

So Pure 791

Chapter 791: For a Living

Yang Ming immediately had a sour face and said, "Isn't it the same with Zhiyun tutoring you? I'm too busy recently. How about this? Don't you know my phone number? If I'm free, you can come to me. I'll teach you something interesting."

"Ah! Great!" Wu Zhongjie was delighted. This was exactly what he wanted. In fact, he didn't need Yang Ming to teach him any homework. If it was for his academics, Lin Zhiyun was the same. He just wanted to follow Yang Ming and learn a lot of interesting things.

"What's the matter with you fellows?" At this time, a traffic policeman saw that the road here was blocked, so he came over and inquired.

"We all know each other. We just had nothing to do and crashed into each other for fun." Wu Zhongjie saw that Lin Zhiyun was an unlicensed driver, so he quickly explained.

"Huh? Crash into each other for fun?" The traffic policeman was stunned. He looked at the two cars in front of him dumbfounded as he thought to himself, These rich kids. They have a BMW and crash into Mercedes-Benz for fun when they have nothing to do. What are they thinking!?

However, since they already said that, the traffic police didn't plan to meddle in it anymore. "Then, both of you drive the cars to the side. Don't block the road. I will just treat it as if you both have settled it privately."

Wu Zhongjie was afraid that Lin Zhiyun would reveal herself. He didn't dare to stay too long. After saying a few words with Yang Ming, they got in the vehicles and left. This time, Ge Xinyao drove the car. Before Lin Zhiyun thoroughly learned it, she didn't dare to drive on the road.

Yang Ming and his group came to the business street. After the car was parked, the four people walked on the streets. Those children who wanted to come up to sell flowers had all retreated once they saw Bi Hai's appearance. This guy didn't seem like a good person at first glance.

"Did anybody tell you that you look like a gangster boss? Do you usually dress this way?" Yang Ming looked at Bi Hai with a helpless smile.

Bi Hai smiled and said, "If I don't do this, I can't intimidate those little gangsters who find trouble in the community."

"Forget it. Just do what you like. But in your position, it isn't bad to look a bit ferocious." Yang Ming said.

In a blink of an eye, they reached Xu Peng's billiards hall. Yang Ming looked at the familiar brand and felt a little sad. At one time, he spent his high school period unwittingly here.

Throughout his high school period, except for the second half of the Grade 12, Yang Ming had been deprived at other times. Aside from skipping classes with Li Dagang to play billiards here, he would be sleeping in class or fighting with others.

"Let's go and take a look. This place belongs to my buddy." Yang Ming pointed to the billiards hall.

Bi Hai secretly remembered it in his heart. He planned to greet the local boss here on another day to take care of this place. Lin Zhiyun and Ge Xinyao spoke quietly. Where Yang Ming went, they followed.

"Old Xu, I'm here." Yang Ming shouted inside as soon as he entered the door. However, the situation in front of his eyes gave him a surprise. He saw that four to five young men were purposely smashing the billiards tables there. Xu Peng stood by at the side like a good old man, carefully advocating these people, "Big brothers be patient. My girlfriend doesn't know anything. Don't put it in your heart..."

"Motherf*cker!" A man broke the billiard cue stick and slammed it on the floor as he shouted, "Doesn't know anything? Didn't I just stroke a little bit? She actually dared to slap me. D*mn, this thing won't be just over like that."

"I'm sorry... I apologize for her..." Xu Peng said quickly.

"Old Xu, what happened?" Yang Ming frowned as he watched the obedient Xu Peng. He couldn't believe his eyes. Is this my follower from back in the past? In that year, we swept all the little punks. The Xu Peng right now is humble and pitiful.

"Yang... Brother Yang..." Xu Peng looked up and saw Yang Ming. He spoke somewhat unnaturally.

"F*ck you!" Bi Hai picked up the half of the billiard cue stick on the ground and slammed it toward the leading man. With a loud thump, the man immediately hung his head on the ground as his blood gushed out.

Bi Hai was worried that he didn't have the opportunity to show his loyalty. As he just listened to Yang Ming, the boss of this billiards hall was Yang Ming's friend. Now when he saw the boss being bullied, he immediately made a move without saying anything.

Bi Hai was a master of fighting. During this time, when he went to the security company, he accepted the training of Li Qiang's group. His agility greatly improved. The man who got hit by the stick couldn't stand up.

"How dare you cause trouble here? Don't you want to live anymore?" Bi Hai retracted his hand and hit the man who was arrogant before but now shocked with a stick. Bi Hai's attack deformed the person's nose, making his face bloody as he squatted on the ground.

When Xu Peng watched Bi Hai beating up the others, his eyes lit up, but then it faded. He spoke to Yang Ming, "Brother Yang... Tell him not to beat them up. I can't afford to offend these people..."

"Xu Peng, what's wrong with you?" Yang Ming was surprised as he looked at Xu Peng, "I haven't seen you for more than half a year. Why have you become so weak?"

Yang Ming really couldn't connect Xu Peng at present with the Xu Peng in his impression.

"Brother Xu, what are you afraid of? In Song Jiang, there is no such person that Brother Yang cannot afford to offend!" Bi Hai listened to Xu Peng and explained quickly.

"You shut up first!" Yang Ming glared at Bi Hai. Bi Hai didn't know what happened in the past. He thought that Xu Peng was so weak, but Yang Ming was skeptical. What happened to Xu Peng?

"You, who are you?" The two men who weren't defeated noticed that Bi Hai was very brave. They didn't dare to be careless but first explored his background.

"I am from the Ming Yang Security Company. My name is Bi Hai. If you have any opinions, please come to me at any time!" Bi Hai said indifferently.

"Ah..." The two men had a shift in their expression and looked at each other. They quickly lifted the two on the ground and ran away. They ran apologetically, "I'm sorry... Sorry... I didn't recognize such a great character."

"Xu Peng, you come with me." Yang Ming pulled Xu Peng out of the billiards hall and into the BMW before asking, "Xu Peng, what happened to you? Those people are stirring up trouble. How can you just leave them be?"

"..." Xu Peng was speechless. He lowered his head. No one knew what he was thinking.

"Xu Peng, what happened to you here?" asked Yang Ming.

"Brother Yang... We aren't young. We can't be as impulsive as before... These little punks, if I hit them, they will come back to me and look for trouble. With that, my business can't be sustained..." Xu Peng sighed.

"Then you just let them make trouble? I haven't seen you for more than half a year. Have you completely changed yourself?" Yang Ming said in doubt, "It's not that no one dared to provoke you before."

"Now, it isn't like our time. Those little punks I knew aren't around anymore. Now, these little punks don't buy my face at all..." Xu Peng said sadly, "What's more, I can't offend these people..."

"What happened to your family?" Yang Ming frowned. "Xu Peng, do you still regard me as your boss? Can't you just tell me if you have something?"

Xu Peng hesitated for a long time and finally told the truth of the matter. Last year, Xu Peng's family introduced him to a girlfriend. The two had a great relationship. They planned to register for marriage after two years to satisfy the age requirement.

The girlfriend's family offended a big local gangster. After Xu Peng learned about it, he went back and impulsively beat up the punk. The punk also guaranteed at the time that he would no longer look for trouble with his girlfriend's family.

But who thought that when Xu Peng came back, the gangster brought people in the middle of the night to tarnish the grocery store opened by his girlfriend's family and burnt it all in a fire.

The family suddenly lost their livelihood. Their lives became difficult. Xu Peng, because of his own mistakes, was incredibly guilty. He took up the livelihood burdens of his girlfriend's parents and little brother.

Since then, Xu Peng had become cautious. He was afraid that with a little careless, his business would be done for, and then the family's livelihood would immediately be in trouble.

Yang Ming couldn't help but sigh. A person can change so thoroughly for a living.

"Then, do you plan to mingle like this for a lifetime? Do you want to live so cautiously?" Yang Ming looked at Xu Peng and asked.

"If not, what else can I do?" Xu Peng showed a helpless look. It was a bitter smile that only expressed the experience of the vicissitudes of life.

"Have you ever thought about continuing to follow me?" Yang Ming looked at Xu Peng and asked suddenly.

"Ah?" Xu Peng was stunned and said, "Brother Yang, aren't you in college now?"

"You are right. I'm in university, but you also saw it just now, the expression on those little punks after they heard about the Ming Yang Company, right?" Yang Ming said, "Can you tell me what is going on?"

"Maybe the company is quite powerful..." Xu Peng's eyes were filled with excitement, but it returned to its peaceful look as Xu Peng replied faintly.

"Yes, but if you mingle as such, your livelihood will probably be a problem. You're bullied when you're weak." Yang Ming didn't say much as he patted on Xu Peng's shoulder. "You have my phone number, right? Think about it again. Once you make your decision, call me."

Xu Peng didn't talk but fell into contemplation. After a while, "Brother Yang, what are you doing now?"

"Hehe, what I do isn't important. But you also saw it – the attitude of those little punks who were afraid of me. You should be able to understand that I'm not worse off than before." Yang Ming smiled.

"Okay, I understand. I will think about it." Xu Peng nodded.

Yang Ming didn't say anything anymore. He got off with Xu Peng. He greeted Bi Hai and went out together from the billiards hall.

Yang Ming called Li Dagang and asked about Xu Peng. "Dagang, have you been to Xu Peng's place recently?"

"I have been there. What happened?" Li Dagang was a little surprised that Yang Ming suddenly called to ask this.

"Then didn't you realize Xu Peng wasn't the same as before?" asked Yang Ming.

"Not the same?" Li Dagang paused and said, "From what you said, it seems that he is a bit different. His character seems to have become a little bit more amiable! But he is also a person with a girlfriend, reducing his previous temper is great."

When Yang Ming heard Li Dagang's words, he knew that Li Dagang didn't know much. Yang Ming just hung up after a few words of chatter.

Chapter 792: Lin Zhiyun's Wish

"Don't be so savage in front of Brother Yang. Otherwise, he will look down on you." Ge Xinyao whispered to Bi Hai.

"Heh, you forgot what Brother Yang did in the bar at the time? He struck off Wu Xinkai with just one kick. That is called fierce!" Bi Hai retorted.

"That's also true. Then you were so brave just now. Would Brother Yang talk to Brother Bao, and then promote you?" Ge Xinyao asked while she was moved in her heart.

"Okay, don't be insatiable." Bi Hai stared at Ge Xinyao and said, "You don't participate in this matter. I'm now doing much better than others. You look at those who work in the bar. Who is doing better than me now?"

"That is true. This shows that I have good taste." Ge Xinyao was self-indulgent.

"F*ck off. You have good taste? You introduced Brother Yang's girlfriend to Wu Xinkai. Luckily, Brother Yang was generous enough to not bother about it. If not, we can't even stay in Song Jiang!" Bi Hai dampened her spirit.

"That was also a blessing in disguise. If not, how the f*ck would Brother Yang recognize you?!" Ge Xinyao snorted.

"Enough already. Don't talk so much nonsense. Don't break the relationship with Lin Zhiyun, so that we can be prosperous in the future." Bi Hai said.

"You can rest assured. I'm not a fool!" Ge Xinyao said proudly, "In the end, you still have to rely on me."

Under Yang Ming's proposal, the four people came to the amusement park. Bi Hai went to buy the tickets. He bought express tickets, and there were twenty small coupons. You could choose twenty kinds of entertainments in the amusement park. Of course, you could also play the same entertainment twenty times.

Yang Ming was naturally not interested in this seemingly childish type of entertainment, but Lin Zhiyun and Ge Xinyao were really interested in them. One wasn't sure if Ge Xinyao was really excited, or she just wanted to accompany Lin Zhiyun.

However, Lin Zhiyun did need such a person to accompany her.

Ge Xinyao went with Lin Zhiyun to play most of the "thrilling" entertainment venues. But Lin Zhiyun didn't want to go with her to the more leisurely and romantic entertainment venues like the Ferris wheel.

Seeing that Lin Zhiyun was looking at him, Yang Ming immediately understood what she was thinking, so he smiled, "For this one, let's go together."

"Okay." Lin Zhiyun answered happily.

However, there were more tourists today, so four people were arranged into one car of the Ferris wheel. As a result, the romantic atmosphere was much less. Bi Hai was a smart person. When he saw this situation, he quickly walked to the person who arranged the cars and said, "They are sitting in a car alone."

"This can't be done. There are so many people today. We can't handle it..." The staff member saw Bi Hai's fierce appearance. At first glance, Bi Hai didn't look like a good person. He didn't dare to offend Bi Hai too much. He had to explain carefully.

"I'll give you two more coupons. Is that okay? Just take it as if I went up, too!" Bi Hai gave the two coupons to the staff member and said.

"This..." The staff hesitated and wanted to oppose it. After all, this seemed reasonable, but it wasn't in line with the rules. But when he saw Bi Hai's appearance, he swallowed the words that he almost spat out and changed them. "Okay..."

Bi Hai nodded with satisfaction. He thought, Glad that you are sensible, otherwise... Otherwise, Bi Hai also couldn't be helped. He couldn't really beat up this person in public, right? Yang Ming was definitely not willing if he witnessed it.

At that time, maybe I could only go up to the Ferris wheel first, and then jump down...

