

Special Troop 101

Chapter 101 Subdued With One Blow

After Qin Yuan saw that the two of them had no more problems, he began to discuss the details of the training of the soldiers of the fourth company with Gong Jian and the squad leader.

During this period, Gong Jian and the squad leader were shocked. Qin Yuan's handling of the details was too terrifying. Whether it was the development of the soldiers' potential or their psychological endurance, he knew them like the back of his hand. It was as if Qin Yuan had been in their Sharpshooter Fourth Company for many years.

Even Gong Jian and the squad leader, who were already in the Sharpshooter Fourth Company, did not seem to know as much as Qin Yuan. Qin Yuan had only been here for a day or two, right?

How did he know so much about the Sharpshooter Company? Could it be? Had Qin Yuan been studying them previously?

Gong Jian and the squad leader looked at each other. They did not know this question, but they were too embarrassed to ask Qin Yuan.

"Company Commander Qin, are we going to train the 4th Company now?"

The squad leader also asked Qin Yuan. Since the training plan was based on Qin Yuan's, he did not think too much about it.

"Yes, Lao Hei's training starts tonight!"

Qin Yuan looked out of the window as if he was thinking about something. When Gong Jian heard that Qin Yuan was going to train the Fourth Company tonight, he was very curious about how Qin Yuan would train his soldiers. After all, he did not dare to shoot the soldiers with live ammunition.

"Good! Since both of you have no problems, then I'll be responsible for listening to your arrangements!"

"Then I'll go back and lead the troops for training. Since we've started the training, we can't neglect the usual training!"

"Good!"

"Alright, Squad leader!"

After saying that, the squad leader left the office. When he left, his expression was still very heavy. This was the first time he had encountered Qin Yuan's training method in the regular army in the past 20 years.

After the squad leader left, Gong Jian asked Qin Yuan in confusion.

"Company Commander Qin, you seem to know our 4th Company very well!"

Qin Yuan did not know how to answer Gong Jian's question for a moment. As soon as his system entered the soldier's information, all the physical information of the soldier would be analyzed for him.

"Instructor Gong, after meeting the soldiers last night, I learned a lot from their bodies and auras."

Qin Yuan also casually lied. Since he could only say this, he would just tell Gong Jian this.

"Just one meeting? How could he analyze the soldiers in such detail? How is this possible?" Gong Jian widened his eyes and looked at Qin Yuan in shock. He had been in the army for many years, but he had never seen someone like Qin Yuan.

Among the many people he was familiar with, only Staff Officer Fan of the Wolf Fang Special Combat Brigade had such strength, but he was definitely not as terrifying as Qin Yuan.

He was very familiar with Staff Officer Fan. Every time the Wolf Fang Special Forces started to look for potential special forces soldiers, they would come to visit them. As time passed, Gong Jian became more familiar with Staff Officer Fan. His discerning ability was not something that ordinary people could compare to.

However, even so, Gong Jian still could not imagine how many years Qin Yuan had been in the army and he already had such good discerning ability. Staff Officer Fan was an old man who had been in the army for more than twenty years.

"Company Commander Qin, you're too abnormal! I've been in the army for many years, but you're the first person I've met with such a sharp eye." Gong Jian gradually calmed down. Besides, if Qin Yuan did not have such strength, how could he have brought the logistics to such a state in just over three months?

"Instructor Gong, you flatter me!"

Qin Yuan did not want to talk too much about this topic. If he continued, he really did not know how to communicate with Gong Jian. Gong Jian was a very smart and astute person.

"Then it's up to you, Commander Qin. Tell me what you need. I'll definitely cooperate with you."

This time, he really admired Qin Yuan's ability. He had only heard about it before, but now he had witnessed it with his own eyes. He could not decipher Qin Yuan at all. One had to know that such a person was either very strong or very scheming and deliberately hid it. It was obvious that Qin Yuan belonged to the former.

"Alright! After two months, we still have to manage the recruits together!"

"So, Instructor Gong, we will need to work together for a long time. If you want to understand me, you will slowly get to know what kind of person I, Qin Yuan, am."

When Qin Yuan saw that Gong Jian was a little guarded, he immediately dispelled Gong Jian's thoughts. One had to know that he and Gong Jian were the commanders of the company, so the two of them had to have a relative sense of trust. Otherwise, it would really be difficult to lead the team.

"Company Commander Qin, you're treating me as an outsider. Although I'm curious about you, I, Gong Jian, know how to differentiate between being good to the soldiers and the army."

Gong Jian was shocked when he heard Qin Yuan's words. Qin Yuan was too strong. It was as if he could know everyone's thoughts. It was as if there were no secrets in front of Qin Yuan.

"Well, Instructor Gong, let's go out and train as well. Since we've started the training, we can't be left behind!"

As he spoke, Qin Yuan invited Gong Jian to train with the soldiers. Otherwise, he would not know what to talk about if he stayed here. If he wanted to understand Qin Yuan, he would slowly understand him during training and the following days.

"Good! Then let's go together!"

After saying that, the two of them left the office and walked straight to the training ground.

However, what Gong Jian did not expect was that Qin Yuan's strength was so abnormal. If he had not kicked him like a dog, he would not have believed that this was true.

One had to know that Qin Yuan had directly taken on a 200-pound load during the weight-bearing training. The soldiers of the Sharpshooter Company were shocked by Qin Yuan.

The soldiers who had wanted to show Qin Yuan their might immediately cowered. In front of absolute strength, any show was futile.

Qin Yuan had long known that there would definitely be some troublesome soldiers who would not be convinced by his sudden appearance in the Sharpshooter Company. They would definitely test and provoke him during training. In that case, it was better to use strength to shut them up.

He did not have that much time to waste with the soldiers of the 4th Company. He would directly show them until they were convinced.

Looking at Qin Yuan's 200 pounds of weight, the squad leader's face darkened. He had been in the army for so many years and had never seen a soldier with a weight of 200 pounds. The shock in his heart was not inferior to the soldiers of the Sharpshooter Company.

Qin Yuan did not say anything at all. After all, 200 pounds was the weight that he had considered for a long time. Now, he usually carried around 300 pounds. With the increase in his physique, his body's endurance was already very strong.

He did not know how strong his body was now. Ever since he joined the army, he had never met anyone who could fight him for more than 20 rounds. Geng Hu could only last 15 rounds without using all his strength.

"Looks like I have to reach a higher level as soon as possible!"

Qin Yuan was thinking in his heart. One had to know that there were still many experts in China and even in the world. He also wanted to go and meet them!

Chapter 102 Is This Kid Stupid?

"F * ck! Must the stand-in company commander be so perverted?"

"That's right! This weight is...200 pounds?"

"Liu Dajun, didn't you say you wanted to challenge the new company commander?"

A burst of discussion came from the fourth company.

At this moment, a burly soldier from the Fourth Company looked at Qin Yuan's heavy load with a dark expression.

"Are you blind? Didn't you see what he just poured out?"

"You want me to go just like that? Do you want me to die?"

The soldier who was about to provoke Qin Yuan was stunned. Seeing Qin Yuan's terrifying strength, how would he dare to provoke Qin Yuan?

If one wanted to provoke him, one needed the ability! He knew in his heart that he was not on the same level as Qin Yuan. Not to mention him, even the entire Sharpshooter Fourth Company would not be a match for this new company commander!

He had never heard of anyone in the Sharpshooter Company who could carry 200 pounds.

"Weren't you bragging just now?" The people around Liu Dajun laughed.

"When did I say that? Did any of you hear that? I just said that when the new company commander comes, let him see how good our 4th Company is. How can we lose face in front of the new company commander!"

