

Special Troop 231

Chapter 231: Are You Tricking Me Again? (Two Chapters Combined)

Hearing the questions from the logistics company, Qin Yuan smiled helplessly!

The logistics company was the first company he led. How could Qin Yuan bear to leave these guys? The soldiers of the logistics company in front of him were brought out by him bit by bit!

“Hehe! Commander, I knew you liked to fool us!”

“Then, is the good news going to be where you’ll take us?”

After knowing that Qin Yuan would not abandon them, Geng Hu continued to ask Qin Yuan. Since Qin Yuan said that this was good news, then it must be good news!

“Weren’t you the one who jumped the most fiercely just now? Don’t you want to stay huh?”

Qin Yuan smiled as he looked at Geng Hu. This guy looked like he wanted to beat up someone just now, but now, he had a 180-degree change!

“That... I didn’t understand what you meant!”

“I thought that the Regiment commander was trying to break us up. What kind of relationship do we already have huh? We can’t be separated at all.”

Geng Hu immediately explained! His actions just now had indeed embarrassed him!

After hearing Geng Hu’s words, everyone in the logistics company felt that something was amiss!

What did he mean by break up? Like a couple?

“Brother Hu, do you not know how to use words?”

“That’s right! What do you mean by break up? We are comrades in arms, not boyfriends! ”

For a moment, the entire logistics team burst into laughter. The originally solemn atmosphere was broken by Geng Hu’s actions!

“Alright, you’d better talk less in the future!”

Hearing Geng Hu say that, Qin Yuan felt a little helpless. Those who didn’t know would really misunderstand!

“Company commander... You know I don’t really like reading... So this... This...”
Geng Hu scratched his head in embarrassment. It seemed that these words should not be used in this situation. These words were used by his classmates when they were studying in school. After those couples were discovered by the teachers, those students kept saying these words!

“Alright, the good news is that the day after tomorrow, all the soldiers of our logistics company will report to the military region!”

“Next, tidy up. If anyone messes up later, you’ll know what it’s like when I’m angry!”

Qin Yuan told them the purpose of his return. The list of the first batch of Battle Wolf members had already been released. All the members of the logistics company would be the first batch of Battle wolf members!

Next, their logistics company would be transformed from a regular army into a special force, and it would be a special force that simulated foreign military operations!

Qin Yuan’s idea was to build the strongest special forces team in the world, so Battle wolf was his starting point. He did not expect that he would be the one to build Battle wolf!

However, since that was the case, he would also turn Battle wolf into the strongest special forces. He would make the entire military region, the entire country’s military region, and even the entire world tremble when they hear about it!

“Company commander? Are we going to report to the military next?”

“That’s right! If the company commander goes to the military region, won’t we have to leave the Iron Fist Regiment?”

Liu Ye was also a little shocked. This was equivalent to the entire logistics company being transferred away! It wasn’t just going to the other companies!

This news also stunned the entire logistics company. Did it mean that Qin Yuan is leaving the Iron Fist Regiment?

“Yes! As for what to do, you’ll know when the time comes!”

Qin Yuan, you didn’t tell them anything specifically. It’s better for the military chief to personally announce this news! After all, all of them would be part of the new special forces. This surprise would make them excited when they arrived at the military region!

“Yes, sir!”

“Yes, sir!”

For a moment, everyone in the logistics company looked excited. Although they didn’t know what they were going to do in the military region, they knew that it wouldn’t be easy to be transferred to the military region! “Alright! Continue training! Gather here at 6 am the day after tomorrow!”

“Yes, sir!”

“Yes, sir!”

After saying that, Zheng Xiaohu continued to lead the logistics company to start their daily training. Although they were looking forward to the day after tomorrow, they could not miss out on training.

Everyone in the logistics company knew that the place they were going to next would not be simple, so everyone trained to improve their strength as much as possible!

“Company commander! You really scared me to death just now! I thought the regiment commander was really going to withdraw our logistics company!”

After the soldiers of the logistics company began their training, Liu Ye walked to Qin Yuan’s side and said!

He had been injured and left the logistics company for a period of time. Not long after he returned, he heard such news from Qin Yuan. He could not help but overthink. If he had not seen Zhou Qing so calm, he would have been at a loss just now!

“Deputy Company Commander Liu, I was just teasing these guys just now!”

“However, our next task is very important! You will know what we are going to do after we go to the military the day after tomorrow!”

Qin Yuan also replied with a smile. He knew Liu Ye’s feelings for the logistics company very well. The only person in the entire logistics company who knew him was Zhou Qing!

“Company Commander Qin, did our plan come true?”

Zhou Qing was also a little excited because he felt that after they went to the military region, they might be going to the special forces. This was what Qin Yuan had told him back then.

“Yes! It came true!”

Qin Yuan knew that Zhou Qing must be very excited about this news because he had told Zhou Qing about this goal!

“Company Commander Qin, I really didn’t expect your casual words to come true now!”

Previously, when Qin Yuan said that he wanted to bring them all into the special forces, he felt that it was an unrealistic idea. However, Qin Yuan’s existence later changed the logistics company’s reputation, and they were getting closer and closer to Qin Yuan’s goal!

However, he did not expect this goal to be achieved so quickly. After all, there were more than 50 people in the logistics company! Bringing all of them into the special forces, it was very challenging!

“I told you, as long as they work hard, they will change their original image.

Now, look at them.”

Qin Yuan also sighed softly. The changes in the logistics company were really drastic! Right now, any random soldier from the logistics company could compete with the members of the Wolf Fang!

“That’s right! If it weren’t for you, perhaps our logistics company would still be a laughing stock!”

Zhou Qing knew that this was all because of Qin Yuan. If Qin Yuan had not come to the logistics company and had Qin Yuan's unique and cruel training method, perhaps they would still be the same as before, waiting to retire! "Their changes are not all because of me!"

"Because they still have the heart of a soldier. They are soldiers! They were Chinese soldiers! The spirit of China's army was still engraved in their hearts!"

However, they needed a special method to stimulate it! I just guided them!"

Qin Yuan was also very clear about how much the logistics company had sacrificed on this path. The logistics company was not where they were today entirely because of him, Qin Yuan!

"Why don't I understand what the two of you are saying?"

Liu Ye, who was listening to the conversation between the two, stood there as if he had been pushed aside. He could not understand a single word!

"Hahaha! Old Liu, you'll know everything we've said the day after tomorrow. I believe you'll be shocked!"

Zhou Qing also laughed out loud. Qin Yuan had only told him about this. Moreover, when Qin Yuan had told him about this news, he had found it unbelievable, so he had not told anyone about it!

However, since Qin Yuan did not tell them now, he definitely hoped that they would know when they went to the military district the day after tomorrow!

"Deputy Company Commander Liu, you will also be shocked when the time comes. This is considered a military secret!"

Qin Yuan was very happy. He did not plan to tell Liu Ye at this time. He would let the military commander tell them this news when the time came!

"Are you tricking me again?"

Chapter 232: Heading to the Military Region

Seeing that both Qin Yuan and Zhou Qing were like this, Liu Ye felt a little helpless. It was obvious that neither of them planned to tell him. As for the military secrets that Qin Yuan mentioned, he did not believe them at all!

"Company commander! If we all report to the military, will the regiment commander be willing to let us go?"

Liu Ye knew what the logistics company meant to the Iron Fist Regiment. If the entire logistics company was transferred to the military region, the regiment commander must be very sad. Why would he agree?

"There's nothing he can do about this! This is an order from the military commander!"

