

So Pure 781

Chapter 781: Valentine's Day (F)

Shu Ya looked astonished at the apparatus beside her. Although Shu Ya wasn't a doctor and didn't learn the use of medical equipment, she still understood this general knowledge. The normal EEG suddenly became active. Anyone here would be shocked.

Shu Ya quickly got up and wanted to run out and call someone. She saw Auntie Li coming from the outside of the ward with a basin of water, and quickly said, "Auntie Li, Jiajia's condition seems to have changed. Hurry and call the doctor!"

"What? There's a change?" Auntie Li was also shocked after hearing it. She quickly put the basin aside and ran out of the ward.

Not long after, two doctors in white coats rushed over, pushed open the door of the ward and asked, "What happened to the patient?"

"This is the case. I just talked with the patient. Suddenly, the patient's EEG seemed to have changed..." Shu Ya explained to the doctor.

"Oh? This is the case?" The doctor's expression became serious, and he quickly walked to the inner room of Zhou Jiajia's ward. He carefully observed the wave display on the apparatus at the bedside.

After the doctor finished reading, he operated on the instrument again and displayed the wave diagram a few minutes ago for comparison. Then, he seriously discussed something with the doctor next to him. After a while, both of them were nodding at the same time.

Auntie Li didn't know what was going on. She had always been worried. After all, as Zhou Jiajia's special care person, she was obliged to take care of Zhou Jiajia. If something had happened to Zhou Jiajia, how could she explain to the boss who hired her?

"Doctor, what happened?" Auntie Li saw that the two doctors just talked among themselves, and she didn't know what happened to Zhou Jiajia. She couldn't help but ask.

"This is the case." The doctor who spoke just said, "From the patient's current EEG, the waveform is very active. This is a good phenomenon! In the mainland and abroad, many similar patients had these signs before they woke up."

"Ah!" Auntie Li was happy after she listened to him and said, "That is to say, Jiajia is going to wake up?"

"It's like this in theory," The doctor nodded. "Maybe tomorrow, maybe it would take a while. But it is a big leap from before. For example, the patient is almost out herself. Her current state is almost the same as being asleep. When she has enough rest, she will wake up."

"That... how long will it take?" Seeing the ambiguity in the doctor's speech, Auntie Li was worried.

"This... we can't say. After all, from our medical point of view, the patient's body has fully recovered. There is no problem. In our opinion, the patient is no different from a normal person. But when she wakes up isn't something that can be determined through medical knowledge. The human brain is the most mysterious organ, so... I apologize. I really can't do anything..." The doctor said apologetically.

Since Zhou Jiajia's hospitalization, these doctors had also benefited a lot from Yang Ming. Although the hospital regulations didn't allow them to accept red packets openly, there was no harm in receiving these forms of kindness like Yang Ming's gifts of tobacco, alcohol, and shopping cards. If they didn't accept it, the patient's family would feel that they didn't want to treat the disease seriously.

Therefore, these doctors were also concerned about Zhou Jiajia's condition.

"This is the case..." Auntie Li was a little disappointed.

"However, this is a good start. The conversation between the lady and the patient may have just touched the patient's heart, so it produced the results shown now." The doctor said, "In this case, it depends on this lady. You'd better remember what you said to the patient just now. When you have time, talk to the patient about similar topics. Maybe it would get the patient to wake up as soon as possible."

"Okay, I got it." Shu Ya nodded.

"Alright, we'll go and work first. If you have something, call us at any time," said the doctor. After that, they left the ward.

Shu Ya breathed a sigh of relief. Fortunately, the two doctors didn't recognize her. Otherwise, if this was made public, and if the reporters knew about this, they might dig out the news of her past.

The two doctors didn't recognize Shu Ya just now. The first reason was that they didn't expect superstar Shu Ya to come to the hospital. Secondly, their minds were focused on the patient, so they didn't look at Shu Ya carefully.

However, Shu Ya couldn't continue to stay here. After all, one or two incidents were fine. After a long time, someone would definitely recognize her. Then, it would be troublesome.

Shu Ya stood up and said to Auntie Li, "Auntie Li, then I will go back first."

"Oh? Okay. Right, Miss, I don't know your name. I forgot to ask last time..." Auntie Li asked as she patted her head.

"Oh... I..." Shu Ya hesitated, and then said with certainty, "My surname is Su, first name Ya, Su Ya."

"Su Ya... Yes, this name is nice, just as beautiful as you look..." Auntie Li didn't follow any celebrities. Naturally, she didn't know about Shu Ya, so she didn't think much of it.

Shu Ya also struggled with the thought of telling Auntie Li her real name, but she eventually said it. If Yang Ming accidentally learns of my identity from Auntie Li, that's not too bad.

In the past two days, Shu Ya had a headache for thinking of how to confess to Yang Ming. In this way, it made it easier for her. Then, she just had to see Yang Ming's attitude. If Yang Ming accepted her, it would be a good thing. If Yang Ming really couldn't accept her, there would be no room for recovery.

Anyhow she could just deny it and claim that Auntie Li heard wrong, claiming that she said Shu Ya, but Auntie Li misheard “Shu” as “Su.”

Auntie Li was excited and wanted to tell Miss Chen and Mr. Yang about this good news. But she thought again, Now Zhou Jiajia hasn't woken up yet. She just showed a good sign. Even the doctor couldn't give any definite time. Forget it. I'll wait for a while before telling them.

In fact, Shu Ya guessed correctly. Zhou Jiajia's worry in her heart was indeed that thing from years ago. This can be seen in Zhou Jiajia's diary. The impulsiveness back then caused Su Ya to transfer school and Yang Ming's fall from grace. The matter made Zhou Jiajia regret for a long time. Even now she was still brooding.

Although Yang Ming had forgiven her, she didn't know how Su Ya was doing now, so this matter became Zhou Jiajia's worry in her heart. A freak combination of factors, this injury, this matter which became a knot in her heart caused Zhou Jiajia in her subconscious to want to wake up, and yet not want to wake up.

Yang Ming promised her. After she recovered, he would accept her. But after finally getting what she dreamed of, Zhou Jiajia didn't know how to face Yang Ming.

Especially when Su Ya and Yang Ming were separated, there was no news about Su Ya until now, which made Zhou Jiajia really guilty. This happiness belonged to Su Ya. How could she accept it with peace of mind?

Therefore, Zhou Jiajia locked herself in a small box, delaying it while she could.

Su Ya, now Shu Ya, had changed her appearance, but Zhou Jiajia couldn't see it because she was in a coma. Moreover, the comatose person had a strong sixth sense of the outside world.

Although Su Ya's voice had changed, Zhou Jiajia could sensitively capture the similarity of the sound waves. She could confirm that the person who talked to her was Su Ya.

This involved some mysterious things. There were many similar cases in the world. For example, a girl heard that her husband had died in combat on a sand mine and she suddenly passed out. No matter how people around called to her, she just didn't wake up.

It wasn't until many years later that her husband came back. It turned out that her husband didn't die, but was captured by the enemy. Later, the war was over, and the husband was sold as a slave. After several years of hard work, he finally redeemed himself and returned to his hometown. When he found his wife, she was lying quietly in the hospital bed.

At this moment, there was a considerable change in his appearance and voice. Even his brother didn't recognize him. Only until he took out a keepsake from back then could his brother confirmed his identity.

After he came back, he talked with his wife every day. Then a miracle happened. His wife woke up one day. When she woke up, she immediately recognized her husband!

This miraculous phenomenon that couldn't be explained by modern science can only be attributed to the sixth sense. This was a famous and very common anecdote, and there were many similar ones.

But in any case, Zhou Jiajia heard Su Ya's voice. Perhaps she was not far from waking up.

Huang Rongjin originally thought that he just hit a small security guard of a hotel. It wasn't a big deal at all. It should be easy to solve the problem with a little money.

But when he got to the place, he found out that his thoughts were wrong. Things were unexpectedly tricky!

He ran a few laps around, but he didn't even see the face of a person in charge. Never mind the manager, he didn't even see the head of the security department.

The security department's people didn't do anything to him because of the face of the foreign guest, Ji Xiaohe. They just said that they wouldn't let him go. When the manager came back, they would send Ji Xiaohe to the police station. Beating hotel personnel in public may be considered a big or small offense depending on what people thought.

Huang Rongjin said something nice again, but they just ignored him, especially the security guard whose face was swollen. He even looked at Huang Rongjin with ill intentions.

Huang Rongjin was extremely angry. Is that such a big matter? Isn't he just a small security guard? Look at how it drives you crazy! But after all, he was in other people's territory, Huang Rongjin didn't dare to do anything.

Enduring his anger, Huang Rongjin walked out of the hotel and sighed. He took out the phone. Fortunately, the family company had a business relationship with a trading company here. The relationship between them was good. Huang Rongjin decided to find the company to help.

"Hello, is this Brother Song?" Huang Rongjin inquired very politely.

"Oh? I am. Who are you?" Song Hang leaned against the boss' chair and felt the female secretary's chest with content. Recently, Song Hang was a lot more low-key. He was just fooling around with the secretaries in the office. He no longer dared to go out and cause trouble, and Yang Ming didn't find him again. However, Song Hang's humility had earned him a lot of popularity. In Song Jiang's business world, Song Hang's reputation wasn't bad.

"I am Huang Rongjin, the second son of Huang Hantian in Singapore." Huang Rongjin quickly introduced himself.

"Yes. Younger Brother Huang, hi!" Song Hang naturally remembered him instantly. However, Song Hang wasn't that old, so he and Huang Rongjin talked casually. "I heard from President Huang, Younger Brother Huang came to Song Jiang. I wanted to host you, but Younger Brother Huang didn't give me this opportunity!"

"Brother Song, let's talk about this when there's free time... I have something to trouble you this time..." Huang Rongjin hesitated. The cooperation between the two was quite pleasant, so it was normal for Huang Rongjin to ask him.

"Oh? What is it? Tell me. If I can do it, I will try my best." Song Hang asked after listening.

"This is the case. Does Brother Song know Ji Xiaohe?" asked Huang Rongjin.

“Oh, I have heard that the Ji Family also have a big consortium at your place, and they are powerful.” Song Hang nodded and said, “Ji Xiaohe is the young master of the Ji Family. I heard President Huang briefly introduce him before.”

“Today, Ji Xiaohe beat someone up, and the other party is still pestering him...” Huang Rongjin sighed and said.

“Beat someone up? Who did he beat up?” Song Hang also put away a smile, and his tone became serious. After all, beating someone up seemed simple, but the most important thing was who was beaten up.

“The security guard of a hotel...” replied Huang Rongjin.

“What? Security guard?” Song Hang paused. “Shouldn’t compensation settle the matter? What is there to pester about?”

“But the other party... Brother Song, can you see if you can help to mediate it?” asked Huang Rongjin.

“What hotel?” Song Hang asked casually. In his opinion, this wasn’t a big deal. If he could help, he would naturally help.

“Tavern Heaven on Earth,” answered Huang Rongjin.

“Tavern Heaven On Earth? What? You say it is Tavern Heaven on Earth?” Song Hang said in shock after listening, “Their people were beaten up? Then it’s finished!”

“It’s finished?” Huang Rongjin was stunned. The change in Song Hang’s attitude was huge. “Brother Song, what the hell is going on? What do you mean it’s finished?”

“Younger Brother Huang, I really can’t help you with this. I can’t afford to provoke this Tavern Heaven on Earth. Not a lot of people can provoke them in Song Jiang City!” Song Hang carefully advised, “I’m really sorry...”

“Brother Song, does this Tavern Heaven on Earth have some background? How are they like a tiger whose backside no one dares to touch [1]?” Huang Rongjin was puzzled.

“Never mind. Let me tell you the truth...” Song Hang sighed. “The security of this Tavern Heaven on Earth belongs to the Ming Yang Security Company, and the predecessor of Ming Yang Security Company mingles in the underworld... Do you understand what I’m saying?”

“Mingles in the underworld? Gang organization?” Huang Rongjin was surprised. He didn’t expect Ji Xiaohe to provoke the local underworld.

“You think about it. Although you only beat up a security guard, which boss doesn’t want face? If you beat up his underlings, it is equivalent to letting him lose face. Can he be willing to let it go?” Song Hang explained, “This Tavern Heaven on Earth and Ming Yang Security Company have the same boss, and he is also the boss of Song Jiang. It’s not that I don’t want to help, but they will not give a damn about me...”

“Then... I’ve troubled you, Brother Song. I will find another way.” Huang Rongjin listened to Song Hang, and he understood clearly that Ji Xiaohe was in big trouble!

Huang Rongjin suddenly thought of something and asked, "Right. Brother Song, do you know a Yang Ming?"

Huang Rongjin didn't want to bother Yang Ming in the first place, but after he thought about it, he really didn't know anyone else in Song Jiang. However, since the person Ji Xiaohe provoked was so big, even the local tyrant, Song Hang, couldn't do anything about it. It seemed that Yang Ming whom he had just met was unlikely able to help him.

However, giving it a try, Huang Rongjin still asked. First, he had to find out about Yang Ming's details.

"What!" Song Hang was almost scared to death listening to this name. It was like his *ss had a spring installed. He bounced off the chair with a "what." "What did you say? Yang Ming? You provoked him, too? My gosh, listen to me. You should hurry and run away..."

"Run away? What do you mean?" Huang Rongjin was somewhat inexplicable.

"You have provoked the people of Tavern Heaven on Earth and Ming Yang Security Company, it is certain that you would suffer a bit, but they wouldn't do anything to you. But if you provoke Yang Ming, you can only wait for death..." The hand that Song Hang used to hold the cell phone trembled a little. When Song Hang thought about the situation last time when Yang Ming came to find him, Song Hang almost peed in his pants.

"Brother Song, what are you talking about? What about Yang Ming? Which Yang Ming are you talking about?" Huang Rongjin thought that Song Hang heard about the wrong person. "The Yang Ming I'm talking about is a young man in his twenties, buzz cut, tall, about one meter eighty-three... Why do you talk like he's a demon?"

"That's him!" Song Hang was shocked. Did you really provoke him? Then it's over..."

Huang Rongjin was really confused this time. What the hell is going on? But he still said, "I didn't provoke him. I just met him. He gave me his contact number and said that if I have anything problems in Song Jiang, I can find him... I just wanted to confirm his identity..."

