

Special Troop 251

Chapter 251: Captain, You Are Joking Right?

“There! This is an art class that I took when I was in military school, so it’s passable!”

Faced with Liu Ye’s praise, Qin Yuan felt a little embarrassed. After all, he also wanted to live more comfortably. Although he was here to build a Battle wolf, he could not mistreat himself!

“How is this passable? It’s simply amazing!”

For a moment, he was so excited that he did not know what else to say to describe Qin Yuan!

These wooden houses were simply a perfect work of art!

Just as Liu Ye was still in shock, Geng Hu ran over excitedly!

“Team. Team... Captain!”

“Holy shit. Who built these treehouses?”

Geng Hu was just about to say something when he was interrupted by the scene in front of him!

“This is too...Perfect!”

Looking at the treehouses in front of him, Geng Hu was stunned. He had wanted to come over and let Qin Yuan take a look at the treehouses he had built!

But now that he saw some exquisite treehouses, Geng Hu did not dare to say anything!

“Other than the captain, who else can do this!”

Liu Ye said with a smile when he saw Geng Hu’s shocked expression. At this moment, Qin Yuan also walked down from the treehouse!

“What’s wrong? You were in such a hurry to come over!”

Seeing that Geng Hu had just called him, he immediately asked.

“No. No, nothing.”

Geng Hu scratched his head. After seeing these treehouses, how could he still have the cheek to let Qin Yuan see the treehouses he had built? This was simply a mountain and a land!

“Do you want me to see the treehouse you built?”

Looking at Geng Hu’s expression, Qin Yuan knew that Geng Hu probably wanted him to see his treehouse!

“No. It’s not that.”

Geng Hu shook his head in embarrassment.

“Let’s go! Vice-Captain Liu, let’s go and take a look at Geng Hu’s work!”

As he spoke, Qin Yuan smiled and called Liu Ye over to where Geng Hu was building the treehouse!

“Captain. Forget it!”

Seeing that Qin Yuan had already walked forward, Geng Hu immediately walked forward and said.

“It’s fine. Let’s go and take a look!”

As he spoke, Qin Yuan smiled and continued walking forward!

Soon, they arrived at the location where Geng Hu was building the treehouse, but Qin Yuan and Liu Ye were stunned by the scene in front of them!

“Are you sure...Is this the treehouse you built?”

Seeing the scene in front of him, Qin Yuan asked Geng Hu helplessly!

The treehouse built by Geng Hu looked like it was on the verge of collapse and Qin Yuan did not know what to say!

“Eh! I think I didn’t measure the distance between each piece of wood!”

For a moment, Geng Hu did not know what to say. He smiled embarrassedly.

Qin Yuan picked up a stone from under his feet and threw it at the treehouse Geng Hu had built!

Bang...

Whoosh. Peng, peng, peng...

In an instant, Geng Hu’s treehouse collapsed from the tree.

When the few of them saw this scene, their hearts turned cold! Would Geng Hu really dare to live in the treehouse he built?

Moreover, with Geng Hu’s size, he would probably collapse before he could sleep well...

“Captain. I, um... I’m starting over...”

Geng Hu was also a little embarrassed. He seemed to have forgotten to reinforce the treehouse just now, so it loosened immediately after a while!

“Forget it! I’ll give you the one at the bottom of my place! ”

Qin Yuan did not dare to let Geng Hu build the treehouse. If he were to let this guy build it himself, it might collapse in the middle of the night!

Fortunately, Qin Yuan built a few more treehouses. After all, sometimes Battle Wolf Base needed to host people!

Therefore, Qin Yuan prepared a few more treehouses as guest rooms! Otherwise, Qin Yuan would not be at ease if Geng Hu built the treehouse himself!

Chapter 252: Transfer Leng Feng and the others!

“Let’s go! He went to see if the other team members were ready. Next, he began to build Battle wolf Base bit by bit!”

Qin Yuan said to everyone, and then he walked in the direction of his team members!

Now that the location of Battle wolf base had been determined, Qin Yuan could start preparing the training plan for Battle wolf!

Qin Yuan already had a plan in his heart. Currently, the members of the first team were all from the logistics company. The members of the second team had to be recruited during this period of time!

As for the members of the second team, Qin Yuan had thought about bringing the recruits of the Iron Fist Regiment’s recruit company over. Then, he would let Gong Jian take a look at the soldiers of the fourth company. After all, this was also an opportunity. Qin Yuan did not forget his brothers from the fourth company!

However, it was up to the 4th company to decide what they want. The current members of Battle wolf were basically all soldiers of the Iron Fist Regiment. It was not possible to transfer all the good soldiers from the Iron Fist Regiment to Battle wolf!

Soon, Qin Yuan also walked into the cave where Zhou Qing and the others were!

“Old Zhou, Instructor Gong, I’ve already built the treehouse. You can go and rest first! ”

Qin Yuan also walked to the two of them and said.

Both Zhou Qing and Gong Jian needed to recuperate. According to their recovery rate, it would take at least two days for them to be able to move freely!

“Thank you for your hard work, Captain Qin. We…”

Gong Jian said in embarrassment. He had just entered and was already injured. He even had to trouble Qin Yuan for help with these trivial matters!

“Alright, we’re all brothers.”

“It’s nothing!”

Qin Yuan also said with a smile. The reason why he did not give Zhou Qing and Gong Jian pain relief was because Qin Yuan hoped that they could adapt to the pain. After all, they would only suffer more injuries in the future!

It was impossible for the members of the special forces not to be injured!

“Let’s go! I’ll take you guys there first. Tomorrow, Instructor Gong, we have to go back to the recruit company!”

“Return to the recruit company?”

Gong Jian did not react for a moment when he heard Qin Yuan’s words!

“Have you forgotten that tomorrow is the day that those guys end their journey as new recruits?”

Seeing that Gong Jian was still a little surprised, Qin Yuan knew that Gong Jian had probably forgotten!

“Oh right! Look at my brain. I forget things easily when I’m so happy!”

Gong Jian said with some embarrassment. He had been transferred to the military region and then joined the Battle wolf Special Forces. He had completely forgotten about this!

“Old Zhou, Vice-captain Liu, I might have to go back tomorrow, so I’ll leave the team members to the two fans first. Captain Long should only be here in two days!”

“There shouldn’t be any big problems here. Captain Long has already applied for the military supplies we need from the military. I will send her the location of this place in a while. The things we need will be transported here by helicopter tomorrow.”

As he spoke, Qin Yuan also said to Zhou Qing and Liu Ye. There were not many problems here at the moment. The next step was to prepare the base. Then, their Battle wolf could begin their training!

Before that, Qin Yuan had to recruit all the members of the second team. Two months, Qin Yuan only gave himself two months. In two months, he had to forge the characteristics of the Battle Wolf!

“Don’t worry, Captain Qin. There’s no danger here now, so you don’t have to worry about us!”

“We will increase our strength as soon as possible!”

Zhou Qing also said softly. After encountering the wolf pack this time, Zhou Qing also realized that their strength still needed to be improved. He originally thought that their current strength was already strong enough!

However, when he saw Qin Yuan facing those wolves, he realized that one’s ability could actually reach that level!

“Good!”

“Then you guys go and rest first. The treehouses are on the two tallest trees over there. You guys can choose one each!”

“I’ll go and take a look at my team members first. I’ll see if these guys have built their own accommodations!”

