

Special Troop 191

Chapter 191: Who Would Believe That Nothing is Going On?

“What is it? Tomorrow? Not tomorrow!”

When he heard Long Xiaoyun say that she would go to other troops to take a look tomorrow, Qin Yuan directly rejected her. After all, he had to treat Xiao Zhenwu for the next two days!

Long Xiaoyun did not expect Qin Yuan to reject her outright. She was so angry that her eyes turned green.

“I’m at the military hospital now! That’s why I can’t go with you!”

Qin Yuan also started to explain. He knew that Long Xiaoyun was angry. If he did not explain, it would really be troublesome. He really did not want to provoke Long Xiaoyun anymore.

“Hospital? Is your father injured or is your mother injured?”

Long Xiaoyun replied Qin Yuan coldly.

Hearing Long Xiaoyun’s words, Qin Yuan felt helpless. She was really ruthless! “I’m here to see the fourth company commander of the Iron Fist Regiment!”

Qin Yuan couldn’t be bothered to argue with Long Xiaoyun. He really couldn’t stand Long Xiaoyun’s temper anymore!

“Fourth Company Commander? You mean Xiao Zhenwu?”

Long Xiaoyun’s puzzled voice came from the phone.

“You know about it?”

Qin Yuan did not expect Long Xiaoyun to know Xiao Zhenwu. For a moment, Qin Yuan was also a little surprised.

“He used to be a very good soldier, but I really didn’t expect something like that to happen to him!”

The other end of the phone was also silent for a long time. Long Xiaoyun had known about Xiao Zhenwu before. Previously, when she came to the army to select people for Wolf Fang, she had taken a fancy to Xiao Zhenwu. However, in the end, he actually encountered such an illness. Long Xiaoyun also sighed.

“I’ll be there in a while!”

With that, Long Xiaoyun hung up the phone. She knew Xiao Zhenwu, but she had not officially met him. She did not have time to see him. In that case, she could go and see him now!

“Why does this woman say one thing and do another!”

Seeing that Long Xiaoyun said she was coming over, Qin Yuan was very helpless! He was afraid to stay with Long Xiaoyun as she got angry easily. Perhaps only Leng Feng could stand this kind of temper!

“Company Commander Qin, Old Xiao is awake!”

As soon as Xiao Zhenwu woke up, Gong Jian immediately ran out to tell Qin

Yuan.

“You’re awake?”

Seeing Gong Jian run out, Qin Yuan put away his phone and walked back to the ward.

At this moment, Xiao Zhenwu’s complexion was clearly much better than before.

“How do you feel?”

As soon as he entered, Qin Yuan asked. After using the system to scan Xiao Zhenwu’s body, Qin Yuan was relieved. After Xiao Zhenwu’s body had undergone the effect of the physique enhancement liquid, it was obviously much better!

“I’m fine! Thank you, Company Commander Qin!”

Xiao Zhenwu hid the excitement in his heart and thanked Qin Yuan. For some reason, he felt that his body was much better than before, and the pain was not as intense anymore.

“Great! Have a good rest, you’ll get better!”

Qin Yuan did not say anything else. After all, he did not want too many people to know about these things. Xiao Zhenwu also knew Qin Yuan’s thoughts, so he had been hiding the excitement in his heart.

“Yes! Thank you!”

For a moment, Xiao Zhenwu shed tears. He was too excited. He never thought that he would have a chance to survive.

To be honest, he was already prepared to die, but who would want to die? But now, because of Qin Yuan, he saw hope, the hope to live!

“Alright, Old Xiao, don’t stand on ceremony! Commander Qin said that he knows some hermit Chinese medicine experts. They can definitely save yc

Gong Jian said excitedly. When Qin Yuan said that he could save Xiao Zher he was also very excited!

“Hermit experts?”

Xiao Zhenwu was also a little surprised to see Gong Jian say this. So this what Qin Yuan told Gong Jian and the others!

He knew very well that there was a hermit doctor there! In fact, it was Qin himself. However, Qin Yuan did not want to say it out loud. He would keep secret for Qin Yuan. After all, he knew why Qin Yuan did not want others t know his secret.

After all, everyone had their own trump card, but Qin Yuan’s trump card too powerful.

Treating cancer? How ridiculous was this!

However, Xiao Zhenwu trusted Qin Yuan very much now. After all, that bc of green liquid could achieve such an effect. Perhaps Qin Yuan could reall) his cancer.

“Yes! Commander Qin said he could save you!”

Gong Jian answered Xiao Zhenwu excitedly. In any case, Gong Jian would definitely believe what Qin Yuan said.

Because every time Qin Yuan said something, there was nothing that coul be achieved.

“Yes! Don’t worry! I will live well!”

Xiao Zhenwu laughed. After so long, this was the first time he really laughec The unhappiness suppressed in his heart also dissipated.

“Yes! Rest first. I’ll bring you to those great doctors to treat you!”

Qin Yuan gave Xiao Zhenwu a look. When Xiao Zhenwu saw Qin Yuan’s look, knew what Qin Yuan meant and nodded.

“Got it, Company Commander Qin. You guys should go back and rest first!” Xiao Zhenwu said with a smile.

“Okay, Old Xiao, have a good rest. Company Commander Qin and I won’t be going back today. We’ll be in the lounge.”

Gong Jian said with a smile. Qin Yuan had also said that they would be here a day or two, so they would not be going back today.

Just as Gong Jian was about to prepare the waiting room, Long Xiaoyun wall into their ward.

“What’s wrong? Why didn’t you call me along?”

As she spoke, Long Xiaoyun looked at Qin Yuan. Long Xiaoyun was in the military region, so she was not far from the General Military Region Hospit

Seeing Long Xiaoyun walk in, Gong Jian was dumbfounded. He looked at the way Long Xiaoyun looked at Qin Yuan. He would never believe that there wa nothing going on with the two of them.

“Hello! I’m Long Xiaoyun, we’ve met before!”

Long Xiaoyun put down the fruit basket and immediately greeted Xiao Zhen

“And you are? Instructor Long?”

Xiao Zhenwu also looked at Long Xiaoyun in surprise. He had seen Lonf Xiaoyun once, when she came to the Iron Fist Regiment to select soldie that time, she seemed to be the instructor of Wolf Fang.

However, he didn’t expect Long Xiaoyun to come here.

“Yes, I am! I didn’t expect Commander Xiao to still remember me!”

Long Xiaoyun replied.

“Of course I remember. I just didn’t expect you to come over!”

Xiao Zhenwu was also a little excited.

“Why are you here?”

Seeing that Long Xiaoyun had actually run over, Qin Yuan asked helples Long Xiaoyun really did whatever she said!

“What’s wrong? You’re the only one who can come to see Commander X I’m not allowed to come huh!”

Long Xiaoyun glanced at Qin Yuan and replied indifferently.

Gong Jian and Xiao Zhenwu also smiled when they saw the scene in frof them.. They knew that Long Xiaoyun seemed to be quite concerned about Yuan!

Chapter 192: Familiar Names!

“Alright then!”

Hearing Long Xiaoyun’s words, Qin Yuan was also very helpless. What he had to do in the next two days was to control Xiao Zhenwu’s condition.

As for the matter of choosing soldiers with Long Xiaoyun, he could only postpone it until he went to the military region.

“Then Old Xiao, you should rest well! We’ll get going first!”

Gong Jian also knew that Long Xiaoyun was here to look for Qin Yuan, so he said tactfully.

Xiao Zhenwu knew that Qin Yuan and Long Xiaoyun should have something to talk about. Xiao Zhenwu did not believe that Long Xiaoyun was here to see him After all, he did not have much interaction with Long Xiaoyun.

“Company Commander Qin, you guys can go and rest first!” Xiao Zhenwu smiled when he saw the scene in front of him.

“Okay, we’ll go out first. Have a good rest first. We’ll talk tomorrow!”