Yang Ming and Lin Zhiyun were arranged in a separate car which attracted many people's dissatisfaction. The staff member gritted his teeth and said, "Those people spent four entertainment coupons. If you want to, you can also do it."

Sure enough, when this was said, most people closed their mouths. To play all the entertainments in the amusement park. The twenty small coupons on the ticket were not enough, so no one was willing to lose the opportunity to play other entertainment venues for a brief romantic moment.

However, there were still some rich and arrogant individuals who were willing to spend extra money. But those were only individuals. It had no effect on the whole group.

The Ferris wheel gradually started to move. Yang Ming held Lin Zhiyun's little hand and let her lean quietly on his body.

"Finally, it is only the two of us. We still had to spend this Valentine's Day with others." Yang Ming complained.

"Don't say that. Xinyao's character is good." Lin Zhiyun quickly explained, "Or, should we play the next entertainment game together?"

"Is she good? You forgot what she had done to you before?" Yang Ming chuckled. "She is so pleased with you now. Isn't it for me? You can play with this kind of people, but don't open your heart to them. Don't tell her about the matters of our family."

"Ah... I got it." When Lin Zhiyun listened to Yang Ming saying "our family," suddenly her face turned red, and she nodded with joy.

The Ferris wheel car where Yang Ming was located was gradually rising. The night scene of Song Jiang City came into their view.

"This illuminating scene is really warm..." Yang Ming couldn't help but sigh.

"Yeah, it looks really refreshing," Lin Zhiyun couldn't help but look forward to it. "Yang Ming, after we graduate, we would go to work every day like the public in this city, go home at night, turn on the lights, watch TV for a while, talk for a while... That feeling is really good."

"Of course." Yang Ming nodded. "Just that we may be busier."

"Hehe, yes. You have to open a bigger company in the future. We will be swamped." Lin Zhiyun smiled.

"In the future, the company will be handed to others to take care of. Let's go out and play every day." Yang Ming wasn't at all motivated, and now he just thought about treating his life as a game.

"Frivolous. Sister Yan won't agree." Lin Zhiyun scolded with a smile.

"Yun Er?" Yang Ming said suddenly.

"En?" Lin Zhiyun was a bit puzzled why Yang Ming was calling her like this.

"Shall we kiss?" Yang Ming said seriously.

"I hate you. Are you sick?" Lin Zhiyun was shy. She thought, If you want to kiss then kiss. Why do you have to say it?

So, the following scenes were not suitable for children...

For the next entertainment, Ge Xinyao still accompanied Lin Zhiyun because Yang Ming didn't feel like screaming at all for the screaming games like crazy teachers and pirate ships. His training in Europe was more dangerous than this.

Outside the amusement park, Ge Xinyao and Bi Hai were also sensible. Bi Hai gave an excuse that today was Valentine's Day, so many people went out. The young people in the community probably had to come back in the middle of the night, so the security of the community was paramount. Bi Hai, as a security guard manager, must go back to the town.

Although Yang Ming knew that he was bullsh*tting, he still nodded, "That is great. Work is the most important. Then you should go back first."

Lin Zhiyun naturally didn't know what happened. After Bi Hai left, she still sighed. "Yang Ming, Bi Hai is really dedicated!"

"Yeah, it's hard to be in the position of the manager. Naturally, he has to cherish it." Yang Ming nodded pretentiously.

"Yang Ming, I want to go to a place. Can you accompany me?" Lin Zhiyun suddenly looked up at Yang Ming.

"Where is it? You tell me. As long as we can go, we would go. Don't go to the moon or Mars. I don't have money to buy a rocket yet." Yang Ming said.

"What? You really." Lin Zhiyun was dumbfounded. "How did you get to outer space? The place I'm talking about is on Earth."

"Let's go." Yang Ming opened the door and let Lin Zhiyun get in the car first. Then he said, "You lead the way."

Lin Zhiyun pointed out a place that was rough. If it weren't for Lin Zhiyun, Yang Ming wouldn't even know that such a place existed in Song Jiang.

Fortunately, Yang Ming was driving an off-road vehicle. He could drive on the muddy road easily.

"What is this place? We seem to have come to the countryside?" Yang Ming asked as there was empty space on both sides of the road.

"En, this is the countryside. The city hasn't developed here, but I lived here when I was young." Lin Zhiyun said.

"Oh?" Yang Ming was stunned. "Didn't your family always live in Shanty Town?" Yang Ming seemed to remember that Fang Tian said that Lin Zhiyun's family had been living here.

"This is my grandmother's house. I lived with my grandmother before I was four years old." Lin Zhiyun said with some sadness, "After Grandma passed away, I came back to live with my parents."

"Don't be sad. We all have to die someday. As long as you're happy now, your grandmother should be pleased in Heaven." Yang Ming comforted her.

"Yeah, I just want to take you to my grandmother's house." Lin Zhiyun nodded. "When I was young, my grandmother often told me that when I grew up and got married, I must bring my husband to visit my grandmother... I was stupid at that time. I said that I was not getting married and that I would always accompany my grandmother... Then my grandmother would touch my head and say that I was a silly girl. It is normal for a girl to marry. She also asked... also asked me to give birth to a great-grandson for her..."

"Okay, if we have time in the future, we will come back often. But is the old house still there?" Yang Ming was a little surprised. Her grandmother had passed away for so long. Wasn't the old house sold?

"It's always been there. The price of land in this area is low. The government didn't intend to develop here yet, so the old house can't be sold for a good price. Therefore, my father and uncle discussed it and decided to leave the old house empty. They come to clean it during a festival when they are free," explained Lin Zhiyun.

"Hehe, then we will do this task in the future." Yang Ming said with a smile, "You want me to go see your grandmother with you so that you can fulfill her wish?"

"No way. I haven't gotten married yet." Lin Zhiyun had this intention, but how could she admit it?

"Do you think that you can choose someone else after you follow me?" Yang Ming said shamelessly, "I am a narrow-minded person. My woman should be around for a lifetime."

Chapter 793: Family Affairs

Although Lin Zhiyun had some remarks on Yang Ming's impure purpose of approaching her, her heart was still warm when she heard him being somewhat overbearing. Lin Zhiyun was with Yang Ming regardless of her status, and she didn't ask for anything else. She just asked Yang Ming never to abandon her. This was the woman's little happiness.

"It's there." Lin Zhiyun excitedly said as she pointed at a small village not far away.

Yang Ming looked in the direction Lin Zhiyun pointed at. Sure enough, there was a village not far from here. This was a small village near Song Jiang. It was impossible for Yang Ming to encounter this place as he had never come here before.

"Go in from this intersection?" Yang Ming asked, pointing to the ramp in front.

"En, that is it." Lin Zhiyun nodded and couldn't hide the excitement in her eyes. The last time she came here was when she was in high school. After that, she was busy studying, and then a lot of things happened at home. Lin Zhiyun hadn't been here in more than three years.

Yang Ming reduced the speed and prepared to drive the car into the road on the side. Suddenly, more than a dozen people holding bright flashlights appeared in front of the car stopping them.

Yang Ming quickly stopped the car. At this time, a man who was leading the group ran to pull the door of Yang Ming's driver's seat, but the doors were all locked automatically because the car initially had a certain speed. The person naturally couldn't open it.

"Open the door! Get out of the car!" The man couldn't pull the door, so he slammed on the window and shouted.

The man's voice was loud. Yang Ming and Lin Zhiyun could hear clearly.

"What is going on here?" Yang Ming looked at Lin Zhiyun with a puzzled look. *Could it be that they had encountered a road robbery?*

"I also don't know." Lin Zhiyun was also surprised, but she said, "Why don't you open the window? I can ask them."

"It's better for me to ask." Yang Ming shook his head and pressed the switch to the window on his side.

When the window rolled down, the man reached out and wanted to grab Yang Ming's neck collar. Yang Ming was immediately disgusted. He quickly pressed the window's switch again, and it closed on the man's hand. The man screamed and promptly pulled his hand back.

Yang Ming once again rolled down the window. The man immediately didn't dare do that again but glared at Yang Ming fiercely. Yang Ming was a bit unhappy. *What have I done to offend you?*

"What do you want?" Yang Ming frowned and asked the people outside.

"Leave your valuables. Otherwise, you won't be able to leave today." The man threatened.

" Oh –" Yang Ming wasn't angry but smiled. "Are you threatening me? I can run you over and kill you now. Do you believe it or not?"

"You dare? Then you have to go to jail!" The man glared and said, "Don't pretend. I know best about you rich young masters – timid, prey on the weak and fear the strong. Hurry up and leave the money. Then I won't trouble you!"

"Have you made a mistake? A group of people armed with iron wheels and shovels to rob people? You have threatened the safety of our lives and property. It would be a waste to kill you!" Yang Ming smiled. "Forget it. I'm in a good mood today. I'm not going to trouble you, so you should go. Don't wait until I get out of the car in a moment. You would have to climb back."

"Isn't that a lot of hot air?" The man apparently didn't believe Yang Ming's words and thought he was bullsh*tting. "I'll tell you, our patience is limited. You have only one way to go, and that is to cooperate. Don't talk about those useless things. Otherwise, we would kill you and no one would know."

Yang Ming was really too lazy to entertain these people, and slowly drove the car forward, trying to force these people back. If he had to drive through forcefully, probably these people wouldn't wait there to be killed.

"Wait a minute!" Lin Zhiyun quickly stopped Yang Ming and said, "I think I know this person!"

"What?" Yang Ming slammed the brakes and stopped the car.

"Are you Brother Xiaozhong in Grandmother Zhang's family?" Lin Zhiyun asked with some hesitation.

" En ? Who are you?" The man was stunned. He didn't pay attention to Yang Ming's front passenger seat just now. He only saw that she was a woman, and he didn't care much about her. He didn't expect this person to know him.

"I am Lin Zhiyun. Don't you know me? When I came back the year before, I went to Grandmother Zhang's house for dinner!" Lin Zhiyun said.

" Ah , it turns out to be you!" Zhang Xiaozhong also felt that Lin Zhiyun looked familiar. When he heard her say it, he immediately remembered, "You are the little granddaughter of Old Lin!"

"Yes, it's me!" Lin Zhiyun opened the door and got out of the car. Yang Ming wasn't at ease, so he also got off.

After Zhang Xiaozhong thoroughly saw Lin Zhiyun, he waved to the group of men in front of the car.

"Everyone, open the road. We're from the same village. We know each other!"

" Oh ..." After listening to Zhang Xiaozhong's words, these people dispersed.

"Brother Xiaozhong, how did you become a robber? Do you know that this is illegal!? If Grandma Zhang knew, would she agree?" asked Lin Zhiyun.

"Hey, robbery? Robbery is nothing!" Zhang Xiaozhong sneered without care, "If we are considered robbers, what about those big bosses? After more than a year, not a penny of salary has been given. *Wow* – is that different from robbery?"

Yang Ming sighed and shook his head. This Xiaozhong's idea was a bit reasonable, but these two things were fundamentally different! That was considered an arrear in salary, and this was obviously a vicious criminal case.

"Then you can't rob!" Lin Zhiyun was somewhat unable to understand Zhang Xiaozhong's approach.

"How can I live without robbery? The big guy had been working for the big boss for a year. When it was the New Year, the big boss didn't give us money. We haven't been good this year. The wife and children at home still need to live." Zhang Xiaozhong said with hatred, "Grandmother Zhang is too old. I need to pay for medical treatment. You say, don't rob, what should I do?"

"Yang Ming..." Lin Zhiyun turned her head and looked at Yang Ming. She wanted to say something, but she hesitated.

Yang Ming knew that Lin Zhiyun wanted to ask if he could help these people, but it was inappropriate for her to open her mouth. Although this matter had nothing to do with him, Yang Ming had been cultivating Lin Zhiyun's habit of coming to him in the first instance. Therefore, Yang Ming naturally couldn't pour cold water on Lin Zhiyun's heart, so he said, "Get in the car. Then we'll slowly talk."

Seeing Zhang Xiaozhong's confused expression, Yang Ming smiled and said, "I am Zhiyun's boyfriend. You tell me in detail. I'll see if I can help."

Zhang Xiaozhong was very surprised. He naturally didn't believe that Yang Ming, an unfamiliar person, could help him solve problems. In his opinion, most rich people were heartless. Never mind the big boss who he worked for. A girl in the village married a rich boss from the city. Her brother asked her to help him talk to the boss he worked for. In the end, the girl's husband refused adamantly.

In fact, Zhang Xiaozhong's thinking was too simple. Who can help him in this kind of situation? Even if they can speak up, they wouldn't say it! This involved a considerable favor. If the big boss really agreed to give money, the money given away wouldn't be just tens of thousands. They would want hundreds of thousands or millions!

Seeing that she didn't have to speak herself, and Yang Ming understood what she meant, Lin Zhiyun was pleased. This kind of tacit understanding was really wonderful. Yang Ming readily agreed to help, and Lin Zhiyun felt that Yang Ming really spoiled her.

"Brother Xiaozhong, Yang Ming says that he can help. That means there must be a way. Get in the car!" Lin Zhiyun waved at Zhang Xiaozhong.

