

Special Troop 21

Chapter 21: How Many People Are Coming From the Other Side?

At this moment!

The rest of the soldiers of the 9th company shouted out loud when they saw their comrades being beaten up.

In an instant, a few soldiers of the 9th company surrounded him.

“Brothers of the 9th company, someone is here to cause trouble!”

The soldiers of the 9th company kept shouting.

In less than two minutes, Zheng Xiaohu’s group was surrounded by more than 40 people.

There were still people swarming over from all around.

“Platoon leader, what should we do?” A soldier of the 2nd platoon asked.

Zheng Xiaohu looked at the soldiers surrounding them and quickly said to the soldiers of the 2nd platoon,

“Fight, even if I have to go all out today, I will fight.”

“Exactly! What’s there to be afraid of? At most, I’ll just lie here.” Geng Hu continued.

“F*ck them, let’s go all out. I don’t believe these people’s fists are harder than the company commander’s.”

“I’ve already taken the captain’s punch, why would I be afraid of them?” A soldier of the 2nd platoon continued.

“2nd platoon, are you guys afraid?”

“I’m not afraid!”

“Then let’s do it...”

After saying that, Zheng Xiaohu rushed forward and kicked the soldier who had just called out.

At this time, the soldiers of the 9th company saw that Zheng Xiaohu’s group only had about 10 people and still dared to make a move, so they also rushed up.

“9th company, take them down.”

The voices of the 9th company’s soldiers could be heard from the crowd.

As soon as he finished speaking, Geng Hu sent two soldiers flying and punched the man who had just spoken.

The field was already in chaos, and the soldiers of the 2nd platoon of the logistics company were also engaged in a heated battle.

Other than Geng Hu and Zheng Xiaohu, who were looking for the stronger members of the 9th company among the crowd, there was no one else.

The rest of the soldiers in the 2nd platoon stood back to back and helped each other.

Qin Yuan had taught them to coordinate in a small team and they used the fighting techniques they learnt to the fullest.

At this moment, more than 20 of the 9th company's soldiers had already been beaten to the ground.

The soldiers of the 2nd platoon also have varying degrees of color on their faces.

"F*ck! Why are these guys from the logistics company so fierce?"

"Are you sure they're from the logistics company?"

The people of the 9th company kept asking questions.

In their impression, the logistics company was made up of a bunch of weak and useless soldiers!

When did they become so strong?

At this moment, the soldiers of the 9th company were constantly being beaten to the ground.

Even the soldiers who were at the back kept coming forward.

There were almost 80 soldiers of the 9th company on the field, including those lying on the ground.

A dark crowd of people surrounded the soldiers of the 2nd platoon of the logistics company.

"Jiang Jun..."

At this moment, a soldier from the logistics company was beaten to the ground by a few soldiers of the 9th company.

"F*ck! I'll fight you to the death."

Seeing their teammate being knocked down, the soldiers from the 2nd platoon also rushed toward Jiang Jun's side.

At this moment, the situation was already out of control. Everyone's heart was filled with anger.

Whether it was the 9th company or the logistics company, they were all extremely angry and only knew that they had to do everything they could to defeat the other party.

In the office of the 9th company's commander.

The commander of the 9th company, Nie Rongkun, was reviewing military affairs.

"Bang..."

The door of the office was knocked open by the correspondent.

"Commander, things are bad!"

"What's going on? What's with all this recklessness?" The commander of the 9th company snarled.

"Fi... Fi... They're fighting." The correspondent said while panting.

"What fight?"

"The 1st and 2nd platoon leaders are fighting."

"The 1st and 2nd platoons are fighting?"

The commander of 9th company frowned and said angrily after listening.

"No, it's the 1st and 2nd platoon commanders who are fighting with the people from the logistics company."

The commander of 9th company looked at the panting correspondent and continued, "You better explain it clearly!"

The correspondent took a deep breath and said, "Today, the logistics company of the regimental headquarters came to deliver supplies. I don't know what happened, but the 2nd platoon leader started fighting with them."

"It's just the logistics company. After the fight, I will just persuade them to leave. Do you have to tell me such a small matter?"

The commander of 9th company looked at the reckless correspondent and couldn't help but say angrily.

"No, the 2nd platoon leader has been knocked unconscious by them."

"It's a mess now. There's no way to stop them."

"What?" The commander of the 9th company jumped up in surprise.

"The 2nd platoon leader was knocked out by the logistics company? How is this possible?"

"Commander! You'd better go and take a look."

The commander of the 9th company quickly picked up his clothes and walked out.

"How many people do they have?" The commander of the 9th company asked quickly.

"13?"

"What about us?"

"The 1st and 2nd platoons are all there!" The correspondent quickly said.

"Let's go. If we cripple the people of the logistics company, we'll be in big trouble."

After saying that, the commander of the 9th company hurriedly ran to the scene of the incident.

At this time, the commander of the 9th company did not know that more than 50 of his 80 soldiers had already been knocked down.

The 9th company was a full-force company.

There were 40 people in a platoon, unlike the logistics company, which only had about 10 people in a platoon.

At that moment, Geng Hu was supporting Zheng Xiaohu on the field as they looked at the soldiers of the 9th company who were about to surround and attack them again.

Seven of the other soldiers in the logistics company had also fallen.

There were only four soldiers left, standing back to back.

Blood kept flowing from his head, and some of his fingers were almost dislocated.

But they still didn't dare to fall.

Because once they fell, the rest of their teammates would find it difficult to hold on.

The soldiers of the 9th company did not dare to make any more moves when they saw these people.

Their two platoon leaders and Deputy platoon leaders were all lying on the ground, and the remaining 20 or so people were also frightened by Geng Hu.

Geng Hu had basically knocked out every person with just one punch since the beginning of the fight.

Under Qin Yuan's training during this period of time, both his explosive power and endurance had been greatly improved.

At this moment, the commander of 9th company had also arrived at the scene.

They were all stunned by the scene in front of them.

The ones lying on the ground were basically soldiers of the 9th company.

"What's going on?"

The commander of the 9th company asked quickly.

However, he was shocked. There were at least 50 people on the ground who were from the 9th company.

At this moment, hearing the voice behind them, everyone turned their heads.

"Company commander..."

"Company commander..."

...

The soldiers of the 9th company quickly called out.

At that moment, a soldier of the 9th company quickly said, "Reporting to the company commander, it was the logistics company who beat up Deputy platoon commander Liu Ming. Then, they started fighting."

"It was you guys who started insulting us first," one of the remaining soldiers from the logistics company said defiantly.

At this moment, the commander of the 9th company looked at the people in front of him and was surprised.

“With just a few people, you managed to take out two platoons of mine?”

“And these are soldiers from the logistics company. It’s impossible.” The commander of 9th company exclaimed in his heart.

At this moment, the 9th company’s commander looked at Zheng Xiaohu. From his rank, he could tell that he was the head of the logistics company’s soldiers.

“Good day, company commander...” Zheng Xiaohu saluted.

“Mm...”

The 9th company’s commander looked at Geng Hu. At this moment, he recalled that this was the thorny soldier from the headquarters last time.

Chapter 22: What Explanation Do You Want?

“I’ve seen you before!” The commander of the 9th company said to Geng Hu.

“You were the soldier in the regimental commander’s office, right?”

“So what if I am!” Geng Hu also said disdainfully.

The commander of the 9th company looked at Geng Hu, who was full of disdain, and continued, “I didn’t expect that after you’ve caused trouble at the 2nd Battalion, you’ve come to cause trouble at our 9th company?”

“It seems that commander Qin still doesn’t know how to teach you to respect your officer!”

“Mediocre soldiers are mediocre soldiers, they’re the same no matter where they go.”

After saying that, the commander of the 9th company glared at Geng Hu.

“What are you saying?”

Geng Hu clenched his fist and threw a punch at the eyes of the 9th company’s commander.

He might be able to tolerate it if they scolded him, but he would not allow anyone to scold Qin Yuan!

