

## Special Troop 151

### Chapter 151: Extreme Explosion!

Looking at the soldiers of the logistics company rushing towards her, Long Xiaoyun's eyes revealed some amazement.

Qin Yuan was really right. In just a short two months, these guys' strength had increased several times compared to the last time.

Long Xiaoyun put away the surprise in her heart and turned around to stare at the soldiers of the logistics company who were rushing towards her. Even if these soldiers became stronger, she would not admit defeat so easily.

She took a big step forward and leaped towards the soldiers of the logistics company. She did not believe that she could not defeat these newly-trained soldiers.

“Still fighting back? Your people have all been captured. I think you'd better accept the reality!”

Seeing that Long Xiaoyun did not give up and attacked the soldiers of the logistics company, Qin Yuan smiled at Long Xiaoyun.

“Hmph, I really didn't expect you to be right! But so what? If you want me to admit defeat, then beat me down!”

Facing Qin Yuan's words, Long Xiaoyun did not admit defeat at all. Even if she had underestimated the strength of Qin Yuan and the logistics company, it was impossible for her to admit defeat.

“I already said that they have more perseverance than you think. You beat them up for no reason. Do you think they will admit defeat like this?”

Qin Yuan said indifferently to Long Xiaoyun. At this moment, the soldiers of the logistics company on the field attacked Long Xiaoyun like ferocious tigers pouncing on their prey.

Peng.

The moment she heard Qin Yuan's words, Long Xiaoyun also panicked for a moment. During a small gap, a soldier from the logistics company kicked her right arm and she took a few steps back.

“Then let's see how strong you are!”

Long Xiaoyun wiped the corners of her lips and looked at the soldiers of the logistics company angrily. This was the first time she had suffered such a big loss since she joined the army. She couldn't believe that she, someone who made even the international special forces school tremble, would fall into Qin Yuan's hands.

For a moment, Long Xiaoyun's attack was much fiercer than before. Several soldiers of the logistics company were directly kicked to the ground by her. Long Xiaoyun directly erupted with all her strength. It was not easy to force her to this step.

“Looks like she used her full strength.”

Seeing that Long Xiaoyun had made a few soldiers of the logistics company lose their combat ability in a short while, Qin Yuan knew that Long Xiaoyun did not intend to hide her strength.

“I didn’t expect Long Xiaoyun to have such strength. Even Old Gao and the others couldn’t last that long!”

Looking at Long Xiaoyun scurrying around in the logistics team, Qin Yuan admired Long Xiaoyun’s stubbornness.

But soon, under the encirclement of the logistics company soldiers, Long Xiaoyun gradually showed signs of weakness.

After more than ten minutes, Long Xiaoyun’s physical strength was gradually exhausted and she was directly knocked down by the soldiers of the logistics company. After Long Xiaoyun was knocked down, she immediately got up.

A strand of hair hung down between her brows, swaying gently in the breeze. Her eyes were fixed on the coordinated moves of the logistics company soldiers.

It was not the first time she had encountered the encirclement technique used by the logistics company soldiers. Last time, their coordination wasn’t as tight and seamless as it was now.

“Very good. I didn’t expect to be forced into such a situation by you guys today!”

While Long Xiaoyun was amazed at the strength of the logistics company soldiers, she also lamented that it was the first time she had been pushed to such an extent.

For a moment, a chilling aura burst out from Dragon Xiaoyun, and an urgent alarm echoed in Qin Yuan’s mind. Qin Yuan realized that the system was displaying a red alert status.

“Dangerous?”

“This...”

Qin Yuan did not expect Long Xiaoyun to actually hide her strength. This kind of aura was a cold aura that only people who had experienced a death war would emit.

Seeing Long Xiaoyun suddenly jump toward the soldiers of the logistics company, Qin Yuan immediately stood up from the stool and pounced toward Long Xiaoyun.

Qin Yuan knew that Long Xiaoyun was making a final outburst, but this strength was not something that the soldiers of the logistics company could withstand.

Peng.

Qin Yuan raised his right hand to block Long Xiaoyun’s flying kick, and he took a step back.

“Damn, this woman is really ruthless!”

Qin Yuan forcefully took this heavy blow, and a trace of pain came from his right arm.

This was the first time he had encountered such an expert since he came to this world.

It seemed that strength also depended on talent. Looking at Long Xiaoyun's age and her current strength, Qin Yuan sighed softly.

"You're finally willing to attack? We didn't manage to determine the victor the last time, so let me see your strength this time!"

After being forced back a few steps by Qin Yuan, Long Xiaoyun narrowed her eyes and looked at Qin Yuan. The attack she had just used was a full-powered attack that she had unleashed in her anxious and angry state. She did not expect Qin Yuan to block it so easily.

Her current state was a special ability that was triggered during the death training she underwent at the International Special Forces Academy.

This state was quite remarkable. It would only be unintentionally triggered when she was in a state of extreme anger or on the verge of death. It was a testament to the immense physical potential within a person.

"Why can't we talk things out? Every time we meet, we have to fight!"

Qin Yuan was really helpless about Long Xiaoyun. Every time they met, they seemed to be clamoring for a fight. They had never been able to talk properly first.

"There's nothing to say. If you want my approval, then defeat me! If you can't even defeat me, you don't have the capability to build this unit!"

As she spoke, Long Xiaoyun immediately assumed a combat stance, raised her right leg, and attacked Qin Yuan.

"In that case, I'll satisfy you!"

As he spoke, Qin Yuan also blocked it. Qin Yuan knew that if he wanted to conquer a woman like Long Xiaoyun, he had to defeat her.

The two of them fought on the field for dozens of rounds. Qin Yuan vaguely felt that Long Xiaoyun did not seem to feel that her physical strength was being exhausted at all. It was as if she had been competing with him at full strength.

"Truly amazing!"

Qin Yuan couldn't help but sigh inwardly, but he didn't feel too threatened at the moment. What he was most curious about was how long Long Xiaoyun could sustain her current state.

"Again!"

After being kicked away by Long Xiaoyun, Qin Yuan also raised his right leg and pounced at Long Xiaoyun. Qin Yuan grinned. It had been a long time since he had encountered such an opponent. For a moment, he also liked this feeling of fighting.

Just like that, the two of them fought back and forth for nearly ten minutes.

Neither of them could do anything to the other. In fact, it was not that Qin Yuan could not defeat Long Xiaoyun. He just wanted to know why Long Xiaoyun would erupt into such a state at this time.

One had to know that this was the first time Qin Yuan had encountered Long Xiaoyun in such a state!

Chapter 152: Fainted?

“Still not working?”

Long Xiaoyun’s eyes seemed to be empty. She did not expect Qin Yuan to be so strong. She still could not defeat him in this state.

She didn’t know how long she could last in this state, but she would faint every time.

When she was in the International Special Forces, she was also in an extreme state when her physical strength was exhausted during the final selection of the students. This was also the time when she was suddenly stimulated.

After defeating the last person, she fainted. The next few times were triggered when she was carrying out missions outside the country. She did not know how long she could last in this state.

For a moment, Long Xiaoyun knew that she couldn’t drag this out any longer. Otherwise, it would be awkward if she fainted in the battle.

“Again...”

As she spoke, Long Xiaoyun rushed toward Qin Yuan.

“It’s been a long time since I’ve had such a good fight!”

Seeing Long Xiaoyun rush out, Qin Yuan gathered his strength and went up to meet her.

Peng.

Before Qin Yuan and Long Xiaoyun could fight, Long Xiaoyun fell forward and crashed into Qin Yuan’s arms.

“What is happening...”

Qin Yuan was stunned. For a moment, he did not know what Long Xiaoyun was doing. She was still angry just a second ago. Now... she has fainted?

Qin Yuan lowered his head and saw that Long Xiaoyun had already fainted. He used the system to scan Long Xiaoyun’s body and realized that Long Xiaoyun’s physical strength had long been exhausted!

For a moment, not only Qin Yuan, but everyone in the logistics company was also stunned. No one knew what had happened.

