

So Pure 291

Chapter 291: Shu Ya and Su Ya

Yang Ming closed down the CD he was looking at and smiled as he shook his head. I learned so fast yesterday that I thought I was a genius. I didn't expect to get stuck today.

As he thought about it in detail, the reason he could learn the gambling techniques quickly yesterday was that it was applicable to his x-ray vision. So he didn't need to master many techniques, for example, memorizing the cards, counting the cards, etc. As long as he was able to put out a good vibe, he could handle it! But the first-aid CD that he was watching now wasn't the case. Yang Ming had no medical knowledge at all. Therefore, this information was mumbo-jumbo to him. Moreover, it was not in his field of interest. Yang Ming was learning for the sake of learning, so it was boring for him. In turn, the progress was slower. However, these were all very important things after all. Yang Ming must learn it in order to be a qualified assassin. Otherwise, if he was injured one day and there was no hospital nearby, wouldn't he die?

After he turned off the CD, Yang Ming opened the webpage and was ready to check out the news. Suddenly he remembered the Shu Ya that Yang Xiaobo had mentioned, so he searched it on Baidu.

Originally, Yang Ming wouldn't have paid attention to it at all, but he remembered Fang Tian's words that day. He asked Yang Ming to pay attention to the news trends in all aspects of society. Besides, the name Shu Ya sounded similar to his first love, so Yang Ming was going to find out more about it.

After all, Yang Ming was somewhat curious. How can this star, Shu Ya, have this ring? Although this ring belonged to the "public version" ornament from that year, there were numerous copies issued in the country. But wasn't this too coincidental? The names were almost the same, and there was this ring. So, Yang Ming had some doubts.

But Yang Ming didn't think too much. Although he didn't pay much attention to these celebrities, he often watched the online news. Even if he didn't pay close attention, if Shu Ya was a famous singer, as Yang Xiaobo said, then her photo would always appear on the front page of the website! However, Yang Ming didn't remember seeing photos of Su Ya, which was why Yang Ming didn't have much doubt about Shu Ya.

Yang Ming entered the words "Shu Ya" in the search box and clicked on the search button. Once Yang Ming searched, Yang Ming was shocked and amazed. There were actually tens of millions of web pages about her! It seems that this "Shu Ya" is really a famous celebrity!

Yang Ming opened a few news sites and a website of Shu Ya's support group. Indeed, it was undeniable that when seeing Shu Ya's photo, Yang Ming's pupil changed instantly. She's so beautiful, Yang Ming couldn't help but sigh secretly.

However, Yang Ming also knew that these were the result of makeup and the photos were taken with some professional cameras, so it was normal to be amazed by it. Yang Ming took a closer look. On the face of "Shu Ya," there was no shadow of "Su Ya."

It seemed that they weren't the same person! It was because even if a person's look has changed, it was impossible not to see the shadow of the child at a young age.

Thinking of this, Yang Ming ruled out the possibility that she was Su Ya directly. After all, how could there be so many coincidences in the world? Besides, in Yang Ming's impression, Su Ya was more pure and beautiful than this so-called pure celebrity. This wasn't anything like the beauty is in the eye of the beholder, because Su Ya, when she was still in junior high school, was praised by many people saying she had the potential to be a big star.

Yang Ming downloaded several songs from Shu Ya, including "The Love of the Year" and "The Boy at the Same Table."

Yang Ming listened to her song. Shu Ya's singing was quite good. Her voice was very sweet, but Yang Ming didn't listen carefully as he had to go to Zhao Ying's house later on. He would listen to it in the future.

"F*ck, Yang Ming, you like Shu Ya too?" Zhang Bing came in and saw Shu Ya's photos on Yang Ming's browser, so he asked.

"I was just simply looking at it. What's wrong? Do you like her?" asked Yang Ming.

"Who doesn't like beauties? Zhao Sisi also likes her very much. Oh yeah, when you went to Hong Kong last time, did you see her?" asked Zhang Bing.

"Why's everyone asking me this question?" Yang Ming said helplessly, "I didn't see the person, but I spent a lot of money on a ring she wore!"

"Oh? Ring? Is it the iron ring with a small rose on it?" Zhang Bing opened his eyes in surprise.

"How did you know?" When Yang Ming saw Zhang Bing like this, he felt strange.

"F*ck, how do I know? This is big news. Didn't you know? There were hot posts in many forums in the past few days discussing this matter!" Zhang Bing said, "Let me search for you!"

As Zhang Bing spoke, he used Yang Ming's computer to log in to a famous local BBS. Sure enough, in the entertainment gossip section, a post at the top area was about this, and the content and its attention, "Mysterious rich man spent a lot of money for the smile of a young maiden."

Yang Ming looked at the contents of the post and found that there was no truth in it. Those were all nonsense. They didn't even catch the shadow of the truth. In the post, they said that he was a young master of a large group. In order to pursue Shu Ya, he spent four hundred thousand at the auction to buy an iron ring. Aside from the truth of buying the ring, none of the others were true.

"Do you believe this kind of news? I didn't even know what Shu Ya looked like before!" Yang Ming shook his head and said.

"But Bro, why did you buy this ring then?" Zhang Bing asked, puzzled.

"I just thought that this ring was similar to the ring I gave to a person. I bid for it without thinking." Yang Ming shook his head.

"You're so cool!" Zhang Bing stuck out his tongue. "You bid four hundred thousand USD without thinking? That's in US dollars! Where did your money come from?"

"It's from my godfather!" Yang Ming was right. The money actually belonged to Liu Weishan. "Yeah, My godfather gave me some money. He wanted to ask me to do business. I think I'm familiar with the jewelry business. Do you think we can have a partnership on something?"

"Oh? Your godfather?" Zhang Bing said, "That's good! I will call my father in a while. He is definitely willing to do it!"

Zhang Bing knew Liu Weishan's position in the academic world. If Liu Weishan was willing to participate, even if it was just a name, Zhang Jewelry Company wouldn't stay at the current size! Zhang Jewelry Company eventually would be taken over by Zhang Bing, so he was very happy to hear the news.

"That's great! Then you discuss with Uncle Zhang. Let's find a chance to discuss it in detail." Yang Ming said.

"Okay." Zhang Bing nodded. "Oh yeah, Bro, can I see the ring you bid on?"

"The ring is with Xiao Qing. If you want to take a look, I will bring it next time! But what's so special about the ring?" Yang Ming asked, confused.

"Don't you know? There is news that the ring is very important to Shu Ya. Every time she attends any important activities, Shu Ya always puts it on her hand. Think about it, for such an important item, how can she just sell it? Zhang Bing said, "Besides, Shu Ya's family doesn't lack money either. She won't care about that little money. Moreover, the money she got from the auction was donated, right? So, I think there's something else going on in this matter!"

"This broken ring, she wears it all day long?" Yang Ming felt incredible after listening to it.

"Yeah, it is said that there was some special meaning to it. Some people guessed that it was given to her by her former lover, so she had been wearing it all the time. But Shu Ya had never explained this upfront before!" explained Zhang Bing.

Yang Ming nodded. If there was no explanation upfront then most of them were just rumors. There was too much gossip nowadays!

However, after listening to Zhang Bing's words, Yang Ming also decided to retrieve the ring from Xiao Qing. Maybe there was something weird about it!

"What do you want to eat later?" Zhang Bing saw Yang Ming shutting down the computer, so he asked.

"What to eat? I have to go out now, so you and Tian Donghua eat first." Yang Ming said.

"Oh? Are you going out? Where are you going?" Zhang Bing asked casually.

"I brought some gifts from Hong Kong for Teacher Li and Zhao Ying." Yang Ming said, "I gave it to Teacher Li today when I visited her, but Teacher Li said that Sister Ying studies for her postgraduate degree at our school. I couldn't find her, so I'm going to visit her tonight."

"Zhao Ying? Studies at our school?" Zhang Bing asked in surprise.

"Yeah, I just heard about it as well!" Yang Ming nodded.

"Is that true?" Zhang Bing asked, "Is it possible that Zhao Ying came here for you?"

"Stop the bullsh*t!" Yang Ming glared at Zhang Bing.

"I understand. It's a sensitive period now!" Zhang Bing smiled.

Chapter 292: Encounter

"Right, does Chen Mengyan know that I'm back?" Yang Ming asked Zhang Bing.

"Of course, I took a lot of effort to reveal it to her!" Zhang Bing said proudly.

"How did you reveal it to her? Couldn't you just tell her directly?" Yang Ming felt suspicious.

"To speak directly to her, she would have to bother listening to me first. During this time, Chen Mengyan was just on her own. She didn't want to talk to me and Zhao Sisi." Zhang Bing smiled bitterly. "So, I used a trick!"

"What trick?" Yang Ming showed some interest.

"When I was in class this morning, I pretended to pick up a phone call and deliberately went to a place not far from Chen Mengyan. Then I said loudly, 'Yang Ming, it's you. Are you back? Have you bought my presents?' I think the whole class could hear my voice at that volume. I bet Chen Mengyan must have heard it!" Zhang Bing said.

"F*cking awesome!" Yang Ming laughed uncontrollably. You can even do that? However, it seemed like Zhang Bing was pretty smart. "What reaction did Chen Mengyan have?"

"There was no special reaction. She just glared at me and continued doing what she was doing." Zhang Bing said, "But in the afternoon, I found out that Chen Mengyan's mood was much better and her face had returned to her usual expression. I don't know what good thing she bumped into!"

Yang Ming frowned after listening to it. She wasn't fine in the morning. How come she suddenly became fine in the afternoon? Was it because she had heard the news of my return? No, that didn't make sense. If that was the case, Chen Mengyan would have been very happy in the morning!

I haven't even gotten into contact with Chen Mengyan in the afternoon. According to Zhang Bing, Chen Mengyan didn't seem to be contacting anyone. Is it... Yang Ming was shocked. It was said that the best remedy for the loss of love was to start another relationship. Did someone take advantage of this and get in? As he thought about this, Yang Ming quickly said to Zhang Bing, "Zhang Bing, how's our relationship?"

"Damn good! Undoubtedly, my brother!" Zhang Bing replied strangely, not knowing what Yang Ming was going to do.

"Then I will give you a difficult task. From tomorrow onward, you help me pay attention to who Chen Mengyan is in contact with." It wasn't that Yang Ming didn't trust Chen Mengyan, but the situation was that he had already let Chen Mengyan down. Therefore, it was impossible for Yang Ming to not be worried about it.

"What? Do you want me to be a detective?" Zhang Bing smiled bitterly. "Do I look like one with my body figure?"

"One word, go or not?" Yang Ming asked.

"Alright, alright! I'll go." Zhang Bing nodded. "I will have to buy a cap tomorrow."

