

ONE-CLICK RECOVERY SINCE I WAS A SPECIAL SOLDIER

Chapter 2: World-class physical fluid

A virtual interface similar to a game appeared in front of Qin Yuan!

"This is... the system?"

As an army fan and a novel fan!

Qin Yuan has read countless novels!

is no stranger to this!

It can even be said that the long-awaited!

"Is the system finally here?"

Qin Yuan is looking forward to it!

The virtual interface is very simple. On the right, there are rows of small grids equally divided!

There are endless grids!

The first three grids in the first row are milky white!

all black behind!

There is a small lock on each black grid!

"One-click recycling system! The host only needs to recycle the item and recycle the white system grid to obtain the corresponding attributes of the item!"

"One-click recycling system? Only need to recycle items, you can get the attributes of the items and become stronger?"

Qin Yuan was surprised!

Very happy!

The system is in hand, I have the world!

"In other words, I'm now in the sky?"

Qin Yuan could not help but smile brightly!

Qin Yuan took a look!

This system is simple!

Except for the system grid!

still system grid!

want to become stronger!

just need to recycle items into the backpack!

"Ding Dong~ Now a side mission is released: Help Enron kill criminals in a crisis and unlock two system grids!"

suddenly!

The crisp system prompt sounded abruptly again!

Qin Yuan was shocked.

"Help Anron kill criminals in a crisis? Will Anron be in danger next?"

Qin Yuan woke up suddenly!

He is in the den of thieves now!

can be described as crisis-ridden!

If you are not careful, you are in danger of death!

How to do?

"I must improve my strength now!"

"Otherwise! If there is a conflict later, I'm afraid I won't know how to die!"

Qin Yuan realized a deep sense of crisis.

Just how can he improve his strength?

this is a problem!

"It seems that the three grids must be used well!"

Qin Yuan realized that the key point lies in these three grids!

"dingdong~"

suddenly!

The crisp system prompt sounded again!

Qin Yuan couldn't help but raised his eyebrows!

The system seems very enthusiastic?

keep ringing?

"Ding Dong~ The main mission is now released! Within three years, become the world's strongest commando king! Award 20 system grids!"

"Fuck! 20 squares awarded? Isn't it terrifying?"

Help Enron kill!

only two rewards!

Didn't expect to become the strongest commando king, and rewarded 20 squares?

Qin Yuan was shocked by the magnanimity of the system in an instant! of course.

Qin Yuan also understands!

This road is a long way to go!

Want to achieve?

I don't know how long and how long will it be possible!

"A side mission, a main mission, very good! But for now, let's help An Ran kill people first and get out of here safely!"

Qin Yuan thought for a moment and settled down!

嘭地!

The door is closed!

Anfisa smiled charmingly.

Qin Yuan instantly thought about it, and said with a smile, "Dear Anfisa, you go take a bath first?"

Now, making good use of Anfisa is the key to turning over!

"Okay, my dear, wait for me." Anfisa's eyes lit up suddenly! Instantly understood what Qin Yuan meant!

At first, Qin Yuan was still very resistant.

In order to get Qin Yuan's favor.

Anfisa went into the bathroom very well.

As for Qin Yuan?

is searching the room instantly!

"Huh? Red Bull?"

One time.

Qin Yuan did not find any valuable items!

but found a bottle of Red Bull!

could not help but.

Qin Yuan smirked.

"Let's experience this Red Bull first!"

My heart moved!

Qin Yuan put Red Bull into the system backpack!

"Ding Dong~ Please choose!"

The crisp system reminder sounds!

Three brand new selection dialog boxes appeared in front of Qin Yuan!

"1, get a world-class physical fluid!"

"2, get a world-class beverage bottle!"

"3, get a world-class burst once!"

"Huh? Physical fluid, plastic bottle, an outbreak?"

Qin Yuan looked at the three options in front of him!

can't help but look strange...

stamina fluid and burst, these can be understood literally!

But... what does this world-class explosive drink bottle mean?

But time is running out now!

Qin Yuan didn't have much time to waste!

"I choose 1!"

Qin Yuan immediately made a choice!

"Ding Dong~ Congratulations to the host for your successful choice! Get a world-class physical fluid!"

"World-class physical fluid: can supplement users with 18 kinds of nutrients! The effect is immediate!"

The crisp system prompt sounded again.

A small bottle of about 20ML milky white bottled liquid appeared in front of Qin Yuan.

"Supplement 18 kinds of nutrients? The effect is immediate? Is it so magical?"

Qin Yuan blinked his eyes.

is full of curiosity.

As soon as he reached out his hand, Qin Yuan poured the world-class physical fluid into his mouth.

taste...

Sweet and sour!

is full of fragrant milk flavor!

The taste is wonderful!

Next second...

Qin Yuan suddenly felt that the exhaustion he had accumulated from delivering food for a long time was gone!

The whole person is like the scorching heat suddenly blowing a cool wind in the body!

Energetic!

Refreshing and happy!

"Wow, this stamina fluid... is it amazing too?"

"I really want to drink another bottle!"

This feeling is extremely comfortable and enjoyable!

Qin Yuan couldn't bear the wonderful temptation brought by the energy fluid!

A ghost is a mess!

Qin Yuan took another bottle of Red Bull and put it in his backpack!

Qin Yuan was surprised to find!

The second bottle of Red Bull is still stored in the first system grid!

is just a small number in the lower right corner of the first system grid, 2!

"This means...a grid can store more than just one item?"

Qin Yuan is very happy about this!

after all!

He only has 3 grids!

If two bottles of Red Bull occupy two grids!

That is really heartbreaking!

"Ding Dong~ Please choose!"

With the Red Bull being recycled into the system grid!

The crisp system prompt rang again!

"1, get the perfect body energy fluid!"

"2, get a world-class plastic bottle!"

"3, get world-class milk volume!"

Three familiar, but not exactly the same options!

"Huh? The first option... has changed! The level of stamina fluid has become perfect!"

"World class, perfect class? Could it be said that as the number of choices increases! The level of the same option can be enhanced?"

This is an unexpected joy!

Qin Yuan is very happy!

without hesitation!

Qin Yuan directly made a choice: "I choose 1!"

"Ding Dong~ Congratulations to the host for your successful selection! Get the perfect body fluid!"

"Perfect level physical fluid: can provide users with 38 kinds of nutrients! The effect is immediate!"

"18 types have been increased to 38 types!"

Qin Yuan couldn't help being slightly excited!

"I don't know if you drink this stamina fluid containing 38 nutrients! What good will it do for your body?"

Qin Yuan couldn't help but look forward to it!

"Pistol?"

A brand new silver pistol appeared in front of Qin Yuan!

"I don't know what options will I get when I recycle my pistol backpack?"

Chu Yuan put the pistol into the backpack grid!
