers! Show me when you have one. Let me inspect carefully!”

Yang Ming wasn’t happy. What do you mean can only find a university student? If he didn’t have Lan Ling, Yang Ming wouldn’t be so angry. But now Yang Li’s words were directed at Lan Ling! Although she didn’t know about Lan Ling, Yang Ming would feel unhappy too.

It’s my business to look for my girlfriend, why would I need you to inspect? So if you find a boyfriend, you have to get my permission too? So Yang Ming said in a neutral tone, “I just got into university. I haven’t thought about this. If someone were to find one that would be you! How about this? If you bring me my future brother-in-law, I’ll inspect for you.”

Yang Ming’s uncle, Yang Dashan, was a powerful person. He owned a sand digging plant near the sea and earned quite a bit of money, so he despised his two poorer brothers.

After Yang Dashan heard Yang Ming, he said, “There is no need for inspection. I have inspected already. Her boyfriend isn’t bad. I’ll let her bring him to have a dinner!”

F\*ck! If the person in front of Yang Ming wasn't his elder, he would have already gone mad. She could inspect my girlfriend, but I couldn't inspect hers? Are you making any sense?!

Yang Dahai also noticed the heated gunpowder atmosphere, he immediately smoothed the situation. "Yeah, Li Li is so beautiful, and she studies well also. Therefore, her boyfriend must be excellent. If my Big Ming can have a wife, I'm satisfied already. Why would I be so choosy for my daughter-in-law?"

Yang Ming was helpless. When even his own father said so, he didn't dare to have an opinion on it. But why would you boost others' morale and kill your own prestige? Your son is now a superhuman, so finding a pretty wife won't be a problem at all!

### **Chapter 153: Ostentatious Woman**

Also, isn't Lan Ling considered pretty? Isn't Chen Mengyan considered pretty?

The thing is, I can't say it out loud. So be it. You can say whatever you want. I will just pretend I didn't hear it.

"Bro, sister is like this ever since she was young. Don't be mad about it." Yang Xiaobo looked at Yang Ming's sour expression.

"It's ok. Oh ya, with your results, you should be able to enroll in a better high school. Why are you studying at Song Jiang no.4 high school?" Yang Ming smiled a little and said coldly.

"Brother, don't you have the option to enroll in a better university? Why are you enrolling in Song Jiang Industry University?" Yang Xiaobo asked.

"I like it." Yang Ming answered.

"I also like it." Yang Xiaobo answered.

The brothers smiled at each other.

In the following days, Yang Dahai always encouraged Yang Ming to visit his cousin, Yang Li and ask about things to look after in university. Yang Ming wasn't quite willing to do so, but he couldn't stand his father's nagging and grabbed a ride to his uncle's house.

There's a reason for why Yang Ming had to address Yang Li as cousin. It is typical in the northeast, no matter if it is a cousin from the father's side or the mother's side, they are addressed as cousin. There is no title such as paternal cousin [1]. At home, everyone addresses each other as brothers and sisters. For the extended family, it would be cousin. That is pretty normal here.

Particularly, most households right now only have one child. The address of "cousin" was usually omitted. During the introduction, people straightaway addressed them as "my brother" or "my sister."

Since it wasn't something urgent, Yang Ming was also lazy with grabbing a ride. He hopped onto the train and read his recently bought newspaper in a leisurely manner. Uncle's house was close by old man Fang Tian's place.

We'd have to say that some things happened in our world that were quite ironic. Not far away from the shanty area was the new urban area. In other words, it was the so-called luxurious residential area. It was not far away from the seaside, and the scenery was marvelous. A blemish in an otherwise beautiful scene would be the shanty area which faced it from afar.

Uncle Yang Dashan bought a house here. It was a duplex house. He bought it in 2002. He spent 950,000 yuan at that time. Now, he could sell it for more than three million yuan.

Yang Dashan was a worker at the Song Jiang Car Factory Employee Family Compound in his earlier days. He was like Yang Ming's father and held onto the fixed wage. The sea breeze from the 90's brought Yang Dashan to put down the machinery in his hands. He was contracted with a sand field. In the recent years, he accumulated a great fortune.

The houses here were great, and they filled Yang Ming with admiration. Yang Ming decided that once he became rich in the future, he must buy a house here for his parents to live in and enjoy a happy life.

Yang Ming rarely visited his uncle's house. After his uncle got wealthy, he didn't bother with his relatives. In fact, Yang Ming understood it as well. Elder Uncle simply considered the two of his brothers too poor. He was afraid they would request to borrow money from him.

After Yang Dahai won his lottery prize, Yang Ming's first idea was also the same idea, therefore, they didn't share the news with their relatives! Hence, it was human nature, but Yang Dashan was a bit overboard. If you are wealthy, then keep your riches. I am not going to borrow money from you. You shouldn't be looking down at others.

In particular, Yang Li lived like a little princess. No matter if it was the festive new year or a family gathering, Yang Li would always see herself above the others. When she spoke, she carried a tone of superiority. That was quite uncomfortable for Yang Ming.

"Big Ming is here, come in!" A middle-aged woman greeted Yang Ming warmly. The person was Yang Ming's aunt, a kind woman. She was in harmony with everyone. At uncle's house, she was the only one without much prejudice. That, in fact, was rare.

"Aunt, I am here to look for sister Yang Li." Yang Ming smiled as he greeted her.

"Oh, Yang Li is playing computer games with her friend right now. You should go up if you are looking for her." Aunt got Yang Ming a pair of slippers and said, "Big Ming, come to visit again when you have time. You are part of the family after all."

"Alright, aunt" Yang Ming nodded perfunctorily. If there wasn't any matter concerning him, he would never visit again.

Yang Ming went upstairs. He could hear the laughter from another female from afar. Yang Ming frowned a little, didn't we make an appointment to discuss my matter? Why is there another guest here?

Yang Ming knocked on the door and went straight in. Yang Ming who wasn't in a good mood already had enough of being polite. He wished to quickly turn around and leave.

As Yang Ming entered the room, he saw the people there, and he couldn't help but be surprised. There was a female the same age as him wearing a sleeveless sweater in front of him. It looked like

she wasn't wearing a bra. Yang Ming's mouth opened widely due to the gleamingly exposed bosom...

Yang Ming was embarrassed and quickly turned around, "I am sorry..."

"Big Ming, what are you doing? Did I let you in? Is the girl's room a place where you can freely enter?" Yang Li complained in a ferocious manner.

"Lili, is that your young cousin? He seems to be quite handsome. He isn't as bad as you described." The other girl said.

"Him? Hmph. Did you notice his gaze? His eyeballs almost fell onto your body!" Yang Li hmph-ed coldly, "Sun Jie, don't concern yourself with him."

"I don't think so. He is still quite shy. Could he possibly still be a virgin?" Sun Jie looked at Yang Ming coquettishly and smiled.

Originally, Yang Ming was regretful of the accident where he inadvertently witnessed Sun Jie's state of dress. As he heard what Sun Jie said, a sense of prejudice arose. It seemed that she was a provocative woman. I don't know why my cousin hangs around with her. Could it be that my cousin is also a provocative woman?

Erm, most likely! Yang Ming thought to himself in disgust.

Yang Ming simply stopped hiding. He turned around and blatantly sat on Yang Li's bed while he looked over Sun Jie from head to toe.

Admittedly, Sun Jie was a stunner. Her boobs were huge like a pair of papayas. They were massive as though they would burst. Deep down this woman emitted a coquettish aura. Her gaze and actions had the charm to make someone a criminal.

Based on Yang Ming's experience, Sun Jie wouldn't be a virgin. The charm that emitted through her unintentionally could only be shaped by a woman with experience.

Hence, Yang Ming simply looked at Sun Jie without any reserve, G? H? Maybe it is even bigger! From his days of experience, Yang Ming had never encountered a pretty girl with such enormous breasts. Zhao Ying could be one of them but she was most likely an F cup. But, he never saw a woman who was so “milky.” If I can grab a hold of it, wouldn’t it be great?

“What are you looking at?” Sun Jie did not have the slightest aversion or shyness. She bit her lips and looked at Yang Ming as though she was smiling.

“What? Don’t you let others see? Do you think that you can pretend to be a virgin if you tightly cross your legs?” If it was another person, Yang Ming wouldn’t put it so bluntly. But, Sun Jie was Yang Li’s friend. Naturally, Yang Ming didn’t have any good impressions of her.

