

## Sovereign 4211

### Chapter 4211 Resolving the Conflict

As one of the Vice Leaders of the Lone Primordial Spirit Congregation, Lu Tian Feng was deeply aware of how the congregation respected the strong and trampled on the weak. In fact, this was how he was as well. If another vice leader had provoked Duan Ling Tian, he would have taken the lead to capture the other party to appease Duan Ling Tian as well. Alas, there was no changing the fact that he was the one who had offended Duan Ling Tian by annihilating the mundane realm Duan Ling Tian came from and killing those related to him, his family, and his friends.

The high-ranking officials of the Lone Primordial Spirit Congregation had been unaware of Lu Tian Feng's actions until later on. Now that they heard about Duan Ling Tian's progress, they would undoubtedly hand him over to Lu Tian Feng to repair their relationship with Duan Ling Tian.

'I'll definitely die if I don't leave the congregation. I'd be crazy if I continued to stay in the congregation.'

Lu Tian Feng finally sighed in relief after he successfully left the Lone Primordial Spirit Congregation.

'Damn it! I should've killed Duan Ling Tian earlier when I could! It'll be extremely difficult for me to kill him in the future. Because of him, I had to leave the congregation! Not only that, but I'll have to live in seclusion from now on since no supreme-rank force will take me in after this...'

Lu Tian Feng's hatred toward Duan Ling Tian reached its peak at this time. He knew that the various heavyweight and even prime supreme-rank forces would take notice of

Duan Ling Tian after his progress in the Trial of Gods was made known. There would be no lack of forces trying to recruit Duan Ling Tian after this, and there would definitely be a few that would target him to curry favor with Duan Ling Tian.

‘Duan Ling Tian... This is all your fault. You were from the Pure Yang Sect before joining the Myriad Laws Academy. Since there’s nothing I can do to you for now, the Pure Yang Sect will have to pay the price,’ Lu Tian Feng thought to himself as his eyes glinted frostily, ‘I’ll leave the Profound Energy Land after annihilating the Pure Yang Sect. I’ll start over in another Realm of Gods. There has to be a place for me in this vast universe...’

Lu Tian Feng knew he would have to leave the Profound Energy Land once he annihilated the Pure Yang Sect. It would be dangerous for him to stay in the Profound Energy Land. Duan Ling Tian would only be stimulated into making a move once he annihilated the Pure Yang Sect. Most importantly, Duan Ling Tian had the support of Yang Yu Chen. Lu Tian Feng knew he was no match for Yang Yu Chen. Let alone defeating Yang Yu Chen, he was not even sure he could escape from Yang Yu Chen.

‘I’ll leave and never return once I annihilate the Pure Yang Sect. When the dust settles after a few hundred or a thousand years later, I’ll return to deal with the other forces connected to Duan Ling Tian...’

Lu Tian Feng was unexpectedly rational and was right in his decision to leave. After all, he knew one small mistake would lead to his death.

‘Pure Yang Sect...’

Lu Tian Feng’s eyes burned with killing intent as he wasted no time flying toward the Pure Yang Sect.

Before joining the Myriad Laws Academy, Duan Ling Tian was with the Pure Yang Sect, one of the top forces in the Eastern Ridge Mansion. He also had a few close friends in the Pure Yang Sect such as Zhen Ping Fan from the Cloud Peak faction and Ye Cheng from the Hidden Sword faction. However, Ye Cheng was likely no longer in the Pure Yang Sect.

...

In the Myriad Laws Academy.

Many proud prodigies from the various heavyweight supreme-rank forces were escorted back to their respective forces after leaving the Trial of Gods.

To be safe, the Lone Primordial Spirit Congregation had even sent a few intermediate Supreme Gods to escort their prodigies back.

Everyone knew the reason why the Lone Primordial Spirit Congregation was being so cautious.

At this time, a few people from the Rainbow Phoenix Pavilion were discussing the matter among themselves.

A beautiful woman, an intermediate Supreme God, said with a sigh, “Duan Ling Tian was already famous in the past, but his fame will reach unprecedented heights now. There’ll be very few people in the Profound Energy Land who don’t know his name after today...”

Tuo Ba Xiu and Zhang Tian Jiao were among the people standing near the beautiful intermediate Supreme Gods.

Tuo Ba Xiu made progress in the Trial of Gods but she failed to make a breakthrough.

On the contrary, Zhang Tian Jiao successfully broke through in the Trial of Gods and became an advanced Emperor of Gods. However, she was still far from completely stabilizing her cultivation base.

Zhang Tian Jiao nodded and said with a sigh, “That’s right. Three years ago, he was just an advanced Lord of Gods. His cultivation base was two levels below mine. Although many people said his strength was comparable to an intermediate Emperor of Gods at that time, I didn’t think he was a match for me. However, only three years have passed, and his cultivation base has already surpassed mine. Based on his previous performance, it’s likely that he’s capable of killing ordinary rudimentary Supreme Gods now.”

Zhang Tian Jiao continued to say with a bitter smile on her face, “In the past, I thought there was a chance for me and him to be together, but it seems like he’s way out of my league now...”

Tuo Ba Xiu did not say a word at all. However, a hint of gloominess could be seen in the depths of her eyes. She only felt despair when she thought about the insurmountable gap between her and Duan Ling Tian.

At this time, the beautiful intermediate Supreme God said before bringing Zhang Tian Jiao, Tuo Ba Xiu, and the others away, “Alright, let’s go.”

At the same time, the other intermediate Supreme Gods from the other heavyweight supreme-rank forces brought their disciples away as well.

However, unlike the others, the intermediate Supreme Gods from the Lone Primordial Spirit Congregation did not seem like they were in a hurry to leave the Myriad Laws Academy.

Meng Yu, one of the strongest Holy Sons of the Lone Primordial Spirit Congregation, frowned slightly as he asked, “Senior granduncle, aren’t we going to leave as well?”

Meng Yu wanted to leave the Myriad Laws Academy as soon as possible. He felt threatened by Duan Ling Tian and Lang Chun Yuan, the two monsters. Moreover, the two monsters also had Yang Yu Chen, who was also not a simple person.

In the past, Duan Ling Tian had killed Wang Yun Sheng, another Holy Son of the Lone Primordial Spirit Congregation. At that time, Meng Yu did not think that Duan Ling Tian, whose cultivation base was two levels below his, was capable of killing him. However, Duan Ling Tian’s cultivation base was above his after coming out of the Trial of Gods. Before entering the Trial of Gods, Meng Yu was an intermediate Emperor of Gods. He managed to break through and become an advanced Emperor of Gods, but he failed to stabilize his cultivation base during the three years he spent in the Trial of Gods. He naturally was no match for Duan Ling Tian who not only became an advanced Emperor of Gods but also stabilized his cultivation base.

The intermediate Supreme God replied to Meng Yu, “Vice Leader Li has some matters to attend to. We’ll leave when he returns.”

...

At the same time, Li Dong Hui, one of the Vice Leaders of the Lone Primordial Spirit Congregation who was a powerful intermediate Supreme God, appeared at Su Bi Lie's residence.

"Greetings, Academy Master Su," Li Dong Hui said respectfully with a bow.

Su Bi Lie was not just the Academy Master of the Myriad Laws Academy, after all. He was also a powerful advanced Supreme God. Even the Leader of the Lone Primordial Spirit Congregation, who was also an advanced Supreme God, was not confident about defeating Su Bi Lie.

"What brings you here?" Su Bi Lie asked, looking slightly annoyed.

Li Dong Hui could naturally tell that Su Bi Lie was annoyed, but he did not show any displeasure or dissatisfaction. He said, "Academy Master Su, I came for Vice Academy Master Yang's junior brother, Duan Ling Tian. I wonder if it's convenient for me to meet him?"

Su Bi Lie raised an eyebrow and asked, "You want to meet Duan Ling Tian? Are you still determined to avenge Wang Yun Sheng?"

Li Dong Hui quickly shook his head before he said with a wry smile, "Academy Master Su, you misunderstood me. I'm not here to avenge anyone or stir up trouble. On the contrary, I came here hoping to resolve the conflict between Duan Ling Tian and the Lone Primordial Spirit Congregation."

"You came to resolve the conflict?" Su Bi Lie laughed. When his laughter subsided, he said with a scoff, "You know best about what your congregation did in the past. Now

that you realize how high Duan Ling Tian will soar in the future, you want to resolve the conflict? How preposterous!”

Su Bi Lie had been furious when a few teachers of the Myriad Laws Academy attacked Duan Ling Tian. He knew the teachers were driven into a corner by the Lone Primordial Spirit Congregation, but there was nothing he could do since he had no evidence. How could he not be furious?

Li Dong Hui hastily said, “Academy Master, our Lone Primordial Spirit Congregation has nothing to do with the attacks targeted at Duan Ling Tian in the past! They were all former Vice Leader Lu’s doings!”

“Hmm? Former vice leader?” Su Bi Lie cocked an eyebrow.

“Academy Master Su, before I came to the academy, the congregation had already decided to punish Lu Tian Feng. If he did not leave, he should’ve been imprisoned by the congregation now. I hope you’ll allow me to meet Duan Ling Tian so I can explain this matter to him to resolve the misunderstanding. Although there was no direct conflict between Duan Ling Tian and the congregation, Lu Tian Feng was a member of the congregation. As such, the congregation plans to compensate Duan Ling Tian,” Li Dong Hui patiently said.

Su Bi Lie naturally knew the Lone Primordial Spirit Congregation wanted to give Duan Ling Tian some benefits to resolve the conflict between them. After a moment, he said nonchalantly, “I can’t decide for Duan Ling Tian, but I’ll contact Vice Academy Master Yang and tell him to ask if Duan Ling Tian is willing to meet you.”

“Thank you, Academy Master Su,” Li Dong Hui said.

...

“The Lone Primordial Spirit Congregation came to make amends?”

Duan Ling Tian was slightly surprised when he heard from Yang Yu Chen that the Lone Primordial Spirit Congregation came to resolve the conflict with him. When he recovered, he sneered and muttered, “Lone Primordial Spirit Congregation, don’t think I don’t know what you’re trying to do!”

Chapter 4212 A Disaster Strikes the Pure Yang Sect

As one of the heavyweight supreme-rank forces in the Profound Energy Land with the protection of advanced Supreme Gods, under normal circumstances, the Lone Primordial Spirit Congregation would not have made such a concession for an advanced Emperor of Gods even if said advanced Emperor of Gods possessed the strength to kill ordinary rudimentary Supreme Gods. However, Duan Ling Tian was an exception. After all, not only was Duan Ling Tian a heaven-defying prodigy, but he also had the protection of a powerful force.

Duan Ling Tian knew the Lone Primordial Spirit Congregation was eager to resolve the conflict with him not only because of his exaggerated talent and potential but mostly because of the Myriad Laws Academy’s protection. Without any protection, the Lone Primordial Spirit Congregation could still try to kill before he reached his potential. However, with the protection of the academy, he would be able to reach his full potential.

With this, the Lone Primordial Spirit Congregation naturally felt even more threatened when thought about what an advanced Emperor of Gods below the age of 1,000, who possessed a prominent divine artifact soul with a complete artifact soul, comprehended the Four Daos of Heaven and Earth, and was capable of killing ordinary rudimentary Supreme Gods, could do once he reached his full potential.

“I’m not interested in meeting him,” Duan Ling Tian said.

Yang Yu Chen smiled and said, “Junior brother, I suggest that you meet him and make some demands. If the Lone Primordial Spirit Congregation agrees to meet your demands, there’s no harm in resolving the conflict. Needless to say, if they can’t meet your demands, there’s no need to resolve the conflict.”

Duan Ling Tian frowned slightly. His expression turned solemn when he heard Yang Yu Chen’s words, which reminded him that he had been impetuous.

“When you meet with the Vice Leader of the Lone Primordial Spirit Congregation, you should demand that they hand Lu Tian Feng over to you. I’m not familiar with Lu Tian Feng, but I’ve heard that he’s very vindictive. He likely blames you for his fall in the congregation and will target you even more. However, it’s impossible for him to do anything to you since you’re in the Myriad Laws Academy. As such, he can only target the people or forces connected to you. A person like him should be eliminated as soon as possible to avoid future trouble.”

Duan Ling Tian’s expression changed drastically upon hearing Yang Yu Chen’s words.

‘The Pure Yang Sect!’

