

Special Troop 131

Chapter 131: Trouble in the Logistics Company!

The next morning, the squad leader had just returned from field training with the soldiers of the recruit company. Each of them was holding a 30-kilogram tire and doing a horse stance.

Since yesterday, their training had changed. The difficulty of the training was like hell. None of them dared to complain. This was the result of their choice and they could only silently endure it.

“Stand firm. If anyone puts it down, we’ll add another half an hour!”

Looking at the trembling legs of the new recruits in the Recruits Company, the Squad Leader found it amusing. These kids weren’t even planning to undergo such intense military training so soon, but one by one, they went off to make bets with Commander Qin. It was like they were willingly seeking torture.

“Are you tired?”

Seeing the recruits sweating profusely, the sweat had already soaked through their clothes and dripped down, the squad leader asked everyone.

“I’m not tired!”

“I’m not tired!”

The recruits on the training ground also answered the squad leader’s question loudly. How could they have the nerve to say that they were tired! It was their own choice. If they gave up now, they would be embarrassed to stay in the army.

However, such high-intensity training also made them unable to adapt in a short period of time. From yesterday until now, almost 50 people in their recruit company had already fainted.

However, the good thing was that none of them gave up easily. Even at the moment they fell, they still persevered.

“That’s good! Hold on for another half an hour!”

The squad leader was also very surprised by this group of recruits. He looked at each and every one of them holding on as they trained. This was the first time the squad leader had encountered such soldiers! This batch of soldiers could be said to have the strongest willpower he had ever seen in his more than 20 years of service.

“This group of brats, Company Commander Qin is right, they are really quite capable!”

The squad leader felt that Qin Yuan really knew the situation of the soldiers quite well. At first, he thought that the recruits had just arrived and could not withstand such high-intensity training.

However, since yesterday, although some soldiers had fainted, none of them had given up.

Time passed minute by minute, and the soldiers on the training ground gradually could not hold on any longer. Ever since they were ruthlessly “woken up” by Qin Yuan last night, they had been training until now. Facing Qin Yuan’s high-intensity training, it was already very good that 70 to 80 of them could last until now.

“Dismissed! You can go back and rest!” When the squad leader saw that the time was up, he immediately gave the order to disband.

Following the orders of the squad leader, the recruits seemed to have been reborn. They threw their tires onto the ground and fell to the ground, gasping for breath.

They had no more strength left. The only reason they could hold on until now was because of their willpower.

“Oh my god! This training is really annoying! I can’t take it anymore!”

“That’s right! I really didn’t expect it to be such high-intensity training. If I had known earlier, I wouldn’t have bragged! We’re in a dilemma now!”

“Brother Guang! Brother Bing! Do you think this is how the company commander and the others usually train?”

“How long do we have to train like this before we can be like the company commander?”

A soldier beside He Chenguang and Wang Yanbing also asked.

“Company commander? I think it’s definitely more than that...”

Facing the soldier’s question, He Chenguang felt that with Qin Yuan’s strength, if it was only at the level of training, it was impossible for him to be so terrifying.

“Yes, I am! We still have a long way to go before we can reach the level of the company commander!”

Wang Yanbing also understood that with their current training level, it was impossible for them to reach Qin Yuan’s abnormal strength. Although he did not know how Qin Yuan usually trained, he felt that the intensity of Qin Yuan’s usual training was beyond their imagination.

“I feel that my body is no longer mine!” Li Erniu fell asleep after he finished speaking.

“Train well! If we want to become stronger, this is the path we have to take. If we want to become stronger, there is no shortcut!”

After hearing He Chenguang’s words, the soldiers knew that if they wanted to become stronger, it was really as He Chenguang had said. They had no shortcuts. If they wanted to reach Qin Yuan’s strength, they could only continue training.

After lying down for about ten minutes, the recruits slowly stood up and supported each other as they walked towards the soldier's dormitory. "Company Commander Qin! The recruits have all gone back to rest!"

Not far away, Lao Hei walked to Qin Yuan's side and said softly.

"Yes! Alright! Then let's go to the instructor!"

Qin Yuan had been paying attention to the situation of the recruits. Seeing that nothing was wrong, Qin Yuan turned around and walked to the office with the squad leader.

"Company Commander Qin! Are you going back to the logistics company?" In the office, Gong Jian asked after hearing Qin Yuan's words.

"Yes, I am! I have something to do and need to go back. I'll leave this place to you and Lao Hei!"

This morning, he received a notification from the system that Liu Ye was injured. According to the system's feedback, Liu Ye was severely injured. Until now, he had not received any reports from the logistics company. Perhaps the people in the logistics company were afraid that he would be worried, so they did not tell him at all. Therefore, he had to go back and take a look today.

"Then how long will you be going back, Commander Qin?"

The squad leader stood behind him and asked hurriedly. If Qin Yuan left, the training of the recruits could only be left to him. If Qin Yuan left for too long, he would not know how to train these recruits.

One had to know that such abnormal training was often done by Qin Yuan himself. They did not dare to train like this at all.

"Two days! Maybe three days..."

"For the recruits, you just need to train them according to the physical training for the past two days. You just need to increase their training intensity every day!"

Qin Yuan also knew what the squad leader was worried about. After all, he was the one who was always paying attention to any unexpected situations. If he was not around, the squad leader would not dare to train his soldiers like this.

"Company Commander Qin, what happened? Why are you going back so suddenly?"

Gong Jian looked at Qin Yuan's deep expression and knew that something must have happened in the logistics company. Otherwise, Qin Yuan would not be in such a hurry to return.

"I received a call this morning. Something happened during their training. I have to go back and take a look!"

Faced with Gong Jian and the others' worries, Qin Yuan could only explain it this way. Liu Ye was injured, and the logistics company did not even report any news to him.. Liu Ye must have forced them not to tell Qin Yuan, afraid that Qin Yuan would be worried!

Chapter 132: Liu Ye Was Severely Injured!

“Alright then! Then Company Commander Qin, you can drive my car back!”

“The new recruits need a commanding officer here, so if you’re not here, I have to stay here and watch over the new recruits. I can’t go with you!”

Gong Jian knew that Qin Yuan should be very anxious too. Although he wanted to follow Qin Yuan to take a look, there had to be a chief officer in the new recruits.

“I’m fine! I’ll go there myself! I’ll leave the Recruit Company to you, thank you!”

“I’m fine! Company Commander Qin, leave it to me and the instructor! If you need anything, you can inform us immediately!”

“Alright!”

After Qin Yuan finished speaking, he walked out of the office, took the keys to Gong Jian’s car, and walked to the garage.

Looking at the system’s feedback, Liu Ye had multiple fractures, and a large number of organs in his body were damaged. Although it was not fatal, Qin Yuan was still very worried about such injuries.

Soon, Qin Yuan drove to the logistics company’s camp. At this moment, the logistics company’s camp was very deserted. Qin Yuan used the early warning radar to scan for a while and found a few soldiers from the logistics company in the camp. Zhou Qing, Geng Hu, and the others were not there.

After Qin Yuan stopped the car, he walked straight toward the soldiers of the logistics company.

“Co... Company commander... Why are you back?”

“Company commander...”

When the soldiers of the logistics company saw Qin Yuan appear, they were so shocked that they were speechless.

“Where are the deputy company commander and the others?”

Qin Yuan quickly asked.

Looking at the soldiers frowning and stammering, Qin Yuan also felt that something was wrong.

“Hurry up and tell me!”

For a moment, Qin Yuan’s tone became a little heavier.

“Co... Company commander! The deputy company commander and the instructor were both in the military hospital now!”

When a soldier saw that Qin Yuan had returned, he felt that it was impossible to hide it, so he said directly.

“Military hospital? Tell me what happened!”

After getting the soldiers’ answers, this also proved Qin Yuan’s guess.

“Last night, when we were training at night, the deputy company commander and the others encountered a wolf pack. The wolf pack forced them to a steep cliff. The deputy company commander accidentally fell off the cliff to save a comrade of the third platoon and was seriously injured.”

“They have already arrived at the military hospital. The instructor asked us to come back and guard the camp. The others went to the hospital!”

