### Chapter 4541 Successfully Surviving the Heavenly Tribulation

The Upper Three Worlds, the three strongest Worlds, had firmly established their statuses since ancient times through various means, and their goal had always been to keep the 18 Middle Worlds below them. They naturally hoped to completely subjugate the 18 Middle Worlds, but due to the 18 Worlds' cooperation and support of each other, it was not easy for them to completely subjugate the 18 Worlds. In any case, they had not given up on their goal and always paid close attention to the 18 Worlds. As such, they quickly noticed the commotion in the God Defying World.

“Previously, someone from the God Defying World comprehended the Time Sword Dao to the threshold of the seventh stage, and now, someone directly comprehended one of the Four Daos of Heaven and Earth to the seventh stage!”

“It was an advanced Supreme God from the God Defying World who survived the Heavenly Tribulation after entering the Forbidden Realm? He comprehended the Sword Dao to the seventh stage? Is he the successor of the late Sword of Time?”

“Although it's impossible for that person from the God Defying World to survive the Fatal Heavenly Tribulation, we still have to keep an eye on him.”

“Hmph! I'll go and see that advanced Supreme God who comprehended the Sword Dao to the seventh stage for myself!”

At this time, two or three people from each of the Three Upper Worlds left their respective Worlds, and all of them were World supreme powerhouses, which were known as Saints in the Outer Boundary. All of them left their Worlds to have a look at the commotion in the God Defying World and soon confirmed the report with their own eyes.

“It’s indeed an advanced Supreme God who has entered the Forbidden Realm and attracted the Fatal Heavenly Tribulation!”

“Hmph! He’ll definitely be killed by this Heavenly Tribulation!”

The powerhouses observed the commotion before them through the spatial barriers. They watched the Heavenly Tribulation as the sound of thunder rang in the air. Most of their eyes were focused on a figure standing in the eye of the storm. After some time had passed, they saw that the figure suddenly disappeared.

“He’s dead.”

“No one can defy heaven! Heaven won’t allow someone who comprehended the law and one of the Four Daos of Heaven and Earth to the paramount stage and the seventh stage respectively to exist!”

“The supreme powerhouses from the God Defying World are really foolish! That person is a rare prodigy, and yet, they allowed him to take such risks. If they didn’t, that person would’ve become a World supreme powerhouse as soon as he broke into the realm of supreme powerhouses!”

“Perhaps, the God Defying World hopes to produce a level-seven supreme powerhouse. After all, there are only level-six supreme powerhouses there.”

“It seems that the old level-six supreme powerhouse in the God Defying World is still quite powerful. Otherwise, it’d be difficult for that person to live until now...”

The old level-six supreme powerhouse that they mentioned referred to the late World supreme powerhouse of the God Defying World; who was also the father of Xiao Mu Bai; who was a Lord of the God Defying World. They were unaware that Xiao Mu Bai's father had perished a long time ago and that news of his death had been kept a secret.

Apart from that, these people were naturally also unaware that Duan Ling Tian had been spending time in the Outer Boundary to grow stronger and had only returned temporarily to overcome the Heavenly Tribulation after breaking into the Forbidden Realm.

They were also unaware that the scene of Duan Ling Tian's death, which they had just witnessed, was just an illusion created by the group of imminent World supreme powerhouses of the God Defying World, which included Xiao Mu Bai. The illusion they created could barely fool the powerhouses of the Three Upper Worlds. Fortunately, they were quite a distance away. Otherwise, it would have been difficult to fool them. Moreover, these people already had the preconception that Duan Ling Tian would definitely die.

After chatting for a while, the various supreme powerhouses from the Three Upper Worlds returned to their respective Worlds.

...

In the Asure Hell.

Using the knowledge that he obtained from the Void Elder, Duan Ling Tian successfully survived the Fatal Heavenly Tribulation. He hovered in the air as spatial energy surged around him.

The spatial energy surged for a moment before it suddenly formed a sword and released a sword ray up into the sky, looking as though it was trying to pierce the sky.

“Although I’m still an advanced Supreme God, I feel as though my soul has been completely purified...”

When Duan Ling Tian returned to his senses, he quickly sensed the changes in his body. His Divine Energy had yet to change, but he could clearly feel the improvement of his Sword Dao and his law of space that had reached the paramount stage. He had completely integrated his Sword Dao and the law of space, comprehending them both to the seventh stage and the paramount stage respectively; this was unprecedented after the gap in history.

“Next, I’ll have to break into the realm of supreme powerhouses! After my breakthrough, I should become a level-seven supreme powerhouse immediately!”

Once Duan Ling Tian became a level-seven supreme powerhouse, he would be unrivaled; he would be the strongest person in the Outer Boundary and the Myriad Worlds.

‘Based on the current situation, there are two paths I can take now. First, I can break into the realm of supreme powerhouses using the Divine Tree of Life. Second, I can break into the realm of supreme powerhouses using the Five Divine Elements!’

These two paths would help him enter the realm of supreme powerhouses. The difficulty of the latter was slightly lower than the former. With the latter, he only needed to evolve the Five Divine Elements to their final forms. As for the former, he would need to absorb the vital energy of other Divine Trees of Life to strengthen his own Divine Tree of Life. However, the difficulty lay in the fact that most Divine Trees of Life could only be found in the Little Worlds of supreme powerhouses. Currently, he might not be any weaker than the weakest supreme powerhouses, but he was still no match for the stronger ones. If he exposed his true strength now, he would definitely be targeted by everyone.

‘From now on, I have to keep a low profile until I break into the realm of supreme powerhouses. There are many people, including level-six supreme powerhouses, who won’t allow someone like me to exist, after all.’

There was no one who did not want to become the strongest person. Those who were in power had been in power for a long time, after all. How could they be willing to let someone who could threaten their status exist?

After taking a deep breath, Duan Ling Tian dismissed the thoughts in his mind. Then, he looked at Xiao Mu Bai and the others and bowed.

“Thank you, Palace Master Xiao, seniors.”

Although Duan Ling Tian was overcoming the Heavenly Tribulation earlier, he still noticed the actions of Xiao Mu Bai and the others. He knew that they were trying to protect him from the powerhouses of the Three Upper Worlds who would kill him if they learned of the truth.

## Chapter 4542 The Heavenly Text

Before Xiao Mu Bai and the others could speak after Duan Ling Tian thanked them, the deafening sound of thunder rang in the air. It sounded like the roar of a gigantic beast.

Duan Ling Tian and the others instinctively looked up and saw the spatial barriers turning transparent, revealing everything.

“What happened?”

“What’s going on?”

“Why did the spatial barriers turn transparent? However, I can sense that they’re still there, and they’re not weakened...”

At this moment, even Xiao Mu Bai and the others, who had lived a long time, looked perplexed by this phenomenon. This was the first time they had witnessed such a thing in the duration of their long lives.

‘This...’