The commander of the 9th company had not expected that Geng Hu would dare to make a move on him.

Just like that, he took the punch.

At this moment, Geng Hu could not help but say, “Our company commander only taught us to fight if we don’t agree! Especially those who look down on others.”

“F*ck! Beat them up!”

“Don’t let me see them get up again.” The commander of the 9th company said angrily.

At this moment, more than 20 soldiers of the 9th company on the field swarmed up again.

Seeing their company commander being beaten up, they were also extremely angry.

The battle instantly turned into a mess.

At this moment, the 3rd platoon of 9th company, who had just finished their cross-country training, had just returned to the camp.

They could only see a group fight on the field.

They knew some of the soldiers were from the 9th company, but they didn’t even know where the others were from.

The 3rd platoon commander of 9th company also saw his own company commander standing there with his hands over his eyes.

He quickly ran forward.

“Commander, what happened?” The 3rd platoon leader quickly asked.

“Call up the 3rd platoon and beat those kids down.” The commander of the 9th company quickly ordered.

At this moment, the 3rd platoon commander heard the company commander’s order.

He quickly ordered the soldiers of the 3rd platoon to rush towards Geng Hu and the rest.

At this moment, there were suddenly 40 more people on the field, and Zheng Xiaohu’s group could no longer hold on.

The previous battle had already exhausted their strength.

It was only their strong belief that kept them going.

“Platoon leader!”

At this moment, Zheng Xiaohu was instantly knocked to the ground by a dozen people.

Geng Hu wanted to rush over to Zheng Xiaohu, but the soldiers of the 9th company all rushed over to him.

The soldiers of the 2nd platoon of the logistics company were knocked to the ground one after another.

Geng Hu was the only one left on the field.

Just as Zheng Xiaohu was about to faint...

A weak voice kept coming out of his mouth, “Logistics company! Kill, kill, kill.”

Zheng Xiaohu passed out after he finished speaking.

Geng Hu was exhausted.

As he looked at Zheng Xiaohu, who was not far away, the platoon leader's words kept echoing in his mind.

"Logistics company! Kill, kill, kill!"

"Kill..."

Geng Hu instantly used his last bit of strength and knocked the few people in front of him to the ground.

However, he was kicked to the ground by the 3rd platoon leader of the 9th company behind him.

After a while, he closed his eyes and fainted.

At this moment, the arena was filled with people lying on the ground.

The 13 people in the 2nd platoon of the logistics company were all stunned.

And now, there were only about 30 people in the 9th company who could stand normally.

The 3rd platoon commander of 9th company looked at the situation on the field and couldn't help but exclaim, "Is this still the logistics company from before?"

13 people. They're almost tearing down the 9th company.

"This is too ridiculous."

The 3rd platoon commander of 9th company couldn't suppress his shock at this moment.

This was too shocking for him.

However, the other soldiers of the 9th company were the same.

"That's only 13 people!"

"He knocked out more than 80 people."

"This group of people is too abnormal."

The 3rd platoon leader asked the other soldiers to check on everyone's injuries and sent some of them to the infirmary.

"Company commander, what should we do with them?"

The 3rd platoon commander walked to the 9th company's commander's side and said to Zheng Xiaohu and the others who were on the ground.

"Carry them to the confinement room. They are not allowed to be released without my order!"

"Oh right! Let the health workers check their injuries!"

"They are comrades, not enemies. We can fight, but we can't hold a grudge."

“Inform the logistics company to come and pick up the people. They actually dared to come here and cause trouble.” The commander of the 9th company ordered.

“Yes!”

“A bunch of useless things, you’ve all lost face.”

After saying that, the commander of 9th company also stormed to the infirmary.

At this moment! Qin Yuan was practicing his combat skills when he saw the communications Officer from the logistics company running over in a hurry.

“Commander! Something happened.”

“What’s wrong?” Qin Yuan asked.

“When the 2nd platoon was delivering supplies to the 9th company, they got into a conflict with the 9th company and started fighting.”

“Right now, they’ve just informed us to go and get them.” The correspondent said nervously.

“Did he say the reason?”

“No, he just said that they all fainted.”

At this moment, Qin Yuan’s brows furrowed and his eyes were filled with anger.

“Follow me...”

After saying that, Qin Yuan put on his clothes and walked out.

At this moment, the soldiers of the logistics company who had gone to the other companies had also returned.

As soon as Zhou Qing got out of the car, he bumped into Qin Yuan.

Looking at Qin Yuan, Zhou Qing also felt that something was amiss.

“What’s going on?” he quickly asked.

“When the 2nd platoon was delivering supplies to the 9th company, they had a conflict with the 9th company.”

The entire platoon is lying there now. Let’s go and get them. Qin Yuan replied.

“2nd platoon? Didn’t Xiaohu and Geng Hu go? How could this be?”

“We’re not sure yet. Call everyone to bring our brothers back.” Qin Yuan said.

“Yes! I’ll go now.”

As soon as Zhou Qing finished speaking, he blew the whistle.

“Emergency assembly!”

“Hurry up!”

At this moment, the soldiers of the logistics company had already gathered.

Qin Yuan walked over and continued, ”

“Brothers! I’m going to tell you something!”

“The brothers of the 2nd platoon had a conflict with the 9th company when they were delivering supplies to them.”

“Now that they’re all lying in the 9th company, what should we do?”

“Go and bring them back!”

The soldiers of the logistics company immediately became serious and shouted loudly when they heard the news.

“Alright!”

“Everyone, listen to my orders! The target is the 9th company. Let’s go!”

“Yes!”

At Qin Yuan’s order, the remaining soldiers of the logistics company got into their vehicles and immediately drove to the 9th company’s encampment.

At this moment, Qin Yuan still didn’t know that two platoons of soldiers from the 9th company had been knocked down by the 13 people from the 2nd platoon.

At this moment, Qin Yuan and the others had already arrived at the 9th company’s encampment.

Qin Yuan stopped the car and got out.

“Everyone, get out of the car immediately! Gather!” Qin Yuan said loudly.

The soldiers of the logistics company were all standing in line in an orderly manner!

His eyes were firm as he waited for Qin Yuan’s orders!

At this moment, the soldiers on duty outside the door could not help but be frightened by the scene in front of them.

The entire team had a murderous aura.

Qin Yuan and Zhou Qing walked over and said to the soldiers on duty, ”

“Inform your company commander that I, Qin Yuan, am here to retrieve my men.”

“Yes!”

The soldier replied.

Not long after, the commander of the 9th company came out accompanied by the 3rd platoon commander.

"I didn't expect you to come here in person, commander Qin! I'm sorry to trouble you with making this trip!" The commander of the 9th company said.

At this moment, Qin Yuan looked at the 9th company commander, who had dark eyes, and did not explain much.

He said coldly, "Where are my men?"

"They? They're lying in the solitary room." The commander of the 9th company continued.

"Then leave them to me! I'm here to bring them back."

Qin Yuan said with slight anger.

"Commander Qin, you can't take them away now."

"Your soldiers are unorganized and undisciplined. They are simply lawless!"

"He even dared to hit me!"

"Commander Qin, if you don't give me an explanation, you won't be able to take them away." The commander of the 9th company ignored Qin Yuan and said,

"An explanation?"

Qin Yuan was furious too.

"Logistics company! Kill, kill, kill!"

.....

At this moment, the entire 9th company's encampment was filled with the angry roars of the logistics company's soldiers.

The commander of the 9th company was also shocked as he looked at the soldiers of the logistics company, who were not far away with a murderous aura.

"Commander of the 9th company, what other explanation do you want?"

Chapter 23: What's Going On?

The commander of the 9th company was shocked by Qin Yuan's sudden outburst of aura.

He retreated and stared at Qin Yuan.

"This kid, why does he have the same aura as those old generals who have gone to the battlefield?"

"And what's the situation with these soldiers?"

“Is there a change in the logistics company? These soldiers have such powerful auras.” The commander of 9th company was shocked.

He looked at the imposing manner that the entire logistics company was exuding.

