

Special Troop 241

Chapter 241: The Horror of the Dark Forest! (Three Chapters in One)

“No. Platoon leader! When I fell into the swamp just now, I peed when I came out. Now, I can’t pee at all...”

The situation just now almost scared Geng Hu to the point of incontinence! As soon as he came out, he went straight to pee. Who would have thought that he would need to use urine now!

“This...”

“Alright then!”

After saying that, Zheng Xiaohu handed his soaked cloth to Geng Hu! Hence, he took the cloth from Geng Hu! “Platoon leader. Have you been a little heaty recently?”

Geng Hu asked curiously.

“You...If you don’t want it, take it off!”

“You talk too much nonsense!”

Geng Hu’s sudden remarks stunned Zheng Xiaohu. His face was slightly red because Geng Hu’s voice was extremely loud!

“Hey, hey, hey, platoon leader, don’t. Without this thing, I’ll be finished in a while!”

When he saw Zheng Xiaohu reaching out his hand, he quickly ran away!

“Let’s go! Everyone, be careful and pay attention to your teammates!”

As he spoke, Zhou Qing immediately walked forward. They had only covered half of the distance and had already used two-thirds of the time. They did not know what kind of danger awaited them!

Soon, all the team members followed closely behind Zhou Qing, and their speed was also much faster! Because they had to speed up!

“These guys know quite a lot!”

Not far away, when Qin Yuan saw this scene, he praised their actions!

The moment they entered the Dark Forest, they would first pass through this swamp, and then pass through some swamps filled with miasma. After that, they would reach the middle of the Dark Forest, which was filled with all kinds of ferocious beasts. Because there were no humans to disturb them, the beasts there retained their most primitive ferocity!

Therefore, the danger level was still very high!

After saying that, Qin Yuan skipped forward and quickly disappeared into the fog!

At this moment, Zhou Qing and the others had walked out of the swamp that was filled with miasma.

“Oh my god, we finally walked out of this swamp, platoon leader. This smell is killing me! ”

As soon as he walked out of the miasma swamp, Geng Hu pulled off the cloth and panted heavily!

The smell had really made him sick. As soon as he came out, he could not wait to say to Zheng Xiaohu.

“If I had known earlier, I would have let you walk over like this!”

Now that he thought about it, Zheng Xiaohu regretted giving his cloth to Geng

“Vice-captain! How far are we from our destination?”

“That’s right! Why do I feel like we’ve already walked so far!”

Some of the team members immediately asked Liu Ye. They had already spent a long time, but they still did not know how far they were from their destination!

“We are some distance away, but it shouldn’t be too far!”

Liu Ye also knew that it was easy for people to lose their sense of direction and time in this fog.

“Everyone, be careful. For some reason, I feel that there are many pairs of eyes watching us!”

Gong Jian also became vigilant. He felt that something was wrong the moment he came out. It was too quiet around them!

This kind of primitive forest shouldn’t be so quiet. There should be some small animal cries!

“I also feel that something is not right. We shouldn’t let our guard down. We’re about to reach our destination, so everyone should be more vigilant!”

After hearing Gong Jian’s words, Zhou Qing looked around. The surroundings were really ridiculously quiet. In this situation, unless there were very powerful ferocious beasts around, it was impossible for these animals to not make a sound!

“Yes, sir!”

“Yes, sir!”

After saying that, everyone became vigilant and slowly walked forward with their backs against each other!

“Woo... Wii...”

An ear-piercing wolf cry sounded, and the surroundings suddenly surged!

This wolf’s cry directly frightened everyone!

“Not good! We’ve encountered a pack of wolves. Everyone, prepare your weapons immediately!”

Suddenly, Zhou Qing’s expression changed drastically. If they encountered a wolf pack, they would be in danger. Wolves had always been pack animals. Although wolves were not as strong as tigers and lions, a pack of wolves was extremely strong!

As long as they attacked, they would not stop attacking unless all of them died or the Wolf King was killed!

“F * ck, why did we encounter this wolf pack the moment we left that damn swamp?”

Seeing the surrounding wolves charging towards them, Geng Hu’s brows furrowed tightly!

“Motherf * cker, I’ll kill you all!”

As he spoke, Geng Hu picked up his gun and fired at the wolf pack not far away!

Da da da da...

After a series of gunshots, all the team members were stunned!

“F * ck, Captain is trying to kill us! Why are they all blank bullets...”

Geng Hu had also rushed to the front, but at this moment, his expression changed!

The bullets in the gun were all blank and not live ammunition. Although the wolves were repelled a little, they quickly rushed up again!

“Let’s fight with our daggers. Everyone, be careful!”

It was not the first time Zhou Qing and the others had encountered a wolf pack attack. Liu Ye had been injured when they encountered a wolf pack!

“Yes, sir!”

“Yes, sir!”

After Zhou Qing finished speaking, everyone immediately reacted! They really didn’t expect these guns to be filled with blanks! Therefore, everyone pulled out their daggers and stared at the wolf pack that was charging at them.

Chapter 242: The Horror of the Dark Forest! (Three Chapters in One)

Soon, the wolf pack charged into the group!

Bang...

“F * ck, why are these wolves so fierce?”

Geng Hu dodged to the side and stabbed his dagger into the chest of the wolf that was attacking him. However, the dagger could not pierce through the fur of the wolf at all!

“This... There is no way to hurt them at all? What should we do?”

The team members were frustrated as they couldn't harm the wolves and could only keep dodging their attacks.

“This can't be a hand-to-hand combat, can it?”

Geng Hu couldn't help but feel frustrated after dodging several attacks. The wolves here were different from those outside—they were much larger in size and extremely fierce.

“Everyone, be careful. These wolves are different from the ones we encountered outside. The wolves here have almost all retained their most primitive genes, so not only are they huge, but their attacks are also very fierce!”