Liu Dajun said it directly. He didn't dare to repeat what he had said just now!

The moment Qin Yuan arrived, he had already put all of them in their place. How could he provoke Qin Yuan now? Unless his head was caught in a door.

"Eh..."

Everyone on the team laughed. Liu Dajun blushed and did not dare to say anything. He had seriously embarrassed himself this time, but it was better to get beaten up! Knowing that he couldn't win and still sending himself to his death wasn't something that could be used in this situation.

"Gather!"

After everyone was done with their training, the squad leader immediately gathered the troops. With his order, the soldiers of the 4th Company quickly gathered. From all the whispering to pin-drop silence, the 4th Company only took 10 seconds.

Qin Yuan could not help but sigh at the fact that the Sharpshooter Fourth Company was indeed the top company of the Iron Fist Regiment. Their military discipline was not something that other companies could compare to.

"Attention! At ease!"

The squad leader's orders were followed by the orderly voices of the four companies on the training ground.

"Reporting, Company Commander Qin! All 120 members of the Sharpshooter Fourth Company are present and accounted for. Please give your instructions!" Lao Hei, the squad leader, stepped forward and reported to Qin.

Qin Yuan looked at the disciplined soldiers of the Fourth Company and was quite happy. With the current strength of the Fourth Company, it would be very easy for them to reach the level of the logistics company's military exercise in two months.

Qin Yuan walked forward and looked at the soldiers of the fourth company. He said, "Hello! My name is Qin Yuan, and I'm also your acting company commander who will be here for two months!"

"Many of you will definitely have a lot of doubts about me! But don't worry, you'll have a deep impression of me in the next two months!"

"I believe that you must be very curious about what I'm doing here! I can tell you very clearly that I'm here to play some games with you to strengthen our bond!"

Qin Yuan stood on the training ground and spoke passionately. His deep voice spread throughout the training ground of the fourth company.

The soldiers in the team also listened carefully to Qin Yuan's words, but when Qin Yuan said that he was there to play games with them, they were all stunned.

Playing games? Are you kidding us? You're here to play games with us at this juncture?

For a moment, all the soldiers of the 4th Company had the same puzzled expression on their faces.

"Company Commander Qin! What game? I'm very good at playing games!"

Liu Dajun immediately spoke loudly to Qin Yuan after hearing his words! Hearing Liu Dajun's words, everyone stared at him.

"Is this kid stupid? The regiment commander had asked the new company commander to take over for two months. How could he be here to play games?"

"Exactly! Liu Dajun isn't usually this stupid."

The few people on the team were speechless when they saw that Liu Dajun actually curiously asked Qin Yuan what game he wanted to play.

Peng...

A black shadow flashed by, and Liu Dajun was sent flying. Blood flowed out of the corner of his mouth. He clutched his chest and lay on the ground, unable to speak.

"The first game teaches you to report when you speak!"

Qin Yuan retracted his foot and looked at all the soldiers of the fourth company with a serious expression.

The squad leader was shocked. He did not expect Qin Yuan to be so swift and decisive! He attacked without saying anything. He was beside Qin Yuan's kick just now, but he did not see clearly how Qin Yuan attacked.

"Too fast..."

Gong Jian was standing behind Qin Yuan. Qin Yuan's kick had only taken two seconds from charging up to knocking down Liu Dajun! Moreover, he really did not hold back his strength!

Seeing Liu Dajun fly out, all the soldiers of the 4th Company were shocked. In just a short while, before they could react, Liu Dajun was sent flying.

Judging by Liu Dajun's condition, he was considered to be one of the strongest soldiers in the Fourth Company, but no one expected that he would not be able to handle a move from the new Company Commander.

They didn't even see clearly what Qin Yuan had done just now. For a moment, the soldiers' perception of Qin Yuan was raised to a new level.

"F * ck! The new company commander was too perverted. He started fighting without warning?"

"This is the game he was talking about? If that's the case, I won't dare to play anymore!"

"When have I ever seen such a perverted person! This was...This was...Isn't this too fast?"

"It's over. We still have two months to spend with the new company commander. I think everyone has a chance to participate in this game!"

"...."

When the team thought of what had just happened, they were instantly stunned. They did not expect Qin Yuan to be so abnormal. He attacked them as soon as he arrived, and he was so strong.

The kick that Liu Dajun had just suffered would have been the same for anyone from the Sharpshooter Company.

"Does anyone have anything to say now?"

Qin Yuan's gaze swept across the entire Sharpshooter Company. For a moment, no one dared look directly into Qin Yuan's eyes, afraid they would be the next to be beaten up.

"Since there's nothing else to say, let's move on to the second game! Everyone, carry 45 kilograms of weights and do 10 kilometers of cross-country training!"

Qin Yuan immediately gave the training order. Since they were already here, he would start training them! The physique of the soldiers of the Sharpshooter 4th Company was much better than that of the logistics company he had just taken over.

"What? Commander Qin, we just ran 10 kilometers!"

It was unknown which idiot in the team asked again, but the faces of the rest of the soldiers immediately darkened. One had to know that something bad would definitely happen next.

Chapter 103: Strengthening the Training of the Fourth Company

"Everyone, add another 10 kilometers!"

Hearing Qin Yuan's words, the faces of the soldiers of the 4th Company turned as ugly as dog poop. They immediately understood that Qin Yuan was here to screw them over. However, the most detestable thing was that they did not know which idiot had asked Qin Yuan that question.

"I'll give you five minutes. We'll leave in five minutes!"

Everyone looked at Qin Yuan and did not dare to say a word. They did not know who had just spoken and he directly added 10 kilometers. Now, they did not dare to say anything!

The group of people could only obediently carry the weights. Five minutes later, under the lead of the squad leader, they ran out of the camp. Gong Jian was also shocked by Qin Yuan's swift and decisive training method.

"It seems that Qin Yuan really has a way with leading troops!"

As he watched the soldiers of the Fourth Company run outside, Gong Jian also walked over to the weight pile and put on some weights that he had never tried before. Since Qin Yuan came to the fourth platoon, he had changed Gong Jian's perception of himself.

Qin Yuan's strength must also be attributed to his harsh training. Otherwise, how could he have such a strong ability? After all, Qin Yuan was too young, and Gong Jian was several years older than him.

After loading the weights, Gong Jian followed Qin Yuan and caught up with the 4th Company. The overall strength of the soldiers of the 4th Company was still acceptable. At the beginning of the training, their performance was indeed much better than the logistics company from before!

In this way, Qin Yuan's training method for the Fourth Company was to use the training methods used in logistics for the Fourth Company.

A month passed just like that. The soldiers of the fourth company were gradually able to adapt to Qin Yuan's training method under Qin Yuan's inhuman torture.

On the training ground, Gong Jian looked at the soldiers of the fourth company who were training hard. His opinion of Qin Yuan changed again.

During this month, the soldiers of the Fourth Company were miserable. Under that inhuman torture, they were all tormented beyond recognition. However, under Qin Yuan's abnormal training method, the overall strength of the Fourth Company of Sharpshooters had a qualitative leap.

Under Qin Yuan's high-intensity training, the strength of the entire Fourth Company was much stronger than before, including himself.

With regard to training, Qin Yuan also personally designed a training plan for himself, which brought him a different level of strength improvement. Although he had maintained a high level of self-discipline in his previous training, the effects were not as amazing as now.

Qin Yuan directly formulated a personalized training plan for both Gong Jian and Lao Hei, as each person's needs and directions for improvement are different.

"Company Commander Qin, thank you!"

