Chapter 121: He's Still Too Young!

"The military reform has begun so soon?"

Qin Yuan did not expect the military reform meeting to arrive so quickly. According to Commander Kang Lei, there were only three months left.

"Yes, this was decided after a long period of careful observation and consideration by the military leaders!"

"It wasn't a decision that was made immediately. Chief Gao Shiwei should have other arrangements for you! Next, you will train this year's recruits well. I will inform you later!"

Kang Lei looked at Qin Yuan with some reluctance. After so many years, their

Iron Fist Regiment had only met a powerful and capable soldier like Qin Yuan. However, Kang Lei was still quite happy that Qin Yuan was a soldier from their Iron Fist Regiment.

"Alright! Understood, Sir!"

"Yes! You're not bad. You have such ability and strength at such a young age. I know that even after the military reform, our Iron Fist Regiment won't be able to keep you, but I hope you know that you'll always be a soldier of our Iron Fist Regiment. No matter where you are, don't embarrass our Iron Fist Regiment!"

Kang Lei also smiled. Qin Yuan had joined their Iron Fist Regiment since he left the company. In the blink of an eye, more than a year had passed. He also hoped that Qin Yuan could develop better.

"Don't worry! Regiment commander, I will always be a soldier of the Iron Fist Regiment. I will definitely not embarrass the Iron Fist Regiment. As for the arrangements of the commanders, I will definitely obey them!"

Qin Yuan had a vague feeling that after three months, he would have to accept some more heavy missions. He just did not know what kind of missions the military commander would arrange for him.

"Very good! No matter where you are, you will shine! I know your ability very well!"

"Sir! Then I'll be here to wish you a promotion!"

Qin Yuan knew that after this military reorganization, Kang Lei would also become the brigade commander of the synthetic brigade. No matter what, it was a happy event.

After hearing Qin Yuan's words, Kang Lei replied with a smile.

"You brat! With your ability, I'll have to salute you when I see you in a few years!"

Although Kang Lei was joking with Qin Yuan, he knew that Qin Yuan's rank wasn't so high yet only because he was still too young. Otherwise, his current military rank would have reached the rank of a colonel.

"Sir, I definitely won't disappoint you!" Qin Yuan also smiled and said to Kang Lei.

"You brat! Alright, I called you over to tell you about the situation so that you can be mentally prepared! I'll leave the new recruits to you now!"

Kang Lei looked at Qin Yuan's smiling face and felt very helpless. Who asked Qin Yuan to be so capable? He might really have to salute Qin Yuan when he saw him a few years later.

"Don't worry, Sir! If there's nothing else, I'll go back first. I have to go back and watch the training of the new recruits!"

"Okay! Go back!"

After saying that, Qin Yuan walked out of the office door and walked towards the recruit company. After listening to Commander Kang Lei's words, he felt that he could only wait. Although he did not know what kind of mission he would receive next, he had to do his part well.

In the office of the Southeastern Military Region, Gao Shiwei was sitting at his desk with a document in his hand. Two other military region chiefs were sitting with him.

"Old Gao, are you sure you want Qin Yuan to be in charge of this matter? He's still too young!"

A military chief who was similar to Gao Shiwei frowned as he looked at the document in his hand.

"Young? Take a look at his ability!"

"In just three months, he managed to bring a group of weak and undisciplined logistics companies to this level. You should also know the military standards of the Iron Fist Group's 4th Sharpshooter Company."

After hearing Chief Gao Shiwei's words, everyone was speechless. Qin Yuan was young, but his ability and strength were there for all to see.

"Is this proper? He had only been in the company for more than a year! If we let him do this, will he..."

In the office, another Bureau Chief said in a deep voice.

"Old Wu, Old Li, I've personally witnessed this kid's military and commanding abilities. Believe me, with my judgment, when have you ever seen me make a mistake?"

"Just listen to me on this matter. It won't go wrong!"

Bureau Chief Gao Shiwei said to the two of them very seriously. He believed that his judgment would not be wrong. Just from the last time he saw Qin Yuan's ability, he felt that Qin Yuan was definitely hiding something. This meant that Qin Yuan's ability would be even stronger.

"Since you've already decided! We don't have any other problems. Let this kid try! ?

"Then we'll follow your decision! Your eyesight is indeed sharper than ours!"

After hearing Chief Gao Shiwei's words, the two of them had no other questions. They were very clear about Qin Yuan's background. In addition, Qin

Yuan's personal ability was there, so they were relieved to let Qin Yuan do this.

"Good! Since you don't have any questions, it's decided! It will begin in three months!"

"Good!"

"Good!"

Seeing that the two of them had no objections, Bureau Chief Gao Shiwei made his decision.

In the recruit company training camp, Qin Yuan had just returned to the training ground. Looking at the recruits training on the field, Qin Yuan grinned.

"Looks like I have to speed up the training of these kids!"

Even if there were still three months left, Qin Yuan still had to bring the new recruits out. Moreover, the skill points obtained from training the new recruits were too many. He had to store up some skill points.

Seeing Qin Yuan return, Gong Jian also walked over to Qin Yuan.

"Company Commander Qin, what did the regiment commander say when he asked you to go over?"

"He said that we will be reorganizing the army in three months. The regiment commander wants us to take good care of this batch of recruits."

Qin Yuan also told Gong Jian what Commander Kang Lei had said. In any case, Gong Jian and the other company officers would know about this decision in a week at most.

"Military reform in three months?"

Gong Jian looked at Qin Yuan with a puzzled expression. He was not sure what Qin Yuan said.

"Yes! The regiment commander said that the commander of the military region had just given him a notice. I believe that you will receive the notice in a few days!"

"Why is there a military reform so soon?"

Gong Jian also knew about the military reform and integration. In order for the troops to complete their military missions more effectively, they would undergo military reform and integration almost every few years.

“This is the decision made by the military commanders after careful consideration. The regiment commander called me over to tell me that our Iron Fist Regiment’s name has been retained!”

“That’s right! If our serial number is revoked, the regiment commander and I won’t be able to sleep!”

After Gong Jian heard Qin Yuan’s words, he also understood what it meant to be kept. Although Gong Jian was very happy, he was also a little sad.

Every time there was a military reform, many of the units would be revoked. This was a situation that was difficult for a company to accept.

Every unit’s serial number was the spiritual pillar of the unit, but in order to effectively improve the military combat ability of the unit, this was something that had to be done..

Chapter 122: Company Commander... You Can ‘t Do This!

“Instructor Gong, this is something that every unit will experience. At least the spirit of our Iron Fist Regiment can continue to exist.”

“Besides, as long as we are Chinese soldiers, we will continue the spirit of our ancestors. Although the other troops may no longer keep their serial number, their spirit will still exist!”

Qin Yuan could understand the reason for Gong Jian’s silence. Although the Iron Fist Regiment was not the one who had their number revoked, he could also understand the feelings of his comrades.

“Company Commander Qin, you’re right! No matter which unit it is, we are all Chinese soldiers. I will continue the spirit of our ancestors!”

After hearing Qin Yuan’s words, Gong Jian realized that Qin Yuan was right. No matter which army they were in, they were all Chinese soldiers. The spirit of their ancestors would not be forgotten.

“Yes! Instructor Gong, we have to speed up the training of the new recruits!”

Qin Yuan looked at the recruits on the training ground and felt that he could train them to a deeper level in about half a month.

“Good! After the squad leader finishes the basic soldier training, he will follow your training method!”

Gong Jian also knew that this might be Qin Yuan’s last time leading troops in the Iron Fist Regiment. With Qin Yuan’s ability, the higher-ups and the military commanders would definitely poach him.

“Good! Then let’s go over and take a look first!”

“Alright! ”

After saying that, Qin Yuan and the other two walked toward the training ground.