At the same time, a foreboding feeling rose in Duan Ling Tian’s heart. He had just survived the Fatal Heavenly Tribulation, and for something to happen now, it could not be a good thing.

...

While Duan Ling Tian and the others were confused, everyone in the Myriad Worlds, including the God Defying World, and the Outer Boundary saw the changes in the sky as well. They saw the spatial barriers turning transparent. Similarly, they were shocked and confused.

“What’s going on?”

“What happened?”

“I’ve lived for tens of thousands of years, but this is the first time I’ve seen such a thing...”

“What’s going on? I’ve read many ancient books, but I’ve never read about something like this before...”

At this time, everyone, as long as they were not in closed-door cultivation, looked at the sky in confusion.

Under everyone’s watchful eyes, dark clouds appeared behind the spatial barriers, accompanied by the deafening sound of thunder. After a brief moment, a ray of golden light suddenly appeared from behind the dark clouds before it formed a passage, which could be read by everyone.

‘Congratulations to Duan Ling Tian, the advanced Supreme God from the God Defying World, on breaking into the Forbidden Realm and successfully overcoming the Fatal Heaven Tribulation. You’re expected to become the first level-seven supreme powerhouse after the gap in history and surpass all the World supreme powerhouses and Saints in the Myriad Worlds and the Outer Boundary!’

Most people were confused after reading the passage. They had never heard of the Forbidden Realm of the Fatal Heavenly Tribulation. Most of them did not even know who Duan Ling Tian, an advanced Supreme God from the God Defying World, was. Nonetheless, they still know what a level-seven supreme powerhouse meant and that a level-seven supreme powerhouse was stronger than level-six supreme powerhouses who stood at the peak in the Outer Boundary and the Myriad Worlds.

“Someone’s going to surpass the Saints and World supreme powerhouses?”

“Duan Ling Tian from the God Defying World? That’s not one of the Three Upper Worlds...”

“I remember the God Defying World is one of the 18 Middle Worlds!”

On the contrary, the expressions of those who knew about the Forbidden Realm and the Fatal Heavenly Tribulation changed drastically. This was especially true for the various powerhouses from the Three Upper Worlds who saw the golden heavenly text not long after they returned to their respective Worlds. With their cultivation bases, they naturally know that only heaven could manifest words that could be seen by all beings in the Outer Boundary and the Myriad Worlds.

“How did he survive it?!”

“Damn it! We were fooled!”

Unsurprisingly, the powerhouses from the Three Upper Worlds were furious after discovering that they had been deceived. They left immediately and arrived at the place where Duan Ling Tian overcame the Fatal Heavenly Tribulation earlier.

In just a moment, quite a few figures could be seen in the Asura Hell, which was rather empty just a moment ago.

Apart from the powerhouses from the Three Upper Worlds, quite a few powerhouses from the 18 Middle Worlds had also come to watch the show.

At the same time, Xiao Mu Bai and the other imminent World supreme powerhouses felt heavy pressure bearing down on them. There were no fewer than twenty World supreme powerhouses standing in front of them at this moment. Moreover, the number was still increasing.

At this time, a tall and strong figure stepped forward, leaving a violent surge of energy in his wake that caused many imminent World supreme powerhouses to retreat. He said, “God Defying World, hand over that person who survived the Fatal Heavenly Tribulation!”

At the same time, someone exclaimed, “It’s Lei Hong, the World supreme powerhouse from the Sun Bright World!”

The Sun Bright World was one of the Three Upper Worlds, the most powerful Worlds among the Myriad Worlds, and Lei Hong was one of its World supreme powerhouses. He was very powerful and had become famous at a very young age. There were few in the Myriad Worlds and the Outer Boundary who were a match for him.

After a brief moment, the World supreme powerhouses from the other two Upper Worlds stepped forward and chimed in as well. Their pressure was like a mountain bearing down on Xiao Mu Bai and the others. Not only that, but the pressure caused Xiao Mu Bai and the others to spit out a mouthful of blood.

This was not surprising. How could imminent World supreme powerhouses be a match for World supreme powerhouses, especially these few people who were among the most powerful World supreme powerhouses?

A hint of helplessness could be seen in Xiao Mu Bai’s eyes at this moment.

“God Defying World, to avoid annihilation, it’s best if you hand that Duan Ling Tian over to us!”

“Hand that man over, or we’ll annihilate the God Defying World today!”

...

At the same time, with such a huge commotion, the Saints in the Outer Boundary were naturally alerted as well.

At this time, in the Jade Tide Heavenly Mansion, which Duan Ling Tian just joined, a Saint walked over accompanied by two people, one of which was Xiao Tian Ci; the Palace Master of the Golden Dragon Palace.

A complicated expression could be seen on Xiao Tian Ci's face at this moment, shocked that Duan Ling Tian had achieved the impossible.

'If he's able to overcome this danger, he'll become the first level-seven supreme powerhouse after the gap in history!'

Xiao Tian Ci could not help but feel slightly excited when he thought about this.

At this time, the Saint of the Jade Tide Heavenly Mansion sighed softly and said, "I really didn't expect that such a monstrous prodigy would end up joining our Jade Tide Heavenly Mansion! I hope he has already left the God Defying World when the heavenly text appeared. Otherwise, he'll be killed and the God Defying World will also be annihilated."

Chapter 4543 Reverence for Duan Ling Tian

"Annihilate the God Defying World?"

Xiao Mu Bai wiped the blood off the corner of his lips before he stepped forward. He seemed confident and fearless as he looked at the World supreme powerhouses from the Three Upper Worlds and laughed as he asked, “Are you sure you want to annihilate the God Defying World?”

Following that, Xiao Mu Bai raised his hand, conjuring a mirror image.

A handsome purple-clad young man appeared in the mirror image immediately. He looked indifferent as he said to the powerhouses from the Three Upper Worlds, “If the God Defying World suffers any damages and if our supreme powerhouses die because of me surviving the Fatal Heavenly Tribulation, I swear that I’ll kill all of you. Prepare to suffer the consequences if you ignore this warning.”

Following that, the mirror image disappeared.

Xiao Mu Bai sneered as he looked at the group of World supreme powerhouses, who wore unsightly expressions on their faces.

The expression of Lei Hong; the World supreme powerhouse from the Sun Bright World, was very dark as he turned around and left without a word.

It was not difficult for this group of World supreme powerhouse to annihilate the God Defying World. However, Duan Ling Tian had clearly already left the God Defying World; it would be pointless for them to annihilate the God Defying World. It would not be so easy for them to find him and kill him now. If they acted recklessly now, it would be terrible if he successfully became a level-seven supreme powerhouse in the future. At that time, no one would be able to stop him from destroying the Three Upper Worlds. After all, they had no doubt that the difference between a level-six supreme powerhouse and a level-seven supreme powerhouse was like a deep chasm.

In the past, there were many level-six supreme powerhouses who died or nearly died in Realms of Origins left behind by level-seven supreme powerhouses. With this, one could imagine how powerful level-seven supreme powerhouses were.

