

Special Troop 161

Chapter 161: Her Identity?

Long Xiaoyun looked at the soldiers of the recruit company rushing towards her. Although she was shocked, this still did not pose any threat to her.

Once again, she assumed her battle stance and directly rushed into the crowd of recruits. Long Xiaoyun did not hold back against them. Every attack could make the recruits lose their combat power immediately.

Very soon, there were only thirty people left in the recruit company.

“Brother Guang? This... This... What should we do?”

“That’s right! More than half of our brothers are out! This female chief was really too strong! Why is she just like the company commander!”

For a moment, the recruits who still had combat ability were also panicking. They never thought that a woman like Long Xiaoyun would have such strong strength. Looking at the recruits and their comrades who fell to the ground, He Chenguang also revealed an amazed look.

“As expected, she must be from a special unit!”

He Chenguang sighed softly. He really couldn’t think of anyone else who could have such strength other than the special forces.

“No matter what, we have to do our best! Perhaps this is our chance!”

After hearing He Chenguang’s words, Wang Yanbing’s expression turned serious. This was the first time he had seen He Chenguang say such a thing, and it was also the first time he had seen He Chenguang reveal such an expression.

“Chenguang! Are you sure you want us brothers to charge together? This female chief’s strength is not much weaker than the company commander’s.”

Wang Yanbing also asked He Chenguang in confusion. From the beginning of the battle until now, he understood that Long Xiaoyun was very strong and they could not win at all. Although he was not very clear about their company commander Qin Yuan’s strength, Long Xiaoyun was no different from Qin Yuan.

“Fight! Believe me! Even if we lose, we have to do our best. Listen to me, there’s no mistake in doing so!”

Seeing Wang Yanbing’s question, He Chenguang also smiled and answered everyone’s doubts. He grew up in a military family, so he naturally understood these things better than Wang Yanbing and the others.

Their company commander, Qin Yuan, had brought a woman here for no reason. Moreover, her military rank was higher than their company commander, Qin Yuan. Moreover, with Long Xiaoyun's strength, he knew that Long Xiaoyun's identity was not simple!

Seeing He Chenguang so determined, the rest of the recruits also steeled their hearts and rushed toward Long Xiaoyun.

He Chenguang still had a lot of authority among them. They had basically been centered around He Chenguang and Wang Yanbing for the past three months.

Wang Yanbing saw He Chenguang's determination, and for a moment, he knew why He Chenguang did this. Although the two of them competed during training, they still had a tacit understanding when they encountered something.

After saying that, Wang Yanbing followed closely after He Chenguang and attacked Long Xiaoyun.

Long Xiaoyun thought that the remaining recruits were ready to give up, but since they rushed over, Long Xiaoyun was surprised.

They clearly knew that they couldn't beat her, but they still rushed forward. Wasn't this purely asking for a beating?

"He's just as stubborn!"

As he spoke, Long Xiaoyun once again got into position and waited for the recruits to come up.

"Company Commander Qin, Comrade Long Xiaoyun's strength is really..."

Gong Jian stood outside the arena and watched the scene. He was so shocked that he did not know how to express the shock in his heart. Although he knew that she must be very capable and powerful to be able to reach such a high military rank at such a young age, he did not expect her to be so strong!

He knew the strength of these recruits in front of him the best. He could only deal with about a dozen of them at the same time!

"Very strong, right? Her strength is not bad. Otherwise, those guys from my logistics company wouldn't have been beaten up by her at the beginning!" Qin Yuan said with a smile when he saw Gong Jian's surprised expression.

"What?"

"Company Commander Qin, are you saying that even the brothers of the logistics company were beaten up by her?"

After hearing Qin Yuan's words, Gong Jian could not express the shock in his heart. One had to know that the logistics company was the earliest unit that Qin Yuan had managed. Gong Jian had seen their strength before. To be able to beat them up, how strong must Long Xiaoyun be?

"Uh... But that was two months ago!" Qin Yuan thought about it and remembered that it seemed to have happened two months ago. It was different

now. Long Xiaoyun even brought the Lone Wolf Assault Team to give them a beating.

“Two months ago?”

“Company Commander Qin, do you mean that the brothers of the logistics company can defeat Comrade Long Xiaoyun now?”

For a moment, Gong Jian did not understand what Qin Yuan meant. He said that they were beaten up and then said that it was two months ago.

“That’s right! She just came back from the logistics company with me. You should have guessed the result!”

After hearing Qin Yuan’s words, Gong Jian could not help but admire the soldiers of the logistics company. He knew how difficult it was to raise their strength to such a level in two months.

He had led troops in the army before, and even if he had beaten up the entire platoon before meeting Qin Yuan, they wouldn’t have been able to defeat him within two months.

However, it was because he met Qin Yuan that he had a new understanding.

“Company Commander Qin, who exactly is Comrade Long Xiaoyun?”

Gong Jian couldn’t help but speculate about Long Xiaoyun’s identity. After all, who would randomly go to another unit and start beating people without any reason?

“This! I believe that you will find out soon! Soon!”

Qin Yuan also answered Gong Jian with a smile. After all, he knew that Long Xiaoyun should have acknowledged him now, so the military commanders would definitely let him carry out this plan. After the military reform was over, they would all have to start a new life.

“Alright then!”

Seeing that Qin Yuan did not reveal Long Xiaoyun’s identity, Gong Jian did not continue to ask. He knew that Long Xiaoyun’s identity must be very special. He knew the relationship between Qin Yuan and him. Since Qin Yuan did not say anything, there must be a reason.

About ten minutes later, the battle gradually came to an end. The only recruits who could still stand on the field were He Chenguang, Wang Yanbing, and a half-crippled Li Erniu. The others had lost their ability to fight.

“Again!”

“I’ll fight it out with you!”

For a moment, the three of them continued to rush forward, not caring about the pain coming from their bodies at all.

However, in the face of absolute strength, their last bit of stubbornness was useless.

Long Xiaoyun swept her leg and sent Li Erniu flying. Then, she turned around to receive He Chenguang’s fist. She punched He Chenguang’s chest, and He Chenguang lost his ability to fight..

Chapter 162: The Plan Is Confirmed!

Wang Yanbing saw that the two of them had lost their ability to fight and Long Xiaoyun's merciless flying kick swept towards him. He accepted his fate.

Peng...

As Wang Yanbing was swept away, the battle ended.

Long Xiaoyun looked at the recruits lying on the ground, and a trace of approval flashed in her eyes. To be honest, she had spent a lot of effort dealing with them, but these recruits were really stubborn. They could run away, but they still came over to take her blow. She had to admit that she admired these recruits.

"How is it? They're not bad, right?"

Seeing Long Xiaoyun clap her hands and walk down, Qin Yuan also asked with a smile.

"They are truly the recruits you trained!"

Long Xiaoyun still answered Qin Yuan coldly, hiding the shock in her heart.

However, how could such emotions and expressions escape Qin Yuan's eyes?

"Alright, now that you've seen the soldiers I brought up and you're clear about my strength, can we sit down and have a good chat? Don't PK right away!"

Qin Yuan also joked with Long Xiaoyun with a smile.

"Let's go!"

As he spoke, Long Xiaoyun walked straight to the office of the recruit company camp.

seemg tnat Long Xiaoyun was still as cold as Detore, Qin yuan snook ms nead helplessly. One had to know that he still had to partner with Long Xiaoyun for a long time. He did not know how long he could last with Long Xiaoyun's cold attitude.

"Instructor Gong, I'll leave this to you! Take them back and deal with them!"

With that, Qin Yuan turned around and said a few words to Gong Jian before walking straight to the office.

Soon, Qin Yuan followed Long Xiaoyun into the office.

"This plan was reported to the organization after I returned from abroad. This plan cost me a lot of effort. After getting the organization's approval, I started the preparation work without stopping!"