To be honest, Qin Yuan was a little worried that these guys would build a treehouse like Geng Hu.

“Good!”

After saying that, Qin Yuan and Liu Ye walked in the direction of the team members!

Qin Yuan followed the deep forest. Tree houses of various sizes appeared on some of the giant trees in front of him. The team members were busy building their own houses, but they looked much better than Geng Hu's!

20 minutes later, Liu Ye saw that the team members had finished building and immediately gave the order to assemble!

“Gather!”

After hearing the order to assemble, the team members immediately put down the tools in their hands and rushed over to Liu Ye's side!

After all the team members had gathered, Qin Yuan slowly said,

“From today onwards, this place is your base, and also the place where your dreams begin. So I hope that from today onwards, you will change your perception!”

‘You are no longer ordinary soldiers, nor are you soldiers of the logistics company. From today onwards, you are shouldering a mission that is more important than ordinary soldiers!’

“You are about to start a new life.. In order to better complete the mission given to us by the country and the people, you will face crueller training than before, and you will also face crueller battlefields!”

Chapter 253: Transfer Leng Feng and the others! 2

Qin Yuan wanted the team members to have a deep understanding of their current identity!

They were now members of the special forces, and the second sword of the Southeast Military Region!

“Yes, sir!”

“Yes, sir!”

All the team members looked at Qin Yuan with determined gazes and replied. At this moment, they were very excited!

Become a special forces soldier! It was their biggest dream ever since they entered the army, and it was also their lifelong pursuit. They did not expect that this dream had already been realized !

All of this was like a dream. If not for Qin Yuan, perhaps they would not have been able to realize this dream!

Everyone was looking forward to their future! Although the road ahead was full of danger, they would definitely overcome all kinds of difficulties!

“Good!”

“In two months, I hope to see even more powerful versions of yourselves!”

“The current Battle wolf is just the most ordinary existence among the many special forces!”

“There are too many special forces that are stronger than us, so you have to know that your current competitors are not just ordinary regular forces, but special forces!”

“Did you hear me clearly?”

Qin Yuan’s tone was also much more serious. Although Battle wolf’s current strength could compete with Wolf Fang, the Wolf Fang Special Forces were only at the lower end of the special forces of the various military regions!

In the special forces competition held every year, the Wolf Fang special forces would always obtain a lower ranking!

Therefore, the Wolf Fang Special Forces had been ridiculed by the special forces of the other military regions all these years!

There was competition between the special forces, so the chief of the special forces did not care about the mockery!

Because soldiers had to have pride. If they didn’t want to be laughed at, they had to prove themselves with their strength, because the weak had no right to talk about dignity!

Moreover, the competition between the special forces could also stimulate their motivation and desire to become stronger!

“Yes sir! ”

All the team members knew very well that they would be going through even crueler training than before, and there would be even crueler wars waiting for them!

However, they were also prepared for everything. Even if they died one day, they would not regret their choice today. They would not regret being a soldier of China!

“Good!”

Looking at all the team members in front of him, Qin Yuan nodded his head in relief!

“Everyone has one. After we settle down, clean up the surrounding area!”

“Yes, sir!”

“Yes, sir!”

After saying that, Qin Yuan returned to his treehouse and began to tidy up his residence!

Qin Yuan took out some of the furniture he needed. With his carpentry skills, these things were a piece of cake for Qin Yuan!

After doing everything, Qin Yuan washed up and went to sleep!

At this moment, Long Xiaoyun rushed to the unit of the soldiers on the list according to Qin Yuan's request!

Since Qin Yuan said that he was not in a hurry to select members with the Wolf Fang Special Forces, then Qin Yuan should have his own plans!

Soon, Long Xiaoyun also transferred the members on the list from the other companies!

Because Wolf Fang would start the selection competition in the next two days, Qin Yuan had asked her to take some of these members away. He was definitely afraid that these members would be taken away by Wolf Fang!

At this time, Leng Feng, Shi Sanba, Yu Fei, Shao Bing, and the others were waiting for the next order on the military training ground!

They didn't know why the military commander had transferred them here!

They had been preparing to join the Wolf Fang Special Forces for the past two days. Suddenly, a transfer order had directly transferred them over!

"Hello, everyone. My name is Long Xiaoyun. I know that many of you don't know who I am, but from today on, I'm your direct superior."

"You should be very curious about why you called me over!"

"However, you will know tomorrow. Everyone will go to the military dormitory to rest. Tomorrow morning at 8 am, gather here and wait for me!"

"Do you all understand?"

After Long Xiaoyun transferred all the soldiers on the list, she also brought them to the military region first. These soldiers were all transferred by Qin

Yuan, so now she could only see what arrangements Qin Yuan has for them!

For a moment, Long Xiaoyun felt helpless. In order to select some outstanding soldiers, they had no choice but to do this!

After all, Battle wolf had just been established. If they were to compete with Wolf Fang for these soldiers at the same time, Battle wolf would have no advantage at all!

"Understood ! "

Although Leng Feng and the others didn't understand why the military commander had sent them here, they knew that there was a mission for them to complete!

Therefore, everyone could only hide the doubts in their hearts and quietly wait for the Bureau Chief's arrangements!

To be honest, when they saw Long Xiaoyun again, they were also very surprised. They didn't expect that there would be such a young female chief in the Southeast Military Region!

However, with Long Xiaoyun's cold attitude, they didn't question further.

“Good!”

“Everyone, follow me!”

After saying that, Long Xiaoyun walked directly to the dormitory of the military region. She had to arrange the accommodation for these soldiers first!

She would bring them to Battle wolf’s base tomorrow morning!

Qin Yuan had also sent her the location of the base that he had chosen to build. It just so happened that she would be able to transport all the military supplies that Battle wolf needed over tomorrow!

Leng Feng and the others followed closely behind Long Xiaoyun and soon arrived at the dormitory arranged for them!

After everyone entered the dormitory, they washed up and went to bed. After a tiring day, they did not have time to get to know each other!

“Chief, thank you!”

At this moment, Long Xiaoyun also arrived at Bureau Chief Gao Shiwei’s office!

These soldiers had been transferred here under the direct order of the Bureau Chief Gao Wei! Otherwise, Long Xiaoyun wouldn’t have the authority to mobilize these soldiers!

“I’m fine! I’m also full of anticipation for Battle wolf!”

“I only hope that you won’t disappoint me!”

As the second special force of the Southeast Military Region, Gao Shiwei has high expectations of Battle wolf!

Because in every special forces competition, he never had a smile on his face; the results of the Wolf Fang special forces were indeed not that outstanding!

This also made him lose face in front of the old guys in the other military regions. Every year, he would be ridiculed by them!

Therefore, when he met Qin Yuan, he made a decision in his heart. Qin Yuan’s ability to lead troops was really too unique. Moreover, even he could not see through Qin Yuan’s strength!

Therefore, when Long Xiaoyun submitted the Battle Wolf Plan, Gao Shiwei had already made up his mind!

“Don’t worry, Chief! Battle wolf will not disappoint you!”

Long Xiaoyun also knew why Gao Shiwei valued Battle wolf so much!

In fact, when she had set up the Battle Wolf Plan, it was because the special forces of the Southeast Military Region were indeed not very good. Moreover, the special forces of the Southeast Military Region had only been Wolf Fang’s special forces for so many years!

This was not to say that Wolf Fang could not do it. Moreover, times had changed. War and all kinds of training tactics were no longer the same as before!

