

Special Troop 181

Chapter 181: Because I'm Handsome!

“Alright, you guys should train well first. No matter where you are, do it for the motherland and the people!”

Fan Tianlei continued to speak with the recruits. Since he could not bring them away, he could only follow the wishes of the recruits. He had underestimated

Qin Yuan's influence.

“Yes, sir!”

“Yes, sir!”

For a moment, the recruits responded to Fan Tianlei with a loud voice.

After saying that, Fan Tianlei turned around and walked straight to the garage. His expression was still the same.

Gong Jian did not dare to follow Fan Tianlei in this situation. After all, this was indeed a little awkward. As for the recruits' choice, Gong Jian was also very gratified! He too wanted to follow Qin Yuan.

“Uncle Fan? Are you going back?”

As soon as Long Xiaoyun finished washing up, she bumped into Fan Tianlei, who had a sour face. There were only the two of them here, so Long Xiaoyun called him Uncle Fan.

“What would I do here? Little girl, I didn't expect you to hide this from me!”

After seeing Long Xiaoyun, Fan Tianlei's gloomy face immediately changed.

“I have no choice, Uncle Fan. It's not that I'm deliberately hiding it, but you know the current situation in our military region.” Long Xiaoyun explained.

Since Fan Tianlei had already guessed it, Long Xiaoyun didn't hide it anymore. However, she couldn't tell him what the special forces were going to do!

“I'm fine! However, he did not expect to be tricked by Qin Yuan again! We'll have to compete next!”

For a moment, Fan Tianlei understood. After all, the more special forces like theirs, the better. It was a peaceful era now, and small-scale special operations were very suitable for the current situation.

He had seen Long Xiaoyun grow up since she was young, so Fan Tianlei doted on her very much.

“Hmm? Chief of Staff Fan? Are you done asking?”

Just as the two of them were talking, a familiar voice came from behind them.

The two of them turned around and saw Qin Yuan walking towards them.

“You brat! Not bad!”

Seeing Qin Yuan’s smile, Fan Tianlei was furious. The three good seedlings that he had painstakingly recruited had actually become Qin Yuan’s. He had given Qin Yuan such a huge advantage. The more he thought about it, the more uncomfortable he felt!

“Chief of Staff Fan, I’m sorry!”

“I’ve already asked you to fight for it, but I can’t do anything if they’re unwilling! ”

Qin Yuan also spread his hands innocently. From Fan Tianlei’s expression, Qin Yuan knew that Fan Tianlei had not achieved his goal. As for whether he could take anyone away, Qin Yuan also knew. After all, the reward notifications in his system just now made him overjoyed.

He had been training for three months, but he still couldn’t convince these guys. He didn’t expect that just a visit from Fan Tianlei would give him so many rewards.

“Alright, you can be proud of yourself! This batch of brats are all very good. You’re very strong and capable!”

No matter how helpless Fan Tianlei was, Qin Yuan’s ability was there for all to see. Fan Tianlei had to admit that Qin Yuan did have his own way of doing things.

“Thank you, Chief of Staff!”

Hearing Fan Tianlei’s words, Qin Yuan was a little surprised!

“By the way, I handed the Lone Wolf Assault Team to you. You came back so quickly. You can’t be hiding any selfish motives, right?”

For a moment, Fan Tianlei also smiled and joked with Qin Yuan.

“How could that be? I can guarantee with my dignity that they have indeed achieved a breakthrough. However, Staff Officer Fan, don’t train your soldiers like this next time. The soldiers can’t stand it!”

As he spoke, Qin Yuan smiled and replied to Fan Tianlei. He also reminded Fan Tianlei again.

After all, the Lone Wolf Assault Team’s rapid and high-intensity training was indeed a little irrational. Moreover, it did not seem to be very useful.

“By the way, Chief of Staff Fan, I’ve finished my training plan and the individual training plans for the Lone Wolf Assault Team members! Since you’re here, I’ll give it to you! Otherwise, she’ll have to make a trip!”

As he spoke, Qin Yuan glanced at Long Xiaoyun, then took out a document from his pocket and handed it over.

Qin Yuan had just finished taking a shower and tidied up these things.

“Kid, you’re quite efficient!”

Fan Tianlei took the information Qin Yuan handed over and started reading.

Gradually, a shocked expression appeared on his face. Qin Yuan's notes were too detailed. The physical strengths and weaknesses of every member of the Lone Wolf Assault Team were clearly marked on it.

Even Fan Tianlei's condition was marked on it.

“This brat, how did he know that I have a hidden illness? Also...How could he know so much about the members of the Lone Wolf Assault Team?”

For a moment, Fan Tianlei was so shocked that he could not calm down for a long time. Qin Yuan did not seem to have much contact with him and the members of the Lone Wolf Assault Team! Could it be that Qin Yuan had already started investigating them?

The more Fan Tianlei thought about it, the more shocked he became.

“You brat...”

After Fan Tianlei put away the documents, he walked up to Qin Yuan and looked at him seriously.

“Fortunately, your background is not bad. Otherwise, I would have to take you away!”

Fan Tianlei said in a low voice. He really could not understand why Qin Yuan knew them so well. Moreover, he did not seem to know his Lone Wolf Assault Team as well as Qin Yuan!

“Advisor Fan, you don't have to doubt anything. If I don't even have this little ability, how can I lead the troops?”

Qin Yuan knew what Fan Tianlei was thinking. He must think that he was checking up on them!

“That's good! Haha!”

“Then I'll go back first. Thank you, kid. Next time, I'll let you guys compete!”

“Good!” Qin Yuan nodded.

With that, Fan Tianlei said goodbye to Qin Yuan and Long Xiaoyun and returned to the Wolf Fang Base.

After Fan Tianlei left, Long Xiaoyun asked in surprise, “Why are you so confident in them?”

“Them? Are you talking about the new recruits?” Qin Yuan asked with a smile.

“Yes, sir!”

Long Xiaoyun nodded. It should be known that the people of the recruit company had only been here for three months. Just these three months had actually made the people of the recruit company give up the opportunity to enter Wolf Fang, and they were all recruits.

Long Xiaoyun knew that this was very difficult, unless everyone in the recruit company respected Qin Yuan very much in their hearts! Moreover, they would be very loyal to Qin Yuan!

“Because... I'm handsome!”

Qin Yuan spread his hands and said to Long Xiaoyun with a smile, then he turned around and walked straight to the training ground.

He didn't pay any attention to Long Xiaoyun's gloomy face that looked like she was about to kill someone.

Long Xiaoyun did not expect Qin Yuan to be joking with her at this time. Immediately, a wave of anger rose in her heart! To be honest, she had never seen anyone as narcissistic as Qin Yuan..

Chapter 182: This Would Actually Happen to You?

“Everyone get some rest this afternoon!”

As soon as they arrived at the training ground, Qin Yuan's words were first spread to the recruits.

Needless to say, he was still quite happy today. He immediately let the recruits rest for the afternoon. After all, the soldiers had been training very hard during this period of time.

“Company commander! After we leave the recruit company, can we all go follow you to the logistics company?”

“Yes! Commander, can we follow you?”

Just as everyone in the recruit company was excited, someone immediately asked Qin Yuan.

For them, although the life of the recruits in the past three months was unbearable, they also knew that the strength they had gained was indeed huge. Under Qin Yuan's cruel training, they knew that their physical fitness had increased a lot.

As for the selection of the special forces that Fan Tianlei had told them, although they really wanted to go and become a special forces soldier, they did not know why they wanted to follow Qin Yuan more. They were even willing to be soldiers in the logistics company.

“If you want to follow me, then all of you have to meet my requirements!”

Looking at the soldiers of the recruit company, Qin Yuan said with relief. In fact, he could not guarantee that the soldiers would choose to follow him. After all, it was an opportunity to go to the special forces. Moreover, the recruits did not know that he was going to form Battle wolf!

Under that huge temptation, the actions of these recruits made Qin Yuan feel very gratified. Since the recruits in front of him had chosen to follow him, Qin Yuan would also bring them to Battle wolf.

Rejecting Wolf Fang, they had lost an opportunity, but following Qin Yuan would also be an opportunity for them!