“Good!”

Qin Yuan knew that Long Xiaoyun must have something to say to him. After saying that, he brought Long Xiaoyun and Gong Jian out.

“Company Commander Qin, Comrade Long Xiaoyun! I’ll go off first!”

Gong Jian smiled and gave Qin Yuan a look, then he returned to the lounge first.

Looking at Gong Jian’s expression, Qin Yuan knew that he could not explain himself clearly now. Who knew that Long Xiaoyun would really come no matter what happened or what time it was!

“Why are you here so late at night?”

After Gong Jian left, Qin Yuan asked.

“Hey! Take a look, then tell me your opinion!”

As she spoke, Long Xiaoyun took out a document from her bag and handed it to

Qin Yuan.

“What is this?”

Seeing the information Long Xiaoyun handed over, Qin Yuan asked curiously.

“This is some information about the soldiers. I wanted to go to the scene with you in the next two days, but I don’t think you have time to go now!”

“That’s why I sent it to you directly. You should understand it first! When we have the time, we’ll go over and take a look!”

Long Xiaoyun also explained. The information of these soldiers was the information of the soldiers that had just been sent over by the various companies. Every one of them was a top soldier of each unit. Long Xiaoyun read it carefully and was relatively satisfied. However, Qin Yuan would also be the commander of Battle wolf, so she came over to see if Qin Yuan had any objections.

“Right, Advisor Fan has a copy of this information too! So if there’s someone we like, we’d better go over as soon as possible!”

Long Xiaoyun reminded him again and again. Now that their Battle wolf project had been approved by the military commander, they would also receive a copy of the outstanding soldier information of each unit. Now, Battle wolf and Wolf fang would be competitors.

There were very few good seedlings in the special forces. If they went to Wolf Fang, then their Battle wolf would have one less person, so Long Xiaoyun was very concerned about this matter.

“So it’s the soldier’s information! Alright, I’ll read it carefully later. As for what I think, I’ll tell you tomorrow!”

As he spoke, Qin Yuan also took a rough look. Qin Yuan was very familiar with a few people’s names, but Qin Yuan did not show it on his face.

“Alright then! Then I’ll go back first!”

After saying that, Long Xiaoyun didn’t say anything more. She turned around and left the military hospital.

“This woman? She came just to give me this piece of information?”

Qin Yuan looked at Long Xiaoyun who was walking away and shook his head.

However, after a while, Qin Yuan’s face also became excited.

This was because he had just seen Leng Feng’s name in the information.

“You’re finally here!”

Qin Yuan took out Leng Feng's personal file from the information given by Long Xiaoyun and smiled. He read it carefully again. There were many people he was familiar with, Shao Bing, Shi Sanba, Yu Fei... They were all from Battle wolf!

"I didn't expect all of you to be here!"

For a moment, Qin Yuan's mind was filled with memories. He used to know them in movies, but he did not expect to meet them in real life.

Qin Yuan felt a little uncomfortable when he thought of Yu Fei's death in the movie.

"Don't worry. Since I'm here, I won't let it happen again!"

Qin Yuan also sighed softly. He did not expect that he would be able to form Battle wolf at the right time, so it meant that the incident with Yu Fei and the others had not happened.

Since Qin Yuan was lucky enough to do it again, he would never let the events in the movie happen again!

As he spoke, Qin Yuan returned to the lounge. When he saw the information of the soldiers that he was familiar with, he was shocked. Qin Yuan was also very excited. He wanted to stabilize Xiao Zhenwu's condition as soon as possible before rushing to the troops where the soldiers were.

After all, Long Xiaoyun had said that Fan Tianlei also had the files. Therefore, Fan Tianlei would not miss these soldiers. He had to be quick, or else it would be bad if Fan Tianlei snatched them.

Soon, Qin Yuan returned to the lounge.

"Company Commander Qin? Why did you come back so quickly?"

Seeing Qin Yuan walk in, Gong Jian was also a little surprised. Qin Yuan was too fast eh?

"What's wrong? What else do you want?"

Seeing Gong Jian looking at him in surprise, Qin Yuan was very helpless! Did Gong Jian think that something had happened between him and Long Xiaoyun again?

"No way! Company Commander Qin? You guys only have so little time for a date!"

Gong Jian said with a smile. In his heart, he had long been certain that Qin Yuan and Long Xiaoyun were definitely in a relationship. Although Qin Yuan refused to admit it, Gong Jian could still tell that Long Xiaoyun treated Qin Yuan a little special.

"What date? Instructor Gong, what are you thinking? With her temper, who can stand it!"

"Besides, didn't I already tell you that I already have a girlfriend?"

Hearing Gong Jian's words, Qin Yuan could only helplessly explain again. He and Long Xiaoyun would often walk together during this period of time because of Battle wolf. He did not expect Gong Jian to misunderstand again.

"Alright, Commander Qin, I know you won't admit it!"

Gong Jian smiled. Qin Yuan had always been hiding it. He knew that Qin Yuan was too embarrassed to tell them about his relationship with Long Xiaoyun.

“I really have nothing to do with her. We’re just comrades. Why don’t you believe me?”

Seeing that Gong Jian did not believe it at all, Qin Yuan took out his phone from his pocket!

“Hey! This is my girlfriend!”

As he spoke, Qin Yuan passed the photo of him and Miao Xiaoxiao to Gong Jian. He really didn’t know how to explain his relationship with Long Xiaoyun to Gong Jian. The only direct proof was the photo of him and Miao Xiaoxiao..

Chapter 193: Are You Using Traditional Chinese Medicine?

“Hmm? Commander Qin, this is your sister, right? So handsome!”

Looking at the photo Qin Yuan handed over, Gong Jian replied with a smile. “How the f * Ck am I supposed to explain so that you guys will believe me!”

Hearing Gong Jian’s words, Qin Yuan held his head with his hand. He really did not know how to explain it to Gong Jian. He took out a photo of him and Miao Xiaoxiao, and Gong Jian actually said that she was his sister. The direct evidence was here, but Gong Jian still did not believe it.

“Hahaha! Alright, Commander Qin, I won’t tease you anymore!”

“Right, Company Commander Qin, is there anything that Comrade Long Xiaoyun wants from you?”

Gong Jian also knew that Long Xiaoyun did not come to see Xiao Zhenwu, but to look for Qin Yuan!

“No, we just had a simple chat!”

Qin Yuan said indifferently. After all, it was not the time to tell Gong Jian about Battle wolf.

“Oh right, Instructor Gong! Go back tomorrow and wait for me! As for the fourth company commander, I will bring him to treat him when the time comes!”

In two days, the new recruits would end their life of looking at new recruits. Now, it was not enough for the new recruits to only have the squad leader. How could it be possible for him and Gong Jian, the two main officers, not to be here?

“Good! I understand, Company Commander Qin, thank you for your hard work!”

“I know that even if Old Xiao’s illness can be saved, the price will be very high!

But Commander Qin, I still have to thank you here!”

“If the regiment commander knew about this, he would definitely be very happy!”

Gong Jian also knew that although Qin Yuan had a way to treat Xiao Zhenwu's illness, the price would be very high. After all, it was cancer! If he had not known that Qin Yuan had created many miracles, he would not have believed that cancer could be cured in this world!

"Yes, I am! So I hope you can keep it a secret for me, Instructor Gong! After all, even if Fourth Company Commander's illness could be cured, the cost would be very high!"

Qin Yuan reminded Gong Jian again. He knew that Gong Jian would keep it a secret for him. Just like when he handed the physique enhancement liquid to him previously, Gong Jian did not tell anyone. "I know. Don't worry, Company Commander Qin!"

Gong Jian knew that Qin Yuan also had his own secrets. After all, it was just like the last time Qin Yuan gave him a few bottles of liquid! At first, he didn't believe it either, but later on, he clearly felt that the effects of the liquid on their bodies were indeed amazing!

