

Special Soldier 2241

Chapter 2241 Fight quickly, don't be sloppy

After Shen Man left without looking back, Qin Yuan was still a little confused when he saw this situation.

He turned around and said to Huang Mao.

"Wait for me here now."

"Didn't we agree? We are going to come over to inspect the vehicle. What are you going to do now? I don't have so much time to waste with you. Do you look at me like a homeless person?"

"Don't talk nonsense to me, you idiot. I asked you to wait here. Just wait here and listen to me. You don't need to worry about other things."

Huang Mao rolled his eyes helplessly and could only watch Qin Yuan leave like this.

Qin Yuan ran a few steps to catch up with Shen Man.

"What are you doing?"

"Didn't I just say that? I have my own affairs to deal with. I work in this hospital and I am not a slave who has signed a contract of sale. Why can't I be allowed to come in and out freely?"

The director of the hospital can't control me, so what do you think? "

"Shen Man, don't think that just because you returned the diamond bracelet to Sophia, we can forget everything."

"Otherwise, what else do you want? Qin Yuan, don't go too far. I'm telling you that I have very important things to do. Delaying my affairs may not be of any benefit to you."

Qin Yuan didn't think too much. He simply thought that this little nurse was scaring him.

"Didn't you tell me just now that your master sprained his foot and you were the only one responsible for Hassan's affairs? Now who will care about Hassan and Xiaolan after you leave?"

"Our hospital is already the largest. If we can't manage so many people well, how do you think we can become an advanced hospital?"

"When will Xiaolan wake up? Can you give me a happy word?"

"Qin Yuan, don't look down on me too much. I'm just a nurse, and I'm not the attending doctor. How can I answer such a complicated question like yours?"

When will he wake up? You should go in and ask the attending doctor instead of asking me here. With such a short time, you might as well seize the time and do something else rather than waste it here. "

"Shen Man, it's our first meeting. You can tell me directly whether there is a chance that Xiaolan will wake up.

If there is really no chance of him waking up, I won't bother you here, because there is no point.

If there is still a possibility for him to recover, it means that he is still at risk. I must protect him. I hope you will stop hiding it from me. If you have anything to say, say it directly. "

Shen Man put one hand on the driver's door and was about to open the door when he heard Qin Yuan's serious question and had to stop.

Shen Man smiled and turned to look at Qin Yuan and then at Sophia next to him, and found that the distance between them was indeed relatively far. He was talking to Qin Yuan here, and Sophia and Huang Mao in the distance should not be able to hear him.

So, Shen Man looked at Qin Yuan with a smile and said lightly.

"Then you should protect Xiaolan."

Just these words from Shen Man made Qin Yuan very confident. It seemed that this little girl was definitely more complicated than he imagined.

"Where are you going? I don't believe you are going home to rest or get off work. You look energetic and you don't feel tired."

"I said Qin Yuan, you are so interesting, why do you think I won't feel tired?"

I have made it very clear to you about the current situation, so don't press me here, because it is meaningless. If you have something to say, you can just say it.

However, I can never lose my freedom like this now. Even if it is to help you, I have to weigh it in the entire hospital.

Besides me, there are people who are responsible for Xiaolan and Hassan.

If you really think about the two of them, think about what you should do next. Don't keep asking me here. Maybe what I do is good for you. "

As Shen Man spoke, he opened the car door, got into his sports car, and prepared to leave.

Qin Yuan stopped him immediately.

"When Huang Mao was harassing me just now, you stood up and came to the aid of others. Do you want to use the same method to harass me now?"

"The Amy Dynasty has never been a safe place, and it is not safe for a beautiful girl like you to go out alone. Why not let me protect you."

After Shen Man heard Qin Yuan's words, he smiled, said nothing, and took out a bottle of anti-wolf spray from his pocket.

"You actually carry this thing with you?"

"As you just said, the Amy Dynasty is not a safe place to begin with, and I must learn to protect myself.

This is my secret weapon that I carry with me. No matter what happens, I must protect myself first.

So, you don't have to worry about me, let alone protect me. When you see this, you should know that although I am a little girl, I am not someone to be bullied. "

"Shen Man, I always feel that you look familiar. Can you tell me where we have met?"

"Your rhetoric as a big-ticket beauty is a bit too cliched. If you really want to strike up a conversation with me, you should also think about other arguments. I don't accept such clichéd arguments."

"I really didn't want to strike up a conversation with you. I just think you look familiar. I even think you are not from the Amy Dynasty at all."

Shen Man had been looking at Qin Yuan with a calm smile. After hearing what he said, his expression obviously changed.

"I have just observed through micro-expressions. When you heard this sentence, you immediately reacted. Is it possible that you are really not from the Amy Dynasty?"

"Qin Yuan, I know you are a special forces soldier, but when did you learn psychology?"

Also observe my micro-expressions. I don't even know what you are talking about. You'd better think about it yourself and don't use your thoughts to measure my behavior. "

Shen Man saw that Qin Yuan was not easy to dismiss. Qin Yuan directly held his steering wheel and was not willing to let him leave so easily.

"Qin Yuan, don't pester me here. With so much time and energy, it's not good for you to do something.

This Huang Mao is still waiting for you. I think you should think more about how to rescue these two hostages than Xiaolan. "

Shen Man has made it very obvious.

Qin Yuan can also feel that this girl is definitely not simple, but he has no evidence. It seems a bit ridiculous to just rely on his sixth sense.

"Do we know each other?"

"Stop joking, we don't know each other, and I have never met you.

You must not harm me at this juncture. If I know you, something unpleasant may not happen if Mr. Norman Karim finds out.

I don't want to cause trouble for myself, and the same goes for you. There's no need to cause trouble for yourself. I'm ready to leave now. If you don't get off the car, I can only take you with me. Are you willing to go with me? ? "

As Shen Man spoke, he started his vehicle.

At this moment, Qin Yuan almost forgot that Azhe was still confronting Efit.

At this critical moment, Huang Mao shouted from the side.

"Qin Yuan, you are a sanctimonious guy who won't let me chat with beautiful women. You are whispering with others in the car. You are alone in a closed space. Don't let others gossip."

"You heard it, right? There are so many troubles around you waiting to be dealt with, so don't bother with me here."

As Shen Man spoke, he raised his wrist, looked at the time, and then said to Qin Yuan seriously.

"If you ask me to leave quickly, I will definitely be back within two hours if everything goes well. If you delay it any longer, you will only waste your precious time."

Shen Mancai can't care about that much. He seems to be really anxious about something. He wants to leave Qin Yuan and doesn't want to delay the other party anymore. Regardless of whether they know each other or not, it's true that he is wasting other people's precious time like this. It's very rude.

"Well, I was indeed a bit presumptuous just now and bothered you."

"But I hope you will try not to leave here before I come back. If you want to ensure Xiaolan's safety, just listen to me."

Qin Yuan was just about to get out of the car when the other party suddenly said this, which made Qin Yuan feel a little confused.

"What do you mean by this? Is it possible that someone really wants to threaten Xiaolan?"

"I can't guarantee what I'm saying now, I just want to remind you with peace of mind, and it's for your own consideration."

It's just that I haven't thought about many things clearly. I need you to think about it slowly and carefully, and what is the most beneficial thing to do. I know that you are also very anxious to go out now. This Huangmao is specially here to give it to you. Car's. "

"It seems that you are also a very smart woman. Many things cannot be hidden from your eyes."

"The Amy Dynasty is originally a very complicated place. If I didn't have even a little observation ability, I'm afraid I might not be able to get to where I am today. Since you are so anxious now, why not call your companions over? Bar."

"You actually know that I have a companion?"

"In this foreign country and an unfamiliar place, you wouldn't have come here by yourself. You must have had companions."

"Do you think Sophia is not trustworthy? He is also very worried about Xiaolan. He made the decision himself and sent Xiaolan to the hospital. If he really wanted to harm Xiaolan, he would not send her to the hospital."

"Qin Yuan, I think many things are indeed simpler than what you think. The person who took the initiative to send Xiaolan to the hospital may not necessarily want him to be safe, but maybe just hope that he can die quietly and completely free himself from suspicion. .

Of course, maybe what I said is a bit conspiracy theory.

But I think it is still necessary. In this special place and at this special time, no one can guarantee what the situation and results will be in the future. They can only judge according to their own ideas.

If you are willing to listen to me, I will definitely help you without hesitation, but if you really have any objections to me, it will be useless no matter how much I say.

What I just said is just to remind you, I don't mean anything else.

I hope you can understand. This Huang Mao must be very anxious for waiting. If you think about it, get off the car as soon as possible. Of course, I hope you can delay and wait until I come back to make a decision. "

After Shen Man finished talking about these things, Qin Yuan felt that he was quite thoughtful, and he had always been worried about Xiaolan's affairs.

To be precise, Qin Yuan is a very cautious person. He does not trust anyone. Unless there is some substantial evidence, he will not easily believe anyone's casual words.

Sophia was standing next to him. He knew that Qin Yuan should have more important things to deal with, so he did not step forward to listen to what Qin Yuan and the other party said.

Huang Mao said to Sophia while slowly walking towards him.

"This Qin Yuan is really a nasty guy. He seemed to be acting bravely just now, but now he is chatting with this beauty."

"Huang Mao, stop nagging here."

"Sister Sophia, it's not that I don't want to give you face. There is indeed something going on at my car dealership."

"If you're in a hurry, just drive away. I won't need it."

"Can you please stop acting like a child in front of me? I didn't say I wouldn't lend you the car. I just think the situation is really complicated now, and the two of us may not be able to handle it."

"Qin Yuan doesn't know what kind of medicine is sold in the gourd. He is not originally from our country, and his appearance should be quite unusual. We must not be deceived by him."

"Actually, it's not easy for Qin Yuan. I can see that. If you want to believe me, just wait here."

"Well, I don't have anything to say, but mostly I still believe you."

"Since you trust me as your sister, I won't let you pay for these things in vain. I will buy this car no matter what the outcome is, and it can be higher than the market price, so you will not suffer any loss."

"Oh, sister Sophia, don't say these things to me. The relationship between the two of us is just too tacky to ask for money."

"Brothers have to settle accounts openly. You don't need to tell me this. No matter what, I won't let you suffer."

"This car was originally an accident car. The car I modified is not that valuable at all, and it is impossible for anyone in my car shop to buy it. This can also meet your car requirements."

"Isn't this enough? No one wants to buy the car that was involved in the accident. It can still meet my requirements. Just sell it to me. I can't let you kid suffer."

Chapter 2242 Special Situation in the Emergency Room

Shen Man drove the car and left like this.

Qin Yuan stood there and had no choice but to walk to Huang Mao and Sophia.

"What did you two say just now? It seems like you can't handle this little pepper either."

"Shen Man is indeed a very difficult girl to get along with, and I can also see that he has quite a personality. In this case, let's let him do his own thing for the time being. Xiaolan's problem is still Someone needs to be here to keep an eye on it."

"Xiaolan hasn't woken up yet, and I'm a little worried.

And I know very well that if he really did something excessive and was caught, I am afraid that Mr. Norman Karim would not let him go. "

"Xiaolan is like this now. It must be this guy Efit who is causing trouble. He turned Xiaolan into what she is now."

When Huang Mao heard the name Efit, he immediately became alert.

"What do you mean, Qin Yuan, you also know Efit?"

"Of course I know him. Judging from your surprised look, you must be his enemy too?"

Whenever Huang Mao mentions the name Efit, he gnashes his teeth with hatred.

"I said it's normal for a little gangster like you to meet a big gangster like Efit."

"Qin Yuan, let me tell you the truth. Although I am a little gangster, I can tell you directly that I also have dignity.

This guy Efit has made me suffer a lot in front of him, and I won't give up so easily.

Do you want to join forces to deal with this guy Efit today? If you really want to deal with him, you have to count me in. "

Now that Qin Yuan heard Huang Mao's words, he was very confused.

In Qin Yuan's eyes, Huang Mao is just a gangster. How could he possibly know someone like Efit?

Although Efit is not on the stage yet, he is still Old K's right-hand man, and he should not have personal contact with low-level people like Huang Mao.

Only Sophia could explain all this clearly. Qin Yuan turned around and looked at Sophia with a puzzled look.

"Qin Yuan, you don't have to look at me like this, there is indeed some grudge between the two of them.

However, I can't explain it in a few words, and I don't know how to tell you, but I still hope you can be more tolerant and don't go too far. "

“Sofia, please don’t misunderstand me.

I also want to ask you what all this is about. I can see that there must be some grudge between this Huang Mao and Efite.

Why don't you tell me, seeing how he hates Efit so much, maybe he can really do us a lot? "

“Sister Sophia doesn’t need to tell you this matter, I’ll tell you directly.

This guy Efit cheated me out of a lot of money in Amy Dynasty. Am I not good at driving? He has tricked me a lot. If it weren't for him, I wouldn't have such difficulty running a simple car dealership like I do now.

