

Special Troop 221

Chapter 221: Dealing with the Medicinal Herbs Needed for Treatment!

Seeing that it was getting late, Qin Yuan wanted to go back and see how Fatty Zhang's mother was doing. Then, he had to go back to the army. Everything was urgent, so Qin Yuan had to go back and make arrangements!

“Alright! Then I'll get the driver to send you back!”

“Okay!”

Qin Yuan did not refuse. After all, Elder Hua lived a little far from the city. It would be fine for him to go back, but Elder Liao could not! Half an hour later, Qin Yuan and Elder Liao returned to the hospital!

“Elder Liao, aren't you going back tonight?”

Seeing that Elder Liao had also returned to the hospital, Qin Yuan asked curiously.

“I won't go back. I still have some things to do!”

He looked at Elder Liao's smile and then looked at the box that had appeared in Elder Liao's hand out of nowhere! Qin Yuan used his radar to scan the room. It was full of traditional Chinese medicine books. No wonder Elder Liao had been behind for so long. It turned out that he had gone to ask Elder Hua for these medical books!

“Alright then! I have to check on my auntie first! If you need anything, you can call me!”

Qin Yuan knew Elder Liao's talent in traditional Chinese medicine. Even with these medical books, there were still many things that he did not understand. This time, it was all thanks to Elder Liao that he was able to find these herbs so quickly. He was still here, so as long as he could answer Elder Liao's questions, he would do his best.

“Okay! You go ahead and do your work!”

Elder Liao's heart was filled with thoughts of going back to study these medical books. He had shamelessly asked Elder Hua for the Chinese medical books, and Elder Hua had generously given him a set of books on basic Chinese medical knowledge and some medical books on herbs!

“Sure!”

After saying that, Qin Yuan walked towards fatty's mother's ward. Under the effect of the physique strengthening fluid, Qin Yuan knew that fatty's mother was fine. However, he had been busy with the Chinese medicine exchange meeting for the past two days and had not come to visit.

Soon, Qin Yuan also walked to the door of the ward. At this time, Zhang Erhe was taking good care of her!

Dong dong dong!

Qin Yuan also knocked on the door softly.

“Come in!”

“Qin Yuan? Why are you here?”

Seeing Qin Yuan, Zhang Erhe was a little surprised!

“Uncle! I just finished my work and came over to see Auntie!”

Qin Yuan said with a smile. Looking at the condition of Fatty’s mother on the hospital bed, Qin Yuan was relieved!

As soon as he entered the door, Qin Yuan opened the system to scan the condition of Fatty’s mother’s body. Under the effect of the fluid, the various functions of her body were slowly recovering. He believed that she would wake up soon!

“Qin Yuan, how long will it take for your aunt to wake up?”

Zhang Erhe’s face was filled with worry. It had been two days since his wife had woken up!

“Auntie’s condition is very good. Her body’s various functions are also slowly recovering. She should be able to wake up soon!”

Hearing Qin Yuan’s words, Zhang Erhe heaved a sigh of relief. He knew Qin Yuan’s medical skills now. His wife was saved by Qin Yuan, so he was relieved when Qin Yuan said that.

“That’s good! However... auntie’s situation...In the future...”

As he spoke, Zhang Erhe’s face darkened.

“Don’t worry, Uncle. Auntie’s condition is very good. As long as she recuperates peacefully during this period of time, there won’t be any sequelae in the future!”

Looking at Zhang Erhe’s darkened expression, Qin Yuan knew what Zhang Erhe wanted to ask. If not for the fluid, in such a situation, even if she was alive, she might have spent the rest of her life in bed!

However, with the help of the liquid, this situation would not happen. Although the physique strengthening liquid was not as powerful as the vitality liquid, it was already very good!

One had to know that when Qin Yuan was injured, he could have been declared dead. His heart had long stopped beating. In the end, it was the system’s automatic protection mechanism that saved him!

Fortunately, Fatty’s mother was treated in time. Otherwise, even if Qin Yuan had the system, he would be helpless.

There was no Vitality liquid in the system store, so it seemed that there was no way to exchange for it.

“That’s good! Qin Yuan, thank you so much. If not for you, your aunt would have...”

Zhang Erhe was very grateful to Qin Yuan. If Qin Yuan had not saved his wife, perhaps he and his wife would have been separated forever! "Uncle, you don't have to be so polite! We are a family!"

Qin Yuan said softly.

"Yes! We're a family!"

Zhang Erhe's eyes were slightly red as he looked at Qin Yuan with gratitude.

"By the way, uncle, remember to brew the prescription I gave you on time for auntie to take. This way, she should be able to walk in less than three months!"

Qin Yuan reminded him again. Those prescriptions were specially formulated by Qin Yuan and were very helpful for the recovery of the body!

"Alright! I'll do as you say!"

"Qin Yuan, I'll leave my kid to you from now on!"

Zhang Erhe knew that his son was now in Qin Yuan's recruit company. This time, he had finally agreed to join the army. He was also very curious. In the past, he did not force Fatty Zhang and even if he was unwilling to go, there was nothing Zhang Erhe could do!

This time, a big reason for going was probably because of Qin Yuan. He also knew about what happened previously but he would not probe about fights!

As a child from a military family, he was actually beaten up. Zhang Erhe could not afford to lose face. Therefore, he had never asked about fights since he was young. As long as no one died, he would just let it be!

"I will. Da Jun is my brother. Uncle, don't worry!"

Ever since Fatty entered the recruit company, Qin Yuan had never given him any special treatment when it came to training and corporal punishment!

Qin Yuan would not give him preferential treatment just because he was his brother. Since he had chosen to be a soldier, he had to act like one!

"Good! With you around, I can rest assured!"

Zhang Erhe knew how outstanding Qin Yuan was. At this age, he already had such ability and strength. He would definitely go a long way in the future. He was very relieved that his son could follow Qin Yuan!

"Good! Since Uncle and Auntie are fine, I'll go back first. I have to return to the army tomorrow! "

Seeing that Fatty's mother was fine, Qin Yuan could go back and explain to Fatty. Otherwise, this kid would definitely be very affected. The Battle Wolf selection was about to begin, and he did not want Fatty to be affected!

"Okay! Then I'll send you back by helicopter tomorrow morning!"

Zhang Erhe also knew that Qin Yuan had been here for two days. Moreover, he had also heard that the 801st Division was going to undergo military reform. The Iron Fist Regiment happened to belong to the 801st Division, so as the company commander, Qin Yuan should have a lot of things to do!

“Alright, then I’ll have to trouble uncle!”

Qin Yuan nodded!

“You’re welcome. I don’t have anything to give you to thank you, but as long as you need my help, I’ll do my best!”

Although he knew that Qin Yuan did not need his help, Qin Yuan was also from the quad and had a much higher status in the army than him. Moreover, Qin Yuan was also very outstanding!

However, he did not have anything to give Qin Yuan for saving his wife’s life!

“Then I’ll go and rest first!”

“Yes! Call me when you get back tomorrow!”

“Okay!”

After saying that, Qin Yuan turned around and walked out of the ward to his lounge.

As soon as he left the ward, his cell phone rang. Qin Yuan looked at the incoming call and pressed the answer button!

“You’re good, kid! You’re back in N City yet you’re not planning to come home huh

As soon as the call was connected, a series of curses came from the other end of the line!

“Grandpa...I have to return to the army tomorrow. The matters in the army are waiting for me to deal with. I’ll let you scold me when I return next time!”

Qin Yuan shook his head helplessly. His grandfather really knew everything! Qin Yuan could never hide anything from him since he was little.

“When did you learn medicine? You’re quite good at hiding things from me!”

“I heard that you’ve already gone to look for Hua Zhongnan?”

Chapter 222: Saving Xiao Zhenwu! (Two Chapters Combined)

Old Master Qin never expected that Qin Yuan would actually know medicine. He had never heard of Qin Yuan learning medicine!

If he hadn’t called the Hua family, he would have been kept in the dark!

Originally, the first thing he thought of when Qin Yuan needed these herbs was the Hua family, so he called the Hua family. Coincidentally, he bumped into Hua Zhongnan who went home to find the herbs. In the end, he found out from Hua Zhongnan that the herbs he found were the same as the ones Qin Yuan needed, and then he found out that Qin Yuan actually knew Chinese medicine!