“Crossing my legs?” Sun Jie was surprised. Later, she looked at Yang Ming in a coquettish manner, “I didn’t wear any undergarment. Do you want to have a look?”

Yang Ming surely didn’t put any trust in Sun Jie’s words. He twitched his lips and refused to speak any further. If it was in another setting, Yang Ming might tease Sun Jie a little. After all, a pretty girl with huge breasts has her charm. However, for today, Yang Li was there. Hence, Yang Ming wasn’t in the mood.

“Yang Ming, watch your mouth!” Yang Li was quite unhappy with it as she pointed at Yang Ming and said, “Why are you behaving like a punk? Be wary that I will inform second uncle [2]!”

Am I a punk? The girl next to you is a female punk! It is hard to say you are a pretentious slut. Do you dare to comment on me? Yang Ming said plainly, “Whatever.”

“You!” Yang Li was furious as she glared at Yang Ming, “Do you still want me to talk about matters to look after as a freshman?”

“Just say it.” Yang Ming said in a lazy manner. If his father didn’t ask him to come, Yang Ming wouldn’t have to suffer through this.

Since the start, Yang Li intended to take the opportunity of explaining important matters of a university to Yang Ming and be sarcastic to him. Certainly, the most important for her was to expand Yang Ming's horizon on her "high-class lifestyle." It was to show off to her bumpkin cousin.

Yang Li was a person who liked to show off. She liked the expression of others who looked at her in admiration. However, her paternal cousin, Yang Ming, always treated her with apathy. Yang Li always got angry when she thought about it. She was looking for an opportunity to be ostentatious toward Yang Ming all along!

We're not sure when ostentation became part of the societal culture. On the internet, there are the ostentatious women, Sister Lan, and the daughter of the Shanxi boss from America that were popular for a while. Those are examples of ostentatious people.

Of course, that is on the internet. In real life, this is abundant as well. Some of the prodigals start to behave boastfully toward their fellow classmates and compare with each other.

In fact, Yang Li was this kind of person. Even though Yang Ming didn't have much understanding of such behavior, it didn't mean that such behavior didn't exist. Occasionally, putting on an act to be pretentious was amusing, but if it kept on happening, wouldn't it be annoying?

#### Chapter 154: Suspicious Woman

At this moment Yang Ming still didn't know Yang Li's intention. He thought that she merely wanted to mock him.

"Yang Ming, firstly your attitude just wasn't right. You are already in a university, yet when you meet someone you always give off this lazy attitude. How are you going to handle social networking?" Yang Li said in dissatisfaction, "Do you think you are still at home? Once you are in society, you would need to learn how to be humble. Others are stronger than you, so you should form a good connection with them. It would benefit you in the future."

"Oh, understood." Yang Ming said robotically.

"At that time, your class should have quite a few rich fellows. Then you should build good connections with them! In the future, it would be useful for your career development!" Yang Li said, "Today, your sister will bring you to see some

of the rich's 'High-Quality Life' so that when you go out with your friends, you wouldn't be messing around and not know what to do!"

"You want to take me out?" Yang Ming asked, puzzled.

"Yes, I have already spoken to Sun Jie. Later on, we will attend our friend's party. You can come along." Yang Li instructed, "Sun Jie didn't have a male partner, so you will temporarily be her boyfriend."

Yang Ming was dissatisfied with Yang Li's arrangement. If it weren't because of their blood ties, Yang Ming would have slammed the door and left. You were messing with me for a long time yet now you are just here for my help? Even if you were finding me for help, you were still such a show-off, not to mention criticizing and mocking me. Now, you are saying you are bringing me to experience some sort of High-Quality Life. You were surely using me!

To be honest, being a temporary boyfriend for Sun Jie wasn't what Yang Ming disagreed with. Even though Yang Ming had a stricter principle on having relationships with only virgins, but if it was a temporary play then there's not much to talk about there. Especially... this was such a gigantic boob temptation!

"What? Say something. What do you mean?" Yang Li was pretty dissatisfied looking at how Yang Ming didn't say anything.

Yang Ming teasingly stared at Sun Jie and said, "Does a temporary boyfriend get to enjoy the treatment of a real boyfriend?"

"You-"

When Yang Li was about to let loose of her anger, Sun Jie smiled and said, "What kind of treatment do you want? As long as it's allowed, it's fine."

"Hehe, so you say." Yang Ming didn't know what was allowed, but at least this Sun Jie didn't utter poisonous words like Yang Li did. She was rather seductive.

“Yang Ming, do you honestly think that you are somebody? Let me tell you, today you are just our temporary shield. There are so many people who are chasing after Sun Jie. The person who is buying the meal would be Xiongfeng Group’s vice president. At that time, you should just be an honest shield. Don’t mess up too many things for me!” Yang Li warned.

F\*\*\* it’s once again Xiongfeng Group? Yang Ming felt uncomfortable once he heard these two words. Now it’s a vice president? Then it’s Wang Zhitao’s future underling? Even if Yang Li didn’t say it, Yang Ming didn’t want to have any association with this kind of person.

“Then you shouldn’t have asked me. I am just a person like this.” Yang Ming said plainly.

“You- Okay, Yang Ming. You were sent here today by second uncle. He had already told me on the phone earlier that he was asking me to take care of you. If you don’t listen to me, don’t you know I can always report you to second uncle?” Yang Li said angrily pointing at Yang Ming.

Even though Yang Ming hated his own cousin, but his father, Yang Dahai, seemed to look up to Yang Li. But it wasn’t strange either. Ever since they were young, little Yang Li’s results were pretty outstanding. Most probably his father was seeking an improvement for him by calling his cousin and asking her to guide him on university matters. If Yang Li said some foul words to his father, his father would surely be disappointed.

Yang Ming was a filial son who didn’t want to cause any difficulty for his dad. Regardless, having your niece to criticize your son isn’t a good feeling.

“Lili, your cousin here has quite a personality.” Sun Jie wasn’t angry. She squinted her eyes as she looked at Yang Ming.

“He has a personality? Ha!” Yang Li let out an unrestrained laugh.

Yang Ming stopped bothering about her and lay down leisurely on the bed.

“Yang Ming, I will use the computer with Sun Jie for a while. You can do whatever you want to do.” After Yang Li noticed how Yang Ming was throwing a sour face at her, she didn’t want to talk that much to Yang Ming. She had already completed her main objective.

With that, Yang Ming was really enjoying himself. Seeing an MP4 device in the cabinet near the bed, he just picked it up and put on his earphone. Then, he started browsing through it.

“En en... ah ah... oh yeah!” A crazy noise came out from the earphone. It can’t be. I never thought that Yang Li’s MP4 would have this kind of thing.

Of course, it was within his expectations after all. This Yang Li was a slut! Wakaka, it was a lesbian clip. Two foreign ladies were using a d\*ld\* to comfort each other!

Yang Ming wasn’t disgusted by lesbians. On the contrary, lesbians were beneficial for Yang Ming. If he had many wives, he didn’t mind sexual activity among them. With that, they most likely wouldn’t cheat on him. Also, no matter the how the flow of events turns out, if one became pregnant, that would surely be Yang Ming’s child!

However, both of the foreign ladies were quite vigorous. After it was done, Yang Ming could see those parts. Yang Ming couldn’t help but be disgusted. He quickly changed to the next video. The result was another adult video. This time it was from Japan, yet it was still about lesbians. As he returned to the main menu, Yang Ming roughly scanned through the names of those videos! Yang Ming could be considered knowledgeable in adult movies. Naturally, he understood the meaning behind the titles...

After browsing through it, there were a few overseas series at the back. Yang Ming picked a clip called and started watching it. This was a lewd TV series from America which easily excited people to increase their heartbeat in resonance.

Yang Li and Sun Jie were busy chit-chatting about some woman’s topic, like beauty and breast enlargement. Yang Ming was curious whether Sun Jie’s breast needed another enlargement. It was already voluptuous. If she added more it seemed like a burden.

Afterward, Yang Ming was too lazy to eavesdrop on them. The MP4 was far more interesting than their topics. But was rather short. There were only two episodes. Yang Ming easily finished this kind of short drama.

“Sister Yang Li, do you still have more ‘Great Pretender’? Copy two more episodes for me.” Yang Ming took off his earphone and said loudly to Yang Li.

“What Great Pretender? Were you referring to that MP4? That belongs to Sun Jie. How could you simply touch other people’s belongings?” Yang Li frowned. When Sun Jie came, she was listening to music on her MP4. She took it out once she entered the house and placed it in the cabinet.

