

## Special Troop 171

### Chapter 171: Company Commander Qin Is Not Bad!

Seeing that Qin Yuan and Long Xiaoyun were also standing behind Fan Tianlei, the faces of the Lone Wolf Assault Team members revealed excited expressions!

They knew their Instructor Long. At least in terms of training, she wouldn't be as abnormal as their Chief of Staff!

“Let Company Commander Qin train us? Is the Chief of Staff planning to let us go this time?”

For a moment, the paratroopers heaved a sigh of relief. It had been like living in purgatory during this period of time. Every day was extremely cruel and high-intensity training. Their bodies could not take it anymore. If this continued, they might collapse!

“Ostrich, I think you shouldn't be happy too early. Why do I feel that Company Commander Qin is even more abnormal than the Chief of Staff? You have to know that the brothers in the logistics company have improved so much in such a short period of time, but I don't feel that our strength has improved much during this period of training!”

The weak voice of the medics came from behind the paratroopers.

“The medics are right. The Chief of Staff has been training us so cruelly. I don't feel that my strength has improved much. I can only say that it has improved a little, but I feel that my body can't take it anymore!”

After hearing the medical staff's words, Old Pao began to analyze the situation!

“I don't think you're wrong! If Company Commander Qin Yuan really comes to train us, won't we die?”

For a moment, the Lone Wolf Assault Team members who had just relaxed became nervous again.

“Hello! You should all know who I am, so I won't introduce myself anymore. I know you must be tired now. Even I feel tired from this kind of training!”

Qin Yuan also walked forward and said softly to the members of the Lone Wolf Assault Team who were carrying huge logs in the quagmire.

“No way! According to what Commander Qin said, we won't be so tired in the following training! ”

Hearing Qin Yuan's words, the Lone Wolf Assault Team members became excited again. If they continued to increase their training, they would not be able to hold on.

“Everyone, put down the logs in your hands!”

Qin Yuan also said to the Lone Wolf Commando Team with a smile. Qin Yuan had also heard what they said through the early warning radar. For a moment, he felt like laughing!

To be honest, he didn't want to continue torturing the members of the Lone Wolf Assault Team, but he had no choice. They had a Chief of Staff like Fan Tianlei. Now that they were in such a state, he had to strengthen their training.

Only in this way could they obtain a breakthrough. Otherwise, the members of the Lone Wolf Assault Team would have hidden dangers in their bodies, so Qin Yuan would have to be the bad guy for once!

"Yes, sir!"

"Yes, sir!"

For a moment, the Lone Wolf Assault Team members heaved a sigh of relief and put down the logs one by one!

"F \* ck! I can finally breathe!"

The paratrooper heaved a sigh of relief and began to massage his body! "That's right! I'm so tired. It seems that Qin Yuan is really a good person!" Xiao Zhuang also said with a smile. Seeing that Qin Yuan was so friendly to them, everyone relaxed for a while!

Just as everyone felt that such cruel training was about to end, Qin Yuan's words directly disheartened them!

"Attention everyone! Five people in a group, carry the logs over there and run to the opposite mountain before turning back!"

For a moment, everyone was stunned when they heard Qin Yuan's words!

"What is it? Commander Qin, are you telling us to carry that 800-pound log over there and run 20 kilometers?"

Geng Jihui once again confirmed with Qin Yuan. He could not believe that Qin Yuan had directly carried out such cruel training on them!

"Yes, I'll only give you one minute!"

Qin Yuan said with certainty again. After getting Qin Yuan's confirmation, the Lone Wolf Assault Team members knew that they had not heard wrongly!

"No way! Oh my god, I thought Company Commander Qin was an easy person to talk to!"

For a moment, the paratroopers were on the verge of tears!

"I knew it. How could Company Commander Qin let us off so easily?"

The medic shook his head helplessly!

"40 seconds left!"

Just as everyone was still immersed in Qin Yuan's words, Qin Yuan's serious voice sounded again!

"Hurry up and do it!"

For a moment, Geng Jihui said to the members and led the way to the pile of logs that Qin Yuan had mentioned.

Each of the logs weighed 800 pounds. Although Qin Yuan said that they would form a group of five, how could they withstand such heavy log training with their current physical strength?

Even if they were at their peak condition, it was impossible for them to carry a log that weighed 800 pounds and run 20 kilometers!

For a moment, the Lone Wolf Assault Team members could only look at each other! They could only helplessly carry the logs in groups of five and run towards the mountain that Qin Yuan had mentioned!

Da da da...

In an instant, Qin Yuan picked up his gun from behind the Lone Wolf Assault Team and fired at them!

“Hurry up! Your speed is still too slow!”

Qin Yuan followed closely behind everyone, not giving them any chance to rest!

Although he knew that the Lone Wolf Assault Team was already exhausted, he had no choice but to stimulate everyone's limits!

“F \* ck! Why is it live ammunition!”

For a moment, everyone was shocked. They did not expect Qin Yuan to use live ammunition to train them.

They were all people who had used guns for many years. They knew best how real bullets worked.

“This Company Commander Qin is really ruthless. Isn't he afraid that he will kill someone?”

Although they had been trained with live ammunition when they entered Wolf Fang, it was only that one time!

After all, this was really not easy to control. If he was not careful, it would really happen!

Just as everyone was still in shock, another volley of bullets fired at them!

Qin Yuan would not give them the slightest chance to stop!

“Hurry up and run! This Company Commander Qin was really not to be trifled with! Hurry up!”

Geng Jihui immediately lectured the crowd. Seeing that Qin Yuan's bullets hit his heels almost every time, he knew that Qin Yuan was not joking with them!

For a moment, the Lone Wolf Assault Team members became nervous. They suddenly raised their strength and rushed forward with the logs!

“This kid really dares to train like this! However, he's really ruthless!”

Looking at Qin Yuan and the others not far away, Fan Tianlei's face revealed a surprised expression! Qin Yuan's training was much crueler than his own!

Chapter 172: Qin Yuan is the Company Commander of the Recruit Company!

**"This guy is really ruthless!"**

Looking at Qin Yuan training his soldiers like this, a trace of surprise flashed across Long Xiaoyun's eyes! When Qin Yuan fired at the Lone Wolf Assault Team, she was surprised to find that Qin Yuan's control over his firearms was ridiculously strong!

One had to know that as long as Qin Yuan's bullets were slightly off, the Lone Wolf Assault Team would be waiting to eat "melon seeds"!

For a moment, Long Xiaoyun could not help but admire Qin Yuan. If it were her, to be honest, she could not guarantee that she would be this accurate. This was not just about having good gun control. Every bullet that Qin Yuan fired just now had predicted the movements of the Lone Wolf Assault Team members!

Long Xiaoyun was very clear about how difficult it was to do this. It was impossible to achieve such a level of prediction without ten or twenty years of gun control!

**"Could it be that this guy has been playing with guns since he was born?"**

Looking at Qin Yuan's age, Long Xiaoyun also felt helpless. Qin Yuan's strength did not match his age at all. Moreover, how long had this guy been in the army? If this was Qin Yuan's talent, then his talent was ridiculously strong!

**"Qin Yuan, this kid, is really a rare seedling! His future would definitely be boundless!"**

Fan Tianlei also said in a deep voice. To be honest, just from the boldness of shooting at the Lone Wolf Assault Team, it was not something that ordinary people could compare to. For a moment, Fan Tianlei's eyes were burning as he looked at Qin Yuan's departing figure!

**"Little girl? Did the military commander already make arrangements for this kid?"**

For a moment, Fan Tianlei also asked Long Xiaoyun beside him. He had already applied to the military region many times to recruit Qin Yuan and the logistics team into Wolf Fang, but they were rejected by the military region chief every time. From this, Fan Tianlei also had some guesses.

However, he was not very sure. It was fine if he knew that Qin Yuan could not be recruited, but he did not expect that even his logistics company could not be recruited, so he had some guesses in his heart!