“Yes, sir! The deputy company commander didn’t allow us to tell you! So... So...”

As they spoke, the eyes of the soldiers turned red, and tears flowed down their After listening to the soldiers’ report, Qin Yuan’s expression darkened. He did not blame the soldiers for hiding it from him. Moreover, with Liu Ye’s personality, he did not want Qin Yuan to worry no matter how big the situation was.

“You guys stay in the camp first. I’ll go to the hospital first!”

“Yes, sir!”

“Yes, sir!”

After saying that, Qin Yuan immediately returned to the logistics garage, got into the car, and rushed to the military hospital.

In the military hospital, Geng Hu and the rest were quietly waiting outside the operating room. They had been here for a few hours.

Ka...

The door of the operating theater was gently opened. The chief surgeon took off his mask and walked out.

“Doctor! How’s our deputy company commander?” “That’s right! Doctor, how is our deputy company commander now?” “Doctor, is our deputy company commander alright?”

In an instant, the people from the logistics company surrounded the doctor and waited for his words worriedly.

“There are so many of you surrounding me. Who should I answer?” The chief surgeon looked at the crowd in front of him and said helplessly. “Geng Hu, you guys move away a little and let the doctor speak!” Zhou Qing was a little embarrassed. They had been worried for hours.

Hearing Zhou Qing’s words, everyone dispersed.

“The patient has multiple fractures in his body, and his internal bleeding is severe. Fortunately, you sent him here in time. Now that the patient’s life is no longer in danger, you don’t have to worry too much.” The chief surgeon quickly said to the crowd after they dispersed.

“Doctor, when will he wake up?” Zhou Qing asked.

“That depends on the patient’s condition. It usually takes about one or two days!”

“His condition is still stable, but it might take a long time for him to recover...” The chief surgeon sighed softly.

“Then will this affect his future training?”

Zhou Qing quickly asked. After all, what soldiers were most afraid of was not being able to continue being a soldier.

All of a sudden, everyone in the logistics department became nervous. They stared at the chief surgeon closely. This was also something they were worried about. If Liu Ye could not be a soldier because of this, it would be really difficult for them to accept it. They looked at the chief surgeon with red eyes.

“The patient’s condition is still considered good! His spine is fine, but his ribs are broken and his organs are damaged. He could do normal training, but he might not be able to do high-intensity training!”

After hearing the doctor’s words, everyone’s worried hearts were relieved. As long as they could still train, they felt very good.

Only Zhou Qing frowned. The chief surgeon’s words were very subtle. Zhou Qing had been a soldier in the army for so many years. That was what the chief surgeon had told him when he was injured.

Therefore, he knew very well that the doctors said these words so subtly in order not to hurt the patient’s mentality.

However, he couldn’t tell the people in the logistics company. He didn’t want the soldiers in the logistics company to worry.

“You bunch of fellows... They’re all quite bold now!”

Just as everyone recovered, a familiar voice rang out in their ears.

“Co... Company Commander...”

“Company commander...you... You... Why are you here!”

The logistics team turned around and saw Qin Yuan walking over with a dark face. For a moment, everyone looked at Qin Yuan in surprise.

“Are you planning to keep it from me?”

Qin Yuan said in a deep voice. Looking at the logistics team, Qin Yuan was a little angry. These people were still trying to hide such a big matter from him!

“Company commander... We...”

For a moment, the people from the logistics company stammered and did not know what to say!

“Company Commander Qin... I’m sorry! I... I didn’t complete your task!”

Zhou Qing was also very surprised to see Qin Yuan walk in! After such a thing happened, Liu Ye warned them not to tell Qin Yuan, so they had not reported it to Qin Yuan. However, now that Qin Yuan had appeared in the hospital, it meant that Qin Yuan already knew everything.

“It’s not your fault! I know Deputy Company Commander Liu’s personality!”

Qin Yuan did not blame them. He knew Liu Ye’s character and knew that the people from the logistics company did not want him to worry. He just walked to the doctor’s side worriedly and asked about Liu Ye’s condition.

After listening to the doctor’s words, Qin Yuan also checked Liu Ye’s condition in the system. After finding that there was no serious problem, he felt relieved.

Qin Yuan turned his head and looked at the logistics company soldiers who had reddened eyes and haggard faces standing there with their heads lowered. He felt bad!

“Go back and rest! The instructor and I will guard this place!”

Chapter 133: Still Need to Improve!

“Company commander! Let us stay here for a while!”

“That’s right! Commander, let us stay here for a while!”

“We’ll wait for the deputy company commander to come out of the operating room and take a look at him before we go back!”

The soldiers spoke up one after another, saying that the logistics company was saved by Liu Ye. At this time, the logistics company soldiers stood there in a daze, their eyes bloodshot.

“Don’t worry too much. Deputy Company Commander Liu is fine. He’ll recover in a month.”

Looking at the worried expressions of the logistics team, Qin Yuan did not force them. After all, they had a very deep relationship with Liu Ye.

“I will only give you two hours. After two hours, regardless of whether the deputy company commander has come out of the operating room, you will return to the station to rest. This is an order!”

“Yes, sir!”

“Yes, sir!”

“Commander, we understand!”

After saying that, the logistics company quietly waited outside the door, looking forward to seeing Liu Ye come out of the operating theater.

“Old Zhou, tell me exactly what happened!”

Then, Qin Yuan walked to Zhou Qing’s side and asked. Zhou Qing also quickly told Qin Yuan the situation in detail.

About an hour later, the door of the operating room was opened. Liu Ye was pushed out of the operating room by the doctors and nurses.

“Deputy Company Commander.”

“Deputy Company Commander.”

When they saw Liu Ye being pushed out, the soldiers who were waiting quietly outside the operating theater rushed forward.

“All of you, disperse. The patient needs to rest now!”

Seeing the soldiers of the logistics company surrounding them, a nurse hurriedly said.

“Doctor. Is our deputy company commander alright?”

“That’s right! Doctor!”

Looking at Liu Ye who was lying quietly on the hospital bed, everyone asked worriedly.

“Don’t worry! The patients are all in good condition. You can go back first!”

What the patient needed the most now is to recuperate!”

Seeing the people from the logistics company gathered outside the operating theater, the chief surgeon comforted them. He knew that these soldiers from the logistics company were very worried about Liu Ye’s condition.

“Second Platoon Leader!”

“Here!”

“Bring our brothers back to the encampment to rest! The Deputy company commander is fine now. All of you go back and rest!”

“Yes, sir!”

After Qin Yuan and Zhou Qing finished chatting, they walked back and saw the scene in front of them. Qin Yuan opened the system to check Liu Ye’s physical information and found that there was not much of a problem, so he called Zheng Xiaohu and asked him to bring the team back to the camp.

“Company commander. Why don’t you let me stay?”

Hearing Qin Yuan’s order, Geng Hu walked forward to show his willingness to stay.

“Go back and rest! The instructor and I are here. You can all go back!”

Looking at the soldiers' condition, Qin Yuan knew that they had not rested for two days and one night. Their eyes were bloodshot and they looked very haggard!

Although he knew that the soldiers of the logistics company were worried about Liu Ye's condition, they still needed to rest!

“Geng Hu, bring your brothers back to rest. There are still many things for you to do in the encampment.”

“You can all go back! The commander and I are here, so don't worry!” Seeing Geng Hu's reluctant gaze, Zhou Qing walked up and said to everyone.

“Yes, sir!”

“Yes, sir!”

After saying that, the soldiers of the logistics company could only reluctantly accept the order. After all, they were useless here now. They could only hope that the deputy commander Liu Ye would recover soon and return to their team.

Following that, Zheng Xiaohu brought the logistics company back to the logistics company's encampment.

“Old Zhou, you should go to the lounge to rest too! Leave Deputy Company Commander Liu to me!”

After the soldiers of the logistics company left, Qin Yuan turned around and said to Zhou Qing. After all, Zhou Qing did not rest either, and he looked very haggard.

“Company Commander Qin, I'm fine! You don't have to worry.”

Zhou Qing knew that Qin Yuan was worried about him, but Liu Ye's current situation made him unable to sleep.