On the training ground, the squad leader was leading the soldiers in military posture training. However, everyone had a brick on their head. They had been in this position for almost two hours under the scorching sun.

“Stay steady! If someone drops a brick, add another half an hour!”

Seeing that the recruits couldn’t hold on any longer, the squad leader’s berating instantly woke everyone up. Each of them straightened their bodies, afraid that the brick above their heads would fall in the next second.

He Chenguang and Wang Yanbing stood there straight and motionless.

He Chenguang and Wang Yanbing were secretly competing again. From the beginning of the training, the two of them began to compete.

Qin Yuan was also amused when he saw this. One had to know that these two people were exactly the same as in the TV series. They were the kind of people who had no choice but to submit to each other. However, this was also good. Competition would better stimulate their potential.

“Company Commander Qin, Instructor, why are you here?”

Seeing Qin Yuan and Gong Jian walking over, Lao Hei also walked to Qin Yuan and the others.

“We just came to take a look!” Gong Jian said.

“Lao Hei, get the other squad leaders to bring some things over. The weather is too hot.” Qin Yuan looked at the recruits who were sweating profusely on the field and whispered a few words into the squad leader’s ear.

“Company Commander Qin, are you sure you want to cool them down at this time? Would this recruit’s body not be able to take it?”

After hearing Qin Yuan’s words, the squad leader’s heart ached for the recruits for a while.

“It’s okay, Lao Hei. Just do as I say!”

After getting Qin Yuan’s confirmation, the squad leader called the other squad leaders over. Then, the few squad leaders walked towards the warehouse.

“Everyone, rest for 10 minutes!”

Following the order of the squad leader, the recruits of the recruit company all relaxed. One by one, they directly collapsed to the ground and complained.

“This squad leader is really too strict. I heard from the soldiers in our village that at the beginning, they just ran and stood for half an hour in a military posture. Who knew that the squad leader would make us stand for two hours!”

“That’s right! It’s really too harsh. I still think that the commander is a good person!”

“Yes, I am! I also think that our company commander is very easy to talk to. He asked us about our well-being the moment we arrived!” The soldiers began to discuss.

Qin Yuan also heard the discussions of the soldiers.

“Do you feel tired?”

Qin Yuan walked straight to the front of the recruit company and asked.

“I’m not tired!”

“Yes, Company Commander. This bit of training is nothing to us!”

“Commander, don’t worry. We can still persevere with this little training!”

In the face of Qin Yuan’s inquiry, the recruits responded enthusiastically. In their eyes, Qin Yuan was a good person. Compared to the squad leader, they liked Qin Yuan very much.

“That’s good! I’m also very happy to see that you’ve worked so hard. The weather is so hot, so I’ll let you guys relax!”

After the recruits heard Qin Yuan’s words, smiles appeared on their faces.

“Company Commander, you’re too kind!”

“That’s right! You are the best company commander!”

The soldiers all praised Qin Yuan. Only the squad leader and Gong Jian laughed at the side.

Qin Yuan is good? This was the first time they had heard the soldiers evaluate Qin Yuan like this.

Looking at the smiling recruits, the squad leader’s heart ached for them. After a period of time, if they still think that Qin Yuan is good, then he’ll really have to hand it to them.

A few minutes later, they saw the squad leaders coming up with fire pipes and high-pressure water guns. The recruits thought that they were going there to put out the fire. One by one, they walked forward to help the squad leaders hold the water pipes.

“Company commander! Is there a fire to put out?”

When Wang Yanbing saw the scene in front of him, he helped the squad leaders hold the water pipes and asked Qin Yuan.

When He Chenguang saw these water pipes and high-pressure water guns, he felt a headache coming on. It was very painful when these high-pressure water guns hit people. Looking at Qin Yuan, he felt that Qin Yuan was not simple at all. However, these comrades still went to help one by one. They did not feel the pain that they were going to endure at all.

Qin Yuan did not answer Wang Yanbing’s question.

However, Wang Yanbing said angrily when she saw He Chenguang standing at the side and not coming over to help.

“These people! Still don’t cut it, they only think about themselves!”

Looking at the way Wang Yanbing was looking at him, He Chenguang did not say anything. He knew very well what Qin Yuan was planning to do. If everyone could still laugh later, He Chenguang would have nothing to say.

Seeing that He Chenguang was ignoring him, Wang Yanbing lowered his head and helped the squad leaders tidy up the equipment.

A few minutes later, when the facilities were ready, Wang Yanbing was about to ask where to put out the fire. The squad leader pointed his gun at him.

“Begin!”

After Qin Yuan gave the order, the squad leader and the other squad leaders immediately opened the valve. For a moment, a few high-pressure water pillars shot out toward the recruits.

“F * ck! Company commander... You can’t do this!”

As he spoke, Wang Yanbing realized something was wrong and was about to run back. However, how could the squad leader let him escape? A water pillar directly hit Wang Yanbing. Wang Yanbing was directly washed to the ground, clutching his chest and unable to say anything.

He looked at Qin Yuan, the squad leader, and the others in confusion.. He never expected that these things were going to be used to deal with them! Thinking about how he had helped organize these things just now, Wang Yanbing instantly felt a headache...

Chapter 123: Why Is It Me Again?

For a moment, the entire recruit company was in a mess. Each and every one of them was in a hurry to avoid the water dragons that were shot out by the high-pressure water guns.

The recruits looked at Qin Yuan in confusion. Who would have thought that this thing was used to torture them!

The faces of the soldiers in the recruit company who had just helped organize these things turned green. When they thought about how they had just helped the squad leaders organize the things, they wanted to slap themselves.

“Squad leader, please stop. This water gun hurts when it hits people. Please spare us!”

“That’s right! Squad leader, you can’t do this. How can we take it if this goes on!”

“No, my dad didn’t tell me that we’ll go through this in the army!”

Suddenly, a wave of wails came from the recruit company. They were begging Qin Yuan pitifully, hoping that Qin Yuan would order the squad leader and the others to stop attacking them.

“It’s such hot weather. It’s nice to cool down!”

“Squad Leader, I don’t want them to have the strength to speak.” As he spoke, Qin Yuan instructed the squad leader and the other squad leaders.

“Yes, sir!”

“Yes, sir!”

After saying that, the squad leader dragged the heavy high-pressure water gun and increased the impact of the water dragon. He immediately rushed into the ranks of the recruits. It was as if there were more recruits there and he would shoot them.

“Didn’t you say that this company commander is very good? Why did they give us such a cooling method the moment they came up!”

“Company commander is really good at hiding! I thought our company commander was better than the squad leader, but who knew that he was even more ruthless than the squad leader!”

“That’s right! Brother Guang? Brother Bing? Didn’t you say that the company commander was very kind?”

All of a sudden, the soldiers’ eyes were all on He Chenguang and Wang Yanbing. After two days of contact, many of them had already admired their training ability, so many people treated them as the lead sheep of their recruits.

Just as everyone was looking for He Chenguang and Wang Yanbing, they saw a person rolling on the ground not far away from them.

“F * ck! When did I say that the company commander was merciful?”

“Company commander...The commander was... He was simply pretending to be a pig to eat a tiger. He has the heart of a beast!”

The recruits couldn’t even see who was rolling on the ground. In the end, after a few screams, they knew that this was their soldier!

At this moment, Wang Yanbing was no longer as high-spirited as before! The impact of the high-pressure water gun hit him like a hammer hitting his chest. He was knocked to the ground.

They were still lying on the ground and crying out bitterly. The squad leader and the others did not have any intention of stopping. Without Qin Yuan’s order, they continued to fire at the recruits with their water guns.

The only person in the entire recruit company who could be said to be relatively relaxed was He Chenguang. He had been using all his dodging techniques to avoid the water dragons that the squad leaders shot at him. “Interesting. This kid’s reaction speed is quite good!”