"When I first heard that this plan was handed over to you, I rejected it without hesitation because you were too young. However, when I came into contact with you, I couldn't deny that your ability and strength were very strong!" Seeing Qin Yuan walk in, Long Xiaoyun said to herself.

“Don’t you plan to build a special force that can simulate foreign military operations?”

After hearing Qin Yuan’s words, Long Xiaoyun was so surprised that she was speechless. After all, not many people knew about her plan.

“Who told you that?”

Long Xiaoyun’s words became serious. This was a military secret. The number of people who knew about this plan could be counted on two fingers.

Seeing Long Xiaoyun suddenly become serious, Qin Yuan knew that he was courting death again.

“Alright, don’t be so shocked. I already said that even if you don’t agree, the person who will execute this plan will still be me! The military commander gave me a heads-up!”

As he spoke, Qin Yuan could only push this matter to Chief Gao Shiwei. After all, he could not explain it at all. If he did not explain it clearly to a person like Long Xiaoyun, she would dig out all his ancestors.

Fortunately, it was better to push the blame on Bureau Chief Gao Shiwei. Long Xiaoyun wouldn’t blame Bureau Chief Gao Shiwei, right?

“It seems that the commander of the military region trusts you very much!”

Hearing Qin Yuan’s explanation, Long Xiaoyun could only say helplessly. If the chief had told Qin Yuan, it would make sense. For a moment, she was also very surprised at how much the military chiefs valued Qin Yuan.

“Of course! Why don’t you take a look at who I am?”

As he spoke, Qin Yuan was glad that his reaction was fast enough. Otherwise, he really didn’t know how to explain it to Long Xiaoyun.

“Since you know that you want to build a unit that completely mimics the battle of the foreign army, you should also know why, right?”

As Long Xiaoyun spoke, she also looked at Qin Yuan, looking forward to Qin Yuan’s opinion.

“Simulating the combat of foreign troops is to hone the situation that our army will encounter when fighting with foreign troops. From there, we can respond at any time and update our combat mode at any time!”

“I know that it’s very difficult, but don’t worry, I’ve actually had this plan for a long time! ”

For a moment, Qin Yuan became serious. The purpose of building this army was so that when the war came, our army could face the foreign army more effectively and reduce our own losses.

“You’re right. Our unit is going to simulate the military operations of all countries in the world. Whether it’s information warfare or special operations, we must reach the same strength and ability as them.”

Long Xiaoyun was surprised that Qin Yuan had such thoughts. For a moment, her attitude towards Qin Yuan was no longer as unfamiliar and cold as before.

“Yes! So don’t worry! As for the foreign army’s powerful troops, even if I don’t know them like the back of my hand, I’m still very proficient in them!”

One had to know that Qin Yuan was a person with a system. His system had long included the combat methods and strength of the troops of various countries, so he said to Long Xiaoyun very confidently.

“You’ve studied this before?”

Hearing Qin Yuan say that he had a very clear understanding and research of the foreign army, Long Xiaoyun’s face also revealed a strange expression.

“When I was in the military academy, I had done a very deep level of research!” Regarding Long Xiaoyun’s doubts. Qin Yuan could only explain it to her like this.

“Alright then!”

“Right, after the military reform, bring all the soldiers of the logistics company over. As for the new recruits, let them participate in the selection too!”

Long Xiaoyun also directly stated her plan. These guys from the logistics company could be directly exempted from the selection. Long Xiaoyun was very clear about their strength now.

With Qin Yuan’s logistics company as the foundation, Long Xiaoyun’s plan was to select some needed talents from other troops.

“You mean my logistics company will be exempted from the selection?”

“Yes, I am! They have already reached my standards!”

Long Xiaoyun also replied quietly.

“Good! I understand!”

He had already guessed Long Xiaoyun’s thoughts. As for the guys from the recruit company, he was also very assured that they would definitely be selected when the time came. He had promised to bring them along, and Qin Yuan would not go back on his word. As long as the soldiers of the recruit company worked hard enough, he would definitely bring them along.

“Then I’ll go back and prepare first. I’ll leave this to you. When the time comes, I’ll go with you to the other units to select people!”

“Alright!”

When he heard Long Xiaoyun say that she would go to the other troops with him to select people, Leng Feng’s appearance appeared in Qin Yuan’s mind. One had to know that Long Xiaoyun and

Leng Feng had not met yet. He really did not know what kind of sparks would fly between the two of them when they met..

Chapter 163: No Matter Where We Are, We Will Protect the Motherland!

After discussing some matters with Qin Yuan, Long Xiaoyun embarked on the journey back.

This time, she needed to prepare for what lay ahead. With the military reforms taking place in the military region, she saw an opportunity to infuse new life into this unit.

“Time really flies!”

After Long Xiaoyun left, Qin Yuan let out a soft sigh. It had been nearly two years since he joined the military. The memories of the soldiers in the logistics and new recruit platoon remained vivid in his mind.

He thought about the commitment he made to them and felt a sense of satisfaction knowing that it was soon going to be fulfilled. However, his initial plan was to lead them to the Wolf Fang unit, but now it seemed that he had to start building a pack of Battle wolves.

“Battle wolves...” Qin Yuan murmured to himself, contemplating the new path that lay ahead.

“1 wonaer wnere cney are!”

When he thought of Battle wolves, Qin Yuan thought of the people in Battle wolf when he watched movies in the past. To be honest, Qin Yuan still liked a few of the more classic characters in the movie.

“Company Commander Qin, has Comrade Long Xiaoyun gone back?”

When Gong Jian was on the training ground, Long Xiaoyun asked Gong Jian to arrange a car for her to go back.

“Yes, she did! She has something to do, so she’ll go back to work first!”

Qin Yuan explained when he saw Gong Jian.

“Alright then!”

“By the way, the regiment commander just called and asked you to go over after you’re done with your work.”

As he spoke, Gong Jian informed Qin Yuan of the notice he had just received. He was here to inform Qin Yuan.

“Alright! I’ll go over now!”

After hearing Gong Jian say that the regiment commander was looking for him, Qin Yuan also felt that Long Xiaoyun was really fast! It had only been less than half an hour!

This time, the regiment commander must have called him over because the military commander had given the regiment commander a notice of his appointment!

With that, Qin Yuan walked out of the office and headed straight for the regimental office.

Dong dong dong.

Soon, Qin Yuan walked to the door of Kang Lei's office and knocked on it.

"Come in!"

After hearing Commander Kang Lei's voice, Qin Yuan opened the door and walked in.

"Qin Yuan, you came over! Come and sit!"

Seeing Qin Yuan walk in, Kang Lei called Qin Yuan over to the teahouse and sat down.

"Regiment Commander, Political Commissar, why did you call me over?"

Qin Yuan looked around. Kang Lei and Political Commissar Bi Guotao were drinking tea.

"Coming, Qin Yuan!"

"I called you over this time because I have something to tell you!" After Qin Yuan sat down, Bi Guotao also smiled and said to Qin Yuan.

"Political commissar, just say it!"

Qin Yuan also knew that this time, the regiment commander and the political commissar should be discussing something very important.

"We just received a notice from the military commander that our Iron Fist Regiment will belong to the navy after the military reform! I called you over mainly because this notice has something to do with your appointment! "

After Qin Yuan sat down, Bi Guotao immediately told Qin Yuan the purpose of calling him over.

"Army to Navy?"

For a moment, Qin Yuan vaguely recalled that the Iron Fist Brigade was indeed being incorporated into the navy.

"Yes! This was the decision made by the Bureau Chief after careful consideration!"

"That's fine. Although our Iron Fist Regiment used to be an army, even if we join the navy now, we will still be the same as before!"

Seeing Qin Yuan fall into deep thought, Kang Lei explained.

"Regiment Commander, are you willing to leave the army?"

Although Qin Yuan knew that it was a fact that the Iron Fist Regiment had turned into a navy, Qin Yuan also wanted to know what the regiment commander, Kang Lei, and the others were thinking.