**"This! Uncle Fan, you are already an old man in the army. Do you still need me to explain this to you?"**

Long Xiaoyun smiled helplessly. At present, the Battle Wolf Plan was still a military secret. Although some people could get some information, there was no clear document, so Long Xiaoyun couldn't tell Fan Tianlei!

Fan Tianlei was only guessing that Qin Yuan and Qin Yuan's logistics company soldiers must have made some arrangements. Otherwise, it would be easy for Wolf Fang to get them!

"You little girl! What kind of relationship do we have? You're still hiding it from me!"

For a moment, Fan Tianlei's trademark fox smile appeared on his face.

"Uncle Fan, it's not that I don't want to say it, but this time, it's the decision of the military leaders, so you know that there are some things that we can't say!"

Long Xiaoyun also laughed softly. From Fan Tianlei's face, she knew that Fan

Tianlei had fallen for Qin Yuan. If she had not submitted the Battle Wolf Plan to the military commander, Qin Yuan might have been Wolf Fang's man now.

This was because she had long heard from the military commander that Fan

Tianlei had applied to transfer Qin Yuan and his logistics company to Wolf Fang many times, but they were rejected by the military commander every time!

All of this was actually to leave Qin Yuan to her and Battle wolf! For a moment, Long Xiaoyun did not expect Qin Yuan to be so popular. She thought about how she had rejected Qin Yuan in the beginning!

But now, she knew that Qin Yuan did have his own way of leading troops and training soldiers. With his understanding of soldiers, it was simply a terrifying existence. It had to be known that he had only been in Wolf Fang for a short time! He could analyze the physical condition of the Lone Wolf Assault Team members so quickly.

"Alright then! If only I discovered this kid earlier! Looks like this kid doesn't have any fate with our Wolf Fang!"

Hearing Long Xiaoyun's words, Fan Tianlei also knew that it was impossible for him to poach Qin Yuan to Wolf Fang now. He had missed Long Xiaoyun back then, and he did not expect to miss Qin Yuan again!

For a moment, Fan Tianlei's face darkened. No one was better at spotting people than Fan Tianlei when it came to good soldiers. However, Qin Yuan had already attracted the attention of the military commanders when he had made a name for himself, so it would be useless no matter how much he tried to fight for him!

"Why did you suddenly come to my place today?"

For a moment, Fan Tianlei gave up the idea of poaching Qin Yuan to Wolf Fang. With Qin Yuan's current results, he could not poach him even if he wanted to.

"The 801st Division is going through a military reform, and this year's recruit company is about to end. Didn't I borrow troops from you last time to go to the logistics company?"

“It was from that time that I felt that Qin Yuan should have his own unique training method. Then, I went to the logistics company to call him over. After all, perhaps his training method would be useful to Wolf Fang!”

Long Xiaoyun also explained the purpose of coming to Wolf Fang. This was also the promise she made to the Lone Wolf Commando Team last time!

“The 801st Division is going to undergo military reform. It seems that it will be implemented in the next few days, right?”

Fan Tianlei remembered something. He seemed to have placed three soldiers in the Iron Fist Regiment!

“Yes! There are still a few days before the integration begins!”

Long Xiaoyun planned to go to the other troops after coming to Wolf Fang and see if he could choose some soldiers suitable for Battle wolf while the military reform was going on!

If she hadn't remembered what she had said to the Lone Wolf Commando Team, they might have been selecting soldiers from other units by now!

“Have the recruits of the Iron Fist Regiment's recruit company finished their training?”

Speaking of this, Fan Tianlei also remembered that He Chenguang and the other two were sent to the Iron Fist Group by him. It seemed that it was time for him to get them back.

“It will end in a few days. Qin Yuan is the company commander of their recruit company! But I dragged him here!”

Long Xiaoyun also replied.

“What is it? Qin Yuan was the company commander of the Iron Fist Regiment's recruit company?”

After hearing Long Xiaoyun say that Qin Yuan was the managing company commander of the Iron Fist Regiment's recruit company, Fan Tianlei's expression changed drastically!

“Yes!”

Seeing Fan Tianlei's expression change, Long Xiaoyun was also surprised! She was very curious why Fan Tianlei was so excited when he heard that Qin Yuan was the company commander of the Iron Fist Regiment's recruit company!

After hearing Long Xiaoyun say that Qin Yuan was the managing company commander of the Iron Fist Regiment's recruit company, Fan Tianlei's expression changed drastically!

“Yes!”

Seeing Fan Tianlei's expression change, Long Xiaoyun was also surprised! She was very curious why Fan Tianlei was so excited when he heard that Qin Yuan was the company commander of the Iron Fist Regiment's recruit company!

“Not good! Xiaoyun, Old Gao! You guys stay here for a while. I still have something to deal with!”

With that, Fan Tianlei turned around and ran towards the garage! Only Old Gao and Long Xiaoyun were left standing there, looking at Fan Tianlei leaving..

Chapter 173: Would Not Come for Nothing!

“What’s going on?”

For a moment, Long Xiaoyun saw Fan Tianlei’s reaction and asked Old Gao in surprise!

“This...I’m not sure about this either! The Chief of Staff is like this. Sometimes, you couldn’t guess what he was thinking!”

Seeing Fan Tianlei like this, Old Gao also helplessly explained to Long Xiaoyun. He did not know why Fan Tianlei would be so excited when he heard that Qin Yuan was the Iron Fist Regiment’s recruit company commander!

For a moment, Long Xiaoyun seemed to have thought of something. Usually, only good seedlings could make Fan Tianlei so excited!

It seemed that there was someone he paid attention to in the Iron Fist Regiment’s recruit company. Otherwise, how could Fan Tianlei be so excited when he heard that Qin Yuan was the company commander?

This must be because he knew that he could not poach Qin Yuan away. Even Qin Yuan’s logistics team could not be poached by Wolf Fang. Fan Tianlei must have a guess in his heart!

Based on Long Xiaoyun’s understanding of Fan Tianlei, he would definitely know that the military commanders would make a move. Then, he had to quickly poach the young talents he had high hopes for. Otherwise, he would not have the chance!

“It really is Uncle Fan! He is still the same!”

Looking at Long Xiaoyun sighing softly, Old Gao looked at Long Xiaoyun with a dumbfounded expression. He didn’t know what Long Xiaoyun was talking about!

“Sergeant Gao! You should get the medical team to come over first! This time, the Lone Wolf Assault Team would not end their training unless they fainted! ”

As she spoke, Long Xiaoyun also knew what Qin Yuan was going to do next, so she had to prepare in advance! The members of the Lone Wolf Assault Team could forget about resting.

“No way! Instructor Long! Did Company Commander Qin have to be so ruthless in his training? Why do I feel like he’s even more perverted than the Chief of Staff?”

After hearing Long Xiaoyun’s words, Old Gao said in surprise. During this period of time, Chief of Staff Fan Tianlei had been making them go through high -intensity training.

He did not expect Qin Yuan to do the same. Didn't he say that the soldiers' bodies would not be able to take it? Why did even Long Xiaoyun say that it was impossible for them to stop unless they fainted?

"It's not his fault! The main thing was that the Lone Wolf Assault Team could only train like this now! After all, their physical strength was already severely exhausted. If they stopped now, it would only cause their bodies to suffer huge hidden dangers!"

"Therefore, we can only stimulate the last of their human potential. If we can survive, their strength will undergo a qualitative change!"

Seeing Old Gao's puzzled expression, Long Xiaoyun started to explain. After all, she had experienced it herself. Unknowingly, her extreme explosive state was triggered under that kind of situation!

As for whether the Lone Wolf Assault Team members could be like her, she did not know. After all, she could not explain why this was the case. She could only say that the human body had unlimited potential!

"I see!"

Old Gao also knew what Long Xiaoyun meant. After all, at their current stage, to judge the strength of each special forces soldier was to see how far their physical fitness and physique had been trained. After all, the strength of the special forces soldiers was not something that ordinary people could have.

Da da da...