Qin Yuan told Liu Ye the truth. It would be strange if Kang Lei was not sad. This time, the elite soldiers of the Iron Fist Regiment would all be taken away by Qin Yuan! Therefore, Qin Yuan was a little embarrassed, so he wanted to cure Xiao Zhenwu and give Kang Lei a surprise!

“Alright then! I heard that our 801st division is going to undergo military reform. I wonder what will happen to our Iron Fist Regiment next!”

Zhou Qing had told Liu Ye this news after he returned.

“We don’t have to worry about this. We’ll just prepare for our future missions!

All I can tell you is that our future missions will not be simple! So, Deputy Commander Liu, are you ready?”

Qin Yuan knew that once Battle wolf is established, they would have many missions and tasks to accomplish. Not only would they have to imitate the special operations mode of all the foreign armies, but they would also have to train the other brother troops. This was the original intention of forming the Battle wolf!

“Don’t worry! Commander, as long as you are there, we will be there! I definitely won’t hold you back!”

Liu Ye also laughed loudly. In the past, when Qin Yuan first arrived, he did not quite believe in Qin Yuan’s ability. But now, Liu Ye had almost regarded Qin Yuan as his backbone. As long as Qin Yuan was there, he was willing to follow Qin Yuan!

“Good! Then let’s work hard together. No matter where we go next, I won’t leave you!”

The current logistics company was Qin Yuan’s foundation, and they would be Battle wolf’s first batch of members. The reason why the military commander had asked him and Long Xiaoyun to form Battle wolf this time was very simple!

Other than the training of the three armies, the Southeast Military Region also needed a second special force. It was not enough to rely on Wolf Fang’s special forces alone. After all, the other military regions had at least two special forces each. Some military regions even had three to four special forces!

The advantage of this was not only to use the special forces to train the other forces, but also to use the special forces to train the special forces, thus creating the special forces of the special forces!

There were many special forces in China. Qin Yuan knew that there were dozens of special forces of various types in various military regions, and they were all very strong!

They even heard that China had a hidden special forces unit. The members of this special forces unit were all special forces kings. It was almost like the best special forces soldiers were selected from the special forces unit to be stronger! However, Qin Yuan had only heard about it and had never seen the existence of this special force. Although Qin Yuan had never heard of it or any news about this force, it did not mean that this force did not exist!

“Yes, Commander!”

Liu Ye nodded lightly. He knew that the place they were going to next would not be simple. He did not know what Qin Yuan and Zhou Qing were talking about, but he knew that Qin Yuan would not set them up!

This was his understanding of Qin Yuan. His life was saved by Qin Yuan. If not for Qin Yuan, he would not be standing here today. His military career might have ended!

“Old Zhou, you can gather the information of the logistics company and hand it over to the regiment commander! We have to leave the day after tomorrow. He needs to arrange for someone to take over as soon as possible!”

After saying that, Qin Yuan said to Zhou Qing. Zhou Qing knew the situation of the company the best, so it was most appropriate to hand it over to Zhou Qing!

“Good!”

Zhou Qing was very clear that they were about to be converted from regular troops to special forces! They were going to leave this place with Qin Yuan, so he had to prepare everything they needed. Even if Qin Yuan did not say it, it was still something he should do!

“Deputy Company Commander Liu, let these guys rest for a day tomorrow! There is no rush to train on this day! I didn’t give them much rest during this period of time. Let them to get their mental state in order!”

Once Battle wolf is established, the first phase of the selection would begin. Time would be especially tight because Qin Yuan wanted to quickly form Battle wolf!

Qin Yuan wanted to display the strength of Battle wolf, he wanted to create a different special force!

“Understood, Company Commander!”

Liu Ye also knew that the logistic company were training as if they did not care about their lives. He did not know if it was because they craved for strength or because they were enjoying the strength they had obtained. In any case, they were training very hard!

“Alright, then we’ll all prepare well. We’ll set off the day after tomorrow!” After arranging these things, Qin Yuan felt much more comfortable!

“Yes! Company Commander Qin!”

“Understood, Company Commander!”

Zhou Qing and Liu Ye nodded their heads. They knew that they would be very busy after they went to the military region!

Qin Yuan was very free these two days. After calling Miao Xiaoxiao, he began to check the files of the former members of Battle Wolf.. Although Qin Yuan was the one who formed Battle Wolf this time, Qin Yuan still liked the former members of Battle Wolf very much!

Chapter 233: Heading to the Military Region

Hence, he hoped to recruit these members into Battle Wolf.

“Leng Feng: Deputy Company Commander of the 2nd Company of the 7th Regiment of the 365th Brigade of the Southeast Military Region!”

“Yu Fei: Second Platoon Leader of the 365th Brigade, 3rd Regiment, Southeast Military Region!”

“Shi Sanba: Platoon Leader of the 709th Independent Brigade Reconnaissance Company of the Southeast Military Region!”

“Shao Bing: Company Commander of the 7th Company of the 709th Independent Brigade of the Southeast Military Region!”

Soon, Qin Yuan also found the files of these soldiers in the information Long Xiaoyun gave him!

“Yu Fei? This time, I won’t let that happen again. Your family and children still need you!”

After seeing Yu Fei’s file, Qin Yuan muttered softly. One had to know that Yu Fei was a soldier who died gloriously after foreign mercenaries invaded during a drill!

When Qin Yuan saw this, his heart ached very much. He did not expect to meet them here this time. Now that he was the one who formed the battle wolf, Qin Yuan would not let this happen.

“China will always be a forbidden area for mercenaries. If they dare to invade this time, I will let you mercenaries know what a forbidden area is!”

Qin Yuan’s eyes were very cold, and the killing intent on his body also burst out. When he saw that scene in the movie in the past, it had made his blood boil. From that moment on, he swore to fight these mercenaries to the end!

However, he did not expect to come to this world after sacrificing himself. He did not expect to meet these familiar people here!

However, this time, he wanted to let everyone know what the special forces of China were and what the soldiers of China were!

“Company Commander Qin, the soldiers are ready!”

Just as Qin Yuan was still deep in thought, Zhou Qing walked into the office!

“Has our encampment been settled?”

Seeing Zhou Qing walk in, Qin Yuan also asked about the handover of the logistics company!

“It’s all settled. I’ve recorded everything in the logistics department and sent it to the regiment commander!”

“After we leave, he will send someone over!”

Zhou Qing said softly, but his eyes were still filled with reluctance. He had been in the logistics company for many years, and everything here was filled with memories. Now that he was leaving, he still felt a little reluctant!

“Old Zhou, leaving is inevitable. Although the logistics company is good, we can’t stay here forever!”

Qin Yuan also noticed Zhou Qing’s gaze. He knew that Zhou Qing was a little reluctant to give up everything in the logistics company, but there was no other way. They were no longer the logistics company of the past. If they became stronger, they would have to develop somewhere else, so leaving was inevitable!

“I’m fine! Company Commander Qin, I just can’t bear to part with everything in the logistics company. After all, I’ve been here for many years!”

Zhou Qing said softly. He knew what Qin Yuan said. They were no longer the soldiers of the logistics company. As their strength increased, they would have more important responsibilities to shoulder. Moreover, who would not want to become a soldier king?

He had never dared to think about this opportunity. He had thought that he would stay in the logistics company for the rest of his life until he retired! No one expected that because of Qin Yuan’s arrival, it would directly change all their fates!

“I can understand how you feel. Although I’ve only been here for a year or two, this is also my home!”

“However, we have to look forward. The road ahead is still full of bumps, but we have no fear!”