“Indeed, no matter where we are, we are all part of the country’s armed forces, dedicated to serving our motherland. Therefore, it’s the same no matter where we go,” Kang Lei remarked.

Although he felt reluctant to leave the army unit as a member of the Iron Fist Regiment, with the guidance of the political commissar Bi Guotao, he had come to accept the decision.

Whether it was the Navy, the ground force, or the air force, they were all national forces, and they were all there to protect the country and its people!

“Alright then! Regiment Commander and Political Commissar, you are right. No matter where we are, we are all Chinese troops, and we are protecting the people of our country!”

For a moment, Qin Yuan also felt that it was just as Commander Kang Lei had said. No matter where they were, they were Chinese soldiers for life! No matter where he went, he would still serve his country and people!

“Yes!”

Seeing the deep reverence in Qin Yuan’s eyes, Bi Guotao nodded.

They had watched Qin Yuan grow up. Ever since Kang Lei decided to let him take charge of the logistics company, Qin Yuan had consistently challenged their preconceptions and exceeded their expectations.

It was their fortune to have soldiers and officers like Qin Yuan.

Despite the integration into the Navy as part of the military restructuring, the Iron Fist Regiment managed to retain its designation and identity, and this could largely be attributed to Qin Yuan’s contributions.

“By the way, Qin Yuan, there’s also a copy of the appointment given to you by the military commanders. You can take a look!”

After saying that, Kang Lei also handed over a document to him.

After Qin Yuan took it, he looked at it very seriously.

“Ten days later, bring the entire logistics company to the military headquarters?”

Qin Yuan read through the document very seriously. Other than the arrangements for the Iron Fist Regiment, it told him to bring all the soldiers of the logistics company to the military headquarters in ten days to wait for notification. There was no specific appointment or mission.

“Yes, in fact, after your military exercise, I knew that our Iron Fist Regiment couldn’t keep you. I didn’t expect that we couldn’t even keep the logistics company!”

For a moment, Kang Lei also sighed helplessly. Kang Lei was very unwilling for Qin Yuan to leave, but he had no choice. The military region had already come to ask him for Qin Yuan! He knew that with Qin Yuan’s strength and ability, their Iron Fist Regiment would not be able to keep Qin Yuan.

“Regiment Commander, Political Commissar! No matter where I am, I am still a soldier of the Iron Fist Regiment, and also a soldier under your command!”

Qin Yuan also knew that he had been poached by the military region. Commander Kang Lei and Political Commissar Bi Guotao were somewhat reluctant to part with him, but there was no other way. After all, he still needed to go to the wider world.

Seeing that Qin Yuan was looking at them with determination, the two of them were also very gratified. It had been a long time since their Iron Fist Regiment had produced such a capable and powerful soldier like Qin Yuan. It was still very painful for them to be poached by him in such a short time.

“Well said! No matter what, you’re still a soldier of the Iron Fist Regiment. No matter where you are in the future, you have to shine for me. No matter what, you all came from the Iron Fist Regiment!”

Kang Lei also smiled and said to Qin Yuan, but there were already tears in his eyes.

“Qin Yuan! I know that you are a piece of gold. No matter where you are, you will show off your brilliance. The soldiers of the logistics company were also trained by you. ”

“This time, the military commander has poached you away. We are also very reluctant, but this is the commander’s order. We can only obey.. Now, I will hand the logistics company over to you again!”

Chapter 164: Old Kang? Do You Really Want to Let Qin Yuan Take All of Them Away?

Political commissar Bi Guotao said to Qin Yuan in a deep voice. Although he was also very reluctant, he was still very proud!

This time, the Bureau Chief personally gave the order to take Qin Yuan and his logistics company away. This could prove that Qin Yuan and the soldiers of the logistics company would be different in the future!

At least they knew how much the military commander valued them. Although they had left the Iron Fist Regiment, they were all from the Iron Fist Regiment. If they were to be famous in the future, they would also benefit from it!

“Don’t worry, Regiment Commander, Political Commissar! We definitely won’t embarrass you! No matter where we are, we will remember that we came from the Iron Fist Regiment!”

Seeing that Kang Lei and Bi Guotao’s eyes were also slightly red, Qin Yuan immediately patted his chest and promised. He knew what they were to the entire Iron Fist Regiment now. It could be said that the current logistics company was a sharp knife to the Iron Fist Regiment. Now that they had been taken away, it would be strange if the two of them did not feel heartache.

For a moment, Qin Yuan felt a little uncomfortable. At first, he wanted to take the Fourth Company away, but now that he saw Kang Lei’s expression, Qin Yuan felt a little troubled!

If he took away the 4th Company and the Recruit Company, then Kang Lei and Bi Guotao would cry to death!

“Good! This is the true soldier of our Iron Fist Regiment!”

After hearing Qin Yuan’s words, Kang Lei’s face also revealed a gratified expression! In fact, he had long known that Qin Yuan could not be kept, but he did not expect the entire logistics company to be poached away.

“Then Regiment commander, Political Commissar! I’ll go back first! There are still a few more days before the recruit company would end their three months of training! ”

Since he already knew the reason why the regiment commander had called him over, Qin Yuan also wanted to return to the recruit company first. As for whether to bring them and the fourth company with him, it was up to the soldiers to choose! After all, they had the right to choose!

“Good! This year’s recruits are all very good. We all know their current standard!”

“If there’s a chance, take them away!”

For a moment, Kang Lei also said softly with a dark face. He vaguely felt that Qin Yuan and the others must have a different mission when they were poached by the military chief.

He had long known that Long Xiaoyun had come to the logistics company. He was very clear about Long Xiaoyun’s identity. From Long Xiaoyun’s series of operations, he could tell that Qin Yuan and the others might be going deeper into the field this time.

“Regiment Commander...”

Hearing Kang Lei’s words, Qin Yuan was a little stunned for a moment. He knew what Kang Lei meant. Perhaps Kang Lei had already guessed the mission they were going to carry out this time!

“There’s no need to say anything else. It’s our Iron Fist Regiment’s blessing that you can develop further. At least you’re all soldiers of our Iron Fist Regiment!”

Kang Lei lifted the tea from the table and drank it in one gulp. He knew in his heart that if all these soldiers were taken away, the strength of his Iron Fist Regiment would drop greatly!

However, he could not continue to limit the soldiers’ future prospects. He could not keep them in the Iron Fist Regiment. Following Qin Yuan’s lead would provide them with a brighter future and better opportunities for development.

“Regiment Commander, don’t worry. I will not embarrass you and the political commissar!”

“I will definitely make their names resound throughout the world!”

For a moment, the worry on Qin Yuan's face disappeared. At first, he was afraid that if he really took away the soldiers of the recruit company and the fourth company, Kang Lei would definitely feel very uncomfortable!

But now that Kang Lei had said so, Qin Yuan had nothing to worry about. He knew why Kang Lei said that. He could understand Kang Lei's feelings when he said this to him!

"That's good! I know you won't disappoint us. Go and challenge yourself while you're still young!"

Kang Lei collected his emotions and patted Qin Yuan's shoulder as he instructed Qin Yuan.

"Yes, sir!"

As he spoke, Qin Yuan immediately straightened his body and gave Kang Lei and Bi Guotao a standard military salute!

"Good boy! Go! Go do your thing first!" Kang Lei smiled and said to Qin Yuan.

"Yes, sir! Regiment Commander, Political Commissar! I'll go first!"

"Good!"

After saying that, Qin Yuan turned around and left the office before walking towards the recruit company.

This time, it seemed that it was Long Xiaoyun's idea for the military chief to let him take the logistics company's soldiers over first!

As for the new recruits and the soldiers of the fourth company, Qin Yuan did not care much after obtaining Kang Lei's permission. As long as they could, he would take them with him. He would not let Kang Lei and the others down!