Gong Jian walked directly to Qin Yuan's side and thanked him. If he had known earlier, it would have been Qin Yuan who had brought them such an improvement in such a short period of time.

"Instructor Gong, what are you talking about? We are all soldiers and comrades! This is what I should have done!"

"Besides, the increase in strength is also the result of you not giving up!"

Qin Yuan said softly. Qin Yuan did not feel that he had contributed much. Although he had been very strict with the training of the fourth company this month, it was still the result of the soldiers' persistence.

"Company Commander Qin, I didn't expect you to be so good at training soldiers. You analyzed every soldier's situation very well and personally formulated a personal training plan for them!"

"Thank you is a must! Company Commander Qin, thank you for not treating the brothers of the 4th Company as outsiders!"

After interacting with Qin Yuan for this month, he realized that although Qin Yuan was a little unreasonable in terms of training, Qin Yuan still cared about every soldier of the Fourth Company very much. Moreover, Qin Yuan's unreasonable training was to improve them!

"Instructor Gong! We are all brothers. No matter who or when, as long as he wears this military uniform, he is my brother!"

"What I can do now is to try my best to increase their personal strength. As for the day when the country and the people need us, we can try our best to survive on that cruel battlefield!"

Looking at Qin Yuan's four brothers who were training on the field, Gong Jian saw the unyielding spirit and strong patriotic feelings of a Chinese soldier in Qin Yuan's eyes.

"Company Commander Qin! You're right. War is actually very close to us. The reason why we can live such a peaceful and stable life is because of the fearless sacrifices of our ancestors."

"As soldiers, we indeed need to be prepared at all times, so we can improve our strength as much as possible. This way, when the motherland and the people need us, we can better fulfill our responsibilities!"

Gong Jian knew very well that Qin Yuan was right! Even though it was a peaceful era, the soldiers had to prepare for war every moment and protect the integrity of the country and the safety of the people.

"Instructor Gong! We're going to enter a very cruel training phase in the next period of time!"

"During this period, the two of us may be very tired, because we have to pay attention to the physical condition and safety of our brothers! Although we have to increase their strength, we have to ensure their safety!" "This training method may be cruel, but it's very effective!"

Qin Yuan immediately said to Gong Jian. Although he could always pay attention to the soldiers' situation with the help of the system, he would not be able to notice them once they exceeded the range of his early warning radar.

“Company Commander Qin, don’t worry! I will pay attention to them at all times!” Gong Jian nodded. Qin Yuan’s training method could really cause unexpected situations that could cause the soldiers to die, so he had to be careful. Over the past few days, he had almost exhausted his energy every day, and he seemed a little haggard.

“Yes, Instructor Gong, you should also take care of your rest. Your health is of utmost importance. Don’t worry, I’ll keep an eye here! ”

Looking at Gong Jian’s haggard face, Qin Yuan knew that Gong Jian had not slept enough during this period of time.

“It’s okay, Commander Qin. I can’t sleep even if you let me go back and rest!” Hearing Qin Yuan’s suggestion, Gong Jian directly rejected it. At this moment, he could not sleep even if he was asked to go back to sleep. More importantly, he was worried about his brothers in the fourth company.

“Instructor Gong, I’m here. Don’t worry! Go back and rest first. Come back later to replace me!”

Qin Yuan could only say this to Gong Jian because Gong Jian really needed a good rest..

Chapter 104: These Brats Are Quite Afraid of You!

Gong Jian thought about it and felt that Qin Yuan was right. He really needed a good rest.

“Then Company Commander Qin, I’ll leave the brothers of the 4th Company to you. I’ll come over to replace you later!”

“Alright!”

After Gong Jian left, Qin Yuan’s gaze turned to the training ground. Lao Hei was leading the soldiers of the fourth company to train according to Qin Yuan’s training method. The system’s reward notification kept ringing in his mind!

In this one month, the brothers of the 4th Company had basically broken through to 30 points of physique, which was not far from the standard physique requirement of the special forces! But now, the speed of the 4th Company’s soldiers was gradually slowing down.

The further they advanced, the more difficult it would be to improve. Therefore, Qin Yuan planned to train the soldiers of the fourth company to a deeper level in the next month.

The new recruits of this year’s recruit company should arrive soon. At that time, he would have to take charge of the recruit company for three months. He did not have much time left. If he wanted to raise the soldiers of the fourth company to a certain level, he had to strengthen the intensity of the training of the soldiers of the fourth company.

During this period of time, Qin Yuan’s goal was to train the soldiers to complete the system missions and at the same time, obtain a lot of skill points. Qin Yuan did not resist earning skill points at all.

“System, report my information!”

“The system has received and is organizing your personal data...”

[Host: Qin Yuan]

[Position: Iron Fist Regiment Logistics Company Commander and in charge of

Sharpshooter Company Four!] [Military Rank: Captain]

[Physique: 65 (10 for normal people)]

[Skills: Intermediate Eagle Eye (2000 meters), Intermediate radar warning system (500 meters), Advanced special combat technique. (8 times the physical fitness of an ordinary person.) Advanced computer programming.

[Beginner Climbing Skill, Beginner Camouflage Skill, All Weapons and Firearm

Equipment Proficiency, and Advanced Weapon and Equipment Operation Skill]

[Skill Points: 905840.]

Qin Yuan looked at the skill points he had obtained during this period of time. In just a month, he had obtained 400,000 skill points by training the soldiers of the fourth company.

“It seems that the skill points gained from training new soldiers are faster.”

The soldiers of the logistics company had all reached a certain level. Although the skill points that each soldier obtained from breaking through Qin Yuan were very high, the soldiers of the logistics company were breaking through slower and slower. However, after thinking about it, it was normal. The further they advanced, the harder it was to break through their physique level.

Looking at the system’s skill point reward information, there were only about 10 soldiers who had broken through in the logistics company this month. However, 10 people had only given him 200,000 skill points.

Qin Yuan looked at these skill points, and the corners of his mouth curled up slightly. He had already planned out how to quickly earn skill points during this period of time.

After spending 200,000 SP, he upgraded both his Basic Climbing and Basic Camouflage skills to Intermediate.

The improvement of these two skills in the following training would also give him more confidence to train the Sharpshooter’s four consecutive skills to a certain level in the next month.

“The system is sorting out the data of the Sharpshooter soldiers of the 4th Company!”

“The system is calculating for you...”

“Currently, the host is the only one who has broken through to Physique Level 60 and above.”

“There are currently two people who have broken through to Physique 35 and above:Gong Jian (38), Squad leader Lao Hei (37)”

“Three people who broke through to Physique 30: Liu Dajun (33), Wu Xiaobing (32), Li Yunsheng (31)”

“The remaining soldiers are all around level 30!”

The system quickly sorted out the information of the soldiers of the Sharpshooter Company for Qin Yuan. Qin Yuan looked at the physique information of the soldiers and knew that they would have to undergo even more brutal training.

The physiques and talents of the soldiers of the 4th Company were not bad. Level 30 was a bottleneck for them now. If they could break through, their strength would break through to a certain level!

One had to know that the logistics company was also hovering at this level before the military exercise. To be able to raise the Sharpshooter Fourth Company to the strength of the logistics company before the military exercise in a month's time, one could imagine that the talent and physique of the soldiers of the Fourth Company were very good.

After Qin Yuan logged out of the system, he walked towards the soldiers of the fourth company on the training ground. He took the high-pressure water gun from Lao Hei and fired crazily at the soldiers of the fourth company.

“Ah! This month of training was really killing him! This temporary company commander was too abnormal!”

“That's right! I feel like my body is no longer mine!”