“Third Platoon Leader!”

“Here!” “Send her to the infirmary first.”

“Yes, sir!”

As he spoke, Qin Yuan called the third platoon leader, Zhao Xiaowu, to send Long Xiaoyun to the infirmary. Zhao Xiaowu also quickly called a few soldiers from the logistics company to take a stretcher and send Long Xiaoyun to the infirmary.

After Long Xiaoyun was sent away, Qin Yuan came back to his senses and asked the system directly.

“System, what happened to her just now?”

Qin Yuan was also very curious about Long Xiaoyun’s state just now. This was the first time he had discovered such a thing since he came to this world.

“After analyzing the data, it seems that she has triggered a state of maximum physical exertion, which is a rare occurrence among tens of millions of individuals. This state represents the utmost limit of human physical capabilities.”

“In this state, the individual exhibits peak physical combat performance. However, the duration of this state depends on the individual and their specific circumstances. Once this state ends, the person may experience extreme exhaustion or even fainting.”

Upon hearing the system’s analysis, Qin Yuan was also somewhat shocked. He didn’t expect that Long Xiaoyun would be able to trigger such a state. He couldn’t help but marvel at the endless possibilities in the world.

However, as he thought about the fact that he had his system, Qin Yuan felt that it wasn’t a big deal. Even if Long Xiaoyun was extraordinary, her abilities couldn’t surpass those of his system, right?

“How long will it take for her to recover?”

Thinking of Long Xiaoyun’s sudden fainting just now, Qin Yuan knew that it probably happened after this state ended.

“About half an hour!” the system explained.

“That’s good! Otherwise... I wouldn’t know how to explain this to the military leaders!”

Long Xiaoyun suddenly fainted at his logistics company’s station. If she needed to recover for a long time, he didn’t know how to explain it to the chiefs.

With that, Qin Yuan walked towards the infirmary.

Long Xiaoyun was lying on the hospital bed, and her face looked very haggard.

“Is she alright?”

Qin Yuan stood by the bed and asked the medical staff in the infirmary of the logistics company.

“Commander, she’s fine. She’s just extremely exhausted and is especially weak now. She should be fine after resting for a night!” The logistics and medical staff said softly.

“That’s good! Then I’ll leave her to you! I still have things to do!”

“Don’t worry, Company Commander!”

As he spoke, Qin Yuan walked out of the infirmary and walked towards the training ground because Old Gao and the others were still tied up on the training ground!

Soon, Qin Yuan walked straight to the training ground. Looking at these familiar figures, Qin Yuan walked happily to Old Gao and the others.

“Captain Gao Da! Long time no see! I’m sorry! The soldiers are insensible and have wronged you!”

Qin Yuan smiled and walked forward to untie the ropes for Old Gao and the others.

“Hmph, what are you so smug about? If you hadn’t ambushed me just now, I would have beaten you up!”

Tu Lang looked at Qin Yuan angrily. As soon as they entered, they were surrounded by the soldiers of their logistics company. Not only did they surround them, but they even used a beast trap in the end!

“I’m sorry! You guys came without informing us. No one knew it was you!”

Qin Yuan replied with a smile. He knew that Tu Lang must be unconvinced, but since he had been captured, Qin Yuan did not argue with him.

“Company Commander Qin, you’re indeed young and promising!”

“How long has it been since we last met? I didn’t expect that we would all fall into your hands in the end!”

Old Gao also told Qin Yuan with a smile. To be honest, he was extremely shocked. It had only been a few months, but the strength of these guys in the logistics company had increased by so many times.

He did not expect that he would be defeated by the logistics company. When he fought with the logistics company soldiers just now, he knew that they might not be their match.

“Captain Gao Da is amazing! Everyone is tired. I’ll get my brothers to cook and let everyone have a meal together!”

After untying the ropes for everyone, Qin Yuan smiled and told the Lone Wolf Team A.

“Company Commander Qin, where’s the Dragon Sect? Where is she now?”

Seeing that Long Xiaoyun did not follow Qin Yuan, Old Gao asked in confusion.

“She? She just fainted!”

Qin Yuan was very helpless. She fainted after hitting him. When he saw Old Gao asking, Qin Yuan could only tell the truth.

“What is it? Fainted?”

Hearing Qin Yuan's answer, Old Gao looked worried.

"Company Commander Qin, why did the Dragon Sect faint?"

Old Gao quickly asked Qin Yuan. This was the first time he had seen such a thing.

"She's fine. She just fainted during the fight just now. I've already sent her to the infirmary. The medical staff said that she's just too weak and will be fine after resting for a while!"

Looking at the worried expressions of the Lone Wolf Group A, Qin Yuan also explained.

"Company Commander Qin, can you bring us over to take a look first?"

It was also the first time that Senior Gao had seen Long Xiaoyun fainted. Long Xiaoyun's physical fitness was much stronger than theirs.. How could she faint all of a sudden?

Chapter 153: Is He That Fierce?

"Alright then! I'll take you there first!"

Seeing the worried looks on Old Gao and the others' faces, Qin Yuan could only bring everyone to the camp's infirmary.

In the infirmary, Long Xiaoyun woke up.

"Fainted again? How can I faint on such an occasion?"

Long Xiaoyun slowly opened her eyes and stared at the ceiling in a daze helplessly. She looked at the silent infirmary, but her mind was filled with a myriad of thoughts!

She did not expect that her potential would be stimulated on such an occasion. When she thought of how she had embarrassed herself in front of the soldiers of the logistics company, especially in front of Qin Yuan... Long Xiaoyun felt suffocated!

"You're awake?"

The medical staff walked in and found that Long Xiaoyun had woken up, so he asked.

"How long have I been unconscious?"

Long Xiaoyun asked when she saw someone walking in. In the past, she would faint after every physical stimulation, but the duration was different every time. This time, she didn't know how long she had been unconscious. "Chief, you've been unconscious for about half an hour!"

Seeing Long Xiaoyun's nervous expression, the medical staff told Long Xiaoyun the duration.

"Half an hour?"

"I didn't expect that the time spent in the coma would be shorter and shorter each time. I wonder if this weakness will disappear! "

Long Xiaoyun thought in her heart. Although she had accidentally triggered this physical state, there were advantages and disadvantages. Every time she broke out, she would faint and become extremely weak.

However, this time, the time she slept was much shorter than the previous times. This was a good thing, at least for Long Xiaoyun!

Dong dong dong.

Qin Yuan brought Old Gao and the others to the infirmary. Qin Yuan opened the door and walked in with everyone.

“Instructor Long.”

“Instructor Long, are you alright?” Old Gao stepped forward and asked about Long Xiaoyun’s condition anxiously.

All of a sudden, the members of Lone Wolf Group A also asked Long Xiaoyun about it, and their faces were filled with worry.

Long Xiaoyun had also been an instructor in Wolf Fang for a period of time, mainly teaching them some special tactics of the foreign army, so they had a very deep friendship.

“You guys... Why are you all here?”

When they saw Old Gao and the others follow Qin Yuan in, they stared at Qin Yuan fiercely.

Qin Yuan had actually told so many people about this embarrassing matter. For a moment, Long Xiaoyun was a little angry with Qin Yuan. “Why is this woman still so fierce?”

Long Xiaoyun was staring at him as if she wanted to kill him.

From the beginning, Long Xiaoyun seemed to have never found him pleasing to the eye. The moment she came, she would start fighting at the slightest disagreement! This was also what Qin Yuan could not figure out the most. It seemed that he had never offended Long Xiaoyun, right?

“Instructor Long, we just heard that Commander Qin said that you fainted, so we rushed over!” Old Gao saw that the atmosphere was a bit cold, so he explained to Long Xiaoyun.

After hearing Old Gao’s words, Long Xiaoyun looked at Qin Yuan with an even colder gaze.

“This Old Gao is quite strong, but why is his EQ so low? Are you trying to harm me by saying that?”

Seeing that Long Xiaoyun seemed to hate him even more, Qin Yuan was also very helpless against Old Gao’s words.