Elder Hua did not know that Old Master Qin did not know that Qin Yuan knew medicine, so he told Old Master Qin all about it!

“This... Grandpa... I met an old Chinese doctor before entering the military academy and later inherited it!”

“At that time, I was afraid that you would say that I was learning other things, so I didn’t dare to tell you!”

Hearing his grandfather mention Elder Hua’s name, Qin Yuan knew that his grandfather already knew that he knew medicine.

He had forgotten that his grandfather should also know someone from the Hua family. This was also something he didn’t think of!

“That’s right. You’ve grown up. You’re even keeping secrets from your grandfather!”

Though Grandfather Qin’s words carried a tone of reprimand, he was actually quite delighted. He learned from Hua Zhongnan that Qin Yuan’s attainments in traditional Chinese medicine were very good. He had even inherited the medical skills of Chinese traditional medicine!

Who didn’t want their descendants to be outstanding?

“Grandpa... I...”

Qin Yuan did not know how to explain!

“Alright! I know you have something to do. Go back and do what you’re doing!”

Old Qin did not blame Qin Yuan for hiding so many things from him. Because Qin Yuan had grown up and had the ability to handle things on his own, he did not want to discipline Qin Yuan too much!

Qin Yuan’s ability and strength in the army had indeed surprised him. Now, this kid had revealed such a big skill! As Qin Yuan’s grandfather, how could he not be happy!

One had to know that all of his old friends were envious of him for having an heir like Qin Yuan!

“Yes, sir!”

Qin Yuan replied loudly because he knew that his grandfather was not angry. If he was angry, he would not talk to him like this!

“By the way, I heard that you have a female officer friend in the army?”

After hearing his grandfather’s words, Qin Yuan knew who his grandfather was talking about. He was talking about him and Long Xiaoyun.

Qin Yuan was very helpless. Why did everyone think that he has something going on with Long Xiaoyun?

“Grandpa, she’s just a comrade! It’s not what you think!”

Qin Yuan immediately explained. If even his grandfather got the wrong idea, then Qin Yuan did not know what to say.

“I know. I’m just telling you that Xiaoxiao is a good girl. If I find out that you’ve betrayed her, don’t come back!”

Old Master Qin warned him. He also knew that Qin Yuan and Long Xiaoyun were going to start building Battle wolf next. They were only partners, but he had to remind Qin Yuan.

Although he also knew that Long Xiaoyun was not bad, Qin Yuan had already confirmed his relationship with Xiaoxiao. The Qin family would never allow their descendants to have such flirtatious thoughts!

“I know, Grandpa. I know very well who I have in my heart!”

Qin Yuan knew his own heart best. He had no feelings for Long Xiaoyun at all. Ever since he had Xiaoxiao, he would not let her down!

Besides, Long Xiaoyun was Leng Feng’s woman! But now the whole world thought that he had something going on with Long Xiaoyun!

“It’s good that you know! That’s it for now!”

After saying that, Old Master Qin hung up the phone. Qin Yuan felt very helpless after putting down his phone!

“Looks like I have to think of a way to recruit Leng Feng!”

Qin Yuan made up his mind. Once Xiao Zhenwu’s illness was cured, he would go to them directly!

Now that all the medicinal herbs to treat Xiao Zhenwu’s illness had been gathered, the next step was to treat Xiao Zhenwu!

Qin Yuan had already planned to exchange all his skill points for Physique Enhancement Liquid to preserve Xiao Zhenwu’s life before he could find all these herbs!

However, he did not expect that he would be able to find all of them so quickly, leaving him with these skill points! With these medicinal herbs, Xiao Zhenwu would be able to directly remove the cancer cells in his body and rely on the body fluid to restore his body functions. He believed that Xiao Zhenwu would be able to recover very soon!

Qin Yuan was also a little happy. If Kang Lei knew that Xiao Zhenwu could still stand in front of him in one piece, what would he think?

As he thought about it, Qin Yuan gave Miao Xiaoxiao a call. He had not contacted Miao Xiaoxiao for a long time, mainly because he was very busy in the army, and Xiaoxiao was also studying now! Therefore, they usually waited until they had time to contact each other!

However, Miao Xiaoxiao understood him very well. Every time she finished her work, she would leave a message for Qin Yuan, and Qin Yuan would do the same!

Their relationship was very deep and they understood each other, so there would not be any conflicts!

Just like that, the two of them chatted until the middle of the night before resting!

Early the next morning, Elder Hua called Qin Yuan directly.

“Qin Yuan, the medicinal herbs have been prepared.. Why don't I go with you today? I have some things to do in the next few days, so it depends if you have time!”

Chapter 223: Saving Xiao Zhenwu! (Two Chapters Combined)

As soon as the call was connected, Elder Hua asked Qin Yuan.

“Sure! Then let's go together today!”

Qin Yuan also felt that since he had found all the medicinal herbs, he would go and resolve this matter today! This way, he could put his mind at ease as soon as possible and focus on his own affairs.

“Alright then! I'll go and find you now!”

“Sure! I'm at the First People's Hospital!”

Qin Yuan also informed Elder Hua of his location. After all, Zhang Erhe had already prepared a helicopter to send him back to the army!

“Okay!”

After saying that, Elder Hua took the prepared herbs and rushed to the hospital where Qin Yuan was!

Soon, Qin Yuan walked to Elder Liao's office. At this moment, Elder Liao was studying the medical book and did not notice that someone had walked in!

“Elder Liao!”

Qin Yuan called out, but Qin Yuan's voice shocked Elder Liao, who was fully focused!

“Qin Yuan? Why are you here? It's only seven o'clock, right? Why don't you rest a little longer!”

Elder Liao calmed himself down and said to Qin Yuan.

“Elder Liao, I have to go back today. Elder Hua just called and said that he can come with me today. He's on his way to our place now!”

Seeing Elder Liao's condition, he probably didn't rest the whole day last night. They had agreed to call Elder Liao along, so Qin Yuan came to invite him over!

“Are you guys going today?”

Elder Liao was a little surprised when he heard Qin Yuan's words. They said that they were only going after a few days, so he stayed up all night last night to learn Chinese medicine.

“Yes, let's go today! Elder Hua has something on the next two days!”

Qin Yuan explained. He knew that Elder Liao had not slept the whole night so he felt a little bad for disturbing him.

“It’s fine. Let’s go then. It just so happens that I don’t have surgery today!”

Elder Liao was also very happy that he could witness this moment! This was a moment in history. There was a cure for cancer that had plagued the entire world!

“Okay! Then we’ll wait for Elder Hua to arrive before we leave!”

Qin Yuan smiled faintly. He originally thought that this day would take a long time. All of this was just a coincidence! If he hadn’t come here, he wouldn’t have met Elder Liao, and then Elder Hua!

Although he knew that his grandfather could also find these herbs for him, Qin Yuan knew that the price would be much higher. What his grandfathers were most afraid of was owing others a favor!

“Sure!”

About half an hour later.

Elder Hua met with Qin Yuan and Elder Liao!

“Qin Yuan, I really didn’t expect you to be Old Master Qin’s grandson! If it wasn’t for Old Master Qin calling the clan to ask us about the same medicinal herbs as yours, I wouldn’t have known!”

“If you had said earlier that you were Old Master Qin’s grandson, I would have known!”

“When you were very young, I treated you. At that time, you had a high fever.

In the end, Old Master Qin came to our house and I treated you.”

Elder Hua said excitedly when he saw Qin Yuan. Elder Hua knew that Qin Yuan came from a military family, but he did not expect Qin Yuan to be Old Master Qin’s grandson! Moreover, he had met Qin Yuan a long time ago!

“I rarely disclose my family background. I really didn’t expect this!”

Through the fusion of memories, Qin Yuan vaguely remembered that this had happened when he was young, but he did not expect that the person who treated him when he was young was Elder Hua!

“Haha! You guys are actually quite fated!”

Elder Liao did not expect Qin Yuan and Elder Hua to have such a connection! However, he knew that the “Old Master Qin” that Elder Hua mentioned was probably Qin Yuan’s grandfather, but he did not know about Qin Yuan’s grandfather’s deeds!