“Who came up with such a training method? The feeling of being hit by a live bullet for the first time was too scary. Every time the bullet brushed past my eyes and ears, I thought I was done for!”

“Don't say anymore! Hurry up and train. I really can't stand this company commander. Up until now, no one in our 4th Company has been able to withstand a kick from the company commander!”

“Company Commander Qin's strength is really too terrifying. Otherwise, do you think he could bring those brothers from the logistics company to destroy the blue army's command center in this military exercise? You all know the strength of our brothers in the logistics company.”

“I feel that my strength this month has been much stronger than before, but I still can't withstand one move from Company Commander Qin. I don't know how Company Commander Qin trained!”

When the soldiers of the Fourth Company on the training ground saw Qin Yuan walking over and charging at them with high-pressure water guns, they could only endure it. No one dared to resist Qin Yuan anymore!

This month, they had objected to Qin Yuan's training, but those who resisted were all defeated by Qin Yuan in one move. No matter how hard they trained, no one could last a round against Qin Yuan.

“What's wrong? All of you are as weak as newbies! Use all your strength to take down your opponents!”

Qin Yuan's sharp gaze swept across the soldiers of the Fourth Company, but no one dared to question Qin Yuan's words. Those who dared to question him were beaten up badly by Qin Yuan.

The group of people could only endure the impact of the high-pressure water gun and use all their strength to attack the brothers opposite them. This was because Qin Yuan would choose to fight those who were slow or did not use all their strength.

None of them wanted to fight with Qin Yuan anymore. Qin Yuan's kick on their bodies was like being hit by a car. Even now, each of them is still in pain. “Company Commander Qin, these brats are quite afraid of you now!”

The squad leader looked at the soldiers of the 4th Company and laughed. He had never seen a soldier of the 4th Company so afraid of a person.

However, to be honest, he could only withstand one move from Qin Yuan and was defeated. If he had not persisted in training himself for so many years, he would definitely have been defeated by Qin Yuan like the soldiers of the Fourth

Company.

Lao Hei was shocked but also very gratified. With Qin Yuan training the soldiers of the fourth company, the strength of the soldiers of the fourth company would definitely increase to an even stronger level..

Chapter 105: They Also Have An Identity as Soldiers!

“I'm afraid that they won't be afraid of me?”

Qin Yuan replied with a smile. It had been a month since he came to the Fourth Company. The soldiers of the Fourth Company were now obedient to Qin Yuan. This was the effect that Qin Yuan wanted. He did not have the time to deal with these guys one by one. Qin Yuan was thinking of raising the strength of all the soldiers of the fourth company to the level of the logistics company before the military exercise in the next month. That way, he would not have to worry too much about the training after that.

“Company Commander Qin! Speaking of which, how did you even do it!”

“My arm is still aching from the last time I fought with you!!”

The squad leader also asked Qin Yuan curiously. After spending a month together, his relationship with Qin Yuan was also very good. Not only was Qin Yuan's strength and ability very outstanding, but he was also a very good person who did not put on airs at all.

"Me! I was very strict with myself since I was young. When I was very young, my grandfather chased me around the streets with a feather duster all day long. In order not to be beaten by him, I became like this now."

Qin Yuan smiled and started joking with Lao Hei. He already did not know how to explain these things. He still relied more on the system to increase his strength, but he had no choice. He had the system. If he did not use it, he would be letting down the invincible system.

The squad leader also knew that Qin Yuan was joking, but he was not angry with Qin Yuan. Everyone had their own secrets. He could not chase after Qin Yuan and ask.

However, he knew that if he wanted to reach Qin Yuan's strength, he could not do without cruel training. After all, he had been in the army for more than 20 years and had trained for more than 20 years, but he was not as strong as Qin Yuan. However, he also knew that this also depended on his physique and talent.

"Company Commander Qin, I'll have to rely on you to train next!"

After personally experiencing Qin Yuan's terrifying strength, the squad leader was also very happy to have Qin Yuan train their fourth company. One had to know that the changes in the fourth company in this month were too great.

Qin Yuan had only been here for a month and trained them for a month. However, in such a short month, the improvement of the fourth company's strength was many times higher than the improvement of their strength after more than a year of training.

It had to be said that Qin Yuan was many times better at training soldiers than him, a veteran who had been in the army for more than 20 years.

"Lao Hei, you don't have to be so polite with me! We're all family!"

"Next, we will enter the next stage of training."

Qin Yuan looked at the squad leader and smiled. He then communicated with the squad leader about the training program for the next month in advance.

"Company Commander Qin, are you planning to take them to the wild for training?"

After hearing Qin Yuan's words, the squad leader asked curiously.

"Yes, I am! In the next month, I plan to lead the soldiers of the 4th Company to train in the wilderness."

"After all, if we have to face actual combat in the future, we will be fighting in different regions and environments. We have to let them adapt in advance."

Qin Yuan immediately explained to the black squad leader. This was a training program that Qin Yuan had to go through to train his soldiers.

To be honest, after all, Qin Yuan really felt that training in the wild was much better than on the training ground.

The situation in the wild was very complicated. Anything would happen randomly, and the situation in the wild was very consistent with the actual situation.

“Company Commander Qin, I’m worried about our logistics supplies for a month...”

“Also, if we train in the wild, it won’t be within our control. We can encounter unexpected situations at any time in the wild environment.”

The squad leader was a little worried. It wasn’t like they hadn’t experienced training in the wild before. However, a few years ago, when they were training in the wild, the soldiers accidentally fell off the cliff and died.

Therefore, when he heard that Qin Yuan was going to bring the fourth company to the wild for training, the squad leader reminded Qin Yuan worriedly. He did not want to take the lives of the soldiers and take risks. The environment and territory in the wild were too complicated. They could not control these unexpected situations at all.

“Lao Hei! Don’t worry about that! I’m here!”

“Besides, if you’re always so kind to them and keep them under your big trees, how can they grow up?”

“You have to know that if you want to have powerful strength, you will often co-exist with danger.”

“But don’t worry, Lao Hei! Nothing will happen with me around. Besides, I won’t joke around with the lives of the soldiers.”

“Company Commander Qin...Is this really okay?”

The squad leader was still a little worried. The soldier who had died during training had happened in front of his eyes. However, the situation in the wild was too complicated. He could only watch helplessly as the soldier fell off the cliff. There was no way to save him.

“Squad Leader, I know that you care about the soldiers of the 4th Company very much.”

“However, even though the soldiers of the 4th Company are all your soldiers, your comrades! However, they had another identity..... They were soldiers. Soldiers could not always live under the wings of peace, because peace needed them to support it!”

Qin Yuan looked at the worried expression on the black squad leader's face and comforted him. To be honest, the squad leader really cherished these guys from the fourth company too much.

However, if they wanted to have powerful strength, how could they be locked in a cage? They were soldiers now. One had to know that the duty of a soldier was to protect the motherland and the people.

The peace of our country was exchanged for by the blood and unyielding spirit of countless ancestors.

After listening to Qin Yuan's words, the squad leader's heart skipped a beat! He knew that Qin Yuan was right. The peace they had now was exchanged for by the soldiers. It was the soldiers who silently sacrificed and suppressed those villains behind the scenes. The image of his old squad leader instantly appeared in the squad leader's mind.

"That's right! Company Commander Qin..."

"You're right. I seem to have lost something in my old age..."

Lao Hei sighed softly. He looked at Qin Yuan, still thinking about his old squad leader.

Qin Yuan was right. He cared too much about his brothers. He was too kind to these guys from the Fourth Company. Although their training was a little strict, he had never been so ruthless. He had always hidden them under his wings, which also caused the Fourth Company to lose some things.