“Company commander? No way! Just now, in order to follow you, we had already rejected the chief's invitation. You have to know that that was the special forces! However, we were still unmoved. Commander, what should we do if you don't want us anymore?”

After hearing Qin Yuan's words, someone in the recruit company said with a smile.

“That’s right! Commander, you can’t treat us like this! Anyway, I don’t care anymore. Once my time in the recruit company ends, I will immediately apply to go to the logistics company!” “That’s right! Me too!”

“Me too!”

For a moment, the recruits responded loudly. In these three months, they had gradually fallen in love with their company commander, although sometimes he was really cruel.

However, it was undeniable that their company commander was very concerned about each and every one of them!

“Me too!”

Gong Jian, who was standing at the side, walked forward and said when he saw the excited looks of the recruits.

For some reason, he felt very comfortable training with Qin Yuan, and the results were amazing. From the conversation between Qin Yuan and Fan Tianlei, Gong Jian knew that Qin Yuan had some plans.

After all, with Qin Yuan’s strength and ability, Wolf Fang would not miss out on such a talent. There was only one possibility for Qin Yuan not to go, and that was that Wolf Fang could not poach Qin Yuan.

“Instructor Gong...Why did you follow them and join in the fun!”

Seeing Gong Jian say the same thing as the soldiers of the recruit company, Qin

Yuan also responded to Gong Jian with a smile! He could understand the embarrassed.

“Me too!”

As he spoke, the squad leader also walked forward and said to Qin Yuan very seriously. Ever since he met Qin Yuan, he seemed to have broken the squad leader’s understanding of training. It was also from then on that he realized that he could train soldiers like this!

The squad leader was very certain whether he was willing to follow Qin Yuan or not. He did not know why he could always see the shadow of his former squad leader in Qin Yuan.

“You guys...”

For a moment, everyone present looked at Qin Yuan with firm gazes.

“Oh...”

Just as Qin Yuan was still sighing with emotion, the people of the recruit company rushed forward, picked up Qin Yuan, and threw him into the air!

Looking at the happy crowd, Long Xiaoyun’s eyes also flashed with a glimmer of light. She never thought that in such a short three months, Qin Yuan would have such a high status in the hearts of these recruits.

“Really have nothing to say about this kid!”

Long Xiaoyun did not know that she would have such a huge fluctuation in her heart when it came to Qin Yuan. In the beginning, Long Xiaoyun really did not like Qin Yuan, but after every contact, Qin Yuan could always bring her a trace of surprise!

“Recruit Company! Gather!”

For a moment, a cold voice resounded throughout the entire training ground. The recruits did not react for a moment, but when they heard the order, they immediately gathered.

Peng...

Qin Yuan, who was still enjoying the soldiers' embrace, did not expect the recruits to all run away. He was not prepared at all and fell heavily to the ground.

“Long Xiaoyun, just you wait...”

Qin Yuan, who was lying on the ground, sighed helplessly. He was completely unprepared just now. He could have reacted the moment Long Xiaoyun gave the order, but he did not know why he fell to the ground without any preparation.

Only then did the recruits realize that they had failed to catch the company commander. None of them dared to look straight in Qin Yuan's direction.

“F * ck, this is awkward!”

Qin Yuan jumped up with a carp jump, not looking at the people around him at all! At this moment, the glorious image he had been maintaining was broken. “Wait for me this afternoon. Don't run away!”

After saying that, Qin Yuan walked straight to his dormitory without looking back.

“It's over...”

“That's right! Looks like today's rest will be ruined...”

Looking at Qin Yuan's back as he left, everyone in the recruit company had a premonition that something bad was going to happen!

“You brat, this would actually happen to you huh.”

All of a sudden, Long Xiaoyun's face flashed with a strange smile.

For a moment, everyone in the recruit company also stared at Long Xiaoyun. It was Long Xiaoyun who called for an emergency assembly just now! Now, they had no rest for the afternoon.

However, the recruits didn't think that way. Instead, they stared at Long Xiaoyun in disbelief. They were surprised to find that the female chief who had been following their company commander could actually smile!

“What are you looking at? Listen up! I'll come back here in a few days! Let's see if you're really as good as your commander said!”

Long Xiaoyun's expression changed instantly. A cold aura burst out of her body again.. She looked like a completely different person from before!

Chapter 183: What Are Their Plans?

“Immediately!”

“Yes!”

“Yes!”

Long Xiaoyun also knew that she had lost her composure just now. She did not expect that she would laugh when she saw Qin Yuan make a fool of himself, and it was in front of the recruits!

For a moment, Long Xiaoyun used a cold attitude to cover up her situation just now. After saying that, she immediately turned around and left!

Regarding Long Xiaoyun’s orders, everyone in the recruit company could only obey. After all, Long Xiaoyun was the chief!

“Brother Guang! Was the company commander angry with us just now?” “That’s right! We didn’t mean to embarrass the company commander!”

“That’s right! When we heard the order to gather, we immediately ran over out of habit. We didn’t want this to happen!”

After Long Xiaoyun left, everyone in the recruit company became worried. After all, they dropped their company commander to the ground.

“Alright, do you really think that the Company Commander would be so petty?

Don’t worry!”

As he spoke, Wang Yanbing laughed and comforted the recruits.

“No... Brother Bing? How can you still laugh!”

Seeing that Wang Yanbing could still smile, everyone’s faces were stunned. They had embarrassed Qin Yuan... they would have to suffer.

“What’s wrong? Why couldn’t he laugh? It was going to be cruel training anyway, so he might as well laugh happily for a while!”

“Besides, when have you ever seen the company commander embarrass himself?”

Wang Yanbing also smiled and told everyone. He found the incident just now funny when he thought about it. He had never seen Qin Yuan embarrass himself.

Ever since he came to the army, he had been beaten up by Qin Yuan. He could not beat him. Now that she finally saw Qin Yuan embarrass himself, Wang Yanbing felt happy.

“Oh... that’s true!”

After listening to Wang Yanbing's explanation, they thought about it and agreed. Ever since they entered the army, they had never taken advantage of Qin Yuan. This time, they could be considered to have indirectly found some comfort!

“That's right! The moment the commander fell down, I saw his face contort!

Haha!”

At that moment, everyone in the team burst into laughter.

Gong Jian and the squad leader looked at the crowd chatting with a smile. They had never seen Qin Yuan embarrass himself before. Qin Yuan had always been unfathomable in their hearts. No matter what he did, he was a very strong and confident person.

Not far away, Qin Yuan was using the early warning radar to watch every move on the field. When he heard the conversation of the soldiers, Qin Yuan's face instantly darkened.

“Wang Yanbing...You brat...Watch how I deal with you later! ”

“And Long Xiaoyun...You actually gave the order at that time!”

For a moment, Qin Yuan sighed with a dark face. This could be said to be the only time he had embarrassed himself in the army. “System, why didn't you remind me just now?” Qin Yuan said and immediately blamed the system.

The System was speechless.

“Just now, the host was in a state of excitement and did not notice any danger!

The system will not automatically prompt you!”

Hearing the system's explanation, Qin Yuan's face darkened even more!

There was no danger?! This kind of thing was more serious than danger. When he thought of how embarrassed he had been just now, Qin Yuan's face was sullen. It was so awkward just now!

He did not expect his glorious image to collapse at this moment.

“I really didn't expect that you, Qin Yuan, would have such a day!”

Just as Qin Yuan was still complaining about the system not notifying him, a familiar voice came from behind Qin Yuan.

‘You... I was just joking with them. I can't keep hitting them! After all, they can't defeat me, so they can only watch me embarrass myself!’

Seeing Long Xiaoyun walking over, Qin Yuan had no choice but to pretend to be indifferent. In fact, Qin Yuan wanted to pull Long Xiaoyun over and beat her up.

Hearing Qin Yuan's explanation, Long Xiaoyun also knew that the implication was that she could not beat him, so she could only make a fool of him.

“Stubborn!”

Long Xiaoyun also said in a low voice. He did not expect Qin Yuan to say that. This actually made her speechless!

“What? Am I wrong? These kids can’t beat me, so I can only let them find some comfort in this!”

Long Xiaoyun ignored Qin Yuan and looked at the recruits on the training ground.