On the other side, Qin Yuan was also leisurely following behind the Lone Wolf Assault Team. He held his gun and fired at the Lone Wolf Assault Team again. "Hurry up! You all now know that your training has a risk of fatality!"

For a moment, Qin Yuan stood behind and shouted at the members of the Lone Wolf Assault Team. Qin Yuan had been using the system to pay attention to the condition of the members of the Lone Wolf Assault Team, but he did not give them any chance to relax.

"I'm wondering who called this demon over! I think that the Chief of Staff is much better!"

The paratroopers panted heavily. For a moment, they did not know how to complain. They had just experienced Fan Tianlei's cruel torture. They thought that it would be better if Qin Yuan came, but they did not expect Qin Yuan to be even more ruthless than Fan Tianlei!

"Stop talking. If you don't run for a while, you'll die! Commander Qin is serious!"

Old Pao said to the crowd with tears in his eyes. They were all special forces soldiers. From the bullets that Qin Yuan fired at them, they knew that Qin Yuan was not joking with them. This was because every bullet that Qin Yuan fired would immediately hit them if they were not careful.

They would never believe that someone could control the gun and predict their movements so accurately! Because they had never seen such a person before, they believed that Qin Yuan would really dare to kill them!

“Faster, persevere!”

For a moment, even Geng Jihui’s voice became much weaker. He could feel that his body was severely overdrawn. He was relying on his willpower to support his body.

For a moment, the Lone Wolf Assault Team members could only run forward helplessly. They did not dare to relax at all. If they were not careful for a moment, the bullets would hit them.

“Sigh, I wanted to leave a good impression in front of you, but I had no choice. I’m doing this for your own good!”

Looking at the members of the Lone Wolf Assault Team who were about to fall at every moment, Qin Yuan smiled and sighed. There was nothing he could do but to torture everyone in the Lone Wolf Assault team!

If he didn’t force them, they would be crippled in the future! Although he had something like the Physique strengthening liquid, it required skill points!

No matter what, the Lone Wolf Assault Team had more than twenty people! Qin Yuan would not waste his skill points on something that could be solved through training!

After all, Qin Yuan also wanted to see if the members of the Lone Wolf Assault Team could stimulate their limits like Long Xiaoyun!

If it was really possible, then he wanted to give it a try to the people in the logistics company! After all, this was a good thing!

As he thought about it, Qin Yuan continued to chase after the Lone Wolf Commando Team!

At this time, Fan Tianlei had just arrived at the Iron Fist regiment. He held a few bottles of good wine in his hand and walked into Kang Lei’s office!

“Old Kang? Long time no see!”

Fan Tianlei greeted Kang Lei with a smile as soon as he entered.

“You old fox, how do you have the time to come to my little temple!”

Seeing Fan Tianlei walk in with a smile, Kang Lei was also a little surprised!

He immediately got up and called Fan Tianlei to sit on the sofa.

“What’s wrong? Can’t I just come over and catch up with you, my big brother?”

Fan Tianlei also smiled and answered Kang Lei’s question. He immediately put down the wine in his hand and sat down.

“You old fox, you don’t come to me for no reason. There must be something wrong!”

Kang Lei knew that with Fan Tianlei's personality, he would not come to their Iron Fist Regiment for no reason!

#### Chapter 174: I'm Here to Take Some People!

"What's wrong? Do I need a reason to come to your place! I'm just here to have a drink with you!"

For a moment, Fan Tianlei looked at Kang Lei with a smile on his face. He definitely couldn't tell Kang Lei that he was here to ask for someone, so he picked up the two bottles of wine he had just brought and placed them on the coffee table!

"Alright, alright, alright. You'd better take it away! It's not like you don't know that we can't drink in the army. Are you trying to make me make a mistake?"

Kang Lei also began to decline. He knew that Fan Tianlei, this old fox, must have something to say to him. The last time, he had lost several of his soldiers because he was drunk. This time, it would definitely be the same.

"Alright! Don't you think I don't know if big brother can drink? This time, I'm purely here to drink with you!"

"You don't have to worry about anything!"

Fan Tianlei smiled as he spoke. He knew Kang Lei was still holding a grudge against him for getting him drunk and taking away a few of his soldiers. Although it was the same this time, Fan Tianlei would not tell Kang Lei about it openly.

Looking at Fan Tianlei waving the two bottles of wine in front of his eyes, Kang Lei felt a little helpless.

"Alright then! Then let's have a few drinks later!"

Kang Lei saw that Fan Tianlei had come to his office. He couldn't reject him immediately. Fortunately, he drank a little. To be honest, he hadn't drunk in a long time!

"Good! Then I'll wait here for you to finish your work, and then we'll have a few drinks!"

After hearing Kang Lei's answer, his face revealed a triumphant expression. He knew that Kang Lei was a person who would be easy to talk to when he was drunk.

"Alright! Then wait for me for a while! I'll be done in a while!"

Kang Lei smiled helplessly when he saw Fan Tianlei sitting there waiting for him.

Based on his understanding of Fan Tianlei, he knew that he had definitely taken a fancy to a soldier. Otherwise, he wouldn't have come and treat him to a drink.

The most outstanding people in their Iron Fist Regiment were Qin Yuan and his logistics company, but they had already been transferred away by the commanders of other military regions.

Even if Fan Tianlei came here for Qin Yuan, it was useless. In that case, he could rest assured and drink with Fan Tianlei!

As he spoke, Kang Lei began to busy himself with his work. After about half an hour, the two of them walked out of the office!

Kang Lei asked the guards to get a few dishes from the canteen before taking Fan Tianlei to his dormitory.

“Speak! You want me to give you a soldier again? I can still afford one or two soldiers!”

After three rounds of wine, Kang Lei was a little drunk. He was shaking his head as he spoke.

Seeing that Kang Lei was already drunk, Fan Tianlei revealed his signature

“Brother! The main reason I’m here this time is to tell you something!”

Fan Tianlei laughed out loud. He knew that no matter what he wanted now, Kang Lei would agree with his drunk personality!

“Tell me! As long as I have it, I’ll give you half!” Kang Lei replied to Fan Tianlei without hesitation.

“Then I won’t stand on ceremony. Brother, I’m here mainly because I’ve taken a fancy to a few soldiers. You know that our unit can only take in fresh blood from your hands! So I hope you can agree!”

Hearing Kang Lei’s words, Fan Tianlei also told him the purpose of his visit to the Iron Fist Regiment!

“Don’t tell me you’ve taken a fancy to Qin Yuan!”

Hearing Fan Tianlei’s words, Kang Lei felt that Fan Tianlei was here to ask him for Qin Yuan. After all, Qin Yuan’s strength and ability were very strong, and the most outstanding person in their Iron Fist Group was Qin Yuan!

“If it’s him, then I have no choice! He had long been poached by the military commander! ”

Kang Lei said to Fan Tianlei in a drunken state.

“It’s not him!”

Fan Tianlei also knew that he could not poach Qin Yuan away. It was because of this that he had no choice but to rush over to the Iron Fist Regiment to take away the three soldiers he had placed in the Iron Fist Regiment!

If he had come a little later, they might have been taken away by Qin Yuan. One had to know that these soldiers were led by Qin Yuan. Now that Qin Yuan had been transferred to the military region and the entire logistics company had been transferred away, the military region must have made some moves.

In addition to his understanding of Long Xiaoyun, he suspected that the military region was preparing to build a special force similar to the Wolf Fang!

One had to know that the Southeast Military Region only had their Wolf Fang Special Forces. The other military regions had two or even three of them!

He had a vague premonition that the commander of the military region was planning to let Long Xiaoyun and Qin Yuan form a team. Otherwise, it was impossible for him to transfer an entire company away at once!

After all, under Qin Yuan's leadership, those guys from the logistics company were not inferior to their Wolf Fang!

"Then who do you want?"

Kang Lei also asked Fan Tianlei again. When Fan Tianlei said that it was not Qin Yuan, he was a little puzzled. He could only helplessly cooperate with someone from the special forces who came to their regular forces to select people. After all, it was a good thing that someone from his own troops could enter the special forces.