Therefore, when Qin Yuan said that Xiao Zhenwu could still be saved, Gong Jian believed Qin Yuan. However, he also knew that the price would be very high. Otherwise, with this technology and medicine, wouldn't Qin Yuan become rich in an instant?

One had to know that there was no medical technology in the world that could treat cancer. The main reason why Qin Yuan was unwilling to announce it was that the price was very high. There was no way to make it universal!

"Good! Then let's rest early too! I'll leave with the Fourth Company Commander tomorrow, but don't tell the Regiment Commander about this yet!"

Qin Yuan knew that Kang Lei would be very happy and excited if he knew that Xiao Zhenwu could still be saved, but he did not want to spread the news that he could cure cancer so early!

"Alright, don't worry, Company Commander Qin!"

"Yes!"

After saying that, the two of them turned off the lights and lay down on the field to rest.

The next morning, Gong Jian woke up early. After saying goodbye to Xiao

Zhenwu and Qin Yuan, he went back.

Qin Yuan once again treated Xiao Zhenwu.

This time, he began to use the Taiyi Divine Acupuncture Acupuncture Technique to treat Xiao Zhenwu.

Soon, Xiao Zhenwu directly spat out a mouthful of thick black blood.

"Company Commander Qin, thank you!"

After spitting out that mouthful of black blood, Xiao Zhenwu clearly felt that his body was much better.

“You’re welcome. Fourth Company Commander, I hope you can keep this a secret for me!”

Qin Yuan reminded again. Hence, he used the system to scan Xiao Zhenwu again!

It was obvious that Xiao Zhenwu’s cancer cells had been clearly controlled. Now, all Qin Yuan had to do was treat Xiao Zhenwu bit by bit.

This was a very long process. If he wanted to completely cure Xiao Zhenwu’s illness, he had to think of a way to destroy all the cancer cells in his body. What Qin Yuan lacked the most now was the medicinal herbs for treatment!

Qin Yuan had just browsed through the Compendium of Materia Medica. There were obviously many medicinal herbs that he had never heard of before!

“I know. Commander Qin, I really didn’t expect you to be so powerful and have outstanding ability to lead troops.”

Xiao Zhenwu was also very shocked. He had also learned about Qin Yuan’s ability and strength from Gong Jian, but now Qin Yuan could actually treat his illness. Even the most advanced medical skills in the world could not cure his illness. If Qin Yuan could treat him, it meant that Qin Yuan’s medical skills were already at the top of the world.

How old was Qin Yuan? How could there be such an outstanding person in this world?

“Company Commander Qin, I want to ask if you used Chinese medicine to treat me just now?”

Xiao Zhenwu asked curiously as he watched Qin Yuan remove the silver needles from his body. He knew that only traditional Chinese medicine would use acupuncture!

“Yes! Chinese medicine!”

Qin Yuan answered Xiao Zhenwu with certainty. After all, traditional Chinese medicine had become a local prescription in the eyes of many people.

In modern times, Chinese medicine had always been influenced by Western medicine. Moreover, after some Chinese medicine had been lost, Western medicine had occupied the mainstream of the world! Moreover, Chinese medicine was gradually declining!

The world only knew that Western medicine was good, but they did not know that Chinese medicine was the medical skill that could cure the root cause!

“I didn’t expect this! Our ancestor’s medical skills are the most powerful in the world!”

After receiving Qin Yuan’s affirmation, Xiao Zhenwu sighed in his heart! He did not expect Chinese medicine to be so powerful. If Qin Yuan had not answered him with certainty, he would not have believed that Chinese medicine was so powerful.

“Yes! How can a 5,000-year-old Chinese item be compared to a western item that is only a few hundred years old?”

“It’s just that in modern times, our country has been influenced by western culture, resulting in the gradual decline of Chinese medicine without any inheritance!”

As Qin Yuan spoke, he sighed in his heart. If it weren’t for the fact that there was this pharmacopeias in the system, perhaps even he wouldn’t have known that traditional Chinese medicine was such a powerful medical skill!

However, Qin Yuan was still not very familiar with traditional Chinese medicine. It could be said that Xiao Zhenwu was the first person he had practiced it!

“That’s right! Our own things are also super powerful!”

“I believe that one day, we will return to the top of the world!”

Xiao Zhenwu sighed.. The things in China were definitely worse than those in foreign countries! This was what Qin Yuan was doing now! If Qin Yuan could really cure him, it would indirectly prove that China’s medical skills were better than the West!

Chapter 194: The Price Is Too High! (Two Chapters Combined)

“I’ll stabilize your condition for the next two days. As for the cure, it might take some time!”

Qin Yuan told Xiao Zhenwu. Qin Yuan also had a treatment plan for Xiao Zhenwu’s illness. What he needed to do now was to stabilize Xiao Zhenwu’s condition first. In the following period of time, Qin Yuan would slowly find and use the rare Chinese medicine as a primer to completely remove the cancer cells!

“Thank you, Company Commander Qin! If it weren’t for you, I really wouldn’t have any hope!”

Xiao Zhenwu was extremely shocked that Qin Yuan could treat his illness! At first, when Qin Yuan said it, he did not dare to believe that there was a medical skill in this world that could treat him. However, after drinking the green liquid that Qin Yuan gave him yesterday.

He could clearly feel that his physique had improved greatly. Although there was still pain, he was already much better!

Xiao Zhenwu’s complexion was obviously much better. Compared to when Qin Yuan first saw him, it was as if he could see some vitality in Xiao Zhenwu’s expression now!

“You’re welcome! I’ll do my best to do what I can. Besides, we’re brothers!”

Qin Yuan knew that Xiao Zhenwu must be very excited now. After all, a person who was already in despair suddenly saw hope. How could he not be excited?

“Yes, we are brothers!”

For a moment, Xiao Zhenwu’s eyes were filled with determination. Although he did not have much contact with Qin Yuan, after two days of contact, he knew that Qin Yuan was a person who valued

relationships and loyalty. In fact, he knew that Qin Yuan would definitely pay a huge price to save him, because if a terminal illness could be cured, he knew very well how much it would cost.

The most important reason why Qin Yuan saved him was because of their commander, Kang Lei. He did not have much contact with Qin Yuan, but Qin Yuan still came here to save him. It was probably because of the Iron Fist Regiment, because of Kang Lei, and because he was a member of the Iron Fist Regiment!

“Company Commander Qin, when I recover, let’s get drunk together! Being able to meet you is also my greatest fortune!”

Xiao Zhenwu also looked at Qin Yuan and said. At this moment, he did not know how to express his gratitude to Qin Yuan!

“Sure!”

Qin Yuan replied with a smile. To Qin Yuan, he would definitely do whatever he could. Even if that person was not the fourth company commander, Xiao Zhenwu, he would still save him!

“Then have a good rest. I’ll come over to see you later!”

“Alright, Company Commander Qin!”

After saying that, Qin Yuan also left the ward, so he picked up the phone in his hand and called his father!

“Dad! Are you busy now?”

At this moment, Qin Hai was still busy with his work in the company. When he saw the phone number displayed, he immediately picked it up happily.

“You’re finally willing to call me!”

Qin Hai was very excited when he received Qin Yuan’s call. This was the first time Qin Yuan had called him. All these years, Qin Yuan had never taken the initiative to call him!

“I’ve been too busy recently, so I couldn’t call you and mom!”

Seeing Qin Hai’s reaction, Qin Yuan was also a little embarrassed. After all, he had never taken the initiative to call them. He only wanted to ask his father if he could find some Chinese medicine that could treat Xiao Zhenwu. After all, he could not leave the army at all!

“I’m fine! She’s fine too! I know you’re doing well in the army, so it’s normal for you to be busy.”

Qin Hai was already very happy to receive a call from Qin Yuan.

“Dad! How’s your company doing recently?”