They were not the sloppy logisticians that he had in mind.

The commander of the 9th company came back to his senses. He looked at Qin Yuan and thought to himself, this is merely the 9th company.

He then said to Qin Yuan, “Hmph, company commander Qin, this is our 9th company, not your logistics company.”

“Yet you’re thinking of bringing your men and barging into our company to snatch people?”

The commander of the 9th company didn’t believe that Qin Yuan would dare to do that because that would be a violation of military discipline and would be punished.

“So what?”

“Since you dare to attack my soldiers, so what if I, Qin Yuan, have broken the rules?”

“Commander of the 9th company, I’ll ask you again. Can I take them away...”

Qin Yuan’s determined eyes stared at the commander of the 9th company. The anger in his heart had long been difficult to suppress.

At this moment, Zhou Qing and Liu Ye, who were standing behind Qin Yuan, were also getting impatient.

They had long disliked this 9th company’s commander.

When the commander of the 9th company heard Qin Yuan’s attitude, he said angrily, “Qin Yuan, I’m telling you. Don’t speak arrogantly here.”

“Do you think that my 9th company is a place you can challenge as you please?”

Qin Yuan looked at the 9th company’s commander and didn’t say much. He turned around and shouted at the logistics company’s soldiers, ”

“Logistics company!”

“Here!”

The deafening voices of the soldiers covered the entire sky above the 9th company’s encampment.

“Brothers!”

“Our brothers are lying inside. I’m going in to bring them back.”

“Those who are not afraid of punishment, follow me.”

“Whoever dares to stop me, beat him to the ground.”

“If anything happens, I’ll take responsibility!” Qin Yuan roared.

“Kill! Kill! Kill!”

At this moment, the atmosphere was extremely serious. The soldiers of the logistics company had anger in their eyes.

As long as Qin Yuan gave the order, they would rush into the 9th company without hesitation.

At this moment, the 3rd platoon commander of 9th company, who was standing behind the commander of 9th company, saw the scene in front of him.

He quickly went forward and whispered into the commander's ear, “Commander, don't get into a conflict with them.”

“Now, two-thirds of the people in the 9th company are injured to varying degrees.”

“Besides, if something happens and the regiment commander blames us, we can't say anything. After all, it was our company's soldiers who provoked them 1st.”

“Hmph! Are we just going to let them take them away so easily?”

“If this gets out, how am I supposed to live in the future?” The commander of the 9th company retorted.

“Company commander, when the time comes, report those soldiers to the regiment commander and let the regiment commander punish them.”

“If we fight again, we might not be able to defeat them.” The 3rd platoon commander of the 9th company said again.

At this moment, the commander of the 9th company was shocked by the soldiers of the logistics company.

Including Qin Yuan, the logistics company only had about 30 people.

However, after experiencing the shock brought by the 13 soldiers of the 2nd platoon, the 3rd platoon commander of the 9th company did not dare to have any more conflicts with Qin Yuan and the others.

Although Qin Yuan and the rest only had about thirty people.

However, none of them looked any worse than the 13 people lying inside.

Qin Yuan's current logistics company was not the logistics personnel he was familiar with.

“Hmph!”

The commander of the 9th company snorted coldly and then continued, “Qin Yuan, you can take them away. However, I will definitely ask the regiment commander to punish them for this matter.”

After he finished speaking, he walked back to the camp angrily.

At this time, the 3rd platoon leader of the 9th company brought Qin Yuan to the confinement room.

After a short while, Qin Yuan arrived at the confinement room where Zheng Xiaohu and the others were.

After opening the door, Qin Yuan walked in.

At this moment, Qin Yuan could only see the soldiers of the 2nd platoon lying on the cold ground.

More than a dozen people were lying on the ground, all injured to different degrees.

Some of them had broken bones in their hands, and their faces were swollen. The wounds wrapped in gauze were still bleeding.

Geng Hu's face was so swollen that he almost couldn't be recognized.

Because Geng Hu was the best at fighting, most of the people in 9th company were rushing towards him.

The moment he fell, countless footprints were left on his face.

Qin Yuan shouted coldly, "Is this how your 9th company treats your comrades? "

"Although they are not your company's comrades, they are still soldiers of our country, not your enemies."

Zhou Qing and Liu Ye, who had followed Qin Yuan in, also had red eyes.

The sudden shout made the 3rd platoon commander of the 9th company shiver.

He quickly explained, "Qin... Commander Qin, I'm really sorry. This is our commander's order. Besides, even though they're injured, we've already bandaged their wounds. Our people from 9th company are also injured quite badly, and they're all lying in the infirmary now. We're just afraid that they'll continue to cause trouble, so we locked them up here 1st. We have no choice."

"Hmph!"

"Tell your company commander not to fall into my hands in the future."

"Alright... Alright."

After saying that, the 3rd platoon leader of the 9th company stood to the side, trembling and not daring to say anything.

Little did Qin Yuan and the others know that the medical office of the 9th company was already filled with soldiers of the 9th company.

Moreover, if you go to someone else's base to fight and beat them up so badly, how can you expect them to treat you well?

It's impossible.

Even the captain of the 9th company got punched.

At this moment, Zheng Xiaohu was awoken by the noise.

The 1st thing Zheng Xiaohu saw when he woke up was Qin Yuan.

"Company commander... Instructor, what are you doing here?" Zheng Xiaohu said and tried to get up.

"Don't move, just lie down."

Qin Yuan quickly stopped them. He used the system to scan every soldier. Fortunately, none of them suffered any major injuries.

However, they all suffered injuries of varying degrees, but they were all able to recover in a short period of time.

“Company commander... I’m sorry! I’ve embarrassed you.”

Zheng Xiaohu couldn’t help but sigh.

“It’s fine! We’re here to take you back.”

“Brothers, we’re all outside.”

“Old Zhou, let the brothers in and bring them back.”

“Alright! I’ll go now.”

Liu Ye looked at the soldiers in front of him and was furious.

“Commander, we can’t let them off so easily.”

“Look, look at how our brothers have been beaten up.”

“Let’s go back 1st. Now is not the time to cause trouble.”

“We’ll deal with them openly during the military exercise.”

Qin Yuan said to Liu Ye calmly.

Qin Yuan knew that if they were to fight now, they would really be causing trouble.

As the commander of the logistics company, Qin Yuan knew that everyone was angry, but he had to control it.

“Company commander, Deputy company commander!”

“They were the ones who provoked us first. We couldn’t help but make a move.”

Zheng Xiaohu explained.

“It’s fine! I don’t blame you guys. Go back and train more.”

“In the future, if you had to ask me to come and get you, you don’t have to go back.”

“Yes!”

After speaking, Zhou Qing led the soldiers of the logistics company into the room.

Chapter 24: Send Him Back

At this moment, the soldiers of the logistics company who had followed them saw the scene in front of them.

Each and every one of them was furious. They rolled up their sleeves and were ready to go out and fight with the people from the 9th company.

Their eyes were filled with anger, and all they wanted to do was to go out and avenge their comrades.

“You guys, stop right there!” Qin Yuan roared.

At this moment, the soldiers who heard Qin Yuan’s order shouted.

“Commander! Look at how badly they’ve been beaten up.”

“Yup! Company commander, those are our brothers!”

“F*cking bastards from the 9th company, how could they be so ruthless?”

Qin Yuan looked at the furious crowd and said, “I’m telling you! I feel worse than you when I see my brothers getting beaten up.”

“But so what? If you rush up now, you’ll just be cowards.”

“If you want to take revenge, then train well.”

“I don’t want you to be the ones to die next time. I don’t want it to be any of the soldiers in our logistics company.”

“As long as you’re strong enough, you won’t be defeated!”

“Do you guys understand?”

“Yes!”

“Yes...”

The soldiers replied.

“Now, listen to my orders. Everyone, carry our comrades and go back!” Qin Yuan ordered.

“Yes!”

After saying that, the soldiers of the logistics company put away the anger in their hearts.