Apart from the Pure Yang Sect, Duan Ling Tian also thought about the various forces he had connections like the Linghu clan and the Flying Dragon Sect. He was not concerned about Lu Tian Feng causing trouble in the lower realms. After all, as a native of a Realm of Gods, Lu Tian Feng’s strength would be restricted if he descended to the lower realms, and Duan Ling Tian’s doppelgangers were more than strong enough to deal with Lu Tian Feng. On the contrary, he was worried about the safety of the forces in the Profound Energy Land that he had connections with. Although he was not particularly attached to those forces, he had people, with whom he was close with, in those forces. He felt chills running up his spine when he thought of those people being harmed because of him.

Yang Yu Chen noticed the change in Duan Ling Tian's expression and said with a smile, "Rest assured. I've sent three of my doppelgangers to the Pure Yang Sect, the Flying Dragon Sect, and the Linghu clan respectively. If Lu Tian Feng goes to either one of those forces, it won't be easy for him to annihilate them even if my doppelgangers can't stop him. The reason I asked you to demand the congregation to hand Lu Tian Feng over is to pressure the congregation into helping me stop him. If I were there in person, it wouldn't be a problem for me to stop him completely. However, my doppelgangers can only stop him from attacking those forces."

Duan Ling Tian sighed in relief upon hearing Yang Yu Chen's words. At the same time, he was also surprised that Yang Yu Chen's doppelgangers alone were enough to stop Lu Tian Feng from attacking the forces. This meant that Yang Yu Chen's comprehension of the laws, which formed his doppelgangers, was very profound; the other two laws Yang Yu Chen comprehended were almost on par with his main law.

When Duan Ling Tian recalled his time in the Trial of Gods and how he had raised his comprehension of the other laws he comprehended, he realized it was only natural that Yang Yu Chen's comprehension of the laws was so profound.

Duan Ling Tian's comprehension of the five elemental laws had progressed tremendously during his time in the Trial of Gods and had surpassed his comprehension of the law of time and the law of life, which were two of his strongest laws after the law of space. The rewards in the Trial of Gods not only raised his cultivation base, but they also raised his comprehension level of the five elemental laws. Currently, after the law of space, his strongest laws were the law of fire, the law of earth; which he comprehended first, and the remaining elemental laws.

"Very well, I'll meet him."

Duan Ling Tian decided to meet Li Dong Hui, one of the Vice Leaders of the Lone Primordial Spirit Congregation, after listening to Yang Yu Chen's words.

...

“Greetings, Brother Duan. I’m Li Dong Hui,” Li Dong Hui, the prestigious Vice Leader of the Lone Primordial Spirit Congregation, said respectfully.

Duan Ling Tian sighed inwardly, thinking that not everyone in the Lone Primordial Spirit Congregation was impulsive like Lu Tian Feng.

Su Bi Lie insisted that he was present while Duan Ling Tian met Li Dong Hui to ensure Duan Ling Tian’s safety. Duan Ling Tian’s safety had grown even more important after Duan Ling Tian displayed his heaven-defying talent and abilities. If something happened to Duan Ling Tian, it would be difficult to explain to the strongest member of the Inner Palace faction, which was Duan Ling Tian’s Eldest Senior Sister. At that time, the Myriad Laws Academy might not be able to bear the brunt of Duan Ling Tian’s Eldest Senior Sister’s anger. After all, no one in the academy, including Su Bi Lie, was capable of subduing her. The Myriad Laws Academy would only be safe from her wrath if a supreme powerhouse decided to intervene. Moreover, he suspected that Duan Ling Tian’s Eldest Senior Sister might have the protection of a supreme powerhouse as well.

Duan Ling Tian looked at Li Dong Hui and said casually, “My Third Senior Brother has informed me about the purpose of your visit. It’s not impossible for us to resolve our conflict...”

Li Dong Hui’s eyes lit up immediately as he asked, “Brother Duan, may I know what your requests are? Our leader has told me to fulfill your requests as long as they’re within our capabilities.”

“We’ll speak about my other requests after you fulfill my first request,” Duan Ling Tian said as he stared at Li Dong Hui, “Since you said Lu Tian Feng is the culprit, hand him over to me before we discuss anything else. There’s no reason to continue the discussion if you can’t fulfill this request, let alone resolve the conflict.”

Duan Ling Tian turned away and left after he finished speaking. He did not wait for Li Dong Hui’s reply at all.

Li Dong Hui’s expression changed slightly upon hearing Duan Ling Tian’s words. Then, he shook his head and said to Su Bi Lie, “Academy Master Su, I’ll take my leave first. Please inform Duan Ling Tian that the Lone Primordial Spirit Congregation will do its best to capture Lu Tian Feng.”

After Li Dong Hui left the Myriad Laws Academy, Su Bi Lie relayed Li Dong Hui’s words to Yang Yu Chen so Yang Yu Chen could relay them to Duan Ling Tian.

...

“Third Senior Brother, I didn’t say anything about the possibility of Lu Tian Feng attacking the Pure Yang Sect, the Flying Dragon Sect, or the Linghu clan. Do you think they’d be able to figure this out themselves?” Duan Ling Tian asked with a frown.

Yang Yu Chen shook his head and smiled before he said, “Junior brother, you underestimate the Lone Primordial Spirit Congregation. Lu Tian Feng used to be a vice leader of the congregation. Do you think the members of the congregation are unaware of his temperament? Rest assured. The congregation will definitely send people to the three forces.”

Duan Ling Tian felt at ease after listening to Yang Yu Chen. At the same time, killing intent flashed in his eyes. He was determined to get rid of Lu Tian Feng for good.

...

In the Lone Primordial Spirit Congregation.

Before the group of people who went to the Myriad Laws Academy returned, the Leader of the Lone Primordial Spirit Congregation summoned a group of intermediate Supreme Gods to give them a task.

Soon after, the intermediate Supreme Gods separated into two groups and made their way to the Pure Yang Sect and the Linghu clan respectively.

As for the intermediate Supreme Gods who were on the way back to the Lone Primordial Spirit Congregation, they received a sudden order to go to the Flying Dragon Sect.

All three groups of intermediate Supreme Gods were also ordered to capture Lu Tian Feng. If they managed to kill him, his corpse was to be brought back to the Lone Primordial Spirit Congregation.

After relaying his orders, the Leader of the Lone Primordial Spirit Congregation flew into the sky and stared into the distance as he muttered, "I hope everything goes smoothly. Otherwise, I'll have to think of a way to get rid of Duan Ling Tian. It won't be easy to kill a heaven-defying monster like him who seems to be favored by the heavens."

It was unbelievable that the Leader of the Lone Primordial Spirit Congregation, a powerful advanced Supreme God, would fear an advanced Emperor of Gods so much. It was as though he was dealing with another advanced Supreme God.

...

At this time, Lu Tian Feng finally arrived at the Eastern Ridge Mansion. He was somewhere near the Pure Yang Sect.

“Pure Yang Sect... The sect that only had an advanced Emperor of Gods recently... I’ll annihilate it in an hour...”

Killing intent shone in Lu Tian Feng’s eyes as he flew toward the Pure Yang Sect. As soon as he arrived, he mobilized his Divine Energy and attacked the Pure Yang Sect’s Guarding Formation. He destroyed the Formation in just an instant.

Boom! Boom! Boom!

The entire Pure Yang Sect’s estate shook violently, heralding a disaster.

Chapter 4213 A Sudden Change in Plan

The Pure Yang Sect’s estate shook fiercely.

Soon enough, the powerhouses of the Pure Yang Sect flew into the sky.

“Who destroyed our sect’s Guarding Formation?”

“My lord, may I ask who you are? Is there enmity between you and our sect?”

“My lord, you’re a Supreme Powerhouse. How could our sect have offended you?”

These powerhouses were the leaders of the various factions in the Pure Yang Sect, including Zhen Yun Feng from the Cloud Peak faction. The Sect Leader of the Pure Yang Sect was also present. They were all panicking when they found out a Supreme God had destroyed the Pure Yang Sect’s Guarding Formation.

Lu Tian Feng smiled contemptuously as he said, “How dare you call yourself a supreme-rank force. I managed to destroy your sect’s Guarding Formation with just one strike. How preposterous!”

As soon as Lu Tian Feng finished speaking, he launched another terrifying attack at the Pure Yang Sect’s estate.

Boom!

The attack was stronger than the previous one. Clearly, Lu Tian Feng intended to kill all the members of the Pure Yang Sect. However, he was stunned by what happened next.

A barrier suddenly appeared, protecting the members from Lu Tian Feng's attack. The barrier shook briefly after deflecting his attack, but it remained intact. This barrier was from the Pure Yang Sect's Inner Guarding Formation. The Pure Yang Sect's Guarding Formation consisted of the Outer Formation and the Inner Formation. The Outer Formation only needed a small number of resources to power it and was strong enough to stop those below the realm of a Supreme God. On the contrary, the Inner Formation, which was powered by a high number of resources, was naturally stronger and could stop Supreme Gods. The Inner Formation could completely stop the attack of a rudimentary Supreme God without the risk of collapsing, but it could only hold off the attacks of an intermediate Supreme God before it weakened. Nonetheless, it could help the Pure Yang Sect stall for time while it called for reinforcements from Supreme Gods they were allied with.

"A double Formation?" Lu Tian Feng said with a scoff. Then, he launched another round of attacks. However, he found that he barely left a scratch on the barrier.

'Damn it! I didn't expect that a sect that didn't even have an advanced Emperor of Gods until recently would have such a powerful Guarding Formation,' Lu Tian Feng cursed inwardly. It did not make sense to him that such a weak sect actually possessed such a powerful Guarding Formation.

"My lord, who are you?"

"How did the Pure Yang Sect offend you, my lord?"

The expressions of the intermediate Emperors of Gods from the Pure Yang Sect, including its sect leader, were dark at this moment.

Previously, Duan Ling Tian had won them many places to enter the Secret Holy Realm during the Seven Mansions Feast. However, the Secret Holy Realm had yet to open, hence, the sect's intermediate Emperors of Gods still had not been given a chance to become advanced Emperors of Gods. Nonetheless, despite being intermediate

Emperors of Gods, none of them showed cowardice at this moment, and none of them yielded when faced with a formidable opponent. After all, Lu Tian Feng was clearly in the wrong.

“You should ask Duan Ling Tian these questions,” Lu Tian Feng said with a scoff. Then, he began to attack the Guarding Formation again as he said, “It doesn’t matter if you’ve called for reinforcements. I’m going to attack your Guarding Formation and let your sect suffer greatly. This Inner Formation must need a huge number of resources to activate and run, right?”

Lu Tian Feng struck the Formation continuously to vent his anger.

Lu Tian Feng assumed that he would be able to easily annihilate the Pure Yang Sect. He really did not expect the Pure Yang Sect’s Guarding Formation would hold up so long. He knew that the Pure Yang Sect must have informed Duan Ling Tian about this matter and called for reinforcements as well.

‘I should’ve gone to the Flying Dragon Sect or the Linghu clan first!’ Lu Tian Feng thought to himself as he gritted his teeth. He truly regretted his choice of coming to the Pure Yang Sect first.

Previously, Lu Tian Feng had investigated Duan Ling Tian thoroughly. As such, he knew that Duan Ling Tian was in the Flying Dragon Sect and the Linghu clan before he joined the Pure Yang Sect. He had chosen the Pure Yang Sect as his first target since Duan Ling Tian had only left the Pure Yang Sect not too long ago. In his opinion, Duan Ling Tian would be sadder if the Pure Yang Sect was annihilated. Who knew that the Pure Yang Sect was no pushover?

Lu Tian Feng found it unbelievable that the Pure Yang Sect, which had fewer than ten Supreme Gods since its inception, possessed such a powerful Guarding Formation. Moreover, among the Supreme Gods in the Pure Yang Sect, there were no intermediate Supreme Gods, let alone an advanced Supreme God.

‘Wait... There’s the founder of the Pure Yang Sect. He must have something to do with the Formation. He’s always been rather mysterious...’

Lu Tian felt helpless and dispirited at this moment. He knew he had messed up his only chance of revenge. The moment he made a move on the Pure Yang Sect, he had no doubt that Duan Ling Tian would be quickly alerted, and reinforcements would be on their way. Nonetheless, he continued to attack the Formation relentlessly, intending to exhaust its power source and vent his anger at the same time.