“Gather your emotions. We should set off!”

Qin Yuan comforted Zhou Qing. He could understand Zhou Qing’s feelings!

“Yes, sir! I’m fine now, Commander Qin, let’s go! Don’t let the soldiers wait too long! ”

After saying that, Zhou Qing took a deep breath, gathered his emotions, and followed behind Qin Yuan!

Soon, Qin Yuan and the others arrived at the training ground. The soldiers were already prepared and stood quietly on the training ground, waiting for Qin Yuan’s arrival.

“Is everything ready?”

As soon as Qin Yuan arrived, he immediately asked all the soldiers of the logistics company loudly. Once they left, it might be very difficult for them to return!

“Prepared at all times!”

For a moment, the voices of the entire logistics company echoed in the sky above the entire logistics company camp!

“Good! Let’s go!” “Yes, sir!”

“Yes, sir!”

After saying that, everyone slowly ran out of the logistics company’s station. They needed to go to the regiment headquarters first and then take the plane to the military region!

On the way to the regimental headquarters, the soldiers of the logistics company turned back. As they watched the logistics company’s encampment gradually disappear from their sight, the soldiers of the logistics company were filled with reluctance. This place carried too many memories for them!

Originally, they thought that this was the final stop of their military career, but who would have thought that they would leave now!

Although they were looking forward to the military life after going to the military, their eyes were still filled with reluctance!

“All of you, cheer up! You are no longer logisticians! From today onwards, you must have a deep understanding that you are no longer a logistician who is ridiculed and ridiculed by others!”

“This is the path you have chosen, so you have to look forward and do what soldiers should do!”

Seeing this scene, Qin Yuan’s tone was also a little stern. This was because this was the path they had to go through as they grew up. Ever since they chose to rise up, they were destined to not be mediocre and useless. They were destined to leave the logistics company!

“Yes, sir!”

“Yes, sir!”

The soldiers answered loudly, and then they gathered their emotions and ran quickly to the regimental headquarters!

Two hours later, all the soldiers of the company had arrived at the airport of the regiment headquarters!

This distance was nothing to them, so everyone was in a good condition!

“Qin Yuan left with the entire logistics company this time. I really can’t bear to part with him!”

Looking at the soldiers of the logistics company in front of him, Political

Commissar Bi Guotao said with some regret! After all, the logistics company was the strongest company in their Iron Fist Regiment!

“That’s right! However, look at the strength of these guys. Can our Iron Fist Group hold them back?”

Kang Lei, who was at the side, also sighed softly. It was not that he did not want to keep them, but he could not keep them at all. Although he felt a little lonely, when he thought about how these soldiers were sent out by his Iron Fist Regiment, Kang Lei felt much better!

They knew that Qin Yuan was going to report to the military region with the logistics company today, so they rushed to the airport early in the morning!

“Regiment commander? Political commissar? Why are you guys here?”

When Qin Yuan walked over, he saw Kang Lei and Bi Guotao here. He was a little surprised!

“We’re here to send you off!”

Seeing Qin Yuan walk in, Kang Lei said softly.

“Regiment Commander, Political Commissar, don’t worry. No matter where we are, we will not let you down!”

Qin Yuan also knew that Kang Lei and Bi Guotao were very reluctant. After all, how long would it take for the Iron Fist Regiment to produce a unit like their logistics company?

“I’m fine! With you around, we can rest assured! However, I won’t be able to see you often in the future!”

Political commissar Bi Guotao replied to Qin Yuan reluctantly. He knew Qin Yuan’s strength and ability. Moreover, he was the one who brought up the logistics team. Without Qin Yuan, the Iron Fist Regiment might not even be able to keep their title!

“We’ll definitely come back to see everyone often in the future!”

Qin Yuan also said with a smile. He knew that Kang Lei and Bi Guotao were reluctant to part, but he had no choice but to bring the logistics company to continue fighting!

“Yes! Train well and strive to serve the country and the people better!”

Kang Lei revealed a smile. He knew Qin Yuan’s character. No matter where he was, he would always be a soldier of their Iron Fist Regiment!

“I will! Regiment commander!”

Qin Yuan nodded!

“Oh right, has the military reform begun?”

Qin Yuan thought about the military reform happening in the next two days, so he asked!

“The day after tomorrow! We are going to undergo a military reform, and our Iron Fist Regiment will be included in the ranks of the navy!”

This was no secret, so Kang Lei had nothing to hide!

“Okay! I’ll give you another surprise when Regiment commander returns in a few days!”

Qin Yuan knew that the Iron Fist Regiment would be merged into the navy, so he was not very surprised.. Now, he was thinking about Kang Lei’s expression when he sees Xiao Zhenwu!

Chapter 234: The Battle Wolf Special Forces Was Officially Formed! (Two Chapters Combined)

“Surprise?”

After hearing Qin Yuan’s words, Kang Lei was a little surprised. Qin Yuan had been transferred away by the military commander and had even taken away the entire logistics company. In addition, per their previous conversation, Qin Yuan seemed to have the intention to take away those guys from the recruit company too!

This was already sad enough for Kang Lei. What other surprise could make him happy at this time?

Putting everything else aside, this morning, the commander of the military region had directly transferred one of his generals away! “Regiment commander? Political commissar? So you’re here!”

“Company Commander Qin... you’re here too?”

Just as everyone was talking, Gong Jian also rushed over. When he saw Qin Yuan, Gong Jian was a little surprised! “Why did you come so late? We’ve been waiting for you for a long time!” Kang Lei softly said after seeing Gong Jian.

“Regiment commander, I went to visit Old Xiao these two days. Didn’t I already report to you?”

“As soon as I received your call, I immediately rushed over. Just now, Xiao Wu said that you were here, so I ran over!”

Gong Jian immediately explained. He had received a call from Kang Lei early in the morning, saying that the commander of the military region had transferred him to the military region. This shocked Gong Jian greatly! This news was too sudden. Gong Jian did not understand what the military commander meant. In fact, even Kang Lei was a little confused. When he received this transfer order, Kang Lei was confused. All of a sudden, their Iron Fist Regiment lost two generals!

“How’s Xiao Zhenwu?”

Hearing Gong Jian’s words, Kang Lei asked in a somewhat sad manner. He did not dare to look at Xiao Zhenwu at all now, so he would always ask Gong Jian to visit Xiao Zhenwu on his behalf!

“This... He’s still the same. Don’t worry, commander. He’ll be fine!”

Seeing that Qin Yuan kept winking at him, Gong Jian knew that Qin Yuan still did not plan to tell Kang Lei about this news now, so Gong Jian could continue to comfort Kang Lei. Gong Jian knew that Qin Yuan probably wanted Xiao Zhenwu to return to the Iron Fist Regiment in one piece. That would be the biggest surprise for Kang Lei!

“Sigh, this kid’s illness...”

As he spoke, Kang Lei’s entire face darkened, and a trace of loneliness was emitted.

Gong Jian felt a little uncomfortable when he saw Kang Lei like this. He was the person who knew the relationship between Kang Lei and Xiao Zhenwu the best!

There was a moment when he really wanted to tell Kang Lei that Xiao Zhenwu had already been treated, and that kid could now eat three big bowls of rice a day!

However, he knew what Qin Yuan was thinking, so he resisted this urge!

Not long after Qin Yuan left, Xiao Zhenwu woke up. Moreover, his condition had been very good for the past two days. According to Xiao Zhenwu's condition, he should be able to walk freely in less than a week!

"Alright, Old Kang, if you really miss that kid, I suggest you go and see him!"