"Don't. Just be who you are right now. If the university's security mistakes you as a bad guy due to your strange attire, you will be in trouble!" Yang Ming quickly stopped him.

"I was just saying it! Alright, Bro. You go ahead and pursue Zhao Ying. Just hand classmate Chen over to me!" Zhang Bing said.

Yang Ming smiled and said nothing. He went straight out of the dormitory.

He came to a place where he hadn't been for so long. Yang Ming's heart started pounding suddenly as he walked up the familiar stairs and came to the familiar door. Yang Ming knocked on the door gently.

After a long time, no one answered. Yang Ming knocked on the door again, and yet there was still no response. Was there no one at home? Even if Zhao Ying wasn't there, that little girl called Wang Xiaoyan who was living with her should be there.

Thinking of this, Yang Ming used his own x-ray vision and began to scan the situation in the house. Certainly, the room was dark. Regardless of whether it was Zhao Ying's room or Wang Xiaoyan's room, there was no one inside.

It seemed like there were really not at home, and he had come for nothing. Helplessly, Yang Ming had to return back by the route he took. If I knew this was the case, I would have taken a look at the situation here when I was downstairs, so I didn't have to climb downstairs again.

"Feng Dao, this kid is definitely problematic! Otherwise, how else would he know about our boss' residence?" Hei Shu frowned and asked.

"Yeah, why did he come to our boss? Could he have gotten hold of the secrets of our organization?" Feng Dao also had some doubts.

"Possibly! Otherwise, how did he ruin our plan last time?" Hei Shu nodded.

"Kill him or capture him?" asked Feng Dao.

"I'm afraid we can't kill him. It's a residential area. We will be in trouble if others saw it. Let's capture him and decide after we get to know the situation!" said Hei Shu.

"Okay, he is coming down. Let's get ready." Feng Dao said.

Hei Shu nodded to show that he understood.

Yang Ming looked downstairs as he was feeling dejected. His gaze stopped at the corner of the second floor and his mouth showed a trace of a sneer. The dialogue between these two people had been "seen" by Yang Ming's eyes.

Weren't these the two people who followed him in Hong Kong? Why are they in Song Jiang now again? Yang Ming had a strong impression of them.

Yang Ming continued to walk downstairs, but Hei Shu and Feng Dao didn't know that Yang Ming had already discovered them and was preparing to give them a finishing strike.

"Come out, now." Once he was at the door entrance, just when Hei Shu and Feng Dao were about to make their move, Yang Ming stopped and said plainly.

Hei Shu and Feng Dao were both stunned. Had Yang Ming found out about us? However, they were indeed assassins with professional knowledge about their field. They understood the principle that all was fair in a war. So, even though both of them stopped their respective actions, they didn't go up. They were now hiding in the corner of the corridor door. They didn't believe that Yang Ming could see them unless this person's vision had the ability to turn around a corner.

Yang Ming saw that Hei Shu and Feng Dao stopped their action, yet didn't come out to meet him. He frowned slightly and sighed coldly, "The fat man on the left side and man on the right side who has a mole on top of your brow, I was talking to you both!"

"Eh?" Feng Dao and Hei Shu became dumbfounded. Yang Ming had clearly described their physical features. It seemed like we were already discovered by the opponent! However, it was impossible. How did he find out about us?

Even though both of them were doubtful, Hei Shu and Feng Dao still came out. Anyway, there were two people on our own side who were both trained assassins. Two on one, what's there to be afraid of? Even if we were to fight each other, we had an absolute advantage.

"How did you find out about us?" Hei Shu asked first.

"Who are you two? What's the point of stalking me? From Hong Kong to Song Jiang, aren't you two tired?" Yang Ming didn't answer the question that Hei Shu asked, but asked his own questions.

"You actually know all of this?" Hei Shu was stunned, but then he smiled, "But it doesn't matter if you know it or not. You still guessed it wrong. We followed you from Song Jiang to Hong Kong. We wanted to finish you in Hong Kong, but we didn't expect you to escape from us."

"Do you think that I can't see through your tricks? You even waited for me for half an hour at the alley. You both are quite patient, aren't you?" Yang Ming mocked them.

"You!" Hei Shu's face went a little red. He didn't expect these to be seen by Yang Ming! The two of them thought they were doing very well.

"Hei Shu, let's stop talking to him. Capture him first!" Feng Dao interrupted Hei Shu.

"Wait!" Yang Ming frowned. "Did you just say that you followed me from Song Jiang?"

"Yes. Aren't you very capable? Why didn't you know about this?" Hei Shu also laughed at Yang Ming once.

"No, I was just curious. Why were you following me? Who sent you over?" The last time Yang Ming met an assassin at the door of Fang Tian's house had made him feel rather perplexed. Who wanted to attack me? Now looking at these two people, they obviously belonged to the same group as the previous person. They weren't just gangsters, but assassins with a certain professional knowledge.

In other words, in a sense, the both of them and I belong to the same class of people!

“Asking us why we were following you? Don’t you know what you are doing? Ask us? It’s ridiculous!” Feng Dao sneered.

“What did I do?” Yang Ming was also stunned. I didn’t seem to have offended anyone? Guo Jianchao? This guy was afraid of gangsters. It was impossible for him to have contact with assassins! Who else? Wang Zhitao? Liu Zhaojun? It was even more impossible for them. They were all students who were not likely to hire assassins regardless of how fierce they were.

“You continue to pretend. There’s no use in pretending!” Feng Dao no longer said anything. He said to Hei Shu, “Get him!”

Although Yang Ming wasn’t afraid of these two people, he was rather confused. This vengeance seemed to have come from nowhere. I didn’t even know what was going on, and they started hunting for me!

Yang Ming wanted to figure out what was going on. However, looking at the two people in front of him, they obviously didn’t intend to talk to him anymore. Well, since they had started making a move, Yang Ming didn’t have to restrain himself either. Once he got hold of the two of them, he didn’t think that they wouldn’t tell the truth.

Feng Dao and Hei Shu started attacking Yang Ming from both sides. The two of them originally thought they were far superior. From their point of view, Yang Ming was nothing special and one of them could have dealt with him. However, due to Yang Ming’s abnormal performance, the two of them had some vigilance and dared not to relax anymore. So, the two of them struck together.

Chapter 293: Dangerous Fight

Feng Dao grabbed Yang Ming’s left arm and Hei Shu grabbed Yang Ming’s right arm. The two people cooperated well as they struck at the same moment.

It was the first time Yang Ming had a fight with assassins. He had to be vigilant. Although these two guys seemed to be bad, Yang Ming didn’t dare to take it lightly.

Many players with great disparity fought together, but often the weaker side won. This was because the stronger side was conceited and underestimated his opponent! Yang Ming was familiar with the fable of the tortoise from his childhood, so Yang Ming didn’t want to commit such a low-level mistake.

When the both of them attempted to catch Yang Ming with their hands, Yang Ming made an abrupt movement. He suddenly ducked. Feng Dao and Hei Shu caught empty space at the same time. It was a shocking agility. Yang Ming had already clenched his fists. He aimed at the small bellies of Hei Shu and Feng Dao. In the blink of an eye, he stood up and delivered a heavy blow on the spots he targeted.

Although Yang Ming had undergone strength training during this period of time, Feng Dao and Hei Shu weren’t vegetarians[1]. They had a stronger vitality than ordinary people, especially the muscles in the abdomen. Hence, Yang Ming’s heavy punches could only bring them abnormal pain. However, it didn’t substantiate to any concrete harm to them! They recovered in an instant!

However, this small instant was enough for Yang Ming. Yang Ming quickly turned around to chop Feng Dao’s neck in an attempt to stun him. In this way, the other person would be much easier to handle.

Otherwise, they would strike in a pincer attack. Yang Ming wasn't Zhou Botong [2]. The taste of a pincer attack from the enemy on both sides wasn't very good.

"Pak!" The chop of his hand landed. Yang Ming felt a pain lingering on his hand. This person's bones were really hard! Yang Ming only saw Feng Dao snort but didn't fall down. He staggered as he approached Yang Ming!

At Yang Ming's back, there was also a whistling wind! Yang Ming's heart was shocked! Damn, the most taboo thing when fighting was this kind of front and back pinch attack. Once Yang Ming let them succeed, there would be hardly a chance to turn over! Yang Ming regretted that he was afraid of killing Feng Dao, and he didn't use all of his strength. Since the neck was a relatively fragile part, it was easily a fatal hit.

Yang Ming hadn't figured out the reason he became the nemesis for these two people. Probably, there might be some misunderstanding in the middle! As the saying goes, it is better to make friends than enemies. Yang Ming didn't have his own power now. He didn't want to make enemies everywhere.

If he really killed Feng Dao, then this hatred would be established. So, Yang Ming was giving mercy. He didn't expect Feng Dao to have such endurance!

Looking at Feng Dao who he had caught, and feeling Hei Shu who came behind him, Yang Ming knew it would be bad. He rushed to the right. He didn't expect that one day he would walk sideways like a crab like a sorry figure!

However, with Yang Ming's Heaven and Earth Great Shift [3], Feng Dao and Hei Shu could not see where he went. Hei Shu retracted the kick he launched halfway in a stiff manner. He almost trampled on Feng Dao's face!

Yang Ming made a lucky call! If he didn't have a lot of fighting experience when he was a punk on the street, he couldn't have dodged the attack!

Hei Shu and the Feng Dao saw Yang Ming escape. They rushed over to Yang Ming again.

This time, Yang Ming knew that the two men's skins were thick. He won't show mercy again. He began to increase his speed and strength. Yang Ming rushed over to Feng Dao. Just now this guy was struck by Yang Ming's hand chop. Even though he didn't faint, he certainly wouldn't feel good. Since he hadn't fully recovered yet, Yang Ming first picked this weak person to begin with. Such an approach was understandable.

Hei Shu also seemed to notice Yang Ming's intention. Yang Ming made his move, and Hei Shu did the same. Yang Ming had no choice but to turn around to deal with Hei Shu. Since they were both vigilant, the tricks were mostly exploratory attacks. There weren't any fatal moves.

Although it seemed that no one was gaining an advantage, Yang Ming was secretly worried! Hei Shu is creating a chance for Feng Dao to recover! Once Feng Dao recovered, it won't be easy to deal with two people!

However, there was no other way now! Yang Ming knew these two people. None of them was his opponent. Even if they were added together, they might not surpass him. However, unlike Yang Ming,

they still possessed the advantage of having two people with rich combat experience. It was still Yang Ming's first time dealing with people at the assassin level!

With a jolt of impatience, Yang Ming was eagerly seeking instant benefits. As a result, he got hit a few times. Seeing Feng Dao stretch his neck, it seemed that he had recovered. Yang Ming took a deep breath as he knew that he couldn't just let it be!