"Ah!" Song Hang listened to Huang Rongjin, and he was baffled, but he said happily, "It's like this! Then it's alright. You should look for him about this. If he is willing to help you, maybe it can be done."

Huang Rongjin asked another question, but Song Hang wouldn't say more! He can't be blamed. How could Song Hang's shocking history be casually spoken of? Huang Rongjin thought that Song Hang didn't dare to talk about it, so he stopped asking questions. He thanked Song Hang and hung up the phone.

However, Huang Rongjin didn't realize how scary Yang Ming was. He's an approachable person with a strong sense of humor. Recalling Yang Ming's previous behavior on the ship, Huang Rongjin felt a bit funny.

He opened the contact list and dialed Yang Ming's number which was just saved today.

At the moment, Yang Ming had just returned to the small boat. He reenacted the Titanic scene with Chen Mengyan, but the cell phone's ringing had destroyed the romantic atmosphere from before.

Looking at the caller ID, he thought it was familiar, so Yang Ming picked up the phone. "Hello."

"Hello, is this Younger Brother Yang Ming?" asked Huang Rongjin.

"I am. Who are you?" asked Yang Ming. Yang Ming was somewhat inexplicable about being called a younger brother because few people would call him that.

"I am Huang Rongjin. We met on the ship..." Huang Rongjin said hurriedly.

"Oh, it's Brother Huang. Hello." Yang Ming thought, I say, why is this phone number so familiar? It turns out that I saw it before.

"Younger brother Yang, I'm... this is somewhat embarrassing to say..." Huang Rongjin was hesitant. After all, it was somewhat unjustifiable to ask someone for help after just meeting them.

"Is there something that can't be handled? Just tell me if you need any help." Yang Ming smiled. He probably guessed it. Huang Rongjin left because he had something to do. Now that he called Yang Ming, it was definitely a troublesome thing.

"Younger Brother Yang, you are right. It is indeed like this." Huang Rongjin smiled bitterly, "My friend had beaten the security guards at Tavern Heaven on Earth. He has a temper, and the other person is unforgiving..."

"Oh? Because of what?" Yang Ming didn't treat it as a serious matter but said it indifferently.

Huang Rongjin was surprised! Sure enough, there is hope! Yang Ming didn't question the background of the Tavern Heaven on Earth but asked directly about the reason. This meant that Yang Ming's background may be stronger than Tavern Heaven on Earth.

"My friend is Miss Shu Ya's fan. He didn't mean anything else. He just wanted to give a bunch of flowers to the goddess in his heart. As a result, the security guard stopped him from going inside. He saw Miss Shu Ya leaving by car, so he became anxious and started a fight with the security guards... They are sending him to the police station now. I'm afraid that if things are stirred up, it will not end well..." What Huang Rongjin said was fair. There was no misunderstanding or bias. Because Huang Rongjin knew that if he wanted to solve problems, he couldn't just deny responsibility. He could only objectively describe the course of things positively, so then people could help.

"Oh, this is the case. Is it serious?" Yang Ming continued to ask after listening.

"Half of the security guard's face is swollen..." replied Huang Rongjin.

"So that's it..." Yang Ming hesitated a bit. Although, asking the hotel personnel to let him go is just a matter of words, would it be too loosely managed if I did that? After all, Huang Rongjin is a friend I just met, and this happened to his friend, not Huang Rongjin himself. If all of my friends' friends find me through relationships, then what will happen to Bao Sanli's dignity?

Noticing that Yang Ming just said "So that's it..." Huang Rongjin immediately got nervous, not knowing if Yang Ming would deal with this.

After hesitating for a while, Yang Ming said, "How about this? Since your friend was the first to strike, this is his fault. Let him apologize to the other person, and pay for his medical expenses. What do you think?"

Huang Rongjin was baffled. Yang Ming actually discussed this with me? Moreover, isn't this solution precisely what I wanted? But Huang Rongjin was somewhat hesitant. "I wanted to discuss it with them like this before, but they simply didn't accept it."

"I will make a call, and then you can go there straight away." Yang Ming said casually.

"Ah! This..." Huang Rongjin had some doubts, but he remembered Song Hang's reaction before, and he was suddenly relieved. It seems that this Yang Ming is really an important man in Song Jiang. So he hurriedly gave his thanks, "Thank you, younger brother Yang."

"It's just a small matter. Also, tell your friend that it's okay to chase celebrities, but be mindful of the method. Don't get too excited." Yang Ming smiled.

"Sure, sure!" Huang Rongjin said hurriedly.

This time, things became unexpectedly smooth. When Huang Rongjin returned to the security room, Ji Xiaohe was already standing at the door, lowering his head dejectedly. Apparently, he was just being scared.

The manager of the security department also came back and saw Huang Rongjin, "Hello, you're a friend of Brother Yang... I'm the manager of the security department. Call me Xiao Li."

"Manager Li, Hi!" Huang Rongjin said, "I have caused you trouble!"

How could Huang Rongjin not realize? This thing was about to be solved! Since people brought Ji Xiaohe out, it showed that people were ready to compromise.

"Look at what happened. We are all our own people. You don't have to say so much..." Manager Li waved his hand. "You even called and troubled Brother Yang. I apologize... It could have been settled if you told me earlier..."

Huang Rongjin didn't expect Yang Ming's face to be so big. The manager of the security department seemed to be older than him, and yet he called Yang Ming, Brother Yang, so the power of Yang Ming could only be imagined.

"Little Ji, apologize to everyone!" Huang Rongjin glared at Ji Xiaohe.

"I'm sorry... I was anxious before..." Ji Xiaohe was calm at the moment, and he was somewhat guilty about his previous irrational actions.

"Ai, I was a bit rude at the time!" The security guard who was beaten was smiling at the moment, and there was no hostility like before. "Forget it. Don't mention it!"

"Okay, since everyone is so frank, then nothing needs to be said!" Huang Rongjin quickly took out the prepared envelope of money. He packed twenty thousand yuan. It seemed to be enough. "This is a little bit for medical expenses. Consider it as my compensation..."

"How is this okay?" Manager Li took the lead to decline and said, "You are a friend of Brother Yang. I can't take the money!"

"This is another matter..." Huang Rongjin looked at Manager Li's bright smile and sighed. It seems that Yang Ming is a capable person! I have found a noble person today! However, Yang Ming's face was another thing. Huang Rongjin wasn't the kind of person who didn't have a sense of propriety. He knew that if he didn't give the money, it meant that he owed Yang Ming a favor, so he forcefully put the money into the hands of the beaten security guard and said, "This is what Yang Ming insisted..."

The security guard looked at Manager Li and didn't dare to accept the money of Huang Rongjin.

"Forget it. Since it's like this, you can take the money first." Manager Li waved his hand.

Huang Rongjin didn't know that Yang Ming was the big boss of these people, and thought that he owed Yang Ming a favor. When the money was accepted, he was relieved and said, "I won't bother you anymore. My friend and I will go back first."

"Okay, I will show you out!" Manager Li nodded.

"How can I bother you?" Huang Rongjin waved his hand. They declined each other for a while. But they came to the entrance of the hotel, Huang Rongjin and Ji Xiaohe got in Wang Xili's car, and only then did Manager Li go back.

"Ah, you, you really had to make me worry! If I didn't meet a great friend today, this matter definitely would not be settled so easily!" Huang Rongjin yelled at Ji Xiaohe.

"I'm sorry, Brother Huang..." Ji Xiaohe also saw today the attitude of the security department to Huang Rongjin before and after the matter. He was also momentary impulsive. He only had Shu Ya in his eyes, and he didn't consider others.

"Forget it. We won't talk about this first. I will call Younger Brother Yang Ming and thank him." Huang Rongjin took out his cell phone and dialed Yang Ming's number.

In the security room of Tavern Heaven on Earth, the beaten security guard saw Manager Li come back, and he handed over the envelope with the money. "Manager Li, this is the money from just now..."

"Why are you giving this to me?" Manager Li waved his hand and said, "This is for you. You should take it. This is what Brother Yang wanted! Brother Yang said that what you did is right. This money should be taken!"

"Really!" After the security guard heard it, his eyes were beaming. Although they weren't clear about Yang Ming's identity, Yang Ming's name in the security company was still loud.

The instructors that were sent to train them were said to be the apprentices of Brother Yang! So how could these people not worship Yang Ming especially since the relationship between Yang Ming, Bao Sanli and even Hou Zhenhan was also great? They were their leaders, so Yang Ming's praise made these lower-level people really happy at the moment.

"But this is too much. I just have a swollen face. I will be fine after I go back and apply a hot towel to it." The security guard said with a little dilemma.

"Then it's like this. If you think that you have too much money, after work, treat our security department for drinks. Then it should be okay, right?" Manager Li laughed.

"Of course, no problem. Let's do this today. Everyone is free, right?" The security guard quickly responded.

"Yes!" "Great! Let's get hammered tonight!" The crowd said happily and forgot the unpleasantness in the blink of an eye.

...

"Yang Ming, hug me!" Chen Mengyan glanced at Tian Donghua who was intimately holding Wang Xue, and she felt a little jealous, so she spoke to Yang Ming.

Yang Ming was amazed. Looking at Chen Mengyan, he knew that she was angry because of the two previous calls.

"Okay, never mind a hug. I can also carry!" Yang Ming smiled and carried Chen Mengyan and turned a circle in the air.

"Yeah... I'm so scared..." Chen Mengyan closed her eyes. "Be careful. Aren't you afraid of throwing me into the sea?"

"Throwing you in the sea is good. It's winter. If you fell into the sea, I would jump in. Then, we would really be like the Titanic!" Yang Ming said with a smile.

"I hate you! Isn't that stupid? If I fell into the sea and you don't save me, but instead, you want to jump in. What craziness is that?!" Chen Mengyan complained.

"Hehe, I'm just saying. I am here. How can you fall into the sea?" Yang Ming smiled.

"You are jocular!" Chen Mengyan tapped on Yang Ming's head with her hand. But suddenly Chen Mengyan looked around strangely. She frowned, a little baffled. "Yang Ming, why are there no boats around us?"

Because they had a special pilot, Yang Ming didn't care about the course of the boat. Now, he only noticed it after listening to Chen Mengyan! Sure enough, Chen Mengyan was right. No other boat was seen in the ocean all around them!

Previously, although he couldn't see the coast, he often saw the ships passing by. After all, these boats were all under the same company. They could move back and forth in the prescribed area, so it was normal to see each other. But it would never be like now. After a long time, a ship couldn't be seen!

Yang Ming frowned and looked around with his special ability, but he found out that there weren't any ships nearby. The nearest ships were near the Offshore Club! And they were already far from the Offshore Club!

Yang Ming was shocked. Although he had unique abilities and his skills were first-class, in this unknown ocean, it was inevitable that he would feel a little panic! After all, if there was a situation, it definitely couldn't be controlled by human factors!

Yang Ming quickly looked over to the helm, but he saw a scene that surprised him! The driver actually disappeared!

Seeing that Yang Ming frowned, Chen Mengyan was also a little panicked. “Yang Ming, what happened?”

“Nothing...” Fearing that Chen Mengyan was worried, Yang Ming smiled forcibly, but he said, “You wait for me here. I will come back soon.”

Fortunately, he had learned how to pilot a boat so he wouldn’t be in disarray! And with his extraordinary eyesight, it was difficult to get lost! He could just look in the direction of the shore and drive straight toward it! As for the reef, it wasn’t a problem in Yang Ming’s eyes!

Yang Ming didn’t know what was going on, but he didn’t worry too much. After all, the situation was still okay.

Yang Ming came to the cockpit quickly. Unfortunately, he found that the fuel meter had already reached the red line! In other words, there was no fuel on the boat! It was obviously impossible to drive back!

What is going on here? Yang Ming couldn’t help but fall into deep thought. If it was an accident that the driver disappeared, then how can the empty fuel tank be explained?

All this made Yang Ming suspicious! There seems to be a huge conspiracy here! On this boat, there is only the cockpit other than the cabin, so there is no place to hide. The driver must have slipped away somewhere in the middle!

Yang Ming quickly returned to the deck and shouted to Tian Donghua, “Old Tian! Come over. There is an important matter!”

“Ah!” Tian Donghua was kissing Wang Xue. When he heard Yang Ming’s voice, he turned back with some dissatisfaction. “What is it? Why are you so anxious? Can’t you wait? You’re blind!”

“Wait?” Yang Ming said with a wry smile, “I’m afraid the situation would be worse after a while!” Seeing the ship drifting along the sea, God knows where it would float.

“What do you mean?” Tian Donghua said, astonished. “What are you talking about? What is worse? What happened?”

Wang Xue and Chen Mengyan who were by the side, heard Yang Ming’s words, and their faces suddenly revealed doubts and anxious looks.

“The driver disappeared! Currently, no one is in control of the boat...” Yang Ming sighed and simply said it, knowing that it was impossible to hide from Chen Mengyan and Wang Xue.

Chapter 782: It Was No Accident

How was Lin Zhiyun physically uncomfortable? She just thought on Valentine’s Day, If I’m with Chen Mengyan, what is that? Although Chen Mengyan wasn’t hostile to her, Lin Zhiyun wasn’t the kind of person who was insatiable.

Therefore, Lin Zhiyun decided to give Yang Ming and Chen Mengyan the opportunity to go out alone after multiple considerations.

Lin Zhiyun sent a text message to Yang Ming. Just as she put down her phone, she saw her mother come in. "Yun Er, what happened? Does your stomach still hurt?"

"I'm fine..." When Lin Zhiyun noticed her come in, she quickly put on a painful expression. In fact, Lin Zhiyun's stomach ache wasn't painful at all. It wasn't severe enough to prevent her from getting out of bed.

"You're not due for your period yet. Why is your menstruation cycle so chaotic?" Shen Yueping handed the hot water bottle in her hand to Lin Zhiyun. "Yun Er, did you take any medicine?"

"Ah! What medicine would I take?" Lin Zhiyun was stunned.

"I mean that..." Shen Yueping was a person with a story. Her daughter was now a woman, so she didn't avoid it. "Contraceptives!"

"Ah, I..." Lin Zhiyun recalled that after doing it the last time with Yang Ming, she did take an emergency contraceptive. The instructions for that medicine had said that it would bring forward her menstrual period.

Looking at her daughter's appearance, Shen Yueping had no doubt about it. She said somewhat sternly, "This thing can't be taken indiscriminately. Is it a long term one or an emergency one?"