"These few brats from the recruit company!"

As he spoke, Fan Tianlei took out the information on He Chenguang and the other two and handed it to Kang Lei!

"He Chenguang, Wang Canbing, Li Erniu."

Looking at the information of the three people on the document, Kang Lei's eyes revealed a trace of shock!

Fan Tianlei wanted to poach the three best soldiers in his recruit company!

He was very clear about this batch of recruits. Now, under Qin Yuan's leadership, their strength had advanced by leaps and bounds. Their future could be said to be bright.

"You old fox, are you trying to cut off the legacy of my Iron Fist regiment in one go?"

Seeing that Fan Tianlei was coming to take away He Chenguang and the other two, he felt a little reluctant!

Now that Qin Yuan and his logistics company had been poached away by the military commander, it was possible that most of the soldiers of the fourth company would be taken away by Qin Yuan. After all, he had talked to Qin Yuan before. This time, Qin Yuan must have made special arrangements for going to the military region.

All of a sudden, the best soldiers in his Iron Fist Regiment had been poached away. This made him feel very uncomfortable for a moment!

"Big brother! You also know that the soldiers under you are all very outstanding soldiers! Therefore, you should be proud of them for being able to develop further!"

Seeing Kang Lei's reddened eyes, Fan Tianlei comforted him. After all, they had no choice.. Good seedlings were rare, so they could only do this!

Chapter 175: Breakthrough!

"That's true, but they're all my soldiers! How could I bear to see so many people leave all of a sudden!"

Kang Lei voiced his thoughts. He had watched Qin Yuan grow up. Although he knew that with Qin Yuan's ability and strength, he could not stay in their Iron Fist Regiment forever, he still couldn't bear to let him leave.

However, he was also very proud that his soldiers were all outstanding and were able to obtain their favor because he knew very well how strong Wolf Fang was!

"Big brother, no matter where they are, they are still soldiers of the Iron Fist Regiment!"

"Come, let me toast you! "

Fan Tianlei then raised his wine glass to toast Kang Lei!

"Alright, I'll give this soldier to you, but I don't know if they're willing to move. After all, the recruit company is now handed over to Qin Yuan! You can ask them yourself if they want to go with you!"

Kang Lei also said loudly. He picked up the wine glass and drank it in one gulp!

"Alright! As long as you agree to let these three brats go, I'll talk to them myself!"

Fan Tianlei had rushed over because he knew that Qin Yuan was the commander of the Iron Fist Regiment's recruit company!

With Qin Yuan's charm, he really could not guarantee that He Chenguang and the others would follow him. So, before the military reform began and while the new recruits' life in the Recruit company hadn't ended yet, Fan Tianlei had to come and take He Chengguang, Wang Yanbing, and Li Erniu with him. After all, he had worked hard to bring these three guys into the military.

"Sure!"

As they spoke, the two of them drank until late at night. In the end, Kang Lei went back to his room to sleep with the help of Fan Tianlei.

It was already three o'clock in the morning when Fan Tianlei left Kang Lei's place.

"Chief of Staff Fan, I've already arranged for the rest quarters. You should go and rest too!"

Xiao Wu said to Fan Tianlei.

"Okay!"

Fan Tianlei followed the guard Xiao Wu to the dormitory to sleep. After all, Kang Lei had agreed to take He Chenguang and the others away, so he was not in a hurry.

In the Wolf Fang special training base, the Lone Wolf Assault Team had just put down the logs they were carrying when they were immediately shot at by Qin Yuan with a high-pressure water gun, not giving them any chance to breathe.

“Oh my god! Isn't Commander Qin a pervert? I feel like I really can't carry on anymore!”

A water dragon directly hit the paratrooper's body, and his entire body flew out. One had to know that they were already exhausted. How could they withstand the impact of the high-pressure water gun?

“I can't take it anymore either. I've finally seen what ruthlessness is like in this training!”

Just like the paratroopers, the medics were also sent flying. They fell to the ground and responded to the paratroopers.

“I'll fight it out with you!”

Before everyone could react, Xiao Zhuang shouted and raised his fist as he rushed toward Qin Yuan!

“Hmm? Is this Xiao Zhuang still alright? At this time, he still had the strength to attack him!”

Seeing Xiao Zhuang flying towards him, Qin Yuan smiled!

Peng...

Xiao Zhuang had just run to Qin Yuan when he was sent flying far away by Qin Yuan's kick. He crashed heavily to the ground.

After seeing this situation, the Lone Wolf Assault Team members also came to their senses. Seeing that Xiao Zhuang had been beaten up, Old Pao and Qiangzi also shot toward Qin Yuan! The other members also rushed over to him!

“Good! I was afraid that you guys would run out of strength. It seems that I was wrong!”

Seeing that Old Pao and the others were also rushing towards him, Qin Yuan was amused! Wolf Fang's personality was really like a wolf. The entire army was like a pack of wolves! As long as one wolf was attacked, the other wolves would immediately swarm over!

Peng...

Peng...

The Lone Wolf Assault Team members were kicked away one by one, but they continued to get up after falling to the ground. Although it was very difficult, no one gave up!

“Not bad! That's it!”

Looking at each of them using up their last strength to get up, Qin Yuan was also happy. Now, the Lone Wolf Assault Team members were already at the end of their rope. They were only one step away from breaking through!

With that, Qin Yuan threw down the high-pressure water gun and rushed out at everyone. His combat movements were smooth and natural! Not long after, the entire Lone Wolf Assault Team was knocked to the ground and fainted! “Ding... Congratulations to the paratrooper for breaking through. The host has received 1000 Skill Points!”

“Ding... Congratulations to the health worker for breaking through. The host has received 10000 Skill Points!”

“Ding... Congratulations... The host has received 10000 skill points!”

For a moment, a series of hurried system reward notifications sounded in Qin Yuan’s mind!

“System, do I get a reward for accepting the mission halfway?”

Seeing the sound of rewards in the system, Qin Yuan asked the system excitedly.

“As long as you break through after training with the host, the host can obtain a certain amount of skill points as a reward!”

The system began to explain!

“There’s such a good thing huh!”

In an instant, he had obtained 200,000 skill points. His face was filled with excitement!

Looking at the members of the Lone Wolf Assault Team who had fallen, Qin Yuan felt a little helpless. The members of the Lone Wolf Assault Team had already achieved a breakthrough in their physique. They had all reached their own breakthrough bottleneck, so after this breakthrough, their strength would have a qualitative leap! However, no one could obtain unexpected gains like Long Xiaoyun!

“It seems that not everyone can trigger such a good thing like an extreme outburst! ”

Qin Yuan sighed softly. He had thought that at least one or two people would be able to activate it, but he had thought too much.

“Host, I’ve already told you that Long Xiaoyun’s situation would only occur once in a million! This isn’t something that can be triggered as easily as you think! ”

Hearing Qin Yuan’s words, the system reminded him again.

“I know! You don’t have to tell me!”

Qin Yuan grinned. How could he admit his wrong thoughts in front of the system?

The System was speechless.

Very soon, Old Gao arrived at the scene with the staff from the infirmary and saw the Lone Wolf Assault Team members lying on the ground!

“This...”

Looking at this scene, it was really the same as Long Xiaoyun!

“How are they now?”

Long Xiaoyun walked forward and asked.

“Everything is fine! At least they have broken through!”

Qin Yuan said softly.. Qin Yuan knew the situation of the Lone Wolf Assault Team the best!

Chapter 176: Did He Go to the Recruit Company?

“Where is Chief of Staff Fan?”

They only saw Long Xiaoyun and Old Gao here, but they did not see Fan Tianlei and Qin Yuan asking the two of them.

“Chief of Staff?”

“He just said that he had something urgent to do and left!” Old Gao explained to Qin Yuan.

“Urgent?”