Therefore, the special forces of the Southeast Military Region needed to be innovative and different!

“Good! There’s you and Qin Yuan! I’m still looking forward to what you can make Battle wolf!”

Bureau Chief Gao Shiwei said with a smile. He was looking forward to Battle wolf! Project Battle wolf represented innovation and uniqueness!

“Yes, sir!”

Long Xiaoyun also nodded!

She was still very confident that she and Qin Yuan could turn Battle wolf into a very strong special force!

Because of Qin Yuan’s ability and strength! Long Xiaoyun was very clear about this! Therefore, she wasn’t worried that Battle wolf wouldn’t be able to meet the demands of the military commanders!

Chapter 254: Bring Xiao Zhenwu Back to the Iron Fist Regiment!

“I have already arranged for the military supplies and weapons you requested!”

“In a few months, it will be the National Military Region Special Forces Competition. When the time comes, I hope that you Battle wolf can give me a different surprise!”

Chief Gao Shiwei still had high expectations for Battle wolf. Qin Yuan had been able to bring the soldiers of the Iron Fist Regiment’s logistics company to this level in a few months. He believed that in the next few months, Qin Yuan would be able to bring out a different Battle wolf!

As he thought about it, Bureau Chief Gao Shiwei revealed a faint smile. In this year’s special forces competition, perhaps their Southeast Military Region would be the biggest dark horse!

All these years, they had been laughed at by the chiefs of the other military regions!

This time, he hoped that Battle wolf would be able to fight for him!

“Chief, will Dragon Soul participate in the National Special Forces Competition this year?”

Long Xiaoyun asked Gao Shiwei curiously. Dragon Soul was currently the

strongest special force in China. ‘rms force could De said to De the strongest special force in China known to the outside world!

This special forces unit belonged to the special forces of the Capital Military District. For some unknown reason, the Dragon Soul special forces had not participated in the annual special forces competition for the past two years!

However, Long Xiaoyun vaguely heard that this special force had been sent abroad to participate in a peacekeeping mission!

In recent years, some countries in South Africa had been experiencing wars, and there seemed to be some mercenaries whose strength was comparable to that of the special forces. China’s peace-

keeping forces had encountered these mercenaries when they were carrying out peace-keeping missions! Moreover, there were quite a few sacrifices, so the Dragon Soul Special Forces seemed to have been sent out!

“The Dragon Soul will participate this year. Even if the Dragon Soul is not around, the other two special forces of the Capital Military Region are still very strong!”

“So I only hope that you can defeat the special forces of the other military regions! ”

Speaking of the Dragon Soul Special Forces, Gao Shiwei had a hint of envy in his eyes. This unit had always been at the top of the special forces competition before they went out. They had never been surpassed by other special forces!

Every member of the Dragon Soul Special Forces could be said to be the strongest military force. Since its establishment, they had never lost. Among the special forces in the world, Dragon Soul was one of the top existences!

“Chief! Don’t worry, we will make Battle wolf one of the best special forces in China! Battle wolf will definitely not disappoint you!”

Long Xiaoyun could see the expectations of Gao Shiwei from his eyes. After all, the construction of the special forces in the Southeast Military Region had been relatively slow over the years!

All these years, the Southeast Military Region only had one special force, the Wolf Fang, so this time, Gao Shiwei, paid special attention to and supported the formation of Battle wolf!

“Alright, you should go and rest too! Bring all the soldiers you transferred over tomorrow!”

“If you need anything, just tell me. I’ll help you!”

Gao Shiwei looked at his watch. It was already late at night, so he said to Long Xiaoyun softly! “Good! Then I’ll go back first, Bureau Chief!”

“Let’s go back!”

Gao Shi nodded!

With that, Long Xiaoyun turned around and left the office!

Early the next morning, Leng Feng and the others arrived at the military training ground to await their next orders!

Since yesterday, they had been a little confused. They were suddenly thrown over by the military commander. Until now, they still did not know what they were going to do next!

“What do you think the military commander wants us to do? They suddenly transferred us here. They can’t just let us rest in the military, right?”

Shi Sanba asked everyone curiously. Although they didn't know everyone's names, they were all comrades in the Southeast Military Region!

"I'm not sure, but it shouldn't be simple!"

Leng Feng said indifferently because the military ranks of these comrades were not very low. Moreover, Leng Feng could see that these comrades' strength was not bad!

Therefore, this time, the military commander had called them over. He must have a very important mission to assign to them!

"I wonder which unit that female chief is from. She always has a cold look on her face, and it makes people shudder!"

Thinking of Long Xiaoyun's cold face, Shi Sanba complained to everyone!

"I'm not sure, but I have to say, this is the first time I've seen such a young major!"

Shao Bing knew very well that it was very difficult to promote a military rank in China. It was not easy to make contributions in this peaceful era. Long Xiaoyun must have made a great contribution or made a great contribution to reach such a military rank!

"Yes! She seems very strong, at least much stronger than our comrades present!"

After hearing Shao Bing's words, Leng Feng expressed his feelings! Leng Feng could feel the aura of a strong warrior from Long Xiaoyun!

He didn't know why a girl like Long Xiaoyun would exude such a battle-hardened aura!

"Do you think this female commander is from the Battle wolf Special Forces?"

Shi Sanba asked curiously.. He had heard the news from their leader when he came yesterday! Therefore, he had such a guess in his heart!

Chapter 255: Bring Xiao Zhenwu Back to the Iron Fist Regiment!

"Battle Wolf Special Forces?"

For a moment, everyone on the training ground looked at Shi Sanba in confusion! They had never heard of this special force!

The news of the establishment of Battle wolf had only been sent to the various troops yesterday, so some of them did not know about the establishment of Battle wolf!

Therefore, they were very curious about what Shi Sanba said!

"You don't know?"

Shi Sanba said in confusion when he saw everyone looking at him.

"We've heard of Wolf Fang, Dragon Soul, and Flood Dragon! But which military region did the Battle wolf Special Forces belong to?"

Yu Fei asked curiously.

They had never even heard of the Battle wolf Special Forces!

“It seems that you haven’t heard the news that the second special force has been established in the Southeast Military Region!”

“Yesterday, our regiment commander told me that this unit is a newly established special forces unit! They are the second special force of our Southeast Military Region!”

“I heard that the establishment of this special force is to create a special force with new concepts, new tactics, and new concepts!”

Shi Sanba explained to everyone!

“The second special force in our military region? New ideas and concepts? What does this mean?”

“That’s right! Besides, don’t we already have the Wolf Fang Special Forces? Why would the newly established second special forces transfer us here? We didn’t even manage to enter the Wolf Fang Special Forces!”

For a moment, some of the other comrades who were unaware of the situation asked curiously.

They had been preparing for this year’s Wolf Fang Special Forces selection competition, but they were suddenly transferred to the military region by the military commander, so they did not receive any news about the establishment of Battle wolf!

“This is inst my guess. so don’t take it serionsly!

Shi Sanba immediately explained to his comrades. After all, this was just his guess. He wasn’t sure if it was true!

“Alright! The military commander must have his own plans for transferring us here. We just have to wait quietly for orders!”

Shao Bing said to everyone. He was a little surprised by the news of the establishment of Battle wolf. The establishment of the second special forces unit in the Southeast Military Region meant that the military leaders had begun to attach great importance to the construction of special forces!