“What do you plan to do with them?”

Long Xiaoyun also looked at Qin Yuan and said. Long Xiaoyun did want to take away everyone in the recruit company, but the formation of Battle wolf had already taken away everyone in the logistics company.

If they were to take away the entire company of recruits, then the strength of the Iron Fist Regiment would be weakened to a certain extent! Moreover, the commander of the Iron Fist Regiment would not let her take all these soldiers away at once.

“What arrangements? Of course, I would take them all away! Don’t you agree?”

Seeing Long Xiaoyun ask this question, Qin Yuan also looked at Long Xiaoyun. After all, Qin Yuan was also a little curious. Long Xiaoyun clearly liked these soldiers of the recruit company very much, but why did she ask this question?

“It’s not that I don’t agree, but we’ve already taken away the entire logistics company this time. If everyone in the recruit company is going to leave, what about the Iron Fist Regiment? Besides, would Commander Kang agree to it?”

Seeing Qin Yuan ask, Long Xiaoyun told Qin Yuan about her worries. After all, she had never seen a special force being formed by poaching soldiers from a regiment.

In the past, even Wolf Fang had to look for the best soldiers from the various troops. However, now that the Iron Fist Regiment had appeared because of Qin Yuan, almost all the soldiers had been poached from the Iron Fist Regiment.

Although the recruit company’s soldiers were not as strong as the Logistics Company, their overall strength was quite good. As long as they were given a

little more time, they would become a very strong force!

“So this is what you’re worried about?”

Qin Yuan did not expect Long Xiaoyun to only be worried about this. He had already communicated with the regiment commander about this problem.

The regiment commander, Kang Lei, said that as long as he could take them away, he would take them away. Although this would greatly weaken the Iron Fist Regiment, no matter where they were, they were still soldiers of the Iron Fist Regiment. At the very least, they were all from the Iron Fist Regiment.

Seeing how confident Qin Yuan was, Long Xiaoyun was a little surprised! “Don’t tell me you have a way to make your commander release him?”

Long Xiaoyun knew that Qin Yuan must have some way. Otherwise, he would not look so confident.

“A way? Erm... nope!”

As he spoke, Qin Yuan spread his hands and shook his head helplessly. He continued to tease Long Xiaoyun.

“Who asked you to mess with me like this just now? Now you know what it’s like to be anxious!”

Looking at Long Xiaoyun’s expression, Qin Yuan felt happy in his heart, as if he had regained a trace of pride..

Chapter 184: Farewell to Kang Lei!

“You...”

“Anyway, it’s your soldiers. You think of a way to take them away yourself!”

Seeing Qin Yuan’s expression, she knew that he had a way, but he was trying to smooth things over with her. Long Xiaoyun immediately turned around and left. She really could not stand Qin Yuan’s face.

“She... left?”

Seeing Long Xiaoyun turn around and leave, Qin Yuan smiled and shook his head. Then he walked toward Kang Lei’s office.

Dong dong dong...

“Come in!”

After hearing Kang Lei’s response, Qin Yuan opened the office door and walked in.

“Regiment Commander!”

“Qin Yuan? Why are you here?”

Kang Lei asked in confusion when he saw Qin Yuan coming over.

“Sir, I came over to discuss something with you. Do you have time now?”

As soon as Qin Yuan entered, he saw Kang Lei rubbing his head. It was obvious that he had just woken up after drinking too much.

“Come! Sit down first!”

Seeing that Qin Yuan had something to discuss with him, Kang Lei stood up and brought Qin Yuan to the tea table.

“What’s wrong? Is there something urgent?”

After the two of them sat down, Kang Lei made tea and asked Qin Yuan.

“Sir? I think you drank too much last night!”

Qin Yuan asked with a smile. Qin Yuan also knew that Fan Tianlei must have gone to their regiment commander Kang Lei for a drink last night. Looking at Kang Lei, he must have drunk a lot.

“Don’t talk about it. Last night, the Chief of Staff of the special forces brigade came to see me and I had a few drinks with him!”

“I didn’t expect that wine to be so strong!”

Looking at Kang Lei, how could he have only drunk a few glasses! Qin Yuan simply smiled and did not expose Kang Lei!

“Right, did you come here because of the new recruits?”

Kang Lei also knew that Fan Tianlei had gone to the recruit company this morning. He didn’t expect that he would drink so much last night that he agreed to let Fan Tianlei take away He Chenguang and the others from the recruit company.

After he woke up, he regretted drinking and causing trouble. However, he did not expect these recruits to be so stubborn after being taught by Qin Yuan.

He had heard from the guard in the morning that everyone in the recruit company had refused to participate in the Wolf Fang’s selection training! It was a good opportunity to join the special forces. Ordinary people might not be able to participate.

These brats from the recruit company were good, they actually all rejected him! However, Kang Lei also knew that the biggest factor was Qin Yuan.

Qin Yuan did not expect Kang Lei to know the purpose of his visit.

“Yes! Sir! I came here to tell you that if possible, I want those brats to follow me after the new recruits’ life is over!”

Qin Yuan saw that Kang Lei actually knew the purpose of his visit, so he directly said what he wanted to say.

“I knew it!”

As he said this, Kang Lei sighed. As for Qin Yuan and the logistics company, he knew that since the commander of the military region had poached them away, he would definitely give them some mission.

As for the soldiers of the recruit company, he originally planned to distribute them to each company according to their strength and ability.

However, who would have thought that after handing these recruits over to Qin Yuan, this kid would be able to train these recruits to such an extent in just three months?

If he did not know that Qin Yuan had such ability and strength, he would not have believed it at all!

After all, this was too ridiculous. Moreover, there was no such precedent in the entire Southeast Military Region, or even the entire country’s military region!

“Qin Yuan, do you remember what I told you? As long as they’re willing, let them follow you!”

“It’s already our Iron Fist Regiment’s greatest honor to have a soldier like you.

The stronger you are, the greater the reputation of the Iron Fist Regiment!”

Kang Lei also knew that as long as Qin Yuan left the Iron Fist Regiment, their strength would be weakened. However, he also felt very proud in his heart. After all, Qin Yuan had come from the Iron Fist Regiment.

Moreover, Qin Yuan was not the only one. According to the commander of the military region, he might let Qin Yuan take away a large number of people! He was still very gratified that their Iron Fist Regiment had produced so many good soldiers all of a sudden, even though all of this was because of Qin Yuan’s existence!

“Sir! Don’t worry! I won’t embarrass our Iron Fist Regiment. No matter where we are in the future, we will remember that we are the soldiers of the Iron Fist Regiment, your soldiers!”

Qin Yuan also knew that this time, the military commander had asked him to form the Battle Wolf Gang to take away a large number of outstanding soldiers from the Iron Fist Regiment. However, there was nothing he could do. He, Qin Yuan, had started from the Iron Fist Regiment, so he could only start by taking the soldiers from there!

“I know that your future achievements will be immeasurable. I’m happy that they can follow you. Even if they don’t follow you, as long as they’re outstanding enough, they’ll still be poached!”

This was something that Kang Lei was very clear about. The current situation in the world was a period of peace. There would no longer be large-scale wars between the great powers like before.

What was needed now was small-scale special operations. Therefore, various countries were paying more and more attention to the concept of special operations. Although he did not know what the military leaders wanted Qin Yuan to do this time, it was definitely a very special mission!

“Regiment commander, don’t worry, we won’t let you down. The Iron Fist Regiment is still our family!”

Qin Yuan smiled and teased when he saw Kang Lei say this.

“You brat!”

Kang Lei also laughed out loud. He patted Qin Yuan’s shoulder and continued, “You brat, I’ll hand them over to you, don’t let me down!”

“Although I don’t know what mission the military commander has arranged for you, as long as you need them, you can go and take a look at the soldiers of the Iron Fist Regiment!”

Hearing Kang Lei's words, Qin Yuan was a little touched. After he joined the Iron Fist Regiment, the leader Kang Lei always trusted him and took care of him!

Qin Yuan recalled everything that had happened in the Iron Fist Group, and his eyes turned red for a moment!

After all, it would be a long time before he could return.