Bi Guotao, the political commissar at the side, comforted him. He was also clear about Xiao Zhenwu's situation. It was not the first time he saw Kang Lei like this, but Kang Lei refused to see Xiao Zhenwu no matter what, so there was nothing he could do!

"No, it's even more uncomfortable to watch!"

"Alright, you all need to report to the military today, so let's not talk about these unhappy things!"

Seeing that everyone was comforting him, Kang Lei took a deep breath and said to everyone.

"I've already told you about Gong Jian. I'll send you your transfer order directly! "

This time, Kang Lei did not expect it to be like this. The military commander's actions this time were really big. Other than Qin Yuan and the entire logistics company, even Gong Jian had been transferred away! These were the best soldiers of his Iron Fist Regiment!

"Regiment commander? Why did the military commander suddenly transfer me away?"

After hearing Kang Lei's words, Gong Jian was a little surprised. It turned out that he and Qin Yuan had been transferred away together. If that was the case, then wouldn't Kang Lei's favorite soldiers in the Iron Fist Regiment have been transferred away?

Although he knew that Qin Yuan would definitely be transferred away, he did not expect that even he would be transferred away!

"This is the order of the military commander. We don't know, but I believe that the military commander has something more important for you to do!"

Hearing Gong Jian's question, Kang Lei did not know what the military commander meant, but he knew in his heart that Qin Yuan and Gong Jian must have a more important mission to carry out!

"Regiment commander! This..."

Gong Jian was at a loss. This news was too sudden, and he was not mentally prepared at all!

"Alright, go!"

“Qin Yuan! Gong Jian! I hope that no matter where you are in the future, don’t forget that you are soldiers of the Iron Fist Regiment. Don’t embarrass me!”

Kang Lei did not think too much about it. As their commander, he was very happy for Qin Yuan and Gong Jian to be able to develop to a higher level!

Although this time, he had almost transferred away the best soldiers and officers of his Iron Fist Regiment, this also proved that Qin Yuan and the others were very outstanding!

“Don’t worry! Regiment commander!”

“Regiment commander... I got it!”

As they spoke, Qin Yuan and Gong Jian nodded firmly.. Other than Qin Yuan who knew everything, no one else knew, but Qin Yuan had no way of telling them!

Chapter 235: The Battle Wolf Special Forces Was Officially Formed! (2 chapters combined) 2

“Then we’ll go back first. We welcome you back when we have time!”

Kang Lei said goodbye to Qin Yuan and Gong Jian. Although he was very reluctant to part with them, he had no choice. This was the truth!

“Yes, sir! We’ll be back!”

“We will, Regiment commander!”

Qin Yuan and Gong Jian replied softly.

“Then I wish you a safe journey. We’ll go back first!”

Bi Guotao, the political commissar at the side, also said to Qin Yuan and the others. He was also very reluctant to part with them in this situation, but the military commander wanted them, so they could not say anything! “Good! Regiment Commander, Political Commissar, take care! ”

“Take care!”

After saying that, Kang Lei and Bi Guotao walked to the office of the regiment headquarters. Along the way, Kang Lei’s expression was very lonely. This time, the commander of the military region really took away the soldiers and officers that he cared about the most in the entire Iron Fist Regiment. After watching Kang Lei leave, Gong Jian couldn’t wait to ask Qin Yuan. “Company Commander Qin, Old Xiao’s situation...”

Gong Jian really wanted to tell Kang Lei about this news, but Qin Yuan kept winking at him!

“Wouldn’t it be better for the 4th Company Commander to appear in front of the Regiment Commander in one piece?”

“Right! The Fourth Company Commander should have woken up!”

According to Qin Yuan’s understanding, Xiao Zhenwu should have woken up at this time!

“That’s good. Let Old Xiao do it himself!”

“Company Commander Qin, Old Xiao woke up not long after you left. Moreover, this guy has been eating three big bowls of food for the past two days. If it weren’t for the fact that he couldn’t get up, I really wouldn’t have imagined that this guy was a patient!”

Gong Jian also said with a smile. He was very happy about Xiao Zhenwu’s current situation!

“Company Commander Qin, is this the good news you told me about today?”

“Why is the military commander transferring us to the military region?”

At the thought of this, Gong Jian thought of what Qin Yuan had said two days ago. At that time, Qin Yuan had only told him that he would know in two days and did not tell him about today’s matter!

“Yes! This is the news. As for what is next, you’ll know when you reach the military region!”

Qin Yuan replied with a smile.

“Alright then!”

Gong Jian nodded. He had been in a daze ever since he received the news! “Let’s go! Those guys in the logistics department are waiting for us!”

Qin Yuan told Gong Jian. As for what was about to happen, they would know later anyway. He would let them know about it when they reached the military region!

“What? The entire logistics company?”

Gong Jian was stunned when he heard Qin Yuan’s words. This was the first time he had heard that the entire company had been transferred away! It was not easy for all of them to be transferred to the military region by the military region chief!

“That’s right! Let’s go!”

As he spoke, Qin Yuan walked towards the plane. Gong Jian followed closely behind. He was still very shocked. No wonder the regiment commander was so sad. Now, Qin Yuan’s logistics company could be said to be the strongest company in the entire Iron Fist Regiment!

Now that they were all transferred away, it would be strange if the regiment commander wasn’t sad!

Gong Jian didn’t think too much about it. Since it had already come to this, he would just go with the flow!

An hour later, they arrived at the military auditorium!

Looking at the solemn and sacred auditorium in front of him, Qin Yuan felt a little emotional. In his previous life, when he joined the special forces, it was also like this. He also listened to the chiefs announce their appointments in the auditorium!

After a while, the commander of the military region also walked in accompanied by Long Xiaoyun and the others!

“Not bad!”

Looking at Qin Yuan and the others in front of him, Bureau Chief Gao Shiwei's eyes were filled with satisfaction. The logistics company's current mental state had changed greatly compared to what he had seen back then!

Now, even the soldiers had the aura of a soldier. They quietly watched as Chief Gao Shiwei walked up to the podium!

"Do you know why you are here today?"

Gao Shiwei walked to the podium and said to the soldiers of the logistics company.

"Chief! I don't know!"

For a moment, the resounding replies of the logistics company echoed throughout the entire auditorium!

Looking at the dumbfounded expressions of everyone in front of him, Bureau Chief Gao Shiwei knew that Qin Yuan probably did not tell the logistics company their purpose for coming here!

"Very good! Seeing you like this today, I'm very gratified. A soldier should behave like a soldier!"

"Today, you have come here to prove that you are stronger than many people and have more missions than many people!"

"Perhaps you're all curious about why you're here and what you're going to do next! "

"Now, I can tell you one thing. You will experience very cruel training and even more cruel war scenes. You may have to sacrifice yourself and have an even more difficult mission!"

"So you guys! Are you ready?"

Gao Shiwei's voice was loud and clear, and the entire auditorium was filled with his voice. His majestic aura also made the soldiers of the logistics company feel a wave of fear!

This was not the first time they had seen this military district's chief, but today's chief had a different aura. Their eyes were filled with respect!

"We are always ready!"

After hearing the words of the military commander, the soldiers of the logistics company also responded excitedly. They were not afraid of difficulties or wars, because this was their mission!

"Good! Very good!"

"Soldiers! The reason why you are respected is not because of the word soldier!

It's because of your mission as soldiers." "Do you know what the mission of a soldier is?" Bureau Chief Gao Shiwei also asked loudly. "Protect the motherland! Protect the people!"

"Protect the motherland! Protect the people!"