“Old Zhou, you should go and rest first! I'll guard this place. Come and replace me tomorrow morning!”

“Then... Alright then.”

Looking at Liu Ye lying on the hospital bed, Zhou Qing felt very uncomfortable. He and Liu Ye had been in the logistics company for many years. Now that he suddenly encountered such a situation, it was as if his heart had been cut by a knife.

Now, they could only wait quietly for Liu Ye to wake up. Qin Yuan was right. The two of them had to take turns guarding Liu Ye. Therefore, after saying a few words to Qin Yuan, they turned around and walked out of Liu Ye's ward.

After Zhou Qing left, Qin Yuan looked at Liu Ye, who was lying on the hospital bed and entered the system store.

“System, exchange for a bottle of Physique Enhancement Liquid!”

“System received!”

“Host, do you want to spend 20,000 Skill Points to exchange for the Physique Enhancement Liquid?” The system asked again.

“Yes!”

Soon, a bottle of green liquid appeared in Qin Yuan’s hand. Qin Yuan opened the bottle and directly fed it to Liu Ye, who was lying on the hospital bed.

Liu Ye, who was in a coma, suddenly twitched and calmed down.

“With the help of the Physique Enhancement Liquid, Liu Ye should be fine. He should be able to recover in about a month!”

Looking at Liu Ye lying quietly on the hospital bed, Qin Yuan also felt that it was impossible for him to pay attention to them all the time. Therefore, it was most reliable to increase the strength of the soldiers.

This sudden encounter with the wolf pack forced them into such a situation. That still meant that they were not strong enough!

Although there were a lot of wolves this time, as long as they were strong enough, they could directly kill those wolves.

Half an hour later, Qin Yuan also lay down quietly on the bed beside him. He began to think about how to increase the overall strength of the logistics company’s soldiers again.

Qin Yuan opened the system and checked the physique information of the soldiers of the logistics company again. He had left the logistics company for a while. Although the system had the physique test records of the soldiers, Qin Yuan had not checked them properly.

During this period of time, he had placed all his attention on the recruit company. After Liu Ye’s situation, Qin Yuan realized that the soldiers of the logistics company needed to further improve their strength.

Qin Yuan checked the physique information of every soldier in the logistics company one by one. He had to carefully analyze the situation of each soldier and carry out training methods that suited him according to their problems.

The overall strength Of the logistics company’S soldiers was not bad, but the higher their strength, the harder it was to break through, Therefore, Qin Yuan had to make a good training plan for every soldier,

Qin Yuan had to return to the recruit company in two days, so he needed to prepare the training plan for the soldiers and hand it over to Zhou Qing!

It was already two o’clock in the morning by the time Qin Yuan finished organizing the soldiers’ training plans. After Qin Yuan logged out of the system, he lay on the bed and took a nap..

Chapter 134: This... Could It Be The Company Commander’s Lover!

Early the next morning, Zhou Qing got up and came to relieve Qin Yuan. After Zhou Qing arrived, Qin Yuan also checked Liu Ye's condition.

Seeing Liu Ye's body gradually recovering under the effect of the physique enhancement liquid, Qin Yuan felt relieved! Judging by Liu Ye's recovery progress, he should be fine within a month.

"Commander Qin, you should go and rest for a while!"

"Okay! I'll leave this place to you!"

Qin Yuan saw that Liu Ye was fine. Now, he just had to wait for him to wake up. With Zhou Qing guarding him, he could have a good sleep. Qin Yuan had not slept for the past two days, so he felt a little tired.

Hence, after exchanging a few words with Zhou Qing, he walked out of the ward and headed to the lounge.

Not long after Qin Yuan lay down, Long Xiaoyun was also rushing to their logistics company's station! She first went to the new recruits' company. After being informed by the squad leader that Qin Yuan had returned to the logistics company, she immediately drove to the logistics company!

She was very curious about what kind of person Qin Yuan was. He was able to make the commanders of the military region and her Uncle Fan give him such a high evaluation.

Soon, Long Xiaoyun arrived near the logistics company's station. After stopping the car, Long Xiaoyun changed into her combat uniform and put away her military rank. Then, she walked straight to the logistics company's station!

She came today to see how strong Qin Yuan was, and to see how well the logistics company soldiers who had been particularly outstanding in this year's military exercise had been trained by Qin Yuan.

She had put in a lot of effort for this plan, but the commander of the military region actually asked a sergeant who had just been in the army for less than two years to carry out this plan. She was a little unhappy.

"I want to see how strong you are. Even if you're Grandpa Qin's grandson, even if you're not strong enough, I won't agree to let you carry out this plan!"

Looking at the logistics company's encampment not far away, Long Xiaoyun muttered in a low voice. As she spoke, she headed straight for the logistics company's encampment.

At this moment, the soldiers of the logistics company were still training on the training ground. Long Xiaoyun looked at the soldiers who were training on the training ground with an approving gaze.

"This kid. Is he really that capable of leading troops?"

Long Xiaoyun directly sneaked into the logistics company's station. She was lying on the roof and watching the soldiers of the logistics company training on the training ground. Judging from the physical fitness and training of the soldiers of the logistics company, she was very satisfied.

After a few minutes, Long Xiaoyun jumped off the roof and quietly hid in the direction of Zheng Xiaohu.

“Woof woof woof.” The military dog barked twice.

“Who is it?”

For a moment, Zheng Xiaohu vaguely saw a figure passing by under the eaves, and he instantly became nervous.

“Gather! Enemy attack!”

Zheng Xiaohu’s loud shout rang out. The soldiers of the logistics company who were training on the training ground instantly reacted and quickly ran over to Zheng Xiaohu!

“Platoon leader! What’s the matter?”

Geng Hu rushed over and asked Zheng Xiaohu!

“There was a figure flashing past in that direction just now. Someone should have sneaked in. Everyone, immediately enter combat readiness!” Zheng Xiaohu immediately said to everyone.

“Yes, sir!”

“Yes, sir!”

Instantly, everyone hurriedly looked in the direction Zheng Xiaohu had pointed out, but they did not see anyone! In an instant, the scene fell silent. Other than a military dog with a big mouth, nothing else was seen!

“Platoon leader, there’s nothing but Da Huang!”

“That’s right! Platoon leader, are you seeing things? There’s not a single person anywhere!”

For a moment, everyone in the logistics company thought that Zheng Xiaohu’s eyes were playing tricks on him. After all, they had been quite tired for the past two days.

“No! My feeling can’t be wrong. I saw a figure flash past just now! Everyone, stay alert and spread out in that direction!”

“Besides! Da Huang won’t bark for nothing!”

Zheng Xiaohu said clearly to everyone. After training with Qin Yuan for so long, his intuition was very strong. Moreover, he was a scout before!

“Yes, sir!”

“Yes, sir!”

In an instant, the logistics team moved forward in a straight line according to Zheng Xiaohu’s instructions!

“Seriously! Why didn’t I notice that there was a military dog down there!”

Long Xiaoyun hid in the corner and felt a little annoyed! She was a graduate of the most famous special forces training school in the world. She had learned how to deal with military dogs, but she did not see a military dog under the eaves just now!

Seeing the soldiers of the logistics company getting closer and closer to her, she was ready to fight them.

“This guy’s observation skills are really strong!”

Looking at Zheng Xiaohu who was not far away, Long Xiaoyun also commented.

“Then let me test the strength of your soldiers first!”

Seeing the people from the logistics company approaching, Long Xiaoyun directly stood up and flew over.

A foot landed directly on Geng Hu’s chest. For a moment, Geng Hu was sent flying before he could react. He lay on the ground and could not get up!

‘Who is it?’

It was only then that everyone reacted. There was a young woman standing in front of them. Looking at her posture and combat uniform, they guessed that she should be from their military region.

Seeing Geng Hu, who was so tall and strong, was sent flying by the woman in front of him. The people from the logistics company broke out into cold sweat.

“Damn, this woman is too fierce!”

“Yeah, who is this person! Why did she suddenly come to our camp?”

One by one, the logistics team and the logistics team were all stunned, staring at Long Xiaoyun. One by one, they rushed forward blindly!