“That’s right! It seemed that all encounters were destined!”

Qin Yuan did not expect that they would meet each other after so many years!

“Let’s go treat the illness first! Let’s chat more in the future. The relationship between the two families is also very good!” Elder Hua said with a smile.

“Good! Then let’s go treat my comrade first!”

Qin Yuan knew that this was not the time to reminisce about the past. They’d better treat Xiao Zhenwu’s illness first!

“Sure!”

With that, Elder Hua and Elder Liao followed closely behind Qin Yuan and walked towards the helicopter!

An hour later, the helicopter stopped at the airport of the military headquarters!

After Qin Yuan and the others exited the plane, they walked toward Xiao Zhenwu’s ward!

A few minutes later, Qin Yuan and the elders walked into Xiao Zhenwu’s ward. Xiao Zhenwu’s complexion was obviously much better under the effect of the physique strengthening fluid, but his condition was still very serious!

“Company Commander Qin? Didn’t you go back to the army? Why are you back?”

“Who are these two?”

Seeing Qin Yuan walk in with two white-haired old men in their sixties and asked curiously!

“This is Elder Hua! He was a very powerful Chinese medicine master!” “This is Elder Liao, a very powerful Western medicine expert!”

“They are all masters of Chinese and Western medicine who came to treat you with me. Your illness will be cured!”

Qin Yuan introduced them to Xiao Zhenwu one by one.

“Company Commander Qin? You... You mean you can treat it now?”

Hearing Qin Yuan’s words, Xiao Zhenwu was very excited. He did not expect Qin Yuan to bring a doctor over today, he told him that his illness could be treated just two days ago!

At first, he did not believe it. After all, he had cancer. It was not an ordinary illness. Cancer was an incurable disease!

However, the liquid that Qin Yuan gave him later seemed to be a type of

Chinese medicine. The effect was obvious. Although he did not get better in the past two days, at least he did not feel any pain. That feeling was not something that sedatives and painkillers could compare to!

He could not tell what that feeling was, but at that moment, he believed Qin Yuan’s words!

“Yes! I’m here today to get rid of your cancer cells. This process may be very painful, but getting through it will give you a chance to live. Are you ready?”

Qin Yuan asked again. Qin Yuan knew that this process was very painful. The confrontation between these rare herbs and cancer cells was equivalent to a battlefield between them. The battle would directly start in Xiao Zhenwu's body!

“I'm ready!”

Xiao Zhenwu's eyes were slightly red. He had been looking forward to this moment for a long time, until the last moment of despair. However, after meeting Qin Yuan, he had given him hope again. Moreover, now was the moment to witness hope. Xiao Zhenwu's heart was uneasy. He did not know if he would be disappointed this time.

But no matter what, he had to give it a try. If not for Qin Yuan, he would have died long ago. He had endured the pain many times in the past, so why would he be afraid this time?

When Elder Hua saw Xiao Zhenwu, he was a little surprised. Looking at Xiao Zhenwu's expression, it was obvious that he was plagued by many types of cancer, and they were all in the late stages. However, he could faintly feel that his body functions were recovering!

Elder Hua did not know that this was completely maintained by the physique enhancement fluid. If not for Qin Yuan's liquid, Xiao Zhenwu would have died!

“This situation...”

Elder Liao, who was at the side, also noticed this situation. From the perspective of Western medicine, Xiao Zhenwu was already beyond saving. However, from the look on his face, it seemed that his body's functions were gradually recovering. He had never seen such a situation in his many years as a Western medicine practitioner!

“I used some Chinese medicine to keep him alive!”

Seeing the expressions on Elder Hua and Elder Liao's faces, Qin Yuan knew what they were thinking!

“I see! ”

Hearing Qin Yuan's explanation, Elder Liao was relieved. After all, Qin Yuan practiced Chinese medicine. Although he did not know much about Chinese medicine, he knew Qin Yuan's medical skills very well!

However, Elder Hua was different. He was the most knowledgeable about traditional Chinese medicine. In the past, he did not dare to say anything, but now, even if Qin Yuan gave him the pharmacopeias, other than the medicines recorded in the pharmacopeias, there were no other medicines that could treat late-stage cancer patients!

Moreover, Xiao Zhenwu's situation was obviously a battle between cancer cells and a certain kind of hot energy flow. Therefore, Qin Yuan's medical skills should allow him to create a personalized prescription..

Chapter 224: Witnessing a Historical Moment! (Two Chapters Combined)

“Then... let's begin!”

Qin Yuan knew that this process would be very painful, but Xiao Zhenwu could only endure it.

Once the medicinal effects of these herbs were guided into Xiao Zhenwu's body through the Taiyi Divine Acupuncture Technique, his body would become a battlefield! These medicinal herbs would immediately counteract the cancer cells, and the cancer cells would also resist the medicinal effects of these medicinal herbs!

Therefore, as the owner of the body, Xiao Zhenwu would be in great pain! Qin Yuan could not help him with this because no external factors could interfere in this situation, so Qin Yuan could not relieve Xiao Zhenwu's pain!

“Come on! Company Commander Qin!”

Xiao Zhenwu's gaze was firm. This was his only chance. No matter what kind of pain he had to experience, he had to endure it because he had to live.

“Fourth Company Commander! I'll start treating you now. It's going to be difficult from now on. You'll have to rely on yourself!” Qin Yuan reminded again.

“I'm fine! Company Commander Qin, I can do it!”

Hearing Xiao Zhenwu's words, Qin Yuan knew that Xiao Zhenwu had that kind of perseverance. From the fact that he had not taken sedatives or painkillers after he fell ill, it could be seen how strong Xiao Zhenwu's willpower was!

“Qin Yuan, is there anything we need to do during this process?”

Elder Liao, who was at the side, immediately asked. Although he did not know how Qin Yuan should treat him, he wanted to help Qin Yuan with something!

“Elder Liao! I'll have to trouble you to keep an eye on my comrade!”

Qin Yuan did not refuse. He still had to concentrate on treating Xiao Zhenwu later, so it was good to have Elder Liao at his side to stabilize Xiao Zhenwu!

“Okay!”

As he spoke, Elder Liao walked to Xiao Zhenwu's bedside and helped Xiao Zhenwu take off all his clothes!

“Elder Hua! Where are those herbs?”

Qin Yuan walked to Elder Hua's side and asked. Qin Yuan had to first crush these herbs and refine them!

To perform the Taiyi Divine Acupuncture Technique, the silver needles needed to be soaked in the medicinal liquid of these medicinal herbs so that the silver needles could absorb the medicinal properties. This process also required a certain amount of time!

“Do you need me to help you with it?”

As he spoke, Elder Hua took out a medicine box and said to Qin Yuan. Elder Hua knew that Qin Yuan was going to start refining these herbs, so he offered to help!

“Alright! Then I’ll have to trouble you!”

Qin Yuan was very grateful to Elder Hua. Now, he had to carefully observe the situation in Xiao Zhenwu’s body. He had to guide these medicinal fluids into every acupuncture point of Xiao Zhenwu and then separate the cancer cells for treatment!

Therefore, at this time, he needed to pay special attention to the specific situation in Xiao Zhenwu’s body!

Qin Yuan turned on the system and kept scanning Xiao Zhenwu’s body. Looking at the situation in Xiao Zhenwu’s body, Qin Yuan gasped because the efficacy of the physique enhancement liquid was slowly being eroded by the cancer cells. Qin Yuan had not expected this situation in advance.

If he had come a little later, perhaps even the liquid would not have been able to preserve Xiao Zhenwu’s life. This was because the cancer cells would actually slowly mutate and gradually ignore the effect of the liquid!

Qin Yuan was shocked by this situation. Fortunately, he did not delay this matter this time. Otherwise, Xiao Zhenwu would have lost his life!

“Qin Yuan, it’s all ready. I’ve already crushed every medicinal herb! You can do the specific concoction yourself!”

Half an hour later, Elder Hua also walked to Qin Yuan’s side and said. He could not help Qin Yuan with the rest of the matter, so he could only leave it to Qin Yuan to handle!

Although there were procedures in Qin Yuan’s pharmacopeias, Elder Hua had not studied it himself, so it was better to leave it to Qin Yuan!