Hearing Old Gao’s words, Qin Yuan also glanced at Long Xiaoyun. When Long Xiaoyun saw Qin Yuan looking at her, she continued to say to Qin Yuan,

“Just now, I told him that you were the managing company commander of the Iron Fist Regiment’s recruit company. Then, I don’t know why he left in a hurry! He looked like he was about to miss something!”

After hearing Long Xiaoyun’s words, Qin Yuan’s face darkened.

“Not good! We have to go back to the recruit company now! Hurry up or it’ll be too late...”

For a moment, Qin Yuan turned around and pulled Long Xiaoyun, wanting to rush towards the recruit company!

“What’s wrong? We just arrived...”

For a moment, Long Xiaoyun was also stunned. Why did Qin Yuan and Fan Tianlei have such a big reaction when he mentioned the new recruits?

Even Old Gao, who was standing at the side, was a little stunned. From the look of the chief of staff, there should be someone he wanted in the recruit company, but why was Qin Yuan so anxious?

“I’ll talk to you later. Hurry up and leave!”

Qin Yuan knew very well why Fan Tianlei went to the recruit company! Fan Tianlei was going for He Chenguang, Wang Yanbing, and Li Erniu!

The three of them were placed in the Iron Fist Regiment’s recruit company by Fan Tianlei. If it was in the past, Qin Yuan would definitely not say anything, but now that they were about to form Battle wolf, how could Qin Yuan let these three good seedlings go!

“Sergeant Gao! Now that everyone in the Lone Wolf Assault Team had achieved a breakthrough in their physique, they would definitely have to lie in bed for about a day.”

“We still have something to do. We have to go back. As for the training of the Lone Wolf Commando Team in the future, I will specially formulate a suitable training plan for each of you! When the time comes, I’ll get her to send it over to you!”

Qin Yuan immediately raised the issue of training and looked at Long Xiaoyun!

He didn’t know what kind of relationship Long Xiaoyun had with Wolf fang, but he knew that they had a very good relationship! After all, even Old Gao and Long Xiaoyun were quite polite when they spoke to each other.

“Sure, got it! Thank you for your hard work, Company Commander Qin!”

Old Gao also knew that Qin Yuan was invited by Long Xiaoyun this time. He was very glad that Qin Yuan could formulate a training method suitable for their Lone Wolf Assault Team!

After all, Old Gao was very clear about Qin Yuan’s ability and strength. Although Qin Yuan was young, he had to admit that he was much better at training soldiers than veterans like them!

“Alright, then we’ll make a move first!”

After saying that, Qin Yuan pulled Long Xiaoyun and rushed to the garage. Fan

Tianlei had been gone for quite a long time. Based on Qin Yuan’s understanding, Kang Lei should have already been drunk and agreed to Fan Tianlei’s request.

Soon, Qin Yuan and Long Xiaoyun immediately set off on the way back to the recruit company!

“Qin Yuan, why are you so anxious?”

Looking at Qin Yuan’s speed, Long Xiaoyun also asked in a deep voice. After all, Qin Yuan and Fan Tianlei’s actions were a little too strange! “Do you still remember those guys from the recruit company?”

Seeing Long Xiaoyun ask, Qin Yuan replied with a smile.

“I remember! You mean Chief of Staff Fan went to the Recruit Company?”

Hearing Qin Yuan’s words, Long Xiaoyun also thought of what Fan Tianlei was doing in a hurry!

The recruits of the recruit company were also quite strong. Among them, there were a few soldiers who had already met the requirements to join the Battle wolf team!

“These new recruits were all groomed by me. Believe me, if we form the Battle Wolf Plan, we must take them all away. These kids have great potential!”

Qin Yuan was in such a hurry to go back because he did not want the cooked duck to fly away! He had to take He Chenguang and the other two away. Ever since he said that he was going to start forming the battle wolf, Qin Yuan had long had this idea!

“I know that two or three of them are particularly outstanding, but now that Chief of Staff Fan has gone over, do you think we still have a chance?”

Long Xiaoyun also knew that there were very few seedlings that were suitable to become part of the special forces. After the military chief asked them to form the Battle wolf Special Forces, they created a competitive relationship with Wolf Fang.

However, the Wolf Fang was an established special forces unit, while Battle wolf was still in the early stages of preparation. The soldiers had to carefully consider their choices between the two units.

“Don’t worry about that! As long as I’m here, Chief of Staff Fan can’t take them away!”

Qin Yuan also said to Long Xiaoyun confidently. He knew the recruits this year very well. No matter what, he was their recruit company commander!

“Alright then! I hope you are as charming as you say!”

Seeing that Qin Yuan was so confident in himself, Long Xiaoyun turned her head helplessly and did not say anything.

She knew that in the current situation, no matter which soldier it was, they would choose Wolf Fang! After all, Battle wolf hadn’t even started to form!

Iron Fist Regiment Recruit Company!

The squad leader was training with the new recruits. In a few days, their new recruits’ time in the Recruit company would come to an end. In order to meet Qin Yuan’s requirements, they were all training hard.

“These fellows…”

Seeing the soldiers training on the training ground, Fan Tianlei was shocked.

Early in the morning, when Fan Tianlei got up, three guards, Xiao Wu, brought him to the recruit camp!

Seeing the recruits on the training ground, Fan Tianlei’s eyes lit up. He didn’t expect that this batch of recruits would reach this level in such a short three months of training.

“Qin Yuan is really a rare genius in training...” Fan Tianlei walked toward the training ground.

“Chief of Staff Fan,

Gong Jian’s eyes lit up when he saw Fan Tianlei walking over. He immediately went up to him!

He had seen Fan Tianlei before. He was always there when the Wolf Fang Special Forces selected soldiers, and they had even chatted a little!

“You are the instructor of the Sharpshooter Company, Gong Jian? You’re now...” Fan Tianlei asked in surprise when he saw Gong Jian.

“Yes, I am Gong Jian of the Fourth Company! Chief of Staff, why are you here?”

When Gong Jian saw Fan Tianlei, he knew that something was up! He knew Fan Tianlei’s identity. It seemed that he had taken a fancy to some soldiers.

“Why are you here in the recruit company? Are you in charge of the recruit company with Qin Yuan?”

Fan Tianlei asked. Gong Jian should be here to lead the new recruits!

“Yes, I am! I’m the instructor of the recruit company. Chief of Staff, what’s the matter?”

“I’m just here to take a look. You don’t have to care about me. Just continue training!”

Fan Tianlei also noticed that the recruits on the training ground were looking at him and he did not want to delay the soldiers’ training!

Chapter 177: Fan Tianlei’s Displeased Face!

“Don’t worry! The squad leader is leading the team in training. Company Commander Qin isn’t here, so I had to come over and take a look!”

Gong Jian said to Fan Tianlei with a smile.

“Qin Yuan is not bad. I didn’t expect these kids to be trained to this standard by him!”

Hearing Gong Jian’s words, Fan Tianlei also started chatting with Gong Jian. He also wanted to find out about Qin Yuan’s relationship with the recruits and soldiers.

If it was good, it would be difficult for him to bring He Chenguang and the others away this time. If it was not good, he did not mind bringing a few more!

Because he had already noticed that some of the soldiers were also very strong!

“Company Commander Qin is indeed very capable, and he is very concerned about the condition of the soldiers. If it weren’t for him, we might not have been able to reach our current strength!”

For a moment, Gong Jian’s eyes were filled with admiration.

Looking at Gong Jian’s expression, Fan Tianlei had a bad feeling!

From Gong Jian’s eyes, Fan Tianlei could tell that Qin Yuan’s position in their hearts was already deeply rooted.

“Fortunately, this guy is now at the Wolf Fang Base. Otherwise, this trip might have been in vain!”

To be honest, Fan Tianlei did not expect Qin Yuan to be the managing company commander of the Iron Fist Regiment’s recruit company.

After all, the current situation was different from the beginning. Qin Yuan should have been assigned some mission by the military commander.

Judging from his and Long Xiaoyun’s reactions during this period of time, combined with all this information, Fan Tianlei felt that the military leaders should be planning to build a special force similar to the Wolf Fang.