Seeing that Qin Yuan's eyes were a little red, Kang Lei's eyes also revealed a gratified expression. He knew that Qin Yuan was a person who cherished the past and valued relationships very much!

“Alright! Come back often in the future, the Iron Fist Regiment will always be your home!”

Kang Lei poured a cup of tea for Qin Yuan and handed it to him.

“I know! Sir!” Qin Yuan nodded.

“Alright, go! I hope you can give me some surprises the next time we meet!”

Kang Lei also didn't want to burden Qin Yuan with too many constraints, as he knew that Qin Yuan had a different military life!

“Okay, then I'll go back first, Sir!”

“Alright!”

After saying that, Qin Yuan stood up and left the office. This time, he came mainly to say goodbye to Kang Lei. In a few days, he would have to report to the military region with the logistics company..

Chapter 185: Obtained the Medical skill!

After Qin Yuan left Kang Lei's office, he rushed back to the recruit company.

He had to go back and explain some things to Gong Jian. Then, he would return to the logistics company to make some preparations!

Soon, Qin Yuan returned to the recruit company and called Gong Jian and the squad leader over.

“These few days! I might have to go back to the logistics company. I'll leave the recruit company to you guys! As for whether the new recruits will stay or leave, we'll talk about it when I return. I've already told the regiment commander!”

Gong Jian and the squad leader immediately said to Qin Yuan as soon as they arrived.

“Company Commander Qin, don't worry! Leave it to us!”

Gong Jian knew that Qin Yuan's words meant that he had decided whether the recruit company would stay or not. As for what they would do, although he did not know, it would not be so simple!

“Company Commander Qin, how long will you be gone?”

The squad leader walked up and asked.

“It should be around ten days or so. At that time, I’ll bring you guys to see a different world!”

As he spoke, Qin Yuan smiled. He was indeed very happy to form Battle wolf. He wanted to see the difference between the troops he had trained and those in the world!

“Okay!”

For a moment, Gong Jian and the squad leader looked at Qin Yuan excitedly. Ever since Qin Yuan said that he would bring them to see a different world, they had been longing for that exciting and challenging life.

They knew that it would be very dangerous, but it was also a good place for every soldier to make contributions and serve their country!

“Alright, I’ll go over to the recruits first. I’ll return to the logistics company at night! ”

“Good!”

After Qin Yuan finished explaining the rest of the matter to Gong Jian and the others, he walked to the training ground!

“Wang Yanbing, weren’t you quite able to laugh just now? I’ll see how you can laugh later!”

As Qin Yuan walked on the road, the scene from this morning still appeared in his mind!

Soon, Qin Yuan walked to the training ground. Naturally, they were taught a lesson by Qin Yuan again! And Wang Yanbing was the most miserable one!

“Qin Yuan, when are we going to the other troops to take a look?”

On the way back to the logistics company, Long Xiaoyun also asked Qin Yuan about it. She knew that Qin Yuan had a way to take away the soldiers of the recruit company, so she was not worried at all!

However, Battle wolf wasn’t just a small team. They wanted to build a strong team, so they needed more people.

“There’s no rush. We’ll first bring the logistics over. After we’ve settled the base, we’ll go and groom those wolf pups!”

Qin Yuan was not flustered at all about the soldiers that Battle wolf needed. With the system, he would be able to build Battle wolf very quickly. The most important thing now was to build the base first.

“Alright then!”

Hearing Qin Yuan’s words, Long Xiaoyun could only listen to Qin Yuan. After all, their base had not been built yet!

Soon, Qin Yuan and the others returned to the logistics company's camp. After a simple chat with Zhou Qing and the others, Qin Yuan went back to rest!

After Qin Yuan returned to the dormitory, he directly entered the system to check the skill points he had obtained during this period of time. He had not checked the skill points he had obtained in a long time. For a moment, Qin Yuan was a little excited!

“System, report my information!”

“System received, sorting out your personal data...’

[Host: Qin Yuan]

[Position: Iron Fist Regiment Logistics Company Commander and Recruit

Company Commander!] [Military Rank: Captain]

Advanced computer programming.

Intermediate Climbing Skill, Intermediate Camouflage Skill, All Weapons and

Firearm Equipment Proficiency, and Advanced Weapon and Equipment

Operation Skill]

[Skill Points: 5835840.]

Seeing that he had more than 5 million skill points in the system, Qin Yuan smiled. He had saved so many skill points during this period of time. This would be of great help to him in building the Battle Wolf. He would need a lot of things in the future!

“Our Chinese tradition is still the best! If he didn't know how to save, how could he have so many skill points now?”

Qin Yuan was excited for a while, then he opened the system store!

What Qin Yuan lacked the most now was medical skills, so as soon as he opened the system store, he immediately exchanged for the Medical Pharmacology [Compendium of Materia Medical.

“Congratulations to the host for obtaining the Medical Pharmacology, Compendium of Materia Medica. The system has rewarded you with a set of advanced acupuncture techniques, Taiyi Divine Acupuncture Technique!”

“Taiyi Divine Acupuncture? Wasn't that the divine acupuncture technique that had been lost in his previous life?”

For a moment, Qin Yuan was very excited. He immediately opened the

Compendium of Materia Medica and the Taiyi Divine Acupuncture Technique!

In an instant, all the medical knowledge and difficult miscellaneous diseases in the Compendium of Materia Medica were immediately imprinted in Qin Yuan's sea!

“As expected of the Compendium of Materia Medica! There was even a chance to cure some cancer!”

“Although it's one word different from the Compendium of Materia Medica in my previous life, it's really strong! Our Chinese medical sages are really amazing! ”

Looking at the contents, Qin Yuan could not help but sigh. With the history of Chinese medicine, many medical skills had long been lost.

The wisdom of our ancestors and the 5,000 years of history and culture of our country cannot be compared to a few hundred years of western medicine.

Qin Yuan took a quick look. Most of the difficult and complicated diseases inside were slowly treated with Chinese medicine.

“So Western medicine only treats the symptoms but not the root cause! Traditional Chinese medicine was the medical skill that could cure the root of the problem!”

“The research of the ancestors of China on the human body is simply amazing...”

After looking at the Taiyi Divine Acupuncture Technique, Qin Yuan exclaimed that the ancestors' research on the human body had reached its peak! All the meridians and acupoints in the human body had been studied by the ancestors!

After Qin Yuan was excited for a while, he logged out of the system!

For a moment, his mind was filled with all kinds of symptoms and medical methods. Qin Yuan had never felt he had such a clear understanding of medical skills before. As he recalled the contents, he could not wait to find a human acupoint puppet to practice the Taiyi Divine Acupuncture technique!

Half an hour later, Qin Yuan had absorbed all the medical knowledge in the entire Compendium of Materia Medica.

“I don't know what illness this fourth company commander has!”

In an instant, Qin Yuan recalled the incident where the fourth company commander fell sick. From Kang Lei's words, Qin Yuan could feel that the fourth company commander must have cancer. Otherwise, Kang Lei wouldn't be so sad!

“I have to find some time to go over and take a look. I can also see if this healing skill is as powerful as the system says!”

Qin Yuan sighed softly. If he could cure the commander of the fourth company, it would be something to be happy about.. Moreover, he also wanted to verify if his two million yuan was worth it!

Chapter 186: Battle Wolf Base, Dark Forest!

Early the next morning, Long Xiaoyun knocked on Qin Yuan's door. "What's wrong? You woke me up so early!"

Qin Yuan opened the door and saw Long Xiaoyun standing outside.

"Follow me! I'll take you somewhere!"

"Where?" Qin Yuan also asked in confusion.

"Don't ask anymore. You'll know when the time comes!" After saying that, Long Xiaoyun walked towards the garage.

"It's really hard to communicate!"

Looking at Long Xiaoyun's departing back, Qin Yuan helplessly shrugged and immediately washed up before following Long Xiaoyun on an unknown journey!

Two hours later, they arrived at a primitive forest where the lush undergrowth and pristine natural environment were well-preserved.

After Qin Yuan got out of the car, he looked at the environment in front of him and couldn't help but exclaim in surprise at the divine workmanship of nature. In the deep mountains and old forests, ancient trees towered into the sky and covered the sun!

At first glance, it gave off a gloomy and mysterious aura!