Gong Jian kept reminding everyone as he gradually charged toward the Wolf King!

The only way now was to kill the Wolf King and scare away these wolves! “Old Zhou! Old Liu! Come and help me...”

Gong Jian was a little flustered when he saw the Wolf King not far away. The Wolf King was almost two meters tall, and its body should be about three meters long!

Looking at the huge wolf fangs and the fierce gaze, Gong Jian's heart trembled. He had never seen a wolf king of this size before!

“We're coming!”

Zhou Qing and Liu Ye had also noticed the situation on Gong Jian's side. After dodging the wolves that attacked them, they ran toward Gong Jian's side!

At this moment, most of the team members had wounds of various sizes on their bodies. Fortunately, they had been very strict with themselves during this period of training. Otherwise, they would definitely die in today's situation! “Damn... Isn't this Wolf King a little too big?”

After seeing the wolf king in front of him, Liu Ye was completely stunned. One had to know that this wolf king was more than twice as big as the wolf king that attacked them back then!

“Everyone, be careful! These wolves are extremely fierce in this territory without human interference,” warned Zhou Qing, keeping a close eye on the wolf king as he spoke to the two of them.

Now, they could only work together to think of a way to kill this wolf king. Only then would they have a chance to stay alive!

Otherwise, they would all die here today!

“Attack its neck, that's their weakest spot!”

Zhou Qing also shouted at the surrounding members. The neck was the most vulnerable part of the wolf, and only by attacking that area could they cause damage!

“Yes, sir!”

“Yes, sir!”

After hearing Zhou Qing's words, Geng Hu followed Zhou Qing's instructions and attacked the wolf pack in front of him.

Hua...

Blood spurted out. The wolf that was attacking Geng Hu at the front had its throat slit by Geng Hu!

However, although this attack was effective, he could not kill it in one hit! The wolf instantly became furious and pounced at Geng Hu again. Geng Hu,

who could not dodge in time, directly collided with the wolf.

At this moment, Geng Hu was also thrown to the ground. Fortunately, he had grabbed onto the two wolf claws tightly. Then, he picked up the dagger and stabbed it directly into the wolf's neck. Otherwise, he would have been crippled!

"F * ck, it hurts so much..."

Seeing that the wolf had stopped moving, Geng Hu kicked the wolf away and yelped. He did not expect an injured wolf to be so ferocious!

On the other side, the other team members gradually cooperated with each other to take care of some wolves, but many of them were seriously injured!

As for Zhou Qing's group, they entered a state of intense battle. At this point, all three of them were visibly injured to varying degrees, but they still couldn't inflict any harm on the wolf king.

This alpha wolf was too smart. Zhou Qing and the others had no way of hurting its neck!

"Geng Hu, Xiao Hu, come and help!"

Liu Ye also shouted loudly. The three of them alone had no way of dealing with this wolf king!

Therefore, Liu Ye could only think of a way to gain an advantage by relying on numbers. Otherwise, if this continued, they would slowly be finished off by the Wolf King!

Clashing with this Wolf King was like crashing into a small car. If it was them in the past, they would definitely die!

"Yes, sir!"

"Roger!"

Soon, Geng Hu and Zheng Xiaohu rushed over to their side. This was because many of the members were starting to lose their strength. If this continued, there would definitely be casualties!

With the addition of Geng Hu and Zheng Xiaohu, the wolf king did not have much of an advantage anymore. Gradually, a wound appeared on the wolf king's neck!

However, the five of them were also a little exhausted. Each of them had wounds of various sizes on their bodies!

"Motherf * cker! I'll fight you to the death!"

Geng Hu endured the pain and charged at the Wolf King. Zhou Qing and the others followed closely behind!

Soon, the wolf king's neck was gradually dyed red with blood!

“Wuwuwu. Wu... Wu!”

The wolf king roared towards the sky and was instantly enraged. To this wolf king, it had never been looked down upon like this. In this area, it was the most powerful lord!

In an instant, the entire pack of wolves became enraged, and their attacks became much fiercer!

Chapter 243: The Horror of the Dark Forest! (3 chapters in 1)

“Hurry up! The Wolf King is furious! We have to get rid of it as soon as possible.

Otherwise, our team members won't be able to withstand so many wolves!”

Seeing this scene, Zhou Qing became worried because they did not expect these wolves to be too fierce! Moreover, their weapons could not do much damage to them!

A few seconds later, the wolf king charged at Geng Hu because most of the injuries on its body were caused by Geng Hu!

Facing the enraged Wolf King, Geng Hu stared at its every move because he could not let his guard down at this time or he would die!

Zhou Qing and the others endured the pain in their bodies and continued to fight against the Wolf King. However, Zheng Xiaohu was accidentally sent flying by the Wolf King and lost his ability to fight for a moment!

Zhou Qing and Gong Jian didn't last too long, and they gradually lost their ability to fight!

The only one who could still fight with the Wolf King was Geng Hu!

At this moment, the blood on the Wolf King's neck kept flowing out!

At this moment, the Wolf King's eyes also became fierce. It opened its big mouth and revealed its sharp wolf fangs!

The wolf king shook its body and pounced towards Geng Hu!

“Geng Hu! Be careful!”

Zhou Qing, who was lying on the ground, saw that the situation was not looking good and immediately shouted at Geng Hu. The Wolf King's speed was obviously much faster. With such an impact, Geng Hu could not block it at all!

For a moment, everyone was worried about Geng Hu. If Geng Hu could not dodge this attack, then Geng Hu might be torn apart by the Wolf King!

Seeing that the Wolf King's aura was clearly much stronger than before, Geng Hu did not expect the Wolf King to actually hide its strength!

In an instant, Geng Hu's heart was filled with despair because he felt that he could not dodge the Wolf King's attack at all!

Bang...