“Who are you?”

Looking at the young woman in front of him, Zheng Xiaohu knew that a woman with such strength was definitely not an ordinary person! It had to be known that no one in the entire logistics company except Qin Yuan could defeat Geng Hu with one kick!

Therefore, the strength of the woman in front of them was definitely above theirs. Before they figured out what her purpose was, they would not act rashly!

“Me? You are not qualified to know yet! Is your company commander Qin Yuan around? Where is he? Ask him to come out and see me!”

Long Xiaoyun said softly.

“Could this woman be the company commander’s lover? She’s here looking for trouble?”

Zheng Xiaohu looked at the woman in front of him and felt a little embarrassed. Did the combat uniform that the woman was wearing have a military rank on it? However, this combat uniform was obviously from their military region.

“Our company commander is not here! May I ask why you’re looking for him?” Facing Long Xiaoyun’s inquiry, Zheng Xiaohu also started to explain. “Not here!? Comrade platoon leader! I advise you to call him out! Otherwise...”

Hearing Zheng Xiaohu’s answer, Long Xiaoyun did not believe that Qin Yuan was not in the logistics company. After all, she had just come over from the recruit company.

“I told you! Our company commander isn’t here! May I know why you’re looking for him?”

Zheng Xiaohu did not want to explain too much to Long Xiaoyun. After all, Qin Yuan was not at the logistics company’s station. Moreover, if she was here to cause trouble for their company commander, it was even more impossible for him to tell Long Xiaoyun where Qin Yuan was.

“Since you don’t want to say it, then I’ll beat up all his soldiers and see if he’d come out!”

Chapter 135: What’s the Situation... Major?

As soon as Long Xiaoyun finished speaking, she directly attacked the people of the logistics company. Zheng Xiaohu and the others did not react at all. For a time, the people of the logistics company could not withstand Long Xiaoyun’s attack at all.

Zheng Xiaohu got kicked and his face darkened. His right hand, which had just blocked Long Xiaoyun’s kick, was now trembling slightly.

Zheng Xiaohu’s eyes changed slightly. He did not expect Long Xiaoyun to attack them directly. He had already blocked that kick just now. He knew that the woman in front of him was not weaker than their company commander,

Qin Yuan.

“Who exactly are you? Why did you come to our logistics company’s camp?”

Zheng Xiaohu’s expression changed slightly. Seeing Long Xiaoyun attack without saying anything, he asked in confusion.

This woman had come to their logistics company’s base for no reason and had attacked them without a word. Other than the green combat uniform on the woman in front of him, which proved that she was from the Southeast Military Region, no one knew who she was.

“I told you! Tell your company commander to come out and see me. I’ll only give you five minutes. If he doesn’t come out, I’ll beat you up one by one. I don’t believe he can hide for long!”

Facing Zheng Xiaohu's words, Long Xiaoyun simply ignored him. Although she felt that these logistics company soldiers in front of her were not weak, it was not a problem for her to deal with these logistics company soldiers!

"If you don't speak up, no matter who you are... we won't be polite to you anymore!"

Regardless of the situation, this is the base of the logistics company. Zheng Xiaohu knows that the woman in front of him is very powerful, but since she has come to their doorstep to cause trouble, if they back down, they wouldn't be soldiers of the logistics company anymore!

"Won't be polite to me? Alright then! Since your platoon leader is a coward, I'll use you to force him out!"

After saying that, Long Xiaoyun got into a battle stance. In the blink of an eye, she directly rushed towards Zheng Xiaohu. Seeing Long Xiaoyun's flying kick, Zheng Xiaohu immediately retreated.

He knew that he couldn't defeat the woman in front of him. He had just come into contact with her, and his right hand was still trembling.

"Logistics Company!"

"Here!"

"Here!"

"Assume a combat stance and surround her using the squad's tactical approach!" Zheng Xiaohu quickly instructed the rest of the logistics company behind him.

"Yes, sir!"

"Yes, sir!"

Hearing Zheng Xiaohu's order, the logistics company spread out in small teams and gradually surrounded Long Xiaoyun from all directions.

These were some of the special combat techniques that Qin Yuan had been training them with! They worked together in small teams. Each team had their own way of fighting, and they complemented each other!

Their individual strength was indeed inferior to Long Xiaoyun's, but they were Qin Yuan's soldiers. During this period of training, Qin Yuan taught them everything he could.

Whether it was individual combat or group combat, their logistics team had a tacit understanding!

For a moment, Long Xiaoyun was actually helpless against the people from the logistics company!

"What kind of combat method is this?"

They looked at the logistics company scattered in all directions. It looked random, but it also seemed that every direction had a complementary effect!

Every time Long Xiaoyun knocked down a soldier, someone would immediately replace that soldier. For a moment, she was actually unable to break through the encirclement of the logistics company soldiers. “Fan out, triangular formation! Attack!”

“Yes, sir!”

“Yes, sir!”

Zheng Xiaohu immediately ordered the people in the logistics company. He knew that the woman in front of him was too strong. If they waited any longer, they might all be eliminated by the woman in front of them.

“Fancy tactics! In the face of absolute strength, everything is futile!”

Long Xiaoyun also admitted that this kind of combat strategy might enhance the power of teamwork, but she didn’t pay any attention to it at all!

Long Xiaoyun took a step forward, raised her right leg, and kicked at the people from the logistics company!

Peng...

The soldiers of the logistics company at the front were sent flying! Seeing this scene, a hint of panic flashed across Zheng Xiaohu’s eyes.

“Too strong.”

This was the first time Zheng Xiaohu and the others had seen someone so powerful other than Qin Yuan. Moreover, it was a woman!

“Second platoon leader, what should we do? She’s too strong!”

“That’s right! Second Platoon Leader! She’s too strong. We can’t deal with her at all!”

“Why is this woman as strong as the company commander? Just now, when she kicked me, it was like the commander kicked me!”

All of a sudden, the soldiers of the logistics company panicked. They looked at the woman in front of them with downcast eyes and looked at Zheng Xiaohu, not knowing what to do.

“Second Platoon Leader! Why don’t we inform the company commander?”

“That’s right! If this goes on, we won’t be able to hold on at all. I don’t know where the company commander provoked such a powerful woman!”

“This strength is too terrifying!”

In just a short while, their logistics company had lost a few more brothers. Now, they were lying on the ground and had lost their ability to fight!

“No! The company commander is still in the hospital looking for the deputy company commander. Although she’s very strong, we don’t know what her goal is. Even if we all fall, we can’t tell her where the company commander is!”

Zheng Xiaohu knew that they might not be able to defeat this woman, but he could not tell her where their company commander was. If they told this woman, it would mean that they had betrayed their company commander!

“Yes, sir.”

“Yes, sir!”

“Go! Even if we can’t defeat her, we can’t admit defeat!”

Zheng Xiaohu said to the logistics company beside him.

When the soldiers of the logistics company heard Zheng Xiaohu’s words, they understood what the second platoon leader, Zheng Xiaohu, was insisting on!

They could not defeat her, but they could not admit defeat! Because they were Qin Yuan’s soldiers!

Everyone took a deep breath and rushed towards Long Xiaoyun. They knew that they couldn’t defeat Long Xiaoyun, but none of them admitted defeat!

“Good fellow! You really love your company commander!”

“In that case, I will fulfill your request...”

Looking at the people from the logistics company who rushed up again, although Long Xiaoyun said fiercely to these people, a touch of gratification flashed across her eyes!

“This group of soldiers is really not bad. No wonder the chiefs have such a high evaluation of Qin Yuan!”

Long Xiaoyun muttered softly in her heart. Although she did not see Qin Yuan himself, she could tell Qin Yuan’s ability to lead troops from the soldiers of the logistics company in front of her!

About half an hour later, there were dozens of “dead dogs” lying on the ground and wailing.

Long Xiaoyun patted her sleeves and took out an epaulet from her pocket, putting it on her shoulder. “What’s going on? Major?”

Chapter 136: Fight at the Slightest Disagreement!

For a moment, everyone in the logistics company was stunned, especially Geng Hu. Only after he recovered did he realize how terrifying the woman in front of him was.