"Company Commander Qin! Thank you..."

"If it weren't for you, I wouldn't have realized where my problem was!"

The squad leader was suddenly enlightened. Many things in his heart had been opened up, and he felt much more relaxed..

Chapter 106: You Can 't Just Lock Me In A Cage!

All these years, the squad leader had been blaming himself for the death of that soldier, because he was the one who suggested going to the wilderness for training.

However, after Qin Yuan said that, the squad leader's resentment towards himself slowly lessened.

"Lao Hei, don't keep the past in your heart. If you have time, you can find someone to talk to. You can also tell me! You will feel much better."

Qin Yuan knew about the field training that Squad Leader Lao Hei and the others had gone to. When he came, he had also gone to the archives of the Fourth Company to look at some information about the Fourth Company.

To be honest, that accident was not the fault of the squad leader. It was the soldier who did not follow the requirements of their usual training that caused him to fall off the cliff. This kind of situation meant that the soldier's mental strength was not up to standard. If he had a strong mental strength, such a thing would not have happened.

What Qin Yuan needed to do now was to let the soldiers of the fourth company have a strong mental quality. After all, they were soldiers, and soldiers had to have a strong mental quality that soldiers should have.

It must be known that this was still a peaceful era. If a war broke out, the psychological quality of the soldiers would be very high. Otherwise, once the guns were fired, they would not be able to walk.

“Alright, Commander Qin, I understand!”

“By the way, have you discussed with Instructor Gong about Commander Qin going to the field training?”

After the squad leader calmed down, he asked Qin Yuan directly. After all, Gong Jian had to agree to bring the troops out.

“Don’t worry, Lao Hei. I’ve asked Instructor Gong to go back and rest. He’s been staying up late for the past few days and is quite tired.”

“He shouldn’t object. However, in the following period, you must strictly instruct the soldiers to listen to orders!” Qin Yuan also told the squad leader what to pay attention to.

“Company Commander Qin, don’t worry! I will definitely be strict with the soldiers.”

“Alright! Then we’ll see you tonight!”

“See you tonight? Commander Qin, are you planning to leave tonight?”

The squad leader asked Qin Yuan with a puzzled look. It was so late at night. Could it be that Qin Yuan was going to bring the troops out at night?

“Mm, you guessed right, Lao Hei. We’ll set off tonight!”

“After the training is over, let the soldiers go back and rest for a while. We’ll set off tonight!” Qin Yuan replied to the squad leader.

“Then ... Alright!”

After receiving Qin Yuan’s clear answer, the squad leader did not know what to say. Since Qin Yuan had already decided, he could only listen to Qin Yuan. Although the risk factor of training in the wild at night would increase, he knew Qin Yuan’s ability. Besides, Qin Yuan must be confident in himself in order to train like this.

After saying that, Qin Yuan walked back to his dormitory. He had to have a good sleep before he set off at night. After all, as the commander of the company, he definitely could not be careless in the wild.

A few hours later, the sky gradually darkened. The moon was exceptionally bright tonight.

After Qin Yuan got up, he walked towards Gong Jian's dormitory. It was time to bring the members of the Fourth Company out for training.

Dong dong dong...

Qin Yuan walked to Gong Jian's dormitory door and knocked on it.

Gong Jian woke up in a daze. He slept exceptionally soundly. He had been exhausted for the past few days. Qin Yuan's training method was too dangerous. As the instructor of the fourth company, he had to be careful. He was afraid that a moment of carelessness would cause the soldiers to sacrifice themselves.

Hearing the knocking on the door, Gong Jian immediately got up and opened the door.

"Company Commander Qin...Why are you here? I was just about to get up to exchange for you!"

Seeing that the person outside the door was Qin Yuan, Gong Jian asked curiously.

"Instructor Gong, we're going to the next stage of training. I'm here to discuss it with you! "

After saying that, Qin Yuan directly told Gong Jian about the following training.

"What is it? Commander Qin, are you saying that you want to bring the troops out for training?"

After hearing Qin Yuan's words, Gong Jian's expression darkened. It had to be known that training in the wild was very dangerous.

"Yes, I am! Fourth Company's current strength could not be better displayed on the training ground! He brought them to different environments and regions for combat training." Qin Yuan calmly explained to Gong Jian.

"Company Commander Qin, you have to know that training in the wild is too dangerous. We simply can't guarantee the safety of every soldier!"

"And a few years ago, a soldier from our 4th Company accidentally fell off a cliff and sacrificed himself while undergoing field training."

Gong Jian immediately told Qin Yuan worriedly. One had to know that he did not dare to bring his team out for training in the wild. Usually, they would only stay in a place not far from the camp for a day or two, but that was an area they were familiar with.

Besides, Qin Yuan was going to bring the troops out for a month this time! How could Gong Jian not be worried that something would go wrong?

He was the instructor of the 4th Company, so he had to be responsible for the soldiers of the 4th Company. If something unexpected happened, he was not worried about being punished. He just did not want the soldiers of the 4th Company to die accidentally.

“Instructor Gong, I know what you’re saying! But if we want the Fourth Company to become stronger, we can’t keep them locked in cages. We have to let them go out and see how cruel it is outside.”

“And with me around, don’t worry!”

After hearing Qin Yuan’s words, Gong Jian still had a worried expression on his face. He was not as carefree as Qin Yuan.

However, in the end, after Qin Yuan told Gong Jian what he had said to the squad leader, Gong Jian gradually agreed to Qin Yuan’s training plan.

“Alright then...Company Commander Qin, if anything unexpected happens, we have to stop this training.”

Gong Jian thought for a moment and felt that Qin Yuan was right. In addition to his understanding of Qin Yuan over the past month, he was very clear about Qin Yuan’s strength and ability. If there was no guarantee, Qin Yuan would definitely not make any choice.

Since Qin Yuan had such a plan for training, he must have made complete preparations. Therefore, he agreed to let Qin Yuan bring the soldiers of the fourth company out for training.

Gong Jian knew very well that if he kept training the 4th Company, it would only affect the soldiers of the 4th Company.

Field training was a very effective way to bring out the soldiers’ usual training abilities. It also allowed them to better adapt to different environments and geographical battles.

Since he had agreed to Qin Yuan, he could only cooperate with Qin Yuan. He had to be careful of the soldiers at all times to prevent any unexpected situations..

Chapter 107: Still the Same Old Taste!

After saying that, Gong Jian followed Qin Yuan out.

As the alarm sounded for a long time, the soldiers of the fourth company instantly reacted!

The group of people immediately put down everything they were doing, put on their clothes, and ran to the training ground. The number of emergency gatherings this month was more than the number of emergency gatherings they had in a year.

That was because ever since Qin Yuan came, he had often conducted emergency training for the 4th company. They had gradually gotten used to Qin Yuan’s training method.

Soon, all the soldiers of the 4th Company had gathered. The squad leader was organizing the 4th Company’s troops on the training ground.

“Company Commander Qin! Sharpshooters of the fourth company had assembled! Please give me your instructions!” The squad leader’s rough and powerful voice resounded throughout the training ground.

“At ease!”

“From now on, you will enter the next stage of training. This time, I will take you to the wilderness for a month of training!”

“This training is also to verify the military skills you have been practicing for the past month and the things I have taught you.”

Qin Yuan said loudly to the soldiers of the fourth company. This time, he wanted to make a substantial breakthrough in the soldiers of the fourth company in the following month.

Qin Yuan planned to let the soldiers of the fourth company apply what they had learned in actual combat. After all, it was impossible to effectively test the soldiers’ level of skill application on the training ground.