A black shadow flashed past, and a violent collision sound rang out. The wolf king flew out and directly crashed into a big tree. After wailing a few times, it stopped breathing!

“Captain?”

Geng Hu opened his eyes and saw a familiar figure. The person in front of him was Qin Yuan!

Qin Yuan had seen everything here. Qin Yuan also knew about the appearance of these wolf packs, but this could also be used to train their recent combat skills!

However, at the last moment, the power that the Wolf King unleashed was not something Geng Hu and the others could withstand. Therefore, he had to make a move!

“Go and see how the others are doing. Leave these wolves to me!”

Qin Yuan did not say anything else. He also knew that all the team members had reached their limits. He would take care of the rest!

Soon, Qin Yuan moved in the direction of the other team members, killing these wolves with practically one strike!

In the end, when the remaining ten wolves saw that their wolf king was already dead, they fled with their tails between their legs. This was because Qin Yuan's gaze was too fierce. Even these wolves seemed to be a little afraid!

“Company commander... no... Captain is too fierce eh? He is much more ferocious than those wolves!”

Seeing this, Geng Hu was so surprised that he stuttered. It had been a long time since they had seen Qin Yuan fight. They did not expect Qin Yuan to be so strong!

It took one or two of them to deal with a wolf, but Qin Yuan killed it in one strike. That explosive power was simply off the charts!

“Qin Yuan, this...”

Seeing this scene, Gong Jian was the most astonished because he had witnessed the least of Qin Yuan's abilities.

Although he knew that Qin Yuan was strong, this was truly beyond expectations.

“The captain's strength has increased by a lot... a lot...” Gong Jian muttered in amazement.

Liu Ye also sighed softly. Although they could not guess Qin Yuan's strength, they did not expect him to be so powerful!

Moreover, from the scene just now, it was obvious that Qin Yuan did not use his full strength, so this was not Qin Yuan's limit!

Chapter 244: Are You Sure They Can Pass? (Three Chapters Combined)

This sudden scene also stimulated everyone's nerves. They did not expect their captain to be so powerful!

“Explosive!!! ”

“That's right! The commander... No! Captain is really strong, right?”

All the team leaders' faces revealed a shocked expression. To them, this shock was no less than the first time they saw Qin Yuan attack!

They knew that Qin Yuan was very capable. Every time Qin Yuan attacked, they felt that they could not grasp Qin Yuan's strength at all!

The explosive force just now was simply a heaven-defying existence!

“Everyone! Gather!”

After Qin Yuan finished dealing with the wolf pack, he turned his head and said to all the team members behind him!

“Yes, sir!”

“Yes, sir!”

At this moment, everyone regained their senses. They were deeply moved by what had just happened. A person's potential was infinite. There was nothing that could not be challenged. If you could not challenge it, it only meant that you were weak and that your strength was not enough!

After hearing Qin Yuan's order, everyone straightened their backs with difficulty and slowly got up. This time, they were attacked by the wolf pack, which made them realize that they were still very weak!

A minute later, everyone was in place. Looking at the soldiers in front of him, each of them had different injuries, big and small, but Qin Yuan did not feel any heartache!

This was because after they entered the special forces, these were all things they had to experience. There was no human relationship on the battlefield, and the enemy would not be merciful to you just because you're weak!

“You guys barely passed today, but as you can see, some of the team members are injured today, and some of them almost died!”

“There's no mercy here. This place is filled with all kinds of dangers!” “If you're injured, it can only mean that you're not strong enough!”

“Ever since you joined the Battle Wolf Special Forces, it means that your days will not be easy because the mission on your shoulders is very heavy!”

The reason why Qin Yuan chose this place as Battle wolf’s base was because it was filled with all kinds of challenges! He just wanted all of them to have a better understanding of themselves from this moment on!

If you want to become stronger, it’s useless to just think about it. Strength is always something that you fight for!

This time, although they did not arrive at the designated location at the stipulated time, Qin Yuan was already satisfied to see their spirit of never giving up and working together as a team!

“Yes, sir!”

“Yes, sir!”

Although some of the team members were seriously injured, the team’s spirit was still there. They also clearly recognized that their strength was still not strong enough!

The purpose of Qin Yuan’s words was to remind them not to get carried away because there were too many things in this world that were stronger than them. If they wanted to survive, they had to defeat all the people who posed a threat to them!

“Battle wolf! It is not just a name, but a spirit!”

“I believe that one day, you will understand why you are in Battle wolf!”

“From today onwards, this is our Battle wolf base. This is a forbidden area for humans, and I want you to conquer it!”

“Yes, sir!”

“Yes, sir!”

In an instant, the voices of the Battle Wolf members resounded throughout the entire Dark Forest. This place, from today onwards, would be their new journey. They wanted to be the rulers of this place!

“Drink this! It’s good for your injuries!”

Looking at the team members in front of him, each of their eyes was filled with perseverance. Qin Yuan was also very gratified. After exchanging some physique strengthening liquid from the system store, he ordered everyone to take them!

“Yes, sir!”

Everyone did not ask any more questions. They directly took the bottle of liquid from Qin Yuan’s hand and drank it. It was not the first time they had seen this thing!

“Everyone, pay attention. Two kilometers ahead, we’ll rest there for the night. Tomorrow, we’ll start building the Battle wolf camp! ”

A few minutes later, Qin Yuan saw that it was getting late, so he immediately got all the soldiers to rush to the designated location. Qin Yuan had just gone in to take a look. It was relatively safe there!

Because the Dark Forest would only become more dangerous at night! Many large beasts would come out at night to hunt for food!

“Yes, sir!”

“Yes, sir!”

After saying that, everyone immediately ran according to the location set by Qin Yuan. Although everyone was very tired and the stinging pain from their wounds spread throughout their bodies, it was fortunate that Qin Yuan had given them something to drink, which made their bodies feel warm, so the pain was greatly reduced!