"Where is this place?"

Long Xiaoyun must have a special purpose for bringing him here. "This is the Dark Forest that people are talking about!"

Long Xiaoyun explained to Qin Yuan and could not help but look into the depths of the forest.

"Dark Forest?"

This was the first time Qin Yuan had heard of this name. Just from the sound of the name, Qin Yuan could feel how terrifying this deep forest was.

"Yes! According to the local villagers, very few humans dared to set foot in this forest! Even the most experienced hunters in the area did not dare to set foot in this place! Because no one had ever come out after entering!"

Hearing Qin Yuan's question, Long Xiaoyun told Qin Yuan the information she had obtained. Long Xiaoyun had looked into this primitive forest for a long time. Her idea was to use this place as Battle Wolf's training base.

"No one has been able to come out?"

Hearing Long Xiaoyun's explanation, Qin Yuan looked at the primeval forest in front of him curiously. At the same time, Qin Yuan activated the early warning radar and scanned the depths of the forest. Soon, the system completed the scanning of the surrounding environment.

Soon, after the system finished scanning, a set of data was sent to Qin Yuan's mind.

It turned out that this place was a primitive forest. The reason why humans had not stepped foot in it was because it was covered by a large number of swamps, and there was a terrifying miasma inside!

In such a large primeval forest, if one was affected by the miasma, they would quickly lose their way and inadvertently walk into the swamp.

‘You plan to use this place as Battle wolf’s base?’

Long Xiaoyun had brought him here because she wanted to use this place as Battle wolf’s base camp!

“That’s a good idea. After all, this is a natural training ground and a natural barrier!”

“It’s just that....”

After saying that, Long Xiaoyun fell silent. Although she really liked the place in front of her, the scary environment made her retreat!

“Alright, this is it! This is where Battle wolf’s base camp will be located!”

Seeing Long Xiaoyun’s hesitation, Qin Yuan immediately said with certainty.

He knew what Long Xiaoyun was worried about. She was afraid that the environment would be too dangerous. However, since they wanted to build the world’s strongest special forces, how could they build the strongest special forces if they can’t even deal with the current difficulties?

“Qin Yuan, this is not a small matter! Although I really like this place, if we want to conquer this place, the price is also very high!”

Long Xiaoyun knew that the environment here was indeed the worst in the world. Therefore, Long Xiaoyun couldn’t make up her mind for the time being. “I know how dangerous this place is, and I know what you’re thinking!” “Since you brought me here, you already have an answer in your heart!”

“Alright, don’t worry and report it to the higher-ups. We’ll be using this place as Battle wolf’s base!”

Qin Yuan knew that Long Xiaoyun had brought him here early in the morning. In fact, she already had an answer in her heart. She just wanted him to come over and take a look!

The first time Qin Yuan saw this place, he fell in love with this kind of combat environment. It almost included the harsh geographical environment of the entire world.

If they trained here, they could effectively let the soldiers experience a variety of different geographical environments. This place was simply a natural training ground!

“Good!”

Seeing that Qin Yuan had also confirmed that this place would be Battle wolf’s base camp, Long Xiaoyun did not say anything. She felt that Qin Yuan’s taste was also very unique. The reason why she chose this place was because of the training environment here!

Although the danger level here was very high, it was also the best natural place to train soldiers.

“Let’s go! Go back!”

As he spoke, Qin Yuan turned around and walked into the car. Since they had confirmed the training base of Battle Wolf, what they needed to do now was to find some suitable members for Battle Wolf.

Soon, Qin Yuan and the others returned to the logistics company. As soon as Long Xiaoyun returned, she rushed back to the military region. Now that the training ground had been chosen, she had to submit the plan report as soon as possible!

Qin Yuan returned to the Iron Fist Regiment. This time, he came back to inquire about the situation of the fourth company commander from the regiment commander, Kang Lei.

“You brat, why are you back?”

“Didn’t I hear that you went back to the logistics company yesterday?”

Seeing Qin Yuan walk in, Kang Lei was a little surprised. He put down the documents in his hand and beckoned Qin Yuan to sit down.

“Regiment commander, I came back this time to ask about the fourth company commander!”

After sitting down, Qin Yuan directly told him the purpose of his visit today.

Hearing Qin Yuan mention the fourth company commander, a look of sadness flashed across Kang Lei’s face.

“What’s wrong? Why are you suddenly asking about the Fourth Company Commander?”

Kang Lei was also very surprised. Qin Yuan did not seem to have any contact with the fourth company commander. Why would he suddenly come to ask about the fourth company commander’s situation today?

“Didn’t he manage the 4th Company before? The comrades of the 4th Company admire their company commander very much. This makes me very curious about what kind of person the 4th Company commander is.”

“Also, I heard that the fourth company commander seems to be seriously ill. I know some famous doctors and some hermit experts in Chinese medicine! So I wanted to ask about the fourth company commander’s situation and see if I can help!”

This time, Qin Yuan wanted to see if the medical skills he obtained could cure the fourth company commander’s illness. As for the hermit expert, it was all an excuse made by Qin Yuan!

“Kid, you’re very thoughtful. It’s just that it’s no longer of much use.”

As he spoke, Kang Lei's eyes turned red. He knew Qin Yuan's good intentions, but the fourth company commander's illness was incurable.

In order to cure the fourth company commander's illness, Kang Lei had requested the organization to seek the world's most advanced medical technology more than once.. However, even the world's most advanced medical technology could not cure the fourth company commander's illness!

Chapter 187: Fourth Company Commander, Xiao Zhenwu!

“Regiment Commander, can you tell me which hospital the Fourth Company Commander is in? I want to pay a visit!”

Qin Yuan did not know how to explain to Kang Lei now. He could only go and see if his medical skills could cure the fourth company commander's illness. If he wanted to cure him, he had to first understand the fourth company commander's specific condition!

After Kang Lei sorted out his thoughts, he understood Qin Yuan's intentions! The fourth company commander was a soldier he had personally trained, and he was also the person he valued the most!

But in the end, he was diagnosed with cancer. At that time, the fourth company commander did not tell anyone and had been working hard for the fourth company. If he did not faint on the training ground, Kang Lei and the others would not have known that the fourth company commander had terminal cancer.

After a moment of silence, Kang Lei told Qin Yuan the hospital where the fourth company commander was.

“His name is Xiao Zhenwu, and he is currently in the military headquarters.

You can go and pay a visit.”

Kang Lei wanted to go, but every time, it was difficult for him to face his own soldier! When he thought that there was no way to treat it, Kang Lei's heart ached!

“Regiment Commander, don't be too sad. The heavens will help the lucky.

There will definitely be a way to cure him!”

Qin Yuan knew that Kang Lei was very sad, but he did not know how to comfort Kang Lei. As for whether the fourth company commander's illness could be cured, he could not guarantee it now. He could only wait until he saw the fourth company commander.

“Alright! Qin Yuan, I'll get Gong Jian to bring you over later!”

Kang Lei called Gong Jian as he spoke. Soon, Gong Jian arrived at the Regiment Commander's office.

“Sir! Are you looking for me?”

“Company Commander Qin? Why are you here? Didn't you go back to the logistics company?”

Seeing Qin Yuan here, Gong Jian was also a little surprised. Didn't Qin Yuan say that he had returned to the logistics company? Why would he appear here?

‘Yes! Qin Yuan said that he wanted to see the fourth company commander.

Bring him over later!’

Kang Lei immediately said when he saw Gong Jian walk in.

“Go see Old Xiao? This...

Upon hearing that he was going to visit Xiao Zhenwu, a hint of sadness flashed across Gong Jian's face.

“Company Commander Qin, why did you suddenly think of visiting Old Xiao?

His current condition was not very stable. I don't know if he's still conscious.”

“I went to see him a few days ago, but he's already unconscious. The current situation...”

As he spoke, the corners of Gong Jian's eyes became moist, and he choked on his words. After all, he and Xiao Zhenwu had been partners for many years, and their relationship was very good!

Therefore, Gong Jian felt a little sorrowful when Xiao Zhenwu's situation was mentioned.

“I heard the soldiers of the 4th Company mention Commander Xiao before, so I also want to go over and see him. It can be considered as fulfilling one of my wishes!”