At this time...

“Duan Ling Tian’s enemy?”

Zhen Ping Fan flew over and landed next to his father, Zhen Yun Feng. His expression was dark as he watched Lu Tian Feng continuously strike the Pure Yang Sect’s Guarding Formation.

Zhen Ping Fan said icily, “Trash! A mighty Supreme God like you is venting your anger on the Pure Yang Sect just because you can’t deal with Duan Ling Tian. Aren’t you worried you’ll develop a Heart Demon that will cause you to perish during your next Heavenly Tribulation?”

Lu Tian Feng’s expression changed upon hearing Zhen Ping Fan’s words, which exposed his intention of venting his anger on the Pure Yang Sect because he was unable to deal with Duan Ling Tian. His shame and humiliation from Zhen Ping Fan’s words stoked the flames of his anger even more.

“Brat!” Lu Tian Feng glared at Zhen Ping Fan as he attacked the Guarding Formation and said, “How dare you call me trash! Do you have the guts to fight me? If you’re able to survive a strike from me, I’ll let the Pure Yang Sect go. What do you think? Do you dare?”

A disdainful smile appeared on Lu Tian Feng’s face after he finished speaking.

Zhen Ping Fan ignored Lu Tian Feng. Instead, he turned to his father and the others before he said, “Father, senior brother, I just contacted Duan Ling Tian. This man is Lu Tian Feng, the former Vice Leader of the Lone Primordial Spirit Congregation. He’s been expelled from the congregation, and the congregation met with Duan Ling Tian recently to make amends. He’s not capable of dealing with Duan Ling Tian so he’s targeting us to get to Duan Ling Tian. He’s nothing but a useless coward. He won’t be able to stay for long. Duan Ling Tian has requested the congregation to capture him. The people from the congregation should be arriving soon.”

In fact, Zhen Ping Fan had made up his final sentence.

...

Meanwhile, Yang Yu Chen’s doppelganger, who was hiding in a corner in the Pure Yang Sect, frowned slightly upon hearing Zhen Ping Fan’s words. He sighed and asked Duan Ling Tian through Voice Transmission, “Junior brother, did you tell Zhen Ping Fan that the Lone Primordial Spirit Congregation’s members are about to arrive at the Pure Yang Sect?”

Duan Ling Tian was stunned. Then, he shook his head and replied, “No, I didn’t. I only told him that the congregation promised to take care of Lu Tian Feng so that he wouldn’t worry.”

“He must have added it on his own to scare Lu Tian Feng away,” Yang Yu Chen said with a sigh, “If Lu Tian Feng is frightened into leaving now, it’ll be difficult for us to kill him.”

“What happened?” Duan Ling Tian frowned slightly.

Yang Yu Chen briefly explained the situation to Duan Ling Tian.

After listening to Yang Yu Chen, Duan Ling Tian said with a wry smile, “I should have reminded Elder Zhen not to scare Lu Tian Feng away. I hope Lu Tian Feng isn’t frightened by those words.”

Yang Yu Chen shook his head. “From what I can see, Lu Tian Feng believed him.”

Duan Ling Tian felt slightly helpless as he hastily sent a message to Zhen Ping Fan, telling Zhen Ping Fan to act as though he was lying to make Lu Tian Feng stay and lower his guard.

A hint of regret flashed in Zhen Ping Fan’s eyes when he received Duan Ling Tian’s message, realizing that he had made a mistake. He also learned that Yang Yu Chen was waiting for the members of the Lone Primordial Spirit Congregation to arrive so they could work together to capture Lu Tian Feng. If Lu Tian Feng left before the members of the congregation arrived, Yang Yu Chen’s doppelganger alone would not be able to stop Lu Tian Feng from leaving.

“Elder Zhen, you must find a way to make Lu Tian Feng stay! If we don’t kill him this time, it’ll be difficult to find a chance to kill him in the future.”

After listening to Duan Ling Tian's message, Zhen Ping Fan tried his best to calm down. Then, he quickly acted uneasy and nervous as though he had been lying. However, he soon discovered that Lu Tian Feng seemed to be distracted while striking the Guarding Formation. Lu Tian Feng was not paying attention to him at all. He wondered inwardly, 'Is he really frightened by my words?'

Chapter 4214 Yang Yu Chen Want to Shirk His Responsibilities

Zhen Ping Fan felt like crying. He truly regretted frightening Lu Tian Feng. Although Lu Tian Feng was continuously striking the Pure Yang Sect's Guarding Formation, Lu Tian Feng was obviously distracted.

"You scum!" Zhen Ping Fan hastily said as he looked at Lu Tian Feng contemptuously, "The Lone Primordial Spirit Congregation made the right choice by expelling you. Trash like you isn't worthy of being a vice leader of the congregation! If you have the ability, destroy our sect's Guarding Formation and kill me, trash!"

Zhen Ping Fan spared no efforts trying to provoke Lu Tian Feng and stall for time.

Lu Tian Feng looked at Zhen Ping Fang and sneered disdainfully before he said, "Brat, you do think I'm a three-year-old child? Your pitiful tactic won't work on me! I'll spare your life for now, but mark my words, I'll definitely kill you in the future."

As soon as Lu Tian Feng finished speaking, he stopped attacking the Pure Yang Sect's Guarding Formation. Then, he looked at the members of the Pure Yang Sect and said with a sneer, "Tell Duan Ling Tian that I'll be leaving the Profound Energy Land. He can protect all of you temporarily but not forever! I, Lu Tian Feng, will return one day and kill all of you!" Then, he turned to look at Zhen Ping Fan before he continued to say, "Brat, you better take good care of yourself until I return to fulfill your death wish!"

Seeing that Lu Tian Feng was about to leave, Zhen Ping Fan hurriedly said, trying to provoke Lu Tian Feng again, “Scum, if you want to kill me, kill me right now! I’m afraid you won’t get the chance once Duan Ling Tian becomes stronger. At that time, he’ll be able to kill you with just a finger.”

Alas, Zhen Ping Fan failed to provoke Lu Tian Feng. Lu Tian Feng ignored Zhen Ping Fan. He mobilized his Divine Energy and rose into the sky, preparing to leave. Then, he looked at Zhen Ping Fan and said, “Brat, enjoy the remaining time you have left. I’ll remember you.”

Before Zhen Ping Fan could respond, Lu Tian Feng flew away like a gust of wind.

Zhen Ping Fan could only watch helplessly with a dark expression on his face when suddenly...

Swoosh!

A streak of fire suddenly descended from the sky, blocking Lu Tian Feng’s path. He was forced to come to a stop at the critical moment. His expression changed slightly as he wondered inwardly, ‘Who is it? Is it someone from the congregation?’

In the next moment, a young man dressed in a fiery red robe appeared a few feet away from Lu Tian Feng and stared at Lu Tian Feng expressionlessly.

At this time, a few members of the Pure Yang Sect exclaimed in unison, “It’s Vice Academy Master Yang!”

Yang Yu Chen, the Vice Academy Master of the Myriad Laws Academy, had personally come to the Pure Yang Sect in the past to recruit Duan Ling Tian. As such, a few members of the Pure Yang Sect recognized him immediately.

The eyes of Liu Feng Gu, the leader of the Tyrannic Saber faction, lit up as he said, “Vice Academy Master Yang is here! Lu Tian Feng won’t be able to escape now!”

Although Yang Yu Chen and Lu Tian Feng were both intermediate Supreme Gods, it was said that Yang Yu Chen was among the strongest intermediate Supreme Gods. There were even rumors that weak advanced Supreme Gods were no match for him.

While the other members of the Pure Yang Sect looked at Yang Yu Chen with bright eyes, Zhen Ping Fan smiled wryly and said, “Senior uncle, that’s Vice Academy Yang’s doppelganger. Moreover, it’s not his strongest doppelganger.”

At the same time, Lu Tian Feng was anxious to leave. He had no wish to engage in a fight with Yang Yu Chen at this time. He said with a sneer, “Yang Yu Chen, your doppelganger can’t stop me from leaving!”

Yang Yu Chen smiled faintly and said, “Lu Tian Feng, you’re right; this is my doppelganger. It’s my doppelganger from the law of fire, and it’s not even my strongest doppelganger. Even so, you’re still afraid to fight me?”

Lu Tian Feng scoffed and said frostily, “Yang Yu Chen, I won’t fall for your trick! You’re just trying to stall for time until the members of the congregation arrive, right? You can’t stop me!”

Lu Tian Feng was not stupid, after all. After listening to Zhen Ping Fan’s earlier words, he knew that the Lone Primordial Spirit Congregation must be trying to capture him to

amends with Duan Ling Tian. The members of the congregation knew him very well, and it would not be difficult for them to guess that he would seek revenge after leaving the congregation. He really had to thank Zhen Ping Fan for the reminder. Otherwise, it would be too late to escape once the members of the congregation arrived. However, he did not expect Yang Yu Chen would suddenly show up to stop him from leaving.

Clearly, Yang Yu Chen had also anticipated that Lu Tian Feng would seek revenge from Duan Ling Tian. He speculated that Yang Yu Chen had sent his other doppelgangers to the Flying Dragon Sect and the Linghu clan as well.

Although Yang Yu Chen's doppelganger from the law of fire was not Yang Yu Chen's strongest doppelganger, he did not dare to underestimate the doppelganger at all. However, he was still shocked by Yang Yu Chen's doppelganger when it made a move. He exclaimed inwardly, 'Yang Yu Chen is truly a monster! His doppelganger from the law of fire is so powerful! An ordinary intermediate Supreme God definitely won't be a match for his doppelganger from the law of fire!'

Lu Tian Feng fled his life desperately. Yang Yu Chen's doppelganger chased after him for a while before he finally managed to shake it off his tail.

After escaping from Yang Yu Chen's doppelganger, Lu Tian Feng muttered under his breath, "I have to enter the Realm Battlefield and leave the Profound Energy Land at once!"

Lu Tian Feng had long prepared to escape to another Realm of Gods through the Realm Battlefield. With his strength, it would not be difficult for him to do so.

...

Yang Yu Chen looked at Duan Ling Tian and said with a sigh, “He escaped. Lu Tian Feng is quite strong. My doppelganger isn’t strong enough to stop him from escaping. What a pity.”

Yang Yu Chen’s doppelganger from the law of fire could only protect the Pure Yang Sect from harm; it was not fast enough to stop Lu Tian Feng from escaping.

“Indeed, it’s a pity,” Duan Ling Tian echoed Yang Yu Chen’s sentiment with a sigh. At the same time, he comforted Zhen Ping Fan who apologized to him.

“Elder Zhen, don’t worry about it. He’s nothing but a desperate and pitiful man now. When the time is right, I’ll find him and kill him!” Duan Ling Tian said. Despite his reassuring words, he was, in fact, slightly worried. After all, it would not be easy to hunt down an intermediate Supreme God intent on hiding. Who knew when Lu Tian Feng would return to seek revenge? He could not possibly ask Yang Yu Chen to leave his doppelgangers in the Pure Yang Sect, the Flying Dragon Sect, and the Linghu clan for protection.

Duan Ling Tian thought to himself, trying to reassure himself, ‘Lu Tian Feng won’t be returning anytime soon... After all, he’ll likely think that I’ve arranged for powerhouses to guard those three forces. It’ll take some time before he returns to seek revenge. I’ll have to arrange for a few intermediate Supreme Gods to guard the three forces at that time...’

Duan Ling Tian knew that if he asked Yang Yu Chen for help, Yang Yu Chen would definitely not refuse him. However, he did not want to trouble Yang Yu Chen any more than he had to. Yang Yu Chen had already helped him a lot, and he felt greatly indebted to Yang Yu Chen as it was.

At this time, Yang Yu Chen said, “Junior brother, I’ll leave my three doppelgangers at the Pure Yang Sect, the Flying Dragon Sect, and the Linghu clan respectively until I enter the Realm Battlefield.”

Duan Ling Tian was moved by Yang Yu Chen's words, but he was more shocked that just like him, Yang Yu Chen planned to enter the Realm Battlefield. He asked curiously, "Third Senior Brother, you plan to enter the Realm Battlefield? What's going to happen to the Inner Palace faction after you leave?"

The Inner Palace had to have a person in charge at all times. After all, who knew if disaster would strike? In the past, Yang Yu Chen could enter the Realm Battlefield without care because his Second Senior Brother was around. However, after his Second Senior Brother left, he, who became a Supreme God, took over the responsibility and stayed in the faction to guard it.