Qin Yuan asked indifferently.

“It’s all good. Ever since we got your proposal, we’ve also started working with some companies very quickly. You don’t have to worry about us!”

Qin Hai laughed out loud. Ever since Qin Yuan had formulated this plan for them, they had quickly started working with many game companies. Now, the game was already in the testing stage and would be released to the market very soon.

“That’s good!”

As he spoke, Qin Yuan was silent for a few seconds.

Seeing Qin Yuan suddenly fall silent, Qin Hai asked curiously,

“Son, did you call me for something? As long as you say it, I’ll do my best to do it for you!”

“This…Dad, I just want to ask if you know any friends who make Chinese medicine!”

“My friend here is sick and needs some rare Chinese medicine, so I want to ask if you know any friends who can help me find these Chinese medicines!”

Qin Yuan told him his purpose. Now, he just hoped that his father would know him so that he would not have to look for him anymore.

“Chinese medicine?”

“Why did you suddenly use Chinese medicine?”

Seeing that Qin Yuan suddenly said that he was looking for Chinese medicine, Qin Hai was also a little curious. After all, most illnesses were treated with Western medicine now.

“It’s a comrade of mine. He needs some Chinese medicine for treatment, and they’re all very rare herbs. Dad, if you know anyone, please help me find some of these herbs!”

“You know, I don’t have much time now, but this is a particularly urgent matter, so I can only trouble you, Dad!”

Qin Yuan was also a little embarrassed.. He had never begged anyone, including his father!

Chapter 195: The Price Is Too High! (Two Chapters Combined)

However, the Battle Wolf plan was imminent, and he had to go and deal with the army, so he could only trouble his father.

“Alright! Your Uncle Huang is in the Chinese medicine industry, and he’s now considered the largest Chinese medicine medicinal ingredient seller in China!

I’ll give him a call and ask him later!”

“Oh right, son, tell me about the herbs you need!”

Qin Hai did not ask any more questions. As for what Qin Yuan wanted, he would think of a way to find it. Over the years, the one who had treated his son the most was his son, Qin Yuan.

“Good! The herbs I need now are a little rare. Dad, please remember them!”

“Good!”

As he spoke, Qin Yuan also entered the system and opened the Pharmacopeias.

“A hundred-year-old Tianshan Snow Lotus and a thousand-year-old wild ginseng! ”

“A 50-year-old Chinese caterpillar fungus and a five-split coptis root!”

“A hundred years old crocus...Magnolia bark... Huang Bai...Heavenly Drum... Fritillary...”

Qin Yuan continued to speak, but Qin Hai was no longer calm!

Even a person who did not know Chinese medicine knew how rare these herbs were.

Hundred-year-old Tianshan Snow Lotus? Thousand-year-old wild ginseng? He had never even heard of these herbs at his age, let alone found them.

“Son? What kind of illness did your comrade have? Even after so many years, I’ve never heard of such high-aged medicinal herbs!”

Qin Hai was stunned after hearing this. The rarity of these medicinal herbs that Qin Yuan wanted was unimaginable.

“I don’t know how to tell you this. Dad, please help me find it!”

Qin Yuan also knew the rarity of this medicinal ingredient, but no matter how high the price was, Qin Yuan would find a way to find all of it.

“Alright then! I’ll think of a way and ask your Uncle Huang later! As for whether he could find all of them, he could only do his best!”

Qin Hai had no choice. He also knew that the medicinal herbs that Qin Yuan mentioned were really too difficult to find. However, since Qin Yuan said that he wanted them, then he would think of a way to find them for Qin Yuan.

He had never seen a hundred-year-old Tianshan Snow Lotus before. He was only lucky enough to see a thousand-year-old wild ginseng and that was with Qin Yuan’s grandfather’s old friend!

“It’s been hard on you, Dad!”

Qin Yuan could only ask his father to help him find them first. If he could not find them all, he would have to go out by himself!

After all, he also knew that many primitive forests had been destroyed. It was even more difficult for these medicinal herbs to survive until now!

However, there was no other way. If he wanted to treat Xiao Zhenwu's illness, he had to find these medicinal reagents!

"Alright! I'll call you back later!"

"Good!"

After saying that, Qin Yuan hung up the phone and walked to the lounge!

Qin Yuan was also quite helpless. This medicinal book was indeed very good, but many of the medicinal herbs in it were indeed too rare. In this era, there were very few medicinal herbs that could have such a long age.

Just as Qin Yuan was complaining, the system's voice sounded.

"Host, the medicinal herbs page of the system store will have all the medicinal herbs needed for the entire Pharmacopeias. You don't have to worry at all!"

After hearing the system's words, Qin Yuan was shocked. He did not expect the system store to have the herbs needed for the entire Pharmacopeias!

Therefore, he immediately entered the system and opened the system store. He then clicked on the medicinal herbs page.

"Is this what you meant by not worrying?"

Looking at the gray page of medicinal herbs, Qin Yuan wanted to curse!

[Hundred Year Snow Lotus: 10,000,000 Skill Points!]

[Thousand-year-old wild ginseng, 8,000,000 Skill Points!]

Looking at the terrifying skill points required for these herbs, Qin Yuan was angry that he wanted to curse! A 100-year-old Tianshan Snow Lotus required 10,000,000 Skill Points to exchange for.

One had to know that Qin Yuan had trained soldiers for so long, and the highest skill points he could get were only over five million. Moreover, he tried his best to save up that much. Otherwise, he would not have so many .

points, not to mention that a 100-year-old Tianshan Snow Lotus cost 10 million skill points.

"Host, you have to know how difficult it is to treat cancer. It's not an exaggeration to say that even the medical technology in today's world does have a cure for cancer!"

"In addition to the excessive destruction of the natural environment by humans, these medicinal herbs are even rarer in the world! That's for sure! The system explained calmly.

After listening to the system's explanation, Qin Yuan could only helplessly look at the system store. He did not even have 5 million skill points, let alone 10 million!

Qin Yuan sighed helplessly. Now, he could only pin his hopes on his father, hoping that his father would bring him good news.

“You just had to treat the incurable cancer the moment you obtained the pharmacopeias huh!”

For a moment, the system began to complain about Qin Yuan. After all, it was cancer!

Qin Yuan ignored the system. He logged out of the system and walked straight to the lounge. It was not that he was unwilling to ask for 10 million to exchange for those herbs, but he had never seen 10 million skill points before.

“I can only see if Dad can gather all the herbs first. If not, I can only think of ways to earn more skill points!”

At this moment, Qin Yuan realized how much he needed skill points. He originally thought that he could use them for a while with 5 million, but who would have thought that he could not even afford to exchange them for a medicinal herb now!

After returning to the lounge, Qin Yuan also began to study Xiao Zhenwu’s physical condition. The most important thing now was to think of a way to stop the spread of cancer cells, and then slowly recuperate Xiao Zhenwu’s body!

Without those Chinese medicines as the drug primer, Qin Yuan would not be able to directly cure the cancer cells in Xiao Zhenwu’s body!

The next day, Qin Yuan continued to perform acupuncture on Xiao Zhenwu. Now, he had to send out all the necrotic cells in Xiao Zhenwu’s body!

Qin Yuan also exchanged 10 bottles of physique enhancement liquid from the system store and handed them to Xiao Zhenwu. Now, Xiao Zhenwu could only use this to improve his body, and he needed about one bottle a day!

Qin Yuan had just used the system to scan it carefully, but he found that the cancer cells in Xiao Zhenwu’s body were indeed very terrifying. The liquid could not fight against the cancer cells for a long time. A bottle of liquid could only last for a day!

Therefore, Qin Yuan was also very surprised. If he could not find all the herbs, then he would have to use the liquid to maintain Xiao Zhenwu’s condition every day!

Qin Yuan did not expect this to happen. The price was indeed too high. With the skill points Qin Yuan had now, he could only maintain it for half a year. “Company Commander Qin! Thank you so much!”