"Emergency..." whispered Lin Zhiyun as she blushed.

"That's good. Mom needs to tell you that you can't just look for immediate pleasure. Those long-term contraceptives aren't good for your body. More seriously, it may affect your fertility!" Shen Yueping said, "Did you both forget about safety measures?"

"En..." Lin Zhiyun was somewhat shy. "Only that time..."

"When you go to the supermarket, buy some condoms. You can also put one in your bag. Although you're a girl, don't be shy. I am also afraid that you and Xiao Yang might get excited somehow and it would be too late for any measures..." A while ago, Shen Yueping watched a report on how parents treated women's sex education, so she said it logically at the moment.

Although Shen Yueping had a somewhat conservative mindset, she wasn't a person who desperately wanted to block things out when things went wrong. She still realized this truth. She still understood that the right guidance to her daughter's sexuality was the most important.

When Lin Zhiyun heard it, there was a fever blooming on her face. "Mom, stop talking about it. Ai..."

"Alright! Alright! Didn't I do it for your own good? Then you rest first. I will go out." Shen Yueping smiled. She stood up and left the room.

Lin Zhiyun quickly covered her head with her quilt.

.....

"The boat's driver disappeared? What do you mean?" Tian Donghua asked as he felt inexplicable by Yang Ming's words.

"Yes, the driver who navigated the yacht disappeared!" Yang Ming explained with a bitter smile, "Did I not make it clear enough?"

"Ah?" Tian Donghua was stunned. "The boat driver had disappeared? How could it be? Stop pulling my leg. In the vast sea, where could he be? Did he really jump into the sea?"

"I wasn't joking with you. If you don't believe me, you can look for him yourself..." Yang Ming pointed in the direction of the helm. "I have just been there. There are no people there."

"Is he in the bathroom?" Chen Mengyan asked with hesitation.

"Of course, there is this possibility. But the current situation is that the fuel gauge on the boat has reached the bottom. In other words, even if we found the boat driver, it is useless. Not to mention that I have already searched around. There is no one else except us on this boat!" Yang Ming said helplessly.

"Ugh..." Tian Donghua rushed to the cabin and glanced at it. He looked around again and finally confirmed that Yang Ming was telling the truth. The boat driver was gone!

Tian Donghua was a little anxious. "D*mn! What kind of boat chartering company is this? The quality of this boat driver is really good!"

"There is no use scolding now..." Yang Ming threw up his hand and said, "Right now, we need to think about what should we do."

Yang Ming was the calmest person. After encountering a problem, he would think about the solution to the problem first instead of blindly worrying.

"Where are we now?" Tian Donghua frowned. He looked at the vast sea and asked.

"I don't know, but it hasn't been too long, and yet no ship has passed by. We might be far away from the coastline." Yang Ming told his guess.

"Then, if we continued like this, we won't know where are we floating to, right?" asked Tian Donghua.

"That is hard to say. We probably can be pushed to the shore along the waves. Of course, we could land on the shore of an island. That will be f*cked up..." Yang Ming shook his head and said.

Although Yang Ming said so, he still observed the expressions of Tian Donghua and Wang Xue secretly. Because the matter was odd to the point that it was somewhat strange!

Why did the driver disappear without reason? On the other hand, why did the fuel tank coincidentally run out of fuel? This forced Yang Ming to suspect that someone did it deliberately. Moreover, Tian Donghua had rented the boat. Yang Ming also had to consider whether or not Tian Donghua had participated in it.

But after a few thoughts, Tian Donghua had no reason to harm Yang Ming. The boat driver and the boat rental company had no reason to hurt Yang Ming as well. The boat was rented by Tian Donghua, and Yang Ming had never appeared before. So, even if someone wanted to target Yang Ming, it was

impossible for them to predict in advance. Never mind that if Yang Ming didn't appear today, the boat would have been taken away by others!

Isn't it all just a coincidence? Yang Ming thought for a long time and couldn't figure it out.

"Look over there! What happened there!?" Yang Ming was still contemplating when suddenly he heard Wang Xue exclaim loudly.

"En?" Yang Ming looked up and gazed in Wang Xue's direction. He was shocked! The deck at the end of the boat had a missing piece out of nowhere! Seawater was pouring in from the waves into the end of the boat. The end of the boat gradually heeled to one side!

"What happened?" Yang Ming was shocked. If there was no fuel on the boat, it was still alright. At least, there was a hope to survive. If the yacht keeled over, then the chances of surviving would be slim!

"I don't know. I just happened to turn around and suddenly saw the deck at the end of the boat had collapsed..." Wang Xue said in a panic.

"D*mn, am I really that unfortunate?" Yang Ming knew that there was no use to panic now. Although I'm good in water, it is so far away from the shore. Even if my leg cramped from swimming, I can't swim back! "Let's hurry up! We need to split up and look for things like life jackets in the cabin!"

Yang Ming knew that complaints were useless. The most urgent task was to find a way to stay alive.

"Right!" Tian Donghua wasn't a good-for-nothing. The panic was just out of shock. Now, he had returned to a calm manner. He ran in the direction of the cabin and brought Wang Xue along.

"Let's go to the helm!" Yang Ming said while pulling Chen Mengyan's hand.

"We... If we can't find a life jacket, are we going to die?" Chen Mengyan's body was trembling. After all, it was difficult for a girl to calm down in this situation.

"What do we need to be afraid of? At most, let us play Titanic another time. Didn't we talk about it just now? You can rest assured that even if I'm dead, I won't let you die!" Yang Ming wasn't so confident, but to let Chen Mengyan have a peace of mind, he still smiled and comforted with a relaxing tone.

"Stop the nonsense. If you're going to die, then what do I do?" Chen Mengyan replied in a strong tone, "If we are going to die, we might as well die together..."

"Okay, we aren't dead right now. Let us see if we can live together!" Yang Ming smiled.

"Hehe..." Chen Mengyan laughed, too. Indeed, it would be better to live together than to die together.

Yang Ming and Chen Mengyan came to the helm. Yang Ming saw a few life jackets under the helm's seat and quickly took them out. However, he only found three life jackets!

There were now four people on board. In other words, it was destined for one person not to have a life jacket to wear! Yang Ming looked at the life jackets and smiled. At this time, should I be displaying generosity?

"What happened?" When Yang Ming was in a daze, Chen Mengyan quickly asked, "Did you find the life jackets?"

“Yes, but there are only three of them!” Yang Ming took the life jackets out and shook them in his hand.

“Then... I won’t wear it...” Chen Mengyan didn’t even think twice and blurted out.

“Stop joking with me. You guys can wear it together later. I’m good in the water. I will find some way.” Yang Ming shook his head, pulled Chen Mengyan and ran out. It wasn’t a place to stay long. After all, time was at stake. Their lives were in danger.

On the deck of the boat, Tian Donghua and Wang Xue just rushed back. Tian Donghua looked serious. “I only found a lifebuoy. Let me give it to you...”

“Ha, are you serious?” Yang Ming was surprised and said delighted, “What a coincidence? I found three life jackets. You, Wang Xue and Chen Mengyan can have one per person. I will use the lifebuoy!”

“How can that be? The sea water is so cold...” Tian Donghua said immediately, “How about I use it...?”

“Fine. Don’t be generous with me. I’m good in the water. I know myself naturally. We don’t want to have all of us be done for!” Yang Ming gave the life jackets in his hand to Tian Donghua, Wang Xue and Chen Mengyan and he abruptly took the lifebuoy from Tian Donghua’s hands.

“This...” When Tian Donghua saw that Yang Ming was very determined, he found it difficult to insist. After all, time was tight. He helplessly took the life jacket.

The three hurriedly put the life jackets on their bodies. Yang Ming was also checking whether the lifebuoy was strong enough. Suddenly, Yang Ming heard the sound of a motor accompanied by a man’s laughter!

.....

Chapter 783: A Little Known Hidden Truth

“Hahaha! Yang Ming, ah, Yang Ming, you didn’t think of it, right? Even you will have such consequences today!” The voice on the motorboat was very familiar. Yang Ming looked up and saw Wang Zhitao who had disappeared for a long time standing on the motorboat!

“Wang Zhitao?” Yang Ming locked his brow. It appears that he is the one who did this. However, with Wang Zhitao’s personal strength, can he make such a big move? It seems that it isn’t so possible.

Is Wang Zhitao really that capable? Could it be that there is a traitor on my side? Otherwise, things were too coincidental. Just after the stern starts leaking water, Wang Zhitao appears?

If he couldn’t foresee the future, then it must be that he had special abilities which could remotely control everything here. However, this was obviously impossible. If Wang Zhitao had this ability, he wouldn’t need to be so painstaking. He could still kill Yang Ming on land.

“Hehe, Yang Ming, have you ever thought that one day you would die, too?” Wang Zhitao’s voice was hoarse, and it was particularly sharp in the sea breeze. His messy hair was blown around until it stood up just like a madman’s.

“Wang Zhitao, what do you want to do? Are these things all done by you?” Yang Ming, though surprised by Wang Zhitao’s sudden appearance, still asked calmly.

“If yes, so what? Yang Ming, you ruined my family. I will make you die today!” Wang Zhitao shouted ruthlessly.

“You make me die? Not necessarily. Even if the boat turns over, we may not die.” Yang Ming said faintly.

“Try it then?” As Wang Zhitao said, he took out a pistol from his pocket. The black muzzle pointed toward Yang Ming. “This time, let me see if will you die or not.”

Yang Ming’s cold sweat suddenly came out. This guy is absolutely insane! Although Yang Ming could be sure that he could dodge Wang Zhitao’s gunshot, he could not guarantee that Chen Mengyan, Tian Donghua, and Wang Xue could avoid it!

At that time, if the scene where a beautiful woman blocked a bullet for him appeared again, then Yang Ming was really suffering in a living hell.

“Ha ha ha, what? Are you afraid?” Wang Zhitao sneered, “I will give you a chance. Killing you with a gun is too boring, so you go jump into the sea. I will watch you sink and feed the sharks. Then I will let the others on the same boat go. How about that? I won’t kill them. I will even take them on the motorboat and send them back!”

“Can I believe you?” Yang Ming asked. For Wang Zhitao’s character, Yang Ming didn’t trust him at all.

“Believe it or not, it’s up to you. But if you don’t jump, then all of you have to die!” Wang Zhitao’s eyes widened, and his expression was very ferocious. “Who should I start with? Wahahaha, let’s kill someone I know. Chen Mengyan then. Hehehehe, sorry, my dear student committee member. Who told you to follow Yang Ming, this bastard? If you die, don’t blame me. Blame yourself for choosing Yang Ming.”

“Wait!” When Yang Ming saw Wang Zhitao raise his pistol, Yang Ming quickly shouted to stop him. For Wang Zhitao, such a madman, Yang Ming was really afraid that he would do anything.

Even if his skill was good, it couldn’t be better than a random shot. If Wang Zhitao really shot randomly, then Yang Ming couldn’t deal with it.

“If I jump, you won’t hurt the others, right?” Yang Ming hesitated and asked.

“Hmph hmph, believe it or not, you can choose not to jump. Wait until I kill each of them, and then you will die as well!” Wang Zhitao said coldly.

“Okay, then I’ll jump and hope that you will abide by your promise.” Yang Ming nodded and said solemnly.

“Hah, you jump. Jump quickly! Maybe I will change my mind after a while!” Wang Zhitao laughed.

“Yang Ming, don’t jump!” Chen Mengyan listened to Yang Ming’s words and was anxious. She held Yang Ming’s hand and didn’t let go.

“It will be alright. Relax.” Yang Ming said gently in Chen Mengyan’s ear.

“But...” Chen Mengyan naturally didn’t want Yang Ming to be in danger.

"No buts. If I don't jump, we all have to die. Didn't you see that he has a gun?" Yang Ming held Chen Mengyan's hand.

"Let's discuss with him... persuade him..." Chen Mengyan said unwillingly.

"With this kind of madman, it is useless to say anything to him." Yang Ming said, "Trust me. I won't die."

"Okay, stop the nonsense. F*ck!" Wang Zhitao said impatiently, "Why are you two still lovey-dovey at this time? Jump now, or I will blow off your head!"

Yang Ming turned around. He looked at Wang Zhitao and said, "Remember what you said, or you will regret it." After that, Yang Ming jumped into the sea.

"D*mn, trying to threaten me?" Wang Zhitao said disdainfully, "Hehe, I will watch you die!"

Yang Ming struggled in the sea. After a while, he choked on the water and coughed loudly. It didn't take long before he sank into the sea.

"Wahahahaha, he drowned! It's so cool!" Wang Zhitao looked at Yang Ming's look, and he was shouting joyfully, "Who knows if you're really dead or not?"

As he said this, he lifted the pistol up and shot twice at the spot where Yang Ming sank.

"Don't!" Chen Mengyan was shocked, but it was already late. There was red flowing in the sea immediately. Obviously, Yang Ming was shot.

"Ha ha ha ha ha! Sharks will be coming in a while. You all are waiting to die! It feels really d*mn good!" Wang Zhitao laughed crazily.

"You broke your word. Are you a man? Yang Ming has jumped into the sea, and you still shoot?" Tian Donghua was furious suddenly. He pointed to Wang Zhitao and shouted loudly.

"Heh, why can't I shoot when he jumped into the sea? If I didn't shoot, how can the sharks come?" Wang Zhitao said disapprovingly.

At this moment, Chen Mengyan was utterly astounded. In a daze, she fell to her knees on the deck and looked at the deep sea.

"I will kill you!" Tian Donghua was enraged immediately. He picked up a leisure chair on the deck and smashed it at Wang Zhitao.

"Huh? You dare to be complacent? Don't you want to live anymore?" Wang Zhitao quickly leaned back and dodged the chair before raising his hand and shooting. The shot just hit Tian Donghua's leg.

"Ah..." Tian Donghua covered his wound and squatted down. Fresh blood flowed from his fingers.

"Wang Zhitao, what are you doing? How can you shoot at my husband?" When Wang Xue saw that her husband was shot, she widened her eyes and questioned Wang Zhitao.

"Shoot? I'm already giving you face by just shooting. He smashed me with a chair, so I'm already kind enough to not kill him in one shot." Wang Zhitao said indifferently.

“Wang Zhitao, you’re really good. I...” Wang Xue was too angry that she pointed at Wang Zhitao, but she couldn’t speak.