At this time, Duan Ling Tian suddenly remembered that only a Supreme God could be in charge of the Inner Palace faction. Then, he quickly asked, "Third Senior Brother, are you... are you really going to hand the Inner Palace faction over to Fourth Senior Sister?"

"Yes. Why not?" Yang Yu Chen said with a faint smile, not surprised that Duan Ling Tian managed to guess his intention, "Fourth Junior Sister is a Supreme God now. It's time for her to shoulder the responsibility. After enjoying the benefits from the faction, it's only natural to contribute to the faction as well."

Yang Yu Chen's words sounded righteous, but Duan Ling Tian knew Yang Yu Chen was eager to shirk his responsibilities. In the past, their Eldest Senior Sister had also shirked her responsibilities and pushed everything to their Second Senior Brother. He had heard about this from Yang Yu Chen.

After a moment, Duan Ling Tian asked with a wry smile, "Third Senior Brother, is it really okay?"

Duan Ling Tian could not help but wonder if Yang Yu Chen was worried that Lang Chun Yuan would abuse her position as the leader of the Inner Palace faction and wreak havoc in the Myriad Laws Academy.

“I believe in Fourth Junior Sister,” Yang Yu Chen replied with a smile. Then, he looked at Duan Ling Tian before he continued to say, “Junior brother, what are your plans after this? I suggest that you enter the Realm Battlefield to gain experience. The Realm Battlefield is quite similar to the Trial of Gods, but it’s a much tougher and crueler place.”

Chapter 4215 Entering the Realm Battlefield Again

“In the past, I entered the realm of a Supreme God after entering the Realm Battlefield. It’s the same for our Eldest Senior Sister and Second Senior Brother as well,” Yang Yu Chen said, “Fourth Junior Sister also broke through in the Trial of Gods, which is quite similar to the Realm Battlefield. It’s not easy to enter the realm of a Supreme God. If you want to become a Supreme God as fast as possible, the Realm Battlefield is your best choice.”

Yang Yu Chen’s expression was serious when he spoke.

Duan Ling Tian said with a smile, “Third Senior Brother, when I was still in the Trial of Gods, I’ve already planned to enter the Realm Battlefield after leaving the Trial of Gods. Your suggestion coincides with my plan.”

Yang Yu Chen was slightly surprised by Duan Ling Tian’s words. Then, a smile bloomed on his face before he said, “It seems like I’d been overthinking things. I thought you’d want to enjoy the comfortable life here a little longer. However, I should’ve known that was not the case. After all, for you to have such achievements at such a young age, you must have gone through a lot and faced many life-or-death situations. Very well. Since you’ve already made up your mind to enter the Realm Battlefield, let’s go together. I’ll accompany you for a short while before we part ways.”

Duan Ling Tian's eyes lit up upon hearing Yang Yu Chen's words. "Third Senior Brother, it's great that I'll be able to follow you and learn from you on the Realm Battlefield. However, after we part ways, I don't plan to stay in the Profound Energy Land and the Zen Boundary Land's Realm Battlefield. I plan to go to the Divine Offering Land and the Sanction Land's Realm Battlefield."

Since the beginning of time when the Realms of Gods appeared, their number was fixed. There had always been 18 Realms of Gods; no more, no less.

The collisions of the Realms of Gods every 10,000 years formed the Realm Battlefield. To be more precise, the two Realms of Gods would collide and form a Realm Battlefield; as such, with 18 Realms of Gods, the collisions would form nine Realm Battlefields. Each Realm Battlefield would also be named. For example, the Realm Battlefield formed by the collision of the Profound Energy Land and the Zen Boundary Land was called the Profound Zen Battlefield, and the Realm Battlefield formed by the collision of the Divine Offering Land and the Sanction Land was called the Divine Sanction Battlefield.

Yang Yu Chen's eyebrows rose upon hearing Duan Ling Tian's words. He asked, "You plan to go to the Divine Sanction Battlefield? It shouldn't be a problem. Realm Battlefields are similar, and people mostly travel alone there as well. At most, they would form temporary alliances when they have a common goal." After saying that, he asked knowingly, "You're going to the Divine Sanction Battlefield because of your wife?"

Yang Yu Chen was aware of some of Duan Ling Tian's matters. After all, his doppelganger had stayed in the Heavenly Emperor Palace in the Devata Realm for a while, and Elder Huo had mentioned a few things about Duan Ling Tian to him at that time.

"Yes," Duan Ling Tian replied with a nod.

Yang Yu Chen thought about it for a moment before he said, “In that case, I won’t waste too much of your time. Follow me for ten years on the Realm Battlefield. After that, we can part ways.”

“Thank you, Third Senior Brother,” Duan Ling Tian said gratefully. He knew he would be able to learn a lot from Yang Yu Chen and that his adaptability to sudden changes would improve as well. He also did not have to worry about running into powerful Supreme Gods. There were rumors that Yang Yu Chen was among the strongest intermediate Supreme Gods, and he suspected that Yang Yu Chen’s current strength was comparable to an ordinary advanced Supreme God. However, this was just his speculation.

No matter what, the Divine Energy of an advanced Supreme God was superior to that of an intermediate Supreme God. The difference between the Divine Energies was not easy to bridge. Moreover, to become an advanced Supreme God, one had to be talented to a certain extent; there was no mediocre advanced Supreme God. Even if one was the son of a supreme powerhouse, one would not be able to become an advanced Supreme God without sufficient talent; at most, one would be a rudimentary Supreme God.

Naturally, there were exceptions such as those who relied on external factors to become advanced Supreme Gods. Even then, again without sufficient talent or comprehension skills, it would still be useless. This was because one would still have to be talented enough to seize the chance. For example, rewards from places like the Trial of Gods could help one become an advanced Supreme God, but if one was not talented enough and did possess the ability to absorb the rewards, one would still fail to become an advanced Supreme God.

Yang Yu Chen said, “After this, I’ll find a chance to inform Fourth Junior Sister about this matter. We’ll leave after that. Is there anyone you want to see in the Profound Energy Land before we leave the Myriad Laws Academy for the Realm Battlefield? I’ll accompany you since it’s not wise for you to go out alone...”

Duan Ling Tian nodded and said with a wry smile, “I understand. If I go out alone now, the Lone Primordial Spirit Congregation will be the first to target me. Even if the congregation doesn’t act, the other heavyweight supreme-rank forces won’t sit still as well. This is especially true for the forces that have enmity with the congregation. They won’t let go of such a good chance to frame the congregation...”

“I’m glad you understand,” Yang Yu Chen said, feeling relieved.

...

Duan Ling Tian did not think that it would be easy for Yang Yu Chen to convince Lang Chun Yuan to take over the Inner Palace faction. As such, he was surprised when he learned that Yang Yu Chen only took three days to convince Lang Chun Yuan. It was only when Lang Chun Yuan came to look for him that he found out Yang Yu Chen had used him as an excuse.

Duan Ling Tian learned that Yang Yu Chen had said, “Fourth Junior Sister, junior brother’s cultivation had improved too quickly. Even if he has stabilized his cultivation base, his mentality has yet to adjust to his sudden and rapid progress. As such, I plan to bring him to the Realm Battlefield so he can train and gain experience. However, the Inner Palace faction can’t be without a leader. As such, I plan to pass on my position as Vice Academy Master of the Myriad Laws Academy and let you take over the Inner Palace faction. What do you think?”

Since Yang Yu Chen used Duan Ling Tian as an excuse, Lang Chun Yuan did not refuse and agreed with just a little convincing.

Duan Ling Tian felt slightly annoyed and moved at the same time. He was annoyed that he had been used, but he was moved by Lang Chun Yuan’s sincerity toward him.

‘Third Senior Brother is so cunning,’ Duan Ling Tian grumbled inwardly, ‘It’s obvious that he wants to go out and have fun, but he used me as a shield!’

In any case, now that Yang Yu Chen successfully convinced Lang Chun Yuan, it meant that they would be leaving the Myriad Laws Academy soon.

‘I’ll just have to wait while Third Senior Brother passes on his tasks to Fourth Senior Sister...’

...

Everything went smoothly during the handover. The Legacy faction, which had always opposed Yang Yu Chen, did not cause trouble at all. In fact, they even supported Yang Yu Chen’s decision this time. Clearly, they thought that once Yang Yu Chen left, no one would compete with them for the position of Academy Master of the Myriad Laws Academy.

The Legacy faction also vaguely knew what kind of person Lang Chun Yuan was. As long as they did not take the initiative to provoke her, she would quietly stay in the Inner Palace faction’s independent realm and would not cause trouble for them. In a way, she would only be a vice master of the academy in name. Considering all things, the Legacy faction was elated to have Lang Chun Yuan take over Yang Yu Chen’s position. How could they cause any trouble?

...

After Yang Yu Chen dealt with his matters, Duan Ling Tian said, “Third Senior Brother, will you accompany me to the Linghu clan before we enter the Realm Battlefield?”

Yang Yu Chen naturally did not refuse. After bringing his flying ship out, he and Duan Ling Tian traveled to the Linghu clan.

During the journey, Yang Yu Chen asked, “Apart from the Linghu clan, is there anywhere else you want to visit?”

“No.” Duan Ling Tian shook his head.

Duan Ling Tian did not know when he would return after leaving this time. If Linghu Ren Jie was just the Clan Leader of the Linghu clan, he would have only sent Linghu Ren Jie a message instead of visiting. However, Linghu Ren Jie was Ke'er's uncle in her previous life. Moreover, Ke'er had regained memories of her previous life. As such, he thought it was only appropriate that he bid farewell to Linghu Ren Jie before he left.

As for Ye Chen Feng, Zhen Ping Fan, Xue Hai Chuan, and the others, he only sent a message to each of them. Everyone had responded except for Ye Chen Feng. However, since Ye Chen Feng's Soul Pearl was intact, Duan Ling Tian was not worried that something had happened to Ye Chen Feng. It was likely that Ye Chen Feng was in closed-door cultivation or had entered the Realm Battlefield.

...

When Duan Ling Tian arrived at the Linghu clan, he felt as though a lifetime had passed since he was last here. Back then, he had joined the Linghu clan because he needed the clan's protection from some Lords of Gods. To think that he was now an Emperor of Gods who was far above Lords of Gods. Not only that, but he was also among the strongest advanced Emperors of Gods.

When Duan Ling Tian saw Linghu Ren Jie, he found that Linghu Ren Jie did not change much from when he last saw Linghu Ren Jie. This was not surprising. After all, it had not been that long since Duan Ling Tian left the Linghu clan.

After hearing that Duan Ling Tian was going to the Realm Battlefield, Linghu Ren Jie said solemnly, “Be careful in everything you do. Don’t be rash.”

The duo exchanged a few words before Duan Ling Tian left.

Linghu Ren Jiu looked at Duan Ling Tian’s back with an absentminded expression as he Duan Ling Tian boarded the flying ship. He murmured to himself, “It’s only been a while, but he’s already an Emperor of Gods. It seems like my niece’s situation really motivated him. It’s a blessing that she has such a husband. I wonder how’s my stubborn sister doing. I hope she’s safe and sound...”

Following that, another Soul Pearl appeared next to the Soul Pearl that was already in Linghu Ren Jie’s hand. The Soul Pearls belonged to Duan Ling Tian and Linghu Ren Feng respectively.

Despite already possessing one, Linghu Ren Jie asked Duan Ling Tian for another Soul Pearl before Duan Ling Tian left. Soul Pearls would eventually run out of energy. Since he did not know when Duan Ling Tian would return again, he quickly asked for another one.

Linghu Ren Jie sighed. ‘I have another person to worry about...’

Linghu Ren Jie had always been fond of Duan Ling Tian. It was not just because Duan Ling Tian was his niece's husband. Even before he found out that Duan Ling Tian was his niece's husband, he had already taken a liking to Duan Ling Tian who was talented and self-motivated. His liking only grew when he found out about the connection between his niece and Duan Ling Tian. From the one, he treated Duan Ling Tian as his biological son.

....

Duan Ling Tian was unaware of Linghu Ren Jie's thoughts. He was now on the Realm Battlefield, the place he had visited once to sneak into the Realm of Gods. In the past when he was on the Realm Battlefield, he felt like he was walking on thin ice all the time. Now, he felt confident and fearless.