Soon, Qin Yuan also arrived at the location he had just discovered. This was a small mountain valley that was not too big. It was surrounded by huge stone walls on three sides, so it could prevent the attacks of the ferocious beasts very well!

“Alright! Everyone rest and dress your wounds. We’ll set up tents after half an hour!”

After reaching the designated location, Qin Yuan immediately ordered everyone!

“Yes, sir!”

After everyone stopped, they immediately took out emergency medicine boxes from their backpacks to treat their injuries. This time, they had indeed suffered different injuries from the wolf pack!

Regarding this, they were also very clear that their strength was still insufficient!

“Captain, do you think there are really people who can survive here?”

After dealing with the injuries on his body, Liu Ye walked to Qin Yuan’s side and asked.. This Dark Forest was indeed full of all kinds of dangers!

Chapter 245: Are You Sure They Can Pass? (Three Chapters in One)

The ferocious attack power of the wolves they had just encountered made him feel a little afraid! He had never seen such a big wolf king before! “As long as you are strong enough, why can’t you survive?”

“Actually, there’s no terrifying legend. This place isn’t as mysterious as I imagined!”

“As for the legends they speak of, that’s just what people say because they’re afraid of something unknown!”

“The wild beasts here are indeed much larger than those in other places, and their ferocity is not something those wild beasts can compare to. However, as long as we are strong enough, we can conquer this place!”

Facing Liu Ye's doubts, Qin Yuan explained calmly. Qin Yuan had already done his research on this place. Although this place was full of danger, it was not as scary as the rumors said!

“Good! We will also train well and increase our strength as soon as possible!”

Liu Ye also nodded. He had seen Qin Yuan's strength just now. As long as they were strong enough, they would definitely be able to conquer everything here!

For a moment, Liu Ye was filled with anticipation for the coming days. He did not know how their strength would become in the future, but he knew that as long as they were not strong enough, they would definitely not be able to survive!

“Vice-Captain Liu, arrange for the team members to take turns to guard the place. It will be especially dangerous here at night, so we can't be careless!”

“Also, the weapons and equipment have been transported by helicopter.

Arrange for a few members who are less injured to go over later!”

Qin Yuan immediately instructed. This Dark Forest was indeed quite dangerous. It was fine with him around, but if he was not around, then these dangers could only be faced by the team members themselves. He could not be by their side all the time!

“Yes, Captain! I'll arrange it now!”

Liu Ye then walked toward his team members. Liu Ye knew how dangerous the Dark Forest was. Their current strength was not enough to face the danger!

After Liu Ye left, Qin Yuan's satellite phone rang. Qin Yuan took out his phone and saw that it was a call from Long Xiaoyun, so he pressed the answer button!

“What's the matter?”

After picking up the phone, Qin Yuan immediately asked!

“Are we going to have the selection on the same day as Wolf Fang? Chief of Staff Fan had just come to the Bureau Chief to submit his application for the selection!”

On the other end of the phone, Long Xiaoyun asked Ye Yun softly. She was still in the military. When she was applying for military supplies for Battle Wolf, she ran into Fan Tianlei, so she immediately asked Ye Yun.

After all, Battle wolf had just been established, so it would be too rushed to start the selection. She couldn't make up her mind!

“Has Wolf Fang started?”

Qin Yuan had expected this. Fan Tianlei had gone to the recruit company and did not successfully recruit He Chenguang and the others with him. He would definitely be a little resentful, so he had brought forward the Wolf Fang Special Forces selection competition to select some outstanding soldiers before Battle wolf!

“Yes! Therefore, I want to ask you if we should participate in the selection with them! ”

After all, there were not many outstanding soldiers, so Long Xiaoyun also hoped to recruit some as soon as possible!

“No need, we don’t need to rush. I’ll give you a list of soldiers later. Let Wolf

Fang choose the rest. After all, we are the special forces of the Southeast Military Region!”

Qin Yuan did not think much of Fan Tianlei’s technique. For him, as long as the soldiers weren’t completely weak, he believed that he could train them to become excellent soldiers.

However, he also wanted to get Battle wolf into shape as soon as possible, so he did not have so much time to train so many recruits. Therefore, it was easier to achieve significant improvements in strength in a short period of time by focusing on soldiers with better physical conditions.

“You already have potential candidates in mind?”

After hearing Qin Yuan’s words, Long Xiaoyun was a little surprised. Didn’t Qin Yuan need to conduct an on-the-spot inspection to select soldiers?

“That’s right! Some soldiers from the Iron Fist Regiment’s Recruit Company and the 4th Company, along with the people on the name list I sent you, we already have roughly enough people in the Battle Wolf 2nd Team!”

Qin Yuan already had a plan in his heart. After three months of demonic training, the recruits of the Iron Fist Regiment had almost reached the level of ordinary special forces soldiers!

Most importantly, these recruits were not bad. They were all stubborn. They just needed to hone themselves for a while!

Moreover, he could allow some soldiers to join the Battle wolf Special Forces!

As for the other soldiers in other companies, they were the original Battle Wolf members from before. Now, Qin Yuan was still more curious about Leng Feng!

“Are you that confident that they can pass Battle wolf’s test?”

At this moment, Qin Yuan also handed the name list containing Leng Feng and the others to Long Xiaoyun!

Seeing the members of Battle wolf that Qin Yuan had chosen, Long Xiaoyun was also a little surprised because there were only about 160 soldiers in total!

There were 120 recruits in the company, and it was impossible for all the soldiers of the fourth company to participate in the selection. If that was the case, Kang Lei would definitely not agree!

Including the list of more than 20 soldiers given by Qin Yuan, just how many people are there only?

Compared it to the Wolf Fang selection process, where they initially select 500 outstanding soldiers and only a dozen or so make it through, or even just a few, then with Qin Yuan selecting only over 100 soldiers, how many will be able to pass the selection?