“Hehe, sister, you can play with my brother-in-law slowly. I’m leaving now. I wish you all a happy time with the sharks!” Wang Zhitao blew the gun’s muzzle and spoke proudly.

“You – what are you talking about? Are you leaving? Then what do we do?” Wang Xue was in a panic.

“Just do what you should do.” Wang Zhitao said indifferently.

“You are shameless! You want to leave me alone?” Wang Xue looked at Wang Zhitao in shock and anger.

“D*mn, I’m too lazy to bother about you.” Wang Zhitao was insane. Family and friendships were nothing in his eyes.

“Brother, I will make you regret it.” Wang Xue stared at Wang Zhitao. There was a fine remote control in her hand suddenly. “I have already guessed that you’re a person who forgets to be righteous. Fortunately, I have prepared for it. Then we die together!”

After that, Wang Xue pressed the red button on the remote control. However, for a long while, nothing happened.

“What’s the matter? Why didn’t your motorboat explode?” Wang Xue looked surprisingly at Wang Zhitao and the motorboat that were still safe.

“You want to mess with me? You’re still young!” Wang Zhitao smiled coldly, “Fortunately, Brother Huang helped me check the motorboat and found that it was installed with a bomb! You’re so ruthless! People said that nothing is more poisonous than a woman’s heart. You even have a backup plan for your own brother. Then I don’t have to be kind to you!”

“You... you knew it?” Wang Xue suddenly desperately knelt on the deck beside Tian Donghua. She looked at the injured Tian Donghua and muttered to herself, “I’m sorry... my husband. It’s my fault...”

Although Tian Donghua was injured, his life was not in danger. The dialogue between Wang Xue and Wang Zhitao just made him dumbfounded. He didn’t expect Wang Zhitao to be Wang Xue’s brother!

Chen Mengyan, who was by the side, was also staring dazed at everything that happened in front of her. The hidden truth was so shocking.

“You all will die soon. Later, Yang Ming’s blood will attract the sharks. Hahahaha!” Wang Zhitao laughed madly and prepared to start the motorboat.

“The thing that attracts the sharks probably will be your blood.” A cold, iceberg-like voice suddenly sounded in Wang Zhitao’s ear. Wang Zhitao was extremely shocked. He couldn’t even hold his gun properly.

However, it didn’t matter if he could hold it well. The next moment, the pistol had fallen into the hand of the other. This person was naturally Yang Ming.

Looking at Yang Ming standing next to him, Wang Zhitao suddenly burst into shock. “You, why didn’t you die?”

"Yeah, of course, I'm not dead." Yang Ming looked at Wang Zhitao sarcastically. "I just said that if you don't keep your promise, you will regret it."

"You... You..." Wang Zhitao didn't expect that Yang Ming would suddenly appear on his own motorboat!

"What me? You're surprised, aren't you? I didn't get killed by your shot." Yang Ming looked at Wang Zhitao with an ambiguous smile.

Although Wang Zhitao didn't speak, his expression had that meaning.

"Well, then I will solve your confusion before you die. Look. You didn't hit me with your shot. The blood in the sea was from my arm that I cut using a knife. I did this to let you feel at ease!" Yang Ming stretched out his arm. There was a big wound on it, but it wasn't a gunshot.

"You... cheater!" Wang Zhitao was angry and shocked. He didn't expect that his plan ultimately did not work out.

"Hehe, you are just too stupid." Yang Ming snorted. "However, I didn't expect that Wang Xue is actually your sister..."

Chapter 784: The Death of Little Wang

Yang Ming didn't expect that Wang Xue was actually the sister of Wang Zhitao! Yang Ming had investigated Wang Zhitao's family before, but he didn't notice that Wang Zhitao still had a younger sister. There must still be something in the middle that was concealed and not known to outsiders.

However, these were not important anymore. Yang Ming had long suspected that there was a spy between Tian Donghua and Wang Xue, or that the two people were simply a group. Because he wouldn't be a spy, and Chen Mengyan would definitely not join forces with Wang Zhitao to harm him.

After Yang Ming jumped into the sea, he deliberately pretended to be a lousy swimmer. He sank into the sea after he faked choking on some water. Yang Ming would take the opportunity to attack Wang Zhitao. But he didn't expect that Wang Zhitao wasn't so stupid. He was afraid that Yang Ming wouldn't die, so he shot into the sea!

Thankfully, Yang Ming's special abilities enabled him to see clearly the direction of Wang Zhitao's shots after he closed his eyes, so he quickly hid aside. In order not to let Wang Zhitao raise doubts, Yang Ming used a dagger that he always carried on him to cut his arm and let the blood flow out to the surface of the sea to mislead Wang Zhitao.

Although injured, this little injury was nothing for Yang Ming. When Yang Ming was going to swim to the rear of the boat to attack Wang Zhitao, he didn't expect Tian Donghua to stick up for him, and cause Wang Zhitao to shoot frantically!

Yang Ming just wanted to stop it, but he couldn't act under water. However, the following things made Yang Ming realize who the spy was on his side. Initially, Yang Ming didn't understand why Wang Xue was a spy, but after listening to Wang Zhitao, all the answers were revealed.

Perhaps she did it for her family, or to find revenge. Since Wang Xue was Wang Zhitao's sister, then Wang Xifan was Wang Xue's father. It was understandable that Wang Xue helped Wang Zhitao to deal with him.

However, what happened next was a bit dramatic. Perhaps Wang Zhitao had promised Wang Xue beforehand that he wouldn't hurt other people except for Yang Ming. After the event, Wang Zhitao would use the motorboat to take the rest back to shore.

However, Wang Zhitao didn't keep his promise. Not only did he hurt Tian Donghua, but he didn't even intend to save Wang Xue. Furthermore, Wang Xue didn't seem to trust Wang Zhitao, so she also installed a bomb on the motorboat! Yang Ming couldn't help but admire the woman's schemes that were beyond imagination. However, Huang Youcai seemed to be more talented. He could actually predict something and removed the bomb on the motorboat.

As a result, Wang Xue's plan to kill Wang Zhitao failed which made Wang Zhitao even angrier. However, Wang Zhitao's madness also created a good opportunity for Yang Ming. If Wang Zhitao wasn't distracted, he really didn't know how to attack him.

Because of the previous event, Yang Ming used the gun and pointed it at Wang Zhitao's head. "I admire you very much. Every plan of yours looks perfect, but it is a pity that I'm not the original Yang Ming. Did you think that since you have harmed me once, you can harm me again?"

"Damn. Legitimacy belongs to the victor. I'm in your hands. Everything you say goes!" Wang Zhitao didn't think much about it this time. Anyway, we cannot coexist. He didn't think that Yang Ming would let him go. "Hurry up and make it quick! F*ck, why give birth to me when there is Yang Ming?"

After listening to Wang Zhitao's generous words, Yang Ming wanted to laugh, but he resisted it. If he laughed, he would inevitably sympathize with him, but this person wasn't worthy of sympathy.

Although it was his right to like Chen Mengyan and Zhou Jiajia, Yang Ming couldn't interfere. But since Chen Mengyan and Zhou Jiajia have chosen to be with him, then Wang Zhitao should admit reality and give up those illusions.

However, it was evident that Wang Zhitao was in a dead end. He had turned love into crazy revenge. Yang Ming shook his head. Although he wanted to torture Wang Zhitao before he killed him, it seemed that Wang Zhitao was pitiful enough.

Yang Ming was hesitant, but suddenly he heard Wang Zhitao utter " *Ugh* ." His eyes bulged out, and his jaws opened wide. After taking a heavy breath, he tipped over the edge of the motorboat and then slid into the sea!

Yang Ming saw the iron stick pierced into Wang Zhitao's back, something like a flagpole. Wang Xue looked at it with some panic. Apparently, Wang Xue found something from nowhere, and then she suddenly stabbed it into Wang Zhitao's back.

Looking at Wang Zhitao's miserable state, Yang Ming couldn't help but feel a bit moved. Wang Xue was really a ruthless woman. Wasn't it just a shot to Tian Donghua? It actually led to Wang Xue's crazy counterattack.

However, it could be seen that Wang Xue's feelings for Tian Donghua were true. No matter who they were, once they touched her lover, she would retaliate with madness.

Yang Ming sighed, but then again, such a woman, although her character was staunch, there was nothing wrong with it. This kind of personality was similar to Sun Jie. Yang Ming also believed that if one day Sun Jie really became his woman, and if something happened to him, this woman could turn over Song Jiang.

"Yang Ming!" At this time, Chen Mengyan reacted from the panic. She widened her eyes and saw that Yang Ming was fine. She was full of joy! Just now, Chen Mengyan was almost scared to death. When Wang Zhitao fired into the sea, Chen Mengyan almost jumped down with him. If Yang Ming didn't tell her to be calm before and that it'll be fine, Chen Mengyan really couldn't hold on.

However, Chen Mengyan was really surprised and happy to see Yang Ming miraculously appear on Wang Zhitao's motorboat, because the final result was finally the same as those on TV. The good guys were not dead, and the bad guys were out of luck.

But, was Yang Ming a good person? At least, Chen Mengyan thought so.

Yang Ming glanced at Wang Zhitao's body with some pity. Eventually, maybe his body would attract sharks. Yang Ming drove the motorboat to the boat that was about to sink. He said to Chen Mengyan and Tian Donghua, "Get on board. We're saved."

Chen Mengyan first ran onto the motorboat, and immediately fell into Yang Ming's arms. Although the scene was only a short ten minutes, Chen Mengyan was drenched in a cold sweat.

"Okay, it's okay. It's alright. Didn't I say, everything is fine?" Yang Ming comforted and patted Chen Mengyan's back.

"Let me look at the injury on your arm!" At this time, Chen Mengyan remembered that Yang Ming's arm was injured. She quickly pulled Yang Ming's arm.

At that time in the water, in a moment of desperation, Yang Ming had to take off his jacket and directly used the knife. As a result, the sleeve of the coat was cut off.

"It's nothing. Just a little bit of injury. It'll be fine after a while. What we should do now is to go back to shore and hurry to find a place to dry our clothes!" Yang Ming was wet. Knowing that this was winter, he'd freeze in a while.

At this time, Tian Donghua also stood up and staggered to get on the motorboat. Wang Xue wanted to help him, but Tian Donghua swung his arm angrily. "Don't touch me!"

Now, if Tian Donghua couldn't see that all of this was caused by Wang Xue's conspiracy, then he was a fool. Especially when he remembered that Wang Xue and this half-brother had met several times privately, his heart was even angrier! Together, these two people were actually secretly plotting to harm Yang Ming!

Didn't she know that Yang Ming was his good buddy? It was simply too inhumane to do something like this!

"Husband... I..." Wang Xue felt grievance as she saw Tian Donghua shake her off, preferring to limp on his own.

"Who is your husband?" Tian Donghua glared. "Who are you? I don't know you!"

As Tian Donghua said that, he trembled in anger. He was unstable and almost fell into the sea. Yang Ming was quickwitted, and he quickly got up to give Tian Donghua a hand to board the motorboat.

Wang Xue was about to board the motorboat, but she heard Tian Donghua say, "Yang Ming, set sail. Leave her!"

"This..." Yang Ming was a bit troubled. Although he was quite critical about Wang Xue's approach, how should he put it? Wang Xue was taking revenge for her father which was reasonable. Wherever you go, rationality was a must.

From his own point of view, Wang Xue was his enemy. But from a daughter's point of view, what Wang Xue did was reasonable, not to mention that she wasn't that kind of malicious person. Although vicious, it depended on the other person. At least she didn't involve Chen Mengyan. Moreover, after Wang Zhitao broke his promise and hurt Tian Donghua, Wang Xue turned against Wang Zhitao for her lover, so this woman wasn't that hopeless.

But now this was another family's business. It wasn't appropriate for Yang Ming to get a word in. However, if he really set sailed, then Wang Xue would be left alone here. Then Wang Xue would definitely die.

"Forget it. Old Tian, let her board first. If you let her stay there, she will die." Yang Ming finally opened his mouth.

When Wang Xue heard Yang Ming actually open his mouth for her, she couldn't help but be baffled. She looked up somewhat puzzled and saw that Yang Ming's face was normal. He didn't seem to be sarcastic, so she hurriedly said, "I am sorry..."

"Don't mention this. Board the motorboat first. Don't linger anymore. Now I'm sailing. I'm in charge. Don't worry about what Old Tian said!" Yang Ming saw Wang Xue looking at Tian Donghua. Tian Donghua didn't say anything, so Wang Xue didn't dare to move. Thus he spoke.

"What are you looking at? Since you're allowed to board, then just board! *Hmph!*" Tian Donghua glared at Wang Xue and said coldly, "Don't you see that Yang Ming and I are both injured? Are you trying to kill us by lingering?"

"Ah..." Wang Xue was shocked and quickly got on the motorboat.

Yang Ming smiled and shook his head. This Wang Xue, she was still a little girl. Forget it. He didn't intend to pursue this matter again. Let the past be in the past.

Yang Ming approximately estimated the remaining amount of fuel in the motorboat and the distance from here to the Song Jiang pier. It seemed that the remaining fuel wasn't enough to travel that distance. Wang Zhitao couldn't have come from Song Jiang.

Chapter 785: Let Me Help You...

"Wang Zhitao didn't come from Song Jiang, right?" Yang Ming turned around to ask Wang Xue.

"I... I don't know... I did give him the motorboat, but I don't know where he came from..." Wang Xue whispered.

" *Hmph !*" Tian Donghua glared at Wang Xue impatiently. If Yang Ming didn't open his mouth, Tian Donghua would really be determined to abandon her.

Yang Ming didn't ask more. He looked around with his special ability and located the nearest island. He estimated that they could probably reach the shore. After they landed on the shore, then they would think of ways to go back.

This island was near Song Jiang. It had been developed into a tourist attraction. It was suitable as a temporary place to stay.

Because of Yang Ming's unique ability, it was still possible to chart a course very accurately in the vast sea. They didn't take any extra travel distance. Soon, the outline of the island appeared in front of everyone.

"We are saved!" Chen Mengyan excitedly pointed in front and exclaimed. Tian Donghua and Wang Xue were also excited.

Here, only Yang Ming knew in his own mind. Everyone else thought that Yang Ming was just aimlessly navigating. Yang Ming couldn't tell them in advance and could only let them be anxious for a while.