According to Shi Sanba, the special forces of Battle wolf seemed to be different from the regular special forces!

Therefore, he was looking forward to it. Although the military chief did not tell them what to do next, he could feel the unique aura of the special forces from Long Xiaoyun!

“What are you guys talking about?”

Just as everyone was still puzzled, Long Xiaoyun walked behind them and asked softly!

Seeing Long Xiaoyun, everyone immediately stopped their discussion. For some reason, Shi Sanba was still a little scared when facing Long Xiaoyun. Long Xiaoyun was too cold. Whether it was her speech or his posture, she looked cold!

“Gather!”

Long Xiaoyun didn’t care about what the others were discussing and directly gave the order!

Very soon, Leng Feng and the others had finished gathering and were quietly waiting for Long Xiaoyun’s orders!

“Everyone, get on the plane. When we get to the place, you’ll know why we transferred you here!”

“Yes, sir!”

“Yes, sir!”

Everyone immediately went to the helicopter. As for the doubts in their hearts, Long Xiaoyun said that they would know when they went there!

Long Xiaoyun knew that Leng Feng and the others must be very curious about why they were suddenly transferred here!

However, this was Qin Yuan’s intention. She had just received a call from Qin

Yuan. Qin Yuan needed to go back to the Iron Fist Regiment today, and Qin Yuan had said that he would send Leng Feng and the others to Battle Wolf Base first. As for the rest of the arrangements, they would wait for him to return before discussing it!

Therefore, Long Xiaoyun followed Qin Yuan’s request. Qin Yuan would be the one to train the soldiers. Now, she had arranged for the soldiers of the logistics company to be in Qin Yuan’s first team. As for the members of the second team, she would choose them during the Battle wolf selection competition!

Actually, splitting Battle wolf into two teams was her intention. Although she knew that Qin Yuan’s ability to lead troops was very strong, she still did not want to admit defeat!

Therefore, she told Chief Gao Shiwei about her intention at the last moment. Chief Gao Shiwei knew Long Xiaoyun’s character very well, so he did not object!

And this seemed to be quite good. Only with competition would there be motivation!

At this moment, Qin Yuan called Gong Jian and set off on the return journey. After leaving the Dark Forest, they went to the parking garage at the periphery, got in the car, and rushed to the military general hospital. Qin Yuan knew that Xiao Zhenwu should have almost recovered by now. Although he had not fully recovered, at least he could move freely!

To be honest, Qin Yuan was looking forward to Kang Lei’s expression when he saw Xiao Zhenwu!

An hour later, Qin Yuan and the others arrived at the military general hospital. After parking the car, the two of them walked towards Xiao Zhenwu’s ward!

“Captain Qin, do you think the regiment commander will be surprised when he sees Old Xiao?”

Gong Jian was very excited. He knew how important Xiao Zhenwu was to Kang Lei, and Gong Jian was very clear about their relationship!

Kang Lei would definitely be very happy about the news of Xiao Zhenwu being cured!

“Today, I’ll make the Regiment commander happy!”

Qin Yuan was very happy to be able to cure Xiao Zhenwu. This was a surprise for Kang Lei. He had brought away so many soldiers of the Iron Fist Regiment this time, so he was still a little embarrassed!

Although Kang Lei was very supportive of him, he knew that Kang Lei would feel a little uncomfortable! Therefore, when he found out about the relationship between Kang Lei and Xiao Zhenwu, Qin Yuan had thought it through. No matter how much it cost, he had to treat Xiao Zhenwu!

Soon, Qin Yuan and Gong Jian arrived outside Xiao Zhenwu’s ward. Gong Jian opened the door and walked in!

“Company Commander Qin? Old Gong? Why are you here?”

Seeing Qin Yuan and Gong Jian, Xiao Zhenwu was a little surprised. He immediately got off the bed!

“Kid, it looks like you’ve recovered quite well!”

Seeing that Xiao Zhenwu seemed to be recovering quite well, Gong Jian was very happy!

“It’s all thanks to Company Commander Qin. Otherwise, I might not be here anymore!”

Xiao Zhenwu was very clear in his heart. If not for Qin Yuan, he might have already died. He was very clear about his situation!

As for Qin Yuan’s current identity, Xiao Zhenwu did not know, so he had always called Qin Yuan Company Commander!

“We’re all brothers, there’s no need to be so polite! Fourth Company

Commander, if you say these words again, I’ll leave, okay?”

Qin Yuan said with a smile. He had opened the system to scan Xiao Zhenwu’s physical condition just now!

Xiao Zhenwu’s internal organs were recovering very well, and his bodily functions were gradually recovering. He believed that Xiao Zhenwu would be able to return to the army in less than a month!

“Good! Let’s not talk about it anymore. When I get back, Commander Qin, we’ll get drunk. I’ll have to treat you then!”

Xiao Zhenwu smiled and said to Qin Yuan. He knew that Qin Yuan did not like to be too polite. To be honest, Xiao Zhenwu liked these relationships. If he was too polite, it would be a little unfamiliar!

“Old Xiao, don’t you try to escape from this meal? This meal must be on you!”
Gong Jian laughed loudly. The camaraderie between comrades was that simple!
“Good! This is a must!”

Xiao Zhenwu smiled and nodded!

“Fourth Company Commander, we are returning to the Iron Fist Regiment today, so we came to pick you up. The regiment commander will definitely be happy to see you!”

Qin Yuan smiled and said to Xiao Zhenwu. He knew Xiao Zhenwu’s current physical condition. There should be no problem for him to walk!

“Guild Leader has worked hard for him all these years. Today, I will go back with you. To be honest, I miss the regiment commander very much!”

Xiao Zhenwu knew in his heart that Kang Lei had been extremely worried about his illness during this period of time!

When he first found out that he had cancer, Kang Lei applied for the best medical team to treat him!

However, even the best medical team in the world could not do anything about his illness.. If he had not met Qin Yuan in the end, he would have given up!

Chapter 256: A man sheds tears not lightly, only when he reaches the point of heartache!

“Old Xiao, you don’t know, but ever since you got this disease, the regiment commander has become much more haggard. If he suddenly saw you return unscathed, I think he would be very happy!”

When he thought of that scene, Gong Jian was very excited. This time, he and

Qin Yuan had been transferred to the Battle Wolf Special Forces by the military commander!

Kang Lei must be very sad. On the day they went to the military, Gong Jian noticed that Kang Lei’s eyes were slightly red before he left!

For a moment, two of the company officers that Kang Lei was the proudest of had been transferred away, and Xiao Zhenwu, the fourth company commander whom he had the deepest feelings for, was seriously ill. Therefore, how could Kang Lei be happy?

“Old Gong! Company Commander Qin! Didn’t you tell the Regiment commander that I’ve been cured?”

Looking at Gong Jian and Qin Yuan’s expressions, Xiao Zhenwu guessed that Qin Yuan and Gong Jian probably did not tell Kang Lei that his illness had been cured!

“No, we just want you to go back to see him in one piece!”

Gong Jian said with a smile. After all, they just wanted to give Kang Lei a surprise, and Qin Yuan had the same intention!

“Recently, a lot of things have happened in our Iron Fist Regiment. Our regiment commander must be feeling quite depressed, so we thought that if he saw you appear in front of him unscathed, he might be very happy!”