The entire place was silent as Lei Hong and the other World supreme powerhouses from the Three Upper Worlds left. None of them dared to underestimate Duan Ling Tian even though he was just a puny advanced Supreme God now. After all, once he break into the realm of supreme powerhouses, he would surpass all of them, becoming the first level-seven supreme powerhouse after the gap in history.

In just a moment, only powerhouses from the 18 Middle Realms and the powerhouses from the Outer Boundary, who arrived later, were left on the scene.

At the same time, those who had a close relationship with Xiao Mu Bai began to congratulate him through Voice Transmission.

“Congratulations, Lord Xiao!”

None of them dared to openly congratulate Xiao Mu Bai, afraid of offending the Three Upper Worlds. After all, the Three Upper Worlds might not dare to lay a finger on the God Defying World because of Duan Ling Tian, but the same could not be said for their respective Worlds.

Soon after, the powerhouses from the 18 Middle Worlds and the Outer Boundary left as well.

The Saint from the Jade Tide Heavenly Mansion was among these people. He did not say anything to Xiao Mu Bai and the other imminent World supreme powerhouses from the God Defying World to avoid unnecessary trouble. After all, if it was possible, it was best to avoid offending the Three Upper Worlds. Who knew if the Three Upper World would seek revenge in the future?

Now that the crisis had been resolved, Xiao Mu Bai and the others sighed in relief and exchanged a smile.

“Hope that Little Duan will break into the realm of supreme powerhouses as quickly as possible!”

At this time, the group of supreme powerhouses, who had lived for a long time, changed the way they addressed Duan Ling Tian. After all, they knew that he would surpass all of them as soon as he entered the realm of supreme powerhouses.

“I really didn’t expect him to surpass me so soon,” Xiao Mu Bai said with a smile.

...

Meanwhile, those who knew Duan Ling Tian, including Feng Qing Yang, were similarly shocked by the heavenly text.

Feng Qing Yang smiled wryly as he thought to himself, ‘Little Tian overcame the Fatal Heavenly Tribulation? I must quickly catch up now that my disciple is one step ahead of me...’

Following that, Feng Qing Yang quickly stepped into a Transportation Formation.

...

Everyone in the God Defying World was also shocked.

“Duan Ling Tian?”

Most of them did not know what the Forbidden Realm or the Fatal Heavenly Tribulation were; only supreme powerhouses knew what they were. Nonetheless, all of them knew that something extraordinary had happened due to the appearance of the heavenly text.

“Duan Ling Tian is really amazing!”

“I didn’t expect that young man would come so far!”

“Amazing! I can’t believe Duan Ling Tian has grown to this extent!”

...

In a rundown city in the Outer Boundary.

A young man with a feminine appearance waved his hand and rose into the air. At this moment, his face was unnaturally pale as he muttered to himself in disbelief, “Duan Ling Tian? How is it possible that he has grown so strong? Impossible!”

The young man was none other than Yun Qing Yan, who had been possessed by a supreme powerhouse from the soul imprisonment clan. He was now known as Yun Xin Feng.

“This can’t be real! I must be dreaming!” Yun Xin Feng continued to mutter to himself as he turned into a streak of light and left.

...

A few days later.

A familiar phenomenon that just appeared a few days ago appeared in the Outer Boundary and the Myriad Worlds again.

“What’s going on?”

“Is it the heavenly text again?”

While people were wondering if the phenomenon had something to do with Duan Ling Tian becoming a level-seven supreme powerhouse...

‘Congratulations to Feng Qing Yang, an intermediate Supreme God from the God Defying World, on breaking into the Forbidden Realm and successfully overcoming the Fatal Heaven Tribulation. You’re expected to become the second level-seven supreme powerhouse after the gap in history and surpass all the World supreme powerhouses and Saints in the Myriad Worlds and the Outer Boundary!’

Chapter 4544 Feng Qing Yang Enters the Realm of Supreme Powerhouses

In the beginning, everyone assumed that the heavenly text appeared again because Duan Ling Tian had successfully become a level-seven supreme powerhouse. They were naturally surprised when they saw that it was not the case.

“What’s going on?”

“Another monstrous prodigy from the God Defying World survived the Fatal Heavenly Tribulation?”

“Feng Qing Yang is only an intermediate Supreme God, but he has already comprehended a law and one of the Four Daos of Heaven and Earth to the paramount stage and the seventh stage respectively?!”

“Is this a joke?”

“Did the God Defying World discover the secret to surviving the Fatal Heavenly Tribulation?”

Needless to say, the Outer Boundary and the Myriad Worlds were even more shocked when they found out that Feng Qing Yang had survived the Fatal Heavenly Tribulation.

...

The expressions of the powerhouses from the Three Upper Worlds were extremely unsightly at this moment. In addition to Duan Ling Tian, there was also Feng Qing Yang now. Apart from that, they failed to notice Feng Qing Yang completely. Feng Qing Yang had cleverly found a remote place to overcome the Fatal Heavenly Tribulation. Moreover, the Fatal Heavenly Tribulation of an

intermediate Supreme God like him was much weaker, and as such, did not stir up a commotion. For this reason, he successfully escaped their notice until it was too late.

“Did the God Defying World discover the secret? How’s it possible for two people from the God Defying World to survive the Fatal Heavenly Tribulation when no one has been able to do so after the gap in history?”

“The God Defying World is going to rise to the top soon!”

“When Duan Ling Tian and Feng Qing Yang become level-seven supreme powerhouses, our Three Upper Worlds will be below the God Defying World...”

“Let alone the two of them, even if only one of them becomes a level-seven supreme powerhouses, our Three Upper Worlds still have to yield to the God Defying World.”

The powerhouses from the Three Upper Worlds only discussed among themselves and did not go to the God Defying World due to Duan Ling Tian’s earlier warning. Unless they were certain they could kill Duan Ling Tian and Feng Qing Yang, none of them dared to act recklessly when it came to the God Defying World

...

On the contrary, many powerhouses from the other 17 Middle Worlds came to the God Defying World to congratulate Xiao Mu Bai and the others.

“Lord Xiao, the God Defying World is going to rise to the peak soon! I really wonder how they managed to survive the Fatal Heavenly Tribulation after breaking into the Forbidden Realm...”

“The Ornate Feather World and the God Defying World are allies. The enemies of the God Defying World are the enemies of our Ornate Feather World as well...”

Faced with the powerhouses from the Middle Worlds, Xiao Mu Bai only responded to them perfunctorily before sending them away. A hint of shock could be seen in his eyes as he murmured to himself, “What a great surprise! This master-and-disciple duo is really amazing! I wonder where Feng Qing Yang went to overcome the Fatal Heavenly Tribulation?”

Just like the others, Xiao Mu Bai was completely shocked after learning that Feng Qing Yang had also survived the Fatal Heavenly Tribulation.