Soon, the motorboat arrived at the dock of the island where the receptionists of several resorts on the island waited. When the motorboat came in, they went around and started to advertise for business. "Misters, come to our resort to play. Our resort has a good environment and excellent prices...."

When the words were just finished, a person noticed that Yang Ming and Tian Donghua were soaked in blood. He couldn't help but be startled. "Did you... guys just get robbed?"

In particular, Yang Ming's body was soaked like a drenched chicken with a coat of ice as though he just escaped from the dead.

"You can put it that way. We have encountered a pirate. Can you take us to the nearest hospital first?" Yang Ming spoke as he took out a hundred yuan from his pocket and gave it to the person speaking.

"Alright. Sure. No problem!" This person was a resident of the island. Usually, he attracted customers as his means of living. If he brought a person to the resort, he could earn a commission of ten yuan. The four people including Yang Ming were only forty yuan. On the other hand, Yang Ming gave a hundred yuan right on the spot, which equaled to ten customers. How would he be unwilling?

However, are there pirates in the vicinity? This person was baffled, but as he looked at the group, if they hadn't encountered pirates, there was no way to explain it.

When the others saw that he had received a hundred yuan, they were jealous. However, these people were local residents where they knew each other. Hence, they could only be envious. Nothing like stealing business away would happen.

The motorboat was docked. Yang Ming and the others followed the locals to the shore. The locals were usually responsible for picking up and dropping off customers. There was a van dedicated to them from the resort. After the locals sent Yang Ming and the group to the van, they headed to the only hospital on the island.

However, even though it was the only hospital, it was very big. Thinking about it, it took more than an hour to go to Song Jiang from the island. If the people on the island were slightly sick, and they had to go to Song Jiang, wouldn't that be too troublesome?

After the two registered to see the surgical doctor, Yang Ming and Tian Donghua entered the diagnostic room. Yang Ming's injury was light. After sterilization, some medicines were applied before it was bandaged. However, Tian Donghua's injury was somewhat complicated. Because it was a wound from a gunshot, according to regulations, it was necessary to call the police first.

Yang Ming knew that if the police came, the investigation wouldn't be finished in a short time. Moreover, it also involved some of Wang Xue's hidden story. It was better to be cautious before discussing it with Tian Donghua.

So Yang Ming sent a wink to Chen Mengyan and whispered, "Give your dad a call. Ask him to talk to the police here and let them treat Old Tian's injury first."

This island was also within the area of Song Jiang, so Chen Fei's word was quite effective. Chen Fei greeted them. The police here also didn't want to bother much. After all, the city bureau said that it involved a major crime and told them not to participate.

Moreover, what Chen Fei said was indeed the truth. Wang Zhitao was also a person who was monitored by the police.

The injuries of the two didn't involve any fatal parts, so after a simple treatment, they could be discharged from the hospital. The person who welcomed the customers had been busy assisting Yang Ming which made Yang Ming have a good impression of him.

The local residents on the island were very simple. This person thought that he had accepted one hundred yuan from Yang Ming. Naturally, he had to do something worth the money. Even if it didn't have anything to do with him, he would stay with them until the end, instead of going back to attract customers.

"Let us go to your resort to rest." Yang Ming was also a little tired. Seeing that this person was really good, Yang Ming helped him to earn some extra money.

" Ah , okay. Thank you..." The man was overjoyed. With that, another forty yuan came into his hands.

This person thought, It seems that being a good person has good karma. I have followed them from beginning to end. In the end, they went to my own resort to rest. If I only brought them to the hospital and left, how can I earn forty yuan more?

This place seems pretty nice. At least, from the outside, it appears to be an excellent grade. Yang Ming was quite satisfied. He reserved two rooms, and Tian Donghua rushed to pay the deposit. The four of them got their room cards and took the elevator up.

Although during this period, Tian Donghua and Wang Xue didn't say a word, Tian Donghua adopted a default attitude toward Wang Xue's existence. Otherwise, he wouldn't let Wang Xue follow him.

Upon approaching the room door, Yang Ming glanced at Wang Xue and looked at Tian Donghua again. Then he said, "Old Tian, stop lecturing Wang Xue. I will talk to you about this matter slowly in the future."

"Alright..." Tian Donghua nodded, and then he turned his head to Wang Xue and said, " *Hmph* , let's remember this debt first. Why aren't you thanking Yang Ming? Or else, I am going to kill you!"

"Thank you... Thank you..." Wang Xue said hastily.

" *Ai ...*" Yang Ming looked at Wang Xue's appearance like a punching bag. He was also quite helpless. However, all of this was the result of her actions. Yang Ming had done everything he could.

As Yang Ming went into the room, he sat down on the bed. He was exhausted along the way. Especially after soaking in the cold sea, his body was frozen. He just wanted to take a shower and take a break at the moment.

"Mengyan, can you turn on the hot water? I need to take a shower. I can't bear it. I'm filled with the sea water's stench," said Yang Ming as he smelled his sleeve.

" *Ah* , you still have a wound on your body. How can you take a shower?" Chen Mengyan said quickly, "Don't get it infected."

"It's okay. I'm really uncomfortable without taking a shower." Yang Ming said, "Look. There is salt residue on my body!"

"Is that really alright?" Chen Mengyan was concerned about Yang Ming's injury, fearing that something terrible would happen to him.

"I'm fine as long as I'm careful..." Yang Ming said, "Okay, just put the water on. I can't stand it anymore."

"Well... alright..." Chen Mengyan saw that Yang Ming insisted. She couldn't do anything about it, so she had to get up, walk to the bathroom and turned on the water. However, when Chen Mengyan saw the tub in the bathroom, she came up with an idea, but she was somewhat shy.

Yang Ming intended to take a shower. However, Chen Mengyan wondered if Yang Ming could sit in the tub, then his injured arm could be placed outside.

With that, it will definitely be inconvenient for Yang Ming to take a bath in which case I need to help. But, with that thought in mind, my relationship with Yang Ming now doesn't have to care about that. I almost

broke through the line several times. It was just bad luck that other things happened in the middle. So, if I help Yang Ming take a bath, there is nothing to be shy about.

So Chen Mengyan filled the bathtub with water and went back to the room. "Yang Ming, how about you take a bath?"

"Isn't that the same?" Yang Ming wondered. "If my arm is always in the water, isn't it better to take a shower?"

"No... I mean..." As Chen Mengyan spoke until this point, she hesitated.

"What?" Yang Ming was dumbfounded. When he noticed that Chen Mengyan didn't finish her sentence, he was puzzled.

"I mean, I can help you..." Chen Mengyan said with a blush.

"Help me?" Yang Ming looked at Chen Mengyan's expression. Suddenly his heart fluttered. *Could it be that Chen Mengyan wants to help me take a bath?* Yang Ming suddenly rejoiced and said, "Great! My arm won't be in the water now."

After that, Yang Ming didn't wait for Chen Mengyan to explain. He stood up and walked to the bathroom.

Chen Mengyan was helpless. She had some intention to retreat, but she couldn't do it at the moment. She could only say shyly, "Then you take off your clothes first..."

You take off your clothes first... Why does it sound so flirtatious? Yang Ming smiled slyly and walked into the bathroom. Yang Ming took off his clothes quickly. As he reached out to his underwear, he hesitated before he finally took it off. Yang What Ming thought he would push down Chen Mengyan eventually. It would be better to train this little girl's ability to receive the visual impact at this moment. Otherwise, it wouldn't be a good thing if she was too shy.

In contrast, Yang Ming still liked Lan Ling's boldness. When Yang Ming thought of this, some part of his body became restless. Among the many women, only Lan Ling was the most daring and liked to try new tricks...

Yang Ming sat in the tub and then shouted to Chen Mengyan outside, "Mengyan, I'm ready."

"Oh ..." When Chen Mengyan was waiting outside, she felt like the passing moments were like enduring through the years. She was panicking deep down in her heart. When she finally heard Yang Ming's voice, she was relieved instead.

What do I need to be afraid of? I'm his girlfriend. What is the big deal for helping him to take a bath? Chen Mengyan tried to muster up her courage. Then, she gritted her teeth and went to the bathroom, but she knocked on the door first.

Yang Ming was a little dumbfounded and said, "Mengyan, I can't go out and open it for you when you knock at the door. Can you just come inside directly?"

Chen Mengyan's action was initially subconscious. Now, having Yang Ming say that, she finally reacted. She couldn't help but blush and carefully opened the bathroom door.

Although Chen Mengyan knew she would face it sooner or later, she couldn't help but close her eyes.

Chapter 786: Together...

However, Chen Mengyan didn't have Yang Ming's special abilities. She couldn't see the way with her eyes closed. The bathroom was narrow, and it was easy to fall. Chen Mengyan had no choice but to open her eyes again. She saw Yang Ming sitting in the tub. Only his upper body was exposed, so she was at ease.

Chen Mengyan found a towel and then moved a small bench. She sat on the edge of the tub, tested the water temperature by hand, and asked, "Is this temperature okay?"

"It's good." Yang Ming grabbed Chen Mengyan when her hand was still in the water. "Would you like to come in?"

"What are you saying! Stop it!" Chen Mengyan said, "If you are being naughty again, I will leave."

"Hehe ..." Yang Ming smiled and let go of his hand, embarrassed, "Well, then I won't move."

"You should be. Your arm is hurt, and you still move around." Although Chen Mengyan pretended to be calm, her heart was really nervous. She didn't dare to look down at the water.

"Why are you looking up? Aren't you tired?" When Yang Ming saw Chen Mengyan's look, he felt a little funny.

"I... have neckache, can't I?" Chen Mengyan certainly wouldn't admit that she was shy. That showed that she was too useless. Even Lin Zhiyun wouldn't be shy.

"Looking up seems to be more painful, right?" How would Yang Ming not know what Chen Mengyan was thinking? So, he deliberately said this.

When Chen Mengyan was teased by Yang Ming, she decided in her mind and thought, *Is that a big deal? It is not that I have never seen it... Ugh, it seems that I really have never seen it. Even in high school, it was so dark in the cinema. I couldn't see anything. I only touched it... However, although I touched it before, why am I still afraid of seeing it?*

Chen Mengyan immediately bowed her head. It didn't matter if she didn't see it, but she was scared at first glance... *How can it be so big?* Chen Mengyan was a good girl since childhood. She naturally had never seen anything like pornography. Although occasionally she had read some novels with little sex scenes, the novels were written vaguely, so there were no specific descriptions.

Surprisingly, she couldn't help but frown. *Such a big thing, if it were to enter my body, then wouldn't it poke me to death?* Chen Mengyan was scared just thinking about it. She didn't know how Lin Zhiyun and Lan Ling could stand it... and they still enjoyed it.

“What are you looking at?” Yang Ming followed Chen Mengyan’s gaze, and when it finally landed on his body, he asked in amusement.

“I didn’t see anything.” Chen Mengyan naturally refused to admit what she saw.

Yang Ming stopped asking but closed his eyes. He looked a little tired.

Chen Mengyan breathed a sigh of relief. If Yang Ming stared at her nonstop, then it would be awkward. Seeing Yang Ming close his eyes, Chen Mengyan simply let go. She carefully wiped Yang Ming’s upper body, the places where the water in the tub didn’t reach.

Chen Mengyan was more careful especially in the area where Yang Ming was injured... However, Yang Ming’s body wasn’t dirty. It was a little uncomfortable because it got in contact with the sea water, so Chen Mengyan only needed merely wipe it, and then it was done.

“Okay,” Chen Mengyan patted Yang Ming’s back and said, “I will wipe you with a towel, then you come out. I can just wash your clothes with this hot water.”

“ Ah – it is really comfortable!” Yang Ming stretched out and then stood up from the water suddenly.

“Yeah, what are you doing?” Chen Mengyan didn’t expect Yang Ming actually to stand up as he said so; she was shocked suddenly! It’s one thing to look at it in the water, but if Yang Ming stood up like this, then it’s another thing. After Chen Mengyan was being scared by Yang Ming, her hands unconsciously reached forward to block...

Yang Ming suddenly had an idea in his mind. Yang Ming took advantage of Chen Mengyan’s push, and he slipped down into the tub with an “ Aiya ” scream.

Hearing Yang Ming’s scream, Chen Mengyan quickly helped him with her hand. If Yang Ming who was injured, fell down again, would this be okay?

So, Yang Ming grabbed Chen Mengyan’s hand and then sat down in the tub. How could Chen Mengyan have more strength than Yang Ming? All of a sudden, he dragged her into the tub...

Yang Ming was naturally prepared. He wouldn’t let Chen Mengyan fall directly in the tub. Otherwise, if she fell in with her head down, wouldn’t she become a retard?

How could Chen Mengyan think that Yang Ming would fall down? She immediately lost her balance and fell directly into the tub! Before she could reach out, she felt that she was in the water.

Fortunately, the water was shallow, and Yang Ming was sitting inside. Chen Mengyan didn’t drown, just... Chen Mengyan shook her head. Why is there an unknown hard object beside my mouth?

At first, Chen Mengyan thought it was Yang Ming’s leg, but later, she felt that something was wrong. Why is it so hot? Chen Mengyan got up from the tub and looked down. Then her face flushed instantly... The unknown object was actually the thing that she just saw...

I actually made close contact with it! This... is this too shameful, right?

“It’s cool...” Yang Ming was lecherously looking at Chen Mengyan who was being awkward.

“You still talk. I will bite it off if you talk again!” Chen Mengyan was furious.

“Okay, then you bite...” Yang Ming smiled instead.

“You are not afraid?” Chen Mengyan was stunned. She didn’t expect Yang Ming dared to call her bluff to bite it.

“What am I afraid of? Why do I need to be afraid?” Yang Ming pretended to be surprised.

“Aren’t you afraid of pain?” Chen Mengyan wondered.

“Biting doesn’t hurt it.” Yang Ming said inexplicably.

“How is it possible?” Chen Mengyan wondered.

“If you split the word ‘bite’ [1] apart, what do you think it is?” Yang Ming smiled slyly.

“Mouth... You go to hell!” As Chen Mengyan said halfway, she immediately understood what Yang Ming was saying. She even stupidly asked him for a long time. *This guy is really irritating!*

” *Hehe* , just joking. But now you are like this. You should take a bath together. Just take it as a lovers bath.” Yang Ming picked up Chen Mengyan and put her into the tub.