As soon as Gao Shiwei finished speaking, the soldiers of the logistics company answered his question in a loud voice.

From the day they entered the army, the mission of a soldier had been integrated into their bones. This was the mission of a Chinese soldier, so how could they not know!

“That’s right, and you’re fighting for this mission. The job of a soldier is to protect the motherland and the people!”

“You have come here today to take on a very important task. Do you have the confidence to complete the task?”

Hearing the answers of the logistics company soldiers, Gao Shiwei’s eyes were filled with gratification. The reason why Battle wolf was established was to better complete the mission given to them by the motherland!

Their Southeast Military Region was currently lacking combat troops in this area. Although the Southeast Military Region had the Wolf Fang special forces, it was still far from enough!

Therefore, when Long Xiaoyun gave him the Battle Wolf Plan, he had already made his decision!

Looking at the soldiers of the logistics company in front of him, he was also looking forward to what kind of surprise these soldiers of the logistics company would bring him!

“Chief! We will definitely complete the mission!”

The soldiers of the logistics company were very excited. Although they did not know what kind of mission they were going to carry out next, as soldiers, they were looking forward to contributing to their country!

“Good!”

Bureau Chief Gao Shiwei nodded. To be honest, he was still very shocked. Qin Yuan could actually train these logistics company soldiers to such an extent in such a short period of time!

One had to know that any one of these logistics company soldiers in front of him was not inferior to the members of the Wolf Fang Special Forces!

Gao Shiwei knew very well that Qin Yuan would definitely bring him a different surprise!

“Now, I officially announce the establishment of the Battle wolf Special Forces!

You will be the first batch of Battle wolf members of the Battle wolf Special Forces!”

Gao Shiwei announced loudly. He was here today to witness the establishment of the second special operations unit of the Southeast Military Region. Looking at the people in front of him, he was looking forward to the surprise these soldiers would bring him!

One had to know that the significance of establishing the Battle wolf Special Forces was different from other special forces!

Chapter 236: Heading to the Dark Forest! (Two Chapters Combined)

“What is it? Battle wolf?”

“Special forces?”

Gong Jian was shocked when he heard what Gao Shiwei said.

He didn’t expect the military commander to transfer them to the military to form a special forces unit!

“Chief. It was just announced. Is the special forces established?”

“Does that mean that we’ll be members of the special forces next?”

“Right? I think I heard the Bureau Chief say that too. It seems to be some Battle Wolf Special Forces!”

“And we seem to be the first batch of members of the Battle Wolf Special Forces!”

For a moment, the soldiers in the logistics company repeated what Gao Shiwei had said with incredulity on their faces!

This news was too sudden. Previously, they had heard the company commander Qin Yuan tell them about the special forces, but they did not expect that they would come to the military region this time to join the special forces!

Moreover, it seemed to be a newly established special force! “Company Commander Qin. Don’t tell me you already knew?”

Seeing that Qin Yuan was not surprised, Gong Jian asked softly.

“I received this notice a few days ago. The reason why I didn’t tell you was because I wanted to give you a surprise!”

Qin Yuan replied with a faint smile. He knew that at this moment, whether it was Gong Jian or the logistics company, they would be very surprised and excited!

“Battle Wolf Special Forces? According to what the chief said, our Southeast Military Region has established a second special force?”

Gong Jian calmed himself down. This surprise was really hard for him to accept. He had thought that he could become a qualified special forces soldier in the past, but every time he participated in the Wolf Fang Special Forces selection competition, he was eliminated!

One had to know how difficult and cruel the selection for the special forces was. The chances of every soldier becoming a soldier in the special forces were pitifully few!

But today, he was actually selected by the commander of the military region and became a member of the second special forces of the Southeast Military Region. How could he not be excited? Who would not want to become a special forces soldier?

“Yes, I am! I said that I would bring you guys to a higher realm. Today, I have fulfilled my promise!”

“You’ll be busy from now on. The special forces are different from the regular forces!”

Qin Yuan looked at the excited Gong Jian and smiled. With the establishment of Battle wolf, their military careers would change greatly. As the second special forces of the Southeast Military Region, their existence would be different from the ordinary special forces. This was the original intention of Battle wolf’s establishment!

“Old Zhou, is this the good news that you and the company commander kept from me?”

On the other side, Liu Ye asked Zhou Qing excitedly. Previously, Zhou Qing and Qin Yuan had been talking about something he did not understand. So they were waiting for him to find out here!

“Yes! When Commander Qin first came to our logistics company, he told me that he wanted to bring us all into the special forces. However, I didn’t expect to establish a new special forces!”

Facing Liu Ye’s inquiry, Zhou Qing was a little excited. Although he had guessed that Qin Yuan would bring them to join the special forces, he didn’t expect that he would establish a new special force. He thought that they would join the Wolf Fang Special Forces.

“Special forces! Special forces!”

“I didn’t even dare to think about this before!”

Liu Ye was so excited that he was trembling. This news was really too big of a surprise! Who would have thought that the logistics team, which had always been lazy, would actually become a member of the special forces today?

The logistics company soldiers below the stage were all very excited. They did not expect that they would become special forces soldiers after today! “Next! I will announce the appointment!”

“Qin Yuan, the former logistics company commander of the Iron Fist

Regiment, is now the captain of the Battle Wolf Special Forces in the Southeast

Military Region! He would be promoted from a captain to a major!”

“Zhou Qing, the former logistics instructor of the Iron Fist Regiment, is now the instructor of the Battle Wolf Special Forces of the Southeast Military Region! He is promoted from a captain to a major!”

“The former Iron Fist Regiment Logistics Company’s Deputy Company Commander Liu Ye is now transferred to the Southeast Military Region’s Battle Wolf Special Forces as the First Battalion’s Deputy Captain! He is promoted from a lieutenant to a captain!”

“The original Iron Fist Regiment Logistics Battalion soldiers, all of your military ranks will be upgraded. All of you will become members of the Battle Wolf Special Forces! ”

Upon hearing Gao Shiwei’s appointment, everyone in the logistics company smiled. From this moment on, they would be members of the special forces!

Everyone was very excited. This was the moment they had been dreaming of!

“Long Xiaoyun, the former special instructor of the Combat Logistics Battalion of the Southeast Military Region, is now the captain of the Second Battalion of the Battle wolf Special Forces! Her military rank would remain as a major!”

“The former instructor of the 4th Company of Sharpshooters in the Iron Fist Regiment of the Southeast Military Region, Gong Jian, is now transferred to the Battle Wolf Special Forces as the instructor of the 2nd Brigade. His military rank has been promoted from captain to major!”

“This appointment document is personally issued by the head of the Southeast Military Region..”

Chapter 237:Heading to the Dark Forest! (Two Chapters Combined)

Bureau Chief Gao Shiwei closed the document in his hand and said loudly to the audience. “I heard you clearly! ”

“I heard you clearly! ”

After listening to Chief Gao Shiwei read out their appointment documents, the soldiers of the logistics company were filled with excitement. They were now officially special forces soldiers of the special forces!

“I didn’t expect that Long Xiaoyun would split Battle wolf into two teams!”

Qin Yuan was a little surprised by the document read out by Chief Gao Shiwei.

He did not expect Long Xiaoyun to divide Battle wolf into two teams. Long Xiaoyun had never told Qin Yuan about this. Moreover, Long Xiaoyun had placed all the soldiers of the logistics company in one team. It was obvious that Long Xiaoyun still had not let go of the competition with Qin Yuan!

“Company Commander Qin, why did the Bureau Chief split the Battle wolf Special Forces into two teams?”