“That’s right. Once Duan Ling Tian and Feng Qing Yang become supreme powerhouses, our God Defying World will reign supreme in the Myriad Worlds and the Outer Boundary!”

“I didn’t expect to see such a day...”

“When that glorious day arrives, our God Defying World will become the strongest World, far surpassing the Three Upper Worlds!”

The imminent World supreme powerhouses could barely contain their excitement. They did not waste time and tried to gather as much information about Duan Ling Tian and Feng Qing Yang as they could, hoping to use the information to curry favor with the duo.

Needless to say, Duan Ling Tian and Feng Qing Yang were unaware of this matter.

...

In the Divine Offering Land's Xia clan in the God Defying World.

Xia Jie was unsurprisingly delighted by the appearance of the heavenly text again.

“Not only did Little Tian survive the Fatal Heavenly Tribulation, but his master has also survived it! There's hope for Xue'er!”

At the same time, Xia Yu; the Clan Leader of the Xia clan, was fully convinced by Duan Ling Tian's strength. Although he had already acknowledged that Duan Ling Tian was very outstanding, this was still beyond his expectations. Duan Ling Tian and Feng Qing Yang were too heaven-defying!”

...

At the same time, many people and forces in the God Defying World, who had close relationships with Duan Ling Tian and Feng Qing Yang, rejoiced.

...

The Outer Boundary.

A purple figure hovered in the sky, looking at the heavenly text.

“I didn’t expect master to have come this far as well...”

The purple figure belonged to Duan Ling Tian. After leaving the Asura Hell, he returned to the Outer Boundary. He was currently in an unfamiliar barren land. During this time, he ran into a few ignorant advanced Supreme Gods who tried to provoke him and killed all of them.

Duan Ling Tian’s top priority now was to find a place and break into the realm of supreme powerhouses as soon as he possibly could. After that, he would become the most powerful in the Outer Boundary and the Myriad Worlds, and most importantly, he would be able to free Ke’er from the soul imprisonment technique.

”Do I Strengthen my Divine Tree of Life or do I evolve my Five Divine Elements to their final forms?”

In the end, Duan Ling Tian decided to do both at the same time. For now, he did not have to focus on his laws and Sword Dao. With the Void Elder’s memories and knowledge, further comprehending the laws and the Sword Dao would be easy.

...

In one of the 18 Middle Worlds.

A figure that resembled a sword left and flew toward the Outer Boundary. It was none other than Feng Qing Yang who had just survived the Fatal Heavenly Tribulation.

Needless to say, the heavenly text also stirred up a commotion in this Middle World.

“What happened? Another person attracted and survived the Fatal Heavenly Tribulation?”

“However, this Fatal Heavenly Tribulation isn’t very powerful... Nonetheless, it’s still very intimidating...”

“Of course. After all, it’s the Fatal Heavenly Tribulation that the intermediate Supreme God attracted after entering the Forbidden Realm!”

...

When Feng Qing Yang returned to the Outer Boundary, he stopped suppressing his cultivation base and allowed it to rise freely. In just a brief moment, he broke through and entered the realm of advanced Supreme Gods.

When he mobilized his Divine Energy and Sword Dao, he suddenly felt a pull.

‘That’s fast! It seems like I’ll become a level-seven supreme powerhouse ahead of Little Tian!’

In just a moment, Feng Qing Yang’s energy surged rapidly. Soon after becoming an advanced Supreme God, he broke into the realm of supreme powerhouses.

Subsequently, a strange and huge phenomenon appeared in the sky.

## Chapter 4545 The First Level-Seven Supreme Powerhouse After the Gap in History

Under normal circumstances, advanced Supreme Gods would feel a pull from the realm of supreme powerhouses when they had either comprehended a law to the paramount stage or a Dao of Heaven and Earth to the seventh stage. Many would comprehend the laws and the Four Daos of Heaven and Earth as much as they could before entering the realm of supreme powerhouses. This was because it would be difficult to make improvements after entering the realm of supreme powerhouses.

Most powerful supreme powerhouses had profound comprehensions of the laws and the Four Daos of Heaven and Earth before they broke into the realm of supreme powerhouses.

As for Feng Qing Yang, since he had comprehended the law and the Sword Dao to the paramount stage and the seventh stage respectively as an intermediate Supreme God, he quickly became an advanced Supreme God and could directly break into the realm of supreme powerhouses after that.

“Today, I, Feng Qing Yang, finally became a level-seven supreme powerhouse!”

Feng Qing Yang’s eyes were extremely bright at this moment. His terrifying Divine Energy surged in the air, sweeping past the phenomenon in the sky.

The entire Outer Boundary and the Middle Worlds closest to the Outer Boundary began to shake due to his powerful Divine Energy.

Soon enough, the heavenly text appeared again in front of the eyes of everyone in the Outer Boundary and the Myriad Worlds.

“Congratulations to Feng Qing Yang from the God Defying World on becoming the first level-seven supreme powerhouse after the gap in history, surpassing all the Saints and World supreme powerhouses!”

...

“Heavens! A level-seven supreme powerhouse, who’s much more powerful than Saints, finally appeared?”

“Surpassing Saints and World supreme powerhouses? This means he’s truly invincible!”

“The God Defying World is too heaven-defying! There’s also Duan Ling Tian. He should have a breakthrough soon, right?”

“With this, the God Defying World has risen to unprecedented heights!”

...

The Langya Sword Pavilion in the Outer Boundary’s Sacred Wind Realm.

The Langya Sword Pavilion was a demi-saint-rank force that Feng Qing Yang joined previously. Everyone in the sword pavilion was shocked when they learned that Feng Qing Yang had become a level-seven supreme powerhouse thanks to the heavenly text in the sky.

“I didn’t expect Little Qing Yang to hide the true strength of his Sword Dao previously... Now, he’s even stronger than the Saints!” the Vice Pavilion Master of the Langya Sword Pavilion exclaimed. He was the one who invited Feng Qing Yang to join the Langya Sword Pavilion in the past.

At the same time, many people in the Langya Sword Pavilion felt regretful after reading the heavenly text.

“If I had known better, I’d have tried to get closer to Feng Qing Yang. Who knew that the intermediate Supreme God from the past would surpass all the supreme powerhouses in the Outer Boundary and the Myriad Worlds?”

“I knew Feng Qing Yang was extraordinary! I was right!”

“Me too! I knew Feng Qing Yang was destined for great things!”

...

Xiao Mu Bai and the other imminent World supreme powerhouses looked at each other in shock and disbelief after they gathered.

“Our God Defying World has a level-seven supreme powerhouse now?”

“So Duan Ling Tian’s master became a level-seven supreme powerhouse first?”

Soon enough, the shock and disbelief were replaced by joy.

Now that Feng Qing Yang was a level-seven supreme powerhouse, the God Defying World was now the most powerful World among the Myriad Worlds.

“I didn’t expect Feng Qing Yang to become a level-seven supreme powerhouse first...” Xiao Mu Bai said.