They carried their injured brothers out of the 9th company.

At this moment, they were on their way back to the logistics company.

Liu Ye was driving the car while Qin Yuan sat in the back row with his eyes closed and leaned on the seat.

Zhou Qing replied, “Commander Qin, when I was on my way out to call the soldiers, I heard the soldiers of the 9th company discussing today’s incident!”

“I heard that Zheng Xiaohu’s group injured more than 80 people from the 9th company today.”

“The two platoon leaders and the Deputy platoon leader of the 9th company have been knocked out by them.”

“What?”

Hearing Zhou Qing’s words, Liu Ye jolted and immediately stepped on the brakes.

The three of them suddenly jerked forward.

“Old Liu, can you drive more carefully?” Zhou Qing said hurriedly.

“Hahaha! Good job, 13 took down over 80 of them with just three people.”

“Not bad, that’s really good. You didn’t lose out.” Liu Ye laughed.

As if he had hit the jackpot, he let go of his depressed mood and instantly laughed out loud.

“What’s the big deal? They were knocked out too.”

“If there’s a war, I’m not willing to exchange over ten of my brothers for those 80 people.” Qin Yuan said.

“Commander! I didn’t mean it that way.”

“I know,”

Qin Yuan said in a deep voice, “Although they took down 80 people, I hope they can come back to me in one piece.”

“Yes! Commander Qin is right.” Zhou Qing said.

“We still have to strengthen our training. Only when we’re strong enough will we not be defeated.”

“I want everyone in the logistics company to become stronger.”

“What I want is for each of them to be as strong as a company.” Qin Yuan looked at the two of them with bright eyes.

“Yes! Company commander, we will listen to you from now on.”

“Yes, we will cooperate with your commander Qin.”

After the three of them finished speaking, Liu Ye started the car and continued to drive back to the logistics company.

The next day!

In the regimental commander’s office, Kang Lei was listening to the guard, Xiaowu’s report.

“What?”

“You’re saying that a dozen people from the logistics company wiped out two platoons of 9th company’s soldiers?”

“Yes, Regiment commander. I just received a report from my subordinates.”

Kang Lei suddenly stood up from his seat, his expression one of shock.

“What exactly happened?”

The security guard, Xiaowu, quickly explained.

“Damn... How did Qin Yuan manage to bring out such a company!”

“In just a short month, he’s trained the logistics company so fiercely.”

“Unbelievable... It’s unbelievable!” Kang Lei sighed.

He didn’t expect that in such a short period...

Qin Yuan had actually trained the weak soldiers of the logistics company to become so strong.

“Regiment commander, the 9th company’s commander is outside the door right now.”

“He said he’s here to ask you to punish the soldiers who caused trouble.” The guard, Xiaowu, continued.

“Punish?”

“He still has the cheek to come and give punishment to others?”

“A company was almost destroyed by a platoon, and it wasn’t even a full platoon.”

“You still have the cheek to ask me for a punishment.”

“Tell him to get the hell back.”

“He has embarrassed himself and now he wants to embarrass the headquarters?”

“Yes!”

After that, the security guard, Xiaowu, walked out of the door.

He looked at the 9th company’s commander outside the door and said, “Commander of the 9th company, you’d better go back!”

“The regiment leader is currently in a fit of anger.”

“This... But... Those few soldiers are unorganized and undisciplined.”

“Let me in, I’ll talk to the leader.” The commander of 9th company said helplessly.

“You should go back! The regiment leader will make his own arrangements.”

With that, Xiaowu stopped the commander of 9th company.

The commander of the 9th company had no choice but to drive back.

At this moment, the other companies had also heard some news.

“Did you guys hear? 9th company was beaten by the logistics company.”

“I heard that they almost wiped out the entire 9th company.” A soldier was telling everyone the news he had heard.

“What? Then where did you hear such unrealistic news?”

“The logistics company beat up 9th company and almost got wiped out?”

“Do you believe it?” Some of the soldiers did not believe the news at all.

“Yup! Did your head get caught between the door! You believe this kind of news?”

“That’s right. It’s not like you guys don’t know about the logistics company. They’re a joke every year! ”

“No! Listen to me, it’s true. An old friend from the 9th company told me last night.”

“I’ve been brothers with him since we were young. He wouldn’t lie to me over such a thing.”

The soldier explained when he saw that no one believed him.

“Come on! We’d rather believe that a sow can climb a tree than believe that the logistics company can beat up 9th company.”

“Why don’t you guys believe me? I’m telling the truth.” The soldier said helplessly.

“Alright... Training, training.”

After saying that, the crowd dispersed, leaving the soldier standing there helplessly.

However, the other companies were also doing the same thing.

Because no one would believe this unrealistic news.

The image of the soldiers of the logistics company had long been deeply rooted in them.

Chapter 25: Regiment Leader, Give Me More Ammunition

At this moment! In the regiment commander’s office.

Commissar Bi Guotao was called over by commander Kang Lei.

“Old Bi, you’ve heard about it too.”

“I just heard about it. Qin Yuan is really powerful!” Bi Guotao was also shocked.

When he heard the report from the guard, Xiaowu, his jaw dropped.

“Yup! We didn’t misjudge him.”

In just a short month, the changes in the logistics company are too terrifying.

“Yup! I heard that they only sent 13 soldiers to deliver the supplies.”

“They actually defeated two full platoons of the 9th company. It’s incredible.” Bi Guotao said in surprise.

“Yes, I didn’t believe it at first either.”

“But that brat, the commander of the 9th company, still has the nerve to ask me to punish him.”

“It’s so embarrassing just thinking about it! I told him to get lost.” Kang Lei’s expression darkened as he said angrily.

“I heard that the commander of the 9th company was punched too,” Bi Guotao said. The boys from the logistics company have really gone a little too far.

“No matter what, he’s still a company commander. It’s true that he has no regard for military discipline.”

“That’s true, but 9th company was the one who provoked them first. In the past, the soldiers of the logistics company might not have dared to make a sound.”

“But now that they got beaten up, what’s the point of looking for their parents for help?”

“They were not as skilled so they deserved it.”

“That’s true! The soldiers of the 9th company are used to being at ease now, it’s time to give them a bone-loosening exercise.”

“Then, old Kang, how do you plan to handle this?” Bi Guotao asked Kang Lei with a frown.

“I won’t report this matter. I can’t afford to lose this face.”

“Get Qin Yuan and the 9th company’s commander to come over and explain everything clearly.”

“Yeah, that’s the only way.”

“Xiaowu, inform the 9th company commander and Qin Yuan to come over.” Kang Lei quickly shouted.

“Yes!”

“Oh right, inform all the companies to train hard. The military exercise of the entire Military Region is about to begin.”

“When the time comes, don’t screw up.”

“Yes!”

The security guard, Xiaowu, retreated after receiving the order.

Bi Guotao looked at Kang Lei and laughed, “It seems like the logistics company will give us an unexpected surprise during this military exercise!”

“Yes, based on the current situation, the logistics company will be a sharp knife that none of us will expect.”

“It seems like we’ve found a treasure. Qin Yuan didn’t let us down.”

“Hahaha! He’s not bad indeed. I hope we can get a few more Special Forces training spots this year.” Kang Lei said, pleased.

Just like that, the two of them started to plan the arrangements of the Iron fist Regiment’s companies in the office.

After Qin Yuan and the commander of the 9th company came to the regimental commander’s office.

This matter ended unhappily.

The commander of the 9th company could only go back angrily. Before he left, he didn’t forget to say some harsh words to Qin Yuan.

Qin Yuan couldn’t be bothered with him. After all, Qin Yuan didn’t care about the 9th company at all.

He was only thinking about how to make the soldiers of the logistics company stronger in these two months.

He would bring them to the Special Forces.

“Qin Yuan, I was right about you.” Commander Kang Lei said to Qin Yuan.

“Regiment commander, how can I disappoint you with the mission you have given me?”

“Haha, good job. At least you didn’t cheat me of my equipment for nothing.”