Qin Yuan looked at He Chenguang, who was dodging around the field, and felt a little happy. He instantly walked to the squad leader’s side and took the high-pressure water gun from him.

“Leave this guy to me!”

Qin Yuan immediately raised his gun and aimed it at He Chenguang. Before He Chenguang could react, the high-pressure water gun that was originally held by the squad leader had been replaced. Just as he jumped up and was about to dodge, a water dragon came straight at his face.

He was sent flying a few meters away. He Chenguang only came back to his senses when he saw Qin Yuan pointing a black water gun at him.

“F * ck! How could it be the company commander? Didn't the recoil of the water gun affect him at all?”

He Chenguang knew from the beginning that these things were meant to deal with them, so he raised his vigilance from the beginning. When the squad leaders shot at them, he immediately reacted and used his reaction ability to dodge.

He Chenguang knew that the recoil of this high-pressure water gun was not small. It was unimaginable how much strength was needed to control such a water column.

Therefore, he was able to accurately deal with the water dragons while the squad leaders were controlling the direction. However, the water dragon that came at him just now was too fast, and it seemed to be able to predict the direction he was going to dodge.

He Chenguang endured the pain and got up from the ground. He wanted to avoid the water pillar that Qin Yuan shot at him, but every time he dodged, he would accurately collide with the water dragon.

“He Chenguang? Is there any way to learn from this?”

Wang Yanbing, who had just regained his senses, opened his eyes and saw He Chenguang lying on the side. He asked directly. He had just seen He Chenguang flash here and there. He was jumping happily like a monkey.

“Learn? Look who's here...” After saying that, He Chenguang looked at Qin Yuan. After being hit by Qin Yuan's water dragon a few times, He Chenguang's body was obviously affected, and his voice was obviously weaker.

Wang Yanbing also followed He Chenguang's gaze and looked over. A bright water dragon quickly attacked his face.

For a moment, Wang Yanbing could not react at all and was directly hit to the ground!

“F * ck! Why is it me again! Do you have to do this to me?!”

After Wang Yanbing landed on the ground, his face turned red from the blow. Blood flowed out of his nose. It was obvious that this blow was difficult for Wang Yanbing to withstand.

“Morning Light! Beautiful soldiers!”

Li Erniu had also run towards them. The squad leaders were all around them with water guns shooting at them. Li Erniu had never seen such a chaotic scene before. He could only hide in the direction of He Chenguang and Wang Yanbing.

“Beautiful soldiers? What happened to you? Why is your face so red? And why is your nose bleeding?”

Seeing Wang Yanbing lying on the ground, Li Erniu had no idea what had happened. Although the other recruits were also shot by high-pressure water guns in other directions, the impact of the other squad leaders was not as strong as Qin Yuan's.

One had to know that Qin Yuan had opened the valve to the maximum. The power of the water dragon on his side was simply several times that of the other directions.

“Kid, why are you here...”

Seeing that Li Erniu had run over to their side, He Chenguang was helpless.

After all, they were facing Qin Yuan, not the other squad leaders.

“I was just running around blindly... Was this how soldiers were trained? My father didn't say that. This water hurts me to death when it hits me!”

Li Erniu had no idea that coming over to their side was akin to running straight into the line of fire!

Chapter 124: The Training Is So Ruthless Now?

Just as Li Erniu was still talking to the two of them, a ray of light flew over rapidly under the sunlight.

“Er Niu, quickly dodge!”

He Chenguang shouted at Li Erniu, but the speed of the water dragon was too fast. Li Erniu was hit in the stomach before he could react. He was sent flying few meters away and fell to the ground in an instant. He vomited what he had eaten this morning.

“My biological father! Aren't you lying to your child? Training troops is not like what you said ! ”

“The training is too ruthless now...”

Li Erniu didn't even realize what was going on. He laid on the ground, clutching his stomach and complaining.

Qin Yuan looked at the iron triangle and was instantly amused. They were really brothers! They even knew how to share happiness and hardship together! One by one, they came to him.

Seeing that most of the recruits on the field had been knocked down, Qin YLIE directly gave the order to stop.

After the recruits heard Qin Yuan's order to stop attacking them, they heaved a sigh of relief. At a glance, they were beaten red and purple by the high-pressure water guns. They had never heard of soldiers being trained like this.

“Gather!”

Following Qin Yuan's order, the soldiers of the recruit company endured the pain and quickly lined up.

Just as everyone thought that they were ready to rest, Qin Yuan's devilish voice reached the recruits' ears again.

"Now that all of you have cooled down, let's start training. We can't always be lazy, right?"

"The others are still training in sweat while we can enjoy the sun and sunbath here, so we have to work hard to train, right?"

After hearing Qin Yuan's words, everyone in the recruit company was speechless.

Sunbathing? Enjoying? Whoever loves it, let them come! It's really unfortunate for them to end up in Qin Yuan's hands as part of this new recruit platoon. The soldiers in the platoon have begun to realize what kind of person their commander, Qin Yuan, is.

Seeing the two straight faces in the team, the squad leader laughed in his heart. These two people were He Chenguang and Wang Yanbing. Running straight into Qin Yuan's line of fire, they were bound to receive some "souvenirs" on their bodies. Now they finally understand what Qin Yuan is capable of! Moreover, this is just the tip of the iceberg when it comes to Qin Yuan's training methods. They still have a lot to endure in the future!

"Now, everyone listen up. Our dinner time is six o'clock!"

"There are only 50 minutes left until dinner time. Everyone, run to the top of the opposite mountain with 10 kilograms of weight and come back. The whole journey is 10 kilometers. If you don't come back before 6 o'clock, then you don't have to eat tonight!" Qin Yuan calmly gave the training order.

"What? Running 10 kilometers with a weight of 10 kilograms? How is it possible to rush back before six o'clock?"

"That's right! Company commander! We are new recruits!"

"That's right! Company Commander..."

After hearing Qin Yuan's order, the group of people was stunned. They had just attacked them with a high-pressure water gun, and now they were being asked to carry weights on their backs to run. Now, their physical strength was almost exhausted, so how could they still have the strength to run for 10 kilometers? Moreover, they still had to carry 10 kilograms of weight.

This was simply an impossible task for them. All of them stood there shaking their heads.

"Looks like you haven't seen me when I'm angry! Squad Leader, get me a gun!"

"Yes, sir!"

Looking at the unwilling looks of the soldiers, Qin Yuan could not be bothered to talk nonsense with them and directly asked the squad leader to bring the gun over.

“Company Commander Qin, the gun is here.” As he spoke, the squad leader handed the gun to Qin Yuan.

Da da da da da...

Gunshots rang out, and the bullets that carried heat waves directly hit the soldiers’ feet. Immediately, the soldiers felt the sand and stone fragments that were stirred up by their feet.

The sudden gunshot shocked all the recruits. Only He Chenguang and Wang Yanbing looked at Qin Yuan in horror.

“This...”

“It’s live ammunition!”

The two of them were stunned as they spoke...

As a child from the quad, He Chenguang knew very well that the bullets Qin Yuan had fired at them were live bullets. He could still distinguish between blank bullets and live bullets.

Wang Yanbing also liked to play shooting games. In addition, he often liked to understand weapons and equipment. The two of them were very certain that Qin Yuan had fired real bullets.

“How dare he shoot at us with live ammunition!”

Wang Yanbing was so shocked that he didn’t know how to express his shock.

“That’s right! If he accidentally killed someone, he would have to go to the military court!” He Chenguang knew very well what would happen if anything happened. He could not believe that Qin Yuan would shoot at them with live ammunition.

“Sir! ”

“Speak!”

Seeing He Chenguang shout, Qin Yuan knew what He Chenguang wanted to say next.