...

It was not just Xiao Mu Bai and the others, almost everyone, especially those who served Feng Qing Yang when he was the Heavenly Emperor of the Solitary Destructive Heaven, was overjoyed.

...

“Master has broken through?!”

Duan Ling Tian was trying to break into the realm of supreme powerhouses when he saw the heavenly text. He was naturally happy for his master.

“I must hurry! The World Cleansing Divine Water is about to reach the highest level and transform into its final form! I’ll evolve the other Divine Elements after that. With that, I’ll become the second level-seven supreme powerhouse in the Outer Boundary and the Myriad Worlds!”

With the Void Elder's memories, Duan Ling Tian also knew the seventh level of supreme powerhouses was just the beginning. After all, it was the Void Elder's greatest wish to surpass heaven!

...

At this time, a World supreme powerhouse accompanied by four imminent World supreme powerhouses suddenly appeared in front of Feng Qing Yang and quickly greeted him reverently.

"Congratulations, Lord Feng!"

Feng Qing Yang nodded in acknowledgment before he said, "Sorry for the trouble."

After all, the Myriad Worlds nearby had been seriously damaged by Feng Qing Yang's Divine Energy.

"Lord Feng, you're too courteous," the World supreme powerhouse said.

"I owe your World a favor," Feng Qing Yang said before he suddenly disappeared.

The group of supreme powerhouses was overjoyed upon hearing these words. After all, how precious was the favor of a level-seven supreme powerhouse? With this, they did not even have to fear the Three Upper Worlds.

After Feng Qing Yang left, the World supreme powerhouse sighed in relief and said, “He’s really too powerful. I didn’t expect the difference between a level-six and level-seven supreme powerhouses to be so vast... Although he has yet to stabilize his cultivation base and I’m at the peak of the sixth level, I was completely overwhelmed by his aura earlier.”

Upon hearing this, the imminent World supreme powerhouses inhaled sharply.

...

When Feng Qing Yang returned to the God Defying World...

“Welcome back to the God Defying World, Lord Feng!”

Feng Qing Yang was surprised when he saw Xiao Mu Bai leading a group of supreme powerhouses to greet him. Moreover, they were very respectful even though he was their junior.

Chapter 4546 Feng Qing Yang’s Strength

“Everyone, you’re being too courteous,” Feng Qing Yang said with a smile. He glanced at the group of supreme powerhouses and quickly discovered that all of them were imminent World supreme powerhouses. Then, he asked curiously, “Does our God Defying World not have a World supreme powerhouse?”

Upon hearing this question, the group of supreme powerhouses smiled bitterly. If someone had asked this question in the past, they would never tell the truth. However, things were different now.

Xiao Mu Bai sighed and replied, “My lord, my father was the World supreme powerhouse of the God Defying World. Unfortunately, he perished. Outsiders aren’t aware of this.”

At this time, Xiao Mu Bai no longer treated Feng Qing Yang as a junior. Instead, he treated the latter as the guardian of the God Defying World. With Feng Qing Yang’s presence, he finally felt that the burden on his shoulders had been lifted. For many years, he had taken on the full responsibility of protecting the God Defying World so his peers could focus on growing stronger to overcome the once-in-ten-thousand-year Heavenly Tribulation. Now, he could finally stop worrying about the Myriad Worlds and the Outer Boundary finding out about his father’s passing. Although the God Defying World did not have a World supreme powerhouse, it now had someone who was stronger than World supreme powerhouses.

“I see,” Feng Qing Yang said with a nod. Then, he added, “Everyone, with my presence, you can now take it easy. I was born and raised in the God Defying World so I won’t hesitate to step forward when needed. I’ll take my leave now; there’s something urgent I need to attend to...”

Feng Qing Yang did not waste time and quickly left, intending to go to the Divine Offering Land to save Ke’er. However, not long after, he looked up ahead in the distance as though he had sensed something. Then, he scoffed coldly.

Following that, a huge sword suddenly appeared in the air before it shot toward the distance, leaving spatial tears in its wake. The spatial tears revealed a few pairs of curious eyes in the distance.

“What? You’re curious about my strength?” Feng Qing Yang said icily.

Subsequently, two sword rays shot out of Feng Qing Yang’s eyes.

...

At the same time, in the distance...

“Heavens!”

“This is the strength of a level-seven supreme powerhouse!”

“His soul energy is terrifyingly powerful!”

The World supreme powerhouses from the Three Upper Worlds, including Lei Hong from the Sun Bright World, looked terrified. At the same time, blood trickled out of their eyes.

“What should we do now? Feng Qing Yang is clearly much stronger than all of us! We won’t stand a chance if he intends to kill us!”

“We should call for an emergency meeting to come up with a plan!”

“Now that Feng Qing Yang has become a level-seven supreme powerhouse, it won’t be long before Duan Ling Tian follows in his footsteps!”

The powerhouses from the Three Upper Worlds felt a sense of crisis at this moment. They did not expect Feng Qing Yang’s strength to overwhelm theirs completely, and it far exceeded their expectations.

“I don’t think I’ll be able to withstand a single blow from him if we fight,” Lei Hong said.

Lei Hong, the World supreme powerhouse from the Sun Bright World, was infamous for his ill temper. He was widely acknowledged to be a powerful World supreme powerhouse in both the Myriad Worlds and the Outer Boundary. Alas, he was forced to restrain his temper now since he was no match for Feng Qing Yang.

...

Not long after Feng Qing Yang arrived, he quickly freed Ke’er from the soul imprisonment technique. Just like that, the trouble that had been plaguing Duan Ling Tian for many years was resolved.

Feng Qing Yang smiled at Xia Yu and Xia Jie as he said, “She’s fine now. However, it’ll take some time before she regains consciousness.”

“Thank you, Lord Feng!” Xia Yu and Xia Jie thanked Feng Qing Yang in unison.

“Don’t mention it. Ke’er is my disciple’s wife after all. We can be considered family,” Feng Qing Yang said, “My disciple should have a breakthrough soon and will be returning. I plan to stay in the Xia clan to wait for his return. Clan Leader Xia, I’ll have to trouble you with the accommodation. I apologize for the inconvenience.”

Xia Yu shook his head and said hastily, “It’s an honor for us, my lord!”

Xia Yu was naturally delighted that Feng Qing Yang would be staying in the Xia clan. After all, at this time, almost everyone was scrambling to curry favor with Feng Qing Yang, the strongest person in both the Myriad Worlds and the Outer Boundary.

At the same time, the supreme powerhouse from the Xia clan could only wait patiently to meet Feng Qing Yang as other supreme powerhouses made their way to the Xia clan to meet Feng Qing Yang.

...

In the Outer Boundary.

Yun Xin Feng's expression was extremely unsightly when he sensed his soul trembling. His eyes shone with madness as he muttered to himself, "My soul imprisonment technique has been destroyed! Even a World supreme powerhouse wouldn't be able to get rid of it so easily. There's no doubt that Feng Qing Yang, Duan Ling Tian's master, is behind this! That pair of master and disciple must have discovered the secret to becoming level-seven supreme powerhouses. I wonder what will happen if I discover the secret?"