“I’m wearing clothes. What are you doing?” Chen Mengyan was shocked. Although she fell into the water, only the upper part of her shirt was wet. Now her whole body was wet after Yang Ming pulled her into the tub.

“It’s already wet anyway. I will ask the resort staff to pick it up and wash it later.” Yang Ming said with laughter.

Chen Mengyan was helpless. Anyway, she even slept with him in a bed. Now it’s nothing to bathe together, but it currently is daytime, and Chen Mengyan was still embarrassed.

Unlike the evening, they couldn’t see each other’s expressions when the lights were off.

Fortunately, Chen Mengyan’s jacket had been taken off, and she wasn’t wearing a lot of clothes now. Yang Ming reached out and peeled off Chen Mengyan’s clothes. Chen Mengyan struggled for a while, but then she didn’t resist. She just let Yang Ming strip off all her clothes.

How was this bathing? Chen Mengyan endured Yang Ming’s touch. She rubbed her body with difficulty using the water, and then she fled out of the tub and ran to the bed. She no longer came out.

Yang Ming smiled slyly. *Today is a good opportunity..* . This was his first close observation of Chen Mengyan’s body. Although Chen Mengyan was obscuring it, Yang Ming had seen it completely.

Yang Ming indeed had unique abilities, but he wouldn’t bother using it to peep. Otherwise, he would have seen Chen Mengyan’s body clearly during high school.

Yang Ming quickly wiped his body with a towel and followed Chen Mengyan back to the room. He saw Chen Mengyan had wrapped herself up in bed like a mummy. Yang Ming found it funny. He didn’t know how this little girl wrapped herself up like a burrito.

“Give me some blanket.” Yang Ming dragged the corner of the quilt, but Chen Mengyan was holding tight.

"..." Chen Mengyan closed her eyes, but she didn't speak. She just looked like she was asleep.

"Quickly... I'm going to freeze to death..." Yang Ming pulled it hard, but he didn't dare to use too much force. He was afraid to pull Chen Mengyan to the ground.

Chen Mengyan still didn't move.

Yang Ming had an idea all of sudden. He just pulled a little. Then he suddenly screamed, " *Aiya* ... it hurts. I used too much force. My wound is bleeding..."

" *Ah* , Yang Ming, are you okay?" Chen Mengyan sat up from the bed and nervously looked at Yang Ming's arm. But she saw that the gauze on it was intact and there was nothing at all.

"You are lying again!" Chen Mengyan was livid at Yang Ming while she rolled her eyes.

" *Hehe* , but it's almost there. If I pulled a few more times, then the wound would open again." Yang Ming acted as though he was going to pull the quilt again.

Chen Mengyan was helpless. She flattened her mouth. She pulled out half of her quilt and gave it to Yang Ming. "Okay, you just come in." As Chen Mengyan said this, she turned around and didn't dare to face him.

Of course, Yang Ming wouldn't back off. He used his advantage of being an assassin, and burrowed into the quilt at a quick speed, and hugged Chen Mengyan from behind.

Chen Mengyan's body trembled. She could guess what was going to happen next. However, Chen Mengyan wasn't afraid. She was just a little nervous. They had been together for so long. It could be said that they should have done this thing a long time ago. The timing just wasn't right. Every time they either were interrupted or had something happen. So it kept being delayed.

In fact, Chen Mengyan had already made up her mind to give herself to Yang Ming. So at this moment, although she was nervous, there was still some joy. This moment was finally coming.

Chen Mengyan had some imbalances in her heart. Why should Lan Ling and Lin Zhiyun be in front of me? If it were Shu Ya, then she would accept it. But even Shu Ya hadn't...

"You... can you be gentle, okay? I'm a little nervous..." Chen Mengyan whispered.

" *Ah* ..." Yang Ming was shocked and immediately understood what Chen Mengyan was saying. Originally, Yang Ming also had this intention. Now, if Chen Mengyan didn't object, it would be better.

But Yang Ming was amused looking at Chen Mengyan's look. He couldn't help but tease her. "Am I hugging you very hard? Then I will be more gentle." As Yang Ming said this, he loosened his arm.

Chapter 787: Long-awaited...

"Ai, I'm not talking about this..." Chen Mengyan was mad at Yang Ming today. He was a smart and savvy person. How could he not get the point today?

"Then which is it?" Yang Ming continued.

"You are a fool!" Chen Mengyan was going crazy. It was such a good atmosphere, but it was destroyed.

"Ah?" Yang Ming smiled bitterly. *How did I become a fool when I am just being a little serious? It seems that I can't be serious in the future. Otherwise, I would become a fool.*

Since Chen Mengyan said that he was a fool, he would really be a fool if he didn't take action. Yang Ming smiled and flipped Chen Mengyan on the bed. Chen Mengyan screamed "Ah" and then Yang Ming sealed her lips...

Their affairs were not rushed. It happened naturally, so Chen Mengyan's heart was calm at the moment. Without the initial tension, she closed her eyes and let Yang Ming act.

Yang Ming noticed that Chen Mengyan was not nervous anymore, so he became bolder. Chen Fei was fine which made Chen Mengyan completely relieved. The opportunity this time was just right. It was better simply to fulfill Yang Ming's wishes. Otherwise, it would become a knot in the heart.

Speaking of which, Yang Ming was also a veteran at this. He wasn't an amateur at all. Seeing that Yang Ming was familiar with this, Chen Mengyan was somewhat uncomfortable in her heart, but she also felt fortunate. *If it were the first time for both of us, Yang Ming would be impetuous and without any skills, wouldn't it hurt me?*

Yang Ming gently kissed Chen Mengyan's body, from top to bottom until he was in between her legs. Chen Mengyan pushed Yang Ming away harshly and whispered, "Don't... it's so dirty there..."

"How is it dirty? Haven't you already taken a bath? Also, you just gave me a bite, and now I'm giving you a bite..." Yang Ming said.

"Ah

..." Chen Mengyan still wanted to say something, but her whole body was filled with a peculiar feeling that she never had before, and her mind had become blank...

"Can I?" Yang Ming didn't say so clearly, but at this moment, Chen Mengyan certainly understood.

"Hu ..." Chen Mengyan took a breath and almost died because of Yang Ming. Now she was still trembling. "Then... you be gentle..."

Yang Ming nodded. Chen Mengyan's words meant that she had acquiesced. Their feelings that were suppressed for a long time finally exploded at this moment. Everything seemed so natural. When Yang Ming really entered Chen Mengyan's body, two crystal teardrops had fallen across Chen Mengyan's face.

"Yang Ming, you must cherish me in the future..." Chen Mengyan cried.

"I will." Yang Ming nodded solemnly.

"Then... would you marry me in the future?" Chen Mengyan, like all the girls, became more sentimental.

Yang Ming nodded again. *Yes, I have so many women, and yet it is only the first time with Chen Mengyan where we are both clear-headed as it happens.* Recalling Lan Ling, Lin Zhiyun, even Xiao Qing and Sun Jie, it all happened when Yang Ming or they were blurred. As he thought about it, Yang Ming felt that he owed them.

" *Heh ...* Even if you lied, I'm still happy." Chen Mengyan laughed. It was a heartfelt laugh.

"I won't lie to you." Yang Ming gently kissed the tears on Chen Mengyan's face.

"What if one day Su Ya comes back?" Chen Mengyan actually didn't mean what if, but she meant that it was certain. However, only she knew that Shu Ya was Su Ya right now.

" *Ah ?*" Yang Ming was slightly baffled. He didn't expect Chen Mengyan to ask this question at this time.

"Even if you married her, I wouldn't blame you, but you can't dump me." Chen Mengyan gritted her teeth and said, "Otherwise, I would die for you to see."

Yang Ming smiled bitterly and shook his head, but he didn't know what to say. Chen Mengyan seemed to let go of the shackles in her heart finally and was determined to be a gentle wife, but the more she appeared as such, the more uncomfortable Yang Ming's heart was. Every change Chen Mengyan had was for him.

"If I am to marry, I'll marry all of you. If I can only marry one, it must be you." Yang Ming said with certainty, "I promised you, so I would do it."

Chen Mengyan listened to Yang Ming's words and closed her eyes, but her expression was gratified. She whispered, "I believe you... but it really hurts..."

Yang Ming quickly stopped the action down below and waited for a while before continuing...

However, because it was Chen Mengyan's first time, Yang Ming didn't dare to take too long. Although he wasn't finished, he pretended to be really satisfied and ended this battle.

"Why don't you continue?" Chen Mengyan suddenly asked, "I can stand it."

"It's over..." Yang Ming lied to her.

"I don't believe it. You're lying." Chen Mengyan was unrelentingly piercing Yang Ming's lies.

" *Ah ...*" Yang Ming suddenly blushed and swore, "You... How do you know..."

"Hey, I helped you twice with my hands. You think that I don't understand anything..." Chen Mengyan snorted.

Yang Ming had to smile bitterly, "Mengyan, this is your first time. It can't be too long or else you can't walk tomorrow..."

" *Oh ...*" Chen Mengyan was a little bit disappointed, but seeing that Yang Ming cared for her, she was happy. Chen Mengyan was a bit disappointed. How did Yang Ming know that she wouldn't be able to walk tomorrow? It must have happened with Lin Zhiyun or Lan Ling actually to know...

The two were lingering with romantic words. Suddenly the phone in the room rang loudly. Yang Ming was shocked. Chen Mengyan was closer to the phone, and she was somewhat unhappy as she picked it up. She didn't talk, but a beautiful female voice came from the phone, "Mr.... do you want a special service?"

"Want my *ss!" Chen Mengyan was furious as she heard it and hung up.

"What's wrong?" Seeing Chen Mengyan's irate behavior, Yang Ming was somewhat puzzled. "What did the person say on the phone?"

"She asked you if you want special services." Chen Mengyan frowned and said, "How come the hotels are like this now? From now on, I don't dare to let you stay in the hotel alone."

As she finished speaking, the phone rang again. Chen Mengyan didn't want to pick it up this time, but the phone kept ringing, so she had no choice but to pick it up again.

This time, the voice on the phone changed to a more charming one. "Sir, do you want a massage?"

Chen Mengyan got angry and threw the phone. But then she picked up the phone and dialed the number to the front desk. "Tell those irresponsible people, don't call my room! My dad is the captain of the criminal police. If they call again, I will call my dad to close down your hotel!"

The person at the front desk was shocked and quickly told the lobby manager. The lobby manager was troubled, too. *They can't be provoked. If the hotel is closed down because of this, won't the resort's CEO kill me?*

The lobby manager quickly found the mama-san [1] who was responsible for the ladies there and gave her a scolding, telling her not to call that room anymore.

From then on, Yang Ming's room became quiet.

Yang Ming didn't think that a quiet girl like Chen Mengyan could be provoked like this. She actually thought of using the power of her family to fight others.

However, Chen Mengyan's next words let Yang Ming know why she was angry. "No wonder you met Lan Ling when you only had a trip out. It turns out to be like this... I really need to talk to my dad. This can't go on. These entertainment venues must be investigated..."

Yang Ming smiled bitterly. Sometimes it seemed that offending anyone did not necessarily mean that it would lead to a storm. Yang Ming thought – *It seems that after I return, I'll have to tell Hou Zhenhan and Bao Sanli to be careful about the businesses under them. Don't hit the gun.*

"That's because you misunderstood me. My heart is uncomfortable!" Yang Ming said, "Otherwise when our class went out for camping, why didn't I find a lady?"

"Okay, but in the future, you are not allowed to find dubious women. Otherwise, if you bring an infectious disease back, I will ignore you," Chen Mengyan warned.

"With you girls, would I still look for dubious women? Am I so free?" Yang Ming rolled his eyes, *I have more and more women. I would be exhausted just by accompanying my own women. Do I have that energy to find a lady?*

"Then... I'm better now. It's not really painful. Why don't we try again?" Chen Mengyan volunteered.

"Sure." Yang Ming had this intention, but he was afraid that Chen Mengyan couldn't stand it. He nodded, and the two soon entangled together...

This time, Yang Ming was finally uninhibited, and Chen Mengyan bit her lip aggrievedly. Obviously, it was painful.

"I'm going to wash my clothes first." After resting for a while, Chen Mengyan suddenly remembered that Yang Ming's clothes had not been washed. If this was left as it was, how would they go back tonight?

"How can you simply move your body now? I will ask the service staff to take it for dry cleaning." Yang Ming said as he got up. He grabbed the intercom next to Chen Mengyan and dialed the number of the reception desk. He summoned service staff to come up and get the clothes.

The reception desk clerk didn't dare to neglect the guests in this room. He quickly asked someone to go up and retrieve the clothes. They carefully sent them to the dry cleaning department and commanded that these clothes must be washed as soon as possible.

The sky outside was dim. Chen Mengyan was well rested, and the dry-cleaned clothes had already been sent back.

"Let's go back." Chen Mengyan looked at the time on the phone and said to Yang Ming.

"Oh? In such a hurry? Is it okay to stay here for one night? There is nothing important anyway." Yang Ming said, surprised.

"No, I must go back today." Chen Mengyan said resolutely.

Chapter 788: Must Go Back

"Okay..." Yang Ming was helpless. He thought that Mother Chen probably didn't want Chen Mengyan to spend the night outside and gave a stern order.

The two people got up quickly and cleaned up. Chen Mengyan's actions were somewhat sluggish, but fortunately, it didn't affect anything.

Yang Ming called Tian Donghua and asked if he would like to go back. Tian Donghua replied that he would go back without thinking. Obviously, during this time, nothing happened between Tian Donghua and Wang Xue. Probably Tian Donghua was still mad at Wang Xue. He didn't show her a kind expression.

When Yang Ming left the room, Tian Donghua and Wang Xue were already waiting there. Sure enough, Tian Donghua still had a sullen face while Wang Xue was careful by his side.

Yang Ming was helpless. It seemed that these two people still had not reconciled, but this matter couldn't be rushed. It needed to be taken slowly.

In the evening, the wind on the sea was even piercingly colder than in the daytime. It would be quite inadequate to go back with the motorboat. Yang Ming found the lobby manager and asked him to contact a large ship back to Song Jiang.

The resort had a connection with those operating boat businesses. They helped each other to attract customers. Thus, the lobby manager could easily find a free boat. However, there were too few people on Yang Ming's side. A boat would usually fetch twenty people. Having four people was similar to going with an empty boat which would lose them money.