Stay calm. I need to stay calm! Who am I? I am the heir to the King of Assassins! If I can't deal with these petty characters, then I can't be the King of Assassin in the future.

Oh ya! Yang Ming suddenly thought of a good idea. At this moment, Hei Shu's weakness wasn't himself. He knew that Yang Ming wouldn't fight face to face with him. So, his actions were entirely intended to mess with Yang Ming's disposition to give time for Feng Dao!

Now, Hei Shu's weakness was Feng Dao! Perhaps, if Hei Shu had already noticed that If Feng Dao was defeated, then he wouldn't be able to cope with Yang Ming! With these thoughts in mind, Yang Ming's heart could not help but get excited. He had found a solution!

Yang Ming slightly adjusted his breathing. Then, he attacked Feng Dao ruthlessly. Yang Ming displayed his own ultimate technique, Yang Style Flying Kick! Certainly, Hei Shu was shocked as he rushed over in an attempt to stop Yang Ming. Then incredible things happened!

The direction of the leg that Yang Ming kicked out didn't change. But, the leg which played the auxiliary role changed direction and quickly kicked toward Hei Shu's chest. Hei Shu couldn't evade it and was kicked right on the spot!

He didn't expect that Yang Ming's two legs could actually be kicked out at the same time! After delivering a heavy blow to Hei Shu, Yang Ming also fell to the ground!

At this time, Feng Dao moved. He quickly moved toward Yang Ming. Yang Ming was shocked. A conditioned reflex struck as Yang Ming flipped up like a carp [4]. He launched his body from the ground toward Feng Dao as though it was a punch from a boxer on Feng Dao's chest.

When Yang Ming's fist just hit Feng Dao's clothes, a strong current suddenly struck Yang Ming. He was staggered on the spot. With such an opening, Feng Dao quickly pulled up Hei Shu off the ground and hurriedly fled.

Oh, sh*t! Yang Ming cursed. This person's clothes actually had the function of instant electric discharge! Yang Ming couldn't bear to just let them escape. He still hadn't figured out what these two guys sought from him!

Yang Ming endured the feeling of scorching numbness on his hand as he chased in the direction where Feng Dao and Hei Shu escaped. However, he only managed to see a motorcycle without plate numbers disappearing rapidly in the distance.

Go to Hell!

Yang Ming sighed. It seemed that it was absolutely impossible to catch up. He looked at his own hand. It was already scorched red! Yang Ming shook his head and returned to Zhang Bin's Pentium. He drove away.

When he went downstairs, Yang Ming “saw” the conversation between the two about him knowing their boss’s residence. What boss? Was Zhao Ying their boss?

Yang Ming was even amused by his own thoughts. Zhao Ying wouldn’t have any connection with any underworld assassin organization. So, what did the two people mean? Were they mistaken?

Yang Ming was also more inclined to this possibility. Even if Zhao Ying was their boss, then Zhao Ying had no reason to deal with him! So, Yang Ming wanted to have a nice chat with these two people. But, this wish hadn’t been realized!

It was really dangerous tonight. If these two people hadn’t succeeded, they would definitely not give up. Yang Ming was sure they would come and look for him again. Yang Ming was slightly distressed. It seemed that he had to be careful.

Fang Tian was abroad at this time. Yang Ming didn’t even have a person to discuss this with.

Yang Ming was uncertain, but Hei Shu and the Feng Dao were even more confused. What did this person do? Why was he so powerful? They were also considered excellent assassins. Usually, there were few rivals. Never mind a situation where two people cooperated, even in a one-on-one situation, it wouldn’t be so miserable!

“Hei Shu, today I’m lucky that I wore this electric shock suit. It can release a high voltage of electricity in an instant, or else, it would have been our end!” Feng Dao smiled bitterly and said, “Undoubtedly, my neck bone must be fractured. I won’t be able to move for two or three months! This kid is really ruthless!”

“Not only you. My chest was crushed as if he used a big stone! His technique is really weird! He obviously launched a kick at you, and yet he actually turned around and kicked me!” Hei Shu said.

“However, this also showed that this kid definitely is questionable!” Feng Dao said, “We can’t let him go!”

“What should we do?” asked Hei Shu.

“Let’s go back and discuss it before making a decision. I guess it wouldn’t work if we confronted him face to face!” Feng Dao said.

“Well, I’ll just listen to you.” Hei Shu nodded.

Chapter 294: Xiao Qing’s Doubts

Yang Ming was depressed today. Not only did he not see Zhao Ying, but his hand was also burnt. Misfortunes never come alone, and now Yang Ming was in this situation.

Although it wasn’t too serious as it didn’t affect the flexibility of his hand, his hand seemed too unsightly! In particular, Zhang Bing and Tian Donghua pointed at Yang Ming’s hand and laughed when they noticed Yang Ming enter through the door. “Ha! Yang Ming, have you gone to bake your hand?”

Yang Ming was angry. He went back to his room down-spirited. He switched on his computer and logged in to QQ.

Sure enough, this time Yang Ming paid attention to it. In the notifications that popped up, there was a report about Shu Ya.

"True love? Are you there?" Yang Ming glanced at the sender of the message. It was actually I'm a Superstar. She was online.

"En, I have just logged in. Did you change your avatar again?" Yang Ming asked while looking at the strange profile picture.

"Huh, last time didn't you say that my avatar looks... like that?" I'm a Superstar sent a ✍️.

"Weren't you the person who said it?" asked Yang Ming.

"Nevermind, how about my new avatar?" This time, I'm a Superstar didn't dare to say something like "Does it like look cool [1]?"

"It's okay. Why did you change your avatar suddenly?" Yang Ming didn't understand the behavior of I'm a Superstar. It was because Yang Ming never changed his own avatar ever since he signed up this account!

"I like to change my image!" I'm a Superstar said, "Does this look better or the previous one?"

"It doesn't matter. I will change to TM [2] tomorrow. Then, you don't need to ask me anymore." Yang Ming said. TM doesn't display avatars.

"..." I'm a Superstar was speechless.

"Right. You mentioned that you are a celebrity, right?" asked Yang Ming.

"Yeah, why? You still don't believe that I'm a celebrity?" I'm a Superstar sent a 😊.

"Celebrities don't have such leisure to chat with strangers..." Yang Ming said.

"Nevermind, I don't want to argue with you! What's the matter?" I'm a Superstar asked.

"Do you know a celebrity called Shu Ya?" Yang Ming asked.

"Shu Ya? Hehe, of course, I know. Why? Are you her fan?" I'm a Superstar asked.

"No, I'm just simply asking. I only learned that there was such a person recently." Yang Ming said, "I'm curious. Was there a surname like Shu?"

"Maybe it's a stage name?" I'm a Superstar sent a 🤔.

"Oh, is she a Hong Kong person?" Yang Ming continued.

"I don't know. If you don't like her, why do you want to know in detail?" I'm a Superstar said sulkily.

"Nevermind, you won't know even if I asked you. Shu Ya wouldn't recognize a small character like you." Yang Ming sent a 🙄. "I'm going to sleep. Talk again next time!"

"!!!!!" I'm Superstar sent a bunch of exclamation marks. "Go to hell."

Yang Ming didn't reply and then he went offline. It was because he was upset today. He was in no mood to chat because he had had too many troubles recently!

The next morning, Yang Ming called Xiao Qing. "Sister Xiao Qing, where are you?"

"Of course, I'm at school, or else, where would I go?" Xiao Qing heard Yang Ming, so she said softly.

"Can I look for you now?" asked Yang Ming.

"Look for me? Now?" Xiao Qing was astounded. "Yang Ming, are you having a fever?"

"Ugh... Sister Xiao Qing, I'm not having a fever, but you seem to have misunderstood me..." Yang Ming said, "What is wrong with a brother going to find his sister? I didn't say to do anything else."

"Don't you dare!" Xiao Qing said in anger, "Well, you can come now. I'm in Room 221 in the Computer Science building."

"Okay, I'm going now." Yang Ming hung up and went straight to Xiao Qing's office.

Yang Ming came to Room 221 in the Computer Science building, but he didn't expect "Deputy Director of Computer Science Office" to be written above. Yang Ming was surprised. He couldn't imagine Xiao Qing as his own boss!

The last time when Yang Ming went to the railway station to send out leaflets, he just met the secretary. He didn't know who the head of the department was. In the university, the secretary and head of the department were two sets of departments. The secretary managed the government affairs in the department and led the staff. The secretary was mainly responsible for the student union, membership, etc. The head of the department managed lectures while leading the teachers in the department. The head of the department was mainly responsible for lecture arrangements and exams.

Generally, freshmen didn't have many specialized courses. Hence, there was almost no chance of meeting with the head of the department. So, Yang Ming didn't know who his director was.

Yang Ming thought. No wonder Xiao Qing was so powerful. Xie Yongqiang listened to her instructions. Although she was not the director, she was at least a head of the department!

When Yang Ming knocked on the door, he heard Xiao Qing's voice, "Please come in."

"Sister Xiao Qing." Yang Ming pushed the door and went in, but he found out that Xiao Qing was talking to a teacher. It was Teacher Wang who taught him the basics of computer science!

"Yang Ming, you are here. Sit down first. I'm in the middle of something." Xiao Qing said.

"Xiao Wang, this is my younger brother, Yang Ming. He's in the class you taught, right?" Xiao Qing pointed at Yang Ming and said to the Teacher Wang.

"Sister Xiao, so Yang Ming is your brother, hehe." Teacher Wang smiled, "Sister Xiao, you can ask Yang Ming. He can testify that I have been diligent and responsible to students this semester. The one who reported that I was late for class definitely had ulterior motives!"

"En, I will investigate this matter again." Xiao Qing nodded formally.

"Sister Xiao, you see, the university will conduct an evaluation in a few days. If this thing doesn't end, it will be difficult for me!" Teacher Wang said with some embarrassment.

"I still have to discuss with other people, right? Besides, I'm the deputy director. Didn't Director Liang have to agree on this too?" Xiao Qing said.

"Sister Xiao, don't you lie to me anymore. Everyone knows that Director Liang will be retiring after the New Year. You have all the power in this department!" Teacher Wang didn't want to give up on this. If the evaluation was good, there would be a bonus!

"Xiao Wang, aren't you making this difficult for me?" Xiao Qing sighed and asked Yang Ming, "Yang Ming, you tell me then. How was Teacher Wang when he was teaching?"