Chapter 4216 A Perilous Place

The Realm Battlefield formed by the collision between the Profound Energy Land and the Zen Boundary Land was called the Profound Zen Battlefield.

Duan Ling Tian had been nervous and frightened during his first visit to the Profound Zen Battlefield. At that time, he was lucky enough to meet Ye Bei Yuan, an elder from the Glorious Heaven Sect. Ye Bei Yuan had escorted him to the safe base, and he was able to leave the Profound Zen Battlefield through the safe base's Transportation Formation.

On the contrary, not only was Duan Ling Tian, who entered the Profound Zen Battlefield with Yang Yu Chen, his Third Senior Brother, fearless and not nervous, but he was also slightly excited.

After appearing at a base camp, Yang Yu Chen said, "After entering the battlefield, you'll receive a battle merit token."

As soon as Yang Yu Chen's voice fell, a token that emitted a faint yellow light promptly appeared in the air in front of Duan Ling Tian.

“There's nothing etched on the token. The yellow light represents the Profound Energy Land. As for the Zen Boundary Light, it's represented by a red light. Each battle merit token is unique. If you die, your battle merit token will shatter, and the battle merits you accumulate will go to the person who killed you. However, you won't obtain any battle merits if the person you killed has a lower cultivation base than you. For example, if I kill you now, I won't obtain any of your battle merits at all. Conversely, if you kill me, you'll obtain double the battle merits I have. Killing someone whose cultivation base is a realm higher will give you double battle merits. If you kill someone whose cultivation base is two realms above yours, you'll receive triple battle merits. However, you need to pay attention to something when killing an opponent with a higher cultivation base. Make sure that your opponent doesn't engage in a fight for a day and a night before killing him or her. Otherwise, you won't get the double battle merits. This is to prevent people from taking advantage of the situation and swooping in at the last moment to steal the kill.”

Yang Yu Chen's explanation helped Duan Ling Tian to understand the Profound Zen Battlefield more. He asked curiously, “Third Senior Brother, I heard that the battle merit token that appears out of thin air not only records battle merits, but after accumulating enough battle merits, it can also open a secret realm on the Realm Battlefield. Apart from that, does it have any other functions?”

Yang Yu Chen replied, “Apart from opening a secret realm, you can also choose to exchange for a supreme powerhouse's Divine Energy after you accumulate enough battle merits. However, I'm sure you know that a supreme powerhouse's Divine Energy is useless to you until you become a Supreme God.”

Duan Ling Tian had long heard about the supreme powerhouse's Divine Energy. It was the energy that supreme powerhouses drew out of their bodies, and it could temporarily boost the Divine Energy of a Supreme God.

If a rudimentary Supreme God absorbed the Divine Energy of a supreme powerhouse, he or she would temporarily have the Divine Energy comparable to an intermediate Supreme God. If an intermediate Supreme God were to absorb it, he or she would have the Divine Energy of an advanced Supreme God for a short time. As for advanced Supreme Gods, their Divine Energies would grow stronger as well, but it would not be comparable to that of a supreme powerhouse. It was impossible for an advanced Supreme God to possess Divine Energy comparable to that of a supreme powerhouse even if it were only temporary.

Duan Ling Tian looked at Yang Yu Chen and asked curiously through Voice Transmission, “Third Senior Brother, do you possess energy from a supreme powerhouse?”

In Duan Ling Tian’s opinion, Yang Yu Chen was among the strongest intermediate Supreme Gods. If Yang Yu Chen were to use the Divine Energy of a supreme powerhouse, very few advanced Supreme Gods would be his match.

Yang Yu Chen nodded. “Yes. In fact, I have four strands of Divine Energy from a supreme powerhouse. They were given to me by Eldest Senior Sister and Second Senior Brother. Junior brother, you’re an advanced Emperor of Gods now. No one knows when you’ll enter the realm of a Supreme God. Before we leave the base camp, I’ll give you two strands of Divine Energy.”

Upon hearing this, Duan Ling Tian shook his head and said, “Third Senior Brother, you only have four strands of energy. You should keep them for yourself. I won’t be able to use it now. Don’t worry. Once I become a Supreme God, I’ll obtain the supreme powerhouse’s Divine Energy myself....”

“Just accept it.... It takes a lot to exchange for a supreme powerhouse’s Divine Energy,” Yang Yu Chen said, “The energy can be a lifesaver. Even if you can’t defeat your opponent, you’ll be able to escape from your opponent with it...”

Duan Ling Tian said seriously, "I know. That's why I won't accept your kind gesture."

Yang Yu Chen said insistently, "Just take it. It was given to me by Eldest Senior Sister and Second Senior Brother. If they were here, they'd definitely support my decision to give it to you."

In the end, Duan Ling Tian could only give in to Yang Yu Chen.

"Alright, let's leave the base camp."

Yang Yu Chen led Duan Ling Tian out of the base camp. The base camp was relatively small, and there were not many people. Since fights were prohibited in base camps, it was peaceful and quiet.

When Duan Ling Tian and Yang Yu Chen left, only a few people glanced at them briefly. No one paid attention to them. After all, there was no lack of people who came to the Realm Battlefield in the past years. Those who came were brave and determined to grow stronger. Those who were timid were unlikely to enter the Realm Battlefield.

...

After obtaining a battle merit token, one could choose to wear it at one's waist or one could integrate it with one's body. If worn at the waist, the token would shine. However, if one chose to integrate it with one's body, one's body would shine. The colors of the lights naturally depended on where one was from.

Duan Ling Tian and Yang Yu Chen wore the battle merit tokens at their waists, and their tokens both glowed with a yellow light, indicating that they were from the Profound Energy Land.

‘Back then, I remember Elder Ye Bei Yuan’s body glowed with a faint yellow light...’ Duan Ling Tian thought to himself, recalling that the elder from the Glorious Heaven Sect, who accompanied him to a base camp and saved his life, had been glowing faintly in the past.

‘I also remember seeing some people emitting a faint red light. There were also those whose tokens shone at their waists just like me and Third Senior Brother...’

Duan Ling Tian could vividly remember his first time on the Realm Battlefield.

Meanwhile, after leading Duan Ling Tian to a quiet valley, Yang Yu Chen said as he raised his hand, “Junior brother, I’ll give you the supreme powerhouse’s Divine Energy now.”

Following that, a ball of energy appeared in Yang Yu Chen’s hand. It was not ostentatious and was somewhat transparent, but Duan Ling Tian felt greatly pressured as soon as it appeared. It was as though it was a great threat.

“You can store it in your spatial ring. However, remember not to let it touch your skin if you don’t intend to use it. Otherwise, it’ll instantly integrate with your body as soon as it makes contact with your skin,” Yang Yu Chen warned Duan Ling Tian before he extended his hand toward Duan Ling Tian.

Duan Ling Tian raised his hand, carefully using his Divine Energy to draw the supreme powerhouse’s Divine Energy into his spatial ring.

“Alright, let’s go. Let’s see if we run into any good opponents,” Yang Yu Chen said, “I’ll let you deal with the ordinary rudimentary Supreme Gods and advanced Emperor of Gods we come across. If you can’t defeat them, I’ll make my move. As for those below the realm of an advanced Emperor of Gods, it’s meaningless to kill them. You won’t obtain their battle merits, and their spatial rings will likely self-destruct after their deaths as well.”

After a beat, Yang Yu Chen continued to say, “However, not everyone is the same. There are people who don’t care about rewards when they kill. Just because they won’t get any rewards, it doesn’t mean that they won’t kill. After all, they’ll be helping their companions from the same Realm of Gods by killing opponents from another Realm of Gods.”

Duan Ling Tian nodded in agreement. He was naturally aware of this. In the past, he knew having a low cultivation base did not mean that he was safe on the Realm Battlefield. After all, it’s not just killing for their comrades, but others could kill him on a whim. That was also why he had been nervous when he first came to the Profound Zen Battlefield.

Yang Yu Chen said, “Apart from that, many people think that a Realm Battlefield is formed from the collision of two Realms of Gods. However, that’s not exactly true. Four Realms of Gods have to collide to form a Realm Battlefield. However, the battlefield would be separated into two, and every 100 years, it would become one again for ten years. At that time, the battlefield will become an even more perilous place, and it’ll be very chaotic. It’d be the battlefield for four Realms of Gods instead of two. Needless to say, when the battlefield is one, it also has the most opportunities.” After a brief pause, he continued to say, “There’s still some time before the battlefield becomes one. By the time that happens, you’ll be wandering the battlefield alone.”

Duan Ling Tian’s eyes flashed. ‘Four Realms of Gods... Is it possible for the Divine Offering Land to be one of the Realms of Gods connected to the Profound Zen Battlefield?’

If that was not the case, Duan Ling Tian would have to go to the Divine Offering Land's Realm Battlefield.

Chapter 4217 The Rudimentary Supreme God From the Zen Boundary Land

Not long after leaving the valley, Yang Yu Chen promptly said, "There's someone over there."

Before Duan Ling Tian reacted, Yang Yu Chen already brought Duan Ling Tian to the cliff of a mountain, blocking the path of a middle-aged man.

The middle-aged man's expression turned flustered immediately, and his face was ashen. "God... Supreme God!"

Yang Yu Chen looked at the middle-aged man and said indifferently, "Don't worry. I won't attack you. My junior brother is also an advanced Emperor of Gods. You can leave if you manage to parry ten moves from him."

The middle-aged man's eyes shifted to Duan Ling Tian as soon as Yang Yu Chen finished speaking. Then, as though he did not believe it, he extended his Divine Consciousness to probe Duan Ling Tian's cultivation base. After confirming that Duan Ling Tian was truly just an advanced Emperor of Gods, he heaved a sigh of relief.

The middle-aged man was also an advanced Emperor of Gods, and he was halfway to becoming a Supreme God. As such, he did not think that it would be difficult to parry ten moves from another advanced Emperor of Gods. Even if his opponent was an imminent Supreme God, he was confident he would be able to withstand ten moves as long as he tried his best.

At the same time, Duan Ling Tian stared at the middle-aged man calmly after hearing Yang Yu Chen's words. When the middle-aged man probed his cultivation base, he could not help but shake inwardly. Let alone ten moves, the middle-aged man would not even be able to withstand three moves from him even if the middle-aged man was an imminent Supreme God.

"Go ahead," Yang Yu Chen said as he stepped aside to give Duan Ling Tian the space to fight.

Duan Ling Tian looked at the middle-aged man and said indifferently, "You don't have to parry ten moves from me. If you survive three moves from me, my senior brother and I will let you go."

'Three moves?!'

The middle-aged man was very confident he would be able to parry ten moves from Duan Ling Tian. As such, he felt humiliated when he heard Duan Ling Tian's words. He was naturally displeased by Duan Ling Tian's arrogance. However, when he remembered that Duan Ling Tian had a powerful Supreme God next to him, he could only bury his annoyance and displeasure, afraid of offending Yang Yu Chen.

"Three moves? Don't underestimate me!" the middle-aged man said. Even Yang Yu Chen did not underestimate him to this extent.

The middle-aged man comforted himself inwardly. Three moves were better than ten moves. The longer it went on, the higher the chance of getting injured, after all. Moreover, since Yang Yu Chen was so confident, he thought that Duan Ling Tian was likely an imminent Supreme God.

“I’ll kill you,” the middle-aged man cried out. The faint red light from the battle merit token that his body emitted, which indicated he was from the Zen Boundary Land, was covered by his Divine Energy that surged out immediately.

When the middle-aged man attacked, the void rippled before a flaming giant ax appeared. Clearly, he comprehended the law of fire. The ax that had been imbued with his Divine Energy looked as though it could cut everything in its path, and the fire that burned around it was scorching hot.

‘Hm? He’s not an imminent Supreme God?’ Duan Ling Tian shook his head inwardly. He did not make any ostentatious move. Instead, he only flicked his fingers before his Divine Energy and the law of space surged. Then, a seven-colored sword ray shot out toward the middle-aged man’s attack.

Duan Ling Tian’s attack was not as showy as that of the middle-aged man. As such, the middle-aged man sneered, thinking that Duan Ling Tian thought too highly of himself. However, when the seven-colored sword ray collided with his attack, his expression changed drastically as he cried out, “No!”

Swoosh!