There’s nothing like various outdoor environments and unexpected situations to quickly get soldiers into a state of readiness.

“Are you confident?”

“Yes!”

“Yes!”

A deafening sound filled the entire training ground. The 4th Company had often gone through such training in the wild, but they had only trained outside the camp for one or two days before. This time, they were going for a month.

The soldiers of the 4th Company had not experienced such a long time in the wild, but their faces were filled with anticipation.

The squad leader’s lips curled up slightly as he knew that the Fourth Company really didn’t know the cruelty of survival in the wild!

One had to know that this time, they were not going to train in the forest around their camp like before. They had just learned from Qin Yuan that this time, they were going to cross their camp for about 100 kilometers and enter the primitive deep forest.

The terrain and environment there were extremely cruel, and there were many wild beasts and ferocious beasts. The danger factor was not comparable to the jungle near their camp.

“Good! Very good!”

“Your attitude and willpower will determine the strength you obtain. If you want to become stronger, you can only rely on yourself!”

“However, I have to tell you that the place we are going to this time is very dangerous. There is a possibility that you will accidentally die in this training! ”

“I just want to ask if you’re afraid! If you do, come out now. I won’t force you to take the risk.”

Qin Yuan immediately told the soldiers of the fourth company about the danger of this training.

First of all, he did not force everyone to take risks. After all, there was a possibility that unexpected situations might cause them to die.

“Sir! We’re not afraid!”

“Yes! We want to become stronger!”

For a moment, the team shouted in unison, their faces filled with determination. After Qin Yuan’s training for the past month, they could deeply feel the improvement in their strength.

At first, they were still complaining that Qin Yuan’s training method was too abnormal. However, when they felt the increase in their strength, they were all elated.

This time, they were going to the wilderness for a month of training. How could they have any reason to retreat? Besides, it was just wilderness survival training. How could it be difficult for them?

If they missed this training, they would regret it for the rest of their lives. After all, Qin Yuan was only here to train them for two months. He would not stay in their Fourth Company forever.

The fourth company had received such an improvement in just a month under Qin Yuan’s training. This made them cherish training with Qin Yuan very much, so how could they not go this time?

“Good! Since none of you have any questions, then I have one request!”

“In the next month of the special training in the wild, all actions will be under my command. If anyone dares to disobey my orders, they will be dealt with as deserters! I hope you can always remember my words!”

“Yes, sir!”

“Yes, sir!”

The soldiers of the fourth company replied in unison.

“Good! Lao Hei! Take them to their destination first. No one is allowed to bring anything except guns.”

Qin Yuan immediately instructed the squad leader. Since they were going to survive in the wild this time, everything had to be obtained in the wild.

“Yes, sir!”

A few minutes later, the squad leader organized the team. With an order, the fourth company ran out of the camp in an orderly manner, followed by Qin Yuan and Gong Jian.

“Everyone, we have to reach our destination before 11 O’clock tomorrow.” The squad leader’s words instantly reached the ears of everyone in the Fourth Company.

“Yes, sir!”

“Yes, sir!”

After a month of physical training by Qin Yuan, the speed of the fourth company running was many times faster than before. In addition, this time,

Qin Yuan did not let them carry weights, so everyone’s speed was much faster.

It would not be a problem for them to run 100 kilometers before 11 o’clock tomorrow.

Just like that, the fourth company arrived at their destination not long after the sun rose the next day. Everyone looked at the primitive forest in front of them, and a hint of anticipation flashed in their eyes.

As usual, Qin Yuan also brought a pile of “spicy sticks” for the people of the Fourth Company for breakfast.

When everyone saw how Qin Yuan skinned it and ate it raw, some soldiers could not stand it and vomited.

However, under Qin Yuan’s forceful request, they reluctantly took one each. One had to know that they were not allowed to bring anything else except firearms this time.

In addition, Qin Yuan did not allow them to start a fire at all, so everyone’s hearts turned cold. When they thought about how they would spend the next month like this, their expectant faces immediately collapsed.

In a short while, the group of people was just like the people from the logistics company back then. They all lined up and vomited crazily. The scene was truly shocking, and it’s safe to say that there was a sour smell in the air.

Other than the squad leader, no one in the 4th Company could get used to the smell of blood, including Gong Jian, who vomited in the end.

“It’s still the same old taste!”

The squad leader tore off a piece of snake meat and chewed it crazily in his mouth. Everyone had just vomited, but when they saw the squad leader’s bloody mouth still chewing with relish, they turned around and vomited again.

What they had never expected was that on the first day, their entire Fourth Company had collapsed..

Chapter 108: Training Begins!

The squad leader looked at everyone and smiled. It seemed that Qin Yuan’s idea was good. One had to know that when the war came, there might not be food in the wild.

The squad leader was an experienced person. He knew that kind of situation very well, so the field training could really test the true situation of the army.

If Qin Yuan had not said that he would bring the team out this time, he would not have known that the soldiers of the fourth company were not used to eating these things at all. It would be very dangerous. If they couldn’t eat, how could they talk about war, let alone winning a battle?

“Company Commander Qin, your training method is great! In the past, we always brought food with us when we came out. If it wasn’t for you not allowing us to bring food, I wouldn’t have known that these kids from the Fourth Company couldn’t accept eating raw food.”

The squad leader smiled at Qin Yuan, but the blood at the corner of his mouth looked very strange under the sunlight!

“Uh... Lao Hei, your mouth!”

Qin Yuan smiled and immediately reminded the squad leader. Otherwise, even if it was daytime, it would still look very scary.

“Ah! I’m sorry! I like to drink snake blood!” After the squad leader reacted, he wiped his bloody mouth with his hand.

“Lao Hei, snake blood...It’s better not to drink too much! To prevent poisoning! ” Qin Yuan also kindly reminded Lao Hei. One had to know that there were many people who died due to this every year.

Many people simply did not know that sometimes, the venom of a snake that was not handled well would pour into the blood. Moreover, drinking raw blood was not good for the body.

“Got it, Company Commander Qin. This snake is not poisonous!” The squad leader knew that Qin Yuan was worried about him.

“Mm. Lao Hei asked everyone to rest for two hours. After two hours, we will enter the forest.”

“Yes, sir!”

After saying that, the squad leader walked towards the people of the fourth company. He took out a few bags of salt from his backpack and gave each soldier a small bag. This was what Qin Yuan had specially instructed the squad leader to do before they set off.

Although they couldn’t start a fire, the soldiers still needed to replenish their salt. They would lose a lot of salt during training, so they had to maintain their salt replenishment.

“How is it? Instructor Gong, are you alright?” Qin Yuan walked to Gong Jian’s side and asked.

“Company Commander Qin! I’m fine. I just didn’t know that this thing was so fishy! My body can’t adapt to it in a short period of time.”

Gong Jian also felt a little awkward. No matter what, he was a veteran in the army. In addition, he was the instructor of the 4th Company. He did not expect to vomit.

“It’s okay, Instructor Gong. The first time I ate that, I couldn’t eat for three days.”

“Besides, our regular troops have rarely gone through such training in recent years.”

Qin Yuan also comforted Gong Jian. To be honest, these trainings were for the special forces. In this peaceful era, only the special forces would often experience actual combat.

This kind of survival training was a process that every special force soldier had to go through because they often entered the enemy's rear and fought in the rear. Sometimes, after the reserve dry food was used up, they had to eat these things to ensure their body functions.

“I still need some time to get used to it! After all, we're soldiers. We might encounter these situations. If you don't eat when there's nothing to eat, you can only wait for death!”