After all, the Southeastern Military Region only had one special forces unit, while the other military regions had two or even three.

Over the years, the special forces had become more and more important, so Fan Tianlei knew that his guess was not wrong!

Now they were in a competitive relationship, Fan Tianlei had to rush over. After all, He Chenguang and the other two were sent to the Iron Fist regiment by him.

If they were taken away by Qin Yuan, he would have no one to blame but himself.

“Yes! It’s not bad!”

Fan Tianlei also looked at the soldiers on the training ground and said. It was undeniable that Qin Yuan’s ability and ability to lead troops were indeed very strong.

He admitted that he couldn’t bring the soldiers to this state in three months! “Can you bring me over to get to know them?”

Fan Tianlei could not wait to make a move on these recruits. After all, Qin Yuan was not around now, so he wanted to take as many as he could. The more he looked at the recruits in front of him, the more he liked them.

“Sure, Chief of Staff Fan, this way please!”

As he spoke, Gong Jian brought Fan Tianlei to the new recruits on the training ground.

“Gather!”

Seeing Gong Jian and Fan Tianlei walk over, the squad leader immediately gave the order to the soldiers on the training ground!

Soon, everyone in the recruit company gathered and waited for the next order from the squad leader.

“Instructor Gong, Chief, why are you here?”

Looking at the epaulets on Fan Tianlei’s shoulders, the squad leader knew that the Chief of Staff had come to inspect the recruits again! “This is Chief of Staff Fan from the Special Forces Brigade!”

Gong Jian began to introduce him to Lao Hei!

“Hello, Chief!”

Then, Lao Hei saluted Fan Tianlei!

“I just came to take a look! There’s no need to be so formal!”

Fan Tianlei said with a smile.

“Yes, sir!”

After the squad leader put down his hand, he immediately walked to Gong Jian’s side.

“Hello! I think you guys should be very curious about my identity, but before you know my identity, I want to ask you a few things!”

Fan Tianlei also walked up to the recruits and said.

“This... Isn’t he... the squad leader who went to the construction site to call me over to be a soldier?”

Li Erniu said in surprise when he saw Fan Tianlei. In the past, he didn’t know the military ranks in the army, but now it was different. He didn’t expect Fan Tianlei to be such a high official!

“Brother Niu! What kind of look is that? Didn’t you see that military rank? What are you thinking by calling him squad leader?”

Wang Yanbing said helplessly to Li Erniu.

The three of them had seen Fan Tianlei before, so He Chenguang and Wang Yanbing weren’t that surprised!

Seeing the recruits in the team looking at him with confusion, Fan Tianlei continued, “Do you know what special forces are? Do you know what the special forces do?” “I know!”

“I know!”

Hearing Fan Tianlei’s words, the team that had been silent became excited. Their eyes were filled with the anticipation of becoming a special forces soldier!

Special forces! It was a dream for every one of them. They trained so hard to become qualified special forces soldiers.

“That’s good. I’m here to see if any of you can reach the standard of a special forces soldier!”

“If possible, I can bring you to participate in the selection of the special forces!

Only after passing the selection can you become a special forces soldier!”

Fan Tianlei’s face was filled with a smile when he saw the love of the recruits for the special forces. He knew that as long as they had the heart to become a special forces soldier, he could at least take a few people with him this time.

In the beginning, he had wanted to take He Chenguang, Wang Yanbing, and Li Erniu away, but now that he saw the recruits in front of him, he changed his mind.

“Sir!”

Someone in the recruit company shouted!

“Speak! ”

Fan Tianlei smiled and asked the soldier to answer the question.

“Chief! What gives you the authority to decide whether we can participate in the selection for the special forces?”

For a moment, everyone on the team was also puzzled. After all, the selection of the special forces was not guaranteed!

“This is a very good question!”

Fan Tianlei was also happy. If he couldn’t decide who could join the special forces, then wouldn’t he be the chief of staff for nothing?

Hearing the soldiers’ questions, Gong Jian walked up to the recruits and said,

“This is the Chief of Staff of the Special Forces!”

After hearing Gong Jian’s words, everyone in the recruit company was surprised. They did not expect the chief in front of them to be the chief of staff of the special forces!

Even He Chenguang and Wang Yanbing were a little surprised. They didn’t expect Fan Tianlei to be the chief of staff of the special forces of the Southeast Military Region!

“So, if I say you can, you can!”

Fan Tianlei smiled at the recruits. After seeing the reactions of the recruits, Fan Tianlei’s heart also bloomed with joy!

“Chief of Staff Fan... So you’re here! No wonder I couldn’t find you no matter how hard I tried! ”

For a moment! A familiar voice sounded from behind them!

Hearing this voice, Fan Tianlei’s face darkened..

Chapter 178: Let the Recruits Make Their Own Choice!

Seeing Fan Tianlei's sour face, Qin Yuan found it funny. While he was in Wolf Fang, Fan Tianlei had come to recruit company to poach them?

Qin Yuan would not let such a thing happen. One had to know that Qin Yuan had long thought of bringing this batch of recruits into the special forces, but now they were not going to Wolf Fang!

“Qin Yuan, why are you back?”

Seeing Qin Yuan and Long Xiaoyun walk up, Fan Tianlei knew that it was impossible for him to poach the recruits of the recruit company!

“The members of Wolf Fang are all fine now. Their physiques have all broken through, but they have all fainted so we came back. After all, Qin Yuan is the company commander of the recruit company! He has been gone for a day or two!”

Hearing what Fan Tianlei said, Long Xiaoyun stepped forward and spoke. They noticed that Fan Tianlei was trying to manipulate the new recruits in their absence. While Fan Tianlei's actions were not entirely wrong, they also had their own plans for the Battle Wolf unit and needed capable soldiers. So now, they had to consider their own agenda. After all, there were several promising soldiers in the new recruits.

“Chief of Staff Fan, don't you think this year's batch of recruits is very good?”

For a moment, Qin Yuan also asked Fan Tianlei with a smile. From Fan Tianlei's eyes, Qin Yuan could tell how much Fan Tianlei coveted this batch of recruits!

“They're very good, so I rushed over to take a look. After all, the Wolf Fang Special Forces will also start selecting soldiers this year. Many of the recruits in this batch have very good physical fitness!”

When Fan Tianlei saw that Qin Yuan had also arrived, he no longer hid his purpose for coming here. After all, he had already dealt with Kang Lei. Now, it was up to the recruits to see if they were willing to follow him.

“So that's how it is! It's just that they still have a few days before they end their new recruit company training. No matter what, they are still my soldiers. As long as they are under my command, I will lead them to explore new horizons and develop in different areas!”

As he spoke, Qin Yuan walked up to the recruit company and said solemnly. His words were not only for Fan Tianlei to hear, but also for everyone in the recruit company!

The purpose of his words was to let everyone in the recruit company know that as long as they followed him, Qin Yuan could also bring them to the special forces. In other words, it was not only Fan Tianlei who could do it!

However, Battle Wolf had not been officially established yet, so it was not appropriate for Qin Yuan to say it out loud. However, he believed that the recruits should be able to tell. Even if they could not, it was fine. After all, it depended on the recruits' own choice!

“Looks like it's really as I guessed! The military commander was indeed planning to build a special forces unit!”

After hearing Qin Yuan's words, Fan Tianlei knew that his guess was really right. The military commander should have asked Qin Yuan and Long Xiaoyun to build a special operations force like Wolf Fang!

If that was the case, they would no longer have the priority to select soldiers in the Southeast Military Region like before. After all, the Southeast Military Region now had two special forces.

For a moment, Fan Tianlei's face turned a little sour. If this was the case, he would have to constantly wander around the other troops. Otherwise, if they were all poached by Qin Yuan and the others, then Wolf Fang would have a big headache.

For a moment, He Chenguang and Wang Yanbing looked at each other. They could also tell that their company commander, Qin Yuan, was fighting with the Chief in front of them!