Qin Yuan wanted to give Kang Lei a surprise when he left the Iron Fist Regiment. This was what he could do for the Iron Fist Regiment! “A lot of things happened? What’s wrong with our Iron Fist Regiment?”

Hearing Qin Yuan’s words, Xiao Zhenwu frowned. After all, he had been treating and recuperating during this period of time and did not know what had happened to the Iron Fist Group. Therefore, after hearing Qin Yuan’s words, Xiao Zhenwu asked worriedly!

“Our 801st Army is going through military reform and integration, but it’s basically a good thing. It’s just that the regiment commander might be a little unhappy!”

Seeing Xiao Zhenwu’s nervous expression, Gong Jian immediately explained to Xiao Zhenwu. In fact, what had happened to the Iron Fist Regiment during this period of time was a good thing. The number was retained. Qin Yuan, him, and the logistics company were all transferred to the Battle Wolf Special Forces!

Moreover, they would probably bring some soldiers with them this time. Although this was a good thing, the best soldiers of the Iron Fist Regiment were transferred away after they left, so Kang Lei would definitely be a little sad!

“I know that the 801st Division is going through a military reform, but you all say that it’s a good thing, so why is the regiment commander unhappy?”

Hearing Gong Jian’s explanation, Xiao Zhenwu was confused. Since it was a good thing, why would Kang Lei be unhappy?

“This... You’ll know when we get back!”

Qin Yuan said with a smile. After all, he could not explain so much to Xiao Zhenwu at once. Anyway, as long as Kang Lei saw that Xiao Zhenwu could return to the army, he would definitely be very happy!

“Then let’s go back first!”

Hearing Qin Yuan’s words, Xiao Zhenwu did not ask any more questions. He could only know when he returned to the Iron Fist Regiment, so he could not wait to return!

“Old Xiao! It’s actually a good thing. It’s just that the Regiment commander will be a little sad. You don’t have to be so nervous!”

Seeing Xiao Zhenwu’s anxious look, Gong Jian smiled and said. He knew that Xiao Zhenwu was definitely worried that something had happened to the Iron Fist Group!

However, most of the outstanding soldiers of the Iron Fist Regiment had been transferred to Battle Wolf. The overall strength of the Iron Fist Regiment would definitely be weakened. Moreover, the

logistics company and Qin Yuan, which Kang Lei was most proud of, had been transferred away. Kang Lei must be very reluctant to part with them!

This was because it was the first time they had encountered such a situation.

Although Kang Lei was indeed quite happy to have the military commander come to their Iron Fist Regiment personally to ask for him, the military commander was asking for too much!

“Good!”

Seeing that Qin Yuan and Gong Jian’s expressions did not reveal a trace of sadness, Xiao Zhenwu heaved a sigh of relief. After all, if something bad had really happened, Gong Jian would not be able to smile now!

“Then let’s go back!”

“By the way, Fourth Company Commander! Are you planning to rest here or return to the army?”

Qin Yuan immediately asked. After all, with Xiao Zhenwu’s current physical condition, he would be fine no matter where he rested!

“I’m going back to the army. The army is the place I like to stay!”

Xiao Zhenwu smiled happily. He had been here for a long time. He thought that he would end his life here for the rest of his life, but who would have thought that his terminal illness would be cured by Qin Yuan!

“Good!”

“Then let’s talk to the doctor who treated you and get you discharged!”

Qin Yuan knew that Xiao Zhenwu had been here for a long time, so he should have wanted to return to the army a long time ago!

With Xiao Zhenwu’s current situation, with the help of the physique strengthening liquid given to him by Qin Yuan, he would be able to return to his original state after slowly recovering for a period of time!

“No need, Company Commander Qin. The attending physician who treated me should be at Elder Hua’s now!”

“He said that if I want to leave, I can just go back!”

“After he examined me and found out that my cancer cells had been eliminated, he kept asking me questions, so in the end, I had no choice but to tell him about Elder Hua.. Who knew that they were old friends?”

Chapter 257: A man sheds tears not lightly, only when he reaches the point of heartache!

After hearing Xiao Zhenwu's words, Qin Yuan thought of something and smiled secretly in his heart. Back then, he had asked Elder Hua and Elder Liao to cover up the fact that he could treat cancer!

After all, he did not have the time to be chased around by so many medical experts!

Qin Yuan knew how shocking the news of treating cancer would be to doctors and the entire medical world!

After all, this is a terminal illness that has plagued the world for hundreds of years. This is a terminal illness that has been treated well. How can it not alarm the entire medical world!

"So that's how it is! Alright, let's go then!"

Qin Yuan said with a smile. Xiao Zhenwu was not bad. He even knew to push the credit of treating his illness to Elder Hua!

Otherwise, he would be the one being surrounded instead of Elder Hua!

Xiao Zhenwu knew that Qin Yuan did not want others to know that he knew how to treat cancer. The reason why he chose to hide it was that Qin Yuan preferred the army compared to the medical field!

"Okay!"

Xiao Zhenwu smiled and nodded. Then, he simply packed his things, and the three of them set off on the road back to the Iron Fist Regiment!

Two hours later, Qin Yuan and the others returned to the Iron Fist Group!

"I have finally returned..."

Xiao Zhenwu took a deep breath as soon as he got out of the car. Looking at the familiar scene, memories of the past surged into his mind!

"How is it? Are you still asking in a familiar manner?"

Gong Jian walked forward and asked when he saw Xiao Zhenwu's long-lost smile!

"Yes! I miss the scene of me beating you up here!"

Xiao Zhenwu smiled and replied Gong Jian.

"Hey, hey, hey! Old Xiao, you ambushed me when I wasn't paying attention.

Why are you laughing at me now?"

Gong Jian didn't expect Xiao Zhenwu to start digging up old scores the moment he returned. He even laughed at him!

"Have you ever defeated me?"

Xiao Zhenwu was very confident in his ability to compete with Gong Jian. In the past, he and Gong Jian had often sparred together, and every time they sparred, Gong Jian would be defeated and the battle would end!

"Old Xiao, that was in the past! Not necessarily now!"

Gong Jian smiled confidently at Xiao Zhenwu's words. He was different from before!

After the series of training that Qin Yuan had arranged for himself, if he were to spar with Xiao Zhenwu now, he believed that he should be able to defeat Xiao Zhenwu very easily!

After all, he had been training with Qin Yuan for several months. After Qin

Yuan's cruel training, if he did not have this strength, he would not be qualified to enter Battle wolf!

"What? Do you think you can defeat me just because you trained for half a year more than me?"

Xiao Zhenwu was surprised to see Gong Jian's confident expression. Gong Jian had never shown such an expression when he talked about competing with him in the past!

"After you recover, we'll compete again. If I spar with you now... Then wouldn't I be taking advantage of you?"

Gong Jian replied Xiao Zhenwu with a smile. He was very clear about Xiao Zhenwu's strength, so he knew that it should not be too much of a problem for him to face Xiao Zhenwu with his current strength!

"Alright!"

Seeing Gong Jian's confident expression, Xiao Zhenwu had the urge to compete. However, Xiao Zhenwu knew that it was not the time yet. His body had not fully recovered!

"Company Commander Qin, let's have a spar!"

As he spoke, Xiao Zhenwu looked at Qin Yuan! To be honest, he had wanted to spar with Qin Yuan for a long time, but his situation at that time made him give up on this idea!

But now that his illness had been treated, Xiao Zhenwu had aroused the impulse in his heart again!