Seeing the thing Qin Yuan handed over, Xiao Zhenwu knew how precious it was. Even the most expensive medicine in western medicine could not achieve such an effect.

These two days, he clearly felt much better. The condition of his body was no longer the same as before!

Moreover, a warm current had been wandering in his body, warming his organs and tissues!

“You’re welcome. This is what I should do!”

Qin Yuan didn't look very sad. He didn't want Xiao Zhenwu to worry about this. Since he wanted to save him, Qin Yuan was willing to pay a huge price. Even if he had to spend all his skill points, Qin Yuan was willing.

If he could save Xiao Zhenwu, the Fourth Company and Kang Lei should be very happy!

“Alright! Commander Qin, I will treat you well. When the time comes, I will definitely get drunk with you!”

Xiao Zhenwu was also very happy that he had hope for the future again. Now, he had regained his confidence!

It was his greatest fortune to be alive!

Chapter 196: I Must Cure Him No Matter the Price! (Two Chapters Combined)

“Good! Your illness can only be treated slowly. The treatment time may be a little long, but don't worry, I will definitely cure you!”

Looking at Xiao Zhenwu's confident eyes, Qin Yuan was also very happy. However, the skill points he had saved during this period of time could only be used to exchange for the physique enhancement liquid for Xiao Zhenwu.

After Qin Yuan chatted with Xiao Zhenwu for a while, a hurried ringtone interrupted their conversation. Qin Yuan looked at the caller ID and left Xiao

Zhenwu's ward.

“Hello, Dad? How did it go?”

After leaving the ward, Qin Yuan immediately asked. Qin Yuan was also having a headache about these rare herbs. After all, these herbs were indeed too rare now. The system was right. Nowadays, humans were over-exploiting the natural resources, which had also caused the growth environment of these herbs to be seriously damaged. Many of the existing herbs were also collected by many people who knew their value.

Therefore, it would not be easy to find them. Even if you had money, it might not be useful.

“Uh... I've already asked your Uncle Huang. Even he hasn't encountered all the herbs you mentioned.”

Qin Hai was silent for a while before saying. He was also a little embarrassed. In the beginning, he had promised Qin Yuan confidently, but now, he had already asked many of his friends, and they all said that they had not seen these herbs before.

“Got it, Dad. You've done your best!”

Qin Yuan was understanding. If these herbs could still be found so easily now, the system would not need 10 million skill points to exchange for them. If he wanted to exchange all these herbs, he would need at least 20 million skill points.

“Your Uncle Huang said that some Chinese medicine families might still have some left. After all, it’s almost impossible to find these herbs now!”

Qin Hai said to Qin Yuan again. Although it was only a possibility, there was still a chance. However, if he wanted to exchange these medicinal herbs with these Chinese medicine families, the price would be very high!

“Chinese medicine family?”

After hearing Qin Hai’s words, a glimmer of hope was ignited in Qin Yuan. He knew that there were indeed many traditional Chinese medicine families. These families had gone through hundreds or even thousands of years of inheritance. It was really possible.

“Dad, do you know any Chinese medicine families? No matter what the price is, can you ask around?”

Qin Yuan asked excitedly. This was a more realistic choice for him at this stage. If he wanted to exchange it in the system, Qin Yuan could not take out 20 million skill points at all.

“There are Chinese medicine families! Xiaoxiao’s mother was from a Chinese medicine family, and her mother’s family do have some say in China!”

“It’s just that I don’t know if her family has any. Also, it’s possible that the price we have to pay to find these medicinal herbs will be very high!”

Qin Hai had just heard from his friend that even if one had the money, they might not be able to find those medicinal herbs. There was simply no supply for them!

“Auntie Xiaoxiao’s family?”

Hearing his father say that Xiaoxiao’s mother was from a Chinese medicine family, Qin Yuan was a little excited. They were family! If it was possible, it would be much easier to get the herbs.

“Dad! No matter how much money it is, we will take it as long as we can find

Qin Yuan continued to talk to Qin Hai. Qin Yuan did not care much about money. If he needed money, he could make a lot of money by making a few software from his previous life. However, he was really not interested in money. Ever since he came here, he had been in the army, so Qin Yuan did not put too much effort into making money!

However, if he needed money now, Qin Yuan was not worried about not being able to earn it.

“Alright then! As long as you say the word, I’ll do my best. In a while, I’ll get my secretary to look for the practice methods of these aristocratic families!” “By the way, you can ask Xiaoxiao for Auntie Miao’s phone number yourself!”

“You brat, even if the army is busy, don’t forget Xiaoxiao. I heard from your mother that you haven’t called her for a long time!”

“If you dare to treat her badly, we’ll teach you a lesson!”

Qin Yuan was still in a state of excitement when he heard Qin Hail s cursing on the phone. There had been too many things to do in the army recently, and he had been very busy, so he had not contacted Miao Xiaoxiao often.

After hearing what his father said, it seemed like he had not called Xiaoxiao for a month.

“Got it, Dad! I’ll take care of our matters!”

“That’s good. By the way, give your grandfather a call yourself! Your grandfather has more resources than me!”

Qin Hai said with a smile. The things that Qin Yuan wanted were indeed much more than what he had.

“Alright, Dad, that’s it for now! I’ll call you when I have time!”

Only then did Qin Yuan remember his grandfather. At first, he did not think so much. After his father’s reminder, he remembered that his grandfather was the old chief of the military region. Who else knew more about these herbs than his grandfather?

“Alright! When you have time, you should go back too. Your grandfather is getting old, so it’s best if you can go back!”

“Got it, Dad!”

After saying that, Qin Yuan hung up the phone and called his grandfather. After his father’s reminder, he had no choice but to ask his grandfather.. After all, he did not have any good ideas now!

Chapter 197: I Have to Cure Him No Matter the Price! (Two Chapters Combined)

Soon, Qin Yuan found his grandfather’s number and called him. “Brat, you only remembered your grandfather now?”

“You called home only after you’re gone for so long?”

As soon as the call was connected, Qin Yuan’s grandfather’s cursing came from the other end of the phone.

“Grandpa, I’m too busy...”

“You know my current situation!”

Qin Yuan knew that his grandfather must have known that the military commander wanted him to form Battle wolf, so Qin Yuan said with a smile.

“Alright, don’t use those things to brush me off. I know you, kid! If you have something you need, say it!”

Qin Yuan’s grandfather also knew that Qin Yuan usually called him for something. If there was nothing, he would not have received Qin Yuan’s call!

When Qin Yuan was young, he had received many calls from the school, so when Qin Yuan called, he knew that something must have happened again!

“Uh... Grandpa, I just want to ask if you know any friends from Chinese medicine families. I'm in need of some rare Chinese medicine!”

Qin Yuan did not expect his grandfather to be so direct, so he told him his purpose.

“What medicine!”

Old Master Qin knew that Qin Yuan would not call him for anything good. Anyway, he had done a lot of things to clean up Qin Yuan's mess over the years.

“It's like this. My comrade is sick now and needs some Chinese medicine as a drug primer! You should know that I'm preparing to leave the Iron Fist Regiment. I want to leave a surprise for Commander Kang!”

“Sick? Kang's regiment. Your comrade isn't Xiao Zhenwu, is it?”

Hearing Qin Yuan's words, Old Master Qin knew who the comrade Qin Yuan was talking about was!

“Grandpa, how did you know?”

Qin Yuan did not expect his grandfather to even know about Xiao Zhenwu. After all, his grandfather had abdicated for a long time. How did he even know about these things?

“I've seen that kid before. He's a very good kid, but the heavens are jealous of talents. He's now suffering from a terminal illness, and isn't it incurable?”

“What are you planning to do? And you're even using Chinese medicine?”