He did not expect to be kicked to the ground by him and lose his combat ability for a moment. He had only experienced this kind of situation from his company commander, Qin Yuan.

“Major?”

Looking at the epaulets on Long Xiaoyun’s shoulders, a look of surprise flashed across Zheng Xiaohu’s face!

He was considered a veteran in the army, but he had never seen such a young major. Moreover, it was a woman!

“Second Platoon Leader, why is there a Major in our camp? This is the first time I’ve seen such a young major!” After being in the army for a long time, they all knew how difficult it was to advance in rank!

“I think the captain is really awesome. He’s so strong, and the girl he messed with is also so strong. Moreover, her position is higher than his...”

“That’s right. If the company commander doesn’t come back soon, we might all be finished. How could such a fierce female officer let us off!”

While everyone was still surprised by Long Xiaoyun’s identity, Qin Yuan was also awakened by the system’s alarm!

“What’s going on? What happened to these guys?”

Looking at the logistics and even the soldiers’ physical information showing a red state, Qin Yuan was a little helpless!

Although the soldiers of the logistics company did not have much physical problems, it was very strange for everyone to suddenly show a red alert!

Looking at the red physical information of the soldiers of the logistics company, Qin Yuan knew that the logistics company must have encountered some unexpected situation again!

After getting up and putting on his clothes, he went straight to Liu Ye’s ward. He wanted to go back to the logistics company’s station to see what had happened!

Soon, Qin Yuan walked straight into Liu Ye’s ward. At this moment, Zhou Qing was wiping Liu Ye’s body.

“Old Zhou, you stay here and look after Deputy Company Commander Liu. I’ll go back to the logistics company to get some things! ”

Qin Yuan did not tell Zhou Qing about this sudden situation. Firstly, they did not see the call from the logistics company. Secondly, he did not know how to explain to Zhou Qing if he suddenly said that the logistics company had something to do.

Therefore, Qin Yuan could only go back and see what had happened.

“Alright! Company Commander Qin, go back! Leave this to me!” Zhou Qing replied.

“Good! Then you wait here for Deputy Company Commander Liu to wake up. I’ll go back first!”

“Alright!”

After saying that, Qin Yuan walked out of the ward and rushed to the logistics company.

Along the way, Qin Yuan was also very curious about what had happened to the logistics company. This was the first time he had seen such a situation! However, the logistics company's base! Long Xiaoyun was standing on Zheng

Xiaohu's body and staring at him fiercely!

"Still not saying? I don't have that much pity!"

Long Xiaoyun looked at Zheng Xiaohu who was on the ground and saw Zheng Xiaohu's determined gaze. Long Xiaoyun was also a little surprised!

One had to know that there were really not many soldiers like this. She knew very well that she probably would not be able to find out where Qin Yuan was from these soldiers of the logistics company!

However, Long Xiaoyun was still quite pleased. This group of logistics company soldiers could indeed meet the standards of her pre-selected soldiers for the Battle Wolf Plan.

As she spoke, Long Xiaoyun took her feet off Zheng Xiaohu's body and prepared to walk back.

She had already beaten the soldiers to such a state, but Qin Yuan had not come out yet. This also proved that Qin Yuan was probably not be at the logistics company's station!

Just as Long Xiaoyun was about to turn around and leave, a deep voice reached her ears.

"You want to leave after injuring my soldiers?"

Long Xiaoyun's eyes narrowed as she looked in the direction of the voice. She saw a young man walking over and staring at her with a cold gaze!

"You must be Qin Yuan! I didn't expect you to only come out now!" Long Xiaoyun said softly.

"Long Xiaoyun???"

After Qin Yuan walked in, he saw the woman in front of him clearly. Although he knew what had happened when he was outside the door, he did not expect the woman in front of him to be Long Xiaoyun.

Qin Yuan was a little shocked when he saw that Long Xiaoyun looked exactly like in the movie.

"Don't you know that it's not nice to stare at a person like this?"

Seeing that Qin Yuan was looking at her in a daze, Long Xiaoyun's impression of Qin Yuan decreased again.

"I didn't expect to meet you here!"

Qin Yuan walked to Long Xiaoyun's side and smiled.

"You know me?"

Facing Qin Yuan's words, Long Xiaoyun was also a little puzzled. Why did Qin Yuan say that he met her here? She did not seem to have any contact with Qin

Yuan!

“I don’t!”

Qin Yuan replied indifferently. He was a little surprised just now and said it casually, but now he did not want to explain too much.

“If you don’t know me, then you’ll make me very angry!”

As she spoke, Long Xiaoyun raised her right leg and kicked Qin Yuan. She had originally wanted to verify Qin Yuan’s abilities.

Qin Yuan, the logistics soldier who had been beating up for so long, did not come out. She thought that Qin Yuan was not at the logistics company’s encampment at all!

Who knew that they would bump into each other when she was about to leave? Then, she wouldn’t be polite.

“What kind of person is this? You attacked at the slightest disagreement!” Qin Yuan was speechless when he saw Long Xiaoyun raise her right leg and rush towards him.

You didn’t even say a word before you hit me. Do you think I’ll spoil you just because you’re a woman?

As he spoke, Qin Yuan grabbed Long Xiaoyun’s right foot with his right hand and threw it out.

Long Xiaoyun, who was thrown out, also revealed a trace of surprise on her face. She had already used 70% of her speed and strength just now, but she did not expect Qin Yuan to shake her off.

“Not Dad! Again!”

Long Xiaoyun did not think too much about it. One had to know that she was very confident in her own strength. If Qin Yuan could not even withstand it, then she felt that there was no need for her to verify Qin Yuan’s strength.

As she spoke, Long Xiaoyun gathered her strength for a while and threw another punch at Qin Yuan. This time, her speed was very fast.

She also knew that Qin Yuan was worth her strength to compete with. For a moment, the two of them fought back and forth for dozens of rounds.

Long Xiaoyun’s face gradually turned a little ugly. She had already used all her strength, but it was as if she could not shake Qin Yuan at all.

To be honest, Qin Yuan seemed to be playing. He did not use all his strength to compete with her. For a moment, the sweat on the corner of Long Xiaoyun’s face also dropped. Looking at Qin Yuan, Long Xiaoyun’s eyes were filled with disbelief.

“As expected of someone that even Uncle Fan thinks highly of!” Long Xiaoyun lowered her head and looked at Qin Yuan, preparing to attack Qin Yuan again.

“Sigh... Couldn’t you have spoken properly first! If this continues, I won’t be polite!”

One had to know that when Qin Yuan arrived, Long Xiaoyun attacked him without even saying a few words.. Qin Yuan could not figure out why!

Chapter 137: Is She The Commander's Darling?

After Qin Yuan finished speaking, Long Xiaoyun stopped. She felt that Qin Yuan was really a pervert. Even when she was in the special forces training school, she had never fought with anyone who was as difficult as Qin Yuan. Besides, she had never met anyone who could fight as leisurely as Qin Yuan!

“That's right! Talk amicably!”

Seeing that Long Xiaoyun had put away her combat stance, Qin Yuan put away his stance. Although Qin Yuan was very easygoing, she could not simply attack without any reason!

To be honest, Qin Yuan had only seen Long Xiaoyun in movies. He did not expect to meet her in real life in this world. He wondered if he would meet Leng Feng and the others!

Speaking of this, Qin Yuan immediately thought of Leng Feng and the others in Battle Wolf. However, after Battle Wolf One, Long Xiaoyun seemed to have accepted some mission and something happened. Otherwise, they might have already gotten married.

Thinking about it, it was quite a pity. He didn't know if Long Xiaoyun had met Leng Feng yet.

Looking at Long Xiaoyun staring at him fiercely, Qin Yuan did not understand how he had offended this woman!

“You are very strong! But... you're still not competent enough for this plan!”

Long Xiaoyun said in a deep voice. Although Qin Yuan's strength was not bad, the requirements for the executor of this plan were too high. One had to know that the person who wanted to execute this plan had to have absolute strength and strategy.

Qin Yuan was still too young. Besides, how long had it been since Qin Yuan left the army? This also made Long Xiaoyun feel that Qin Yuan did not have such high experience and strategy at all!