Since then the two of them didn’t pay attention as well, so it was only now that they realized Yang Ming was fiddling with the MP4.

It was once again Sun Jie. Yang Ming looked at this woman with some deeper meaning. Sun Jie not only was not embarrassed, but she accepted Yang Ming’s gaze and gave him a smile.

This smile instead gave some distress to Yang Ming. He lowered his head to not look at her and pretended to fiddle with the MP4 again. Sun Jie continued to chat with Yang Li instead.

It was around 4 p.m. Sun Jie answered a phone call and then said a few words to Yang Li. Then, the two of them prepared to change their clothes.

“Wei, we were about to change. Go outside for a while!” Yang Li said to Yang Ming.

Yang Ming reluctantly took the MP4 and left the room. Do you think I want to look at you? If I wanted to look, even if you wore a metal board on your body, I can still see your naked body!

After about half an hour, Yang Ming was becoming impatient, but then Yang Li and Sun Jie walked out the door. Yang Li still had that little chili’s appearance, but Sun Jie! Yang Ming almost couldn’t recognize her.

Was this that provocative woman just now? This is now a virtuous girl that can never be more virtuous! The beautiful princess’ dress not only displayed Sun Jie’s exquisite body, but the flirtatiousness completely disappeared. Instead, a sense of elegance emanated from her.

“What are you looking at? Do you no longer recognize me?” Amused, Sun Jie looked at Yang Ming who was staring at her with his eyes wide open.

“Nothing...” Yang Ming shook his head. He thought that Sun Jie was a rather mysterious lady. Initially, he wanted to have a one night stand or something similar with her. Now, this thought had disappeared.

His intuition told him that this is a person who can swallow someone with their bones and leave no trace behind. Only a person like Yang Li who’s so proud of herself would take her as a best friend.

“Pervert!” Yang Li gazed at Yang Ming. “Be more natural later on. Don’t give it away.”

Yang Ming frowned. From the phone call that Sun Jie had received, Sun Jie was the invited VIP. Yang Li would only be an escort. Moreover, this person would easily be the vice president of Xiongfeng Group. Did he have to go through this trouble?

Sun Jie was unquestionably a suspicious person. Moreover, the vice president was her pursuer. This form of relationship in the situation can be easily understood.

However, this was just a slight hesitation. Yang Ming still decided to go with them. He can’t deal with Wang Zhitao yet, but if he was afraid of this underling now, then he won’t be able to achieve anything in the future!

## Chapter 155: The Rights of a Couple

You’re just a vice president. Even if you were the president, you’re still working for others. Yang Ming was relieved when he thought about this. Now his relationship with Wang Zhitao was like half of the honeymoon period. Both of them weren’t certain of defeating each other, so they had to act “friendly” on the surface! The vice president would be fine if he didn’t trouble Yang Ming. If he did trouble Yang Ming, then Yang Ming had a reason to mess him up. Besides, Yang Ming could complain to Wang Zhitao after the incident. According to Wang Zhitao’s arrogance, he will surely help Yang Ming even if it was going against his will. As such, he could set up the vice president and put Wang Zhitao into a difficult position. Moreover, eventually they will fight openly, and Yang Ming still had the naked “trump card” of his classmate’s Little Wang. Wang Zhitao wouldn’t want to be the second Edison Chen, would he?

Yang Ming thought he was talented as a conspirator. Ever since he got framed, Yang Ming didn't think that his fist was the only solution; sometimes an appropriate conspiracy could defeat the opponent entirely. If he used both techniques, then he would be invincible.

I have to admit that Yang Ming was still growing. He became steadier. He knows to plan before taking a step. Therefore, he could form a more comprehensive plan now.

Yang Ming decided to risk the danger after he thought it through. Otherwise, Yang Ming wouldn't be so stupid to agree to such nonsense even if Sun Jie agreed to sleep with him after that.

But Yang Ming had decided. Aren't you guys fooling me like an innocent dupe? Want to fight me with your high social class? That's great. I'll just be myself. After all, I have a thick skin. Even a machine gun couldn't penetrate it! Let's see who will get into trouble first.

Ha! Let it be that way. If people knew Sun Jie had a hooligan boyfriend, and this hooligan was Yang Li's cousin, that would indeed be interesting.

Yang Li didn't know that her cousin had started to set her up. She was still feeling proud of her cleverness. Firstly, she could humiliate Yang Ming. Secondly, she had achieved her objective.

The vice president of Xiongfeng Group, Guo Jianchao, was madly in love with Sun Jie. This wasn't a secret anymore. But Sun Jie didn't bother with him. She rejected Guo Jianchao and told him that she had a boyfriend.

Of course, Guo Jianchao didn't give up, so he decided to bribe Sun Jie's best friend, Yang Li. He gave Yang Li a few bottles of perfume that were from France and a limited edition LV handbag [1]. Yang Li couldn't resist the temptation, so she agreed to help Guo Jianchao.

Although Yang Li's family was rich, there were some things that couldn't be bought using money. Let's use this limited edition LV handbag as an example. This handbag wasn't available in the country, and Yang Li couldn't buy it even when she was rich. However, Guo Jianchao got it from overseas because of his broad connections in his business.

Although Yang Li agreed to help Guo Jianchao, she knew Sun Jie very well because they were best friends. It was nearly impossible to match them up. But, for the perfumes and handbag, Yang Li decided to help without jeopardizing Sun Jie. Yang Li helped him once as a favor for his gifts.

Now was just the right timing. Guo Jianchao was treating a dinner today. Sun Jie naturally knew his objective, but she had to go because they were business partners. Therefore, she had no choice but to consult Yang Li and find a strawman to deal with him.

Yang Li immediately thought of her cousin, Yang Ming. She thought Yang Ming was a naive person. He wouldn't have the chance to know about senior white-collar and rich family kids, so, he would behave submissively and get stage fright at that moment.

This way, she could return Guo Jianchao's favor. No matter how stupid Guo Jianchao could be, he should be able to know that Yang Ming was brought in last minute. This should tell Guo Jianchao that Sun Jie had no boyfriend. Yes, if she had a boyfriend, she wouldn't have to find a temporary one.

This was killing two birds with one stone. Why not?

Yang Li wanted to expose Yang Ming, so she didn't dress him up. Yang Ming's cheap clothes were too obvious to be ignored.

Sun Jie wouldn't miss this. She noticed it too. She didn't think Yang Ming was naive, although he acted naively. Sun Jie had an ambiguous feeling about Yang Ming. Was he lecherous? It didn't seem like it. At one moment he was looking at her boobs without scruple, and his eyes were full of lust. The next moment he became indifferent.

Sun Jie thought that Yang Ming was a conniving and cunning person. She didn't know Yang Ming was weighing the pros and cons! Another point was that Yang Ming was the only man she didn't dislike since her incident five years ago. Therefore, Sun Jie teased him.

When they got out of Yang Li's house, the two women brought Yang Ming to the parking lot. The parking lot here was like a car exhibition. Most of the good cars in Song Jiang City were here. This was the place for the rich.

Yang Li was driving a modern Coupe sports car. This car was stylish out there, but it became inferior when compared to Sun Jie's car!

This was an Audi R82 Edition that had recently gotten into the market! Yang Ming was learning in one in driving school not long ago, so he was quite familiar with that car now. This edition wasn't

opened to the public in China yet! Now the R8 in the country was just V8. He wasn't sure how Sun Jie got this car, but he had to admire her broad social network.

The red color was wilder when a woman drove it. To be honest, R8 wasn't the car with the best performance, but it is easily the most attractive sports car! The big mouth design was more striking than V8. Especially the car lights, they were absolutely fascinating!

"Get in the car." Yang Li noticed Yang Ming only looked at the R8 without taking a peek at her Coupe. She was obviously angry.

There is a better car. Why would I sit in yours? Yang Ming curled his lips and walked straight toward Sun Jie's R8. Then he opened the door.

"Oi, why are you being so impolite? Does she ask you to sit?" Yang Li was even angrier when Yang Ming ignored her.

"You asked me to pretend to be her boyfriend. But now you're asking me to sit together with you. Do you think this is reasonable?" Yang Ming shrugged.

"This..." Yang Li was speechless from Yang Ming's explanation. He made sense.

Yang Ming ignored Yang Li who was stunned and got into Sun Jie's R8.

Sun Jie looked at Yang Ming with interest. She felt something different about Yang Ming. This man, it looks like he is confident! She knew about Yang Ming's family background through Yang Li. Logically, Yang Ming wouldn't be so arrogant. But now, Yang Ming at least wasn't pretending. It was more of his natural character.