Old Master Qin was puzzled. Could it be that Qin Yuan wanted to save Xiao Zhenwu by giving Kang Lei a surprise? One had to know that that kid was the soldier that Kang Lei was most proud of.

“Grandpa, I'll explain this to you in the future. Just tell me if you know any families!”

For a moment, Qin Yuan did not know how to explain this to his grandfather.

Since his grandfather knew about Xiao Zhenwu, then he could not directly tell

“You damn brat! Alright, I don't want to ask about your matters. As for the Chinese medicine family you mentioned, I know some of them!”

Old Master Qin knew that Qin Yuan was definitely hiding something from him.

He knew that Qin Yuan would not tell him, so he could not be bothered to ask. As long as Qin Yuan did not go too far, he would take responsibility for Qin Yuan!

“Grandpa, thank you. As for what happened, I'll explain it to you later!”

Qin Yuan felt much better for a moment. If he could find these herbs from a few Chinese medicine families, then Xiao Zhenwu's illness would be treated.

“Speak! What kind of rare Chinese medicine do you want? You called me, so I think it must be something special!”

Old Master Qin was not afraid as he was an old man who had experienced ups and downs. When Qin Yuan called him, he knew that things would not be too simple.

“Grandpa, remember what I say!”

“A hundred-year-old Tianshan Snow Lotus and a thousand-year-old wild ginseng! ”

“A 50-year-old Chinese caterpillar fungus and a five-split coptis root!”

“A hundred years old crocus...Magnolia bark... Huang Bai...Heavenly Drum... Fritillary...”

Qin Yuan started talking to himself. After Old Master Qin heard the Chinese medicine herbs that Qin Yuan needed, his face stiffened. He did not expect Qin Yuan's herbs to be extremely rare herbs!

“You brat...Even I have never seen the herbs you want! What are you planning to do?”

For a moment, Old Master Qin cursed. All of Qin Yuan's herbs were almost a hundred years old. Even at his age, he had never seen these herbs!

“Grandpa, please help! I'll call you later!”

After saying that, Qin Yuan hung up the phone. Otherwise, what awaited him would be a wave of curses. He knew his grandfather the best. He had always been like this when he was young. As long as his grandfather was angry, he would definitely scold him.

Qin Yuan knew that his grandfather would definitely think of a way for him, so he smiled and returned to Xiao Zhenwu's ward.

Qin Yuan also exchanged a month's worth of Physique enhancement liquid for Xiao Zhenwu from the system store. After all, it would take a certain amount of time to find these herbs!

“Fourth Company Commander, I'll be going back later. I really can't leave the army! ”

“Here are some Chinese medicines that I made. Take them once a day from now on. I'll come back in a month to help you recuperate!”

As Qin Yuan spoke, he handed the bottles of liquid to Xiao Zhenwu. Next, he had to bring the logistics company to report to the military region. Before that, he had to return to the recruit company.

“Sure! Company Commander Qin, it's been hard on you. Go ahead and do your work!”

“I know that my illness can’t be cured in a day or two. I’m already very happy that you can treat me. I really can’t repay the price of treating this illness!”

Xiao Zhenwu was very grateful to Qin Yuan. He also knew that even if Qin Yuan could cure him, the price would be very high. He was just a child of a rural family. The cost of treatment over the years had always been paid by the country.

Although he was a company commander now, he could not afford the price Qin Yuan had to pay for his treatment.

“Alright, don’t worry about the treatment cost! We’re family, so there’s no need to be so polite!”

Qin Yuan also knew what Xiao Zhenwu was worried about. Although the price for treating Xiao Zhenwu was very high, Qin Yuan was very happy to do it because he could exchange a life for it! Moreover, Xiao Zhenwu was an

outstanding soldier!

“Okay!”

For a moment, Xiao Zhenwu was at a loss for words. His eyes turned red as he looked at Qin Yuan. He did not know what to say. He only knew that Qin Yuan was a good person. If he could get better, he would repay Qin Yuan in the future.

“Then I’ll leave first! I’ll come and see you later!”

“Alright, take care, Company Commander Qin!”

After saying that, Qin Yuan left. It was his own decision to treat Xiao Zhenwu’s illness! He was willing to pay any price!

Soon, Qin Yuan returned to the recruit company camp!

As soon as he returned, he bumped into his childhood friend, Fatty Zhang, who was walking out hurriedly.

After Fatty Zhang came to the recruit company, Qin Yuan did not treat him specially. He treated Fatty Zhang as he had toward the soldiers to. Qin Yuan did not say too much to Fatty Zhang. He had to rely on himself.

“Where are you going?”

Seeing Fatty Zhang hurriedly walking out, Qin Yuan asked curiously.

“Old... Boss?”

“No, why did the commander come back?”

Fatty Zhang was also a little surprised to see Qin Yuan return.

“I’m done dealing with some matters.”

“Where are you going in such a hurry?”

Seeing Fatty Zhang’s face, Qin Yuan knew that something must have happened.

“I have to go home. I’ll be back in two days, Commander!” Hearing Qin Yuan’s question, Fatty Zhang explained..

Chapter 198: Are You Divine Doctor Hua’s Disciple? (Two Chapters Combined)

“Go home? The instructor agreed?”

Qin Yuan also asked curiously. After all, after the recruits arrived in the army, they would not easily allow the soldiers to go home.

“He agreed. My dad personally called the regiment commander. My mom was in a car accident and is currently in the emergency room. My dad said that she might not make it now and asked me to go back immediately!”

As he spoke, Fatty Zhang’s eyes turned red. He did not intend to hide this from Qin Yuan.

“Auntie got into a car accident? When did this happen?”

Qin Yuan was a little stunned when he heard this news. Auntie Zhang was a good person. In the past, Qin Yuan had often freeloaded at Fatty Zhang’s house. Auntie Zhang treated him very well.

“This morning, my mom went out to buy groceries. When she came back, she was hit by a car. My dad went over immediately. The doctor said that she might not make it!”

As he spoke, Fatty Zhang cried. A matter like this would be a huge blow to anyone.

“Let’s go! I’ll go with you!”

Qin Yuan knew that the situation was urgent and could not be delayed any longer. He had to rush over as soon as possible. Perhaps she could still be treated now. If he was too late, even if he had the system and the pharmacopeias, there was nothing he could do.

“Boss! ”

For a moment, Fatty Zhang seemed to have broke down and started crying loudly.

“Don’t cry. If you go too late, there might really be no hope!”

Seeing Fatty Zhang cry, Qin Yuan shouted loudly. Time was really tight now. Qin Yuan knew that if she was still breathing, Qin Yuan could save her. What he was most afraid of was that she would be gone by the time he arrived! Just as the two of them were talking, Gong Jian hurriedly ran over.

“Zhang Dajun...Why aren’t you listening to me?”

After Gong Jian stopped and said to Fatty Zhang. When he saw that Qin Yuan was also there, Gong Jian was a little surprised.

“Company Commander Qin, why are you here?”

“Instructor Gong, do we have a helicopter?”

Qin Yuan did not have the time to answer Gong Jian’s question. Qin Yuan knew that Fatty Zhang’s mind was definitely blank now. He would not be able to respond to anything you said to him.

“Yes! I just told the regiment commander to let him take the helicopter back, but this kid ran out before I could finish speaking!”

Gong Jian panted and explained. Just as he finished talking to Fatty Zhang, Fatty Zhang ran out in a hurry. He didn’t give him a chance to speak at all, so he chased after him.

“That’s good. Fatty Zhang and I will go now! We’ll talk about the rest when I’m back!”

“Alright, Company Commander Qin!”

With that, Qin Yuan pulled Fatty Zhang, who was in a daze, and ran towards the helicopter!

On the helicopter, Fatty Zhang was still trembling as he prayed. Qin Yuan knew that Fatty Zhang was in a very anxious mood, so Qin Yuan did not say anything!

