

ONE-CLICK RECOVERY SINCE I WAS A SPECIAL SOLDIER

Chapter 12: Horror background?

Song Zi walked down from the helicopter with a cigar in his mouth. He smiled and stretched out his hand: "Mr. Qin Yuan, as long as you want to go to XG, the helicopter of my Royal Casino will be there on call in the future. This helicopter is a special helicopter. Prepared for you! In addition, if you go to Xg and encounter any problems, as long as you are not drunk driving, I can solve it perfectly for you."

Qin Yuan smiled lightly and held Song Ziyou's hand: "Okay! I will have Mr. Lao Song when I go to XG to play in the future. Goodbye."

"Goodbye, Mr. Qin." Song Ziyou smiled and boarded the helicopter again.

rumbling.

The helicopter takes off again!

quickly hovered and disappeared.

Helicopter, but a rare thing!

The appearance of Qin Yuan.

instantly at the gate of Southeast University, it caused a huge sensation!

"Gouzi, what grade is this classmate in? How come from such a background? When you go to school, you have to fly over by helicopter?"

"Go to your special dog! I'm called Wang Gou! There is a rich old man! Didn't you see that guy who looks like a housekeeper? How can there be such an exquisite housekeeper?"

"Wow, Min, how old is this handsome guy? Do you know? His posture in opening the helicopter door is simply not too handsome!"

"Not only that, the posture of getting off the plane is also very handsome!"

.....

The students who came and went were all shocked!

Even some of the little girls who were in love at first saw Qin Yuan getting off the plane, and they fell completely in an instant.

no way!

Go to school by helicopter!

is simply too shocking!

is too domineering!

"Hello classmate, can I add a WeChat?"

A **** figure, a net red face with heavy makeup, boldly leaned forward.

Qin Yuan smiled very sorry, "I'm sorry, I'm in a hurry."

"Huh? Just refused so simply and neatly?" The net celebrity beauty was startled and shouted unexpectedly.

Facing the beautiful woman, she took the initiative to throw her arms and hug her, but her trick was tried repeatedly, but she didn't expect...

Here is Qin Yuan, but he is flat?

Qin Yuan came to Tang Xinyi and smiled indifferently, "Hello, are you the leader sent by Chief of Staff Fan to pick me up?"

"You are Qin Yuan?" Tang Xinyi couldn't help but was shocked, shouting surprise!

She originally thought this was someone from a rich family who came to school!

did not expect.....

Is he the Qin Yuan who made himself wait for a long time?

Then.

Among the shocked faces of everyone!

Qin Yuan boarded a military jeep!

Tang Xinyi kicked the accelerator and led Qin Yuan to disappear into the crowd, leaving the students onlookers surprised and messy in the wind!

At last.....

Everyone came to a conclusion!

It turns out that this is not only a super rich second-generation family with a very rich family, but also a strong military background!

This classmate, it's so awesome!

It's just a pity...

Everyone spent countless energy trying to find out Qin Yuan's grade, but they couldn't find out!

Their efforts are naturally in vain!

Because, Qin Yuan's files were temporarily transferred by Tang Xinyi on behalf of the military!

It's strange that they can find it!

Speeding all the way!

Tang Xinyi's driving skills are fully demonstrated at this moment!

Fierce, tough, and even drifting around corners!

Qin Yuan's road, sitting there is an excitement!

Fortunately, Qin Yuan's XG seven-day tour gave him an excellent mentality, otherwise, he would definitely be scared!

"This Tang Xinyi looks quite quiet on the outside, this driving... is too savage! But her driving skills are pretty good!"

Qin Yuan thought leisurely.

After sitting for a while, Qin Yuan was actually completely relieved.

This little girl...

may be deliberately venting his dissatisfaction with being late!

deliberately want to scare myself!

Military District, Chief of Staff Office!

Lei Zhan looked at the joke.

He lifted Erlang's legs easily, waiting to see Fan Tianlei's joke.

"Chief of Staff, in my opinion, you are a clever life, you are confused for a while! 100,000 yuan, just like this! Feed a white-eyed wolf!"

Lei Zhan took a sip of Longjing, with a relaxed expression on his face.

As the special war ace of the Spike Special Forces Brigade!

Lei Zhan, as an elite major, exists like a proud man of heaven, he does have this qualification!

Fan Tianlei squinted at Lei Zhan with a smile, "Thunder God, look at you kid, gloating... I can say, in my life, am I not interested in money?"

"Not interested in money? Haha..." When Lei Zhan heard it, he was immediately happy. "Chief of Staff, do you think you are Jack Ma? 100,000 yuan. It is not easy for us soldiers. This is a big sum. number."

As a soldier, Kari hasn't saved more than 100,000 yuan until now.

Once he came, he spent money lavishly on weekdays, and secondly, most of his money was sent home.

After all, there are not many places to spend money in the army.

It doesn't make sense for him to leave too much.

"So... Chief of Staff, if your heart hurts, just cry. It's not a sin for a man to cry. Why do you have to be so embarrassed to be a man?" Lei Zhan's smile made no secret.

"Heartache? Thor, your kid really underestimated me. In fact, since 3 years ago, I had no interest in money and the external material living conditions." Fan Tianlei couldn't help but smile helplessly. Shook his head.

He stood up, took a sip of tea, and looked out the window.

On the playground outside, special elites are training hard in the afterglow of the setting sun.

Fan Tianlei's heart is calm and calm like a lake.

"3 years ago?"

When Thor heard it, his heart suddenly moved.

3 years ago, wasn't it the day when Fan Tianlei's son ran and was hit by a stray bullet?

The time three years ago was a painful memory for Fan Tianlei.

Because of the scorpion...

His wife died, and his family was destroyed.

"I'm sorry the chief of staff, I, I didn't mean it." Thor finally reduced his smile. UU reading [www. uukanshu.com](http://www.uukanshu.com)

The atmosphere became a bit awkward.

Fan Tianlei smiled broadly, "Thunder God, this has nothing to do with you. Money is like dung. I don't have much interest in money anymore. My biggest wish is that I can train more backbones for the army in my lifetime. And special elite! As for Qin Yuan? I believe that he must have difficulties. I believe him!"

Lei Zhan still wants to say more.

But at this moment...

咚咚咚.

There was a knock on the door.

"Come in."

Fan Tianlei looked as usual and looked outside the door.

Actually.

He also felt very sorry for Qin Yuan, who made him very amazing.

He failed to come to the army to report, this is a huge loss!

This is not because I feel sorry for the money!

just...

Qin Yuan really left.

But at this moment--

A youthful and beautiful, heroic figure, with a handsome Qin Yuan, walked in from the door.

"Qin Yuan?"

an instant!

Fan Tianlei couldn't help but his eyes widened, his face was surprised!

The Thor on the side is also incredible, his expression is as ugly as if he has eaten a fly...

"Didn't Qin Yuan leave? He, why did he come back again?"

Thor is completely stunned!

"Report to the Chief of Staff! Recruit Qin Yuan, come and report!"

Qin Yuan smiled and saluted Fan Tianlei with a standard military salute.
at this time.

"dingdong~"

The crisp system prompt finally rang.

"Ding Dong~ Congratulations to the host for completing the mission and becoming a spiky recruit! Unlock two new system grids!"