“Plan? What plan?”

Qin Yuan was a little stunned when he heard Long Xiaoyun's words. From Long Xiaoyun's words, he could tell that she was planning to let him carry out some plan. Therefore, Qin Yuan knew that Long Xiaoyun was here to test him. Qin

Yuan looked at Long Xiaoyun and asked in a deep voice.

“Aren't you going to invite me in for a cup of tea?”

Long Xiaoyun immediately turned around and walked towards the office in the camp.

“Please...”

Qin Yuan was about to invite Long Xiaoyun in, but he saw that Long Xiaoyun had already gone to his office.

“This woman... She’s really difficult!”

Qin Yuan felt a little helpless as he watched Long Xiaoyun walk in. Long Xiaoyun did not treat herself as a guest at all.

“Company commander? Could this be the company commander’s darling?”

Seeing that Long Xiaoyun had walked far away, Geng Hu immediately walked forward and asked Qin Yuan with a smile.

“What darling?”

Qin Yuan did not know what Geng Hu meant by this question.

“That’s... I mean... Is she your girlfriend! Otherwise, why would she be so fierce the second she came to our place? It must be because you made her angry that she came to find you!”

Peng...

As soon as Geng Hu finished speaking, he was kicked out by Qin Yuan.

“What are you thinking about? This is also the first time I’ve seen her. Besides, I already have a girlfriend! Your company commander darling is much gentler!”

Qin Yuan said unhappily as he looked at Geng Hu, who had been kicked away by him. After hearing Geng Hu’s words, he missed Miao Xiaoxiao a little. He had been busy during this period of time and had not been able to have a good chat with her.

“Company commander... If she’s not, then she’s not! Why did you attack me!

I’ve already been knocked down by two people today...”

Geng Hu muttered in grievance as he lay on the ground. In less than a day, he had been kicked twice and both of them had knocked him down. It was impossible for him not to feel uncomfortable. However, he could only feel uncomfortable. Who asked him to not be able to defeat both of them?

“Company commander! Why did this major come to our camp?”

Zheng Xiaohu walked in front of Qin Yuan and asked him in confusion. It was the first time he had seen such a powerful woman.

“Do I look like I know?”

“No matter what she’s here for, we’ll deal with whatever comes our way!”

Qin Yuan shrugged as he looked at Zheng Xiaohu helplessly. If he knew, why would he ask? However, this woman Long Xiaoyun seemed to be the captain of the Battle Wolf squadron. Could it be that she had come here to ask about the

Battle Wolf? Qin Yuan was also a little curious about the plan that Long

Xiaoyun had just mentioned. As he spoke, he prepared to walk to his office.

“Right! You guys were actually wiped out by a woman today. If I didn’t come back, I would have lost all my face!”

Just as he was about to leave, Qin Yuan remembered that the group of people in front of him had been defeated by Long Xiaoyun alone today. Although Long Xiaoyun was very strong, Zheng Xiaohu and the others had been training under him for almost half a year. A group of people had actually not beaten Long Xiaoyun. Even if they could not beat her, they could not let her off so easily!

“Company commander...We... We...”

“I’m sorry... Company commander! We have disappointed you! ”

Hearing Qin Yuan’s words, everyone in the logistics company looked as if they had eaten bitter gourd. They did not expect a woman like Long Xiaoyun to be so powerful. They had already used all their strength.

Everyone lowered their heads and did not dare to look at Qin Yuan. If word got out that they were all beaten up by a woman, they would be too ashamed to face anyone. However, they did not know that they were facing a woman who

even the entire Wolf Fang Special Combat Brigade and the entire Southeast Military Region feared.

“Stop talking! Go through all the training programs today!”

“There’s more! Everyone will add 10 kilograms to their original weight!”

Qin Yuan didn’t mince his words with them. The camp had been raided, and if this got out, it would truly be a blow to his reputation. However, after fighting with Long Xiaoyun, Qin Yuan also knew that Zheng Xiaohu and the others’ losing was justified!

This also allowed him to see the strength of the advanced special forces. Long Xiaoyun’s strength was one of the best in the entire Southeast Military Region.

“Yes, sir!”

“Yes, sir!”

After saying that, Zheng Xiaohu led the people from the logistics company to the training ground. To be honest, ever since Qin Yuan led them to raise their strength, this was the worst loss they had ever suffered. It was also the first time they felt that their strength was still not enough! In front of a true expert, they were actually so weak that they could not even withstand a single blow.

Looking at the soldiers of the logistics company on the training ground training with their heads lowered, Qin Yuan smiled. These were his soldiers. When they knew that their strength was not good enough, they still knew how to train hard to improve their strength instead of giving up on themselves!

Qin Yuan did not think too much about it. This was still quite good for the logistics company. After this, they would understand that they were only a little strong. In front of a true expert, their current strength was simply too weak to withstand a single blow.

“Long Xiaoyun should be here with a mission!”

As he thought about it, Qin Yuan also hurriedly walked towards the office. Long Xiaoyun had come to test him this time. From the plan she mentioned, Qin Yuan could guess that this should be the mission that the commanders of the military region were going to arrange for him..

Chapter 138: A Two-Month Agreement!

Soon, Qin Yuan walked to his office. When he opened the door, he saw Long Xiaoyun lying on his office chair with her legs crossed on his desk.

“You’re really casual!”

Qin Yuan looked at Long Xiaoyun as if this was her own home.

“What else? I’m from the Southeast Military Region. Besides, I’m your commander. Can’t I sit in this position?” Long Xiaoyun continued to look at Qin Yuan coldly.

Qin Yuan looked at Long Xiaoyun’s epaulet and felt very helpless. It was a really high rank!

“I really didn’t expect you to be a major at such a young age!”

Qin Yuan also looked at Long Xiaoyun in surprise. There were not many majors at this age, and those who could obtain such a military rank at this age were not good people.

“How long have you been in the army?”

Before Qin Yuan could speak, Long Xiaoyun asked directly.

“One year, three months and eleven days! ” Qin Yuan replied indifferently.

“You remember it so clearly?”

Long Xiaoyun also looked at Qin Yuan with some doubt. It was rare for her to see someone who was so sensitive to time and had such a good memory.

“I’m more sensitive to time!”

“I heard! Did you train those guys just now for half a year?” Long Xiaoyun asked again.

“Yes, I am! Why? Are you not satisfied?”

Qin Yuan looked at Long Xiaoyun with a smile. Qin Yuan understood how difficult it was to train a group of soldiers who had no military discipline to this extent in half a year.

“Humph! Arrogant! Do you think they are very strong now?”

Long Xiaoyun looked at Qin Yuan unhappily. Although it was indeed not bad to be able to bring an ill-disciplined army to such a standard in half a year, it did not mean that others could not.

Therefore, when she saw Qin Yuan’s sly smile, she felt that Qin Yuan was a little arrogant. Such a person was not qualified to be the executor of this plan!

“Arrogant?”

“They might not be able to deal with you now, but two months later, you might not be able to face them so easily!”

Qin Yuan did not say this because he was arrogant. He was very clear about the strength of his soldiers. These guys had reached a certain bottleneck in their training during this period of time. If they were to intensify their training for a period of time, even these soldiers would be able to break through.

“Are you that confident?”

Long Xiaoyun did not take Qin Yuan’s words seriously at all. She knew that Qin Yuan was indeed very strong, but he was just one person.

Although the soldiers of the logistics company were quite strong, so what if they were given another two months? She could still defeat them again! “It’s not that I’m confident, but they’re my soldiers!”

“I know my soldiers. They won’t allow themselves to lose to one person a second time!”

Qin Yuan said calmly. Although these words were a little arrogant, he knew the personality of the logistics company’s soldiers. Especially after they regained their confidence, they trained as if they did not care about their lives. Their previous environment had also formed their current personality.

“Good! Then I want to see what they can do to me in two months!”

Long Xiaoyun stood up and looked straight at Qin Yuan. She did not think much of Qin Yuan’s words at all. This was Long Xiaoyun’s confidence in her own strength!