“Besides, it seems like I’m just an instructor without a team!”

Gong Jian was a little stunned when he heard the appointment document. Battle wolf had been split into two teams, and besides him and Long Xiaoyun, they didn’t have a single member!

The members of the logistics company were assigned to a team. This was the first time he had seen such an appointment!

“This should be Long Xiaoyun’s idea! As for your team members, the Battle Wolf members who will be coming in next will be assigned to the second team!”

Qin Yuan explained. Regarding this situation, Qin Yuan felt that it should be Long Xiaoyun’s intention. Moreover, Long Xiaoyun actually chose the members in the second team!

However, Qin Yuan was quite happy in his heart. After all, these guys were the first company he led in the logistics department. It was very easy to coordinate them!

Since Long Xiaoyun had such plans, Qin Yuan could not dampen her spirits. Then let’s compete!

After all, only with competitiveness would there be progress. Qin Yuan knew this the best!

“Good! In a while, your captain Qin Yuan and captain Long Xiaoyun will bring you to your base! This is not your destination!”

“Next, I hope that in the near future, you will show me with results that my choice was not wrong!”

Gao Shiwei was looking forward to it. The purpose of Battle wolf was to create a special force that could simulate the combat of foreign special forces. This force not only had to understand the special combat techniques of all the special forces in the world, but the combat methods of China’s special forces!

It could be said that Battle wolf’s purpose was to create a whetstone for the three armed forces. Not only did they have to compete with the regular troops, but they had to compete with the other special forces!

Only by constantly experiencing various special combat methods could they become stronger!

Only in this way could they be invincible. Only in this way could they fight in the fastest and most effective way when the war came!

“Yes, sir!”

“Yes, sir!”

After saying that, Bureau Chief Gao Shiwei walked down the stage and walked straight towards Qin Yuan!

“Qin Yuan, you’re not bad. I’ve seen everything you’ve done!”

“Good luck, Qin Yuan. I believe my judgment is not wrong!”

Bureau Chief Gao Shiwei patted Qin Yuan’s shoulder and said softly. His eyes were filled with praise for Qin Yuan. Qin Yuan’s strength and ability had always surprised him. It was not the first day he paid attention to Qin Yuan. He even personally went to Old Master Qin’s place!

“Don’t worry! Bureau Chief, your judgment has never been wrong!”

Qin Yuan only replied to Chief Gao Shiwei with a determined gaze. Qin Yuan did not think much of Chief Gao Shiwei's praise. His dream was to build the strongest special forces in the world. Entering the special forces was only his first step!

"Good! Very good!"

"Then take your troops to your base! As for what needs you have, you can write a report to me! I still have to go to a meeting, so I'll leave first!"

When Bureau Chief Gao Shiwei saw Qin Yuan's gaze, he was very impressed. No matter what, Qin Yuan's eyes always seemed to have a determined gaze.

Moreover, Qin Yuan did not have a trace of arrogance. This was what Bureau Chief Gao Shiwei liked very much!

"Yes, sir! Take care, Chief!"

After saying that, Bureau Chief Gao Shiwei walked out of the auditorium. The Battle Wolf Special Forces had been officially established, and the appointment documents for the members of the Battle Wolf Special Forces had been read out. Now, it was up to Qin Yuan and the others to bring him a special force! "Let's go! The base still need these guys to prepare those things themselves!" After Gao Shiwei left, Long Xiaoyun walked in front of Qin Yuan and said.

"Why did you split Battle wolf into two teams? Does it mean you want to compete again?"

Thinking of the appointment document that Chief Gao Shiwei had just read out, Qin Yuan asked with a smile. Qin Yuan felt that Long Xiaoyun had such plans.

"What? Do you think you will always win?"

Long Xiaoyun turned her face away and her tone was a little cold. She was actually still very unconvinced in her heart. Although she had to admit that Qin Yuan's strength and ability to train soldiers were very strong, she was not willing to admit defeat just like that!

"As long as you're happy!"

Qin Yuan felt more relaxed when he was not in the same team as Long Xiaoyun. Otherwise, with Long Xiaoyun's personality, who could stand it forever?

"Oh right, in two days, our Battle wolf's selection test will be held. Wolf Fang is already preparing to start the selection!"

"So our time is very tight. You have to hurry up and bring the troops back to the base to tidy up our base. Otherwise, the good soldiers will be taken away by Wolf Fang!"

Long Xiaoyun said softly. She had just received the notice that Wolf Fang had

already started to prepare for this year's special forces selection competition, so their Battle wolf had to participate at the same time. Otherwise, so many outstanding soldiers who were lagging behind would choose to go to Wolf Fang. After all, Battle wolf had just been established!

It could be said that other than the people present, not many people knew about the existence of Battle wolf!

“Does that mean that old fox, Advisor Fan, is starting to get nervous?”

Qin Yuan guessed after hearing Long Xiaoyun's news. After all, the recruitment time of the Wolf Fang Special Forces was in September every year, and it was only July now! The Wolf Fang Special Forces selection test was starting so soon, which meant that Fan Tianlei was a little nervous!

“Today, the military commander has already informed them! They should have known about the Battle wolf's establishment by now!”

Long Xiaoyun replied lightly. She didn't think much of Wolf Fang's approach.

After all, once their Battle Wolf Special Forces was established, then the Southeast Military Region would have two special forces, so there would definitely be competition between them!

“Alright! You mean you don't plan to go back to the base?”

Seeing that Long Xiaoyun only asked him to bring his team members back, Qin Yuan was a little surprised!

“I still have to go to the military commander's place later. You guys go back first!”

“Okay!”

After saying that, Long Xiaoyun walked out of the auditorium and headed to the office of the military commander. She still needed to apply for some military supplies for Battle wolf, and she needed to personally talk to the commander!

After Long Xiaoyun left, the soldiers of the logistics company ran to Qin Yuan excitedly.

“Company Commander, you actually lied to us about this for so long. So you already knew that we were going to enter the special forces?”

“That's right! I never thought that I would one day become a special forces soldier!”

“This surprise is too shocking!”

A group of people surrounded Qin Yuan. All of them were very excited and happy. Today was a big day for them!

“Alright, don't be happy too early. You'll suffer later!”

Seeing everyone's excitement from the bottom of their hearts, Qin Yuan was very happy. However, this meant that their missions would be even more arduous, and the responsibility on their shoulders would be even heavier! “Hehe, even if you let me go to the battlefield right now, I'll be happy to die!”

Geng Hu, who was at the side, walked up to Qin Yuan and laughed. He had only joined the army not long ago, and now he had become a special forces soldier. How could he not be happy?

“Company commander! Where are we going next?” “That’s right! Company Commander!”

The soldiers of the logistics company immediately asked. “Next stop! Heading to the base...The Dark Forest!”

Chapter 238: A New Journey! (Two Chapters Combined)

Qin Yuan said softly to everyone. He and Long Xiaoyun had already gone to take a look at Battle wolf’s base!

The geographical location of the Dark Forest was simply a training ground tailor-made for Battle wolf!

It was filled with all kinds of dangers and challenges. All kinds of geographical environments were almost concentrated in that area. Those who could walk out of there safely were not simple. Qin Yuan sighed at the power of nature. Such a natural and excellent training ground was unique in the world!

“Dark Forest?”

Upon hearing this name, Zhou Qing, Liu Ye, and Gong Jian were all shocked! They knew about this place. Although they had never been there, they had heard of it!

The Dark Forest was a forbidden area for humans because no one had ever been able to walk out of that place alive!