“Reporting, Company Commander! How could you shoot at us with live ammunition during training? If you accidentally hit us, you will be sent to the military court!”

After listening to He Chenguang, the other soldiers of the recruit company finally reacted. The bullets that had just hit their feet were actually live ammunition. For a moment, everyone felt a chill down their backs...

If it had hit them just now, wouldn’t he be finished? Was the military training so harsh these days?

“Look at how you want to escape training. Even if you’re killed, you’ll still be considered deserters. Don’t think that I’m joking with you now.”

“So what if I sit on the chair of the military court? There are no soldiers in my hands who dare to avoid training!”

“I’ll only give you five minutes to load. If anyone dares to slack off or play tricks, you’ll immediately see how bullets pass through your bodies!”

‘ Five minutes start!’

As Qin Yuan finished speaking, the recruits of the recruit company immediately picked up their backpacks and began to load their weights. None of them dared to say anything. Now, they had deeply witnessed Qin Yuan’s ruthlessness. Just now, Qin Yuan actually dared to shoot at them with live ammunition. Then, there was nothing that he could not do!

Facing Qin Yuan’s words, He Chenguang found it hard to imagine why Qin Yuan was so sure that he would not miss. Was Qin Yuan not afraid at all?

“Chenguang! Don’t think about it, hurry up and load the weights! This company commander is a ghost-faced Saburo. He will have a different face in a while. I have seen it today. If he gets angry again later, we’ll be in trouble.” Seeing that He Chenguang was still thinking about something, Li Erniu reminded him.

“This company commander...What kind of person is he! How could he be so ruthless....”

Chapter 125: This Is The Company Commander Qin We Know!

A few minutes later, the people of the recruit company had loaded their weights. They stood in rows and did not dare to complain at all, afraid that Qin Yuan’s gun would shoot at them again in the next second.

“Everyone, come back here before 6 O’clock. If one person is missing, no one can think about eating tonight!”

“Yes, sir!”

“Yes, sir!”

The soldiers now had a new understanding of their new recruit company commander. The scene just now still lingered in their minds, and their voices were much louder than before.

“Let’s go!”

Following Qin Yuan’s order, the recruits immediately ran towards the mountain Qin Yuan had designated. For a moment, the once benevolent and loving recruit company commander Qin Yuan disappeared in the hearts of the soldiers.

“This group of brats finally recognized Company Commander Qin!”

Seeing the new recruits scrambling to the top of the mountain, the squad leader smiled and said to Gong Jian beside him.

When he first heard the recruits’ evaluation of Qin Yuan, the squad leader was amused. Now that he saw that they were all afraid of Qin Yuan, the squad leader found it funny.

“This is the Company Commander Qin we know. He’s ruthless when he trains his troops!”

Gong Jian was used to Qin Yuan shooting at the soldiers with live ammunition.

Anyway, Qin Yuan had always been training like this. Gong Jian knew Qin Yuan’s gun control and shooting ability. In the entire Iron Fist Regiment, only Qin Yuan dared to train like this.

“To be honest, I’m still curious if the commander will be afraid when he shoots at the soldiers! Anyway, I wouldn’t dare to do that!”

He felt that Qin Yuan’s training method was very effective, but not many people dared to train like him. The main reason was that his strength and mental endurance were not something that ordinary people could withstand.

“You can ask him if you have the chance, but I feel that there’s nothing that Qin Yuan is afraid of, and I haven’t seen him show any fear! It was as if everything was under his control!”

He had been with Qin Yuan for more than two months, but Gong Jian had never seen Qin Yuan feel any fear. In any case, everything seemed to be under his control.

The squad leader looked in the direction of the recruits who were leaving and could only smile bitterly. Qin Yuan was really like what Gong Jian had said. He had never seen Qin Yuan show any fear.

“That’s right! Company Commander Qin was always unpredictable, but this year’s recruits were a little miserable!”

Gong Jian nodded in agreement after listening to the squad leader. When they first joined the army, they didn’t meet such a company commander.

On the other side, Qin Yuan held his gun and followed closely behind the recruits. If he slowed down a little, what awaited them was a series of gunshots and a barrage of bullets hitting their heels.

The recruits felt helpless and depressed. They did not expect to meet a perverted company commander like Qin Yuan when they joined the army!

“Run with all your might. If you run slower, I can’t guarantee that these bullets won’t hit you!”

After hearing Qin Yuan’s words, the recruits could only endure their fatigue and pain and run forward.

“I didn’t expect our company commander to be so ruthless!”

Wang Yanbing followed closely behind He Chenguang and voiced out her evaluation of Qin Yuan.

“This is the first time I’ve seen a training officer who dares to shoot at soldiers with live ammunition. I’ve never heard of anyone in the army who dares to do this before! With our company commander’s personality...”

“Sigh. Don’t say anymore. Just do what the commander wants us to do!”

He Chenguang also reacted. He was getting more and more confused about Qin Yuan, the company commander. His personality was sometimes good and sometimes bad, so he did not know what Qin Yuan was up to. He could not see through him at all.

“That’s right! This company commander was too ruthless! When I first joined the army, my father told me that being a soldier isn’t tiring, but now I feel that my father was lying to me!”

Li Erniu was panting behind the two of them. This training made him unable to breathe for a moment. His entire body seemed to have collapsed. He kept complaining that his father had asked him to join the army.

Seeing this, He Chenguang and Wang Yanbing also ran forward while holding Li Erniu’s arms.

Da da da da da...

A barrage of bullets hit the back of the three men’s feet. The bullets hit the ground, causing soil and stone fragments to fly everywhere.

The sudden gunshot made the three of them tremble. After the three of them stopped, Wang Yanbing felt a sharp pain in his foot. He looked down and saw that his pants had been cut by stone fragments. Blood was seeping out of his calf.

“Who asked you to help him! Li Erniu, if you think you’re still a man, run by yourself. Don’t harm your comrades because of yourself!”

A furious voice came from behind the three of them! The three of them turned their heads and saw Qin Yuan glaring at them. Facing Qin Yuan’s angry rebuke, Li Erniu felt quite awkward.

“Chenguang, Yanbing, you don’t have to worry about me, I can run by myself! Hurry up and run!”

“He Chenguang, Wang Yanbing! You two think you’re very capable, don’t you?

Each of you, add on another five kilograms of weight!”

Seeing that Wang Yanbing was still a little unconvinced, Qin Yuan directly increased their burden. Now, he had to speed up the process of letting these recruits adapt to life in the army. If they wanted to show off in front of him, Qin Yuan would let them show off!

“Yes, sir!”

“Yes, sir!”

The two of them walked to the roadside helplessly. After squatting down, they added about five kilograms of weight into their backpacks.

“Let me tell you, you have to train hard to become a soldier. No matter how hard the training is now, the chances of you surviving on the battlefield in the future will be great. If you can’t even endure this little training, then all of you can get

lost and go home. This is not a place where you should stay! If you want to quit, you can tell me at any time!"

After hearing Qin Yuan's words, He Chenguang and Wang Yanbing rushed forward. Since they were here, they had no intention of quitting. If they wanted to do something, they had to do their best. This was their own dignity.

Li Erniu also followed closely behind the two of them, not daring to stay any longer. Although he grew up in the countryside, he had never experienced such high-intensity training. The most important thing was that they had only been here for a few days and had not adapted to it.

Soon, He Chenguang and Wang Yanbing ran to the front of the team. The soldiers of the recruit company followed closely behind the two of them. Soon, everyone ran to the designated end and began to run back.

Chapter 126: All Stubborn Donkeys!

Just like that, the soldiers were "woken up" by Qin Yuan again after sleeping for a few hours!

At midnight, it was raining heavily in the entire camp. Qin Yuan did not even consider whether it was raining or not. In his eyes, there was only training.