“Let’s wait and see! ”

Qin Yuan did not intend to explain too much to Long Xiaoyun. He would let time prove everything!

“Right! What is the plan you mentioned?”

Qin Yuan looked at Long Xiaoyun with a deep expression. This was what he wanted to know! This time, Long Xiaoyun came to the logistics company to test him. Although he had some guesses, he still wanted Long Xiaoyun to say it herself.

“You! You still haven’t met my requirements, so it’s useless whether you know about this plan or not!”

“Besides, this is a military secret. It’s not something you can find out just because you want to! You can’t execute this plan without my consent!”

Long Xiaoyun turned around and said coldly. In Long Xiaoyun’s eyes, although

Qin Yuan’s strength was not bad, she had spent a lot of effort on this plan. Qin Yuan was still too young, and she did not intend to let Qin Yuan execute this plan.

Even if the military commanders suggested that Qin Yuan carry out this plan, as long as she was not satisfied, the commanders could not force her.

“Meet your requirements?”

Looking at Long Xiaoyun’s determined expression, Qin Yuan also smiled! Long Xiaoyun, this woman, was really cold. She didn’t even know him and had already made a decision!

However, Qin Yuan was not in a hurry at all. To him, no matter what the mission was, he was not flustered. As for Long Xiaoyun’s requirements, Qin Yuan did not take it to heart at all.

As long as it was a mission given by the chiefs, he would carry it out without hesitation. If he was not asked to execute the plan, he would just take care of his own business!

Right now, his mission was to train this batch of recruits. Also, the logistics company had to hurry up and carry out higher-level military training.

With today’s situation, Qin Yuan would not allow it to happen a second time. His camp had been raided by others. If word got out, he would be embarrassed.

“I’ll come again in two months! I want to see what those soldiers outside your door can do to me!”

Looking at Qin Yuan’s indifferent expression, Long Xiaoyun could not figure out what Qin Yuan was thinking. His expression of concern just now suddenly changed.

“Then why aren’t you going back yet? How about you stay and have a meal?”

Qin Yuan said with a faint smile. Anyway, whether she wanted to tell him or not, this was Long Xiaoyun’s business. He could not force her to say it if she did not want to!

Besides, if there was any mission, the Bureau Chief would have given him an order. There was no point forcing an answer out of Long Xiaoyun.

‘You...’

Hearing Qin Yuan’s words, Long Xiaoyun was instantly a little angry. This was the first time she had met someone like Qin Yuan. She was helpless against him.

“Aren’t you curious about what this plan is?”

Putting away her slightly angry expression, Long Xiaoyun also asked Qin Yuan softly. She was very curious. Wasn’t Qin Yuan curious about the plan she was talking about?

“Curious?”

“Of course I’m curious! But if you don’t want to tell me, do you think I can force you to say it?” Qin Yuan replied indifferently.

“Besides! If the chiefs have any arrangements for me, they will naturally give me orders!”

After hearing Qin Yuan’s words, Long Xiaoyun’s expression darkened. She really had no way with him!

“Then don’t think about it! As long as I don’t agree to this plan, the Bureau

Chief and the others can't force me to agree!"

"Also! See you in two months!"

After saying that, Long Xiaoyun turned around and walked out of the office. She did not want to see Qin Yuan for even a moment. He was a scoundrel. She had no means to deal with him.

Looking at Long Xiaoyun who walked out, Qin Yuan smiled faintly.

"Looks like I'll have to partner with her for a period of time soon.. I don't know how Leng Feng fell for such a fierce woman!"

Chapter 139: Must Beat Her Up Next Time!

Qin Yuan had already had some guesses about Long Xiaoyun's arrival. Although Long Xiaoyun did not say the purpose of this trip, he vaguely remembered that Long Xiaoyun was in the Battle Wolf Squadron.

This unit could be said to be a special force that completely simulated the foreign army. This unit was created to test the combat capabilities of the three armed forces.

"I wonder if this Battle Wolf Squadron has been established yet?"

"Could it be that Chief Gao Shiwei and the others have been dragging this out for so long? Could it be that they intend to..."

For a moment, Qin Yuan seemed to have thought of something. If it was really as he thought, then perhaps Gao Shiwei's chiefs wanted him and Long Xiaoyun to partner up to form the Battle Wolf Squadron.

Otherwise, based on his understanding of Fan Tianlei, it was impossible for him not to be tempted when he saw such a soldier from the logistics company. "No wonder it took so long. So they were waiting huh!"

Qin Yuan seemed to understand something in an instant. The corners of his mouth gradually curled up as he watched Long Xiaoyun's departing figure.

If that was really the case, then he had to raise the strength of all the members of the logistics company by one level in these two months!

There were also the new recruits and those guys. If possible, he would bring them all along!

However, judging from the current time, he should have to wait until the military reform before he would receive the notice from the generals. As for Long Xiaoyun, Qin Yuan felt that the soldiers of the logistics company would let Long Xiaoyun know what kind of unit his logistics company is in two months!

After saying that, Qin Yuan walked straight to the soldiers of the logistics company who were training on the training ground. This time, he wanted to create enhanced training for all the soldiers of the logistics company that was suitable for their current physique.

Qin Yuan carefully analyzed the physical fitness information of every soldier in the logistics company and made a separate training program for them that was suitable for him.

“Second Platoon Leader!”

“Here!”

“Gather the troops! I have something to say!”

“Yes, sir!”

After Qin Yuan analyzed the physique information of the soldiers of the logistics company and made a separate training plan for them, he called Zheng Xiaohu over. “Gather!”

After receiving Qin Yuan’s order, Zheng Xiaohu immediately gave the order. Soon, the soldiers of the logistics company gathered and stood there quietly, waiting for Qin Yuan’s order.

“How do you feel today?”

After the soldiers gathered, Qin Yuan directly asked the people from the logistics company. Today, the entire logistics company had been wiped out by Long Xiaoyun alone. He also wanted to hear what the people from the logistics company thought.

“Report! Commander, we are not strong enough!”

“Don’t worry! Company Commander, we will train hard from now on. We will definitely defeat her next time!”

Seeing that Qin Yuan did not look very angry, Geng Hu also raised his courage and said it!

“Yes! Commander, today we’ve seen the difference between us and the strong. This time, we’ll definitely be strict with ourselves!”

“Company Commander, we will not let you down in the future! Commander, I know we embarrassed you this time, but we will be different next time!”

For a moment, everyone in the logistics company voiced their thoughts. This was the first time they had seen someone as powerful as their company commander, Qin Yuan, not to mention a woman!

In their hearts, they didn’t feel like giving up just because they lost this time. For the members of the logistics platoon, when they see someone stronger than themselves, they will only demand more from themselves and strive to train and strengthen their abilities.

Moreover, the members of the logistics company wouldn’t easily admit defeat. How many people doubted them in the beginning? But they broke through everyone’s expectations. Now, they still believe they can overcome any challenge as long as they follow Qin Yuan’s orders.

“I am pleased with your behavior of knowing shame and then being courageous. However, starting from today, the intensity of training you will receive will be a hundred times, even a thousand times, greater than before!”

“You are the first team I have led, and your strength and accomplishments represent me, Qin Yuan!”

“So, I want you to become the strongest company. Do you remember what I told you? As long as you can do it, I will bring you to see a different world and come into contact with stronger experts!”

“But! The premise is that you can! So are you afraid?”

Qin Yuan knew in his heart that if he wanted them to have the strength to fight Long Xiaoyun, then the training they would have to face would be incomparably cruel. After all, if they wanted to be stronger, then they would have to face even more cruel training.

Strength was directly proportional to the difficulty of training.

“I’m not afraid!”

“I’m not afraid!”

For a moment, the reply of the logistics company’s soldiers resounded in the sky above the entire logistics company. Not far away from their camp, Long Xiaoyun had just returned to her car when a series of roars from the logistics company came from behind.

“What kind of person is this Qin Yuan? Why were his soldiers acting like wolf cubs!”

Hearing the roars of the logistics company, Long Xiaoyun’s face revealed a strange expression. It should be known that these guys had just been beaten up by her. How long had it been? The group of people seemed to be fine.