Although Zhang Xiaozhong didn't believe it much, having hope was always good, so he quickly got in the back seat of the car. It was his first time sitting in such a high-end car, and he looked around curiously.

Yang Ming started the car and asked, "What the hell is going on? You should talk about it."

Zhang Xiaozhong didn't expect Yang Ming to be more anxious than him. He was somewhat in fear and trepidation. He knew that Yang Ming's car was a BMW, so he realized that Yang Ming was a rich man,

and he couldn't rob Yang Ming. However, in his impression, those rich people were bullish in speaking, but they won't take on the trouble.

Seeing how Zhang Xiaozhong was dumbfounded, Lin Zhiyun was anxious, "Brother Xiaozhong, quickly tell!" Lin Zhiyun was afraid that Yang Ming would change his mind when he became impatient.

"Then I will say it... In fact, the matter is simple. Some young people from neighboring villages as well as our village and I went to work at a construction site. Initially, the deal was to give us twenty thousand yuan in salary a year. But in the New Year when I was at home, everyone was only paid two thousand yuan of new year money. The remaining eighteen thousand yuan was not mentioned in words. We asked for it, but they won't give it. They also asked people to drive us out and threaten us. If we dared to make trouble, we would be beaten to death..." Zhang Xiaozhong simply told of his own experience. "You say that what he did isn't a robbery? It is alright for them to rob us so much money. If we robbed three thousand or even two thousand, what can happen to us?"

"This isn't the same. Nature is far worse." Yang Ming shook his head and said, "Before this causes any bad consequences, don't do this kind of thing anymore. As for your livelihood problems, let me find some other ways."

"Can you talk to the boss to pay us our salary?" Zhang Xiaozhong listened to Yang Ming and immediately got excited.

"Whether or not I can say anything, I don't dare say. I don't even know who your boss is, but I can solve your work problems this year." Yang Ming said.

"Ah ..." Zhang Xiaozhong couldn't help but show his disappointment. It was good to solve the problem, but the key question was, how were they going to survive currently? Nowadays, almost every family had no surplus. They were borrowing money from their relatives to live. However, relatives were also not wealthy. It was okay to borrow once, but how could people survive if they continued to borrow more?

"What's wrong? You're unwilling?" Yang Ming looked at Zhang Xiaozhong strangely.

"No... no..." Zhang Xiaozhong shook his head quickly. "It's just that we are all in debt now. I'm afraid I can't find a new job..."

"This is simple. I'll introduce you to a formal security company. If you sign the contract, you can take the first two months of salary in advance for emergency use. Can this solve the problem?" The security company was Yang Ming's, so Yang Ming called the shots. Yang Ming considered that the security company's business was getting bigger and bigger, and more and more employees were needed. After some simple training, these people can take up some ordinary security positions.

"Then... How much is the monthly salary of a security guard..." This was the concern of Zhang Xiaozhong.

"About two thousand or so." Yang Ming didn't know the specifics, he could only give a ballpark figure. He remembered that Bao Sanli had said it before, but he didn't know if there was an increase in salary now.

"Really?" Zhang Xiaozhong was excited. "That's great, but are you lying to me?" Zhang Xiaozhong calculated, *If the security guard could actually make more than two thousand, isn't this work too good?*

When I was a physical laborer, I still earned less than two thousand a month. And most importantly, I can take my salary for the first two months in advance so that I won't worry about being cheated again. But are the words of this person credible?

One must know that, if he were alone, it would be fine to arrange a job. But to arrange work for this group of people, wouldn't it be a bit unrealistic?

"Brother Xiaozhong, you can rest assured. Yang Ming never lies." Lin Zhiyun noticed her lover being questioned and quickly explained.

"The security company that I talked about is currently recruiting. I can only speak up and give you the priority of the opportunity to be employed." Yang Ming said, "However, if they are lazy and are fired, then I can't deal with it either."

"That is impossible!" Zhang Xiaozhong said quickly, "We village children can endure the most suffering, not to mention that it is much easier to be a security guard than to labor physically in the company!"

When the car entered the village, Yang Ming told Zhang Xiaozhong to tell the others what he had just said. If he wanted to, he could report to Ming Yang Security Company the next day. If he didn't want to, it was fine.

Zhang Xiaozhong's family lived next door to Lin Zhiyun's grandmother's house. After Zhang Xiaozhong returned home, Yang Ming and Lin Zhiyun also entered the small courtyard. The furnishings in the garden were neat. Lin Zhiyun skillfully opened a small transformer box and pushed up the switch. The night light on the electric gate of the yard suddenly lit up.

" Oh , okay. There is still electricity. Second Uncle's family must have come often and taken care of it," said Lin Zhiyun.

" Oh ? Your Second Uncle?" Yang Ming really didn't know that Lin Zhiyun had a Second Uncle.

" En , my Second Uncle's family is from the neighboring village, relying on farming for a living, not wealthy. So before the things happened at home, I found it inappropriate to borrow money from them. Their family's living expenses are only one or two thousand a year." Lin Zhiyun explained.

Yang Ming nodded. Lin Zhiyun said the facts. Nowadays, it was really impossible to make money by relying on farming near the city. Now it was the specialized greenhouses or farms that made money.

"Come in!" Lin Zhiyun opened the door with the key and said to Yang Ming, "I am going to light the furnace and start the fire."

"I will help you." Yang Ming didn't live in the countryside, but he saw similar situations on TV, so he said, "Should I bring these briquettes [1] into the house?"

" En , be careful. Don't get your clothes dirty." Lin Zhiyun nodded and instructed.

"It's okay." Yang Ming picked up two pieces of briquette and went into the house together with Lin Zhiyun.

After putting the briquettes into the furnace, Lin Zhiyun then found a few old newspapers. She lit the fire, kindled the briquettes, and suddenly there was heat in the room.

" *Hmph ...*" Lin Zhiyun sighed and said with pleasure, "Okay, I'll take you to my childhood room to see."

On the right side of the door, there was a small house. Lin Zhiyun pushed open the door. It was a small room, but it was still neat and clean. There was a small kang [2], and the bedding was gone. Not far from the small kang, there was a small table with an old radio.

"Last time, there were a lot of toys that Grandma gave and sewed for me, but I don't have them anymore..." Lin Zhiyun said with some regret, "How is it? Are you okay?"

"The small space is good. I didn't expect that your childhood was spent here." Yang Ming said, "Take me to see your grandma."

"It's your grandmother in the future, too," corrected Lin Zhiyun.

" *Hehe* , yeah." Yang Ming nodded. "Let's go see Grandma together."

" *En* , you come with me." Lin Zhiyun took Yang Ming out of the small house. They walked to the innermost room, pushed open the door, and said, "This is my grandmother's old room..."

Yang Ming entered the room following behind Lin Zhiyun and saw a portrait of an old person on the coffee table and a ranking.

Yang Ming took a deep breath and stood respectfully in front of the coffee table. He bowed three times and said, "Grandma, I'm Zhiyun's boyfriend, Yang Ming. Zhiyun brought me to visit you."

Lin Zhiyun saw Yang Ming's meticulous and serious expression and was pleased. She lit the incense next to her and bowed three times. She said something silently in her heart.

"I can see that your Second Uncle is also a dutiful son. It is clean, obviously the result of frequent cleaning." Yang Ming touched the coffee table and said in amazement.

" *En* , Second Uncle's home is close to here, so he always took care of this place." Lin Zhiyun nodded. "Second Uncle is great. I will take you to his house when I have the chance."

"Okay." Yang Ming nodded.

When the two were talking, they heard a lot of noise from the outside of the house. The lights of the houses next to Grandmother's house were all lit up.

"What happened?" Lin Zhiyun asked, baffled.

"I don't know. Let's go out and have a look." Yang Ming actually saw it, but he couldn't say it. Otherwise, Lin Zhiyun would ask him how he knew it. He really couldn't explain it.

"Xiaozhong, it's not good. Your brother and several people in the neighboring village went to the boss to ask for their work salary. They were beaten and went to the hospital!" A woman full of sweat told Zhang Xiaozhong.

"Auntie Wang, please lower your voice. Don't wake my grandmother. What is going on? Why was Little Yi beaten?" Zhang Xiaozhong asked urgently.

"It's because he thinks that it is not good for you to stop cars and rob them, so he decided to take a few kids from neighboring villages to go to the boss and ask for money. The boss told his men to give them a good beating. Their injuries aren't light!" said Auntie Wang.

"I'll fight with him! At the worst, it'll be a life for a life!" Zhang Xiaozhong was so angry that he was trembling. His face was blue, and he wanted to look for a weapon.

But several villagers next to him stopped him. "Xiaozhong, you calm down. How are you gonna fight with them? They are from the underworld. You will die if you go!"

"Yes, it is more important to hurry to the hospital!" Auntie Wang also added.

Zhang Xiaozhong gradually calmed down at this moment. He also knew that it would be useless to go there, too. He wasn't the boss' opponent. He sighed helplessly and asked, "Where is my brother?"

"In the town hospital. I will take you there!" said Auntie Wang.

"Okay, okay. I'm going to stop a car." Zhang Xiaozhong said quickly.

"Brother Xiaozhong, take our car," Lin Zhiyun said under Yang Ming's direction.

"Ah, this... I really thank you so much..." Zhang Xiaozhong was shocked and happy. He also thought that Lin Zhiyun had a car here, but it wasn't appropriate to trouble others. At this time, Lin Zhiyun voluntarily suggested, so he naturally was grateful.

"This is...?" Auntie Wang looked at Lin Zhiyun and Yang Ming, surprised. The people in the nearby villages basically knew each other. They obviously never met Lin Zhiyun and Yang Ming before.

"My neighbor, the granddaughter of Old Lin. She just came back today," Zhang Xiaozhong explained.

"Ah, I remember. It's Lin Zhiyun, right?" Auntie Wang's memory was good, "Then it's just right, your uncle's child had gone, too, and he is injured!"

"Ah? My brother is also injured?" Lin Zhiyun was surprised and looked at Auntie Wang. "How did my brother participate?"

"We were all working together..." Zhang Xiaozhong said helplessly, "It's just that my brother and your brother have been working for half a year, and they could get two thousand yuan which is a lot. I didn't think that they would cause trouble..."

"It's all because of you, or else, would your brother have gone?" Auntie Wang complained, "Oh, never mind. Let's go to the hospital."

When she saw Yang Ming's car, Auntie Wang was a little surprised. *How is Lin Zhiyun's boyfriend so rich? Then why are they participating in this?* But because they were not familiar, it was inappropriate for her to ask.

According to Auntie Wang's navigation, they came to a small hospital. The four people rushed to get off the car and then ran to the emergency room. Thankfully, the people were not seriously injured. After being bandaged, they were getting a Tetanus shot in the ward.

"Little Yi, how are you?" Lin Zhiyun saw her brother in the ward whose arm was wrapped with a large round of gauze.

Lin Yi heard Lin Zhiyun's voice and was stunned. When he looked up, he was surprised. "Sister, why have you come?"

"What are you doing? Don't you know that Second Uncle is worried? Are you alright?" Lin Zhiyun looked at Lin Yi's current condition and was relieved.

"I'm fine..." Lin Yi bowed his head. "Sister, can you not tell my dad? He will be angry if he finds out."

"You, if I don't tell Second Uncle, do you think Second Uncle won't notice it?" Lin Zhiyun shook her head helplessly as she spoke.

Seeing the usual docile Lin Zhiyun suddenly pick up the role as the big sister, Yang Ming found it refreshing and watched her with interest.

Over on the other side, Zhang Xiaozhong also had a serious face, screaming at Zhang Xiaoyi, "How can you go to the boss? Do you not know yourself? Their people are all fighters. Aren't you walking into death by going there?"

Chapter 794: Confrontation with Absolute Power

Although Zhang Xiaoyi looked down, his face was filled with dissatisfaction. He whispered, "He owes us money. What is the big deal in me asking for it? How about you? As you go around robbing, you'll be imprisoned if you are arrested."

"You're still talking!" Zhang Xiaozhong said in anger, "You don't have to bother about this! Just stay home in the future."

"It is alright, Zhiyun. No need to lecture him. I was more impulsive than him when I was his age." Yang Ming waved his hand and advised.

Lin Zhiyun rolled her eyes. She thought in her heart – *You're not necessarily mature at all. Aren't you as impulsive as before? It is just that you're better than Lin Yi. Only you bully the others.*

"Sister, who is he?" Lin Yi didn't quite appreciate it and watched Yang Ming with some vigilance.

"Little Yi, he is my boyfriend, Yang Ming. This time he came back to grandmother's house with me." Lin Zhiyun introduced quickly.

" *Hmph* , you're not my brother-in-law. You have no right to lecture me." Apparently, Lin Yi was very resistant to Yang Ming's words. Lin Yi was three years younger than Lin Zhiyun. Yang Ming seemed to be the same age as his sister. Lin Yi was uncomfortable with the old-fashioned words that Yang Ming had lectured him with.

Yang Ming was dumbstruck. He didn't expect this little guy to be hostile to him. Lin Zhiyun was also embarrassed. She patted Lin Yi's head. "Don't talk nonsense, or else, your sister will be angry."