After the system scanned every recruit and saw that the soldiers were fine, he directly asked the squad leader to bring the team to the training ground to stand in the military posture.

The rain tonight was especially heavy. The heavy rain mercilessly slapped the recruits' faces, and they were all shivering from the cold. Many of them could not hold on and fainted on the ground. However, Qin Yuan still had no intention of dismissing them. He ordered the squad leader to carry them out of the training ground.

"Do you feel tired?"

In the heavy rain, Qin Yuan was standing in front of the recruits in a raincoat and asking loudly.

"I'm not tired!"

"I'm not tired!"

For a moment, the people who were still persevering on the field also answered Qin Yuan's question with a sonorous and powerful voice.

At this moment, Qin Yuan walked to Wang Yanbing's side. Looking at his pale face, he said again, "Do you still think that you are capable?"

"I can persist!"

Faced with Qin Yuan's question, Wang Yanbing still replied loudly with an unconvinced look. Although the stone fragments shattered by the bullet during the afternoon training had cut his calf, and now the wound had gradually become inflamed, causing his face to turn pale, he still felt unconvinced.

Qin Yuan and Wang Yanbing stared at each other's eyes, their cheeks almost touching.

“Good! Very good! I also want to know how long you can last!”

“Squad Leader, let them persevere until they fall. I want to see how capable they are!”

Qin Yuan turned around and said to the squad leader behind him.

“Yes, sir!”

After saying that, Qin Yuan walked straight back to the camp dormitory.

The heavy rain continued, and it was getting heavier and heavier. The heavens did not pity these recruits at all.

On the training ground, the new recruits fell one after another in the heavy rain. However, no one had any complaints. To them, the purpose of joining the army was to be a qualified soldier and a strong person. It was impossible for them to admit defeat.

Qin Yuan stood in the corner and looked at the soldiers in the rain. He was a little shocked. This year's soldiers were really not bad. They were even more stubborn than some of the veterans from before. It seemed that the temperament of this year's recruits was quite stubborn as a whole!

Although stubborn soldiers were not easy to lead, it was undeniable that these people would be very strong after conquering them. Geng Hu was such a soldier.

Two hours later, Wang Yanbing felt his vision go black and he fell into the rain. He Chenguang and Li Erniu could not hold on anymore. There were only seven or eight recruits left on the field from 120.

After a while, Qin Yuan walked back to the training ground and stood next to the squad leader. “Lao Hei, dismiss them!”

“Yes, sir!”

“Dismissed!”

The squad leader saw that the remaining seven or eight people on the field could not hold on any longer. After receiving Qin Yuan's order, he immediately gave the order to disperse.

These soldiers had been standing in the rain for almost four hours. The others had all fallen. The reason why they could persist until now was because they did not want to admit defeat in front of Qin Yuan.

After receiving the order to disband, everyone collapsed on the training ground in a flash. To be honest, their legs were already numb. It was all because of their willpower that they were able to hold on until now. More importantly, it was their stubborn temper that supported them.

“The soldiers this year are all stubborn donkeys! ”

After seeing that all the people on the field had fallen, the squad leader stood beside Qin Yuan and said in a deep voice.

“These soldiers are too arrogant. In their eyes, they are all arrogant. We have to polish them well during this period of time. I have to say that they are all very good seedlings!”

Qin Yuan also knew that the temperament of the soldiers this year was like this. No wonder the skill rewards given by the system were higher than before.

It turned out that these brats were all stubborn.

“That’s right! Although many of them were new recruits, their arrogance was something that even veterans couldn’t compare to!”

As the leader of the new recruits, he had experienced the pride of these soldiers.

“It’s good to be arrogant, but that’s all built on absolute strength. It’s not just relying on arrogance. Otherwise, it’s very easy to suffer losses on the battlefield in the future!”

Qin Yuan knew that these new recruits were talented, but he couldn’t help but notice their excessive arrogance. From now on, Qin Yuan’s task was to ensure that the arrogance of these recruits was tempered and polished.

“Exactly! Such temperament can easily lead to underestimating the enemy, which can be a deadly weakness on the battlefield.”

For the squad leader, who had experienced a real battlefield, he understood what Qin Yuan was talking about.

“Yes! We have to push these youngsters to their limits. As long as they have the strength, we can’t let them slack off!”

“Company Commander Qin! That is true, but would their bodies be able to take

Although Qin Yuan was right, they were all recruits after all. Qin Yuan’s current training method was indeed very cruel to the recruits. The squad leader was also afraid that these recruits would not be able to withstand it.

“Don’t worry! Lao Hei! This group of brats is really more capable than you think. This little bit of training is really not a problem for them.”

Qin Yuan found out from the information of this year’s recruits that most of the recruits in the Iron Fist Regiment were recruited from the sports school. Their physiques were not to be underestimated.

“That’s true. They’re not weak in terms of military fitness, but they’re all too arrogant!”

After hearing Qin Yuan’s words, the squad leader did not say anything else. He did not know when he had started to believe Qin Yuan’s words. This had almost become his instinct.

“Right! After you guys carry them back, go to the infirmary and give Wang Yanbing some anti-inflammatory medicine. This kid cut his calf when he went down to train and it’s a little inflamed.” Then, Qin Yuan thought about how he had discovered that Wang Yanbing was injured in the afternoon.

“Yes, sir! I know!”

After saying that, the squad leader called the other squad leaders over and carried the few people who were still lying on the training ground back to the dormitory. Then, he ordered the other squad leaders to cook a pot of ginger soup for these kids.

After returning to the dormitory, Qin Yuan looked at the string of rewards in the system and was overjoyed. He was also very satisfied when he saw that the recruits ‘physique information had all broken through one by one.

Next, Qin Yuan would train this bunch of brats in just over two months. According to the current progress, in three months, the strength of these recruits and brats might be able to catch up to the fourth company..

Chapter 127: Da Biao! You’d better be kind!

Before dawn the next day, the recruits were woken up from their sleep. Then, they received Qin Yuan’s cruel training.

Day after day, the training became more brutal. Soon, a month had passed.

Yuan’s training method. Although it was very tiring, the recruits were still relatively satisfied with their strength.

Although Qin Yuan, the company commander, was very ruthless and ruthless in training, the rewards of such training were still very good.

“Today, I will give you a chance to challenge me. Seeing that you are usually not convinced, I will fulfill your wish today!”

On the training ground, everyone in the recruit company had arranged their ranks and were waiting for Qin Yuan’s next training order.

Hearing Qin Yuan’s sudden words, everyone looked at each other, not knowing what Qin Yuan was up to.

“Company commander! What are you planning to do to us!”

“That’s right! Company commander, we have been training very seriously. We have no complaints about you!”

For a moment, some people in the recruit company’s team also asked in confusion. He Chenguang stood there and looked at Qin Yuan’s smile. He knew that something bad would happen next. He had seen Qin Yuan’s expression many times this month.

As long as Qin Yuan said that, they, the recruits, would have to face inhumane training. In any case, nothing good would come out of it!

“Wang Yanbing! Aren’t you usually the most jubilant? Why aren’t you talking today?”

Facing the recruits’ doubts, Qin Yuan also looked at Wang Yanbing!

“Company commander! Don’t always target me. I haven’t had a complete piece of skin on my body this month.”

“Didn’t you beat me up badly that time? I haven’t recovered from yesterday’s injury yet! ”

As Wang Yanbing looked at Qin Yuan’s mischievous smile, he couldn’t help but feel a sense of unease. This month, he had already challenged their platoon leader more than once, and each time he was easily defeated by Qin Yuan’s few moves, ending up flat on the ground. Now Qin Yuan wanted him to be the scapegoat again. Unless he was stupid, he wouldn’t willingly seek out such torment.