“However, Chief of Staff Fan, you can still ask for their opinion. After all, Wolf's Fang is a good place!”

Qin Yuan also knew that since he had said so, it would depend on whether the people in the recruit company could understand him. Wolf Fang was indeed a very good special forces unit.

However, ever since he started to form Battle Wolf, Qin Yuan's idea was to build Battle Wolf into a special forces force that could make the world tremble.

As for whether the recruits had the fate to follow him, it would depend on their choice!

“Are you sure?”

Looking at Qin Yuan's words, Fan Tianlei did not know what Qin Yuan was up to. Even if the military commanders planned to let Qin Yuan and the others form a special forces, it was still in the process of being formed. The name of the special forces had not even come out yet!

However, Wolf Fang was different. They had been established for a long time. In the Southeast Military Region, who would not know the existence of Wolf Fang?

Therefore, after confirming his guess, Fan Tianlei's greatest reliance was that Wolf Fang was already a veteran special force, while Qin Yuan and the others were probably still in the process of being formed. This was also his greatest advantage!

However, now that Qin Yuan said this, Fan Tianlei was a little confused. He did not know what Qin Yuan meant!

“I'm very sure! After all, they were indeed very good candidates! Chief of Staff Fan, if you can take them away, I'll be very happy!”

Hearing Fan Tianlei's question, Qin Yuan also answered with certainty. When Long Xiaoyun saw Qin Yuan say this, she also guessed in her heart that Qin Yuan was so confident in the soldiers of the recruit company.

Wolf Fang was a place that every soldier in the Southeast Military Region dreamed of going to. If the soldiers were given the choice, many of them would definitely choose to go to Wolf Fang!

Long Xiaoyun had already considered this situation. When she started formulating the Battle Wolf plan, selecting the soldiers was her top priority. She had anticipated that when it came to competing with the Wolf Fang for soldiers, she would prioritize the soldiers' own preferences and desires.

**"Good! Then I won't stand on ceremony!"**

Fan Tianlei also replied with a smile. No matter what medicine Qin Yuan was selling, he had to compete. He had already placed He Chenguang, Wang Yanbing, and Li Erniu in the Iron Fist regiment.

However, he did not expect Qin Yuan to be the managing company commander of the Iron Fist Regiment's recruit company. He did not expect the military commanders to plan for Qin Yuan to form a special operations force!

Originally, he had already written an application to the military commanders to transfer Qin Yuan and Qin Yuan's logistics company to the special forces unit, but he did not expect to be rejected! At first, he hadn't thought much about it, but now the actions of Qin Yuan and Long Xiaoyun indirectly confirmed his suspicions.

**"Alright! Chief of Staff Fan! We'll go back and change our clothes first! We'll be back later!"**

Qin Yuan said to Fan Tianlei with a smile. He was not too worried about how many people in the recruit company would follow Fan Tianlei. After all, he had to give the people in the recruit company a chance to choose!

The soldiers of the recruit company were not bad, but he could not block Wolf Fang's path immediately. Although Qin Yuan really wanted to see Fan Tianlei's sour face again, he still let it go.. He would let the soldiers of the recruit company make their own choice!

Chapter 179: Because Now... I Admire Him!

**"Good!"**

Fan Tianlei did not care what Qin Yuan was thinking. As long as Qin Yuan doesn't manipulate the soldiers of the recruit company, then with Wolf Fang's influence, many soldiers would be willing to participate in Wolf Fang's selection!

**"Then, Chief of Staff Fan, we'll head over first!"**

Long Xiaoyun also said to Fan Tianlei. In the outside world, Long Xiaoyun would not call Fan Tianlei 'uncle'. She always addressed him by his position.

**"You guys go ahead!"**

After saying that, Qin Yuan and Long Xiaoyun also walked towards the dormitory. He had not taken a shower for two days as he was pulled by Long Xiaoyun to the Wolf Fang Base after being at the Logistic company.

Before he could rest, he heard Long Xiaoyun say that Fan Tianlei left in a hurry after knowing that he was the company commander of the recruit company.

Qin Yuan knew that Fan Tianlei must have run to the recruit company to poach soldiers. After all, he was the one who sent He Chengguang and the others to the Iron Fist Regiment!

“Are you so sure that the soldiers of the recruit company will give up the opportunity to go to Wolf Fang because of you?”

Seeing Qin Yuan’s actions just now, Long Xiaoyun could not figure out Qin

Yuan’s motive. After all, Wolf Fang’s influence in the Southeast Military Region was too strong, so many soldiers had always dreamed of entering Wolf Fang!

“I’m not sure! But I can’t possibly not give them a chance to choose! Besides, I can’t block Wolf Fang’s path!”

Qin Yuan also explained. As for whether the recruits stayed or left, it would depend on the soldiers’ choice! This was their chance and their choice in life.

“That being said, we also need to recruit people!” After all, the purpose of Battle wolf was different from Wolf fang!”

Long Xiaoyun said in a low voice. She knew that Wolf Fang also needed people, but now that Battle wolf was about to be established, it was time to recruit people. Moreover, Battle wolf’s significance was also very great.

After all, the Southeastern Military Region lacked special forces like them the most. Their military region was different from other military regions. Other military regions already had special forces like Battle wolf!

“Alright! I know that the recruits of the recruit company are indeed very good, but don’t forget who trained them!”

“Just think about it, having me, a treasure, is enough, right?”

For a moment, Qin Yuan joked with Long Xiaoyun. He knew what Long Xiaoyun was worried about, but Qin Yuan was still very confident in his ability to train soldiers. He was confident that he could train more outstanding soldiers!

After all, he had a system. The existence of the system was to create special operations soldiers! Therefore, Qin Yuan was not very worried that there would be no outstanding soldiers!

“You...”

For a moment, Long Xiaoyun was dumbfounded by Qin Yuan’s words. A gust of cold air blew out. She turned around and walked in front of Qin Yuan without looking back!

The new recruits were indeed trained by Qin Yuan. She also knew Qin Yuan's ability to lead troops. One had to know that Qin Yuan could even bring soldiers like the logistics company to such a standard!

Therefore, Qin Yuan was right. The new recruits could not have such strength without him. Moreover, with Qin Yuan around, Battle Wolf would not lack outstanding soldiers in the future!

However, Long Xiaoyun could not stand Qin Yuan's proud smile anymore!

To be honest, Long Xiaoyun had never met such a narcissistic person. Qin Yuan could be said to be the most narcissistic person she knew!

"Hey hey hey... Why did you leave without saying anything?!"

Seeing that Long Xiaoyun ignored him, Qin Yuan shrugged helplessly! Long Xiaoyun's aloofness was not for show! Seeing that Long Xiaoyun had already returned to her dormitory, Qin Yuan also returned to his dormitory by himself!

It had been two days since he took a good shower. When Qin Yuan arrived at the dormitory, he took his toiletries and rushed to the bathhouse. No matter what, he had to wash up properly!

On the recruit company's side, after Qin Yuan left, Fan Tianlei continued to talk to the soldiers of the recruit company about Wolf Fang's request!

For a time, the recruits were also discussing animatedly!

"Chengguang? Do you think we really want to participate in the selection of the special forces?"

After hearing Fan Tianlei's words, Li Erniu immediately asked He Chengguang beside him.

"I don't know. Although I really want to live in the special forces and become a special forces soldier, I don't know why I still want to follow our company commander!"

Hearing He Chengguang's words, Wang Yanbing's eyes flashed with a golden light!

"You feel the same way too huh?"

Wang Yanbing immediately asked He Chengguang. From Qin Yuan's words just now, Wang Yanbing felt that Qin Yuan's arrangements for them in the future would not be simple. Moreover, they still did not know Qin Yuan's strength.

With Qin Yuan's strength, it was certain that he could enter the special forces. But why didn't Chief of Staff Fan poach Qin Yuan away?

"Yes, I am! With our company commander's strength, it's easy for him to enter the special forces. But why is he still only a company commander in the Iron Fist Regiment?"

