Chapter 751: The Awkward Zhao Ying (A)

Because of the large number of people, Li Ge didn't notice Yang Ming who followed Zhao Ying. He also said, "Your mother isn't good looking, but you're quite beautiful..."

Li Ge only simply said it and didn't think too much about it, but the group he brought over was a little unruly. One of the black-faced men went on to say, "Well, you should accompany us to have some fun. We will pay for you. How about it?"

Li Ge usually followed Sun Hongjun. Naturally, it was impossible to do anything naive. Although he was arrogant, if he had gone too far, Sun Hongjun would definitely not let him go.

But these people under him were somewhat unscrupulous. Although these people were doing things for the Sun Family, they were directly managed by the Tian Family. It wasn't appropriate for Sun Hongjun to interfere too much.

However, even though Li Ge wouldn't go too far himself, it didn't mean that he would prevent others from doing these things. Li Ge didn't get to sulk, so naturally, he was happy to watch the fun.

Yang Ming listened to the black-faced man's words, and suddenly, he was somewhat unhappy. Well, let's ignore the fact that he had a special feeling for Zhao Ying. Even if it were just a simple brother-sister love, Yang Ming still wouldn't allow others to make fun of Zhao Ying. Otherwise, Yang Ming wouldn't have messed with that stupid Jin Gang in the beginning.

"It's better to leave the money with your mom to have fun." Yang Ming naturally knew Li Ge but didn't say hello to him. He was just Sun Hongjun's driver. Yang Ming didn't need to give him any face.

Listening to Yang Ming's sudden and hard words, the black-faced man was stunned, and suddenly his face became darker. He reached out and was about to grab Yang Ming's collar. "Which bird nest are you f*cking from?"

When Li Ge saw Yang Ming, his face changed, and his heart tightened! How could Li Ge not know about the relationship between Yang Ming and the Sun Family? When he heard Yang Ming's words, he understood on which side Yang Ming was standing!

The face of Mount Jing's Sui Family, Li Ge could not buy, but Yang Ming's face... This wasn't just a question of allowing someone to save face or not. Yang Ming may not give him any face, and he wasn't qualified to ask Yang Ming to give him face...

It had to be said that many drivers who drove the leaders or CEOs were the most likely to change their faces. They said things based on who they met. Li Ge's face had changed from arrogance in the beginning to a humble look. "Brother Yang, you..."

"What happened?" Yang Ming glanced coldly at the people around him and said, "Are these the bodyguards for my guests?"

"Who is this?" The black-faced man didn't know Yang Ming. Although Li Ge called him Brother Yang, he wasn't convinced, so he asked Li Ge.

"The boss' son-in-law..." Li Ge didn't dare to speak loudly but whispered in the ear of the black-faced man.

"Which boss?" The black-faced man was baffled.

"How many bosses do I have?" Li Ge glared at him and whispered, "If you don't want to die, keep your mouth shut..."

The black-faced man realized at this moment, the boss was Sun Hongjun, and Yang Ming belonged to the Sun Family's Miss Sun Jie...

"I apologize, Brother Yang. A misunderstanding... It is a misunderstanding..." Li Ge quickly smiled and said, "This... this aunty accidentally scratched my car, and we were just discussing what to do..."

Although Li Ge said that it was a misunderstanding, he didn't dare to conceal this thing just now. He also understood that this thing couldn't be hidden. Yang Ming would know everything once he asked the people there. Then his fabricated story would have left a bad impression of himself on Yang Ming. If Yang Ming told Sun Hongjun some bad things about him, Li Ge would be done for.

Yang Ming glanced at the scratches on the car, and then took out the phone and dialed Sun Hongjun's number.

"Hello, Uncle Sun? This is Yang Ming... It's like this. I met your driver, Li Ge, at the airport..." said Yang Ming.

"Did this kid offend you?" Sun Hongjun knew that Li Ge was a petty person who threatened others under the strength of his master and that Yang Ming wouldn't just call him because he saw Li Ge. Li Ge was also not an important person.

"It's not that, but my friend scratched his car... Your Rolls Royce was scratched. I just wanted to inform you. Do you want me to fix it?" Yang Ming smiled.

"You boy, you're saying things that will get you scolded. If it's scratched then it's scratched," said Sun Hongjun with a smile. "It's just this thing?"

"Just this thing." Yang Ming replied.

"Tell me next time when you crash my car." After Sun Hongjun learned of Yang Ming's identity, he talked to Yang Ming a lot more casually, and there was no longer an attitude of suppressing Yang Ming as an elder.

"Alright then. I didn't bring a hammer today. I really have to try to smash the Rolls Royce another day!" Yang Ming smiled. "I heard about smashing the Mercedes-Benz and BMW. I have never seen a smashed Rolls Royce!"

"You have friends with you, so I will not keep you. We should meet up another time. I have something to talk to you about." Sun Hongjun put away his smile and began talking about business.

“Okay, these days I’m quite busy. I will come to Donghai with Sun Jie next time,” said Yang Ming.

“I heard that you sent flowers to Xiao Jie? Hehe, not bad...” Sun Hongjun couldn’t help but make a joke when he heard Yang Ming bring up his daughter.

“Hehe...” In front of Zhao Ying’s parents, Yang Ming couldn’t say anything and hung up the phone.

“Your boss told me to smash the car... You might be able to drive a better car...” Yang Ming patted Li Ge’s shoulder and didn’t trouble him.

It seemed that it was Zhao Ying’s family’s mistake. It wasn’t appropriate for Yang Ming to go too far.

“Ugh...” Li Ge awkwardly smiled and said, “If Brother Yang wants to smash it, who can dare say no...”

“It’s just a joke.” Yang Ming waved his hand and said, “Nothing else, right? If there’s nothing else, take your people with you and leave. I don’t need a bodyguard here.”

“Nothing, nothing. Brother Yang, do you want me to take you?” Li Ge noticed that Yang Ming didn’t say anything bad about him just now, and he was very grateful.

“There’s no need. I’m driving.” Yang Ming said impatiently.

“Alright then, I’m going to leave first...” Li Ge saw that Yang Ming was somewhat unhappy, and quickly gave the black-faced man a look and promptly evacuated the scene. He didn’t even drive the car away. Li Ge planned to wait for Yang Ming to go away before going back to drive the car.

Wang Guifen was dumbfounded at the moment. Her face was filled with expressions of surprise, envy, but more of it was happiness... Even if she was stupid, she could guess that this person was Zhao Ying’s boyfriend. Zhao Ying said that her boyfriend was Yang Ming and that Li Ge called him Brother Yang just now, so there was no doubt that it was him.

Wang Guifen suddenly had a feeling of finally becoming a rich and powerful mother-in-law after many years of grievances and hard work. Just like riding in a helicopter, her identity was instantly raised.

My Third Aunt was bragging extravagantly to me, saying how powerful the Sui Family is. Right here, they can’t even settle such matters! And Yang Ming, when he came over, I didn’t even need to wait. The once extremely arrogant Li Ge suddenly became humble like a toad!

Moreover, Wang Guifen also noticed that Yang Ming seemed to be familiar with Li Ge’s boss, and they were really close. Although the other was called Uncle Sun, the tone spoke of a peaceful and equal relationship.

What did this mean? It goes without saying that the power of her son-in-law was even bigger than the Sui Family! In her opinion, the matters that the Sui Family couldn’t settle, Yang Ming easily solved it. That was the real strength.

Initially, she planned to call her daughter back to introduce her to the son of Boss Liu, but at this moment, she threw this plan far away, in fear that Yang Ming would look down on her daughter.

“You are Yang Ming, right... I often heard Yingying mention you...” Wang Guifen didn’t dare to be too bossy and kindly spoke to Yang Ming.

“Hi, Auntie.” Yang Ming didn’t know the nature of Wang Guifen, so he politely bowed to her, and then said to Zhao Ying’s father, “Hi, Uncle Zhao.”

“Okay, okay...” Although Zhao Daquan wasn’t a powerful person, he was happy when he saw Yang Ming’s ability. However, there were some concerns. My wife will be really arrogant in the future. I have a headache when I think about it.

Zhao Ying was really familiar with her mother’s character. She could not help but frown. She didn’t know how Yang Ming could be related to Donghai’s power. She originally thought that Yang Ming just had some money, but now it seemed that it wasn’t the case.

Suddenly, Zhao Ying found that her understanding of Yang Ming was really too little. Just like the time when they visited the temple, Yang Ming always gave her some surprises.

In that memory, the teenager was somewhat ignorant and even abhorrent, but now she couldn’t see through him... Zhao Ying didn’t know if this was good or bad. Was he still the man who made her heart flutter?

Zhao Ying looked at Yang Ming and recalled the bits and pieces of that time. She nodded assuredly in her heart, Yes. However, Yang Ming at this time made her feel distant, and she had an unreal sense of existence.

Seeing Yang Ming’s car, Wang Guifen’s eyes lit up even more. She still knew the BMW logo. Perhaps many people didn’t know the brands of Rolls Royce, Lincoln, Cadillac, but they knew the BMW and Mercedes-Benz. Because there was a saying – drive a BMW, ride a Mercedes-Benz. You can see the position of BMW and Mercedes-Benz in the public’s mind.

After getting in the car, Wang Guifen began to talk a lot. “Yang Ming, do you live with Yingying?”

Zhao Daquan almost vomited blood after listening to Wang Guifen’s words. How can you simply ask this question? Young people also have privacy! However, the words had already come out. It was too late to stop it.

Yang Ming was stunned. He thought that Wang Guifen was testing him, and quickly said, “No... we have dorms in school.”

Yang Ming didn’t know the meaning of Wang Guifen, but Zhao Ying knew. She couldn’t help but be annoyed. Why is my mother like this? Where is the former kind and hardworking mother I knew when I was younger?

Chapter 752: The Awkward Zhao Ying (B)

Yang Ming was caught off guard. He thought that Wang Guifen was testing him. He quickly said, “No... we have our own dorms in university.”

“Ah, I see...” Wang Guifen was obviously disappointed. She didn’t know what the progress of the relationship between Yang Ming and her daughter was. What if one day Yang Ming and my daughter break up? But, she suddenly had a wild thought. Wang Guifen came up with a good idea. “How about

you buy a house near the university? I heard that quite a number of college students stayed outside. It is more convenient for you to live with Yingying...”

“Eh!” Yang Ming was stunned. He almost lost control of the steering wheel. If Yang Ming wasn’t sober, he might even think that he had misheard. “Buy a house?”

“Yes, both you are postgraduate students... Aren’t postgraduate students allowed to get married now...?” said Wang Guifen.

Zhao Ying’s and Yang Ming’s faces changed at the same time. Zhao Ying was incomparably embarrassed while Yang Ming was inexplicable. It was Yang Ming’s first time to encounter a mother like this. Although Chen Mengyan’s parents now basically didn’t get involved with Yang Ming’s relationship with Chen Mengyan, regardless of their development, for that matter, it was also an attitude that didn’t oppose nor support at the same time.

“Aunty... We are still in university. Marriage might seem a little early?” Yang Ming hesitated.

Wang Guifen heard Yang Ming’s tone and thought that Yang Ming was a young man who didn’t want to get married too early. So she quickly said, “Then, don’t get married first. Nowadays, there are many college students who cohabit...”

“Mom, what are you talking about!?” Zhao Ying frowned. The more she listened, the more she felt the situation was wrong. She quickly spoke up and halted it.

“You little child, Mom is doing it in your best interest!” Wang Guifen said sternly, “When a man and woman are together, in case one day they break up, it is still the woman who suffers! So, Yang Ming, for Yingying’s future life, don’t you need to buy her a house? Do you think what I said make sense?”

“...” Yang Ming finally learned what was called formidable. She could even utter such nonsense, but Yang Ming didn’t forget his task. Naturally, he couldn’t show any dissatisfaction to Wang Guifen. Yang Ming could only nod. “Aunty, what you said is right... This is a normal thought...”