Kang Lei laughed as well.

“Regiment commander, I really had no other choice regarding that matter.” Qin Yuan also explained.

“It’s okay. I don’t blame you. At least you didn’t let us down.”

“Then, commander, can I make a small request?”

“Just say it. As long as it’s not too much, I’ll agree.” Kang Lei laughed happily.

“That... Can you give me the same list from last time? And 200000 more bullets.”

Qin Yuan spread his hands and said.

“F*ck! You brat, I haven’t even blamed you and you’re already climbing up the tree!”

“Trying to trick me again?” Kang Lei’s happy face instantly sank.

“You brat, why do you need so many weapons and ammunition?” Kang Lei continued.

“Commander, you know that a good gunner is trained by bullets.”

“You can’t let the horse run again, but you don’t let the horse eat the grass, right?”

“Hmph, you’re starting to lecture me,”

“Do you know that the amount you took last time was almost half a year’s worth?”

“You guys only have 50 people.” Kang Lei snorted.

“Regiment commander! Don’t worry, I won’t let you down.”

In order to provide more military supplies for the logistics company’s soldiers, Qin Yuan had racked his brains.

“Alright!”

“I’ll give you five more sniper rifles, but I won’t be giving you the 95-case rifle.”

“I’ll give you 400000 for the bullets, and some of the others as well.” Kang Lei said helplessly.

In fact, it wasn’t that Kang Lei didn’t want to give it to him, but because they were in a peaceful era.

There was a standard amount allocated to the troops.

After all, bullets were also money, and he couldn’t be extravagant and wasteful.

“Thank you, commander!”

“Thank you,” Qin Yuan quickly thanked him. After all, he had gained another 400000 bullets.

He had more confidence in improving the shooting ability of the logistics company’s soldiers.

Besides, the system could only assist him in training, but the soldiers had to fight steadily and surely.

“Don’t let us down, the military exercise will be held in two months.”

“Yes! Regiment commander, I promise to complete the mission.”

“En!”

“Then, regiment commander, I’ll take my leave first.”

“Let’s go back!”

“Yes! Regiment commander, political commissar, I’ll go back first.”

After saying that, Qin Yuan left the office and walked out.

Commander Kang Lei also wanted to quickly send this God away.

He was also afraid that he would have more “small” requests later.

After all, he could only brace himself and request ammunition from above.

“Old Kang, haha, you feel the pain?” Bi Guotao laughed as he looked at Kang Lei.

“As long as this kid can really create a different company for me.”

“I’ll give him another 200000 bullets.”

“I can still afford the ammunition.” Kang Lei said, trying to show off.

“Regiment commander, are you serious?”

Qin Yuan walked in again.

With his radar warning skill, he could hear everything clearly.

He had just left the place but returned when he heard that.

Kang Lei was taken aback when he saw Qin Yuan walk out and come back in.

“You brat, get lost...”

Chapter 26: Intensive Training

Qin Yuan smiled and walked out of the office.

He had just entered to see the regiment commander’s sour face.

He was already very satisfied with the ammunition he had obtained.

This ammunition was enough to raise the shooting standard of the entire logistics company to a rather high level.

He could also reach the shooting standard required to enter the Special Forces.

At this moment, Qin Yuan drove back to the logistics company.

The soldiers of the logistics company were standing on the training ground.

Everyone was talking and laughing.

“You guys don’t know, but I punched the corner of that company commander’s eye.”

“His bruised panda eyes will take at least ten days to half a month to heal.”

The soldiers were listening to Geng Hu’s story with great interest.

He was particularly eye-catching with his fat head and pig’s ears.

Although the swelling had not completely subsided, at least he could be recognized.

“F*ck, you guys are too awesome. A dozen of you defeated so many of them?”

“Hmph, I don’t know the exact number.”

“But I went left and right, and beat them up until they peed their pants.”

“Who asked them to have such cheap mouths?” Geng Hu said angrily.

“Hahaha, that’s how it should be. Who asked them to look down on our logistics company?”

“Yes! If we were there, we’d definitely defeat them all.”

Qin Yuan heard the soldiers’ discussion and walked behind Geng Hu.

“Company... Company commander!” A soldier called out.

“What company commander? I heard from the instructor that the company commander went to the regiment commander’s office.”

Geng Hu did not realize that Qin Yuan was already standing behind him.

“Geng Hu! What are you talking about?”

The sudden voice startled Geng Hu.

He turned around and saw Qin Yuan standing there.

“Company... Company commander... When did you come back?”

“Didn’t you go to the regiment commander’s office?” Geng Hu said hesitantly.

“I went to clean up your mess.”

“Do you think you’re very capable?”

“More than a dozen people were knocked out there. If we were on the battlefield, we would have carried back a dozen corpses!”

“You guys are still feeling proud of yourselves here?”

“You guys still have the nerve to brag here?”

Everyone lowered their heads, not daring to look into Qin Yuan’s eyes.

“Everyone, gather!”

Qin Yuan roared in anger.

The soldiers stood in rows, not daring to say a word.

“Now, everyone, listen up.”

“As long as you are defeated, it means that you are not strong enough.”

“The enemy won’t give you a chance to live on the battlefield.”

“If we want to come back alive, we have to defeat them.”

“I don’t wish for our logistics company to be short of that person one day.”

“Everyone, carry 50 kilograms of weight and train for 10 kilometers of armed cross-country.”

“Second platoon, as long as you can still move, follow me.”

“Geng Hu, 70kg for you!” Qin Yuan continued.

“Don’t! Company commander...”

Geng Hu was helpless. His face was even more swollen than before.

“If I had known, I wouldn’t have bragged.” Geng Hu spread his hands and could only accept it silently.

“Everyone, I’ll give you one minute. Start!”

“Yes!”

He saw the soldiers increasing the load in their backpacks in a hurry.

Zhou Qing and Liu Ye also walked over.

“Commander Qin, what did the regiment commander say?” Zhou Qing quickly asked.

“The company commander asked me and the 9th company commander to go over.”

“He just wants both parties to apologize. Both parties are at fault, so they won’t pursue the matter.” Qin Yuan said.

“That’s good!”

“Right, company commander.”

“Old Zhou and I came over just now and saw that bulging thing in the back of your car. What’s that?” Liu Ye asked curiously.

“You’ll know when you see for yourself.”

Qin Yuan looked at the two’s puzzled eyes and replied mysteriously.

“Let’s go, old Zhou,”

After saying that, Liu Ye strode towards the car.

Liu Ye opened the tarpaulin that covered the back of the car.

“F*ck! Company commander, you went to the regiment commander’s office to rob again!”

Liu Ye exclaimed as he looked at the weapons and ammunition in the car.

“How can you call it a robbery?”

“This is a gift from the regiment commander to our logistics company.”

“The commander wanted to give me another 200000 bullets, but I was too embarrassed to ask for it.” Qin Yuan spread his hands and laughed.

“That can’t be right! Since when did the regiment commander become so generous?”

“Besides, with someone like you, would you be embarrassed to accept 200000 bullets?” Liu Ye laughed.

He was also overjoyed when he saw the weapons and ammunition in the car.

“Do you guys want it? If not, I’ll send it back to the commander.” Qin Yuan said.

“How can we do that? Hehe, once the meat is in my mouth, how could I let it run away!”

Liu Ye grinned and didn’t say anything. He carried the weapons and ammunition to the Arsenal.

The soldiers were not around, so he could only do it himself.

Qin Yuan and Zhou Qing also quickly helped to send the weapons and ammunition to the weapons room.

It took the three of them 20 minutes to put all the ammunition in place.

“Let’s go! Train with the soldiers.” Qin Yuan continued.

“Alright!”

“Alright!”

The three of them quickly carried their weights and ran in the direction of the soldiers’ training.

Currently, Qin Yuan’s load has reached 100 kilograms, while Zhou Qing and Liu Ye have chosen a load of 60 kilograms.

They were not as perverted as Qin Yuan.