Anyway, this cannot be explained clearly in a few words. Don't let me see this guy, otherwise I will have to beat him. He can't take care of himself. "

Sofia covered her mouth and smiled.

"Qin Yuan, don't listen to Huang Mao talking nonsense to you here.

In fact, he was just a little gangster in the past. He found many opportunities and connections and wanted to join Mr. Norman Karim's group.

It's just that there has never been any suitable opportunity, and finally he had the opportunity to meet Azhe and Efit.

Unexpectedly, he was tricked by Effit again. Now he has no choice but to join Mr. Norman Karim's group. He can only make a living by driving a car dealership like this. "

"So that's it. In fact, if you really want to be prosperous, you don't necessarily have to join Mr. Norman Karim's group.

Although he can be regarded as one hand covering the sky among you, but I think your qualifications are not suitable for being the younger brother next to the elder brother, so you should give up as soon as possible.

If you were asked to join the group, you might not have the life you have now.

I think you are also a very simple boy. Don't always look at the glory of those all-powerful brothers in movies. In fact, only you know how hard it is behind the glory.

It's good to run a car dealership like you and live your own life honestly. Don't think about other things. "

"Qin Yuan, you must never look down on others, I am indeed not a very powerful person.

It can be regarded as mediocre qualifications, but everyone has dreams. I want to join the group and help Mr. Norman Karim. Is there anything wrong?

I hope you don't look down on me. "

"Huang Mao, you misunderstood, how could I look down on you?"

It's just that everyone is born with what kind of food they should eat. Guys like you are not suitable for doing these bloody things in the world.

Just give up as soon as possible. Don't you think it's good to open a car dealership now? It can be considered quite a sight, so why bother living such a miserable life with them? "

"Huang Mao, don't be angry first. In fact, what Qin Yuan said is very reasonable.

Since you have no hope of joining the group now, just give up. As for the hatred between you and Effit, just give up now.

He has now joined Mr. Norman Karim's group, and you are no longer his opponent. Why bother yourself?

If you have such energy and time, you might as well do other things.

With the help of Azhe and I, I believe your car dealership can prosper, and you will be able to fill your stomach and not worry about food and clothing in this life. "

Sophia was sincere, thinking about this yellow hair, but she didn't know if this kid could understand. At this moment, everyone suddenly felt that there seemed to be a rush in the emergency room, with many people coming in and out.

"Don't talk for now. I think there seems to be something going on inside. The nurse is not here right now. It's not convenient for us to go in and inquire."

"Yes, Shen Man left at this juncture. Is there any trouble here with Xiaolan? I think they are usually rescuing people when they are in such a panic. Could it be that he is in some critical situation? "

"No matter what, nothing can happen to Xiaolan. I have transfused so much blood into him. He really has some shortcomings, so all my blood will be wasted."

"Instead of worrying here, you two, why not go in and see what's going on?"

"Huang Mao, I think you are just a fool. This is a hospital and no other place. You cannot come and go freely at will."

Huang Mao smiled beside him, he was quite confident.

"I told you two, don't look down on others too much. If you two can't do this, maybe I can do it?"

Anyway, I don't want to lose face, so let's do this, I'll risk my life and go inside now to help you find out what's going on. "

Sophia and Qin Yuan looked at each other. It was obvious that they didn't believe Huang Mao.

"I think you, little bastard, should just stay here and stay here. It will be more difficult to mess up things."

"Qin Yuan, I said you are too arrogant.

Am I just a little person in your heart who is just waiting to die? You should also believe in my ability. Besides, I am not here to get any benefits from you today.

I just want to prove that I am also capable. I did not join Mr. Norman Karim's group because they have no vision, not because I am not capable. "

"You damn desire to win, but since you said this, I have no right to come and accuse you. If you want to do it, go ahead.

But you still have to be careful, don't know how high the sky is and how high it is.

If you find anything wrong, come out immediately and don't waste time there. This is not an ordinary hospital. This is a hospital under the control of Mr. Norman Karim. "

Huang Mao laughed when he heard what Qin Yuan said.

"It seems like you and I are quite compatible, and I take everything you say to heart.

I will go in now to help you find out the information. Don't worry, I won't let you be exposed. If there is anything wrong, I will come out immediately. Anyway, I have a little experience and am not as timid as you think. "

After Huang Mao finished speaking, he left the parking lot and walked directly towards the hospital.

Qin Yuan and Sophia also looked in the direction of the emergency room, a little anxious. They didn't want to reveal any clues about Xiaolan now.

Because everyone knows very well that Mr. Norman Karim should be paying attention to the emergency situation in the hospital all the time, which they have already expected.

"Sophia, do you think this Huang Mao is reliable?"

"There should be nothing wrong with it. This is not a complicated task. He is already an adult. You can see him being idle all day long, but he is still quite smart.

Azhe and I, this guy has been around for so long, and this guy is still a little smart. Let's just wait patiently here. I believe that he will definitely be able to bring us some good news before long. . "

"Okay, Sophia, since you believe in this Huang Mao, then I will naturally believe in your vision, but I don't know if Xiaolan will be in any danger at this juncture. If I had known earlier, I really shouldn't have let Shen Man left."

After Sophia heard Qin Yuan's words, he couldn't help laughing.

"Don't blame me for not giving you face this time. Shen Man is such a powerful little pepper, even I am a little convinced by him.

This little girl refuses to take things lightly. Even though she is young, she handles things without any sloppiness at all. On the contrary, she is very happy and makes us two such experienced people play around.

Even if you don't want him to leave today, it's impossible. Seeing him like this, you have no intention of giving face to anyone. As long as it's what he wants to do, no one should be able to stop him. "

Qin Yuan smiled and nodded.

Shen Man is indeed what Sophia said, but Qin Yuan really appreciates him.

And I also felt that he should be doing something more important when he went out this time.

Qin Yuan couldn't explain what was going on. He was inexplicably willing to believe in this little girl. Maybe it was that kind of magical sixth sense.

"I don't know why Shen Man went out this time, but we can't put our hopes entirely on him. In fact, he is just a little nurse to put it bluntly.

The person who really has the final say in this hospital is Mr. Norman Karim.

If he really wanted to do something to Xiaolan, it would only mean that Xiaolan was indeed destined to have such difficulties. "

"Yeah, that's true. Let's just pray. We can't do anything now. When will you go out? I'm afraid I won't be able to hold on for long."

"I have to wait for Xiaolan's matter to come to an end before I go there. I believe Azhe's ability to delay is still very strong. Just now I was monitoring the situation there all the time through my earphones.

The two of them have calmed down for the time being, and I think maybe Efite has guessed it.

Ah Zhe just wanted to delay time. He just never exposed Ah Zhe's behavior. Sometimes it is indeed very convenient to do things with smart people.

In this case, we don't need to think too much.

Let's take it one step at a time. We can't make it difficult for everyone because of such a trivial matter. Today's incident has clearly become clear that it may not be as simple as we imagined. "

While the two of them were talking, Huang Mao walked out of the hospital's emergency room triumphantly.

"I guess he must have gotten some useful information, otherwise he wouldn't have come out so happy. He seemed to have won a battle and wanted to show off in front of us."

"Since Qin Yuan already knows his purpose, give him some face. In fact, Huang Mao is also a very pitiful person. Azhe and I have been taking care of him for so many years.

In fact, in both of our hearts, he is like a child, not as bad as you think. "

"You don't need to say so much. I can understand Sophia. I also have glasses. I can tell that Huang Mao is not a bad person. He just refuses to forgive others."

At this time, Huang Mao had come to the two of them, and Qin Yuan said knowingly.

"You've been in there for so long, have you gotten any information?"

"Qin Yuan, please don't look down on others. I told you just now that I will definitely be successful this time, and I have already found out the news. Do you want to know what happened inside?"

"Of course I want to know, then what do you think I should do?"

"Please, please show me some attitude and tell me that you really misjudged me just now. I am a very capable person."

Chapter 2243 People in the hospital successfully escaped from danger

There was really nothing he could do. When Qin Yuan saw Huang Mao's triumphant look, he had no choice but to say.

"Aren't you a bit complacent? You thought you had important clues, so you showed them off."

"I didn't mean to show off on purpose, I just wanted to tell you that if you don't want to know, he can pretend he didn't hear what I said."

When Sofia saw Huang Mao like this, he was also very anxious.

"Okay, Huang Mao, stop being so pretentious here. What did you see? Come on, tell us two."

"I just can't bear to see Qin Yuan's arrogance, and I just want to deliberately embarrass him. You see, you are quite reluctant to let me embarrass him, and you are still talking for him."

"I don't want to speak for Qin Yuan, but our situation is indeed quite tense now. Please tell us the situation in the emergency room quickly."

"Okay, let me tell you for the sake of Sister Sophia. I went into the emergency room just now, and they were in a hurry and preparing to rescue the girl named Xiaolan."

"Sure enough, something happened in the emergency room, otherwise they wouldn't be so panicked. So what's the result now?"

"I found a young nurse and asked around casually.

He said that the girl's physical condition was not stable, and all indicators have been on the verge of danger since she entered the hospital.

The reason why the emergency room was so anxious just now was because he saw that he did have two indicators and was about to reach the critical point. The doctors and nurses were worried.

That's why so many chaotic things happened inside, but now it's basically stabilized and he's out of danger, so you don't have to worry. "

"This girl Shen Man is really unreliable. I have obviously promised to help, but now I leave at this critical moment. Are you sure Xiaolan is out of danger?"

"I'm not a professional doctor or nurse, how can I be sure?"

It was quite difficult to go in and help you find out some information just now. Don't ask too much of me.

By the way, since the girl inside is out of danger, you can follow me to check the vehicle now. If nothing happens, I have to go back to the car dealership quickly.

I can't continue to waste time with you here. You have already said that you are a friend of Sister Sophia. I will definitely not trick you, but it is better to check.

Separate responsibilities clearly. If your driving skills are not proficient enough and something happens on the road, you will definitely blame my car, and you may even be sued. "

"How can you talk like this?"

"That's what I'm talking about. I can't control what's auspicious or unlucky. It's better to clearly distinguish the responsibilities. This car is very expensive. Can you drive such an expensive car well?"

"I told you, you idiot, don't look down on others here."

Sophia looked at Qin Yuan and seemed a little angry. She was afraid that Qin Yuan would lose his temper, so she quickly stepped forward and pulled Qin Yuan and said.

"Don't be like Huang Mao. He has such a character. If you have anything, just tell me directly."

"Sofia, I also care about your face. The key point is that Azhe can't delay it any longer. Come with me quickly to check the vehicle. If this little nurse comes back later, don't let anything happen between you and him. conflict."

"Shen Man and I have met him several times before. Although we are not familiar with each other, we are still acquaintances, so there should be no conflicts.

You go check the vehicle first. I'm here to keep an eye on Xiaolan's condition in the emergency room. Although she's stabilized, I'm still a little worried without seeing it with my own eyes. "

Afterwards, Qin Yuan followed Huang Mao to the front of the car, and the two of them were about to start checking the vehicle.

"Can you check it out yourself, or do you need me to help you?"

"I can check it myself. Don't think that everyone else in this world except you is vehicle illiterate."

"I see that you are quite capable, so I'll wait for you to check here by yourself. If you have any questions, come to me at any time."

Qin Yuan still felt a little disrespectful when he heard Huang Mao talking to him.

However, I no longer have time to worry about these details with him. It is better to find out whether this vehicle can be used first. This is more important than anything else.

So, Qin Yuan quickly got in the car and checked the vehicle from inside to outside.

There was no problem with the engine, and there were no problems with the vehicle starting and braking. It seemed that the car had not been soaked in water, so Qin Yuan was relieved.

"The way you inspect vehicles is quite professional. How come you have learned relevant knowledge before?"

Qin Yuan thought to himself that he was the most professional in vehicle inspection and driving skills when he was in the special forces.

Moreover, Da Ai Shi Dynasty has the richest knowledge in this area. Huang Mao is like a frog in the well, and he still thinks it is nothing to make a fuss about.

"Either I tell you, please don't look down on others.

Don't think that I can't afford to drive such a powerful car. This is called analogy. As long as I have driven a car, no matter how expensive it is, I will drive it. I am not a bumpkin into the city. I don't understand anything.

As for the techniques for inspecting vehicles, you don't have to envy them. If you want to learn, come over and call me a teacher. I can teach you a few tricks. You can use them in the car dealership in the future. "

Huang Mao heard Qin Yuan's words and rolled his eyes unconvinced.

"Since you have such professional skills, why do you let me waste time here with you? I'll go back first."

"Although this vehicle is an accident car, it is still worth some money.

If there is any problem, I may not be able to bear the responsibility alone. While Sophia is still here, it is better to clarify the responsibilities as you said, and avoid a lot of trouble."

"Qin Yuan, you are really a powerful person. Just a few words like this really made me not know how to answer you. I am also convinced by you.