An hour later, the helicopter stopped at the airport on the roof of the First People’s Hospital in N City. As soon as they got off the helicopter, Qin Yuan immediately pulled Fatty Zhang and ran to the emergency room!

It was Gong Jian who told them which hospital they were in. Fatty Zhang had been in a trance since then.

Soon, Qin Yuan brought Fatty Zhang to the emergency room.

He saw a middle-aged soldier in military uniform standing outside the operating theater. This person was Fatty Zhang’s father, Zhang Erhe. “Uncle, how’s auntie’s condition now?”

As soon as Qin Yuan arrived, he walked forward to ask about Auntie Zhang’s situation.

“Dad! Where’s Mom? Where’s Mom?”

Fatty Zhang burst into tears and grabbed Zhang Erhe as he asked nervously. “Your mother is still in the emergency room. It’s inappropriate to cry.”

Seeing Fatty Zhang like this, Zhang Erhe also roared angrily. Seeing his son crying when the worst hasn’t happened, Zhang Erhe was a little angry! Why didn’t his son inherit his calm personality?

After saying that, Zhang Erhe looked at Qin Yuan with some praise in his eyes. “Qin Yuan, why are you here? Shouldn’t you be very busy in the army?”

For a moment, Zhang Erhe’s attitude was much better. He knew about Qin Yuan’s actual situation in the army. Although they were not in the same military region, he still knew some of Qin Yuan’s deeds. Moreover, Qin Yuan’s deeds had spread among the officers and generals.

“Uncle, I found out about auntie when I returned to the recruit company, so I rushed over!”

Qin Yuan was also a little worried. He did not expect such a thing to happen!

“Your auntie has been in there for three hours now. During this period, the doctor came out and said that her condition situation is very critical.”

“So, I called this kid back. I was afraid that I wouldn’t even be able to see her for the last time!”

As he spoke, Zhang Erhe’s face tensed up. Under his raised eyebrows, a cold glint shot out from his deep eyes. His slightly dry mouth kept moving, and his lower lip was deeply bitten, leaving a bite mark.

“Uncle, don’t worry. Auntie will be fine!”

As Qin Yuan spoke, he also saw that Zhang Erhe’s eyes seemed to be filled with anger.

“Uncle, have you caught the culprit?”

Qin Yuan knew that Zhang Erhe’s anger must have something to do with the culprit. Otherwise, with Zhang Erhe’s calm personality, he would not show his emotions on his face..

Chapter 199: Are You Divine Doctor Hua’s Disciple? (Two Chapters Combined)

“He’s already been arrested. I rushed back as soon as I received the news, but that kid is a scumbag. If it wasn’t for that kid crushing her a second time, your aunt wouldn’t be in such a serious condition!”

As Zhang Erhe spoke, his face gradually revealed a fierce look. This was the first time Qin Yuan had seen Zhang Erhe reveal such an expression. In Qin Yuan’s impression, Fatty Zhang’s father had a good temper, but he treated Fatty Zhang differently.

“Is patient 287’s family here?”

“Where are Liu Yumei’s family members?”

The doors of the operating theater were opened, and the nurse walked out and shouted loudly.

“Yes!”

Zhang Erhe hurriedly walked forward.

“The patient is suffering from severe internal bleeding. The blood supply is critically low. Are your family members here? Come with me now for a blood transfusion!”

The nurse said hurriedly. Fatty Zhang, who was squatting at the side, rushed over and grabbed the nurse’s hand. He asked nervously,

“How is my mother?”

Fatty Zhang grabbed the nurse tightly with both hands. Seeing that the nurse’s hands were twitching, it was obvious that Fatty Zhang had used a lot of strength.

“Don’t worry. Who are you to her?”

The nurse quickly asked and pulled her hand back.

“I’m her son!”

“That’s good. Hurry up and follow me. The patient needs a lot of blood!”

After saying that, the nurse hurriedly brought Fatty Zhang to the blood drawing room.

“Qin Yuan, wait here for a while. I’ll go over too!”

“Good!”

Zhang Erhe turned his head and said to Qin Yuan, then hurriedly followed.

After Zhang Erhe left, Qin Yuan turned on the radar system and scanned the operating theater.

“Not good!”

For a moment, Qin Yuan became nervous. After the system’s scan, Qin Yuan found that Fatty Zhang’s mother’s vitality was rapidly fading away.

As he spoke, Qin Yuan barged into the operating theater. Once he entered, he saw that the chief surgeons had also stopped the knives in their hands and stood quietly at the side. Qin Yuan did not have time to explain too much. He pushed the chief surgeon away, took out silver needles from his pocket, and pierced them into Liu Yumei’s acupuncture points.

Seeing Qin Yuan suddenly barge in, the doctors and nurses in the operating theater were also shocked. Everyone was stunned for a moment!

“Who are you? Don’t you know that it’s illegal to barge into the operating theater without permission?”

Seeing Qin Yuan barge in, a head nurse shouted. This was the first time they had encountered such a thing.

Qin Yuan did not say anything at all. He watched as the heart rate machine beeped. Qin Yuan pierced a silver needle directly into Liu Yumei’s heart, then he pierced many acupuncture points with silver needles.

Seeing that Qin Yuan was ignoring her, the head nurse was about to walk up to stop Qin Yuan.

“Wait?”

When the chief surgeon saw what Qin Yuan was doing, he immediately stopped the head nurse.

Qin Yuan did not reply at all. He had been controlling Liu Yumei’s dying vitality. Now, Liu Yumei’s heart had stopped beating, and Qin Yuan’s forehead was covered in cold sweat.

“Elder Liao? He’s breaking the law!”

Seeing that the chief surgeon had stopped her, the head nurse asked curiously.

“Don’t talk. Give me the towel!”

The chief surgeon immediately instructed. He was also a little touched by what Qin Yuan was doing. As a medical expert, he knew that Qin Yuan was using acupuncture from traditional Chinese medicine. Moreover, his technique was very skilled. He could even vaguely see something.

The nurse was helpless. She could only obey the chief surgeon's words, so she took the towel and handed it over.

Other than the chief surgeon, no one else in the operating theater knew what Qin Yuan was doing!

The chief surgeon took the towel and walked to Qin Yuan's side. He wiped the cold sweat off Qin Yuan's forehead. He did not disturb Qin Yuan from performing the acupuncture. Instead, he quietly watched Qin Yuan's every move.

Qin Yuan did not say anything either. He had to concentrate on using the Taiyi Divine Acupuncture Technique to awaken Liu Yumei's vitality.

Qin Yuan was also very gratified by the chief surgeon's actions.

Soon, after Qin Yuan used all the silver needles, the heart rate machine rang.

Seeing that the heart rate machine that was originally beating in a straight line started to fluctuate up and down again, Qin Yuan slowly heaved a sigh of relief. He took out a bottle of physique enhancement liquid from his pocket and gave it to Liu Yumei.

When they saw this scene, everyone in the operating theater was shocked. They widened their eyes in disbelief!

Even the chief surgeon had said that there was no other way, and the patient's heart had already stopped beating. However, Qin Yuan barged in and injected a few needles into the patient, and the patient miraculously came back to life?

For a moment, the entire operating theater fell silent. They could not believe what was happening in front of them.

The one who was most surprised was the chief surgeon. He seemed to have a clue about Qin Yuan's acupuncture technique!

"Young man? Are you a Chinese doctor?"

The chief surgeon looked at Qin Yuan in surprise and asked.

"Yes, I am! The patient was suffering from severe internal bleeding. Some of the ribs in her chest had been shattered, and the bones in her legs had been broken!"

"I've already used silver needles to stop the patient's bleeding and stimulate her heartbeat. Now, please operate on the patient with me!"

Qin Yuan was very respectful to the chief surgeon in front of him. From the chief surgeon's actions just now, Qin Yuan knew that the chief surgeon in front of him was a real doctor.

"Good!"