He had been hearing about Qin Yuan's deeds before, so he was still very curious about Qin Yuan's strength!

"Good!"

Qin Yuan smiled and nodded. He would not reject Xiao Zhenwu's request. Even if Xiao Zhenwu recovered his peak strength, he should be about the same as those guys in the logistics company!

"Old Xiao, I suggest you don't! I'm really afraid of hurting your self-esteem!"

Seeing that Xiao Zhenwu was still planning to spar with Qin Yuan, Gong Jian stood at the side and shook his head with a smile!

"It's not my style to admit defeat without trying!"

Xiao Zhenwu's eyes suddenly became determined. He knew that Qin Yuan was very strong, but he wanted to see how big the gap between him and Qin Yuan was. After all, he did not like to admit defeat directly!

"Alright! Fourth Company Commander, let's have a spar!"

Qin Yuan knew that Xiao Zhenwu had a ruthless spirit in his bones. From his attitude towards his illness, he could tell that Xiao Zhenwu was a person with strong willpower!

“Then let’s agree, Company Commander Qin!”

After receiving Qin Yuan’s reply, Xiao Zhenwu was very gratified! At least Qin Yuan did not reject him because his strength was inferior to Qin Yuan’s!

“Sure!”

“Then let’s go to the Regiment commander first!”

As he spoke, Qin Yuan and the others walked toward their regiment commander Kang Lei’s office!

Soon, Qin Yuan and the others arrived at the door of Kang Lei’s office. Qin Yuan turned on the early warning radar and scanned the situation in the office! At this moment, Kang Lei was sitting in his office chair and reviewing documents!

Dong dong dong...

“Come in!”

Kang Lei said loudly when he heard the knock on the door, but he did not raise his head!

Xiao Zhenwu pushed open the office door and walked in!

“Xiao Wu! If there’s anything, report it immediately. I’m very busy now!” Kang Lei didn’t see who it was. He thought it was his guard, Xiao Wu, so his eyes were fixed on the document. He didn’t realize that it was Xiao Zhenwu!

This document was the teaching material after the military reform, so he had to read it carefully!

“Regiment commander! ”

Seeing his familiar figure, Xiao Zhenwu choked and cried out!

Clang...

After hearing this familiar voice, the document in Kang Lei’s hand fell to the ground!

At this moment, Kang Lei raised his head and saw Xiao Zhenwu, who he had been thinking about!

“You... You brat!”

“Why aren’t you in the hospital? What are you doing here?”

As he said that, Kang Lei loudly reprimanded him. Then, his eyes turned red, and the tears at the corners of his eyes could not help but fall!

He didn’t expect Xiao Zhenwu to actually come back and even ran to his place! He knew that Xiao Zhenwu couldn’t walk around freely now! “Regiment. Regiment commander! I... I’m already fine!”

“I can still... continue to be your fourth company commander!”

Xiao Zhenwu's sobs became louder and louder. He could not control the emotions in his heart and cried until he was in tears!

Because he really did not dare to dream about this moment. When he knew that he was incurable, Xiao Zhenwu struggled, but he still had no choice. Seeing his body getting worse by the day, Xiao Zhenwu's heart had already given up!

However, he did not expect to meet Qin Yuan at this time. Moreover, Qin Yuan had actually cured his illness!

"You brat! What nonsense are you talking about? How do you feel now? Sit down first!"

Kang Lei immediately walked to Xiao Zhenwu's side and was about to help Xiao Zhenwu sit down!

Kang Lei did not know that Xiao Zhenwu had been cured, so he thought that Xiao Zhenwu was just saying nonsense to make him happy!

Kang Lei was very clear about Xiao Zhenwu's illness. In fact, when he knew that Xiao Zhenwu could not be treated, his heart was broken, so he never dared to see Xiao Zhenwu!

Because he was afraid to see Xiao Zhenwu being tortured by his illness!

"Regiment commander! "

As he spoke, Xiao Zhenwu tightly embraced Kang Lei. Xiao Zhenwu had experienced the brink of death, and for him, being alive was all that mattered especially for the people he cared about.

He didn't care about anything else at that moment, he just held onto Kang. Despite their hierarchical relationship as officer and soldier, Xiao Zhenwu and Kang Lei shared a deep bond, akin to that of a father and son.

From the day he entered the army, he had followed Kang Lei every step of the way until today!

Chapter 258: Are You Sure You Only Want Them To Take Part In The Trials?

"Why did you suddenly come back? You look pretty good today!"

Looking at Xiao Zhenwu's ruddy face, Kang Lei said with relief. Xiao Zhenwu's complexion was much better than when he went to see Xiao Zhenwu previously!

"Regiment commander! I... I've already recovered!"

Xiao Zhenwu calmed down a little and said to Kang Lei. His illness had been cured by Qin Yuan, but Kang Lei still did not know about this news!

"He's healed?"

"You brat, even if you want to make me happy, you can't joke with me like this, right?"

After hearing Xiao Zhenwu's words, Kang Lei asked in surprise, but soon Kang Lei's face darkened. Xiao Zhenwu's illness was cancer!

Kang Lei had already helped Xiao Zhenwu find the best medical team in the world to treat him, but even the world's top medical team said that Xiao Zhenwu's cancer was incurable!

Therefore, Kang Lei thought that Xiao Zhenwu was joking with him to make him happy!

“Regiment commander! I’m telling the truth. I’ve already recovered!”

As he spoke, Xiao Zhenwu handed his discharge certificate to Kang Lei!

Xiao Zhenwu knew that Kang Lei would have thought that he said this to make him happy!

However, his cancer was really cured by Qin Yuan. In fact, he was very clear about his illness. At that time, he had been struggling, but in the end, he gave up. However, Qin Yuan let him live again!

“This... This... Is this true?”

Holding Xiao Zhenwu’s discharge certificate in his hand, Kang Lei’s hand trembled slightly because the official seal was definitely the official seal of the military general hospital. This official seal could not be faked!

“Regiment Commander, I have really returned. I can return to your side and be your soldier!”

Xiao Zhenwu laughed excitedly. He had been thinking about this moment for a long, long time!

He had thought that he would never have the chance to come back, but he did not expect a miracle to happen!

Are you sure you’re not lying to me?”

Kang Lei was especially excited. If this was true, then this would be a miracle!

Xiao Zhenwu’s illness was in the late stage of cancer. At that time, the best medical team in the world had given up on treating Xiao Zhenwu. It was Kang Lei who had always requested the military hospital to continue treating Xiao Zhenwu and prolong Xiao Zhenwu’s life as much as possible!

Because Kang Lei never gave up on Xiao Zhenwu, even though he didn’t visit him, he always kept an eye on all the medical remedies. Kang Lei wouldn’t give up, even if there was a slight chance!

“Regiment commander, do you think that with my authority, I can make the military hospital issue a fake certificate?”

Seeing that Kang Lei still did not quite believe it, Xiao Zhenwu laughed! No one would believe that his illness had been cured!

After all, he had terminal cancer. In the eyes of the public, there was no medical treatment for this illness!

“Brat! Come over here and sit down. Tell me what’s going on!”

After hearing Xiao Zhenwu’s words, Kang Lei knew that the military general hospital would not issue a fake certificate!

After all, it was a serious violation of discipline to issue a fake certificate!

However, Kang Lei was more curious about how Xiao Zhenwu's cancer was treated. This was not an ordinary illness, but cancer, and it was already in the late stage!