No wonder Sister Sophia respects you so much and treats you as a good friend. It seems that you are really not an ordinary person. I also know you. One more friend like you. There is nothing wrong with it. "

"Do you want to treat me as your friend?"

"What do you mean? Do you think I am not worthy of being your friend?"

"That's not the case. I, Qin Yuan, have never looked down on anyone.

No matter if they are people at the bottom of society or at the top, there is no hierarchy in my eyes. We are all the same. As long as we can chat, we can become good friends. You don't have to mind it so much."

"Your words really make me feel that you are very special. In the Amy Dynasty, people are divided into different levels, but here the division may be a little clearer. I know you are not a member of the Amy Dynasty at all."

Qin Yuan was shocked when he heard the yellow-haired man's words.

"How do you know I'm not from the Amy Dynasty?"

"Don't think I've only been around for a few days, but I can tell you're not from the locals.

Although there's nothing wrong with what you said, I can tell from the way you communicate with Sister Sophia that you're not from the locals at all.

There's nothing to hide. It doesn't matter if you're not from the locals.

I see that you're very efficient in doing things, and you don't look like a gangster. If a gangster has your skills, he'll probably be able to get by with any big brother, and he won't ask me to borrow a car."

"It seems that you're really observant, and I admire you a little bit. In that case, I'll make friends with you."

When the yellow-haired man heard Qin Yuan's words, he smiled and took out a business card from his pocket.

"Huangmao, your name is not bad. I didn't expect your last name is Huang, and your name is really Huangmao."

"Because I have been a child without anyone to take care of me, I ran away from an orphanage, so I don't have a proper name. I chose a name that is easier for people to remember, so that everyone may have a deeper impression of me."

"You actually ran away from an orphanage, so how did you know Sophia?"

"It turns out that you and Sister Sophia are not so familiar with each other.

Then I can tell you directly that he also ran away from an orphanage, and Azhe and I are from the same orphanage, but maybe many things can't be explained to you in detail in general."

"It turns out that you are all a group of poor people, no wonder you can keep each other warm."

Like Qin Yuan has such a high status in the Da Ai Chi Dynasty, and there are people protected by Fan Tianlei.

He simply couldn't understand what it felt like for a group of orphans to keep each other warm. He instantly felt some sympathy for Sophia and Huangmao in front of him that he shouldn't have.

"I said I want to be your friend, but I don't mean for you to look at me with such sympathy. I hope we can be equal.

But since that's the case, I have nothing to say. It depends on what you think next.

Since you are not a local, you must leave here. What are your plans? I don't think you are here to travel openly. You must have smuggled here."

"It seems that you are quite smart. How can such a smart person like you suffer from Efit?"

"Don't mention this guy to me. As long as you mention him, I will be furious. I am with him. It's been so many years since we've had grudges, so let's not talk about it.

Anyway, if there's a chance, I won't give up easily. I'll definitely deal with him. I won't let him be so proud. "

"It seems that this world is really too small. After going around in circles, everyone can be considered to know each other."

"Aifite should have some grudges with you."

"You can say that we are enemies. He saw me as if he saw his natural enemy. I borrowed the car this time to solve the problem between him and me. He is with Azhe at this moment."

When Huangmao heard Qin Yuan's words, he immediately became interested.

"If that's what you're saying, why don't you take me with you when you go on the mission? Azhe might suffer if he stays with this guy. I'll go with you to deal with them, and I can help."

"Although you said you run a car dealership and wanted to join Mr. Norman Karim's group, you didn't succeed. Instead, you were deceived by Efit.

However, my mission this time is still very dangerous. I can't take you with me. I see that you are not very old. Since you have returned to a proper job, you should stop getting involved in these things between them."

"Qin Yuan, are you looking down on me by saying this? You just agreed to be friends with me. Could it be that you look down on your friend like this? Do you think I don't have the ability to help you?"

"Huang Mao, please don't misunderstand me. I don't mean to look down on you, but I really think about you because you are so young and you still have many opportunities to choose. Don't participate in these things with them. It will not do you any good. "

"I am so close to Sophia and Azhe, you should know that if I want to work in a serious industry honestly and not participate in their affairs, it is probably impossible. Sometimes even if I want to escape, I can't. No chance."

"How could there be no chance? In the future, Mr. Norman Karim's vision may have to be transferred abroad.

By then, he won't have so much energy to stare at you, not to mention that in his heart, you are just an inconspicuous little character, and he will not come to deal with you. "

Qin Yuan is a very soft-hearted person. When he saw Huang Mao like this, he really wanted to give him a hand and pull him ashore.

"I can tell you directly that I came here from the Great Food Love Dynasty."

"I knew your speech and behavior were unusual. It seems you have many secret missions, so I won't ask any more questions.

Thank you for being willing to tell me this. I will definitely keep it a secret.

Even if a gun is put to my head, I will not betray you, let alone Sophia and Azhe. The origin of this car cannot be traced, so you can drive it without any worries. "

"You're not that young. You're about the same age as the little brother next to me. I think of him when I see you."

"You also give me the feeling of a big brother. It should be quite a blessing to be my little brother by your side."

"If you don't dislike it, you can give up everything you have now and come back to the country with me. I am willing to hold you and let you go back to the right path.

When the time comes, you can do a small business and support yourself easily without getting involved in their affairs. "

Qin Yuan knew that he should not promise anything to the other party at this time, but he also saw that Huang Mao had no one to discipline him, and he was really wasting some of his talents and abilities.

Chapter 2244: Drive over and follow the hostages

Qin Yuan's words can be regarded as coming from the bottom of his heart. He did not want to sell benefits in front of Huang Mao.

"Although Amy's Dynasty is not very good, it cannot be compared with your favorite eating Dynasty, but after all, I have lived here since I was a child, and I have no plans to leave in a short time. Thank you, Brother Qin Yuan."

Huang Mao suddenly became more polite, which made Qin Yuan feel a little embarrassed.

"It's okay. I can leave you a contact information. If you want to change your mind in the future, you can contact me at any time."

Qin Yuan knew very well that Sophia and Azhe had their own plans, and it was not certain whether they would stay here in the future, and they might not be able to keep Huang Mao.

It's just that this simple yellow man doesn't know Sophia and Azhe's plan yet. Qin Yuan checked the vehicle for a while and found that there was nothing wrong with it, so he was ready to get in the car and leave.

Sofia looked at the two of them and quickly walked forward and asked.

"There shouldn't be anything wrong with the vehicle, right?"

"Don't worry. I've checked Sophia. There's nothing wrong with the vehicle. Huang Mao is still trustworthy."

"Have I told you before? I'm not the kind of person who can't keep his word. Since I brought this car here, it must be usable. If there are no problems, what are you going to do next? manage?"

"Xiaolan has recovered a little now, but we are not sure about the specific situation now. He is still in the emergency room and we can't get in. We can only leave one person here to wait for Shen Man to come back."

Thinking of this, Qin Yuan had another concern, and that was An Ran. They should still be forced by Mr. Norman Karim in the club at this moment.

"I see you are hesitating again, maybe you have something in mind."

"If I go to find Azhe now, the situation at An Ran will not be very optimistic. I don't want him to be in any danger."

"Don't worry, Mr. Norman Karim, he will not force Anron to do anything."

"Of course I know that Mr. Norman Karim is a very well-organized person, but this situation is not good for us. If we always trouble him like this, we will indeed encounter some more difficult problems. "

"Mr. Norman Karim is already in the club now. Based on what we know about him, I'm afraid he is hoping to get Anron and the others to move their positions."

"An Ran and the others must not leave the club casually, and I already have my own plan.

You should know exactly what Sophia is like.

The top priority was that I had to go find Azhe first, and let him hold on there alone. I was a little worried, because if something really went wrong, someone would have to be responsible. "

Huang Mao looked at them from the side as if he was very anxious, but he couldn't do much to help.

"I've been watching here for a long time. You guys have said so much. I really can't help you at all. I can only follow along and worry."

Qin Yuan smiled, then gently patted Huang Mao's shoulder and said.

"You don't have anything to worry about. We never felt that you were in a hurry and couldn't help. It's already very difficult for you to deliver this car to me today. I don't dare to expect too much."

"What kind of help is this? I'm a driver. No matter what kind of vehicle you want, I can try my best to help you find it.

Now Qin Yuan and I can be considered friends. In this case, of course I hope that I can be of help. "

Qin Yuan knew that his mission was too dangerous.

And it may also offend the more insidious Efit. If Huang Mao is too involved here, it may not be good for him. If really, he is hurt because of himself, then Qin Yuan really wants to It's too late to regret.

"If you really want to do something and are not in a hurry to leave, just stay here with Sophia.

Waiting for the little nurse to come back, but I have to tell you clearly in advance. When you look at others, don't be disrespectful in your words like just now.

Shen Man is not just a little pepper, he must have a very stubborn temper. I advise you not to have any unreasonable thoughts just because someone is beautiful, and don't provoke him easily. "

Huang Mao spread his hands and said helplessly.

"Oh, I'm not a gangster. I just have a bad mouth. Every time I see him, I always want to go up and flirt with him."

Sophia smiled and said.

"It's okay, Qin Yuan, don't worry. No matter what, I will help you keep an eye on him. Huang Mao has such a character. Don't be the same as him."

Although Qin Yuan was a little worried, he still had to give up the current situation and go to Azhe first. He could not delay it any longer, as this would not be good for anyone.

"That's it, I'll drive away from Sofia now, and the two of us will keep in touch at any time."

Qin Yuan could feel from Sophia's eyes that he was very worried about Azhe at this moment. After all, Azhe was controlled by a guy like Efit. If there was really any danger, he would really regret it. ah.

"Qin Yuan, don't blame me for not believing you, but I still have to nag you a few words.

I'm afraid this guy Efit already knows about the relationship between you and Azhe. If you go, it's best not to show your face.

Don't let this guy Efit suspect that you are related to Azhe's matter, otherwise I'm afraid it will really have some negative impact on us.

You should know Mr. Norman Karim's temper. I don't want our hopes to be nipped in the bud before we can see what's going on. "

"Oh, don't worry, Sophia. I've been out for such a long time. If I can't even help you with this little thing, I'd be really embarrassed to work with you two.

Even for various reasons, I will not put Azhe in danger. The two of us have to discuss some important things together. "

"Well, Qin Yuan, as long as you say this, I have nothing to worry about. In fact, I have always been quite confused and don't know what to do. I feel relieved when you say this."

"Of course, as long as I say what I say, I can definitely do it. This is why I can have so many partners, because everyone believes in me, and I will never betray anyone's trust in me. "

Huang Mao looked at Qin Yuan from the side and nodded with satisfaction.

"If you don't say that everyone's judgment of people is really accurate, today is like this, and I can see that you are really a very capable person.

I'm a little impressed. In fact, I'm still a little moved by what you just said to me. "

"What? Do you want to come with me?"

"Let me think about it again."

"Then you stay here and protect Sister Sophia. I should be back soon."

Sophia also said to Qin Yuan with some worry.

"In addition to taking care of Azhe, you must be careful. I am also very worried about your situation. Effit is a very insidious guy. Don't fall for all his tricks."

"Don't worry. Whatever I do, I will never let you down. When have I ever done something that didn't make you feel relieved?"

Sophia smiled. Hearing Qin Yuan's words, he was relieved. There was no reason to worry too much.

"Okay, hurry up and go. Don't waste time here. No matter how much we talk about many things, it doesn't make sense. The main thing is to see how you implement it. Don't think too much, let alone have any Too many worries."

"I understand, you have already put so much pressure on me.

Even if I am not careful, I still have to think carefully.

I will consider you and Azhe before doing anything, and will never be selfish enough to consider my own interests.

I think we should work together to deal with those people, instead of ourselves panicking first and making enemies of ourselves. "

After saying these words, Qin Yuan got into the car directly, and Huang Mao also gave Qin Yuan the key.

"Then I'll leave this car to you."

"Looking at how petty you are, you came up again at that time. Didn't Sophia already tell you? As long as there is any problem, the loss of the car will be borne by him. What do you have to worry about? "

"I said you guys really don't know. Anyway, I am obviously caring about you. I am afraid that you will be in any danger. After all, this car is an accident car. After all, there is still something unlucky about it."

"I don't care about that."

Afterwards, after Qin Yuan finished speaking, he got into the car and left the Central Hospital on the road. He was going to have a phone call with An Ran first.

"safely?"

"Qin Yuan, where are you? It sounds like you are in a closed space."

"Is Mr. Norman Karim still with you?"

"Of course you're not here, otherwise I wouldn't dare say where you are."

Qin Yuan was afraid that Mr. Norman Karim would hear him driving in the car while he was still with An Ran, so Qin Yuan deliberately parked the car on the side of the road before calling An Ran.

He Chenguang and Chen Jixiang, these two boys had been waiting beside them for too long, and they were both anxious.

"Brother Qin Yuan, how is the situation here? When can you come back? The situation here is not optimistic at all. Mr. Norman Karim forced us to change places."