...

In the Sun Bright World, one of the Three Upper Worlds.

A group of supreme powerhouses was gathered at this time.

"Everyone, are we just going to stand aside and do nothing?" an old man asked with a grim expression on his face. A hint of fear could be seen in his eyes as he continued to say, "Don't forget

what we tried to do after Duan Ling Tian survived the Fatal Heavenly Tribulation. Do you think the God Defying World will forget that we threatened to destroy them if they didn't hand Duan Ling Tian over?"

Various expressions of regret and remorse could be seen on the supreme powerhouses' faces as they reflected on their rash actions.

After a moment, one of them sighed and asked, "Then, what do you think we should do?"

#### Chapter 4547 Heaven Traversing Pagoda and the Heaven Protection Talisman

While the group of supreme powerhouses of the Three Upper Worlds was discussing ways to deal with the imminent threat that was the God Defying World, what sounded like the chanting of Buddhist mantras rang from the sky, attracting everyone's attention.

At the same time, an incomparably bright golden light shone in the sky like the sun as though it was heralding the arrival of a god.

Needless to say, everyone in the Myriad Worlds and the Outer Boundary, including the powerhouses from the Three Upper Worlds, was shocked.

"It's the heavenly text again?"

Indeed. However, this time, the heavenly text did not announce the success of someone surviving the Fatal Heavenly Tribulation or becoming a level-seven supreme powerhouse.

!!

“Heaven and earth should rejoice and celebrate the birth of the first level-seven supreme powerhouse after the gap in history. After this, the Heaven Traversing Pagoda will appear above the ocean at the center of the Outer Boundary. Level-five and level-six supreme powerhouses can enter the pagoda. After successfully passing a series of tests, one will be rewarded with the Heaven Protection Talisman that can help one block three strikes of the Fatal Heavenly Tribulation!”

Everyone was stunned.

“Heaven Traversing Pagoda? Heaven Protection Talisman? It can block three strikes from the Fatal Heavenly Tribulation?”

“It sounds like this is a challenge to help level-five and level-six supreme powerhouses to become stronger, right?”

“It seems like there’ll be supreme powerhouses stronger than level-six supreme powerhouses in the Outer Boundary and the Myriad Worlds soon!”

“The seventh level of supreme powerhouses has always been unreachable in the Outer Boundary and the Myriad Worlds after the gap in history... Feng Qing Yang is the first person to reach the seventh level after the gap in history...”

“Why do I feel like heaven is intentionally making things difficult for Feng Qing Yang and Duan Ling Tian? They just overcame the Fatal Heavenly Tribulation with great difficulty, and Feng Qing Yang just became a level-seven supreme powerhouse not long ago... However, heaven is suddenly giving level-five and level-six supreme powerhouses a chance to enter the seventh level?”

Needless to say, the heavenly text caused a huge uproar in the Outer Boundary and the Myriad Worlds.

At the same time, the eyes of the supreme powerhouses from the Three Upper Worlds were extremely bright at this moment.

“It seems like heaven is unwilling to let the God Defying World rise to the top! Everyone, a golden opportunity has presented itself to us!” Lei Hong from the Sun Bright World said with a laugh. His muscular body even trembled slightly from his excitement.

“Although the Heaven Protection Talisman can only block three strikes of the Fatal Heavenly Tribulation, it’ll help us greatly. I don’t know about all of you, but I definitely will not let this chance pass me by! I won’t just do nothing and watch as the God Defying World subjugates the Sun Bright World! This is worth a shot even if it means risking my life! The fire in my heart that has been dormant for many years is finally burning again!” Lei Hong said excitedly.

Lei Hong did not waste time and quickly made his way to the Outer Boundary. Not long after he left, the other supreme powerhouses exchanged a look.

“Lei Hong is right! Put Duan Ling Tian and Feng Qing Yang aside, it’s impossible to survive the Fatal Heavenly Tribulation after the gap in history. Although the risk of dying is still high even with the Heaven Protection Talisman, I still want to take the risk,” an old man with a strong body said. He rose to his feet and continued to say before he left, “I don’t care if I have to lower myself in front of the level-seven supreme powerhouse from the God Defying World. After all, this is a dog-eat-dog world where the strong are revered. I’m more concerned with surviving my upcoming Heavenly Tribulation; I had a difficult time with the previous one. The chances of me surviving my upcoming Heavenly Tribulation is very low. Rather than waiting for my death, it’s better for me to take this risk. If I succeed, not only will I be able to live longer, but I’ll also become much stronger. At that time, I don’t have to lower myself in front of those two brats!”

After Lei Hong and the old man's departure, half of the supreme powerhouses present left as well, spurred by Lei Hong and the old man's actions and words. As for the others, they decided to observe the situation first.

Apart from the powerhouses from the Three Upper Worlds, quite a few figures from the other Worlds could be seen making their way to the Outer Boundary as well.

...

At the same time, Duan Ling Tian's expression was very dark after he read the heavenly text.

"The Heaven Protection Talisman can block three strikes from the Fatal Heavenly Tribulation? Heaven is really shameless!"

Based on his experience with the Fatal Heavenly Tribulation, Duan Ling Tian knew he would be able to pass the tribulation easily if he had the Heaven Protection Talisman. As for the other level-five and level-six supreme powerhouses, their chances of surviving the Fatal Heavenly Tribulation had risen from 0% with the Heaven Protection Talisman. For those who were more powerful, their chances of surviving had risen to 50%.

"I'll make heaven pay for this one day... I will fulfill the Void Elder's final wish and crush heaven!" Duan Ling Tian muttered under his breath as his eyes shone with determination and killing intent.

Chapter 4548 All He Did Was Look at Me

"Heaven Traversing Pagoda?"

Similar to Duan Ling Tian, Feng Qing Yang was also furious when he saw the heavenly text. After all, he had risked his life to become the first level-seven supreme powerhouse after the gap in history. However, after his success, heaven created the Heaven Traversing Pagoda and the Heaven Protection Talisman to help the level-five and level-six supreme powerhouses in the Outer Boundary and the Myriad Worlds to become level-seven supreme powerhouses. How could he be willing?

Feng Qing Yang scoffed before he took to the sky. He traveled through the turbulent space to the Heaven Traversing Pagoda in the Outer Boundary, looking as though it was a stroll in a park. As a level-seven supreme powerhouse, he was unsurprisingly the first to arrive after the heavenly text appeared in the sky.

‘So this is the Heaven Traversing Pagoda...’

Feng Qing Yang looked at the huge pagoda suspended above the ocean. His eyes flashed when he sensed the mysterious aura from the pagoda. He could also sense a few distinct auras lurking under the surface of the sea, waiting to strike.