The chief surgeon did not say anything, so he picked up the scalpel and walked over! He knew that the patient had been saved, but the situation was critical. They did not have much time to waste.

The head nurse quickly took out the surgical gown and handed it to Qin Yuan. She also handed him a scalpel!

Therefore, Qin Yuan and the chief surgeon immediately carried out the operation on Liu Yumei. Liu Yumei's internal condition was too tragic. Many of the bone fragments had pierced some of her organs.

Although Qin Yuan had inherited traditional Chinese medicine, he still knew about surgery. In fact, ancient traditional Chinese medicine had long had its own surgical skills, but they had been buried in the long river of history.

Half an hour later, the entire surgery was completed. The surgery went smoothly! They had also cleaned up the shattered bones and connected them with steel plates!

For a moment, everyone in the operating theater heaved a sigh of relief. They did not expect that they would witness a miracle here today!

A person whose heart had stopped beating was actually saved by them.

Although they were not the ones who saved him, they were still very happy!

They had never seen him before since they started working as doctors. Moreover, they could not see Qin Yuan's series of actions at all. Even when he was operating on the patient at the end, Qin Yuan's technique was obviously more skillful than the chief surgeon's!

The chief surgeon was the most authoritative expert in their hospital, but Qin

Yuan's technique looked very strange, but it was obviously better than the chief surgeon's. Just now, some of the broken bones had already pierced deeply into the lungs. Even the chief surgeon did not dare to touch them, but Qin Yuan actually did not have any scruples and skillfully took out the broken bones.

"The patient's surgery was very successful. The next step is for the patient to recover on her own!"

After the surgery was completed, Qin Yuan heaved a sigh of relief and said softly to everyone.

"Young man, aren't you Divine Doctor Hua's disciple?"

Looking at Qin Yuan's young age and his skilled Chinese medicine skills and acupuncture techniques, the only thing that the chief surgeon could think of was Hua Zhongnan, the current Chinese medicine big shot!

"Divine Doctor Hua?"

Qin Yuan was a little curious when the chief surgeon mentioned that name. He did not know any Divine Doctor Hua, but just by hearing the name, he knew that he should be a very powerful Chinese medicine practitioner. After all, not everyone could afford the name Divine Doctor..

Chapter 200: I'm a Soldier! (Two Chapters Combined)

Seeing Qin Yuan's puzzled expression, the chief surgeon was also puzzled. Qin Yuan did not seem to know Divine Doctor Hua!

"Yes! The divine doctor, Hua Zhongnan!"

The chief surgeon said again. After all, if Qin Yuan was not Hua Zhongnan's disciple, he really could not think of anyone in the field of traditional Chinese medicine who could train someone like Qin Yuan. One had to know that the acupuncture technique Qin Yuan had just performed was very similar to Hua Zhongnan's!

Moreover, Qin Yuan's acupuncture technique was Hua Zhongnan's best medical technique. Other traditional Chinese medicine doctors did not seem to have Hua Zhongnan's amazing acupuncture technique. Qin Yuan's technique was very similar to Hua Zhongnan's, so he guessed that Qin Yuan should be Hua Zhongnan's disciple.

"I don't know him!"

Qin Yuan replied indifferently. After all, his medical skills came from the system, and his acupuncture skills were also matched by the system.

"You don't know him? Then which family of Chinese medicine are you from?"

Seeing that Qin Yuan did not know Hua Zhongnan at all, the chief surgeon was also a little stunned. If Qin Yuan was not Hua Zhongnan's disciple, then he was most likely someone from a reclusive ancient Chinese medicine family.

"Not really!"

Qin Yuan also continued to shake his head. He looked at the puzzled chief surgeon and replied.

"I am a soldier!"

As he spoke, Qin Yuan also took off his surgical gown, so the epaulets on Qin Yuan's body expressed what Qin Yuan said very well.

"Soldier?"

The chief surgeon looked at Qin Yuan's epaulet and realized that Qin Yuan was right. Moreover, Qin Yuan was a commander! He had been paying attention to Qin Yuan's skills and did not notice Qin Yuan's clothes.

"Yes! I am a soldier!"

Qin Yuan nodded with certainty. As for whether the chief surgeon was talking about Hua Zhongnan or an ancient Chinese medicine family, Qin Yuan did not know them at all.

"Alright then! I thought you were from one of those aristocratic families. By the way, what's your name?"

The chief surgeon did not expect Qin Yuan to be a soldier. Moreover, Qin Yuan's acupuncture technique was too powerful. He also knew Hua Zhongnan and had seen Hua Zhongnan perform acupuncture a few times. If he had to say the best Chinese medicine doctor he had ever seen, it would definitely be Hua Zhongnan.

However, Qin Yuan also said that he was not a disciple of Zhongnan, nor was he a member of an ancient traditional Chinese medicine family. Therefore, the chief surgeon asked for Qin Yuan's name curiously. After all, some descendants of ancient traditional Chinese medicine families were not allowed to tell the outside world about their family.

"My name is Qin Yuan!"

Qin Yuan did not hide anything from the chief surgeon. Qin Yuan was still very respectful to this chief surgeon. After all, when Qin Yuan came in, he did not stop Qin Yuan from saving her and even wiped his sweat!

Therefore, Qin Yuan also had a good impression of the chief surgeon!

"Qin Yuan? The Qin family?"

For a moment, the chief surgeon fell into deep thought. This was because in his memory, there was no family with the surname Qin among the ancient Chinese medicine families that had been passed down in China.

"Stop guessing. I'm really not from an ancient Chinese medicine family. I'm from a military family!"

Qin Yuan said it directly. He knew that the chief surgeon must still think that he was the son of an ancient Chinese medicine family!

"Good! Qin Yuan, not a bad name! It's a good name!"

"Let's go out and talk. Don't let the patient's family wait anxiously!"

As he spoke, the chief surgeon whispered to Qin Yuan. He could tell from Qin Yuan's eyes that Qin Yuan was not lying.

"Alright!"

As he spoke, Qin Yuan followed the chief surgeon out. When the door of the operating theater opened, Zhang Erhe hurriedly rushed up!

"Doctor, how is my wife?"

Zhang Erhe grabbed the chief surgeon's hand and asked.

"She's fine. The surgery was very successful. The patient should wake up after a while!"

The chief surgeon smiled and replied when he saw the worried look on Zhang Erhe's face. He was also very happy that the patient had been saved. Moreover, it was under the condition that the patient's heart had already stopped beating. This was also the first time he had done this since he started practicing medicine!

"Uncle, auntie is fine now. It's just that she needs a long time to recover!"

Looking at Zhang Erhe, who heaved a sigh of relief, Qin Yuan said softly.

“Qin Yuan? How did you...”

Hearing Qin Yuan’s words, Zhang Erhe realized that Qin Yuan seemed to have come out with the doctors. For a moment, Zhang Erhe’s eyes widened.

He was in a hurry to get her blood drawn. When he came back, he found that Qin Yuan was gone. However, he did not expect Qin Yuan to walk out with the doctors and nurses.

“Why did you go in?”

Zhang Erhe also looked at Qin Yuan in surprise and asked.

“You have to thank this young brother. If not for him, the patient might not have made it!”

The chief surgeon said with a smile. Looking at Zhang Erhe’s epaulet, the chief surgeon knew that the middle-aged man in front of him was a soldier, and he was even a commander-level officer. In addition, Qin Yuan had just called him uncle, so the chief surgeon was very certain that Qin Yuan was from a military family.

“Thank you? What’s going on, Qin Yuan?”

When he heard the chief surgeon’s words, Zhang Erhe was also puzzled!

“Just now, the patient had severe internal bleeding. Even if we tried our best to stop the bleeding, it was useless. Moreover, the patient’s heartbeat had already stopped at the end.”

“Just as we were about to give up, this brother barged in and started treating the patient.. Moreover, the patient miraculously came back to life!”