"I know Chen Jixiang, you don't have to worry too much that Mr. Norman Kalim won't take some violent actions against you."

"Of course, although Mr. Norman Karim is a side fish, he can be considered gentle and gentle, not the kind of impatient person.

But you should also know that his behavior is really a bit scary. Do you understand the feeling of the gun and oar being turned into ashes while talking and laughing? "

When Qin Yuan heard Chen Jixiang's words, he couldn't help but be amused by this boy.

"I didn't expect that you, the boy, have some level of skills. I am really shocked that you can speak such literate poems."

"This is not surprising. We often take cultural courses in the army. This is the result of my accumulation over time.

Forget it, don't change the subject with me.

Where are you?

We are just stalling for time now. Mr. Norman Karim said that if we don't want to leave, we will wait until you come back before making a decision. But just waiting like this is not an option. When can you come back? ? "

"Azhe and Efit are all in the hiding place of Professor Fangde, the two students."

"How could the two of them be together? What happened? It seems that we have indeed missed some important information. According to your statement, aren't the positions of these two individuals all exposed to Effie? In front of Te?"

"It's not that simple at all. Mr. Norman Karim seems to be handing over these two hostages to Efit."

When An Ran heard Qin Yuan's words, he couldn't believe it. It was really too abstract.

"Oh my god, this couldn't be a dream."

"Efit, now he is ready to join Mr. Norman Karim's group, although I don't understand what he is thinking.

However, if you look at Mr. Norman Karim's decision now, you can feel that he must be sure that he wants to hand these two people over to our enemies. He is determined and does not want us to succeed. "

"Then what are you going to do next? Qin Yuan?"

"Don't worry, I found a car to go to this secret place.

I would like to see where Efit plans to hide these two arms experts. As long as we capture his hiding place, we will have nothing to worry about.

Du Bingbing from the embassy has already notified us, and we will take action on two fronts when the time comes.

Once the matter at the embassy is resolved and I find these two hostages, we can go to the embassy smoothly, wait for the plane to pick us up, and return to our own country. "

According to Qin Yuan's original plan, he did think so. If such an operation could proceed smoothly, it would be quite smooth.

However, there is a saying that plans cannot keep up with changes. Now they have a perfect idea in their minds. No one can be sure whether there will be any special circumstances during the actual implementation.

Qin Yuan couldn't control that much. Since this matter was his own idea, he had to solve it by himself, not to mention that there was a Damai Dynasty turtle beside them.

When Chen Jixiang heard Qin Yuan's plan, he was very happy.

"Brother Qin Yuan, you are really a very powerful person. As long as we follow your plan, I don't believe that we will not be able to complete the task. In that case, you should go as soon as possible.

However, you must be careful when you are on the road, so as not to be discovered by this cunning guy.

Efit, he is a very annoying person, we cannot offend him at this critical time. "

Chapter 2245 Efit deliberately set a trap

Chen Jixiang is not at ease with Qin Yuan's ideas, which is human nature.

"No matter what, Brother Qin Yuan, I still hope you can be careful and don't ignore Mr. Norman Karim and Efit. Together, they are really a big deal for us. bad news."

"Since the other party has already joined forces, if we continue to follow the plan, we would be a bit sorry for their arrangements.

Now I have driven my car and am preparing to go to the place where Professor Fangde and these two students live.

I believe that we will be able to successfully find the hostages today. According to my arrangement, we will be able to return to the Great Eating Dynasty in a short time. "

Even though An Ran knew that Qin Yuan was a very thoughtful person and knew that his arrangements were well-intentioned, An Ran still felt uneasy about Qin Yuan.

He didn't want his companions to be in any danger. The critical moment was coming soon, but he must not let everyone endure this for no reason.

He Chenguang had always been worried about whether Xiaolan had been successfully rescued, but he didn't dare to ask directly. After hesitating for a long time, he finally made up his mind to ask.

"Qin Yuan, you have been going to the hospital for so long, have you gained anything?"

"Harvest? So what do you think is gain?"

"You accompanied Sophia to rescue Xiaolan. Has Xiaolan been successfully rescued now? If he is really in any danger, I'm afraid Mr. Norman Karim will hang this matter on your head. "

When He Chenguang said this, Qin Yuan knew what the other party's purpose was.

Qin Yuan thought that this guy wanted to take advantage of this moment to find out whether Xiaolan had been rescued.

"He Chenguang, you don't have to worry so much about Xiaolan, he is basically out of danger.

However, I still don't know whether I can wake up. There is no definite result before I leave. Why are you so concerned about this little girl? Did the two of you spend a few days together and have some feelings for each other? "

When He Chenguang heard Qin Yuan's words, he immediately felt a little panicked.

"Qin Yuan, don't talk nonsense here. What kind of relationship problems can I have with him? He is the person next to Mr. Norman Karim. If I have any feelings with him, it will be a violation of discipline. After I go back Fan Tianlei will definitely not spare me."

"He Chenguang, don't be so nervous. I was just joking with you. Is that all?"

"You're just kidding. I've never seen anyone joke like you. I don't think this is funny at all. Please don't continue talking about it in the future. It will only cause me a lot of trouble."

An Ran and Chen Jixiang, when they saw each other's attitude, they knew very clearly that this matter was indeed quite complicated. It seemed that they really shouldn't joke around casually.

"He Chenguang, don't be too angry. Qin Yuan always talks like this, and there is no one who knows what to say."

"Even if he wants to make a joke, he should allocate time and occasion. What time is it now? We have to find a way to get out of here quickly.

It's not to see him making these tasteless jokes with us here, which are completely nutritious.

Mr. Norman Karim has already come to our door, and now he wants to take us away by force. We all know what kind of means he is in the Amy Dynasty.

There is no need to offend him for this result. Since you have already said this, I have no other way, so let's quickly think about what we should do in the future.

Anyway, I can only tell you these words once.

If you continue like this, we will really be hopeless. Don't blame everything on Qin Yuan, as if he is very powerful. Look, he is the same now and has too much time to take care of himself. "

He Chenguang most likely heard that Xiaolan had been rescued, so he was so angry.

Since Qin Yuan already knew what he was thinking, there was no need to dwell on it, and he didn't want to verify it anymore. Qin Yuan was already tired.

"An Ran, let's do this. You can continue to wait for me, Mr. Norman Karim, in the club. He probably doesn't know that I have left. Maybe he thinks I am still in the hospital."

"Don't be too naive. Won't Sofia expose your whereabouts? Even if Sofia doesn't mention the hospital, it is Mr. Norman Kalim's territory. If he just takes a look at the surveillance, he should know that you are not in the hospital. "

"Don't worry, I've already taken care of the surveillance. He won't see any traces of me from the surveillance. As long as Sophia and none of you reveal my information, Mr. Norman Karim can't do anything to me. "

Chen Jixiang is Qin Yuan's big fan. No matter what the other party says, he is willing to believe it unconditionally.

"Well, since Brother Qin Yuan has arranged all this, I have nothing to say. I can only support your decision, don't worry.

As long as I am here, I will be able to protect Sister An Ran.

Mr. Norman Karim, he seems to be quite patient and has no intention of forcing us to leave, but I don't think we can hold on for too long.

You should go as fast as possible. I don't mean to rush you. I know that it is definitely not safe for you to drive in a strange place.

No matter what, whether we can complete the mission or not, safety comes first and life comes first. You cannot complete the mission at the expense of your own safety, as this is meaningless. "

Qin Yuan couldn't help but feel a little relieved when he heard what Chen Jixiang said to him. It seemed that this boy cared about him.

"Don't worry, I'm a living map and a living navigation."

Qin Yuan thought to himself that he had gained the ability to navigate on a map by relying on the system. No matter what strange place he was in, he could quickly find the correct location and direction.

Fortunately, there is a system to help him, otherwise Qin Yuan would be in a state of distress now, and he would not be able to become a member of the special forces who is so valued by the top leadership of the army.

"Then I've already explained it, so I'm relieved about all this. Just wait patiently. We'll keep in touch at any time. If you have any questions, be sure to notify me in time.

Remember, before I come back, no matter how you behave or let go of scoundrels, you will never leave this club, and you will never be led by Mr. Norman Karim. "

"All I can say is that I promise you to try your best to do this. After all, you should understand that a strong dragon will not overwhelm a local snake."

After An Ran said this, Qin Yuan was generally worried.

However, he still wanted to find these two hostages, which was really more important to him than anything else.

In this case, he can only do what he has decided to do with confidence and boldness, and must not regret it easily. If Qin Yuan gives up all this now and returns to the club to find them, everything will be in vain.

"Okay, I understand. I will definitely come back quickly. After understanding the situation on your side, I will definitely not delay it any longer."

He Chenguang was already in a state of confusion at this moment. He felt that he had to solve Xiaolan's problem quickly, in case he woke up and revealed that he and he were both members of the Damai Dynasty.

Then this matter will be difficult to deal with. It is really a particularly difficult matter for them to solve, so now he can no longer take care of so much.

At this moment, Mr. Norman Karim's men knocked on the door outside.

"You haven't thought about it yet, okay? Mr. Norman Karim, but you are already anxious."

Qin Yuan also heard the sound of knocking on the door outside while on the phone, and vaguely seemed to feel that someone was urging An Ran and the others.

Just as Qin Yuan was about to hang up the phone, he heard the urging outside and felt uneasy again.

An Ran was also afraid that Qin Yuan would be worried, so he hung up the phone in a hurry.

"Didn't Mr. Norman Karim already say that he is willing to give us more time to think about it?

Since there is no set time for us, we want to rest here for a while, and we have made it clear that we need to wait for Qin Yuan to come back before making a decision.

You should stop forcing me. It makes no sense and may not be good for everyone. "

An Ran only needed a few words and sent the person away.

On Qin Yuan's side, he felt An Ran hung up the phone in a hurry, just not wanting to worry himself.

And he also believed in An Ran's personal ability, so Qin Yuan didn't think too much, started the vehicle and quickly prepared to go to Azhe first. Besides, he knew that Azhe could not hold on for much longer.

Qin Yuan was driving while listening to the situation on Efit's side through his headphones.

Azhe really lived up to expectations. He was really able to delay time and prevent this guy Efit from leaving.

At this time, A Kun and A Ming were already waiting impatiently. They all knew that A Zhe was deliberately delaying time.

"Azhe, there's no point in you continuing to delay here. I think you should let us leave quickly. We have plenty of time to wait here. I'm afraid Mr. Norman Karim doesn't have so much patience."

"You two have only joined the group for a few days? Are you here to take care of my affairs? I advise you to take care of yourself and don't worry too much. These things have nothing to do with you. This is between Efit and I. the contradiction between them."

"Whether it's Efit or us.

Our being here today is all arranged by Mr. Norman Karim. It is useless for you to delay like this. I know you will definitely be unconvinced.

I don't want to let him go so easily, but what can I do?

Even if you procrastinate further, it will only be a waste of our group's effective time, and there will be no benefit to you personally.

Unless you are really convinced by this guy Efit, you are teaming up with Qin Yuan to deceive us. "

"You just want to pour dirty water on me. It doesn't matter. Anyway, none of us are leaving today."

Efit thought in his mind that he was delaying time here deliberately, and wanted to prove the connection between Azhe and Qin Yuan. As long as Qin Yuan came here, he could catch one of them.

Therefore, even if Efit knew about the relationship between Azhe and Qin Yuan, he deliberately delayed his time here because he had great self-confidence.

Today, we can successfully grasp the conflict between Azhe and Qin Yuan. As long as Azhe can be resolved, he will be able to hold the sky with only one hand in the group, and he will be able to sit in the second position.

"Efit, the two of us just tried to persuade Azhe, but he didn't listen, so we came here to persuade you too.

This is the first task you complete when you join the group. If this is ruined, it will be basically impossible for you to gain the trust of Mr. Norman Karim in the future. "

Efit said with a confident smile beside him.

"Since Azhe doesn't want me to leave, I have to give him some face.

Maybe, after I complete this matter, my status in the group will be suddenly improved. You two will follow me and Jason.

We good brothers can be considered to be able to drink and eat meat.

As long as you believe my words, I will guarantee that your glory and wealth will not let you down, and you don't have to be so timid.

It seems that Jason not only had to hang out with me when he was around old K, but now he also has to hang out with me here to have a living. "

When Azhe heard the other party's boastful words, he knew that maybe Qin Yuan really shouldn't be allowed to come here today.

Fortunately, Azhe was wearing a miniature earphone. This earphone was so small that it could not be seen without a magnifying glass.

Qin Yuan heard everything clearly through the headphones, so Azhe didn't have to worry so much. If Qin Yuan wanted to give up coming here, he would inform Azhe directly.

Qin Yuan is stubborn again.

He had never worried that Efit would pose any threat to him.

This is also his own inexplicable self-confidence. Even if he knows that the other party has set a trap, Qin Yuan will still take the initiative to go there and make plans with them.