"Old Kang, do you really plan to let Qin Yuan take away all the soldiers of the fourth company and the recruit company?"

After Qin Yuan left, Political Commissar Bi Guotao asked Kang Lei in a low voice! If that was really the case, then the strength of their Iron Fist Group would at least drop by a lot.

"Old Bi! Although we don't know where Qin Yuan will go next, with the importance that the military commander places on Qin Yuan, they won't be simple in the future!"

"If they can follow Qin Yuan, it will be their blessing. Their achievements will definitely not stop here!"

Kang Lei did not explain anything to Bi Guotao because all of this was his guess. However, he knew that if these soldiers had the ability to follow Qin Yuan, then it would definitely be their luck!

With Qin Yuan's strength and ability, Qin Yuan's achievements in the army would definitely shine in the future.

“Yes, Qin Yuan is indeed very capable. Perhaps after going to the military headquarters this time, he will be a different Qin Yuan!”

After Bi Guotao thought for a while, he understood Kang Lei’s actions. If it was really as Kang Lei had said, it might be different if the soldiers of the Iron Fist Regiment’s Fourth Company could follow Qin Yuan!

However, at this time, in the office of the military commander, Long Xiaoyun was reporting to Gao Shiwei about the situation of the logistics company.

“Girl, I’ve already informed them of your intentions! I told you he was different! ”

Bureau Chief Gao Shiwei said to Long Xiaoyun with a smile.

“He is indeed very strong. I hope that this cooperation with him will meet my expectations!”

After hearing Long Xiaoyun’s words, Bureau Chief Gao Shiwei secretly laughed in his heart. He had long known what kind of situation Long Xiaoyun would encounter. He couldn’t even gauge Qin Yuan’s abilities, and this was the first time he had encountered such a person despite his advanced age.

“Just carry out this plan well! I’ve already asked Qin Yuan to bring the soldiers of the logistics company over in ten days! As for your base, you can choose it yourself! ”

“Yes, sir! Understood, Bureau Chief! I’ll make a report for you when the time comes!”

Long Xiaoyun also wanted to see if Qin Yuan had any ideas. As for the base and training, she planned to hand it over to Qin Yuan..

Chapter 165: How Can I Be Left Out?

In the recruit company’s encampment.

After Qin Yuan returned, he called Gong Jian and the squad leader over.

“Company Commander Qin, you mean you have to go to the military in a few days?”

Qin Yuan also told the two of them about his departure!

“Yes, Regiment Commander and the others have already told me about the military command!”

“So I’ll go over first after the recruit company finishes their training. As for what I told you before, I’ll come back again!”

“Alright! Company Commander Qin!”

Gong Jian knew that Qin Yuan’s promise to develop them further would definitely come true.

“Company Commander Qin, do you want to go to the recruit company to take a look?”

The squad leader saw that Qin Yuan had said that he would return to the logistics company later! Therefore, he also wanted Qin Yuan to go to the recruit company to take a look before going back.

“Alright! I’ll go over later and then go back!”

Qin Yuan also knew that he would have to come back later, so he had to see which areas the recruits still needed to improve.

“Good!”

After saying that, the three of them walked out of the office and headed towards the training ground for the recruits!

“Have you finally seen what a true expert is? I can tell you with certainty that there are plenty of experts in this world. If you want to defeat your enemies, you must work harder than them!”

As soon as they arrived at the training ground, Qin Yuan immediately asked the recruits how they felt after seeing Long Xiaoyun.

Long Xiaoyun coming with him also had a very good effect. Qin Yuan was also very gratified to see the expressions on the soldiers’ faces!

“Yes, sir!”

“Yes, sir!”

At that moment, the recruits in the new recruit platoon reassessed their own shortcomings. They were taken by surprise at the extent of Long Xiaoyun’s strength. They had thought their platoon leader, Qin Yuan, was exceptional, but they never expected Long Xiaoyun, a woman, to be equally formidable.

“Good! In a few days, your time as a recruit will come to an end. If you want to progress towards deeper levels, I hope all of you can meet my standards!”

Qin Yuan’s tone became serious for a moment. Among the recruits in front of him, only about twenty of them had the potential to meet Long Xiaoyun’s standards.

“Don’t worry, Company Commander! We definitely won’t let you down!”

“Commander! ”

“We will definitely work harder to train!”

For a moment, everyone in the recruit company was very excited because they also thought of the world that Qin Yuan had told them about!

“Alright! Continue training!”

Qin Yuan knew that there were many things that he did not need to say too much about. There were some things that they needed to understand by themselves.

“Lao Hei, you can continue to train with the team!”

“Yes, sir!”

After saying that, Qin Yuan turned around and walked towards the garage with Gong Jian!

“Instructor Gong! Remember to add this to the soy milk for the soldiers to take during breakfast!”

As he spoke, Qin Yuan took out 20 bottles of physique enhancement liquid from his pocket and handed them to Gong Jian!

“Company Commander Qin. You...’

Seeing Qin Yuan take out a small bag and hand it to him, he asked in confusion.

“This is a special recipe I made. It’s very useful for improving the body’s functions!”

Qin Yuan explained that this would be the last thing he could do for the new recruit platoon- As for how much they could unleash their potential, it would depend on their ability to effectively utilize the effects of the physique enhancement liquid.

“Then... Would there be any side effects?”

Gong Jian was also a little confused. He had never heard of such a thing before, so he was hesitant to put it in the soldiers’ food.

“Don’t worry! I will never do anything to let everyone down!”

Qin Yuan knew that Gong Jian was still a little worried, but he did not know how to explain this to Gong Jian. After all, he couldn’t tell Gong Jian about it.

“Alright then! I’ll listen to you!”

Gong Jian also knew that Qin Yuan would not do anything to harm his brothers! Ever since he met Qin Yuan, everything Qin Yuan did was for their own good, so he did not think too much about it!

“Yes! I’ll leave this place to you, Instructor Gong!”

“Don’t worry! ”

After saying that, Qin Yuan opened the car door and set off in the direction of the logistics company.

In the logistics company’s encampment.

“Deputy Company Commander? Why are you back?”

“That’s right! Deputy Company Commander, have you recovered?”

While the logistics company was resting on the training ground, they saw Liu Ye and Zhou Qing walking towards them! For a moment, the people from the logistics company saw that Liu Ye had returned and surrounded him excitedly.

“I’m back. How can I leave you for so long?”

“Is the Company Commander still with the Recruit Company?”

After returning to the logistics company, Liu Ye was also very happy. After lying in the hospital for so long, it was impossible to say that he did not miss them. As soon as he returned, he could not wait to see the people from the logistics company.

‘Yes, his stint with the recruit company should be over soon!’

Geng Hu thought about it. It seemed that Qin Yuan had been in the recruit company for almost three months.

“To be honest, I really missed you guys during this period of time! I thought that I might not be able to continue fighting side by side with you this time!”

When Liu Ye was injured, he knew that he would not have the chance to fight with them again. Even if he recovered from such a serious injury, he would not be able to continue the high-intensity training.

However, he did not expect to recover in a month. In the end, Zhou Qing explained the situation to him when he returned to the logistics company.

It was all because of Qin Yuan that he was able to recover this time. Without Qin Yuan, he really would not have had the chance. Therefore, the moment he came back, he wanted to find Qin Yuan to thank him first!

“Old Liu, talk to them first. You don’t know how much they love to talk about you when you were away for a month! They kept clamoring to see you, but

Company Commander Qin’s training couldn’t be delayed, so I suppressed it!”

Zhou Qing smiled and said to Liu Ye. He was also very happy with this joyful atmosphere.

“Alright, it’s not easy for me to come back. Let me try to see if I can defeat them after being away for a while!”

Liu Ye laughed loudly. Seeing how strong the soldiers were, Liu Ye was curious to see how much of a gap existed between him and the soldiers of the Logistics company.