However, Yang Ming noticed Chen Mengyan was in a hurry. He couldn't wait until the boat was full, so he negotiated with the owner of the ship to reserve the entire ship. The boss naturally agreed. Anyway, as long as there was money to earn, it would work.

It was warm inside the cabin. Yang Ming had Chen Mengyan lean on his body. The two seemed warm as they embraced each other. However, Tian Donghua and Wang Xue opposite them were a bit less harmonious. Wang Xue lowered her head while Tian Donghua didn't look at her at all.

"Wang Xue, you and Wang Zhitao..." Yang Ming took the initiative to find a topic.

"Wang Zhitao is my half-brother." Wang Xue sighed. "I never had anything to do with him since I was a child. It was just that the blood relation was at stake. When Wang Zhitao said that it was you who killed my dad, and he looked for me to take revenge on you, I somehow agreed to it unconsciously..."

"You still have the face to say it?" When Tian Donghua heard this, he raised his hand and gave Wang Xue a slap in the face. He shouted, "Don't you know my connection with Yang Ming already? How did Yang Ming treat you? Did he mistreat you before?"

"I..." Wang Xue lowered her head and didn't dare to speak again.

"Old Tian, don't interrupt." Yang Ming waved his hand. "Originally, this involved her father. It was logical that Wang Xue did it, not to mention that when Wang Zhitao hurt you, she changed her stance instantly."

Tian Donghua thought about it for a moment. That was indeed the case. When Wang Zhitao hurt him, Wang Xue went crazy at the time even intending to kill Wang Zhitao. Tian Donghua felt some comfort in his heart.

"Wang Xue, in regards to this, I will persuade Old Tian. Wang Zhitao is already dead. This had nothing to do with you. You should forget about him. I won't pursue anything." Yang Ming said.

"Where is your thank you?" Tian Donghua's mood was a little better as he glared at Wang Xue.

"Thank you..." Wang Xue was very grateful to Yang Ming for his generosity.

Yang Ming waved his hand. This matter would be considered done. Yang Ming also didn't want to waste time on it.

The speed of the ship was rapid. They arrived at Song Jiang pier very soon. Yang Ming thanked the owner of the ship and paid the fare. Then, he and Tian Donghua walked to the parking lot on the shore.

Tian Donghua only had an external injury on his leg. He didn't hurt his tendons or bones. Once the bullet was taken out, there was no serious problem. He had no problems driving. Yang Ming advised Tian Donghua with a few words before he got in the car with Chen Mengyan and drove to Chen Mengyan's home.

"You should visit Sister Lin in a while..." Chen Mengyan said all of a sudden.

"What?" Yang Ming was shocked as he heard it. He didn't quite understand Chen Mengyan.

"Today is Valentine's Day. Don't worry if it is too late or early. If you look for her, Sister Lin will definitely be thrilled," said Chen Mengyan.

Yang Ming's heart fluttered and immediately understood why Chen Mengyan was so anxious to come back. This seemed to be the reason. Yang Ming didn't expect Chen Mengyan, who had always been narrow-minded, to become like this now.

"What's wrong? Are you touched?" Chen Mengyan smiled, " *Hmph* , if you're not used to it, then I will return to how I was originally. *En* ... Yang Ming, you're not allowed to go. You can only accompany me tonight. Let's go... get a room again!"

Chen Mengyan said it deliberately.

"Okay." Yang Ming knew that Chen Mengyan was joking, so he joked with her as well.

"Forget it. I'm scared of you. I can't do it again today... I'm hurting a lot. Go and devastate your Sister Lin." Chen Mengyan shook her head.

"Why is that devastating..." Yang Ming was a little troubled.

As they came to the door of Chen Mengyan's home, Chen Mengyan pushed the door open. As she was about to get off, Yang Ming pulled her, "How about we go together? Zhiyun is quite happy with you, too."

" *Hehe* , in fact, how many girls would like to spend Valentine's Day together in a threesome?" Chen Mengyan smiled and pulled away from Yang Ming's hand. "I will go first. Please have fun. If you have time, send me an SMS."

"Let me escort you?" asked Yang Ming.

"No need. The residence here is from the police. Which bad guys dare to come here?" Chen Mengyan waved her hand.

Yang Ming nodded, but he still watched Chen Mengyan entered the unit door and go home. Only then did he start the car at ease and leave the community area.

Although it was a cold winter, the pedestrians on the road today were packed. Most of them were couples. There were also children selling flowers. The roses today could be sold at a reasonable price, even if the roses were real in their hands.

Yang Ming didn't call Lin Zhiyun directly, but drove the car straight to her door and knocked on it.

"Who is it?" The voice of Shen Yueping came out.

"It is me, Yang Ming. Auntie Shen, open the door." Yang Ming said.

" Oh ?" Shen Yueping was surprised. She quickly opened the door. She was delighted as she saw Yang Ming, "Little Yang, how come you came?"

"I saw a lot of couples on the street at night. It is quite lively. I wanted to find Zhiyun to go out and take a look around, but I didn't know if she felt any better." Yang Ming said.

"Much better. She is browsing the Internet for information." Shen Yueping said, "Come in."

Yang Ming nodded and entered the door. He saw Lin Zhiyun sitting on the sofa with her notebook browsing for information. When Yang Ming came in, Lin Zhiyun didn't look up but just said, "Mom, did Dad come back? Are we eating now?"

Yang Ming smiled and sat directly by Lin Zhiyun's side, grabbing her thin waist directly with his hand.

Lin Zhiyun was shocked. She found out that it wasn't right. She immediately raised her head, but she saw Yang Ming smiling at her. She was a little surprised. "Hey, how come... you are here?" Then she looked at her mother who was busy pouring the water, then whispered, "Are you not accompanying Sister Yan?"

"Your Sister Yan asked me to accompany you. *Hehe* ." Yang Ming smiled.

"Really?" Lin Zhiyun was happy. She didn't expect Chen Mengyan to take the initiative to let Yang Ming accompany her.

" *En* , you two are quite close. I'm very pleased." Yang Ming said sincerely. At this time, Shen Yueping came over. Yang Ming quickly changed the subject, "Zhiyun, what are you looking at?"

" *Oh* , I'm looking at the marketing cases of some jewelry companies. When it comes to the actual company management, I found that the knowledge I learned is too little and it isn't enough. So I have to learn more..." Lin Zhiyun said in concern.

"Don't worry. Don't you have a special manager? You only have to check on it. Don't worry too much about management." Yang Ming said.

"How can that be...? I don't want to be a useless person... In the future, when your career is getting bigger, I can't just sit down idly and enjoy it..." Lin Zhiyun sighed.

Yang Ming didn't expect Lin Zhiyun to have such thought. He was a little shocked, but it was also a good thing. Then he encouraged her, "You having this kind of intention is great, but don't worry. Take it slowly."

" *En* ..." Lin Zhiyun nodded.

"Zhiyun, aren't you much better? Let Yang Ming take you out and go have some fun. Can you go?" asked Shen Yueping.

"I... It should be alright?" Lin Zhiyun had nothing to do initially. Of course, she was willing to go out with Yang Ming.

How could Yang Ming not know Lin Zhiyun's actual situation? So he smiled and stood up before he spoke, "Let's go. Luckily, it is still early. We can go to the amusement park."

"Okay." Lin Zhiyun turned off the notebook happily and then went into her room to wear a coat. "Mom, then I'm going out."

"Go. Have fun." Shen Yueping naturally wouldn't object.

After leaving the door, Yang Ming and Lin Zhiyun got in the car. Lin Zhiyun asked, "Where did you and Sister Yan go...?"

Although Lin Zhiyun wasn't jealous, she was still curious.

"We took a boat to the sea and strolled around." Yang Ming painted the picture faintly. He didn't mention Wang Zhitao and the danger he had.

"Oh, I see..." Lin Zhiyun no longer asked.

"Where do you want to go? How about we stroll around by the sea as well?" Yang Ming naturally wanted to treat everyone fairly.

"It's still not necessary. The sea breeze is strong at night. It isn't safe." Lin Zhiyun shook her head and said, "When I'm with you, anywhere is fine. Even if we just sit in the car for a while, I'm quite happy."

"Hehe, you haven't eaten yet, right? I also haven't eaten yet. Let's find a place to eat something. Then, we can decide where to go." Yang Ming suggested.

"Okay." Lin Zhiyun agreed, but she said in an unprecedented way, "I want to eat pizza... Can I?"

Lin Zhiyun generally didn't take the initiative to ask for something to eat. She was a very easy-going person. She wanted to eat pizza today, just because she saw a web page advertisement when she browsed online. The pizza there was great.

"Well, what can't be done?" Yang Ming smiled and said, "Never mind pizza. If you want to eat the leaning tower, I will cut it down."

"The leaning tower?" Lin Zhiyun was stunned.

"The Leaning Tower of Pisa!" said Yang Ming.

"Stop it..." Lin Zhiyun snorted and couldn't help but laugh.

Chapter 789: An Encounter in a Restaurant

Yang Ming originally didn't like Western food. He always felt that this food couldn't fill his stomach, but today was Valentine's Day. Since Lin Zhiyun liked it, it didn't matter what they ate.

"Do you know where there is a pizza shop?" Yang Ming really never ate pizza before.

"There is a Pizza Hut chain near the business street and our school." Lin Zhiyun ate it once. She thought the taste was ok. Ge Xinyao, who was in the same room, had invited her to eat.

Since Ge Xinyao knew that Lin Zhiyun was Yang Ming's girlfriend, she was respectful to Lin Zhiyun. She would invite Lin Zhiyun for a meal if she were free, but Lin Zhiyun rejected her most of the time. However, Lin Zhiyun couldn't stand being asked over and over again, and she had no choice but to agree once or twice.

Ge Xinyao preferred Western food. KFC, McDonald's and Pizza Hut were places that she frequented. The few times that she went out with Lin Zhiyun, they went to these places.

In fact, Ge Xinyao also wanted to follow Lin Zhiyun's suggestions, but Lin Zhiyun was more casual. She never said where she wanted to eat, so she could only let Ge Xinyao decide it.

"Then let's go to the chain at the school and eat." Yang Ming suggested. Because there were too many people in the business street at this time, the restaurant might not have a table.

"Okay." Lin Zhiyun naturally didn't care.

However, they didn't expect that the Pizza Hut near the school was also lively. If you think about it, it was normal. The school session was starting soon. Many students had already returned to school. Even if they didn't want to come back so early, they would return to school to spend Valentine's Day with their lovers.

Yang Ming parked the car, got out with Lin Zhiyun and entered the Pizza Hut restaurant.

"Hello, sir, now the seats in the restaurant are full. You'll need to wait in line. Is that okay?" As soon as they entered the door, the receptionist greeted them.

"No way? It is full?" Yang Ming glanced at Lin Zhiyun and asked, "Should we wait?"

"Since we are here, then let's wait for a while?" Lin Zhiyun suggested.

"Well, then let's wait for a moment." Yang Ming nodded and said.

"Okay, please come here. You can rest in the waiting area for a while," said the waiter.

After going inside, they saw Ge Xinyao who was putting salad onto her plate. At this time, the plate was stacked several layers. It was almost half a meter high!

When she saw Yang Ming and Lin Zhiyun, Ge Xinyao quickly put away the tongs in her hand and shouted, "Brother Yang, sister-in-law, you are here, too?"

"Xinyao!" Lin Zhiyun's relationship with her recently was also good. When she saw Ge Xinyao, she smiled and greeted her, "We have no seats. We have to wait for a little longer. You should eat first."

"Then let's eat together. There are only Bi Hai and me, and it is a four-person table anyway." Ge Xinyao said.

"Can we?" Lin Zhiyun turned her head to seek Yang Ming's opinion.

"I don't care. You decide." Yang Ming smiled.

"Let's eat together. We are all familiar anyway." Lin Zhiyun said.

"Great! Then I will bring you guys over." Ge Xinyao knew that her man always wanted to have a good relationship with Yang Ming. At this moment, how could she let go of this opportunity? She quickly led the way while holding a big plate of salad.

"Just over there!" Ge Xinyao held the salad plate in one hand and pointed with one finger.

Yang Ming looked up and saw Bi Hai. He was sitting calmly at a four-person table.

Just when they were walking over, they saw a waiter walk over and say to Bi Hai, "Sir, there is still space for two more people. Can you sit together with another two customers? There are still four guests waiting..."

"What sit together?" Bi Hai stared at him instead, and said, "How do you know that I have two people? I have four people!"

"But... sir, this meal card recorded two people... sorry to trouble you." The waiter persuaded.

"F*ck off! If you keep bothering me, I will throw you out." Bi Hai groaned impatiently. Bi Hai was bossy. How would he sit together with other people after he just settled down?

The waiter had a helpless face. He also wanted to say something but didn't know how to speak. Looking at Bi Hai's dress, Bi Hai didn't look like a good person, so he didn't dare to offend Bi Hai.

"I say, can you change your temper? Can you speak more peacefully next time?" Yang Ming looked at Bi Hai, and he was a little amused. *Could it be that this guy really knows how to make predictions? He actually foretold that there would be four people on the table.*

"Ah ..." Bi Hai was stunned and looked up at Yang Ming. He was shocked at that moment. However, when he saw Yang Ming's face full of smiles and didn't blame him, he felt at ease. He laughed and said, "I told him, but he didn't believe me, and he kept bothering me. So, I'm a little annoyed. Brother Yang, you are here..."

When the waiter saw that there were really four people dining as Bi Hai said, he could only say "sorry," and then leave.

"There were no seats just now. We just met Little Ge filling up on salad there, so we followed her." Yang Ming said, "Are we bothering you two?"

"How is that a bother? Since Brother Yang is here, I can't wait to welcome you. Please, sit. What do you and sister-in-law want to eat? I'll treat today." Bi Hai grinned from ear to ear at the moment.

The longer he worked in Ming Yang Company, the more he understood the importance of Yang Ming. Many people wanted to invite Yang Ming for a meal, but they didn't have the chance. He was lucky to meet Yang Ming here.

Yang Ming nodded, and he wasn't being polite. After sitting down, he handed the menu to Lin Zhiyun and asked her to order.

Lin Zhiyun and Ge Xinyao looked over the menu and discussed what was delicious. Yang Ming talked casually with Bi Hai, "How are you doing recently? What have you been doing?"