Qin Yuan scanned the members of the new recruits with a single glance, and none of them dared to meet his gaze directly, afraid that they would be called out and beaten by Qin Yuan in the next moment.

“Today is different. I’ll give you all a chance. Your task for today is to defeat me!”

Seeing that the recruits had lost their arrogance, Qin Yuan smiled helplessly. Qin Yuan had not shown them any mercy for the past month.

After the training, everyone was beaten up by him. Although he said that it was combat training, this was not combat training. It was simply bullying them!

After a month, none of them could last five moves against Qin Yuan. Even He Chenguang, who had the strongest fighting ability, could not last five moves before he was knocked out by Qin Yuan.

“Company commander? Do you mean that you want us to beat you up?”

After hearing Qin Yuan’s words, Li Erniu asked curiously.

“Beat him up? Erniu, what are you thinking?”

Hearing Li Erniu’s words, Wang Yanbing also looked at Li Erniu helplessly. Perhaps only he and He Chenguang knew Qin Yuan’s strength. When fighting with Qin Yuan, Qin Yuan used different strengths to deal with everyone.

With his current strength, he could easily deal with three or four people in the recruit company except for He Chenguang. However, he and He Chenguang could not last more than five moves against Qin Yuan. Moreover, he felt that Qin Yuan did not even use half of his strength.

When he first came to the army, he did not dare to imagine that there would be such a terrifying person in the army. Now, let alone fighting Qin Yuan, even if they all attacked together, so what? This was simply sending food to the enemy!

‘Yes! All of you from the recruit company will fight me alone. As long as you

can uereat me, you can rest couay:

Hearing Qin Yuan's words, the other members of the recruit company instantly became excited. They had been here for a month, and every day was cruel training. There was no time for them to rest.

Now that Qin Yuan had given them this opportunity, of course they were happy. Qin Yuan was only one person, and their recruit company had 120 people! Even if he used a wheel battle to fight Qin Yuan, he would still be exhausted to death!

Besides, everyone had gone through months of training, and their strength had also increased greatly. This made them instantly reignite their hope. Each of them was so excited that it was as if they were on chicken blood. Only He Chenguang and Wang Yanbing stood in the team and smiled helplessly.

The squad leader stood at the side and started to feel sorry for them again. In this month, he had seen the recruits every time they were not full of confidence. In the end, they all ended up with bruises on their faces.

“Company commander! You said it yourself! You can't go back on your word!

“That's right! Company commander, don't try to weasel out of it!”

After receiving Qin Yuan's affirmative reply, the recruits were very excited, as if they were sure to win. They were afraid that Qin Yuan would go back on his word in the next second.

“A gentleman keeps his word! The most important thing for a soldier is a promise! As long as you can defeat me today, I'll give you three days off! “Qin Yuan looked at the confident recruits and the corners of his mouth curled up slightly.

“Good!”

“Good!”

“Brother Bing! Brother Guang! Later, we'll charge at the company commander together. I don't believe that the company commander can grow three heads and six arms. We have so many people, we can kill him!”

Beside Wang Yanbing, a huge recruit said to Wang Yanbing and He Chenguang. It should be known that other than Wang Yanbing and He Chenguang, his combat ability was stronger than the others.

As long as he could cooperate well with Wang Yanbing, He Chenguang, and the others in a while, coupled with the fact that they had so many brothers, he was still very confident in defeating Qin Yuan.

“Da Biao! I advise you to be kind...”

He Chenguang also grinned. One had to know that he was very clear about Qin Yuan's strength. Although he did not fully understand it, with the group of people from the recruit company, they were simply no match for Qin Yuan. “That's right! Da Biao, we should be kind!”

Others might not know Qin Yuan's strength, but it was impossible for Wang Yanbing not to know. In the past month, he had thought that even if he could not defeat Qin Yuan, he would at least tear off a piece of Qin Yuan's flesh. However, he had been beaten up like a pig by Qin Yuan previously.

Qin Yuan was like a bottomless pit. No matter how strong you were, he could swallow you up. There was no chance for you to resist..

Chapter 128: Beat Up the Company Commander? I've Wanted to Beat Him Up for a Long Time!

"Kind? Bro, you're telling me to be kind?"

"Don't you know how we've been through this month? Now that there's such a good opportunity for us to take revenge, how can we not cherish it!"

Facing He Chenguang and Wang Yanbing's persuasion, Da Biao did not understand at all. He had long wanted to beat Qin Yuan up, but he could not beat him, so he could only bury this matter in the depths of his heart.

Now, Qin Yuan actually said that the entire recruit company could attack together, how could he not be happy! This was a once-in-a-lifetime opportunity for him. How could he miss it!

"Brother Bing! Brother Guang! I'll go first, then you guys follow me and cooperate with me. Company Commander, I'm going to beat you up today!"

Looking at Da Biao's excited face, He Chenguang and Wang Yanbing could only smile bitterly, but they couldn't say it out loud. Otherwise, the brothers of the recruit company would think that they were cowards.

The two of them knew very well that they might not be able to defeat their company commander even if they had twice the number of recruits, let alone the entire company.

Seeing that He Chenguang and Wang Yanbing didn't speak, Da Biao thought that they had tacitly agreed to his idea. The excitement on his face was also revealed.

Qin Yuan stood not far away. All the contents of their conversation had long been scanned by Qin Yuan's early warning radar. The conversation between the three of them was heard by Qin Yuan.

"This kid! Beat me? It seemed that he still had to be ruthless later! It had been a month, and they still hadn't beaten them into submission!"

Looking at Da Biao's smug smile, Qin Yuan was also happy in his heart. The biggest reason why he asked the recruits to carry out combat training with him was that these recruits had been beaten by him for a month, but he still had not beaten them into submission!

The mission rewarded by the system had not been completed for a long time. It was impossible for him to drag it out like this. Today, he wanted to defeat them in one go.

"Sigh! I'll have to work hard again!"

Looking at the recruits in front of him, Qin Yuan was also very helpless. This group of people was not just stubborn. He did not want to carry out such large-scale combat training, but it had been a month and this group of brats was still unconvinced.

“Company commander! Since you said so, then we brothers won’t be polite!”

Da Biao said proudly.

“Come on! Don’t worry, show me all your abilities!”

“Let’s begin!”

As soon as Qin Yuan finished speaking, a huge black shadow clenched its fists and attacked him.

Qin Yuan was already prepared. He turned his body and dodged Big Biao’s attack. Seeing that his full-powered punch was easily dodged by Qin Yuan, Da Biao shouted at the people behind him.

“Brothers! Attack together! Revenge!”

The people in the recruit company were also awakened by Da Biao’s actions. They reacted for a moment and a group of people directly surged towards Qin

Yuan.

“Brothers! Today, he would take revenge! Kill this demon company commander!”

“That’s right! Every time, we’re beaten black and blue. The tables have turned.

Today, we’ll kill him together!”

“Attack together, attack together! If you win, I’ll introduce my sister to you!”

“Yes, I am! I still have an aunt who hasn’t married yet. I’ll introduce her to you when the time comes!”

“Company commander! I’ve wanted to beat him up for a long time!”

For a moment, all the recruits rushed towards Qin Yuan. They had accumulated a lot of resentment over the past month. Now that they had such an opportunity, how could they let it go! One by one, they rushed forward. “Damn it! How much resentment these recruits had towards Company

Commander Qin!”

When the squad leader saw the scene in front of him, he was also a little

scared. Fortunately, he did not pretend to be like Qin Yuan. Otherwise, he would really have been beaten up by the recruits today.

Seeing a group of people charging at Qin Yuan, the scene immediately became chaotic. The recruits flew out one after another and fell to the ground, wailing in pain.

“Company Commander Qin... He’s really a pervert!”