In an instant, Qin Yuan also realized why Long Xiaoyun kept putting on a sour face. After all, she, Long Xiaoyun, seemed to be the person in charge of this operation.

If her subordinates knew that she had fainted, she would lose face.

Qin Yuan felt a little awkward when he thought about it. He had not thought too much about it when he saw the worried expressions of Old Gao and the others. After all, he could not hide Long Xiaoyun's condition from them.

Seeing that Long Xiaoyun was still giving him a sour look, Qin Yuan could only leave first. He felt a little awkward staying here!

"You guys chat first. I still have something to do, so I'll go out first!" Qin Yuan turned around and said to Old Gao and the others.

"Alright. Company Commander Qin!"

After saying that, Qin Yuan also walked out. He was afraid of Long Xiaoyun's gaze.

After Qin Yuan went out, Long Xiaoyun also stood up and asked about the situation just now.

"Sergeant Gao! Did you fall into their trap the moment you entered?"

Long Xiaoyun was still wondering why would Qin Yuan be on guard when they were the only ones who knew about the plan tonight. Or was their logistics company very vigilant, and they were in this state of vigilance every day?

"Yes, we didn't notice anyone when we came in. When we found them, we had already fallen into their trap."

"Right, Instructor Long! They are really strong. To be honest, the strength of Qin Yuan's logistics company is no weaker than ours. Moreover, the strength of each of their soldiers is very balanced!"

Facing Long Xiaoyun's question, Senior Gao also began to analyze it carefully. Just now, the members of Team A had carefully infiltrated the area. But at the next moment, the people around them were the people of the logistics company.

A unit that can elude the detection of their Wolf Fang reconnaissance must have strong camouflage skills and capabilities.

"It seems that I really underestimated Qin Yuan and these soldiers of the logistics company!"

Long Xiaoyun's brows furrowed tightly after hearing Old Gao's analysis.

"Instructor Long, I don't know why I feel that these guys from the logistics company seem to be very familiar with our fighting style and moves. For a moment, we were unable to withstand the siege of two or three of them!"

Tu Lang also told Long Xiaoyun about his doubts.

"It's Qin Yuan."

"This unit could be said to have been built by him alone, and their logistics company's encirclement tactics were quite powerful."

“Two months ago, I could easily defeat them by myself. But I didn’t expect their strength to increase by several times in just two months.”

“And... The cooperation between each of them was quite tacit. This team is indeed terrifying!”

Long Xiaoyun said lightly. She knew the current strength of the logistics company, and she would not hide the strength of the logistics company from Old Gao and the others.

Hearing Long Xiaoyun’s words, Old Gao and the others were shocked. It was the first time they heard Long Xiaoyun evaluate a troop in this way.

“Yes, they are indeed formidable. When we first encountered them a few months ago, they surprised us, but they definitely didn’t astonish us!” “But... This time...I can clearly say that we can’t beat them...”

Old Gao frowned. He wasn’t lying. As qualified special forces veterans, they knew best to face reality..

Chapter 154: F\*ck, I Forgot!

“Captain Gao is right. If we play a team battle now, we really can’t beat them. If it’s one-on-one, it’s really hard to say!”

Tu Lang said in a deep voice. In fact, he knew very well what he had just encountered. There were only three soldiers in the logistics company who fought with him, but to be honest, he had been beaten up the whole time.

“Alright! I know, you guys go back first, I’m fine!” Long Xiaoyun sighed softly.

“By the way, I’ll get Qin Yuan to make a trip to your place in a few days. To be honest, I have to admit that this guy has his own unique way of training soldiers!”

Long Xiaoyun could not help but admire Qin Yuan’s ability to lead troops. She was very clear about the strength of the logistics company’s soldiers two months ago, but it was actually so difficult for her to deal with them today.

“Alright, Instructor Long! Then we’ll go back first!”

“Goodbye, Instructor Long!”

Seeing that Long Xiaoyun was fine, everyone was relieved.

“By the way, where are the members of Team B?”

Long Xiaoyun asked in confusion when she didn’t see any members of Team B.

“Them?”

“We didn’t see them either...”

It was only then that everyone remembered that the members of Team B were not there!

Meanwhile, on the other side of the logistics company.

“I said... I said. Can you guys stop pressing down on me? Can you get off me... you’re almost crushing me.”

Without Qin Yuan’s order, the soldiers of the logistics company were still pressing down on the members of Team B!

No matter how the paratrooper struggled and screamed, the soldiers of the logistics company ignored him.

“F \* Ck... I seem to have forgotten about the members of Team B...”

Qin Yuan stood in the corridor outside the door and remembered that the members of Team B seemed to be pressed to the ground by the brothers of the logistics company.

He was so busy sending Long Xiaoyun over that he forgot that these guys were still there!

“Ostrich, didn’t you say you could fight ten? Why... why are you pressed to the ground?”

The medic was no different from a paratrooper. Two burly men from the logistics company were still pressing down on him! It took him a lot of effort to say this!

“You... you talked the most that time!”

The paratrooper did not expect to be mocked by the medics. To be honest, he did not expect the soldiers of the logistics company to be so strong.

Qin Yuan walked over slowly and heard the conversation between the two of them. For a moment, Qin Yuan felt that these two were really partners! They were simply a pair of living treasures.

“Logistics Company!”

“Yes ! ‘I

“Yes!”

In an instant, the dozen or so soldiers who had been pressing on them responded to Qin Yuan with resounding voices. It was unclear when they had gradually cultivated a sense of killing intent.

Looking at his brothers in the logistics company, Geng Jihui was also shocked by this scene.

“Are you guys stupid? Why are you guys pressing our brothers to the ground?”

Qin Yuan smiled helplessly as he told the logistics company.

“This... This...”

“Company commander, we wouldn’t dare to release them without your orders!”

In the face of Qin Yuan’s inquiry, more than ten people from the logistics company looked at Qin Yuan awkwardly. After all, without Qin Yuan’s order, how could they dare to let them go?

“This...”

Qin Yuan did not expect the brothers of the Logistics Company to be so rigid! However, Qin Yuan was quite happy when he thought of the soldiers’ ability to carry out his orders.

“Company Commander Qin...If you didn’t come, these brothers are going to break my arm!”

For a moment, the paratrooper’s face was full of resentment. It was the first time he had seen such rigid brothers.

“I’m sorry, brothers...”

As he spoke, Qin Yuan also said apologetically to the members of Lone Wolf team B.

“Right, Company Commander Qin! How is Instructor Long now?” Geng Jihui got up and directly asked about Long Xiaoyun’s situation!

“Don’t worry! She was fine. Sergeant Gao and the others are all there now!”

“Then Company Commander Qin, sorry for disturbing our brothers tonight. We need to go and see how Instructor Long is doing now!”

After hearing Qin Yuan’s words, Geng Jihui still felt that he needed to go and see Long Xiaoyun’s situation. Otherwise, he would not be at ease!

“Alright! Third Platoon Leader, take them there!”

“But... Let me say this first. If she gets angry, don’t blame me.”

As he spoke, Qin Yuan also thought of how Long Xiaoyun hated him after he brought Old Gao and the others over!

“Don’t worry, Instructor Long is a good person!” “Then Company Commander Qin, we’ll go over first!”

“Alright!”

As he spoke, Geng Jihui brought the members of Team B and followed Zhao Xiaowu to Long Xiaoyun.

“Good person? Why don’t I feel the same way about her?”

After the members of Team B left, Qin Yuan sighed softly in his heart.

“Company Commander Qin...Aren’t we being a little too harsh tonight?”

Zhou Qing asked Qin Yuan after arranging for the logistics company to cook.

“Harsh? The other party had sneaked up on us, so this is already considered very merciful!”

Hearing Zhou Qing's question, Qin Yuan replied with a smile. He did not think that there was anything ruthless about it. If their logistics company was not strong enough, they would be the ones being pressed to the ground now.