"If you don't want me to say it, I won't say it, but you don't know what's going on. You shouldn't interrupt." Lin Yi said to Yang Ming as he twitched his mouth.

"*Heh*, I may not know what is going on, but I know that if you go with others with such weak strength, it is very irrational behavior." Yang Ming was too lazy to bother with the child. He wasn't mad.

"What about that? If someone else owed you money, I don't believe you won't do it!" Lin Yi retorted.

"Yes. Indeed, if others owed me money, of course, I will get it back." Yang Ming smiled and said, "However, sometimes you have to measure your strength first. When you can't do it, losing a little bit of something is equivalent to gaining an advantage."

Yang Ming also used his own experience to warn Lin Zhiyun's younger brother. When Yang Ming first tried to deal with Wang Zhitao, how long did he endure? If it were someone else, Yang Ming wouldn't bother to say so much to that person.

"Hey, if I can't do it, can you?" asked Lin Yi.

"Isn't it just asking for wages?" Yang Ming smiled and said, "Your injury is all right? If you are fine, follow me. I will get your money back."

"Can you really get the money back?" Lin Yi didn't believe it and looked at Yang Ming inexplicably.

"Probably can." Yang Ming nodded and said, "Would you like to try?"

"Let us try. I have to see how you get it back." Lin Yi said, "If you manage to get the money, I will admit that you're my brother-in-law."

Yang Ming listened to Lin Yi's words and laughed a little. He thought to himself – *Do I need your acknowledgment?* However, Yang Ming was helpless to this stubborn child. Anyway, Yang Ming needed to help because of Lin Zhiyun.

"Let's go." Yang Ming stood up from the lounge chair next to them and said, "Zhiyun, look after them. Don't let them make their own moves."

"Okay..." Lin Zhiyun knew that it would be fine when Yang Ming didn't make a move. If he did, it would be a big scene. But fortunately, Lin Zhiyun was used to it. She knew Yang Ming's absolute power and didn't worry that Yang Ming would suffer.

"How about you guys come together as well?" Yang Ming turned to Zhang Xiaozhong and Zhang Xiaoyi and said, "There is no problem with three people sitting in the back of the car. Aunt Wang, I'm sorry that you have to go back alone."

"I'm alright with it. If you can help these guys to get back their wages, then you're the big helper of the villages here!" said Aunt Wang.

"*En*, Aunt Wang, here is a hundred yuan. There is no shuttle bus at night. You can go back in a taxi." Lin Zhiyun took out a hundred yuan and gave it to Aunt Wang.

Aunt Wang naturally didn't want it. She rejected it a few times before Lin Yi said, "Aunt Wang, my sister gave it to you. Just take it. She isn't an outsider."

After Aunt Wang took it, Yang Ming walked ahead and took out his cell phone. He dialed Bao Sanli's number.

"Brother Yang, what's the matter?" Bao Sanli quickly picked up the phone.

"Am I bothering you on Valentine's Day?" Yang Ming teased.

"Ha, Valentine's Day." Bao Sanli said with a smile, "I'm not as romantic as Brother Yang. I'm at the company."

"En." Yang Ming asked casually. He also knew that Bao Sanli didn't like to talk about love. "Do you know of the 202 provincial road?"

"Oh? I know it. What's wrong, Brother Yang?" asked Bao Sanli.

"What is the town next to the 202 provincial road? Do you know?" Yang Ming continued to ask.

"I know. It's Xintong Town." Bao Sanli replied, "Brother Yang, is there anything wrong?"

"Bring your men to this area. I will tell you a specific location later." Yang Ming said.

"Well, I will leave now." Bao Sanli didn't ask what to do. However, he was clear about the strength of Brother Yang. If Brother Yang was still calling for people, it must be a big scene. So, Bao Sanli quickly summoned the leaders of the teams to have a short meeting. Then, more than thirty Jinlong buses and dozens of cars drove to 202 provincial road from Song Jiang and went to Xintong Town.

Yang Ming didn't expect Bao Sanli to come up with such a big scene. When Yang Ming saw it, he couldn't help but smile bitterly.

The injuries of Lin Yi and Zhang Xiaoyi were not very heavy. They were all minor injuries. Their two bodies were relatively strong, so there was no serious problem after the treatment.

Under Lin Yi's guidance, Yang Ming drove from the hospital to a nightclub. Although it was far from the nightclubs of Song Jiang, it was splendid in this town.

"This is the place. This place was opened by Tiger Li." Lin Yi pointed to the nightclub.

"Tiger Li?" Yang Ming felt a bit funny when he heard the name.

"He is the boss of our contract team. His nickname is Tiger. Everyone calls him Tiger Li." Lin Yi explained.

Yang Ming nodded and said, "Okay." Then dialed the Bao Sanli's phone, "Are you there?"

"We are here, Brother Yang. Do you have any commands?" Bao Sanli replied.

Yang Ming told the approximate location of the nightclub to Bao Sanli and said, "Go in and grab the boss named Tiger Li."

Lin Yi and Zhang Xiaozhong both looked at Yang Ming, astonished. They didn't know who Yang Ming called, but they didn't quite believe it. There were buffed security guards at the nightclub's door. How could someone just walk in? Never mind grabbing the boss out.

However, the next scene made them stunned, as if they were in a movie.

More than a dozen black cars with emergency lights arrived, followed by more than a dozen Jinlong buses. They were neatly parked in the square in front of the nightclub. Hundreds of black-shirted men came out from the vehicles. Many of them were holding long shaped unknown staffs wrapped in cloth. Those who were familiar definitely knew they were blunt weapons.

The security guards at the entrance of the nightclub were like decoration. They were entirely stupefied by this situation. Before they could react at the door, countless black-shirted men poured in around them.

The nightclub immediately fell into chaos, and all the customers ran out. After a short period of noise, it became calm. After a while, several people brought a fat man out of the nightclub. They came to the square in front of Bao Sanli.

Although Tiger Li was usually arrogant with dozens of underlings under his command, compared with today's scene, his power could be described as simply pitiful!

Tiger Li was utterly terrified; he didn't know who he had offended. He even had cold feet. He was dragged out by others. When they came to Bao Sanli, these people let him go, and Tiger Li knelt on the ground with a thump.

"Are you Tiger Li?" Bao Sanli looked at Tiger Li's cowardly expression. He thought to himself – *Did this useless person offend Brother Yang? That is weird. With Brother Yang's temper, why weren't you beaten to death directly?*

"Brother... Brother Bao?" Bao Sanli didn't know Tiger Li, but Tiger Li knew Bao Sanli! Xintong Town was part of Song Jiang. How could Tiger Li not recognize the boss of Song Jiang?

Compared with Bao Sanli, Tiger Li was just a small gangster. However, Tiger Li also refused to think so much, because he couldn't remember how he had offended the number one ruthless man of Song Jiang.

"Is it him?" Yang Ming pointed to Tiger Li who was kneeling on the ground and asked Lin Yi.

"Yes... That's him..." Lin Yi was also shocked at the moment. The boss who was always on the top and overbearing was like a dog lying on the ground. How could he not be shocked?

"Let's go. We should get out of the car." Yang Ming said plainly, "Let me show you what absolute power is. Only when you have absolute power are you qualified to despise people who are weaker than you, or you would be courting death."

Yang Ming pushed the door open and got out. Lin Yi, Zhang Xiaozhong and his brother followed. Yang Ming took Lin Zhiyun's hand and strolled over.

"Brother Yang!" Bao Sanli saw Yang Ming come over and quickly greeted him.

"Are you stupid? Kneel down nicely to Brother Yang!" Bao Sanli noticed Tiger Li was indifferent. He was mad as he flew up and kicked Tiger Li's *ss, making the boss moan in pain on the ground.

"Brother Yang!" Tiger Li cried quickly, but he was troubled deep down in his heart. *How come a Brother Yang suddenly appeared? Moreover, Bao Sanli seems to be very respectful to him!*

"Do you know them?" asked Yang Ming as he pointed to Lin Yi, Zhang Xiaozhong and Zhang Xiaoyi behind him.

Tiger Li didn't dare to delay. He quickly looked up and looked behind Yang Ming. As a result, he immediately fell into doubt. He certainly remembered these three people. They just came to ask for wages, but they were beaten and thrown out.

However, how did these three people get along with Bao Sanli and Brother Yang? Tiger Li couldn't believe that these three peasants had such a great ability to know these characters. Otherwise, with Bao Sanli's casual words, he wouldn't dare to owe these people money!

Chapter 795: Brother-in-law

"Tell your people to retreat first. It's not good if all of them stand here." Yang Ming looked at the big crowd and said to Bao Sanli.

Although it was a small town, it wasn't so good to let others witness such a huge scene.

Bao Sanli nodded. "Okay, I will ask them to get into the vehicles."

Bao Sanli called a follower around him and then told him Yang Ming's intention. The follower immediately arranged it. After a while, the people in the square got in the vehicles. Although a dozen of Jinlong buses were conspicuous, it was better than the previous scene. People who didn't know better might think they were tourist buses or passenger service.

"Brother Yang, how did this dumb*ss offend you?" Bao Sanli didn't feel that this Tiger Li was someone who could offend Yang Ming. Such a dumb*ss, how could he dare to show-off in front of Yang Ming?

"He didn't offend me, but he cut my wife's brother." Yang Ming pointed to Lin Yi and said, "You come over. If you have any hatred now, you can vent it out."

"Heh , you beat up Brother Yang's brother-in-law. I think you don't want to live, right? I think your nightclub needs to change the shop sign." Bao Sanli sneered after listening.

"Huh ?" Tiger Li suddenly took a breath of cold air. Although he didn't know what this Brother Yang did, he saw that Brother Bao was very respectful to him. *Obviously, he was not an ordinary person. How did I offend such a person? And, this worker named Lin Yi is really strange. He had such a strong relationship, and yet he actually still asked for money from me?*

If he gave a message to Brother Bao, never mind giving salary for one year, even for ten years, he still had to give!

Lin Yi looked at the Tiger Li who was kneeling on the ground and hesitated. After all, this contrast was a bit too big. Just now, Tiger Li who claimed that he would kill Lin Yi's family was now worse than a dog.

However, Lin Yi quickly returned to normal. His eyes were filled with anger. He lifted his foot and kicked Tiger Li's head. Tiger Li's nose immediately bled.

"Weren't you going to kill my family? I'll see how you kill! I will kill you first!" Lin Yi shouted with excitement.

"Wait..." Yang Ming waved his hand and stopped Lin Yi. He frowned and looked at Tiger Li. He said, "You want to kill his family? That naturally includes me, right?"

"I... I just simply talked about it..." Tiger Li's heart was remorseful. *My own words actually caused such trouble.*

"So, shouldn't I kill you first to prevent a future disaster?" Yang Ming pretended to hesitate.

"Don't... please don't. I really just simply talked about it..." Tiger Li was shocked. He naturally knew who Bao Sanli was. If he wanted to be ruthless, it was possible that Bao Sanli would kill him.

"Forget it. I don't think you have the courage. How much money do you owe? Pay quickly. You're such a little character. I don't have time to bother with you. I still have to spend my Valentine's Day." Yang Ming waved impatiently.

Although Yang Ming's tone was intolerant, Tiger Li was relieved in his heart. *It seems that I have escaped a catastrophe. I need to be thankful for this foreigner's holiday.*

"Okay, okay. No problem. I will pay what I owe. I will definitely pay!" Tiger Li quickly promised.

"Medical expenses, as well as the interest. You calculate these on your own. I don't care, but I will ask Lin Yi in the future. If there is anything wrong, I won't speak so nicely next time." Yang Ming threatened a little.

"Yes, yes, I understand, Brother Yang. You can rest assured. I was obsessed with money. I want to drag this money to save more interest in the bank. I will give the wages to the workers tomorrow morning." Tiger Li explained.

Yang Ming naturally wouldn't believe his nonsense, but he didn't reveal it. He smiled and said, "Okay, that's all right. You tell Lin Yi to continue to slap you. He has to vent it off as well."

"... Okay..." Tiger Li agreed with a bitter smile. *I have no choice but to agree with it!* Tiger Li covered his head and huddled on the ground like a sandbag.

"Brother Yang, I don't want to beat him anymore..." Lin Yi's anger at the moment was almost gone. When he saw Tiger Li like this, he didn't have the interest to beat the guy. It was meaningless to beat up this kind of guy who let others be trampled upon.

"Hehe, shouldn't you call me brother-in-law?" Yang Ming smiled.

"Brother... in-law..." Lin Yi hesitated and said bashfully.

"Let's go. Probably this guy doesn't dare to owe you money." Yang Ming glanced at Tiger Li and said with some disdain.

Lin Yi nodded. Although he didn't know what his brother-in-law did, he understood that his brother-in-law's strength was incredible.

Zhang Xiaozhong and his brother had been completely shocked. In their view, such a difficult issue was solved so easily. From the beginning until the end, Tiger Li didn't dare to say even a "no."

"You all can go back." Yang Ming said to Bao Sanli, "If this Tiger Li has given the wages and medical expenses that he owed, then don't trouble him anymore. Otherwise, you can do whatever."