It was not difficult to guess that the Heaven Traversing Pagoda had also attracted the attention of the demon beasts in the sea. Nonetheless, even the strongest among the demon beasts was just a level-four supreme powerhouse, far inferior to level-five and level-six supreme powerhouses.

In a palace in the depths of the sea, a skinny old man holding a scepter with a burning gaze muttered to himself, “Alas, only level-five and level-six supreme powerhouses can enter the pagoda...”

After a moment, the old man suddenly exclaimed, “Someone’s already here? How fast!”

The old man saw a blue-clad young man appear near the Heaven Traversing Pagoda.

The blue-clad young man rested his hands on his back as he looked at the Heaven Traversing Pagoda calmly.

“He’s definitely much stronger than I am,” the old man muttered. After all, unlike the blue-clad young man, a level-four supreme powerhouse like him would not be able to casually stand near the Heaven Traversing Pagoda.

“He... He has to be a level-six supreme powerhouse at least, right?”

Just as this thought appeared in the old man’s eyes, the blue-clad young man suddenly turned around. Although they were in different places at this moment, the old man felt as though the other party was looking at him at this moment. He could only watch in horror as two sword rays shot out from the young man’s eyes toward him.

Swoosh! Swoosh!

The old man had to use all his strength just to block the sword rays.

Boom! Boom! Boom!

The palace was instantly reduced to rubble, and those with weaker cultivation bases were severely injured and passed out immediately. As for the supreme powerhouses, some of them were bleeding from their eyes and some of their faces were extremely pale. It was as though they had just had a life-or-death battle.

At this time, a middle-aged man asked fearfully, “My lord, what happened? Did a Saint attack you?”

The old man smiled wryly. “Attack me? No, all he did was look at me...”

The group of people gasped upon hearing these words. They could not help but wonder about the identity of the other party. After all, even powerful Saints were not capable of such a feat.

“That’s right,” the old man said with a sigh. Then, he looked up at the surface of the sea and said fearfully, “If I’m not mistaken, he must be Feng Qing Yang; the first level-seven supreme powerhouse after the gap in history!”

Everyone fell silent for a brief moment upon hearing these words.

After a moment, someone asked, “Since he’s a level-seven supreme powerhouse, the Heaven Traversing Pagoda and the Heaven Protection Talisman should be useless to him, right?”

“That’s right,” the old man said with a nod as his eyes flashed, “If I’m not mistaken, he must be here to stop the Saints from entering the Heaven Traversing Pagoda. Without the Heaven Protection Talisman, he, and soon Duan Ling Tian, will be the only level-seven supreme powerhouses. Why would he allow others to grow stronger if he had the power to stop them?”

It was not difficult for the old man to guess Feng Qing Yang’s thoughts. In fact, it was not just him. Most people in the Outer Boundary and the Myriad Worlds could guess it. After all, they could all see how unfair heaven was to him and Duan Ling Tian.

Chapter 4549 Those Who Force Their Way in Can Only Die!

The Heaven Traversing Pagoda suspended above the ocean was like a mountain. It shone brightly and exuded a terrifying aura, which repelled those with weaker cultivation bases. After all, only level-five or level-six supreme powerhouses could enter the pagoda.

Swoosh!

A gust of wind blew past before a tall and burly figure appeared in the distance. It belonged to a middle-aged man who was staring at the Heaven Traversing Pagoda with bright eyes at this moment. The middle-aged man was none other than Lei Hong from the Sun Bright World.

“If I pass the tests in the pagoda, I’ll be rewarded with the Heaven Protection Talisman that’ll block three strikes from the Fatal Heavenly Tribulation. With the talisman, I’ll have a chance of surviving the tribulation,” Lei Hong muttered to himself. After a moment, as though he just recalled something, he continued muttering to himself, “Before the appearance of a level-seven supreme powerhouse, I was among the three strongest people in the Myriad Worlds. However, even so, without the Heaven Protection Talisman, I wouldn’t be able to survive the Fatal Heavenly Tribulation... In fact, even with the talisman, success isn’t guaranteed. Nonetheless, I’ll accept my fate if I perish in this quest to grow stronger...”

After a short moment, Lei Hong finally approached the Heaven Traversing Pagoda. However, before he could go any closer, he was quickly stopped.

A blue figure standing near the Heaven Traversing Pagoda had released his powerful Divine Consciousness into the surroundings of the pagoda, easily stopping Lei Hong from coming any closer to the pagoda.

‘Level-seven supreme powerhouse? Feng Qing Yang?!’

Lei Hong's expression changed when he sensed the powerful Divine Consciousness, and he quickly identified the other party as Feng Qing Yang, the first level-seven supreme powerhouse after the gap in history who was mentioned by the heavenly text.

Lei Hong took a deep breath to calm down before he cupped his fists together at Feng Qing Yang and said politely, "You must be Lord Feng from the God Defying World."

Soon after Lei Hong's voice fell, a few powerhouses from the Three Upper Worlds arrived as well. They were stunned when they saw Lei Hong cupping his fists together and bowing at Feng Qing Yang. After all, Lei Hong had never bowed to another person after he became a level-six supreme powerhouse. They quickly extended their Divine Consciousness and quickly discovered Feng Qing Yang's presence. Upon this discovery, their expressions changed drastically. After all, they knew that Feng Qing Yang had come to stop them from entering the Heaven Traversing Pagoda.

Lei Hong naturally felt unwilling inwardly. In his eyes, Feng Qing Yang was just a junior. However, he was now forced to treat Feng Qing Yang respectfully because Feng Qing Yang was much stronger than he was.

Feng Qing Yang looked at Lei Hong and said indifferently, "That's right. It's me. I came here to say that entry to the Heaven Traversing Pagoda is prohibited. Those who try to force their way in can only die."

Without waiting for a response, Feng Qing Yang sat down cross-legged in the air and closed his eyes.

Lei Hong's expression turned dark. He was naturally unwilling to accept this. After taking a deep breath, he said to Feng Qing Yang, slightly threateningly, "The Heaven Traversing Pagoda was bestowed by heaven to us level-six supreme powerhouses. It's to help us enter the seventh level. Aren't you afraid that you'll be punished and killed by heaven if you do this? Your action is tantamount to defying heaven's will after all."

Feng Qing Yang opened his eyes and looked at Lei Hong as though Lei Hong was an idiot. Then, he said with a sneer, “You think heaven will punish and kill me? If so, what’s the point of heaven creating the Heaven Traversing Pagoda? Wouldn’t it be easier for heaven to kill me directly if it could?”

After that, Feng Qing Yang closed his eyes again, ignoring Lei Hong and the other supreme powerhouses.

Lei Hong’s expression turned unsightly. After all, Feng Qing Yang’s words made sense. Moreover, if he were in Feng Qing Yang’s shoes, he knew he would be even more cruel. He would have killed all of the level-six supreme powerhouses who intended to enter the Heaven Traversing Pagoda instead of just warning them.