There is a saying that heroes are not afraid of a poor background as long as their spirit is high with pride. This meant that a person who is striving for the top will be successful one day no matter what his background.

Sun Jie looked forward to Yang Ming's performance.

If it was a previous Yang Ming, he would surely be arrogant. But he wouldn't have the sense of indifference. It was because of his extraordinary abilities that Yang Ming was capable of looking down from the top!

Of course, this type of shift in temperament would be hardly noticed by the person himself. Yang Ming sat comfortably in the R8 leather seat and took a look at the interior design. Luxurious without fuss, the knobs on the operation panel were arranged neatly, the steerability was great.

"Why are you and Yang Li always in a tense situation?" Sun Jie looked at Yang Ming with a smile. The mighty engine roared and filled with unspeakable pleasure.

"Don't you know discussing other's family issues isn't polite?" Yang Ming said lightly.

"Now you're my boyfriend. You're the one who said it. You have your boyfriend's rights, so I have my girlfriend's rights too. Therefore, asking about my boyfriend's family issue isn't a problem, right?" Sun Jie was astounded slightly, then she followed up easily.

"Is that so?" Yang Ming didn't think that this woman was so smart. But Yang Ming had never lost to anyone else in arguing. You use your rights? Alright then, I'll use mine too. This is too easy. How could I lose to you?

Yang Ming extended his hand and put it on Sun Jie's thigh, "My cousin is a bit snobbish, don't you know that?"

Sun Jie frowned slightly. "What are you doing!"

"I'm using my right, of course. Don't tell me you want to deny those rights now?" Yang Ming looked at Sun Jie provocatively.

Chapter 156: Temporary Boyfriend

Sun Jie hesitated a little before regaining her composure. She was a strong woman who stood by her words. Even though she was uncomfortable with Yang Ming caressing her thigh without restraint, she forcefully held it in and didn't push him away.

Originally, Yang Ming merely wanted to tease her, but he noticed she had no response at all. Even more so, she allowed Yang Ming to do whatever he wanted. Hence, he lost the intention to continue it. It wasn't him pretending to be prudish at this moment. With such a delicate opportunity, he wouldn't want to miss it. The problem was that Sun Jie was driving. If an accident occurred, that would be the end.

Becoming a ghost after dying under peonies is also romantic [1], Yang Ming wouldn't want to be involved in such a smart\*ss matter. Although he used to carry this quote with him sometimes, it was still far different between saying so and acting upon it!

"Why did you stop?" Yang Ming stopped his hand. On the other hand, Sun Jie was irritated, Am I not attractive? Can't I handle even a little brat? Sun Jie certainly deemed Yang Ming as a newbie. This was due to Yang Li's misguidance as she described Yang Ming as the hated underachiever of the class.

"Focus on your driving. I don't want to die yet." Yang Ming thought to himself.

Sun Jie curled her lips. She thought Yang Ming was only acting cool. In fact, the actual reason was his shyness!

Hence, the two of them misunderstood each other. Each had an ax to grind as they were in the same car. Apparently, the situation was in equilibrium as they each had their own agenda. Aside from chatting about minute matters, there wasn't anything worthy to discuss.

Yang Ming attempted to coax out Sun Jie's family background, but she acted dumb in response to brush it aside.

The R8 TDI Le Mans employed a 5.5 liter v12 TDI diesel engine. The highest power reached 500 bhp with a torque of 1010 nm. It reached the top speed of 298 km/h. The car accelerated from 0-100 kilometers per hour in 4.2 seconds. A modern coupe could not challenge this speed. Thus, Sun Jie intentionally slowed down the speed of the car. They would be approaching the urban area in a moment where they couldn't be fast even if they wanted to.

For a sports car, besides the cool appearance, there weren't many places to utilize its strengths in the country. Moreover, Sun Jie's R8 TDI Le Mans was exceptionally awesome. Driving it on the street would draw the attention of more than 90 percent of the people. The reason was simple. There was a ruthless person known as Iron Man driving this car as well.

"How is it? The power is not bad, right?" Sun Jie was proud of her car.

"It is not bad, but it can't run at high speed in the country." Yang Ming shook his head, "The engine is left unappreciated."

"That... Initially, I was fond of the car because Iron Man drove it. Only after I bought it, I realized that it wasn't suitable for our country." Sun Jie shook her head, "At least, it's cool appearance is an undeniable fact."

"Do you know why?" Yang Ming asked.

"Why? Isn't it because Iron Man drove this car?" Sun Jie answered feeling puzzled.

"The fact that Iron Man drove it is just one aspect. The reason is that the car looked like Iron Man!" Yang Ming wouldn't stop talking until he surprised her.

"Looks like Iron Man?" Sun Jie sweated a bit. In hindsight, the car carried the essence of it. She couldn't help but admire Yang Ming for his creativity.

Originally, Yang Ming thought the vice president, Guo Jianchao, would arrange the meal at their own place, Tavern Heaven On Earth. He didn't anticipate that Sun Jie would park her car in front of the entrance of a nightclub.

The Nightless Club was one of the top three nightclubs in Song Jiang. Aside from its large space, the facilities were great. Most importantly, it was safe to hang around here! Those who could afford a place like this more or less had some social connection. If the government inspectors were here, most likely there would only be fines imposed. However, they should be wary of getting involved

with the underworld. They didn't care about the person's identity, beating them up first even before speaking to them.

The Nightless Club was popular because of the people who looked after this place. Those were the ones who were actually part of the underworld. They were a different kind of security guard. In a nightclub, they would make it the first time no matter the severity of the conflict. A normal security guard would hide when a fight broke out.

With someone looking after the place, naturally, there would be fewer troublemakers. Hence, the high-class white collar individuals favored this place.

Nightless Club was a huge place with the combination of bathing massage, dining bar, disco bar, KTV and many others entertainments.

Yang Ming had quite a common outfit. However, he came out of an R8, so, the receptionist wouldn't dare to look down on him. In these years, there was an abundance of rich people with weird fetishes. Wearing cheap clothes wasn't much. He had encountered someone who was on a tricycle. At that time, he wanted to shoo away that person who had such a displeasing appearance. Luckily, an experienced receptionist stopped him in time and told him the person's identity!

The tricycle man was the boss of the biggest furniture mall! However, he was always on his tricycle when he delivered furniture to other people. Rumor said it began with his leg having issues. The doctor wanted him to train. Later, his legs had recovered, but, he was fond of such an appearance and he couldn't let it go.

"Ladies and gentlemen, do you have a prior reservation?" The receptionist asked.

"Dining bar 'Lilac room'." Sun Jie said to the receptionist.

"Alright, please come with me." As he said, he leaned his body and led the way for Yang Ming and company. Even though the decor here was quite luxurious, it was different from Tavern Heaven On Earth. Tavern Heaven On Earth was filled with elegant nobility. However, the atmosphere here was magnificently extravagant.

“This is the place.” The receptionist stopped in front of a room written ‘Lilac.’ He offered a “Welcome” gesture and knocked on the door. Then, he opened the room and said, “I am sorry to bother you. There are three guests coming in.”

The receptionist excused himself. Sun Jie, Yang Ming, and Yang Li entered the room.

“Sun Jie, you’ve finally arrived. Welcome, welcome.” A man wearing spectacles with a golden frame stood up from the couch and approached them.

“Guo Jianchao, it isn’t quite right with what you said. Sister Sun Jie and I arrived on time. Why are you saying it as though we are late?” Yang Li said with dissatisfaction.

“Who would say that you are late? I am just impatient to see our pretty girls.” Guo Jianchao only realized Yang Ming’s presence next to Sun Jie. He asked in surprise, “Who is this?”

“This is my boyfriend, Yang Ming.” Sun Jie generously held Yang Ming’s hand as she said this.

“Boyfriend? Sun Jie – he is your boyfriend?” Guo Jianchao was stunned. Even though Sun Jie used to tell him she had a boyfriend, Guo Jianchao still considered it as a fluke. He thought Sun Jie wanted to deal with him perfunctorily. He never thought the person would appear in front of his eyes.

“Yes, Yang Ming. Let me introduce you. This is Guo Jianchao, the Vice President of Song Jiang City’s Xiongfeng Group. He is only 29 years old. He may be considered to have a bright future!” Sun Jie said.

“Nice to meet you.” Yang Ming extended his hand. He needed to cover it up nicely.