It was just that he was increasing the weight every time and breaking through his limits.

The next time, it would increase again.

Time and time again, he broke through the limits of his tolerance.

It didn’t take long for the three of them to catch up to the soldiers who were running in front of them.

“Run faster!”

“Don’t dilly-dally.”

“Finish it in 40 minutes, or you will continue running.”

Qin Yuan continued to roar.

The soldiers did not dare to say anything. They could only run forward with heavy steps.

The days passed by.

The soldiers were all breaking through their limits.

And the strength of the soldiers was also constantly increasing.

Chapter 27: The Special Training Begins

Early morning!

Today's sun was still as hot as ever.

Even though it was only eight o'clock in the morning, the sun was already scorching.

The soldiers of the logistics company, who had just returned from their cross-country training, were famished as they ate their breakfast.

They only had five minutes.

After five minutes, they would be greeted with even more brutal training.

"I heard that the company commander is going to give us a new training today."

"I don't know how the company commander plans to torture us!"

"Yup! Look at how dark I've become recently."

"Even if my parents were to stand in front of me now, they might not recognize me."

The soldiers were whispering about the cruelty of the training.

"Don't dawdle when you're eating,"

"What are you guys talking about? You don't want to eat anymore?"

The sudden roar scared the few of them and they immediately stopped talking.

At this moment, Liu Ye was walking in from outside the cafeteria. He heard a few soldiers muttering and shouted.

"There's only one minute left! Finish eating and gather at the training ground!"

"Yes!"

Liu Ye walked out after he finished speaking.

At this moment, Qin Yuan and Zhou Qing were standing on the training ground.

"Company commander Qin, the soldiers' physical fitness has improved a lot."

"It's still not enough. they're still far from being able to enter the Special Forces!"

“What do you plan on training next?” Zhou Qing asked.

Qin Yuan looked at Zhou Qing and continued, “Next, they’ll undergo special training. Only more brutal training will allow them to unleash their potential.”

“Special training?” Zhou Qing asked.

“Yes!”

“There’s not much time left. If we want to bring them to the Special Forces, we have to speed up the training.”

“By the way, you and Liu Ye’s level are still lacking.”

“During this time, I’ll be sharing some military skills and theories with you guys.”

After Qin Yuan finished speaking, he blew the assembly whistle in his hand.

A minute later.

All the soldiers of the logistics company quickly stood on the training ground.

They quietly waited for Qin Yuan’s instructions.

Qin Yuan looked at the crowd and said, “After two months, your physiques have indeed improved a lot.”

“However, this is still far from the requirements I have for you.”

“From today onwards, I will train you on a deeper level.”

“Do you guys have the confidence?” Qin Yuan said.

“Yes!”

“Yes!”

Qin Yuan was very pleased to hear the soldiers’ confident answers.

After this period of training, these kids were now extremely convinced of Qin Yuan.

As long as Qin Yuan said something, they would follow it without hesitation.

They knew that their military quality was already comparable to the soldiers of other companies.

In fact, they would only be stronger.

However, no matter how Qin Yuan planned to train them, they followed his instructions. After two months of Qin Yuan’s brutal training,

They had changed a lot.

However, they still enjoyed the process of becoming stronger.

Who didn’t want to become a powerful warrior?

“Good! Very good!”

“The following training will be even more brutal than before.”

“It’s also possible that you’ll die during the training.”

“I’m not trying to scare you.”

“If you want to come back alive from the enemy’s hands, you can only be crueler than the enemy.”

“If anyone is afraid, they can leave the logistics company.” Qin Yuan said seriously.

“We’re not afraid!”

“We’re not afraid!”

The soldiers replied loudly.

At this time, they were still not clear about what kind of brutal training was waiting for them.

“Good! Now, listen to my orders.”

“We’ll be going through a month-long brutal training.”

“The first stage is 20 kilometers, 80 kilograms of armed extreme training. Time limit is two hours.”

“After two hours, if anyone can’t complete the goal, they will be eliminated.”

“Don’t worry. Those who are eliminated will become the soldiers that even the logistics company doesn’t want.”

“All of you can only get lost and go home. You don’t have to undergo such cruel training anymore.” Qin Yuan continued to roar.

“Company commander, we will definitely complete the mission.”

“Yes! We won’t be deserters.” The soldiers roared in response.

“Very good, you’re all very courageous.”

“Right now. Everyone, listen to my command.”

“Assemble by platoon and equip with weights. We’ll set off in 10 minutes.”

“Yes!”

The soldiers quickly picked up their backpacks and busily loaded them. Not a single soldier was trying to be sneaky.

Because they knew that if they couldn’t do it, it would only affect the entire company.

The dignity that Qin Yuan had awakened would not allow them to do so.

Ten minutes later, the soldiers were all in formation.

Each of their backpacks was filled to the brim, and the heavy weight made them feel uncomfortable. 80kg was a weight that they had never challenged before. Moreover, they had to finish the 20km run in two hours.

No one was confident, but they would not give up.

On the path to becoming stronger, they could only choose to break through their own limits.

“Let’s go!”

With Qin Yuan’s order, the soldiers swarmed out quickly.

“I’ll challenge 100kg!” Liu Ye said after seeing the soldiers run out.

“Sure, I’ll go with you.”

Zhou Qing had the same thoughts as Liu Ye.

Knowing Qin Yuan’s plan, he was also trying to break through his limits.

Qin Yuan looked at the two of them and couldn’t help but smile.

“You guys do as you see fit.”

Actually, Qin Yuan didn’t tell them that even in the special forces, the weight for cross-country marches is only around 40 to 60 kilograms.

Qin Yuan had given them an overload of training in advance.

Of course, their ability to persist is due to the combination of their long-term mental training and the body-strengthening liquid that Qin Yuan secretly gives them. The liquid is constantly modifying their bodies, which also helps them endure the grueling training.

The three of them walked towards the bricks and started to load them.

“Eh? Company commander. Just how much did you store!”

“Your backpack is already extra large.”

Liu Ye asked in surprise when he saw Qin Yuan’s tactical backpack, which was much bigger than theirs.

“Me?”

“It’s not much, just 140 kg.” Qin Yuan said as he spread his hands.

“F*ck, 140 kg.”

“You even said that it’s not much. Company commander, you’re really perverted.” Liu Ye was also surprised after hearing Qin Yuan’s words.

Qin Yuan’s backpack was so tight that it was almost deformed.

It looked like it could break at any moment.

Zhou Qing also laughed, “Old Ye, you should have some self-awareness! Comparing yourself to commander Qin?”

“You’re thinking too much. The last time when he carried 100kg, I was still trying to catch up with him.”

“You’ll leave us in the dust again this time.”

“Alright, you two, keep breaking your limits.”

“Let’s go. They’re quite a distance away from us.”

“Follow them to prevent any accidents.”

After Qin Yuan finished speaking, the three of them put on their backpacks and ran quickly in the direction of the soldiers.

Chapter 28: Don’t Abandon, Don’t Give Up

The three of them quickly caught up to the soldiers.

“Hurry up!”

“Increase your speed and run!” Qin Yuan roared.

“Yes!”

Some of the soldiers who had fallen got up with difficulty and ran forward quickly.

The vicious sunlight shone on their faces.

Under such a temperature, the soldiers’ bodies were losing a lot of water.

Some of their lips had already turned white, and their running speed had obviously slowed down.

They could collapse at any time from a heat stroke.

“Hurry up!”

“Da da da da da ...”

The sound of a .95 rifle firing could be heard at the feet of the soldiers.

“F*ck! That was live ammunition!”

The soldiers were shocked by the bullet holes at their feet and the stone debris that hit the ground.

They only felt a chill on their backs. Some of the bullets were only a few millimeters away from hitting them.

“Run! Don’t let me chase you guys like ducks!”

“I’ve said it before, training can kill.”

“If you don’t want to die in training, run!” Qin Yuan roared.

“Ah!”

The soldiers didn't dare to say anything. They could only roar and run forward with heavy steps.