“Since it is right, when would you buy a house?” Wang Guifen said, “This matter can’t just be merely said!”

“Well... I will buy it in a few days...” Yang Ming said helplessly.

“How many days really?” Wang Guifen wasn’t at ease.

“How about tomorrow...? Aunty, when you take a liking to a certain house, you can make the decision to buy it. I will pay the money...” Yang Ming didn’t care about the money to buy a house. Moreover, the house would be purchased for Zhao Ying. Yang Ming also did it willingly, not to mention he had special feelings for Zhao Ying. For just Zhao Ying’s help before the college entrance examination, Yang Ming was already very grateful.

However, this feeling of being forced to buy a house was a bit uncomfortable.

“Great... then it is set...” Seeing that this prospective son-in-law was so accommodating, Wang Guifen couldn’t help but be delighted. Her desire expanded as she suddenly blurted out, “Would you buy a car since you are already buying a house? Isn’t it inconvenient to fetch Yingying every day? In case you don’t

have time, what if Ying Ying who is a girl faces danger when she goes back... Do you think what I said is right? I heard that the bigger the city, the worse law and order is. Those hooligans are all daring..."

Speaking of hooligans, Yang Ming really thought that was true! Wasn't that Ji Shuisheng who Yang Ming had encountered with Zhao Ying the same? So, Wang Guifen didn't say anything wrong. Since the house was bought, they might as well get the car. Yang Ming simply nodded. "No problem... Aunt, will you also be choosing one together as well?"

Yang Ming was put in a helpless situation. He had to come up with such a joke. He didn't expect Wang Guifen to believe that as the truth. "Really? I happened to be a driver in a big group of drivers, and I have a driver's license! I also don't need a good car. You can buy a good one for Yingying and then buy mine with the remaining funds. A car worth ten thousand would be fine..."

Yang Ming was almost amused, but because of Zhao Ying's face, he could only continue, "It doesn't matter. Buying a better one will do..."

"Then, can I buy a domestic BMW? I heard that it is more than three hundred thousand..." Wang Guifen's excited voice changed.

It was no wonder that Wang Guifen would be out of control. Although Wang Guifen was snobbish, she wasn't stupid enough to distinguish between words with good intention or bad intention. But, Wang Guifen was so excited today that she became dizzy and said all that nonsense.

Moreover, Wang Guifen felt that her daughter was so beautiful. She should charm Yang Ming!

If Zhao Ying was just an ordinary friend of Yang Ming, or Yang Ming had no good feelings for her, maybe Yang Ming would be angry. But at this moment, Yang Ming thought that it was logical to buy things for Zhao Ying, but he felt somewhat uncomfortable to do it in such a way.

"Alright..." Yang Ming was already numb. In his opinion, the price of a car was no serious matter. So since he had promised, what was bought was the same.

"Yang Ming, how can you promise that?" When Zhao Ming saw that Yang Ming was merely nodding his head, she was a little anxious. "What are you doing? Buying me a house and a car! My mother is just stirring up trouble. Why do you believe her?"

Yang Ming shrugged and smiled a bit. Yang Ming didn't say anything at all which in a way meant, What can I say? My current status is your boyfriend. I can't be too stingy, right?

"Yingying, what's the matter with you? Isn't Mom doing this for you?" Wang Guifen heard Zhao Ying's words and became angry. "They all say, a grown girl can't be kept at home. You already don't put your mother in your eyes now?"

Although Zhao Ying had some opinions on her mother, no matter what she was also Zhao Ying's own biological mother. If the unfilial hat was put on her, she couldn't bear it.

Moreover, Zhao Ying actually understood her mother's bitterness. In the early years, the living conditions at home were not bad. Mom was the driver of a large vehicle group in a particular institution while Dad was the coach of the city's martial arts hall. In the early 1990s, this was a good job.

However, with the dissolution of the big group, her mother became jobless, and her father only took home the same salary every month. When her mother watched the life of other people's homes flourish while her mother had to be busy all day for money, her heart would inevitably have some grievances. Wang Guifen also became more stingy in life.

When Wang Guifen was at home, she often complained to Zhao Ying's father, Zhao Daquan. After Zhao Daquan was discharged from the military, why did he go to work in the martial arts hall? There were so many jobs available. There were police stations and factory security offices. Those veterans who went to work for the police had become administrative officers. Those veterans who went to a factory had become the Security Department Manager of the XX Group, with a monthly salary of over ten thousand!

The martial arts hall had the lowest wages with good welfare benefits. Nowadays, young people go to the gym. Who would go to the martial arts hall? How could Wang Guifen feel a balance in her heart?

Zhao Daquan was an honest man, but it didn't mean that he would be as snobbish as Wang Guifen. Although he wouldn't argue with Wang Guifen sometimes, he also felt that Wang Guifen was a bit too much! Who would ask for a car and house during their first meet up? What was it like? Wasn't it the same as selling your own daughter?

Therefore, Zhao Daquan couldn't help but say, "Xiao Yang, don't be serious. Your Auntie just made a joke with you. She just wanted to test you whether you are serious in the relationship with Yingying... You know, parents are always worried about their daughter!"

"What are you talking about?" Wang Guifen managed to do a good deed, but it was destroyed by her husband. She was annoyed instantly. "Shut up!"

Zhao Daquan didn't retreat this time. He spoke in a loud voice with a red face, "Wang Guifen! With your action, you will teach our daughter to become bad! Your thoughts are in such a mess! Isn't it better to ask Yingying to marry the bank?"

Zhao Daquan was enraged. Originally, he wanted to use a joke to dispel the atmosphere in front of him. However, Wang Guifen didn't appreciate it, putting Zhao Daquan in an awkward situation which made Zhao Daquan quite angry.

How could Yang Ming not notice? He already discovered what kind of person Wang Guifen was. Naturally, he wouldn't think she was just joking! However, at the moment, Yang Ming's impression of Zhao Daquan was still very good.

Initially, Yang Ming was still wondering, how could Wang Guifen, such a greedy character, be able to raise Zhao Ying into such a wonderful girl? Zhao Ying must have followed her father.

"Uncle, Auntie, don't argue..." Yang Ming persuaded. "I originally planned to buy a house and a car. If you don't believe me, you can ask Zhao Ying. Isn't this the case?"

As Yang Ming said this, he winked at Zhao Ying.

Looking at Yang Ming thinking for her own sake, Zhao Ying was very moved. She found it inappropriate to insist, so she nodded. "Yes..."

"Look. It is just that you have lots of comments!" After Wang Guifen listened, she suddenly smiled.

“Ai!” Zhao Daquan sighed. He wasn’t stupid. How could he not notice Yang Ming’s surprise when Wang Guifen proposed to buy a house and a car? However, at this moment, he thought Yang Ming was a good guy. He would take care of everyone’s face.

“Xiao Yang, what does your family do?” Wang Guifen didn’t have the intention to let Yang Ming go.

“We do some business...” Yang Ming didn’t say much.

“Then... Do you know the Sui Family of Mount Jing?” Wang Guifen said. She just thought that big shots should know each other in the same place.

“Oh, Sui Guangqi is my junior high school classmate. I’m not familiar with the other people.” Yang Ming said faintly. He didn’t want to mention anything about the Sui family. The incident of Zhou Jiajia and the incident of Sui’s wedding caused Yang Ming not to have a good impression of the Sui family.

“Oh? Sui Guangqi! Isn’t that Sui Guangheng – that is my cousin-in-law’s younger brother?” Wang Guifen didn’t hear the indifference in Yang Ming’s tone. She said this to pull the relationship with Yang Ming closer.

“Cousin-in-law?” Yang Ming frowned. Why do I have something to do with the Sui Family again? What a complicated and messy relationship!

Chapter 753: Yang Ming’s Suspicion (A)

“Yeah, your uncle and I came here to visit my aunty in Mount Jing!” Wang Guifen said, “Why don’t you go with us, too?”

Wang Guifen wanted to bring Yang Ming to show off. After all, her aunt showed off in front of them for a long time. It was quite good, so Wang Guifen didn’t want to let go of this opportunity to show off.

“I’m not going. I’m not very familiar with Sui Guangqi.” Yang Ming shook his head, but his heart was a little depressed. He didn’t like the Sui Family very much.

Zhao Daquan pulled his wife’s sleeve. Although he was an honest man, his head was much clearer than Wang Guifen. When he heard Yang Ming, he knew that Yang Ming’s relationship with Sui Guangqi wasn’t good, so he quickly said, “Then you shouldn’t go. Anyway, we are not familiar with them anyway. We’re only going to have a look.”

Although Wang Guifen was somewhat reluctant, she lost a chance to show off. However, there was no way. She also saw that Yang Ming didn’t quite like the Sui Family. She only said, “Yeah, they are not very close relatives, but it can’t be helped. We have to go out of etiquette.”

Zhao Daquan didn’t say anything after listening, he just secretly snorted. Out of etiquette? It can’t be helped? I don’t know who was the one that was so anxious to claim kinship with them. Now that you see our daughter’s boyfriend is good, you immediately changed your tone...

“Dad, Mom, where are you staying tonight?” Zhao Ying was very annoyed at her mother’s approach, but since Yang Ming had already solved the problem, she couldn’t help but appreciate it. However, she tried not to mention a topic that wasn’t worthwhile.

“We originally thought to visit you and leave, but we have to look at the house and the car for you tomorrow, so we can’t go too soon...” Wang Guifen showed Yang Ming that she was thinking of Zhao Ying’s future.

This made Yang Ming feel a little funny, but he wasn’t very angry. Yang Ming understood that Wang Guifen probably was afraid that he would cheat on Zhao Ying’s feelings, so she wanted to ask for some benefits for her daughter as much as possible. However, it was indeed too hasty.

However, after he bought these things for Zhao Ying, his relationship with Zhao Ying... would seem a bit ambiguous, but this was what Yang Ming wanted to see.

“Why don’t you stay at the hotel?” Yang Ming said, “It’s too late already. You can only stay in a hotel.”

Wang Guifen thought that the hotel arranged by Yang Ming wouldn’t be bad. When she wanted to nod and agree, she heard Zhao Ying say, “No need, right? The house that I rent together with Yanyan is still empty. Staying there will be fine.”

After listening to Zhao Ying, Wang Guifen couldn’t insist anymore. She could only say, “Well, then we’ll stay at your place, but where does Xiao Yang live?”

“Aunt, I’m going back to my own home.” Yang Ming was a little dumbfounded. It seemed that Wang Guifen still thought that he and Zhao Ying usually lived together.

When Zhao Ying’s family was taken to the place where she lived, Yang Ming drove home. On his way home, he called Chen Mengyan to report that he was fine.

Yang Ming returned home. When he entered the living room, he saw Yang Dashan sitting on the sofa at home and chatting with his father.

However, Yang Dahai at the moment had already lost the honest image from before. He talked happily with Yang Dashan. Looking closely, his uncle also went through some changes. In front of his father, his words became a little cautious. There was no arrogance like before.

Yang Ming’s family got rich all of sudden. This had a lot of impact on Yang Dashan. Although he already knew that his nephew had his own way. Now it seemed that it was only the tip of the iceberg in the past.

In fact, wasn’t the strength that Yang Ming showed now the tip of the iceberg?

“My nephew is back!” When Yang Dashan saw Yang Ming come in, he quickly stood up and smiled. Although Yang Ming was a younger generation, in any case, Yang Ming helped him for the Tianjiao Entertainment City’s matter, and he brought back his sand mining. Yang Dashan was grateful to Yang Ming.

“Uncle, you can sit down. You don’t have to be polite to me.” Yang Ming smiled. After knowing the details of his uncle and his father’s resentment, Yang Ming wasn’t as indifferent to Yang Dashan. He

didn't look down on his uncle for his business failure previously. He just thought that he had taken some risks.

"Big Ming, you're back right on time. You sit down and listen, and give me some ideas." Yang Dahai was no longer treating his son as a child.