Facing the group of people, Qin Yuan directly kicked a path open. Only then did the squad leader see Qin Yuan’s series of fighting movements. Qin Yuan’s fighting techniques were simply inhuman. His speed and reaction speed were too fast.

For a moment, the squad leader was stunned. Although he knew that Qin Yuan was very strong, he rarely saw Qin Yuan fight. He did not expect Qin Yuan to be so powerful! He had been a soldier for so many years, but he had never seen anyone whose fighting ability could compare to Qin Yuan's. He Chenguang and Wang Yanbing stood there dumbfounded.

"Oh my god? Is he still human?"

Wang Yanbing's mouth was wide open as she looked at everything in disbelief.

"We still underestimated the captain. This... Or a human? This fighting technique was too perfect."

Looking at the battle that was taking place on the field, more than half of the recruits in the recruit company had been killed. Looking at his comrades who were sent flying by Qin Yuan one by one, He Chenguang's eyes were only attracted by Qin Yuan's fighting skills, and he had completely forgotten what Da Biao had said just now.

"Morning Light! Beautiful soldiers! Da Biao and the others can't hold on any longer. Why are the two of you still in a daze here!"

"I'll go over and help first. Don't be in a daze and hurry up!"

Li Erniu saw that Da Biao was being beaten up by Qin Yuan, and He Chenguang and Wang Yanbing were still standing there in a daze. He became anxious and immediately rushed toward the crowd.

"Brother Niu!"

Wang Yanbing wanted to stop Li Erniu, but Li Erniu rushed far away. Looking at Li Erniu in a daze, Wang Yanbing and He Chenguang looked at each other and smiled.

"Brother Niu's brain...What was he thinking! Could it be that he still didn't know that the company commander was messing with them?" He Chenguang said helplessly as he saw Li Er rush up to him.

"Ah! We're brothers, after all! Let's go too!"

Wang Yanbing's face turned green. It was heartbreaking to have such a brother.

"Your injuries? Is it alright?"

Seeing Wang Yanbing's swollen face, He Chenguang also asked.

"I'm fine! This injury is nothing to me! It won't be a problem for me to hold on for a few more moves!"

"Are you sure? Then let's do it. You take the left and I'll take the right!"

Looking at Wang Yanbing's confident face, he didn't say anything. After saying that, He Chenguang also rushed forward, and Wang Yanbing followed closely behind. Although the two of them knew that they could not defeat Qin Yuan at all, they could not stand by and watch their brothers attack.

He Chenguang and Wang Yanbing also joined the battle, but the outcome was obvious. Half an hour later, there were many dogs lying on the ground, wailing like dead dogs.

“F * ck! Who said that we can go against him...” “That’s right! The company commander is a pervert!”

“Oh my god, it hurts so much...”

This time...The people of the recruit company once again deeply witnessed Qin Yuan’s abnormal strength..

Chapter 129: This Is Your Choice!

“How is it? Are you still coming?”

Looking at the recruits lying on the ground, Qin Yuan grinned and asked. It had been a long time since he had such intense activities, and Qin Yuan quite liked this feeling.

“I’m not coming...I’m not coming! Commander, you are a pervert!”

Seeing Qin Yuan staring straight at him, Da Biao hurriedly replied in a panic.

When he thought about how he had been beaten up by Qin Yuan just now, he was terrified.

He did not dare to imagine how there could be such a perverted person. How could Qin Yuan be so strong! There were more than 100 recruits in their company, but in just half an hour, they had all been wiped out by Qin Yuan.

Seeing Da Biao’s terrified expression, Qin Yuan did not continue to stare at him. His gaze swept across the recruits.

“Commander, don’t look at me. I don’t have any intention of beating you up!”

Seeing Qin Yuan staring at her, Wang Yanbing hurriedly explained. He was deeply afraid that Qin Yuan would attack him again. During this period of time, he had been afraid of Qin Yuan. Coupled with this time, he once again recognized Qin Yuan’s strength.

“Company Commander, your fighting techniques were too perfect! Can you teach us this fighting technique...”

For He Chenguang, this was the first time he had seen someone use fighting techniques to such an extent. For a moment, his eyes were filled with a desire for fighting techniques, hoping to learn these fighting techniques from Qin

Yuan.

“That’s right! Commander, we want to learn too!”

“We also want to...”

For a moment, the recruits were filled with a desire for Qin Yuan’s fighting techniques.

“With your current physique, you don’t have the ability to achieve such explosive power and reaction speed!”

“If you want to learn, then improve your physical strength! As long as you can meet my requirements, these fighting techniques will naturally be taught to you!”

Qin Yuan also told the recruits his requirements. Although Qin Yuan's fighting techniques were similar to those of ordinary people, it was impossible for the recruits to do what he did with their current physical strength and reaction speed.

"Yes, sir! We will definitely train according to your requirements!"

"Company commander, just tell us how to train in the future. We will definitely listen to you!"

This was the first time the recruits had seen someone as strong as Qin Yuan. They were not bad physically. Each member of their recruit company could not deal with ten people but dealing with two or three ordinary people was still doable.

Seeing Qin Yuan's strength, it also refreshed their understanding of the strong.

They thought that it was already very strong to fight ten people alone, but Qin Yuan was too abnormal. There were more than a hundred people in their recruit company!

Facing Qin Yuan and the others, the entire recruit company only lasted for half an hour before they were all crippled. Looking at Qin Yuan's current appearance, other than his clothes being drenched in sweat, he was completely fine.

It was impossible to say that they did not envy and yearn for such an expert with such strength.

"Lao Hei!"

"Yes!"

"Train them according to the method we used to train the 4th Company!"

"Now?"

Facing Qin Yuan's order, the squad leader was stunned.

"Company Commander Qin! Isn't it too early to train them like this?"

The squad leader was a little worried. After all, how long had the recruits been here? He was afraid that the recruits would not be able to withstand such cruel training.

"Are you afraid? The next training will be very cruel, and your lives may be in danger!"

Faced with the squad leader's worry, Qin Yuan turned around and said to the recruits.

"I'm not afraid!"

"I'm not afraid!"

For a moment, a deafening voice represented the answer to the soldiers' wishes. The squad leader stood at the side and looked helplessly at the recruits. Their faces were filled with excitement.

This group of brats had no idea what they were going to face next. If they could still laugh after a while, they would be considered amazing.

“How about that? Lao Hei! Go ahead!”

Qin Yuan turned around and smiled at the squad leader.

“Then... Just go ahead with the training! Since they were in such high spirits, he couldn't let them down!”

The squad leader also smiled. Since Qin Yuan said to train, he could only carry out the order. Moreover, it was the request of these recruits, so don't blame him!

“Good! Then I'll leave it to you. I'll go back to the office first!”

“Alright! Company Commander Qin!”

After saying that, Qin Yuan turned around and walked towards the office.

“Attention!”

“At ease!”

“Since you're so excited, I hope you won't cry or give up! If you have any other considerations, you can come forward now!”

“Let me tell you, the following training will not be so simple. If anyone wants to give up, you can stand up now!”

After the squad leader had organized the team, he asked again.

“Squad leader! You can train us without worry! There's nothing we can't handle. Besides, how can training kill us?”

“That's right! Squad leader! We are not afraid. We have to meet the commander's requirements as soon as possible. Only then can we learn his fighting techniques!”

“Yes, I am! Squad leader, we are not afraid!”

“We are not afraid!”

For a moment, the soldiers in the team responded enthusiastically. If they wanted to be as strong as Qin Yuan, they could only train with all their might. However, the training they thought was not what they had imagined.

“Alright then! Now, everyone listen carefully!”

“The target is to carry 20 kilograms of weights each and train 20 kilometers of cross-country! Start now!”

As soon as the squad leader finished speaking, the recruits in the team were stunned...