"Azhe, don't worry, I have no intention of giving up. Now that I have decided to come here, I don't have to worry about this guy's schemes.

It seems that he should already know that the two of us are united. Now he clearly knows that you are stalling for time and have not left yet. The main reason is because he knows that I will definitely come.

If that's the case, let's confront each other face to face.

I want to see what he thinks. If it doesn't work, I will solve it today. You don't have to worry about him threatening you in the group in the future. "

Azhe heard that Qin Yuan would definitely go to the appointment on time. He was relieved, but at the same time he was also afraid that Qin Yuan would be outnumbered.

Chapter 2246: Pull off the micro headphones, no need to pretend to be stupid anymore

Qin Yuan also knew very well that the time he had passed now was just right.

Although he was not worried about Efit's conspiracy, he was more worried about whether such a thing would affect Azhe.

Think about it, forget it. As long as you take care of it, there shouldn't be any big problem. Mr. Norman Karim doesn't have any tricks against Azhe.

"Efit, you should think about what you are going to do if Qin Yuan really comes."

"Azhe, you admitted this yourself. You made an agreement with Qin Yuan and deliberately wanted to destroy Mr. Norman Karim's plan. Akun and Amin are both here, and they are witnesses."

"Efit, it doesn't matter whether Qin Yuan comes to me today or not. It won't affect my decision anyway. I just have to be serious with you.

It is impossible for you to take these two arms experts away today. I hope you can clearly understand this in your heart. "

“Why can’t I take both of them away?

Don't think that there is anything special about you. To be honest, this is just your wishful thinking. It doesn't matter what explanation you think these things have.

Because I don't care at all. If you have time, just think about what you should do next.

Don't continue to waste our time here, and I must inform you that the current situation is not optimistic at all for you.

There is no point in thinking too much. If you continue to talk like this, it will only cause more trouble to all of us, and you will also suffer a lot of losses. "

Efit knew very well that Azhe was just deliberately trying to scare him.

Once he loses the trust of Mr. Norman Karim, Azhe will have no right to speak in the group, and he will be completely replaced by himself. This is what Efit is waiting for now.

"I know the conspiracy in your heart. If Qin Yuan appears here today, what are you going to do? If you fight alone, you may not be his opponent."

Efit looked back at Akun and Amin, then sneered and said to Azhe.

"Who told you that I was fighting alone? I brought these two idiots here just to help. Otherwise, why didn't you bring them two here? Are you trying to cause trouble for me?"

When Akun and Amin heard Efit's words, they looked at each other. It was obvious that these two people had no intention of helping each other because of Jason.

"If you want the two of us to help, just show respect. If you want the two of us to help, you still call us idiots. With an attitude like yours, who would be willing to help you?"

"What's my attitude?"

"Only the devil wants to care what your attitude is. Anyway, we are unlikely to help. Regardless of whether you are married or not, and the relationship between Qin Yuan and Qin Yuan, we will not care about these things."

"You two betrayed Jason and took refuge with Mr. Norman Karim in the first place, and now you are pretending to be brotherly friends here."

After Qin Yuan arrives in a while, you must help. This is my order and my requirement.

Otherwise, don't blame me for complaining to Mr. Norman Karim after I return to the group.

You two are just pretending to surrender. In fact, you have other arrangements. Don't think that only you two are the smartest and everyone else is just a fool. "

A Kun and A Ming were not worried at all, because they knew very well that the other party was just trying to scare them.

"Efit, you have become a paper tiger now."

You are nothing after leaving Old K. You have just joined the group and you have no say. Why should you order us two? The fact that we can get up with you today is already a great honor to you. "

Qin Yuan heard the infighting between them in his headphones while driving.

Qin Yuan couldn't be happier at this moment. Now is a good time to deal with this guy.

"Now you can see it."

What should I do about this matter, but I still have to remind you that after Qin Yuan arrives soon, you two must not have any unintended intentions to deal with me with Qin Yuan. "

"Efit, you are too petty.

How could we deal with you together with Qin Yuan? Don't think about it carefully. To Qin Yuan, you are no threat at all.

As for us, we don't take you seriously.

What's more, now that you have left Old K, you have no value. Why should we embarrass a worthless person? Instead, we will get ourselves into trouble.

I believe that if Old K finds out that you have betrayed their group, I am afraid that you may not be safe and sound. The most important thing you should pray for now is that Old K's people don't find out where you are.

I believe that if Qin Yuan doesn't want to meet you all when he comes here soon, he may call Lao K's people directly.

The other party should be very willing to accept you and take you back.

As a former backbone of the organization, if you are captured and handed over to old K now, you can easily take your place and become the new person with the right to speak. "

When Efit heard this, his entire defense was broken.

"You want to hand me over to Old K directly. This completely violates Mr. Norman Karim's rules. He does not allow people who cheat on me to exist."

When Azhe heard what Efite said, he thought it was a complete joke.

"A guy like you who betrays his own boss has the nerve to say that others are cheating on others. You are the one who cheats on others the most. I feel really sad for Old K."

"Azhe, don't pretend to be a good person here. When it comes to betrayal, aren't you also betraying Mr. Norman Karim and standing on the same front as Qin Yuan?"

"Don't think that I don't know about the relationship between you and Hassan. I already know. Do you think Mr. Norman Karim will be ignorant?"

When Azhe heard this, he was sweating all over because he had a guilty conscience and was afraid that others would know about his relationship with Hassan.

"Stop talking nonsense here. I have nothing to do with Hassan. Even if you are slandering me, you have to find a better reason."

"hehe....."

"Azhe, I think you are really good at deceiving yourself and others. In that case, I have nothing to say. You are determined to deceive yourself, so why should I help you?"

"Who told you that I was determined to deceive myself? Who told you what the relationship between me and Hassan is?"

"He is a member of the Maritime Patrol Force, and I am a member of Mr. Norman Karim's group, and we have nothing to do with him."

"It doesn't even have any connection. The only connection now is that he is still in the hospital, and I followed Mr. Norman Karim's arrangements to take care of him. Please don't slander anyone here."

"Do you think my years of reselling arms in the Amy Dynasty were in vain?"

"I dare not say that there are people on every road. I can only say that the information is relatively well-informed. I think you can hide many things from Mr. Norman Karim."

"It's because he has trusted you for so many years. He thinks that he can completely trust you after having you by his side for a long time. It seems that he is not a god or omnipotent. He is still attracted by you. To deceive."

Sometimes I even sympathize with him.

However, it's useless to talk about it now. If the two of us really have a falling out, it won't be good for anyone, so we might as well just pretend to be stupid. Don't worry about what my next purpose is.

I won't interfere with the relationship between you and Hassan. This is called mutual use without affecting each other. This is called a win-win situation. "

Professor Fang De, these two students heard their conversation and felt that these two guys were really annoying.

"We are both heartbroken now. No matter what you say, we don't care. Anyway, as long as a person has seen through life and death, other things should not matter."

At this time, Qin Yuan had followed the navigation and arrived near the destination where two arms experts were hiding.

So, Qin Yuan quickly informed Azhe through the earphones.

"Azhe, I have arrived nearby. What should I do next? Let me think about it first. Don't worry. I will ensure your safety. Although Efit is a madman, I will not let him hurt you. "

Azhe didn't know why he and Qin Yuan had only known each other for a short time, but after hearing Qin Yuan's words, he always felt at ease.

"Efit, I have regretted it now."

"What did you say?"

It was obvious to see the confusion on Efit's face.

"I said that I have regretted it now. I didn't understand a word of what you just said, but I don't want to continue to deal with the affairs of these two arms experts.

Just drive them away in your car, and don't tell me exactly where you're sending them. I don't want to know either, lest you have to rely on me when these two guys disappear one day. "

When Efit heard Azhe's words, he understood immediately.

"It turns out it's Qin Yuan. This guy is already nearby. If that's the case, then I don't need to pretend to be stupid with you. Just call him and let him come in so that we can communicate face to face."

"I do not know what you're talking about."

As soon as Azhe finished speaking, Efitt pulled Azhe's ear very violently and tore off the tiny communicator on his ear.

"oops....."

"Now that I feel pain, I'm still pretending to be here.

Do you think I have been living in vain all these years? I have known for a long time that you are wearing micro headphones and communicating with this guy Qin Yuan all the time.

But I can only say this in front of you. When I return to Mr. Norman Karim, I will still keep it a secret and will not say anything about your betrayal of him, even if you will affect my position in the group. status. "

"It seems that you are also a master of acting. You obviously know that I have been secretly communicating with Qin Yuan, but you can still pretend to be so calm. I also admire you. It's really a waste for you not to act. Good material for an actor."

"I really appreciate your compliment."

Qin Yuan now sighed. Fortunately, he brought the miniature pistol he gave to Chen Jixiang before going out.

He reached back and touched his miniature pistol. Although in the Amy Dynasty, Qin Yuan's status as a member of the special forces of the Great Aishi Dynasty prevented him from shooting casually.

But if he is forced into a helpless situation, he can only choose this method.

No matter what, he had to ensure the safety of himself and those around him. If Sophia knew that their current situation was so dangerous, I'm afraid she wouldn't be relieved.

Therefore, Qin Yuan was forced to have no choice but to adopt this method temporarily.

Efit picked up the miniature headset and said directly to Qin Yuan.

"I know you're already here. In that case, don't be so mysterious.

Come in, you don't need me to continue to guide you, just come in from which entrance, Qin Yuan and we can be considered old friends, so don't do this.

Come in and sit down and talk openly. You can also meet the two arms experts you have always wanted to see. This is also the only purpose of your coming here. "

"Efit, it seems that you have A Kun and A Ming by your side, so you don't have to worry about not being able to beat me, so you dare to show off like this?"

"Qin Yuan, you are wrong. We have known each other for so many years. You should know my personality very well. I am such a persistent person. Even if I know that I am not your opponent, I will never give in easily.

Originally, I didn't want to confront you here. I really wanted to take these two arms experts away.

But now that you are here, I also know that if you keep pretending to be stupid and move the two of them to a secret place, sooner or later you will find their traces.

It will become troublesome to solve it by then. It is better to find ways to solve it now before doing other things, and we can all rest assured. "

For Qin Yuan, to be honest, he was still a little uneasy because he knew that the guy in front of him made no sense at all. He was just a pure and shameless villain.

Qin Yuan is not a person who escapes. He has no intention of leaving after knowing the current situation.

"Hurry up and get out of the car and confront me face to face. Don't let me look down on you. I never thought you were a timid guy."

"You clearly know that provocation is useless against me."

"Whether the provoking method is useful to you or not, I can't control that much. I only know that you are very eager to complete the mission. If these two arms experts die now, you should have completely failed.

How will you have the face to go back and face your God of Thunder then?

Since you have been here for such a long time, you are not here for sightseeing. In this case, get out of the car and act like a man. Let's talk clearly face to face. "

Chapter 2247 Worried about Qin Yuan being outnumbered? Not true

Qin Yuan now knew very well that the other party was using provocation, but he had nothing to dodge.

If you are really scared now, driving away is the best option.

But in this case, he would never be able to find these two arms experts again, and it would be absolutely impossible to fulfill Qin Yuan's promise to Fan Tianlei within a week.

You must do what you promise, this is the thought engraved in Qin Yuan's bones.

Therefore, Qin Yuan didn't have to worry so much. He didn't have too many worries and was going to cut off contact directly. He must not let An Ran and Chen Jixiang know that they were confronting Efit in this remote place.

"Efit, it seems that you really miss me. In this case, I have nothing to say. Just wait for me. I will go in to find you now."

Azhe was also very nervous next to him, and he still blamed himself a little.

"Where did I expose my flaw and let you guy find out that I was secretly communicating with Qin Yuan."

"Azhe, you don't need to be so nervous. I haven't told Mr. Norman Karim what is happening now. He probably doesn't know. If you hide it better in front of him, as for when I discovered it, You don't have to worry so much."

"You know it from Xiao Lan, right?"

"Xiaolan? Oh, if you hadn't said anything, I would have almost forgotten about this bitch."

"Xiaolan, after all, he has been following you for such a long time, how can you say this to him? It seems that you are indeed a ruthless guy."

"He is originally a member of the Damai Dynasty. No matter how I treat him, you don't need to have any sympathy for him. He is here to monitor your group and wants to provide more information to them.

But there is one thing I still haven't told you. Why can I have such a close connection with him?

Because he was not someone sent by the Damai Dynasty army at all, he was someone sent by Old K.

I believe that even Mr. Norman Karim himself does not know this. Now that he has completely lost his use value, who will care about his life and death. "

Azhe heard Efite's words, and he was completely confused now.

"You said Xiaolan himself was someone sent here by Old K. How is this possible? We have investigated his identity, and he is clearly..."

"You must remember one thing, what you can see is what others want you to see, and what others don't want you to see, you don't know anything.

