

ONE-CLICK RECOVERY SINCE I WAS A SPECIAL SOLDIER

Chapter 14: This kid is a treasure!

"Ding Dong! Please choose~"

The crisp system prompt sounded suddenly, and three brand-new choices appeared in front of Qin Yuan!

"1, get a world-class jeep driving!"

"2, get a world-class jeep design!"

"3, get world-class jeep manufacturing!"

Three options!

Three completely different abilities!

"Fuck it! Bunker! Not only do you have jeep driving skills, but also jeep design and jeep manufacturing?"

Qin Yuan looked at the three options, his eyes brightened!

Jeep driving!

Jeep design!

Jeep manufacturing!

"This driving skill is okay! But the design and manufacture of this jeep involves military enterprises! This is a very valuable asset! Super wealth!"

Produced by the system!

Even world-class!

are in the top category in the world!

not to mention!

Qin Yuan can still raise his skill level to the supreme cosmic level?

"If, if I can make a universe-class jeep! The performance of such a jeep can definitely hit all jeep! Even a military jeep that monopolizes the entire world!"

Face this super wealth!

Qin Yuan was tempted!

As the saying goes.

Xixi under heaven, all are good!

The hustle and bustle of the world is all for profit!

Face infinite wealth!

Qin Yuan is no exception!

after all.

Who would think he has too much money?

"Of course, now the top priority is to learn to drive!"

Qin Yuan smiled, moved his heart, and immediately took out the jeep and put it back in place!

The jeep was gently taken out by the system, and there was no movement!

It's like... never passive!

No matter how shrewd Fan Tianlei is, he can't see what happened to the jeep!

"I choose 1!"

At the same time, Qin Yuan also made a choice immediately.

"Ding Dong~ Congratulations to the host for your successful choice! Get a world-class jeep driving!"

"World-class jeep driving: can make all the skills of driving jeep in the host world! Become a world-class jeep driving master directly! World proficiency includes, but is not limited to, all special skills such as tail-flicking, drifting, leaping and so on!"

for an instant.

Qin Yuan's mind.

There are many more skills about jeep driving!

a moment.

Qin Yuan was stunned after receiving it!

"I didn't expect that a jeep could also do such a perfect drift?"

Qin Yuan finally opened his eyes!

A moment of effort!

Today's Qin Yuan has become a master of jeep driving!

"Tang Xinyi's driving skills are simply clumsy and ridiculous, just like a child."

Thinking back to Tang Xinyi's turning and drifting in the afternoon, Qin Yuan couldn't help but shook his head.

no way.

Judging from Qin Yuan's current level.

Tang Xinyi's operating skills are really awkward!

She only needs to work harder, driving the jeep's technology can take it to the next level!

Unfortunately.....

If no one teaches.

That layer of window paper, I am afraid it will never be broken.

嘭!

Open the car door!

Qin Yuan sat in the driver's seat and just touched the steering wheel. For a moment, Qin Yuan seemed to be the owner of this jeep!

He has a feeling of unity of man and car!

as long as he wants!

This jeep can even perform any stunts he wants to do like an arm's command!

"This feeling... is so wonderful!"

Qin Yuan felt it for a while, couldn't help smiling brightly.

At this time, Fan Tianlei walked out of the office.

He turned on the co-driver, sat up, and said with a smile: "Qin Yuan, the first time I drove, are you nervous?"

For Qin Yuan, the guy who touched the car for the first time, Fan Tianlei didn't seem nervous at all, but rather relaxed and casual.

Qin Yuan couldn't help but smile, "Not nervous."

He understands that this is Fan Tianlei pretending to be relaxed.
after all.

in the eyes of outsiders.

He is a novice.

It's strange that Fan Tianlei is not worried!

"Well, ahem, Qin Yuan, I will teach you how to drive now."

Fan Tianlei smiled, and said to Qin Yuan, "See, this is the gear, 123456 and R, this is the gear, every time you drive, you need to step on the clutch first..."

Fan Tianlei explained it patiently.