“Company Commander Qin, I really didn't dare to imagine that we would one day defeat the Lone Wolf Assault Team! I didn't even dare to think about this kind of thing in the past!”

Zhou Qing's face was filled with a smile. If not for Qin Yuan's arrival, they would not have had such a day!

For a moment, Zhou Qing also sighed with emotion. This was a huge blow to Zhou Qing's heart.

“Old Zhou, are you satisfied with this?”

“Don't worry, there are more exciting places in the world waiting for us. From today onwards, you have to start adapting to this situation!”

Qin Yuan knew how great an impact this would have on Zhou Qing. Zhou Qing knew better than him what the logistics company was like in the past.

“Yes, yes, I understand, Company Commander Qin! I'll follow you wherever you go. I, Zhou Qing, will follow you for the rest of my life.”

Zhou Qing looked at Qin Yuan and his tone became more serious. This was what he meant.

Qin Yuan was not used to Zhou Qing being so formal!

“Forget it! Old Zhou! Do you think that I, Qin Yuan, will forget you if there's something good? Don't worry, we're about to enter another stage. Are you ready?”

Qin Yuan knew that this time, Long Xiaoyun would definitely get to know Qin Yuan's logistics company again.

Qin Yuan was looking forward to the plan that Long Xiaoyun mentioned. “Don't worry, our brothers in the logistics company are always ready!”

Although he was not very clear about Qin Yuan's words, he knew what had happened to the logistics company during this period of time, so he knew that Qin Yuan and the people from the logistics company might have a different new mission..

Chapter 155: It's Qin Yuan!

“Yes, even if they don't come today, they will come in a few days!”

“Right, how's the situation with Deputy Company Commander Liu?”

As he spoke, Qin Yuan also thought of Liu Ye's situation and asked Zhou Qing.

“Today, the second platoon leader said that Old Liu is recovering very well. Even the attending doctor was surprised by Old Liu’s recovery ability. To be honest, Company Commander Qin, did you give Old Liu your secret recipe?”

After receiving the report from Second Platoon Leader Zheng Xiaohu today, Zhou Qing was also surprised. Later on, he remembered that his hidden illness was cured by the so-called secret recipe that Qin Yuan had given him.

When he thought of how confident Qin Yuan was from the beginning, Zhou Qing knew that Liu Ye’s situation should not be too big of a problem for Qin Yuan.

Zhou Qing knew how powerful Qin Yuan’s homemade recipe was. He had personally experienced the effect.

“It’s good that you know this. Don’t tell anyone!”

He really didn’t know how to explain the Physique Strengthening Liquid to others.

“I know, Company Commander Qin.”

Zhou Qing also knew that this must be Qin Yuan’s secret. After all, this kind of thing was really priceless. Qin Yuan’s help back then was already equivalent to saving his life. To him, the hidden illness in the past was like taking his life. The impact of a soldier’s body not being able to withstand high-intensity training was huge. To a soldier, it was no different from being a cripple.

“Old Zhou, arrange for the soldiers to prepare the food. It’s not easy for them to come, so we have to entertain them!”

The sky was gradually getting brighter, and the sky not far away had already turned white.

“Company Commander Qin, I’ve already made arrangements!”

“Alright, then let’s go over to their place and take a look!”

“Sure!”

With that, Qin Yuan and Zhou Qing turned around and walked toward the infirmary.

“Instructor Long! Are you alright?”

Long Xiaoyun heard the voice of the paratrooper before he entered the infirmary.

In the infirmary, everyone heard the commotion outside the door and turned around to see the members of Lone Wolf Team B walking in under Zhao Xiaowu’s lead.

“Qin Yuan... You bastard! I’ll look for you later!”

Seeing the members of Lone Wolf Group B walk in, a trace of anger flashed across Long Xiaoyun’s cold face.

This time, she had lost a lot of face. Although the members of Team B knew that she had fainted, they didn’t have to rush to her, right?

After a few seconds of silence, Long Xiaoyun slowly said, “Why are you guys here? I’m fine now!”

“Instructor Long, you don’t know how worried we were when we saw you faint!”

“But you don’t know these guys in the logistics department. They’re like a bunch of stubborn donkeys. No matter what I say, they won’t let go of us. I was shouting so hard that smoke was coming out of my throat, but they just ignored me. They pressed us down to the ground and almost dislocated my arm.”

“If Company Commander Qin hadn’t gone over just now, they would have really held us down for the entire night!”

Just like before, he began to complain.

The rest of the members of Team B were so embarrassed that they did not dare to look Long Xiaoyun in the eye. The paratrooper had the nerve to complain to Long Xiaoyun!

They had originally said that they were here to take revenge, but who would have thought that they were here to be tortured?

“Alright! It was my mistake tonight, but from tonight onwards, I hope that you will understand that there are really many strong people in this world. You are a Chinese soldier, and you are the vanguard of the soldiers!”

“In the future, when you face the enemy, they may be stronger than the brothers of the logistics company you met tonight. If you want to successfully complete the mission given to us by the motherland and return alive, then you must train harder than others!”

“Tonight, all of you have seen the strength of Qin Yuan’s team. I can tell you very clearly that I didn’t take them seriously two months ago, but today, you know what happened! ”

As she spoke, Long Xiaoyun continued to teach the Lone Wolf Assault Team. She did not blame the Lone Wolf Assault Team for tonight’s incident. Even she herself did not expect the logistics company’s strength to improve so quickly!

After hearing Long Xiaoyun’s words, everyone lowered their heads. They knew very well what they had encountered tonight.

Ever since the logistics company appeared in the military exercise, it had broken their understanding of the logistics soldiers. This time, it had broken their understanding of the improvement of strength.

One had to know how long had their Wolf Fang been established, and how long had the logistics company been trained!

“Got it, Instructor Long!”

The paratroopers who were still complaining had a heavy expression on their faces.

“Instructor Long, this time, we will come up with a new training plan. Don’t worry!”

Old Gao knew that Qin Yuan must have his own special training plan for him to be able to train such a unit in such a short period of time.

“I’m fine! I’ll get him to go to Wolf Fang in two days. As for changing the training method you mentioned, there’s no need for that. In fact, your training method is already very cruel, but the uncertain factor is their company commander, Qin Yuan!”

“The entire logistics company was brought out by him alone!”

Long Xiaoyun knew very well that the logistics company was able to raise their strength to such a level in such a short period of time not just by relying on high-intensity training. As for the main reason, she was not very clear. She needed to communicate with Qin Yuan.

After listening to Long Xiaoyun’s analysis, everyone didn’t know what to say. Their training was indeed very cruel, but they didn’t expect that the logistics company’s strength improvement speed was indeed much faster than theirs.

“Alright! Instructor Long!”

Since Long Xiaoyun had asked Qin Yuan to go over, Old Gao also felt that it was a good idea. He was also very curious about what method Qin Yuan had used to bring the logistics company to such a state.

“Yes! You guys can go back first! I still need to stay here for a while!”

This time, she had already decided that her Battle Wolf plan would use Qin Yuan’s logistics company as the foundation, so what she needed to do next was to understand Qin Yuan on a deeper level.

“Alright! Then we’ll go back first!”

“Alright!”

After saying that, the members of the Lone Wolf Assault Team bade farewell to Long Xiaoyun and were about to turn around and walk out of the infirmary when they saw Qin Yuan and Zhou Qing walking in.

“Brothers, it’s rare for you to come here. I’ve already asked my brothers to prepare breakfast for you guys before leaving!”

Zhou Qing saw that everyone was about to leave, so he walked up and said.

“Stay and have breakfast together! We also want to express our apologies!”

Qin Yuan did not dare to look into Long Xiaoyun’s eyes at all. He could only walk to Old Gao’s side and softly preach to everyone.

“This...”

Chapter 156: We Don’t Know How Strong He Is!

For a moment, everyone's eyes were fixed on Long Xiaoyun who was lying on the bed.

"Let's eat before we leave!"

Long Xiaoyun also replied. Since they were already here, she should let them get to know each other.