“Good! Then you can talk to them first. I’ll get some information!”

“Alright!”

Zhou Qing said as he turned around to walk to his office.

“You’re all here. How can I be left out?” A familiar voice came from behind them.

“Company commander?”

Hearing Qin Yuan's voice, Geng Hu was overjoyed and pushed through the crowd to pounce on Qin Yuan.

Peng...

For a moment, Geng Hu was sent flying by Qin Yuan's kick.

"You bastard, can you not make me teach you a lesson every time?"

Qin Yuan was very happy to see the group of people in the later stages. These people were brought up step by step by Qin Yuan. That kind of emotion was self-evident on Qin Yuan's face..

Chapter 166: What Are You Two Talking About?

"Company commander?"

"Company Commander, why are you back so soon! We all miss you!"

For a moment, when the people from the logistics company saw that it was Qin Yuan, they surrounded him and kept talking.

"What's wrong? Don't you guys want me to come back?"

Qin Yuan also looked at the people in front of him with a smile. It had only been a few days since he last saw these guys, and their strength seemed to have improved a lot. It was not in vain that he valued them so much.

"Commander, why are you back?"

As soon as he saw Qin Yuan, Liu Ye immediately walked over. He was thinking about whether he should go to the recruit company to look for Qin Yuan, but Qin Yuan actually came back by himself.

"How's your recovery?"

Seeing that Liu Ye had returned from the hospital, Qin Yuan asked with concern.

He knew that Liu Ye should be able to recover in a few days. He did not expect to see him when he returned today.

"I'm recovering very well. Company Commander, thank you!"

Liu Ye knew that he was able to continue staying in the army because of Qin Yuan. If not for Qin Yuan's secret medicine, he might not be able to stand here now. He had also heard from Zhou Qing about the characteristics of that medicine.

Although he couldn't believe that there was such a magical potion in this world, he had experienced it himself. He could feel that there were no side effects after this injury. Instead, he felt that his body was more powerful and explosive than before.

"You're welcome. Did Old Zhou tell you about this?"

When Qin Yuan saw Liu Ye's grateful expression, he knew that Zhou Qing must have told Liu Ye about him giving Liu Ye the physique enhancement potion. Otherwise, he would not have known why Liu Ye was so grateful to him when he returned.

“I’ll tell you, Commander. I didn’t expect that in this world...”

“Shh...”

Liu Ye was about to say something when he was stopped by Qin Yuan. After all, Qin Yuan did not want too many people to know about this. He could not be bothered to explain so much.

Seeing that Qin Yuan stopped him from saying it, Liu Ye also realized that Qin Yuan did not want too many people to know about this. After all, this potion was indeed very precious. Qin Yuan definitely had his reasons for not saying it. Liu Ye still understood these things.

“Company Commander Qin, why are you back? Didn’t the recruit company still have a few days to complete their three-month training?”

After Liu Ye and Qin Yuan finished chatting, Zhou Qing walked to their side.

“There’s nothing for me to do over there. The rest will depend on their own perseverance.”

Now, Qin Yuan had taught the recruits what he could. In the next few days, he would see how the recruits could utilize the benefits of the physique strengthening liquid.

“Also, I received an order from the military to bring you guys to the military in ten days!”

Qin Yuan then told everyone about the transfer order he had just received.

After the logistics team heard Qin Yuan’s words, they were all stunned for a moment.

“Military region?”

“Company commander, why are we going to the military region?”

“That’s right! Are we all going?”

“Report to the military? Does that mean we’re going to be transferred to the military? Will the Regiment commander agree?”

For a moment, everyone in the logistics company asked Qin Yuan in confusion. They did not know why the military region wanted their entire company to report to the military region.

“Alright, this is an order from the military commander. As for what we’re doing, you’ll know when the time comes!”

Qin Yuan, who was watching the crowd discuss animatedly, also had a smile on his face. He had done what he had promised the logistics company previously. As for what they were going to do, he would let the Bureau Chief and the others tell them!

“Oh right, let’s have a good gathering tonight. You all go and prepare. We have to welcome your deputy commander back!”

Qin Yuan immediately told the people in the logistics company that they would be leaving in a few days, so they should gather tonight to let everyone relax.

“Yes, sir! Company Commander!”

“Understood. Let’s go cook now!”

After saying that, everyone from the logistics company ran to the canteen. The group of people prepared their own things. Liu Ye was back, and so was Qin Yuan. It had been a long time since the logistics company had been so organized.

For a moment, Qin Yuan looked at the familiar scene in front of him, and the time when he first came to the logistics company appeared in his mind.

Although everything in front of him was still the same as when he first arrived, the logistics company in front of him was no longer the logistics company of the past. For a moment, Qin Yuan sighed with emotion.

“Company Commander Qin, you just said that the military region has sent an order for us to report to the military region. This is...”

After everyone dispersed, only Qin Yuan, Zhou Qing, and Liu Ye were left on the training ground. It was not appropriate for Zhou Qing to ask Qin Yuan when the soldiers were around just now. Now that there were only the three of them left, Zhou Qing could not help but feel puzzled.

“Do you still remember that I told you that I was going to take you all somewhere?”

Seeing Zhou Qing’s question, Qin Yuan also told Zhou Qing about the following arrangements.

“Company Commander Qin, could it be that this time...We...”

For a moment, Zhou Qing’s face revealed an excited expression. According to Qin Yuan, was their trip to the military region to report to the special forces?

Zhou Qing looked at Qin Yuan with anticipation, hoping to get an accurate answer from Qin Yuan.

“Old Zhou, we did it!”

Looking at Zhou Qing’s expectant expression, Qin Yuan also replied with certainty. After all, Long Xiaoyun had also said that the logistics company was the basic unit of Battle wolf and could be exempted from selection. That meant that they could directly join the Battle wolf special forces and become special forces soldiers.

“Company Commander Qin, is what you said true?”

Zhou Qing looked at Qin Yuan excitedly. For a moment, he could not imagine that Qin Yuan had really done what he had said about bringing all the logistics company soldiers to the special forces.

“Yes!”

“Company Commander Qin, you’re still the best! If it wasn’t for you, I wouldn’t even dare to think about it!”

For a moment, Zhou Qing was so excited that his body was trembling. Special forces! Special forces! Zhou Qing had never dared to think about it.

When Qin Yuan said that he would bring the logistics company to the special forces, Zhou Qing thought that Qin Yuan was daydreaming. But now, Qin Yuan really did what he promised.

“What are you two talking about?”

Looking at Zhou Qing and Qin Yuan talking to each other, it was as if he was an outsider and did not know what the two of them were talking about..

Chapter 167: She Can Laugh?

“Hahaha! Old Liu, you’ll know when the time comes! Let’s go work with those kids first!”

Zhou Qing laughed and patted Liu Ye’s shoulder. He would save this kind of surprise for when they went to the military!

“Deputy Company Commander Liu, you will know when you get there. You will definitely be very happy with this thing!”

Qin Yuan stood at the side and looked at Liu Ye’s confused expression. He was happy. Anyway, they would all know in a few days, so there was no hurry to tell Liu Ye now.

“Good!”

Liu Ye saw that the two of them were unwilling to tell him, so he did not ask anymore. After all, he also knew that some things were confidential, so it was not good for him to continue asking!

After saying that, the three of them walked straight to the cafeteria. Since they were going to gather tonight, they would go and work with the others. The logistics company worked until night time, and the sky gradually darkened!

A group of people sat around the canteen. Today was a happy day for them. To be honest, it had been a long time since they had gathered together so relaxedly. Ever since Qin Yuan took over the fourth company and then the recruit company, the people in the logistics company never had a chance to relax like this.

For a moment, everyone in the logistics company let go. Qin Yuan allowed them to drink a little tonight. After all, there were not many days like this. After going to the military headquarters, they would have to start preparing and training.

“Oh? You guys are really happy! You didn’t even inform me about the gathering?”