"Company commander, you're serious!"

"The bullet was only a few millimeters away from me."

"Hurry up and run! The company commander has caught up with us again."

"One more shot and we might really be wiped out."

"Exactly! Isn't the company commander afraid that he'll slip and kill us!"

"Don't say anymore. Hurry up and run. I don't dare to bet on it."

The soldiers said helplessly. He followed closely behind.

To Qin Yuan, with the assistance of the system, was able to survive.

His control of the gun and his accuracy in the shooting were already at the pinnacle.

Every bullet hit where it was aimed at, without a single deviation.

An hour later, the soldiers had already reached the top of the mountain 10 kilometers away.

At this moment, all of them were sweating profusely, and their sweat was already flowing down the corners of their clothes.

All of them were so tired that they were panting.

"There's still another 10 kilometers! Oh my God."

"Yes! We still have to run back."

"I can't, I can't feel my body anymore."

"Hang in there, hang in there!"

"I can't."

After that, some soldiers fell to the ground and looked at the endpoint that they had once run to.

They could no longer move.

"Da da da da da..."

Shots were fired.

The soldiers on the ground quickly retreated.

By the time the gunshots stopped, a soldier lying on the ground was already drenched in cold sweat.

He looked at the shell hole in front of him.

It had almost hit his crotch.

If he hadn't retreated just now, his balls would have really exploded.

At this moment! The few soldiers beside him were also scared and broke out in cold sweat.

Looking at the scene just now, they were all stunned.

“F*ck, the company commander is trying to end my bloodline!”

“We might really die.”

“Yup! Quickly get up and run back!”

“The company commander really wasn’t lying, hurry!”

The soldiers were all dumbfounded by the scene before them.

They all picked up their backpacks and returned to the camp.

No matter how tired they were, it was better than losing their lives! No one dared to delay, for fear that the next bullet would hit them.

“I’m telling you, if you continue to slack off, you won’t be so lucky next time!” Qin Yuan roared again.

“Yes!”

The soldiers didn’t dare to say anything and could only brace themselves to run back.

The heavy backpacks were so heavy that they couldn’t breathe.

In addition to the vicious weather, everyone was already exhausted.

They were on the verge of collapsing with every step they took!

Just as the soldiers were about to collapse.

A shuttle of bullets was fired.

Everyone was tortured by the sound of these bullets.

Just as they were about to reach their limits, Qin Yuan’s shots would always bring them back to life.

The system notifications kept ringing in Qin Yuan’s mind.

Only when one’s life was in danger could one’s potential be stimulated and break through one’s limits.

Right now, the soldiers of the logistics company needed this kind of training to break through their potential faster.

Qin Yuan understood this logic. The current soldiers of the logistics company had reached a bottleneck.

Ordinary military training could no longer be faster or more effective in breaking through these soldiers’ physiques.

They could only undergo even more brutal training.

And this was also to bring the entire company into the Special Forces.

With the intensity of this special training, it would only be beneficial for them.

“Hurry up! You have 20 minutes left.”

“I’ll be waiting for you at the training ground!”

“If you don’t reach the training ground in 20 minutes, you can only go home with ‘glory’.”

After Qin Yuan finished speaking, he increased his speed and ran forward.

After a short while, Qin Yuan finished the entire course ahead of time and stood quietly on the training ground, waiting.

Time passed by.

There was still no one running back from the training ground.

Qin Yuan looked at the timer in his hand. There were only five minutes left.

“What’s going on?”

“System? Didn’t you receive any news of the soldiers fainting from exhaustion?” Qin Yuan asked the system.

“Reporting to the host. At present, there is no news of any logistics company’s soldiers fainting from exhaustion.”

“However, there is a very strange phenomenon.” The system replied.

“What phenomenon?”

“A few of the soldiers have been at 1% of their physical strength for 10 minutes.”

“Furthermore, Geng Hu, Zhou Qing, and Liu Ye’s physical strength is dropping rapidly.”

“Especially Geng Hu. He’s almost at 1%.” The system explained.

“What?”

“Good Lord, I know what’s going on.”

Qin Yuan had already figured out why there was no one here.

Just as there was one minute left before the end of the match.

At the gate of the training ground, all the soldiers of the logistics company had returned.

Some of the soldiers ran back with the help of others.

However, Geng Hu, Zhou Qing, and the others were carrying weights that did not belong to them.

After the soldiers reached the finish line, they immediately collapsed on the ground.

Some of the soldiers had already fainted.

However, Geng Hu, Zhou Qing, and the rest ran back with great difficulty.

Zhou Qing and the others each had an extra backpack.

With the addition of their own, they had already reached 180 kilograms.

Geng Hu was even carrying three heavy backpacks.

In addition to his own 120kg load, he was currently carrying a total of 280kg load on his back.

Zhou Qing, Liu Ye, and the others collapsed to the ground the moment they reached the finish line.

They have exceeded their physical limits.

There were only 30 seconds left before the end.

Geng Hu was still more than 10 meters away from the gate of the training ground.

However, he felt that it was as difficult as ascending to the heavens to cover this distance of only a dozen meters.

He had already run more than 500 meters with 280 kg weight on his back.

Every step was so difficult that the footprints on the ground had already sunk in deeply.

Each footprint represented that heaviness.

Chapter 29: This Will Only Get People Killed

“Geng Hu! Hurry up!”

“Hang in there, hang in there! We’ll be there soon.”

“Go, Geng Hu! Hurry up!”

The soldiers continued to encourage him.

At this moment, Qin Yuan looked at the timer and continued, “There are still 10 seconds left before the end!”

“10,9,8,...”

“... 4,3,2,1.”

At the last second, Geng Hu finally reached the finish line.

Boom...

With a dull thud, Geng Hu threw his backpack on the ground.

“Pfft...”

Geng Hu spat out a mouthful of blood and fainted.

He was still mumbling, “I won’t abandon the team! I won’t give up!”

Then, he fell heavily to the ground.

“Geng Hu...”

The soldiers were frightened by the sudden scene and quickly ran over to help Geng Hu up.

Qin Yuan looked at the situation in front of him and hurriedly went over to check on the few people.

“System! Scan the soldier’s body.” Qin Yuan said.

“System received.”

After a short while, Qin Yuan received a message from the system.

“They’re fine at the moment, but they’re exhausted from the extreme overload.”

“Geng Hu’s condition is more serious. A serious overload may have affected him.” The system continued.

“What? F*cking hell!” Qin Yuan also said angrily.

The sudden voice startled everyone.

They only saw Qin Yuan standing there expressionlessly. No one understood what was going on.

At this moment, Qin Yuan was exchanging for a body-strengthening liquid in the system store.

Fortunately, the body-strengthening liquid could not only strengthen his physique but also restore his body’s functions.

Qin Yuan took out a water bottle from his pocket. It was filled with a strong body strengthening liquid. It was used to prevent such an unexpected situation from happening.

Qin Yuan gave Geng Hu and Zhou Qing a few sips.

About 10 minutes later.

The few of them woke up.

“Do you guys not want to live?”

“You think you’re very capable?” Qin Yuan roared.

“Company commander, we won’t abandon you! We won’t give up!” Geng Hu said weakly when he heard Qin Yuan’s roar.

“Yes! We won’t leave any of our comrades behind.” Zhou Qing and the others chimed in.

“So you guys are very powerful, huh?”

“Hmph!”

“If we were on the battlefield right now, you would all die.”

“Because of the mistakes of one or two of you, more of your comrades will die.”

“I’m telling you, a dead person is dead! I didn’t give you a chance to start all over again.”

“If they fall, it means they’re weak. If they die on the battlefield, it means they’re not as good as others.”

“Are you going to give up on your mission just because two people died?”

“Today, all of you have displayed your friendship, but on the battlefield... The enemy won’t talk about friendship with you.”

“Everyone, 200 push-ups each in 10 minutes.” Qin Yuan roared.

Although Qin Yuan said that, he was extremely satisfied with their performance.