"What is the matter?" Yang Ming paused suspiciously and sat on the sofa.

"This is the case. Your uncle... Big Brother, you should say it." Yang Dahai nodded to Yang Dashan.

"Well, let me tell you then. This is the case, my nephew" Yang Dashan said. "For the sand mining business, although it is making money, people always hope to expand their business, right?"

"Uncle, don't tell me you are thinking about doing some visionary business again?" Yang Ming frowned after listening. "Uncle, you listen to me. You'd better not go into an unfamiliar business. Now that the financial crisis is serious and although it has little impact on our country, we are always affected by it. It is still better to do the sand mining business."

"Nephew... you let your uncle finish talking first..." Yang Dashan smiled bitterly. "I know I was hot-headed when managing the Entertainment City, but this time, it is a thoughtful decision!"

"Alright, then uncle, you speak up about it. If it can work, money isn't a problem." Yang Ming nodded and decided to give his uncle a chance. If someone makes a mistake, you can't deny everything he does, right?

"Sand mining has been opened for so many years. It has become a formal and steady business. I can just ask your aunt to manage it. I don't have to manage it personally." Yang Dashan said, "These days, I'm thinking about Dahai's company. Can it produce some heavy construction machinery? For example, excavators, bulldozers, etc. For these heavy machinery products, the technical contents are relatively low, but the source of sales are good. We don't have such enterprises in the province now."

"Oh?" Yang Ming was amazed. He didn't expect his uncle to bring up this idea. He thought about it. "This can be considered. After all, we don't lack the technology now."

He believed Old Buffon could get the relevant technical information on this heavy machinery. Production assembly wasn't a problem at all. If the sales of these products were really good, then it could be considered.

However, is Yang Dashan's purpose here just to give my father an idea? Yang Ming was somewhat puzzled, "Uncle, do you mean that you want to get involved?"

"Get involved?" Yang Dashan shook his head after listening. "Your dad's company's total assets are so big. I can't stir up a wave even if I invested all my assets. I think if the production and sales department of heavy machinery is established, can I take one position? Being a manager of my own sand mining business sounds like being a nouveau riche [1]. It is not as nice as being an entrepreneur."

"That is no problem." Yang Ming looked at his father and said, "Uncle is familiar with these things. If we are hiring him, he can be responsible for sales and marketing development."

Yang Ming wasn't being cautious against his uncle. It was just better to not have relatives to participate in the core department. It was to avoid disagreement and losing face on some major decisions.

As for sales, there wouldn't be any problems. At most, it was to contact the distributors. Although he might receive some small benefits from the distributors, this was irrelevant.

Yang Dahai nodded. He thought that Yang Ming wouldn't agree with his uncle coming to the company, but now it seemed that Yang Ming had no objection. But Yang Dahai was very much in favor of Yang Ming's opinion, otherwise, if Yang Dashan was working in the core department. It would be difficult if they wanted to instruct their employees.

"Dad, you guys can discuss it. I'm going back to my room." Yang Ming didn't want to interfere too much with his father's company. Since he let Yang Dahai be the president, Yang Ming didn't want to be the behind-the-scenes boss.

"Well, then we will continue to talk for a while. I'm also quite interested in this idea." Yang Dahai nodded and replied.

At this time, Mother Yang also came over and said, "Dahai, it's so late already. I'll call downstairs to deliver some night snacks. Then you and your brother can eat while talking."

"Okay, I'm hungry as well." Yang Dahai smiled. "You can order."

Yang Ming returned to his room and turned on the computer easily. He wanted to go online and see if there was any public opinion about the jewelry company today.

After opened QQ, he selected the invisible state, but there was still a message.

Yang Ming clicked. It was instead the "Wild Female Teacher" that he had not seen for a long time.

"Are you there?" "Are you there?" "Are you online yet?" Wild Female Teacher sent four to five messages asking whether Yang Ming was online.

Originally, Yang Ming wanted to look at the webpage first. But when he saw so many messages, he hoped that it was nothing urgent, so he replied, "I just got online. Is there anything wrong?"

"Ah! you're here!" The message from the Wild Female Teacher came very quickly.

"En." Yang Ming sent an emoji expression.

"Are you free now?" asked the Wild Female Teacher.

"I'm quite free, but I can't earn points with you..." said Yang Ming.

"It's not about earning points... I haven't played Landlords in a long time. I'm in a bad mood today, so I wanted to talk to someone." The Wild Female Teacher said.

"Hehe, every time you look for me to chat, you seem to be a little depressed. Why? Is it still a problem of intimate relationship?" Yang Ming recently felt that his relationships were very smooth. He finally got Little Sister Lin to bed, and classmate Little Chen began to compromise. Even with today's Little Sister Zhao, it seemed to work out... So, Yang Ming's mood was quite good.

"En... I met him today..." said the Wild Female Teacher.

"And then? If you saw someone you liked, why would you be in a bad mood?" asked Yang Ming.

"I don't know... I just feel that today's meeting was awful," said the Wild Female Teacher.

"Did you do or say something that he hated?" Yang Ming asked patiently. After all, Wild Female Teacher was one of his few good friends.

Chapter 754: Yang Ming's Suspicion (B)

"I didn't say anything, but my family's approach should have made him very upset..." said the Wild Female Teacher.

"Family? You took him to see your family?" Yang Ming was a little surprised. He didn't expect that after a few months of not seeing each other, the other side had progressed.

"It's not... it's a bit complicated." After Wild Female Teacher sent this message, she sent another one, "What do you say? If the girl wants something, and the boy buys it for her. Does that mean that this boy is interested in her?"

"It should be... counted as so? If the two are not relatives, it should be just like what you said." Yang Ming didn't know how to answer, but he could only say nice things.

"But the key question is that these things are what my mother asked from him. He also agreed to buy them for me... Just that, I think he is just taking care of my mom's face..." said the Wild Female Teacher.

Yang Ming looked at the message from the Wild Female Teacher and was slightly stunned. *Why does this feel so familiar? As if it has happened to me before?*

Wild Female Teacher? Yang Ming opened her QQ details, age 23... When he opened his previous chat records with her, Yang Ming couldn't help but be surprised. *Could it really be her?*

She first started as a teacher, then a student... She went to his school... Yang Ming's brain suddenly became chaotic. *How come there is such a coincidence?*

"That depends on what it is. For the small things, because of face, they may accept it. But if it is very expensive, at least, I won't simply give it. What did your mother ask from him?" Yang Ming resisted his excitement now. He trembled as he typed the words above and sent it.

"She asked for a car and a house... He also agreed... I don't know what to do now. I don't know if he really wanted to give it to me, or if he agreed against his wishes..." continued the Wild Female Teacher.

Yang Ming's eyes widened and dropped his jaws widely. He was speechless while facing the computer screen. *Accident? Coincidence? Or is it the truth?*

"Chatting wouldn't make it clear for something. Why don't we meet up, and I will tell you in detail?" Yang Ming wished that his special abilities could cut across the Internet and see the other's looks.

"Meet?" The Wild Female Teacher was evidently stunned and immediately said, "Forget it. I'm not used to seeing netizens..."

Yang Ming was slightly disappointed. Some things can't be asked directly, so meeting face-to-face was the best solution. Yang Ming was afraid that if he asked some things online, she wouldn't admit to it. At that time, he couldn't do anything about it. She would abandon the QQ number permanently and never go online. Who can find her then?

"That doesn't matter. Let's just chat." Yang Ming didn't insist. After all, if the other party were really Zhao Ying, Zhao Ying would definitely not easily go see netizens based on her character.

"Then, he accompanied you to meet the parents. What troubles do you have? If he doesn't like you, how can he go meet your parents?" Yang Ming further induced.

"Actually... the relationship between the two of us have really not yet reached that point. My parents want to introduce me to boys. I didn't like it, so I dragged him here to fill up the spot..." The Wild Female Teacher said.

"Fill? Is it just to fill a spot?" asked Yang Ming.

"Yeah...That's why I am worried," said the Wild Female Teacher.

"Then you don't need to worry! You think about it. Who is being more stupid? Buying a house and a car even if he was just filling a spot? If he is still not interested in you, then he's just burning money!" Yang Ming thought, *I don't have the habit of burning money.*

"Really? Thank you! My heart feels much better. My parents told me to sleep. We'll talk next time!" The Wild Female Teacher sent a good night emoji.

Yang Ming was going to say a few more words, but the other party had already gone offline.

"Yingying, go to sleep. Mom and Dad finally come and visit, but you still play on the Internet?" Zhao Daquan greeted Zhao Ying, sitting at the computer desk.

" Oh , I got it..." Zhao Ying shut down the QQ and answered.

"Wait. Don't turn off the computer. You check online what car is right for you, and for me too..." Wang Guifen didn't forget about the car.

"Mom! You still want to buy it?" Zhao Ying frowned. "I haven't reached that step with Yang Ming. If you want to buy a house and a car now, how do I face him in the future?"

"That's nothing. We are women. We must use our own capital wisely. You think about it. If one day Xiao Yang doesn't want you, you'll still have some assets." Wang Guifen said with disagreement. She moved a stool and sat next to Zhao Ying.

Zhao Ying didn't move. She didn't want to be her mother's accomplice. However, Wang Guifen was able to grab the mouse in Zhao Ying's hand and open the IE browser on her own. She went to the homepage of "Good 123" and entered the professional website of a car.

It must be said that the "Good 123" website had been quite successful. It was only one page, but everyone, from office workers to housewives, had remembered this one-page Internet access...

Zhao Ying was helpless. She didn't expect her mother to know how to go online. It seemed that the Internet had become very popular.

"This new BMW 325 is not bad. But Yingying, you can't ask for something cheap. Shouldn't you buy a BMW 5 series?" Wang Guifen had a soft spot for BMW.

"Mom, can you not be like this?" Zhao Ying was about to cry. "How can we ask people for things? What has this become?"

"How is this asking? Didn't Xiao Yang agree? He had already said it. The water that is poured out, how can it be taken back? If we don't want it, then we are the ones who are not giving face!"

"Then look at it yourself!" Zhao Ying angrily stood up and went to bed.

Wang Guifen didn't bother Zhao Ying and immediately sat in Zhao Ying's position to look at the car description with relish.

Zhao Daquan also helplessly sighed and looked at Wang Guifen. His lips moved, but in the end, he didn't say anything...

Early the next morning, Wang Guifen didn't say hello to Zhao Ying, but rushed excitedly to the automobile market and came to the BMW store. After she went in, she immediately saw the two new cars, the BMW 3 series, and the 5 series.

Wang Guifen's dress wasn't too nice. All of her clothes were street goods. But nowadays, the big models also wore beggar's clothing; celebrities were driving tractors; who can be clearly identified?

Therefore, the salesman didn't dare to neglect her. They followed Wang Guifen to test the car until Wang Guifen was satisfied, and then asked, "Madam Wang, have you decided to buy the 3 series or the 5 series?"

"I want to buy both!" Wang Guifen finally enjoyed being waited on today. She lived for most of her life and finally, she enjoyed it once.

"Both?" The sales clerk said, "You want to buy two?"

"Yeah, one for me, one for my daughter. *Hehe*, my son-in-law is paying for it!" When Wang Guifen spoke until here, a smile appeared on her face.

The salesman understood this. *She must have gotten a rich son-in-law!* He didn't dare to delay, and quickly complimented her, "Then you can really enjoy it!"

"That's true; that's true. Who let me give birth to a good daughter?" Wang Guifen felt that she loved to hear this.

"So, how will you be paying?" asked the salesman.

"Wait. I'll call and ask." Wang Guifen said, "Right, I was in a hurry. I didn't bring a cell phone. Is there a phone in your store?"

"Yes, there is!" The salesman didn't suspect her. If she could afford to buy a car, could she not afford a cell phone? What he didn't know was that Wang Guifen didn't have a cell phone at all. At home, there was only a PHS [1] bound to a landline, and it could not roam.

Yesterday, Wang Guifen really sneakily got Yang Ming's contact number just for today's operation.