Just as everyone was happily drinking and chatting, a familiar female voice reached their ears.

Everyone quickly looked at the door and saw Long Xiaoyun walking in from outside the door. She walked straight to Qin Yuan’s side.

“Why are you here? Didn’t you say you were going back to work?”

He wasn’t surprised to see Long Xiaoyun. When Long Xiaoyun entered their camp, his early warning radar had already detected her.

“What’s wrong? You don’t welcome me?”

Long Xiaoyun said with a smile.

This smile also made the logistics team dumbfounded. To be honest, they never actually saw Long Xiaoyun smiling before. They thought that Long Xiaoyun was born with a cold and aloof appearance. When they thought of the way she beat them up before, she was like a completely different person from the Long Xiaoyun in front of them!

Qin Yuan was also stunned for a moment. He had never seen Long Xiaoyun smile before, and he did not expect a cold woman like Long Xiaoyun to smile. For a moment, he also did not know how to answer Long Xiaoyun. “Why are you looking at me? Do you want to die?”

Seeing that everyone was looking at her with the same expression, Long Xiaoyun’s face immediately fell. That cold and aloof aura instantly spread out.

“That’s right!”

Seeing Long Xiaoyun’s expression change instantly, Qin Yuan said with a smile. Looking at Long Xiaoyun’s expression, which was as if everyone had offended her, Qin Yuan felt that this was the real Long Xiaoyun!

“What’s right?”

Long Xiaoyun stared at Qin Yuan coldly, as if she was going to tear him apart in the next second.

“Uh... That... That... Geng Hu! Why are you so blind! Don’t you know how to add a pair of chopsticks for the chief?”

As he spoke, Qin Yuan kicked Geng Hu, who was wolfing down his food at the side. To Geng Hu, nothing was more important than eating. The moment Long Xiaoyun walked in, he did not even look at Long Xiaoyun and continued eating. “Co... Company commander... Why did you kick me!”

Geng Hu did not expect Qin Yuan and Long Xiaoyun to be chatting there. What did it have to do with him? Looking at Qin Yuan, Geng Hu felt aggrieved. The commander was clearly changing the topic, but he kicked him!

“Hurry up!”

For a moment, Qin Yuan also looked at Geng Hu helplessly. This guy’s EQ was really low. Didn’t he know that Long Xiaoyun was the kind of person who would change her face whenever she wanted?

“Alright!”

After saying that, Geng Hu could only stand up and immediately go to Long Xiaoyun to get a set of bowl and chopsticks.

“Honestly, why are you here now?”

Qin Yuan then asked Long Xiaoyun. After all, there must be something for her to rush over so late at night.

“I’m here to tell you that I’ve already prepared a detailed document for the Bureau Chief. As for the base and the selection of talents, I’ll leave it to you!”

Long Xiaoyun also picked up her chopsticks and started eating.

“Just this? Why did I have to trouble you to come all the way here at night? You could have just told me over the phone!”

Qin Yuan looked at Long Xiaoyun helplessly. This matter could be explained with a phone call, but this woman actually wanted to make a trip by herself.

“What’s wrong? Do I have to report to you if I want to come over first? Besides, even if you’re the one executing this plan, the highest command is still in my hands!”

“Can’t I come over to see my subordinates first?”

Long Xiaoyun said to Qin Yuan unhappily. As for how she wanted to do things, she did not need Qin Yuan to teach her.

“Alright then!”

Qin Yuan also said helplessly. Who asked him to have a lower military rank than Long Xiaoyun? No matter what, Long Xiaoyun was still the chief. As for what Long Xiaoyun wanted to do, he really had no say.

“Oh right, you have to go with me to the other troops to take a look. After all, I know that you’re more stringent than I am!”

Long Xiaoyun had to admit that Qin Yuan was indeed much stronger than her. Just from the soldiers of the logistics company and the recruits, Qin Yuan knew almost every soldier’s situation like the back of his hand.

“I know! You can rest assured about this!”

“Right! Also, can you go to Wolf Fang for a few days? I think they might need you!”

For a moment, Long Xiaoyun also remembered that she had told the Wolf Fang team that she wanted Qin Yuan to go over and give them a few days of lessons. She knew that Qin Yuan had such a strong ability to lead troops, so he definitely had his own method! After all, to be honest, Qin Yuan could increase the strength of the soldiers so quickly in such a short period of time. She could not do it either!

“Go to wolf Fang?”

Hearing Long Xiaoyun’s words, Qin Yuan was stunned. Didn’t he say that he would be going to the military in a few days? He also said that he would be going to other companies to pick people. In these few days, he still had to go to Wolf Fang. Long Xiaoyun was treating him like a coolie!

“Yes! I know that you have your own unique training method. I think that the Wolf Fang people might need your guidance. Besides, I have promised them.”

For a moment, Long Xiaoyun’s words turned cold.. She did not care about Qin Yuan’s current mood at all!

Chapter 168: Chief of Staff! You Can ‘t Keep Training Like This!

“Alright then!”

Qin Yuan said helplessly. Long Xiaoyun might have asked him to go to Wolf Fang because she had seen the strength of the logistics company’s soldiers increase to such a level in just two months. She must have thought that Qin Yuan had some special way to train the soldiers!

“Great! Wouldn’t it have been better if it was like that from the start?”

For a moment, Long Xiaoyun started eating by herself. She knew that Qin Yuan would not object.

About ten minutes later, Long Xiaoyun put down her chopsticks, raised her glass, and said to the people of the logistics company, “Hello, everyone. I know you must be curious about who I am. Today, I’ll tell you my name is Long Xiaoyun! You’ll see me often in the future!”

As she spoke, Long Xiaoyun directly raised her glass of wine and drank it in one gulp. She also knew that she had to introduce herself to the people in the logistics company.

In the past, she felt that the logistics company was not qualified to know her name, but now it was different. In a few days, the people in front of her would also be her subordinates, so she took this opportunity to let the logistics company know her!

After hearing Long Xiaoyun’s words, everyone was a little dumbfounded!

“Platoon leader, did you hear what the female commander said just now? She said that we will see her often in the future.”

A soldier from the logistics company asked Zheng Xiaohu.

“Alright, let’s not ask too much about the company commander!”

However, Zheng Xiaohu could still tell that Qin Yuan and the others might have something up their sleeves, but he did not dare to ask Qin Yuan!

Long Xiaoyun had come a few times. Although the two of them would fight whenever they met, Zheng Xiaohu really did not believe that Qin Yuan had nothing to do with Long Xiaoyun!

“Got it!”

Hearing Zheng Xiaohu’s words, everyone could only guess the relationship between the two of them!

After saying that, the logistics team also drank with Long Xiaoyun! Although they didn’t quite understand what Long Xiaoyun meant, Long Xiaoyun was still their chief!

“Then when do you plan to send me to Wolf Fang?”

After everyone finished drinking, Qin Yuan immediately asked Long Xiaoyun. In just a few days, he had to go to Wolf Fang and the other troops to take a look. Time was a little tight!

“Tonight, we’ll go after dinner!”

Long Xiaoyun said directly. She wanted to go to Wolf Fang as soon as possible and then go to the other troops to see if there were any good seedlings that could be brought into Battle Wolf!

“Tonight? Must I be in such a hurry? I just came back to logistics, okay?”

Hearing Long Xiaoyun say that he was rushing to Wolf Fang tonight, Qin Yuan was very helpless. Even if he wanted to go over and see what else the soldiers of Wolf Fang could improve on, there was no need to be in such a hurry!

“Wolf Fang’s training isn’t bad at all, but it’s not as terrifying as the increase in the logistics company’s strength. I know it’s because of you, so follow me.”

Long Xiaoyun said in a deep voice. She knew that the reason why the logistics company’s strength had changed so much was because of Qin Yuan. The training of the Wolf Fang people was not much worse than the logistics company!