"Understood, Brother Yang!" Bao Sanli nodded.

"Get in the car. I will take you guys back," said Yang Ming to Lin Yi and Zhang Xiaozhong and his brother.

All three of them got into the car silently. Apparently, they had yet to recover from the shock. Until the Zhang brothers got off, they were still in the fog.

"Where is your house?" Yang Ming asked Lin Yi.

"I... I don't want to go back. I'm hurt. If my parents see me, they will scold me..." Lin Yi said with some difficulty.

"If you don't go back, where are you going to go?" Lin Zhiyun didn't allow him to do that. "No way. You have to go back. It is so late. Can you stay in a hotel?"

"I can stay at grandmother's house..." said Lin Yi.

"Go back. Just say that you got bumped by a car on the road. Then, you just happened to meet your sister and me, and we sent you to the hospital for bandaging." Yang Ming looked at Lin Yi's look and smiled, "The wound is inside anyway. Others can't see it."

"Ai ? This is a good way!" Lin Yi was happy. "Thank you, brother-in-law!"

"Yang Ming! How can you do this? You will spoil my brother!" Lin Zhiyun frowned after listening.

"Isn't this makeshift? Or do you want to tell your Second Uncle that he was hacked by others? Isn't that making him worry?" Yang Ming said, "Not to mention that it's okay now, the less trouble, the better."

"Well, you do have a reason." Lin Zhiyun flattened her mouth. She could only agree with Yang Ming.

Under Lin Yi's directions, Yang Ming drove to another village nearby. After driving into the village, they came to the door of Lin Zhiyun's Second Uncle. They saw a middle-aged man and a middle-aged woman standing at the door. They were anxiously looking around. When they saw a car stopped, they were a little nervous.

These two people were Lin Yi's parents, that was, Lin Zhiyun's Second Uncle and Second Aunty. They had just heard from others' mouths that their son had gone to find his boss to ask for money, and the result was him getting beaten up!

Yang Ming parked the car. Lin Yi didn't dare to get off, so Lin Zhiyun first got off. "Second Uncle, Second Aunt!"

"Eh?" Lin Yi's parents were stunned. They didn't see their son, but they saw their niece come here. "Zhiyun, why are you here?"

"My boyfriend and I went to see Grandmother's house. As a result, I met Little Yi on the road. Little Yi was bumped by a car on the road. He scratched his arm. My boyfriend and I sent him to the hospital for a dressing." Lin Zhiyun told them according to Yang Ming's plan a lie that she was reluctant to tell.

"Ah! Is he fine?" Although they heard that their son wasn't fighting with someone, the car accident was enough to make them worry. Lin Yi's father asked quickly.

"Dad, I'm fine..." Lin Yi only got out of the car after listening to his sister explain it as such.

"Little Yi, are you okay? That's good, that's good! Thanks to Zhiyun. She saw you on the road. If not, who would help you?" Lin Yi's father breathed a sigh of relief.

"Zhiyun, where is your boyfriend? Come in and have a sit!" Lin Yi's mother also sighed in relief and said warmly.

"Second Uncle, Second Aunt, hi," said Yang Ming as he got out.

"Good, such a nice boy. Are you Zhiyun's classmate?" asked Lin Yi's mother.

"En, Zhiyun and I are university classmates." Yang Ming replied.

Lin Yi's mother was fine after listening to it. She thought that was normal, but Lin Yi was very surprised. *How is he a university student? The strength that he showed before...*

"Come in. Let me buy some delicious food for you two." Lin Yi's father said.

"Second Uncle, Second Aunt, it's already late. We won't enter the house. We should go first. We will visit again next time." Lin Zhiyun said.

"Dad, Mom, today is Valentine's Day. Don't delay my sister and my brother-in-law's holiday!" Lin Yi feared that Lin Zhiyun would expose anything if she stayed, so he wanted them to leave.

"Oh? Hehe, so that's the case. You see. I don't remember these foreign holidays!" Lin Yi's father said, "Then you two should go..."

"Are we going back to your grandmother's old house?" Yang Ming asked after getting in the car.

"We don't have to as long as we have the intention." Lin Zhiyun said, "Let's go back. There is nothing fun here."

The car gradually returned to Song Jiang City. The bustling roadside was completely different from the previous stagnant ones. Although it was now around 10 p.m., there were still many people on the street. Many stalls were selling flowers and gadgets everywhere.

"Where do you want to go? Today I'm all yours, my beauty." Yang Ming asked with a smile.

"How am I a beauty?" Lin Zhiyun was a little shy. "Sister Yan is more beautiful."

"You two have your own characteristics. No one is better than the other." Yang Ming said.

"Right, Yang Ming. Little Yi... he..." As Lin Zhiyun spoke up to this point, she was stuttering.

"What's wrong? Just say it if you have anything. Is there anything you can't tell me?" Yang Ming looked at Lin Zhiyun's look and said quickly.

"Little Yi is just at the age of going to school. Because of the economic conditions in the family, he didn't go to school. Now, my family is much better than before. It is just that I don't have the networking relationships. I don't know if he can be arranged to get into university..." Lin Zhiyun hesitated.

Chapter 796: The Two Women's Date

"Arrangement for the university? There shouldn't be any problems, right?" Yang Ming thought about it and said, "It isn't difficult to arrange a student to come in with my godfather's current position in the school."

At the beginning of the year, the vice principal had suggested that Liu Weishan take over the position of the principal. However, since Liu Weishan's son had disappeared, he became uninterested in everything. He began to have some hope for life since he recognized Yang Ming as his godson a while ago, so this time he accepted the proposal after Yang Ming talked to him.

After all, with Liu Weishan's current status in the academic world, if he became the headmaster, the school's reputation would rise to a higher level. Song Jiang Industry University was a science and engineering-based university. Liu Weishan enjoyed a high reputation in academic circles such as history and fine arts. As a result, it would also drive up the number of applicants to this school.

"That's good. In fact, Lin Yi's junior high school scores were good, not worse than mine, but he has never been to high school." Lin Zhiyun said, "If it's too troublesome, then forget it. Don't trouble your godfather."

"Let me ask. But now if the university can sponsor it, we can spend the money." Yang Ming smiled and said, "Are you still afraid that I have no money?"

"Okay..." Lin Zhiyun knew that Yang Ming was rich. Although she didn't really want to spend his money, she could only do this. Thinking about it, since she had already gotten the approval of Yang Ming and Chen Mengyan, that meant that they were a family, and there was no need for such courtesy.

.....

Xiao Qing didn't expect to suddenly receive a call from Sun Jie inviting her to come out on Valentine's Day. She already knew that Sun Jie and Yang Ming had the same relationship as herself, so Xiao Qing was relieved. She also knew that Sun Jie wouldn't continue to have that relationship with her, so she accepted the invitation.

Although there was no jealousy between the two, it was inevitable that they would be awkward when they met. Their relationship had changed from the initial lesbian relationship to a relationship between men and women. It was too coincidental that both of them had betrayed each other at the same time, but they accidentally “came” together and became sisters. This was indeed a headache.

Fortunately, the two were mature and rational women. There was only a slight awkwardness after the first meeting, and then they returned to normal.

Xiao Qing went into Sun Jie’s car and asked, “How come you changed your car? Wasn’t your car originally the Audi sports car?”

“The original one? Yang Ming crashed it into scrap. It’s in the repair factory.” Sun Jie didn’t need to avoid anything because Xiao Qing also knew Yang Ming anyway.

” Oh ? I remember that you never allowed your car to be touched by a man?” Xiao Qing smiled lightly.

“You already know, and yet you still ask. Between us, don’t we understand each other?” Sun Jie said indifferently. This time, Yang Ming’s flower offense was fierce, but Sun Jie wasn’t the simple girl in school. She wouldn’t be touched by this, but it felt good with Yang Ming, so she was willing to accept the flowers he sent. Since he had an ambiguous relationship with her and her father also accepted him, everything else should just go with the flow. Sun Jie didn’t want to think too much.

With such an idea, Sun Jie would naturally not deny anything, it wasn’t in her character.

Xiao Qing snorted and didn’t continue this topic. She just merely said this to let the atmosphere to become more harmonious. “How come you want to spend Valentine’s Day with me?”

“Do you think Yang Ming is free to accompany us?” As Sun Jie said that, there was a bit of anger in her heart. *Why? Although I haven’t officially established a relationship with him, at least, he should make a phone call to set an appointment.* However, Yang Ming didn’t even make a phone call. She guessed that it was the same for Xiao Qing.

In fact, Xiao Qing was different. Yang Ming had called Xiao Qing previously. Although Xiao Qing knew that Yang Ming couldn’t really spend Valentine’s Day with her, she was happy.

For Sun Jie, Yang Ming also felt difficult. Sun Jie didn’t admit that she was his woman, so Yang Ming naturally found it inappropriate to ask her out on Valentine’s Day.

“And then we spend a holiday together?” Xiao Qing felt that there was a problem with this logic. Even if Yang Ming didn’t accompany them, wouldn’t it still be awkward for them to spend Valentine’s Day together?

“Why can’t we, two old lovers, spend Valentine’s Day together?” Sun Jie asked, “Could it be that since you have a new love, you’ve forgotten the old?”

“...” Xiao Qing was silent for a while. Since Sun Jie still spoke so boldly, Xiao Qing simply said daringly, “Isn’t my new love your new love?”

The topics of women were always surprising and unimaginable.

Sun Jie smiled, and suddenly, the relationship between the two changed. It really made people feel uncomfortable. Their heart began to be irritated by Yang Ming. How is this kid so fickle in relationships? *When I saw him for the first time, I thought he was a good boy. I didn't expect the more contact I have with him, the more wrong it felt. I shouldn't have asked him to pretend to be my boyfriend.*

"How did you get together with Yang Ming?" Xiao Qing looked at the melancholic Sun Jie and knew that she was definitely a bit sad.

"Last summer... yours should be about this time too, right?" Sun Jie thought for a moment. "No wonder you didn't contact me anymore. I didn't think about contacting you as well... *Hehe*, we... really. It's good to talk about it early so we won't be fooled by Yang Ming, this kid."

"He didn't lie to me. I know he has a girlfriend. I'm just his godsister." Xiao Qing shook her head. She never felt that Yang Ming deceived her feelings.

"You are really dumb." Sun Jie looked at Xiao Qing and shook her head. Originally, she wanted to have an alliance with Xiao Qing to deal with Yang Ming's young girlfriends. Now it seemed that it was difficult to realize this idea.

"Did he lie to you?" asked Xiao Qing.

"I..." Sun Jie hesitated and thought, *It's really not. I'm just blaming myself for being unlucky, drinking from Guo Jianchao's cup and bumping into Yang Yang who was smoking in the bathroom, and then...*

"So, he didn't lie to us. But sometimes, we can't help ourselves." Xiao Qing looked at Sun Jie and knew that she must be the same.

"Let's not talk about this. We should go shopping, and then call Yang Ming to pay." Sun Jie still didn't know Yang Ming's true identity but knew that he had a jewelry company so he must be rich. Even though she wasn't short of money, calling Yang Ming to pay was a different feeling.

"Are you still short of money?" Sure enough, Xiao Qing asked.

The two women walked together very intimately. Naturally, it wouldn't make people think much about it. When the two went shopping in the past, they were intimate as they held hands and leaned together as they walked.

This time, there was still some distance between the two people. But when they began chatting, there was nothing. Even if the relationship changed, it became a sisterly relationship. It would not be a problem to get close.

However, although the two were as close as ever, their mentality was really different. The feeling of mutual sympathy for Xiao Qing and the thumping heartbeat feelings for Yang Ming were completely different concepts.

"Right, I heard that your former boyfriend returned to Song Jiang. How is it?" Sun Jie was clear about the history of Xiao Qing, and she stumbled upon the knowledge that Song Hang returned to Song Jiang.

"In the beginning, he badgered me, but Yang Ming found him and said something to him. Then there was no more news from him." Xiao Qing said, "However, according to Yang Ming's temper, it was likely that he had beaten up Song Hang."

When Sun Jie heard this, she couldn't help but smile. She remembered that Yang Ming had beaten the second son of the Ouyang Family when he was in her house. Therefore, what Xiao Qing said was really possible.

However, Sun Jie was curious about Yang Ming's identity. Some things were not problems that could be solved through fighting. The strength behind Yang Ming was suspicious.

She asked her father before, but Sun Jie's father always smiled mysteriously and said that she would know it later. So Sun Jie wanted to see if she could get something out of Xiao Qing's mouth this time.

"What does Yang Ming do in addition to the jewelry company?" Sun Jie asked inadvertently.

"Usually? He goes to university. What else can he do?" Xiao Qing was somewhat inexplicable about why Sun Jie would ask this.

"Just asking." Sun Jie looked at Xiao Qing's expression, and after knowing Xiao Qing for so long, she knew that Xiao Qing didn't lie.

Even Xiao Qing didn't know? Sun Jie shook her head. *This man is really interesting.* However, she was sure that her father must know something. Otherwise, his attitude towards Yang Ming couldn't change so fast.

Initially, her father expressed a neutral attitude towards the relationship between Yang Ming and herself. But then, he suddenly agreed with it. How could Sun Jie believe that there was no hidden story in the middle?