"Hello, Xiao Yang? I'm Yingying's mother..." Wang Guifen called the number and said with a smile.

" Oh ? Aunt Wang, is there anything the matter?" asked Yang Ming.

"I am in the BMW 4s Shop. I chose two cars..." Wang Guifen hesitated, saying, "Now I have to check out..."

" Oh , it's like this. Can you give the phone to the sales clerk? I'll talk to him," said Yang Ming.

"Okay, okay." Wang Guifen quickly gave the phone to the salesman.

"Hello!" The salesperson picked up the phone politely.

"How much is it? Give me the account number of your store. I'll ask someone to transfer it to you." Yang Ming said indifferently, "Do all the procedures accordingly; get a better license plate. If you can't get it, I will give you a phone number. You can find Bao Sanli or Hou Zhenhan from Ming Yang Entertainment and have them do it."

" Ah ... okay, okay..." The salesman was amazed. He thought, *Who is this person? He is so arrogant. He could even command Bao Sanli and Hou Zhenhan?*

Now, the people in business can't possibly not know the names of Hou Zhenhan and Bao Sanli, and this store was no exception.

As he was still puzzled, a call from someone claiming to be Bao Sanli from Ming Yang Entertainment, came to ask about the payment. The salesman felt that he wasn't qualified enough and he quickly called the boss to answer the phone.

Seeing the store owner talking to her son-in-law obsequiously, Wang Guifen's felt great! She never thought that one day, she would have such a prestigious moment.

After the store owner hung up the phone, he first reprimanded the salesman's hospitality. "Madam Wang is a valued guest. Why are you serving her yourself? What about the others? Hurry up and lead Madam Wang to the VIP room. I will handle the procedures myself."

After that, he turned to Wang Guifen and said, "Madam Wang, look. You came to buy a car, but you didn't call in advance. I would've personally served you. If you are busy, you can tell me the model of the car, I will find people to drive the car to you to choose from..."

Although they didn't know the real origin of Wang Guifen, they heard the salesperson say that the tone from the previous caller was very exaggerating. He treated Bao Sanli and Hou Zhenhan as his underlings! Moreover, this Wang Guifen was the man's mother-in-law!

Wasn't that impressive? How could the manager not care?

Chapter 755: All of a Sudden

Of course, these were all Wang Guifen's operation behind Zhao Ying's back. If Zhao Ying found out, Zhao Ying would have definitely stopped Wang Guifen. However, Wang Guifen thought that when it was put in an irreversible state, and the procedures were all done, you couldn't just get a refund, right?

After completing the procedure, Wang Guifen didn't act hastily to drive Zhao Ying's car away. But instead, she only drove the blue BMW 328i that she chose and left Car City. Anyway, she didn't have to worry about the license.

She found the sales office of Huasong Wenyuan. It was a luxury residential area she saw online yesterday, and it was the closest one to Song Jiang Industry University. Its business was only opened recently. There were still many good locations that were available for sale.

With the brand new BMW, Wang Guifen felt different. It was much more comfortable than the Volga [1] in the past. In the early years of the big group team, Wang Guifen was also the driver for the leader, but the drivers at that time weren't so bad*ss as they were right now. It was a boss and employee relationship with the leader. It was unlike now. Which driver wasn't the confidant of the leader?

Even if the big group was dissolved, the leader couldn't be laid off, right? It wasn't difficult to bring someone to another unit. However, Wang Guifen sighed that she didn't catch up with the opportunity of being a driver for a few years. She thought that she would never have the chance to touch a car again in her life, but she didn't expect to drive a BMW directly!

She didn't know if it was a psychological effect, or because the salesperson at the sales office saw Wang Guifen's car, the salesperson became more snobbish. He was brown-nosing Wang Guifen. Wang Guifen finally realized the charm of money at this moment.

If you have money, you can make anything happen. This is indeed true! If it was a few days ago, who would compliment a housewife like me? The more she felt the feeling of floating, the more Wang Guifen couldn't give up.

Deep down in Wang Guifen's heart, she thought – *I have to teach my daughter when I go back how she can lock her man's heart. If one day Xiao Yang become tired of my daughter, it would be worse!* Wang Guifen never wanted to live the same days as her past.

"Miss, what kind of house do you want?" The salesman who approached was full of smiles.

"En, what kind of houses do you have?" Wang Guifen asked casually like the rich lady on the TV.

Although Wang Guifen appeared average with no branded products, her car was good. Moreover, who could be sure that her outfit wasn't specifically tailored in a tailor shop? Although the taste was average, each person had their own preference. The salesman had also seen a person with a sleeveless shirt and shorts driving a Mercedes-Benz to buy a property.

Therefore, he said without being baffled, "There are small units, medium-sized units, large units, and luxury duplexes. Of course, there are also independent villa areas."

"What is the price?" asked Wang Guifen.

"Normal units are basically around ten thousand yuan, duplexes are around twenty-one thousand yuan, and villas can reach up to fifty thousand yuan." The salesperson explained.

Wang Guifen clicked her tongue. Such high-priced real estate, she didn't dare to take a look at the start! When Wang Guifen summed it up, the price of a villa was too high. A unit would probably cost ten million. *Hey, to buy such an expensive house, can I really do it?*

However, the duplex could be considered, so she asked, "How much is a duplex unit?"

Looking at the display model on the side, the structure of the duplex was really not bad. Wang Guifen just caught a glimpse, and she liked it a lot.

"The duplex is about 7.5 million." The salesperson said, "The orientation and the apartment are the same, but the price is slightly different depending on its distance from the entrance of the community."

About seven million! Wang Guifen was a little dazzled. *How many years would my husband and I have to struggle to get the money? I just thought that the car I bought is extravagant. Now I find out that the car is really nothing compared to the house.*

Wang Guifen didn't dare to make the decision on her own, so she said to the salesperson, "I need to make a call and discuss with my family."

"This is alright, but there is no phone signal in this room. You can use our phone here." The salesman wasn't surprised. Buying a house was a big deal after all. It was normal to discuss with the family.

The salesperson's suggestion exactly fit Wang Guifen's intention. She didn't have a cell phone. She just wanted to make an excuse to borrow a phone, but the other party just asked out of initiative.

Wang Guifen once again dialed Yang Ming's phone.

"Xiao Yang, it's me, Yingying's mother." Wang Guifen said, "I'm at the sales office. I'm fond of a duplex unit, but the price is a bit high. It is about seventy thousand..."

"Oh? Where did you browse for the houses?" Yang Ming didn't care much about the price.

"At Huasong Wenyuan." Wang Guifen said, "I noticed it is the closest to the university here."

Huasong Wenyuan? No way? Yang Ming broke into a sweat, but he couldn't think of a reason to refuse. Fortunately, Wang Guifen wanted to buy a duplex instead of a villa.

If another house was bought here, once Zhao Ying moved in, chances are that Zhao Ying would meet Chen Mengyan again. At that time, God knows if Chen Mengyan would have any idea. But from the recent events, Chen Mengyan seemed to be more open, and not as jealous as before.

Forget it. Anyway, even if I finally get together with Zhao Ying, the relationship between these women would be exposed sooner or later. Yang Ming simply didn't want to think so much, so he braced himself and said, "Alright, but you wait. I'll look for someone to see if I can get a discount."

"Okay, good." Wang Guifen saw that Yang Ming had no doubt about the price of the duplex. She was excited but couldn't help but regret it. *If I had known it earlier, I would have asked for a villa.*

Yang Ming picked up the phone. He took out the phone contact list and found Li Dagang's number. He was about to dial it but hesitated. After a long while, Yang Ming shook his head and didn't call Li Dagang directly.

Yang Ming could see from Wang Guifen's behavior that she wasn't a person with a strict mouth. On the other hand, Li Dagang didn't know about Zhao Ying. When they were together, if something were misspoken, it would be bad.

Therefore, Yang Ming directly dialed Manager Liu's phone.

"Manager Liu, I'm Yang Ming. Do you still remember me?" Yang Ming wasn't sure if Manager Liu could remember him. After all, they only exchanged phone numbers politely.

"Remember, remember! How can I not remember?" Manager Liu's hearty laughter came from the phone. "The owner of the Sun Moon Pavilion! Mr. Yang, what do you need?"

Beforehand, Manager Liu was in doubt about the identity of Yang Ming. However, Manager Liu had inquired about Guo Jianchao's identity that day. He was the current chairman of Ming Yang Century, formerly Wang's Century Xiongfeng Group.

For this company, Manager Liu still understood it. The underworld background was heavy! For someone who could lecture Guo Jianchao in person, who would he be?

In a rare occasion of a company dinner, Li Dagang drank too much. During the idle chats between Li Dagang and Manager Liu, Manager Liu asked about Yang Ming. Li Dagang wasn't entirely clear. He just said that he used to follow Yang Ming in the underworld.

With this information, it was enough! The clues in Li Dagang's words coupled with the scene of lecturing Guo Jianchao that day, Manager Liu had some grasp on Yang Ming's identity. This person may be the biggest character of the Song Jiang underworld! But he dared not to ask about it again.

Manager Liu was fortunate. Yang Ming didn't give him a real-life PK [2] in his office.

"This is the case. A relative of mine went to visit a property at your place. She is by the phone downstairs. Can you help me take care of her? Her surname is Wang, called Wang Guifen, in her forties," said Yang Ming.

"No problem." Manager Liu quickly agreed.

Not long after, a man in his thirties greeted and approached her. After the salesman by Wang Guifen had noticed, he quickly said, "Manager Liu!"

Manager Liu looked at the phone next to him. Only Wang Guifen was an unfamiliar middle-aged woman, so he thought that this was probably the relative that Yang Ming talked about on the phone.

"Hello, are you Ms. Wang Guifen?" asked Manager Liu.

"That's me. Who are you?" Although Wang Guifen learned from the salesperson's mouth what the person in front of him was some kind of manager, Wang Guifen didn't recognize him.

"I'm the manager of the sales office. My surname is Liu. Mr. Yang called me on the phone, so I rushed down..." Manager Liu said with a smile to Wang Guifen.

Wang Guifen was shocked completely! She really couldn't imagine that Yang Ming's influence in Song Jiang was so great where a phone call could make the manager of the sales office so respectful! Including when she bought the car before, the owner of the car dealership was the same!

Among the people Wang Guifen used to contact, there were also some with money in the family, such as Boss Liu and such. However, it was just a little wealth. There was no influence like Yang Ming's in Song Jiang!

When Boss Liu bought a car, the others would receive him because of money, but the manager would certainly not personally accompany him. But now, Wang Guifen discovered that no matter if it was Manager Liu or the owner of the car dealership, they were all really respectful to her not just perfunctorily!

"Manager Liu, hello." Wang Guifen dreamed of the day she would be a wealthy lady, so she quickly adapted to her position in haste. She said it casually and nodded to Manager Liu.

"This is the case. The authority of our sales office is only able to make a 10% discount. However, Mr. Yang had a good relationship with the developer, Xinheng Real Estate. If you're not in a hurry, you should be able to get a lower price." said Manager Liu.

"Ah ..." Wang Guifen didn't think that Yang Ming actually even knew the developers... However, she could only stay in Song Jiang for a day, but who wouldn't like to save money? But she was afraid of a long delay, so she had some doubts. "But it is quite urgent for me to get a house. It is best to get the key as soon as possible."

"That is easy. Xiao Zhao, you're going to get the key now and give it to Ms. Wang." Manager Liu directly commanded a staff member.

"Give me the key? But I haven't paid yet!" Wang Guifen was stunned. She didn't expect to get the key just like that!

"The money isn't urgent. Mr. Yang has other assets here. How can you owe us money?" Manager Liu laughed.

"Other assets?"

Chapter 756: Harmony

"Other assets? What do you mean?" Wang Guifen asked curiously.

"Mr. Yang also bought a villa here, didn't you know?" Manager Liu asked, puzzled.