One had to know that none of the medical skills in the world could treat cancer. If there was, it would have been announced to the public long ago!

“Regiment Commander, it's all because of Commander Qin that I can return to your side this time! Otherwise, I might never come back!” Xiao Zhenwu sighed softly after sitting down with Kang Lei!

“Commander Qin?”

“Are you talking about Qin Yuan?”

“You mean he cured your cancer?”

Hearing Xiao Zhenwu's words, Kang Lei asked repeatedly, his face revealing a surprised expression!

The Company Commander Qin that Xiao Zhenwu was talking about should be Qin Yuan, but when did Qin Yuan know medicine? Moreover, he had cured cancer, which had plagued the entire medical world!

“Yes, it was Commander Qin who helped, but it wasn't Commander Qin who treated me.”

Xiao Zhenwu explained to Kang Lei. Regarding Qin Yuan's medical skills, Qin Yuan had told him that he did not want to tell others!

Therefore, even Kang Lei and Xiao Zhenwu could only hide it. After all, he had promised Qin Yuan this!

“Elder Hua?”

“Are you talking about the Miracle Doctor Hua from the top Chinese medicine family?”

“But, he said that he couldn't cure cancer!”

Hearing Xiao Zhenwu's explanation, Kang Lei was a little shocked. Kang Lei had heard of Hua Zhongnan's medical skills!

However, he had previously applied to the military commander to let Miracle Doctor Hua treat Xiao Zhenwu. However, at that time, Miracle Doctor Hua said that he could not treat cancer. But now, Xiao Zhenwu actually said that Qin Yuan had invited him, so Kang Lei was a little surprised!

“This...Perhaps Elder Hua had just found a way to treat cancer!”

For a moment, Xiao Zhenwu's tone became a little nervous. Xiao Zhenwu did not expect that Kang Lei would actually look for Elder Hua to treat him in order to cure him!

However, he had promised Qin Yuan that he would not tell anyone about the news that he had been treated by Qin Yuan.. In addition, Elder Hua was present at that time, so he pushed the responsibility of treating him to Elder Hua!

Chapter 259: Are You Sure You Only Want Them To Take Part In The Trials?

“So that’s how it is. It seems that the medical skills left behind by our ancestors are the most powerful! ”

Hearing this, Kang Lei smiled in relief. If Elder Hua treated Xiao Zhenwu, it might really be possible. After all, Elder Hua was publicly recognized as the number one Chinese medicine doctor in China!

“Elder Hua’s medical skills are indeed very impressive. Our Chinese medicine is not inferior to the medical skills of other countries in the world!”

Xiao Zhenwu said this in his heart. Although the person who treated him was Qin Yuan, the medical skills that Qin Yuan used to treat him were Chinese traditional medicine!

“Qin Yuan, this kid. I didn’t expect him to give me such a big surprise!”

Only then did Kang Lei realize that Qin Yuan had told him that he would give him a surprise when he returned from the military. It turned out to be this surprise!

For a moment, Kang Lei smiled happily. Xiao Zhenwu’s illness had been cured. This was the greatest good news for him!

Although Qin Yuan and Gong Jian had been transferred away, now that Xiao Zhenwu had returned unscathed, Kang Lei was very happy!

This was really a miracle, and Qin Yuan’s surprise was too big! Xiao Zhenwu’s illness could be cured. This was Kang Lei’s greatest wish!

“Regiment commander! This surprise is not bad, right?”

At this moment, Qin Yuan and Gong Jian walked into the office. They let Xiao Zhenwu in first just now!

After all, they knew that Xiao Zhenwu and Kang Lei would definitely have a lot to talk about, so Qin Yuan and the others did not disturb them!

“You brat! Are you deliberately trying to make a fool of me?”

Hearing the familiar voice, Kang Lei turned his head and saw Qin Yuan and Gong Jian walking in. He immediately laughed out loud. Did Qin Yuan give him a surprise just to see him cry?

“Regiment commander, how would I dare to make a fool of you! I’m just afraid that you’ll be unhappy because of what happened in the past two days!”

Qin Yuan smiled as he walked to the sofa and sat down. He wanted to give Kang Lei a surprise. After all, this was the only thing that could make Kang Lei feel gratified after he left the Iron Fist Regiment!

“You must have known long ago, right?”

Kang Lei asked Gong Jian when he saw Gong Jian laughing foolishly at the side. Looking at Gong Jian’s expression, it was obvious that he had known about this long ago, but Gong Jian had colluded with Qin Yuan to hide it from him!

“Regiment commander. I... I did this to give you a surprise.”

“Don’t blame me!”

Seeing Kang Lei’s expression suddenly change, Gong Jian was stammering and unable to say anything!

It was not that he did not want to tell Kang Lei, but Qin Yuan had said that he would give Kang Lei a surprise, so he could only hide it from Kang Lei for the time being!

“Alright! Seeing that this is good news, I won’t blame you!”

“I’m happy today. I’ll get the canteen to prepare a few dishes later. The two of you don’t have to go back today.”

Kang Lei did not blame Gong Jian and Qin Yuan for hiding the news that Xiao Zhenwu had been cured. After all, it was the best thing for him that Xiao Zhenwu could be cured now!

“Alright! If the regiment commander gets drunk, don’t blame us for scamming you again!”

Qin Yuan said with a smile. As soon as he mentioned drinking a little, Qin Yuan thought of how he had tricked Kang Lei for the logistics company’s military equipment. Now that Qin Yuan thought about it, he felt that he was a little unkind back then!

However, there was no other way. They had to do this. At that time, the logistics company needed constant training. Moreover, to become stronger, military supplies were essential!

“You brat, I didn’t pursue the matter with you that time, and now you still have the cheek to bring it up!”

“You have to drink three glasses later!”

Kang Lei laughed. At that time, he was very curious why Qin Yuan needed so many military supplies!

One had to know that the military supplies were enough for a full company for nine months!

However, Qin Yuan did not disappoint him. The logistics company had been brought to such a form by Qin Yuan!

“Sure! I accept my punishment!”

Seeing that Kang Lei was so happy, Qin Yuan was very gratified! The atmosphere was good, and this was the result he had been looking forward to!

For a moment, everyone laughed happily!

“Let’s go!”

As he spoke, Kang Lei brought Qin Yuan and the others to the canteen. Today was a good day for him!

A few hours later, Kang Lei was once again drunk by the three of them. Because Xiao Zhenwu’s body had not fully recovered, Qin Yuan and the others did not let him drink much!

“Fourth Company Commander, let’s help the regiment commander back to rest! Do you want to go back to Fourth Company later?”

Seeing that Kang Lei was already drunk, Qin Yuan immediately asked!

After all, Xiao Zhenwu had already left the 4th Company for a long time. Those guys from the 4th Company definitely missed Xiao Zhenwu very much!

“En! I have to go back and take a look at those guys from the 4th Company. I’ve been gone for so long, but I don’t know how those kids are doing now!”

“And after being trained by you, Commander Qin, will these guys give me a different surprise?”

Xiao Zhenwu said with a smile. To be honest, he missed the soldiers of the 4th Company very much. After all, they were the company that he led. For the development of the 4th Company, he spent a lot of effort and effort!

“Old Xiao, don’t worry! When you see those guys, you’ll definitely be shocked!”