Chapter 246: Are You Sure They Can Pass? (Three Chapters in One)

“Don’t worry! I know my own soldiers very well! I’m just afraid that there’ll be too many soldiers and I can’t handle all of them!”

As he spoke, Qin Yuan joked with a smile. He knew very well that these soldiers would definitely be able to pass the Battle Wolf selection!

However, Qin Yuan had also made up his mind. Since Battle wolf was divided into two teams, then these soldiers of the logistics company would be members of the first team. The rest would be placed in Long Xiaoyun’s second team!

“I hope you won’t disappoint me!”

Long Xiaoyun could only follow Qin Yuan’s instructions for now! After all, Battle wolf’s base was not yet fully established, and it would take some time for preparations before the Battle wolf could truly begin their operations.

After saying that, Long Xiaoyun hung up the phone and she began to retrieve the files of these soldiers according to Qin Yuan’s request. Half an hour later, she rushed to the place where these soldiers were.

Since Qin Yuan had picked them out himself, then they must have some outstanding points. Therefore, Long Xiaoyun had to transfer these soldiers to Battle wolf before Wolf fang did!

Qin Yuan also turned on the radar and scanned the surroundings!

He also wanted to take a look around and find a suitable location to build Battle wolf’s base!

Because this was the Dark Forest, danger is everywhere, the beasts here and those outside are not the same, because there are no human beings for many years, the destruction here has retained the most primitive breath!

The size and ferocity of those beasts were incomparable to those outside, so the location of the base was also very important!

After all, it was unbearable to receive the patronage of these ferocious beasts from time to time!

“Captain, I’ve arranged everything for you. I’ve also called over the soldiers you said you needed. Where should we go to get those weapons?”

At this moment, Liu Ye walked up and said after arranging everything.

“Good! Wait for me here for a while. I’ll go and inform Old Zhou. Then, follow me to get the equipment!”

Qin Yuan scanned the surrounding three kilometers, but there was no suitable place for Battle wolf to build a base, so he could only look around again!

“Yes, sir!”

After saying that, Qin Yuan walked towards Zhou Qing and Gong Jian!

“Old Zhou, Instructor Gong! I’ll bring the team to get the equipment from the helicopter later. You guys take the team and set up camp here first!”

“You guys start the fire first. The sky isn’t completely dark yet, so there shouldn’t be any danger for the time being!”

As soon as he walked to Zhou Qing and Gong Jian’s side, Qin Yuan said to the two of them. Their injuries were indeed a little serious, so they were lying down to recover. With the recovery ability of the physique strengthening liquid, they should be able to recover in a few days!

“Understood, Captain Qin!”

“Understood, we will be careful!”

Zhou Qing and Gong Jian also answered Qin Yuan softly. When they were fighting with the wolf king, their thighs were accidentally cut by the wolf’s claws, so it was not convenient for them to move now!

“Alright! Vice-captain Liu and I will be back soon! If anything unexpected happens, immediately pull the signal flare!”

As he spoke, Qin Yuan also handed over three signal flares!

“Good! Be careful on the road!”

After receiving the signal flares from Qin Yuan, Zhou Qing nodded!

“Good!”

After saying that, Qin Yuan brought Liu Ye and the others to the military supplies and weapons!

Before they came here, Qin Yuan had asked Long Xiaoyun to transport the military supplies and equipment in. The reason why he did not let the soldiers carry them directly was that Qin Yuan wanted to test the soldiers’ actual combat level. Moreover, that was only the periphery of the Dark Forest, so the danger level was not very high!

Half an hour later, Qin Yuan and the others also found the military supplies box sent down by the helicopter!

After seeing the military equipment, Liu Ye was a little excited. Because without these live ammunition equipment, it was unrealistic to rely on them to fight hand-to-hand!

“Captain! So you had already prepared these pieces of equipment long ago?”

Liu Ye was very excited when he saw all the equipment. These pieces of equipment were exclusive to the special forces. With these weapons and equipment, their strength would also be greatly improved!

“Yes, it’s done! Let’s take these things back first. Don’t let them wait for too long. It’s still very dangerous here at night!”

Qin Yuan saw that the sky had already darkened, so he was a little worried about Zhou Qing and the others. After all, Battle wolf’s base had not been built yet. Moreover, if Zhou Qing and the others encountered even more ferocious beasts, it would not be good if they did not have weapons and equipment!

“Yes, sir!”

After saying that, Liu Ye and the others immediately picked up the weapons and equipment and walked back.

“Why is there a dark spot there?”

“Forget it, I’ll come back tomorrow to take a look! ”

At this moment, Qin Yuan saw that the radar seemed to show a very special location. He was a little curious, so after stopping for a while, he walked back. It was already late, and Qin Yuan did not dare to leave his team members for too long. He was also afraid that something would happen!

Soon, Qin Yuan brought Liu Ye and the others back to the place where they camped. After distributing the weapons and equipment, some of the lightly injured members went out to guard!

At this moment, Qin Yuan had also turned on the early warning radar around the camp.. He did not dare to let his guard down, so he could only be more vigilant!

Chapter 247: Are You Sure They Can Pass? (3 chapters in 1)

As the night passed, the sky gradually turned pale, and Qin Yuan slowly opened his eyes. Last night, he had taken out the urine of the wolf king and circled around their camping area within a one-kilometer radius.

Animals have a sense of territory, and this act was intended to establish their presence and deter other animals. With this precaution in place, Qin Yuan allowed himself a brief rest.

“Old Zhou, you guys look for some food in the surroundings. Today, you guys should rest and recuperate first! I have to go in and investigate!”

Qin Yuan still had to look at the dark spot on the radar. He was also a little curious about where it was!

“Good! Captain Qin, be careful!”

Zhou Qing knew that Qin Yuan was probably looking for a suitable base for Battle wolf. Although they had chosen this place as Battle wolf’s base, the Dark Forest was indeed very big!