This time, Long Xiaoyun was also very curious about Qin Yuan’s training method. The overall strength of this logistics company and their unyielding character really suited her appetite. Such a unit had a wolf nature, which was very in line with her Battle Wolf Plan!

However, she could not see through Qin Yuan at all. She had never experienced this kind of feeling before. After a while, a strange charming smile gradually flashed across Long Xiaoyun’s face.

As if she had made a decision in her heart, she got into the car and drove back. “Very good! I only have one request. Two months later, capture the woman who beat you up today!”

“This request isn’t too much, right?”

On the training ground, Qin Yuan looked at the high-spirited logistics company and set their goals for the next two months.

Men were soldiers after all! To be beaten up by a woman, and to be beaten up so badly, this made everyone in the logistics department feel a little sullen.

“Don’t worry. Company commander! Even if we can’t beat her next time, we won’t let her off so easily!”

“Yes! Company Commander, next time, I must let her know that our logistics company is not something she can beat up as she pleases!”

All of a sudden, it was as if they had taken a bullet. It was as if they had not expected the scene of them being beaten up by Long Xiaoyun just now.

“The next time I meet her, I’ll definitely tie her up with my own hands and let her experience the feeling of being knocked over by a kick!”

Geng Hu’s eyes were on fire. After he joined the army, the only person he admired was Qin Yuan. Moreover, other than Qin Yuan, he had never been defeated by anyone else.

This made him, who was known as the number one warrior in the logistics company, a little embarrassed. Naturally, he also had the idea of defeating Long Xiaoyun..

Chapter 140: Don ‘t underestimate Qin Yuan!

In the office of the Southeast Military Region, Long Xiaoyun rushed to Gao Shiwei’s office as soon as he came back.

“How is it, girl? Am I right?”

Bureau Chief Gao Shiwei asked Long Xiaoyun with a smile. From the expression on Long Xiaoyun’s face, he could tell that Long Xiaoyun had suffered a setback at Qin Yuan’s hands.

“I admit that his strength and ability to lead troops are very strong, but I still feel that he is not suitable to carry out this plan. He is still too young!”

“Besides, the logistics company’s soldiers are very capable now, but it’s still not enough!”

Long Xiaoyun directly told the Bureau Chief Gao Shiwei what was on her mind without hiding anything.

“Little girl! You’ve underestimated this kid!”

“Someone who can make your Uncle Fan suffer... How could he not have a strategy? Besides, have you ever seen your Uncle Fan, that old fox, lose so badly?”

“As for the strength of the logistics company, let me tell you, a few months ago, I didn’t believe that they could have the strength and ability they have today!”

After listening to Long Xiaoyun’s words, Bureau Chief Gao Shiwei smiled and analyzed Long Xiaoyun. Even he, a general who had been through hundreds of battles, could not see through Qin Yuan. Qin Yuan hid his strength very well. After listening to Chief Gao Shiwei’s words, Long Xiaoyun’s face darkened. Every action and every sentence after she met Qin Yuan appeared in her mind over and over again.

Long Xiaoyun’s expression gradually became serious as she thought about it.

Ever since she met Qin Yuan, it was as if he was deliberately hiding his strength and behavior.

When she fought with him, it was as if he was toying with her. No matter how much strength she used, it was as if she could not cause any harm to Qin Yuan. It was as if everything was in his grasp.

He also spoke as if he didn't care about anything. Such a person either didn't want to know at all, or he already knew.

Long Xiaoyun was more inclined to the latter.

Qin Yuan also said, "I didn't expect to meet you here!" She had never seen Qin Yuan before. Why would he say that? For a moment, Long Xiaoyun seemed to understand a lot of things, and she became more and more curious about Qin

Yuan.

"What else did he say to you in the end?"

Seeing Long Xiaoyun fall into silence, Bureau Chief Gao Shiwei asked again.

"He said that if I see his soldiers again in two months, I won't be able to retreat so easily!"

Facing Gao Shiwei's question, Long Xiaoyun also told him what Qin Yuan had said.

"Haha! Good boy, I knew it!"

Seeing Gao Shiwei suddenly burst into laughter, Long Xiaoyun was also a little confused.

"Are the chiefs so confident in Qin Yuan? Two months later, would the soldiers that she had beaten up really have the strength to fight her?"

Long Xiaoyun would never believe such a thought. This was not her arrogance, but her confidence in her own strength.

"Little girl! Don't underestimate Qin Yuan. If you underestimate him, you will lose miserably!"

Seeing that Long Xiaoyun didn't believe him, Gao Shiwei kindly reminded Long Xiaoyun.

"Chief! Two months later, I will let them know how big the gap between them and the strong is!"

Seeing that Long Xiaoyun didn't believe his words at all, Gao Shiwei smiled. "Seems like you wouldn't turn back until you hit a brick wall! Go ahead and try then!"

Gao Shiwei sighed in his heart and said to Long Xiaoyun, "You'll know in two months! We'll talk about this again when the time comes!"

Seeing that Long Xiaoyun did not believe his words, he could only let this girl experience the feeling of fighting with Qin Yuan herself.

"Yes, sir! Chief! If there's nothing else, I'll go back first!"

"Alright! Go back!"

"Goodbye, Chief!"

After saying that, Long Xiaoyun turned around and walked out of the office. Gao Shiwei shook his head as he watched Long Xiaoyun leave.

In that case... He could only let Long Xiaoyun see for herself what kind of person Qin Yuan was!

At this moment, in the logistics company's encampment.

"Second Platoon Leader, this is the information on each soldier's physique and training plan! I can't leave the new recruits alone. You're all my veterans, so I'll leave the rest of the training to you!"

"Deputy Company Commander Liu should be fine. There's an instructor over there, so you can rest assured and train!"

As he spoke, Qin Yuan took out a folder and handed it to Zheng Xiaohu.

"Don't worry, Company Commander! We will definitely train strictly according to your requirements. This time, we will definitely not let a situation like today happen again!"

Zheng Xiaohu took the information and promised Qin Yuan solemnly.

"I'm still very assured about you guys now, but I can't stay by your side all the time!"

"In the future, all of you will have to complete missions independently. Strength and the difficulty of training coexist. If you want to be stronger, you will have to work a hundred times harder than others!"

"Next, you have to prove yourself. I hope you will see a different version of yourself in two months!"

Qin Yuan looked at the soldiers on the training ground and instructed Zheng Xiaohu. Qin Yuan knew very well that it was impossible for him to be by the soldiers' side to protect them all the time. They needed to be independent!

"Yes, sir!"

"Understood, Company Commander! I know what you're saying. We definitely won't let you down!"

"Good! Then I'll go back to the hospital first to see Deputy Company

Commander Liu! After that, I will head back to the recruit company! Call me if you need anything!"

"Yes, sir!"

After saying that, Qin Yuan drove directly in the direction of the military hospital. He wanted to go and see Liu Ye's condition, then he had to return to the recruit company! He had been gone for a long time, and there was much training that the squad leader still did not dare to train.

As for the plan Long Xiaoyun mentioned, he knew that Gao Shiwei would definitely give him the task based on his understanding of him. Next was Long Xiaoyun. He would let her see the changes in the logistics company two months later.

As he thought about it, Qin Yuan soon returned to the military hospital. After visiting Liu Ye, he said a few words to Zhou Qing and rushed back to the recruit company.

“Chen Guang! Yan Bing! Where do you think our company commander went?

He was still not used to him being away for the past few days!”

“Brother Niu! What is your brain thinking! If that pervert, the commander, comes back, we’ll all die of exhaustion with his training methods!”

Hearing Li Erniu’s words, Wang Yanbing could only stare at Li Erniu helplessly. Li Erniu still remembered Qin Yuan’s perverted training method.

On the recruit training ground, the squad leader was letting the soldiers hold the tires and do horse stance on the training ground. In the past few days when Qin Yuan was not around, he could only increase the difficulty of the recruits’ basic training.

If Qin Yuan did not come back, he would not dare to carry out other training programs. Those training programs were still too dangerous. He could not guarantee that he could complete them. After all, no one was as abnormal as

Qin Yuan..