“Alright! Leave the rest to me! Thank you for your hard work, Elder Hua!”

As Qin Yuan spoke, he also took the medicinal herbs that Elder Hua had crushed and took out a stack of silver needles from his pocket!

Qin Yuan took them off one by one and placed them all in the high-temperature hot water at the side. Traditional Chinese medicine was different from Western medicine. The best way to disinfect silver needles was to use high-temperature hot water!

Then, he began to refine it step by step according to the process. The Tianshan Snow Lotus was the drug primer, so Qin Yuan put it aside!

Ten minutes later, Qin Yuan put all the disinfected silver needles into the prepared medicinal solution and soaked them. This process also took about 20 minutes!

Elder Hua, who was at the side, was also paying attention to every step of Qin Yuan’s. This was a practical lesson, so he was very serious about learning Qin Yuan’s method!

“Elder Hua! You must study this Taiyi Divine Acupuncture Technique carefully.

I will also give you a copy of my training experience later!”

Qin Yuan seemed to have thought of something, so he said to Elder Hua.

The Taiyi Divine Acupuncture Technique was very important to traditional Chinese medicine because there were many places and acupoints that needed silver needles to guide them. It was impossible to achieve that effect just by taking medicine!

“Okay! I will practice hard!”

Elder Hua knew what Qin Yuan was trying to say. Chinese medicine and Western medicine were different. Western medicine has a scalpel, while Chinese medicine has a silver needle!

Therefore, traditional Chinese medicine needed the assistance of silver needles to treat many diseases, and the Taiyi Divine Acupuncture Technique was a divine technique in acupuncture. He understood what Qin Yuan was saying!

“Good! Then let’s begin!”

Qin Yuan saw that the silver needles were about to be ready, so he collected them one by one and walked to Xiao Zhenwu’s side!

“Fourth Company Commander, I’m starting now!”

Chapter 225: Witnessing a Historical Moment! (Two Chapters Combined)

Qin Yuan informed Xiao Zhenwu so that Xiao Zhenwu could be mentally prepared!

“I’m ready. Company Commander Qin, you can treat me without worry!”

Xiao Zhenwu took a deep breath and slowly said to Qin Yuan.

“Good! Elder Liao, please make sure to keep him stable!”

Qin Yuan instructed Elder Liao again. During the treatment, he had to continuously perform acupuncture on Xiao Zhenwu. He could not stop for a moment. Qin Yuan planned to not give the cancer cells any chance to counterattack and try his best to relieve Xiao Zhenwu’s pain!

“Yes! Don’t worry!”

Elder Liao nodded!

“Fourth Company Commander, drink this first!”

As he spoke, Qin Yuan handed the Tianshan Snow Lotus juice to Xiao Zhenwu. This was the most important drug primer. As long as Xiao Zhenwu took it, he could temporarily separate the cancer cells attached to all his organs. Then, Qin Yuan had to quickly use the silver needles soaked in the medicinal liquid to immediately guide it into Xiao Zhenwu’s body!

Then, he would force the cancer cells out of his body through the silver needles!

“Okay!”

As he spoke, Xiao Zhenwu also took the medicinal liquid that Qin Yuan handed over and drank it!

In an instant, Xiao Zhenwu felt a violent heat flow into his body. This feeling was like drinking white wine with a temperature of 50 degrees Celsius. However, this heat was even more intense than alcohol. In a short while, he felt this heat flow covering every corner of his body!

Gradually, Xiao Zhenwu's face twisted as a sharp pain went straight to his brain. He did not expect the pain to be so intense. He could not help but scream and his entire body gradually leaned back. Fortunately, Elder Liao was at the side to stabilize him!

Not long after, Xiao Zhenwu's consciousness gradually blurred and he was close to fainting!

Qin Yuan did not stop. He immediately picked up the silver needles and quickly pierced Xiao Zhenwu's acupoints. From Xiao Zhenwu's head to his feet, his entire body was filled with silver needles until all 108 acupoints on his body were filled!

Elder Hua was not the only one who was shocked by this scene. Even Elder Liao, who did not know much about Chinese medicine, was dumbfounded!

Qin Yuan's acupuncture technique was really amazing. In just a few seconds, Qin Yuan had finished inserting all 108 silver needles!

At this moment, Old Hua finally understood why Qin Yuan had said that he had to practice the Taiyi Divine acupuncture technique properly!

In such a short period of time, he had to insert all 108 silver needles, and he had to do it accurately! Even Elder Hua, who had been a doctor for decades, could not achieve Qin Yuan's speed!

Qin Yuan's Taiyi Divine acupuncture technique had already reached the point of perfection!

The intense pain had already caused Xiao Zhenwu to faint. Then, he was awakened by the pain. This process continued!

Even Elder Liao, who was at the side, was shocked by this situation. He could feel Xiao Zhenwu's entire body trembling violently!

"Qin Yuan, he... is he alright?"

Elder Liao looked at Xiao Zhenwu, who was repeatedly fainting and asked Qin Yuan worriedly. He knew what kind of pain Xiao Zhenwu was suffering now.

"It's alright! This is normal. Now, the drug is fighting against the cancer cells in his body! We can't help him in this process!"

Qin Yuan also knew the pain that Xiao Zhenwu was suffering now, but this was a path that he had to take! Seeing that the silver needle was gradually turning black, Qin Yuan heaved a sigh of relief!

It seemed that the drug was starting to take effect. The cancer cells were slowly being expelled from his body!

Elder Hua also noticed this scene. The silver needles on Xiao Zhenwu's body were gradually turning black! As a traditional Chinese medicine practitioner, he also knew that Qin Yuan was effective in treating cancer!

Xiao Zhenwu's body was still trembling non-stop. His entire body was covered in sweat. He fainted again and again and woke up again and again!

Looking at Xiao Zhenwu on the hospital bed, Elder Hua felt a little heartache. This was the first time he had experienced such a situation in his many years of medical practice.

“Qin Yuan, are those silver needles that have begun to turn black the cancer cells that have been forced out of your body?”

Elder Hua also immediately asked Qin Yuan. If he had not seen the treatment of cancer with his own eyes, he would not have imagined that the process would be like this!

“Yes! His condition is very stable now. What he is going through next would be a very long process, and he would have to endure this pain the whole time!”

Qin Yuan stretched a little and explained. It had taken him a lot of effort just now because it was very tiring to finish applying 108 silver needles in such a short period of time!

“Elder Hua! Elder Liao! You guys have worked hard this time!”

Seeing that Xiao Zhenwu’s condition was gradually stabilizing, Qin Yuan heaved a sigh of relief.

“We’re fine! We didn’t do anything!”

Elder Hua said softly. They had come this time to see how Qin Yuan treated his terminal illness. They had not been of much help!

“This time, I’m here to witness this historic moment! I really didn’t expect

Chinese medicine to have a way to treat cancer long ago. However, the acupuncture technique you just used was really amazing! ”

As a Western doctor, Elder Liao found it hard to imagine that Chinese medicine was so powerful. Although he was not very clear about Xiao Zhenwu’s current situation, he could see that Xiao Zhenwu’s waking up and fainting frequency was decreasing, and his complexion was obviously much better than before!

“The things left behind by our ancestors are treasures that they left behind for future generations!”

“Our descendants can’t let their hard work be buried in the long river of history!”

Qin Yuan sighed softly. If he had not obtained this traditional Chinese medicine inheritance from the system, perhaps Xiao Zhenwu’s illness would have been difficult to treat! Moreover, the painstaking efforts of the Chinese medicine ancestors would also be drowned out by history!

Elder Hua nodded when he heard Qin Yuan’s words. Qin Yuan was right. This was what he had been pursuing all his life! In order to promote Chinese medicine, he endured decades of pressure and ridicule.

In an era where Chinese medicine was declining and Western medicine was popular, as a Chinese medicine practitioner, his responsibility was to revive Chinese medicine. He wanted to let the world know that Chinese medicine is not weak and that Chinese medicine is also a shining presence!

Pff...

At this moment, Xiao Zhenwu directly spat out a large mouthful of black blood, accompanied by waves of stench!

“Qin Yuan...This...”

Seeing this situation, Elder Liao could not help but worry!