“Squad leader! What did you just say? 20 kilograms of weight?”

“That's right! Squad leader! 20 kilometers of cross-country training...”

For a moment, they couldn't believe what the squad leader had said. Why did he have to run 20 kilometers with a 20 kg weight? Wasn't he going to cripple them in an instant?

They thought back to when they first arrived, and how much easier it was back then. Now the difficulty has doubled.

"Do you think... reaching the level of Commander Qin's strength is that easy?"

"You have 5 minutes. Now! Immediately! Start moving!"

"If you can't finish within 3 hours, be prepared for even harsher punishment!"

The squad leader didn't say anything more. This was their own choice, so they had to bear the consequences themselves.

Now he only had one responsibility, and that was to train this group of recruits in the same way he had trained the 4th Company.

"Yes, sir!"

"Yes, sir!"

For a moment, the recruits could only helplessly bury their heads and carry the weight. This was their own choice. If they retreated now, they would not be qualified to join the army. After all, soldiers valued their promises the most..

Chapter 130: Battle Wolf Plan!

In the military office of the Southeast Military Region!

An old man was sitting at his desk, reading some documents.

At this moment, a female officer in her twenties with the rank of major was standing in front of the old man.

"Chief! Are you sure you want to let a kid who's still wet behind the ears proceed with this plan?"

Facing the old man's decision, the young woman could not understand at all. This plan was not something that ordinary people could complete.

Therefore, after receiving the old man's call, she rushed over.

"Little girl! Don't underestimate this kid. He's not as simple as you think!"

"Take a look at this information first!"

After saying that, the old man handed a document to the young woman. The young woman took the document and read it seriously.

[Qin Yuan: Graduated from the Southeast Army Military Academy]

[Blood type: O]

[Height: 190cm]

[Weight: 80kg]

[Family Members: Top Secret] [Home address: Top secret] [Position: Company Commander of the Logistics Company and Recruit

Company in the 801st Iron Fist Regiment, Southeast Military District!]

[Military Rank: Captain]

After graduating from the Officer Training School, Qin Yuan was assigned as the Company commander of the Logistics Company in the Iron Fist Regiment. Within three months, he elevated the overall strength of the logistics company to the top within the regiment. During a military exercise, he turned the tide of a failing situation by leading the logistics company and personally eliminated the highest-ranking commander of the opposing force. He also came close to annihilating the members of the Lone Wolf Assault Team, Group B.

Afterwards, he took temporary command of the Fourth Company in the Iron Fist Regiment for two months. By the end of his tenure, the overall capabilities of the Fourth Company were no less impressive than those of the soldiers in the logistics company during the initial military exercise.

Looking at this simple document, the young woman frowned.

“How is it? This kid’s strength is not inferior to yours, and his background is also very reliable. He’s Old Qin’s grandson!”

“Grandpa Qin’s grandson?”

Hearing the old man’s explanation, the woman looked at him in surprise. She knew Old Chief Qin. He was the god of war in the army with the title of “Tiger of the Southeast”.

With him around, even some foreign countries were still trembling in fear. Old Chief Qin could be said to be the stabilizing force of China.

“Yes, I am! I went to take a look at this kid. He’s very strong. Even now, I still can’t see through his strength!”

“But... Chief, even if he was Grandpa Qin’s grandson, he couldn’t just let him carry out this plan! He’s really too young!”

Although she knew that Qin Yuan was the grandson of the old chief, she still did not believe that Qin Yuan could do this job.

“Girl, you should know the strength of the Lone Wolf Commando Team. Your Uncle Fan has also fought with him before!”

“Chief, I know the strength of the Lone Wolf Commando Team very well. Although they are very strong compared to ordinary troops, they are still a little weak when facing some international special forces.”

Faced with the young woman’s words, Bureau Chief Gao Shiwei did not refute. After all, he was very clear about the strength of some international special forces. The strength of the Wolf Fang special forces was only at the average level.

“Chief! What did Uncle Fan say?”

“Your Uncle Fan? He only had one sentence to say. No one in the entire Wolf Fang Special Brigade is a match for Qin Yuan!” Gao Shiwei explained softly.

“Your Uncle Fan’s impression of Qin Yuan are the same as when he met you back then. It’s just that you chose to go abroad to enter the International Special Forces School in the end.”

After hearing Gao Shiwei’s words, the woman’s face flashed with shock. She knew that someone who could get such an evaluation from Fan Tianlei was an ordinary person.

However, she had seen the strong in the world, but she was still unwilling to let such a brat who was still wet behind his ears carry out this plan.

“Xiao Yun, we old fellows don’t have any opinions on this matter. If you don’t agree, you can go and see for yourself. See if this kid has the strength to execute this plan!”

Seeing that the woman still didn’t believe him, Bureau Chief Gao Shiwei wanted her to take a look for herself. There was nothing more convincing than witnessing it with her own eyes.

This young woman was the mastermind of this plan, Long Xiaoyun!

She was a woman with a high IQ and strength. She had been in the army for three years and went abroad for further studies a year ago. She had just graduated from the most famous special forces training school abroad and returned to China. A person who could come out of the most famous international special forces was not as simple as she looked.

“Okay! Chief! Although I don’t agree with your decision, I respect it. However...’

For a moment, Long Xiaoyun could not refute Gao Shiwei’s decision, so she wanted to see for herself what kind of strength Qin Yuan had.

“But what?”

Seeing that Long Xiaoyun wanted to say something but hesitated, Bureau Chief Gao Shiwei also asked.

“But can we talk about it after I return from the Iron Fist Regiment?”

Long Xiaoyun said it directly. She wanted to see for herself what kind of person could get such an evaluation from her Uncle Fan.

“Sure! You have my word!

“If you don’t agree even after you return, then we’ll do as you say. We old fellows won’t object to your opinion!”

When he heard that Long Xiaoyun wanted to verify Qin Yuan’s abilities, Gao Shiwei was also happy. With Qin Yuan’s ability, there was no problem at all.

After so many years, he had never misjudged anyone.

It was good to let Long Xiaoyun verify it herself. After all, they would have to work with each other to carry out this plan. Therefore, he would let them familiarize themselves with it first.

The old man wasn't worried that Long Xiaoyun would have to verify personally before deciding on it.

"Alright then! Chief! I'll go and see if this kid you guys are talking about is as strong as you say!"

"I hope he doesn't disappoint me! Or lose Grandpa Qin's legacy!"

Long Xiaoyun said confidently to Gao Shiwei. Her current strength was no longer the same as before.

Back then, 500 special forces soldiers from various countries had gone to the most famous special forces school in the world for training. In the end, only 50 of them had made it out...The others all died during training.

The terrifying elimination rate was enough to imagine the cruelty of the training. Therefore, those who could walk out of the school were all very strong.

Upon returning to the country, she was bestowed with the rank of Major and was entrusted with the task of developing the "Battle Wolf" plan. This plan aimed to create a specialized unit that simulated foreign special operations forces, with the purpose of honing the skills of the Chinese military.

Therefore, Long Xiaoyun was deeply committed to this plan. She wouldn't simply hand over such an important mission to a young recruit just because a few senior officers made a few remarks.

At this moment, on the Iron Fist Regiment's recruit training ground, Qin Yuan was drinking tea and paying attention to the recruits' physical conditions. After all, it was indeed a little too hasty to let the recruits train like the fourth company and the logistics company.

If it weren't for the fact that the physical fitness of this year's recruits was exceptional, Qin Yuan wouldn't have dared to train them so intensely.

"Ah... Seven..."

Qin Yuan sneezed and spat out a mouthful of tea.

"F * ck! Who's scolding me again?"

As he spoke, Qin Yuan turned on the early warning radar and walked in the direction of the recruits' training...
