

Sold To Alpha Isaac

Chapter 7A:

“No..” and pushed him hard at once... He staggered back and looked at me more angrily.. I know I did wrong which made me more tense..Immediately I opened the doors and ran down by catching my frock in my hands..

Misty said there are people downstairs, if I can go there I think Mac will not do anything... With that thought I ran towards the staircase as fast as I could.. My leg became heavy with the force I was applying.. but the fear inside me took over the pain as I ran on the staircase..

But before I could go to the ground floor where my father and stepmother were discussing with a few men in the hall, I was caught by Mac again..

“How dare you push me away? Do you think you can escape from me if you are sold to Alpha Isaac? Let me tell you one thing st.. **Once he is done fuing** you he will send you back to us again.. Then no one accepts you except me..”

“Don’t worry Alayana.. I will make sure this jerk doesn’t stand up in case you return.. Even your step mother will fear to touch you..” Sometimes Misty words want me to laugh because I know what she is capable of.. but I am not in a situation to even smile...

I breathed in and out trying to get out of his clutches.. I would rather die than be his keep.. I hate his touch and his vicious attitude which was the same as my stepmother.. Both of them act on the surface keeping their true nature hidden..

He pulled me back by saying those words but in the process my body fell on a flower vase and it fell down with a loud noise.. My leg, which was already bruised, didn't escape cuts. He pressed my back to the flower stand which has a sharp edge.. It touched my already wounded back and started to bleed.. I couldn’t bear the pain so I struggled to get away but he caught my hair and raised his fit to hit me..

I saw him raising hand to hit me and immediately closed my eyes, turning my cheek to the side involuntarily.. But the pain I was expecting didn’t come.. I waited by closing my eyes like a kitten..but it didn’t come.. I wondered what delayed him from beating me....

I opened my eyes slowly while my hands trembled in fear.. But once I opened I was shocked to see a stranger standing in front of me.. catching Mac’s hand in the air..

He was tall and sturdy with his back facing me. I didn't see his face but could see pain on Mac's face which made me feel better..

“Who the hell are you? How dare you catch my hand?” Mac shouted at the stranger.. But he didn’t flinch and gripped his hand tightly.. I could see knuckles bulging out of his hand..

“Ahhh... ” Mac twisted in pain while his wolf quickly submitted knowing the power of his opponent...

I stood behind the stranger when my step mother rushed up to save Mac.. “Mr.Ollie.. Please spare my son.. He didn't know your identity and raised his voice..”

“Mac, This is Mr.Ollie, Beta of Blackash Pack. He is here to take Alayana..” Ollie twisted Mac’s hand till he submitted.. He is here to take me to their pack but didn’t expect such a scene I guess..

Finally Ollie gave an indifferent and warning look to Mac and my parents like ‘How dare he raise hand on Alpha Issac’s woman?’

“Finally.. I saw someone who can save you from these evil people.. Maybe you will be treated better in that pack Alayana” Misty words didn’t comfort me as I felt sad leaving my own pack and my dad.. I looked at my father hoping he would take pity on me and would let me live with them..

Ollie then turned to his warriors and signaled them.. Immediately they rounded Mac and started beating him.

I heard an ear piercing cry when suddenly one of the warriors pressed on Mac’s manhood making him beg for mercy..

An uneasiness crept through my body when I saw the ruthlessness of Beta.. How can I expect anything more from their pack.. Cold sweat ran down my forehead hearing Mac's cries but Beta looked indifferent as if he was not the one who ordered them to punish Mac..

“Wow..Alayana.. Look.. Mr.Ollie is protecting you.. He is so handsome and manly” Misty beamed happily turning from left and right beside Ollie in the air.. I never saw Misty this happy.. I don’t understand why she can't hear Mac’s cries..

"I am nervous Misty.." I said in my mind and looked at her..

"OH common Alayana.. He deserves it.. Don’t take pity on someone who bullied you till now.." she said looking at Mac...

"It's good that Mr.Ollie punished him.. Otherwise I would have made his life much worse.." she sneered. But I can't think like that.. By looking at Mac’s state, I have a feeling that my life in Blackash pack will be worse than here..

“No.. Mr.Ollie.. Please ask them to stop hitting my son...” I came out of trance when I heard my step mother crying loudly. When I looked at her state I felt a little better but it didn’t last long as my father was ignoring everything and asking Mr.Ollie to wire them money soon..

A bitter taste formed on my tongue which made it hard to swallow.. Tears rolled down looking at my stepmother caring for Mac, my father caring only about money and Mr.Ollie’s cruel attitude..

“Alayana.. Tell him that your step brother didn’t do anything to you.. How can you let your brother suffer? We raised you for so many years.. How could you do this to us?” My hand was crushed in her hand while she was cursing and crying..

“Speak out Alayana.. That she is crushing your hand.. Mr.Ollie will punish her as well.. Then she would not dare to do anything to you..” Misty can see all my step mother tricks..

I endured it and looked at Mr.Ollie.. Hoping he would understand my situation..