This was the so-called friendship between comrades-in-arms, one would never give up or abandon their comrades!

Of course, Qin Yuan was right. If they were on a mission, they might fail the mission because they did not give up on their comrades.

Friendship was important, but to a soldier, completing the mission was the ultimate mission!

“Also, for the soldiers who were brought back by our comrades, each of them will have an additional 20 kilometers of armed cross-country training every day starting from today.”

“If you let your comrades die because of your weakness, then you don’t deserve to continue staying in the logistics company.”

Qin Yuan shouted at the soldiers.

“Yes!”

At this moment, the soldiers did not dare to speak.

The soldiers who had been helped back were even more upset.

They now knew that if such a situation were to happen on the battlefield, they would be in danger.

They would really kill their own comrades.

The few of them buried their heads and swore to themselves that they would become stronger.

Only by becoming stronger would they be able to complete their mission better. They would never let their comrades die because of them.

After Qin Yuan finished speaking, he walked out of the training ground.

Half an hour later, the soldiers were all exhausted and collapsed on the ground.

All of them were exhausted beyond recognition.

They felt as if their bodies had been separated from their souls.

Some of them had already fallen asleep from exhaustion.

Qin Yuan walked in and blew the assembly whistle when he saw the exhausted soldiers.

Beep...

The whistle immediately woke everyone up.

One by one, they struggled to get up and stood there in an orderly manner, waiting for orders.

This reaction had already become an instinctive reaction of their bodies.

Qin Yuan continued, "Everyone. I'll give you two hours to wash up, eat, and rest."

"Two in the afternoon. Gather at the camp's smart classroom."

"I'll train you in special combat and firearm knowledge."

"Do you all understand?"

"Yes, Sir." The soldiers replied loudly.

"Disband!"

After saying that, the soldiers quickly supported their exhausted bodies and walked back to the dormitory.

Two o'clock in the afternoon.

In the camp's multimedia classroom.

The soldiers of the logistics company were listening to Qin Yuan's explanation seriously.

"What is Special Operations?" Qin Yuan immediately asked.

One of the soldiers replied, "Special Operations refers to carrying out surprise attacks and breaking the enemy's important military, political, and economic targets, as well as other Special Operations."

"Special Forces or troops temporarily assigned with special combat missions fight like airborne combat to achieve specific goals or goals."

"Landing operations, the rescue of hostages, and attacks on the enemy's headquarters, important military facilities, and other key targets."

"For example, collecting intelligence, disrupting the rear, destroying facilities, and carrying out surprise attacks."

"Very good, well said." Qin Yuan praised.

He continued,

"The world is complicated, but The Art of War is colorful."

"Although the World War is over, the Cold War is over."

"But the International conflict has not been resolved."

"We need a new way to solve new conflicts."

“When the struggle is complicated, politicians try to use the ‘quick blade’ of Special Operations to clean up the various intertwined contradictions.”

“Therefore, in today’s era, when countries in the world are generally reducing their armies and the total number of armed forces is constantly shrinking...”

“Special operations forces are developing, and special operations are alarming heads of state in various countries.”

“It also enriches human wisdom and innovates the art of warfare in the information age.” Qin Yuan patiently explained.

The soldiers below were all entranced.

Most of them were not familiar with Special Operations.

“My goal is to turn each and every one of you into a sharp blade.”

“A sharp blade that will cause fatal damage to the enemy.” Qin Yuan continued.

“Yes!”

“So, from now on, you will receive a different kind of brutal training,” Qin Yuan said.

“Only by comparing your training to actual combat training can you have a chance of surviving in the brutal reality of combat.”

“Do you all understand?” Qin Yuan roared.

“I understand.”

“Good! I’ll be teaching you how to engage in special combat in your daily training.”

“I’ll teach you how to fight a modern Special Forces war.”

“How to use sparrow warfare, psychological warfare, electronic reconnaissance, and network warfare.” Qin Yuan continued.

“Yes!”

After that, Qin Yuan continued to explain some tactical knowledge.

There were also some combat methods in different regions.

The soldiers were also learning in a hurry.

When Qin Yuan finished his lecture and walked out of the multimedia classroom, the sky had already turned dark.

At this moment, the moon was particularly bright.

Qin Yuan walked straight to his dormitory.

After returning to the dormitory, Qin Yuan couldn’t wait to open the system interface.

[Host: Qin Yuan]

[Position: Commander of Ironfist logistics company]

[Rank: Commander]

[Physique: 45 (10 for normal people)]

[Skills: Elementary Eagle Eye (1000 meters), elementary radar warning system (200 meters), elementary special combat technique. (Four times the physical fitness of an ordinary person.)]

Skill points: 155580.

“The soldiers’ breakthroughs at the end brought more skill points!”

“Although I just spent 20000, I still have at least 150000 left.”

Qin Yuan was browsing through the system store.

A recommendation from the system store popped up.

Qin Yuan looked at it curiously.

“Advanced computer network programming technique!”

“Is this computer technology?”

“With this, wouldn’t it be able to strengthen the shortcomings of my computer skills?”

“This is good stuff!”

Chapter 30: The Devil’s Training in Hell (1)

Qin Yuan immediately looked at the skill’s exchange points.

“100000 skill points? Do you have to be so scamming?”

The joy of getting so many skill points just now instantly turned into a long face.

“The system wants to squeeze me dry as long as I have a few skill points!” Qin Yuan said helplessly.

“The system will recommend relevant skills to you according to your current needs.”

“This advanced computer network programming technique is a collection of all computer network programming applications and programming.”

“As long as you possess this skill and are familiar with it, you can easily control the network center and hack into all computer defense systems. As long as it’s a computer network, there’s no control terminal that you can’t access. The system explained.”

“Alright, you can continue scamming me!”

“It wasn’t easy to save up and my other skills haven’t been upgraded yet.”

“You just want to squeeze me dry in one go? You’re dreaming.” Qin Yuan said to the system, speechless.

The system was speechless.

“Host, the system will help you build the strongest Special Forces.”

“The system’s skills are all almost invincible.”

“All the choices are for the host.”

“I don’t believe you. Which skill doesn’t drain my skill points in a short time?”

“But this skill really works.”

“100,000? It’s no big deal. Just splurge a little!” Qin Yuan consoled himself.

Without waiting for the system to explain further, Qin Yuan clicked on the exchange button.

The system was speechless.

“I have 50000 skill points left. I need to level up my fighting technique.”

“The Eagle Eye skill is barely enough. I’ll level it up later.”

“Although the radar’s warning range is still a little small, I can only choose to upgrade it later.”

“Fighting technique? I’ll definitely need to use it next.”

“Otherwise, it won’t be enough to face some strong opponents.”

After saying that, Qin Yuan spent the rest of his skill points on fighting techniques.

After a short while, all kinds of special fighting techniques appeared in Qin Yuan’s mind.

His coordination and agility were also improving rapidly.

Qin Yuan felt that he was getting more and more familiar with the use of the special combat technique.

Combined with his body’s coordination, he should be powerful in combat now.

“Ding... Congratulations to the host for consuming 100000 skill points and obtaining advanced computer programming.”

“Ding! Congratulations to the host for using 50000 skill points to upgrade special fighting techniques to the intermediate level. Special fighting technique level has been upgraded to 8 times that of ordinary people.”

[Host: Qin Yuan]

[Position: Commander of Fierce Tiger Regiment's logistics company]

[Rank: Commander]

[Physique: 45 (10 for normal people)]

[Skills: Elementary Eagle Eye (1000 meters), elementary radar warning system (200 meters), intermediate special combat technique. (8 times the physical fitness of an ordinary person.) Advanced computer programming.]

Skill points: 5580 points.

At that moment, a series of computer programming codes suddenly appeared in Qin Yuan's mind.

The codes that he had never understood before were extremely clear at this moment.

Programming that he didn't understand before was now a piece of cake for him.

"Not bad! This is good stuff."

"This recommended item is a good thing, but the system is a bit of a scam..." Qin Yuan sighed.