Qin Yuan knew that the fourth company commander, Xiao Zhenwu, had a very important position in Gong Jian and Kang Lei's hearts. Such a person should not have been plagued by illness so early. One had to know that Xiao Zhenwu should only be around 30 years old this year!

“Alright then! Since we have nothing to do today, let's go and see Old Xiao together! ”

Although Gong Jian did not know why Qin Yuan suddenly wanted to see Xiao Zhenwu, it was good to let Qin Yuan get to know Xiao Zhenwu.

“Sir, are you going? Old Xiao often mentions you!”

As he spoke, Gong Jian asked Kang Lei. Ever since Xiao Zhenwu's accident,

Kang Lei had not gone to see him much. After all, Kang Lei could not face Xiao Zhenwu directly. Every time he came back, he would be drunk for a while! “Me? I won't go. Send a message to that kid! I hope he can survive and come to see me alive!”

After saying that, Kang Lei walked out of the office without looking back.

Qin Yuan knew that Kang Lei was crying. From Kang Lei's performance, he knew how much he loved Xiao Zhenwu.

For a moment, Qin Yuan looked at his Compendium of Materia Medica and fell into deep thought.

“I hope my 2 million skill points were put to good use!”

Qin Yuan’s current mood was that if he could use 2 million skill points to save Xiao Zhenwu, he would definitely be willing!

After Kang Lei left, Gong Jian walked to Qin Yuan’s side.

“Company Commander Qin, why do you suddenly want to see Old Xiao?”

Gong Jian knew that Qin Yuan and Xiao Zhenwu didn’t know each other. Why did he suddenly say that he was going to visit them?

Qin Yuan fell silent.

“System? Could this healing skill cure the Fourth Company Commander?” Qin Yuan was silent for a while before he immediately asked the system.

“Host, this Compendium of Materia Medica can be said to contain all the diseases in the world. It can definitely be cured, but if one wants to be cured, it depends on the patient’s specific illness and condition. As long as there are enough medicinal herbs, the chances of being cured are very high!”

The system explained to Qin Yuan. The Compendium of Materia Medica did contain all the diseases and treatments, but the herbs needed for some serious diseases were extremely rare.

After listening to the system’s explanation, Qin Yuan knew that it seemed that there was still a chance for the fourth company commander to be treated, but the price would be a little high!

“I want to save him!”

A moment later, Qin Yuan said in a deep voice. The expression on his face was still very serious.

Gong Jian heard Qin Yuan’s words and looked at Qin Yuan’s expression. He knew that Qin Yuan was not joking.

He and Qin Yuan had been partners for so long, so he knew very well that Qin Yuan would not joke about such a problem.

“Company Commander Qin! You said... You want to save Old Xiao?”

For a moment, Gong Jian also looked at Qin Yuan in surprise. He knew that Qin Yuan was not joking. During the time they had been together, as long as Qin Yuan said something, he would do it.

However, when he thought of Xiao Zhenwu’s situation, Gong Jian’s face darkened again.

“Company Commander Qin, Old Xiao has cancer! And it is already in the late stages! The organization had never given up on treating him, but even the best medical technology in the world could not treat him!”

Gong Jian knew that Qin Yuan was being kind, but this was cancer. Even the best medical team in the world could not do anything about it. No matter how strong Qin Yuan was, what could he do?

Gong Jian might believe him unconditionally if Qin Yuan said anything else, but he could not believe Qin Yuan's words when he said that he wanted to save Xiao Zhenwu.

"I know, but do you believe in miracles?"

Qin Yuan also knew that Gong Jian would never believe what he said! However, he had already received a positive reply from the system. Xiao Zhenwu could be saved!

"Miracles?"

Seeing Qin Yuan's firm gaze, Gong Jian was a little confused! He had never known these things before, but Qin Yuan was different. He did not know why he actually believed Qin Yuan's words at this moment.

He felt that Qin Yuan definitely had a way to treat Xiao Zhenwu, but this idea was so ridiculous!

"Yes! Miracles!"

Qin Yuan looked at the sky outside the door with a firm gaze. Since Xiao Zhenwu could be saved, he would save him even if he had to pay a huge price.

From Kang Lei's attitude and feelings towards Xiao Zhenwu, Qin Yuan knew that Kang Lei had long nurtured Xiao Zhenwu as the successor of the Iron Fist Regiment. Qin Yuan had always received Kang Lei's care during his time in the Iron Fist, and this time, when he formed the Battle wolf, he also took away a large number of soldiers from the Iron Fist Regiment.

This time, he could consider it as fulfilling Kang Lei's wish..

Chapter 188: General Military Hospital!

"Instructor Gong, take me to see the fourth company commander first!"

Qin Yuan was now certain that he could treat Xiao Zhenwu's illness, but he would only know the exact situation after seeing the fourth company commander.

"Alright then! Company Commander Qin, I'll bring you there now!"

Gong Jian did not know why. When Qin Yuan said that he wanted to save Xiao Zhenwu, his heart actually trembled. Gong Jian actually chose to believe in the miracle that Qin Yuan said.

He knew that Qin Yuan would not joke about such things. As for whether Qin Yuan could save Xiao Zhenwu, Gong Jian was not very sure, but he knew that Qin Yuan was good at creating miracles!

After saying that, Gong Jian and Qin Yuan walked out of the regiment commander's office. After arriving at the garage, Gong Jian drove Qin Yuan to the General Military Hospital!

About a few hours later, Qin Yuan and Gong Jian arrived at the General Military Hospital. After parking the car, they walked into the hospital.

"Instructor Gong, how long have you known the Fourth Company Commander?"

After entering the hospital, Qin Yuan also started chatting with Gong Jian. Qin Yuan did not know much about the fourth company commander, but from the soldiers of the fourth company and Kang Lei, he knew that the fourth company commander, Xiao Zhenwu, was a soldier worthy of respect.

“Old Xiao and I have known each other for seven or eight years. We have been partners for five or six years!”

“Old Xiao has been in the Iron Fist Regiment for 12 years. He joined the army at the age of 18 and has been serving under Regiment Commander Kang ever since!”

“He used to be the best soldier in the Sharpshooter 4th Company, and was also known as the most promising special forces soldier. However, he was injured during training, so he didn’t have the chance to join the special forces.

Otherwise, he would definitely be an excellent special forces soldier now!”

“After I graduated from the military academy, I was sent to the Iron Fist Group’s Sharpshooter 4th Company as an instructor. At that time, he was already the company commander of the 4th Company!”

“Old Xiao is a good person. He has his own unique views on how to treat and train soldiers. Therefore, before Company Commander Qin came, the Fourth Company had always been the top company of the Iron Fist Regiment!”

“One time, during the training organized by the Fourth Company, Old Xiao suddenly fainted and kept having nosebleeds. It was only then that we found out that he had already known about his illness, but he didn’t tell anyone!”

“After that, the regiment commander kept asking the organization to find the best medical team in the world to treat Old Xiao, but even the best medical technology in the world could not treat Old Xiao’s illness!”

Just like that, Qin Yuan kept listening to Gong Jian talk about the fourth company commander’s past deeds. Soon, the two of them arrived at Xiao Zhenwu’s ward!

“Company Commander Qin, this is Old Xiao’s ward. The last time I came to see him, his condition was already not optimistic! The doctor said that he had at most a few months left!”

As Gong Jian spoke, his eyes reddened again, and his entire face was filled with sorrow.

“Let’s go! Let’s go in and take a look!”

Qin Yuan knew that the fourth company commander also had a very important position in Gong Jian’s heart. After all, they had been partners for so many years, and the two of them had a good relationship. It was inevitable for him to be sad when this happened.

“Good!”

Gong Jian wiped the tears from the corners of his eyes. He gathered his emotions and pushed the door to the ward, bringing Qin Yuan in!

“Old Xiao! How are you today? Are you alright? I came to see you!”

At this moment, Xiao Zhenwu, who was on the hospital bed, was paying attention to the latest military report. When he heard Gong Jian’s voice, he slowly sat up.

“Kid, why are you here? This is?”

After Xiao Zhenwu got up, he saw Gong Jian walking in. When he saw Qin Yuan, he asked curiously!