"Teacher Wang, he..." When Yang Ming just wanted to speak, he saw Teacher Wang was giving him eye signals. Yang Ming didn't attend class often. He really didn't know if Teacher Wang was late, but it was true that he was responsible. Yang Ming often saw him explaining difficult problems to students. Including last time when Zhang Bing had a problem that wasn't about his studies, it was about the Internet. When he asked Teacher Wang, Teacher Wang answered him, too. So Yang Ming felt that Teacher Wang was not bad! Besides, Yang Ming wasn't stupid. He wouldn't purposely offend another teacher if there wasn't any proper reason!

So he said, "Sister Xiao Qing, Teacher Wang is quite good. He treated his students with passion. Besides, there is no evidence for the report. It can't be true. At the end of the university evaluation, there will definitely be some students who are about to fail. People who have bad characters often want to frame others."

"Yes, yes!" Teacher Wang listened to Yang Ming's words and nodded with gratitude.

"Since your students have said this, then this is the end of the matter. You go back and do your job well." Xiao Qing said to Teacher Wang.

"Thank you, Sister Xiao!" Teacher Wang said quickly, "Then I will go back first."

Before leaving, Teacher Wang didn't forget to nod to Yang Ming.

"Sister Xiao Qing, are you actually the head of the department?" After Teacher Wang went out, Yang Ming asked with some surprise.

"You just found out about it? So I will know whatever you do every day!" Xiao Qing laughed.

"Hehe, I have nothing to hide!" Yang Ming smiled and walked behind Xiao Qing. Then he hugged Xiao Qing from behind. His hands went toward her boobs.

"Stop it!" Xiao Qing slapped Yang Ming's hand. "Someone will come in later!"

"They won't." Yang Ming's movements didn't stop, but his eyes were paying attention to the movement at the door! Yang Ming could see through it. He would notice if someone was coming from afar.

"There is a camera in the room!" Xiao Qing was trying to intimidate Yang Ming.

"Impossible." Yang Ming said indifferently. Camera? Could that be hidden from Yang Ming's eyes?

“Alright, let go. I’m getting angry?” Xiao Qing said while glaring at Yang Ming.

“Hehe, alright. Someone is really coming this time!” Yang Ming quickly kissed Xiao Qing’s face, then squeezed Xiao Qing’s boobs. After that, he quickly released Xiao Qing and helped her to tidy up her clothes.

After doing all this, Yang Ming turned around and sat on the sofa next to it.

Xiao Qing was confused and looked at Yang Ming with a puzzled face. What is going on? Is someone coming? When she was about to ask, she heard a knock on the door.

“Please come in!” Xiao Qing looked at Yang Ming with doubt and said.

Chapter 295: Business Spy?

“What are you doing, Old Wu? What’s your intention? Let me go!” A middle-aged man with a big belly was dragged in by a man with glasses who was around his age. “Hello, you’re also an intellectual and a scientific researcher. Why are you behaving like a riff-raff?”

“Wang Xuefan, I don’t need to be polite with people like you!” The man called Old Wu said ruthlessly.

“Professor Wu Tongshan, why are you pulling the collar of Professor Wang Xuefan?” Xiao Qing said, “Why don’t you let go?”

“Director Xiao, I can’t. This guy is a spy! I caught him!” Wu Tongshan said coldly.

“What? Spy? Who did you say is a spy?” Xiao Qing was surprised. How did a spy emerge from the university? What’s wrong?

“Director Xiao, look at Old Wu. He said with certainty that I’m a spy. What is this? I’m so old. How could I be a spy?” Wang Xuefan said with a bitter smile.

“Age isn’t a bar to ambition. Spies can be old as well!” Wu Tongshan said with conviction, “Wang Xuefan, have you not expected this? I have long thought that you weren’t honest! I deliberately left it for a while, leaving you alone. In the lab, you didn’t expect me to catch you in the act, did you?”

“What caught me in the act? Old Wu, things can be eaten indiscriminately, but you can’t spout such nonsense. I, Old Wang, am also an old man of Song Jiang Industry University. How can I be a spy? Again, what act did you catch me in?” Wang Xuefan retorted.

“Yeah, what’s going on? Professor Wu, let go of Professor Wang first. If you have any discoveries, you can say it. You can’t just keep on holding the other’s collar !” Xiao Qing advised.

As soon as the year-end approached, everyone knew that the school would soon start to evaluate excellent lecturers and excellent professors. Once selected, it was all money and the bonuses were all five-figures! Therefore, some people who have bad relationships with each other and competitive relationships would start to make a move. If they weren’t looking for a small problem with the other party, they were finding faults to report to Xiao Qing, ultimately making it troublesome for Xiao Qing every day. She didn’t have enough hands to deal with these matters. But for today, it was her first time hearing something about catching a spy!

“I’m afraid he will run away!” Wu Tongshan said.

“Why would I need to run away? I said I’m not a spy. Why should I run away?” Wang Xuefan looked innocent. “Let me say this, Old Wu. We have been working together for so many years. How can you say that I’m a spy?”

“Hmph, I have already caught you in your act. You still don’t admit it?” Wu Tongshan sneered, “Director Xiao, can you take a look at this?” Wu Tongshan took out a digital camera from his pocket.

“Digital camera? What happened?” Xiao Qing also began to feel that there was something odd.

“The computers in our labs can’t be connected to the Internet. They’re all local network. There are no USB ports and floppy drives in the computers, so if someone wanted to steal the code we write, he can only use the most primitive method to copy by hand, or just take pictures of the screen with the camera!” Wu Tongshan said with reasonable evidence, “I have long felt that there were spies in our lab. For example, the last time we developed the medical management system, before our product was released, the Computer Research Institute under our city’s Xiongfeng Group took the lead in researching this system and quickly pushed it to the market!

“Later, I found that 90% of the code in the system was our code! There was no such coincidence in the world. I doubted it at that time, but there are spies in our lab for sure! Later, after my careful investigation, I found that Wang Xuefan was the most suspicious. He often found an excuse to stay after the research was done!

In the early morning, after everyone finished their work, they were exhausted as they were going back to sleep. However, Wang Xuefan said that he wasn’t tired and wanted to continue with the program. I paid extra attention at that time. After I left the lab, I didn’t go home immediately. I waited for a little while, and then I immediately returned to the lab. At this time, I saw Wang Xuefan holding a digital camera facing the computer screen. He was taking a photo! And, what was displayed on the screen was the code we wrote in the current phase of engineering research!”

“What?” Xiao Qing frowned and realized the seriousness of the matter. However, the spy who Wu Tongshan identified was somewhat astonishing. If that was the truth, Wang Xuefan could only be regarded as leaking trade secrets. But this crime wasn’t minor! After listening to Wu Tongshan’s words, Xiao Qing also remembered things from a while ago!

The computer science department had invested a lot of manpower and resources to write a management system for the pharmaceutical industry. It used its own database program, which could effectively prevent virus invasions. If the system was successfully developed, it would bring huge economic benefits to the university and the computer science department. Just as the research and development were coming to an end, suddenly a software company called Xiongfeng Computer New Technology Development Co. Ltd. became the first to introduce this system!

This caused all the research and development staff of the computer science department to roar in anger like thunder! Although the research and development personnel suspected that Xiongfeng Computer Company had used illegal means, there was no evidence. Also, Xiongfeng Computer Company also took the lead in registering the patent and related procedures, and Xiao Qing could find no way around it! Moreover, it was said that the parent company of the Xiongfeng Computer Company, Xiongfeng Group, had a solid foundation. Even if there was a lawsuit, they might not have a chance of winning. The other party might also accuse them of stealing the secrets from others!

Since there was no other way, Xiao Qing and the related personnel could only swallow it down. However, since then, all the computers in the research and development lab had been blocked from access to the external network. USB ports, COM ports, parallel ports and any interface capable of communicating with the outside world had been forcibly removed. It wasn't considered safe. Even the network cable interface had been removed, and the network cable was directly soldered to the motherboard. The same was true for the switchboard. This was to prevent someone from copying data straight through the cable. Since the network cable was soldered, no one could pull it out!

This was the astounding approach to confidentiality that these people who researched on computers all day long could think of! They didn't expect someone to take a photo with a digital camera!

"Professor Wang, is what Professor Wu said the truth?" Xiao Qing asked in a stern manner.

"Director Xiao, Old Wu framed me!" Wang Xuefan said quickly, "Yes, I was taking a photo with a digital camera, but my camera was a gift I bought for my grandson. I was just testing out the function by myself!"

"Testing out the function? Didn't you mention that you wanted to write a program in the lab? Wouldn't it be better to go home to test the function? Why were you trying it out in the lab?" Wu Tongshan sneered.

"Does it matter where I test it? Can't I continue to write the program after I finished the test?" refuted Wang Xuefan.

"Hmph, okay. When you experimented with the camera, did you really need to shoot every line of the program? Are you sure you were experimenting with the camera?" Wu Tongshan ruthlessly revealed it. "I have been paying attention to you for a long time outside the lab! Hmph, did you find out?"

"You... are so sinister!" Wang Xuefan frowned and said, "Well, even if you saw it, I was testing the camera. Do you have any evidence that I was not testing the camera?"

"Just base it on the photos inside this camera!" Wu Tongshan said.

"Photos? Old Wu, what are you talking about? After talking for a long time, you thought that I took photos and said that I'm a spy right?" Wang Xuefan pretended to be amazed.

"Hmph, so you admit it? You have nothing to say?" Wu Tongshan said coldly, "Of course, I'm talking about the photos, otherwise, what else did you think I was talking about?"

"Hahaha!" Wang Xuefan suddenly laughed.

"What are you laughing at?" Wu Tongshan found it somewhat inexplicable. Yang Ming and Xiao Qing also found it inexplicable. Could it be that this person had a mental breakdown?

"It's so funny. I can't. It's too hilarious!" Wang Xuefan still smiled and leaned forward, "Well, Old Wu, then why don't you look at the photos in the camera?"

"Of course, I have to take a look at it!" Wu Tongshan frowned. It seemed that something went bad. Why was it strange when Wang Xuefan talked about it? Was there something wrong with it?

Wu Tongshan turned on the power of the digital camera and then altered the mode to playback, but the screen of the digital camera turned blue and displayed three words, “No memory card!”

“There’s no memory card?” Wu Tongshan was surprised, “What happened? Where’s the card?”

“What card? There’s no card at all!” Wang Xuefan said calmly, “I took the camera and tried the macro shooting effect, and I didn’t put it in!”

“How is it possible? Right, when I entered the house, you were fidgeting around with the camera. Did you take the card out on your own?” Wu Tongshan asked.

“I took it out? Why would I take it out? If you don’t believe me, you can search me. Great, Director Xiao is also here. You can search me in front of her! See if there’s a card!” Wang Xuefan had no fear as he spoke. He spread his hands as he pretended to be innocent.