“Villa?” Wang Guifen frowned with suspicion. *Why did Yang Ming buy a villa here? Who did he buy it for? Why didn’t my daughter ever mention it?*

“Yeah, Mr. Yang and his girlfriend bought it together. They bought the most luxurious villa here.” Manager Liu didn’t know the story behind, so he didn’t hide it, and said it with a smile.

Yang Ming didn’t expect Manager Liu to mention this. If he knew it, he wouldn’t have made this call to save some money.

Girlfriend ?! Wang Guifen’s heart twitched for a moment. The keen woman’s instincts made her feel that this girlfriend was definitely not her daughter. *Then who is that girl?*

Seeing that Yang Ming paid so much money, he actually bought the most luxurious villa here. His relationship with the girl is definitely not shallow. What about my daughter then?

However, it was fortunate that Wang Guifen was also a forty-year-old person. Although she was somewhat snobbish, she usually lived at the bottom of society. She had mastered the skill to pretend a fake face, so she said without alerting the manager, “Oh, I know. That that little girl is pretty beautiful, right?”

How could Manager Liu know that Wang Guifen was probing him? He thought that Wang Guifen really knew Chen Mengyan, so he complimented, “Yes, Miss Chen and Mr. Yang are really a perfect couple!”

Miss Chen ... Wang Guifen’s heart twitched twice. *It’s really not Miss Zhao... What should I do?* It seemed that Yang Ming had a woman outside. This was already an established fact. Wang Guifen couldn’t help but be annoyed!

If it was someone else, and the person knew that her daughter’s boyfriend still had other women outside, she would directly make her daughter break up with her boyfriend! However, Wang Guifen didn’t want to do this. Today’s glory had already let her thoroughly understand the benefits brought by money and power. The respectful words and attitudes of all the people made Wang Guifen intoxicated and unable to extricate herself!

This kind of life simply made her unable to give up! This kind of feeling of spending money like water and driving a luxury car was really cool. She didn’t want to go back to the life where she would even argue over a few cents with the hawkers in the market.

Wang Guifen forced herself to smile. She didn’t want to stay any longer, so she said to Manager Liu, “That is great. I still have things to do. I will go first. I will let you handle the rest.”

“Don’t worry, Madam Wang. When I’m done, I will call Mr. Yang.” Manager Liu said quickly.

Outside of the sales office, Wang Guifen was quite worried. She probably knew her daughter’s character. She was probably not the kind of girl who took the initiative. This subtle type of girl was more lethal to ordinary boys. This could keep some fresh and mysterious feelings, but Wang Guifen was afraid that it wouldn’t apply to Yang Ming. *If you do not have the initiative, there are more girls more assertive than you. If other women get it first, how can you still have your position?*

Wang Guifen decided to talk to her daughter thoroughly. She couldn’t be so passive. Otherwise, she would lose everything that she once had.

.....

Yang Ming appreciated Zhang Dejun's style and efficiency in doing things. Zhang Dejun finished Yang Ming's order properly. He even communicated with the foreign countries. All of the tasks were done neatly. Yang Ming looked at the video samples on the computer, and he appreciated Zhang Dejun's means.

The advertisement technique was generous. In the entire propaganda film, there was no mention of the previous "high pricing" incident. But the whole film made people feel that the question on the previous website was purely a farce – ignorant news written by an ignorant person.

As for the later operation, Zhang Dejun would handle the TV and online broadcast and dissemination solely. At least, Zhang Dejun was still very famous in the small places of the province.

Tomorrow was Shu Ya's concert. Hou Zhenhan was busy all the time, and the planning work had entered the final stage. The venue problem of the district stadium had been negotiated. In fact, there was no need to talk about it. Song Jiang, as a non-provincial city, could host a concert of an international celebrity. This had made this small city famous all over the country. The leaders in the city were also quite concerned about this. After all, the success of the concert also represented the level of economic development of the city.

The audio equipment was brought directly from Hong Kong along with the Shu Ya's staff. There were also special personnel responsible for the installation and debugging. But even then, the coordination work had made Ming Yang Entertainment prepared for a few days and nights ahead to make it foolproof.

Yesterday, the suspenseful chat record made Yang Ming sleepless all night. He really couldn't figure out. If the other party wasn't Zhao Ying, how could there be such a coincidence in the world?

It was unfortunate that the other party refused to meet with him. Otherwise, he could confirm it himself. For the requirements of Wang Guifen, Yang Ming was accepting all of it. He took it as giving face to Zhao Ying.

No matter how much she asked, she couldn't spend much.

"Big Ming, tomorrow is Shu Ya's concert. Are you not going to the company?" Today was Saturday. Yang Dahai rarely slept at home.

"No, there is nothing much to do." Yang Ming was a little bit confused. There were too many things in the past two days, and it was too sudden.

The first was that Chen Mengyan unveiled his relationship with Lin Zhiyun. Later, Zhao Ying came out again, and it made Yang Ming not know what to do. Yang Ming wouldn't deny that he was more greedy. He was eating the food in his own bowl, but he was thinking about the food in the pot [1]. But who isn't like this?

"Big Ming, you seem to have something you're worried about." Yang Dahai looked at Yang Ming frowning and asked.

"Nothing, Dad." Yang Ming smiled. "You should take your own time."

"Alright, you have grown up. I don't have much to say." Yang Dahai nodded. "But don't worry too much about what you're doing. Although our family life isn't as good as that of the world's richest man, we still have a good life. Being happy is more important than anything else."

Yang Ming didn't expect his dad to have such insight. He couldn't help but laugh. "Dad, I'm really fine. I'm just a little tired recently."

Yang Dahai turned and went to the kitchen. His mother had already prepared the food. After grabbing a few bites, he had to rush to the company. Although it was Saturday, he still had to take a look at it. As a leader, there was basically no weekend.

Yang Ming called Chen Mengyan and asked where she was. He didn't expect her to be shopping. This made Yang Ming feel a bit stunned. *She is too heartless, right? Uncle Chen is still lying in the hospital. It has just been about two days, and she went shopping?*

Chen Mengyan seemed to hear that Yang Ming was shocked. She thought about it for a moment, but then she knew why Yang Ming was like this. She said, "I was chased out by my Dad. I went to the hospital with my mother to accompany him. I didn't expect him to be playing chess with his colleague. When he saw us coming, he kept pushing us out and saying that he is fine. Don't treat him like a patient. So he told us that we didn't have to accompany him. Then, my mom went to my grandma's house; I strolled around because I have nothing to do."

Yang Ming understood the situation and Chen Fei's character very well. He was the kind of person who was more bold and informal. Only his leg was injured, and he had no other problems. Naturally, Chen Fei wouldn't ask his family to accompany him in the hospital. He would feel uncomfortable if they did.

However, Yang Ming thought that Chen Mengyan was shopping with her mother. After hearing it wasn't the case, so he asked, baffled, "Are you shopping alone?"

"Of course not. I wanted to look for you but aren't you going to meet Sister Ying's family? I was afraid that you were still busy, so I didn't call you. In the morning, it is just right that your Sister Lin called me. Therefore, I asked her out during the phone call." Chen Mengyan smiled.

Sister Lin? Lin Zhiyun? Yang Ming was shocked. *Why would they go together? Or did Lin Zhiyun call Chen Mengyan first?*

Seeing Yang Ming didn't make a sound, Chen Mengyan also knew that Yang Ming was surprised. After she had gone through so many things these days, Chen Mengyan also took lightly on Lin Zhiyun's affairs.

When her father had a car accident, this impacted her a lot. At that time, she was extremely anxious. A person could understand it when they were in that situation. After knowing that her father was fine, Chen Mengyan truly realized that it was best to have the people who she loved to stay safe.

Since Yang Ming loved her and spoiled her, even if there was Lin Zhiyun's existence, these loves wouldn't be less. Then why did she care so much about it?

Lin Zhiyun's existence wasn't something she could change. Instead of fighting with her and losing from both sides, it was better to be kind and amiable. Not only would it show that she was being generous, but it would also make Yang Ming feel guilty toward her.

Chen Mengyan was already aware that Yang Ming's character yielded to a soft approach rather than pressure. If she really made a fuss, not only it would have no effect, but it would cause Yang Ming to be intolerant. When they were in a cold war, both of them would suffer a loss unless she wanted to break up with Yang Ming completely. But now it seemed that it wasn't realistic.

"Why are you two going shopping?" Yang Ming asked incoherently.

"What? You don't want us to be together?" asked Chen Mengyan.

"It isn't that. You two can continue..." Yang Ming was afraid that he would say something wrong, so he quickly hung up the phone.

In fact, the two of them came out shopping together. It wasn't planned in advance.

The situation in the morning was like this. Lin Zhiyun learned from Yang Ming that Chen Mengyan's father had an accident, so she thought about it and decided to call Chen Mengyan.

After all, her identity had been recognized by Chen Mengyan. She couldn't behave like how she was previously, so she tried to integrate herself into this three-person group.

Chen Mengyan was quite surprised by Lin Zhiyun's call. She was baffled as well. But she was also quite happy to find that Lin Zhiyun wasn't the kind of person who was self-righteous.

Chapter 757: Sisters, New House

It just so happened that Chen Mengyan had nothing to do. She proposed to go out for a walk. The newly bought villa had been renovated, so Chen Mengyan intended to buy some daily necessities.

Seeing that Chen Mengyan invited her, Lin Zhiyun was instinctively surprised. In her heart, she was still a little scared of Chen Mengyan. After all, the love that belonged to Chen Mengyan was split into half... maybe less than half, but it didn't matter. For Chen Mengyan, even if a little bit was taken away, it wasn't a fair thing.

However, it was inappropriate for Lin Zhiyun to refuse and she equivocated for a moment. Chen Mengyan said immediately, "Okay, in thirty minutes, let's meet at the business street."

Lin Zhiyun still wanted to say something, but Chen Mengyan had hung up the phone. Lin Zhiyun held the phone while she was in a daze. She was somewhat at a loss. Lin Zhiyun was hesitant about Chen Mengyan's initiative to invite her. Although Chen Mengyan looked very amiable, after all, her identity was there... How could this meeting not be awkward?

When Shen Yueping came over and saw her daughter in a daze, she shouted, "Yun Er, what are you doing?"

Lin Zhiyun woke up with an " Ah " and looked at the phone in her hand. Ten minutes had already passed. She quickly got up from the bed and dressed in a hurry. "Mom, I'm going shopping... "

"With Yang Ming?" Shen Yueping asked casually.

"No, it is with a classmate, a girl." Lin Zhiyun said.

" Oh , then you should come back earlier," Shen Yueping muttered. Since her daughter had become a manager of the company, Shen Yueping had rarely managed her daughter's social situation.

" En ." Lin Zhiyun nodded. In her heart, she didn't want to delay. It wouldn't be appropriate if she were late. This was more nerve-wracking than when Yang Ming invited her.

In a rush to leave the house, Lin Zhiyun, who had always been thrifty, spent more. She stopped a taxi and hurried to the business street.

Fortunately, the two people got off the car around the same time, so Lin Zhiyun wasn't late.

"Sister Yan..." Lin Zhiyun lowered her head and gave a careful call.

"What? You look like you have a grievance." Chen Mengyan saw Lin Zhiyun's aggrieved face, and there was a sudden feeling of pity in her heart for no reason. All the resentment toward her had been thrown far away. Girls like these always wouldn't be jealous and disgusted by people.

Lin Zhiyun's character really couldn't make Chen Mengyan angry. Chen Mengyan sighed. *If I really viciously asked Lin Zhiyun to break up with Yang Ming, with Lin Zhiyun's character, she would definitely agree. Just that, what would she do after breaking up?*

It could be seen that Lin Zhiyun's feelings for Yang Ming were very special, from the initial hatred and gratitude to love later on. It can be said that Yang Ming was the only one she could rely on now. Chen Mengyan couldn't ruthlessly do that.

Since Chen Mengyan couldn't be ruthless, it was not necessarily a bad thing to peacefully get along with her.