For hundreds of years, strange things had been happening there. Many local people and veterans had said that the place was very dangerous.

They had never seen anyone walk in and come out alive, so gradually, that place became a place where many people’s faces changed!

“Company Commander Qin, you said that our Battle wolf base is in the Dark Forest?”

Gong Jian was a little surprised to confirm it again. He did not expect Qin Yuan to choose their Battle Wolf’s base there.

“Yes, you’ve heard of it too?”

Qin Yuan did not expect Gong Jian to know about that place. Moreover, from Zhou Qing and Liu Ye’s expressions, it was obvious that the two of them knew about it too!

“That’s a forbidden area for humans! I heard that no one can come out alive after going in. Isn’t it too dangerous for us to choose that place as our base?”

After getting Qin Yuan's confirmation, Gong Jian's shock turned into worry. This was not a joke. If that place was really not terrifying, there would not be such a strange legend!

"Company commander! You chose that place as your base because you don't know how dangerous it is?"

"I heard from my former squad leader that many people died there. As long as they walked in, no one could come out alive. During the anti-Japanese war, there was a squadron of Japanese soldiers who went in, but they never came out!"

Liu Ye asked in surprise. After all, if Qin Yuan knew how strange and terrifying the Dark Forest was, he would not have chosen that place as Battle wolf's base!

"What? Are you afraid now?"

Looking at the shocked Gong Jian and Liu Ye, Qin Yuan asked with a smile.

Qin Yuan had already walked around the Dark Forest. The geographical environment there was very complicated and full of danger. Not only was there a few kilometers of swamp surrounding the periphery, but there was a terrifying miasma. In fact, the most dangerous thing was this miasma!

If one inhaled too much, it would cause hallucinations and lead to death in a dangerous environment! As for those terrifying legends, the older generation didn't know how they were passed down from generation to generation. In the end, they became these ever-changing terrifying legends!

"Company commander. It's not that we're afraid, but this Dark Forest is too terrifying! "

"If that place wasn't so strange, so many people wouldn't have died!"

Seeing Qin Yuan's indifferent expression, Liu Ye reminded him again

"Company Commander Qin! Do you already know how to enter the Dark Forest?"

Looking at Qin Yuan's expression, Zhou Qing felt that Qin Yuan should already know everything inside. The reason why he chose that place as Battle wolf's base was that Qin Yuan must have a solution!

This was because Zhou Qing knew that Qin Yuan would never do something he was not confident in. Since Qin Yuan had said so, then Qin Yuan must have a way!

"Do you think it's that easy to become a member of the special forces?"

"Since we are here, we must challenge the impossible. We will do what others dare not do, fight battles that others cannot win, and complete missions that others cannot! If you want to be, you have to be the strongest special forces soldier!"

“Let’s go! Not afraid of death. Just follow me, you’ll know when you get there!”

As he spoke, Qin Yuan turned around and walked towards the military airport. From this moment on, Battle wolf had to be fearless. Only when they were fearless could they be invincible!

Watching Qin Yuan walk out, Gong Jian and the other two looked at each other. In the end, they shook their heads helplessly!

“Deputy Company Commander! What kind of place was the Dark Forest?” “You all seem to be very afraid. Is this place really so strange?”

As he listened to Liu Ye and the others, Geng Hu was dumbfounded. He did not know what kind of place the Dark Forest was, but from their conversation and expressions, this place should be very terrifying!

“That’s right! Is this place really as scary as you guys say it is?”

For a moment, the logistics team was a little confused. They had never heard of this place, so they did not know what the Dark Forest entailed!

“Terrifying?”

“That place shouldn’t be described as terrifying!”

“That place is hell!”

Seeing that everyone was asking, Liu Ye explained to them. The horror of the Dark Forest was simply hell because everyone who entered died.. If that wasn’t hell, then what was it?

Chapter 239: A New Journey! (2 chapters combined)

“No way! Is there such a place in this world?”

Hearing Liu Ye’s words, Geng Hu still could not believe it. This was because this place was really a little fantastical!

“Alright, let’s go! Follow the company commander and you’ll know!”

Liu Ye did not explain anymore. Since Qin Yuan had said so, they could only do as he said!

“Oh right, call me vice-captain from now on. We’re already members of Battle wolf! ”

Liu Ye, who was about to walk out, turned around and said to the crowd. He had not realized that they were no longer soldiers of the logistics company, but members of the Battle Wolf Special Forces. Therefore, they had to change the way they addressed him in formal situations!

“Yes, sir!”

“Yes, sir!”

It was only then that the people in the company reacted. They were no longer the soldiers of the logistics company who were ridiculed by others. From today onwards, they were all special forces

soldiers of the Battle Wolf Special Forces! “Let’s go! Don’t let Captain wait too long! We are not that cowardly when it comes to death!”

Liu Ye said. Ever since Qin Yuan came, they have become more confident. No matter how big the challenge was, they would not be afraid because they believed in themselves and Qin Yuan!

“Yes, sir! Vice-captain!”

With that, the entire Battle Wolf 1 team walked out in an orderly manner!

Seeing that all the team members followed closely behind, Qin Yuan was quite happy. These guys had already shed their former appearance!

Only such a troop would never be afraid and would be invincible!

Soon, Qin Yuan and the others boarded the helicopter arranged by the military commander!

Half an hour later, they arrived above the so-called Dark Forest!

Looking down from the helicopter, the entire area was shrouded in fog. It was impossible to see the specific situation below!

“Everyone, descend immediately!”

Not long after, Qin Yuan’s voice came from everyone’s earphones. Soon, everyone did not think too much and quickly descended!

A few minutes later, everyone had finished descending. After looking at the environment in front of them, they finally understood why Vice-Captain Liu Ye had said that this place was very terrifying!

The surroundings were covered in thick fog, and the visibility was no more than five meters. With this visibility, one would quickly lose their direction!

Moreover, this was obviously a primitive forest. There were hundreds of thousands of towering trees. Almost everything in the sky was covered by the tree trunks. Once people walked into such a place, they would immediately lose their way!

“F * ck, I can’t even get out of this environment now, let alone walk in!”

Seeing the scene in front of him, Geng Hu sighed in shock. Only now did he truly understand why Liu Ye and the others had such expressions just now! “This is just the tip of the iceberg of the Dark Forest!”

Liu Ye sighed softly. This was his first time here, but he had already expected the situation before him. However, he had underestimated the viciousness of the environment here!

“Gather!”

Before everyone could sigh, Qin Yuan’s order arrived!

After more than ten seconds, everyone had gathered. However, the fog was too thick for them to see where Qin Yuan was. They could only hear Qin Yuan’s voice!

“Everyone. The target is three kilometers southeast! That is our base. Within two hours, no matter what method you use, reach the designated location within this time! ”

“If you don’t arrive within the stipulated time, then you can only return to the logistics company. This place isn’t suitable for you!”

Qin Yuan’s tone was very strict. This was their first battle in the special forces, so the difficulty would only be worse and crueler than before!

“All of you, get ready for more brutal training, remember, all of you, from the moment you arrive at the Battle wolf, you have given up your freedom!”

“There are many special forces in this world that are stronger than us. Right now, you don’t even have the right to face them. What I said is not an exaggeration, but a statement of the truth!”

“I want you to remember that from today onwards, you will become an existence that will make the entire world tremble in fear! I want you to keep moving forward for your goals!”

“Everyone! Let’s go!”

Although the strength of the members of Battle Wolf Team 1 was already on par with the standard special forces, Qin Yuan wanted them to become stronger. Battle Wolf’s footsteps did not stop there!