“It’s fine. These are all cancer cells that were rejected! After spitting out the blood, he would feel relieved!”

Qin Yuan had been paying attention to Xiao Zhenwu’s condition at all times.

When he saw the mouthful of black blood, Qin Yuan heaved a sigh of relief! This meant that Xiao Zhenwu’s cancer cells had gradually been replaced by the effects of the drug!

Qin Yuan also opened the system to scan Xiao Zhenwu’s body. It was obvious that the black substance in Xiao Zhenwu’s body was gradually decreasing!

Xiao Zhenwu was in a state of dizziness!

“Qin Yuan...How long will this process take?”

Elder Hua also asked Qin Yuan curiously. After all, this was a practical class that was very important to him. He had to grasp every detail!

“His condition is already at the most serious. Usually, if it was discovered early, he should be able to expel all the cancer cells from his body in half an hour.

However, he will be very weak and will need to recover in bed for a long time!”

“My comrade’s condition is a little special. It should take about three hours for all the cancer cells in his body to be expelled! As for when he would wake up...It’s up to him!”

Qin Yuan explained this to Elder Hua. After all, he had the system’s assistance, so it was different for Elder Hua and the others. Elder Hua did not have it!

Therefore, Qin Yuan patiently explained it to Elder Hua. This would be of great help to Elder Hua!

“This is unbelievable! In this life...To be able to witness this historic moment, I’m already content!”

When Elder Liao heard Qin Yuan’s words, he was very excited. Xiao Zhenwu’s current condition was clearly improving.. This cancer that had plagued the world’s medical world had actually been broken through by Chinese medicine!

Chapter 226: The First Group of Battle Wolf Members

Elder Hua was very excited. Before he met Qin Yuan, he did not believe that this was true!

“Qin Yuan, it’s a waste of your talent not to be in the medical field!”

Elder Hua felt a little regretful about this. With Qin Yuan’s attainments in traditional Chinese medicine, if he were to develop in medicine, his future would definitely be bright!

“Elder Hua! I still have you guys!”

Qin Yuan did not have such thoughts about being in the medical field. If it were not for the fact that the medical skills he obtained by coincidence were the inheritance of traditional Chinese medicine, and Xiao Zhenwu had cancer, he might not have known Elder Hua and the others!

“That’s true, but we’re all old. We’ll have to rely on you youngsters in the future!”

Elder Hua knew that at his age, he could only work hard on the path of traditional Chinese medicine for a few more years. In the future, the heavy responsibility of promoting traditional Chinese medicine would still be on Qin Yuan and the other young people!

“Yes! We are indeed old. If I were ten years younger, I would definitely work hard to learn Chinese medicine!”

Elder Liao nodded and said. Elder Hua was right. They were already over 50 years old and did not have much more time in the medical field!

“Elder Hua, you must remember to pass on the Pharmacopeias and Taiyi Divine Acupuncture technique that I have given you to those who are kind-hearted doctors! ”

“My heart is in the army, so... I hope you can understand, Elder Hua!”

Qin Yuan also knew what Elder Hua was thinking, but Qin Yuan knew in his heart that the army was his home!

As for the future of Chinese medicine, it was left to the benevolent doctors to carry forward and continue the legacy of Chinese medicine!

“Then...Alright! Whether it is in the medical field or the military, we’re all serving the people!”

“I will continue to pass down the legacy of Chinese medicine! China’s traditional Chinese medicine is expected to return to its peak. All of this is thanks to you!”

Hearing Qin Yuan’s words, Elder Hua understood that Qin Yuan’s thoughts were all in the army, so he did not say anything else!

“This is what I should do!”

“Oh right, Elder Hua, Elder Liao! As for the treatment of cancer, I hope you can keep it a secret for me!”

Qin Yuan did not want too many people to know that he was the one who had broken through cancer! He called Elder Hua and the others here because he wanted to demonstrate to Elder Hua and also because he wanted to push the responsibility of treating cancer to Elder Hua and Elder Liao!

“Don’t worry! We know you don’t want to be famous, so let’s just keep this to ourselves! As for the fact that Chinese medicine can treat cancer, I’ll announce it to the public after I can treat cancer! ”

Elder Hua understood what Qin Yuan was worried about. Moreover, Qin Yuan did not care about fame and fortune! And this news that could shake the entire medical world was announced to the entire world at the right time! “If... If only I could have learned Chinese medicine in the past!”

Elder Liao was a little regretful. To be honest, it was indeed a little slow to learn things at this age. After so long, he had not even understood some medical theories of Chinese medicine!

“It’s fine. Elder Liao, it’s not too late for you to learn now. Besides, Elder Hua is here. If you have any questions that you don’t understand, I’m sure Elder Hua will be happy to teach you!”

Seeing that Elder Liao was a little lonely, Qin Yuan also comforted him. He knew Elder Liao’s love for Chinese medicine, but he had no choice!

Traditional Chinese medicine had been severely suppressed in the past hundred years. Therefore, other than people like Elder Hua who were in the world of traditional Chinese medicine, many people in Elder Liao’s generation had no place to learn traditional Chinese medicine!

“Elder Liao, if you have nothing to do, you can come to my place more often!

It’s not too late to learn Chinese medicine now. Whether it’s Chinese or

Western medicine, my goal is to save patients!”

Elder Hua could understand Elder Liao’s helplessness. Fortunately, it only affected his generation. Now that the country was strongly supporting the development of Chinese medicine, coupled with Qin Yuan’s inheritance, the future generations of China would definitely not be like his generation! “Good! Then Elder Hua, I hope you don’t think that I’m always bothering you!”

Elder Liao nodded and smiled.

“What are you talking about? You’re welcome to come anytime!”

Elder Hua burst into laughter! He was also quite happy today. Not only did he see Qin Yuan treat cancer, but Chinese medicine would still stand at the top of the world in the future!

“Qin Yuan, then we’ll go back first. You probably don’t need our help here anymore!”

Xiao Zhenwu’s cancer cells had already been forced out of his body by Qin Yuan. What was left was a long period of recovery! The matter here could be considered to have come to an end!

“Here is my personal experience in practicing the Taiyi Divine acupuncture technique. I hope it can be helpful to you!”

Saying that, Qin Yuan handed over his insights on practicing the Taiyi Divine acupuncture technique.

Not everyone could learn the Taiyi Divine Acupuncture Technique because the requirements were very strict. Without more than ten years of acupuncture, it was impossible to achieve the skills in the Taiyi Divine Acupuncture Technique!

Moreover, one's state of mind must not be affected by the outside world. Therefore, people whose state of mind had not been sublimated could not learn it at all. But your current state of mind, Elder Hua, aligns well with the requirements for practice!"

"Thank you, Qin Yuan!"

Looking at the notes Qin Yuan handed over, Elder Hua was a little excited. Just now, when Qin Yuan used the Taiyi Divine Acupuncture Technique, he was already very envious of Qin Yuan's speed!

With Qin Yuan's speed, if he were to study and practice on his own, it might take him a few more years to do it.. However, with Qin Yuan's practice notes, it was different!

Chapter 227: The First Group of Battle Wolf Members

Elder Hua was very grateful that Qin Yuan could give him the practice notes. This would allow him to learn the Taiyi Divine acupuncture technique with half the effort!

"You're welcome. Fortunately, Elder Hua and Elder Liao accompanied me!"

Qin Yuan revealed a faint smile on his face. Xiao Zhenwu's illness had been resolved, and the stone in his heart could be put down!

This way, he could leave the Iron Fist Group with ease. What followed was another unknown journey. Qin Yuan's heart was also filled with anticipation!

"Elder Liao, I don't have anything to give you and can only trouble you to come along to watch!"

Qin Yuan was very grateful to Elder Liao. If not for him, Qin Yuan might not have been able to resolve this matter so quickly!

"It's fine. I'm also lucky to be able to witness this moment. Then we'll go back first! Come to my place if you have time!"

Elder Liao also smiled and replied. He was already very satisfied to be able to witness the moment when cancer was treated!

"Good! Elder Hua, Elder Liao, I'll arrange for someone to send you back now!"

"I won't send you guys off!"

"Good! I'll see you next time, Qin Yuan!"