In the next moment, the seven-colored sword ray extinguished the flames before it hit the middle-aged man’s ax, which was a prominent divine artifact with a complete artifact soul, and killed the artifact soul. Following that, the sword ray did not slow down as it pierced the middle-aged man’s body.

The seven-colored sword ray did not leave the middle-aged man’s body immediately. Instead, it exploded into thousands of smaller seven-colored sword rays, sealing the middle-aged man’s fate.

At the moment of his death, before he exploded into a mist of blood, the middle-aged man's eyes widened in shock and disbelief. He could not figure out how an advanced Emperor of Gods could be so powerful when their cultivation bases were the same. After all, Duan Ling Tian did not even use a prominent divine artifact and attacked with just his fingers.

At the same time, Yang Yu Chen's gaze turned complicated. "The light from the law is really bright... I really didn't expect junior brother to comprehend the law of space to this extent..."

A burst of light flashed in the sky before and after Duan Ling Tian attacked before it spread out and shone down on the land. It was a heaven-and-earth phenomenon.

After killing the middle-aged man, Duan Ling Tian, who saw the phenomenon, asked curiously, "Third Senior Brother, what's this?"

Yang Yu Chen sighed before he said, "This is the light of the law. When you comprehend the law to a certain degree, the Realm Battlefield will resonate with it when you use it. For example, when you attacked with the law earlier, it resonated with the Realm Battlefield. The resonance manifests in the form of light. Usually, only those above the realm of a rudimentary Supreme God will have this level of comprehension. Even for me, I only comprehended my law to this degree when I was about to become an intermediate Supreme God."

"Then, this won't occur if I'm in the outside world?" Duan Ling Tian asked, puzzled.

Yang Yu Chen shook his head. "No. Even if the phenomenon appeared in the outside world, it won't be so exaggerated. Such eye-catching phenomena will only occur in places like the Realm Battlefield and the Trial of Gods that are sensitive to the laws. Moreover, if we're outside, your level of comprehension isn't enough to manifest a phenomenon yet..."

With this, Duan Ling Tian learned that places like the Realm Battlefield and Trial of Gods were more sensitive to the laws. As such, after one's comprehension of the law has reached a certain level, a phenomenon would appear.

"If you comprehend your law further, the light of the law will grow even brighter, illuminating a million miles of land," Yang Yu Chen said with a sigh.

"A million miles?" Duan Ling Tian was stunned. "What do you mean? Are you saying that if my comprehension grows more profound, when I attack, the light of the law will grow bright enough to illuminate a million miles of land?"

Yang Yu Chen nodded. "On the Realm Battlefield, this phenomenon will manifest as a brief flash of light when you use the power of the law. Anyone within a radius of 100,000 miles will be able to see it if they're observant. If your comprehension improves, the light could be seen within a radius of a million miles. In the last stage, the light will shine for tens of millions of miles. It's the indication that one's about to completely comprehend a law. Under normal circumstances, those who are able to manifest such a phenomenon are the strongest among advanced Supreme Gods."

Duan Ling Tian asked curiously, "Third Senior Brother, which phenomenon do you manifest?"

Yang Yu Chen said, "It's almost the same as yours. However, I just need to comprehend the law a little more before my phenomenon can shine for a million miles. At that time, I'll be able to catch up with Second Senior Brother. However, I'm sure Second Senior Brother has improved since then... Although his Mastery Dao isn't as good as mine, his comprehension of the law is better than mine."

Duan Ling Tian was surprised by Yang Yu Chen's words. His Second Senior Brother, whom he had yet to meet, comprehended the law to the point where its phenomena shone for a million miles. Moreover, based on Yang Yu Chen's words, there was a possibility that their Second Senior Brother's comprehension of the law had further improved.

After a moment, Duan Ling Tian asked again, "What about Eldest Senior Sister?"

An indecipherable expression appeared on Yang Yu Chen's face when he heard Duan Ling Tian's question. He said, "Eldest Senior Sister... When she left, she was an intermediate Supreme God, but she had already comprehended her law to the point where it'd shine for tens of millions of miles if she used it on the Realm Battlefield. The last time I saw her was when she brought Fourth Junior Sister back. At that time, she was already on the brink of becoming an advanced Supreme God. As for her law, she's probably further comprehended it as well."

After a brief pause, Yang Yu Chen continued to say, "Eldest Senior Sister's strength isn't only limited to the law. Her Mastery Dao also far surpasses mine."

Duan Ling Tian was even more surprised.

'Eldest Senior Sister is so powerful?! Once she becomes an advanced Supreme God, she'll be almost unrivaled among advanced Supreme Gods!'

With this thought in mind, Duan Ling Tian anticipated meeting his Eldest Senior Sister in the future. Since joining the Inner Palace faction, he noticed that Yang Chun Yuan and Lang Chun Yuan were rather casual when speaking about their Second Senior Brother. However, the duo was very serious and respectful whenever they spoke about their Eldest Senior Sister. It was almost as if they were speaking about their master instead of their Eldest Senior Sister.

“Previously, I’ve never heard of any advanced Emperor of Gods who comprehended the law to such a degree. Moreover, the law of space you comprehended is one of the Four Supreme Laws,” Yang Yu Chen said with a sigh as he looked at Duan Ling Tian with a complicated gaze, “Alright, let’s go. I’ll see if I can find you opponents in the realm of a rudimentary Supreme God.”

Yang Yu Chen did not expect that Duan Ling Tian’s cultivation base would rise so quickly in the Trial of Gods, and he also did not expect that Duan Ling Tian’s comprehension of the law of space would improve so much in the Trial of Gods. Duan Ling Tian’s comprehension of the law was almost catching up to his comprehension of the law.

‘I feel really pressured having such a junior brother. If he surpasses me, Eldest Senior Sister will definitely make fun of me!’

Yang Yu Chen felt slightly regretful at this moment for recruiting Duan Ling Tian. Alas, there was no cure for regret in this world.

...

Yang Yu Chen and Duan Ling Tian continued to wander the Profound Zen Battlefield.

During this time, Duan Ling Tian managed to kill a few advanced Emperors of Gods from the Zen Boundary Land. He gained quite a few battle merits before he finally met a rudimentary Supreme God from the Zen Boundary Land.

When the other party saw Yang Yu Chen, who was standing in his way, his expression changed greatly.

“An intermediate Supreme God?!”

The other party tried to escape, but alas, Yang Yu Chen easily stopped him from leaving.

The rudimentary Supreme God was drowning in despair when he heard Yang Yu Chen say indifferently, “If you’re able to defeat my junior brother who’s an advanced Emperor of Gods, I’ll let you go.”

“Advanced Emperor of Gods?” the rudimentary Supreme God echoed Yang Yu Chen’s words as he instinctively turned to look at Duan Ling Tian.

Chapter 4218 Comparable to the Light of the Law That Shine For a Million Miles

The rudimentary Supreme God from the Zen Boundary Land, whom Duan Ling Tian and Yang Yu Chen ran into, was a very old man. However, despite his aged appearance, his body looked strong, and he was even more muscular than Duan Ling Tian and Yang Yu Chen. He also possessed a pair of eyes that were filled with energy.

The old man who was drowning in despair earlier felt as though he had been thrown a life raft when he heard Yang Yu Chen’s words. He did not think too much before he extended his Divine Consciousness to probe Duan Ling Tian. After confirming that Duan Ling Tian was truly just an advanced Emperor of Gods, he looked at Yang Yu Chen and asked, “Are you serious, my lord?”

The old man was truly afraid of Yang Yu Chen, who was an intermediate Supreme God. He could tell based on Yang Yu Chen’s confidence and peerless aura that Yang Yu Chen was not an ordinary intermediate Supreme God.

Yang Yu Chen replied expressionlessly, "It's up to you to believe it or not."

The old man's expression changed imperceptibly. Then, he inhaled deeply before he said, "I believe you, my lord."

The old man knew he had no other choice at this moment. After all, he could not escape from Yang Yu Chen so he could only do as he was told. When he shifted his gaze to Duan Ling Tian again, he narrowed his eyes and said, "You can attack first. Don't worry, I won't kill you."

The old man did not hide his intention to go easy on Duan Ling Tian. In Duan Ling Tian's opinion, the old man clearly looked down on him, who was just an advanced Emperor of Gods. After a moment, he said tonelessly, "If I were you, I wouldn't hold back. I don't need you to go easy on me. Although I'm an advanced Emperor of Gods, very few imminent Supreme Gods can survive more than one move from me."

Duan Ling Tian did not hide his strength and continued to say, "When I first became an advanced Emperor of Gods, I was already on par with imminent Supreme Gods. After completely stabilizing my cultivation base, it's extremely easy for me to kill imminent Supreme Gods. Since my breakthrough, I've yet to kill a rudimentary Supreme God. Perhaps, you'll be the first today..."

The old man's expression changed greatly upon hearing Duan Ling Tian's words. He did not doubt the veracity of Duan Ling Tian's words at all. After all, there was no need for Duan Ling Tian to lie at all. If Duan Ling Tian were on par with imminent Supreme Gods as soon as he broke through and could easily kill imminent Supreme Gods after stabilizing his cultivation base, it meant that Duan Ling Tian was now on par with an ordinary rudimentary Supreme God.

The old man shuddered inwardly. He was not among the strongest rudimentary Supreme Gods. He was at most average. His expression turned solemn as he said, "I've underestimated you, my lord."

Following that, the old man's body shone brightly before a translucent figure that was more than ten meters appeared.

Duan Ling Tian who was 1.8 meters tall looked insignificantly small in comparison. The top of his head only reached the calves of the translucent figure.

"That's more like it," Duan Ling Tian said with a faint smile on his face before he flew out.

A spatial storm raged around Duan Ling Tian as he brought the Seven Orifices Exquisite Sword out.

Swoosh!

Duan Ling Tian swung his sword, using only his Divine Energy and the law of space. He did not use his Sword Dao and Mastery Dao at all.

In the next moment, a pearl shining with a mustard-yellow light appeared in front of the old man, easily stopping Duan Ling Tian's attack. Clearly, he comprehended the law of earth, and the pearl was his prominent divine artifact. A faint outline could be seen inside the pearl; it was the pearl's artifact soul.

“Don’t hold back,” the old man said loudly, “Your attack now is only as strong as that of an imminent Supreme God. You can’t easily kill an imminent Supreme God with such an attack.”

Indeed, Duan Ling Tian had held back. He did not use any of the Four Daos of Heaven and Earth. He only used his Divine Energy, the law of space, and his prominent divine artifact to attack. Even if his comprehension of the law was profound, his attack was only stronger than ordinary imminent Supreme Gods. Moreover, he only used a fraction of his Divine Energy earlier. He wanted to test the old man’s strength.

If Duan Ling Tian had attacked without holding back his Divine Energy, even if he did not use any of the Four Daos of Heaven and Earth, his attack would be much more powerful than an imminent Supreme God.

Despite his words, the old man was trembling inwardly. ‘Where did this monster come from? He’s just an advanced Emperor of Gods, and yet, he comprehended the law of space to the point where the light of the law shone for 100,000 miles!’

As soon as Duan Ling Tian attacked, the light of the law appeared, shining down on 100,000 miles of land. Although it only appeared briefly, it was hard to miss.

Throughout his life, the old man had met many prodigies in the Zen Boundary Land, and he had also met many of them on the Realm Battlefield. However, he had never met an advanced Emperor of Gods whose comprehension of the law could manifest a phenomenon that shone for 100,000 miles. He had only heard of one or two people who were capable of this, but the laws they comprehended were the elemental laws. On the contrary, Duan Ling Tian comprehended the law of space, one of the Four Supreme Laws. For an advanced Emperor of Gods to comprehend the law of space to this degree, there was doubt in his mind that Duan Ling Tian’s talent and comprehension skills were superior even among prodigies.

At this time, the old man finally understood why Yang Yu Chen was so confident earlier. Clearly, Yang Yu Chen had no doubt that Duan Ling Tian would be capable of killing him.

Surprisingly, the old man did not panic even after these revelations appeared in his mind. He comprehended the law of earth, after all. Even if he could not defeat his opponent, he was confident that his defenses would hold and that the fight would end in a draw. After that, he would be able to leave.

“As you wish,” Duan Ling Tian said coldly, “You’re a rudimentary Supreme God who comprehends the law of earth. Your defenses should be the strongest among rudimentary Supreme Gods. I want to see if I can break your defenses today.”