For example, now, when Chen Mengyan had no one to accompany her, she could find Lin Zhiyun. Both of them were Yang Ming's girlfriends. Although they were still feeling awkward, they were always considered as "family." It was convenient to talk, and it was easy to find common topics.

"I, didn't..." Lin Zhiyun always felt guilty in front of Chen Mengyan.

"You still say no. I already said, if you like it, in the future, just call me Sister Yan. I also consider you my sister. I won't be biased against you, really." Chen Mengyan said sincerely.

"Thank you, Sister Yan..." Lin Zhiyun was moved and looked up, her eyes filled with warmth.

"What is there to thank," Chen Mengyan smiled and said, "We are going to be a family in the future. Don't be so polite..."

Chen Mengyan was very surprised that she would say this sentence so casually, A family... This was a difficult decision to make. But looking at Lin Zhiyun's thin clothes, it was so easy for Chen Mengyan to say this sentence.

Just like when she saw Zhou Jiajia, she didn't hesitate.

When Lin Zhiyun heard Chen Mengyan mention family, her jade face could not help but turn red, but she was full of joy. It was already a gift from heaven to have this result. Lin Zhiyun didn't expect too much. Her desire from beginning to the end was to have Yang Ming pretend to be her boyfriend forever. The current situation was better than her previous wish.

She never had the idea of monopolizing Yang Ming, so it was especially important to be able to get Chen Mengyan's approval.

"That's good." Lin Zhiyun nodded hard and said, "I'll also treat you as my sister."

"That's right." Chen Mengyan gently held Lin Zhiyun's hand and said, "Don't just stand here. Let's go buy some daily necessities."

Two girls went shopping hand in hand. No one would feel that something was wrong. But if this was switched to two men, I'm afraid it would be a bit shocking.

Lin Zhiyun was feeling odd. Why would Chen Mengyan bring her to buy so many beddings, sofa supplies, some teacups, kettles, and other things? But she didn't ask.

These things, in the Lin Family, were bought by Shen Yueping. But the situation in every family was different. Lin Zhiyun thought that in Chen Mengyan's home, she was the one who bought these things.

While buying things, Chen Mengyan received a call from Yang Ming. Chen Mengyan glanced at the phone and then whispered to Lin Zhiyun, who was next to her, "It's the husband's call. Do you want to listen?"

Chen Mengyan's words were very ambiguous. If it were others, they might add the word "my" to become "my husband's call...", but Chen Mengyan had omitted the word "my."

Lin Zhiyun licked her lips. She was quite embarrassed. "Sister Yan, he is calling you..."

"Hehe, jealous?" Chen Mengyan teased her.

"Ah ... no..." Lin Zhiyun was shocked. Her shyness was just her instinct. The moment she was scared by Chen Mengyan, her face became pale, and she nervously said, "Sister Yan... I really didn't mean that..."

When Chen Mengyan looked at Lin Zhiyun, she was somewhat dumbfounded. "Sister Lin, I am just joking with you. Don't be like this... Am I really scary? Like a big tiger?"

Lin Zhiyun looked at Chen Mengyan with a smile on her face and realized that Chen Mengyan was really joking with her. After listening to Chen Mengyan's words, she couldn't help but laugh. "I got it..."

"If I really have opinions about you, I won't accept you, recognize you as a sister, and I won't ask you to go shopping..." Chen Mengyan shook her head. "If Yang Ming saw this, he would really think I am bullying you..."

Lin Zhiyun nodded and knew that Chen Mengyan was telling the truth. She was really too sensitive. She embarrassingly smiled.

Before this was done, Chen Mengyan picked up the phone and told Yang Ming that she was shopping with Sister Lin.

Hanging up the phone, Chen Mengyan said to Lin Zhiyun, "Husband is very baffled that we are shopping together."

"*Heh ...*" Lin Zhiyun smiled. She intimately leaned against Chen Mengyan and said, "Sister Yan, I'm so happy now."

"Me, too." Somehow, Chen Mengyan thought that Lin Zhiyun was a kind girl and had a good temper. It was really nice to be with her.

At the very least, the two could become truly good friends. As long as both of them have Yang Ming in their hearts, they would never be intrigued by some other interests.

That was until Chen Mengyan, together with these sheets, went into the villa of Huasong Wenyan. Lin Zhiyun said surprisingly, "Sister Yan, where is this?"

"How is it? Is it beautiful or not?" Chen Mengyan was quite satisfied with the love nest that she carefully designed with Yang Ming.

"*En* , it's gorgeous, but it seems to have just been renovated." Although the decoration was made of environmentally-friendly materials, it had been deodorized, and there were no strange smells. But it could still be seen that the space in the room was a new house.

"*En* , I bought it with Yang Ming a while ago." Chen Mengyan nodded.

"*Ah ...*" Lin Zhiyun was stunned, and her heart was slightly envious. But she also understood that Chen Mengyan was Yang Ming's true girlfriend, so it was understandable that the both of them bought a new house together.

The girl's heart was always very delicate and sensitive. When she saw Lin Zhiyun's expression, Chen Mengyan immediately understood the matter and held Lin Zhiyun's hand. "Why are you stupidly standing still? Let's quickly set up our home together!"

"Our?" Lin Zhiyun was astounded and looked at Chen Mengyan suspiciously, thinking she heard wrong.

"Please don't say that you're a good student, and you must live on campus..." Chen Mengyan smiled.

After listening to Chen Mengyan, Lin Zhiyun was really surprised. This villa actually had her position.

Looking at Lin Zhiyun's stunned look, Chen Mengyan said, "Do you think that Yang Ming is so kind? Giving me such a big house? I don't think I can live here alone..."

Chen Mengyan entirely placed the reason for buying the villa on Yang Ming. In fact, she was the one who chose this place in the beginning. It had to be known that the property certificate of the villa was written under Chen Mengyan's name.

However, for Chen Mengyan it was also inappropriate for her to say too much. She put the blame on Yang Ming and set him up to look like he had perverted motives.

After listening to Chen Mengyan's words, the envy of her heart was swept away. Lin Zhiyun took the opportunity to pick up the things on the ground and began to set up the new home with Chen Mengyan.

Chen Mengyan didn't intend to tell Lin Zhiyun about the villa. This was, after all, the house that Yang Ming bought for her which had extraordinary significance. However, since Zhou Jiajia had moved in, Lin Zhiyun was the only one left. Not to mention, this villa was huge. It was a bit empty and deserted for two people to live in.

"This room..." Lin Zhiyun looked curiously at a bedroom that had been properly arranged and asked, "Sister Yan, is this your room?"

"Not mine. It is Zhou Jiajia's room." Chen Mengyan glanced and explained.

Chapter 758: An Arranged Life

"Zhou Jiajia?" Lin Zhiyun seemed to have heard of this name. After all, Lin Zhiyun wasn't the kind of student who didn't know anything about the outside world. The university forum had judged the campus belle of each department, and she was one of them.

"*En*, a pitiful girl." As they mentioned Zhou Jiajia, Chen Mengyan's heart was always worried. She didn't know when Zhou Jiajia could wake up and enjoy this wonderful life again. "Let us go and see her in a moment. Maybe, she would lie in bed for the rest of her life..."

As Chen Mengyan spoke until this point, she appeared a little melancholic.

"She, isn't she from our school?" Lin Zhiyun suddenly remembered. Zhou Jiajia was also from Song Jiang Industry University, and she was the campus belle for the computer science department. "How come she is in bed?"

Lin Zhiyun didn't know about Zhou Jiajia's matter, so she had this question.

"It is a complicated story among them. Let's go. Let us go to the hospital first. We'll walk as we talk..." Chen Mengyan was a little sad. She wasn't in the mood to decorate this home.

"Okay." Lin Zhiyun nodded and saw that Chen Mengyan's mood wasn't good. She knew that something definitely happened to Zhou Jiajia.

Although she had some psychological preparations, when she heard Chen Mengyan say that Zhou Jiajia took a bullet for Yang Ming, Lin Zhiyun couldn't help but be moved! Although Lin Zhiyun asked herself if she was put in that situation, would she do the same, it was different!

After Lin Zhiyun had a close relationship with Yang Ming, she would become so resolute. However, Zhou Jiajia, even if she didn't get Yang Ming's love, she could also do so. It was apparent how much she was infatuated with Yang Ming.

"I have already allowed Yang Ming to bring her over to take care of her for a lifetime. You won't have any objections, right?" Chen Mengyan thought, after all, Lin Zhiyun was now Yang Ming's woman. She still had to talk to Lin Zhiyun about it.

Lin Zhiyun naturally wouldn't have any opinions! If Chen Mengyan had no opinion, how would she object? What's more, the story of Zhou Jiajia was really beautiful. Lin Zhiyun thought that taking care of her was also appropriate.

However, for Chen Mengyan to ask for Lin Zhiyun's opinion, Lin Zhiyun was excited a little. *I also have the right to speak in this family?*

Yang Ming didn't expect that the relationship between Lin Zhiyun and Chen Mengyan would be so harmonious. When it was noon time, Yang Ming called Chen Mengyan again and got a message that made him even more jaw-dropping. Both of them were actually in Zhou Jiajia's ward!

Yang Ming was unable to follow in a moment. He didn't know what Chen Mengyan was going to do. Have a tripartite meeting?

"Tomorrow's concert, are you going?" However, Yang Ming couldn't control much of it. *Do what you need to do. Anyway, if you don't fight, it's always a good thing.*

"Tomorrow, let us go. My dad's side is already fine." Chen Mengyan's mood was not bad which made Yang Ming feel relieved.

"So, Lin Zhiyun is also going together?" asked Yang Ming.

"I need to ask your Sister Lin for this..." Chen Mengyan got along with Lin Zhiyun in the morning and didn't have the awkwardness from before. The relationship between the two was quite harmonious. Therefore, Chen Mengyan felt that there was nothing wrong to go with Lin Zhiyun to the concert.

As they spoke, the phone was handed to Lin Zhiyun's ear. Lin Zhiyun was shocked, and she quickly answered, "Hello?"

"Zhiyun, going to see Shu Ya's concert tomorrow?" asked Yang Ming.

"Great... sure..." Lin Zhiyun was surprised that Chen Mengyan handed over the phone to her. She didn't hear what Yang Ming said and just agreed.

Chen Mengyan smiled. Lin Zhiyun's character was still a little weak. Lin Zhiyun needed to be groomed so that she could stand alone in society. Chen Mengyan wasn't a fool. Yang Ming's career was getting bigger and bigger. He would definitely need a lot of helpers in the future.

Counting the people who Yang Ming could trust, aside from his parents and Zhang Bing, Yang Ming had to rely on his women. Chen Mengyan wasn't a person who had no sense of the big picture. She knew that Yang Ming put Lin Zhiyun in the position of the company manager. It was definitely necessary to train Lin Zhiyun to prepare her for a bigger career in the future.

Therefore, Chen Mengyan wouldn't deliberately suppress Lin Zhiyun's ability. From the last time in the car, when she cried aggrieved, she also figured out Yang Ming's weakness. *Only when I'm more tolerant, more forgiving, have better coordination in the relationship with Lin Zhiyun, would Yang Ming feel more guilty toward me. With that, I can always stay in the most important position in Yang Ming's heart.*

Chen Mengyan took the phone. She said to Yang Ming in sarcasm, "You have reached your goal to have each in your arms. What else?"

When Yang Ming heard Chen Mengyan's sarcastic tone, he became awkward and broke into a sweat. "I don't mean anything else. I have to treat everyone equally. I can't be biased, right? It needs to be fair with everyone."

"I'm too lazy to care about you." Chen Mengyan snorted. "Drive to the hospital and pick us up later."

"Yes, no problem." Yang Ming quickly agreed.

Seeing Chen Mengyan and Lin Zhiyun come out of the hospital together, Yang Ming's nervous heart suddenly disappeared. It seemed that the relationship between the two had really made a breakthrough. No wonder that Chen Mengyan refused to go to see the concert with Lin Zhiyun two days ago, but she didn't raise any objections just now.