Li Erniu was confused after hearing what He Chenguang said. To be honest, he couldn't understand why their company commander didn't become a special forces soldier. It was every soldier's dream to be a special force soldier!

"That's right! Why didn't our company commander go? Didn't he want to be a special forces soldier?"

"I don't know! This is what I'm curious about!"

"There are only two possibilities for the commander to do this. First, our commander is unwilling to go. Second, the special forces couldn't poach him!"

He Chenguang also told the two of them his guess, but in his heart, he believed that the Wolf Fang Special Forces was not able to poach him!

This was because from the beginning, Qin Yuan had told them that he would develop them further and explore new territories together. From this, they could tell that Qin Yuan did not want to become a special forces soldier!

"Can't poach him?"

Wang Yanbing seemed to have thought of something. From the conversation between Qin Yuan and Fan Tianlei just now, they were fighting for the ownership of the recruits!

However, Qin Yuan did not deliberately say it out loud!

"Then what do you think?"

Wang Yanbing asked He Chenguang. After all, one was an opportunity to become a special forces soldier in the special forces, and the other was to follow their company commander to death. Every decision would determine their future fate, so Wang Yanbing wanted to see what He Chenguang thought.

"I'll follow the company commander!"

He Chenguang also replied firmly. He did not know why his intuition kept telling him that he wanted to follow Qin Yuan. He also did not know why he was willing to choose Qin Yuan.

"Me too!"

Wang Yanbing also said with a smile. Actually, ever since he entered the recruit company, he had been the most unconvinced of Qin Yuan, but now, the person he was most convinced of was Qin Yuan! Therefore, he was willing to follow Qin Yuan even if he could not become a special forces soldier!

"Why?"

Seeing that Wang Yanbing also made the same choice, He Chenguang grinned and asked.

"No reason! Just because... I admire him!"

Wang Yanbing laughed as he spoke! He knew that He Chenguang had the same thoughts as him!

Chapter 180: Can't Take a Single One Away!

“Ding... Congratulations to the host for subduing He Chenguang and obtaining 10000 skill points!”

“Ding... Congratulations to the host for subduing Wang Yanbing and obtaining 10000 Skill Points!”

Qin Yuan, who was taking a shower, immediately heard a series of notifications of the system reward in his mind.

“Hmm? Were these two brats only willing to submit now? But at least you guys still have a conscience!”

For a moment, Qin Yuan’s face was filled with a smug smile. This meant that Fan Tianlei could not take He Chenguang and Wang Yanbing away!

Qin Yuan was also a little gratified. He did not expect these guys to reject the opportunity to enter Wolf Fang for him. After all, the special forces was a place that every soldier wanted to go to, but He Chenguang and Wang Yanbing had given up on this opportunity.

“Don’t worry! Since you chose to follow me, I definitely won’t let you down!” Qin Yuan exclaimed in his heart and continued his bath.

On the training ground.

“What are you two planning? Why can’t I understand anything!”

Looking at He Chenguang and Wang Yanbing, Li Erniu couldn’t understand the situation at all.

“We said that we want to follow the company commander. As for the selection of the Wolf Fang Special Forces, we won’t participate! ”

Seeing that Li Erniu still did not understand the situation, He Chenguang explained.

“So you don’t want to go to the special forces anymore? You don’t want to be a special forces soldier anymore?”

Seeing that He Chenguang and Wang Yanbing had the same plan, Li Erniu also asked the two of them doubtfully.

“It’s not that we don’t want to, but we both think it would be better to be under the company commander!”

Wang Yanbing replied Li Erniu. After all, he planned that even if his life as a recruit company ended, he would report to Qin Yuan’s logistics company.

“Then Chenguang, same for you too?”

Seeing how Wang Yanbing was so firm, Li Erniu also looked at He Chenguang beside him.

He Chenguang nodded. He had the same thoughts as Wang Yanbing. Even if their life as a recruit company ended, they would still go to Qin Yuan's logistics company.

"Since you guys have decided, then I will go too. Although the commander is a little ruthless, he is still a good person!"

Li Erniu saw that both of them had made such a decision, so he also followed.

After all, the three of them were the best brothers of the recruit company. Since He Chenguang and Wang Yanbing had made such a decision, then he could only follow the two of them.

"What are the three of you discussing?"

"Have you thought it through? If you've thought it through, you can tell me!"

Seeing He Chenguang and the other two discussing, Fan Tianlei also walked over with a smile. He had sent the three of them to the Iron Fist Regiment. This time, he came for the three of them.

"I've already prepared the transfer orders for the three of you. As long as you're willing to leave, I can take you away now! "

Seeing the three of them hesitate for a moment, Fan Tianlei continued to speak. As he spoke, he showed the transfer order he took from Kang Lei to the three of them.

He Chenguang took the document from Fan Tianlei's hand and read it carefully. He frowned.

"Chief! We are still the soldiers of our company commander, so we want to follow our company commander. As for going to the special forces, it is also my dream, but I'm not strong enough! That's why I want to train with our company commander for a period of time!"

He Chenguang said it very clearly. After all, when he saw the document, he knew in his heart that the Chief in front of him was here for them.

Wang Yanbing didn't take the document when He Chenguang said that. He knew that it wasn't a good thing that He Chenguang frowned.

"Your strength and physical fitness are not bad. You are good seedlings for the special forces! So I still hope that you will think about it carefully!"

After hearing He Chenguang's words, Fan Tianlei had a bad feeling, but he didn't show it on his face.

He had come here to take the three of them away, but it seemed to be too late. He had underestimated Qin Yuan's position in He Chenguang's heart.

"Reporting to the chief, I have already thought it through. I want to follow my company commander!"

He Chenguang also saluted Fan Tianlei seriously. He had made a decision in his heart, so he said it directly. He didn't want to drag it out! Seeing He Chenguang's decision, Fan Tianlei's face darkened!

“Both of you as well?”

As he spoke, Fan Tianlei looked at Wang Yanbing and Li Erniu, hoping to hear a different answer.

“Yes! Chief, I would like to follow our company commander!”

“Me too!”

Wang Yanbing and Li Erniu also stood up and saluted Fan Tianlei!

“Okay! Very good! Then you’ll miss an opportunity!”

Fan Tianlei did not expect that in just three months, Qin Yuan would have such an important position among the recruits. The three soldiers he had found were actually willing to follow Qin Yuan.

For a moment, Fan Tianlei felt like crying. Ever since he met Qin Yuan, he had not had his way.

He Chenguang felt helpless when he saw Fan Tianlei’s eyes flash with loneliness.

There was nothing he could do. Going to Wolf Fang might be an opportunity for him, but if he missed the opportunity to follow Qin Yuan, he felt that he would lose even more things.

“Are any of you willing to participate?”

For a moment, Fan Tianlei’s words became much louder. He didn’t expect He Chenguang and the other two boys to reject him, so he asked the recruits loudly.

“Sir!”

“Sir!”

A question immediately rang out in the ranks of the recruit company.

“Speak!”

“Chief! We want to go to the logistics company to follow our company commander! ”

With Fan Tianlei’s permission, someone in the team stood up and said.

Hearing this, Fan Tianlei’s face sank. He had been talking for a long time, but it was useless to these new recruits.

“Is that what you guys have decided?”

Fan Tianlei turned to look at the recruits.

“Yes, sir!”

“Yes, sir! We still want to follow the commander!”

For a moment, the uniform response of the entire recruit company spread throughout the training ground.

Seeing the determination in the eyes of the recruits, as if they were filled with admiration and respect for Qin Yuan, Fan Tianlei was also surprised. When did their Wolf Fang become so unattractive? This was the first time he had seen such a situation.

**“Good! Not bad! Your spirit really makes me feel very gratified!”**

For a moment, Fan Tianlei tried his best to hide his embarrassment. He thought that since Qin Yuan was not around, he would be able to take some people away. However, he did not expect that he would not be able to take any of them away. These guys in front of him actually gave up a chance to enter Wolf Fang because of Qin Yuan..