Those who comprehended the law of earth had stronger defenses compared to others. Needless to say, rudimentary Supreme Gods who comprehended the law of earth had stronger defenses compared to rudimentary Supreme Gods who comprehended other laws. Moreover, they could only counterattack once in a while as they defended themselves. They would have to look for the right opportunity to defeat their opponents in one fell swoop. This was the usual and only tactic for most of those who comprehended the law of earth. Although their number was very few and it was not an easy feat to achieve especially if one had a high cultivation base, there were some who figured out a way to use the law of earth offensively instead of just using it to defend themselves.

Regardless, under normal circumstances, if their defenses were broken, it would also spell their defeat.

Swoosh!

Duan Ling Tian struck with his sword again. His attack this time did not look much different than the one before. However, he had increased the output of his Divine

Energy, and he also used his Mastery Dao to control the space. At this time, the surrounding space was completely under his control.

In the controlled space, wind and water vapor disappeared. The space turned still immediately. Due to the missing external factors, the strength of Duan Ling Tian's attack increased greatly as well.

Boom!

A thunderous noise rang in the air when Duan Ling Tian's sword landed on the defenses created by the old man's pearl, which was called Spiritual Pearl. Unlike before, his attack was not immediately deflected by the barrier.

As soon as Duan Ling Tian's attack landed, the old man's defenses solidified into an impregnable wall, which had been imbued with blood energy. At the critical moment, he had no choice but to use his bloodline power, which was unique to natives of Realms of Gods. Otherwise, he was not sure he could keep his defenses up.

Alas, although the old man managed to stop Duan Ling Tian's attack this time as well, hideous cracks could be seen on the wall.

The old man spat out a mouthful of blood, injured by the force of the attack. His face was ashen at this moment.

On the contrary, Duan Ling Tian looked unruffled.

After the old man wiped the blood off the corners of his lips, he looked at Duan Ling Tian in shock and disbelief. “Impossible! Your comprehension of the law is very profound, but it should still be at the stage where the phenomenon will only shine for 100,000 miles. How did your attack grow so powerful? And if your comprehension is higher than that, there should be a light that shines for a million miles when you attacked...”

The old man could sense the power of Duan Ling Tian’s attack, and its power was consistent with someone who had comprehended the law to the point where the phenomenon would shine for a million miles. However, when Duan Ling Tian attacked, the phenomenon only shone for 100,000 miles. He could not figure out what was going on at all.

Duan Ling Tian explained expressionlessly, “It’s understandable that you’re confused. I used other means to increase the strength of my attack. It has nothing to do with my law.”

The old man was still puzzled. However, it did not take long before his eyes widened and he exclaimed, “Y-you... You comprehended the Mastery Dao, one of the Four Daos of Heaven and Earth?!”

Realization dawned on the old man at this moment. No wonder he had felt a sense of oppression earlier as though he was standing in the territory of a powerful monster. However, the feeling was fleeting so he did not pay attention to it. In hindsight, that feeling had appeared as soon as Duan Ling Tian attacked. He finally realized that it was because Duan Ling Tian had used the Mastery Dao and controlled the surrounding space as he attacked.

‘His comprehension of the law is so profound that the phenomenon can shine for 100,000 miles. His cultivation is also not weak. With the Mastery Dao, his attack earlier can easily kill all ordinary rudimentary Supreme Gods,’ the old man thought to himself as beads of sweat appeared on his forehead. At the same time, he felt grateful that his strongest law was the law of earth.

‘Is it over?’ The old man felt relieved. In his opinion, Duan Ling Tian had attacked with all his might earlier.

However, in the next moment, the old man’s eyes flashed with fear and his expression changed as a thought appeared in his mind.

‘Wait! He has yet to use his bloodline power!’

The old man assumed that Duan Ling Tian was a native of a Realm of Gods. After all, in his opinion, it was impossible for such a monstrous talent to come from a lower realm.

The old man began to panic again. ‘If he uses his bloodline power, I have a small chance of defending against it if it’s weak. However, if he has a strong bloodline power, I’m afraid that I’ll die...’

Chapter 4219 The Death of a Supreme God

‘Whatever it is, I’ll defend with all my might! I have no other choice now!’

The old man panicked when thought about how the young man still had his bloodline power as a trump card. However, he quickly calmed down, and his expression was solemn as he began to defend himself with all his might. The wall in front of him seemed to be fortified, and its aura was stronger than before.

“If you can survive the next attack, you can leave,” Duan Ling Tian said.

Upon hearing this, the old man instinctively thought that Duan Ling Tian was finally going to use his bloodline power. As such, he was stunned when Duan Ling Tian made his move.

‘He’s not using his bloodline power?’

Swoosh!

A seven-colored sword ray swept out again. This time, it did not only contain the Mastery Dao, but it also carried a fierce and chilling sword intent.

The old man sensed the huge threat from the sword ray and shuddered in fear. “This... This is the Sword Dao?”

The old man’s expression changed again. He did not expect the person in front of him to comprehend the Sword Dao, another one of the Four Daos of Heaven and Earth.

‘Is he really just an advanced Emperor of Gods?’

The old man could not understand how an existence like Duan Ling Tian existed in the world. Duan Ling Tian was only an advanced Emperor of Gods, but Duan Ling Tian had already comprehended the Sword Dao and the Mastery Dao. Moreover, the Daos he comprehended were past their rudimentary forms. He had never heard of anyone achieving such a feat, let alone meet anyone like that.

Boom!

When the sword ray collided with the old man's defensive wall, a thunderous explosion rang in the air again. The commotion this time was much louder than before. The void shook violently, looking as though it was about to tear.

In the next moment, the impregnable wall shattered.

An expression of despair had just appeared on the old man's face upon seeing this. Before he could mobilize his Divine Energy, the seven-colored sword ray pierced his body. Following that, countless small seven-colored sword rays exploded out of his body, killing him.

At the moment of the old man's death, a huge phantom figure appeared in the air. It let out an unwilling cry before it fell.

Those who were far away could clearly see this scene. It was the phenomenon that appeared when a Supreme God died.

Duan Ling Tian had long heard about this phenomenon from Yang Yu Chen, his Third Senior Brother. However, this is the first time he saw the phenomenon. This phenomenon that indicated the death of a rudimentary and intermediate Supreme God would only appear on the Realm Battlefield. If a rudimentary or intermediate Supreme God died in the outside world, the phenomenon would not appear at all. Such a phenomenon would only appear in the outside world when an advanced Supreme God died.

As for supreme powerhouses, when they died, a phenomenon would appear in all the Realms of Gods, Devata Realms, and the mundane realms.

It had been many, many years since a supreme powerhouse died. As such, Duan Ling Tian who was only almost 900 years old naturally had never seen the phenomenon that appeared upon the death of a supreme powerhouse.

Duan Ling Tian looked at the huge phenomenon and sighed emotionally. “How spectacular.”

Yang Yu Chen smiled faintly and said, “This is just the phenomenon of a rudimentary Supreme God. The phenomenon that appears upon the death of an intermediate Supreme God is even more spectacular. As for the phenomenon that appears upon the death of an advanced Supreme God, it’s so eye-catching that it can be seen from far away. As you can imagine, the commotion caused by such a phenomenon is huge as well.”

Even on the Realm Battlefield, advanced Supreme Gods rarely died. After all, they were extremely powerful. Moreover, to be able to cultivate to such a level, their survival instincts were extremely high compared to the average person. They had a keen sense of danger and would often, correctly, choose to avoid the danger. Apart from that, they had an advantage over the others on the Realm Battlefield. Ordinary Voice Transmission did not work on the Realm Battlefield, but they, advanced Supreme Gods, had their own means to call for reinforcements. For all these reasons, they were extremely difficult to kill.

Before Duan Ling Tian could collect the old man’s belongings, the reward shone down on him from the sky, and he quickly absorbed it.

Yang Yu Chen, who was standing nearby, watched in amazement and said, “Junior brother, if you go all out, only a few rudimentary Supreme Gods are a match for you.”

Yang Yu Chen knew very well that Duan Ling Tian did not use his full strength even when Duan Ling Tian killed the rudimentary Supreme God from the Zen Boundary Land who comprehended the law of earth. After all, Duan Ling Tian did not even use

his doppelgangers from the laws. However, despite Duan Ling Tian's amazing strength, he did not dare to say that Duan Ling Tian was the strongest among all rudimentary Supreme Gods. After all, there were incredibly powerful rudimentary Supreme Gods who had also comprehended the Four Daos of Heaven and Earth. He, himself, was a good example. He was about 90% confident that he would be able to defeat Duan Ling Tian when he was a rudimentary Supreme God. Nonetheless, he was still shocked by Duan Ling Tian's strength. After all, Duan Ling Tian had just become an advanced Emperor of Gods not too long ago. In the past, he only possessed such strength when he was on the brink of becoming an intermediate Supreme God.

“Junior brother, once you become a rudimentary Supreme God, you'll be invincible among rudimentary Supreme Gods,” Yang Yu Chen said confidently. He was absolutely certain about it.

Yang Yu Chen continued to say, “Moreover, with your strength, you'll still be able to fight against weaker intermediate Supreme Gods...”

...

Days flew by as Duan Ling Tian continued to follow Yang Yu Chen on the Profound Zen Battlefield. They hunted people from the Zen Boundary Land, and as a result, Duan Ling Tian's strength and his combat experience rose rapidly.

Time passed so quickly that soon the ten years that Duan Ling Tian agreed to spend with Yang Yu Chen was almost up.

At this time, Duan Ling Tian was getting closer and closer to the realm of a rudimentary Supreme God thanks to the rewards he received. Apart from that, Yang Yu Chen, his Third Senior Brother, also kept an eye on him and guided him after he consumed two of the three Heavenly Dao Fruits that he obtained from the emperor-grade secret realm, which appeared when he broke through the realm of an Emperor of Gods, in the Trial of Gods.

The Heavenly Dao Fruit is one of the three most precious treasures that could help an advanced Emperor of Gods to become a rudimentary Supreme God. Based on Yang Yu Chen's words, it was extremely rare for three Heavenly Dao Fruits to appear in the emperor-grade secret realm that would open when one broke through the realm of an Emperor of Gods.

However, there were no Heavenly Dao Fruits in the supreme-grade secret realm that appeared after one became a Supreme God. It was only natural since Heavenly Dao Fruits were only useful to Emperors of Gods, not Supreme Gods.

“Third Senior Brother, in the Trial of Gods, an emperor-grade secret realm and a supreme-grade secret realm will appear when one breaks through the realm of an Emperor of Gods and a Supreme God respectively. Is it the same on the Realm Battlefield?” Duan Ling Tian asked Yang Yu Chen.

Yang Yu Chen replied, “No. Emperor-grade and supreme-grade secret realms won't appear on the Realm Battlefield. The Trial of Gods is created by a few supreme powerhouses to imitate the Realm Battlefield, but it's very different from the Realm Battlefield. The Trial of Gods has inhabitants; it's like a world of its own there. On the contrary, the Realm Battlefield is just a place.” After a moment, he added, “Fourth Junior Sister knows this very well. That's likely why she didn't hesitate to break through in Destiny Canyon. Even if she broke through outside of Destiny Canyon, she knew she wouldn't benefit much from entering the supreme-grade secret realm that would appear after her breakthrough.”

Previously, Lang Chun Yuan had broken through and became a rudimentary Supreme God in the Trial of Gods' Destiny Canyon. At that time, a supreme-grade secret realm had appeared as well. However, due to the lack of people, the secret realm remained closed. She had long expected this and had planned to give up on the secret realm from the very start.

“Apart from the steady stream of rewards, you’ve also consumed two Heavenly Dao Fruits. After absorbing the rewards, your cultivation path will be free from obstructions. However, if you feel like it’s getting very difficult to make progress, take the last Heavenly Dao Fruit. If I’m not mistaken, when you reach that point, you’ll be very close to becoming a Supreme God. After consuming the last Heavenly Dao Fruit, you’ll very likely become a Supreme God. At the very least, you’ll be only a short step away from becoming one,” Yang Yu Chen, who had a good understanding of Duan Ling Tian’s situation, said.

Yang Yu Chen paused for a while before he said again, “Based on my calculations, it’ll take at least two years before you reach that point. You’ll have to work hard on the Divine Offering Land and the Sanction Land’s Realm Battlefield to become a Supreme God.”