Gong Jian smiled. He could understand Qin Yuan's motive for doing this. It had to be said that after living in peace for a long time, it was easy for them to forget some situations that they would only encounter in war.

Qin Yuan's purpose in doing this was to make them prepare for war from now on. Otherwise, if the day of war came, these skills would be their life-saving skills.

“Then take a rest! In two hours, we will enter the jungle.”

“Yes, alright! The soldiers have been on the move for the entire night. We will set off after everyone has rested.”

After saying that, Qin Yuan and Gong Jian found a random place to lie down. After a night of running, they felt a little tired. They still had to carry out cruel training, and they needed to maintain a good mental state.

Just like that, everyone lay on the ground and rested for two hours. When it was time to prepare, Qin Yuan's shout woke everyone up.

“Gather!”

The people of the Fourth Company who were awakened quickly reacted and got up, immediately standing in formation.

“Later, we will enter this primeval forest for a month of training. During this period, I hope that all of you will obey my orders. I don't want any of you to be missing when we return!”

After everyone lined up, Qin Yuan instructed everyone.

“Sir! We promise to obey orders!”

“Don't worry! Company Commander Qin, we will listen to you.”

The soldiers replied loudly.

“I’m not joking. There is no lack of poisonous insects and beasts in this jungle, so you must always be on high alert. I hope that you can use what you’ve learned in this month and master it.”

“I hope that after a month, you will be satisfied with your results.”

Qin Yuan warned everyone very seriously. Although he had the radar warning skill now, the effective range he could extend was only two kilometers.

Therefore, he had to be extra careful. Although he was cruel to them, Qin Yuan did not want any accidents to happen, so he had to make the soldiers strict with themselves.

“Does everyone understand?”

“Understood!”

“Understood!”

The soldiers’ replies reverberated in the valley, instantly scaring a group of birds and beasts into scurrying around in the forest.

“Good! Listen to my orders, I’ll give you 30 minutes to use the camouflage technique I taught you to hide within a 3-kilometer radius!”

“In 30 minutes, I will go find you with Instructor Gong and Squad Leader Lao Hei. The first 30 people who are found will have an additional 10 kilometers of field training tonight!”

As he spoke, Qin Yuan told the rest of the training program and rules to everyone in the Fourth Company.

“Yes, sir!”

“Yes, sir!”

“Good! The squad leader gave each of them a signal flare.”Qin Yuan said.

“Yes, sir!”

Qin Yuan asked the squad leader to send a signal flare to every soldier. There had to be many emergencies in the wild. This would allow the soldiers to know where they were in case of an emergency.

“This signal flare is for you to use in case of an emergency gathering during training! ”

“After seeing the signal flare, it will be convenient for us to go over and find you in time.” Qin Yuan reminded everyone again.

“Yes, sir!”

“Yes, sir!”

“Since you all understand, let the training begin!”

“Everyone! Let’s go!”

With Qin Yuan’s order, the people of the Fourth Company rushed into the forest and disappeared into the forest in a short while.

Chapter 109: Did You Have to Fart?

“Squad Leader Lao Hei, Instructor Gong, the three of us will set off in different directions. Next, we will have to test the results of the 4th Company’s training over the past month. There will be many unexpected situations in the wilderness, so we have to be careful.”

“If you encounter anything later, pull up the signal flare in time.” After the soldiers of the fourth company left, Qin Yuan said to the two of them.

“Don’t worry! Company Commander Qin, we’ll be careful at all times!”

“Yes, Company Commander Qin, you can rest assured and train. Lao Hei and I will assist you.”

Gong Jian and the squad leader were also very clear about the situation in the wild. They knew what Qin Yuan said. After all, such things had happened in the past, so they were more careful than before when they went out to train in the wild. “Yes! Then let’s go!”

“Yes!”

“Yes!”

Qin Yuan looked at his watch. Seeing that it was time, he walked straight into the forest with Gong Jian and the squad leader.

Qin Yuan instantly turned on the radar warning system. In an instant, there were more than 30 people in this area within the radar’s scanning range. Each red dot displayed by the system represented a soldier. Qin Yuan walked towards the red dots one by one.

“The 4th Company is indeed better than the logistics company.”

Qin Yuan walked closer to the soldiers of the fourth company and sighed in his heart. In terms of the camouflage technique, the soldiers of the fourth company were indeed faster at understanding it than the logistics company at the beginning.

Qin Yuan looked relatively satisfied with the camouflage skills of the soldiers in the fourth platoon, after all, he had a cheating device in the form of a warning radar, otherwise it would have been really difficult to detect some of the soldiers hiding.

This was something that Gong Jian and Lao Hei, in particular, deeply understood. The two of them had only found a dozen or so soldiers since the beginning of the exercise.

In this month, Qin Yuan had taught the soldiers of the fourth company everything he could. The soldiers of the fourth company did not let Qin Yuan down. In this month, almost no one could

withstand Qin Yuan's brutal right foot, so how could they not learn well? However, in the end, it was still because their comprehension ability was higher.

"Could it be that this group of brats have all ran to the border?"

The squad leader had only found a few soldiers along the way. He had searched very carefully and did not miss a single spot. However, after searching for almost half an hour, he had only found a few soldiers who had given themselves away.

Gong Jian was in the same situation as the squad leader. He had only noticed seven or eight soldiers when he landed.

"Lao Hei! How many soldiers have you found?"

Gong Jian's voice came from the squad leader's earpiece.

"Instructor, I only found six soldiers on my side. The others should be hiding at the border."

Hearing Gong Jian's question, the squad leader immediately told Gong Jian his guess. He didn't believe that there were still people in this area. After so many years in the army, his scouting skills weren't very good, but he wasn't old enough to be blind.

"I only found seven or eight of them. It should be like what you said. Let's continue searching."

Gong Jian also told the squad leader about his situation, but he didn't know that there were two soldiers hiding under his feet.

After saying that, Gong Jian continued to walk toward the central area, not noticing the two soldiers at his feet.

"Hehe, Zhou Jian, you're right. The instructor really didn't notice us."

After Gong Jian left, a soldier hiding in the pit laughed.

"I told you this was a natural hiding spot. There's no better spot around here!" Another soldier laughed proudly. He had taken a fancy to this place when he passed by.

This place was probably a trap dug by hunters in the past. In addition, a dead tree had fallen and covered the entire pit, leaving only a gap. They did not need to do any extra camouflage. As soon as they discovered this place, they chose to hide here.

"Just now, you said that we had to hide in the trees. The surrounding trees simply can't integrate us into the surrounding environment."

"When Company Commander Qin was teaching us camouflage techniques, it's your fault for not listening carefully!"

Hearing the other soldier's words, the soldier immediately revealed an awkward expression. On the day Qin Yuan taught them the camouflage techniques, he did not sleep well at night and did not listen carefully to what Qin Yuan taught him.

"Don't you, you, you! What Commander Qin taught us is really useful to us. We must listen carefully in the future!"

"Yes! I know, I will definitely study hard in the future!" The soldier could only smile to hide his embarrassment.

"Shh...Don't talk! There seems to be movements!"

Just as the two of them were talking, a familiar figure suddenly walked in their direction.

"Qin ... It's Company Commander Qin!"

The soldier looked out through the gap and realized that it was Qin Yuan. The two of them hid in the pit and did not dare to move.

"Do you think Company Commander Qin will notice us?" The soldier asked carefully.

"Company Commander Qin shouldn't be able to notice us from our position.

When he walks by later, don't speak. It's best to hold your breath! Let Commander Qin leave first. Commander Qin is really perverted. He would notice the slightest movement."

"Yes, sir!"