"Yes!"

"Yes!"

With that, Old Gao also led the Lone Wolf Assault Team out of the infirmary. He knew that he would leave some space for Long Xiaoyun and Qin Yuan. "Then Company Commander Qin, I'll bring them over!"

Zhou Qing also knew that Long Xiaoyun and Qin Yuan could be said to have fought as soon as they met, so he knew that he had to give the two of them some time to explain and reconcile their differences.

"Okay!"

Zhou Qing walked out of the infirmary and brought Old Gao and the others to the cafeteria.

After everyone left, the ward instantly turned cold. Qin Yuan looked at Long Xiaoyun who was lying on the bed and looked out the window, not knowing how to talk to Long Xiaoyun. The atmosphere instantly became awkward.

After about a minute, Long Xiaoyun said indifferently, "I want to take your logistics company with me!"

"Take them with you?"

Hearing Long Xiaoyun's words, Qin Yuan did not know what Long Xiaoyun was up to.

"Yes! They meet my standards! But...You... I can't figure you out!"

Long Xiaoyun said softly. She knew that the logistics company had met the requirements of the soldiers in her Battle Wolf Plan, but the one she didn't know the most was Qin Yuan, so what she needed to do next was to understand what kind of person Qin Yuan was.

After hearing Long Xiaoyun's words, Qin Yuan knew what Long Xiaoyun was thinking.

"I can tell you very clearly that without me, you won't be able to take them away!"

"As for me...You'll understand in the future!"

After saying that, Qin Yuan walked out of the infirmary without waiting for Long Xiaoyun's reply. He did not want to explain too much to Long Xiaoyun. As for what kind of person he was, he would let Long Xiaoyun figure it out for herself! He didn't want to waste time on this issue with Long Xiaoyun.

“You...”

Seeing Qin Yuan ignore her and walk out after saying that, Long Xiaoyun instantly stared angrily at Qin Yuan’s departing figure.

She did not expect Qin Yuan to ignore her like this. She could not speak to him at all.

After a long silence, Long Xiaoyun gathered her emotions, stood up, and walked out. Since she was here, she would slowly get to know Qin Yuan.

With Qin Yuan’s attitude, they couldn’t get along at all. They had disagreements after exchanging just a few words.

In the logistics company’s canteen, the logistics company was having breakfast with the Lone Wolf Assault Team. For a moment, the paratroopers were also fighting with the logistics company.

“Brothers! Can you guys tell me how you guys became so strong all of a sudden?”

The paratrooper grabbed Geng Hu and asked him questions. Geng Hu did not know how to answer the paratrooper’s questions.

“That’s... It is...Every day, we want to be able to withstand a few more moves from the company commander! Then, we don’t know how our strength has changed but every day, we train, train, train!” Geng Hu scratched his head and laughed.

“Is your company commander very powerful?”

After receiving Geng Hu’s reply, the paratrooper also asked curiously. He had never fought Qin Yuan before, so he was also very curious why the people from the logistics company were so keen to fight with their company commander,

Qin Yuan.

“Is he powerful?”

Hearing the paratroopers’ question, the logistics company lowered their heads helplessly.

“Let me put it this way. I’ve always been knocked down by our company commander with a single kick. Every time, I thought I could escape this fate, but no matter how strong I am, the result is the same!”

Geng Hu also answered the paratrooper’s question with a smile. They had asked themselves many times whether Qin Yuan was strong or not. Now, their logistics company was used to it!

“No way! Is he really as terrifying as you say?”

Although everyone in the Lone Wolf Assault Team knew that Qin Yuan was very strong just from the exchange between Long Xiaoyun and Qin Yuan just now.

However, they rarely saw Qin Yuan fight, so everyone did not know how strong

Qin Yuan was.

“If you have the chance, you will experience it for yourself!”

Zhao Xiaowu smiled and replied to the paratroopers. To be honest, they did not know how strong Qin Yuan was. They only knew that their company commander was very strong.

“Is your training very cruel?”

“Of course, but we’re used to it!”

As he spoke, the people from the logistics company also smiled and buried their heads to continue eating.

The members of the Lone Wolf Assault Team also knew that Qin Yuan’s training must be very cruel. Otherwise, the strength of the logistics company would not have improved so quickly.

Soon, everyone finished their breakfast, and Old Gao and the others were ready to go back.

“Instructor Long, Company Commander Qin! We’ll go back first. The Chief of Staff is still waiting for us!”

Old Gao also walked to Qin Yuan and Long Xiaoyun’s side and said to the two of them.

“Alright! Be careful on the road!” Long Xiaoyun also replied.

“You guys? Are you going to stay in the logistics company?”

As he spoke, he looked at Long Xiaoyun beside him. Hearing Old Gao and Long Xiaoyun’s words, Qin Yuan realized that Old Gao was here to say goodbye to him and Long Xiaoyun. That meant that Long Xiaoyun did not plan to go back.

“Yes! I want to stay here for a while!”

Hearing Long Xiaoyun’s answer, Qin Yuan was also very helpless. After all, Long Xiaoyun’s military rank was higher than his. Seeing that Long Xiaoyun was so certain, he did not say anything else.

“Go back then! Remember to thank your Chief of Staff for me!”

This time, Long Xiaoyun borrowed the Lone Wolf Assault Team from Fan Tianlei, so she was very grateful to Fan Tianlei.

“Yes, sir!”

After saying that, Old Gao gathered the team and rushed back with everyone. After the elders left, Qin Yuan explained some things to Zhou Qing and walked towards the garage.

As for Long Xiaoyun, if she wanted to stay, then so be it. After all, he might have to partner with her for a period of time, so he would let her understand the logistics company first!

“Where are you going?”

Seeing Qin Yuan walking towards the garage, Long Xiaoyun hurriedly asked Qin Yuan.

“Where am I going? Of course, I’m returning to the recruit company! Do you think I’m as free as you?”

Originally, he had planned to come back to fulfill his agreement with Long Xiaoyun, but he did not expect Long Xiaoyun to come and ambush him on the first day of his return. Now that the agreement had been fulfilled, Qin Yuan was going to return to the recruit company because the members of the new recruits’ company are about to finish their training there.

“You’re going too?”

Qin Yuan was speechless when he saw Long Xiaoyun following closely behind.. Was Long Xiaoyun going to follow him like this forever?

Chapter 157: I Know A Little About That!

“Can’t I? Do I need to report to you where I want to go?”

Long Xiaoyun ignored Qin Yuan’s words. She followed Qin Yuan to the garage and got into Qin Yuan’s car.

Seeing that Long Xiaoyun had already gotten into the car, Qin Yuan helplessly opened the car door and got in.

The recruit company was about to finish its three-month training. Qin Yuan had to rush back to join everyone.

An hour later, Qin Yuan’s car stopped at the entrance of the recruit company.

At this moment, everyone in the Recruit Company had gone for field training under the leadership of Squad Leader Lao Hei. Only Gong Jian was still in the office in the camp.

“Why is there no one in the recruit camp?”

Looking at the empty recruit camp, Long Xiaoyun said to Qin Yuan. “They should have gone out for training. Let’s go to the office and take a look!” After saying that, the two of them walked straight to Gong Jian’s office.

“Company Commander Qin? You’re back? Aren’t you going back for a few days? Why are you back now?”

After getting the information, Gong Jian walked out of the office. As soon as he walked out, he saw Qin Yuan walking over with an unfamiliar woman beside him.

“He came back after he was done with his work. Did the squad leader bring the team out?”

Seeing Gong Jian walk out, Qin Yuan also asked with a smile.

“Yes, the life of the new recruits will end in a few days. Now, these kids are waiting for your test. Since you told them those things last time, they are like wolf cubs.”

“And this is?”

Gong Jian looked at the woman who followed Qin Yuan and asked Qin Yuan curiously. When Gong Jian noticed Long Xiaoyun's epaulet, he could not help but be surprised for a moment.

"I don't know how to introduce you. You do it!"