Qin Yuan is naturally listening.

after all.

He doesn't want the secrets of the system to be exposed!

Three minutes later.

Fan Tianlei finished the explanation.

Qin Yuan is very "behaved" and started following the steps explained by Fan Tianlei!

"Well, the start was very smooth, not bad! Without flameout, it is a very big victory!" Seeing Qin Yuan's very smooth start, Fan Tianlei couldn't help but admire.

"Yes! The corners are also precise and precise, no more, no less, the steering wheel plays very well!"

"Qin Yuan, the first time you drive, don't drive too fast, now it's a bit faster!"

"Huh? Why don't I feel a bit bumpy when running on such a bumpy dirt road? Could it be that... is it because I feel better today?"

"That's not right! This jeep shock absorber is very rubbish! Why is it?"

"Fuck! Qin Yuan, even if there is no one on the road right now, you don't need to speed up to 120 hours! Slow down! There is a circular curve ahead. If you don't slow down, something will happen!"

Fan Tianlei glanced at the speedometer and couldn't help but exhale. His forehead was sweating with fright, and his sturdy hands involuntarily grasped the armrest to stabilize his figure!

Qin Yuan smiled faintly, did not say much!

However, the body is operating very honestly!

The steering wheel was suddenly killed, and the handbrake was controlled by the brake accelerator!

brush----

Heavy Jeep!

A beautiful and perfect tail flick drift!

The circular curve that had to be slowed down was passed by Qin Yuan as if it were flat on the ground!

Fan Tianlei was so scared that he was almost stunned!

He originally thought!

I want a car crash and die!

did not expect.....

Actually, such a perfect drift passed?

At the moment of drifting, Fan Tianlei glanced at the speedometer, the speed... it seems that it is still 120KM per hour!

There is no reduction at all!

"I... my god..."

Fan Tianlei glanced at Qin Yuan with lingering fear, the clouds were light and breezy!

just like.....

just like the car driving past, it is a flat high-speed road!

"Qin Yuan, you... is it your first time to touch a car?"

Fan Tianlei wiped the sweat from his forehead, swallowed, and couldn't help asking!

no way!

Qin Yuan's operation just now!

is just blasted!

He thought he was going to die!

did not expect.....

but saw a perfect drift drift?

And!

Or made it with a military jeep?

"Yes, Chief of Staff, what's wrong?"

Qin Yuan smiled and replied lightly.

For this level of drift, Qin Yuan said that UU reading www.uukanshu.com can operate with closed eyes!

"Why, what's the matter?" Fan Tianlei curled his lips in disbelief, and said in his heart, you are so special! This is too pretending!

First time touching a car!

actually learned to drift!

and...

Still so calm and breezy?

I have lived for so many years!

I have seen the pretense!

But this is the first time you acted like this!

Fan Tianlei started to think slowly!

.....

Brake!

suddenly!

Jeep brakes suddenly!

The car stopped!

"What's wrong, Qin Yuan, how did you stop the car?" Fan Tianlei asked in confusion, he was still immersed in the shock that Qin Yuan brought!

Qin Yuan couldn't help but smiled: "Chief of Staff, didn't you want me to bring you to the Iron Fist regiment? We have already arrived."

"What? It's already here? But on this section of the road, I usually drive for nearly 70 minutes! You...your kid did you arrive in less than 30 minutes?"

Fan Tianlei glanced at the time. It was only 30 minutes, and there was still half the journey!

But Qin Yuan said that it has arrived?

He suddenly recalled Qin Yuan's terrifying speed!

looked up and looked out the window!

found the front, it was surprisingly the place he wanted to bring Qin Yuan this time, Iron Fist!

So they really arrived!

Fan Tianlei couldn't help but smiled bitterly: "Say he was touching a car for the first time? I didn't believe it! I thought he was just a superb skill! I didn't expect the car skills to be so top-notch!"

"It seems that this kid Qin Yuan... seems to have a lot of secrets on him!"

"This kid is a treasure, just look at how much I can dig out!"