With the Heaven Traversing Pagoda and the Heaven Protection Talisman, it was clear that heaven was targeting Feng Qing Yang and Duan Ling Tian. If heaven could kill the duo directly, there was no need to go to such lengths and create the Heaven Traversing Pagoda.

After a moment, Lei Hong turned to the other supreme powerhouses from the Three Upper Worlds and asked through Voice Transmission, “Everyone, what should we do now? Are we really going to let him stop us from entering the Heaven Traversing Pagoda?”

Lei Hong could not conceal his dissatisfaction at all when he spoke.

“I think we should return for now and come up with a plan. I don’t believe he’ll stay here and guard the pagoda forever.”

“I agree.”

The other supreme powerhouses ignored Lei Hong. They were worried the stubborn fool would rashly provoke Feng Qing Yang and implicate them.

In the end, Lei Hong was forced to leave.

At the same time, a group of Saints from the Outer Boundary, who had been observing the situation from a distance, sighed. They had been planning to take advantage of the situation and sneak into the Heaven Traversing Pagoda if Lei Hong decided to fight Feng Qing Yang. Alas, Lei Hong was forced to retreat.

...

After a period of time...

“Finally!”

With the help of the Five Divine Elements, Duan Ling Tian finally took the critical step and felt the pull from the realm of supreme powerhouses. This was not the first time he had felt this pull. In the past, he had sensed it but ignored it.

Duan Ling Tian’s eyes shone with excitement as he muttered to himself, “Level seven, here I come!”

Chapter 4550 Is It Possible That He’s Duan Ling Tian?!

Previously, Duan Ling Tian beat Feng Qing Yang to it when he entered the Forbidden Realm and overcame the Fatal Heavenly Tribulation. However, after that, Feng Qing Yang took the lead and became the first level-seven supreme powerhouse after the gap in history.

After Feng Qing Yang became a level-seven supreme powerhouse, Duan Ling Tian became more relaxed and was no longer in a hurry. After all, now that his master was a level-seven supreme powerhouse, he knew that not only would the God Defying World be safe, but Ke'er would also be saved.

Duan Ling Tian was taking his time to break into the realm of supreme powerhouses when the third heavenly text appeared in the sky to announce the Heaven Traversing Pagoda and the Heaven Protection Talisman. His anger after reading the heavenly text spurred him on again, and he rushed to break into the realm of supreme powerhouses.

He was filled with a sense of injustice when he thought about how difficult it was for him and his master to enter the Forbidden Realm and overcome the Fatal Heavenly Tribulation, but heaven easily helped the level-six supreme powerhouses in an attempt to oppose them. His fury burned hot when he heard those who passed the tests in the Heaven Traversing Pagoda would be rewarded with the Heaven Protection Talisman that could block three strikes from the Fatal Heavenly Tribulation. The talisman would greatly increase the chance of survival, and at that time, those who succeeded would be used by heaven to target him and his master.

It was only natural that Duan Ling Tian was in a rush to enter the realm of supreme powerhouses after all this happened. He increased his efforts and wandered around looking for other Five Divine Elements for his Five Divine Elements to devour. He wanted to evolve them to their final forms and help them reach the highest level, which would in turn help him enter the realm of supreme powerhouses. In the end, his efforts finally paid off.

“The realm of supreme powerhouses...”

Duan Ling Tian could sense the transformation of his Divine Energy at this moment. It surged out of his body domineeringly and easily leveled the mountains in his surroundings and tore holes in the void.

The commotion quickly drew the attention of a few supreme powerhouses in the vicinity.

“What a terrifying energy!”

“Is our Misty Rain World going to have another supreme powerhouse?”

A few level-one and level-two supreme powerhouses who came over to have a look soon discovered the abnormalities. They realized that after the purple figure in front of them broke into the realm of supreme powerhouses, his energy continued to grow stronger without any signs of stopping. They looked at each other in shock and confusion as they discussed among themselves.

“Did he directly become a level-two supreme powerhouse after his breakthrough?”

“Wait, he’s still not done!”

They watched as the void twisted violently around the purple figure as his energy continued to grow stronger.

“Level-three supreme powerhouse!” someone exclaimed.

These people could not help but gasp when they realized the purple figure had surpassed them as soon as he broke into the realm of supreme powerhouses.

An old man who could not stop smiling looked at the purple figure with bright eyes as he asked, “Is our Misty Rain World going to rise to prominence?”

The other supreme powerhouses were excited as well. After all, in the history of the Misty Rain World, there were very few level-three supreme powerhouses.

Soon enough, they were shocked again.

“Level-four supreme powerhouse?!”

“Wait... Is he even from our Misty Rain World?”

The few supreme powerhouses began to feel skeptical.

The Misty Rain World was one of the Lower Worlds governed by one of the 18 Middle Worlds, after all. The strongest supreme powerhouse in the history of the Misty Rain World was only a level-three supreme powerhouse. With one of the Middle World constantly absorbing their World energy, it was very difficult for a level-four supreme powerhouse to appear in the Misty Rain World.

For this reason, they began to suspect that the purple figure in front of them was not a native of the Misty Rain World.

In the next moment, they quickly confirmed their speculations.

“Level-five supreme powerhouse!”

“This is ridiculous! He became a level-five supreme powerhouse so quickly after entering the realm of supreme powerhouses? Such a person is rare even among the monstrous prodigies in the Three Upper Worlds, right?”

“He became an imminent World supreme powerhouse so quickly... Who is he exactly?”

“He must be an outstanding prodigy from one of the Three Upper Worlds...”

The supreme powerhouses were extremely shocked. Although the Misty Rain World did not have imminent World supreme powerhouses and World supreme powerhouses, they had met a few of them before from the Middle World that governed them. However, they had never met someone who became an imminent World supreme powerhouse so soon after entering the realm of supreme powerhouses.

At this time, the spatial tears disappeared, and a huge dark vortex appeared close to Duan Ling Tian. However, he was completely unaffected by it. At the same time, a terrifying energy rolled out into the surroundings, forcing the supreme powerhouses to retreat due to the suffocating pressure it brought.

“This is...”

“Level-six supreme powerhouse!”

“A World supreme powerhouse!”

“He became a World supreme powerhouse immediately after entering the realm of supreme powerhouses? Such a person is as rare as a phoenix feather even in the Three Upper Worlds, right?”

“I don’t think there’s anyone like him in the current generation of the Three Upper Worlds...”

“Wait a minute... Hey, he... Is it possible that he’s Duan Ling Tian?!”

“Duan Ling Tian?! The advanced Supreme God who entered the Forbidden Realm and survived the Fatal Heavenly Tribulation ahead of Lord Feng, right?”

“I think you’re right!”

“It has to be him!”

...

At the same time, the commotion drew the attention of many powerhouses from the neighboring Worlds.

Two supreme powerhouses from one of the 18 Middle Worlds that governed the Misty Rain World were also making their way to the source of the commotion at top speed.