"Because of Brother Yang's recommendation, Brother Bao and Brother Hou placed high regard on me. I'm currently the security manager in the Hua Shang District," said Bi Hai.

"Oh? The security company's business has been extended to various residential properties?" Yang Ming was a bit surprised. He didn't expect Bao Sanli and Hou Zhenhan to monopolize the Song Jiang security business quickly.

"En, at present, many of Song Jiang's high-end residential areas are under the responsibility of Ming Yang Security Company," said Bi Hai. "For example, I'm responsible for the Hua Shang District, which has a lot of rich people, so the treatment is good. And the money I earn is more than working in the bar."

"That's it!" Yang Ming patted Bi Hai's shoulder and said, "Not bad. This is also considered as a legitimate career. It is nice to hear also."

Bi Hai nodded. "Yeah, if it weren't for Brother Yang's recommendation, this good thing wouldn't fall on me."

"Do it well. There are a lot of opportunities." Yang Ming said, "And, don't talk like a punk anymore. You're now a manager in any case."

Bi Hai quickly answered with a smile.

Yang Ming wasn't very interested in imported goods like pizza. After the pizzas were served, he pointed and said, "Isn't this a pie? Is it so delicious?"

"Hehe, Brother Yang is right. I don't like it very much, but Xinyao likes to eat it, and I just accompany her." Bi Hai smiled. "I read a book saying that when Marco Polo lived in China, he loved the scallion pancake [1] in the North. After returning to Italy, he was missing the scallion pancake, but he didn't know how to cook it. Later, he finally found a Neapolitan chef who was willing to make scallion pancake for him at a gathering of friends.

"However, the scallion pancake wasn't easy to make. The chef didn't know how to put the filling into the kneaded dough for a long time. At this point, everyone was already hungry. So Marco Polo proposed placing the filling on top of the dough and eating it after baking the dough.

"A fault on the right side, this new type of scallion pancake was praised by everyone. After returning to Naples, the chef paired the scallion with Neapolitan cheese and ingredients to create a unique pizza."

"Not bad. You even know to read a book." Yang Ming nodded gratefully. If Bao Sanli's men were like Bi Hai, then there would be nothing to worry about.

"I have nothing to do when I'm in the security room, so I read some books online." Bi Hai smiled, embarrassed.

"It seems that you and your Little Ge's relationship is good." Yang Ming joked, "You comply with her taste when eating."

Bi Hai smiled bitterly. He thought, *Aren't you the one who promoted her position? If you didn't speak up for her, how would I want her?* But now it seemed that Ge Xinyao and Lin Zhiyun's relationship was getting better and better, and Bi Hai also took lightly on the matter about Wu Xinkai before. He didn't mind it after he thought through it. As long as Ge Xinyao was loyal to him, then it was fine. Anyway, she wouldn't disturb him if he looked for another woman outside. Ge Xinyao wouldn't interfere.

But he still said, "Yeah, Xinyao and I intend to marry when she graduates."

Yang Ming nodded and no longer asked anything. Yang Ming picked up the pizza on the table and ate it. Yang Ming was really hungry, and with the injury, he needed to replenish his stamina.

Although Yang Ming thought that this wasn't as good as a scallion pancake, it had a unique taste. It tasted delicious. He quickly engulfed half of the pizza.

Ge Xinyao and Lin Zhiyun preferred foods such as salads. As for pizza, they could only eat a slice.

When it was time to pay the bill, Bi Hai asked Ge Xinyao to check out. Then Ge Xinyao took Lin Zhiyun to accompany her to scratch the invoice reward. When they walked away, Bi Hai whispered, "Brother Yang, Wu Xinkai's uncle came to Song Jiang. He threatened to retaliate against you. Be careful."

"Wu Xinkai's uncle? Who is it?" Yang Ming was somewhat inexplicable.

"I am not very clear, but I heard that he has a freight station's business in Guangzhou," said Bi Hai.

"Oh, no need to bother with him. Where did you hear about it?" asked Yang Ming.

"It was a mistress of Wu Xinkai. She was a little waiter in the bar. I have been paying attention to Wu Xinkai's movement from her." Bi Hai was also afraid that Wu Xinkai would retaliate against him, so he was careful about it.

However, he asked something else out of the waiter's mouth. Initially, he wanted to report to Bao Sanli, but today he just met Yang Ming, so he told Yang Ming directly.

"I got it. You just be careful yourself. Don't worry about me." Yang Ming decided to call Bao Sanli in a moment and ask him to pay attention to it. Otherwise, Yang Ming didn't have the time to fight with these petty people.

Chapter 790: Car Accident

Chen Mengyan hesitated for a long time about the death of Wang Zhitao, but eventually, she didn't tell her father. Because if her father intervened, it was likely to be unfavorable to Wang Xue. Wang Xue might be sentenced, and this wasn't what Yang Ming wanted to see.

Chen Mengyan didn't want to be a woman who blabbed. When she got home, her mother was busy cooking in the kitchen. Chen Mengyan wondered, "Mom, Dad isn't at home. What are you going to do with so many dishes?"

"Isn't it Valentine's Day today? You can celebrate the holiday, but your Dad and I can't celebrate the holiday?" Mother Chen smiled. "I cooked a few dishes and will take them to the hospital in a while to be romantic with your Dad."

"Hehe, Mom, I support you." Chen Mengyan couldn't help but laugh.

"How is it? Did you have fun with Yang Ming? How come you came back so early?" Mother Chen was going to the hospital to accompany Chen Fei, so she felt that Chen Mengyan came home too early. Usually, she would definitely call Chen Mengyan to come back earlier.

"We had lots of fun. I thought how bored you would be at home, so I came back early." Chen Mengyan said, "Who knew that you also had plans for Valentine's Day?"

"This kid." Mother Chen touched Chen Mengyan's head. "Stay at home. I'm leaving."

Chen Mengyan said goodbye to her mother and went back to her room. There was some disappointment in her heart because Yang Ming was accompanying another woman. Chen Mengyan sighed as she turned on the computer. She was bored and planned to spend time online.

"Hello?" Chen Mengyan opened QQ and found Shu Ya online. Immediately, a message was sent, "Are you there, Sister Su Ya?"

"En, I'm here. Mengyan, why are you online? What about Yang Ming?" Shu Ya was surprised that Chen Mengyan would go online at this time. Wasn't it the time for lovers to go shopping?

"Hehe, I was with him during the day. He is going to accompany Sister Lin at night, and I couldn't be too overbearing," said Chen Mengyan. After this sentence was sent, Chen Mengyan was a bit surprised. How did I start to scheme?

When Chen Mengyan sent this sentence, the implicit meaning was for Shu Ya, saying that she won't have Yang Ming to herself. She hoped that Shu Ya wouldn't become such a person.

"Very well. I think that girls can't be too petty sometimes. It would make people detest them." Shu Ya was naturally not stupid. She said this because she immediately understood the meaning of Chen Mengyan's words.

When Chen Mengyan saw Shu Ya say that, she was relieved and said, "Ai, but Yang Ming is really worrisome. There may be other girls in the future..."

The mood of Chen Mengyan, as Yang Ming's woman from the beginning, had become somewhat sensible. She was also clear about how excellent Yang Ming was now. He was no longer Yang Ming, the poor student.

"Hehe, are you talking about me?" Shu Ya asked with a smile.

"Of course not. After all, you're his first girlfriend. Even if I wanted to, I couldn't be jealous." Chen Mengyan quickly denied. It was indeed the facts. Chen Mengyan wasn't so ambitious, and this wasn't a harem of the ancient emperor. There was no meaning for scheming, and it would disgust Yang Ming.

After seeing Chen Mengyan's words, Shu Ya was also delighted. She was happy to see that Chen Mengyan was easy and harmonious. Otherwise, there would be some quarrels later on.

...

From Pizza Hut, Bi Hai asked Yang Ming about their plans. If they had no plans, then they could hang out together.

"Then let's drive around." Yang Ming looked at Lin Zhiyun and Ge Xinyao who were having a lot of fun and nodded.

Ge Xinyao was not a simple woman. She had actually put in a lot of effort to find common topics with Lin Zhiyun. Even her Kung Fu was abnormally strong.

However, Lin Zhiyun did not have many friends. Even if Ge Xinyao's character wasn't good, he thought that she didn't dare to be a bad influence on Lin Zhiyun.

"Let's go to the business street for a spin," Yang Ming suggested.

"Okay." Bi Hai naturally agreed.

Bi Hai also drove here, but it was in a broken minivan. But regardless, Bi Hai was also considered a car owner. He thought that since he was just a street gangster, it was great to have today's achievements.

"This car is owned by the company. Now it is allocated to our security department. It is basically a scrapped car that had been eliminated." Seeing Yang Ming's baffled expression, Bi Hai explained, "This car's fuel expense is really costly."

"Isn't it reimbursed by the company?" Yang Ming asked casually.

"No... I am given a 200 yuan coupon every month for fuel. I would be responsible for the rest of the expenses." Bi Hai said. "The company isn't a fool. Two hundred yuan of gasoline was enough to patrol around the neighborhood."

"It's also considered that you, kid, didn't take advantage of the company." Yang Ming smiled and said, "How would we split them up? It's good to see them both chatting."

"Or, Brother Yang, I'll leave my car here and ride in your car?" Bi Hai wanted to be the driver, but once he thought that his car was too broken, and he really couldn't take it.

"Well, does Xiao Ge know how to drive?" asked Yang Ming.

"Yes, she got her driver's license long ago." Bi Hai nodded.

"Then, I'll take a ride in your car. Let Xiao Ge drive my car. She could also teach Zhiyun to drive. I also intend to ask her to get a driver's license." Yang Ming said.

"Okay." Bi Hai quickly went over and told Ge Xinyao about Yang Ming's intentions. Ge Xinyao naturally accepted it.

So, it was settled. Lin Zhiyun and Ge Xinyao went to Yang Ming's BMW X5; Yang Ming and Bi Hai went in the minivan behind them.

Ge Xinyao's technique was good. It seemed that she had driven Bi Hai's broken van a few times before. This kind of broken car was suitable to practice the techniques. She became even better when driving a more manageable BMW right now.

Yang Ming thought, It is better for the two girls to teach each other than to teach her myself. Otherwise, Lin Zhiyun and I may have kissed and ended up in bed...

Bi Hai's van was indeed broken. It started to emit black smoke when a sizzling sound appeared.

"Can your van still be driven? Why do I feel that it is about to fall apart?" Yang Ming looked at the car that was leaking on all sides and thought – It is really difficult for him. This kind of car is tough enough to drive.

However, Bi Hai appeared to enjoy it very much. It seemed that being content was really important in life.

Ge Xinyao didn't drive for a long time and got off halfway through to let Lin Zhiyun sit in the driver's seat. It didn't take long for the car to start slowly. Although it was not stable, it finally started.

Yang Ming told Bi Hai to follow behind them slowly, but not more than that. At least they could help if there were any problems to take care of.

Lin Zhiyun wasn't stupid, and the automatic car was also easy to maneuver. Gradually she found the momentum, and she drove it like a pro.

Just as Yang Ming cheered in his heart, suddenly a Mercedes-Benz G55 SUV came out from the fork in front making a left turn. Where would Lin Zhiyun encounter this situation? It accidentally hit the Mercedes-Benz with a "Bang."

"Your coach isn't good either." Yang Ming noticed it was only a slight collision, so he was relieved and said jokingly.

Bi Hai was also shocked, but noticing that Yang Ming wasn't angry and was just joking, he was also relieved.

Before Lin Zhiyun and they got out from the car, a fashionable girl came out of the Mercedes-Benz. At a glance, she was a non-mainstream person. After getting out, she pointed to Lin Zhiyun and said, "Do you know how to drive? Don't you have eyes?"

Lin Zhiyun got into trouble and was overwhelmed, but Ge Xinyao was exposed to the real world. She heard the girl talking nastily and became unhappy. Ge Xinyao opened the door and got out. "Do you know how to talk? I can compensate for you with money if I hit you. You don't f*cking have eyes. Your eyes are on your *ss!"

Lin Zhiyun also got out of the car at this time. Seeing Ge Xinyao and the person from the Mercedes-Benz quarreling, she quickly pulled Ge Xinyao's hand. "Xinyao, don't argue..."

"You're the one who drove the car? Can you drive?" The non-mainstream culprit came out. Naturally, she spared no forgiveness.

The other door of the Mercedes-Benz was also opened at this time. A boy ran out quickly. He pulled the non-mainstream girl aside with frustration and screamed, "When is it your turn to talk?"

"Eh? Wu Zhongjie?" Lin Zhiyun looked at him, baffled.

"Sister Lin, I'm sorry. My girlfriend doesn't understand things. Please don't mind her." Wu Zhongjie finished and turned his head to the non-mainstream girl. "Xiao Yan, apologize to Sister Lin."

"Sister Lin... I'm sorry..." This non-mainstream girl called Xiao Yan was reprimanded. Although she didn't know who Sister Lin was, Sister Lin obviously knew Wu Zhongjie, so she quickly apologized.

"Brother Yang?" Wu Zhongjie didn't take care of his girlfriend and asked Lin Zhiyun with some concern. Wu Zhongjie really missed Yang Ming this time. Since the last exam, Yang Ming had never given him tutoring.

"In the back." When Lin Zhiyun saw that the car belonged to Wu Zhongjie, she was immediately relieved. Otherwise, if she really hit someone she didn't know, she really wouldn't know what to do. She said with some embarrassment, "Sorry. I drove for the first time."

"It's okay. It doesn't matter. If it's broken, I'll ask my Dad to buy another one." Wu Zhongjie was indifferent. In the eyes of his father, as long as his grades improved, the other things were not a problem.

Yang Ming also followed and got out of the car. He saw Wu Zhongjie in the vehicle in front of him and he was immediately relieved. But Lin Zhiyun drove without a license, so this situation didn't seem easy to handle...

"Brother Yang!" Wu Zhongjie saw Yang Ming, and he suddenly became happy. Then he ran over.

"Are you okay?" Although they were acquaintances, Yang Ming must express some concern.

"It can't be anything serious. It doesn't matter." Wu Zhongjie said, "Brother Yang, when are you coming to my house? I miss you so much!"

Yang Ming looked at the little non-mainstream girl, Xiao Yan, next to him and he suddenly felt a chill in his heart. Wu Zhongjie said something too ambiguous. For those who didn't know, they would think that he and Yang Ming were...