As he spoke, Qin Yuan glanced at Long Xiaoyun.

"Hello! I am Long Xiaoyun! I'm just here to take a look. You guys just do your own thing!"

Long Xiaoyun extended her right hand and introduced herself to Gong Jian.

Gong Jian looked at Long Xiaoyun and felt like he had seen her somewhere before. However, he couldn't remember where he had seen her before. He paused for a while and reached out his right hand to shake Long Xiaoyun's hand.

"Hello, I'm Gong Jian, instructor of the Iron Fist Group's Sharpshooter Company Four. I'm also the instructor of the recruit company!"

Gong Jian also introduced himself. At first, he thought that this was Qin Yuan's girlfriend, but when he saw that the two of them were not on good terms with each other, Gong Jian was a little stunned!

"Company Commander Qin, is Comrade Long Xiaoyun going to stay in our recruit company for a few days?"

Since she had followed Qin Yuan here, Gong Jian wanted to ask Qin Yuan about Long Xiaoyun's purpose in coming here.

"Yes, I just came to see how you train your soldiers, so you don't have to worry too much. Just arrange a room for me!" Long Xiaoyun did not give Qin Yuan a chance to speak and said to Gong Jian.

"Uh... Alright! Comrade Long Xiaoyun, come with me!"

As he spoke, Gong Jian glanced at Qin Yuan. Seeing that Qin Yuan was silent, he did not say anything else, so he directly brought Long Xiaoyun to the dormitory.

Qin Yuan looked at Long Xiaoyun, who had left with Gong Jian, and felt a little depressed! To be honest, he really didn't expect Long Xiaoyun to be so difficult to deal with. He didn't know what Leng Feng was thinking at the beginning. If he married such a woman, he would suffer!

Thinking of this, Qin Yuan also thought of Leng Feng and the others.

"I wonder if I will encounter these fellows..."

After thinking for a while, Qin Yuan stopped thinking about it. He would wait until he carried out the Battle Wolf Plan before going to the other troops to see if he could find them.

Qin Yuan believed that he would meet these people if he was not wrong. After all, he had already met He Chenguang, Long Xiaoyun, and the others.

“Comrade Long Xiaoyun! This is your dormitory. If you need anything, you can tell me directly! ”

Soon, Gong Jian arranged a separate room for Long Xiaoyun.

“Good! You’ve worked hard!”

Long Xiaoyun also looked at the furnishings inside. There was only a simple office table and a chair. The rest was a bed. However, the lighting was good. Long Xiaoyun opened the window and saw the training ground opposite.

“Right! Instructor Gong, what do you think of Qin Yuan?”

Seeing Long Xiaoyun turn around and ask about Qin Yuan’s situation, Gong Jian also smiled and said,

“Company Commander Qin? He was very capable and a good person!”

Hearing Gong Jian’s evaluation, a puzzled expression appeared on Long Xiaoyun’s face. Ever since she found out about Qin Yuan, almost everyone she met praised Qin Yuan.

“Is he really as good as you say?” Long Xiaoyun asked Gong Jian doubtfully.

“Comrade Long Xiaoyun, sometimes Qin Yuan is a little casual, but after I got to know him, I only know that there’s nothing he can’t do. At first, I was just like you, doubting his ability mainly because Qin Yuan is too young. ”

“But in the end, I realized that I was wrong. Company Commander Qin is simply too strong. His strength and strategy are extremely terrifying!”

“Our 4th Company and the current recruit company can be said to be led by him. If I didn’t see it with my own eyes, I wouldn’t believe that someone could raise the overall strength of an army to such a level in such a short period of time!”

As he spoke, Gong Jian fell into a state of envy.

Looking at Gong Jian’s expression as he spoke, Long Xiaoyun realized that Qin Yuan was really quite magical. Whether it was in the logistics company or the recruit company, everyone seemed to admire Qin Yuan.

“Alright, then you can go ahead and get busy!”

From everyone’s mouth, she got the same thing from Qin Yuan. Long Xiaoyun was very helpless. For some reason, she felt that she could not see through Qin Yuan.

“Alright! Comrade Long Xiaoyun, if you need anything, please let me know!”

“Alright!”

After saying that, Gong Jian closed the door and left.

“Company Commander Qin, does this Comrade Long Xiaoyun like you?” Gong Jian came back after arranging the dormitory for Long Xiaoyun and met Qin Yuan, so he joked.

“Why does everyone think she’s my girlfriend? Besides, I’ve only seen her twice!”

Hearing Gong Jian ask him this, Qin Yuan felt very helpless. Even everyone in the logistics department thought so.

“Also, I have a girlfriend. Besides, you don’t know how fierce this woman is! You’ll understand in the future!”

Qin Yuan explained again. If he did not explain things now, the rumors might spread further.

“No? Then why did she keep asking about you just now! Although I haven’t been in a relationship, I still know a little about this!”

After listening to Qin Yuan’s explanation, Gong Jian did not believe it at all.. He would be the first to not believe that the two of them had nothing to do with each other!

Chapter 158: Calling Leng Feng!

“What’s wrong? You know a little? But I’m telling the truth! You don’t believe

Looking at Gong Jian’s incredulous expression, Qin Yuan felt helpless.

“How should I explain... Long Xiaoyun belongs to Leng Feng!”

Qin Yuan sighed in his heart, thinking that he had to find Leng Feng as soon as possible. Qin Yuan had never been so eager to see Leng Feng, but if Leng Feng did not come, he really did not know how many times he had to explain to these people.

“Alright! Company Commander Qin, I’ll pretend to believe you! But I can see that Comrade Long Xiaoyun is quite curious about you!”

Gong Jian also said with a smile. After interacting with Long Xiaoyun, he felt that Long Xiaoyun’s topic had always revolved around Qin Yuan.

“What do you mean by pretending to believe? I’ve already explained it to you...”

Qin Yuan could not be bothered to explain to Gong Jian. Right now, his mind was filled with how to find Leng Feng.

“Alright, Commander Qin, I believe you!”

“By the way, Company Commander Qin, I just arranged for Comrade Long Xiaoyun to be next to your dormitory!”

Gong Jian also knew that ordinary people would be embarrassed to request for such things, so he understood Qin Yuan very well.

After hearing Gong Jian's words, Qin Yuan's face darkened. He had actually arranged for Long Xiaoyun to be next to his dormitory. Thinking of this, he felt very helpless. He thought to himself that he should stay away from Long Xiaoyun. He couldn't afford to provoke her, but at least he could try to avoid her.

Just as Qin Yuan and the others were chatting, the squad leader returned with his team.

"Company Commander Qin, they're back! Should we go over and take a look?"

When Gong Jian saw that the recruits had already returned to the training ground, he asked Qin Yuan if he wanted to visit everyone. After all, he had just told the soldiers that Qin Yuan had something on, but Qin Yuan had returned today.

"Alright! Let's go over and take a look!"

As they spoke, the two of them walked towards the training ground.

"Company commander???"

"Isn't Yan Bing the company commander?"

When Li Erniu saw Qin Yuan not far away, he immediately asked Wang Yanbing beside him.

"Brother Niu, how much do you want the company commander to train us?"

"Squad Leader just said that the Company Commander has been busy for a few days! How could it be the company commander!"

Looking in the direction Li Erniu was pointing, Wang Yanbing saw two people walking over not far away, but he could not see clearly if it was Qin Yuan. "No, it's the company commander and the instructor! My eyes can't be wrong!"

Li Erniu said with certainty.

"What are you two chatting about?"

As he said that, the squad leader's stern voice rang out, scaring Wang Yanbing and Li Erniu so much that they trembled.

"Report! Squad leader, we're wondering if that person over there is the company commander!"

Wang Yanbing immediately explained.

After hearing Wang Yanbing's words, the squad leader also looked in the direction he said. It was really Qin Yuan and Gong Jian walking toward them.

The squad leader was also puzzled because Qin Yuan said he would be busy for a few days. Why was he back now?