“Alright then! Go, go, go, go!”

Qin Yuan was also very clear about the problems of the Wolf Fang people. Originally, he thought that when he went to Wolf Fang, he would go and guide them one by one. However, he did not expect the military commanders to actually ask him and Long Xiaoyun to start building a special force!

No matter what, they were all Chinese soldiers and brothers, so Qin Yuan would not be stingy to point out their problems!

Half an hour later, Qin Yuan said a few words to Zhou Qing and rushed to the Wolf Fang Special Forces base with Long Xiaoyun!

In the Wolf Fang Special Forces base, Chief of Staff Fan Tianlei was still thinking of a new way to train the soldiers!

Ever since Long Xiaoyun borrowed his soldiers to the logistics company, Old Gao and the others immediately told Fan Tianlei about the situation.

After hearing such news, Fan Tianlei had spent a lot of time studying how Qin Yuan could increase the strength of the logistics company’s soldiers so quickly!

Originally, he also wanted to find an opportunity to compete with Qin Yuan, but he did not expect Long Xiaoyun to take the lead!

However, the strength of the logistics company’s soldiers had indeed shocked him again. One had to know that this time, their Lone Wolf Assault Team could be said to have been completely annihilated. It was a complete defeat!

Fan Tianlei could not accept this result for a moment. After all, he had been leading the special forces for many years. He did not expect that he would be inferior to Qin Yuan, who had just joined the army and led troops for about a year!

Therefore, when he found out about this situation, he felt that his training needed to be improved. Otherwise, how could the soldiers of the logistics company catch up with the strength of the Lone Wolf Assault Team so quickly?

“Chief of Staff! I don’t think this is a good way to train soldiers!” Senior Gao said to Fan Tianlei as he walked into the office.

“What’s wrong? Can’t you accept this little bit of training after losing so much face?”

Hearing Old Gao’s words, Fan Tianlei was also slightly angry. This time, their defeat at the logistics company could be said to have completely lost the face of their Wolf Fang!

“No. Chief of Staff! Ever since we came back, they haven’t had a good sleep.

They’ve been training for almost 20 hours in a day!”

“Right now, the soldiers’ bodies are unable to withstand it! Some symptoms are starting to appear!”

Old Gao also explained the current situation of the Lone Wolf Assault Team members! After they came back, the chief of staff increased the difficulty of their training.

After all, Fan Tianlei always felt that Qin Yuan had increased the difficulty of the training for the soldiers of the logistics company. After all, the improvement of strength could not be separated from intense training. If one wanted to obtain higher strength, they would need to undergo even more brutal training!

“It must be because of the training level!”

For a moment, Fan Tianlei fell into deep thought. He really could not figure out how Qin Yuan trained the soldiers!

“Chief of Staff, the training of the soldiers really has to stop!”

Old Gao knew that their current training was not a problem at all. Just as Long Xiaoyun said, their problem was not in training at all. As for which part, he was not very clear.

In fact, the reason why the logistics company could increase their strength so much in such a short period of time was not because they were only working hard in training, but because Qin Yuan knew every soldier’s situation like the back of his hand. Qin Yuan knew every soldier’s strengths and weaknesses, so Qin Yuan would tailor a training plan for each soldier according to their situation to fully utilize their strengths..

Chapter 169: If You Lose, You Have to Be Punished!

“Alright then! Stop and let me think for a few more days!”

Fan Tianlei felt helpless after hearing what Old Gao said. He had tried everything he could these days.

He also knew that the current training was too harsh. The team members could only endure until now.

Just as Fan Tianlei and Old Gao were still discussing how to train next, Long Xiaoyun also brought Qin Yuan into the office!

“Hello, Chief of Staff!”

“Hello, Chief of Staff!”

As soon as they entered, Qin Yuan and Long Xiaoyun immediately saluted Fan Tianlei!

“Why are you guys here?”

Seeing Long Xiaoyun and Qin Yuan walk in, Fan Tianlei’s face revealed a trace of surprise!

“Chief of Staff, I brought Qin Yuan here to see if there’s anything else that the Lone Wolf Assault Team can improve on!”

Hearing Fan Tianlei’s question, Long Xiaoyun told him the purpose of their visit.

“Brat, to be honest, I also want to see what kind of brilliant ideas you have for training soldiers!”

Hearing Long Xiaoyun’s words, a smile appeared on Fan Tianlei’s face. In fact, he had long wanted to see how Qin Yuan trained the soldiers, but he really could not bring himself to ask Qin Yuan. After all, he was the chief of staff of the Wolf Fang Special Forces, and Qin Yuan was only the company commander of a regular army!

He actually knew in his heart that Qin Yuan and his logistics company could not be compared to a regular army. The strength of all the soldiers in the logistics company was no weaker than their Wolf Fang, perhaps even a little stronger.

However, no matter what, Qin Yuan and the others were still part of the regular army, and they were still part of the Iron Fist Regiment!

In fact, he had poached Qin Yuan and the logistics company a long time ago, but the commander of the military region did not agree to his request, so Fan Tianlei could only watch anxiously and could not directly transfer Qin Yuan and the others over.

“Chief of Staff Fan, I can only do my best! As for whether it would be effective or not, it still depended on their situation!”

Qin Yuan said humbly. In fact, he had long known about the problems of the Lone Wolf Commando Team, but it was not appropriate for him to interfere because he did not have a status. In addition, he had originally planned to tell the Lone Wolf Commando Team only after entering Wolf Fang.

However, the decision of the military commander directly broke Qin Yuan’s original plan. However, asking him to form the Battle wolf was the same as entering Wolf Fang, so Qin Yuan was very happy!

“Alright! You brat, you’re still hiding it from me. Even we old fellows have to admire your strength and ability!”

Fan Tianlei also said with a smile. He was very curious about how Qin Yuan had trained the logistics company to such a level.

“There! Staff Officer Fan, how can I compare with you? I’m still very young and definitely not as experienced as you!”

Qin Yuan also replied with a smile. Qin Yuan knew very well what Fan Tianlei was thinking. In his previous life, he knew Fan Tianlei like the back of his hand. After coming here, he realized that Fan Tianlei was exactly the same as he knew him. He still had the aura of an old fox.

“Let’s go! Let’s go to the soldiers and take a look!”

When Long Xiaoyun saw that Fan Tianlei and Qin Yuan were still flattering each other, her expression did not change. One of them was an old fox, and the other was a little fox. They were both sinister!

“Good! Let’s go!”

Fan Tianlei led the way out of the office.

“Sergeant Gao! When we just came in, the Lone Wolf Commando Team members seemed to be in a bad state of mind. Did something happen?”

Fan Tianlei walked out of the office, and Long Xiaoyun, who was not far behind him, asked Gao softly. When she and Qin Yuan came in, they saw the Lone Wolf Assault Team training on the training ground, but they seemed to be in a bad state of mind, like a group of sick chickens. This made her a little puzzled!

“Ever since we came back from the logistics company, I told the chief of staff everything that happened to us at that time. After that, we have been undergoing high-intensity training for the next period of time!”

“To be honest, I can’t handle it!”

Old Gao explained to Long Xiaoyun. To be honest, this was the first time he had seen Fan Tianlei act irrationally. Ever since he met Qin Yuan, he seemed to have been possessed. This was because it was the first time in the entire Huaxia military region that he had been able to bring a company full of useless people to such a state in such a short period of time!

“How did this happen? Didn’t I tell you to wait for me to come back? Such high-intensity training might not be useful sometimes!”

After listening to Old Gao’s explanation, Long Xiaoyun’s brows were tightly knitted. However, Long Xiaoyun knew that her Uncle Fan was indeed very persistent!

“I’ve already said it, but.... But we lost the battle and lost Wolf Fang’s face, so we can’t say anything!”

Old Gao said helplessly because he found it hard to accept the fact that they had lost to the logistics company. However, this was reality. Even if you didn't want to admit, you could only accept it!