After saying that, Qin Yuan brought Elder Hua and Elder Liao out of the ward. After arranging a helicopter to send Elder Hua and the others back, Qin Yuan returned to Xiao Zhenwu's ward!

"Finally resolved! The Regiment commander would definitely like this surprise!"

Looking at Xiao Zhenwu who was lying quietly on the bed, Qin Yuan smiled!

Now, all he had to do was wait for the drugs to slowly expel the cancer cells from his body. Then, he would use the physique enhancement liquid to slowly restore Xiao Zhenwu's organs and various functions!

A few minutes later, Qin Yuan left the ward and picked up his phone to call Gong Jian!

“Company Commander Qin! Are you still in N City?”

Gong Jian's voice was heard as soon as the call was connected.

“I'm with the fourth company commander now! Do you want to come over?”

“What is it? You're back already? You're with Old Xiao now?”

Gong Jian was a little surprised to hear that Qin Yuan had returned. He knew that Qin Yuan and Fatty Zhang had returned to N City together, but Fatty Zhang was sent back very quickly, and Qin Yuan was still in N City!

Gong Jian did not expect Qin Yuan to be with Xiao Zhenwu now!

“I came back today, and the fourth company commander is fine!”

Qin Yuan replied indifferently.

“What is it? Company Commander Qin. You mean...Old Xiao. Old Xiao can be saved?”

Gong Jian couldn't remain calm after hearing this news! He knew that Xiao Zhenwu had cancer. Although Qin Yuan had said that he wanted to save Xiao Zhenwu, Gong Jian did not expect that it would be so fast!

“Yes!”

Qin Yuan had long expected Gong Jian's surprise!

“I... I'll go over now. Should he inform the regiment commander? If Old Xiao was saved, he would definitely be very excited!”

After getting Qin Yuan's confirmation, Gong Jian was so excited that he immediately stood up from his office chair!

Gong Jian knew how shocking the news of Xiao Zhenwu being saved was. If his regiment commander Kang Lei knew about this, he would be pleasantly surprised!

Ever since Kang Lei found out about Xiao Zhenwu's illness, Kang Lei had been in a state of sadness. Then, he searched the entire world for a cure for Xiao Zhenwu!

Xiao Zhenwu was a soldier that he had brought up with his own hands. Before

Qin Yuan came, he was also the best soldier in the Iron Fist Regiment. Xiao Zhenwu was like the regiment commander's child, carrying too much hope for Kang Lei!

“Come over first! When the time comes, let the fourth company commander go and see him himself!”

Qin Yuan also knew Kang Lei's feelings for Xiao Zhenwu so Qin Yuan wanted to leave a surprise for Kang Lei. This time, the formation of Battle wolf would take away too many soldiers from the Iron Fist Regiment!

Qin Yuan understood Kang Lei's support and help very well, so he also wanted to give Kang Lei a surprise before he left! "Alright. Alright. I'm going over now!"

"Good!"

With that, Gong Jian hung up the phone and immediately rushed over to Qin Yuan's place. This news really made him too excited!

An hour later, Gong Jian got off the helicopter and rushed to Xiao Zhenwu's ward!

"Company Commander Qin! "

As soon as they arrived at Xiao Zhenwu's ward, they saw Qin Yuan standing outside the door!

"You're here!"

Seeing Gong Jian's excited look, Qin Yuan smiled and said!

"Old Xiao, he...Is he really alright?"

Gong Jian still couldn't believe it. In such a short period of time, Qin Yuan really cured Xiao Zhenwu!

"I'm really fine! The cancer cells in his body had already been expelled, and the doctor who treated him had just gone back!"

"The next step is to recover for a period of time!"

Qin Yuan also smiled and nodded. Although Qin Yuan knew that Gong Jian knew that he was going to treat Xiao Zhenwu, he did not plan to tell Gong Jian that he was the one who was going to treat Xiao Zhenwu!

Gong Jian also looked at Xiao Zhenwu through the window. He was very excited when he saw Xiao Zhenwu lying quietly on the hospital bed!

"Company Commander Qin, how long will it take for Old Xiao to wake up?"

"He can only depend on himself now!"

Now that Xiao Zhenwu had gone through this ordeal, his consciousness was also very weak. At this stage, it depended on how strong his willpower was. If he could wake up soon, it would take him at least a few days!

"Company Commander Qin, Old Xiao's illness must have cost a lot!"

Gong Jian asked in a low voice after calming himself down.

Cancer was an incurable disease, and he had never heard of a cure for cancer.

From the moment Qin Yuan said that he would save Xiao Zhenwu, he relied on Qin Yuan the most because he knew that Qin Yuan would not lie!

He really did not expect Qin Yuan to break his understanding again. However, Gong Jian also knew that even if Qin Yuan could save Xiao Zhenwu, the price would be very high!

“We’re all brothers. Why are you saying this?”

Qin Yuan also knew what Gong Jian was thinking. Fortunately, he met Elder Hua. Otherwise, the price would have been quite high! Just the Tianshan Snow Lotus alone cost 10,000,000 Skill Points!

If he had to find or exchange it himself, the price would be extremely high!

“Company Commander Qin, I thank you on behalf of Old Xiao. I know that the price of this illness must not be simple, but there’s nothing I can do to repay you!”

After hearing Qin Yuan’s words, Gong Jian was also very gratified. Qin Yuan treated them all as his brothers! Even though Old Xiao had only met him a few times, Gong Jian knew that in Qin Yuan’s heart, they were all brothers!

“Instructor Gong, let’s not talk about this. We should be happy that the fourth company commander is fine!”

Qin Yuan comforted Gong Jian a little. He was also afraid that Gong Jian would always feel guilty!

“Oh right, how are the new recruits doing?”

Qin Yuan changed the topic. Otherwise, it would not be a good idea to keep talking about this problem!

“These two days have been pretty good. After Da Jun returned, he trained with all their might. I even forgot to ask about his mother... she should be fine now, right?”

Gong Jian only found out about Fatty Zhang’s identity from Kang Lei. He didn’t expect Fatty Zhang’s father to be the Chief of Staff of the Border Military Region!

“It’s okay. I forgot to tell this kid when I came back. But it’s fine, it gives him a chance to train himself properly!”

Only then did Qin Yuan realize that he had forgotten to tell Fatty about his mother’s situation. According to Gong Jian, it seemed that Zhang Erhe did not tell Fatty Zhang about this news!

Just as the two of them were still chatting, Qin Yuan’s phone rang! Looking at the caller ID, Qin Yuan pressed the answer button!

“Where are you?”

Long Xiaoyun’s cold voice came from the other end of the phone.

“Military headquarters! ”

“You’re in the military headquarters? I came to the recruit company to look for you, but the soldiers said that you had something to do and left? What happened?”

Hearing that Qin Yuan was in the military headquarters, Long Xiaoyun was also a little curious as to why Qin Yuan went there. Didn't he just come back from seeing Xiao Zhenwu?

“Why are you looking for me?”

Qin Yuan was also a little curious why Long Xiaoyun was looking for him! “What? Can't I look for you for no reason?”

Hearing Qin Yuan's question, Long Xiaoyun was also a little angry. Did she have to look for him for something?

“The first batch of Battle wolf members has been amounted.. I've already sent it to you!”

Chapter 228: I'll Talk to the Regiment Commander About Your Request!(Two Chapters Combined)

Long Xiaoyun hung up the phone after saying that. If it wasn't for the fact that she wasn't too sure, she wouldn't have discussed it with Qin Yuan! After all, she had to admit that Qin Yuan was very capable in selecting and training soldiers.

“Long Xiaoyun's personality is really weird!”

Seeing that Long Xiaoyun had hung up the phone, Qin Yuan shook his head helplessly! With this personality, how did Leng Feng fall for her!

Qin Yuan muttered in his heart, so he saw a list of names uploaded to his phone!

This list was almost filled with the names of their logistics company's members, and Gong Jian's name was also included!

The first batch of Battle wolf members were all from the logistics company. This meant that the members of the logistics company did not need to participate in any selection!

Qin Yuan was very happy in his heart. His dream back then had finally come true. The thing he had promised those guys in the logistics department back then could be considered to have been completed!

“Company Commander Qin, what made you so happy?”

Looking at Qin Yuan's smile, Gong Jian was also a little curious about Qin Yuan's reaction after answering the phone!