But, Guo Jianchao was stunned looking at Sun Jie. He didn’t have any intention to receive Yang Ming’s handshake.

Motherf\*\*\*\*\*, what is the meaning of this? I am offering you some respect. You shouldn't blame me for what is going to happen to you! Yang Ming's anger swelled within him. You think I'm just empty air? Anyhow, Sun Jie is still my temporary girlfriend. Why are you staring at her like this?

Yang Ming released his hand and said plainly, "Xiaojie [2], Mr. Guo seems to be hostile toward me."

At this moment, Guo Jianchao finally regained his composure. With embarrassment, he extending his hand and offered a handshake to Yang Ming. However, Yang Ming didn't even bother with him. Guo Jianchao couldn't help but put down his hand. In a typical scenario, as the elite of the business field, he wouldn't make such a silly mistake. Even though he was hostile, he wouldn't express it immediately. That would be a taboo in the business field! But, he liked Sun Jie too much. Hence, he had lost his composure.

But, he seemed to be out of luck. Right now, Yang Ming had listed him as a person who deserved a beating.

"Mr. Yang, that would be a misunderstanding... I do have feelings for Miss Sun. I was out of my mind just now. I don't have any ill intentions toward you." Guo Jianchao quickly explained.

Pretentious \*ss, you should keep putting up on your act! Wang Zhitao was using the same strategy, and you used it again. Without a doubt, birds of the same feather flock together! Didn't you have any ill intention? Only a ghost would believe it!

"Well said, well said." Yang Ming nodded but thought to himself, Who wouldn't know how to hide a dagger behind a smile?

Sun Jie was satisfied with Yang Ming's performance, but Yang Li didn't think so. She dragged Yang Ming out for the purpose of shaming him. She didn't expect Yang Ming to handle the situation well. When she tried to say something, Guo Jianchao began speaking.

"Mr. Yang, let me introduce you to the people with us here. This is Vice President Liao of Song Jiang Airport," said Guo Jianchao as he pointed at a short fatty.

Yang Ming nodded his head toward him. The short fatty responded with a smile.

“This is President Hua from Hua Jewelry Company.” Guo Jianchao pointed at a skinny man as he spoke.

Yang Ming still nodded his head. But, President Hua looked at Yang Ming in a scornful manner. He simply greeted Yang Ming with “Hmph.”

### **Chapter 157: Cold Observer**

“May I ask what is the esteemed career of Mr. Yang?” Guo Jianchao said as he raised his wine glass.

“Me?” Yang Ming smiled as he said, “Hehe, unemployed.”

Yang Ming had seen some online novels before. Many main characters in those novels would say that they are unemployed. This way, not only they would appear to be mysterious and unpredictable, but even when the lies were seen through by others, there wouldn’t be much awkwardness. Because I was really unemployed, I wasn’t lying to you!

“My cousin is just attending his university this year. Hehe, how would he be like you guys with such great careers?” Yang Li suddenly interrupted. When Yang Li saw how calm Yang Ming was, she felt irritation swelling within her. She wanted to invite him to cause some negative impact. How could she allow Yang Ming to trick everyone as Sun Jie’s boyfriend? Therefore Yang Li decided to spill the secret.

Yang Ming frowned, thinking, Weren’t you in too much of a rush? I still wanted to pretend and brag for a while. If this was the case, then I won’t even greet your grandfather!

Sun Jie also looked at Yang Li curiously. If you say things this way, wouldn’t you reveal everything?

However, Guo Jianchao’s face turned into joy, showing an expression of being enlightened.

“Ah? Hehe, I was saying it jokingly. I saw how Mr. Yang also has the surname of Yang, so I simply called him my cousin.” Yang Li pretended to have slipped her tongue and started defending herself. But in actual fact, she was making things worse.

“Hmph.” Yang Ming let out a cold hmph. Then he just casually opened the button on his shirt, showing his muscular chest and leaned backward openly. He lit a cigarette and put it into his mouth, looking completely like the mafia. “Alright, cousin, I know you don’t look up to people like us who mess around in the underworld, but Sun Jie and I are truly into one another. Since she didn’t say anything, you shouldn’t be too concerned about it.”

As he spoke, Yang Ming held the cigarette with one of his hands while he put his other hand on Sun Jie’s shoulder. Because he touched her thigh in the car before, Sun Jie wasn’t as resistant toward Yang Ming’s skin contact and they didn’t show any flaws. She merely smiled at the others charmingly, appearing happy with it.

Yang Li was stunned. Guo Jianchao was also stunned. President Hua and Vice President Liao were also stunned. They were people who had a higher rank in society. Since when would they meet such a rough gangster like Yang Ming? Seeing Yang Ming behave like a mafia boss, everyone felt a bit strange in their heart.

These people were men with culture, so they were quite disdainful toward Yang Ming’s status. However, since Sun Jie was present, they didn’t say anything bad either. But President Hua had a more scornful look.

What kind of person is a gangster? Do you think you would be a mafia boss if you look after a few punks? You are actually just the rubbish of the lowlives in society!

Initially, Guo Jianchao thought that Yang Ming was just a boyfriend who got invited at the last minute. But looking at Yang Ming’s thuggish face and his strong muscular figure, he was obviously a gangster. Even if you were finding someone to pretend as a boyfriend, shouldn’t you have found someone with better quality? It could truly be that this Yang Ming is Sun Jie’s boyfriend!

Guo Jianchao’s heart was feeling hopeful at the start, but in that split moment, it was sent back to rock bottom. How would Yang Li know that her initial effort to ruin the situation would otherwise contribute to the deceit of the scenario?

In the beginning, Yang Ming was already a gangster, so when he spoke about things it appeared rather authentic. Even though Guo Jianchao didn't say anything on the surface, he was pi\*\*ed off in his heart. I am Xiongfeng Group's vice president, and I am no match for a small gangster?

Looking at Yang Ming's features, Guo Jianchao couldn't take it anymore. If it weren't for President Hua who kept signaling him with his eyes, Guo Jianchao would probably have started mocking Yang Ming.

Even though Vice President Liao was maintaining the harmony on the table, Guo Jianchao was obviously unhappy. Therefore, the feast didn't reach its peak.

But Yang Ming didn't care that much. He just ate whatever was available and swallowed everything into his stomach. Since they weren't people from his community anyway, whatever others want to think about him is up to their own discretion.

"I will go to the washroom." President Hua stood up and secretly gave an eye signal to Guo Jianchao.

Guo Jianchao understood it immediately, stood up and replied, "I wanted to go anyway. Let's go together."

There was a trace of a smile that appeared on Yang Ming's mouth. The little gestures that they showed had already caused Yang Ming to be extra cautious. Therefore, Yang Ming would just throw a few glimpses into that one direction as if he weren't looking at it.

In the washroom.

"That pi\*\*ed me off! Brother Hua, do you think that gangster is really Sun Jie's boyfriend?" Guo Jianchao clenched his teeth as he said.

"We can't tell. It could be; it could not be. But the possibility of not seemed higher." President Hua analyzed, "What kind of status is Sun Jie? How would she find a little gangster as her boyfriend? Moreover, that person is Yang Li's younger cousin, who was younger than Sun Jie by three years. Do you think this is possible?"

“En, not bad. I also thought it wasn’t possible.” Listening to President Hua’s explanation, Guo Jianchao had a solid determination in his heart, “Oh yeah, the plan that we mentioned, are we still doing it?”

“Why, brother. Are you afraid?” President Hua smiled.

“Afraid? What would I be afraid of? That little gangster?” Guo Jianchao laughed.

“Of course not that little gangster. I am talking about Sun Jie’s family.” President Hua shook his head.

But this phrase was speaking out what was in Guo Jianchao’s heart, and he went quiet immediately. However, he quickly shifted and started saying fiercely, “What else could women be? As long as you satisfied her in bed, do you think she wouldn’t obey you?”

“Hehe, that’s right.” President Hua smirked, “Then I would like to congratulate you, brother, for you are going to be the son-in-law of the Sun family soon!”

“Hahaha! No worries Brother Hua. If I have such a day, I definitely wouldn’t forget the favor from President Hua.” Guo Jianchao wasn’t usually a mad person, but today’s things were his weakness. So he didn’t notice President Hua’s expression.

“Why are we still talking about these as brothers? I look up to you!” Even though President Hua was smiling, there was a chilly hidden agenda in his glare.

“That medicine... It can’t be traced right?” After laughing, Guo Jianchao still said worriedly.