"Both of you, do 200 push-ups each. And from now on, anyone who speaks in the formation will do 500 push-ups, until you all learn your lesson!"

As he spoke, the squad leader directly punished the two of them. Although he knew that Qin Yuan and Wang Yanbing had broken the team's discipline, they had to be punished. This was a matter of discipline.

"Yes, sir!"

"Yes, sir!"

For a moment, the two of them did not dare to complain. They could only lower their bodies and immediately started.

The squad leader walked towards Qin Yuan.

"Company Commander Qin, didn't you say you were going back to work for a few days? Why are you back today?"

The squad leader asked softly.

"It's fine now, so I came back. In a few days, they will start assigning troops, so I have to come back!"

"I see!" The squad leader nodded.

"By the way, what are they training today?" As he spoke, Qin Yuan also asked the squad leader. "The next training today is shooting and combat!"

"Shooting and combat?"

Qin Yuan thought that it had been a long time since he had seen the soldiers' shooting skills, so he wanted to see how they were doing today.

"Yes!"

"Alright, then immediately arrange it. We have an honored guest here today, so let her see your strength!"

As he spoke, Qin Yuan thought of Long Xiaoyun. Since she had followed him here, he would let her take a look at these soldiers! After all, Qin Yuan knew that if they formed the Battle Wolf together, he would still need Long Xiaoyun's approval if he wanted to take these recruits with him.

"Honored guest?"

The squad leader also asked Qin Yuan in confusion.

"Yes, I am! You'll see her in a moment. Go and make arrangements first!"

"Okay!"

After saying that, the squad leader also went to make arrangements with a puzzled expression. As for who the distinguished guest Qin Yuan was talking about was? He would know later,

"Company Commander Qin, are you planning to let Comrade Long Xiaoyun see their military level?"

Seeing Qin Yuan's arrangement, Gong Jian also began to suspect Long Xiaoyun's identity. After all, every military strength display was for the higher-ups to see. Qin Yuan's goal was to bring these guys into the special forces. Could Long Xiaoyun be the commander of the special forces? "Yes, I am! Instructor Long isn't that simple huh."

When he thought of Long Xiaoyun's high military rank at such a young age, Gong Jian seemed to have thought of something when he heard Qin Yuan's words.

"Then I'll go over and call Comrade Long Xiaoyun!"

"Alright!"

Gong Jian turned around and headed toward Long Xiaoyun's dormitory. Guessing Qin Yuan's intention, he felt it was necessary to do so.

Soon, the squad leader had arranged everything and was waiting for Qin Yuan's orders.

A few minutes later, Gong Jian called Long Xiaoyun over.

"What's wrong? What kind of program are you planning to arrange for me?"

Looking at the recruits on the training ground, a strange look flashed across Long Xiaoyun's eyes. The soldiers' military appearance and aura also surprised her, so she directly asked Qin Yuan why he called her over.

"Haven't you always wondered how I trained my soldiers? I've trained these guys for three months. Let them prove it to you!"

Qin Yuan smiled and looked at Long Xiaoyun. One had to know that the overall military quality of this batch of recruits was very good. In just three months, their strength had almost caught up with the strength of those guys from the logistics company who were beaten up by Long Xiaoyun last time.

Even if they were not as strong as the logistics team, they were not much different.

Qin Yuan knew the overall strength of the soldiers very well, so he was very confident that if Long Xiaoyun came into contact with these guys, she would definitely be as fond of them as he was..

Chapter 159: Testing the Strength of the Recruits!

"Alright! Let's see how strong these guys are!"

To be honest, Long Xiaoyun couldn't wait to see how strong this group of recruits had become under Qin Yuan's leadership for three months. This was because she had just noticed several strong soldiers.

As she spoke, Long Xiaoyun followed Qin Yuan to the new recruits 'team.

"Attention!"

"At ease!"

After the squad leader organized the team, he walked straight to Qin Yuan.

“Company Commander Qin, the team has assembled. Please give us your instructions!”

The squad leader reported loudly to Qin Yuan.

Qin Yuan walked forward and looked at the new recruits’ team. He was still very satisfied!

“Today’s training subjects are marksmanship and combat skills! Haven’t you been waiting for me to assess whether you meet my standards?” “Then today, unleash all the hidden strength you have! ”

“Yes, sir!”

“Yes, sir!”

As he said that, a deafening response rang out from the recruit company. Looking at the imposing manner of the recruits, Long Xiaoyun’s face also flashed with a trace of surprise.

This was because, from their imposing manner, the strength of this batch of recruits was not too weak. It was the first time Long Xiaoyun had seen such recruits. After so many years in the army, she had seen many excellent soldiers and companies.

However, these guys in front of her were all new recruits this year. They had only been in the army for about three months. It was the first time she had encountered someone who could display such an imposing manner. She was also looking forward to witnessing the ability of this batch of new recruits.

“Good! Everyone, target range, move out!”

“Yes, sir!”

“Yes, sir!”

Hearing Qin Yuan’s instructions, the recruits and everyone walked towards the shooting range in an orderly manner.

“Let’s go!”

After the recruits left, Qin Yuan turned his head and said to Long Xiaoyun.

With that, Qin Yuan led the way to the shooting range, and Long Xiaoyun followed closely behind.

“Do you think that female chief just now is the company commander’s girlfriend?”

Someone in the recruit company said doubtfully.

“I think so! Otherwise, the commander wouldn’t have said he he had something on but came back today with a woman – she must be the commander’s girlfriend!” Li Erniu also said with a smile.

“The company commander’s girlfriend is quite good-looking, but she feels so cold! Don’t you think so, Brother Guang?”

“Don’t analyze the company commander’s life. Besides, do you know that the woman’s military rank is higher than the company commander’s? If she’s the company commander’s girlfriend, then the company commander will have to suffer in the future!”

Hearing the discussion among the new recruits, He Chenguang also began to explain to the crowd. He had been paying attention to Long Xiaoyun just now. When he saw Long Xiaoyun’s military rank, his heart skipped a beat. It was rare to have such a high military rank at such a young age. There were not many in the entire Huaxia Military Region.

He Chenguang knew that the identity of the woman standing beside Qin Yuan just now was definitely not simple. In addition, the company commander brought her to test our ability this time, which meant that her identity was not simple.

“Brother Guang? Are you saying that the woman next to the company commander just now has a higher military rank than the company commander? Then the company commander...”

“That’s right! Haven’t you all learned to recognize military ranks by now? It’s basic knowledge when entering the military,” said He Chenguang with a helpless smile.

“No, no, we really didn’t notice just now that our eyes were all on the Bureau Chief! ”

The soldier who had just spoken explained in embarrassment.

“Yeah! The commander is truly impressive. Not only is he strong in terms of skills, but he even found a girlfriend who’s even more awesome than him!”

For a moment, the team was discussing animatedly. In their hearts, they had already determined that Long Xiaoyun was their company commander, Qin Yuan’s girlfriend.

“However, why do I feel that they don’t seem to be on good terms? Also, this female officer is very cold!”

Wang Yanbing also voiced his guess. He had been paying attention to Qin Yuan and Long Xiaoyun just now. He felt that the two of them did not seem to get along very well. Long Xiaoyun’s eyes were filled with coldness. They do not feel like a couple at all.

“My Cuifen is still the best! He has a good temper!”

As he spoke, Li Erniu thought of his wife, who was still waiting for him at home.

“Alright, Brother Niu! Stop showing off!”

Looking at Li Erniu’s bragging face, Wang Yanbing was also very helpless because Li Erniu had to tell them how good his wife was every day. This made Wang Yanbing, who was single, feel very stifled.

“What are you guys talking about? You still want to be punished?” Just as everyone was discussing, the squad leader shouted and the team quieted down.

Soon, everyone arrived at the shooting range and waited for Qin Yuan’s orders.

“Everyone, get ready! We will conduct live-fire shooting exercises in platoon units!”

“Yes, sir!”

“Yes, sir!”

After arriving at the shooting range, the squad leader immediately made arrangements.