“This... You'll be as happy as me later!”

Qin Yuan did not tell Gong Jian that his name was also on Battle wolf's name list. Moreover, Gong Jian was the instructor of Battle wolf's First Battalion! Qin Yuan knew that the military would directly give Gong Jian a transfer order in a few days!

“Later?”

Hearing Qin Yuan's words, Gong Jian was a little curious about what Qin Yuan was trying to do!

“Yes, it's a good thing!”

“Let’s go! Let’s go in and see how the fourth company commander is doing!”

Qin Yuan also changed the topic. He would save this surprise for the moment Gong Jian saw the transfer order!

“Alright then!”

Gong Jian saw that Qin Yuan did not intend to say anything, so he did not continue to ask. However, he was still a little curious about what Qin Yuan was talking about. However, Qin Yuan had also said that he would know in a few days, so he would just wait!

As he spoke, Qin Yuan opened the door of Xiao Zhenwu’s ward and walked in!

At this time, Xiao Zhenwu’s condition had gradually stabilized. All the silver needles on his body had already turned black, and the silver needles were covered with some black substance, emitting a stench!

These black substances should be the cancer cells that were rejected by Xiao Zhenwu’s body.

“Company Commander Qin! What were these black things? Moreover, the smell was indeed too strong!”

Gong Jian asked curiously when he saw the situation. He did not expect Xiao Zhenwu’s body to expel so much black substance, and a strong smell assaulted his senses!

“These are the cancer cells in his body. Instructor Gong, go get some hot water.

We’ll clean up the Fourth Company Commander later!”

Qin Yuan also said to Gong Jian. Qin Yuan did not expect Xiao Zhenwu’s body to expel so many cancer cells!

“Good!”

After saying that, Gong Jian walked out.

After Gong Jian left, Qin Yuan walked to Xiao Zhenwu’s side and pulled out the silver needles that were stuck in Xiao Zhenwu’s body.

Qin Yuan opened the system and scanned Xiao Zhenwu’s condition. Now, all the black substances in Xiao Zhenwu’s body had been expelled! However, his internal condition was indeed severely damaged. Many organs had lost their functions. Fortunately, the medicine was still gradually repairing his internal condition!

After Qin Yuan collected all the silver needles, he gave Xiao Zhenwu the physique enhancement liquid! In addition to the recovery effect of the liquid, he believed that Xiao Zhenwu’s condition would improve even faster!

Soon, Gong Jian came in with two buckets of hot water and started to clean Xiao Zhenwu’s body!

“Old Xiao! I won’t be happy if you don’t treat us to a drink when you’re better!”

Gong Jian also said with a smile. His two noses were stuffed with cotton, but he still couldn't suppress the stench!

Qin Yuan handled the stench better.

"Company Commander Qin, I really don't know how to thank you enough this time!"

Gong Jian looked at Qin Yuan and felt grateful. Xiao Zhenwu was alive because of Qin Yuan!

"Alright, we're all brothers, so don't be so sentimental!"

Qin Yuan also smiled. He did not expect that he could save Xiao Zhenwu, and he was very happy!

"In the future, if there's anything, you must call me. I'll be the first to help!"

"After meeting you, you simply broke all my understanding. Tell me... How can there be someone as outstanding as you!"

Gong Jian also replied with a smile. He had known Qin Yuan for a long time, but the feeling that Qin Yuan gave him was that he could not guess, be it in terms of strength or ability!

In addition, Gong Jian had only thought that Qin Yuan had such a plan in the beginning, but he did not expect Qin Yuan to really do it. Regardless of whether Qin Yuan treated Xiao Zhenwu himself or the doctor Qin Yuan found, Xiao Zhenwu was saved by Qin Yuan!

He had never heard of any medical science in this world that could cure cancer!

"Because I'm handsome!"

Qin Yuan spread his hands and answered Gong Jian with a smile. He did not know how to explain Gong Jian's doubts anyway!

"Forget it! I admit that your strength and ability are very strong! "

"As for...The handsome part you said..Alright then! I also admit it!"

Gong Jian really had nothing to say. He looked at Qin Yuan's distinct facial features, and there was a trace of heroic spirit between his brows.. To be honest, Qin Yuan was indeed not bad looking, and Gong Jian could not find any flaws!

Chapter 229: I'll Talk to the Regiment Commander About Your Request! (Two Chapters Combined)

"No wonder...Comrade Long Xiaoyun likes to look for you so much!"

As he spoke, Gong Jian started to tease Qin Yuan. He knew that Qin Yuan probably had nothing to do with Long Xiaoyun because when Qin Yuan and Long Xiaoyun were together these few times, he did not see the deep love between lovers in Qin Yuan's eyes!

"How many times do I have to explain this before you're willing to believe me? I already have a girlfriend."

Qin Yuan was very helpless. It seemed that he had to find an opportunity to bring Miao Xiaoxiao along and let these guys see her!

“I know! You have a girlfriend!”

Gong Jian nodded with a smile, but he kept staring at Qin Yuan with a smile as if he did not believe it at all! “I’m telling the truth!”

“I know!” “I really have one!”

“I know!”

Just like that, Qin Yuan smiled. Gong Jian was obviously doing it on purpose, but it also confirmed his intention to bring Miao Xiaoxiao here to let these guys know her!

Half an hour later, Qin Yuan and Gong Jian finally finished washing Xiao Zhenwu’s body and changed him into a set of clean clothes!

“I don’t know when Old Xiao will wake up!”

Gong Jian sighed softly as he looked at Xiao Zhenwu who was lying quietly on the hospital bed.

“He should wake up in two days! It’s up to him now!”

Qin Yuan knew that Xiao Zhenwu would not wake up so quickly. This required Xiao Zhenwu to get through this stage on his own. After all, this had nothing to do with medical skills. It all depended on his own willpower!

It was the same for vegetative people. Their consciousness had fallen into a deeper realm! However, Xiao Zhenwu shouldn’t be like that.

After all, Xiao Zhenwu’s willpower was very strong. He had the hope of living, so Qin Yuan was certain that Xiao Zhenwu would definitely wake up in these two days at most!

“That’s the only way! I really miss the days when I was in the army with Old Xiao. I thought I would never see hope again!”

As he said that, Gong Jianqiang fell silent. He was also very happy that Xiao Zhenwu’s illness had been cured!

“Very soon... You’ll see the once high-spirited Fourth Company Commander!”

Qin Yuan also knew the relationship between Gong Jian and Xiao Zhenwu. That kind of deep camaraderie was indeed very touching!

“Yes! If he recovers and doesn’t treat us to a meal, we’ll give him a hard time!”
Gong Jian said with excitement, a smile appearing on his face.

“By the way, Commander Qin, are you going back to the logistics company?”

Gong Jian knew that Qin Yuan had said that he had to return to the logistics company for some matters. The recruit company would have to wait until he returned. There were still three days before the recruit company’s journey would end!

“Yes, I am! I’ll go back for two days, just three more days and the recruits would end their three months of recruit life!”

Qin Yuan couldn't help but feel a sense of nostalgia as he realized how quickly time had passed. When he first took over the Recruit Company, the soldiers there didn't respect him at all.

And this lasted until Fan Tianlei came to the Recruit company, then only he received the system mission reward. It could be said how stubborn these guys were!

“Okay! Then I'll wait for Old Xiao to wake up before returning to the recruit company. Before coming, I've already told Squad Leader Lao Hei!”

“Good! Then I'll go back to the logistics company first. I'll come back on the day the new recruits end their journey!”

Qin Yuan had to bring everyone from the logistics company to report to the military the day after tomorrow. Moreover, Gong Jian would also be a member of Battle wolf at that time. However, Qin Yuan did not intend to tell him this news now!

“Then I'll go back first. I'll leave this place to you! If there's anything, just call me!”

Qin Yuan knew that Xiao Zhenwu was fine now, so he could leave without worry!

“Alright! Company Commander Qin, you can drive my car. Be careful on the way back!”

“Okay!”

After saying that, Qin Yuan also walked out of the ward. He had to bring the logistics company to report to the military the day after tomorrow. He had to go back and let these kids prepare!

Qin Yuan also walked to Gong Jian's car. He got into the car and set off on the road back to the logistics company.