“Of course not. It’s the latest technology from America. Even the FBI wouldn’t be able to figure it out!” President Hua assured.

“Oh! Let’s do this. I will go back first. You wait for a while before returning back to the room, or else it could raise their suspicion.” Guo Jianchao said happily.

Looking at Guo Jianchao’s disappearing figure, President Hua smiled as he said, “America’s technology? That was what I picked up from the sexual health store by the roadside with fifty yuan. How would the FBI not detect it! Let’s not talk about FBI, but any hospital would be able to figure it out. Little brat, in the future I will have you in my hands. Let’s see whether you dare to disobey me anymore!”

Inside the Lilac room.

“Yang Ming, what kind of attitude are you showing? Have you already forgotten all of the things I told you before?” Yang Li reminded softly.

“Do you mean the way I am behaving now wasn’t what you intended for me to do?” Yang Ming smirked.

“I will report to second uncle.” Yang Li threatened.

“Sure, then I will confess about how you forced me to pretend to be Sun Jie’s temporary boyfriend.” Yang Ming smiled.

“You!” Yang Li was thinking about saying something, then the room door opened. Guo Jianchao walked in with a smile.

Yang Li and Sun Jie were feeling confused. This brat went out with a sour face, but once he was back he appeared so happy. All that we could see was Guo Jianchao taking down a bottle of red wine from the wine rack behind him as he said, “Today’s atmosphere just doesn’t seem to be there. Sun Jie, how about you have some red wine?”

“Don’t drink if you don’t want to die.” Yang Ming plainly reminded Sun Jie with a sentence.

“Die? What do you mean?” Sun Jie was stunned.

Yang Ming frowned, Why does this lady have such a terrible comprehension skill? But Yang Ming couldn't tell her all the scenes that he "saw" just now. Luckily, he was far more clever now. He said perfunctorily, "You drove here. Why are you drinking alcohol?"

Seeing how Yang Ming was frowning, Sun Jie's desire to show-off started to come out, she said softly, "It's nothing much. A cup of red wine shouldn't be any problem." The tone was a bit sarcastic. It also meant: Aren't you the one who's afraid to die instead?

Understanding how Sun Jie had mistreated his fine intention, Yang Ming got really angry. I was doing it for you. Whatever you want to drink, then drink it. Whatever happens later, don't say that I didn't warn you.

Guo Jianchao took out two goblets and passed one to Yang Li, and another one to Sun Jie. However, the bottom of Sun Jie's cup was sprinkled with some transparent powder when the others weren't paying attention. The lighting in the room was dark, so without detailed attention, no one could have seen it. Moreover, Guo Jianchao poured the wine into the goblet right away, therefore, Sun Jie didn't even notice this detail in the whole scene.

But for Yang Ming, he was staring at this whole situation coldly, recalling the last sentence that President Hua said to himself.

A cup of red wine wouldn't be anything much to Sun Jie. She originally had a large capacity. Which woman who is in the business world cannot drink?

When Guo Jianchao observed how Sun Jie had emptied the goblet and put it back on the table, he felt happy in his heart. "Let's finish it here today. Later on, let's go and sing together. President Hua had already booked a room for us. Once he's here we could go – nuo – President Hua is here now!"

Chapter 158: A Fantasy Target

"I'm sorry everyone. I went for a smoke." President Hua said with a smile, "Have all of you eaten already?"

"Yeah, the food is nice!" Vice President Liao smiled while nodding his head.

Yang Li and Sun Jie didn't say anything, but they nodded as well.

“Then let’s stop right here. I booked a KTV room upstairs. We shall go singing and relax!” President Hua said.

Yang Ming shook his head while looking at Sun Jie’s flushed face. The drug’s effect had started. Now it was a matter of time for it to be fully in effect.

It wasn’t Sun Jie’s fault for being defenseless. Usually, the people who had dinner with her were of a high status. They were either government officers or CEOs. Who would do such a filthy act? Besides, she had such a powerful background. Whoever bullied her was courting death!

But someone truly wanted to taste death, and the person was Guo Jianchao. Guo Jianchao was still young and blundering. He was a Vice President by the age of 29, so he can’t be blamed for his arrogance. Furthermore, President Hua had influenced him to use such a drug.

Maybe he assumed it to be easy. He thought that Sun Jie would listen to him as long as he screwed her until she moaned with a WaWa sound. Guo Jianchao was very confident in his sexual skills. Since he matured at a young age, he was a regular customer at bath centers during high school. Therefore, he was good at having sex.

When he studied at university, Guo Jianchao tricked his campus belle to go to a hotel and screwed her without consent. At first, the little woman was crying, but after he bonked her for three days, her attitude had changed 180 degrees. [1]

So, Guo Jianchao was extremely confident. Indeed, it did work on some women, but not all. Guo Jianchao’s assumption was lacking.

The Nightless Club’s KTV had a gorgeous design. The sound system was imported from Korea, and the TV was a popular 52 inch HD LCD. President Hua booked a big room. There were two independent restrooms and bathrooms. So, anyone can rest anytime when they were tired of singing. The price, of course, wasn’t cheap. It was nearly the price of a room at a five-star hotel.

Yang Ming wasn’t interested in popular songs. Instead, he loved the old classic songs. Luo Ta-yu, Fei Xiang, and Zheng Zhihua were his favorites.[2]

Yang Ming felt like he was listening to noise when Guo Jianchao and the rest of them sang popular songs. `

He picked up a Zhongnanhai [3] and held it in his mouth.

“Get out and smoke. Do you want to smoke us to death?” Yang Li wasn’t happy, “We’re still singing. You’re choking us!”

Yang Ming wanted to slap her. No one else is complaining besides you! Do you think I want to be here? The singing is worse than the sound of cats shrieking!

Yang Ming stood up and walked toward the door. He returned after walking halfway. There was a toilet inside. Why would he need to go out? Yang Ming didn’t turn on the light and walked into the bathroom. He opened the bathroom’s window and gazed outside.

At this time, lights brightened up the city. Yang Ming was feeling emotional as he looked at this Nightless City located to the north of Hong Kong. Even since I helped an old man, I got some extraordinary abilities! Then, I became like a male lead in those lewd novels. He had unlimited affairs but his chances to get into trouble increased too.

Is this what they mean when every encounter can change one’s life? If one encounters a situation, then his life changes accordingly. If it was the previous Yang Ming who didn’t have special abilities, Yang Ming wouldn’t have chased after Chen Mengyan. He wasn’t confident enough after all. If he didn’t chase after Chen Mengyan, then he wouldn’t be Wang Zhitao’s enemy. Then he wouldn’t have met Lin Zhiyun as well. Correspondingly, Yang Ming wouldn’t have copied Zhang Bing’s exam paper. Zhao Ying wouldn’t ask him to go to her office either, and subsequently, he wouldn’t have the sexy tutoring sessions.

All of these were because of his unusual abilities. Including this time. If he didn’t have these abilities, he wouldn’t have registered in a university, and Yang Li wouldn’t let him go to her house...

Yang Li was drunk after two songs. She closed her eyes and slept. Vice President Liao had to leave because something came up. Before he left, he apologized to Sun Jie and asked her to explain to Yang Ming because he wasn’t there.

President Hua and Guo Jianchao despised Vice President Liao for this. Yang Ming was just a hooligan, why would you pay so much respect to him? When they saw Vice President Liao had left and Yang Li was sleeping, they were delighted. Yang Ming wasn’t here as well. If Sun Jie’s drug started to activate now, this would be a good opportunity for Guo Jianchao.

Sun Jie was feeling hotter and hotter. It was a strange feeling, but Sun Jie knew the feeling well. It was the craving for sex! She wasn't a girl who practiced abstinence. Sometimes she would vent her "needs," but it was weird for her to have this feeling now.

Normally she wouldn't have such an urge in this type of situation. Sun Jie frowned and closed her legs tightly. She was diverting her attention away from that. But the more she wanted to distract herself, the more she wanted it. Sun Jie licked her dried lips. She couldn't stop herself but kept crossing her legs.

Guo Jianchao naturally noticed something was wrong with Sun Jie. They looked at each other and expressed a joyful look.

When Sun Jie was breathing rapidly, Guo Jianchao asked as the "good guy", "Sun Jie, are you okay?"

Sun Jie clenched her teeth and shook her head. She was putting in an effort to control herself, but it didn't work. In the past, Sun Jie could hold her lust when she had the "need." But this time, she knew she had to have it, and the feeling just got stronger and stronger!