The soldier named Zhou Jian was very clear about Qin Yuan's ability. In this month, he realized that their Company Commander Qin was simply a god-like existence.

Last time, he was simply talking to a few soldiers about their perverted Company Commander Qin 100 meters away from Qin Yuan. He did not expect Qin Yuan to hear him. Because of this, he had been beaten up quite a bit.

"You two, come out!"

Qin Yuan had discovered them a long time ago. Even their conversation just now had been heard by Qin Yuan. One had to know that his early warning radar was not for show.

Under the pit, the two of them were communicating with each other with their eyes. They were telling each other not to make a sound or breathe because Qin Yuan was right above them. However, they still felt that Qin Yuan was tricking them.

"These two kids are still holding their breath?"

Qin Yuan stood on top and looked at the two people at the bottom of the pit. He was amused.

"Let's see how long you can hold it in!"

Qin Yuan stood there for almost two minutes. He wanted to see how long these two kids could last in the pit.

Puff...

Suddenly, a fart sounded, and a thick sour smell spread from the bottom of the pit.

“F * ck! Did you have to fart just because I told you to hold your breath!”

Zhou Jian directly climbed out of the pit while cursing. He knew that Qin Yuan heard this voice.

At first, they thought that Qin Yuan was tricking them. As long as they could hold on for a while, Qin Yuan would definitely leave. However, who knew that this kid would directly fart like a firecracker..

Chapter 110: The True Art of Disguise: Unnoticed and Undetected

“What’s wrong? You guys are willing to come out now huh!”

Qin Yuan stood on top and watched the two of them stick their heads out of the pit.

“Hehe! Commander Qin, why are you here?” Zhou Jian scratched his head and smiled at Qin Yuan.

“I’ve already that area, so I naturally went this way!” Qin Yuan replied indifferently.

“Company Commander Qin, were you trying to trick us just now? You know, the instructor didn’t even notice us when we were hiding here!”

Zhou Jian also asked Qin Yuan curiously. After all, his position was the best natural hiding spot.

“You don’t know this. Although you’ve chosen a good spot, don’t you realize that this place is too quiet?”

“An experienced expert scout would be able to tell that something was wrong with a single glance.” Qin Yuan patiently explained to the two of them.

The two soldiers finally reacted. Their surroundings were really too quiet. Other than their voices, there was no sound of animals at all.

“By the way, Company Commander Qin, we can’t control the sounds of these animals!” Zhou Jian asked Qin Yuan in confusion. How could they control the sounds of animals? They were not the masters of creation.

“This means that after you hide here, you can’t move or speak anymore.

Animals have intelligence too! I remember that I’ve already taught you!” Qin Yuan said coldly to the two soldiers.

“Ah! So that’s how it is!”

“Company Commander Qin... I forgot!”

After hearing Qin Yuan’s words, the two of them felt a little awkward. They really did not remember Qin Yuan telling them these things.

“Forgotten? It doesn’t matter if you forget. I’ll make you remember later!”

“Besides, whoever farted just now could be heard from five kilometers away!”

Qin Yuan looked at the two of them unhappily.

“That’s him, kid. That thing is really suffocating! It’s like a poison gas bomb.”

“Even if Company Commander Qin wasn’t here just now, I couldn’t stand it anymore and wanted to run out!” Zhou Jian pointed at the soldier with a helpless expression. Who would have thought that he would meet such a pig teammate!

The soldier looked at the two of them awkwardly. After eating the raw meat, he had been feeling uncomfortable in his stomach. He got too nervous just now and could not hold it in.

“You guys go back to the start first. The soldiers they found are all there!”

“Yes, sir!”

“Yes, sir!”

After saying that, Qin Yuan continued to look in Gong Jian’s direction. Along the way, he discovered more than ten soldiers. These soldiers’ camouflage skills were quite good. No wonder Gong Jian did not notice them when he walked over.

Half an hour later, the soldiers of the fourth company were all found, and the training ended.

There were so many people in the entire company, but Squad Leader Lao Hei and Gong Jian only found about 40 people. The rest were found by Qin Yuan alone. No matter how well they hid, they still could not escape the outcome of being discovered by Qin Yuan.

“This time! Some of you did well, but some of you didn’t even remember what I taught you.”

“Some people actually forgot what I said. So I’ll help you all remember!”

“Now! The first 30 of you who are found will carry a heavy load and run 20 kilometers along this mountain road. If you can’t finish running, you won’t have to sleep tonight!” Qin Yuan looked at everyone with a serious expression, and his tone was also a little serious.

One had to know that most of these soldiers did not remember what Qin Yuan had taught them well. They were also the ones who had the most problems in the entire Fourth Company. Therefore, Qin Yuan had to pull them out to practice until they had no problems.

If he wanted to raise the strength of the entire Fourth Company to a higher level within two months, these people were the key targets to pay attention to.

“Yes, sir!”

“Yes, sir!”

After hearing Qin Yuan's order, the first 30 soldiers who were found walked out of the team and walked towards the pile of rocks at the side. Each of them lowered their head and loaded their bags.

They did not have any complaints about Qin Yuan's punishment. After all, the fourth company was a team and if they caused any negative impact on the entire company, they would feel guilty about it.

"And the two of you, go with them!"

As he spoke, Qin Yuan looked at Zhou Jian and the other two. "Ah! Company Commander Qin, we are the 50th to be found!"

"That's right! Company Commander Qin!"

The two of them looked at Qin Yuan helplessly. They kept explaining as if they were afraid that Qin Yuan did not know.

"Is it glorious to be ranked in the top 50? Don't talk nonsense, immediately load the weights and run with them!"

"My words won't be forgotten so easily then!"

After hearing Qin Yuan's words, the two of them walked out of the team helplessly. They looked at each other and did not know how to express the bitterness in their hearts. Zhou Jian looked at the soldier who was with him with a resentful expression. He did not expect to meet such a stupid teammate.

A few minutes later, the people who were punished packed their weights and ran according to the mountain path Qin Yuan had instructed.

"The rest of you, rest for 20 minutes. After 20 minutes, all of you carry weights and catch up to them!"

Just as the 32 people who were punished disappeared at the end of the mountain road, Qin Yuan turned around and said to the others.

"Ah! Company Commander Qin, do we have to be punished too?"

"That's right! Company Commander Qin, why are we running too? Didn't they agree to be the first 30 people to be discovered?"

Hearing Qin Yuan's words, the remaining people of the Fourth Company were stunned. They never expected that they, the victors, would be punished.

"Do you think you are very powerful? Then tell me, who hasn't been discovered?"

Faced with everyone's questions, Qin Yuan directly questioned them.

For a moment, they lowered their heads and did not dare to speak anymore. Qin Yuan was right. All of them had been discovered.

Qin Yuan saw that everyone had lowered their heads and stopped talking. He then said,

“Since you’ve been discovered, you guys still lost. How much better do you think you are than the first 30 brothers who were discovered?”

“Do you have any more questions?”

“Sir! No!”

“Sir! No!”

For a moment, everyone in the fourth company knew that they had not won. Qin Yuan was right. They were discovered in the end. No one had won.

“Alright then! Since there’s no problem, then do as I say!”

“Yes, sir!”

“Yes, sir!”

For a moment, the rest of the soldiers did not rest at all. One by one, they picked up their backpacks and loaded them with weights.

At first, they thought that they had won by holding on until the end, but after hearing Qin Yuan’s words, they realized that they had not won at all. The real win was to not be discovered by others.

A few minutes later, the remaining soldiers of the 4th Company ran towards the mountain road where the 4th Company brothers who had been punished earlier had run..