“Company Commander Qin, the soldiers are ready. Should we start the test now?”

The squad leader walked to Qin Yuan’s side and asked.

“Let’s begin!”

“Yes, sir!”

After saying that, the black squad leader immediately organized the soldiers for a shooting test.

“Do you want to compete with them?”

As he spoke, Qin Yuan also looked at Long Xiaoyun and said. Qin Yuan’s idea was to let Long Xiaoyun see the strength of the soldiers of the recruit company. After all, Long Xiaoyun would not believe what he said. He would let Long Xiaoyun experience it for herself.

“Sure!”

After saying that, Long Xiaoyun also walked towards the shooting range. She also wanted to see how strong these recruits were.

For a moment, Long Xiaoyun had a shooting practice with the recruits.

Half an hour later, the recruits finished their shooting training.

Seeing the shooting results of the recruits, Long Xiaoyun’s face also showed a shocked expression.

It could be said that the worst shooting results of this group of recruits were above nine rings. It had to be said that Long Xiaoyun was also extremely surprised by Qin Yuan’s ability to lead troops.

“I have to say, your ability to lead troops is indeed very strong!”

Seeing that the recruits who had only been trained by Qin Yuan for three months had reached such a level, Long Xiaoyun finally understood why even the few chiefs of the military region were so satisfied with Qin Yuan.

Hearing Long Xiaoyun’s praise, Qin Yuan’s face was also filled with a smile.

With the system’s support, Qin Yuan had never been afraid of training. If he could not reach this level with the system, then he would have the system for nothing.

“Alright, it’s rare for you to say such words! This year’s batch of recruits is very good. If they can meet your requirements, I want to bring them all.”

Qin Yuan knew that Long Xiaoyun had already begun to acknowledge him in her heart. The initial skepticism had faded away, and there was a newfound trust and recognition..

Chapter 160: Why Are They So Stubborn?

“The logistics company has indeed reached my standards, but I still have to take a look at the recruits!”

Long Xiaoyun had now decided to hand over her plan to Qin Yuan to carry it out. After all, she had witnessed Qin Yuan’s ability with her own eyes.

After hearing Long Xiaoyun’s words, Qin Yuan was also very gratified. One had to know that Long Xiaoyun had always been at odds with him from the beginning, so Qin Yuan did not know why.

“Don’t worry! These guys won’t let you down!”

Seeing that Long Xiaoyun was still very satisfied with the recruits’ shooting results, Qin Yuan knew that these guys from the recruit company would definitely make Long Xiaoyun envious.

“Then, you can verify it yourself in the next fight!”

As he spoke, Qin Yuan said to Long Xiaoyun. Anyway, he knew the strength of these guys in the recruit company the best, so there was no need to test them himself. It would be better to let Long Xiaoyun test them. After all, there was nothing more convincing than to verify it herself.

“Alright then! Then I’ll try it myself!”

Long Xiaoyun knew that she had spent so much time designing this Battle Wolf Plan. She had to be responsible for her own plan! She had to have a clear understanding of the matter of selecting members.

Long Xiaoyun walked to the front of the recruit company and said softly to everyone.

“I know that you are all very curious about who I am, but you don’t have to be anxious. If you have the strength, you will know who I am in time to come!”

Long Xiaoyun didn’t introduce herself. She just wanted to see how many of these recruits could meet her standards. Only those who met her standards were qualified to know her!

“Yes, sir!”

“Yes, sir!”

After hearing Long Xiaoyun’s words, the soldiers also responded to Long Xiaoyun.

From the epaulets on Long Xiaoyun’s shoulders, they could tell that the chief in front of them was not simple. She might be the chief of a special unit.

This time, she was here to test them. For a moment, everyone in the recruit company had a look of excitement in their eyes.

They knew that this might be their chance to go to the special forces as their company commander Qin Yuan had said before.

All of a sudden, everyone knew what the female chiefs words meant.

“Good! You guys come at me at the same time! Let me see how strong you are!”

Long Xiaoyun said in a deep voice. Although she was a little surprised by the imposing manner of these soldiers, it was obvious that she could easily deal with them!

“Chief? Are you sure you want to face our entire recruit company alone?”

After listening to Long Xiaoyun’s words, a strange look flashed across Wang Yanbing’s eyes. It had to be known that the first person they had seen who could defeat their entire recruit company was only their company commander, Qin Yuan.

Long Xiaoyun was just a woman. They did not believe that she had the strength to deal with their entire recruit company.

Other than Qin Yuan, they did not believe that there would be a second person who could defeat their entire group of recruits.

“I’m sure! Come on!”

After saying that, Long Xiaoyun immediately assumed a combat stance, waiting for the people of the recruit company to make the first move.

“Good! Then we won’t stand on ceremony!”

After saying that, Wang Yanbing directly raised his fist and attacked Long Xiaoyun. Since Long Xiaoyun had said so, then they would not be polite.

Peng...

Wang Yanbing and Long Xiaoyun’s fists collided. Wang Yanbing was forced back a few steps, while Long Xiaoyun stood there without moving.

“How can she be so strong?”

“That’s right! How could a woman like her be so powerful!”

“Oh my god? Brother Bing actually lost?”

For a moment, everyone in the recruit company looked surprised. They couldn’t believe that Wang Yanbing’s strength was actually forced back a few steps, but she stood there without moving an inch.

He Chenguang’s eyes also flashed with a trace of surprise. He was still clear about Wang Yanbing’s strength. There was not much difference between his and Wang Yanbing’s strength. Therefore, from the first collision between Wang Yanbing and Wang Yanbing, he could tell that this female chief’s strength was indeed very strong.

“All of you, attack together! Otherwise, I feel that you won’t have a chance later!”

Hearing Long Xiaoyun’s words, the recruits were also shocked, but this didn’t mean that they had to admit defeat! After all, they were the entire company of recruits.

After three months of cruel training, their strength had long been different.

As she said that, everyone from the recruit company also rushed towards Long Xiaoyun. Since she had said so, they wouldn’t be afraid even if they couldn’t beat her.

Wang Yanbing and He Chenguang exchanged a glance and then rushed toward Long Xiaoyun. They attacked her from both sides.

“Good!”

Looking at the speed and strength of He Chenguang and Wang Yanbing, Long Xiaoyun knew that these two people should have the most outstanding strength among the soldiers of the recruit company.

He Qiang and Wang Yanbing showed great coordination and exchanged dozens of rounds with Long Xiaoyun.

“Not bad!”

Dragon Xiaoyun looked at their seamless coordination with an admiring expression.

“However, there’s still room for improvement!”

As she spoke, Long Xiaoyun seemed to have seen through their shortcomings. She turned around and kicked Wang Yanbing to the ground. Then, she used a flying kick to send He Chenguang flying.

Immediately after, the people from the recruit company also rushed forward. They knew that the female commander in front of them was really as strong as their own company commander. Although one or two people were definitely not a match, they did not give up.

A group of people kept rushing forward, intending to use the hit-and-run tactic to wear down Long Xiaoyun’s stamina.

“These guys are quite interesting, aren’t they?”

After such a long time of sparring, Long Xiaoyun was also very clear that the strength of the recruits in front of her was not bad. At least, they had the strength of the soldiers in the logistics company when she first went to the logistics company.

Just like that, the group of people went back and forth, wave after wave rushing towards Long Xiaoyun. Even if some soldiers had already lost their ability to fight, they still had to go up and take her kick.

“Why are these recruits so stubborn?”

Seeing the scene in front of her, Long Xiaoyun could not help but exclaim in her heart. It was the first time she had seen such stubborn recruits!

Seeing the scene in front of him, Qin Yuan stood at the side and laughed secretly. One had to know that this group of recruits was a group of stubborn donkeys.

They were different from the logistics company. The logistics company had the spirit of never giving up, but this batch of recruits was stubborn! Although the two were very similar, they each had their own characteristics.

They might not be strong enough, but they were determined to charge forward. Even if they had clearly lost the ability to fight, they still charged forward with all their might..