Gong Jian said with a smile. After Qin Yuan took over the Fourth Company, their current strength had increased several times compared to before!

“I want to see what these guys have become after Company Commander Qin’s training!”

To be honest, Xiao Zhenwu was looking forward to it. All along, he had only heard that Qin Yuan was very strong in leading troops, but he had never really seen Qin Yuan’s ability to lead troops. Therefore, he wanted to see what the Fourth Company had become!

“Good! Then I’ll go back with you later. I haven’t been back to the Fourth Company for a long time!”

Gong Jian said with a smile. After he took over the recruit company, he rarely had to return to the fourth company!

“Company Commander Qin, Old Xiao and I will go back to the Fourth Company in a while. The Recruit Company will...”

Outside, Gong Jian still called Qin Yuan the company commander!

“I’m fine! You and the 4th Company commander will return to the 4th Company first, I will return to the Recruit Company first!”

Today was the last day of the recruit company's journey. Qin Yuan had returned to the Iron Fist Regiment today to bring Xiao Zhenwu back, and to bring the soldiers of the recruit company to Battle wolf!

Qin Yuan knew that Kang Lei would probably agree to him taking away all the soldiers of the recruit company. As for the fourth company, Qin Yuan had thought about it for a long time. It was better to let Gong Jian go back and tell them! Qin Yuan had already told Gong Jian about it when he came!

After all, Qin Yuan wanted to give the soldiers of the fourth company a chance to choose. As for Xiao Zhenwu, Qin Yuan knew that he would not leave the Iron Fist Regiment. After all, if Xiao Zhenwu was willing, he would have already entered Wolf Fang back then!

“Good!”

After saying that, Qin Yuan and the other two sent Kang Lei back. Then, Xiao Zhenwu and Gong Jian returned to the Fourth Company!

At this moment, Qin Yuan had returned to the recruit company but there was no one in the camp. Qin Yuan turned on the early warning radar and scanned the area, but he did not find anyone. It was likely that Lao Hei had brought the soldiers of the recruit company out for training!

Qin Yuan returned to the recruit company's office and lay on the office chair to rest for a while!

Just as Qin Yuan was about to chat for a while, his phone rang!

Qin Yuan looked at the caller ID and pressed the answer button.

“We've already returned to the base. I didn't expect you to choose such a good base!”

“As for the people on your list, what do you plan to do with them?” Long Xiaoyun's voice could be heard from the other end of the phone!

“You can let them train with the members of the Battle wolf first team. I will return in two days and bring some soldiers back. Our second batch of Battle Wolf members will come from among these soldiers!”

“The base still needs a lot of military supplies. You can make the preparations. I'll leave the rest of the base to you!”

Qin Yuan said calmly. The base he had chosen was definitely not bad, so he did not say anything. However, Battle wolf had just been established, and the base needed some time to be built, so there were still many things to do. He hoped that Long Xiaoyun could handle these things!

“Sure! Don't worry, I'll do it even if you don't tell me!”

“But.... Are you sure you only want these soldiers to participate in the Battle wolf selection for our second batch?”

Chapter 260: Want to Go to the Logistics Company? This Won't Do!

Long Xiaoyun asked with some doubt. After all, there were too few soldiers that Qin Yuan had chosen to participate in the selection!

At present, she had only transferred over more than 20 people according to the list given to her by Qin Yuan. In addition, Qin Yuan had said that he would select some soldiers from the Iron Fist Regiment, but it was still too few!

One had to know that the Wolf Fang Special Forces had at least 500 soldiers selected to participate in the preliminaries!

“Don’t worry! You’ll definitely like the soldiers I’ve chosen!”

Qin Yuan did not plan to publicize the Battle Wolf selection this time. Currently, the Battle Wolf had just been established, and the base needed time to be built!

Therefore, Qin Yuan planned to choose the members of Battle Wolf Team Two from the soldiers he had led before. This would save him a lot of time!

This time, he did not plan to be like Wolf Fang, who informed the various companies in the military region about the selection!

“Alright then! Then let’s see if the second batch of members you choose can satisfy me like you said!”

After saying that, Long Xiaoyun hung up the phone. She had arrived at Battle wolf’s base. When Qin Yuan chose this location, she was very surprised. She did not expect there to be such a place in the Dark Forest. This sinkhole was simply a natural shelter!

After a while of silence, Long Xiaoyun walked towards Zhou Qing and the others. When they arrived, Zhou Qing had already told her about Qin Yuan’s arrangements. The next step was to perfect the basic facilities of the base! “I wonder when she can change my habit of hanging up suddenly!”

Qin Yuan said helplessly. Every time, Long Xiaoyun liked to hang up the phone

before he could finish speaking. Qin Yuan could only shake his head helplessly.

After Qin Yuan put away his phone, the soldiers’ slogans sounded outside the office!

At this moment, the squad leader had just returned from cross-country training with his team. Today was the last day of training for the recruits, but the squad leader did not stop their training.

Next, the squad leader knew that the recruits of the recruit company would be assigned to each company according to their strength!

“Today is your last day here! I’ve witnessed your growth step by step over the past three months. You’ve gradually turned from a new recruit into what a Chinese soldier should be like. I’m very gratified about this!”

After the soldiers lined up, the squad leader shouted at the recruits!

In the past, every year, Lao Hei would come to lead the new recruits of the recruit company, so he was already familiar with this!

However, what was different from the past was that this year's recruits were indeed very outstanding. Just the strength of the recruits and the soldiers was definitely not inferior to some veterans, or even stronger!

This was the first time the squad leader had encountered such a situation, but when he thought of Qin Yuan's ability to lead troops, he was relieved!

In the entire military region, only Qin Yuan could bring a recruit to such a level in three months!

"Squad leader! May I ask where we are going next? Are they going to split us up and assign us to other companies?"

"Yes, Squad leader! Where are the company commander and the instructor?"

Why haven't I seen them these few days?"

When they heard the squad leader say that today was the last day of their training in the recruit company, some of the soldiers in the team immediately asked!

Until now, they had not heard any news about where they were going next, so they were a little worried!

According to the standard procedure, they should have received their appointment by now! However, until the last day, the Squad leader hadn't told them where they were going next!

"The company commander and the instructor are busy. As for your next assignment, the company commander told us to wait here for him to come back!"

To be honest, the squad leader was a little curious about what Qin Yuan and Gong Jian had gone to do!

The commanding officers of the two companies were not in the company. This was the first time he had encountered such a situation!

After receiving a call from Gong Jian, the entire recruit company was thrown to him!

"Squad leader, do we have to leave! Can we stay in this recruit company?"

"That's right, squad leader. We don't want to be split into other companies!" For a moment, the atmosphere became a little sad!

These three months of life in the recruit company had already created an unbreakable bond between the recruits!

They trained together, were beaten up by Qin Yuan together, and persisted together! These scenes were recalled in everyone's minds!

They had already bonded with each other. At this moment, they suddenly realized that they were still in the recruit company. They thought about it. Every year, the recruits in the army would be assigned to other companies after staying in the recruit company for three months!

“I’m not sure about this. The specific appointment will be arranged by the higher-ups. We just need to work hard and train.”

“No matter which company you are assigned to, you are all comrades, brothers, and soldiers of China!”

As he spoke, the face of the squad leader darkened. To be honest, he liked the soldiers of the recruit company. He did not want them to be separated!

If this group of recruits could form a company, then this company would be very strong!