Moreover, the risk factor was also very high, so they had to choose a better location to build their base!

“Okay!”

After saying that, Qin Yuan headed to the location where he found the dark spot the day before!
Half an hour later, Qin Yuan found the dark spot shown on the radar!

“Isn’t this place too perfect?”

As soon as Qin Yuan arrived, he was stunned by the scene in front of him!

He was standing on the edge of the cliff, and under his feet was a huge sinkhole with a diameter of about one kilometer!

Looking at the sinkhole in front of him, it was obvious that it was caused by a meteorite impact!
Moreover, Western Zhou was filled with smooth stone walls. Qin Yuan estimated that this depth was about 100 meters deep!

This was simply the best place to build a base. If the base was built here, other than the birds of prey flying in the sky, no ferocious beasts could affect them at all!

“Let’s go down and take a look!”

As he spoke, Qin Yuan’s face became a little awkward. The height here was too high. He did not bring a climbing rope with him when he came out!

There was no way he could go down. Although he was strong, it didn’t mean that he wouldn’t be injured if he jumped from a height of more than 100 meters!

“Host, the system has notified you that you can exchange for rock climbing skills in the system store!”

At this moment, the system’s voice rang in Qin Yuan’s mind!

Suddenly, Qin Yuan remembered that he still had the system. He had forgotten about the existence of the system just now!

“Let me see!”

Soon, Qin Yuan’s advanced rock climbing skill appeared!

“Advanced Rock Climbing: Allows the host to acquire the adhesive ability of a gecko, thereby enhancing the host’s climbing ability!”

The skill’s description is brief, consisting of just a single sentence, but it caught Qin Yuan’s attention with the mention of “gecko.”

These two words could represent the effect of this skill. One had to know that when it came to climbing, what was stronger than a gecko?

Therefore, Qin Yuan was very happy to see this rock climbing skill! With this skill, his rock climbing ability would be greatly improved!

“System, exchange immediately!”

Qin Yuan wanted to go down and take a look at the situation under the sinkhole, so he immediately asked the system to exchange for the skill!

Qin Yuan did not pay attention to how many skill points this skill required.

When the system deducted the skill points, Qin Yuan’s expression darkened!

“System...Are you sure you’re not trying to trick me? This skill actually cost me 1,000,000 Skill Points?”

At this moment, Qin Yuan realized that he had not noticed that it would cost 1 million to exchange for this skill point. He had thought that it was only 100,000 skill points...

Who knew that there was an extra zero behind?

“Congratulations to the host for obtaining the advanced climbing skill. The system has rewarded the host with 10000 skill points!”

The system did not respond to Qin Yuan’s remarks. After all, it was Qin Yuan who chose to exchange, so it was useless to regret now!

Seeing that the system did not reply to him for a long time, Qin Yuan felt a pang of pain. However, what was done was done.. He could only bear the pain and accept the reality!

Chapter 248: Captain, You’re Kidding Right? (3 Chapters in 1)

However, after a while, a smile appeared on Qin Yuan’s face.

“This thing is indeed not bad!”

After obtaining this skill, Qin Yuan immediately ran towards a five-meter-tall stone wall beside him. Qin Yuan did not feel anything, but the moment his palm touched the stone wall, his entire palm was firmly attached to the stone wall!

Right now, he had one hand attached to the stone wall, and his entire body was hanging there!

“With this skill, won’t we be invincible when facing these cliffs in the future?”

Qin Yuan also felt happy when he thought of this!

“System reminder: After the Rock Climbing skill is activated, each absorption will last for 20 minutes. After 20 minutes, the absorption effect will cool down, and the cooldown will usually last for half an hour!”

Qin Yuan was still thinking that it was worth it to exchange 1,000,000 skill points for this skill when the system’s voice splashed cold water on Qin Yuan’s face!

The smile on his face instantly fell!

“20 minutes of effective time? And there is a half-hour cooldown time?”

“There is a limit?”

Qin Yuan said helplessly to the system's reminder. He did not expect this skill to have a cooldown time. In that case, he would have to wait for a period of time before he could use it!

“What will happen if the usage time passes? What if I'm still climbing?” Qin Yuan had never expected this to be the weakness of this skill!

“If the effective time is over, the absorption ability will disappear. As for how the host will use it effectively, that can only depend on the host!”

The system explained calmly.

“No way! One million skill points for this?”

If he encountered a cliff that he could not climb in 20 minutes, wouldn't he fall to his death?

Thinking of this, Qin Yuan seemed to regret it a little!

“The host can upgrade skills. Every time the skill is upgraded, the effective time will increase, and the cooldown time will also decrease!”

The system's voice sounded again, but at this time, Qin Yuan knew very well that upgrading this skill would cost hundreds of thousands of skill points.

Just the exchange for this skill alone had already cost him 1,000,000 skill points. One had to know that the skill points he had saved up over this period of time had been used to exchange for physique strengthening liquid for Xiao Zhenwu and the Battle Wolf members. After that, he only had about 3,000,000 skill points left!

Now that he had lost 1 million skill points in one go, Qin Yuan still felt a little pained!

Now that the skill points he obtained were getting lesser and lesser, he cherished them even more!

“Forget it! It seemed that he would have to focus on earning skill points again in the next period of time!”

Qin Yuan did not think about anything else. After all, it was better to have more of these skills. They were still very helpful to him. As for upgrading his skills, Qin Yuan did not have such plans at the moment!

After all, 20 minutes of effective time was basically enough for him to use!

After Qin Yuan jumped off the stone wall at the side, he looked down at the ground of the sinkhole. At this time, the sunlight had already shone into the ground of the sinkhole, so the fog covering the ground of the sinkhole was gradually dispersing!