"How is Jiajia?" Yang Ming opened the rear door for Chen Mengyan and Lin Zhiyun and asked with a sigh.

"She's still like that..." Chen Mengyan shook her head. "Do you want to go up and visit?"

"Today, I won't go... Every time I see her, I felt an ache in my heart." Yang Ming didn't have much of the infatuation between men and women for Zhou Jiajia, but he had tried very hard to make himself fall in love with this girl who gave everything to her lover. From Zhou Jiajia's diary, Yang Ming learned about Zhou Jiajia's usual emotions. Yang Ming began to break down.

Chen Mengyan nodded. Didn't she feel like this? Every time she saw Zhou Jiajia, her heart was bitter.

Chen Mengyan and Lin Zhiyun were still sitting in the back seat, and Yang Ming had nothing to say.

"Where do you want to go?" Yang Ming started the car.

"Let's buy some electrical appliances." Chen Mengyan spoke up.

"Why do you want to buy electrical appliances?" Yang Ming still didn't know that Chen Mengyan had brought Lin Zhiyun to the villa.

"Of course, I want to buy it for our family. In the morning, I went to buy bedding and daily necessities with Sister Lin, but for the big items like electrical appliances, we still need to choose them together." Chen Mengyan said.

Yang Ming looked at Chen Mengyan's plain and smiling face. It was extraordinary. Once upon a time, Chen Mengyan, a small vinegar jar, [1] began to show some traces of being the leader of a harem.

"Well, let us go to Xinheng Department Store. I have a VIP card. Yes, Zhiyun also has one." Yang Ming smiled and said, "Mengyan, do you want me to give one to you?"

"There is no need for one for me. When I buy things, I'm also with you or Sister Lin. Why do we need so many?" Chen Mengyan knew that the young master of Xinheng Department Store was a student of Lin Zhiyun and Yang Ming.

In that afternoon, Yang Ming was caught as the laborer. Although it was said to be bought together with him, Chen Mengyan often asked for Lin Zhiyun's opinion and then decided on the spot. She rarely listened to Yang Ming's opinion.

However, Yang Ming had no opinion. He didn't have any special requirements for these things. Moreover, he was more than happy to see that the two girls could walk together harmoniously.

However, Yang Ming didn't know that when Chen Mengyan found out about Xiao Qing and Sun Jie... and even Zhao Ying's matter, would it still be like this? For the special experiences of Lin Zhiyun and Zhou Jijia, it was understandable that Chen Mengyan could accept them. But, for the others, probably Chen Mengyan wouldn't be so nice to talk to.

In this case, even until now, Chen Mengyan still had a grudge with Lan Ling's affairs, but Chen Mengyan didn't mention it.

Xinheng Department Store was holistic. The three people also ordered the commonly used furniture together. Anyway, there was a special car to help them take it all back.

.....

Watching Yang Ming chat and laugh with the two girls to direct the workers carrying a pile of furniture and electrical appliances into the villa, Wang Xiaoyan's anger escalated!

Isn't this Yang Ming really too fickle in relationships? This Chen Mengyan is also quite tolerant. Yang Ming had brought a woman home, and yet she chats and laughs with her! I hope that Zhao Ying won't follow their footsteps!

As she remembered that every morning, Yang Ming asked people to send flowers on time. The flirtatious words on the cards escalated more and more which made Wang Xiaoyan have the intention of assassinating Yang Ming.

As she was sulking, her phone started ringing.

Wang Xiaoyan looked at the phone number and rejected the phone call directly. But not long after, the phone call came in again.

Wang Xiaoyan hesitated for a moment and finally pressed the answer button, but her tone was very indifferent, "What?"

"Baby daughter, do you miss your dad?" On the other side of the phone came a loving middle-aged man's voice.

"No." Wang Xiaoyan replied coldly.

"Ah... Hehe..." The person on the other side of the phone couldn't help but laugh twice. He became awkward abruptly, "Are you still angry with me?"

"No." Wang Xiaoyan still answered coldly.

"When are you coming home?" asked the person on the phone.

"Didn't we have an agreement? Before I graduate from college, I have my own life. After graduation, I will listen to you and go back to get married." Wang Xiaoyan's tone was still calm.

"That is fine. You pay attention to your health. I'm going to hang up... Remember to call your dad often." The person on the other side of the phone said, "And, the organization you started yourself, don't do it anymore. It is just child's play. The situation there is different from Europe. Don't get into trouble."

"You don't have to bother with it." Wang Xiaoyan hung up after the call.

Sighing, Wang Xiaoyan laughed at herself, but she envied the two girls in the opposite villa. *Anyway, they have their own love and have their own pursuits, and what about me?*

When I ran away, I was still monitored by my family members. Although Wang Xiaoyan didn't know who her father sent, she could also detect that someone was watching her at all times.

Chapter 759: What Time Is It Now?

Yang Ming, the culprit who provoked the anger of Wang Xiaoyan every day, was still oblivious. Who would have thought that the flower delivery agent would cause such a misunderstanding? Sun Jie still received flowers every day instead, so Yang Ming didn't doubt that something went wrong.

Sitting on the new leather sofa and watching the two charming girls busy cleaning up the new house, Yang Ming couldn't help but enjoy it as he closed his eyes.

In just one year, he had turned from a poor boy who had nothing into a billionaire who owned a billion yuan. He used to be self-defeating and still regarded Chen Mengyan as his dream lover, but now he could actually have multiple girlfriends...

This gave Yang Ming an unreal feeling. King of the Assassins, special abilities, voodoo, these were things that were far away from his life, and now they were all related to him.

Although there was some element of luck in his success, the things in this world often seemed to be coincidental. It appeared to be quite fated.

If Yang Ming didn't help the old man at the stall, he wouldn't have gotten such a pair of lenses with special abilities. Similarly, in the detention center, if Yang Ming didn't fight for Fang Tian, the two people who didn't have any relationship wouldn't meet again in the future, let alone Fang Tian accepting him as a disciple!

Therefore, Yang Ming's success couldn't be envied. Maybe some people would say that Yang Ming had dumb luck, but those were the people who were jealous of him.

Since ancient times, there had been many stories and fables about good people who had inadvertently rescued the gods and succeeded. However, most people had heard of similar stories, but when they usually encountered similar situations, they wouldn't do so.

And when others had done it and gotten the benefits, these people would be jealous instead! This was the distorted psychology of some people.

If you are jealous, you will try your best to claim it. This is called a man's wealth is his own ruin by causing other's greed.

Therefore, only a few people who Yang Ming trusted knew about his special abilities and the black money that he got from Dorsk. However, Shu Ya was different.

When Yang Ming killed Dorsk and transferred the money, Shu Ya saw it for herself. If it weren't for Shu Ya's identity, which made Yang Ming have serious doubts and think that she had some relationship with Su Ya, Yang Ming would really think about killing her.

Yang Ming would have liked to investigate Shu Ya's background, but unfortunately, his power was limited to Song Jiang, or Donghai and Jidun City. But it was within the province, not to mention that Hong Kong was far away.

Old Buffon had no power in Hong Kong, so it was difficult for Yang Ming to get anything useful. Even if he looked for a private detective to investigate, the only thing that was obtained was superficial.

"Yang Ming! Why did you sit down and rest?" A sharp voice interrupted Yang Ming's thoughts. Looking up, Chen Mengyan was standing in front of him with her hands on her hips and staring at him.

Listening to this familiar tone, Yang Ming had the illusion of returning to high school. At that time, Chen Mengyan always lectured him when he skipped classes.

Thinking of this, he couldn't help but smile and pat his thigh, "Come. Come up and give me a hug."

"Naughty!" Chen Mengyan squinted at Lin Zhiyun who wasn't far away and showed her teeth at Yang Ming. "Who cares about it? Stop clowning around. Come help!"

"Okay." Yang Ming knew that Chen Mengyan was embarrassed in front of Lin Zhiyun, so he didn't force it. Everything needed to go step by step, right? Yang Ming was already content to have the current results.

Although the house had been renovated, they only found that there were really lots of places which needed to be decorated when they actually did it! Even the bed sheets were newly bought. Chen Mengyan who had a passion for cleanliness washed them again and hung them on the balcony.

Most of the time, Lin Zhiyun wouldn't express her own opinions, but Chen Mengyan would discuss with Lin Zhiyun if she had any ideas. This made Yang Ming feel quite delighted.

The harmony of the harem directly affected Yang Ming's quality of life and career.

When the things they bought were put in place, the three people sat on the sofa exhausted. Chen Mengyan also couldn't bother with Yang Ming who sat between her and Lin Zhiyun at the moment.

Because they were too tired, Chen Mengyan was too lazy to say anything. Not to mention Yang Ming's personality, this was also a matter of time.

Yang Ming comfortably rested his head on Lin Zhiyun's soft chest but placed his hand on Chen Mengyan's thigh.

"Don't be insatiable!" Chen Mengyan slapped Yang Ming's hand and asked him not to move around.

"What time is it?" Lin Zhiyun accidentally looked up, but it was already dark outside the window.

Yang Ming didn't move his head, but his eyes had seen the phone on the coffee table not far away. Then he said, "It's eight o'clock."

"Is it eight o'clock sharp?" asked Lin Zhiyun.

"Pff ..." Yang Ming suddenly laughed out loud. It was so funny that his body was shivering.

"What are you laughing at?" Lin Zhiyun asked, baffled.

"Doing it now, it's a bit too early, right? What about Mengyan? Together?" Yang Ming laughed and burst into tears.

"What a bit early? It is eight o'clock. Isn't it late already?" Lin Zhiyun was somewhat inexplicable.

Chen Mengyan was also unclear. She patted at Yang Ming and said, "Are you epileptic? What are you laughing about?"

Yang Ming sighed thinking that his two wives were too pure. If the words were said to Sun Jie, it might have some effect. Then he explained, "Have you ever heard this joke?"

"What joke? She asked you what time it is. Then why did you think of a joke?" asked Chen Mengyan.

"Hehe, the joke is like this." Yang Ming said with a smile, "There was a couple. The husband asked the wife, 'What time is it?' The wife looked at her watch and said, 'Ten o'clock.' The husband asked, 'Do you want to do it?' The wife said, 'It's too early. The others didn't sleep yet!' The husband was a little angry and asked, 'I'm asking you, is it ten o'clock sharp?' The wife said, 'We do it at eleven o'clock?' Her husband was anxious; he said, 'I asked you, is it ten o'clock sharp!?' His wife was also anxious; she said, 'I said do it at eleven o'clock. If you don't do it one day, you will feel uncomfortable, right?' The husband was helpless, 'I'm just asking, is it ten o'clock sharp?' The wife was impatient, 'Do do do. Then do it now, okay [1]?'"

Of course, the original joke was much more vulgar than this. Yang Ming just removed the vulgar words elegantly.

Yang Ming said it so straightforward. How could Lin Zhiyun and Chen Mengyan not understand? Chen Mengyan couldn't help but laugh. She said, "Yang Ming, you're really evil..."

Lin Zhiyun was instead shy and blushing. How could she still laugh? She couldn't wait to find a place to dig in. Between she and Chen Mengyan, only she and Yang Ming had that relationship. So when Yang Ming talked about this joke, it seemed like she was anxious to do it with him... She said a little anxious, "I don't mean that... I mean, is it eight o'clock sharp?"

It would be fine if she didn't explain it, but once she did, Chen Mengyan coughed hard. She laughed so hard that she nearly couldn't breathe. She said while she was gasping, "Do do do, you guys can do it now. I will go upstairs...haha ..."

Lin Zhiyun almost cried. She was so angry that she stomped her feet. "I don't want to do it now..."

"Then when do you want to do?" Chen Mengyan asked with a smile.

"..." Lin Zhiyun found that she was making the situation even worse, so she simply didn't explain.