Chapter 296: Yang Ming’s Reasoning

“What did I do with the card? Can you stop framing me like I’m the thief? This camera was newly bought. It has never been used. I didn’t even buy a memory card yet!” Wang Xuefan said smugly, “Old Wu, can you let it go now?”

“This...” Wu Tongshan slowly released Wang Xuefan’s collar. He was somewhat unwilling, but he was helpless. He could only stare at Wang Xuefan.

Xiao Qing frowned too. It seemed that Wu Tongshan wasn’t making groundless accusations! Previously, Xiao Qing had some doubts too, so the laboratory’s security measures were strictly changed. Now Wu Tongshan caught Wang Xuefan using a digital camera, but there was no memory card in the camera. Xiao Qing was overwhelmed by the situation.

In fact, after she listened to the statements of the two people, she was more inclined to Wu Tongshan’s statement! Who would take a camera to test macro shooting? This was pure nonsense!

Yang Ming saw things clearly by the side. When he noticed Xiao Qing frown, he knew that she was overwhelmed! Now in this situation, Xiao Qing was the head of the department. Without evidence, it was impossible for her to agree with Wu Tongshan to perform a body search on Wang Xuefan!

Moreover, Wang Xuefan wasn’t anxious about it. Besides, he kept shouting at Wu Tongshan and asked him to search him. So, the memory card was clearly not with him!

However, Yang Ming wasn’t quite sure. He had a special ability anyway, and it was a waste if he didn’t use it. Therefore, he started to scan Wang Xuefan’s body with his x-ray vision!

Sure enough, he didn’t find a trace of the memory card on Wang Xuefan! No wonder this guy was so calm. It seemed that he was ready for it! Yang Ming certainly didn’t believe his reason of testing the macro shooting of the digital camera! Xiao Qing probably didn’t believe him either, but there was no evidence so she couldn’t do anything.

Originally, Yang Ming didn’t intend to bother with this kind of matter. But since this was related to Xiao Qing, Yang Ming had to get involved in it! Seeing his woman in such a difficult situation, this wasn’t Yang Ming’s style!

So, Yang Ming could only inspect this Wang Xuefan carefully! Okay, since there was no memory card on the surface, then I will conduct a profound scan again. I heard that it was even possible to put a memory card in the anus!

With that thought in mind, Yang Ming started to scan Wang Xuefan.

Ha! Yang Ming was delighted. The memory card was actually stuck in Wang Xuefan's a**hole! This guy really doesn't mind being dirty! Since the evidence had been found, Yang Ming didn't worry anymore!

"Can I say something?" Yang Ming stood up when Xiao Qing was in a dilemma.

"Who are you?" Wu Tongshan and Wang Xuefan asked at the same time.

"I'm Xiao Qing's younger brother. The onlooker sees more of the game. Have you heard of it?" Yang Ming said, "I just wanted to give you an evaluation of this from the perspective of a bystander!"

"This..." Wu Tongshan looked at Xiao Qing. How can an outsider comment casually on such an affair? However, since Yang Ming was Xiao Qing's younger brother, he had to be respectful in front of the head of the department. As such, he stumbled into a dilemma. As for Wang Xuefan, he didn't mind. My memory card has been properly hidden. What can you do to me? Can you just open my *ss and search it?

"Alright, Yang Ming. Go ahead and speak up. What should we do now?" Xiao Qing noticed that Yang Ming seemed to be confident. She decided to give him a chance to perform. The reason that Xiao Qing fell in love with Yang Ming was that he brought her a sense of security and Yang Ming cared about her. But who didn't want her man to be a capable person? Therefore, Xiao Qing also consciously wanted to look into Yang Ming's capability in handling affairs! It was also a test for him! Although Yang Ming might not handle it well, and Xiao Qing's love for him wouldn't change, who wouldn't want a better partner?

"Hehe, in fact, it is simple. Professor Wang, you said that this camera was new?" Yang Ming asked.

"Yes!" When Wang Xuefan heard Yang Ming say so, he thought that Yang Ming was inclined to him. Hence, he quickly added, "I bought this new camera. I haven't even equipped a memory card. Yet, you are claiming that I'm snapping some classified information with it. Bullsh*t!"

"Oh, can you show me the camera?" Yang Ming asked.

"Of course!" Wang Xuefan nodded and said to Wu Tongshan, "Old Wu, where's the camera? Give it back to me and let little... little brother take a look!"

Since Yang Ming was the younger brother of Xiao Qing, Director Xiao, he couldn't refer to Yang Ming as a nephew. Wasn't it the same as taking advantage of Xiao Qing? Therefore, Wang Xuefan could only call him little brother, although Yang Ming looked very young.

"Hmph." Wu Tongshan felt that Yang Ming seemed to help Wang Xuefan, so he gave the digital camera to Yang Ming snappily.

Yang Ming opened the battery compartment of the digital camera and found that there was no memory card inside.

"Sister Xiao Qing, do you have an SD card here?" Yang Ming asked.

“SD card? How much memory do you need?” asked Xiao Qing.

“Any memory will do. Just give me one.” Yang Ming said.

“Oh?” Xiao Qing had some doubts, but she did it anyway. As a person who studied computer science, who didn’t have a few SD cards with them? Xiao Qing opened the drawer and found a 128 MB SD memory card. Then she handed it to Yang Ming and said, “This is the original SD card on my cell phone. I didn’t use it because the memory was too small. Then I changed to one with bigger memory for myself.”

“It’s fine.” Yang Ming nodded and took the SD card.

Wu Tongshan and Wang Xuefan found it rather strange. What was Yang Ming doing? What did he want to do with an SD card? Was he spoofing?

Looking at Yang Ming’s SD card inserting the memory card into the slot of the camera, Wu Tongshan finally couldn’t hold himself.

“What the hell are you doing? Now isn’t the time to play with the camera. The most important thing is, do you think he is a spy? Say something!”

“You will know in a bit,” said Yang Ming plainly. He thought, If it wasn’t for Sister Xiao Qing, I wouldn’t even bother with you. Even if you fought with him until you were injured, it didn’t matter to me!

Yang Ming turned on the switch of the digital camera and then adjusted the mode to the camera mode. He simply took a photo and then he returned to the interface where the photo was displayed. Then he sneered, “Professor Wang, is this camera really new?”

“Yeah... What’s wrong?” Wang Xuefan didn’t know why Yang Ming would ask such a question. I bought this camera myself to shoot confidential information, so I never used it for other purposes. The surface of the camera is still new. It is almost the same as when first I bought it!

“Hehe, if it was a newly bought camera, how could you take more than 4,000 photos? How did you shoot it?” Yang Ming put the camera on Xiao Qing’s desk and pointed to the digital camera and the serial number of the photo file and said, “Sister Xiao Qing, look. The serial number of this photo is img_4519, which means, this is the 4,519th photo taken on this camera! Professor Wang, didn’t you buy a new camera? Didn’t this camera not have a memory card? Why was the serial number of the photo more than 4,000?”

“This...” Wang Xuefan broke into a cold sweat.

“Haha! Wang Xuefan, ah, Wang Xuefan! Justice has long arms! Do you have anything else to say next?” Wu Tongshan listened to Yang Ming’s commentary and immediately laughed!

Xiao Qing was satisfied with Yang Ming’s performance! Yang Ming actually thought of such a way to solve this matter! It seems that my younger brother is quite smart, not just the kind of person who relied on force.

“Hmph, how did I know that the serial number of the photo was more than 4,000? Maybe I was deceived by the profiteer. Wasn’t it possible to sell me a refurbished camera? Right, it must be like this. I will find the person!” Wang Xuefan wanted to retrieve the digital camera on the table as he spoke.

"Wait!" Yang Ming suddenly reached out and grabbed Wang Xuefan's arm. "Don't be in such a hurry to take it back. If it was refurbished then it's refurbished. Professor Wang won't mind the cost of a camera, right?"

"Give it back to me. I have to go home! Don't delay my time!" Wang Xuefan said impatiently.

"Go home? I don't think you can make it back." Yang Ming knew that the memory card was stuffed in his anus so he wouldn't let him go!

"What do you mean? Let me tell you. Don't think that because you are the younger brother of Director Xiao, you can be so arrogant!" Wang Xuefan said with irritation.

"I'm arrogant? I am just telling the truth. Sister Xiao Qing, call the police!" Yang Ming said coldly.

"Call the police?" Xiao Qing looked at Yang Ming and saw that he nodded slightly at her, so Xiao Qing picked up the phone.

Although Xiao Qing didn't know why Yang Ming was so sure, she still decisively listened to Yang Ming's decision. Xiao Qing felt that at this moment she was like a wife who was obedient to her husband's order, and that feeling was great!

"Director Xiao, stop kidding. Why are you calling the police? Isn't it too shameful? If it was actually a misunderstanding, the reputation of our school wouldn't be good!" Wang Xuefan was anxious.

Chapter 297: Emotionally Touched

Xiao Qing saw Yang Ming nod to her. Hence, she decisively dialed the police. She described the situation that happened to the people there.

After she hung up the phone, Wang Xuefan began to feel restless.

"Director Xiao, what are you doing? If there was something wrong, why don't we just solve the problem internally? Why did you have to report it to the police?" Wang Xuefan said, "This matter was non-existent. How could you simply call the police?"

"Whether is it non-existent or not, we will know it in a while. You shut up." Yang Ming was unwilling to waste time with him. He had already confirmed the truth of the matter, so he simply didn't want to bother with Wang Xuefan.

Xiao Qing didn't know why Yang Ming was so confident. But since Yang Ming was so courageous, he must have seized Wang Xuefan's weakness. Otherwise, he wouldn't eagerly have her call the police!

Xiao Qing thought that Yang Ming didn't mention it now because Yang Ming was afraid that Wang Xuefan would conceal it before the police came after Yang Ming revealed it! She wouldn't know that Yang Ming was simply unable to say it out loud!

It was not long before the police came! This was the theft of intellectual property. In addition, it happened in a higher education institution in Song Jiang. The police naturally didn't dare to neglect it. When they came here, they began to ask about the flow of events.

Wu Tongshan was the initiator of this incident. So when the police came, he added fuel to the situation he knew. The police made a transcript and then asked Xiao Qing and Yang Ming. Yang Ming also told the

police the same reasoning. The policeman nodded and said, "Little comrade, I didn't expect your observation to be quite keen. You can notice such detail!"

"Police comrades, we suspect that the memory card is still on him. Could you find a way to find it?" Yang Ming reminded him.

"Of course. You two, take Professor Wang to the bathroom and check him." The police instructed two men to come forward.

"What are you doing? Why do you want to search me?" Wang Xuefan was anxious.

"Professor Wang, we are conducting the investigation. I hope you can cooperate. This is also an indispensable procedure to prove that you are innocent. If you disagree, then we can only bring you back to the station!" The policeman said seriously.