An hour later, Qin Yuan returned to the logistics company!

At this moment, Liu Ye had also brought his team back from training.

“Company commander? The company commander is back!”

From afar, the soldiers of the logistics company saw Qin Yuan get out of the car and exclaimed.

“What is it? The captain is back?”

Hearing this news, Geng Hu immediately looked in Qin Yuan's direction and saw that familiar figure standing not far away!

Therefore, all the soldiers in the logistics company ran towards Qin Yuan.

“Company Commander Qin, didn't you say that you were going to lead the new recruits? Why did you come back only a few days ago?”

Zhou Qing walked to Qin Yuan's side and asked when he heard the noise of the soldiers.

“Gather first! I have something to tell you!”

Seeing these familiar faces, Qin Yuan was very happy!

He had done what he had promised them, so he couldn't wait to tell everyone the news!

"Yes, sir!"

As he spoke, Liu Ye did not ask Qin Yuan anymore and directly gave the order to assemble!

"Gather!"

After more than ten seconds, all the soldiers in the logistics company had gathered. This was a world of difference from when Qin Yuan had just taken over! Looking at the current state of the logistics company, Qin Yuan sighed in his heart!

From today onwards, the logistics company would no longer exist. From now on, everyone in front of him would be a member of Battle Wolf and a qualified special force soldier!

Qin Yuan was also a little excited. Since the generals wanted him to form the Battle Wolf Special Forces, then Qin Yuan would definitely let the entire military region, the entire country's military region, and even the world know of its existence!

It would also make all the enemies' expressions change and their hearts tremble!

"Today, I have good news and bad news! Which one do you want to hear first?"

After a few seconds of silence, Qin Yuan said indifferently.

"Yeah, what do you mean!"

For a moment, the soldiers of the entire logistics company were a little stunned. Qin Yuan's tone was too serious! "You guys choose first!"

Qin Yuan once again let everyone make a choice!

"Since that's the case, let's hear the bad news first. At least there will be good news later to calm our hearts!" Geng Hu said loudly.

"You really know how to arrange things!"

Hearing Geng Hu's words, Qin Yuan muttered in his heart. He also felt that Geng Hu actually had his moments when he was smart!

"Yes, commander, let's hear the bad news first!" The soldiers of the logistics company all said.

"Good! Then I'll tell you the bad news first!"

"After the day after tomorrow, all of us will have to leave this logistics company station where we have been living and training! The regiment commander will also arrange for new people to be stationed here!"

Qin Yuan said to everyone. To be honest, Qin Yuan was still very reluctant to leave this place. After all, this was the first stop of his military career. This place was filled with all his memories and shadows of his life! "What is it? Commander, when we leave this place, where are we going?"

“That’s right! What do you mean by the regiment commander arranging for new people to be stationed here?”

“That’s right. We won’t say that we’re outstanding, but we’re no longer the logistics company we used to be, right? Why does the regiment commander dismiss us?”

“That’s right! We won’t leave this place! If the regiment commander brings people here, I will also defend this place!”

Hearing Qin Yuan’s news, the entire logistics company could not remain calm. It was as if they were going to withdraw their logistics company! This was the place where they had always lived and trained. How could they bear it when things suddenly turned out this way?

Zhou Qing had seen all of this. Only he knew that his and Commander Qin’s initial dream had come true! Because there was no sadness in Qin Yuan’s eyes!

There would be even more shocking news next! Good news usually come second. This was also Qin Yuan’s usual method!

“Seeing how sad you are, I will tell the regiment commander about your request and let you all stay!”

Chapter 230: Are You Tricking Me Again? (Two Chapters Combined)

“If anyone is willing to stay, tell me now!”

Qin Yuan was happy in his heart. He was very gratified to see the logistics company’s fearless expressions. These guys were full of feelings for the logistics company’s encampment, and Qin Yuan was the same!

Although he had only been here for almost two years, this place was like his home. To a soldier, the army was their home!

“Company commander, no matter what, I will not leave the logistics company!”

Geng Hu immediately walked forward and said loudly with a very firm expression. He was brought to the logistics company by Qin Yuan. Back then, other than Qin Yuan who dared to take him in, no other company dared to.

It could be said that being in the logistics company made him feel at home. Now that Qin Yuan suddenly said that the regiment commander wanted to send someone else to manage the logistics company again, he was the first to be unhappy!

“Yes, Company Commander! We will not leave the logistics company. The logistics company is our home!”

“Yes! Where else can we go? The regiment commander can’t treat us like this!”

For a moment, none of the soldiers in the logistics company wanted to leave the logistics company! When they heard this news, they were very surprised because they did not seem to have made any

mistakes and had even contributed to the Iron Fist Regiment. They did not expect their regiment commander to send someone to manage the logistics company again!

“Company Commander, what is this? Is the regiment commander really planning to withdraw our logistics company?”

Liu Ye was surprised to see this. He had just returned to the logistics department and had already heard the news. He looked at Zhou Qing, not knowing what to do!

“Do you think the regiment commander would be willing to dismiss us now?”

Zhou Qing replied Liu Ye with a smile because he was the only one in the entire logistics company who knew what Qin Yuan was doing! Although he was not very sure where they were going next, Qin Yuan had told him that he would bring everyone to a higher realm!

This time, Qin Yuan was probably going to bring their logistics company to a higher realm!

“Then... Company Commander, what is this?”

Liu Ye was confused by Zhou Qing's words. He felt that the regiment commander would not dismiss their logistics company. After all, the current logistics company was different from the previous logistics company! How could the regiment commander bear to dismiss them just like that!

“You'll know in a while!”

“Don't worry! With Company Commander Qin around, we will go wherever he goes. He said that he would not leave any of us behind!”

Zhou Qing knew that the good news that Qin Yuan was going to tell him next should be the place they were going to next. This goal had been told to him by Qin Yuan after he came to the logistics company!

Now that Qin Yuan had achieved this goal, the logistics company did not disappoint him. Zhou Qing knew that with the current strength of their logistics company, they could compete with the special forces of the ordinary special forces!

“Old Zhou! Did you and the Commander discuss something behind my back again?”

Looking at Zhou Qing's expression, he knew that Zhou Qing and Qin Yuan were definitely hiding something from him. Moreover, from Zhou Qing's words, Liu Ye knew that Zhou Qing definitely knew the purpose of Qin Yuan's words!

“Since none of you are willing to leave, I don't need to tell you the second piece of good news!”

Qin Yuan had originally planned to tease these guys from the logistics company, but they still looked very serious. Qin Yuan wanted to laugh!

“Uh... That company commander! Since you’ve already told me the first piece of news, what’s this good news?”

Only then did Zheng Xiaohu realize that there seemed to be good news. He felt a little upset when he heard the news. No matter what, if the regiment commander really sent someone else to manage their logistics company’s station again, he would not agree!

“Didn’t you say that you didn’t want to leave? I wanted to take you with me!” “But looking at how sad you are, I’m too embarrassed to take you with me!” Qin Yuan revealed a despicable expression. After all, this was the request of all the soldiers in the logistics company. He could only pretend to be very unwilling.

“No! Company commander... You said you want to take us with you?”

“Where are we going?”

Hearing Qin Yuan’s words, the people from the logistics company realized something. They felt that they had been fooled by their company commander!

“That’s right! Company commander! You said you wanted to take us with you?

Does that mean we’re leaving together?”

Geng Hu’s originally depressed mood suddenly changed as he said with a smile. He had thought that the regiment commander was going to withdraw the logistics company and assign them to other units!

For a moment, the soldiers of the entire logistics company looked at Qin Yuan with anticipation. They thought that the people of their logistics company would be assigned to other units this time!

“Commander, you mean you won’t abandon us?”

“That’s right! Commander, where are you taking us? Why did he leave the logistics company?”

After confirming that Qin Yuan had no intention of leaving them, the soldiers of the logistics company slowly heaved a sigh of relief. However, Qin Yuan had just said that the regiment commander was going to send someone to re-manage the logistics company, so where was Qin Yuan planning to take them?

Facing the soldiers’ eager faces, Qin Yuan slowly said, “Are you not willing to stay?”

“When did I say that I was going to abandon you?”