However, Xiao Qing didn't care. She only thought that Sun Jie was talking casually with her about the topic of Yang Ming. "Little Jie, does your family know that you're with Yang Ming?"

"They know. My dad met him before." Sun Jie nodded.

"Then, what would you all do in the future? It is impossible for Yang Ming to break up with his girlfriend. I just didn't think about formally being with him." Xiao Qing sighed and said, "But you're different. If your family knew about Yang Ming, wouldn't it harm him? I'm afraid in the end..."

Xiao Qing's fears were not unreasonable. What was the background of Sun Jie's family? How could Sun Jie's father allow his son-in-law to have other women outside? When he became enraged and did something irrational, what should she do?

Sun Jie's former boyfriend inexplicably vanished from the face of the earth. It wasn't appropriate for Xiao Qing to ask, but surely, the results were not optimistic.

Chapter 797: Putting Myself in Someone Else's Shoes

"My dad? *Hehe* , I don't know what he said to my dad. My dad's attitude towards him had become better..." Sun Jie said with some helplessness, "I wanted to ask you what advantages Yang Ming had. It seems you aren't clear about it."

"Really?" Xiao Qing was really surprised about this. *Yang Ming actually even settled Sun Jie's dad? This is a bit too weird.*

Yang Ming was the topic the two talked the most about. No one wanted to mention their past. After all, it was also quite awkward.

Although Sun Jie said that the two of them should spend crazily and ask Yang Ming to pay the bill, in the end, Sun Jie settled the bill. Sun Jie was only bullsh*tting. She wouldn't do anything irrational.

Moreover, Sun Jie hadn't yet decided whether or not to be with Yang Ming. In general, she had a good impression of him, but on the other hand, Yang Ming's age was too much different from hers. One important thing, on the other hand, was that Yang Ming already had a girlfriend. Worse still, there was more than one!

Sun Jie naturally didn't want to think much about something that gave her a headache. Everything went with the flow. It would naturally be solved in the end.

"Hey? Isn't this Yang Ming's car?" Sun Jie saw Yang Ming's BMW X5. She recognized the car number plate as well. Hence, she asked as she pointed at the moving BMW in front of her.

"Really?" Xiao Qing couldn't remember that much.

"I'm going to pass them and take a look!" said Sun Jie, as she stepped on the accelerator. The car dashed quickly in front. Although there were many vehicles on this road, Sun Jie's driving skills were excellent. Soon they were side by side with the BMW in front just now.

"It's really Yang Ming!" Sun Jie glanced at Xiao Qing and asked, "The girl next to him is his girlfriend?"

"Likely... not?" Xiao Qing knew Chen Mengyan and Lan Ling, but she didn't know Lin Zhiyun. So, she was in doubt when she saw the girl in the car.

"Please don't tell me that Yang Ming found another girlfriend again?" Sun Jie saw Xiao Qing's expression, she asked doubtfully.

"Maybe not?" Xiao Qing didn't care much about this.

Sun Jie was a bit annoyed. She thought – *It is fine if you accompany your girlfriend during Valentine's Day, but now you are with another? Yet, you send me flowers every day, but I don't even get a phone call for Valentines Day!*

Sun Jie followed Yang Ming's car patiently. Xiao Qing was quite helpless. She tried to persuade her several times, but Sun Jie didn't listen. The two became paparazzi.

How alert was Yang Ming? There was no way Yang Ming wasn't aware that there was a car tracking behind him. Since Sun Jie wasn't driving her car today, Yang Ming looked at the model of the car behind.

He didn't think of Sun Jie. He thought that it was another enemy who was waiting for an opportunity to retaliate against him. It was no wonder. Bi Hai had just said that Wu Xinkai's uncle wanted to retaliate against him.

However, Yang Ming used his special ability to look at the people in the car. He couldn't help but smile bitterly. They were actually Xiao Qing and Sun Jie! Although Yang Ming didn't know how the two of them got together on Valentine's Day, he was certain that the two must have discovered him. Otherwise, they wouldn't be following him.

Looking at Lin Zhiyun next to him, Yang Ming hesitated to tell her about Xiao Qing and Sun Jie. According to Lin Zhiyun's temper, even after knowing this, there would be no other thoughts and no irrational actions would be made.

The key question was – Could Lin Zhiyun keep it a secret? After Lin Zhiyun knew, would she tell Chen Mengyan? The relationship between the two wasn't bad. If Lin Zhiyun's tongue slipped, Yang Ming couldn't guarantee that Chen Mengyan would accept it openly!

The current situation was almost at the limit that Chen Mengyan could bear. If two more people were added, would Chen Mengyan be mad? Yang Ming didn't dare to try it.

"There are two friends behind us. I will go out later. You wait for me in the car." In order not to cause a war in his family, Yang Ming could only say this to Lin Zhiyun.

"En, alright, go ahead." Lin Zhiyun didn't ask much. She was well-behaved. Yang Ming liked her personality where she didn't fight for anything.

Yang Ming turned around a corner and came to a slightly smaller street. He parked the car on the roadside.

Yang Ming quickly opened the door and got out. Then, he walked to the back. Sun Jie saw Yang Ming stop the car and approach her, so she stopped the car as well.

"He found us." Xiao Qing sighed and said. After all, they were still noticed by Yang Ming. Xiao Qing suddenly felt embarrassed. She used to say that she wouldn't be bothered, and she wouldn't go out with Yang Ming on Valentine's Day.

Now, it was like they deliberately came to bother Yang Ming. She wondered what Yang Ming would think.

"What do we need to be afraid of?" Sun Jie smiled as she opened the door and got out.

"What's the matter? I didn't go on a date with you on Valentine's Day. Are you angry?" Yang Ming looked at Sun Jie teasingly who looked at him with a big smile.

"Why do I need to be angry? Do you think I'm such a stingy person?" Sun Jie smiled and said as she pointed at Xiao Qing in the car, "We are also out on Valentine's Day, but I happened to meet you on the road."

"You two... Did you both rekindle the old feelings?" Yang Ming was a little surprised about them getting together.

"What rekindle the old feelings? The two of us have never broken up." Sun Jie said as though it was logical, "If you didn't come in and disturbed us, we were better off with just two of us."

"Is it? I think it is better to have three of us together." Yang Ming said with a smile. "Are you two checking in a hotel after a while? If so, tell me the location. I will come back to look for you both later."

"Okay!" As Sun Jie heard it, she had a wild idea. She quickly kissed Yang Ming's face, then whispered in his ear, "Then we are waiting for you..."

After that, Sun Jie turned around and started the car. She no longer cared about Yang Ming. She put the car in reverse gear and directly backed up. Then, she turned back and left.

Xiao Qing always kept her head down. She was afraid that Yang Ming would say something sarcastic, but Yang Ming knew that Xiao Qing must have been pulled by Sun Jie to follow him. So, he didn't think about anything else.

Yang Ming touched the area on his face where Sun Jie had kissed him. He smiled bitterly and shook his head. After all of this, he was still tricked by Sun Jie! Yang Ming knew that although Sun Jie sometimes spoke boldly, she would never take the initiative to tease him. The reason why she did this was that she wanted Lin Zhiyun in the car to witness it.

This was great. Yang Ming thought he was clever enough to hide it, but it was revealed after all. Yang Ming slowly walked to his car and thought about how to explain it to Lin Zhiyun. The best result was if Lin Zhiyun didn't see it.

When Yang Ming got in the car, Yang Ming smiled awkwardly at Lin Zhiyun and said, "Let's continue..."

"Is she also yours...?" Lin Zhiyun hesitated and finally asked.

Yang Ming was shocked. *Lin Zhiyun did really see it.* In fact, it was normal. After Yang Ming got off, Lin Zhiyun's attention would naturally follow Yang Ming. It was nothing to be surprised that she saw the scene.

"You can say that..." Since it was seen by Lin Zhiyun, Yang Ming thought that it was helpless to hide it. It was better to admit it forthrightly.

"Then... you should go and accompany her..." Lin Zhiyun said calmly, "Can you take me home first?"

"Zhiyun, are you angry?" Yang Ming heard Lin Zhiyun and asked quickly.

"No, why would I be angry? I'm really happy today. You accompanied me back to my grandmother's house and helped Lin Yi solve the problem of his salary. How can I be angry?" Lin Zhiyun smiled slightly, "How can I be selfish? She also wants you to accompany her, right? Otherwise, she wouldn't drive and follow us."

Lin Zhiyun didn't see Xiao Qing in the car behind, so she thought that it was only Sun Jie. "I had this feeling before. Just like today, although I know that I shouldn't fight with Sister Yan, being alone at home, my heart was still a little uncomfortable. I think this is her general feeling now, right?"

When Yang Ming heard Lin Zhiyun's words, he blushed with shame. He touched his chin and said, "Do you really think so?"

Lin Zhiyun nodded and said after a while, "I won't tell Sister Yan, but if you have the chance, you should still tell her about it..."

"Zhiyun, thank you..." Yang Ming listened to Lin Zhiyun's promise and immediately felt relieved. As a matter of fact, Yang Ming wasn't worried about Lin Zhiyun but Chen Mengyan.

"Thank me for what? I'm just putting myself in someone else's shoes..." Lin Zhiyun shook her head. "Well, I have monopolized you for one night. I should be content."

Yang Ming was grateful, but he didn't say much. He headed to Lin Zhiyun's house. However, on the way, he thought of a very important question. "Yes, Zhiyun, your parents aren't at home. Then, if you go back, isn't it meaningless? How about I accompany you?"

"No." Lin Zhiyun said. "I will go to sleep when I get home. After the long journey, I'm a little tired. Also, I have that [1]. I can't accompany you..."

Lin Zhiyun didn't continue her words, but she knew Yang Ming understood her.

"Okay, but if you can't sleep, call me at any time." Yang Ming noticed Lin Zhiyun was determined so he wouldn't persuade any further.

Lin Zhiyun was taken home. After Lin Zhiyun washed up, she laid on the bed and covered herself with a quilt. Then Yang Ming left. The disappointment in Lin Zhiyun's heart dissipated with Yang Ming's gentleness at the moment.

From Lin Zhiyun's home, Yang Ming called Sun Jie's phone. Sun Jie saw Yang Ming on the caller ID. She was baffled. *Why did Yang Ming call me at this time?* "Hello? Yang Ming?"

Sun Jie was afraid that the scene had brought on a war between Yang Ming and his little girlfriend. This call must be from his little girlfriend.

"Dear, have you chosen a hotel? I'm looking for you now." Yang Ming got right to the point and spoke.

"Hey!" Sun Jie was stunned. It was a joke. How could she really go to a hotel? She didn't know how Yang Ming actually settled it with his little girlfriend.

Chapter 798: Who Was Tired?

Seeing Sun Jie's shock expression, Xiao Qing smiled and whispered, "Is it Yang Ming?"

Sun Jie nodded helplessly, and then she covered the phone's microphone and said, "Yeah, he wants to come and find us."

"Heh, isn't that good?" asked Xiao Qing.

Xiao Qing was in the car before. She didn't understand what Sun Jie and Yang Ming said. Moreover, Sun Jie's voice was soft. She was saying it in Yang Ming's ear. Therefore, Xiao Qing wasn't aware of Sun Jie's embarrassment at the moment.

"I'm shopping with Xiao Qing. If you want to come over, then you come over." Sun Jie deliberately avoided answering it and replied self-servingly.

"Hehe , okay." How could Yang Ming not know what Sun Jie thought? This woman sometimes looked bold and hot, but she was still somewhat conservative. Yang Ming knew that he hadn't completely conquered her, but this was probably only a matter of time. "Where are you two?"

"Business street, Xinheng department store," said Sun Jie.

Fifteen minutes later, Yang Ming came to the parking lot under the Xinheng department store. He stopped the car and went into the elevator. He sent a message to Sun Jie, learning that they were looking at cosmetics on the third floor.

Yang Ming went directly to the third floor. Although the mall was large, it was easy for Yang Ming to find the location of Sun Jie and Xiao Qing.

Yang Ming tiptoed behind Sun Jie and Xiao Qing. He wanted to scare them. As he was thinking about how to do it, Sun Jie turned around suddenly. She looked at him with a smile.

Luckily, Yang Ming's mental quality was strong, but he was shocked as well!

"What are you doing?" Sun Jie asked as she assessed Yang Ming.

"I... How did you know that I was behind you?" Yang Ming wondered.

Sun Jie didn't answer. She just pointed to the makeup mirror next to her. Xiao Qing saw them asking and answering interchangeably. She couldn't help but reach out and cover the smile on her mouth.

Yang Ming looked at the small mirror a bit depressed and sighed, "D*mn, this could have worked, too... I wanted to give you two a surprise."

"Then please come back next time when you're invisible." Sun Jie shouted.

Yang Ming smiled embarrassedly and said, "You two want to buy cosmetics?"

"Just simply window shopping. I heard that there is a new brand here called Bobbi Brown [1]. There is free makeup training. I planned to sign up with Xiao Qing." Sun Jie said, "Do you have any interest in going with us?"