“We’re not busy today, so we came to see you!”

“By the way, this is Company Commander Qin Yuan, whom I’ve been telling you about!”

Seeing that Xiao Zhenwu was looking good today, Gong Jian was also happy in his heart. He immediately introduced Xiao Zhenwu.

“Company Commander Qin? So you’re Company Commander Qin!”

After listening to Gong Jian’s introduction, Xiao Zhenwu was very excited. He had long heard of Qin Yuan’s name. Every time Gong Jian came to visit him, he would tell him the latest news of the Iron Fist Regiment.

Therefore, when he knew about Qin Yuan, he had long wanted to get to know the Qin Yuan that Gong Jian mentioned. He just did not expect to meet him in this way today!

“Hello! Fourth Company Commander! I’ve heard about you from my comrades in the 4th Company, but I haven’t had the time to visit you!”

Seeing the excited Fourth Company Commander Xiao Zhenwu, Qin Yuan was very surprised because Qin Yuan had just used the system to scan Xiao Zhenwu’s physical condition. It could be said that many of Xiao Zhenwu’s organs had already died, and his bodily functions had already reached the worst stage!

It could be said that Xiao Zhenwu could only hold on for four or five days at most.

Xiao Zhenwu must be faking his smile. After all, the pain he was enduring at this time must be unimaginable!

“What a ruthless person!”

After the system’s examination, Qin Yuan could be said to have a very good understanding of the fourth company commander, Xiao Zhenwu. To be able to endure such intense pain in front of them and act as if he was fine, one could imagine how strong Xiao Zhenwu’s willpower was. He probably did this because he did not want Gong Jian and the others to worry!

“Come, come, come. Company Commander Qin, come and sit here. There are apples here, you can take them!”

Xiao Zhenwu was very happy. He did not expect Qin Yuan to actually visit him. He had been hearing about Qin Yuan’s deeds. To be honest, if Gong Jian had not told him about Qin Yuan with

certainly, he would not have believed that someone could train a useless logistics company to such a level in such a short period of time!

Qin Yuan placed some fruits he had brought on the bedside table and sat at the side with a smile.

“Fourth Company Commander, how do you feel now?”

Looking at the fourth company commander who acted as if nothing had happened, a trace of admiration flashed across Qin Yuan’s eyes!

“I’m fine. How can this little illness defeat me? Don’t worry, when I recover, I’ll definitely compete with you, Commander Qin!”

Hearing Qin Yuan’s question, Xiao Zhenwu replied with a smile. In fact, he knew very well that he was waiting for death now. He knew his body’s condition the best.

However, he couldn’t let Gong Jian and the others know. He even asked the doctor to tell Gong Jian that he had a few months left.

“Old Xiao, why are you so happy today?”

Seeing Xiao Zhenwu’s state today, Gong Jian was also a little surprised! To be honest, he had never seen Xiao Zhenwu so happy before.. He felt that Xiao Zhenwu’s condition today was especially abnormal!

Chapter 189: I, Qin Yuan, Never Joke!

“How can I not be happy to see you?”

“I didn’t expect you to bring Commander Qin here today!”

As he spoke, Xiao Zhenwu’s face became a little distorted, but it was quickly replaced by a smile. However, this action was clearly seen by Qin Yuan, who was at the side.

“I’ve always told you that when you’re better, I’ll let you see Company Commander Qin’s ability to lead troops. You don’t know how those kids from the 4th Company have completely changed! ”

Gong Jian excitedly explained to Xiao Zhenwu. He knew that Xiao Zhenwu was most concerned about the Fourth Company! Ever since Xiao Zhenwu fell ill, they had been hiding it from the soldiers of the 4th Company. Therefore, the soldiers of the 4th Company only knew that Xiao Zhenwu was ill, but they did not know that Xiao Zhenwu had cancer!

“Don’t worry, I will be treated. When the time comes, I will go and see what those guys from the 4th Company have become under the special training of Company Commander Qin ! ”

“Company Commander Qin, it’s been hard on you!”

Xiao Zhenwu calmed himself down and thanked Qin Yuan. He knew that Qin Yuan had been to the Fourth Company for two months without him around. Moreover, the soldiers of the Fourth Company had made great progress in these two months!

“Sure! Fourth Company Commander, you don’t have to be so polite. We’re all family! ”

Qin Yuan also replied with a smile. Qin Yuan did not expose Xiao Zhenwu’s situation. He knew that Xiao Zhenwu did not want Gong Jian to worry about him!

Hearing Qin Yuan’s words, Xiao Zhenwu’s face lit up with a smile. He did not expect Qin Yuan to be so easy to talk to, and Qin Yuan was so young!

“Oh right, Old Gong! How has the regiment commander been recently?”

As he spoke, Xiao Zhenwu also asked about Kang Lei. He had not seen Kang Lei come over for a long time, and he knew in his heart why Kang Lei did not come.

“The regiment commander is fine. Every time he comes to your place, he will be drunk for a day or two!”

“This time, he asked me to bring you a message!”

After hearing Gong Jian’s words, Xiao Zhenwu’s face flashed with excitement!

“What did he say?”

“The regiment commander said that he wants you to go back alive to see him!”

Seeing Xiao Zhenwu’s excited expression, Gong Jian told Xiao Zhenwu what Kang Lei had said. He knew the friendship between Xiao Zhenwu and Kang Lei!

“Go back alive to see him?”

For a moment, a trace of loneliness flashed across Xiao Zhenwu’s face, but Gong Jian did not see it. Xiao Zhenwu’s every move could not escape Qin Yuan’s eyes.

“Instructor Gong! You go out first, I have something to say to the fourth company commander alone!”

Qin Yuan knew that Xiao Zhenwu could no longer suppress the pain in his body. For Xiao Zhenwu’s sake, Qin Yuan immediately told Gong Jian. “Okay, Company Commander Qin, you guys chat. I’ll go get some food for you!”

When Gong Jian saw Qin Yuan’s gaze, he knew that Qin Yuan probably wanted to see Xiao Zhenwu’s physical condition!

After saying that, Gong Jian left the ward!

He knew that Qin Yuan had come this time to see if Xiao Zhenwu could still be saved. Although he did not know what method Qin Yuan would use to save Xiao Zhenwu, he believed that Qin Yuan should have some way.

After all, the special medicine that Qin Yuan gave him last time was really powerful. In the past, he did not believe in these things at all, but after meeting Qin Yuan, it directly broke many of his understandings. “Fourth Company Commander! Don’t hold it in, I’m the only one here!”

After Gong Jian left, Qin Yuan immediately said to Xiao Zhenwu.

‘You... Company Commander Qin...You already know!’

For a moment, the Fourth Company Commander’s face twisted. He held his chest with one hand and supported himself by the bed with the other. His breathing became rapid.

“Fourth Company Commander, I won’t tell Gong Jian. I know you’ve been enduring this pain for a long time!”

After hearing Qin Yuan’s words, Xiao Zhenwu’s face also revealed a shocked expression!

One had to know that he had already hidden it very well. Other than the doctor and him, no one else knew about his physical condition. However, he did not expect Qin Yuan to discover his disguise as soon as he arrived.

“Company Commander Qin, I don’t have much time left, but I don’t want them to worry about me, so Company Commander Qin, please help me hide it!”

For a moment, Xiao Zhenwu seemed to be much more relaxed. Since Qin Yuan already knew that he was pretending, then there was no need for him to continue pretending in front of Qin Yuan.

“Fourth Company Commander, I know your intentions, so I won’t tell

Instructor Gong and the others about this!”

“I came here today to bring you good news!”

Qin Yuan knew that Xiao Zhenwu did this to prevent Gong Jian and Kang Lei from worrying about him, so Qin Yuan understood Xiao Zhenwu’s motive very well!

“Alright... Good news?”

For a moment, Xiao Zhenwu’s voice was much weaker than before. It was as if every word he said took up a huge amount of his strength!

Qin Yuan’s heart ached when he saw Xiao Zhenwu’s state. In order to pretend to be fine in front of Gong Jian and the others, Xiao Zhenwu had to endure so much pain!

“Yes!”

“I can cure you!”