Looking at the giant trees at the bottom of the sinkhole and the underground environment, Qin Yuan became a little curious!

Therefore, he immediately activated the rock climbing skill and quickly climbed down. With the help of the skill, Qin Yuan climbed up the cliff like a gecko !

About 7-8 minutes later, Qin Yuan reached the bottom of the sinkhole!

At this moment, the scene at the bottom of the sinkhole shocked Qin Yuan!

This was because every giant tree retained its most primitive state. Looking at these towering ancient trees, Qin Yuan instantly felt very small because every ancient tree here was at least dozens of meters tall! Such a scene was really rare!

Qin Yuan did not stop. After turning on the early warning radar, he walked straight in. The diameter of this place was only about one kilometer, so Qin Yuan's early warning radar quickly covered everything there!

Instantly, the information of all the animals and plants in the entire sinkhole was transmitted to Qin Yuan's mind!

Qin Yuan looked at the information on the warning radar. Fortunately, there were no large ferocious beasts at the bottom of the sinkhole. However, Qin Yuan thought about it. If there were large ferocious beasts here, wouldn't they starve to death?

"This place is indeed not bad. It's simply a natural base! The surroundings were surrounded by cliffs, so there was no need to worry about the invasion of ferocious beasts!"

Qin Yuan looked at the bottom of the sinkhole and nodded in satisfaction, so he continued to walk around. He needed to take a look at the environment here. If it was possible, he would call all the members of Battle Wolf here!

Looking at the living environment here and the pure mountain spring water flowing down the cliff, Qin Yuan had already determined that this was Battle Wolf's next base!

The necessities of life were already available here, and food was the least lacking in the Dark Forest!

After checking everything around him and confirming that there was no danger, Qin Yuan also walked back!

An hour later, Qin Yuan returned to where Zhou Qing and the others were. They had hunted some small animals to roast.. This was their first meal since entering the Dark Forest!

Chapter 249: Captain, You Are Kidding Right? (3 Chapters in 1)

"Captain! You're back!

"Come and eat something first!"

Seeing Qin Yuan return, Liu Ye walked over with a smile and handed a roasted rabbit to Qin Yuan!

"Alright! Everyone, hurry up and rest for a while. I'll bring you to a place later!"

After Qin Yuan took the roasted rabbit, he replied with a smile!

"Okay!"

As he spoke, Qin Yuan sat down beside Liu Ye. At this time, Zhou Qing, Gong Jian, and the other injured people were still lying down and resting. It would take them a day or two to recover!

“Captain, have you found a suitable place for us to build a base?” Seeing the smile on Qin Yuan’s face, Liu Ye immediately asked.

“I found it, and I think you will all be very satisfied! You’ll know when you get there!”

The sinkhole was indeed a good place. Every day, they had to climb up from the bottom of the sinkhole that was more than 100 meters deep before entering the Dark Forest to train. This was very good!

Moreover, that location was surrounded by cliffs. Some large ferocious beasts could not go down at all. They were also blocked by towering ancient trees, which was simply a natural cover! Who would have known that the crater was their base?

“Good!”

Looking at Qin Yuan’s expression, Liu Ye was looking forward to it. He felt that Qin Yuan seemed to be very happy, so the location was definitely not too bad!

Half an hour later, after everyone had eaten and drunk their fill, they began to move in the direction Qin Yuan had mentioned! “Old Zhou, Instructor Gong, are you two okay?”

Qin Yuan also looked at the two of them and asked.

This time, they were the two who suffered the heaviest injuries when they encountered the wolf pack’s attack. This was because both of them had been cut by the huge wolf king’s claws, and their bones could be seen!

Although Qin Yuan had given them the physique strengthening liquid, it still took a while for them to recover, so it was not convenient for the two of them to move now!

“It’s okay, Captain Qin. We can still walk. We can still deal with these injuries!”

“Yes, let’s go. Let’s go to the place you mentioned first!”

Zhou Qing and Gong Jian said softly.

They didn’t want to affect the entire team because of them, so even if they still felt the stinging pain in their bodies, they endured it!

“Good! Then let’s go!”

Qin Yuan also knew that Zhou Qing and Gong Jian were probably enduring the pain in their bodies. They just did not want to affect the progress of the team!

Therefore, Qin Yuan did not say anything. After all, the two of them should be able to handle it for now. This was also a way to hone their willpower!

Therefore, Qin Yuan did not use the Taiyi Divine Acupuncture Technique to relieve their pain. After all, if they could endure that pain, they would not feel so much pain when they were injured in the future!

An hour later, they arrived at the location Qin Yuan had mentioned. Everyone was stunned when they saw the sinkhole under their feet!

“Captain! Is this the place you mentioned? You chose the place under our feet to be our base?”

Looking at the deep pit under his feet, Geng Hu's feet trembled. Such a high cliff should be more than 100 meters high!

If Qin Yuan really chose the bottom of the sinkhole as Battle Wolf's base, how were they going to go down there?

Seeing this scene in front of them, all the team members felt their hearts tremble. If they were not careful, they would fall and be crushed into pieces, let alone go down such a high cliff!

“That's right, it's here. The bottom of this sinkhole is a natural base, and it's surrounded by cliffs on all sides. The large beasts in this Dark Forest can't go down!”

“And I've already seen the rest. The basic conditions of life can meet our needs!”

Hearing Geng Hu's question, Qin Yuan replied! This was the location he had chosen for his base. Although it was more than 100 meters deep, it was still a great place!

“What?”

“Captain. You just said... You... Have you already gone down to take a look?”

Hearing Qin Yuan's words, Geng Hu was dumbfounded. The sinkhole was at least 100 meters deep, and the cliff was descending at a 90-degree angle. How did Qin Yuan go down?

Moreover, not only Geng Hu, but all the team members present were surprised. They could not figure out how Qin Yuan went down!