"This..." Wang Xuefan hesitated a moment. If I'm brought back to the police station, then the matter may be unraveled. But now, if it was just a search, it was possible to bluff through it! Who would pay attention to the inside of the anus? Thinking of this, Wang Xuefan said, "Well, police comrades, I agree to a search. But, if you don't find it, I hope that you can hold others accountable. They are framing me!"

"This will be handled according to the rules and regulations. You don't have to worry about it." The policeman said.

"Alright." Wang Xuefan nodded. He followed the two policemen who were about to go out, but he heard Yang Ming saying to himself,

"Police comrade, I heard that someone can hide something in the anus in particular. Is there really such a thing?" Yang Ming asked casually, but in fact, he was reminding the two police officers who would be performing the search to not ignore that place!

"En, it does happen." The policeman nodded after listening to it, and the other two policemen also paid some attention to it.

When Yang Ming noticed that his objective was achieved, he said no more. However, Wang Xuefan's cold sweat started dripping! Yang Ming had just mentioned his weakness!

The result was easily predicted. The police found a 32 GB large-capacity memory card in Wang Xuefan's body. After sealing it in the evidence bag, Wang Xuefan was taken away.

Wu Tongshan was proud, but Xiao Qing's mood was weighed down! Although she caught this big tumor, how much was lost beforehand?

Xiao Qing quickly went to report it to the university. Then, she rearranged the progress of the laboratory work. After doing all this, Xiao Qing was tired and leaned against the leather chair behind her.

"Sister Xiao Qing, are you tired? Can I give you a massage?" Yang Ming said. He stood up and walked behind Xiao Qing, pinching her shoulder.

"Yang Ming, I don't want to trouble you. I'm fine." Xiao Qing smiled and shook her head, but she felt fluffy and sweet.

"Haha, Sister Xiao Qing. What trouble. If I didn't care about you, who would care about you?" Yang Ming's hands didn't stop. Yang Ming had learned the acupuncture points of the human body, so the massage was also proficient. It was comfortable for Xiao Qing as she had faint breathing through her mouth.

"Oh ya, Yang Ming, isn't there something not quite right with you today?" Xiao Qing looked up at Yang Ming. "Just now, how did you know someone was coming?"

"Hehe, this thing! Would you believe it if I say I could feel that?" Yang Ming looked at Xiao Qing's lazy expression. He could not help but want to kiss her.

"Feeling? Sixth sense?" Xiao Qing didn't say whether she believed it or not, but she gave him another question.

"Something like that." Yang Ming nodded. "It was just a strong feeling sometimes."

"I trust you." Xiao Qing frowned after listening. "However, Yang Ming, don't talk to anyone about this matter!"

"Why?" Yang Ming suddenly asked.

"Yang Ming, you are still young. You don't understand the sinister nature of this society! If you really have the ability to perceive, then if others learn about it, it will probably bring you big trouble!" Xiao Qing said seriously, "If your ability is used for gambling or some other illegal matters, what would the consequences be like?"

Yang Ming's reason for keeping silent over his ability was because of this reason. How could he not think of it! He didn't expect his joke to attract Xiao Qing's nervousness!

However, Yang Ming was emotionally touched because of Xiao Qing's attitude. Xiao Qing was really concerned about him. It was the kind of concern that was almost selfless! Usually, when people heard that their lover had a certain special ability, the first reaction was often how to use this ability to make money, or how to utilize the strengths of this ability. But the first thing that Xiao Qing thought of after listening to Yang Ming was his safety!

How could this not render Yang Ming to be emotionally touched? As a man who had someone like Xiao Qing, a woman who didn't ask for anything in return, what a blessing!

Yang Ming gently embraced Xiao Qing from behind. Xiao Qing also felt the sudden change in Yang Ming. She thought that he was excited. She looked up and wanted to reward Yang Ming by giving him a kiss.

But, she didn't anticipate that Yang Ming would kiss her with great intensity...

"Don't... this is the office..." Xiao Qing was blushing as she broke free from Yang Ming's offense. "Would you like to go to my apartment at noon..."

Due to Yang Ming, Xiao Qing was excited. They haven't been intimate after returning from Hong Kong. Although it was only three days, for those passionately in love, one day apart seemed like three years!

"Alright!" Yang Ming said with a delightful expression. It wasn't purely because of lust just now, but his heart was emotionally touched. Yang Ming was considering an important decision. He wanted to tell Xiao Qing about his special abilities!

He didn't want to hide from Xiao Qing. Such a great woman will never sell me out! Yang Ming definitely had confidence in Xiao Qing! I believe that even if she was about to be killed, she wouldn't betray me.

But today's timing was obviously not very mature. Yang Ming decided to find a suitable opportunity to talk about it.

"Well, this is the office. Pay attention to your image. You don't want me to let the others gossip about me, right?" Xiao Qing said with a smile. Even when she said so with her mouth, she didn't seem to care much about it. If she had no relationship with Liu Weishan, people could just say what they love!

"Other people are gossiping because they were also jealous of me." Although Yang Ming said so, he proactively released Xiao Qing.

"You are just coaxing your sister to be happy!" Xiao Qing smiled wholeheartedly. "Yes, Yang Ming, why were you looking for me? I was quite busy just now. A morning has nearly passed."

"Oh. In fact, it was not a big deal. The ring that I obtained from the last auction last time, is it here?" Yang Ming asked.

"Yes, it's at Dad's house. I still wonder. You spent so much money on a ring. Why don't you want it anymore?" Xiao Qing said, "I put it on the bookshelf in the study room. You can just take it."

"Okay, I know." Yang Ming said.

"Hmph, are you interested in the celebrity?" asked Xiao Qing.

"What do you mean I'm interested? My younger cousin, Yang Xiaobo, is her fan. When he mentioned it the other day, I only remembered that there was such a thing!" Yang Ming said.

Yang Ming said so, but he wanted to get the ring as soon as possible! He had an indescribable instinct which told him that there might be something wrong with the ring!

It was a familiar feeling. The familiarity toward the ring came naturally from his heart. Since Yang Ming saw those news reports yesterday, he had such a strong opinion of it!

Chapter 298: Being Threatened

At noon, Yang Ming and Xiao Qing left the school together. The relationship between them was brother and sister. If they avoided each other too much, it would raise the suspicion of others. So they acted naturally in confidence. Even if someone asked Yang Ming, Xiao Qing could say that he was her godbrother. He went to her apartment for lunch. There was nothing to doubt over.

The more forthright you were, the more you would be fine. The more sneaky you were, the more you would be misunderstood.

Xiao Qing lived in a standard single apartment, just like a hotel. A bed, a writing desk, a laptop, and some messy books. In the small partition by the door, some kitchen utensils were placed there.

Yang Ming locked the door. Then he stepped forward and hugged Xiao Qing...

They had been restraining their desires just now. It was noticeable when they went upstairs. Yang Ming and Xiao Qing looked a little excited. Just like a newly-married couple, the passions of the two people were instantly lit...

In the afternoon, when Xiao Qing left her home, Xiao Qing was still flushed red. Then Yang Ming went to Liu Weishan's place to get the ring, so Xiao Qing returned to the university first.

They had done that just now, therefore, their expressions weren't natural. So they didn't go together to avoid being noticed.

Yang Ming came to Liu Weishan's house. Chu Huifang and Liu Weishan had just eaten, and they were resting. When they saw Yang Ming, they were delighted.

"Big Ming, have you eaten yet?" asked Chu Huifang.

"Godmother, I have eaten already. I just ate at Sister Xiao Qing's house." Yang Ming nodded.

"Oh? You ate with Qingqing? The brother-sister relationship between you two isn't bad!" Chu Huifang smiled.

Isn't bad... sweat. We almost became a couple. Yang Ming thought to himself.

"Let's eat here next time. You should ask Qingqing to come over too. It's so troublesome to cook yourself! I'm cooking every day, so it's just cooking an extra portion!" Chu Huifang said.

"Okay, godmother." Yang Ming promised.

"Don't you have to go to class in the afternoon? How come you're here?" Chu Huifang suddenly remembered that today was Tuesday, and Yang Ming should go to school in the afternoon.

"Hehe, didn't I buy a ring during the previous auction? Sister Xiao Qing said that it was here so I was going to take it back and look into it." Yang Ming smiled.

"Oh, is that so? Then you should take the ring and go to class. It will be 1 p.m. soon. Don't delay the important things!" As Chu Huifang said, she went to the study room to give Yang Ming the ring.

In the Xiongfeng Group, Wang Xifan, the chairman of Xiongfeng Group, tapped the table in anger, "What the hell is going on?"

"Chairman, I have already asked around. It was because Professor Wang was caught when he photographed confidential information. The evidence is conclusive. It is estimated that something bad will happen!" said Wang Xifan's secretary, Huang Youcai.

"Can you ask the university to solve this issue?" asked Wang Xifan.

"I'm afraid that this isn't so simple. I heard that it was caught by the head of the department, and he personally reported it to the police." Huang Youcai said.

"Xiao Huang, you will handle this matter. Go to Song Jiang Industry University in the afternoon. Then, find the head of the department to convince him to not pursue the responsibility of my brother!" Wang Xifan ordered.

“Okay, I will try my best.” Huang Youcai nodded quickly.

“Let him offer the price. You can make the decision if it’s less than a million yuan! Nothing bad must happen to my brother!” Wang Xifan said.

It turned out that Wang Xuefan was actually the half-brother of Wang Xifan! The two men had been colluding together. Wang Xuefan stole information from the school and then handed it over to his brother’s, Wang Xifan’s, company to launch products for profit.

Huang Youcai was born as a little punk. He was a little clever. Wang Xifan met Huang Youcai through a friend’s introduction. Wang Xifan immediately felt that this person was talented, just like his name – talented [1]! After that, he was considered Wang Xifan’s right-hand man.

However, Huang Youcai didn’t let him down. He completed his missions flawlessly. In particular, this person knew a lot of friends in society. When doing things, if he couldn’t handle it through the normal approach, he would intimidate the person, and things would be solved easily.

So this time, Huang Youcai was confident. Wasn’t he just a head of the department? With these kinds of educated people, he would listen to me as soon as I intimidate him. At that time, I will give a carrot and a big stick. Then give some money, and the matter would be settled easily!

It was no wonder that Huang Youcai was confident. For the few bosses he had threatened before, everyone was so bad*ss at first, but Huang Youcai called a few people from the underworld.

In the beginning, those bosses wanted to call the police. Huang Youcai directly threatened them. If they dared to report to the police, there would be no peace in the future! No way, no one wanted to risk their own safety! If the bosses reported to the police at that moment, these people could indeed be arrested. But these people weren’t committing any major crimes. If they came out after a few days, wouldn’t the bosses suffer from it?