Yang Ming on the side was shocked. *When girls are joking, they can be so rough ...* In fact, Chen Mengyan was so open because she was facing Yang Ming and Lin Zhiyun. Yang Ming was her closest person. Chen Mengyan wouldn't avoid anything in front of him. As for Lin Zhiyun, she was also the closest person to Yang Ming. As a result, she behaved more naturally.

Seeing Lin Zhiyun's crying face with a grievance, Chen Mengyan didn't want to tease her anymore. So, she said, "Okay, no kidding. We have not eaten dinner. Let's go eat something together."

"Let's go. I'm just hungry too." Yang Ming stood up and said, "It's not far from the school. There are a lot of restaurants next to it. Let's go and see."

Lin Zhiyun saw that everyone was no longer teasing her, and she naturally nodded.

.....

Wang Guifen returned to Zhao Ying's residence with some worries. She stroked the exquisite BMW car key as her mind pondered how to talk to Zhao Ying.

"Mom, why did you go out in the morning? You didn't even say anything to Dad and me. We were so worried!" Zhao Ying saw her mother coming back, and she said quickly.

" Oh , it's like this. I went out and chose a car for you and a house." Wang Guifen said directly.

"What! You went to buy a car and a house?" Zhao Ying was shocked. Last night, she thought that even if her mother wanted to buy a car and a house, she would be there and find some ways to stop it. But she didn't expect her mother to take action so fast! Then she asked, "Have you bought it?"

"Yeah, the money was paid!" Wang Guifen shook the car key in her hand. "I bought one for myself, too!"

"Where did your money come from?" When Zhao Ying looked at the key in her mother's hand, she was so angry. *Isn't that giving me more trouble? What is the relationship between Yang Ming and me? Why do you simply ask something from him? By that time, how can I repay all that money?*

"I called Xiao Yang. Xiao Yang directly asked people to transfer the money!" Wang Guifen said, "Xiao Yang is so forthright in doing things!"

" Ai !" Zhao Ying sighed, but didn't she expect Yang Ming to indulge her mother. *But what is he thinking?*

"Yingying, you come in. Mom has something to talk to you about!" said Wang Guifen.

Zhao Ying frowned and followed her up. Although she didn't know what her mother was going to do, she also wanted to talk to her about the matters of the cars and the house.

Inside the room, Wang Guifen closed the door and sat on the bed. Then she said to Zhao Ying, “Yingying, how is your relationship with Xiao Yang?”

“What how? It’s quite good...” Zhao Ying was a bit puzzled about her mother’s question.

Chapter 760: Talk and Analysis

“Really good?” Wang Guifen asked suspiciously.

“It’s really good.” Zhao Ying didn’t know what her mother was doing, so she nodded and said.

“Yingying, then tell your mother about your relationship with Xiao Yang. Which step have you guys progressed to?” Wang Guifen suppressed her tone and whispered.

“What which step?” Zhao Ying’s face was red. Obviously, she was not willing to answer this question, so she deliberately acted like she didn’t know.

“What other step is there? What is the most intimate relationship that happened between you two?” Wang Guifen didn’t pay much attention to her daughter’s expression and thought that her daughter really didn’t understand, so she explained.

“Mom, why are you asking this?” Zhao Ying couldn’t pretend that she couldn’t understand it. Her mother explained it in such detail that if she couldn’t understand it, she would be a fool.

“Of course, I must ask!” Wang Guifen said, “Mom must understand your current situation. Since you’re not saying it, then can I ask? Have the both of you held hands?”

Zhao Ying thought about it. Yang Ming really held her hand before. However, it seemed to be the relationship between the younger brother and older sister. In high school, when they were robbed, Yang Ming did hold her hand.

To placate her mother, Zhao Ying nodded.

” Oh , have you guys kissed?” Wang Guifen continued to ask.

” Ah !” Zhao Ying was stunned, remembering the accident when she went to the temple with Yang Ming a few days ago. Although this kiss came as a shock, no one could say clearly later on whether or not there were feelings involved in it. Only the two of them would know. After hesitating, Zhao Ying nodded. If this wasn’t a kiss, what was it really? Kissing? It seemed to be the same.

Wang Guifen nodded secretly. *Fortunately, this silly daughter also knows how to kiss.*

So she continued to ask, “Then did the both of you have sex?”

“What?” Zhao Ying’s eyes widened, and she looked at her mother incredulously. She said, “Mom, how can you ask this?”

“What can’t be asked!” Wang Guifen said, “I am asking you. You can tell the truth!”

"No..." Zhao Ying shook her head.

"Not yet?" Wang Guifen was also shocked and frowned. "How come?"

Wang Guifen finally thought that she had found the key to the problem! However, as long as the key to the problem was discovered, there was always a solution to the problem.

"What do you mean not yet..." Zhao Ying didn't understand her mother's meaning. Logically, premarital sex should be a thing that every parent resisted. But seeing her mother's expression and tone, she seemed to be complaining why Zhao Ying hadn't done it with Yang Ming.

"Ai !" Wang Guifen sighed. "Mom also was your age. Especially someone as young and vigorous as Yang Ming, it's inevitable that he would have such thoughts and needs. If you don't give it to him, then aren't you forcing him to find another woman?"

Wang Guifen's speculation cannot be said to be totally unreasonable. She was still very confident about her daughter's appearance and body. She couldn't be said to be an outstanding beauty, but at least, she was one of the best. If she participated in a beauty pageant, it wasn't surprising if she won first place.

Therefore, Wang Guifen would think that the reason why Yang Ming went to find another woman was that her daughter refused to go one step further with him. Which man would endure it?

"Mom, what are you trying to say?" Zhao Ying noticed her mom's words were getting more and more outrageous. She couldn't help but stop her mom.

"What am I saying? You still don't understand?" Wang Guifen shook her head. "Did you know, when I was buying the house today, what I heard others say?"

"What did they say?" Zhao Ying was inexplicable.

"They said, at the place where I bought the house, that Yang Ming already has a villa there! And he bought it with his girlfriend!" Wang Guifen hurriedly said, "And that girlfriend is not you, but a girl surnamed, Chen!"

"Ah ..." Zhao Ying was stunned, saying, "You know already?"

"What I know already? What do I know?" Wang Guifen listened to Zhao Ying's words and was stunned as well. She immediately understood and said, "So, you knew this?"

"I..." Zhao Ying didn't know how to explain it. Her mother suddenly mentioned this incident, and Zhao Ying was shocked. She unintentionally said the wrong thing and revealed something.

"Yingying, why are you so stupid? Yang Ming is hooking up with another woman behind your back. That's fine. How can you know, and yet still not care?" Wang Guifen resentfully said, "What the hell are you thinking?"

"Mom... I..." Zhao Ying said nothing because Chen Mengyan was Yang Ming's girlfriend. It wasn't herself! What rights did she have to control other people? But how could she tell this to her mother?

"What you *ah* , me *ah* . Since you know this, you can't just forget about it!" Wang Guifen said, "Even if you acquiesce to this matter, at least you have to talk to Xiao Yang! You have to protect your image as

his official girlfriend always. What has it become now? Look. He bought the villa for the little fox, and he hasn't bought one for you yet. How can this be okay? Call him now. Call him over! If you're embarrassed to talk, I will talk for you!"

Wang Guifen's plan was that to take advantage of this, she must get some benefits from Yang Ming! The reason was simple. If he bought a villa for another woman, then he has to buy a manor for Zhao Ying, right?

"Mom, can you not cause trouble?" When she heard that her mother wanted to call Yang Ming, Zhao Ying was anxious. "It's my own business. I will handle it well. Can you not meddle?"

"How can I not meddle? I'm your mother!" How could Wang Guifen forget about this? Since she found something against Yang Ming, she must use it to gain greater benefits for her and her daughter. How could she give up? "If you're not going to call him, I will!"

Seeing that her mom really wanted to make a phone call, Zhao Ying simply lost it, saying, "Mom, don't call! Chen Mengyan is Yang Ming's real girlfriend!"

"What? Chen Mengyan? Who is she?" Wang Guifen was stunned. She didn't expect for things to escalate.

"Mom, that is the girl you said is surnamed, Chen. She is Yang Ming's girlfriend!" Zhao Ying didn't care anymore since she had already confessed.

"She? What about you? What is with you?" Wang Guifen asked awkwardly.

"I, I temporarily called Yang Ming to pretend to be my boyfriend. I wanted to mislead you and Dad." Zhao Ying lowered her head and whispered.

"You... what you're saying is true?" asked Wang Guifen.

"Yes..." Zhao Ying nodded.

"It is just pretending?" Wang Guifen suddenly felt as if she were struck by lightning. She held her chest, and her face paled. "How could this be?"

Wang Guifen had never expected that the truth of the matter would be like this! Although Wang Guifen thought about it before, maybe Yang Ming wouldn't give up the girl named Chen. However, this was nothing. Even though Zhao Ying was somewhat wronged, as long as Yang Ming's feelings for Zhao Ying were not false, then it was fine.

However, the current situation was that the girl surnamed, Chen was Yang Ming's girlfriend. He and her daughter was just a pretend couple! How could Wang Guifen accept it?

I just enjoyed the benefits brought by the rich and powerful. I figured that the rest of my life had been set in stone. I can be in the upper class. Why is it now over?

How can this make Wang Guifen willing to give up? The taste of losing it after this possession was the most uncomfortable.

"Yingying, you didn't lie to Mom?" Wang Guifen looked at her daughter in disappointment.

"Mom... I didn't lie to you..." Zhao Ying looked at her mother's appearance. How could she not understand the loss in her heart? Sometimes, Zhao Ying could understand her Mom's greed and snobbery. After all, she had suffered for most of her life. Then said, "Mom, don't do this. I will make a lot of money for you in the future..."

"Yingying... You don't understand. No matter how much money you can make, can you buy a villa? Can you buy a BMW?" Wang Guifen shook her head, "This kind of rich and powerful feeling, you won't know...."

"Mom, let's return the car and the house tomorrow, or return it to Yang Ming..." Zhao Ying sighed. "This is my fault..."

"No!" After Wang Guifen listened to Zhao Ying's words, she suddenly thought of something. "Since he is pretending to be your boyfriend, why would he give money to buy a car and a house for you?"

"I... I don't know. Maybe he has money?" Zhao Ying wasn't clear either. Otherwise, she wouldn't have to worry.

"He has money? If you have money, would you just simply buy something for others?" Wang Guifen shook her head. "Who is willing to be a fool? Buy a house for someone for no reason? Even if you have money, you won't do this kind of thing, right?"

"That... I don't know." Zhao Ying shook her head.

"Right, Yingying. Previously you said that both of you held hands and kissed before. What were those?" Wang Guifen was snobbish, but she was still a little clever.

"Those... were accidents..." Zhao Ying stuttered.

"Accidents? I don't think it's that simple." As if she grabbed the life-saving straw, Wang Guifen quickly asked, "You tell me in detail what the hell is going on!"

"I... Actually..." Wang Guifen and Zhao Ying were mother and daughter. Zhao Ying was also annoyed these two days because she couldn't figure out Yang Ming and her own affairs. At this moment, there was someone with whom she could talk about it, so Zhao Ying didn't conceal it anymore. She talked about what happened the last few times with her and Yang Ming.

The more Wang Guifen listened, the more relaxed her frowning brows were. After she listened to the end, she showed a faint smile. "Yingying, tell your mother the truth. Do you like Xiao Yang?"

Zhao Ying bit her lip and whispered, "En."

"If I guessed it well, Xiao Yang likes you too, right?" Wang Guifen asked with a smile.

"I... I don't know..." Zhao Ying shook her head.

"Stupid daughter!" Wang Guifen shook her head and sighed, "Isn't this obvious? If he didn't like you, why would he invite you to visit the temple? If he didn't like you, why did he want to be involved in these things? What's so good about pretending to be someone's boyfriend? Moreover, he was willing to pay a lot of money. If he had no feelings for you, would he do this?"