"I... forget it..." Yang Ming quickly waved his hand. Asking him to learn about makeup. What joke was that?

Sun Jie and Xiao Qing registered their names and phone numbers. The other party said they would call them once the training started. Yang Ming was very surprised. These two people looked very busy, but they still had the time to attend makeup training?

However, Yang Ming really underestimated the temptation of beauty to women. Chen Mengyan and Lin Zhiyun might still be worse. After all, they were at the most beautiful time of their lives. They didn't

need makeup or maintenance, but Xiao Qing and Sun Jie were different. They were not as young anymore. They would gradually age. How was that okay if they didn't take care of their skin?

"Did you book the hotel room? Today is Valentine's Day. The hotels should be quite packed..." Yang Ming pretended to be very kind.

Sun Jie was so irritated. She said furiously, "No!"

"Are you afraid? Are you regretting?" Yang Ming squinted, looking at Sun Jie in a very annoying manner.

Sun Jie was angry, but she didn't want to admit that she was scared. She just said, "It's still early. Why are you so urgent?"

After that, she started to make up a plan deep down in her heart. *How can I make Yang Ming give up those filthy ideas proactively? I just simply made a joke. I didn't realize that Yang Ming would really be free.*

"Hold it!" Sun Jie handed a few bags in her hand to Yang Ming, and then she thought that it wasn't enough. She also handed Xiao Qing's bags to him.

As a result, Yang Ming was reduced to carrying bags for them. Xiao Qing felt a little bit unbearable. She wanted to take them back, but Sun Jie stopped her. "If you don't make him tired now, maybe he will have other filthy ideas later!"

Xiao Qing looked at Yang Ming apologetically and helplessly with a smile, but she also agreed with Sun Jie. If she was alone with Yang Ming, and Yang Ming wanted to do something to her, then she was willing, but now the situation was that there were three people together!

And the relationship between the three people was unusual. Any two of the three had an excellent relationship which surpassed friendship, so each of them should be close to each other to a certain extent. Now that the three people came together, what if Yang Ming had a more absurd request later?

In the final analysis, Xiao Qing was still a more traditional woman. Otherwise, it was impossible to maintain a virgin's body before she met Yang Ming. Sun Jie, though seemingly bold, was just a fake bold. Yang Ming was her first man so far. Therefore, Sun Jie would be nervous. She deliberately wanted to suppress Yang Ming's unrealistic evil thoughts.

Yang Ming was indifferent. He laughed in his heart. *Can this make me tired? The training in Europe was ten times, a hundred times and even a thousand times harder than this. Besides, I didn't even sleep consecutively for a few days for training, and I survived it. What is this for me?*

Since you want to be tired, then you can be tired. I'll see who is exhausted at the end. When you both are worn out and can't move, aren't you two under my control then?

So, the three of them had different thoughts. Although Xiao Qing had some sympathy for Yang Ming, when she thought of all three people doing some shameful things on the same bed, she went into a panic. She clenched her teeth and insisted.

Sun Jie thought about making Yang Ming tired. Don't underestimate Sun Jie. Sun Jie usually went to the gym. Her physical strength was still sufficient. In this way, the three people strolled around madly. They

shopped from the first floor to the top floor, and from the top floor to the first floor. They bought more and more things. They even had to send things back to the car several times.

Not only this, Xinheng department store really had nothing to shop for, so the three people went to other stores on the business street. There was everything from clothing stores to glasses, watches, and clocks. Sun Jie thought, *Let's see if you will be tired or not?*

Yang Ming looked at Sun Jie and Xiao Qing who were obviously very tired. He laughed in his heart. *You two continue to play. I haven't even warmed up yet.*

Xiao Qing didn't have Sun Jie's physical strength. After that, she really couldn't hold it anymore. Sun Jie was actually pushing her limit. She looked Yang Ming by her side who was still lively and carrying small and big bags while walking swiftly with small steps. She completely collapsed. *This guy is really extraordinarily powerful. It's no wonder that he could do that so long with me...*

When Sun Jie thought of this, there was a flush for a reason. Although she couldn't tell her feelings to Yang Ming, when she was doing it with him, it was really comfortable. Sun Jie was also a woman with normal physiology. She would have the need usually, or else, she wouldn't be together with Xiao Qing.

Yang Ming was just too overbearing. Sun Jie was a strong woman, so Yang Ming's style made her a bit uncomfortable. But there were some contradictions. Sun Jie also hoped that her man was stronger than herself. However, she hadn't found any real strengths in Yang Ming that could convince her.

"I'm a little hungry. Xiao Qing, what about you?" Sun Jie was so exhausted that she couldn't stand it. Seeing that a restaurant was not far away, her stomach suddenly began to protest.

Wasn't Xiao Qing the same? She quickly nodded and said, "I'm also hungry. Let's go eat something."

How could Yang Ming not know the thoughts of these two people? But he didn't say anything. He just followed them to the restaurant.

Because today was Valentine's Day, although the time was already very late, the restaurant was still bustling. When the three went in, a table of guests just left, so they had seats.

Sun Jie ordered a beef rice bowl, Xiao Qing ordered three-silk spaghetti [2], but Yang Ming wasn't very hungry. But after thinking about it, maybe there were more laborious things waiting for him at night, so he ordered a bowl of chicken drumstick rice.

When Sun Jie watched Yang Ming gorging on the chicken drumstick rice, she was very helpless. She thought, *It wasn't easy to drain all his stamina, but now he is going to get it back.*

After Xiao Qing and Sun Jie ate and rested for a while, they felt better. The three left the restaurant, and Yang Ming looked at the time on the phone. "It's not early now. Should we rest?"

Sun Jie's heart trembled. She pretended to be calm and said, "After the meal, we should drink a cup of hot tea. Why are you in a rush?"

"Okay." Yang Ming would do everything they wanted. He thought, *Let's see how long you can drag it out. If I can't take you down tonight, how can I be worthy of Little Yunyun's sacrifice?*

So, the three people found a bar on the side of the road and went in. The atmosphere in the bar was obviously not as good as the restaurant. There were different kinds of men and women who mingled in the underworld. After Yang Ming entered, he couldn't stand the atmosphere.

Although once upon a time, he was one of these people, at this moment, he had climbed to the top of the pyramid. Looking at this life that had been gone for a long time, made him feel distant like it was his previous life.

If there weren't a deep pain in his heart over Su Ya's departure, he would have even forgotten the days of that period.

"Is there a single room?" Yang Ming asked the waiter at the door.

"I'm sorry, sir. Today, the single rooms are full..." said the waiter.

"Oh? There aren't even any reserved rooms?" Yang Ming knew that many bars would reserve a few empty rooms. Just in case if some underworld brothers came, they would be seated there.

"This..." The waiter was hesitant. The size of this bar wasn't small. Obviously, there was a reserved private room! However, he didn't know Yang Ming. Logically, the reserved private rooms were only open to some regular customers and those who had power.

He also worked as a waiter for more than a year in this bar and felt that Yang Ming was very unfamiliar. However, Yang Ming knew that there was a reserved private room in the bar which meant that he knew this place very well. Thus, the waiter hesitated.

In fact, was it because Yang Ming was familiar with this place? It was just that most of the bars in Song Jiang City had such an arrangement.

Chapter 799: The Younger Brother Becomes the Older Brother?

"You wait a moment. I will ask for you." After the waiter hesitated, he felt that he couldn't make the decision, so it was better to consult someone first.

Yang Ming nodded and waved at him.

Of course, for this kind of thing, one didn't need to consult the boss. Usually, one would consult the people in the bar who guarded the place. These people had quite an extensive social network. They knew which kind of person could not be offended.

"Brother Hui, there is a guest who wants an empty private room..." The waiter asked Brother Hui who guarded the place.

"Oh? Who is it?" asked Brother Hui.

"I don't know. I haven't seen him before. It's a fresh face." The waiter said truthfully.

“Take me to see him.” Brother Hui naturally wanted to follow and find out.

Just as he walked to the door, Brother Hui was stunned, and immediately ran over with a smile on his face. “Brother Yang, welcome. I will get someone to prepare a private room!” As he said this, he told the waiter from just now, “Go and open the first room. I will personally bring Brother Yang there!”

The waiter didn’t dare to neglect. They were clear about Brother Hui’s background. It was obviously not simple for someone to be respected by Brother Hui. Fortunately, the waiter hadn’t said anything to offend these people.

“You are...?” Yang Ming didn’t know the person in front of him as he looked suspiciously at the man.

“Brother Yang, I’m Dahui!” Brother Hui quickly introduced himself.

“Dahui?” Yang Ming still couldn’t remember when he had met such a person.

“Yeah, I’m Bi Hai’s – Brother Hai’s original underling!” Dahui said.

” *Oh*

, it turns out to be Bi Hai’s men. You are stationed here now?” Yang Ming didn’t know him. But with such a relationship, Yang Ming nodded to him and asked politely.

“Yeah, I’m now responsible for the security of this bar.” Brother Hui nodded. Since Bi Hai got acquainted with Brother Yang, his position was elevated. Just like a rocket, he became a governor in the blink of an eye.

Although it seemed that both of them were similar, Bi Hai watched over the place at Huashang Wen yuan, and he watched over the bar. But in reality, there was a big difference.

The number of people and the services in Huashang Wen yuan was more extensive, and he heard that Brother Hai had a car to drive! However, Brother Hui was also content. From a little punk, now he had become a big brother, and it was great.

Of course, Bi Hai had also made some recommendations in between.

The work that Brother Hui was actually doing now was to watch over the place, but what was said was justified. He was the security captain from Ming Yang Security Company that was hired by the bar to take care of the bar’s security.

There was a formal contract between the two parties, so it was a legitimate job. In fact, the owners of the bar also liked it this way. Although they watched over the place, they were more legitimate than before, and the discipline of these big brothers was obviously much better than before. They wouldn’t cause any trouble.

“Not bad, work hard. There are opportunities for success. Bi Hai’s position isn’t the end!” Yang Ming encouraged him. “You guys are still young. Many important positions are waiting for you guys in the future.”

“Thank you, Brother Yang! I will work hard!” Brother Hui said excitedly.

When Yang Ming said this, he was a little surprised. When did he become so old-fashioned?

Sun Jie and Xiao Qing were really astonished. Yang Ming said so many inexplicable words. He seemed like an important man.

Brother Hui took them to the first room. The private room was located at the back of the bar, far from the front hall, and the environment was really good.

"Brother Yang, what do you want to drink?" Brother Hui didn't use the waiter, and he personally brought the menu to serve them.

"Bring some hot drinks. I'll leave the others up to you." Yang Ming didn't look at the menu and immediately waved his hand, "This is your territory. You can decide."

"Then I will bring some of our bar's specialties." Brother Hui nodded.

The menus in each bar were not the same, so Yang Ming didn't know what was good here.

"Hey, Yang Ming, I really didn't see it. Your face is quite big, huh?" Sun Jie asked with some surprise after Brother Hui left.

"My face?" Yang Ming shook his head. "It's not as big as yours, Miss Sun's, face in Donghai. Probably if you were in Donghai, the big boss would come out for a toast, right?"

Sun Jie smiled. What Yang Ming said was probably the truth. In Donghai, which bar didn't have people to watch over the place? These people mostly knew them, so it wasn't impossible for the bar owner to give them a toast.

When he finished speaking, there was the sound of knocking on the door, and Yang Ming said, "Please come in." After that, the door was pushed open.

He initially thought it was the waiter bringing things in, but he saw a fat man in his thirties. He smiled like a Maitreya Buddha. When he entered the door, he introduced himself, "I am the owner of this bar. My surname is Zhu. You must be Younger Brother Yang. Welcome! The bill today is on me! Brother Yang, let me give you a toast. Find me at any time if you need anything. You have fun!"

After that, Boss Zhu drank from the small wine cup in his hand and left the private room.

"I say, Yang Ming. Did you just purposely say that before?" Sun Jie looked surprisingly at Yang Ming. *How did the boss come and give him a toast right after he finished talking about the boss giving a toast? It is hard to doubt, but did Yang Ming deliberately do that to boast himself?*

Yang Ming also threw up his hands with a confused expression. "Don't look at me. I don't know him! I don't know why he gave me a toast."

"Really?" Sun Jie apparently didn't believe it. She was doubting whether this was a deliberate play by Yang Ming, or he was intentionally showing his ability in front of her to win her heart.

However, thinking about it, it didn't seem likely. Yang Ming didn't seem to be such a boring person, and today's incident was only accidental. Yang Ming could not anticipate their encounter and arrange this in advance.

What's more. It was Sun Jie's idea to come to the bar and get a hot drink, not Yang Ming's! So, Sun Jie's mind immediately calmed down.

Is this the hidden strength of Yang Ming's identity? What other powerful identity does he have? As Sun Jie thought of this, she decided to investigate Yang Ming.

Boss Zhu just went out, and Brother Hui came back. Together with the waiter, he brought a lot of specialty drinks from the bar and put them on the table. Then he said, "Brother Yang, these hot drinks and wines are all specially made by the bartenders. Each cup has a fabricated number. If you feel that drink is good, just tell the waiter to get it!"

"En, thank you." Yang Ming nodded and then asked, "Your boss, does he know me?"