Therefore, those bosses could only listen to him.

This time, Huang Youcai also felt that it was an easy matter. He deliberately exaggerated the difficulty to make his boss appreciate him more. After all, the person involved was the boss’ big brother! If things were done nicely, then my reward would be greatly improved!

Although Huang Youcai was essentially a gangster, now he was also Wang Xifan’s secretary. Hence, he wore a proper outfit for the appearance. When he arrived at the university, people thought he was an educated person, so he easily inquired about the office of the director of the computer science department.

I didn’t expect Director Xiao Qing to be a woman! Huang Youcai licked his lips and smiled. In this way, it was easier. If she didn’t agree, I will ask someone to rape her!

Huang Youcai found the office of Xiao Qing confidently. He directly pushed the door and went inside without knocking on the door.

“Who are you?” When Xiao Qing looked up and saw a man walk in straight away, she couldn’t help but be stunned.

"Let me introduce myself. My name is Huang Youcai. I'm from the Xiongfeng Group." Huang Youcai sat down on the sofa in Xiao Qing's office.

"Do you have some business for coming here?" Xiao Qing frowned.

"Regarding my purpose for coming here, I'm afraid I don't have to say it clearly." Huang Youcai was a veteran so he was good at talking. "Director Xiao, we understand each other about some things. You and I are smart people, so let's cut all the bullsh*t. How much do you need? Give me a price."

"I don't understand what you're talking about." Xiao Qing's face immediately froze! Of course, she knew what Huang Youcai was saying, but Xiao Qing didn't want to bother about the things he said.

"Five hundred thousand?" Huang Youcai offered his own price.

"Mr. Huang, I really don't understand what are you doing. Please leave. I still have to work!" Xiao Qing said coldly.

"One million!" Huang Youcai put on the table the maximum price he could offer.

"I'm sorry. Mr. Huang, please leave." Xiao Qing said plainly.

"Everyone has a price. Can I know what is the price for Director Xiao? It doesn't matter. You can tell me, and then I can tell my boss for you!" Huang Youcai had a lot of experience in dealing with people like Xiao Qing who started off being stubborn at first, so he wasn't bothered.

"Mr. Huang, please don't bother me anymore, otherwise, I will call the Security Department." Xiao Qing warned.

"Call? Did Miss Xiao really decide to do this?" Huang Youcai suddenly stood up, and then he completely leaned over Xiao Qing's desk. "Don't say that I didn't warn you. You are doing a very dangerous thing!"

After that, Huang Youcai sat back down and continued to speak as if he were telling a story. "Isn't it almost the end of the year? At this time, the law and order aren't very good. Robbery and rape are happening all over the place! Sometimes, you have to take a step back. Does Miss Xiao understand this logic?"

"Are you threatening me?" Xiao Qing frowned.

"Threatening? Hehe, I'm not. I'm just telling Miss Xiao to pay attention to her personal safety! If you see caution notices in the mall, do you think the mall is threatening you?" Huang Youcai laughed. "Besides, the road at night is slippery, and accidents often happen. Zeze! Miss Xiao looks so beautiful so it would be a pity to lose it. It would be really a waste!"

"Go now, or I will call the police!" Xiao Qing warned.

"Okay!" Huang Youcai shrugged indifferently. "I'm telling you that there was a woman, like you, and she said that she wanted to call the police. Do you know what her results were?"

"I have no interest in knowing." Xiao Qing said so, but she was worried. After all, she was a woman!

"Hehe, after that, she was raped and thrown into the sewer... It was really a pity!" Huang Youcai shook his head. "I heard that... it was done by the rogue outside?"

“You!” Faced with a real threat, Xiao Qing was afraid to speak out.

“Well, Miss Xiao, this is my business card. I hope that you will give me a positive answer before leaving work today... If not, you will suffer the consequences. If you don’t believe me, then just think that I didn’t say it...” Huang Youcai took out a business card and placed it on Xiao Qing’s desk. After that, he turned around and walked out of the office.

Chapter 299: Text Message, Zhou Jiajia, The Past

Xiao Qing didn’t expect to attract people from the underworld because of Wang Xuefan’s matter! Xiao Qing couldn’t help but worry about it, but worrying about it was useless. For the current situation, it was impossible for her to intercede on behalf of Wang Xuefan for any reason. Even if she agreed to intercede for Wang Xuefan, the university wouldn’t agree!

What should I do now? Xiao Qing’s first thought was to call Yang Ming, but she was afraid that Yang Ming would do something extreme for her! Yang Ming’s combat skills might be powerful. He might be able to scare others when he traveled around, however, he wouldn’t be facing a person now, but the entire Xiongfeng Group! Moreover, the other party could investigate Yang Ming’s personal details. If they knew that he was merely a college student, it would bring him a lot of trouble! Therefore, Xiao Qing couldn’t tell Yang Ming about this matter.

Because she couldn’t do anything about it, she only hoped that Huang Youcai was just scaring her off. She just needed to be careful in the meantime. Fortunately, her apartment was on campus. She just needed to avoid going out to the streets during this time.

On the other hand, Wang Xifan also began to use his own connections to bail his older brother out of the police station. However, since the current affairs involved the issue of leaking secrets, such affairs could be either serious or negligible. No one dared to give a hand to Wang Xuefan. Besides, the head of the criminal investigation team, Chen Fei, was famous for his impartiality and incorruptibility because he wouldn’t cave under others’ reputations.

After his unsuccessful efforts, Wang Xifan could only put his hopes on the university. He hoped that Xiao Qing wouldn’t pursue his brother’s responsibility.

Yang Ming took out the polished iron ring from the exquisite jewelry box. It seemed that the original owner of the ring must have worn it often, and she often rubbed it.

Just as Zhang Bing said, this ring had an extraordinary value for the famous celebrity, Shu Ya. Yang Ming didn’t understand. If this ring was really important, why did she auction it?

Yang Ming carefully observed the ring. Once upon a time, I also had the same ring and gave it to Su Ya. I even carved a tiny “Ming” on the ring.

Although the two people had never talked about what this ring meant, Su Ya treated it as a treasure, and she wore it every day. Until the day when the two people were separated, Su Ya also said to him affectionately that she would wear the ring that Yang Ming gave her for the rest of her life.

Yang Ming sighed. The romance was already in the past. Everything had changed. Yang Ming put the ring back in the box and listened to the class with focus.

Yang Ming's computer science foundation wasn't bad. Nowadays, children had been exposed to computers more or less. Some had one at home; some went to Internet cafes. In short, normal operations were generally not a problem. Therefore, when the lecturer taught the class, it wasn't as hard as it used to be in the past. For instance, the explanation of switching on and off the computer used to take a day in the past.

During the afternoon, it was Lecturer Wang's class. Apparently, Lecturer Wang was delighted. The matter reported by the people was solved. His entire person was also relaxed.

"Yang Ming, do you understand? Is there anything else that you don't understand?" Lecturer Wang noticed Yang Ming looking up at him and he quickly asked in concern.

"Ugh... that. No, I understand." Yang Ming broke into a sweat. This feeling of getting extra attention was really not so good. Although he also knew that Lecturer Wang was grateful for what he said today, Lecturer Wang didn't need to take care of him so much, right?

Yang Ming thought to himself. If you want to take care of me, just take care of me during the exam.

"Oh, well, just ask if you have something you don't understand. Are there any questions from the others?" Lecturer Wang continued.

Most people didn't know the matter between Yang Ming and Lecturer Wang. So, when they heard Lecturer Wang specifically target Yang Ming just now, they thought that Yang Ming was caught sneaking out of the class! No one cared, but Sun Zhiwei sneered at Yang Ming. He was taking pleasure in Yang Ming's misfortune.

Yang Ming was too lazy to bother with him. This self-righteous villain, the more you dealt with him, the more he acted pretentiously with you.

This time, Yang Ming didn't dare to continue to stare at Lecturer Wang. Otherwise, he might ask Yang Ming more questions.

Suddenly, Yang Ming felt the phone in his pocket vibrate. Yang Ming took the phone out and saw a short text message. Who would send a text message to me? When Lan Ling was staying here, she always sent him text messages. Chen Mengyan occasionally sent them, but now... Yang Ming's cell phone hadn't received a text message for a long time. He occasionally received one or two in the middle of the night, but it was usually a text message about "helping to take revenge" or "professional agency fake certificates."

Yang Ming pressed the button to read.

"Why didn't you come to class a few days ago?" Yang Ming was dumbfounded by this text message which was incomplete. Looking at the cell phone number, he didn't recognize it. I don't have this number in my contact list.

Who sent this? Yang Ming shook his head as he was annoyed with this kind of text message. Yang Ming was too lazy to guess who this person was. He replied directly, "Who are you?"

After replying to the text message, there was no response for a long time. Yang Ming thought that it was a mistake, so he didn't care about it. However, he didn't expect another text message in reply after a while.

“Zhou Jiajia.” There were only three words in the text message.

Yang Ming frowned, Zhou Jiajia? Why did she send a text message to me? Doesn't this chick have a cold shoulder to me? Yang Ming raised his head and looked at Zhou Jiajia who was sitting in front of him. She was focusing on the lecture with a poised look.

Damn, is someone trying to fool around with me? Yang Ming replied, “Do you know who I am?”

After sending this text message, Yang Ming began to pay attention to Zhou Jiajia. Certainly, he noticed Zhou Jiajia lower her head! It seemed that she really sent it. However, Yang Ming was more confused. Do I have any relation to her?

Albeit the past misunderstanding, after going to university, both of them didn't seem to have cleared up the past. They pretended as though they weren't acquainted with each other. At this moment, why did she send text messages to me?

After a while, a text message came back again. “Aren't you Yang Ming?”

Yang Ming shook his head. It seemed that she was looking for him without a doubt. Since he knew that it was Zhou Jiajia's text message, Yang Ming didn't want to bother with her. But, he hesitated for a while and replied, “Why are you sending me text messages if you know who I am? Aren't you afraid that I would look for someone to beat you up?”

After the text message was sent, Yang Ming regretted it a bit! As the saying goes, a gentleman doesn't fight with a woman. Why am I stirring up trouble for her! When he was young and acted on his emotions, he looked for a few delinquent girls to teach Zhou Jiajia a lesson. When Yang Ming thought about it now, he felt that he had overdone it! She was a girl. How could I treat her with violence?

“If you said that, does that mean that you remember me?” Zhou Jiajia's replied with another text message. Yang Ming looked at the tone of this text message. Why does it sound like a complaining housewife?

“Nonsense. Can you forget me?” Yang Ming wrote a message back in agitation. Even if his memory had worsened, he wouldn't forget his enemy!

