

ONE-CLICK RECOVERY SINCE I WAS A SPECIAL SOLDIER

Chapter 5: Reward

咻!

Poker is like an invisible blade flying at high speed!

turned into a phantom!

tear the space instantly!

"what!"

The old third screamed!

A blood stain was drawn directly on the neck of the sharp poker.

The third child's eyes widened, a mist of blood sprayed out of his neck, and he couldn't catch his eyes!

He never dreamed of it!

I died like this!

died on a piece of poker.

"Youngest!"

Brother Kun was also shocked!

can't help but stare!

an incredible look!

Poker can kill people?

Please!

This is not a movie, okay?

"Could it be that I met the legendary world's top and most professional killer?"

Brother Kun is inexplicable, he feels a little bit in his heart, and involuntarily, his legs start to feel weak!

is capable of killing people with a flying knife!

is definitely the top killer in the world!

He Li Kun is just a small boss under Liu Fatty.

What kind of capital is there to fight against this level of killer?

Li Kun feels active.

When I want to kneel down and beg for mercy!

"The green hills left are here, I'm not afraid that there will be no firewood!"

To be able to live till now, Li Kun has a set of his own principles of life.

But at this moment--

A high-speed flying poker flies in an instant!

went straight to his neck!

"Do not!"

Brother Kun is so confused!

He never dreamed of it.

Is the seemingly harmless young man in front of him so vicious?

Don't give him time to beg for mercy at all?

噗嗤.

Poker swept across the neck.

A sharp tingling sensation came.

Brother Kun fell directly to the ground!

also don't look down!

咻!

just when everyone is dazzled.

Another poker flew out!

Same!

stroked Huang Mao's neck very accurately.

"you....."

A mist of blood sprayed out of the yellow hair's neck, and he covered his neck in horror, trying to stop the flow of blood, but...

All this is in vain!

struggle for a while.

He finally exhausted all his energy!

With a kick on both legs, he died completely.

speaking slowly.

In fact, it all happened to the end!

is just two or three seconds!

An Ran shot!

Qin Yuan started immediately!

Qin Yuan, who originally had no threat to everyone, turned his hand and killed three vicious criminals.

This scene.....

Even An Ran was dumbfounded!

She was almost shocked to death!

originally thought Qin Yuan was a little sheep.

did not expect.....

I didn't expect Qin Yuan to be the boss!

Anfisa on the side.

is even more incredible.

She covered her mouth in shock.

Wow.

The bathrobe slipped off suddenly...

"OMG! Little brother, you are too god! You are too tough! You are the strongest handsome guy I have encountered in China! No, the strongest man!"

Anfisa couldn't help exclaiming, and gave Qin Yuan a thumbs up.

was praised by beautiful women.

Qin Yuan smiled quite enjoyable, "Anfisa, I'm overwhelmed, my great China is Crouching Tiger, Hidden Dragon, and the strong are like clouds. If you stay in China for a long time, you will see more powerful men in the future!"

"No, no, maybe they will be stronger than you, but they are definitely not as handsome as you!" Anfisa quickly shook his head in excitement, and then rewrapped the bathrobe very calmly.

Qin Yuan couldn't help but smile.

The aesthetics of Anfisa is quite normal!

I knew at a glance that I was the most handsome!

"Little brother, thank you for saving our lives."

An Ran's face was pale, she stood up, checked, and after confirming that all three of them were dead, she clutched her arms and came to Qin Yuan with an apologetic face.

If it weren't for her kindness to let Qin Yuan come into the house for a glass of ice water, maybe the five of them would still get along in "peace".

But luckily...

Qin Yuan broke out suddenly!

solved three beasts!

Otherwise.

Anfisa is under control!

She hurt herself.

I'm afraid the situation of the two will be really miserable!

"You are welcome, saving you is also saving myself."

Qin Yuan smiled faintly, not paying attention.

after all.

In this situation.

If you don't make a move again.

He will suffer himself.

"Hee hee, brother, you are so polite~"

Anfisa smiled, "These three idiots, it's not a pity to die! It's just a pity, my sister Violet, she is hurt."

"My injury won't get in the way."

An Ran's face became paler, but she still smiled and said, very charming: "By the way, little brother, Daeen does not say thank you, my real name is Anran, I don't know the name of my brother?"

"Qin Yuan, Qin Shi Huang's Qin, Li Yuan's Yuan." Qin Yuan also smiled and said, he did not expect that An Ran actually told his real name!

"Wow, Qin Shihuang and Li Yuan are both emperors! Brother, your name is too domineering!" Anfisa exclaimed when she heard it, she seemed to know the history of China very well.

An Ran's beautiful eyes also flashed a hint of surprise, let alone, the name of the little brother is very charming!

time.

At this moment, it seemed to be stagnant.

ticked.

The blood dripped from An Ran's arm and hit the floor with a crisp sound.

"An Ran, your wound needs urgent treatment, shall I take you to the hospital?"

Qin Yuan looked at An Ran and suggested.

The main thing!

The tragic situation in this house still needs to be dealt with!

It seems that calling an ambulance and J car is inevitable.

An Ran frowned slightly at hearing this.

She was thinking quickly.

Now, the five of them came out to perform the task together, but Li Kun and the three of them were dead.

Returning to Fatty Liu this time, if you don't give a reasonable explanation to the other party with Anfisa, it will definitely arouse your suspicion of Fatty Liu. In this way, her undercover plan will be ruined.

An Ran did not answer Qin Yuan's words, but instead looked sharply at Anfisa: "Anfisa, today it is Li Kun and the others who leaked their whereabouts. They died in a fight with the Chinese military. UU Reading www.uukanshu.com also It hurts me, right?"

"Ah, yes, yes, sister An Ran is right!" Anfisa suddenly understood.

"Okay, let's leave now." An Ran resisted the pain and prepared to leave.

"But An Ran, don't you plan to deal with your arm injury now?" Qin Yuan couldn't help but worry.

It is incredible for him to keep a bullet in his arm.

Of course he doesn't know how cruel baptism he has experienced to become a special soldier through various extremely cruel assessments and training.

"Just one bullet, I will take care of it." An Ran smiled brightly, but her pale face revealed how weak she is now.

"Okay!" Qin Yuan also didn't want to waste time.

soon.

An Ran and Anfisa leave the room.

after an hour.

According to the tactics discussed with An Ran, Qin Yuan called the police.

after all.

He killed so many people!

can't just leave, right?

Enron is involved in this matter, and the military will definitely know the inside story.

Qin Yuan was sitting on the sofa leisurely, waiting for the military personnel to arrive, without panic.

"dingdong~"

at this time.

The crisp system prompt sounded suddenly!

Qin Yuan suddenly felt excited, his eyes brightened, "Is this the system reward finally arrived?"

"Ding Dong~ Congratulations to the host for completing the task of killing criminals! Unlock two new grids!"

follow closely.

The system backpack interface automatically appears, the small locks on the fourth and fifth grids are automatically opened, the light flashes, and the two black grids become milky white!