Yang Yu Chen’s eyes were filled with anticipation when he spoke about this. Once Duan Ling Tian became a Supreme God, there would be five Supreme Gods in the Inner Palace faction. This was unprecedented in the history of the Inner Palace faction. At most, there were only four Supreme Gods at a time in the Inner Palace faction.

“I understand,” Duan Ling Tian replied solemnly with a nod.

Following that, Duan Ling Tian continued to follow Yang Yu Chen to wander the Realm Battlefield.

“Let’s go into the inner area of the battlefield. Hopefully, we’ll be able to meet an intermediate Supreme God suitable for your training. You can only go against weak intermediate Supreme Gods for now. With your current strength, you’re no match even for an ordinary intermediate Supreme God...”

‘Intermediate Supreme God!’

Duan Ling Tian and Yang Yu Chen had been on the Profound Zen Battlefield for eight years now. They had encountered many Supreme Gods during that time, but they were only rudimentary Supreme Gods.

After arriving in the inner area of the Profound Zen Battlefield, Duan Ling Tian and Yang Yu Chen finally ran into not one, but two intermediate Supreme Gods.

The two intermediate Supreme Gods were a young man and a middle-aged respectively.

The young man was dressed in a beautiful brocade robe. He was handsome and possessed a pair of piercing eyes.

The middle-aged man was dressed in a white robe. He was tall and burly, and he had a small beard.

Before Duan Ling Tian and Yang Yu Chen could react, the two intermediate Supreme Gods had already surrounded them.

The middle-aged man said, “An intermediate Supreme God and an advanced Emperor of Gods... Do elders from the Profound Energy Land like to bring their juniors around with them all the time?”

Following that, the young man clicked his tongue, making a disapproving noise, before he said, “I wonder if this intermediate Supreme God has a grudge against his junior? Otherwise, why would he bring his junior to the inner area to die?”

Chapter 4220 Yang Yu Chen’s Strength

After the two intermediate Supreme Gods surrounded Yang Yu Chen and Duan Ling Tian, Yang Yu Chen could not help but laugh. Then, he turned slightly to look at Duan Ling Tian before he said, “Junior brother, your punching bag is here. Choose one.”

Faced with two intermediate Supreme Gods, Yang Yu Chen was still calm and indifferent.

After Yang Yu Chen spoke, Duan Ling Tian’s eyes shifted to the bearded middle-aged man. Then, he said, “This one seems to be stronger so I’ll choose him.”

The young man and the middle-aged man had yet to react to Yang Yu Chen calling them punching bags, but Duan Ling Tian already began to attack the middle-aged man.

Yang Yu Chen, who was standing at the side, did not stay idle. He raised his hand, and a terrifying energy swept out toward the young man. He said in a leisurely manner, “Alright, let’s move aside and have our own fun.”

The young man’s expression changed at this moment. At this moment, he could keenly sense that Yang Yu Chen was no weaker than an advanced Supreme God despite being an intermediate Supreme God.

‘Did I run into one of those incredibly strong intermediate Supreme Gods? Is his strength really comparable to an advanced Supreme God?’

Yang Yu Chen did not hold back when he made a move. His terrifying Divine Energy contained the Mastery Dao swept toward the young man, and despite the young man's futile resistance, it easily brought the young man away.

At the same time, a heaven-and-earth phenomenon appeared, illuminating 100,000 miles of land.

Apart from the Mastery Dao, Yang Yu Chen also cast his law. His comprehension of the law alone had far surpassed that of the young man. Coupled with the Mastery Dao, it was only natural that the young man was rendered powerless.

The young man brought his prominent divine artifact with a complete artifact soul out, but it was useless. It did not give him any advantage at all. Similarly, when he activated his bloodline power, it still did not give him any advantage over Yang Yu Chen.

Upon seeing the futility of his actions, panic began to seize the young man's heart.

'Is he really just an intermediate Supreme God?!

It was beyond the young man's expectations that he would suffer such an overwhelming defeat from another intermediate Supreme God. He did not have the power to fight back at all. His opponent was too strong.

Meanwhile, after Duan Ling Tian's sudden attack, the middle-aged man's expression changed slightly. He discovered that the advanced Emperor of Gods in front of him was no ordinary advanced Emperor of Gods. He felt a huge sense of danger from the fierce seven-colored sword ray that Duan Ling Tian launched toward him. He instinctively knew that if he did not go all out or if he were careless, he would

definitely die. Nonetheless, despite the threat that Duan Ling Tian posed, he was somewhat relieved. No matter what, he was an intermediate Supreme God, and Duan Ling Tian was just an advanced Emperor of Gods.

As the middle-aged man dodged Duan Ling Tian's attack, he turned to the side just in time to see his companion being taken away like a chick being carried away by a hawk. His companion was completely powerless to resist.

'Who the hell he is?!'

Seeing this scene, the middle-aged man felt chills running up his spine. His only thought now was to escape as quickly as he could.

'So what if I kill this advanced Emperor of Gods? I'll still die if I don't run now. That intermediate Supreme God is too powerful!'

The middle-aged man's strength was on par with the young man. If the young man was powerless against Yang Yu Chen, he knew he would also be powerless against Yang Yu Chen.

Alas, just as the middle-aged man avoided Duan Ling Tian's attack and made a move to flee, Yang Yu Chen thwarted his plan to leave.

Yang Yu Chen's more-than-100-meter-tall Supreme God Phantom raised its hand, and a huge surge of energy swept forward like a tsunami, blocking the middle-aged man. Then, Yang Yu Chen said expressionlessly, "If you can defeat my junior brother, I'll spare your life. If you run, you'll die."

Upon hearing Yang Yu Chen's words, the waves of despair that rose in the middle-aged man's heart receded a little now that he saw a glimmer of hope. He no longer dared to flee and turned to attack Duan Ling Tian. His Supreme God Phantom, which was also more than 100 meters tall, appeared. When a long staff appeared in his hand, his artifact soul loomed above the long staff.

"You're the strongest advanced Emperor of Gods I've ever met. Very few rudimentary Supreme Gods are your match. However, I'm an intermediate Supreme God!"

At this moment, the middle-aged man pinned all his hope of surviving on defeating Duan Ling Tian. He did dare to underestimate Duan Ling Tian at all even if Duan Ling Tian was just an advanced Emperor of Gods. Not only was Duan Ling Tian powerful, but he also did not dare to hold back when he attacked because his life depended on defeating Duan Ling Tian.

"I'm going to kill you!"

Killing intent flashed in the middle-aged man's eyes as he activated his bloodline power. In just a moment, his blood energy permeated the entire place. He did not consider the possibility of Yang Yu Chen retaliating if he killed Duan Ling Tian. After all, in his opinion, it would be easy for someone as powerful as Yang Yu Chen to save Duan Ling Tian at the critical moment.

Faced with the intermediate Supreme God, Duan Ling Tian did not dare to let down his guard at all. Not only did he not hold back, but he also summoned his doppelganger from the law of space.

'He's not a native of the Profound Energy Land?!'

The middle-aged man was taken aback when he saw Duan Ling Tian's doppelganger.

Even the young man, who could only passively watch the fight, was taken aback.

The duo did not expect that such a monstrous talent was not a native of a Realm of Gods. They were even more baffled at this moment.

'Did a powerhouse discover this monstrous talent in the lower realm and bring him back to the Profound Energy Land when he was a child?'

The middle-aged man did not have time to mull over the matter. He quickly regained his senses and continued to attack Duan Ling Tian.

"What a good shot..."

Duan Ling Tian's gaze turned slightly icy when faced with the middle-aged man's aggressive and deadly attack. Following that, he and his doppelganger charged out at the same time. When a seven-colored sword appeared in his hand, a prominent divine sword appeared in his doppelganger's hand.

The prominent divine sword belonged to a Supreme God whom Duan Ling Tian previously killed. At that time, Yang Yu Chen had quickly captured the sword's artifact soul to prevent it from dying along with the rudimentary Supreme God. Artifact souls were generally loyal by nature, and this artifact soul was no different. However, since its master had died, it chose to surrender after being threatened and tempted by Yang Yu Chen. In the end, the artificial soul and the prominent divine sword became the weapons of Duan Ling Tian's doppelganger, further increasing Duan Ling Tian's strength.

Duan Ling Tian and his doppelganger charged toward the middle-aged man with a prominent divine sword with a complete artifact soul in each of their hands.

In front of the middle-aged man's Supreme God Phantom that was more than 100 meters tall, Duan Ling Tian looked incredibly small. Just the palm of the Supreme God Phantom alone was more than enough to cover his entire person.

The middle-aged man scoffed coldly as he swung the long staff in his hand, sending out wave after wave of energy and stirring up a gust of violent wind that dispersed the clouds. The void rippled, looking as though it was going to shatter.

Meanwhile, Duan Ling Tian tried to cast the Double Teleportation Profundity to avoid the attack.

The middle-aged man had disrupted the space before he attacked to prevent Duan Ling Tian from leaving. Although his strongest law was not the law of space, he was still able to disrupt the space.

Although the middle-aged man's disruption of space was not strong enough to stop Duan Ling Tian from teleporting, he managed to slow down Duan Ling Tian's speed of teleportation. As such, Duan Ling Tian could only confront him.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

In just a blink of an eye, seven-colored sword rays bloomed in the air, looking dazzling.

Boom! Boom! Boom! Boom! Boom!

The long staff was like a behemoth. Each time it fell, a terrible and deafening soundwave would sweep out. Fortunately, no one was watching in the vicinity. Otherwise, even ordinary Emperors of Gods would have been affected and hurt by the soundwaves.

Yang Yu Chen and the bound young man watched as Duan Ling Tian attacked without holding back. His strength was almost par with an intermediate Supreme God.

The corners of Yang Yu Chen's lip curled up when he saw this scene.

On the contrary, the young man's eyes widened in shock and disbelief even if Duan Ling Tian was at a slight disadvantage at this moment.

'That advanced Supreme God can hold his ground against an intermediate Supreme God?!

The young man naturally knew that the middle-aged man was not a new intermediate Supreme God who had yet to stabilize his cultivation base. He was average among intermediate Supreme Gods, but he was not weak. However, he only gained a slight advantage after exchanging dozens of moves with an advanced Emperor of Gods.

I didn't know that such a monstrous talent exists in the Profound Energy Land!'

The young man felt a tingling sensation on his scalp as he looked at Duan Ling Tian. In the past, he did not think that such a terrifying existence existed in the world. In his opinion, even the powerful Yang Yu Chen, who easily bound him, might not be a match for Duan Ling Tian once Duan Ling Tian became an intermediate Supreme God. In fact, even before Duan Ling Tian stabilized his cultivation base in the realm of an intermediate Supreme God, Duan Ling Tian should already be stronger than Yang Yu Chen.

‘He’s even more terrifying than this intermediate Supreme God! The intermediate Supreme God addressed him as ‘junior brother’ earlier. Are they fellow disciples? What kind of master would have such terrifying disciples?!’

The young man was filled with remorse at this moment. If he had known the duo was so terrifying, he would have run as far as he possibly could as soon as he spotted them. To think that he took the initiative to send himself over to become a punching bag.

At the same time, beads of sweat appeared on Duan Ling Tian’s forehead.

‘I’m not as strong as him...’

The middle-aged man was powerful enough that Duan Ling Tian could not keep up even with 99 Heavenly Veins. It was not surprising since the gap between their cultivation bases was too wide. The Divine Energy of an intermediate Supreme God was not only powerful, but it was also much more durable. He was just an advanced Emperor of Gods, after all, no matter how heaven-defying his talent was.

After exchanging another dozen moves, Duan Ling Tian sighed inwardly. ‘I don’t think I’ll be able to survive 100 moves from him...’

At this time, the middle-aged man's eyes grew brighter and brighter now that he was on the cusp of defeating Duan Ling Tian. Once he succeeded, he would be able to leave.

Suddenly...

“No!!!”

A shrill scream echoed in the air.

Following that, a tall figure appeared in the sky. The phenomenon let out an unwilling cry before it fell to the ground.

After Yang Yu Chen killed the young man he had been restraining, he flew toward the middle-aged man.

“No!” the middle-aged man cried out as his expression changed drastically, “You can't go back on your words! You promised to let me go as long as I can defeat your junior brother!”

Yang Yu Chen said indifferently, “I'm not going back on my words. You've yet to defeat my junior brother until now. How am I going back on my words if I kill you now?”