“Jiajia, wasn't my idea good?” Wang Xue said proudly as she looked at the text messages with Yang Ming's replies.

“But his tone doesn't seem to be nice... He still hates me...” Zhou Jiajia sighed faintly.

It turned out that the idea of sending a text message to Yang Ming was Wang Xue's.

For someone like Zhou Jiajia, who had a secret crush on Yang Ming, it would take years to get a result! The current situation was that Yang Ming simply didn't know that Zhou Jiajia liked him! And Zhou Jiajia and Yang Ming didn't have any platform to get in contact, so Wang Xue was secretly anxious for her friend.

Wang Xue noticed Zhou Jiajia was depressed, so she wanted to help Zhou Jiajia. The leaflet incident at the train station was actually a great opportunity. Therefore, under the encouragement of Wang Xue, Zhou Jiajia also decided to try and get close to Yang Ming.

Even though Zhou Jiajia was a genius with computers, she was a complete idiot with romantic issues. Otherwise, she would not have done anything as stupid as to report Yang Ming to the lecturer! Wang Xue heard about Zhou Jiajia's past. She pointed out directly at Zhou Jiajia's head and lectured her for being a big fool. Which man would like this kind of woman who stirred up trouble?

But things had already happened. Zhou Jiajia couldn't help but regret it. After listening to Wang Xue's analysis, Zhou Jiajia also felt that her thoughts at that time were too simple. She thought that Yang Ming and Su Ya would break up, then she would be together with Yang Ming. In retrospect, it was ridiculous! I was the culprit. It wouldn't make sense if Yang Ming didn't hate me!

So when Zhou Jiajia was taught a lesson by someone asked by Yang Ming, she didn't have any complaints. After all, she had gone overboard and actually forced Su Ya to transfer!

Moreover, Yang Ming's degeneration also made Zhou Jiajia sad. She had hurt two people in an instant! Later on, when Zhou Jiajia heard that Yang Ming had enrolled in Song Jiang No. 4 High School, she was somewhat relieved in her heart.

Chapter 300: I Like You

Wang Xue's plan was to let Zhou Jiajia find an excuse to pretend to be close with Yang Ming at the end of the publicity. That way they would have the opportunity to communicate if the two people went home together.

Zhou Jiajia had a good understanding of Yang Ming before. She knew that Yang Ming lived in the Song Jiang Bus Factory Employee Family Compound, so she found a reason to go to the Red Flag High School.

Coincidentally, during the promotion, the only two girls in their group, she and Song Yu, were chatting. Song Yu asked her where she was going after the promotion ended. Zhou Jiajia didn't think much and said that she was heading toward Red Flag High School. But she didn't expect that Song Yu's home was actually near Red Flag High School, so Song Yu asked to go home with Zhou Jiajia.

This time Zhou Jiajia was completely helpless. Could it be so coincidental? Even God didn't want to help her? Zhou Jiajia wanted to refuse, but there was no proper reason. She didn't want to make the relationship between her classmates awkward, so she had no choice but to agree.

Later, due to the fact that Song Yu was present, Zhou Jiajia didn't have the courage to say anything to Yang Ming. But then she felt that even if she was alone with Yang Ming, the results might have been the same.

Zhou Jiajia felt that she was really a noob in her relationship. I don't really know what to say even if I'm with Yang Ming.

Wang Xue was angry and hateful at this moment. Zhou Jiajia, ya, Zhou Jiajia, you look so smart but why are you so stupid? However, even if she scolded the girl, Zhou Jiajia was still her best friend. She couldn't leave her friend alone. She might need to look for another way.

It was an easy task to find Yang Ming's cell phone number. Wang Xue casually asked a friend from class 02 for the classmate's contact record and then she wrote down Yang Ming's cell phone number.

Therefore, Wang Xue introduced the plan for sending text messages. Under Wang Xue's instigation, Zhou Jiajia sent a text message to Yang Ming.

They didn't expect that Yang Ming would really reply to her after a while. Zhou Jiajia was shocked and happy, but she didn't know how to answer it. Yang Ming asked who she was! If Zhou Jiajia told the truth, she was afraid that Yang Ming would ignore her. So, she was hesitating. But after seeing this situation, Wang Xue directly grabbed Zhou Jiajia's cell phone and sent "Zhou Jiajia" over swiftly.

"Why did you tell him who I was?" Zhou Jiajia wanted to stop her but it was too late. Wang Xue had pressed the send button.

"If I didn't tell him who you were, did you think he would still return the text message?" Wang Xue said, "Moreover if he doesn't know who you are, no matter how many text messages you send, you can't change the current situation."

Therefore, every time Yang Ming sent a message, Zhou Jiajia and Wang Xue had to discuss for a long time. Wang Xue became a love guidance consultant. Until the last message was sent, Zhou Jiajia wondered, "How should I answer this question?"

"Isn't this easy? This is a good opportunity!" Wang Xue looked at the text message on the phone and laughed.

"Good opportunity? What do you mean?" Zhou Jiajia didn't understand.

"Hehe, come. I will handle it for you." Wang Xue took Zhou Jiajia's cell phone and then wrote a text message, "I can't forget about you because I like you."

After writing, Wang Xue sent it out directly. But Zhou Jiajia was dumbfounded. She was staring at Wang Xue and didn't know how to respond anymore. "Wang Xue... Why did you send this... How could you tell Yang Ming?"

"Stupid girl, if you didn't tell him, he would never know that you liked him all his life!" Wang Xue said indifferently.

"But... Ai, it's over. This is all over. What if he refuses me?" Zhou Jiajia was anxious. "Do I not have any chances at all?"

"Then you have a chance now?" Wang Xue asked.

"But... there is at least hope now..." Zhou Jiajia thought that if Yang Ming didn't know, then she still had hope. Once Yang Ming completely rejected her, wouldn't she have no hope at all?

"I don't see any difference." Wang Xue shook her head. "Even if he refused you, you have tried hard. At least, if he refused you, would you stop pursuing him?"

"..." Zhou Jiajia thought, It was sent anyway. There is no room for regret. Therefore, Zhou Jiajia was like a prisoner sitting in court waiting for the sentence. She was nervous as she stared at her cell phone screen. She didn't know what Yang Ming would tell her. She was afraid that Yang Ming would reject her, but she also knew that there was zero possibility that Yang Ming would accept her.

Yang Ming looked at the text message on the phone and frowned. What is this? Spoof? Yang Ming was found it somewhat inexplicable. Zhou Jiajia liked me? Why didn't I notice it?

Yang Ming looked at Zhou Jiajia in front of him and found out that she was lying on the table. Yang Ming didn't know Zhou Jiajia's thoughts. He thought that this little girl was trying to make fun of him.

Damn, did you think everyone liked you because you were beautiful? Yang Ming thought carefully about the past. He and Zhou Jiajia were complete enemies! I asked someone to beat her up, so Zhou Jiajia should hate me! So, Yang Ming thought that this text message was definitely a trap!

Apparently, as he thought about it, Yang Ming unfurled his brow. Damn it, I'm really smart! This is definitely the case. Zhou Jiajia wants to retaliate against me. Yang Ming had seen the way girls retaliated against boys on the Internet. The most common thing was to let the boy fall in love with the girl, and then the girl ruthlessly ditched the boy to achieve a sense of retaliation.

After thinking about Zhou Jiajia's thoughts, Yang Ming didn't have time to chat with her. He directly sent "You're crazy!"

Zhou Jiajia looked forward to the reply. She tensely waited for Yang Ming's reply, however, when she received it, the text message made her dumbfounded.

Crazy? This meant that Yang Ming didn't believe what she said in the text message! However, this also meant that Yang Ming didn't fundamentally reject her and she still had a chance.

So, this result was already the best! While Zhou Jiajia gave a sigh of relief, her heart dwelled in melancholy. When will miracles happen between Yang Ming and me?

Seeing Yang Ming's text message, Zhou Jiajia knew that she shouldn't continue to disturb Yang Ming today. She already knew his cell phone number anyway. Therefore, she's wasn't in a rush. If I keep sending messages once in a while, maybe I can ease the relationship between us?

Yang Ming didn't bother anymore since he noticed that Zhou Jiajia didn't send another text message. Did you want to play with my feelings?? You are still a noob! However, you still have self-awareness. You didn't continue to cheat me once I realize that it was a trap. Otherwise, I will go with your plot and f*ck you first. Let's see who would suffer a loss!

The sex with Xiao Qing at noon deeply intoxicated Yang Ming. Therefore, Yang Ming planned to sneak into Xiao Qing's house after the lecture ended.

So Yang Ming took out his cell phone and sent a message to Xiao Qing.

"Sister Xiao Qing, where do you want to eat tonight?"

Xiao Qing was troubled by Wang Xuefan's business. When she saw Yang Ming's text message, she hesitated for a while. She was afraid that things would drag Yang Ming into it, so she refused him. "I'm a little tired. What about two days later?"

Xiao Qing believed that Yang Ming would be able to understand the meaning of this.

Sure enough, Yang Ming was depressed after receiving the message. But he thought of the wild experience between them. It was common for Xiao Qing to feel tired.

"I was just asking to eat together, not eating you..." Yang Ming sent an unwilling message.

"Okay, don't be childish. What about tomorrow?" Xiao Qing replied.

Since she said so, Yang Ming had no choice. He couldn't really force her.

After the second lecture in the afternoon, Yang Ming walked out of the lecture room quickly. Since he had no appointments, Yang Ming headed back to the dormitory to review the information he got from Fang Tian!

As he just walked out of the classroom, he saw Wang Zhitao standing outside.

"Yang Ming!" Wang Zhitao saw Yang Ming and immediately greeted him.

"Oh? Wang Zhitao, how come you came to our class?" Yang Ming found it strange. It seemed that Wang Zhitao didn't come to look for him.

"Hehe, I'm looking for someone. Right, Yang Ming, can you help me call Zhou Jiajia?" Wang Zhitao asked.

"Zhou Jiajia?" Yang Ming was stunned and rolled his eyes. Could it be? How did Wang Zhitao get to know Zhou Jiajia?

"Yeah, hehe, Yang Ming, don't worry, I don't have that intention for Chen Mengyan now. I decided to pursue Zhou Jiajia!" Wang Zhitao said with a smile, "I just came here to invite her to dinner!"

"This..." To be honest, Wang Zhitao had no relationship with Yang Ming, as long as he no longer harassed Chen Mengyan! But now, Wang Zhitao actually asked me to call Zhou Jiajia for him?

"Help me, please! I only know you in this class. Please! I'll be waiting for you at the stairs!" Wang Zhitao said, "This Sun Zhiwei in your class is really annoying. He immediately chased me away."