“Alright then! I know! Let's go over and take a look first!”

Long Xiaoyun also knew that very few people could convince Fan Tianlei about his decision. After she finished speaking, they rushed forward.

On the training ground, the Lone Wolf Assault Team members were training in the mud with logs weighing hundreds of kilograms.

“I feel like I'm about to die. If this continues, I'll be crippled!”

For a moment, the paratrooper panted heavily as he spoke with a dazed look in his eyes. His voice was different from before, and it was obviously much weaker.

“Alright, who asked us to lose the battle! We lost to a regular army! We should just accept the consequences! If you lose, you have to accept the punishment!”

The weak voice of the medic came from behind the paratroopers. This time, they were in deep trouble. After returning, they had been undergoing high-intensity training non-stop. Their physical strength was extremely exhausted. It could be said that their bodies were seriously overdrawn.

“Alright, persevere! For others to be able to soar so quickly in such a short period of time, perhaps they have gone through worse than us! Work harder!” Geng Jihui started to encourage everyone. He knew that the strength of the logistics company had soared to such a level in such a short period of time. Perhaps their training was much crueler than theirs. After all, if they wanted to become stronger, they had to train harder to obtain the strength they wanted.

Soon, Fan Tianlei led everyone to the training ground. Looking at the members of the Lone Wolf Assault Team on the training ground, Fan Tianlei turned his head and asked Qin Yuan beside him.

“Qin Yuan, how do you think they can train and improve their strength now?”

What do you think?”

“This...”

Looking at the Lone Wolf Assault Team on the training ground, Qin Yuan's expression darkened..

Chapter 170: Their Physique Is Seriously Overloaded!

As soon as Qin Yuan arrived, he had already asked the system to scan the Lone Wolf Assault Team.

After the system finished scanning, Qin Yuan realized that the bodies of the Lone Wolf Assault Team members were severely overloaded. Qin Yuan was very helpless in this situation. If this continued, some of the members of the Lone Wolf Assault Team would be crippled if they were not careful. Such overload training would cause serious sequelae to the soldiers.

For a moment, Qin Yuan's eyes darkened. There was only one way for the Lone Wolf Assault Team to break through, and that was to increase their training to stimulate their physical strength.

Qin Yuan analyzed the members of the Lone Wolf Assault Team for a while. The only thing that made him happy was that these guys had reached a critical point. Their physiques were on the verge of breaking through.

If they could break through, their strength would be greatly improved. If they could not break through, their bodies would be seriously damaged, which would also affect their future improvement!

The human body is just like this, very magical! At their stage, they were already different from ordinary people! The limits of one's physical strength would be stimulated. Only by breaking through would one be able to possess greater strength!

Seeing the expression on Qin Yuan's face, Long Xiaoyun was also a little surprised! This was the first time she had seen Qin Yuan reveal such an expression. Could it be that the Lone Wolf Assault Team in front of her had encountered some problem?

Looking at the members of the Lone Wolf Assault Team in the quagmire, Long Xiaoyun also looked worried.

Looking at the Lone Wolf Team members in front of her, Long Xiaoyun also felt a little distressed. Although she knew that the training must be strict, she did not expect to train like this. For a moment, she also felt that Fan Tianlei was really scary when he was stubborn!

"Chief of Staff Fan, you are indeed a little ruthless!"

After learning about the situation of the Lone Wolf Assault Team soldiers, Qin Yuan said helplessly to Fan Tianlei.

"That's ruthless? Didn't you train harder? Otherwise, how could your bunch of brats increase their strength to such a terrifying extent in such a short period of time?"

Hearing Qin Yuan's words, Fan Tianlei said a little embarrassedly. After all, he had indeed been a little stubborn during this period of time. His mind was filled with thoughts about how Qin Yuan could raise the people in the logistics company to such a level in such a short period of time!

Therefore, he could only let the members of the Lone Wolf Assault Team experiment because he felt that Qin Yuan had increased the training of the soldiers. After all, strength was obtained through high-intensity training.

"There's nothing wrong with the cruelty of training, but we can't be too hasty.

Otherwise, it will only leave serious hidden diseases in the soldiers' bodies!" Qin Yuan continued. After all, training was not just high-intensity training. It also had to be analyzed according to the physical condition of each soldier. However, Qin Yuan also knew that only he had this skill. After all, only he had the system!

Fan Tianlei and the others couldn't know the condition of the soldiers like the back of their hands!

"This... Can you show us how you train your soldiers?"

After hearing Qin Yuan's words, Fan Tianlei thickened his skin and asked Qin

Yuan. After all, he felt a little embarrassed to train his soldiers like this. Since Qin Yuan had come to Wolf Fang, he also wanted to see how Qin Yuan trained his soldiers!

“No problem! However, what you will see in a moment is not the way I have always trained! I’ll make some training plans for you later!”

Qin Yuan said with a smile. Not only would he not let the members of the Lone Wolf Assault Team rest, but he would also strengthen their training.

The Lone Wolf Assault Team members had been severely exhausted by Fan Tianlei’s high-intensity training. Now that they had reached the critical point of breaking through their physiques, he could only let them continue to train more intensely until their physiques broke through!

If they were allowed to rest now, it would only harm them!

“It’s not your training method?”

Hearing Qin Yuan’s words, Fan Tianlei was puzzled. He said that he wanted to show how he trained, but now he said that it was not the way he had always trained.

For a moment, Fan Tianlei was also a little stunned, including Long Xiaoyun, who also looked at Qin Yuan in confusion.

“Qin Yuan? What do you mean?”

Long Xiaoyun walked forward and asked Qin Yuan directly. She did not understand what Qin Yuan was up to.

Seeing that everyone was looking at him in confusion, Qin Yuan continued to explain,

“They’re seriously exhausted now. If we let them off now, it will leave serious hidden dangers in their bodies! Therefore, the only way was to stimulate their physical fitness through more brutal training and let their physique achieve a breakthrough!”

Long Xiaoyun’s eyes flashed with a bright light, and her face sank as if she had thought of something!

“Don’t tell me you’re planning to...”

For a moment, Long Xiaoyun thought of the time when she was training in the International Special Forces Academy. At that time, her physical strength was extremely overdrawn, even worse than the Lone Wolf Commando Team in front of her. However, she didn’t know why she had managed to stimulate the extreme physical outburst state at the end!

“Yes!”

Qin Yuan also knew what Long Xiaoyun wanted to say. He wanted to take advantage of the fact that the members of the Lone Wolf Assault Team had already reached this stage. He wanted to try and see if the members of the Lone Wolf Assault Team could break through. Even if they could not stimulate the hidden limits of the human body, they could at least break through in their physique.

To be honest, Qin Yuan did not train the soldiers of the logistics company in this way. This kind of physical overload was very dangerous. If they were not careful, their bodies would suffer serious hidden dangers!

Therefore, Qin Yuan had never conducted such rapid and high-intensity training for the soldiers!

However, now that everyone in the Lone Wolf Assault Team had reached such a level, he had to give it a try. After all, he had the system's assistance and could always pay attention to their physical condition!

Fan Tianlei also looked at Long Xiaoyun in confusion. He didn't know what these two were talking about.

“Chief of Staff, you can leave the training to Qin Yuan!”

Seeing Fan Tianlei's confused look, Long Xiaoyun also walked up and said to Fan Tianlei.

“Good!”

With that, Fan Tianlei walked to the front of the Lone Wolf Assault Team!

‘Lone Wolf Assault Team!’

“Yes!”

“Yes!”

Although the Lone Wolf Assault Team members were still replying with their loudest voices, it was obvious that their voices had weakened!

“Come down and let Company Commander Qin Yuan bring you guys for special training. All the training will be arranged by Company Commander Qin!”

Fan Tianlei shouted at the Lone Wolf Assault Team members.

“Yes, sir!”

“Yes, sir!”