Qin Yuan had already asked the system to scan Xiao Zhenwu and it revealed that his current condition is a result of multiple concurrent late-stage cancers caused by stomach cancer.

To be honest, it is a miracle that Xiao Zhenwu has survived until now, and it is largely due to his decision not to use medication to control the pain.

Some pain-relieving drugs might be able to make the patient feel better, but the side effects were also very serious! Looking at the bed that was already covered in scratch marks, one could tell how much hope Xiao Zhenwu had for life.

Those marks were made when he was enduring the pain, so one could imagine how tenacious Xiao Zhenwu was.

“What?”

Hearing Qin Yuan’s words, Xiao Zhenwu was stunned. For a moment, Xiao Zhenwu’s face revealed a shocked expression!

‘Qin... Company Commander Qin! You said you can cure me?’

Although Xiao Zhenwu’s voice was a little weak, his face was filled with uncontrollable excitement!

His two hands trembled as he grabbed Qin Yuan’s hand. He stared at Qin Yuan as if he was waiting for Qin Yuan to confirm it again.

“Yes! I know that your current illness is caused by stomach cancer, causing multiple types of cancer to coexist. Moreover, it’s already in the late stage!”

After hearing Qin Yuan’s affirmation, Xiao Zhenwu still did not dare to believe that Qin Yuan could cure him. After all, what he had was not an ordinary illness, but a terminal illness!

“Company Commander Qin, I know you want to be on good terms with me, but don’t make me happy! I have terminal cancer!”

Xiao Zhenwu’s excited expression dimmed. He knew that Qin Yuan was probably teasing him. After all, he knew very well what kind of illness he had. Moreover, he knew best how his body was doing!

“I don’t know if Instructor Gong has told you this before! I, Qin Yuan, never joke around!”

Chapter 190: Treating Xiao Zhenwu!

Qin Yuan knew that no one would believe him, and he did not know how to explain. Even if he cured Xiao Zhenwu, he hoped that Xiao Zhenwu would keep his mouth shut for him.

After all, this kind of thing was too ridiculous. If he was cured, the entire world would be shocked. Qin Yuan did not want too many people to know about this!

“Company Commander Qin...”

For a moment, Xiao Zhenwu also looked at Qin Yuan excitedly. He had long heard from Gong Jian that Qin Yuan would not do anything that he was not confident in. Although what Qin Yuan said was ridiculous, Qin Yuan’s expression was very serious. It did not seem like he was lying to him!

“Fourth Company Commander, I know Instructor Gong must have told you about me, so I won’t hide it from you. I can really cure your illness! However, it will take you about a year to recover to your original state!”

Qin Yuan also said to Xiao Zhenwu with certainty. Since Xiao Zhenwu could save him, he would not leave him in the lurch!

“Company Commander Qin, is what you said true? I have cancer! ”

Xiao Zhenwu was still looking at Qin Yuan in disbelief. This was too much of a shock to him. He really did not expect his illness to be treatable. In fact, he had long given up on any hope. After all, Kang Lei had also hired the most advanced medical team for him! But it was useless!

“I’m very sure!”

Qin Yuan knew that the most important thing now was for Xiao Zhenwu to believe in him. Only then could he treat Xiao Zhenwu more effectively.

Seeing Qin Yuan’s determined gaze, Xiao Zhenwu’s heart was touched. He could tell from Qin Yuan’s eyes that Qin Yuan was not lying to him!

“Then let me try!”

Xiao Zhenwu also knew that he was hopeless anyway, so why not try Qin Yuan’s method!

“Good!”

“But I have a condition. When the time comes, you have to say that you got better on your own! Don’t tell anyone that I cured you! After all, you know that the price for that is much greater.”

Qin Yuan reminded again. Actually, Qin Yuan did not want the entire medical world to come looking for him. He did not have that much time now. “Alright, Company Commander Qin, don’t worry!”

For a moment, Xiao Zhenwu was also a little excited. If Qin Yuan could really cure him, then he could continue to be a soldier and stay with the Iron Fist Regiment.

“Good!”

After saying that, Qin Yuan took out a small green bottle from his pocket and handed it to Xiao Zhenwu.

“Take this first. Your body is almost deteriorating, and this will help restore the functioning of your vital organs.”

Qin Yuan explained. He had just exchanged a bottle of physique enhancement liquid from the system store. Xiao Zhenwu’s body was really too weak, and he could only treat him step by step.

“Company Commander Qin, this is?”

Xiao Zhenwu looked at the green liquid in front of him and asked curiously.

“It’s fine, don’t worry! I won’t harm you!”

Qin Yuan did not explain too much. After all, he could not explain this thing clearly.

“Okay!”

After saying that, Xiao Zhenwu took the bottle of physique enhancement liquid, opened it, and drank it in one gulp. Since he had already reached this stage, he would give anything a try. What if what Qin Yuan said was true?

As soon as the liquid entered his body, Xiao Zhenwu’s entire body was in a bad state. His pale face immediately distorted, and his entire body was trembling.

He could only feel a warm current running around in his body. The waves of pain made Xiao Zhenwu faint.

About half an hour later, Gong Jian walked in with a lunchbox.

“Company Commander Qin, what happened to Old Xiao?”

Gong Jian asked worriedly when he saw Xiao Zhenwu lying unconscious on the stage.

“He’s unconscious! Let’s let him rest!”

Qin Yuan explained, but he did not tell Gong Jian that Xiao Zhenwu had fainted because he had drunk the physique enhancement liquid. After all, the liquid was fighting the virus in Xiao Zhenwu’s body, so it was certain that Xiao Zhenwu had fainted from the intense pain.

Now, Qin Yuan wanted to improve Xiao Zhenwu’s bodily functions first. After all, this was a long-term battle!

“Company Commander Qin, do you think Old Xiao can still be saved?”

Seeing the unconscious Xiao Zhenwu, Gong Jian’s eyes reddened again! For a moment, Gong Jian placed all his hopes on Qin Yuan.

“Actually, many of the Fourth Company Commander’s organs have already failed, but there should still be hope, but...” Qin Yuan also replied to Gong Jian.

“But what?”

Seeing that Qin Yuan said that Xiao Zhenwu could still be saved, Gong Jian asked excitedly.

“But he will need a long time to recover!”

After hearing Qin Yuan’s words, Gong Jian cried out of excitement. He knew that Qin Yuan would not lie to him about such a thing.

“Company Commander Qin, as long as Old Xiao is alive!”

Gong Jian did not expect Qin Yuan to really have a way to save Xiao Zhenwu. Previously, he did not believe in miracles at all, but now he believed it. He really could not understand Qin Yuan. For some reason, he realized that Qin

Yuan seemed to be omnipotent.

“Yes! Let’s eat too! We’ll stay here for the next two days!”

Qin Yuan also knew that he had to stabilize Xiao Zhenwu’s condition. As for completely eradicating the cancer cells, he still needed a lot of things.

“Good!”

Gong Jian wiped the tears from the corners of his eyes and replied happily. He really did not expect Qin Yuan to really have a way to treat Xiao Zhenwu. From this moment on, he was even more determined to believe that Qin Yuan was indeed omnipotent!

A few hours later, Qin Yuan’s phone rang.

He picked up his phone and saw that it was Long Xiaoyun calling, so he walked out of Xiao Zhenwu’s ward!

“Hello? What’s the matter?”

Qin Yuan was very curious. Why was Long Xiaoyun calling him at this time?

“Our base and the plan have been approved by the chiefs. As for the official appointment, we’ll wait until you arrive at the military region!”

Long Xiaoyun also said indifferently.

“You don’t have to call me personally, do you? Just tell me when the time comes!”

Qin Yuan said helplessly. He knew that the plan for this base would definitely be approved, but he did not expect Long Xiaoyun to call him personally.

“You...’

Hearing that, Long Xiaoyun, who was on the other end of the phone, was furious. She called Qin Yuan out of kindness, but she did not expect Qin Yuan to be unhappy. For a moment, Long Xiaoyun was furious.

“Tomorrow, we’ll go to the other troops to take a look! That’s it!”

Long Xiaoyun really did not want to talk to Qin Yuan anymore. She did not understand why she would call Qin Yuan..