"There is a restroom here. Why don't you take a rest?" Guo Jianchao suggested as a "good guy" again.

Sun Jie couldn't take it anymore. If she didn't deal with it now, she would die! Sun Jie looked at the restroom and hesitated. Then, she ran toward the bathroom. All in all, "doing" it in a bathroom was more convenient than a restroom. The body fluids wouldn't stain anywhere and be seen by others.

Sun Jie turned on the bathroom light. She went in and locked the door. Then she couldn't wait to open her dress and remove her underwear. She pulled her dress while her fingers quickly slide around the private area...

Yang Ming was terrified. Isn't Sun Jie being too fierce? She masturbates in the bathroom of a KTV like no one else existed! Didn't she know that someone was beside her?

Sun Jie shouldn't be blamed for that because Yang Ming didn't turn on the bathroom light, and no one noticed him. Furthermore, Sun Jie had lost her mind. She just wanted to release her "needs", so her eyes were half closed. She never thought that someone would be there beside her.

"F\*ck! She ran into the bathroom!" Guo Jianchao cursed, displeased. "Is she masturbating now? If this happens, then wouldn't our plan be wasted?"

"Hehe, Brother Guo, why are you worrying so much?" President Hua shook his head with confidence. "This drug won't let her relieve herself. The more she masturbates, the stronger the desire. Maybe later, she would ask to have "fun" with you!"

"Really?" Guo Jianchao was delighted. "If that's the case, I'll be relieved."

"Of course, this American stuff is powerful!" President Hua nodded his head. He was right. Although the drug costs fifty yuan only, it was still a prohibited but potent aphrodisiac. It was called "Caryatid." When a woman consumed this drug, her mind was clear, but she could no longer control her body.

President Hua got this right. Sun Jie had this feeling right now. She felt like the fluid from her lower body part kept flowing out like water. No matter how she stroked it, she was still thirsty for it. Such feeling of wanting something but not getting it was making her suffer.

I truly wanted a guy to... a thought had crossed by Sun Jie's mind. She was surprised too! Although I usually have such "needs," I never want to do "this" with a guy... What's wrong with me today?

But such logical thought was preempted by the unlimited lust. The images of men crossed through her mind. Sun Jie didn't have good feelings about men, especially people like Guo Jianchao. So these people just flashed through her mind without pausing. Yes, Sun Jie hated all other men except her family! These other men usually didn't have good intentions. All of them chased her because of her family background!

At last, Yang Ming's image crossed her mind. But Sun Jie was surprised that his image didn't disappear, instead, his image imprinted itself on her mind!

Chapter 159: Wait...

In fact, Sun Jie was quite pitiful. Until now, beside Yang Ming, she didn't have any other person who could evoke her sexual fantasies. Initially, she was focusing on overcoming it biologically. However, the simple method right now didn't seem to be effective!

“Fanatic Caryatid[1]” had a unique point. It caused a certain degree of delusion to the drug user. With that, Guo Jianchao wouldn't be afraid if Sun Jie decided to file a police report. After all, she would still be conscious. In the end, Sun Jie would be seducing Guo Jianchao proactively, and therefore, she wouldn't be able to clear things up!

But, Guo Jianchao was quite worried. After all, this was his first time doing something like this. As he spiked the drink with the drug, he thought this matter could be the answer for the next half of his life!

“Brother Hua, do you think Sun Jie would sue me?” Guo Jianchao said in a worried manner. He was the standard of “grassroots.” His parents were employees. His status right now was the fruit of his thick-skinned brown-nosing. Certainly, as a high-grade graduate of economics, he had some capability, or else, he wouldn't be assigned an important role.

Also, it was because of his despicable but loyal attitude toward his boss. His rewards came from Wang Zhitao's father, Wang Xifan. He was Wang Xifan's right-hand man!

If Sun Jie sued him, he would be imprisoned and lose everything. It was a state beyond redemption! Yes, there wouldn't be any enterprises that would want to hire him after he left prison.

At this moment, even though he couldn't enjoy life at the peak of society, he was still in high class after all. Did he truly need to take the risk?

“Old brother Jianchao, don't you get it?” President Hua laughed, “The House of Sun is considered an established family. If there was a scandal, would they choose to file a police report? The media nowadays are all pervasive!”

“But... Even if Sun Jie didn't file a police report, what if she decided to take revenge on me later on?” Guo Jianchao was worried.

“You are stupid!” President Hua pointed at the restroom and said, “I have installed pinhole cameras. At that time, would you need to be scared of her with the video in your hands?”

“That’s true, hahaha. I think she doesn’t want to be the focus of a nude picture scandal!” Guo Jianchao burst into laughter, “Brother Hua, you surely thought it through!”

“Of course, we are close to each other. Why would I not help you?” President Hua nodded generously. He thought to himself, however, With that, I can get my hands on Sun Jie’s weakness and your weakness. Hmph, Hmph, in the future, I won’t need to fear that you won’t follow my orders!

“President Hua, I, Guo Jianchao, am fortunate for getting to know you! You are the guiding light of my life!” Guo Jianchao said it from the bottom of his heart.

He got to know President Hua at a cocktail party. They clicked well and became best friends. Later, President Hua not only introduced a lot of big shots to him but gave him guidance in his career. It helped him a lot. Certainly, it was a rare opportunity for a graduate who recently joined the workplace!

Hence, the two of them held their own agenda and fantasized about good things to come.

But, they couldn’t imagine that there was another man in the bathroom. This man was the hated little punk, Yang Ming.

Probably because Yang Ming only met Sun Jie recently. She also didn’t dislike him. Hence, the only one who had no conflict of interest with her quickly occupied her heart full of desires!

Yes, in these years, there wasn’t a shortage of outstanding men next to Sun Jie. But, these people only had their eyes on her wealth! Even if it wasn’t so, Sun Jie would subconsciously think that way. But, she felt something different today when she met Yang Ming. His plain expression and his couldn’t care less attitude attracted Sun Jie to start evaluating men again. Most probably the reason behind it was Yang Ming’s identity as Yang Li’s maternal cousin who was younger than her. She subconsciously regarded him as a little brother. Hence, for their first encounter, she didn’t hold any dislike for him. Facing her own family members, Sun Jie didn’t have any hostility toward them. It

was due to her psychology. Sun Jie broke out of the norm and flirted with Yang Ming a little, just like an elder sister fooling around her little brother. So much so that even when Yang Ming caressed her thigh, Sun Jie only regarded it as a little brat's rebellious act because he had not come into contact with females before!

If it was another man chasing after Sun Jie, he wouldn't dare to directly caress her thigh! Since she didn't have this psychological barrier, Sun Jie thought of Yang Ming at this moment.

“Yang Ming...”

Suddenly, the phone rang. It startled Yang Ming! Why didn't I change it to silent mode before?

Sun Jie was astonished. Then, she took out her phone from her pocket. The moment she decided to reject the phone call, she realized it wasn't her phone's ringtone! She was using Motorola, how could it be Nokia's exclusive ringtone, “Nokia turn!”

Sun Jie was surprised. She quickly looked in Yang Ming's direction. As soon as she noticed Yang Ming, her face was full of surprise. Her eyes and mouth were wide open. When she wanted to open her mouth and ask why Yang Ming was here, her insatiable carnal desire assaulted her body. Just now as she tried to grab her phone, she had to stop her hand movement.

Hence, Sun Jie's body became rebellious. She couldn't help but to close her eyes and continue her hand...

Did she lose her sight? Did she notice me? Yang Ming broke into a cold sweat as he witnessed Sun Jie's continued masturbation in front of him.

“Yang Ming...”Sun Jie was conscious that Yang Ming appeared in front of her. But, she couldn't control herself as Yang Ming's name blurted out from her mouth... Oh ya, isn't Yang Ming in front of me? An abrupt and bold idea came into Sun Jie's mind.

No, how could it be like that? Sun Jie's carnal desire once again flooded her remaining consciousness. Sun Jie stumbled and threw herself at Yang Ming. She hugged Yang Ming tightly, “Kiss me...”

===== BEGINNING =====

Yang Ming wasn't a gentleman after all. Even though he wouldn't force a girl to spend time with him in bed, it was illogical to reject juicy prey that surrendered herself to him. After all, Yang Ming held onto the thought that it was she who initiated the fun. How can it be my fault? What? You say that you were drugged? Okay, I had already warned you about the drink. You didn't listen to me, so you have no one else to blame.