They still had a long way to go, and more challenges were waiting for them!

“Yes, Captain!”

“Yes, Captain!”

All of a sudden, the members of the Battle Wolf, including Gong Jian, looked at the Dark Forest with anticipation. This was a huge challenge for them!

The Dark Forest was filled with too many dangers. This forbidden zone for humans was not that simple, but they would not admit defeat in front of Qin Yuan because they were soldiers!

Soldiers would only die in battle and never take a step back!

As he spoke, Qin Yuan turned around and immediately rushed forward. In an instant, Qin Yuan disappeared into the fog!

The environment here was not difficult for Qin Yuan at all. At this moment, he was hiding in the dark and watching the entire Battle Wolf team!

Facing such an environment, Qin Yuan had no choice but to worry about these guys. After all, he was a member of Battle Wolf Team One!

“Everyone, be careful. The fog in front of us is too thick. We have to pay attention to everything around us at all times in case we lose our way!”

Seeing Qin Yuan dash out, Liu Ye was a little helpless. They could not compare to Qin Yuan!

They could only close the distance between each other so that they could take care of each other in case of danger.

The legend of the Dark Forest forced him to be careful. This was not a small challenge for him, because no one could walk out of here alive!

“Yes, sir!”

“Yes, sir!”

Soon, the members of Battle wolf were walking shoulder to shoulder. Because they could not see the road ahead clearly, their speed was very slow!

“Vice-captain, save me!”

“F * Ck. What the hell is this!”

Just as they walked in, the people behind them screamed!

Liu Ye, Zhou Qing, and Gong Jian looked anxious when they heard the noise. They had just entered and there was already a problem!

“What happened?”

Soon, Liu Ye and the others followed the scream and ran over. Geng Hu and one of his team members had fallen into the swamp and were sinking rapidly! “Don’t move, don’t struggle! The more you struggle, the faster you will sink!” “Stop!” Zhou Qing shouted when he saw this.

“Quick, find something that can increase the weight of the area! Hurry...”

Zhou Qing shouted because only Geng Hu’s head was exposed. Based on Geng Hu’s weight, they only had 30 seconds to save him!

“Everyone, be careful!”

As the team members spread out to look for something that had weight, Zhou Qing reminded them again. They were surrounded by swamps. If they were not careful, they could easily fall into these swamps. That would be very dangerous!

Ten seconds later, Zhou Qing found a piece of dead wood and threw it beside Geng Hu. Geng Hu struggled to pull his hand out and grabbed the dead wood tightly!

To be honest, Geng Hu was quite frightened. After falling into the swamp, this thing seemed to be stuck to his body. No matter how much strength he had, it was useless. The more he struggled, the deeper he sank. There was no point of strength at all!

“Everyone, help! Hurry!”

Zhou Qing immediately ordered. Geng Hu was too heavy. They had already pulled him up with six or seven people, but they still could not pull him up!

“Yes, sir!”

Very quickly, the team members on the side immediately ran forward to help, but they were still unable to pull Geng Hu up!

Half an hour had already passed, but they were still stuck in the same spot!

There were still three kilometers of distance to go, but they had only walked less than a hundred meters!

Chapter 240: The Horror of the Dark Forest! (Three Chapters Combined)

“Hurry up. Try to find some bigger dead wood!”

Seeing that he was still unable to pull Geng Hu up, Zhou Qing said anxiously to the team members behind him.

“Yes, sir!”

Soon, the team members behind Zhou Qing immediately looked around. At this time, the fog was getting thicker and thicker, and they could not see the situation around them at all!

They also tried their best to find some dead wood and immediately threw it at Geng Hu’s position!

At this moment, Geng Hu was also exhausted. He had tried his best to climb out but he still could not. The suction power of this swamp was too strong!

Ten minutes later, Geng Hu was pulled up!

“Oh my god, this damn place is really too terrifying!”

After being pulled up, Geng Hu gasped and sighed softly. At first, he did not quite believe that this place was as terrifying as Liu Ye and the others had said, but now he believed it!

“How is it? Are you alright?”

Zhou Qing also walked up to Geng Hu’s side. Looking at Geng Hu’s entire body covered in mud, Zhou Qing felt that it was a little funny!

“I’m fine but I’ve caused trouble for all of you!”

Geng Hu also knew that the entire team had stayed here for a long time in order to save him, so he felt a little apologetic!

“Not giving up on any of our brothers has always been our motto.”

“Let’s go! We’ve been delayed for too long. If this continues, we won’t be able to meet the captain’s requirements!”

Zhou Qing said softly. He pulled Geng Hu and led the team forward!

“Everyone, be careful. The fog is getting thicker and thicker, and we have walked a long distance.”

“This place is full of danger. Everyone must be especially careful!”

After walking for some distance, Gong Jian turned around and reminded everyone that they were about one and a half kilometers away from their destination. However, they only had half an hour left, so they had to speed up!

“Yes, sir!”

“Yes, sir!”

Soon, they slowly passed through the swamp. This swamp was too big, and if they were not careful, they would fall into the swamp. No wonder many people could not get out after entering!

“Vice-captain, look ahead.”

After everyone walked for a distance, the team member at the front looked at the fog in front of them and was amazed!

Liu Ye looked forward after hearing his team member’s voice. The fog there seemed to have a different color. Under the weak sunlight, it seemed to be flickering with a faint green light!

“Is this miasma?”

Seeing this scene, Liu Ye was also a little shocked. This scene was very similar to miasma!

“Yes! This should be the miasma that causes hallucinations. Once we inhale too much, we will be in danger!”

“I wonder how long the miasma covers the road ahead! ”

Gong Jian said softly when he saw the scene in front of him. He had seen the miasma on television before. This miasma could cause hallucinations. If one was not under the sun, one would not be able to tell the difference between miasma and fog!

No wonder the people who came in here basically couldn’t get out. With the swamp and the miasma here, those who didn’t know would die if they walked in!

Fortunately, there was a trace of sunlight shining in here. Otherwise, they really wouldn’t have discovered that there was a swamp filled with miasma in front of them!

“Then what should we do?”

After hearing Gong Jian’s words, Zheng Xiaohu’s face revealed a trace of worry. They had no idea how big the swamp was.

Moreover, they did not have a good way to solve this problem at the moment. It was impossible for them to keep holding their breath in, right?

“Use your urine!”

After a moment of silence, Zhou Qing said calmly. Human urine had some anti-virus effects, so it was their best solution at the moment.

“Use urine? What do you mean?”

Hearing Zhou Qing's words, Geng Hu was a little confused. He did not know what Zhou Qing meant!

“Old Zhou is right. Use urine to soak a piece of cloth and cover your nose and mouth. This will slow down the intake of miasma!”

Gong Jian felt that this might be useful after hearing Zhou Qing's words. In the current situation, this was their best solution.

“Yes! Otherwise, if this continues, we won't be able to complete the mission within the two hours that Captain Qin set!”

Zhou Qing said to the crowd. They had been delayed here for too long. Now, they only had half an hour. They had to complete the rest of the journey as soon as possible!

“Everyone. Tear off a piece of cloth and immediately pour your urine on it.

Then cover your respiratory tract. We don't have time!”

As he spoke, Zhou Qing immediately whispered to the team members behind him.

“Yes, sir!”

“Yes, sir!”

As they spoke, the group of members turned around and found an inconspicuous spot to tear off a piece of cloth from their clothes and immediately started to urinate!

“Um... That... platoon leader! Why don't you give me some?”