The same is true for Mr. Norman Karim. He should not think that old K can be manipulated by others as he gets older. This is absolutely impossible. It seems that the struggle between the two of them has just begun. "

Azhe doesn't know what he should do now. All this has far exceeded his expectations.

Akun and Amin heard this and wanted to report the news to Jason quickly.

The situation now is very obvious, and I really want to think that this guy Efitt is not really surrendering to Mr. Norman Karim at all, he is just a smoke bomb from the old school.

Just when Akun and Amin took out their mobile phones to report the news to Jason, Efitt took out a gun and pointed it at the two of them.

"You two already know too much."

A Kun and A Ming saw a pistol pointed at them mercilessly, and they had no choice but to raise their hands above their heads and surrender.

"Jason, after taking you two stupid guys for so long, you still surrendered so quickly, which really makes him feel very disappointed.

But I don't want to tell you too much about this matter, it's meaningless.

For stupid guys like you two, there is no point in staying, but now I still need your help for a while. After Qin Yuan comes, you should know what to do.

It's up to you to decide whether you want to save your lives or whether you want to help Qin Yuan, a person with little use value.

Anyway, after you return to the Great Eater Dynasty, the only result will be that one of you will be imprisoned in the army's prison to cooperate with their investigation. If the investigation is not clear, you will never figure it out.

Whether you want freedom or life, you make your own choice. Smart people should not need me to teach you. "

At this moment, the micro communicator had been thrown away by Effit. He naively thought that Qin Yuan would not hear the conversation between the two of them, and he also brought a professional device that could cut off communication with the outside world. , it seems that he just wants to trap Qin Yuan here today.

When Qin Yuan heard these words, he wanted to quickly contact An Ran and contact the embassy. He couldn't wait any longer.

Maybe I can use my climax negotiation skills to deal with this guy Efit for a while.

It's just that if the current situation continues like this, it won't be very optimistic.

This will be a very troublesome thing for them. Qin Yuan also thought of this, and she knew that she could not continue to hesitate, so he quickly prepared to inform An Ran.

Qin Yuan had just taken out his mobile phone and was about to notify An Ran. Unexpectedly, there was no signal on the mobile phone at all. This was something Qin Yuan did not expect.

"Damn, this guy Efit is really shady. It seems that he wants to kill us all here today. There will be no evidence by then. Even if we die here, no one will help us redress our grievances. of."

However, although Effit planned carefully, he could not imagine that Qin Yuan was a cheater.

He has a one-click recovery system that can provide help to Qin Yuan at any time. Even if the signal is no longer available, he can contact Qin Yuan to ask for help through the system and directly contact the embassy.

"It's absolutely impossible for me to wait for death here. System, system, come out quickly."

Suddenly, a white screen appeared in front of Qin Yuan's eyes. It was obvious that the system had been upgraded secretly.

"Host, do you need the system's help with anything?"

"Contact the embassy quickly."

"Looking at the host, he seems to be in a hurry. If you have anything to do, you can tell the system first. As long as the system can help, there won't be any hesitation."

"There's nothing you can do to help me now. You can only help me contact the embassy. If you don't contact the embassy, it's too late. Contact Wang Xin directly."

"Wang Xin? He is from the embassy. Is it appropriate to contact him directly? Will this violate the relevant regulations? If it violates the regulations, I'm afraid it won't be good."

"I can't control that much now. Du Bingbing should have told him about our affairs in advance."

As long as I take the initiative to explain it clearly to him, there shouldn't be any trouble. Generally speaking, it will be relatively smooth. If there are any problems, we will solve them. Anyway, I have to contact Wang Xin in the shortest possible time. "

"Okay host, I will contact Amy Dynasty Embassy Wang Xin for you."

"Didi~didi..."

"Oh, answer the phone quickly. I really can't wait any longer. Saving people is like putting out fires."

"Hello?"

Qin Yuan only heard the voice of a very magnetic man on the other side of the phone, like the voice of the male protagonist of an audio novel.

"Is this Wang Xin?"

"It's me, you?"

"I'm Qin Yuan. I don't know if Du Bingbing has ever mentioned me to you."

Wang Xin knew that there was Qin Yuan. Du Bingbing also mentioned this person to him, but he couldn't believe how the other party found his mobile phone number. He subconsciously picked up the phone and looked at the phone number.

"Is this a scam call coming directly to me?"

"How could it be a scam call? As a consul of the embassy, how could someone dare to take the initiative to make a scam call to you? Isn't this just falling into a trap?"

"But your phone number is really unusual, so I can't help but doubt it."

"I know that you and Du Bingbing are college classmates, and I also know that the relationship between you two is very unusual. This should be enough. Forget it, I don't have time to prove my identity to you now. Can I help you? Completely It just depends on your own consciousness."

"You still have such an attitude when asking for help. If you are like this, then I will understand that you must be unable to run away from Qin Yuan. I heard Du Bingbing mentioned to me that Qin Yuan is an unruly person, and now I also It can be said to be seen. "

"Du Bingbing told you that I need your help now."

"Deputy Chief of Staff Du Bingbing did tell me, but many things have to go through procedures.

You should also understand what I said. This is not something I can do just by saying help. If I want to mobilize a large amount of resources, I must receive the formal documents from above. Otherwise, I cannot act rashly. Please forgive me. . "

"I know that Du Bingbing must need formal relevant documents. He is already working hard to collect relevant documents, but I really can't wait any longer. How about this, while he goes through the procedures, you come over and help me. I The edge can no longer hold up."

"Mr. Norman Karim's club, are there your people there, right? I know about this matter, and I also sent people to keep an eye on it. Mr. Norman Karim should not dare to act rashly. I believe he has also discovered it. It won't be a problem if our embassy car is waiting there."

"Now there is no problem in the club, it is a problem here. I urgently need your help. Send someone over quickly. I can't support it alone. I came here this time to help those two arms experts." take away."

"Stop! You don't have to explain so much to me. This is all your secret mission. If you explain too much to me, it may not be good for everyone. If the news is leaked, I will not be able to defend myself."

"It seems that you are a person who knows how to protect yourself wisely."

"It's not about protecting yourself wisely, there are procedures, and we have to follow them step by step."

I know you must look down on me when I say this. In your heart, many things do not need to be done according to the rules. This is the biggest difference between the two of us. It's not that I am unwilling to help you, and I have no respect for you. Any misunderstandings, I hope you can understand. "

"Wang Xin, don't even think about it. Since I went beyond Du Bingbing and went through the procedures to come to you for help, I must be very anxious about something that I can't wait for. Why have you never thought about it? Are you just Don't you think about it for us?"

"I did think about whether something would go wrong, but you know I can't act rashly."

Everything I represent now is the resources of the Big Love Eat Dynasty. If anything goes wrong, it is likely to affect the international status of the Big Love Eat Eat Dynasty, which may have a greater negative impact. It's not good for anyone. "

"Wang Xin, I don't want to explain so much to you now. The situation here is really critical. The two of us have never met before. I don't know what kind of person you are or what you need. What is the matter."

So, I can't make too many promises to you right now."

But I can tell you that as long as you can help, your position will definitely be promoted in the future. I will take all the credit for this time on your head. I don't ask for anything and can give all the benefits to you. You are alone and I just want you to come and help me. "

"If you are so greedy for life, why do you have to come all the way to complete the mission?"

"Am I greedy for life and afraid of death? Wang Xin, I think you have completely misunderstood me.

What I am really worried about now is not my personal comfort. If I deal with these guys, I can handle it very easily by myself.

But now there are hostages in their hands, and this is the only purpose of my coming here this time.

I don't want the lives of these two soldiers or experts to be in danger. By then, all our hard work will be in vain, including Du Bingbing, of course. "

"Okay, Qin Yuan, I understand what you mean now. In this case, I can promise you. I don't need to seek more benefits. We are all eating Dynasty for the great love."

"Are you really willing to come and help me? These things I told you are really dangerous and require great responsibility. Have you thought clearly?"

"I said you are really funny. When I didn't want to help you just now, you used all kinds of moral kidnappings, threats and inducements to me.

Now I am willing to help you, but you are resisting and hesitant. What do you really want? "

"Okay, I'll send you a location now and send someone over quickly."

"How many people are there on the other side? How many people should I send there?"

"There aren't many of them, but they have dangerous items in their hands that can cause harm. You'd better be careful and don't let you sacrifice too much just to help me.

With my negotiating skills, I can stall for some time until you get here. "

"Okay, you can send me the specific location of the mission now, and I will send someone there right away. I will go there myself."

"Come here in person. If you have any problems, who will be responsible for the affairs of the embassy?"

Chapter 2248: Face to face, try to delay as much time as possible

Wang Xin's treatment of Qin Yuan can be regarded as sincere, after all, she has Du Bingbing's relationship with him.

"Don't worry, it's normal. I'm not the kind of irresponsible person. Since I plan to come over to help you, I must have arranged everything and I won't let you down."

"Wang Xin, if you do this, I may regret contacting you. I really don't know if this is the right thing to do. If there is any problem, none of us will be responsible for the embassy's affairs."

"As the consul of the embassy now, I will never forget serious matters because of trivial matters."

"You mean that the matter I asked you about today is not a trivial matter, so you will definitely help me, right?"

"Qin Yuan, you are really a very smart person."

"Wang Xin, the two of us have never met before. Just because Du Bingbing told you once and we are still going through the process, are you really willing to come and help me? I need to confirm with you again."

Wang Xin heard Qin Yuan confirm with him repeatedly, what on earth did he think was going on with this guy? Although it was for my own consideration, it was too much for my mother-in-law.

"This is not what Du Bingbing said when he mentioned you to me before Qin Yuan. He said that you are a very decisive person and very decisive. If you continue to waste time like this, I can only say that you have missed it. The best time."

"I'm doing this all for your sake. I'm afraid that if something goes wrong and affects the safety of the consulate, none of us will be responsible."

"You don't need to think about these things, as long as we can do it, we must not give up easily."

I have heard of Efit before. "

"Have you heard of this guy before?"

"Of course I have heard of him. He is a very difficult person to deal with."

"Even the Amy Dynasty has a legend about this guy. It seems that he is really extraordinary."

"Effit is destined to be such a person, he will cause trouble for others no matter where he is, which is why I hate him so much."

Okay, I won't tell you so much now. He should know that I have arrived nearby. If I delay for too long, he will guess that I am moving reinforcements. "

"Even you yourself said that I am your reinforcement, so I must not hesitate. Send me the location quickly, and I will take people there right away."

"Okay, Wang Xin, thank you."

"Now that things haven't worked out yet, it's a little too early for you to say thank you. How about this? If you really want to thank me, just wait until you get back and thank Du Bingbing. He really worked hard for you. "

"We must succeed this time and capture it in one fell swoop. Otherwise, we will fail this time. It will be even more difficult to find these two arms experts in the future. And I guess if we fail this time, Effit will probably kill these two people directly."

"As long as it is for the benefit of our country, I will never let a great opportunity go to waste."

"Wang Xin, I feel relieved with your words."

"Then I'll see Qin Yuan later, but I hope you can delay it as long as possible."

"By the way, there is one more unresolved matter here at the club. Have you sent someone over to An Ran? I'm afraid they can't wait much longer."

"Don't worry. I don't need you to remind me that Qin Yuan's matter must be carried out simultaneously. Otherwise, if our mission is successful and Norman Karim receives the news, he will most likely be interested in An Ran." unfavorable."

"You are also a very smart guy. In this case, then follow your plan and I will leave An Ran and these two good brothers to you."

"Just wait for my good news."

"By the way, keep a low profile when you come here later, and don't let anyone discover you. You are from the embassy."

"You don't need to remind me. I have never failed in anything in the Amy Dynasty for so long. I also know what the customs are like here. I will never be too ostentatious. I must be doing things secretly."

"Then don't worry, I'll see you later."

Afterwards, Qin Yuan hung up the phone. He now knew very well that he had placed all his hopes on others.

But he had to work hard himself and checked the miniature pistol.

Qin Yuan has one person, but he has the courage to fight alone.

Even if Effit took A Kun and A Ming all on board, he would definitely not be Qin Yuan's opponent. He had this confidence.

It's just that now having two arms experts around him is like a burden. Qin Yuan has to consider his safety, otherwise he can let go and fight.

"Fortunately, my micro-pistol won't cause any trouble, and the bullets are enough, but you must not shoot casually in this place, otherwise it will cause some unclear troubles, and I don't want Thor to be here. Please help me solve the problem during the investigation."

As Qin Yuan spoke, he sighed and prepared to walk to this secret room with his head held high.

Inside the room, Azhe and Efit were still confronting each other.

"After waiting for such a long time, Qin Yuan didn't come. Is he afraid?"

"Efit, I can tell you directly that Qin Yuan will never give up easily like this, let alone be easily afraid.

He must have his own reasons for not coming over now, I don't know why.