Even though Sun Jie asked Yang Ming to kiss her, she was the one who made out with Yang Ming. Certainly, Yang Ming wouldn't let himself fall behind. Immediately, he responded passionately. Sun Jie's hand quickly tugged at Yang Ming's pants. Coincidentally, Yang Ming was wearing elastic waist shorts without a belt. Hence, Sun Jie easily took care of it. If it were trousers, Sun Jie would have more of a struggle with it.

The bottom half of Yang Ming's body was easily stripped. Sun Jie held onto Little Yang Ming and mounted it...

"Wait!" Yang Ming pushed away Sun Jie...

#### **Chapter 160: Same To You**

"Don't..." Sun Jie held tightly onto Yang Ming's d\*ck.

Even though Yang Ming didn't resist having one night stands, but he was concerned about safety. In an era where AIDS was prominent, Yang Ming didn't want to have the regret of his life with an impulsive action.

Moreover, Yang Ming was chauvinistic. In his mind, a woman's past was not important. He won't look down on a non-virgin. But once she had a relationship with him, he wanted to be her last man. He couldn't take it if this girl were to put on a green hat for him [1]. To avoid this kind of situation, he had to be prepared.

For example, Sun Jie. Yang Ming couldn't wrap his head around this girl. A strong man with superpowers like Yang Ming couldn't guarantee that he would conquer Sun Jie.

This woman is too mysterious and sinister!

What Yang Ming could think about was to wear a condom. This way, Yang Ming reasoned that he was doing it with the condom. Can't the condom be putting on a green hat for me?

But following this type of thinking was just fooling himself. However, as an extreme chauvinist, Yang Ming thought it was just another perspective!

High-class KTV was just fine. Or else Yang Ming didn't know how to step down! When he entered the bathroom, Yang Ming saw the shelf beside the basin contained two condoms and a few toiletries.

Yang Ming extended his hand to get a condom, and he tore open the packaging.

When Sun Jie saw that Yang Ming wanted to use a condom, she frowned. She said lightly, "Don't use that... I am clean..." Sun Jie thought she was smart and understood Yang Ming's concern. Sun Jie felt difficult as she looked very promiscuous just now. This brat probably thought that I am a whore who takes everything!

Yang Ming was stunned. Clean? He dropped a bead of sweat. Which woman would say she's infected? Yang Ming didn't listen to her. From his experience with Lan Ling, he put on the condom easily.

"Ai... " Sun Jie faintly sighed...

Yang Ming was a head taller than Sun Jie when they stood face to face. To maintain this posture was very challenging. Yang Ming knelt down and lifted Sun Jie up with his hands.

Even though Yang Ming had a strong body, he couldn't hold that position for long. After assessing the situation, he lifted Sun Jie up to the flat surface on the basin.

The sound of moaning and body contact spread from the small bathroom...

===== END =====

After half an hour, Yang Ming felt exhausted. Doing it in the bathroom, even though it brought a new sense of excitement and freshness, was very tiring! No wonder those who have tried it once would hesitate for a second round.

Sun Jie who had just released her urge felt refreshed. She wanted to take a nap but she knew she couldn't. There were still people waiting outside.

Sun Jie restored her calmness and quietly looked at the man embracing her who was panting heavily. He was a handsome man with quite a good personality. However, he seemed a bit young, or else, he could be a candidate to be her boyfriend.

Women were like this. They had complicated feelings for any man who had a relationship with them other than a rape of course. Sun Jie shook her head. She was still very realistic. She didn't regret how things happened this way. She was not the type who stressed a lot on chastity, otherwise, she wouldn't have spoiled her hymen very early on.

Although Sun Jie wouldn't purposely keep her chastity for her illusory husband, she was the type who would keep her chastity for someone she loved.

It sounded very contradictory, but it wasn't. It also meant that as long as Sun Jie truly fell in love with someone, then she would be loyal to that person forever.

Therefore, regarding what happened just now, Sun Jie was still pretty receptive toward it. She felt that if she were to fall in love with someone in the future, she wouldn't hide any secrets from him. Moreover, today's events were all arranged by fate. If that person wouldn't be able to understand even this, then this person wouldn't be worthwhile for Sun Jie to love.

Right now, Sun Jie could investigate the whole case. She wasn't stupid either. She knew that if she were to have this kind of situation, it couldn't be a typical physiological response. She never had this kind of feeling before. Therefore, the only possibility was that someone had drugged her.

Thinking about the series of events that happened today, Sun Jie calmly analyzed the situation.

Firstly, she had a relationship with Yang Ming. From a common sense perspective, he would be the most suspicious, yet he was the first that Sun Jie dismissed.

Why? There were plenty of reasons. Firstly, Yang Ming only met her today which meant that what had happened here was spontaneous rather than pre-planned. Yang Ming couldn't have an aphrodisiac with him for the entire time, right?

Secondly, Yang Ming didn't even know that she would be going to the bathroom. If he was waiting for her in the bathroom, it didn't seem very logical, right? There were two bathrooms here. How would he know which bathroom she would go?

Most importantly, Sun Jie recalled what Yang Ming said at the dining table, which was "If you don't want to die, don't drink it!" Yang Ming must have noticed something and alerted her about it!

However, this guy, really. Couldn't you just be a little clearer? Now you caused me to... Ai! But this also led to a very key person, Guo Jianchao.

Not only had Guo Jianchao served her the wine, he also poured it into the goblet! Thinking about how Guo Jianchao had treated her in the past, Sun Jie was even more certain on this point. Right, it's you, little brat, who did this thing. How dare you drug me? Are you courting death?

With a clear mind, Sun Jie let out a sigh of relief. However, it was because of this that Yang Ming's position in her heart had progressed by another step. This man seems to have sharp observation skills. Sun Jie looked at Yang Ming in contemplation, then she shook her head.

Right now, she should take care of the matters in front of her. Sun Jie lightly broke free from Yang Ming's embrace and said, "Let's clean up quickly. There are still people outside."

Yang Ming was still enjoying Sun Jie's enormous breasts at that moment. Of course, he was unwilling to be pushed away. When you need me you hug me tight, now that you have finished using me you just push me away? Yang Ming was displeased.

But Sun Jie was telling the truth. Yang Li was still outside. If she discovered something and ranted to his parents, then she would surely get him into trouble!

Yang Ming felt that this time was his most pleasurable encounter even though it was tiring. Yang Ming couldn't understand why. It could be the excitement from having an affair, or because of Sun Jie's voluptuous body, or because they were doing it in the bathroom, or that there were people outside... Ultimately, that excitement was hard to forget.

The two people quickly cleaned up their war zone and dressed properly. They also flushed away the condom and the tissue papers stained with their body liquids. It was slightly more troublesome for Sun Jie as she was a woman. She still had to apply makeup in front of the mirror, while all Yang Ming had to do was wash his face.

When they were certain that they cleaned up the evidence, they prepared to go out.

“Sun Jie... I...” Yang Ming felt that he should say something.

“No need to say anything...” Sun Jie said plainly, “Don’t we both have these needs? After we go out just pretend nothing has happened.”

It was also hard for her to forget that feeling of pleasure that had slid deeply into her soul and bones. But Sun Jie was a logical person. As long as she was no longer controlled by the medicine, she had restored her calmness. She knew that Yang Ming and she would not have much of a possibility. Let’s not first talk about the age gap, even their status was of a distance between heaven and earth! Yang Ming was still a student!

“I know.” Yang Ming frowned after listening to it. He felt somewhat uncomfortable in his heart. Are you acting superior now?

It wasn’t surprising that Yang Ming would be mad. These kinds of words coming out from a woman were rather painful. Yang Ming felt that he was a failure. F\*\*\*, am I just a tool for you to vent?

How would Sun Jie not understand what Yang Ming’s tone meant? Therefore she gave him a smile and said, “It’s not your first time, right? It seemed like I have looked down on you.”

“Same to you.” Yang Ming mocked.

“I—” Once Sun Jie heard Yang Ming’s words, her face turned gloomy. She wanted to say something but she hesitated and didn’t say it. She sighed, and just opened the door of the bathroom and walked out.

Yang Ming felt baffled. You have already done it yet you are still bothered when others say it!

In the meanwhile, Guo Jianchao and President Hua were at first happy when they saw the bathroom door open. But in their heart they were thinking, This Sun Jie was very resistant too, but now I guess you can no longer withstand it anymore?

However, when they saw Yang Ming follow behind Sun Jie, they were dumbfounded. Guo Jianchao's jaw dropped to the point where an egg could fit inside!

Why was that little punk in the bathroom?!