"Oh ... our boss doesn't know you. I just told him that you are familiar with Brother Bao, so he came to give you a toast," said Brother Hui.

"It turns out to be like this. Okay, I got it." Yang Ming understood why Boss Zhu came to give him a toast. It was because of Bao Sanli.

Brother Hui was discerning. Seeing that Yang Ming didn't talk, he quickly left the private room. When he left, Yang Ming shrugged. "Look. Like I said already. I don't know him."

Sun Jie also shook her head. *It seems that I thought too much. Yang Ming is only familiar with Bao Sanli. That is why Yang Ming's name is powerful in Song Jiang.*

Boss Zhu was a person who was more adept at securing personal gain. Otherwise, he couldn't open such a big bar. He wouldn't let go of any chances to meet important people.

Boss Zhu was bothered that he had no excuse to get close to Bao Sanli, but finally, there was an excuse. Boss Zhu picked up the phone and dialed Bao Sanli's phone number.

"Hello? Who is this?" Bao Sanli just came back from Xintong Town. He saw an unfamiliar number on the phone and picked it up immediately.

"Hello, is this Brother Bao?" Boss Zhu said carefully.

"It is, and you are?" Bao Sanli was now a big manager, and his speech became much more polite.

"I am Little Zhu of the Devil's Bar!" In front of Bao Sanli, how could boss Zhu dare to make a big statement? Although his actual age was older than Bao Sanli's, this thing had nothing to do with age. In many cases, seniority was based on strength.

"Oh, is there something the matter?" asked Bao Sanli.

"Yes, *hehe*. There is a Younger Brother Yang. I heard that he is a friend of Brother Bao. He is in the bar now. I just found out that he is your friend. Today the bar is really busy. If there is anything that isn't right, please forgive me." Boss Zhu seemed to be apologizing in advance, but in fact, he wanted to build a relationship with Bao Sanli.

"Younger Brother Yang?" Bao Sanli was stunned.

" Oh , he is Yang Ming..." Boss Zhu was also shocked. He thought that Brother Hui used Brother Bao's name to swindle and cheat. He thought, *Thankfully I made a phone call, or else, I wouldn't be in the know.*

Bao Sanli's face immediately frowned, and the voice became gloomy. "Brother Yang is at your place?"

The reason why Bao Sanli was angry was that Boss Zhu called Yang Ming as Younger Brother Yang! *I have to call him Brother Yang. What are you, and you can call him Younger Brother Yang? Then you do mean that you are more capable than me? More capable than Brother Yang?*

Boss Zhu listened to Bao Sanli's gratuitous sentence, and he had a heart attack. *This is bad! It seems that Yang Ming wasn't someone who Brother Hui came up with to swindle and cheat but someone who is respected by Brother Bao!*

I actually called him Younger Brother Yang, and Bao Sanli called him Brother Yang. What position did I put myself in?

With Boss Zhu's cleverness, he immediately understood the reason why Bao Sanli was angry. He quickly said, "Brother Bao, I didn't know it's Brother Yang. I'm going to apologize. I'm going to apologize..."

"Serve him well. Otherwise, *hehe* , if you annoyed Brother Yang, no one can protect you. Neither President Hou nor I can!" Bao Sanli warned in a lukewarm tone.

Boss Zhu was scared out of his wits. *Fortunately, my phone call was timely. Otherwise, if Brother Yang really hated me, wouldn't I be finished?*

Chapter 800: This Is so Awkward!

Boss Zhu took a breath and refused to wipe his sweat. He even ran back to the first room. The waiter next to the room was surprised at what happened to the boss but didn't dare to ask.

Only then did Boss Zhu take the time to wipe his sweat and gently knock on the door. He didn't dare to push too hard. It was completely without the atmosphere from before.

"Please come in." Yang Ming said casually, thinking that it was a waiter delivering things.

However, it was still Boss Zhu who came in. Yang Ming was somewhat baffled, not knowing what else he had.

"Brother Yang, I have been too scornful. Please don't let it go to your heart!" Boss Zhu directly bowed once he entered the door, cautious and careful.

"What the hell are you talking about?" Boss Zhu made Yang Ming inexplicable and unintelligible.

"Brother Yang, I know that you're a great character. A gentleman doesn't stoop to pettiness. I... just now I... I didn't really know and called you Little Brother Yang. I'm really..." Boss Zhu stuttered.

Yang Ming was dumbfounded. Looking at Boss Zhu, he didn't really know if he should laugh or cry and said, "Is it just this?"

Boss Zhu nodded, "Brother Bao said that he had to call you Brother Yang. I didn't really recognize the big character..."

Yang Ming waved his hand and interrupted his words. Yang Ming said helplessly, "I don't care about it at all. In terms of age, you're older than me. It is normal to call me little brother. Fine. It is alright. You can go back..."

"Then... then I will just go back." Boss Zhu looked at Yang Ming and saw that he wasn't joking. Only then did he take a long breath and feel at ease.

"You go back first. It's really fine. You think too much..." Yang Ming calmed him.

When Boss Zhu finally left, Yang Ming sighed and looked up. He found that Sun Jie was staring at him. Her eyes seemed as though she wanted to see through him. He couldn't help but smile. "Why are you looking at me?"

"Yang Ming, what exactly do you do?" Sun Jie asked a serious question.

"I? What can I do?" Yang Ming said innocently, "Don't you know everything about me?"

"Why does Bao Sanli call you Brother Yang?" Sun Jie was persistent. This clue was enough to uncover the secret behind Yang Ming.

"Do you really want to know?" Yang Ming looked at Sun Jie lecherously and laughed.

Sun Jie nodded.

Xiao Qing didn't know what the duo was playing. She wasn't from the underworld, nor did she know what kind of power Bao Sanli represented, so she looked at the other two, baffled.

Yang Ming stood up, walked up to Sun Jie's ear and whispered, "Do you want to know? Then I... I will tell you later at night."

Sun Jie listened to Yang Ming's words and became mad. She thought that Yang Ming whispered because he didn't want Xiao Qing who never had contact with underworld to know. However, she didn't expect Yang Ming to say such a thing!

Sun Jie snorted with a " *hmph* " and turned her head around.

Xiao Qing looked at Yang Ming's smirk and Sun Jie's somewhat annoyed look. She knew that Yang Ming definitely didn't say something good. She had to mediate from the middle. "Alright, why do you two seem like enemies? Every word spoken is sharp. It's really unbearable."

"I didn't. I put my words clearly. I just told her..." Yang Ming just wanted to speak, but Sun Jie glared at him fiercely.

"You shut up!" Sun Jie was already ashamed. How could Yang Ming say it again?

Yang Ming smiled and shut his mouth, but still looked at Sun Jie with an ambiguous smile. His expression seemed to say – *If you want to know about me, you have to be obedient!*

However, Sun Jie was really curious! Especially after the scene just now, she was more curious about Yang Ming's life! Sometimes, curiosity can kill a cat, but it can also kill an elephant... but still...

Hence, Sun Jie thought about it. *If worse comes to worst, I will just be obedient one more time. It isn't a big deal. Since we already did it twice, doing it now once more doesn't matter. If worse comes to worst, I will just lay on the bed and not move, close my eyes like a dead fish and let him do what he wants. Presumably, he won't be interested in it next time.*

However, the key issue was Xiao Qing. Sun Jie was very sure about Yang Ming's intention. He wanted to have one on each side! Therefore, Sun Jie couldn't be determined.

It is true that I have a good impression of Yang Ming. Even if I have not yet reached the level of love, this ambiguous feeling is enough. Sun Jie gritted her teeth. She found a glass of wine from the table, picked it up and gulped it down.

Initially, Sun Jie wanted to drink some wine and be brave. If Yang Ming did something ridiculous to her tonight, she could push it to the unconsciousness after drinking. However, as soon as the wine went down her throat, Sun Jie coughed. When she wanted to spit it out, it was already too late. "What kind of wine is this? Why is it so strong?"

Xiao Qing thought it was Sun Jie getting mad at Yang Ming, so she advised, "Little Jie, what are you doing? Why do you drink so much?"

Sun Jie quickly drank a few mouthfuls of lemon juice, and only then did it relieve her situation. Sun Jie opened her mouth and breathed out, showing that it was too spicy.

It might be because of shame, or because of the wine, Sun Jie's complexion had become red and fluttering. Her small mouth that was panting made Yang Ming a little hot. It was similar to the first time Yang Ming met Sun Jie in the bathroom. Thinking about the scene at the time, Yang Ming became a little excited!

Sun Jie's faint scent of alcohol mixed with some fresh lemon flavor rushed to her face, making Yang Ming's heart race faster.

If they weren't in the bar, Yang Ming really wanted to go up. Xiao Qing didn't have Yang Ming's reaction. Seeing Sun Jie being uncomfortable, she asked nervously, "Little Jie, are you okay?"

"This wine is really uncomfortable..." Sun Jie wasn't the kind of girl who had never had a drink, but this wine was too strong. After drinking it, it was like she was on fire.

"Ah, what should I do? Yang Ming, you should quickly go and ask if there is anything that cures a hangover." Xiao Qing was busy informing Yang Ming.

"No need. Help me over to the bathroom. I need to wash my face. I'm too hot..." Sun Jie was sweating with a hot face.

After Xiao Qing listened, she rushed to help Sun Jie. She suddenly saw Yang Ming on the side, and said, "You should help Little Jie. I will ask the waiter what wine this is!"

Sun Jie wasn't heavy, but when there was a man next to her, was there a need for a woman to help? Moreover, Xiao Qing also knew the relationship between Sun Jie and Yang Ming. Knowing that there weren't many things to avoid between them, she let Sun Jie lean on Yang Ming.

The two bulges on the chest were soft in Yang Ming's hand, which made it more difficult for Yang Ming to restrain himself. He sneakily squeezed it gently.

"You're still taking advantage of me?" Sun Jie was too hot and just wanted to wash her face to sober up. Yet Yang Ming took advantage of her. She was too lazy to care, but she still complained.

There was a separate bathroom in the private room, and Yang Ming took Sun Jie there. Sun Jie leaned on the wash basin, turned on the faucet and washed her face.

Yang Ming couldn't help but sigh. It was really a good saying, things can be eaten indiscriminately, but wine can't be simply drunk!

Yang Ming had heard a lot of super-strong blends like "Deep Water Bombs" in the bar. Perhaps, what Sun Jie accidentally drank was similar.

Sun Jie washed for a long time, only to feel a little more relief. However, the tipsiness began to surge into her head. Her gaze became more charming. She raised her head with dripping water droplets on her face. The corner of her mouth tilted up slightly, expressing a different kind of temptation.

Yang Ming took a deep breath and couldn't hold himself anymore. He kissed at Sun Jie's little mouth...

The wine could make one courageous, but at the same time, it was also a sexual stimulant. Sun Jie was a bit hot. When Yang Ming kissed her, her desire immediately ignited. She hugged Yang Ming hastily, and her mouth responded to him...

Although there were some feelings that he was taking advantage, Yang Ming felt that he couldn't use the usual means to deal with women like Sun Jie. Otherwise, he had to wait indefinitely!

"Ah ..." Sun Jie moaned. This was the third time. Every time Yang Ming could give her the ultimate pleasure. Each time was stronger than the previous one! Sun Jie also couldn't clearly say why. Perhaps it was only physiological. But now, there was a psychological part to it.

Yang Ming didn't know if it was such a bad taste now. However, the feeling of being in the bathroom with Sun Jie was indeed a special excitement. This feeling of a love affair made him completely crazy.

Xiao Qing asked the waiter, only to discover that this was the bar's specialty, called "The Boiling Point of Ice." It meant that ice could also reach the boiling point with this wine. No wonder Sun Jie's reaction after finishing it was so strong!

This kind of wine was generally a man's drink. Brother Hui didn't expect Sun Jie to drink it all in. He apologized to Xiao Qing while calling the bartender to prepare a cup of sobering-up tea and handed it to Xiao Qing.

Xiao Qing knew that this thing couldn't be blamed on others, so she didn't bother with him. She quickly returned to the private room with the sobering-up tea. When she saw there was no one in the private room, she knew that Yang Ming and Sun Jie were still in the bathroom.

So Xiao Qing walked to the bathroom while holding the sobering-up tea. She didn't knock on the door and pushed the door open directly!

The scene inside shocked Xiao Qing. As her hand trembled, the sobering-up tea fell to the ground...

Xiao Qing didn't think that Yang Ming and Sun Jie were actually in the bathroom doing that... At this moment, Sun Jie's pants were stripped off entirely on the floor. Her whole person was leaning on the bathroom wall, panting and moaning.

Xiao Qing's face blushed. Although she had done the same thing with Yang Ming, and she wasn't unfamiliar with Sun Jie's body, when they were together, Xiao Qing couldn't wait to find a hole to hide inside!

If she knew that the two had gone to the bathroom to have an affair, Xiao Qing would have never gone in no matter what! She became awkward at the moment. She couldn't just stay there, nor could she just leave!

But standing here, she didn't know what to say. Xiao Qing regretted it. She blamed herself for being too anxious. If she had listened to the situation at the door, she could have detected this abnormality!