But I understand that he must have his own reasons, so just wait patiently. If you don't even have this patience, it only means that you have begun to fear Qin Yuan from the bottom of your heart. "

"Azhe, you are a creepy guy who has been following Mr. Norman Karim for so long, but you were instigated by Qin Yuan so easily. I really don't understand.

Guys like you are just like wolf cubs, really poorly raised.

Mr. Norman Kalim, if you knew that you betrayed him like this, do you think you would still have a chance to survive?

It doesn't matter if you die, but don't implicate Sophia. He is following you anyway. As a man, if you can't even protect your own people, what kind of man are you? "

When Azhe heard Sophia's name, he became a little worried. It didn't matter if he died. The key was that he worried about Hassan and Sophia.

"Effit, no matter what the outcome is today, some of us will definitely not be able to get out of here."

"Yes, it has reached this level, and it will definitely be fought to the death.

But actually I didn't want to confront you here, you came here on your own initiative.

If Qin Yuan hadn't sent someone to follow me, the current result would not have been possible, so you need to bear everything yourself. "

"Effit, what do you want? Today I have learned very clearly that you do not sincerely want to join our group. It was Old K who sent you here."

Effit pretended that nothing happened and smoothed the hair on his head easily.

"Azhe, you and Qin Yuan have been together for such a long time but you haven't learned one very important thing, that is, don't be too smart as a person. Sometimes it's not good for you to know too much. Now that you have understood this Things, then you must be the one who can't get out of here today."

"You risked your life to pretend to come here to seek refuge with Mr. Norman Karim. It seems that you are really losing your mind and going crazy. Did Old K give you any benefit?"

"The weapons I lost have no way to escape. If I could do this, there would still be a glimmer of hope. If I didn't listen to Old K's arrangements, I might have been reincarnated by now."

"Well, you are really a powerful guy. I have to say that sometimes I quite admire your calmness and composure.

You clearly know that Mr. Norman Karim is not easy to mess with, but you still pretend to surrender and provoke him. Now you have no way out. If you give up like this, leave everything behind and flee back to the Damai Dynasty.

Maybe there is still hope for you to survive.

If you continue to stay here and cause trouble with us, you will only die when Qin Yuan comes here.

Just imagine, if I go to Mr. Norman Karim and tell him everything clearly, do you think you can still get out of here alive? "

After Azhe finished speaking, he suddenly felt something pressing on his head.

"If you dare to notify Mr. Norman Karim now, I will shoot you immediately and kill you all."

"Do you think I'm afraid of death? I'm running away with Norman Karim's experimental student. The last thing I'm afraid of is death, and the last thing I'm afraid of is threats."

"Of course you are not afraid of death, but you also have to consider Sophia and Hassan. I can tell you directly that if you die, I will kill them both immediately.

Sophia is still in the hospital, so she should be unprepared. Besides, how can you guarantee that all the people at the Central Hospital are Mr. Norman Karim's people, and there are no people from our old K? "

Azhe was completely panicked when he heard this.

It seems that after having a weakness, it is really not that easy for him to do anything. No matter what he does, he must consider the safety of the people around him before doing it.

No wonder, after all these years, Mr. Norman Karim has stopped having a family and has never found a woman by his side.

It turns out that he is afraid of having a weakness, whether it is his wife or children, as long as one of them is a factor that will hinder him.

"Then what do you need me to do now?"

"It's already at this point that you know you've given in."

"I have no choice."

"When Qin Yuan comes later, you should know what you need to do."

"Do you mean to let me join forces with you to deal with Qin Yuan?"

"I have interacted with Qin Yuan several times when I was in Daaishi Dynasty. I know that his skills are very powerful."

"Since you are so scared, why bother to provoke him? If we join together, we may not be Qin Yuan's opponent. He is a special soldier. His physical fitness is naturally better than that of ordinary people, and he has undergone special training. We can't compare with him."

"Just listen to me. Even if Qin Yuan comes here and he is outnumbered, I don't believe he dares to confront us head-on. If that doesn't work, I will make some deals with him to see if he is worth my help."

"You still want to help Qin Yuan, but I'm afraid you don't have the qualifications. He already hates you very much."

I wish I could just kill you with a gun and even make a deal with you. This is absolutely impossible.

Mr. Norman Karim tried to bribe him. For such a long time, he had been struggling with whether he would rather ignore the safety of his companions. He verbally rejected Mr. Norman Karim.

How could he help you? Could it be that just because of these two soldiers or experts, Qin Yuan could change his mind and mentality? "

As Effit spoke, he looked back at the two arms experts. He knew very well that these two people were the only purpose of Qin Yuan's coming here, so as long as he caught them, he would also catch Qin Yuan's weakness. He would have to surrender.

"Akun, Amin, what are you two guys waiting for?"

Hurry up and get them under control. If we lose these two hostages today, I can tell you directly that none of us will have to go back. There will only be a dead end.

Mr. Norman Karim didn't send you two here just to stare at each other. "

"Efit, it turns out that you called us two here just to do this kind of thing with you. If we had known earlier, we would never have come."

"Had you known it earlier? You have most likely never heard of it. Money can't buy it. If you had known it earlier, you wouldn't have gone to Mr. Norman Karim.

You two idiots, it's too late to say anything now. Hurry up and control these two arms experts. Even if they have no use value, I have to ensure that they are alive first. "

Seeing this situation, the two students of Professor Fang De also felt that they might not survive today.

"Efit, we have no intention of leaving here alive. No matter what decision you make, it will not affect us. There is no way we will go back with you to help Old K."

"Listening to what you two are talking about, does this mean that you two are not useless, or do you hold some secrets about arms, but you are just unwilling to help?"

"This is all your own imagination. You have no substantive evidence. Even Mr. Norman Karim has believed that the two of us can do nothing for such a long time.

Without Professor Fang De's data, we can't study anything, so you don't need to ask any more. "

Qin Yuan has arrived outside the room at this moment. He is eavesdropping to see if there are any clues that can provide him with some help.

After listening for a long time, I could only hear the commotion inside them, and I vaguely seemed to notice that Efit was threatening Azhe with a gun. In this case, Qin Yuan was in a very passive state.

Chapter 2249 At the critical moment, you cannot be afraid of life and death

At this moment, Qin Yuan felt that it was time for him to show up no matter what.

"I didn't expect it to be really lively here. I listened outside for a long time before I dared to come in, for fear of disturbing your fun."

Efit watched Qin Yuan walk in, and he immediately became very cautious, because he knew very well that he had fallen into the opponent's hands time and time again.

"Qin Yuan, you shy little turtle, it turns out you were eavesdropping outside for a long time before you dared to come in."

"Efit, the two of us are already old friends.

Having known each other for such a long time, you should know that provocative methods are useless to me. For me, I have always been very cautious. I will never act rashly before the result is confirmed.

It's useless what you say. Even if you hold Azhe hostage, it doesn't seem to be a loss to me.

Because he is not the person around me at all. Even if he dies here today, what does it have to do with me?

After I can still deal with you, take these two arms experts away and return to his eating dynasty, I can consider it a successful completion of the mission. "

"Qin Yuan, stop scaring me here. You left the club and went to the hospital unprepared. How could you have any lethal weapons on you?"

"I'm not trying to scare you at all, I advise you to put down your gun first.

Efit, you are trying every possible means to get me to show up and have a good talk with you. I'm already here, why are you still so tense?

I'm going to the meeting alone. I'm the only one here. If you don't believe me, you can go out and have a look.

Apart from me, there is no one else outside, so you don't have to be so nervous. Let's talk about the misunderstandings over the years.

In fact, I think our personalities are quite similar, and we are both quite persistent at times. If we hadn't come from different perspectives, maybe we could have become good friends. "

"You don't need to tell me these useless things here, and I won't accept your advice. No matter what happens next, I will definitely handle it in my own way."

Qin Yuan looked at Efite's nervous look, and he felt relieved in his heart.

Their confrontation at this moment is like a fight between two cats. If the one shows timidity first, it means losing.

At this time, Qin Yuan saw A Kun and A Ming and controlled the two students of Professor Fang De.

"Akun, Amin."

"Long time no see. Qin Yuan and we didn't expect to meet you here. Do you think this time is a coincidence or..."

"If you two hadn't betrayed Jason first, we might not have had the chance to meet here today. I don't know whether all this should be said to be a coincidence or man-made, but no matter what, it's fine, we are already The enemy."

"Efite forced the two of us to come here today. In fact, the two of us have no idea. You should know clearly."

"If you two don't have any ideas, let these two arms experts go now."

They are actually innocent. Today it seems that we have reached a point where we must fight for an outcome. In this case, why bother so much?

If you two don't want to die here, go out now. I drove here in a car. I can give this car to you. If you drive away in the car, you will be at peace with the world. "

A Kun and A Ming heard Qin Yuan's words. They were indeed considering this matter, but they knew better that Efit would not let them go so easily, let alone let them leave easily.

"Jason is still with Mr. Norman Karim at this moment. If we leave like this, do you think he can still guarantee safety? The two of us have betrayed our good brothers once and must not betray them again. His second time."

"You two are wrong. Things in this world are meant to happen again and again. If you choose to leave now, it doesn't count as betraying Jason."

Efit saw Qin Yuan bewitching the people around him, and they must have felt uncomfortable.

"Qin Yuan, you guy, don't come up here and try to make these two fools leave with nice words. This way you can have two fewer opponents. You have the courage to go to the meeting alone. You should have the ability to face danger directly."

"Efit, it seems that you have made great progress after not seeing you for half a month. By the way, is the arm you injured last time healed?"

Qin Yuan used this method to remind Azhe not to worry about Effie at all, because one of his arms was already injured. Azhe is also a smarter person. When he heard this, he immediately turned around and held Effie's hand. Special right hand.

Azhe almost used all his strength to control the opponent's arm. He knew that as long as he exerted a little force, his injured arm would definitely not be able to withstand it.

Efit can be regarded as a man. Even if he is controlled like this, he can still keep his face calm and his heart not beating.

"Azhe, there is no need for us to be so stiff. In fact, if you want to break away, you can tell me. Why do you need to use such a method to threaten me? You should know that the last thing people like me fear is threats. "

In order not to expose his shortcomings, Efit immediately let go of Azhe. After Azhe was let go, Azhe did not come to Qin Yuan's side, but chose a neutral position.

"You have released Azhe, then let's talk about the next thing."

"You can also see from my performance just now that I don't want to use a knife or a gun unless I have no choice.

So if you ask me to say, don't force me here. No matter what, I have already thought about it. I must fight with you today to win or lose. I lost that ship of arms. Qin Yuan and You can't escape the relationship.

I don't want anything. As long as you can find ways to get this passed-down weapon back to me and let me regain my status and face in front of old K, I won't embarrass your two weapons. expert.

I can also let you take them away at any time, which is a fair deal and I hope you will seriously consider it. "

Qin Yuan knew very well that Efit, who had always looked down on others, was now able to come up with such a method. He must have really been desperate before he jumped over the wall and used these two arms experts to threaten him.

However, what he didn't know was that Qin Yuan had already started asking for help from the embassy. Even Qin Yuan himself did not expect that Du Bingbing would have such energy and be able to directly mobilize people from the embassy.

Efit would never have thought of it, so what Qin Yuan has to do now is to delay the negotiation with the other party in a hurry.

Once his reinforcements arrive, he won't have to worry anymore.

Although Qin Yuan knew very well in his heart that he did not want to use swords or guns with them, he had to do so under forced circumstances. As long as the other party did not discover his true motives, he could keep delaying it.

"Efit, it turns out your request is that simple. Then when we were controlled by Hassan in the wild, you just told me your request directly. Maybe there won't be so many misunderstandings between us. "

"Qin Yuan, what I heard you mean is that you can meet my request. Are you willing to help me?"

"I dare not say that I will definitely be able to meet your request, but I can think about it. Returning this batch of arms to you does not affect our regulations. As long as it does not affect our regulations, I can do anything. of.

This batch of arms was originally yours. If you hadn't used it to frame Jason, you wouldn't have lost your wife and lost your troops. "

"I admit that I was really obsessed at the beginning, and I only wanted to attack Jason, but what's the point of talking about it now? It's too late.

As long as you can help me, I am willing to do anything you ask me to do, but now it depends on your attitude. What if you deceive me?

I'm not a fool. I really can't believe you said you wanted to help me so easily.

It seems that you are willing to do anything for these two arms experts. I finally discovered that Qin Yuanni is a very selfish guy. It turns out that you can do whatever it takes to complete the mission. "

"You can say whatever you want. Anyway, my real purpose now is to complete the mission and bring these two people back. I can't control so much other things. As long as you can let these two innocent people go." Approval of arms, I'll help you find a way."

"Qin Yuan, I think you are considering deceiving me here?

Is there any way you can control this batch of arms? He has been taken away by Mr. Norman Karim, and will most likely be used to threaten old K.

This is a very bad thing for me. I have no choice but to use this method to explain it clearly to you and see if you are willing to help sincerely.