Looking at the surprised crowd, Qin Yuan realized that he had spoken too quickly just now. He had actually forgotten that he had the climbing skill. Now, he did not know how to explain it!

“Um... Just now, I used the vines at the side, but with your current strength, you probably can't do it!”

Qin Yuan saw some green vines on the cliff at the side, so he immediately lied to everyone.

“This vine...”

Looking at the vines beside him, Geng Hu was stunned. Qin Yuan could really brag about anything!

One had to know that the vine was beside Geng Hu, so Geng Hu knew best that Qin Yuan could not have gone down this way!

That was because the vine was not even half as thick as Geng Hu's pinky finger. It would be strange if this thing could support Qin Yuan's body!

“Captain, you're kidding right? You went down with this thing?”

One had to know that Geng Hu had paid attention just now.. The vine only extended for about ten meters, so he did not believe that Qin Yuan had gone down using the vines!

Chapter 250: Captain, You Are Kidding Right? (3 Chapters in 1)

However, he did not expose Qin Yuan's lie. After all, if he exposed Qin Yuan's lie at this time, he would not be able to bear the consequences!

He knew that Qin Yuan definitely had his own way to go down, but he did not recommend them to do so. Therefore, Geng Hu did not say anything and only muttered in his heart!

“Vice-Captain Liu, give me the mountaineering drill and the screws. I'll go down and install the lifting rope first!”

Qin Yuan immediately changed the topic. If he continued to be questioned, he would soon be exposed!

“Yes, sir!”

As he spoke, Liu Ye handed over all the materials Qin Yuan needed, as well as a large bundle of ropes!

Therefore, Qin Yuan put on the rope and hid the other end on a big tree. Then, he used the mountaineering roller and the bolt to fix the support point of each rope and slid down!

Half an hour later, Qin Yuan finally set up all the facilities. He had drilled almost 100 support points for a distance of more than 100 meters!

Qin Yuan did not activate the climbing skill because he would not use it casually now. After all, it was too difficult to explain!

After doing all this, Qin Yuan was afraid to come up. Then, he began to order his team members to slide down!

Qin Yuan sent down the members who were unable to move!

Soon, all of them reached the bottom of the sinkhole!

When they arrived there, they were stunned by the scene in front of them. These huge ancient trees made their eyes light up!

To be honest, they had never seen such a large ancient tree before. The primitive atmosphere here was really too dense!

“F * Ck. Such a huge ancient tree was simply too spectacular!”

“That's right! The most primitive power of nature could only be seen in such a primitive forest. It was simply divine workmanship!”

For a moment, the entire team members were shocked by the scene in front of them!

Furthermore, the terrain here was flat. Although the area was not very large, it was enough to serve as their base!

“Captain, how did you find this place?”

“The environment here is too cool!”

Geng Hu also took a deep breath. The air here was very fresh, but it did not exist in the outside world!

“Alright! Let’s go further in. There’s a place that’s more suitable for building a base!”

Qin Yuan also knew that the environment here would definitely surprise them. Moreover, living in such a place felt like living in paradise!

For a moment, all the members of Battle Wolf almost forgot what they were here for!

“Yes, sir!”

“Yes, sir!”

With that, all the team members followed Qin Yuan. Soon, they arrived at a small lake. The terrain here was flat, and there was a huge cave on the cliff at the side.

Qin Yuan had already explored it. It was a vacuum cave, and it was only about a hundred square meters. It was very suitable as a command center for the base!

The soldiers’ accommodations could be built on these towering ancient trees. Who wouldn’t love such treehouses?

The other training facilities could be perfected later!

“Come on! Let’s do it, brothers! “You have to build your own room, right?” Qin Yuan said to everyone with a smile!

“Yes, sir!”

“Yes, sir!”

After saying that, everyone could not wait to find the big tree they liked and

start forging their own treehouses!

“Captain, my treehouse-building skills are top-notch. Do you want me to help you build one?”

As he spoke, Geng Hu walked to Qin Yuan’s side and said with a smile.

“Alright, with your skills, what can you build anyway? Go ahead and work on your own stuff!”

He preferred to build the treehouse himself because he had already looked at the blueprint in the system. It was the perfect treehouse!

“Old Zhou, Instructor Gong! You guys just rest for a while. I’ll go ahead and set up the accommodations. At present, this place needs to be developed bit by bit!”

As he spoke, Qin Yuan walked to Zhou Qing and Gong Jian’s side.

“Okay! We’ll have to trouble you, Captain Qin!”

Zhou Qing and Gong Jian nodded. They couldn’t do anything too strenuous right now! Therefore, they could only trouble Qin Yuan to build a treehouse!

“Good! Vice-Captain Liu, come and help me!”

As he spoke, Qin Yuan also called Liu Ye to give him a hand!

“Okay!”

As he spoke, Qin Yuan walked towards the two tallest trees!

He personally liked the scenery from above! Here, they basically did not have to worry about a violent storm. Therefore, Qin Yuan chose the location of the treehouse on the two tallest trees!

Soon, Qin Yuan exchanged the blueprint of the treehouse from the system. The blueprint of the treehouse was not expensive and only cost 10,000 skill points, but it was indeed what Qin Yuan liked!

A few seconds later, the blueprint of the entire treehouse was imprinted in Qin Yuan’s mind!

Therefore, Qin Yuan spent another 50,000 skill points to exchange for a set of intermediate woodworking skills. Thus, he began his journey to fulfill his dream!

Two hours later, seven or eight extremely classic and exquisite wooden huts appeared on the two trees, arranged in order along the trunk!

Moreover, Qin Yuan had made all the protective fences, and it did not affect the growth of the ancient tree!

“Captain... These are perfect! These wooden houses are simply works of art!”

Looking at the exquisite wooden houses in front of him, Liu Ye was also amazed. Qin Yuan was simply an omnipotent person.. It was as if he knew everything!