I came here today and tried my best to pull you over, mainly because I wanted to talk to you about this matter.

If you think it's best if we still have room for negotiation. If you don't want to help and you just want to fight me wholeheartedly, or you want to play tricks on me, then I advise you to give up this intention as soon as possible.

Now, after all, I have a gun in my hand, and it will be easy to kill you all.

The worst case scenario is that we will perish together here, the fish will die and the net will break. Anyway, if I can't get this batch of arms, or if I don't have any other harvest, Old K will kill me. "

After Qin Yuan heard this, he understood even more that he must not act rashly against a desperado like Efite, he must know what he wants.

"Efite, please don't be so excited. According to my analysis, if the current situation continues, wouldn't the two of us and Mr. Norman Karim become common enemies?"

Azhe watched from the side as Qin Yuan said these words, which were really rhetoric. He didn't know what Qin Yuan's real purpose was for a moment.

"Qin Yuan, I think you must not make the wrong idea."

"Azhe, don't talk. You can no longer control the current situation. If there is any way, I will think of it, so don't make such an idea."

Qin Yuan's reminder made Azhe understand that it seemed that this matter was really not that simple, and he had to listen to Qin Yuan's arrangements.

Now that you have chosen to trust the other party, you can only trust your companion who doubts you at this time. It is really a big mistake and a very stupid behavior.

At this time, Professor Fang De's two students saw such a complicated situation and knew that Qin Yuan had gone to great lengths to rescue them, so they dared to ask slowly.

"Qin Yuan, it turns out you are the person sent by his eating dynasty to rescue us."

"It can be said that Professor Fang De asked me to come and take you back."

"Professor Fangde, is he okay?"

"His physical condition was indeed not very good when I came out. And when I came back to you this time, I just wanted to take you back. I hope you won't continue to wander outside. Although you are people without borders, I can still think of you. A home.

If you can go back with me this time, you can always stay in his eating dynasty.

I know that you are unwilling to research various lethal weapons, because it will hurt many innocent people, and you yourself will also suffer greatly, so our H country troops can understand your mood.

I will never force you to do anything, I just want you to be safe.

Professor Fang De is already so old. He really can't withstand any hardships. You two are his only relatives in this world. "

"Don't you really want to take us back to study various arms and weapons?"

"Of course not. If I came all the way here just to take you back and force you, then why would I risk my life?

I'll just take other tough measures to take you back.

Or you can go directly to Mr. Norman Karim and make a deal with him. We hope that you can go back openly and never have to be in danger again. "

Professor Fang De, when these two students heard Qin Yuan's words, they felt that what he said was sincere and not like the kind of person who was hypocritical.

"We believe what you said, Qin Yuan, for the time being. The only thing we are worried about now is Professor Fang De's physical condition.

You are right, he is indeed very old and cannot bear any suffering.

In fact, there is really nothing we can do for him. The only thing we can do is to go back and see our teacher again. He is already so old. To put it bluntly, I am afraid he will not live for long. The professor's kindness to us Bigger than the sky. "

Chapter 2250 It's better to trace the origin of this micro pistol

After Qin Yuan heard what Professor Fang De and his two students said, he felt bad.

In fact, they were innocent.

They were just involved in this struggle for no reason. If it weren't for the fight between Old K and Mr. Norman Karim, other people wouldn't have been involved in these events inexplicably, making it impossible to turn back.

"Don't say anything more, you two. I know your difficulties. I understand even more what we are going to face next. Efit should not dare to hurt you. I can guarantee this."

After Efit heard Qin Yuan's words, he felt that this guy was really a little too much and didn't take himself seriously at all.

"Qin Yuan, this is Amy Dynasty, not his Ai Chi Dynasty. You'd better look carefully before you speak. In front of so many people, you dare to step on my face on the ground. You don't take me seriously."

After Efit finished speaking, Qin Yuan sneered and said beside him.

"I can tell you directly that no matter what happens now, you should be quiet.

These problems now are definitely not as simple as you think. I also advise you not to think too much. I am indeed too relaxed about many things.

If I hadn't been careless at the beginning, I would not have created so many opportunities for you."

Azhe looked at Qin Yuan. He was a little nervous and kept praying that he did not make the wrong choice.

"Qin Yuan, why did you come here like this?"

Azhe was afraid that there were some monitoring devices, so he didn't dare to say too much hidden information.

If Mr. Norman Karim caught the handle, it would be easy to deal with him in the future.

Although Azhe sometimes didn't react so quickly, his years of experience told him that he must never leave a handle for others to slander him.

"Azhe, Efit seems to suspect that we are hiding something from him."

"Hmph, he has always been this kind of person, why should we tell him so much? The more you tell him about this kind of person, the more trouble you will cause yourself."

"What you said makes some sense. In fact, he has already had other ideas.

Efit has been keeping you guys here, and there has been no movement. Does it mean that he doesn't think so at all?"

"Then I don't know. Now it's your business. I can stay out of it. Mr. Norman Karim, the two military experts, is also going to be handed over to Efit, so I can relax."

Efit looked at Azhe's indifferent look, and he was also very entangled.

"Azhe, if you ask me, you should stop pretending here.

You and Qin Yuan have already joined forces, so he came here. Isn't this a very obvious thing? Do you really think Mr. Norman Karim is a fool? Can't he see it?"

"Aifite, I advise you to calm down and stop talking nonsense everywhere."

Akun and Amin watched for a long time and didn't find anything to help.

They now want to report the current situation to Jason and see what Jason means. In the end, the two of them still have to listen to Jason's arrangements.

Aifite also knows very well that Akun and Amin are unreliable. If he has any conflicts with Qin Yuan now, it is unknown who these people will help.

"Qin Yuan, we have known each other for such a long time, I know you are a person who will not do anything without confidence.

In this case, I hope you can show your cards. What is the reason for you to come here this time? There is no need for us to pretend to be confused."

"Efit, my purpose is very clear, and you have always known it. It is to take these two arms experts away. This mission is also the only purpose of my coming here.

If you can meet my conditions, then everything will be fine.

Maybe we can turn enemies into friends. If you can't meet my conditions, then it's useless for me to tell you now. , it's just a waste of words. I have always disdained to waste words with useless people. "

"Qin Yuan, I know you are an arrogant person. If that's the case, don't tell me so much. You come here alone, which is also a sign of your courage.

Get out of my way quickly. I'm going to take them to a very hidden place now.

In addition, you know very well that as long as I hide them, you will definitely not find them, otherwise you would not risk your life to come here to stop me. "

Efit is a guy who is quite confident, and Qin Yuan really thinks so in his heart.

He must not let Efit take the two arms experts away. In this way, he will have to bear too much risk, and even if he can find them, it will waste a lot of time.

Besides, the most important thing for Qin Yuan now is time, which is more precious than anything else.

"Efit, don't leave in a hurry.

We need to have a good chat. Didn't you tell me that when we were outside just now?

I came in with the intention of having a good chat with you. The fact that you were so nervous when you saw me only proves that you were guilty and nervous.

Efit, you have always been a proud person. You shouldn't be so nervous when you see me."

"Well, do you have anything to say to me? Or do you want to negotiate with me?

I know you are a rich man. You are not trying to bribe me with money, are you?

You should know that I will not agree. In the eyes of Lao K, no amount of money can buy a life. I am doing this just to ensure my own safety. I hope you don't blame me. We just have different perspectives."

"Aifite, sometimes there are many kinds of transactions."

"What do you mean? In my eyes, money is the only criterion for measuring transactions. I am not interested in other things."

"Is it possible that nothing is important except money in your eyes?"

"No, it's not. In my eyes, money is important, but it is not as important as life. Since we have come straight to the point, do you think I will let you leave alive today?"

Aifite is still very confident. He believes that he at least has A Kun and A Ming with him, and A Zhe can only stand by and watch. He will never help Qin Yuan.

Now that he is outnumbered, Qin Yuan is definitely not his opponent. He is not afraid of turning against Qin Yuan, so he will say some harsh words.

"It seems that you have made up your mind that all these people will help you, right?"

"I dare not say so, but I am also very confident that they will never help you.

If A Kun and A Ming want to prove themselves, they must stand with me, otherwise, when I go back, I will definitely let Mr. Norman Karim punish them first."

"You have already admitted that you came to Mr. Norman Karim to help Lao K to get information. You are a traitor, what means do you have to threaten these two people who sincerely joined the group?"

"In my eyes, no one can guarantee that they will never Only the dead can keep a secret forever. "

"I understand, you killed Xiaolan just because you act like this, right?"

"Xiaolan? It doesn't matter whether this guy dies or not. I just said a few words to him and he wanted to die. I can't do anything about it.

Killing? This method is too low. For me, let him do it to himself. Then I won't have a drop of blood on my hands. Isn't this cleaner? "

Azhe was a little confused when he heard this. What did he do to make Xiaolan willing to keep a secret for him?

"Aifite, it seems that Xiaolan's matter is indeed related to you."

"Azhe, don't just listen to Qin Yuan's words and be a good person here. You and Xiaolan have known each other for several years. You also know that he is a man of the Barley Dynasty and is trying to get rid of him.

Now that I have helped you, you should thank me. If Mr. Norman Karim knew that I helped him deal with such a difficult problem, he might also thank me."

"Aifite, you are really inhumane. How much money has Xiaolan collected for you in our group at the risk of her life for so many years? Clues, you don't care about it, now you treat it as a useless abandoned pawn? "

"People like us who are out there can't have any feelings at all. It's useless for me to tell you this, and you don't have to discuss it with me anymore.

I have to think about how to deal with Qin Yuan today.

Although he did save me once in the wild, I was injured because of him. We are even. Who can walk out of here alive today depends on their own ability. "

After Efit said this, he raised his hand confidently and rolled up his sleeves.

"Are you going to start to attack me?"

"Qin Yuan, you don't have to pretend. I know you didn't come empty-handed. People like you who are thoughtful must have been prepared. There is a micro pistol in your sleeve. If I guessed correctly, you can take it out. "

Qin Yuan thought to himself that he didn't intend to hide it from Efit.

Everyone is in the arms business, so they must be familiar with new gadgets like micro pistols. So when he heard Efit expose him, he didn't feel nervous. This was completely within Qin Yuan's expectations.

So, Qin Yuan took out a pistol from his pocket without saying anything, put it in his hand and shook it gently a few times.

"Look, look, ouch~"

Efit said provocatively, while looking up at the pistol in Qin Yuan's hand.

"I have to say that you are really the best member of the special forces. The senior officers of the army still value you very much. They are willing to give you such new goods."

"It seems that you have not helped Lao K in the arms business for so many years in vain. You still have some understanding of these things. Then can you clearly explain the model of this pistol?"

"This is our good stuff at the bottom of the box. It can be sold at a very high price. It seems that your army has purchased a lot of it, but it is hard to say from what channel it was purchased.

In the Barley Dynasty, this kind of pistol was monopolized by Lao K when it was first produced. I think you should go back and trace the source of this pistol."

Qin Yuan really only knew one thing and didn't know the other.

This pistol was given to Fan Tianlei for self-defense when he was afraid of Chen Jixiang and was afraid of any danger from this kid. Qin Yuan didn't know about this matter. It was only after Chen Jixiang confessed to him that Qin Yuan knew about the existence of this pistol.

Qin Yuan knew that this pistol was very expensive at first glance.

He didn't have too many doubts. Now that he heard the other party say these two words, he couldn't doubt the source of this pistol without any basis.

Then Qin Yuan looked calm.

"Aifite, you are really a vicious guy. You actually want to use this opportunity to provoke the relationship between me and Fan Tianlei?"

From joining the army until now, I have always been working for Thor.

The two of us are definitely not ordinary superiors and subordinates. You should be able to see that. If you want to use this kind of mind to deal with me, it is really stupid."

"I didn't say anything, but you started to doubt Fan Tianlei. Who is using your relationship as a test?"

"You..."

This guy Aifite has really made a lot of progress in recent times. Sometimes Qin Yuan doesn't know how to talk to him.

"Forget it, it's useless for me to tell you this now. No matter where this micro-pistol came from, I got it fair and square."

"You got it fair and square. That's right. Didn't I just advise you to trace the source? See who in your army purchased this batch of pistols."

For you, it's not easy to get imported goods. If Professor Fang De is willing to help you, maybe you have a chance to get equally powerful weapons."

"What do you mean by this? Do you mean that Professor Fang De made this batch of micro-pistols?"

The two arms experts heard what Efit said, which made them unable to remain calm.

"Professor Fang De is your teacher. Don't you know so little about his academic research? His research on engineering mechanics is simply the pinnacle. No one else can develop such a powerful weapon."

"But Professor Fang said that he would never study such lethal weapons, let alone sell such weapons to arms dealers like you to threaten international security."

"This old man has lived for so many years. He just said a few words and fooled you two young boys."

He is indeed pretending to be a good person now. What did he study when he was young? You can ask him in person if you have a chance."
